Friday

Negaunee, Sept. 27, 1888 - In the map of the Jackson Iron Company's addition to the city of Negaunee, several new streets are laid out and named as follows: Bluff, north of Mill st., Jennings st., running from Merry to Barn st, along the south side of the C&NW track; Mann st., running parallel with and next west of Barn st., Brown st., connecting Barn and Mann and running through the location; and Webb st., running along the south side of the DSS&A, connecting Barn and Mann sts., and running through the location to the west. The survey provides many pleasant sites for residences which will doubtless be taken in the near future, in fact, many of them have already been taken. The plat will be put on record, and the lots placed on the market within a few days.
