NEGAUNEE... NURSERY and GREENHOUSES.

FRUIT AND ORNAMENTAL TREES AND SHRUBS, GRAPE VINES, SMALL FRUITS, ETC.

We offer this stock as being superior to any other on account of being grown here, therefore well-matured, stronger roots, larger plants and can be lifted and shipped to suit customers just when weather is favorable for planting.

Fall is the Best Time to Plant.

The general public does not realize that we are offering larger trees, healthier and stronger trees, and at lower prices than can be bought elsewhere; but a visit to our nursery will convince; we can do this because we do not employ agents and have no commissions to pay.

Copper Country Department THOS. F. MASON AT THE HEAD. COMPANY WHICH IS TO OPERATE THE ADVENTURE CONSOLIDATED PROPERTIES SOON TO ORGANIZE AND RUSH MINING WORK WITH ALL EXPEDITION.

The development of the South range is now a matter beyond the point of speculation and doubtless the opening up of the country will be given a strong impetus as a result of the new condition of affairs at the Adventure, Hilton and Knowlton, which properties are to be known as the Adventure Consolidated Copper company.

The corporation will be organized and its stock listed on the Boston exchange about Nov. 1, immediately after which mining operations will be conducted on an extensive scale. A start will be made in the shaft on the Adventure. At present a number of tributaries are working the properties and these men will not be interfered with after organization is perfected, until they find employment with the new company.

The eastern office of the company will be located at 45 Broadway, New York, and the president will be Thomas F. Mason, now and for many years president of the Quincy Mining company. The authority to organize the company is with T. B. Dunstan of Hancock, who has fully examined all the titles and given considerable attention to the matter during the past six months.

S. B. Harris, superintendent of the Quincy mine, speaks of the Knowlton and Hilton properties as follows: "The Knowlton vein wherever worked, as, for instance, the Mass mine, Knowlton and Flint Steel, appears to be best defined and the most productive vein in that part of the copper range. Wherever worked, as in the mines above referred to, this vein carries considerable mass and barrel copper; and at the Adventure it contains copper in paying quantities if modern machinery and modern methods be applied and proper stamping facilities afforded. Active mine work at the Adventure was closed in September, 1893, but operations can be easily resumed at little expense.

"The principal work done on the Hilton property was on one of the veins lying between the Butler and Knowlton. Two or three shafts were sunk there about 100 feet deep, each connected by drifts. Some stoping was done here and there, but with what results I am unable to say. North of the shafts just mentioned a party of tributaries opened a pit in 1881 on what is evidently the Knowlton vein. It looked very well indeed, showing small barrel copper and excellent stamp rock. A little tributary has since been carried on most of the time, and generally with good results.

"The Hilton property has the same mineral formation as the Adventure. The veins have a northeast and southwest course and a dip of about 35 degrees from the horizon. The Knowlton vein has an average width of from ten to twelve feet, and like all other amygdaloids in the country, is characterized by stretches of more or less low grade rock, and rich pockets and bunches of copper. On the Adventure property the Knowlton vein at depth would attain a length of one and one-half miles and have a depth for most of that distance in the line of the vein of about 3,300 feet.

MONEY IN THEM. "There is good reason to believe that these properties possess more present and prospective value than perhaps any other so-called mining properties in that district. Moreover, it should be borne in mind that modern methods have revolutionized mining in this country. The cost of mining in all departments is probably less than one-third of what it used to be in the days of 'hand labor' some twenty years ago."

ALONG THE RANGE. At the Carp Lake mine the old crosscut from the bottom of the bluff has been re-opened and timbered, the shaft unwatered and ground broken for inspection. The rock is very rich in copper, which is exceedingly fine.

At the Hallywell property the shaft sunk two years ago has filled with water and the company is now working on the Noble vein in good copper ground. At the Michigan mine two new shafts are being sunk in rock rich in stamp copper and one crosscut is being driven. The outlook is bright for a rich mine there in the near future.

At the Winona the work is being pushed as rapidly as possible and rich copper rock has been encountered from the surface. The only drawback to the development of a successful mine there is the want of proper transportation facilities.

Among the properties not working at present it is said that Captain Stevens, a Detroit capitalist, who is familiar with the Lake Superior copper district, will do some prospecting on the Shogo this fall. An assessment was called on the National recently and the mine will be re-opened in the spring.

Messrs. Payne and Judkins of Boston visited different properties along the Ontonagon range this week.

WORSE THAN THE SPANISH

Was the Enemy that Attacked Mr. Boeser-Saved by Dodd's Kidney Pills.

Grand Rapids, Mich., Sept. 26.-"Talk about the Spanish bullets before Santiago," said Fred Boeser, of this city to a friend, "I was in danger doubly as great, for the past two years, and unlike our soldiers, I had no defence from my enemy's attacks."

"Who was your enemy?" he was asked.

"Diabetes," was his answer. "Diabetes, that has killed more men, women and children than have been killed by Spanish bullets since Spain was a nation. Doctors told me I was dying. But I heard of Dodd's Kidney Pills, and tried them. Seven doses cured me. The doctors said: 'wonderful! wonderful!' so it was."

This is how Dodd's Kidney Pills have gained such favor in our state. They have saved thousands of lives.

Diabetes cannot exist when Dodd's Kidney Pills are used. This link of a life saved, at a cost of fifty cents, by Dodd's Kidney Pills, after hundreds of dollars have been wasted in doctors' bills.

All meat markets in the city will close about noon on Friday and remain closed until Saturday morning. Please order your meats early Friday morning, as the market men wish to attend the fair.

THE OLSON-LEFFLER NUPTIALS.

A POPULAR YOUNG COUPLE WEDDED HERE LAST EVENING.

A very pretty wedding took place last evening at 8 o'clock at the home of Mr. and Mrs. Joseph Leffler, 218 West Division street, when their oldest daughter, Jessie, was made the wife of Frank Olson of Marquette. The ceremony was performed by Rev. M. M. Allen, pastor of the Presbyterian church, and was witnessed by nearly one hundred of the happy couple's more intimate friends.

The wedding arrangements were most complete. First came the ushers, Messrs. Charles Johnson, Peter Grant and John Thornton, all of Marquette. They were followed by the bridesmaids, the Misses Alice Swanson of Ishpeming, Nellie Huber of Champion and Alma Strand of Negaunee. The two former were gowned in organdie over pink taffeta and the latter was attired in organdie over pale blue taffeta. Each carried a bouquet of pink carnations.

Next came Miss Carrie Leffler, sister of the bride, as maid of honor. She wore pale blue satin, trimmed with mousseline de soie and pearl trimmings. Last came the bride leaning on the arm of her father. Her gown was ivory satin duchess on train, with veil, fastened with a diamond pin. She carried bride's roses. Little Daisy, sister of the bride, acted as ring bearer. The bride's mother wore green satin trimmed with white chiffon. As the bridal party entered the parlor the bride was met by the groom and best man, John E. Steele of Marquette, under a bower of palms and roses. While the bridal party proceeded to the parlor the Twin City orchestra sounded forth inspiring strains of Liebigren's wedding march.

The parlor was a scene of much beauty. The decorations were most exquisite, the colors being green and white, illuminated with candles. The decorations of the dining room were pink and white, also with candle illuminations.

After the ceremony the bridal party and the invited guests partook of a bounteous feast. The orchestra remained until late in the evening, discoursing sweetest music.

Those present from outside were Mr. and Mrs. George Huber, Sr., and Mr. and Mrs. George Huber, Jr., of Champion; Miss Murphy of Escanaba, Mr. and Mrs. E. Bush and Mr. and Mrs. George Schroeder of Marquette.

The bride and groom were the recipients of numerous costly and pretty gifts. Mr. and Mrs. Olson will make their future home in Marquette. Their many Ishpeming friends wish them a long and happy wedded life.

Truth wears well. People have learned that DeWitt's Little Early Risers are reliable little pills for regulating the bowels, curing constipation and sick headache. They don't gripe. Stafford Drug company.

WILL ENTERTAIN THE SOLDIERS.

THEY WILL BE GIVEN AN ENJOYABLE OUTING AT CAMP CLARK BY OWNERS OF THAT RESORT.

The five Ishpeming boys who were in Uncle Sam's service as soldiers during the war with Spain will be entertained at Camp Clark on Saturday, the 3th of next month. At a meeting of those interested in the resort, held Tuesday evening, it was decided to invite the soldiers out to the camp on that day with the understanding that they can stay there at the expense of the members just as long as they please.

Those associated in ownership of the camp will make an effort to be there also. There are twenty or more interested in the place, and if they all go out there will be a jolly crowd there. It is the intention of the members to remain in camp Saturday and Sunday. A few who can stay there longer will remain at the camp to entertain the soldiers in case they wish to remain.

In order to make the outing a success good things to eat and drink will be provided. A competent cook will be engaged to stay there as long as the soldiers remain.

A man has been hired to spend a few weeks at the camp cleaning up about the premises. All the brush in the immediate vicinity of the buildings will be cleared away, so that there will be no danger of the place being wiped out by forest fires. Grass seed will be put in the ground cleared this fall. Next season a man will be put in charge of the place early in the spring. Considerable of the ground will be cleared and a crop of vegetables will be raised.

FIRE IN THE BOG.

For the past month or more there has been fire in the basin of Carp river. In one spot it has continued right along through rain and shine, and during the dry weather it has spread considerably. It looked as though the fire had been extinguished by the heavy rain last week, but it is now burning stronger than ever.

The high wind yesterday helped the fire along greatly. It spread over several acres during the day until now there is fire away out beyond West Ishpeming. The smoke was driven away from the city yesterday, otherwise it would have been very much of an annoyance in town.

BOTH UNDER ONE ADMISSION.

The managers of the bicycle races and the football game to take place Saturday at Union park have agreed that one admission, twenty-five cents, shall be charged for both attractions. This will be the most satisfactory way of conducting the business.

It is probable that there will be a match race between Will Monroe of Calumet and Will Pearce of this city for \$50 a side. Ed Murray received a letter from Monroe, stating that he would be

The sport Saturday will begin at half-past two o'clock. There will be one heat of the match race between Williams and Kennaugh and then the first half of the football game will be played.

LADY MACCABEES' CONCERT.

The fourth annual concert and hop given last evening at the A. O. U. W. hall under auspices of the Lady Maccabees of this city was an exceedingly pleasant affair. The program rendered was made up of choice musical selections by some of Ishpeming's best talent.

CHANGE OF PASTORS.

Rev. W. C. Climo, pastor of the Division street Methodist church, will soon leave Ishpeming. He has been assigned the pastorate of the Methodist church at Iron Mountain. Rev. Polkinghorn, who has been at Iron Mountain for some time past, will come to the church here. It is likely both gentlemen will preach their farewell sermons next Sunday and make the exchange the week following.

THE BAND DOWN TODAY.

The Lake Superior band of this city will furnish music at the Marquette

county fair today. The band will leave here on the 9:45 train on the South Shore line. It is expected that a large number from here will go down to the fair today and tomorrow the crowd will be still larger if the weather continues favorable.

The South Shore company will run a special train this afternoon, leaving Ishpeming at one o'clock. This will go right to the fair grounds. Returning, the train will leave the fair grounds at 6 o'clock, coming back over the southside track, and arriving here at 6:45. This train will also be run tomorrow afternoon.

SPECIAL RATES FOR THE FAIR.

The Lake Superior & Ishpeming railway line will give a special rate of fifty cents for the round trip during the three days of the county fair at Marquette, commencing Wednesday and continuing until Friday, inclusive. The rate will be fifty cents for the round trip and the tickets will be good to return as late as Monday, the 3rd. A train will leave the island every evening at 8 o'clock for the accommodation of those who wish to remain down there until that time. On Thursday morning a special train will be run down in the morning, leaving Ishpeming at 7:50 o'clock. (9-27-34)

TAKE NOTICE.

I hereby give notice that I will not pay any debts contracted by my wife, Caroline Karkest, who has left my bed and board. Merchants and others in Ishpeming will please take notice. W. Z. KARKEET. Ishpeming, Sept. 22, 1893. (9-23-1w)

Our Cloak Department is now nearing completion, and as we are sole agents for the celebrated Joseph Biefield make, we invite inspection and will guarantee satisfaction as to quality, price and fit

We propose having a special sale of Dress Goods on Wednesday, Oct. 5, and on Thursday, Oct. 6, a special sale in Cloaks.

It is needless to repeat to you that we are after your trade, as our prices surely indicate, and as we do not propose to add to our regular prices those of credit stores and dividend paying concerns we give you the benefit because cash is as much king with you as it is with us.

Standard of quality is always maintained and any goods purchased at our establishment not entirely satisfactory may be returned and the money cheerfully refunded.

Our motto still stands "ONE PRICE TO ALL," and in sending your children to make fall purchases they are treated with the same courtesy as if you come yourself, and purchases can be made by old and young with the same degree of confidence.

Respectfully,

In and About Negaunee.

PELLIER GETS A GOOD JOB. A FORMER NEGAUNEE MAN GIVEN SUPERINTENDENCY OF A GOLD MINE IN UTAH.

Frank Pellier, who has held the position of superintendent of the Shores mine on the Gogebic range, about eight miles from Hurley, spent yesterday in Negaunee visiting relatives.

Pellier has made rapid strides in his chosen profession since he left Negaunee. He has held good positions right along and by hard work has advanced rapidly. While his friends here still look upon him as a boy, Frank is not the lad he was while here.

The mine is a large one and the responsibilities of the new superintendent will not be by any means light. There are between 350 and 400 men on the payroll, Mr. Pellier says, and the mine is an old one, having been in operation for many years past.

Mr. Pellier has been at the Shores mine for the past two years. At one time there were eighty-five men on the payroll, but the force is smaller now. The Shores is looking fairly well, but it is a hard task to keep men there.

There were a sufficient number of men on the Gogebic last spring, but since then a large number have gone to other fields. There are many foreigners coming in, but these are not very satisfactory workmen at the start.

The victory rests with America's Greatest Medicine, Hood's Sarsaparilla, when it battles against any disease caused or promoted by impure or impoverished blood.

LOCAL LACONICS. Clifford Barabee left yesterday for Ann Arbor, where he will resume his studies at the university. Ernest Ludlow spent yesterday at Anderson & Co.'s jewelry store in Ishpeming fitting patrons for eye glasses.
