### BALANCED CASH WITH CLUB.

Cashier Robinson of Chicago Post-office Assaulted and Robbed by Unknown Thug.

**LATTER VANISHES WITH ABOUT \$5,000 IN CASH.**

Stranger Came to Return Some Stamps So Mr. Robinson Could Make His Cash Balance.

### DARING THIEF'S BOLD CRIME.

CHICAGO, Dec. 12.—Cashier A. J. Robinson of the wholesale stamp department of the Chicago postoffice was snugged at 7:30 o'clock tonight and a large sum of money taken. How much is not known but it is estimated as reaching into the thousands. Mr. Robinson was alone in his office when a rap, such as is only given by employees of the postoffice money department when they desire to see the cashier, was given upon the door.

Mr. Robinson at once opened the door and was confronted by a stranger who asked if his cash balanced. Mr. Robinson replied that it did not, although he had gone over it several times.

"I sent my boy here today to get some stamps," continued the stranger, "and he was given more stamps than he should have received. I have brought them back and here they are. This will probably cause the cash to come out all right."

Mr. Robinson extended his hand for the stamps and at once received a terrific blow upon the head with a club or sand bag and was knocked senseless. He was still unconscious when found nearly three hours later and by the time he was able to tell his story the thief had been gone nearly four hours. He left absolutely no clue behind him as nobody saw him leave the building. He made his escape through a window, dropping three packages of money of an aggregate value of \$680 in his hasty exit. The government officers and police were looking in every direction at midnight but had nothing to work upon. The amount of money taken will hardly be known before tomorrow, as it will take some time to straighten out Robinson's cash. The amount is generally put, however, at \$5,000 or over.

### QUIET IN HONOLULU.

Liliuokalani Had Not Been Restored on December 4.

VANCOUVER, B. C., Dec. 12.—The Australian steamship Arava arrived at Victoria today, having left Honolulu Dec. 4. Queen Liliuokalani has not been restored and there has been no trouble in Honolulu. Since the arrival of the last report there had been but two things of a significant nature. The annexationists held a mass meeting on Saturday, Nov. 25, and adopted resolutions in effect appealing to congress over the action of President Cleveland, Secretary Gresham and Mr. Blount. Four days preceding the sailing of the Arava troops of the provisional government were busy fortifying and barricading the government house. Nothing had yet been done looking to the restoration of the queen.

WASHINGTON, Dec. 12.—The house committee on foreign affairs has decided to order a favorable report on the Hitt resolution calling for the correspondence on the Hawaiian matter. The resolution was amended so as to include all correspondence during the Hawaiian administration.

### WATCHING FOR DYNAMITERS.

All Public Buildings in Paris are Closely Guarded.

PARIS, Dec. 12.—The courts of justice, the prefecture of police, the theatres and other public buildings are closely guarded by police in uniform and in plain clothes in order to prevent dynamite outrages. The police have forbidden the production of the play "Les Ames Solitaires," Marchal, the husband of Vaillant's mistress, has disappeared, fearing the vengeance of Vaillant's friends. Madame Marchal has been arrested, papers found in her lodgings showing that she was an accessory to Vaillant's bomb throwing plans in the chamber of deputies.

A man named Sordan was arrested this afternoon in the ante-room of the Palais Bourbon, in which the chamber of deputies is situated, for expounding anarchistic theories in company with another man, who escaped. A number of anarchist documents were found in Sordan's pockets. Several foreign anarchists were expelled from France today.

### DEATH OF COLONEL EASTON.

Prominent Citizen of Old St. Louis Passes Away.

ST. LOUIS, Dec. 12.—Colonel Alton R. Easton, one of the most prominent citizens of St. Louis in early days, died here just before midnight last night, aged eighty-six years. He was colonel of the First St. Louis Legion in 1844; military governor of Santa Fe during the Mexican war and until 1850; United States treasurer under Fillmore; inspector general of Missouri in 1861-4; assessor of internal revenue for this district under Grant. He was a close friend of General Grant during all his life.

### BOYCOTTING THE TREATERS.

Will Not Go Where Non-Union Scene-Shifters Work.

CHICAGO, Dec. 12.—The delegates to the convention of the American Federation of Labor began today's session by announcing that during their stay in Chicago they will not attend theaters where non-union stage workers are

### SUFFOCATED BY GAS.

Leaking Meter Smothers Seven Men and Kills Two.

ST. LOUIS, Mo., Dec. 12.—Seven persons were pulled out of the Deneen flats this morning, asphyxiated by illuminating gas. The leak was in the meter and was caused by freezing. David Wilson and Deputy Sheriff Charles Singinger cannot recover. The others will be saved.

F. & P. M. No. 3 Is Released.

MILWAUKEE, Dec. 12.—The tug Welcoming released F. & P. M. steamer No. 3 from the rocks in Whitefish bay about noon today and towed her into port. She will be placed in a dry dock at once. Her injuries are not serious.

### ELECTRIC CHAIR READY.

Conviction of Poisoner Meyer Seems to Be Almost Certain.

NEW YORK, Dec. 12.—Dark indeed seems the outlook for Dr. Henry C. F. Meyer. Step by step Prosecutor John F. McEntyre is corroborating the story told by accomplice Carl Mueller. Even though Lawyer Brooke has proven Mueller to be a perjurer and a bigamist, the fact remains that a man will not confess himself a murderer or a murderer's accomplice unless there exists some fire beneath the curling smoke. Prosecutor McEntyre is slowly but surely weaving a net of evidence around the doctor which unless something unforeseen transpires will carry him to the electric chair.

Witnesses thus far produced corroborated Mueller's story of the movements of Dr. Meyer, Mrs. Meyer, Ludwig Brandt and Mueller himself in the awful conspiracy to defraud the insurance companies out of thousands of dollars in policies issued on the life of Gustav M. A. Baum, a conspiracy that resulted in the death of Baum by slow poisoning; the collection of the insurance from two companies; a division of the spoils and the flight of the three conspirators who were left.

### IN A RECEIVER'S HANDS.

Failure of Aultman & Co. Pulls Down Akron Iron Company.

AKRON, O., Dec. 12.—The Akron Iron company has gone into the hands of a receiver, J. A. Long, secretary of the company, being appointed by the court. This action was caused by the fact that the firm was intimately associated with C. Aultman & Co. of Canton and was endorser for considerable paper of the failed firm. Lewis Miller, who made the application for a receiver, is president of both concerns. The liabilities of the Akron Iron company are given at \$500,000 and the assets at \$600,000.

### DUE TO TARIFF UNCERTAINTY.

Factory Will Close Down and 700 Men Workless.

CLEVELAND, Dec. 12.—The H. P. Nail company, one of the largest manufacturers of nails and wire rods in the country, will close down all departments for an indefinite period within a few days and 700 men will be added to the army of the unemployed in this city. A member of the firm on being asked as to the cause of suspension said: "The shut-down is due to a lack of orders, resulting, I have no doubt, from tariff uncertainty which has effectually stopped buying and will continue to stop it as long as such uncertainty exists."

### ARMY DID NOT APPEAR.

Chicago Police Have All Night Watch for Nothing.

CHICAGO, Dec. 12.—Six hundred policemen held in reserve during the night to quell a possible outbreak at the Lake Front were not disturbed until this morning. John Wergarth, supposedly a crank, had issued a call for 10,000 armed men to meet him at the Lake Front at daybreak and move against the city with a demand for work or bread. But John and his army failed to materialize and the police were allowed to break ranks.

### "GOLD BEARING SAND."

Gladwin County's Gold Boom Falls With Traditional D. S. T.

DETROIT, Dec. 12.—A sample of "gold bearing sand" from Gladwin county, where there has been considerable excitement over the alleged find of that precious metal, was today assayed by Parke, Davis & Co. of this city. The examination showed that there was not a speck of gold in the sand, which was disclosed by iron oxide.

### HELD UP WHOLE FAMILY.

Robbers Get Goods and Money to Value of \$1,200.

NEW YORK, Dec. 12.—Three masked burglars entered the house of Edward Blanche, Fifth street and Jackson avenue, Woodside, L. I., yesterday and covering the family with pistols stole goods and money to the value of \$1,200. The burglars escaped, leaving no clue as to their identity.

### LAWYER ROOTS LITTLE JOKE.

Sherman Act Repeal as Excuse for Not Paying Note.

TOPEKA, Kan., Dec. 12.—H. C. Root, Populist ex-candidate for county attorney, has filed as an answer in a suit on a note that the repeal of the Sherman act is responsible for his inability to pay a note. He asks that President Cleveland and other public men be made parties in the suit.

### MURDERER RAKED IN.

Weston Caught in a Crowd of Chicago Tramps.

CHICAGO, Dec. 12.—Sheriff O. L. Henderso of Solano county, California, today identified a prisoner at the central station as Welby Weston, wanted in California for a murder committed about two years ago. The man was arrested with a crowd of tramps and answered to the description of one of four men who are said to have killed a night watchman who caught them robbing a safe in the town of Rio Vista. Weston is said to have blown the night watchman's head off.

### TEMPET IN THE CHANNEL.

Several Fatalities Result in the South of England.

LONDON, Dec. 12.—A hurricane raged today in the south of England. The Channel mail boat was unable to enter Folkestone harbor and was obliged to proceed to Dover. A boat in Plymouth harbor is capsized and four man-of-war-men were drowned. The roof of the railway station at Portsmouth collapsed, wounding two persons, one of whom will die.

### ANOTHER CALL FOR AID.

Governor Rich Issues Second Proclamation Asking Help for Gogebic Minors.

—TWENTY THOUSAND DOLLARS PER MONTH NEEDED.

Contributions Are Expected Also From Illinois and Wisconsin but Michigan Should Do Her Share.

### DETROIT COMMITTEE REPORTS.

LANSING, Mich., Dec. 12.—After hearing the report of the committee sent from Detroit to investigate the condition of the miners on the Gogebic and Menominee ranges Governor Rich today issued another proclamation asking for further contributions to the fund which is being raised to help them. In his proclamation, after summarizing the facts, Governor Rich says:

"There is a hope that work will be resumed to a greater or less extent in the mines in the near future. This will in a measure relieve the suffering people there. But this is as yet uncertain and in any event some time must elapse before anything can be realized from this source.

"For immediate needs the suffering people must depend wholly on donations from our citizens. Owing to the comparatively close proximity and intimate business relations with the people of Wisconsin and Illinois substantial aid may reasonably be expected from them.

"The owners of the mines will also aid some in case the mines are not operated. The remainder of the amount estimated as needed is \$20,000 per month. This will not be a large sum for the generous people of the state to raise provided the matter is taken hold of generally and systematically."

### GRANGERS IN CONVENTION.

President Horton Lets Out a Kick at Secretary Morton.

LANSING, Mich., Dec. 12.—This meeting of the state Grange in this city is attended by 150 delegates. The secretary's report this morning showed that the order has held its own during the past year in spite of hard times. Grand Master G. B. Horton in his report censures Secretary of Agriculture Morton for saying that the Grange is a political organization and of little use, and declares in favor of restriction of immigration.

### BONDHOLDERS ARE SORE.

Maine People Say They Were Swindled at Battle Creek.

BATTLE CREEK, Mich., Dec. 12.—Seth M. Carter of Auburn, Me., representing the bondholders of the electric street railway, is in the city trying to effect a settlement of the affairs of the road. Mr. Carter says the bonds were bought upon the representation that the road was a good one and that it was paying dividends. He says the bondholders have been swindled out of \$80,000 by the stockholders of the road.

### OUTSTED THE RECEIVER.

General Manager Takes Forceful Possession of Dewaglac Factory.

DOWAGLAC, Mich., Dec. 12.—The Michigan Trust company of Grand Rapids, as a receiver for the Dewaglac Seeder company, took forcible possession of the plant yesterday and were in turn ejected at midnight by General Manager Lyle and a force of 500 men. The plant used in the manufacture of grain drills is valued at \$1,000,000 and employs about three hundred men.

### MEETING OF UNEMPLOYED.

London Socialists Preach to Crowds of Idle Men.

LONDON, Dec. 12.—Thousands of unemployed workmen of London met at Tower Hill today and listened to addresses made by James Keir Hardie, Socialist member of parliament, Frank Smith and others. Mr. Hardie said that he intended to move the adjournment of the house of commons today in order to call the attention of the parliament to the condition of the unemployed. Upon the conclusion of the speech making the crowd marched to Hyde Park. A number of black and red flags were displayed. The police dispersed the crowds.

MARQUETTE, MICH., DECEMBER 13.

Entered as mailmatter of the second class in the postoffice at Marquette, Mich.

And yet another Lake Superior paper, The Iron Tribune of Hurley, has suspended. Its editor found that he was losing money every day that he kept the paper going, so he wisely shut down and will seek a new field of labor in Arkansas.

IN ALL our exchanges we note announcements by merchants that they have adopted the "cash system," and will sell no more goods to anybody on credit. This is one result, and a most wholesome one, of the hard times the country is now experiencing.

ACCORDING to the reports from Washington, which will be found in another column, the bill conferring statehood upon Utah is very likely to pass this congress. It ought not to pass and if passed the president ought to veto it for two reasons: First, there is grave doubt whether the Mormon church has really renounced polygamy; second, the territory of Utah should be added to that burnt-out mining camp, Nevada, so as to give that scarecrow state a decent number of people.

DR. BELL, the Detroit member of the state board of corrections and charities, has been airing his views concerning the action of the board in locating the upper peninsula asylum for the insane at Newberry, and in doing this displays remarkable ignorance of this peninsula and also some other things that a learned doctor might be justly suspected of being moderately well informed upon.

FREE COAL. Alluding to the opposition of some of the southern Democrats to having the duty on coal removed, as proposed by the Wilson bill, The Manufacturer's Gazette, a protectionist paper published at Boston, declares that "free coal for New England is not incompatible with a national policy of protection to American industries."

MYSTERY OF A TRUNK.

It was a Splendid Advertisement for Delavere Darcey.

"Now, Phil, really, what do you like best—the white blouse or the pink?" "My dearest Blanche, you look lovely in either."

As the day wore on the keenness of her interest in the handsome stranger and his mysterious companion waned somewhat before the more enthralling problems connected with her own costume for the dance which was to be given that evening.

The hope, however, was doomed to disappointment. The stranger contented himself with admiring Mrs. Lorimer from a distance, and for once at least that little lady retired to her room not altogether satisfied with herself.

There was absolute silence for a second; and Blanche and Philip stood breathless; then came a muffled shriek of agony.

THE SUPERSTITION TALK.

There is no land on earth where more superstitions prevail than that of the unpeppable Turk. Some of them are interesting. If by any chance a sparrow or swallow flies in the window and circles three times around the room it is a sign that a blood relation of some one present is about to die.

## KILLED IN THE HECLA.

John H. George Killed and John Bell Seriously Hurt by Premature Blast.

LATTER MAY BE BLIND IF HE FINALLY RECOVERS.

Were Putting the Last Stick of Dynamite in the Hole When the Explosion Came.

(All communications for copper country department intended for publication should be addressed to A. F. Luter, Houghton.)

CALUMET

John H. George was killed and John Bell was very seriously injured by a blast in the bottom of No. 2 shaft, Hecla branch, about 4:30 o'clock Monday morning. An inquest was held Tuesday morning on the body of John H. George by Coroner McDonald and the following jurors: James L. Nankervis, William Croze, William McCurdy, William H. Andrews, William Carpenter and William Fisher. The jurors viewed the body at the accident word of the Calumet & Hecla hospital, where the injured was held. The first witness was Richard Bell, father of John Bell, who was injured. He testified that he and Joseph Trevennen were working in the south drift and his son and John H. George were working in the north drift at the forty-third level of Hecla No. 2 shaft. The drifts are about 140 feet apart, they were just about finishing up their day's work and getting ready to blast when an explosion took place in the north drift which put out their lights. Not having received any warning from the men in the north drift that they were going to blast they knew that an accident had occurred. After re-lighting their candles they went into the north drift and found John Bell sitting on a pile of rocks about two feet back from the breast of the drift. When asked if he was hurt he answered: "I received a terrible blow," Trevennen then lifted Bell up in his arms and placed him on his feet. Trevennen then went in further and found John H. George lying dead.

George's head was nearly crushed off. Bell's injuries are a large number of holes in the cheeks and chin from flying splinters of stone. It is not yet known whether he will be permanently blind. He told his father he could see when he first entered the drift. He has also a shot hole just about the point of his breast bone and he is pretty well riddled with fine particles of rock about the chest. It is expected that he will recover. As badly injured as he was he climbed up the ladder one level to the man cage in front of his father, who assisted him. Bell is married and lives in Calumet Village with his wife and child. John H. George leaves a wife and four children who reside in Yellow Jacket.

The cause of the accident as elicited by the testimony was that Bell and George were charging a dry hole and were in the act of putting in the fourth and last stick of dynamite and had it at the end of the hole when the explosion occurred. The reputation of the deceased and injured miners is that they were both experienced men who were careful about their work, and the testimony given shows no hurry or carelessness about any portion of the operation of charging. The verdict of the jurors was the deceased came to his death accidentally by a premature explosion.

As soon as possible after the accident occurred Mine Inspector Hall was notified and at once made a full investigation of the unfortunate affair. He was also present at the inquest yesterday morning and stated to THE MINING JOURNAL that the evidence as given by the witnesses fully covers the facts in the case.

### RED JACKET.

The ladies are very busy now in their preparations for the charity ball on the 29th. The collectors for the Gogebic sufferers are putting in full time and if reports are true about the liberality of some of our business men there will be a handsome sum of money raised in this vicinity.

Mr. and Mrs. Will E. Carpenter registered a daughter's name on the birth record yesterday.

### OPECHEE.

Mr. Fred Ede and Miss Edith Collins will be married at this place next Saturday.

Very interesting revival services are being held in the Methodist church here. The church has received more new members in the past few weeks than at any time in its history.

Harry Huddleston, who was injured while coupling cars, is on duty again.

### HANCOCK.

Matt Juntilla, who was reported being very low in THE MINING JOURNAL of yesterday, died from the effects of his wounds Monday. Justice Finn impounded a jury yesterday afternoon and went to the scene of the affray in which Juntilla was stabbed to hold an inquest.

On the evening of Dec. 30 the Lyra Singing society will give a benefit concert, the proceeds to go to the Gogebic range sufferers. After the concert there will be a dance and as the object is a most worthy one the Lyra should receive the hearty support of all citizens.

General Secretary Massman of the Y. M. C. A. yesterday remitted a cash contribution to the relief committee on the Gogebic range. He reports contributions of several packages of clothing which will be shipped shortly.

The relief committee report contributions coming in right along. Another carload will be shipped in a few days.

### HOUGHTON.

At the adjourned meeting of citizens held Monday evening in Pfeiffer's Hall T. L. Chadbourne, chairman of the relief committee appointed Saturday evening, reported that he had received from Judge Haire a circular letter to that written to Judge Hubbell, stating that immediate aid was needed. This committee has already forwarded \$200 in cash and has ready for shipment clothing, etc., donated by merchants of this city to the amount of \$360.80, which

## MISERIES OF MATRIMONY.

Distinguished Men Who Quarreled with Their Wives.

Sir Thomas More's wife scolded him on the eve of his execution. Hazlitt's wife cared nothing for his abilities, and kept him in hot water by her temper. Milton had trouble with each of his wives, the fault being perhaps as much his own as theirs. Coleridge left his wife and children without apology or farewell, and never would see them again. Napoleon often swore at Josephine, and when she cried told her to hush. "It makes your nose red."

Ben Jonson's wife went to the inn after him if he staid too long and brought him home, tongue-lashing him all the way. Cervantes drew a picture of his own wife in the "Mistress Honeysucker for the Devil," whom Sancho Panza abused so bitterly.

Dr. Johnson said: "No man in his senses, if he could get a young girl, would marry a widow." He himself married a widow many years his senior.

Dryden and his wife, Lady Elizabeth Howard, lived in a constant broil. She was clever and he was sarcastic, so that their quarrels were very animated. Charles I. of England was ruined by his marriage, for his French queen persuaded him to attempt the French system of government that ended in his downfall.

The Duke of Marlborough and the famous Sarah Jennings fought like Kill-kenny cats. He often threatened to horsewhip her, and she as often vowed she would leave him.

When asked for his married experience La Bruyere replied: "Few wives are so perfect that they do not give their husbands cause, at least once a day to repent of matrimony."

Walter Savage Landor married a girl for her beauty, and after the charm wore off he found her a shrew. He endured her tongue for a time, then turned over her property to her and left her.

Count Maribeuau, the father of the French revolutionist, got along so pleasantly at home that during his married life he took out no less than fifty-two letters de cachet against his wife and her people.

Jean Paul Richter's wife was jealous, and was constantly on the watch to catch him in some flirtation. She generally succeeded, and when she did always threatened to leave him. He told her to go, and she never did.

Philip I. of France fell out with the queen, turned her out of doors and married the wife of a nobleman, giving the unique reason: "Like her better than I do my wife and can provide for her better than her husband can."

Farquhar, the dramatist, thought he was marrying a rich, talented and amiable girl, and when asked about her, declared that he had got "a scold, who carried her wealth on her back and her intellect on her tongue."

The illustrious Isabella de Gonzaga, after losing her husband, declined to marry again. She said that if her second should prove good she would be in constant fear of losing him; if otherwise, in constant fear of not losing him.

Hannibal was ruined by marriage. After his first victorious campaigns in Italy he went into winter quarters at Capua, where he married, and the wedding festivities lasted until his army was demoralized, and always afterward was worthless for fighting purposes.

Pasquier had a scolding wife, and was accustomed to say "a scold's speech is merely an exercise of her lungs and the patients of all who hear her."

Next to be outdone by his wife he scolded back again, and, as he said, had peace by means of constant war.

Salmasius, Milton's antagonist, was a man of mild manners and quiet in speech, but his wife imagined he did not do himself justice in controversy unless he called his antagonist vile names. Some of his manuscripts are extant, containing abusive words interlined in her own handwriting.

Peter the Great, of Russia, had a competitive examination of the beauties of the empire in order to secure a perfect wife. Three hundred girls convened, and he selected Eudoxia Fedorovna, of Novgorod, and three years later locked her up in a convent in order to marry Catherine.

William Lilly, the noted astrologer, could foretell the fortunes of other people, but not his own. He married a woman whom he himself declared to be "of the temper of Mars." She left him, and she and her relatives instituted suit against him, costing him, as he relates with tears, almost a thousand pounds.—Detroit Free Press.

Curious Russian Dishes. Mushrooms are largely used in Russia as a substitute for meat, and a familiar sight in the cottages of the poor is the strings of the small, shriveled delicacies, looking like so many bits of brownish leather, suspended with strings of onions from the rafters. There are, in that country, at least a dozen edible varieties, some of them very choice. They are picked, dried, and preserved in many ways. The oil of green hemp seeds, eaten with a radish nearly as biting as our horse radish, is a popular relish in the same country. Rape seed and sunflower seed oil are often used as a substitute for olive oil or butter in both cooking and pastry making. Almonds made into a paste and mixed with water are used in making desserts as a substitute for milk, and the same mixture is used to flavor tea and coffee. A traveler who knows this beverage well says that it is delicious in the extreme.—Chicago Inter-Ocean.

CITY NEWS IN BRIEF.

"Paul Kauvar" tonight. Ex-Governor David H. Jerome of Saginaw is in the city. Sheriff A. Sant of Menominee was in the city yesterday. Sheriff Paul Francis of Ontonagon was in town yesterday. John D. Leahy of St. Ignace was a city visitor yesterday. Miss Mabel A. Barton of Colorado is visiting her aunt, Mrs. Richard A. Parker. Rev. Ellis M. Jones, wife and daughter will leave today for their new home in Waverly, Ia.

The band will not play in the Casino tonight on account of the play in the opera house. Tomorrow night, however, it will be out and a good skate is promised. At St. Margaret's Chapel, South Marquette, tomorrow night, the Girls' Guild of St. Paul's church will give a pleasant entertainment. There will be refreshments and an interesting literary and musical program.

The Casino football team has accepted the challenge of the Superior team for a game Saturday evening on skates in the Casino rink. Considerable fun is expected as certain complications are likely to arise from an attempt to stand on one roller skate and kick a football up among the rafters. One of the sights of Marquette this week will be the bazaar held by the Ladies' Guild of St. Paul's in the store in the Harlow block, recently occupied as Brown's pharmacy, Saturday next. All day fancy articles suitable for Christmas gifts will be displayed and the ladies request that their goods may be seen before you select your Christmas presents.

"Paul Kauvar," which may properly be numbered among the most effective plays of the day, is announced for tonight at the Marquette Opera House. Its author, Steele MacKaye, has written nothing which wears better than this vivid and dramatic picture of the French revolution; for the heart is engaged by the relation of a reasonable story, interwoven with much that is painful and appalling, even while the eye is held arrested by striking tableaux and strong theatrical situations characteristic of the times depicted.

COMMON COUNCIL PROCEEDINGS.

OFFICIAL. A special meeting of the common council of the city of Marquette was held in the council room on Thursday, the 7th day of December, A. D. 1893, at 7:30 o'clock p. m.

On motion, Alderman Moore was elected to fill the chair. There were present Aldermen Brown, Gillett, Hoch, Homeler, Moore, Mullaly, Putnam, Rygaard, Schoch and Zerbel. The recorder read the call, by the mayor, for the special meeting of the council at this time, stating its object, and presented affidavit of service of notice of said meeting, which were duly filed. A special committee was then appointed by the chairman to examine and report on the returns of the special election held on the 2nd day of December A. D. 1893, for alderman in the First and Fifth wards, to fill the vacancies caused by the resignation of H. O. Gravel and Alfred Desjardins. Said committee reported as follows: Whole number of votes cast for alderman in First ward..... 142 Ernest W. Vandenberg received..... 73 Joseph H. Bice received..... 67 Two tickets thrown out..... 2 Whole number of votes cast for alderman in the Fifth ward..... 35 Lawrence G. Halstrom received..... 33 Blank..... 2 Therupon, on motion, Ernest W. Vandenberg was declared duly elected alderman of the First ward for the term ending in April, A. D. 1894, and Lawrence G. Halstrom alderman of the Fifth ward for the term ending in April, A. D. 1895. The council then adjourned.

COMMON COUNCIL PROCEEDINGS.

OFFICIAL. An adjourned regular meeting of the common council of the city of Marquette was held in the council room on Thursday, the 7th day of December, A. D. 1893, at 8 o'clock p. m.

On motion Alderman Brown was elected to fill the chair. There were present Aldermen Brown, Gillett, Hoch, Homeler, Moore, Mullaly, Putnam, Rygaard, Schoch and Zerbel. Aldermen Halstrom and Vandenberg after being duly qualified, took their seats. The minutes of the last four preceding meetings were read and approved. Moved by Alderman Gillett and supported that an arc light be placed at the corner of Morton and Lee streets instead of at corner of Third and Hematite streets. Alderman Putnam moved as an amendment, which was supported and carried, that the electric light and power commission be and are hereby instructed to look thoroughly into the matter as to the possibility of placing more lights where required and report at next meeting of the council. The original motion as amended was then carried. Moved and carried that when the council adjourns it adjourn to the 18th day of December, A. D. 1893, at 8 o'clock p. m.

Th-city a torney reported adversely regarding the petition of Mrs. Katherine H. Hopkins, asking for the refunding of the amount paid for personal tax and which she paid under protest. Said report was on motion adopted. Moved by Alderman Homeler, supported and carried, that the petition of Mrs. Katherine H. Hopkins be denied. The council then adjourned to the 18th

day of December, A. D. 1893, at 8 o'clock p. m. THOMAS MEADS, Recorder.

INSTINCT OR REASON.

An Instance That Proves the Horse a Rational Being. "It is a mistaken idea that none but human beings can reason and that dumb animals have not that power," said Prof. Albert A. Palmer, of Buffalo, "I am fully prepared to demonstrate that the animals inferior to man have reasoning faculties, and that what is generally termed instinct plays an important part in their doings and actions.

"Let me give a simple example. I have a friend named Downing who owns a string of valuable race horses. In his string is a horse known as Speed-west. A day or so before a race in which the horse is entered he generally sends him out on the track mounted by a stable-boy for a little preparatory work. This horse will not take kindly to his work, and no amount of persuasion with whip or spur can get him away from a common canter. I noticed this peculiarly in the animal and one day suggested to Downing that perhaps the horse knew that he was not expected to race, and for that reason could not understand exactly what was required of him. I prevailed upon him to dress the stable-boy in the colors usually worn in a race and try the horse again. He did so, and the boy was placed in front of the animal for a moment that he might see the colors. The result was that when the boy mounted again the horse broke at the word of command and set off at a long, swinging gallop, which he increased to a run, finishing the work under a strong pull. Another stable boy was put up without the colors, and the horse refused to leave the leading gate at which he started out. A second time the colors were used and again the animal set out at a rate of speed calculated to break a record.

"What do you call that instinct or reasoning? I contend that the horse had a rational faculty which he exercised at will. He knew that without the colors he had nothing in particular to gain by exerting himself to a swift run. When the colors were put on, the horse reasoned that there was some object in view. He reasoned that he was already prepared for a race and made his pace accordingly without being urged."-St. Louis Globe-Democrat.

'T WAS A GOOD STORY.

That Is, When It Was Applied to Some Other Fellow.

The Texas congressman usually has a shrewd perception of humor, remarks the Washington Post. The delegation has a corner on half the good stories going, and can lay claim to several which have got away. A correspondent backed the dean of the delegation up in a corner the other day and told the following tale: "A friend of mine," said the correspondent, "came up from Texas when the session opened, and as he expected to be here some time he looked around for a moderate-priced room, which he located in a nice neighborhood. A motherly old lady showed him very much, which pleased him very much. As he was about to leave the room she asked him where he was from.

"From Texas, madam." "Well, let me show you how this works. You turn it on so, and put a match to it, so; when you get through turn it off, so." "But I understand all about gas. We have it at home." "Yes, but I have had a good deal of trouble with Texans about gas, and it doesn't do any harm to show you. Turn it on so, and turn it off this way. Don't try to blow it out."

"But, madam," protested my friend, "you needn't go to all that trouble. If it will relieve your mind any, I lived in Chicago for six months before coming here."

"You did, eh? Well, I want you to understand that this is a respectable house, and I won't have any poker playing or drinking or carousing up here." "Haw, haw!" laughed the congressman, "that is one of the best stories I ever heard," and his sides shook with laughter. "But," said the correspondent, "the boys are sending that story out to-night and saying that you are the Texas."

"The deuce you say. Well, that is a pretty low-down sort of a yarn to spin on anybody," grumbled the congressman.

ERUPTIONS OF THE SKIN CURED.

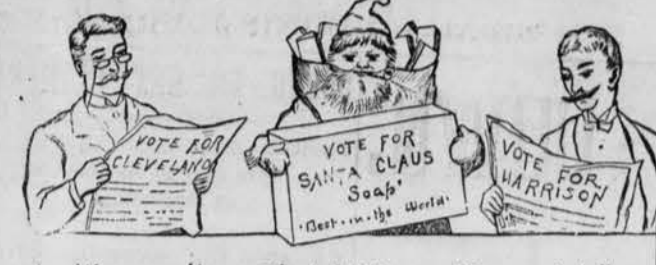

Ed Venny, Brockville, Ontario, Canada, says: "I have used Brandreth's pills for the past fifteen years and think them the best cathartic and anti-bilious remedy known. For some five years I suffered with an eruption of the skin that gave me great pain and annoyance. I tried different blood remedies but, although gaining strength, the itching was unrelieved. I finally concluded to take a thorough course of Brandreth's pills. I took six each night for four nights, then five, four, three, two, lessening each time by one, and then for one month took one every night, with the happy result that now my skin is perfectly clear and has been so ever since."

Mr. S. H. CONKLIN writes from Mt. Carmel, Conn. "Enclosed please find check for your bills of May 2nd and 12th. I repeat the gratification I express before as to the convenience, the economy, and the real artistic beauty of your National Lead Company's Pure White Lead Tinting Colors have proved to me in using them. It would seem as if the old way of trying to produce the desired shade of color by mixing many colors together with much labor and guess-work must be abandoned in favor of your economical, sure and easy method. My painters wish to introduce their use in an adjoining town, and want a couple of your books as guides."

I have been bothered with catarrh for about twenty years; I had lost sense of smell entirely, and I had almost lost my hearing. My eyes were getting so dim I had to get someone to thread my needle. Now I have my hearing as well as I ever had, and I can see to thread as fine a needle as ever I did, my sense of smell is partly restored, and it seems to be improving all the time. I think there is nothing like Ely's Cream Balm for catarrh. Mrs. E. E. Grimes, Dundell, Perry Co., O.

FIRE LADS TO THE RESCUE.

Morse Hose Company Preparing to Give a Big Charity Ball.

THE BOYS HEAD THE LIST BY A DONATION OF \$50.

Ladies Benevolent Society Will be Asked to Cooperate and Distribute Proceeds Equitably.

EVERYBODY SHOULD HELP. The members of Morse Hose company are never asleep and do not often take second place in enterprises in which generosity, push and charity are chief characteristics.

At a meeting of the hose company last night it was unanimously decided to give a charity ball Jan. 25, the entire proceeds to go toward relieving distress among the less favored of our city.

The committee appointed to look after refreshments will endeavor to interest the women in this branch. They will be asked to get up a supper where substantial refreshments will be served the entire evening and for which a reasonable charge will be made.

Morse Hose company is in earnest about this matter and has headed the subscription list with \$50. The merchants and business men called upon will be expected to contribute to the fund either money or its equivalent in articles which will be of service to the poor.

Tonight's Play. Tonight the Marquette Opera House, which has been some weeks closed, will reopen under new management, presenting one of the best melodramas on the road—"Paul Kauvar."

An earnest endeavor is making to create a circuit of which Marquette will form a part so that the better class of dramas and companies may be induced to come this way more frequently than heretofore.

The play is a very strong and superior one, commended by the highest authorities of this country and will be given by the following excellent cast: Paul Kauvar, H. Coulter Brinker, Honore Albert Maxime, John F. McArdle, Marquis de Vaux, Man von Mitzel, General Delarochie, Louis Aubrey, General Kietzerne Powers, Colonel La Hogue, George Conway, Dodolphe Potin, John W. Rose, Carrac, Del La Barre, Bourdette, Richard Martin, Gajou, Larry Reist, Tabooze, Walter Goodwin, First Orderly, J. W. Barry, Second Orderly, Miss Escher Lyons, Nannette Potin, Miss Lizzie Conway, Searlotte, Miss Ellinore Carroll.

The seat plan may be seen at Bigelow's news depot where seats may also be reserved. The demand for seats up till last night has not been as great as the piece warrants but undoubtedly there will be a rush today as the attendance promises to be large.

A. H. Holland's Funeral. The funeral of the late A. H. Holland took place yesterday afternoon from the home of M. C. Scully. There was a large attendance of friends, Pythians and Sons of St. George of both of which orders deceased had been a member.

The pall bearers were as follows, selected from the Knights of Pythias and Sons of St. George: L. G. Hallstrom, R. J. Sparling, J. C. Cosford.

James Carson, F. W. Hathaway and W. C. Treloar. Services at the house were conducted by Archdeacon Williams and at Park cemetery the burial service of the Pythians was conducted, the sermon being preached by Prelate William Smith.

Economy Advised. The French political circle held a very interesting meeting last night. One of the features was a paper by J. P. Dube in which the present trade stagnation and close times were considered and strong reasons pointed out why the people of all classes should practice an intelligent economy until times brisk up at least, but they would be wise to always keep that fact before them and prepare for rainy weather.

Got Their Sentences. Judge Stone yesterday pronounced sentence in the criminal convictions of the present sitting of the circuit court. Jones, Godley and Renville, convicted of burglary at Stewart's homestead, Sept. 30, got six months each in state prison.

In the case of Swift and others against Nels Majhannu & Co., judgment was given on withdrawal of the plea in favor of the plaintiffs for \$400. In the case of Seelbach, Levi & Lemberg vs Ed. Kennedy judgment for \$761 went by default in favor of the plaintiffs.

There is no one instrument, unless, indeed, it be a large pipe organ, capable of the variety of effects that are obtainable on the Aeolian. Unlike the pipe organ, however, the Aeolian is adapted to all classes of music; overtures and symphonies can be rendered on it with all the softness and delicacy of the flute and violin and cello and all the snap and brilliancy of the piano. See and hear them at Conklin's.
