Present-Appelberg, Bahrman, Barabe, Ewing, Farrell, Gingrass, Goodnow, Henrikson, Hokanson, Hudson, Holman, Honkala, Jurma, Johnson F. J., Johnson Chas., Kirkwood, Keese, Manley, Neidhart, Noyes, Pearce, Rowe, Robbins, Seaborg, Smith, Sweder, Seibenthal, Toms, Thompson, Trebilcock, Vadnais, Vandenboom, Yungbluth, Yonkosky and Powell, Chairman. 35

year as county warden and be paid by the County, and the other half of the year as state warden and be paid by the state. I should, of course, prefer to pick out a man myself, as I want to get the best available man in the County for the position, but should be glad to have the Board recommend a man, and I would be glad to follow the recommendation, providing in my judgment and from my investigations he was the proper man for the position. In my judgment the one appointed should be from Marquette, inasmuch as there is a regular state deputy at Negaunee, and a man at Marquette would be in a position to look after the commercial fishing without taking very much of his time and he would also be better located to look after the good hunting territory along the Marquette and Southeastern, that is, up in the Big Bay country and west of there. One of the men that was recommended to me when I was there a few months ago impressed me very favorably and I think he has the making of a good warden, and if the arrangement goes through I think I should appoint this man. I think the arrangement spoken of would be a first class one for your county for the reason that you have some three or four hundred dollars that must be spent in this way or turned into the state treasury. Under this arrangement you would have one deputy that would spend practically all his time in the County and another state deputy who would spend considerable of his time in the county. If the Board takes favorable action at its meeting on April 27, I shall be glad to make the appointment at once so that the man may begin work on May 1st.

Very Truly

C.S. Pierce, State Game, Fish and Forestry  
Warden.

The Special Auditing Committee made their report, which was read and adopted by the following yea and nay vote:

Yeas—Appelberg, Bahrman, Barabe, Ewing, Farrell, Gingrass, Goodnow, Henriksen, Hokanson, Hudson, Holman, Honkala, Jurma, Johnson Chas., Johnson F.J., Kirkwood, Keese, Keupper, Manley, Neidhart, Noyes, Pearce, Rowe, Robbins, Smith, Sweder, Seibenthal, Toms, Thompson, Trebilcock, Vadnais, Vandenboom, Yungbluth, Yonkoksy and Powell, chairman. 35

Nays. none.

The report of the County Treasurer was read and referred to the chairman of the County officers' accounts committee.

The report of the County School Commissioner was read and ordered filed.

Being a bridge of such general use, we, the undersigned taxpayers of Republic township hereby respectfully petition your Honorable Board for aid in replacing the old bridge by a new one, and that the same be done under the supervision of the county road Engineer.

To the Honorable Board of Supervisors of Marquette County, Michigan.  
Gentlemen: Whereas this county as well as other counties in the Upper Peninsula, is at times more or less invested with a class of criminals who commit crimes of such revolting and disgusting character that without the assistance of the good citizens of the community of this county, officers are often handicapped in making arrests, during which time the whole county is subject to further depredations.

Whereas, a crime of this character was committed near Little Lake, and the perpetrator of the dastardly deed evaded the officers in their search for two days; and  
Whereas, he was finally captured near Harvey by private citizens, William Foard and Chas Briggs, and landed safely in jail:

Be it resolved: That the Board of Supervisors, in appreciation of this act, commend very highly the action of Mr Foard and Mr Briggs, and hereby appropriate the sum of one hundred and fifty dollars (\$150.00) as a reward for a good service, one hundred dollars (\$100.00) to be given Mr Foard and fifty dollars (\$50) to Chas Briggs.

Eighteenth National Irrigation Congress, September 26 to 30, 1910.

Pueblo, Colorado, June 25, 1910.

Gentlemen\_ Your county is entitled to five representatives at the Eighteenth National Irrigation Congress which meets in Pueblo September 26\_30 next.

It accordingly gives us pleasure to enclose herewith the official call, on the second page of which you will note the authority for the chairman of your board to make these appointments.

The increased price of living is today a serious problem for the American people. In its efforts to "save the forests, store the floods, reclaim the desert, make homes on the land", the National Irrigation Congress has fostered home-building to the highest degree. This home-building on reclaimed land, with the increased production and certainty of crops under scientific, irrigation agriculture, is a most hopeful possible solution of the high cost of living.

The National Irrigation Exposition will be held in connection with the congress to demonstrate to the visitor from the non-irrigated sections what can be accomplished through the proper application of water to land. To the people of the West this is a magnificent opportunity to display their products. To the people of the East it is an excellent opportunity to learn what irrigation will do.

We hope that you and your fellow commissioners will be present or represented by other delegates. Notice of this in your county papers will undoubtedly bring information as to those who can and would be pleased to attend the congress. Kindly make appointments early and forward information thereof to this office.

Respectfully,

Arthur Hooker,  
Secretary National Irrigation Congress

The Honorable, The Chairman, Board of County Commissioners.

Your committee is considering the asbestos instead of the wood shingle, which will increase the cost \$358, making the lowest bid for brick construction as follows:

Building.....	\$13,989 00
Plumbing.....	955 00
Asbestos shingles.....	358 00

Republic, Oct. 6, 1910

To the Honorable Board of Supervisors of the County of Marquette, Mich.

Gentlemen; -Kindly consider me as a candidate for the position of Superintendent of the Poor for the third District. Any assistance rendered me will be greatly appreciated. In case of my election I will endeavor to discharge the duties of said office to the best of my ability and to the interest of the County of Marquette.

Sincerely yours

Wm. Zeitler

Michigan Board of Corrections and Charities  
Lansing, Sept. 30, 1910.

To the Honorable Board of Supervisors of Marquette County, Michigan.

Gentlemen; At a meeting of this Board held on the 22nd inst, a report of the recent

Equalization Report.

Application for Superintendent of Poor.

October 10th, 1910

visit made to your county jail by a representative of this Board was submitted, and I was directed to advise you that in the opinion of the members, more adequate and proper quarters should be provided in your county. It was found that the jail was comparatively well kept but having been constructed many years ago it is poorly arranged and not adapted to the needs of the county. The jail is greatly in contrast with the other public buildings in your county, most of which are excellent, and it is believed by the members of the Board that a new jail is the proper solution of the question. Will you kindly give this matter consideration with a view of taking action which may result in an improvement of conditions in your county.

Very respectfully

M.T.Murray

Secretary.

To the Honorable Board of Supervisors of Marquette County.

We, the undersigned supervisors of the townships of Champion, Ely, Humboldt, Republic and Michigamme, have found Mr. P.P. The following communication, upon motion duly seconded was referred to the Highways and Bridges Committee.

Powell Township, Mich. Oct. 3rd, 1910.

To the Honorable, the Chairman and Board of Supervisors, Marquette County, Michigan.

Gentlemen:- We, the undersigned freeholders of Powell township, Marquette county, hereby petition your honorable body to appropriate the sum of \$600.00 out of money now in the hands of the county treasurer towards the building of a steel bridge across the Salmon Trout river, in said Powell Township, to Replace the wooden bridge now in use, which has become so delapidated within the past two or three weeks that it cannot be used through the winter. It is therefore, desirable to erect a new bridge at once, in order to save expense of rebuilding or repairing the old wooden bridge. The bridge is on the main highway leading through Powell township from the end of the railroad at Big Bay, which road has been laid out by the said township and on which a large amount of money has been spent, and is designed to become a part of the county road system later when adopted by the county. It is very necessary that we take immediate action to do this work at once. The total cost of the bridge completed is estimated at \$ 1,300.00. By so doing, you will afford a great assistance to the township at the present time.

Very respectfully, yours,

- Hans Jenson-  
Huron Mountain Club.
- H. E. Perkins, Manager.
- Joseph Krenkie.
- Oscar Webster.
- Chas. Christiansen.
- J. M. Longyear.
- Dan Sullivan.
- H. L. Smith.

Upon motion, the following communications were referred to the Committee on Salaries:  
Marquette, Michigan. October 10, 1910.

To the Honorable board of Supervisors, Marquette County, Michigan.  
Gentlemen:- Due to long and severe illness (from which I am slowly recovering). I have been obliged to employ additional help in my office, and I now respectfully appeal to your honorable body to assist me in defraying expense.

*John E. Nelson to fill vacancy*

*Petition Powell Twp.*

*Additional help Poor Office*

October 10th, 1910

Owing to the existent condition, I respectfully ask the board to vote me one hundred fifty dollars (\$150) to cover said expense. Thanking you very much for past favors, I am,

Respectfully yours,

C. D. Blanchard,

Secretary of the poor.

To the Honorable Board of Supervisors, Marquette County, Michigan.

Gentlemen:- Your petitioner would respectfully represent to your Honorable Board that the work has increased so much in his office that he has been compelled to constantly employ three clerks, for four years last past, and to pay the same out of his pocket.

Therefore, your petitioner would humbly suggest, that a committee be appointed to ascertain the propriety of allowing clerk hire, at least for one person, in said office.

Dated Marquette, Mich., Oct. 10, 1910.

To the Board of Supervisors of the County of Marquette.

Gentlemen:- Your Committee on County Officers' Accounts would report that they have looked over the books of the various county officers, viz: The County Clerk, County Treasurer, Judge of Probate, Register of Deeds and Superintendents of the Poor, and find such books apparently well kept and up to date. The cash balance in the hands of the treasurer, September 30, 1910, as shown by his books is twelve thousand four hundred seventy-seven dollars.

The correctness of the details of such books will be fully verified by having a complete audit of same made at the close of the calendar year by an expert accountant, as has been done for several years past.

The report of the building committee of the Tuberculosis Hospital was read and adopted and ordered filed:

To the Honorable Board of Supervisors of Marquette County, Michigan.

Gentlemen: Your committee having in charge the erection of the Tuberculosis Sanatorium at Morgan, would respectfully report that the contract for the main building let to Mr. Wilson at \$14,347.00, has been completed and accepted by your committee, except a small amount of painting to be done on the outside in the spring, which we allowed to stand over until that time.

*Tuberculosis committee*

The contract for steam heating, to the Lake Superior Steam Heating Company for \$1,390 is also completed, as is also the contract let to Mr. E.J. Sink for the plumbing at \$955. We have, after consulting authorities on sewage, installed the Ashley Ceptic sewer system with proper manholes and tanks, at a cost of \$81.50. The installation of same, including ditches, pipe, manholes and tanks, cost \$1,195.34. Have also sunk a well 85 feet deep through clean sand and gravel and put in a five inch galvanized iron pipe in same at cost of \$616.10, and have thirty feet of clear pure water standing in well. Have also installed the Kewaunee pumping system for supplying water to be run with an electric motor. Have installed a small gasoline engine in connection with same to be used in case of emergency. Cost of pumping plant delivered was \$680. Cost of gasoline engine delivered was \$111.60. Installation of same cost \$95.36. After excavating the ground for the pumping plant, forms were put up for a cement wall around it, and then covered for the winter. The cement wall

and roof are to be finished in the spring. We arranged with the Electric Light Board of the City of Marquette to erect a pole line from MrVandenboom's farm to the Sanatarium for light and power purposes for \$1,959.48. This has also been completed and the current turned on. We have shipped to the plant one car of coal and have installed a man temporarily to look after the building and keep it warm until such time as a permanent nurse and other efficient help is engaged and the building properly equipped with furniture and other paraphernalia ready to open to the public for the purpose it is designed for. Arrangements are being carried out for installing the proper fixtures for lighting by electricity, power for same to be furnished by the Electric Light Commission of the City of Marquette. Since installing the water plant we have tested the well by pumping 6,000 gallons per day continuously for five consecutive days, without any sign of the water diminishing, thus assuring us an abundant supply of pure water, and samples of which have been sent to the laboratory of the State Board of Health, at Lansing, Michigan, for analysis, but have not yet received returns from same. We have also the matter up of installing a plant in the laundry as early as possible and after this is completed and a few other things finished up, according to the resolution passed by the board July 27th last, your committee will consider their work completed ; unless further instructed by the board. Total cost to date is \$21,431.38.

In addition to the above report, your committee would especially recommend that immediate steps be taken to engage an experienced nurse and other necessary help, and to equip the building with the proper outfit of furniture, and also two cows and one horse and harness and a light spring wagon, so as to open it up for patients at as early a date as possible. Also that a contract be let for building a chicken house and barn large enough to hold five cows and four stall for horses, and sheds for accommodations of doctors' teams when visiting the sanatarium. All to be completed by April 15th, or as soon as the weather will permit, Much work of necessity will have to go over and be taken up by the next board, such as building roads, laying out and grading the ground properly cleaning up and preparing grounds for vegetable garden and flower beds, etc.

The reports of the Superintendents of the Poor and the County School Commissioner and County Auditor were read and ordered filed.

Marquette, Mich. Feb. 9th, 1911.

Hon. H.S. Thompson, Chairman and Members of the Committee on County Officers' Accounts.

Gentlemen: According to your instructions I have examined the books and records of the County Treasurer, County Clerk, County Road Commissioners, Superintendents of the Poor, Soldiers' Relief Commission and the criminal dockets of the Justices of the Peace in the Cities of Ishpeming, Marquette and Negaunee and in the Townships of Champion, Michiganame, Powell and Republic from January 1, 1910, to January 1, 1911, and herewith submit my report.

The receipts and disbursements of the County Treasurer and balance of cash as shown by the books and records in the offices of the County Treasurer, County Clerk and the monthly and quarterly statements of the Auditor General are correct.

I find vouchers of all disbursements of the County Treasurer and duplicate receipts on file with the county Clerk for the treasurer's miscellaneous collections, all of which vouchers and receipts I have checked with the books and sealed up the same.

The receipts and disbursements of Thomas Gribble, County Treasurer, from January 1, 1910 to January 1, 1911 were as follows (as the details of receipts and disbursements have been reported to the Board of Supervisors and spread on their records, they are omitted from this report):

Receipts

Jan. 1, 1910 balance cash on hand	\$ 5,315.10
Receipts from all sources	<u>488,220.87</u>
Total	\$ 493,535.97
Disbursements	<u>493,607.39</u>
Cash overdrawn Jan. 1, 1911	\$ 71.42

I have counted the cash in the Treasurer's Office and checked up the bank accounts with the bank statements and find the net amount of overdraft of cash of \$71.42 January 1, 1911, correct.

I have checked the Treasurer's accounts with the state, with the monthly and quarterly statements of the auditor general and find them to be correct.

With the exception of a few errors which have now been corrected, the cities and townships have received proper credit for the tax collections of the county treasurer and auditor general and have been correctly debited with the auditor general's refunds and charged back taxes, and they have been paid their respective portions of primary school funds, library funds and liquor licenses. The balances due to and from the cities, townships and state, as shown by the County Treasurer's ledger, January 1st, 1911 are correct

the cities of Ishpeming, Marquette and Negaunee, townships of Champion, Michigamme, Powell and Republic, all of which were paid over to the County Treasurer during the year 1910 and in January and February 1911, were as follows:

The docket of Justice Sarasin of Forsyth township, I will examine when in that township in March and will render a report of same. The amount mentioned in above list represents the amount paid by Justice Sarasin to the County Treasurer during 1910.

The criminal docket in Powell township shows a fine of \$7.50 to have been collected by Justice J.D. Gunsolly in November, 1907. This fine does not appear to have been paid over to the County Treasurer.

This being my first inspection of criminal dockets in Powell township, explains why this fine was not previously reported by me. I learn that ex-Justice Gunsolly is not in this vicinity at present.

The dockets of the several justices have been generally speaking, very well kept, The docket of Justice Schwendeman, of Michigamme, in particular, is a model of accuracy and neatness.

The books of the Superintendents of the Poor and those of the Soldier's Relief Commission, kept by C.D. Blanchard, who is Secretary of both Boards have been well and correctly kept.

The records and accounts of the County Road Commissioners, so far as the same are kept by the county clerk, are well and correctly kept. I have checked the footings of the Pay-Roll on file in the Clerks office and find the same to be correct, but have made no examination of the accounts of Engineer V.S. Hillyer.

The several County Officers have promptly rendered me any assistance or information required.

County Board of Supervisors, Marquette County, Michigan.

Gentlemen:- Will you kindly pass a resolution providing for the use of a special advertisement of your county on the back of every envelope that will in the future be used by any of the officers of your county.

You will note by our envelope that we are advertising the Upper Peninsula as a whole. It appears to me that if your Board would appoint a committee to draw up the proper form for this envelope advertising, and if each supervisor would see that the township officials would use the same form, it would advertise your county to the world as it could be advertised in no other way and at very little expense.

Arrangements can undoubtedly be made so that your local printer will either leave this form set up, or you can get a cheap electrotype form made for the use of the various departments.

Please advise me if you will do this,  
Very truly yours

Thornton A. Green

The following report of Special Committee was approved and ordered filed.

Marquette, Mich. March 31st, 1911.

To the Chairman and Board of Supervisors of Marquette County.

Your committee appointed at the meeting held February 15th, last, to represent the Board of Supervisors of Marquette County at the meeting of the Upper Peninsula Development association, held in Menominee, February 21st, beg leave to report briefly the work undertaken and the organization accomplished, although we presume the members of the Board have already learned through the newspapers of what was done at such meeting.

There was a large and enthusiastic attendance, all of the fifteen upper peninsula counties being represented.

The object of the association is to conduct an advertising campaign and bring to the attention of the country at large the great agricultural possibilities of the upper peninsula and bring in settlers who will develop and make valuable these resources.

To this end it is proposed to raise a fund of \$ 50,000 to be apportioned to the different counties on a basis of population. Land holding companies and corporations to be assessed one cent an acre; the railroads to be asked to contribute on a mileage basis and the various county boards to be requested to give their share.

The plan of organization is that each county shall be represented by five directors, making the total number of such Board of directors seventy-five. The directors from each county shall select one of their number as a member of the executive committee of the association which shall have charge of the active management of its affairs.

The officers of the association shall be selected from the members of the executive committee, with the exception of the secretary, who is to be the active advertising manager and who shall be a man whose experience and training fully qualify him for that work.

The directors selected for Marquette County are Mr. A.T. Roberts and Mr John D. Mangum, of Marquette, Mr C.V.R. Townsend of Negaunee, Mr R.P. Bronson of Ishpeming and Mr W.S. Ewing of Chocolay. Mr Roberts is the Marquette county representative on the executive committee. The general officers of the association are, President Mr Thornton A. Green, Ontonagon; first vice president, Mr Patrick Flannigan, Sagola; second vice president Mr A.T. Roberts, Marquette, treasurer, Mr H.W. Reed, Escanaba, Secretary Mr A.W. Blom, Menominee.

An individual is eligible to membership and can become a member of the association on payment of a fee of \$1.00.

Gentlemen:-Your committee on the Morgan Heights Sanitarium would respectfully report that since our last meeting we have made out a list of the furnishings for the sanitarium, advised for bids on the same, and let the contracts to the lowest bidders. Considerable of the goods have arrived in the City, and we expect the balance to be here within the next week. We have employed sufficient help to commence with, and shall begin installing the furniture next week. We have engaged a competent nurse, who has just arrived in the city, to take charge of the institution, and expect to be ready to receive patients in about two weeks, Owing to the inclemency of the weather and deep snow, we have not been able to do anything towards building a barn or chicken coops, etc, but have our plans laid, and will commence this within a very short time.

That if your Honorable Board does not see fit to pay the entire expense, we earnestly petition that you pay a portion thereof, and Ely Township pay the other portion.

To the Honorable Board of Supervisors of Marquette County, Michigan.

Gentlemen:- Your committee on the Morgan Heights Tuberculosis Sanitarium would respectfully report that since our last statement to the Board we have installed the necessary help for opening the sanitarium, and who have since been very busy cleaning up and installing the furniture, previous to the opening of same. This work has been somewhat delayed, owing to tardiness of the arrival of some of the furniture, which is still coming by piecemeal, a little at a time, but is very nearly all here now, and we expect to be in shape to begin receiving patients in about a week or so more.

The building of the barn, chicken coops, ice house, etc., we have had to delay owing to the great depth of snow that has been lying on the ground until the present time. We shall now proceed at once with the erection of these buildings, and already have some men on the ground doing extra work, previous to commencing on these outside buildings. In the meantime, we erected a temporary quarters for a team, which we have purchased, also between fifty and sixty chickens, some of which have been donated by Capt. Trebilcock, the balance we have purchased. We are now looking for two cows that we think would be suitable for the place. Expect to purchase same and have them on the ground within the next few days. With the favorable weather conditions now existing, we shall prosecute the balance of the building work, and bring it to a conclusion as fast as possible. There will be still remaining a great deal of work to do, such as building roads, grading the grounds, which will be necessary to do during the coming summer. All of which is respectfully submitted.

Ninety-eight persons have been inmates of the County House at different times during the year, and over thirteen hundred persons have aided outside the County House, In view of the high price of living, and from the fact that we have, had to over draw, on the County Treasurer for the passed year nearly five thousand dollars (\$5,000.00) we do not feel that we would be justified in asking for less than forty-five thousand dollars, (\$45,000.00) and therefore would respectfully request that your honorable body appropriate the sum of forty-five thousand dollars (\$45,000.00) as a fund for the relief of the poor of Marquette County for the current year, We note the following supplies on hand at the County Farm (estimated). viz:

400 cords of 16 inch wood, 500 bushels potatoes, 400 heads cabbage, 100 heads celery, 20 bushel parsnips, 75 bushel carrots, 25 bushels beets, 5 bushel onions, 5 bushel green tomatoes, 3 tons cornstalks, 10 tons oat straw, 5 tons hay, 50 squash and pumpkins.

Marquette, Mich, Oct. 6, 1911.

Hon. D. W. Powell, Chairman, &amp;

Members of the Board of Supervisors of Marquette County,  
Marquette, Mich.

Gentlemen:-

At the beginning of the organization of the Upper Peninsula Development Bureau it was voted to request the Board of Supervisors in each county in the Upper Peninsula to appropriate \$1000.00 for the work of the Bureau. There was some doubt as to the authority of the Boards to appropriate money for such a purpose and accordingly a law was passed at the last session of the legislature empowering the Boards of Supervisors to spend or appropriate money for exploitation and development purposes. This law is now in effect.

We now pray your Honorable Body to make an appropriation of \$1000.00 for the work of the Bureau. The organization has been successful for the first six months of its existence and individuals and business organizations have been fairly generous and prompt in coming forward with subscriptions. We still lack, however, about \$20,000.00 of reaching the mark of \$50,000.00 which was voted the sum to be raised at the outset of the organization. So far the different County Boards have made appropriations as follows:

Houghton	\$1000.00
Ontonagon	1000.00
Baraga	700.00
Alger	500.00
Delta	500.00
Schoolcraft	300.00
Iron	500.00
Menominee	500.00

We are promised an additional \$500.00 in both Menominee and Delta Counties this fall.

We respectfully urge you to assist us in this work for the development of the Upper Peninsula.

Respectfully submitted,  
Alton T. Roberts, Chairman

Gentlemen:-

In compliance with Act #96, of the session laws of 1849, as amended by Act #177 of the Public Acts of 1891, the Marquette County Agricultural Society, by its President and Secretary, petitions your Honorable body to levy the tax, authorized by law, viz: 1/10 of one mill on the dollar, or such proportion thereof as you may deem sufficient, for the aid and maintenance of said society,

We the undersigned President and Secretary, respectfully, of the Marquette County Agricultural Society, do hereby certify that the sum of one Hundred and Ten (\$ 110.00) dollars, has been raised by said society from the sale of memberships, and for the promotion of the objects of said society.

During the past year the demands made on us for the relief of the old veterans, their widows and children have not yet been quite as large as compared with former years, consequently our fund is somewhat larger than last year, there being a balance of \$539.08, compared with the balance of last year of \$274.08, but we have reason to believe that during the coming year the call for relief will be somewhat larger. Resolved, That it is fitting at this time that we, the Board of Supervisors of Alger County, realizing that our individual trees, form, collectively, one of the greatest assets of our county, and believing that this asset should be protected and maintained for the benefit of our county, do hereby pledge ourselves to special efforts toward preventing destruction to our tree growth through any agency whatever and especially through the occurrence of forest fires, and that we do hereby heartily endorse the proposed patrol system of protection to be inaugurated by the Northern Forest Protective association and agree to encourage and assist in the work of discouraging the unseasonable burning of brush in clearing lands, the carelessness of campers, hunters and fisherman while in the forest and the setting of fires by locomotives within our respective townships.

Marquette, Mich., Oct. 9, 1911.

To the Chairman and Board of Supervisors of Marquette County.  
Gentlemen:-

Your committee on County Officers' Accounts beg to report that they have looked over the books of the various county officers, viz: The county clerk, county treasurer, judge of probate, register of deeds, and superintendents of poor and find such books to be apparently well kept and up to date.

The cash balance in the hands of the treasurer on September 30th, 1911, as shown by his books is thirty-nine thousand, three hundred and fourteen dollars and forty-four cents (\$39,314.44).

Your committee would recommend that the correctness of the details of the accounts of all county officers be fully verified by having a complete audit made by an expert accountant as has been done for several years past.

With your approval and consent, your committee will arrange to have such audit made to cover the calendar year ending December 31st, 1911.

In connection with the inspection of the books of the county clerk your committee on county officers accounts finds that the present system of keeping the index of births and deaths is cumbersome and inadequate.

Your committee would therefore recommend that a committee of three be appointed to confer with the county clerk and report upon the advisability of replacing the present index system with an up to date loose leaf system with an estimate of the cost of making such change.

The monthly reports of the Superintendents of the Poor were read and ordered filed.

The following report of Special Committee on Morgan Heights Sanitarium was read and adopted.

October, 7, 1911.

To the Honorable Board of Supervisors, Marquette County, Michigan.

Gentlemen:-

Your Morgan Heights Sanitarium committee respectfully report that up to October 1st, the cost of all buildings, the installing of sewerage system, water supply plant, the building of electric light and telephone lines and roads, improvements on the farm, and installation of furniture, and other paraphernalia, also team, cows and poultry and necessary farm implements now amount to Forty-two thousand one hundred fifty-two dollars and ten cents (\$42,152.10).

The improvements on said institution are now about completed, except what may be necessary in the way of building additional shacks, for the accomodation of more patients, and clearing up more land otherwise beautifying the place.

The said institution was opened May 1st, for the reception of patients, since which time there has been admitted twenty-seven of which nine have been dismissed. In comment on those that have left the institution, of this number one was cured, four received great benefit, and four left of their own accord, after being there for a short time, being able to follow treatment in their own homes.

Deaths resulting from tuberculosis has been two, both were advanced cases when admitted to the institution, cases in the hospital at present are sixteen, one insipient case, eight moderately advanced, and seven far advanced.

We found on starting this institution that we had a large number of advanced cases to take care of, most of which are incurable, but we believe that in the future the cases admitted, will be of a more insipient nature, and more liable to be benefited from the treatment at said institution, and percentage of cures will be very much greater in the future. And your Committee are very much gratified at the excellent results so far attained, and believe with careful management and proper support, the institution should receive at your hands, it will prove a great benefit to Marquette County.

Respectfully submitted.

At the request of Supervisor Neidhart the following resolution was read and ordered filed.

Whereas, certain citizens and taxpayers of the city of Marquette have presented petitions for the investigation by the Board of Supervisors of the County of Marquette of the assessment rolls of the county for the purpose of determining the true relative basis of assessment of property, both real and personal, in the various cities and townships of the county, and asking for the equalization of such values on a uniform basis as between said cities and townships.

And Whereas, no means of ascertaining such relative basis of assessment, as between said several cities and townships, is known to this Board or is shown by said rolls:

And Whereas, said basis cannot be ascertained except by a hearing and by taking of evidence to ascertain such relative basis as between said several rolls:

Now therefore resolved that the prayers of the several petitioners be granted: that a committee of five members of this Board be appointed by the Chairman to conduct said hearing. and sub-committee be directed to appoint a time and place for the taking of evidence upon the charges contained in said petitions, and to hold said hearing at the time so fixed, and to continue and adjourn the same from time to time so long as may be necessary to complete said hearing, and to take and consider such evidence, and return said evidence to this Board, with their recommendations thereon, hereby granting to said committee the right and power to issue subpoenas requiring the attendance of any and all witnesses, and to require the production of all papers of records necessary or desirable for the purpose of determining the true relative basis of assessment in said several rolls

Further resolved, that the matter of equalizing the said several assessment rolls of the cities and townships in said county of Marquette be laid on the table until such time as said committee has conducted and completed said hearing and reported the evidence taken thereof to this Board, together with the recommendations of said committee.

The following minority report of the committee on Equalization was read and rejected by the following Yea and Nay vote.

To the Honorable Board of Supervisors of the County of Marquette sitting as a Board of Equalization:

The undersigned, being a minority of your committee on equalization, respectfully report to your Honorable Body that the committee has been unable to ascertain from the several assessment rolls of the cities and townships of the county of Marquette the relative valuations of the real estate of said townships and cities and that in the opinion of the undersigned hearing should be had, and evidence taken thereat, to enable the committee to determine the percentage of true cash values which is used as a basis of assessment of real and personal property in said several townships and cities.

The undersigned report and recommend to your Honorable Body that the prayer of the petitioners, being citizens and tax payers of the city of Marquette, be granted and that such hearing be ordered as prayed.

Michigan Association of County Clerks.

Office of Secretary.

Cadillac, Mich., October, 10, 1911.

To the Hon. Chairman of the Board of Supervisors of Marquette County, Michigan.

Dear Sir:-

The Michigan Association of County Clerks is desirous of including in its membership every County Clerk in the State and already more than fifty per cent of the Clerks are members. The next annual meeting of this association will be held in Traverse City, Michigan in June 1912 and it is the hope of the members that every county in the state will be represented at this meeting. At these annual meetings questions of material importance to every Clerk and to the County he serves are presented and discussed and needed legislation is also discussed. The benefits derived are many and if the Clerk is benefited then there can be no argument as to the benefit to his county, You can appreciate the fact that anything that tends to better the work of the Clerk results in a betterment for the county.

I wish that at your present meeting you would present to your board the matter of appropriating money to defray your clerk's expenses at our next annual meeting so that if his work will permit he will be able to be with us. Thanking you in advance for a favorable consideration of this matter, I remain.

Very truly yours,

Felix H.H. Flynn,

Secretary of Michigan Association of County Clerks.

To the Chairman and Board of Supervisors of Marquette County.  
Gentlemen-

Your special committee appointed to confer with the county clerk and report upon the advisability of replacing the present indexes of the records of births and deaths with an up to-date loose leaf system, with an estimate of the cost of making such change beg to report that they find that the old indexes are in poor shape and it would be a great improvement to have new indexes made.

Your committee is, however, unable to arrive at any reliable estimate of the exact cost of making such new indexes.

Mr. F. G. Jenks, County Clerk, is willing to undertake the work at a cost not to exceed one cent per name, which your committee believes is a very reasonable charge for the amount of work it will involve.

Your committee would therefore recommend that Mr. Jenks be authorized to go ahead with the work at this price.

To the Honorable Body of Supervisors:-

We, the undersigned residents and citizens of the Township of Ely hereby respectfully petition your honorable body that you will instruct the board of county road commissioners to make the route of the county road through Ely Township pass by the American Mine Location. We petition this for the reason that the old location of the road between the point where the American Mine road branches off from the main road and Clarksburg is a very bad road with several bad hills and swampy ground to pass over and furthermore that location passes but a single house which the road by way of the

American Mine would not pass. Traffic to the village of Diorite is quite heavy, and the county road built by the way of the American Mine would accommodate some six hundred people living in seventy or eighty houses in the immediate vicinity of the American Mine. The road could be built to avoid bad hills on good ground and the route via American Mine would accommodate everyone with the exception of one house as well or better than the old route, besides facilitating United States mail service to a considerable community. The village of Diorite is also a Star Route post office with daily mail service at present conducted at certain seasons of the year over exceedingly bad roads.

The following report of the committee on Morgan Heights Sanitarium was read, adopted and ordered filed:

Report of Morgan Heights Sanitarium Committee from June 1, 1911 to May 28, 1912.

The total number of patients admitted	58
Number died	10
Number cured	4
Patients left improved	13
Left by choice (no change in condition)	14
Dismissed for bad conduct	1
Present number of patients:	16

The sixteen patients are divided as follows:

*Hospital contracts.*

May, 29th, 1912.

Porch patients		10
Males	7	
Females	<u>3</u>	
Ward patients		6
Males	3	
Females	<u>3</u>	

Capacity for porch patients 16: males 8: females 8.

Capacity for ward patients: normal capacity, 4.

It will be noticed that the quarters for ward patients are now overcrowded. Provision should be made for additional quarters as the large majority of the cases admitted are advanced cases, which cannot occupy porch quarters.

There are at present three applications from this county: two of which are advanced cases, for which we have no room at present, the other is an incipient case, and will be admitted as soon as arrangements are made by the doctor. It is of the utmost importance to accommodate the advanced cases for which the capacity, as stated above, is already overcrowded.

During the year there was received from patients and paid over to the County Treasurer \$945.31. There is at present outstanding \$141.00. This is considered collectable, which will make a total of \$1085.31. Some of which has been paid by patients who are paying in full and some only in part for their keep.

The present cost for keep of each patient is about \$9.00 per week. This includes meals, medicines, heating, lighting and the running expenses. This cost has been decreased as the number of patients has increased, and would be still further reduced with more patients. It is expected that during the coming year the cost for each patient will be somewhat further reduced, as we expect to raise all of the farm and garden produce necessary to supply the institution.

It is the earnest desire of the committee to have the citizens of the county interested in this institution. We desire particularly to have them visit and inspect the building and grounds so that they can judge as to the attention and care the patients are receiving.

A.J. Yungbluth,

The reports of the poor commissioner, school commissioner and game warden were read in part and ordered filed.

The following resolution was read and unanimously adopted by a rising vote:

Whereas Capt. Joseph Hodgson is about to leave us and whereas this board has been benefitted heretofore by his deliberations and wise counsel in years gone by therefore be it resolved that we regret his departure from among us and hereby extend to him our heartiest wishes for his success and prosperity in his new field of labor.
