KITCHENER CONFIRMS IT

Rumor of British Disaster Close to Pretoria Proves Correct.

DETAILS NOT GIVEN OUT.

Several Other Engagements, Showing Boers Active Over a Wide Area. Also Officially Announced.

DEWET REPORTED AT BAY.

London, Dec. 14.—It is reported that General Knox, co-operating with the British column at Redderburg, has stopped Dewet, and a battle is proceeding. The report adds that many of Dewet's followers have been captured.

WIDESPREAD ACTIVITY.

Lord Kitchener reports that after severe fighting at Nootgedacht, Transvaal, close to Pretoria, General Clements' forces were compelled to retire by a Boer force of 2,500 under Commandant Delarey. Four British officers—Colonel Leago, Twentieth Hussars, and Captains MacBean, Murdoch, and Atkins—were killed. The other casualties are not reported. Reinforcements have left Pretoria to aid Clements. The scene of the fight is only about twenty-two miles northwest of the capital.

A press dispatch from Johannesburg says "the battle still continues in the hills a few miles from Krugersdorp. General Clements has asked for reinforcements, and mounted men under General French have already gone. There have been many casualties on both sides. It is estimated the Boers number twenty-eight hundred."

General Kitchener also reports that Boers made an attack and were repulsed at Lichtenveld, General Letimer being killed.

Attacks upon Bethelhem and Vrede also were repulsed, the Boers losing ten killed and fourteen wounded.

Vryheid was attacked on the 11th. Sniping continued when the message was dispatched.

ALARM AT KOOMATPOORT.

Lorenzo Marques, Dec. 14.—The British troops at Koomatpoort, on the Portuguese border, are standing to arms in expectation of an attack by 1,500 Boers in the vicinity. It is believed to be the intention of this force to make a dash upon the town. The situation is regarded as serious. A force of 150 Portuguese infantry, a squadron of cavalry and two guns were dispatched to the frontier today.

Standerton, Transvaal, Dec. 14.—General Botha is reported twenty miles from here with 1,500 men and one gun. He has called a meeting of the burghers for Saturday.

KRUGER STILL CONFIDENT.

London, Dec. 14.—"Kruger and Dr. Leyds, who dined this evening at the palace," says the correspondent of The Daily Mail at the Hague, "on hearing of the British disaster at Nootgedacht were quite unmoved. Kruger said he thought the English would break their necks on the Magaliesberg, and he reassured complete confidence in ultimately forcing England to initiate an acceptable settlement."

HARRISON AT ANN ARBOR.

EX-PRESIDENT TALKS ON EXPANSION AND ITS PROBLEMS.

Ann Arbor, Mich., Dec. 14.—General Harrison delivered a lecture this evening before the Students' Lecture association of the Michigan University upon the theme of the relations of the annexed territories and their civilized inhabitants to the United States. It was, as the general declared, not intended to be a legal argument on the questions brought into discussion by the Porto Rican bill, but rather a popular discussion of some of the views that have been expressed in relation to our annexed territories.

The lecturer declared we had done something out of line with our historical precedents, not in the way of expansion, but in the character of it. He said we had taken over the peoples, rather than the lands, as heretofore. He held the view that the civilized inhabitants of the territories were citizens of the United States, and that the revenue provision of the Constitution relating to taxation for federal purposes applied to territories. Occasion for the recent departure from precedents was found, he said, especially in the character of the inhabitants of the Philippines. As to Porto Rico and Hawaii, there would probably have been no occasion found for treating them otherwise than we have usually done.

The competition of our home products, especially the freedom of the Philippines to settle in the states, was the cause of alarm. These considerations, he said, might very appropriately have had influence when the question of taking over the Philippines was before us, but it was now too late. He agreed that the provisions of the Spanish treaty and of all treaties were subject to the Constitution and could not impair it; and if these islands became part of the United States in the sense

of the Constitution, their people became citizens, and the revenue clause which was especially under discussion in the Porto Rican case applied.

The speaker argued that the limitations in the Constitution upon the powers of congress, when expressed in affirmative or negative form applied to the exercise of that power in all places; that very object in the section requiring the duties to be uniform throughout the United States, which was to prevent congress from establishing anywhere under the jurisdiction of the United States favored ports, would be thwarted if foreign goods might be admitted to Porto Rico free, and thence into the United States free. General Harrison dwelt upon the liberty clauses of the Constitution as necessarily applicable to all civilized peoples owing allegiance to the United States.

SEVEN DIE IN FLAMES.

NORMAL SCHOOL AT FREDONIA, N. Y., BURNS—LOSS IS \$300,000.

Dunkirk, N. Y., Dec. 14.—From the smoldering ruins of the Fredonia State Normal & Training school, which was destroyed by fire early this morning, one charred body has been recovered, while it is certain that seven persons perished in the fire, which also entailed a property loss of \$300,000. There were seventy-five young women students in the building, of whom six perished; the other victims was the aged janitor.

The dead: Phineas J. Morris, janitor; Irene Jones, Busti, N. Y.; Bessie Hathaway, Cannonsville, N. Y.; Ruth Thomas, Pike, N. Y.; Cora Storms, Boston, N. Y.; Mae Williams, Lake Coma, Pa.; Maud F. Fizzle, Bradford, Pa.

The young women killed occupied rooms on the third floor of the building in company with the matron and fifty other young women, who succeeded in escaping by the fire escapes.

The fire started in the private room of Janitor Morris, but in what manner is a mystery. Morris evidently lost his life while fighting the fire. Those who perished were suffocated without being able to find the fire escapes. It is said that heavy wire screens were firmly nailed across the windows leading to the fire escapes, and the only way the lucky ones escaped was by crawling through the windows adjacent to the escapes and then creeping along the gutter of the roof.

FOURTEEN TIRED RIDERS

STILL REELING OFF THE MILES IN THE SIX-DAY BIKE RACE.

New York, Dec. 14.—Fourteen weary six-day grinders, cycling for fame and money, kept grinding out mile after mile during the day and evening at the rate of eighteen miles per hour. All the contestants are reported to be in such shape as to insure their continuing to the finish at 10 o'clock tomorrow night.

Madison Square Garden was taxed to its utmost capacity tonight, the audience rising in its seats and cheering wildly when one of the riders made an effort to gain over his fellow riders.

The feature of the day's riding was the performance of Kaiser, who at 5 o'clock this morning by a marvelous display of speed, broke a clean lap on the racers and repeated the performance at two this afternoon, this time, however, having to circle the track over twenty times, or two miles, before he caught up with the bunch.

During the evening Major Taylor established a new indoor world's record for a quarter of a mile, unpaced, making the distance in 25 4/5 seconds.

New York, Saturday, Dec. 15.—The scores at 1 o'clock this morning were:

Miles.	Laps.
Pierce-McEachern	2,281
Elke-McFarland	2,281
Simar-Gougoltz	2,281
Kaser-Ryser	2,280
Frederick-Fisher	2,280
Waller-Stinson	2,279
Babcock-Aaronsen	1,996
Turville-Gimm	1,499

RETURN OF THE VOLUNTEERS.

ORDERS GO TO GEN. M'ARTHUR TO ARRANGE FOR IT.

Washington, Dec. 14.—The secretary of war has cabled instructions to Major General MacArthur, at Manila, to begin the work of returning the volunteer troops from the Philippines in order to permit their discharge in this country by the 30th of June next. This action has been taken in anticipation of the authorization by congress of the enlistment of regular regiments to replace the recalled troops. The plans for the organization of the proposed new regiments have been perfected at the war department and complete arrangements made for their speedy recruitment and equipment. Action in this matter awaits only the approval of congress.

"PADDY" RYAN NO MORE.

FORMER CHAMPION HEAVY-WEIGHT PUGILIST IS DEAD.

Albany, Dec. 14.—"Paddy" Ryan, ex-champion heavyweight pugilist, died today at Green Island, N. Y. He was seized with a cold some time this morning and death ensued this afternoon.

Ryan was the heavyweight champion before he lost to John L. Sullivan in their famous fight in Mississippi. He won the title by defeating the veteran champion, Joe Goss, in a long battle. Ryan was a resident of West Troy in the earlier days, and it was in this city and vicinity that his fighting powers became known. Ryan was big hearted and had many warm friends. Of late years he was employed in Albany. He is survived by a daughter.

Chicago—Announcement is made here of the death in New York city of Geo. A. Fuller, one of the most widely known contracting architects in the country.

HOUSE IS WITH PING

It Passes His Taxation Bill by the Vote of Sixty to Thirteen.

U. P. MEMBERS AGAINST IT.

Measure Has No Chance in Senate. Where Test Ballot Shows Line-Up Seventeen to Eleven.

ADJOURN UNTIL MONDAY.

Lansing, Mich., Dec. 14.—By a vote of sixty-nine to thirteen, the house late this afternoon passed the blanket ad valorem tax bill providing for the taxation of railroad and express companies and telephone and telegraph companies upon the cash value of their property, instead of specifically upon their earnings as the present law provides.

Excepting a few minor amendments, the bill was passed as introduced. Those voting in the negative were nearly all upper peninsula men, as follows: Burdick, Chamberlain, Collins, Dudley, Fleischhauer, Gordon, Handy, Kerr, Lafamboy, McCallum, Rulison and Watters.

When the house met at 10 o'clock this morning the tax bill was reported out from the joint committee which had the measure under consideration, and the house immediately began consideration of the bill in committee of the whole. A number of amendments were presented, but met with strong opposition, the majority insisting upon the passage of the bill practically as drafted.

After the passage of the bill the house adjourned until Monday night, to which time the senate had also adjourned.

It is considered almost certain the senate will kill the tax measure. Yesterday when the senate, by a vote of seventeen to eleven, passed the resolution for final adjournment today, which the house refused to concur in, the friends of the governor lost hope, the vote being taken as an indication of the relative strength of the two sides in the upper branch. As introduced, the adjournment resolution scored Governor Pingree for exceeding his authority in calling the special session simply to gratify a personal ambition, and would have been adopted in this form had not President Robinson ruled this feature out of order.

GET THEIR CREDENTIALS.

LI AND PRINCE CHING PREPARED NOW TO NEGOTIATE.

Pekin, Dec. 13, via Shanghai, Dec. 14.—Li Hung Chang and Prince Ching have sent official notification to the ministers that they have received the promised documents authorizing them to act on behalf of China in the peace negotiations and announcing they are ready to proceed as soon as the ministers desire.

TELEGRAPHIC NEWS CONDENSED

Chicago—The Fowler Bicycle & Carriage works have been destroyed by fire. The loss is \$80,000.

Washington—The president has nominated E. S. Andrews as postmaster at Williamston, Mich.

Jackson, Mich.—Fire has destroyed the Lewis Spring works and badly damaged the same firm's axle factory. The loss is \$60,000.

Grand Rapids—Frank W. Hunter, secretary of the Michigan League of Municipalities and secretary to Mayor Perry of this city, is dead from apoplexy.

New Orleans—Special Officer Lucchi has identified Ray Henderson, a stranger in the city arrested by the police, as one of the Illinois Central train robbers.

Memphis—Jimmie Scanlon of Pittsburg was given the decision over Dan Creedon, the Australian middleweight, after two minutes of fighting in the first round on a foul.

New York—Billter of Minneapolis was defeated by Kellogg of Chicago in the billiard championship, 599 to 584, and Hendrick of New York beat Schmitt of Chicago, 399 to 351.

Birmingham, Ala.—General Michael J. Bulger, a distinguished Confederate general and public man, is dead. He was the oldest Confederate officer or veteran living, being 100 years of age.

Indianapolis—On the application of Attorney General Taylor, State Auditor Hart and Supreme Recorder Linn of the Order of Chosen Friends, the superior court has appointed ex-sheriff Cyrus J. Clark of this city receiver for the order. The bonds were fixed at \$5,000.

Pittsburg—The day express from Chicago on the Pittsburg, Fort Wayne & Chicago road collided with the Leetsdale accommodation near Edgeworth. Both trains were wrecked. Five trainmen were seriously injured and five passengers hurt. A mistake in signals caused the accident.

Detroit—Commemorating the "Boston tea party" of 127 years ago, about 150 members of the Michigan society of the Sons of Revolution sat about the banquet table in the Russell House and

listened to patriotic speeches. A feature was the presentation of Spanish war medals to General H. A. Alger, Captain F. M. Alger, his son, and other local Spanish war veterans.

STOOD NINE FOR ACQUITTAL.

MORRISON JURY UNABLE TO AGREE AND IS DISCHARGED.

Eldorado, Kas., Dec. 14.—Jessie Morrison's trial for the murder of Mrs. G. Olin Castle, whose life she is charged with having taken because of her love for Castle, ended today at noon in a hung jury. Although the jury did not agree on a verdict, the result of its deliberations came near being acquittal.

Almost from the start and before the case had been discussed by them, nine of the jurors voted for acquittal and three for conviction, these three holding out for manslaughter in the fourth degree, the punishment for which ranges from six months in jail to two years in the penitentiary. The jurors had been out since Tuesday morning, and for the last three days, realizing they could not reach a verdict, had waited patiently for their discharge.

The case will now go over to the spring court. In the meantime Miss Morrison's lawyers will make application for her release on bond, which it is believed Judge Shinn has already made up his mind to grant. It is not believed another jury could be secured in the county to try the case.

Miss Morrison showed little anxiety or nervousness when she appeared in court today, and after the jury had been discharged walked quietly with her relatives to her cell. There she threw herself upon the cot and wept violently. Later when seen by a newspaper man, she would not talk of her case.

STORM SWEEPS SAN FRANCISCO.

RAIN, WIND AND LIGHTNING CAUSE GREAT DAMAGE.

San Francisco, Dec. 14.—One of the most severe storms which ever visited San Francisco broke over the city at an early hour this morning and raged until noon in fitful gusts of rain and wind, sweeping over the city with unusual violence accompanied by a severe electrical disturbance, a rather unusual occurrence in this city.

At one time the rain fell in such torrents that many thought a cloudburst was imminent. During the height of the storm several houses were overturned by the wind, fences were blown down and other damage was done.

One of the great receiving tanks of the San Francisco Gas & Electric company was struck by lightning, the gas taking fire. No one was hurt in the explosion, but the tank was completely demolished.

During the storm the city was entirely cut off from communication with the rest of the world, the Western Union and Postal Telegraph companies losing every wire out of San Francisco.

Some damage was done in the mountains, but nothing definite can be stated as to the extent. No marine disasters of any moment have been reported. On the bay several boats were capsized and several vessels dragged their anchors, but no fatalities are reported.

Reports from nearby points tell of much damage by the storm.

BASEBALL WAR STILL THREATENS

NATIONAL LEAGUE ADJOURNS WITHOUT ACTION ON TRUCE.

New York, Dec. 14.—The National Baseball league adjourns after five days' deliberations without relieving the chaotic condition in baseball affairs that has existed for some time. The chances of another baseball war are just as good as they were on Monday last.

During their meeting the magnates reached these conclusions: To turn down the Players' Protective association fiat by refusing the players a rehearing of their demands; decided upon a 140-game schedule for next year; decided the schedule should be so arranged that the Eastern clubs will finish the season in the West next year; passed a resolution by which umpires shall be scheduled equally among the cities, each umpire officiating at the same number of games in each city; ratified an agreement by which no club shall carry more than sixteen players during the season after May 15; awarded the franchises of St. Paul, Minneapolis and Kansas City to the Western league.

This, in a nutshell, covers the work accomplished by the magnates during their five days' session as given out by President Young. More was done, but for the purpose of keeping it secret the meetings at which additional work was done were announced as "purely informal."

LOUISVILLE, Dec. 14.—The American Federation of Labor today placed itself on record as opposed to trade unionism, and in favor of centralization in trade unionism, establishing a precedent for the establishment of future organizations of the country. Two propositions for autonomy were voted down on this ground, as stated by their opponents, that they would tend to disintegrate the large central labor unions and destroy their power and prestige. The convention showed a disposition to compromise on the question, recommending that the different organizations come to some agreement for the interchange of cards and disclaiming the competency of the federation to legislate for any affiliated union.

TODAY'S WEATHER.

Washington, Dec. 14.—The following is the weather bureau's forecast for Upper Michigan: Snow in western, fair in eastern, portion Saturday; Sunday, generally fair; variable winds.

MARQUETTE, MICH., DEC. 15.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

The amendment of the Hay-Pauncefote treaty to give the United States authority under it to protect the isthmian canal, should it be built, removes the only serious objection to that instrument, but it remains to be seen how Great Britain will regard the treaty in the amended form. If the British parliament holds that we should build the canal without being accorded the right to protect it the great inter-oceanic waterway will not soon be constructed, for the American people will never consent to have over two hundred millions of dollars put into it without having the undisputed privilege of preventing it from being harmed, or used against them in case of war.

As we predicted, the special session will not bring results in accordance with the governor's wish and hope. Governor Pingree "queered" himself so badly in the pardoning business that the members of the legislature feel under no compulsion to favorably consider his recommendations, and he didn't help matters any by his unfortunate remarks relative to criticisms passed upon him for his abuse of the pardoning power at the opening of the session. In assembling the legislature in special session at this time the governor has made the crowning blunder of his administration, for the cost to the state will be very considerable and no desirable result will be obtained from it.

Let the trusts have their way and they will destroy themselves through their greed. An instance in point is afforded by the salt trust, which recently announced an exorbitant advance in the price of that commodity. Among the largest users of salt are the great packing concerns of the country, and one of these, Armour & Co. of Chicago, is now planning to produce its own salt, to relieve itself from the exaction of the too-greedy trust. That powerful concern has about concluded a deal for a property at Marine City where it will establish an immense salt block with a view to producing salt for its own use. It is quite probable that other extensive packing establishments will pursue the same plan of obtaining relief from the taxation the salt trust seeks to impose on them by advancing the price after having, as it supposed, obtained control of production.

There is a strong party in England which favors making peace with the Boers on more lenient terms than the Salisbury government appears willing to grant. A member of that party created much irritation among the supporters of the government during the debate on supplies in parliament Wednesday by urging that the Boers should be offered peace on conditions which they would be willing to accept. He asserted that in spite of the British successes the war is costing the British people \$25,000,000 a month; that the Boers are not conquered; that anarchy prevails in the overthrown republics and that famine is imminent there. He insisted that all idea of forcing the Boers to an unconditional surrender should be abandoned and overtures made to them for a settlement on the basis of British dominion over their territory, with their right to control of their own affairs conceded. This would be in line with the expressed views of Gen. Roberts, but it does not accord with the purpose of Premier Salisbury and Secretary Chamberlain, so the "stamping out" policy will doubtless be persisted in until the Boers are unable to put up further resistance or succeed in demonstrating that they are unconquerable.

The current number of the Iron Trade Review gives this information relative to the season's movement of ore by lake:

One boat is still loading at Two Harbors and Escanaba but at other ports the shipping season is at an end. The full official figures may not be known for a week or more, but estimating on the basis of the November and December business at the ports heard from, the total movement after Nov. 1 will probably prove to have been something under 1,250,000 tons. To Nov. 1 the total was 17,287,000. Thus the movement by water for the season promises to be not far from 18,500,000 tons, or about 60,000 tons in excess of the 17,900,000 tons for 1899. At that, the year's outcome is about 1,600,000 tons less than the prediction commonly heard early in the season. It is not expected that the meeting of old-time producers to discuss prices for 1901 will be held before the latter part of January. In the week in December, 1899, corresponding to the present week, a business of several million tons was done, selling for 1900 delivery beginning on Monday, Dec. 11, last year. There is no buying of Mesabi ore or any effort to sell, as yet, so far as can be learned, though a few running contracts exist, in the case of some Mesabi mines. In the past week dock labor has been advanced, the rate for winter loading of ore from stockpiles being fixed at 7 1/2 cents for machine work and 9 cents for hand work, as against 7 cents and 8 1/2 cents respectively for the winter of 1899 and 1900.

Gov. Pingree granted another pardon Tuesday. The latest recipient of executive clemency having served just sixty-nine days of a sentence of five years for assault with intent to kill. His name is Edward Sloan, and he was sent from Saginaw on Oct. 3, 1900, to Jackson prison.

A CARD

We, the undersigned, do hereby agree to refund the money on a 50-cent bottle of Green's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded.

The Stafford Drug Co.,
 Desjardins' Pharmacy,
 "The People's Drug Store,"
 (10-15-00)

County Treasurer Kingsbury of Ingham county denies the published statement that he has accepted Gen. Marsh's tender of \$1,000 on account, according to the conditions of the latter's pardon. He states that acting on the advice of Prosecutor Tuttle, he refused to accept any payment unless the entire \$5,000 was tendered.

THAT THROBBING HEADACHE

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back if not cured. Sold by The Stafford Drug Co.

Three years ago Jerome W. Jordan of Battle Creek disappeared, neglecting to leave his address for his wife. She secured a divorce and resumed her maiden name, Miss Emma Beckly. Two weeks ago he returned from the Klondike a wealthy man, but, finding himself minus a wife, wooed and won Miss Beckly, and yesterday they were married again.

Help is needed at once when a person's life is in danger. A neglected cough or cold may soon become serious and should be stopped at once. One Minute Cough Cure quickly cures coughs and colds and the worst cases of croup, bronchitis, grippe and other throat and lung troubles. The Stafford Drug Co., and H. N. Meloche, Ishpeming.

James Tripp, son of Henry Tripp, of Franklin, Oakland county, a young man of twenty, had been ill with typhoid fever, but was beginning to improve. He sat up Wednesday to allow his mother to arrange his bed, and while she was so engaged he stepped to an adjoining room, secured a shotgun and deliberately shot himself near the heart, dying within a few minutes. It is supposed he was delirious from his illness and disheartened.

USE BORO-CARBOL SALVE.

Always the best is the motto of its proprietors. Best possible ingredients, best skill in preparation, best care, best merit, best result. Your druggist will refund money if Boro-Carbolic Salve fails to cure Blind, Bleeding or Itching skin diseases. No cure, no pay. Price 25 cents per box. The Stafford Drug Co.

It is now an assured fact that Lansing will have in time for operation next year, one of the largest and best equipped beet sugar factories in Michigan. The Messrs. Boutelle, who are interested in the factories at Bay City and Alma, are the moving spirits in the enterprise, and announce that the stock has all been subscribed and the corporation will be organized here in Dec. 18. All the money necessary for the site, which is all the projectors ask of this city, has been raised.

For broken limbs, chilblains, burns, scalds, sore throats and sores of every kind, apply BAL-LARD'S SNOW LINIMENT. It will give immediate relief and heal any wound. Price 25 cents, and 50 cents. The Stafford Drug Co.

The Saginaw Lumber Dealers' association held its tenth annual meeting and banquet at Saginaw Tuesday night. The officers elected were: President, George H. Boyd; first vice president, F. E. Parker; second vice president, James Cooper; secretary, S. L. Eastman; treasurer, C. S. Bliss; directors, R. H. Royce, Wm. Schutte, L. C. Slade, W. B. Merriam. The association is in a flourishing condition and has done much to effect unity among lumbermen in the valley.

A WHOLE FAMILY.

Rev. L. A. Dunlap, of Mount Vernon, Mo., says: "My children were afflicted with a cough resulting from measles, my wife with a cough that had prevented her from sleeping, more or less, for five years, and your White Wine of Tar Syrup has cured them all."

FOR PNEUMONIA.

Dr. C. J. Bishop, Agnew, Mich., says: "I have used FOLEY'S HONEY AND TAR in three very severe cases of pneumonia with good results in every case." There is nothing so good. The People's Drug Store.

RHEUMATISM CURED IN A DAY.

"Mystic Cure" for Rheumatism and Neuralgia radical cures in 1 to 3 days its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits, 75 cents. Sold by Frank Pendill, Druggist, Marquette.

Sault Ste. Marie.

LOCK CITY NOTES.

H. von Schen went to Toronto Thursday.

The Minnie M left for Michipicoten last evening on her last trip of the season.

One of Hubbell's dredges was laid up for the winter yesterday at Hickler's shipyard.

D. K. Moses went to Marquette Thursday on business and returns this morning.

Harry Bradin, who fell from an electric light pole last Monday, was able to be out yesterday.

Ed Royce returned yesterday from Chicago. Mrs. Royce will not return until next Wednesday.

A marriage license was issued yesterday for several months in a large millinery house. She will spend the winter at her home in the Soo.

The funeral of Lawrence Fricotte, the boy drowned at Neeshib, occurred from St. Mary's church yesterday morning.

The Congregational church will give a reception Tuesday evening at the residence of Mrs. Barry on Ridge street west in honor of Pastor and Mrs. W. R. Yonker.

Miss Sarah Scott returned Thursday from Finley, O., where she has been employed for several months in a large millinery house. She will spend the winter at her home in the Soo.

Professor D. St. John, the elocutionist, will give a recital in the entertainment hall at the Hotel Iroquois next Wednesday evening. He will be assisted in the entertainment by local musicians.

"A Poor Relation" entertained a good audience at the opera house Thursday evening. The show gave great satisfaction, although it was handicapped by poor light, the electricity being practically off duty. Oil lamps were used on the stage and the body of the house was illuminated with candles.

At a regular meeting held Thursday evening the Ancient Order of United Workmen held its annual election with the following result: F. M. W., John R. Smith; M. W., Wm. Day; foreman, Geo. Patterson; overseer, Millard Gleason; recorder, L. D. Kemp; guide, A. M. Keckie; financier, A. H. Eddy; I. W., L. Williams; O. W., John Sterling; trustee, John R. Smith; delegate to grand lodge, John R. Smith; alternate, L. D. Kemp.

When the stomach is tired out it must have a rest, but we can't live without food. Kodol's Dyspepsia Cure "digests what you eat" so that you can eat all the good food you want while it is restoring the digestive organs to health. It is the only preparation that digests all kinds of food. The Stafford Drug Co., and H. N. Meloche, Ishpeming.

AT THE CHURCHES TOMORROW.

At the Presbyterian church Pastor Bates will speak in the morning on the subject, "The Lord's Part and Our Part in Temporal Things, in Bodily Healing and in the Salvation of the Soul." The theme for the evening sermon will be "Fruit Bearing."

Pastor Yonker will preach in the Congregational church in the morning on the subject, "The Influence of Worship Upon Character." The evening sermon on the theme, "Good News for the Average Man," will be the first of "The Good News" series.

At the Baptist church there will be a memorial service in the morning in honor of the late Deacon J. C. Johnson, in whose home the church was organized about twenty years ago. Pastor Soverly will deliver an address appropriate to the occasion. In the evening the sermon subject will be, "The New Sonship; Why Eternal?"

The person who disturbed the congregation last Sunday by coughing, is requested to call at The People's Drug Store and get a bottle of FOLEY'S HONEY AND TAR. It always gives relief.

The U. S. Census Report of Catarrh.

COMPILED BY THE GREATEST LIVING AUTHORITY ON CATARRHAL DISEASES.

MRS. BELVA A. LOCKWOOD.
 Mrs. Belva A. Lockwood, late Congresswoman from New York City, writes: "I have used your Peruna and I find it an invaluable remedy for cold, catarrh and kindred diseases; also a good tonic for feeble and old people, or those run down and with nerves unstrung. I desire, also, to say that it has no evil effects." Mrs. Lockwood's residence is Washington, D. C.

CONGRESSMAN CUMMINGS,
 OF NEW YORK CITY.
 Hon. Amos J. Cummings, of New York, says: "Peruna is good for catarrh. I have tried it and know it. It relieved me immensely on my trip to Cuba, and I always have a bottle in reserve. Since my return I have not suffered from catarrh, but if I do I shall use Peruna again. Meantime you might send me another bottle."

GENERAL JOE WHEELER.
 Major General Joseph Wheeler, commanding the cavalry forces in front of Santiago, and the author of "The Santiago Campaign," in speaking of the great catarrh remedy, Peruna, says: "I join with Senators Sullivan, Roach and McEnery in their good opinion of Peruna. It is recommended to me by those who have used it as an excellent tonic and particularly effective as a cure for catarrh."

Catarrh has already become a national curse. Its ravages extend from ocean to ocean. More than one-half of the people are affected by it. Catarrh is a systemic disease. Peruna is a systemic remedy. Peruna cures catarrh by removing the cause. Address The Peruna Medicine Co., Columbus, O., for free book.

A Tear for a Pain

Only expectant mothers, or those who have borne children, know the full meaning of these words. Every woman should tell every other woman about "MOTHER'S FRIEND," that wonderful liniment that cures all pains incident to childbirth. There is nothing like it.

JNO. S. MORTON, of Harlowe, N. C., says: "Too much can be said in praise of 'Mother's Friend.' My wife used only two bottles before confinement and was in labor but twenty minutes. She is going splendidly, thanks to 'Mother's Friend.'"

Sold by all best Druggists, or will be sent by express paid on receipt of price, \$1.00. Book entitled "Motherhood," containing interesting facts for all ages of the greatest sea, mailed free upon application. Send your friend's address.

FAMILY TROUBLES SETTLED.

RUNAWAY CALUMET WIFE RETURNS TO HER HUSBAND.

William Doering of Calumet, who came to Houghton Thursday night to look for his runaway wife, was successful in his search and found his unruly spouse at Hancock at 4 o'clock yesterday morning.

Doering asked the help of Houghton justice when he struck town Thursday night, and had a warrant sworn out in Justice Brand's court charging his wife with larceny. Sheriff Leach was instructed to find the guilty party, but was unable to do so that night. Doering did not give up the hunt, however, and his perseverance paid him in the end. He will not prosecute, as all family differences have been settled and happiness once more reigns in the household. Doering claimed that his wife had skipped with one of the young men of Calumet.

SHOULD BE A WINNER.

SEVERAL NOTED EXPERTS IN THE GAME WILL PLAY ON THE PORTAGE LAKE HOCKEY TEAM.

The Y. M. C. A. hockey squad of Hancock held its first practice at the Palace rink last evening. That this sport will be a popular one at Portage Lake this season and seasons to come is an assured fact. A number of candidates were on the ice, and all will make good players. A certain few, of course, have been in the game before, and their services will be valuable in bringing others in line. Practice will be held regularly and it will not take long before one of the best hockey teams in the state will be ready to meet all comers.

With such men as Dr. Gibson, and Messrs. Matheson and Potter of Houghton and Drs. Hay and Wilson of Hancock, the Portage Lake hockey team will have good material at the start. They are all experienced players of Canadian hockey and in the winter game they need no introduction.

Dr. Gibson is an all round athlete, having played on some of the best hockey, football and lacrosse teams in Canada. He has a drawer full of medals won in rowing, swimming, skating and running.

Dr. Hay was a member of the Elstavel (Canada) hockey team for a number of years and later was on the team at the Detroit Dental college. He played forward on the latter organization.

Dr. Wilson, as also Dr. Hay, has a similar excellent record and has played on several good teams.

Matheson will be a power of strength, having played forward on such teams as Ottawa, Cornwall and Langdon. These rank among the best in Ontario.

Potter is a Toronto varsity man, having played on that team for a number of years. His squad was successful in holding the championship of the city for several seasons. Mr. Potter was also captain of the Perry hockey team, which was also a good aggregation.

The committee will have some difficulty in picking other men to fill out the team, as there is a large field to choose from. A number of the trained athletes obtainable are Dr. Harkness and Messrs. Wright, Ellis, Webb, Dunn, Gundlock, Braun and Condon. Great interest is being taken in hockey and a match has already been talked of between Dollar Bay and the Y. M. C. A. team. If the contest is arranged it will likely take place next week at the Palace rink.

An amusing incident happened one day last week in regard to the game. A member of the Dollar Bay team called on the Hancock players in connection with the sport and was made to believe the boys knew nothing about Canadian hockey. The visitor thereupon began a lengthy discussion of how the sport should be played. As a matter of fact, the boys to whom he was talking had been in the game for years—but, of course, they enjoyed the fun.

ACTIVITY AT LAKE LINDEN.

Lake Linden young men are busily engaged in making arrangements to get things in shape for winter sports. The new association is composed of good athletes who are interested especially in indoor baseball, basket and hand ball. When the teams are organized practice will be immediately started and games with neighboring towns will be arranged. An athletic exhibition will take place at the Lake Linden Opera House Monday evening and a number of sports are on the program.

IN-COMING TRAVEL LIGHT.

Eight Hancock people left over the D. S. & A. yesterday for Canada. They will spend the holidays there. Owing to the low rates that are being established for Christmas and New Year's, numbers of Portage Lake and other copperdom residents will spend their vacations with relatives at distant points. During the week there has been a decided falling off in the number of names that are usually placed on the local hotel registers. This is due to the traveling men working their way toward home for the holidays. As the time for Christmas draws near they cannot transact as much business as in past weeks, for the reason that the merchants are well stocked for the rush in trade. Articles of all descriptions were bought in November. After the first of the new year the usual number of the men of the road will again be seen at Portage Lake.

SMALL-POX SCARE REVIVING. Small-pox has run its course in the iron country, and now seems spreading in copperdom. The last persons to be afflicted are residents of Hancock and Red Jacket. Two cases is the quota that are under the care of the health officers in each of the respective villages. Portage Lake people have experienced some of the excitement that is generally occasioned by the disease and a large number of them have been

vacinated, which is considered by the most eminent authorities to be the only preventative from small-pox.

MANY NEW MILLS IN SIGHT.

SEVEN OF THE MINING COMPANIES TO BUILD, WITH TWO MORE STILL UNDECIDED.

A very conservative estimate of the cost of a new mill in this district would be \$50,000 per stamp, and some of them have cost as much as \$75,000 per stamp. As the new mills range in size from two to four stamps each, it is easy to figure that at a mean price of \$60,000 per head, which is probably a little under the actual average, the new mills are costing approximately \$125,000 to \$250,000 each. The Franklin mill cost upwards of \$300,000. The Quincy has been stamping with one head, at its new steel mill, and the second and third head will be placed in commission within a short time. The new mills to be completed, or which it has been definitely decided to build next year, are those of the Osceola, Isle Royale, Mohawk, Centennial, Baltic, Mass and Trimountain. The Wolverine will probably build next season, and the Adventure is also likely to begin stamping, either at the Quincy mills or with a mill of its own, and the Champion will start production at the Atlantic mill as soon as the completion of the new Baltic mill releases the two stamps now running on Baltic rock at the Atlantic.

PROGRESS AT THE MASS.

Captain Trezona, of the Mass company, reports to the Eastern office as follows: "Our work of development is going on very nicely. The west drift in the eighth level on the Butler lode looks well for copper, producing barrel copper and lots of good stamp rock. The east drift at this level also looks rich. The lode also looks well for silver. We hope to connect this drift with a winze that we are sinking from the sixth level by the 20th of this month. This block of ground will be well ventilated when this connection is accomplished, and a large amount of stopping ground will be ready for the mill and can be worked to good advantage. In Ridge shaft, thirty-eight feet below the seventh level the lode has improved very much in the last few feet of sinking. We hope to be able to ship a charge of copper for the smelter about the 15th of this month, and the amount will be from 36,000 to 40,000 pounds copper."

OLD COLONY OPERATIONS.

The annual report of the Old Colony Copper Company for the year ended Sept. 30 shows \$103,315 cash on hand, the expenditures for the year having been \$83,382. During the year the total openings driven amounted to 2,557 feet, 1,203 tunnelling, 610 sinking and the balance in crosscutting and drifting. A well defined lode was cut 1,000 feet from the tunnel's mouth, the vein at the time of the report being eighteen feet wide and having been driven on for a distance of 174 feet. It was decided to sink a winze to determine the balance of the lode at greater depth, this, with the continuing of the tunnel operations, being mapped out for the winter's work. The tunnel is expected to cut all the copper-bearing belts from the "eastern sandstone" to the western limits of the property, adjoining the Mayflower, which property is under the same control.

FAY TO RUSH DEVELOPMENT.

One hears good words for the Tri-mountain property in every quarter says the Boston News Bureau of Wednesday. The first installment of \$3 on the \$5 assessment is being paid today, and there were many who were anxious to pay the entire \$5 at this time. But to avoid the necessity of stamping certificates sent \$3 paid and others \$5 paid, only the \$3 was accepted at this time. The principal Lake buying of the stock is from Houghton, where the buyers are very confident in regard to the mine's future. President Fay intends to have the new mill in shape to stamp rock a year from this coming January, and will bend all energies in this direction. He says he finds it economical in developing a property to push the work with all possible energy.

ANACONDA SHAFTS CLOSE.

A dispatch from Butte, Mont., says that "William Scallan, the new president of the Anaconda Mining company, who just returned from New York, has issued orders for a temporary shutdown of the Montana and Colorado consolidated mines, two of the company's large properties. One thousand men are thrown out of employment. One reason given is shortage of water; another, overproduction of ore and inability of smelters to handle it. It is suspected that real cause is political and a warning to threatened hostile legislation by the Populist legislature which meets in January. It is feared other mines of Anaconda and Amalgamated companies will be closed."

COPPER SUPPLIES MEAGRE.

The market for copper is firm, says a New York dispatch, although current trade is beginning to show the hesitation usually about the end of the year. The mining companies profess a great deal of firmness, and show no idea of making any radical concession to stimulate business. Lake copper is quoted at 17 cents, and is not very freely offered for delivery short of thirty-sixty days. Outside of the Amalgamated mines the supply of cash copper is comparatively small, although it is believed they carry a stock out of which they can fill all sorts of orders.

CONSUMPTION IN GERMANY.

The following table gives a comparative statement of foreign consumption of copper in Germany for ten months ending Oct. 31, in long tons: 1900. 1899. Inc. Dec. Imports .. 76,294 61,472 14,732 Exports .. 9,293 9,849 646 Consumption .. 67,001 51,623 15,378 IMPROVEMENT AT CENTENNIAL. No. 1 Kearsarge shaft of the Centennial is now approaching a depth of 1,000 feet, which will be reached quite early in 1901. The increasing copper

A BACKWARD CHILD

In a child that is backward in teething, look out for rickets. You can prevent any serious consequences by promptness.

The cause is poor nutrition, imperfect digestion of food, wrong food, poor food, bad air, low life.

You must stop it. Give Scott's emulsion of cod-liver oil to feed the bones. Now give him good food: the proper food for a child. It is a short job, and not a difficult one.

We'll send you a little to try if you like. SCOTT & BOWNE, 499 Pearl street, New York.

Values shown on the bottom levels are encouraging, especially in view of the Wolverine and Kearsarge mines opened on the same lode, to the northward, having found their richest stopes at considerable depth. The Wolverine, which now makes twenty-six to twenty-seven pounds of ingot copper per ton of rock stamped, yielded only sixteen pounds in the first year worked.

MINING MISCELLANY.

It is estimated that Montana's copper output for this year will be 200,000,000 pounds, valued at \$48,000,000, the largest in the history of the state. Directors of the Amalgamated Copper company and their Boston associates, according to a New York dispatch, have been the large sellers of Amalgamated stock recently, and loans with Amalgamated as collateral have been liquidated.

The fire in the Calumet & Hecla coal pile at Lake Linden is in about the same condition as was reported in yesterday's issue. The men keep steadily at work. Derricks in taking coal away and water in playing on the flames are factors that will soon be showing good results.

The Arnold mine, in Keweenaw county, has recently reduced its force. The mine is making about sixty-five tons of mineral per month, from the ashbed, and the management is figuring on reopening the portion of the old Copper Falls mine which was so badly gutted by the breaking of a dam in August, 1898. Work on the Mohawk railroad has been stopped for the winter. The grading and ballasting is nearly done, and nine miles of rail are laid, leaving about six miles to complete the work. This road will haul the rock of the Wolverine and Mohawk mines, and perhaps will care for the product of other properties as well.

COPPERDOM BRIEVITIES.

The Mining Journal, M. W. Youngs, representative, has established an office in one of H. J. Stevens' suite of rooms on the second floor of the Dea (postoffice) block, Houghton. All having business with the paper are cordially invited to call. Telephone No. 405.

James McKenna of the Soo was a Houghton visitor yesterday.

A regular meeting of Pilgrim lodge, I. O. O. F., Houghton, was held last evening.

The weather was decidedly milder yesterday and the change was appreciated by Portage Lake people.

The Burton Comedy company is booked to appear at St. Patrick's Hall, Hancock, Tuesday night, Dec. 18.

W. A. Paine and party will drive to the Champion mine today. Mr. Paine will spend the greater part of the day there. He will leave for the East tomorrow.

W. P. Dolan, who is General Manager McKee's private secretary, will leave in company with Mr. McKee for the East tomorrow. Mr. Dolan will spend the holidays in Vermont.

There was a good attendance at the Houghton Armory last night to see "What Happened to Jones." Plenty of fun was afforded to all and those present were well satisfied with the show.

A number of Calumet young people will have a sleigh ride from that village to Houghton tonight. Upon their arrival at Portage Lake they will partake of a supper that will be ready for them.

A great deal of interest is being taken in skating just at present. The great and old Palace rink is a novelty to the young people. The Twin City rink will be in shape by Tuesday. The Houghton band is in charge of the place.

The case of The People versus Joseph Knapp came up again in Justice Brand's court at Houghton yesterday afternoon. It was tried before a jury of six. Louis Legrim was the defendant's attorney and Presenting Attorney Larson appeared for the people. Knapp was arrested on the charge of assault and battery early last week.

The funeral of the late Edward Ryan of Hancock, the sad news of whose death early yesterday morning was given in these columns yesterday, will be held from St. Patrick's church, Hancock, at 10 o'clock Monday morning.

All the members of the family will be present at the last rites. Will Ryan, who is a student at Notre Dame university; Mrs. Rigney of Chicago, and Mrs. Hicock of the Winona mine are the children who will arrive home in time for the services.

COMPANIES TO PAY TAX

House Votes to Retain the Stamp Duties on All Freight Receipts.

LIVELY FIGHT ON BEER.

Committee Reduction to \$1.60 a Barrel, However, Is Sustained—Vote on the Bill Not Reached.

DAY WITH THE CONGRESS.

Washington, Dec. 14.—The house today adjourned without the disposition of more than half of the war revenue reduction bill. General debate closed at two, after which the bill was opened to amendment under the five-minute rule.

A determined effort was made to reduce still further the tax on beer barrel, but the ways and means committee overruled the amendment. The committee, however, sustained two signal defeats.

In connection with the beer tax Chairman Payne offered an amendment in the language of the bill passed by the house at the last session, designed to abolish the use of small beer packages—one-sixteenth and one-eighth barrels—but it was defeated by a vote of 85 to 94 after charges that its purpose was to crush out the small brewers.

Another defeat occurred in connection with an amendment offered by H. C. Smith of Michigan. The bill abolished the one-cent stamp tax on express receipts and telegraph messages, but retained the tax on railroad and steamship freight receipts. Mr. Smith's amendment restored the tax on express receipts and altered the form of the section so as to compel the company, instead of the shipper, to pay the tax. The amendment precipitated a lively debate, in the course of which Mr. Smith made a personal allusion to a United States senator who is connected with one of the express companies. Mr. Payne vigorously fought the amendment, but it was carried—123 to 106.

MONTANA CASE IN SENATE.

Throughout nearly the entire legislative day the senate was in secret session discussing the Hay-Pauncefote treaty. No business of importance was transacted in the brief open session except the adoption of the house resolution providing for a holiday recess to extend from Dec. 21 to Jan. 2. President Frye announced the appointment of Senators Hanna of Ohio, Spooner of Wisconsin and Jones of Arkansas to make the necessary arrangements for the inauguration of the president on the 4th of March.

Pending a motion by Senator Lodge that the senate proceed to the consideration of executive business, a brief contention was precipitated over a phase of the Montana senatorial case. Senator Jones announced he had been directed by the committee on contingent expenses to ask that a resolution providing for the payment of the investigation of the claims of William A. Clark and Martin Maginnis to a seat in the senate under appointment by the governor of Montana be referred to the committee on privileges and elections, as it had not come from a standing committee. Senator Chandler, chairman of that committee, immediately reported it back to the senate and asked for its adoption. This was a technical ground, but the resolution was finally referred to the committee on contingent expenses. The senate then, at 12:50, went into executive session.

SYRUP OF FIGS

Acts Pleasantly and Promptly. Cleanses the System Gently and Effectually when bilious or costive. Presents in the most acceptable form the laxative principles of plants known to act most beneficially.

TO GET ITS BENEFICIAL EFFECTS BUY THE GENUINE — MANFD. BY CALIFORNIA FIG SYRUP CO. LOUISVILLE, KY. NEW YORK, N.Y. For sale by druggists — price 50¢ per bottle.

"A Little Spark May Make Much Work."

The little "sparks" of bad blood lurking in the system should be quenched with Hood's Sarsaparilla, America's great blood purifier. It purifies, vitalizes and enriches the blood of both sexes and all ages. Cures scrofula, salt rheum, dyspepsia, catarrh.

Five sessions and at 4:50 adjourned until tomorrow.

CONTROVERSY OVER TREATY.

After reporting to the senate in executive session today the new amendments to the Hay-Pauncefote treaty as made by the committee on foreign relations, Senator Lodge made an effort to have the day set for the taking of the vote upon the treaty. He suggested next Thursday as a generally acceptable time, but Senator Marion first made objection and when he withdrew Senator Money suggested that Senator Morgan had given notice he would ask that the vote upon the treaty should be postponed until a vote could be secured upon the Nicaragua canal bill.

Senator Morgan, however, stated he was not disappointed to make that contention any longer because he did not wish to do anything which would lead Great Britain to conclude that this country desires to take a threatening position. Senator Butler then entered objection to the fixing of the time for vote.

Senator Lodge said that in view of the position taken he should press the treaty upon the attention of the senate early and late until a vote could be had, and he afterwards declined to move adjournment from today until Monday because of the refusal to allow the day to be named for the vote.

SUBSTITUTE FOR SUBSIDY BILL.

Senator Allen of Nebraska today proposed a substitute for the pending ship subsidy bill, providing for "the protection of agricultural staples and American ships in foreign trade by authorizing the payment of bounties on exports of agricultural products from the United States."

The substitute provides for a bounty of 10 cents a bushel on wheat, 50 on a barrel of wheat flour, 10 on a bushel of rye, 50 on a barrel of rye flour, 5 on a bushel of corn, 7 per cent on cotton, 2 per cent on hops and 2 cents per pound on tobacco. It also directs the president to arrange for the abrogation of all treaties in contravention with the proposed legislation.

STATE OF THE NATION'S TRADE.

THIS WEEK'S REVIEW OF BRADSTREET'S AND R. G. DUN & CO.

New York, Dec. 14.—Bradstreet's tomorrow will state conditions generally in all lines of seasonal trade, particularly in holiday lines. Wholesale distribution is limited, as natural at this period, but Western jobbers are in receipt of a fair re-order business. So far the best reports as to retail trade come from the West and South.

In the leading industries the best report is still that made by the finished products of the iron and steel industry, but other favorably situated lines are boots and shoes, and lumber. New business in the former is rather light at wholesale, but manufacturers generally are busily employed and leather is firm in sympathy. A good export demand for the latter is noted. Retail lumber is rather quiet, but wholesalers are preparing for a good year. Hardwoods are specially firm in price.

The cereals are lower in price, due to profit-taking on the late upward movement and a larger movement of supplies, particularly corn, and to less interest on the part of foreign buyers. "While the business in iron and steel as a whole is quieter than of late, there is no apparent diminution in strength and the actual transactions in rails and plates compare well with the best reported. One sale of 80,000 tons of rails, divided between Eastern and Western mills, is reported, and other sales will swell the week's business to 100,000 tons at the much abused but nevertheless accepted \$28 basis. Pig iron is dull except for some new business at Chicago, and 25 cents per ton has been conceded on Bessemer at Pittsburgh. Some large interests in the north buyers are now making iron themselves direct from ores. Hardware is active, jobbers' stocks are small, and manufacturers are busy on orders.

"The wheat shipments this week total 4,786,000 bushels, against 3,259,000 in the week of last year; corn, 4,352,000 bushels, against 4,017,000 a year ago."

AS NOTED BY DUN & CO.

R. G. Dun & Co.'s Trade Review will say: "Collections in the country continue good and this relieves the anxiety which might be otherwise felt over the higher rates for money. The merchants' accounts are in good position, so that the new sales of commercial paper are light, even for this season. The industrial conditions continue with no great accumulation of new merchandise in any quarter. In spite of the break in cotton, the market for fabrics is still in good position, sellers having little to offer and nothing at cuts in price.

"General conditions as to partially manufactured and finished products in the iron and steel industry are little changed. The prices are firm and the mills are working on old orders that will take them well into the new year. It is estimated that 1,200,000 tons of rails have been ordered for next year's delivery. American makers have scored another triumph in the African bridge contract secured in the face of British competition.

"Most footwear manufacturers have booked sufficient business to keep them well occupied for many weeks and are refusing new contracts except at further advance in price. Another general reduction in quotations is reported in

the Chicago hide market. Coffee has suffered from liberal receipts at Brazil ports, and No. 7 Rio is 1 1/2¢ below the price a month ago."

Snow shoe makers. Make and repair any size to order. L. M. Spencer & Co. (12-15-14)

CHICAGO GRAIN MARKET

Chicago, Dec. 14.—Wheat was dull and weak today, with losses of 1/4¢ all along the line and the close came yet showing recoveries of 1/4¢ from the low point of the day. The seaboard reported ninety boatloads, there was a great selling pressure, but the demand was decidedly tame. Some of the big local professionals sold long while others added to their short line. The buying was led by a local loan. The market was dull. The selling was not persistent in character, and the demand was moderate. The cables were lower. Liverpool spot was 1/4¢ penny off, with futures 1/4¢ down.

Firmness prevailed in corn throughout the entire session, and the final figures showed gains for the day of 1/4¢, the prices closing at the top. The market was dull. The selling was not persistent in character, and the demand was moderate. The cables were lower. Liverpool spot was 1/4¢ penny off, with futures down 1/4¢. The seaboard reported twenty boatloads.

Oats were more active but easier. There was free selling by local traders and fair scattered buying. The country offerings were small and the price changes insignificant.

The leading futures ranged:

—May Wheat—			
Opening.	Highest.	Lowest.	Closing.
73 3/4	73 3/4	73	73 3/4

—May Corn—			
Opening.	Highest.	Lowest.	Closing.
35 1/2	36	35 1/2	36

Regulation and match footballs from \$1.75 to \$3.50 at Spencer's, Nester block.

WALL STREET STOCKS.

New York, Dec. 14.—The eager buying demand on the stock exchange today came from all sources, professional bears who were short competing anxiously with the rampant bulls who distributed their orders with a lavish hand all through the list.

The contrast was a striking one compared with the conditions at the close last night, when not even the phenomenal advance in the Erie stocks was able to overcome the uneasiness of speculators over the palpable showing of an absorption by the sub-treasury of practically enough funds to completely wipe out the surplus reserves of the banks. The misplaced confidence of bear operators in last night's selling movement was an important factor in emphasizing today's advance.

The absorption of the Pennsylvania Coal company in behalf of the anthracite group was a continuing influence and was helped by this morning's announcement of the accession of very important representatives to the Erie board of directors. The effect was not directly manifest in the Erie stocks, which were reactionary on profit-taking, but the clear evidence afforded of a persistent policy among the controlling interests of important railroads toward consolidation and extension of influence had a stimulating effect throughout the list. The cables were first affected, as being most immediately concerned, and the movement spread to the central traffic connections, the trunk lines and to all minor or connecting railroads in which any community of interest or ownership could be traced. Practically the whole market responded to the buying movements. St. Paul rose nearly 4 points, and a long list of railroad stocks advanced from 1 to 3 points.

Just what is the source of the special movement of cash, which offset the week's outgo to the sub-treasury is not definitely disclosed, but the belief is general that it is connected with the payment of the Standard Oil dividend.

The conviction that some of the most powerful financial interests in the country intended to foster easy conditions in the money market and the expectation of benefits next week from the payment of anticipated government interest were the final influences in the buoyant outburst which ended today.

BOSTON COPPER QUOTATION.

The closing prices of the Boston copper stocks yesterday, as furnished by Paine, Webber & Co., Marquette, Mich. were as follows:

Adve 6 1/2; Arc 2 1/2; All 2 1/2; Am 4 1/2; Atl 2 1/2; Balto 2 1/2; B & M 2 1/2; B & W 2 1/2; C & H 2 1/2; Cop 2 1/2; Cop 2 1/2; Frank 1 1/2; Isle 2 1/2; Mass 1 1/2; May 2 1/2; Ana 4 1/2; Moh 2 1/2; Mich 4 1/2; Old Col 2 1/2; Old Dom 2 1/2; Ore 2 1/2; Par 4 1/2; Quincy 1 1/2; R I 2 1/2; Ashod; Amal 2 1/2; S Fe 2 1/2; Tan 2 1/2; Tce 1 1/2; Tri-M 1 1/2; Urah 2 1/2; Viet 2 1/2; Win 2 1/2; Woly 4 1/2; Wyand 1 1/2; Elm 2 1/2; Bing 1 1/2; Coch 1 1/2; Cent 2 1/2; Erka 2 1/2.

A MOST WONDERFUL CURE.

Eminent Physicians Pronounced it Consumption.

Dr. C. D. Warner, Coldwater, Mich.

Dear Sir:—I have received great benefit from your White Wine of Tar Syrup. I had a cough and the doctors said it was consumption; I thought that it was death for me. I tried everything that we could hear of. Finally one of my friends prevailed upon me to use your White Wine of Tar Syrup. I took one and one-half bottles and was cured entirely. Such medicine I can recommend to those who are afflicted as I was.

Very respectfully yours,
JOSEPH E. UNDERHILL,
Doland, South Dakota.

Sale will Begin

Monday, December 17,
at 8 o'clock A.M.

THE DISCOVERER OF
Lydia E. Pinkham's Vegetable Compound
The Great Woman's Remedy for Woman's Ills.

Yours for Health
Lydia E. Pinkham

No other medicine in the world has received such widespread and unqualified endorsement.

No other medicine has such a record of cures of female troubles or such hosts of grateful friends.

Do not be persuaded that any other medicine is just as good. Any dealer who asks you to buy something else when you go into his store purposely to buy Lydia E. Pinkham's Vegetable Compound, has no interest in your case. He is merely trying to sell you something on which he can make a larger profit. He does not care whether you get well or not, so long as he can make a little more money out of your sickness. If he wished you well he would without hesitation hand you the medicine you ask for, and which he knows is the best woman's medicine in the world.

Follow the record of this medicine, and remember that these thousands of cures of women whose letters are constantly printed in this paper were not brought about by "something else," but by **Lydia E. Pinkham's Vegetable Compound, The Great Woman's Remedy for Woman's Ills.**

Those women who refuse to accept anything else are rewarded a hundred thousand times, for they get what they want—a cure. Moral—Stick to the medicine that you **know** is best.

When a medicine has been successful in restoring to health more than a million women, you cannot well say without trying it, "I do not believe it will help me." If you are ill, do not hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice. It is free and helpful.

Telephone by either line "Negaunee Greenhouses."

CELEBRATED HIS EIGHTIETH BIRTHDAY.

IRON JOSEPH KIRKPATRICK OF PALMER ENJOYED THAT UNUSUAL HAPPINESS YESTERDAY.

Hon. Joseph Kirkpatrick, one of the best known and most highly esteemed citizens of Marquette county, celebrated the eightieth anniversary of his birth yesterday at his home at Palmer, in New York state. Surrounded by nearly all the members of his family and a few of his most intimate friends from this city, the old gentleman spent a happy day. Clark Kirkpatrick, one of his sons, came up from Escanaba, and spent the day with his aged, but still hale and hearty, parents.

The story of Mr. Kirkpatrick's career is quite interesting. Starting in at a very tender age to do for himself, he has been successful and prosperous during his long and useful life. He was born at Newburgh, county of Dutchess, Ireland. While he was quite young his father and mother died, leaving him to the care of relatives and friends. When fourteen years of age he decided to come to America with a view to making this country his home. He was nothing but a boy when he came, but he was particularly attractive for him. His friends told him before he started away that he must not be particular about the kind of work he would do when he arrived in the new world. With this idea most firmly impressed upon him, he had resolved to take hold of anything that offered. He landed at New York penniless and he knew that he must find work without delay. He went from one business place to another until he finally got a job with a book concern. His labor was to deliver books to patrons in different parts of the city. Whenever he had a package that was too heavy to carry any great distance he used a wheelbarrow in the work. He held this job for some time, until he found something better. After spending several years in New York Mr. Kirkpatrick moved to Pittsburgh. He saved the greater part of his earnings until finally an opportunity to engage in the wholesale grocery business was offered him. He invested every dollar he had and he did well for a number of years. Later he took an interest in an oil company and made money rapidly. From that he drifted into the coal business. In this venture he was also successful. In 1868 he retired from the coal business, feeling that he had accumulated enough to maintain himself and family. He had heard of Ireland, then went abroad to visit his old home and friends in Ireland. Shortly after his return from his native land he found that time began to hang heavily on his hands, and was not contented to remain out of active business. He had heard of the great deposits of iron ore that were being discovered here, so concluded to come to this region and invest some money. After looking the fields over thoroughly he decided that a blast furnace located at Escanaba would be a profitable investment. He built a furnace there in 1872, got it started all right, but the panic of the following year rendered the enterprise an unprofitable one. The early suspension of the furnace work resulted in a heavy loss, but Mr. Kirkpatrick was not in the least discouraged on that account.

In 1874 he took extensive options on the lands on the Cascade range. His first mining work out there was at the old Cascade mine, which has been idle for a number of years past. Later he opened other properties, the most notable of which was the Volcanic. The Cascade enterprises were financial winners. The cutting and sale of timber from the lands during the past twenty-five years gave them an extensive and profitable business.

It gives The Mining Journal a great deal of pleasure to say that although Mr. Kirkpatrick has reached a ripe old age he is still enjoying the best of health. The same is true of his wife, who is just two years his junior. It is the wish of all the venerable couple's friends here that they may enjoy many more years of good health and happiness before they are called to the better life beyond.

ROBBED THE GRAVE.
A startling incident of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cts., guaranteed, at The Stafford Drug Co.

The best of wines, liquors and cigars can always be had at Phil Hogan's. Get your Christmas bottle filled by him. (12-6-10m)

Now is the time when croup and lung troubles prove rapidly fatal. The only harmless remedy that produces immediate results is One Minute Cough Cure. It is very pleasant to take and can be relied upon to quickly cure coughs, colds, and all lung diseases. It will prevent consumption. The Stafford Drug Co., and H. N. Meloche, Ishpeming.

CURES CATARRH PERMANENTLY.
Nasal Catarrh, Catarrhal Deafness, Catarrh of Head. No cure, no pay. All druggists are authorized by the manufacturer, Bussell's Cream Catarrhal Remedy, to refund the money where it fails to cure any case of Nasal Catarrh no matter of how long standing. One application gives ease and rest. Bussell's Cream Catarrhal is a new discovery and is the only Catarrh remedy sold on a positive guarantee. No cure, no pay. Price 50 cents. The Stafford Drug Co.

SMALL POX UNDER CONTROL.

The people of Negaunee will be pleased to learn that, with the exception of two, all the patients who have been under quarantine for small pox were released yesterday. A week ago last Thursday evening Health Officer J. C. Hudson advised the council that there were fifteen persons sick with the disease within the city limits. He said, however, that all the cases were of a very mild type and that he did not think many new cases would develop. The two persons still in quarantine are Mrs. Simmons and David Argall. Both of these will be all right within a week in all probability. Unless new cases develop the small pox scare may be regarded as pretty well over here.

SNEEZE AND BLOW, but you can't get permanent relief from catarrh unless you purify your blood. Hood's Sarsaparilla does this, soothes and heals the inflamed surfaces, removes all scrofulous taints, and cures catarrh.

Sick headache is cured by Hood's Pills. 25c.

EXPLORATIONS CLOSED.

E. T. Bradt of Iron Mountain, agent for the Manila Iron company, and formerly a resident of Ishpeming, spent yesterday in Negaunee. Mr. Bradt, in speaking of the company's work for the past season, said that the explorations on the Menominee range were very satisfactory, more so than was expected. All exploratory work undertaken by his company on that range is now suspended, and will not be resumed until next spring. What next year's work will consist of has not yet been decided on, as it is too early to adopt any definite plan.

MACCABEES ELECT OFFICERS.

The Negaunee Tent of the Lady Maccabees elected officers for the ensuing year at their regular meeting, held last Wednesday night. The officers selected were: Commander, Clara Muck; lieutenant-commander, Mrs. McDonald; recorder, Mrs. W. J. K.; finance keeper, Anna Wasmuth; chaplain, Mrs. Neely; sergeant, Mrs. McCullum.

A NEW YEAR'S GUIDE.

There is one book everyone should make an effort to get for the new year. It contains simple and valuable hints concerning health, many amusing anecdotes, and much general information. We refer to Hostetter's Almanac, published by The Hostetter Co., Pittsburgh, Pa. It will prove valuable to any household. Sixty employees are kept at work on this valuable book. The issue for 1901 will be over eight millions, printed in the English, German, French, Welsh, Norwegian, Swedish, Holland, Bohemian and Spanish languages. It contains proof of the efficacy of Hostetter's Stomach Bitters, the great remedy prepared by the publishers, and is worthy of careful preservation. The almanac may be obtained free of cost, from any druggist or general dealer in the country.

LOCAL LACONICS.

Hon. Timothy Nester was in town for a short time yesterday.

A. B. Chambers, editor of the Escanaba Journal, was here yesterday.

Jos. Sellwood of Duluth was in Negaunee yesterday transacting business.

William Brennan of Menominee, was registered at the Breitung House yesterday.

Engineer A. H. Noble of the Cleveland-Cliffs Mining company was registered at the Breitung yesterday.

The new furniture for Emlay & O'Meara's saloon, which will be opened Monday or Tuesday, arrived yesterday.

Pearl, the four-year-old daughter of Harry Schwartzburg, died Wednesday of diphtheria. The funeral was held Thursday. The interment was at Marquette.

Mrs. John Finley and her son James of Hibbing, spent the week in Negaunee. They came here to attend the funeral of Mrs. Jos. Penglass, Mrs. Finley's daughter.

The infant son of Edward Storey died Thursday afternoon. The child had been sick for some time and its death was expected. The funeral was held yesterday afternoon.

The bakery, on Peck street has again changed hands. John Parala has bought the concern Thursday. This is the fourth time in four months that the shop has been sold.

FOR HOARSENESS.

Bond, Ingerson, of Hutton Ind. says he did not spoken a word above a whisper for months, and one bottle of FOLEY'S HONEY AND TAR restored his voice. It is used largely by speakers and singers. Take no substitute. The People's Drug Store.

No Smoke Without Fire

When evidence of a thing exists, it is safe to presume that the thing itself exists. When you see smoke you know there's fire. When you see a person with sallow skin, pimples and blotches on the face, foul breath, sluggish and peevish disposition, you know he has stomach trouble.

If you are troubled with sick headache, constipation, biliousness, pain in the abdomen, dizziness, diarrhoea, malaria, despondency, insomnia, indigestion, or any stomach, liver or bowel trouble, you will find quick and sure relief in

JOHNSON'S STOMACH TABLETS.
ONE TABLET'S A DOSE

Almost everybody can use Johnson's Stomach Tablets with benefit, for almost everybody has some form of stomach trouble in some degree. Everyone should keep these tablets constantly at hand to be used at the first sign of sickness. Johnson's Stomach Tablets act directly on the stomach, liver and bowels, regulating the organs, toning the system, and thus preventing many forms of disease. They can also be used as a gentle laxative for sweetening the stomach, or they can be used as a purgative by doubling or tripling the dose. No harm can come from any over-dose, and they never fail to produce a movement of the bowels, no matter how acute the case may be. If people could be made to realize how important to the health is the regular discharge of this poisonous waste matter from the system, no person would fail to have these tablets always at hand.

Get them from
People's Drug Store, Marquette,

AUDITING BOARD TODAY.

Supervisors Will Receive \$5,431.04 Worth of Small Pox Bills from the Clerk.

MARQUETTE AND NEGAUNEE CONTRIBUTES MAJOR PORTION.

There is Much Interest to Ascertain Whether There Will be Any Trimming or Whether the Accounts Will Be Approved as Submitted.

AND THE END IS NOT YET.

The supervisors of the auditing board will assemble at the court house today for the purpose of looking over the bills which will be ordered paid at next week's session.

And the end is not yet. It is entirely a matter of conjecture what the epidemic will cost before the small pox is entirely stamped out.

Marquette heads the above list simply because it had by far the largest number of cases of any city in the county.

There will be much interest to see how the small pox bills are handled by the auditing board.

OPERA BLOCK DRY GOODS HOUSE

Van Alstyn Decides to Close Out His Business Here.

The Mining Journal learns from conversation with Mr. Van Alstyn that his announcement to close out his business in Marquette is purely a business transaction.

Mr. Van Alstyn states he is now carrying as large an assortment of goods as is kept in cities five times as large as Marquette.

Dolls. Doll heads in price from 1 cent to \$1.75 at Spencer's, Nester block.

FAIRLY STRONG.

Coppers Showed a Somewhat Improved Tone Yesterday.

The copper market yesterday was quite strong while it was apparent that it was steadily broadening out.

"This market is getting larger and broader all the time. We have continually advised the purchase of Copper Range, Baltic and Trimountain and we believe they are still a big purchase.

If you don't find what you want at other stores, go to Spencer's store, Nester block.

CITY BREVITIES.

P. J. McGinty of Ishpeming is in Marquette.

Miss Emroy Spencer is in the city visiting her parents.

Timothy Nester of Munising was a Marquette visitor yesterday.

Register of Deeds J. H. Primeau was absent at Negaunee on business yesterday.

Jay Spear and wife left Thursday night on a southern trip.

C. H. Call has been appointed legal guardian of his son, George Call, by Judge of Probate Kelsey.

There will be no services at St. Margaret's mission, South Marquette, tomorrow. They will be resumed next Sunday.

The bay inside the breakwater was pretty well "frosted" over yesterday.

Attention is called to Hager Bros.' sale of passe-partouts. They have an unusually fine collection which will likely be cleaned out with a rush.

Circuit court is still in session, that is Judge Stone is ready to consider any business which may properly come before him.

The Ladies' Aid society of the Methodist church will have a sale of plain and fancy articles in the church parlors this afternoon and evening.

The snow plows were brought out for the first time this winter yesterday when the walks were cleaned.

The Swedes-Irish-Scots bowlers outplayed the Dutch-American-Canadian association at Rivers' alley yesterday afternoon by a good margin in a championship game for a fabulous and, at the same time, nebulous stake.

The unsuccessful bowlers are rather "warm." They assert that they will yet take their victors into camp.

Another match in which the prize will be a banquet, the proceeds to be applied to charitable purposes, is proposed.

At the auditorium of the city building last evening representatives of the High School Debating society grappled with the question, "Resolved, that the federal government should own and operate all railroads."

The debate lasted an hour and twenty minutes and was entirely creditable.

All cigars, per box, this month only, at wholesale prices, at Spencer's, Nester block.

At THE CHURCHES. First Church of Christian Science—Sunday service at the church hall, 109 Spring street, at 10:30 a. m.
