### A SEA OF FLAMES.

Eight Vessels, Six of Which Were Condemned War Ships Burned to the Water's Edge Yesterday.

Outlined Against an Inky Sky, the Burning Vessels Presented a Sight Long to be Remembered.

Severe Lightning and Ball Storms Caused a Serious Loss of Lives and Property Throughout the Country.

PORT WASHINGTON, L. I., Aug. 21.—A fire consuming a loss of \$100,000 broke out on board the steamer Colorado, lying off Plum Beach, near here, this evening. The flames spread from the Colorado, to the following ships, all of which were burned to the water's edge. Minnesota, Susquehanna, Congress, South Carolina, Iowa, Lotta Grant and Fair Play, all of which, with the exception of the last, formerly belonged to the United States navy. They had been condemned, and were bought from the government by Stannard & Co. The

HEAT WAS SO INTENSE that it was impossible for any one to be near the burning ships, while the crackling of the flames sounded like the sharp crack of musketry. The flames crept along the decks and bulwarks of the ships and eat their way up the masts into the rigging. The picture now presented of the eight burning vessels, as they stood in the inky clouds, was one long to be remembered. The fire burned fiercely, and within three hours nothing was left of the once defenders of the United States but a few charred planks and floating timbers.

THE BULLS RAN at once to the bottom, going down with a hiss and a gurgle, amidst a cloud of steam from the water as it swept over the burning wrecks. Who the owners of the schooners are could not be ascertained, as the crews became so mixed up in the crowd of spectators that they could not be found. Mr. Stannard, in a conversation with a reporter, said: "The loss to me is not less than \$100,000, as it was only for the iron that I bought them. Had the boats been serviceable the loss would have footed up to millions. The loss on the schooners, it is said, will not be less than \$25,000."

Set Afire by Lightning. CHICAGO, Aug. 21.—The extensive hide, wool and tallow house of Osborne, Hosick & Co., located at the southwest corner of LaSalle avenue and Michigan street, was set afire by lightning at 3:30 o'clock this morning. At the time mentioned two watchmen were asleep in the second story of the building which is a large four-story and basement. It is thought the loss will be between \$100,000 and \$200,000. The stock and building were covered by insurance.

Severe Hail and Lightning. PHILADELPHIA, Aug. 21.—Dispatches to the Press report severe hail and lightning storms, which did considerable damage to crops in the vicinity of Danville, Catawba, and Sherrill, N. C. Hail, which was an inch and a half in diameter fell, and in some places the ground was covered with hail to the depth of three inches.

Killed by Lightning. TRENTON, Pa., Aug. 21.—A terrible storm passed over this city about 1 o'clock this afternoon. Lightning struck the residence of S. Chambers, on the outskirts of the city, killing Mrs. Chambers, and seriously burning a year-old child. The husband was at work at 300 feet distant, knew nothing of the catastrophe till he went to his supper, five hours later, when he found his wife lifeless on the floor, and the infant smothering.

RICHMOND CENTER, Wis., Aug. 21.—During the storm last night, about 6 o'clock, Moses Gillingham, a farmer residing seven miles north of this city, was struck by lightning and killed. He was in his pasture selling his sheep at the time. His body was not found till this morning.

### TERRIBLE CUTTING AFFRAY.

A Woman Having Slendered a Polish Farmer, He Butchers Her Husband.

EAST SAGINAW, Mich., Aug. 21.—A terrible cutting affray occurred at Freeland, ten miles north of here, last night, by which Benj. Bagley will lose his life. Mrs. Bagley was accused by a neighboring Polish farmer, named Henry Bernskey, of slandering him, and the case was tried in the court of justice Forrest, of this city, yesterday, resulting in Mrs. B.'s discharge. Both farmers started for home, and in the village of Freeland they exchanged words, and finally quarrelled. In the fight the Pole drew a knife and cut Bagley

IN A TERRIBLE MANNER across the breast, penetrating to the lungs; another cut laid the right arm open to the bone, from the shoulder to the wrist, and another went across the back, cutting both kidneys. Sixteen cuts were received in all, and the wounded man cannot live. The Pole then fled, and was not captured. The wife of the Pole was taken to the hospital, and is in a state of great excitement and talk of lynching.

ADHURN, N. Y., Aug. 21.—Franz Jozef Potensky this morning suffered the extreme penalty of the law for the murder of Mrs. Paulina Frotschman, on June 18th, 1883.

THE DEATH WARRANT was read in the cell at 3 o'clock, and shortly after the prisoner stood beneath the gallows. He appeared unrepentant. When asked if he had anything to say, Father Ulrich replied for the prisoner, saying he wished to confess that he was justly punished for the crime committed. He asked forgiveness of all whom he had scandalized, or caused pain, and died peacefully.

THE HOPE OF SALVATION. At 10:30 the weight fell, the neck was dislocated, and at 10:30 the physician said he was dead. He left instructions as to the disposal of his body, and the burial took place in the Catholic cemetery this afternoon. About 300 persons witnessed the execution.

A LOVER OF HORSEFLESH. He Had a Pasture Full of Horses Which He Had Stolen.

DES MOINES, Ia., Aug. 21.—For three weeks a man giving his name as Shields has been bringing a horse or two at a time to George Gilman's pasture, saying he was buying for a Chicago firm. Yesterday Pat Morrison, a butcher, bought of him a horse, and at once sold the horse again to E. F. Allen, as a proof. On going to his shop to pay Shields he decided to take a receipt, which Shields gave. Morrison sought out the man, and they went at once to the pasture, where they found several animals corresponding to the descriptions in the cart-shaul's list of stolen horses. Shields was arrested, and offered \$1,020 as cash bail, but was locked up.

PARMELL HOPES THAT ER LONG THE ENGLISH RULE WILL BE BANISHED IN IRELAND—The Cholera.

AFGHAN AFFAIRS. A COLLISION. LONDON, Aug. 21.—A dispatch sent to-day from Meshed, Persia, near the Afghan frontier, to the Times, says a collision between the Russian and Afghan outposts, near here, occurred on the 13th at Karatope, 18 miles from Chami. Some Russian troops approached Karatope, and the Afghans there stood to their arms. The Russian officer, when he saw this, ordered his troops to unsling their carbines, and he was

SHOT AND SEVERELY WOUNDED by the accidental discharge of one of these weapons. Before the exact nature of this accident was ascertained there was considerable excitement and confusion which, however, subsided as soon as the truth was made known. The Afghans then detained the Russians till they received an order from Herat to let them go. During the detention the Afghans treated the wounded Russian officer.

WITH GREAT KINDNESS, he bandaged his wounds and sent him back to the Russian lines. A hurried investigation of the occurrence was made on both sides. The Russian commander exonerated the Afghans and promised that the troops should not again advance beyond Chamaadax. Four English officers continue to supervise the work of repairing and strengthening the forts of Herat. Gen. Genero has started from Simla to Quetta, to assist in fortifying the north-west frontier.

OTHER FOREIGN NEWS. SPAIN. BITTER ANTI-GERMAN FEELING. MADRID, Aug. 21.—The reply of Germany to Spain's protest in reference to the former's annexation of the Caroline Islands has been received by the government here. It is couched in friendly terms, and in it the German government offers to submit the claims of Spain to the Caroline to a fair examination. It is reported here that two Spanish war ships have occupied Yap, the chief island of the Caroline group. The feeling in Madrid against Germany, because of her assumption of possession of these islands is so bitter as to

CAUSE ALARM. At a meeting of the geographical society last night, the members made speeches violently denouncing the action of Germany. Their remarks were received with applause. Fears are entertained that a hostile demonstration will be made against the German embassy, and in consequence a body of police has been detailed to guard that building. Prince Bismarck's reply to the Spanish protest is considered evasive and unsatisfactory, although he professes to be willing to submit Spain's claims to the examination of arbitrators.

IRELAND. HOME RULE. LONDON, Aug. 21.—Mr. Parnell to-day entertained the Dublin municipal council at Arklow, on the Avoca river. In answer to an address the Irish leader said it would be impossible to revive the native industries of Ireland without a free, selective national assembly, possessing control over all political and economic affairs of the country. He said he hoped a few months, or at least a few years, would bring back to the Irish people the right to govern Ireland at home, and banish English rule forever from the land.

STONING A GOVERNOR. MADRID, Aug. 21.—The excitement caused by a fear of cholera, amounts to a panic. They now refuse to permit any persons to land from Spain. BETALFATOHY MEASURES. GIBRALTAR, Aug. 21.—The sudden deaths from cholera which occurred here up to date, were all within the Spanish lines. ISHPEMING.

A very severe rain, accompanied by lightning, occurred early Friday morning.

Camilla Urso at the Adelphi rink to-night. All lovers of true music should hear her.

On September 7th the city schools will open again. There are only two weeks more of vacation.

The common council did not hold a session Wednesday night, although that was the regular night for the meeting.

Three telephones were placed at the offices of the Pittsburgh & Lake Superior mine, and the superintendent's residence, at Palmer, Thursday.

The Red Front groceryman are doing quite a business in the way of wholesaling fruits and vegetables.

There is nothing startling to chronicle to-day about the closed mine, further than that the twenty miners or so who were in arrears on their pay went in a body to the residence of Hon. Edward Breitung, and asked him to put up for their wages.

The assessors are kept busy latterly, analyzing the large numbers of specimens brought in from the gold range.

Misses J. W. Jochim and R. A. Vaughn have secured an option on a forty-acre tract near the first on section 35, 48, 28, and will begin exploratory work on it at once.

A number of our merchants are contemplating putting in a rapid service on the railway similar to the one at the Rock Store.

The fires were kept up, and all the pumps taken out of the mine.

Teachers throughout the county should not neglect to attend the institute to be held here for five days next week, beginning at 10 A. M. Monday.

As has been before said, the argument is often used against the teachers of the district that they do not take sufficient interest in their work and are far behind the times.

All teachers can secure accommodations at the Breitung House at half rates, or one dollar a day, and the expense of attending the session will be light.

Arrangements were made yesterday by which the Adelphi Polo club of Negaunee, and the Superior club of Ishpeming, will play their first match game at the Casino rink, Marquette, next Thursday evening, August 27th.

A special train will be run from Ishpeming and Negaunee to Marquette, and return, for the accommodation of the players and those who wish to go along to see the game.

When well played, a game of polo is as exciting as a game of base ball, and there is fully as much chance for the display of skill.

Each club has been organized over a month; and numbers among its members some very good players.

It is expected to be a close and exciting contest, and the people here will look to the boys of Superior club to capture the purse and the glory, and the reporter opines that they won't be disappointed.

Base Ball. All That is New About the National Game at Negaunee, and Through the County.

A large number of people from here will go down to Marquette this afternoon with the excursionists to see the match game of base ball between the Negaunee and Hancock clubs.

The home nine has not had much practice, as the boys have played but four games with other clubs this year.

On the contrary, the Hancock club is in the form, and has been victorious in eleven of the twelve match games that it has played this season, but that one was lost to the home club.

It is expected to be a closely contested, and will be watched with interest by all who admire the national game when well played.

Secretary Sporely has received a letter from the Marquette base ball club, in which the Wisconsin boys ask for a game here on September 7th.

An answer will be returned making them a liberal offer for the date above named.

No answer has been received yet from the Menominee River base ball club to the proposition made the manager in answer to a letter requesting a date, and terms.

The Menominee River club is an excellent one, and plays a strong game.

The home nine will play a return game with the Marquette club at Michigan mine one week from Sunday, that being the date when the double-headed excursion

CAMP JUMBO. A Mining Journal Wayfarer is Taken in at That Silvan Resort and Most Respectably Cared For.

Our representative paid a visit to Camp Jumbo this week. He didn't start out to go to Camp Jumbo at all; in fact, he never knew there was such a place as that until the evening he landed there, involuntarily, as it were. How he came to visit the camp need not be explained—in truth, our representative would rather be excused from giving a full explanation on this point. It is a rare place, this Camp Jumbo, and fortunate are those who have the opportunity to spend some of their time at that silvan haunt. It is situated about fifteen miles west of Florence, on the west branch of the C. & N. W. railway, in a beautiful grove near the railroad track. Some seventy-five people have been encamped there for the past two weeks, hunting, fishing, and rustling. They are well supplied with camping outfits, and have a rare good time of it. On the day of our representative's visit, Aug. 18, over five hundred trout had been caught and two fine deer brought down. This sport attracted the spirits of the party and all were in high glee that evening. Time doesn't fly on leaden wings at Camp Jumbo, as some program of amusement is daily provided for the campers. On the evening when our representative dropped down upon the camp, like an intruder, a mock divorce suit was in progress. All persons in the divorce proceedings, most of them being witnesses. The case was that of High-flyer vs. Highflyer, and the evidence on both sides was very rich and entertaining, while the verdict, by a female jury, was decidedly original. It prejudged our representative, however, against female juries, and when he sees for a divorce, he goes to have a male jury or none at all. The famous case was decided late in the evening, after which the court broke up and all the campers retired, except the serenaders, who made the grove ring with their voices until late in the night. The singing was very fine, and added immensely to the MINING JOURNAL delegate's enjoyment of the night at the camp. He takes this occasion to thank the ladies and gentlemen of the camp for the hospitality shown him, and the kindness with which he was entertained, evening, as he did, an unbidden guest and a stranger. Following is a list of names of the parties at Camp Jumbo: Walter Cole, Mrs. Prescott, Carrie, Louie, Lillie, Eddie, Sammie and Elsie Prescott, Miss Rose, Louise Sizer and Gertrude Sizer, Mr. and Mrs. Brockway, May Brockway, Mr. and Mrs. Hart, Mrs. Patrick, Mr. and Mrs. Hatch, Grace Hatch, Mr. Wolverson, Mr. and Mrs. Coleman, Mr. and Mrs. Russell, Arthur Russell, Mrs. Clayton, Eva Clayton, Mr. and Mrs. Wm. Watson, Ray, Allie and James Watson, Mr. and Mrs. Borgstrom, Elie Curtis, Lizzie Merryman, Mr. and Mrs. Hitchcock, Mamie Hitchcock, Bessie, Mrs. and Mont Skinner, Mr. Grover, Miss Valentine, Charlie Rogers, Miss Hodgins, Mr. and Mrs. R. C. Morrison, Mr. and Mrs. Robt. Meryman, grandma Meryman, Miss Hattie Walker, Miss Annie Gould, Miss Amelia Brown, Berthie, Amy and Lou Curtis, Mrs. James Colburn and son.

THE SHAMROCK.

Under the Auspices of the Irish Nationalists of Marquette County, Hibernia's Sons Will Celebrate Today. Unless the elements, which have been somewhat unruly of late, interfere with the elaborate program arranged for today, there is no doubt but that this will be one of the greatest gala days for our Irish fellow citizens that Marquette ever has witnessed. It is unnecessary for the MINING JOURNAL to go into minute details as to the order of proceedings, since there are committees that have full charge of affairs, and who will be on hand to see that everything moves along smoothly. The speaking and the sports and amusements arranged for the occasion, will take place at the driving park, this afternoon. Rev. Dr. Betts, of St. Louis, who has the reputation of being one of the most eloquent orators in the country, will address the multitude, as will also Hon. John Power, of Escanaba, a gentleman whose oratorical abilities are so well known in Michigan that comment regarding them would be superfluous. The speeches by these gentlemen will constitute the principal and the most substantial portion of the program, but after these will come the sports and amusements. They will consist of bicycle and foot racing, jumping, throwing sledge and the tug of war. A platform also has been erected for dancing purposes in the afternoon. One of the most interesting of the sports will be the match game of base ball between the Negaunee and Hancock clubs. The latter now enjoys the undisputed claim of being the champion club of the upper peninsula, as it has defeated every club that it has met this season. If the Negaunee give them even a "close rub," it will be all that can be reasonably expected of them. That they will do their best there is no doubt. In the evening a ball will be given, under the auspices of the Ancient Order of Hibernians, at the new opera house. As announced elsewhere, a special train will leave at 1:30 o'clock to-night for Michigan and intermediate stations, for the accommodation of those who wish to remain to take part in the festivities of the evening. Polo Game Off. Manager Stevens informs the MINING JOURNAL that he has been unable to complete arrangements for the polo game between Ishpeming and Negaunee players, at the Casino rink, next Wednesday night. He announces, however, that the Chequamegon band will lead in the grand march Tuesday and Wednesday evenings. Invest of Cotons. The tickets for the military drama, Bank and File, to be played at the Casino rink the next four evenings of the week after last, are now in the hands of the members of the G. A. R. post, under whose auspices the entertainment will be given. They are also on sale at Conklin's jewelry store. Persons buying these tickets can go to Conklin's and exchange them for reserve seat tickets for any night during the series of performances. The veterans are taking hold of this

enterprise in a business like way, and as they will give first-class entertainments they should receive the most hearty support of the people of Marquette and vicinity. It is probable that arrangements will be made for running special trains, on the M., H. & O. road, one or more evenings on which the play is presented.

SHOOTING PRIZES.

Manager Evans Has Decided to Give a First and Second Prize for the Best Scores to be Made up to Eleven O'clock To-Night.

As the contestants for the silver cup prize, to be given to the best marksman in Marquette, have not become very numerous, Evans, the shooting gallery man, has decided to offer a prize to the one making the second best score. As the announcement was made that none but residents of Marquette and vicinity could enter for the silver cup, and a few contestants have already made records with that understanding, no exception can be made now, but anybody and everybody can enter for the second prize. This is an elegant cigar-holder and match safe, which is described in which the MINING JOURNAL gave several days ago.

The contest will close at eleven o'clock to-night, when the prizes will be awarded. If a tie should result, which is not very likely to occur, it can be shot off at once, or the parties making the same scores can agree upon a time to shoot off the tie. In case the contest is settled to-night, the second prize will be delivered immediately, and the first one also, unless the winner wishes manager Evans to have an inscription commemorative of the event engraved on the cup, in which case it will be delivered Monday.

Not Guilty.

The proceedings against Geo. Hassock, driver of "John K." at the races here last month, were terminated the other day, at Bolvidere, Ill., and resulted in the vindication of the defendant.

One of the Belvidere papers states:

The examination of Geo. Hassock, charged with an attempt to steal "John K.," was held Tuesday afternoon. The case was taken from "Squire Hovey on a charge of venue to Squire Jenner. The evidence produced was insufficient to warrant binding the prisoner over and he was released without bail. We understand that Hassock now intends to commence suit against Ingalls for false imprisonment and damages.

Ideal Concert Company's Engagement for This Evening Canceled.

Manager Ross yesterday received a telegram from Mr. M. B. Delahunt, agent of the Ideal concert company, canceling the engagement made for this evening, and indefinitely postponing the company's appearance in Marquette.

Now everybody can go to the Casino rink and witness the great three-mile race for the MINING JOURNAL championship.

Round Trip Tickets.

Round trip tickets will be sold to Marquette from Michigan and intermediate stations, to-day, for trains No. 4 and 2, at half rates. Tickets will be good to return on No. 2, and the special train leaving Marquette at 1:30 o'clock to-morrow morning, after the ball.

CONDENSED CITY NEWS ITEMS.

Go and see who gets the gold and leather medals this evening at the Casino rink. The engagement of the Chequamegon band, at the Clifton House, closes one week from to-day.

The Burtis saw mill is now running night and day. A pressure of business makes it necessary.

The fronts of the business rooms in the Adams' block, on the west side of Front street, are being painted and varnished.

Remember the excursion on the lake to-morrow afternoon, on the elegant steamer Minnie M. Fare only fifty cents.

The first oysters of the season received yesterday by Prestons and they are being served up at his restaurant to-day in all styles.

This evening will occur the great MINING JOURNAL three-mile roller skating race, at the Casino rink. Don't miss it—more fun 'en you ever heard of before.

The lumber business is livelier at the present time in the upper peninsula than in lower Michigan, say lumber dealers from the Saginaw valley who are now in Marquette.

A young child of Mr. and Mrs. Messier fell from a second story window of their residence yesterday, and received some painful injuries, but is not considered dangerously hurt.

The editor of the Houghton Gazette boldly declares that, "as a money earner, we wouldn't exchange a good farm in this section for the best farm in southern Michigan."

Before justice Cray, yesterday, Freeman Brothers obtained a judgment of \$25 and costs against parties who smashed a buggy for them, some time ago, while driving at Negaunee.

W. J. Tench advertises, in this issue of the MINING JOURNAL, for a small silver bracelet, shaped like a horseshoe, which was lost somewhere between Ridge street and the D. M. & M. depot.

The rainfall, for a short time yesterday morning between two and four o'clock, was about as heavy as was ever known in this region, and lake navigators say that they never saw a darker night, or more vivid lightning.

Patrick Sullivan has been sent to the Detroit house of correction, for one year, for getting drunk and abusing his family, and manifesting other vicious inclinations. This is his second term at the institution named.

The MINING JOURNAL acknowledges the receipt of the annual report of the attorney general, of this state, for the year 1884. The report, of course, is by ex-attorney general J. J. Van Eiper, whose term expired the first of last January.

John Hallen got drunk, yesterday, and proceeded to abuse his wife, and terrorize his daughter and another lady who was in his house when he went home. His mad career, however, was suddenly checked by the strong arm of the law, and he was conducted into the presence of justice Cray on the usual charge. He will have a hearing this morning.

"Marquette, Negaunee and Ishpeming, on the branch prison question, are roaring very loudly just now," remarks the Houghton Gazette. "They would like to create an impression that they don't engage these denunciations at the head of the other localities up here that think they have a right to reach out and grasp the much coveted prize."

The Chicago Inland Marine says that Leopold & Austrian, of Chicago, recently received a letter from one of the Lake Superior mining towns asking for a photograph of the

propeller Peerless. The writer said that twelve years ago a younger brother was born on board the propeller just before reaching Marquette, and was named Peerless Paul Daums. The company sent Mr. Daums a handsome-framed lithograph of the Peerless.

The promenade concert and festival last evening, at Casino rink, given by the members of St. Paul's church, was a decided success in all respects. The Choquequegon, who volunteered their services for the occasion, rendered some of their most select music. A large number of tables were spread, and the most palatable of refreshments were served, and as the attendance was large all parties interested were well pleased.

There is no personal allusion to local players intended, but an exchange sounds the following note of warning, which should not pass unheeded even by Marquette musicians: Cornet players should be careful, and not become too enthusiastic, for they are liable to meet with an accident. Charles Fritz, of the Monroe, Michigan, cornet band, was playing one evening recently, when, wishing to put as much "and" as was possible in his instrument, he blew so hard that the thing recoiled like a shot gun, tipping him over backward and fracturing his skull. This should be a warning to amateurs.

The Canadian tug Metamora, Capt. R. H. Gilbertson, with the schooners G. Manley and H. Benson, arrived from Kingston early yesterday morning, and during the day loaded the last of the winter stock of lumber. The tug got out last winter for Quebec dealers. The schooners named are model boats for taking on and delivering heavy timber, and handle a cargo in much less time than can be done on boats not constructed especially for that trade. Not getting full cargoes here, the Metamora and consort will go to Copper Harbor to finish loading.

Geo. W. Peck, the Milwaukee humorist, has a high opinion now of upper peninsula land-dealers, as will appear from the following, which beams forth from his last Sun: "The discoveries of gold in northern Wisconsin and Michigan are being made right along, and it will not be long before there will be a boom up that way. A year or two ago the editor of the Sun on a visit to the upper peninsula, on which iron ore was promised. Not only was the iron ore found, but gold has been found in paying quantities on some of the land. Almost any newspaper man can appreciate the feelings of the Sun man on having the news broke to him that his land, which was only warranted to contain iron, is lousy with gold. It is such things that cause people to lose faith in land-dealers."

Reports to the Michigan state board of health for the week ending Aug. 15, show diphtheria at Burt, Burlington, Calumet township, Coldwater, Detroit, Hart, Ithaca, Jackson, Mason, Muskegon, North Star township, Kalamazoo and West Branch; scarlet fever at Calumet township, Detroit, Deserovitz, Jackson, Kawkawlin, North Star townships, Owosso, Paw Paw, South Haven and Teumseh; typhoid fever at Adrian, Almont, Algonac, Caro, Detroit, Hartfort, Humboldt, Pontiac, Sherman and Waukegan, and measles at Detroit. The diseases which caused most sickness during last week proved to be diphtheria, intermittent fever, neuralgia, cholera morbus and rheumatism, prevailing to the greatest extent in the order named.

Editor Devereaux, of the Houghton Gazette, was a guest at the Mesnard House for two or three days last week, and in the last issue of his paper he has this to say: The number of summer visitors at Marquette this season has been unusually large, a fact that may be credited to the enterprise of the citizens and hotel keepers who have endeavored to entertain guests after their arrival. Not the least part of the attraction has been the university band, from Ann Arbor, which, for the past few months, has been giving out-door concerts and balcony serenades. The engagement of the band closes at Marquette the end of this month, and Mr. Wm. B. Hoar has made arrangements to give one concert only in Houghton county, in the Houghton roller rink, Saturday evening, August 29th.

PERSONAL MENTION.

Judge Marston and wife, and Mrs. Charles Orton, departed yesterday for their respective homes at Detroit and Bay City.

Mr. Byron N. White, one of the solid and energetic young business men of Ontonagon, arrived yesterday, and is stopping at the Mesnard. He thinks some of remaining in Marquette permanently.

A Senev Citizen Courageously Defends the Fair Fame of That Hamlet.

There appeared in a late issue of the MINING JOURNAL an item which in a worthy spirit of Senev doesn't take kindly to, and space is cheerfully given to remove any unfavorable impression that the article referred to may have unjustly occasioned:

SENEV, AUG. 21ST. ED. MINING JOURNAL—I see in your paper something about the bad man from Senev, and at different times have read of the Senev roughs. Now, Mr. Editor, you must not think that all the men who raise disturbances on the Senev streets, or roughs, for you are liable to burn your own fingers by so publishing them. If you had reference to Sunday night's episode, you are more than likely to find a bad man being from Senev, as he is a citizen of Marquette. And, Mr. Editor, we would like you to publish the fact in your next issue, and remove the stigma thus placed upon our characters, for we try to do the best we can under the circumstances. We always take care of our own, and seek no obligations of the Marquette smart men.
