BOY KEPT IN CHAINS.

Young Cudahy Tells Thrilling Story of Experience With Abductors.

\$25,000 PAID FOR RELEASE.

Threat of Blinding His Son Forced the Millionaire to Terms—Big Reward Offered for the Men.

NOT THE SLIGHTEST CLUE.

Omaha, Dec. 20.—There is rejoicing in the home of Edward Cudahy, the wealthy packing house owner and capitalist of this city. Fifteen-year-old Edward Cudahy, Jr., who was kidnapped Tuesday evening after being held thirty-six hours for a ransom of \$25,000 gold, which the father unhesitatingly paid, has been returned—has been returned in these dispatches this morning—to the family and tonight the boy and his parents are receiving congratulations from relatives and friends throughout the country.

WERE AFTER A DAUGHTER.

Mr. and Mrs. Cudahy feel that they have cause for relief, not only over the return of their son, but also because one, and possibly more, of their daughters was not included in the conspiracy, as the statements of the conspirators overheard by the lad while he was in their power, indicate they had been attempting for a month to secure possession of one of his sisters.

Mr. Cudahy has been reticent throughout the affair. All the information given to the public has been through his attorney, Melville Sears, and the statements of the latter have been guarded. Upon noon today the police were inclined to doubt the story that the boy had been spirited away. Their skepticism, however, melted away when young Cudahy related his story of being overpowered, placed in a closed carriage, blindfolded, bound and carried many miles from the city to a place the location of which he cannot identify, and when the father had made known the details of his long ride into the country to deposit a bag containing \$25,000 gold in the place indicated in a letter written Wednesday to Mr. Cudahy by the outlaws, naming this condition as surety for the return of the boy.

IDEA OF CAPTURE ABANDONED.

At 9 o'clock Wednesday morning a horseman rode past the Cudahy mansion and threw a letter into the lawn containing the information that Edward Cudahy had been kidnapped, but was safe and being held for ransom. Three hours later Mr. Cudahy received through the mails a second communication, detailing the conditions under which the lad would be surrendered. Among the conditions was one that Mr. Cudahy should deposit \$25,000 in gold coin in the place indicated, five miles north of the city on a lonely road leading up the bank of the Missouri river.

The great strain on the family caused Mr. Cudahy to abandon the idea of capturing the men into whose power was the life of his son, and he decided immediately to comply with all the demands of the bandits. Absolute secrecy was necessary and a trusted messenger was despatched to a bank to secure the gold. After supper Mr. Cudahy entered a buggy, after securing the money, and started entirely alone for the place of meeting with the kidnapers. To identify himself he attached to the dash board a red lantern, which was one of the conditions of the letter.

DRIVES TO LONELY SPOT.

Mr. Cudahy drove north on the Sherman Avenue road to a point five miles from the city where he found, near the road, a white lantern suspended from a short stake. Nobody was in sight. Mr. Cudahy alighted, placed the bag of money on the stake and waited for developments, returned to the city. That the bandits were near the spot and immediately secured the valuable package cannot be doubted, for at 1 o'clock this morning the boy ran breathless up to the door of his father's home and rang the bell for admission.

Notwithstanding that the entire police and detective force of the city, several Pinkertons from Chicago and half a hundred of Mr. Cudahy's own men had been searching diligently for a clue leading to the capture of the outlaws, ever since the return of the boy up to midnight tonight nothing has been developed. Young Cudahy says whenever in his presence, and the only one he could attempt to identify was one who kept guard over him during his incarceration in the lonely building in which he was held.

BLINDNESS THREATENED.

The second letter sent to Mr. Cudahy by the bandits read, in part: "We have kidnapped your child and demand \$25,000 for his safe return. If you give us the money, the child will be returned safe; but if you refuse, we will put acid in his eyes and blind him; then we will immediately kidnap another millionaire's child we have spotted, demand \$100,000 and get it, for he will see the condition of your child and realize the fact we mean business. Get the money all in gold—five, ten

and twenty-dollar pieces; put it in a white wrapper, get in a buggy alone at 7 o'clock on the night of Dec. 19; drive south from the house to Center street; turn west and drive back to Ruser's Park and follow the road toward Fremont. When you come to a lantern lighted by the side of the road, place the money by the lantern and immediately turn the horse around and return home. You must place a red lantern on the buggy so we will know you a mile away.

"This letter must be returned with the money, and any attempt at capture will be the saddest thing you ever did. Cudahy, you are up against it, and there is only one way out. Give up the coin. If you don't, the next man will, for he will see we mean business and you can lead your boy around the rest of your days. Follow these instructions and no harm will befall you or yours."

TELLS OF HIS CAPTURE.

Young Edward Cudahy today said he was just across the street from his home, on his way back from the Rustin residence, Tuesday evening when two men approached him. One said, "We are the sheriffs of St. Joseph county and arrest you as Eddie McGee, who escaped from the reform school."

The lad protested he was not the mythical McGee, but his captors placed him in a buggy and drove to Thirty-sixth street and then south to Leavenworth street. Here they blindfolded him and whipped up the horses. The lad thinks they crossed Leavenworth street and drove southwest.

Presently they came to a house, which he thinks is somewhere in the southwestern part of South Omaha. Young Cudahy was taken from the buggy, placed in a room and chained to the floor, where he remained all night and the next day. On the trip the men, he says, talked little. He gathered there were six in the gang. One of the men came from Mexico recently and from Denver lately, and was an expert in the kidnapping business.

KEPT UNDER GUARD.

After the mysterious house was reached one man guarded him during the greater portion of the day. A second man was in the room at intervals. From conversation between the abductors and himself, the boy learned they had been seeking to abduct one of the sons of the family and had been planning this coup for a month.

The next night the men released young Cudahy from his chains, and said, "We are going to take you home." Then they led him to a hack. He was driven rapidly to Thirty-seventh and Leavenworth streets, where he was allowed to leave the carriage. From there he walked home, arriving about 1 o'clock in the morning.

Late tonight Mr. Cudahy announced that he would pay \$25,000 reward for the apprehension of the abductors of his son, \$5,000 for one and \$15,000 for two of them.

SHARP FIGHT WITH FILIPINOS.

FORCE OF TWENTY AMERICANS KILLS THIRTEEN INSURGENTS.

Washington, Dec. 20.—The following was received today from Admiral Remy, at Cavite, Philippines: "Fifteen troops of the Fourth cavalry and five of the crew landed from the gunboat Basco operating at Limbanon, Cavite province, and surprised eighty insurgents. A sharp skirmish lasting half an hour took place, thirteen insurgents being killed and twelve rifles captured. A large amount of stores was destroyed. One soldier was wounded."

MISHAP TO CRUISER.

Manila, Dec. 20.—The cruiser Albany grounded on a reef in Subig bay yesterday, but was floated off and has reached Cavite.

General Bate reports that a detachment of the Fourth cavalry, assisted by a gunboat, has attacked the town of Pantanga and dispersed the armed occupants, killing thirteen.

SEQUEL TO DREYFUS CASE.

MAJOR CUIGNET HELD FOR TRIAL ON GRAVE CHARGES.

Paris, Dec. 20.—Major Cuiagnet, who figured in the Dreyfus court-martial at Rennes, has been arrested and imprisoned in Fort Mont Valerien, where he is awaiting trial by a court-martial on two charges. The first is a charge of grave offense against discipline in writing directly, without authorization, to the president of the council, M. Waldeck-Rousseau, accusing M. Delcasse, minister for foreign affairs, of having told the chamber of deputies an untrue story when he said that Major Cuiagnet had approved the interpretation officially placed upon the famous Pannizardi telegram. The second charge is being guilty of disclosing a confidential document, namely a statement signed by Major Cuiagnet and general Chamoin, which was read in the chamber by Joseph Lasiés, formulating some reservations concerning the Pannizardi dispatch.

SENATE HITS AT ENGLAND.

Ratifies the Hay-Pauncetote Treaty, Amended in Radical Form.

VOTE IS OVERWHELMING.

Clayton-Bulwer Pact Is Nullified and Stand Taken for Defense of Canal Regardless of Powers.

BRITAIN SURE TO PROTEST

London, Friday, Dec. 21.—: Nearly all the morning papers: have editorials on the action: of the United States senate in: connection with the Hay-: Pauncetote canal treaty. They: express regret at the super-: session of the Clayton-Bulwer: treaty and unanimously de-: clare it to be impossible for: Great Britain to accept the: amended treaty.

Washington, Dec. 20.—After spending the greater part of the past fortnight in consideration of the Hay-Pauncetote treaty for the modification of the Clayton-Bulwer convention of 1850 the senate today consumed only an hour and ten minutes in amending it and ratifying it as amended. During that time there were six roll calls and several viva voce votes.

The first five roll calls were on amendments offered by individual senators and the last one on a resolution to ratify the treaty as amended. All the amendments, except those offered by Senator Foraker and reported by the committee on foreign relations, were voted down by majorities averaging about nineteen. The ratification resolution was adopted by a vote of fifty-five to eighteen. The senate was in executive session about an hour before the time for voting arrived listening to speeches by Senators Thurston, Gallinger, Wolcott and Bard explanatory of their attitude.

The foreign relations committee amendments were read first, and with minor changes both were accepted without division. The first roll call was upon Senator Elkins' amendment declaring that "nothing contained in this treaty shall be construed to prevent the United States from acquiring at any time sufficient territory, with sovereignty over the same, upon which to build, manage, operate, defend, fortify and protect said canal, or for any other purposes as the United States may deem best in its own interests." It was lost, twenty-five to forty-five.

HOW THEY VOTED.

All the minor amendments suggested having been acted upon and those of the committee adopted, Senator Allen asked for the reading of the treaty as amended. This request was complied with, and the vote taken upon the treaty itself, resulting as follows:

Yeas—Aldrich, Bacon, Burrows, Carter, Cullom, Deboe, Elkins, Fairbanks, Foster, Gallinger, Hale, Hansbrough, Hawley, Jones (Newada), Keam, Lindsay, McBride, McCumby, McMillan, Mallory, Nelson, Penrose, Pettus, Proctor, Quarles, Scott, Spooner, Allison, Beveridge, Clay, Dillingham, Foraker, Frye, Hanna, Harris, Hoar, Kenney, Lodge, McComas, McHenry, McLaughlin, Morgan, Perkins, Pritchard, Shoup, Stewart, Sullivan, Tallaferro, Thurston, Turner, Warren, Wetmore, Wolcott, Chandler, and Platt (New York)—55.

Nays—Allen, Bard, Bate, Berry, Butler, Cockrell, Culberson, Daniel, Heitfeld, Martin, Money, Pettigrew, Teller, Tillman, Turley, West, and Wellington—18.

The pairs on the treaty vote were as follows, two senators for the treaty being paired with one against it, in accordance with the custom: Depew-Sewell for, with Hawkins against; Clark-Simon for, with Chilton against; Dooliver-Baker for, with Towne against; Caffery-Platt (Connecticut) for, with Jones (Arkansas) against. Senator Kyle was absent unpaired. He was for the treaty, but no pair could be secured for him.

TREATY IS "AMERICANIZED."

The treaty as ratified nullifies the Clayton-Bulwer convention, does not call for any joint action by other powers and permits this nation alone to exercise military control over the canal whenever its military defense is at stake. This leaves but little of the original treaty subject to criticism, and the document which Mr. Hay negotiated has been "Americanized" to such an extent that it is not probable Great Britain will give serious consideration to it. The most important features of the treaty are those dealing with neutralization and fortification. These substantially are as follows:

"The canal shall be free and open, in time of war as in time of peace, to the vessels of commerce and of war of all nations, on terms of entire equality, so that there shall be no discrimination against any nation or its citizens or subjects in respect to the conditions or charges of traffic, or otherwise.

"The canal shall never be blockaded, nor shall any right of war be exercised against it."

SPECIAL SESSION VIRTUALLY ENDS

HOUSE AGREES TO ADJOURN TODAY—NO ACTION TAKEN ON TAXATION LEGISLATION.

Lansing, Mich., Dec. 20.—By the vote of forty-five to twenty-nine, the house today concurred in the resolution adopted by the senate yesterday, providing that all business should cease after today and the final adjournment of the special session should be taken Saturday. This ends the special session without any result in the way of taxation legislation having been attained. In some quarters it is still thought the governor will summon the legislature immediately after adjournment Saturday, but most of the members have already started for home.

CLOSE BIKE RACE AT GOTHAM.

25-MILE CONTEST IS WON BY WHEEL'S LENGTH.

New York, Dec. 20.—Before a crowd of 5,000 persons in Madison Square Garden tonight, Frank L. Kramer of East Orange, N. J., formerly amateur champion of America, won the twenty-five mile professional bicycle race by a wheel's length from Bob Walhour of Atlanta, who in turn finished a wheel's length in front of Tom Cooper. Time, 1:01:55 1-5.

In the mile exhibition race, motor pace, Harry Elkes of Glens Falls broke the world's indoor record, covering the distance in 1:38 1-5. The mile indoor championship was won by G. C. Schriber, a Harlem wheelman. Time, 2:35 1-5.

"BRYANISM" STILL TO RULE.

THE LATE CANDIDATE MAKES REPLY TO GROVER'S LETTER.

Lincoln, Neb., Dec. 20.—Wm. J. Bryan gave out the following this evening on the letter of ex-President Cleveland:

"Until Mr. Cleveland sets forth specifically what he considers the first principles of Democracy, comment is not necessary. The rank and file of the party expressed themselves in 1896 and again in 1900 and will probably continue to express themselves on the issues as they arise."

COPPER COUNTRY NEWS.

HORSEMEN STILL KICKING. Horsemen and others who drive over the main thoroughfares at Portage Lake are still protesting against the salt the street railway company is using on its tracks.

It is true that Sheldon street in Houghton and Quincy in Hancock are not in the shape for sleighing that the side streets are.

As to the injuring of horses' feet, these same horsemen kick at it, although no harmful effect may be produced at first, in time the hoofs will give out by constant contact with the brine produced by the snow and salt.

Steps towards a great improvement were taken at a session of the board of supervisors of Dickinson county at Iron Mountain Wednesday when the following resolution was adopted:

UNIQUE ENTERTAINMENT.

IT WAS TENDERED THE STUDENTS BY THE TEACHERS AT THE HOUGHTON HIGH SCHOOL LAST EVENING—DETAILS.

A rather unique party was tendered to the Houghton High school students by the teachers at the High school auditorium last night. Several invited guests were present. The entertainment afforded was something out of the ordinary.

The first part of the evening was spent in the conducting of a "ghost school" by the teachers. R. H. Kittland and L. S. Parmelee acted as the teachers in the "ghost school" and their classes were composed of others dressed in white robes. The High school students made up the audience.

The first class that was called by a phantom teacher was one in reading. Both teacher and pupils whispered "Mary Had a Little Lamb" from white books they held on their laps. The effect produced was very weird.

The next was a spelling class and was conducted in a very unusual manner. It seems that one of the students in reading the words, imitating different animals. These sounds were readily recognized by the members of the class on the platform and the names of each of the animals were slowly spelled out as the characteristic noises were heard.

The third class was one in natural history. Two white robed figures dressed to represent some sort of animals strutted about on the platform and the class stood around here and there taking notes on what it saw—the object being to classify the animals to some branch of the study. During the midst of these observations, however, the two figures became very fractious and after creating a little excitement kicked up their heels and disappeared. Consternation reigned and the class was broken up. The fourth and last class was in chemistry and the effect produced was perhaps the most weird of all. The proceedings were fitting of the general idea of the lower regions, for different colored lights glared at intervals hither and thither, peculiar odors arose and various explosions of chemicals took place. After this class was dismissed "recess" was held and a large number of the pupils in their ghostly robes played marbles and indulged in other games such that are common in the every-day world.

The "recess" served as the intermission and after time was called all signs of the "ghost school" disappeared. The second part of the evening's entertainment then followed and was adapted to the social whirl in real life. It was a courting scene and so very realistic that the audience was greatly amused. The platform fixed up for the occasion served for the parlor at the home of

the young lady. The act opened with the prospective bride seated quietly in the room engaged in reading a newspaper. Very soon she received a call from a young gentleman. They proceeded to become acquainted and he looked at all the pictures and books in the house. The evening was pleasantly spent and the young man took his departure. At the next call of the young gentleman the courting began in earnest and affection for each other was aroused. The third scene witnessed the proposal which was interesting in the extreme. The young lady consented in a lovable way to be the wife of her adorer and both were made happy. The wedding ceremony took place in the last act of the scene.

L. S. Parmelee was the groom in the courting scene and Mrs. Howard was the bride. Mrs. Brooks, who has a fine reputation for amateur acting, was the maid in that part of the performance and in the "school" during the first part of the evening she was dressed in black and appeared as the "coon" ghost. She was very mischievous and all in all acted her parts in a creditable manner. Mrs. Brooks also entertained those present by playing several selections on the banjo and singing a number of songs.

The entertainment was the wind up of the fall term of school. The two weeks' holiday vacation begins today. A number of the teachers will leave this evening to spend their vacations elsewhere. The rest will do both teachers and pupils a great deal of good and when the winter term opens on Monday, Jan. 7, all will be ready for hard work.

HOCKEY MATCH THIS EVENING.

PORTAGE LAKE AND DOLLAR BAY TEAMS AT HANCOCK.

The hockey match between the Portage Lake team and the Dollar Bay aggregation will be pulled off at the Palace rink tonight. The game will start at 8 o'clock. The ice is in fairly good condition, but perhaps not as excellent as the boys wish it. The extremely mild weather for this time of the year during the week has been the cause of softening the ice to a certain extent but not enough to postpone the match.

This contest—the first of the season—has been looked forward to with interest by the country enthusiasts of this fine winter sport. Although the Portage Lake boys will go into the game without much practice, a good showing is looked for and they are picked to win. The Dollar Bay team is one of the best in the upper peninsula and at present is the champion hockey aggregation in Houghton county.

The line-up of the Portage Lake team will be as stated in Wednesday morning's issue of The Mining Journal. It is: Haller, goal; Gibson, center; Hanson, cover point; Willson and Delaney, center forwards; Potter, left forward, and Hay, right forward.

Tonight's initial contest will, in a measure, outline the future success of hockey at Portage Lake. It is expected that there will be a large attendance. Although the game is not generally understood at Portage Lake it will not be long before it is. The enthusiasm that is sure to result after the fine points of hockey are known will be unbounded, and in the opinion of the upper peninsula, the winter of affairs will be long in coming. Hockey is certainly the grandest of all winter sports and is as exciting and interesting as the best foot or baseball game ever played.

QUICKLY FOUND NOT GUILTY.

The case of the Village of Houghton against Otto Krellwitz of Houghton came up for trial in Justice Brand's court yesterday morning at 10 o'clock. Complaint was made against the defendant by Dr. Jones, Houghton's health officer. The doctor claimed that on Nov. 23 Mr. Krellwitz entered the pest house, which was quarantined on account of small-pox, and took a rifle therefrom. The act occasioned a risk, the doctor said, of bearing infection of the disease to others. The case was argued before a jury. Village Attorney Rees appeared for Houghton and R. Skiff Sheldon for Mr. Krellwitz. The trial was concluded at 2:50 o'clock in the afternoon, when the jury, after deliberating but a few minutes, brought in a verdict of not guilty.

CHRISTMAS AT ST. IGNATIUS.

Christmas services at the St. Ignatius church, Houghton, will be about the same as are generally held. Father Rezek has announced three services. High mass will be held at midnight Christmas "eve" and at 8 o'clock Christmas morning, while low mass will be celebrated at 10:15 Christmas morning. The choir is preparing for special music.

Midnight mass will also be celebrated at Atlantic and low mass at that place at 8 o'clock. The choir there will render a program of special music.

As is customary in all Catholic churches of the diocese at Christmas time, a collection will be taken up in Portage Lake edifices of that denomination for the benefit of orphans who are cared for by the church.

BARBERS REELECT OFFICERS.

The barbers' association of Hancock held a meeting Wednesday night and decided that the present officers of the organization should hold over for the ensuing year. They are: J. P. Wagner, president; J. J. Fox, secretary, and J. C. Warshaw, treasurer. All business transactions of the association have been conducted in a satisfactory manner by these gentlemen and it was the unanimous decision of the members that the officers should be continued in their respective places.

STREET CAR ADVERTISING.

In common with other metropolitan places where there is a street car system in vogue, Portage Lake will have its street car advertising system. The concern is made up of Portage

Lake gentlemen and was but recently organized.

The business of the company will be in charge of Paul Young, who will have his office in the Dees building. Mr. Young began the soliciting among the prominent business men of the two towns yesterday for space in the street cars to put up advertising cards. It is thought the business will prove successful and that the new company will have good patronage.

In large cities the street car advertising business has been worked up to a very marked degree. Attractive cards—the work of artists—are gotten out and posted side by side in the space in each car set aside for them.

TAMARACK FIND ADMITTED.

MINING JOURNAL'S REPORT OF THE STRIKING OF THE CONGLOMERATE NOW CONFIRMED.

The announcement yesterday that the Calumet conglomerate had been cut in No. 5 shaft, Tamarack, but confirmed the reports published in The Mining Journal several days ago. At the time the cupriferosus amygdaloid-conglomerate, known to overlie the Calumet conglomerate at a distance of only a few feet, was encountered last week the fact was duly chronicled in these columns, as also was the fact of the striking of the conglomerate itself a few days ago. It was the policy of the company, however, to deny the official announcement of the success of the long search until absolutely no doubt remained that the miners were working in the conglomerate, hence The Mining Journal's report, now fully borne out, was regarded as "dramatic" in certain quarters. It may now be said, however, that the source of The Mining Journal's information was perfectly reliable; that the facts came from a person in a position to know and could not be doubted.

That the rock is said to be exceedingly rich will be pleasing information to the stockholders, to whom the striking of the long-sought lode comes as a Christmas present that will be exceedingly valuable to them. Of course, no doubt the discovery has been somewhat discounted at Boston, but Tamarack stock was strong yesterday at 290 and it is the expectation it will reach 250 before long, while 500 even is anticipated in the course of a year or two.

The depth of No. 5 shaft, which is vertical, is approximately 4,750 feet. This is 150 feet less than the depth of the Red Jacket vertical of the Calumet & Hecla, but as the latter named shaft is continued more than a quarter of a mile below where the conglomerate was cut, to allow the driving of crosscuts on a horizontal plane to the extreme corner of the Calumet & Hecla tract, the distinction of having cut the conglomerate at the greatest depth has been earned by No. 5 Tamarack, now that the reef is opened.

A trolley line has been installed at No. 5 shaft for carrying drill steel. It is operated by an endless steel rope, wound around a drum in the shaft-house, and does the work previously performed by teams. The matter is a small one in itself, but it is typical of the little improvements constantly being made at the progressive mines of the district. "Many a mickle makes a muckle," and it is not only because of the great improvements, but to no small extent also by reason of the many small betterments in methods and appliances that the Lake Superior copper mines of the first class are now freely conceded by all mining men to stand in advance of the mining practice of the world.

FLURRY IN ELM RIVER STOCK.

Elm River stock, after a long truce, has awakened and, in common with a number of others on the boards, has risen in value. About a week ago Elm River was three and a half and yesterday it was quoted at six. The activity was occasioned by the recent striking of a rich amygdaloid vein at the property and which was announced by The Mining Journal and also by a morning contemporary. Elm River shares are mostly held in the Lake Superior region. At one time—April, 1899—they were quoted at \$18, which is the highest point reached.

NEW STEEL STACK FOR BAL TIC.

The work of erecting a new steel stack, a duplicate of the one at the Peninsula Electric Light company's plant at West Houghton, is being carried on at Baltic. It is to be 140 feet in height, brick lined and self supporting. The stack will rest on a solid block of concrete—sixteen to eighteen feet in diameter and twenty through—that is now being put in by Superintendent Denton of the mine. At the top of the block there will be several courses of brick packed in with concrete. The stack will be erected by the Wisconsin

Bridge & Iron company under the supervision of Engineer Jackson, the Houghton representative.

CARP LAKE PROPERTY SOLD.

It is learned at Boston that the Carp Lake property in Ontonagon county has been purchased by the Porcupine Copper company, a Cleveland concern. The Carp Lake is probably one of the richest and most promising of the sandstone copper properties in the Porcupine mountains. Copper occurs in fine scale particles in sandstone, and is extremely hard to save by any method of concentration so far tried. The rock, however, carries about twice as much copper as that mined by the Calumet & Hecla company.

COPPER MISCELLANY.

Washington Mining was resurrected Tuesday, 100 shares selling at 60 cents. Copper exports for the week ending Dec. 14 aggregated 2,839 tons, and since Dec. 1 about 5,591 tons.

The directors of Amalgamated Copper declared a dividend of 1 1/2 per cent, and one-half of 1 per cent extra, at their regular meeting in New Jersey yesterday.

Spot copper in London was a shade firmer yesterday, at £71.15s, but the New York market ruled quiet, but steady, on a basis of 17 cents for Lake and 18% for casting copper and electrolytic.

The annual meeting of the Arcadian Copper company, organized under the laws of the state of New Jersey, will be held at the registered office of the company, 60 Grand street, Jersey City, N. J., at 10 a. m., Dec. 27.

According to the Montana Daily Record, the principal reason for the closing of the Bell and Mountain Consolidated mines by the Anaconda company was to make way for a concerted effort to put out the fire which started three weeks ago. It is believed that the fire has not yet gained sufficient headway to make this impossible.

Morrison, Kekewich & Co., metal brokers of London, write Corey, Milliken & Co., Boston, as follows: "Copper sold down to £72 on Dec. 5 in sympathy with a heavy drop in Rio Tinto shares, engineered from Paris, but all offerings were quickly absorbed. The strength in the situation lies in the fact that consumption is again exceeding production and consumers were never shorter of supplies."

A novel method—and one that proved highly effective—of fighting the fire in the coal pile in No. 1 shed of the Calumet & Hecla company at Lake Linden, which has finally been extinguished at a much smaller cost than seemed probable when the fire was burning, was found in the sinking of numerous standpipes into the coal pile, as deep as they could be driven, and the pouring of streams of water through these pipes.

A Los Angeles dispatch states that "ex-Senator W. A. Clark, who is now visiting his famous United Verde mine in Arizona, is said to be planning extensive changes there. Some days since there was a cave-in which did damage running well toward \$100,000, the mill being greatly damaged. It is said that there is a probability of the mill being removed to a more stable foundation. As it is a model plant, the change would involve a considerable outlay. New shafts are also being planned, as the present ones are crowded with the constant raising and lowering of fuel, ore, etc."

A full report of the hearing which led to the reopening of the Michael Davitt case is printed in several Montana papers, and at least one very interesting fact is brought out. The manager of the Helena paper, which prior to the trial was filled with articles denouncing Bigelow, Daly and Amalgamated interests, and lauding Heinze, made affidavit that the articles in question came from his regular correspondent in Butte. When the responsibility was thrown upon him, the sagacious correspondent did some very skillful detective work, the result of which was the establishment of positive proof that the articles were written and wired to the Helena paper by the vice president of the Montana One purchasing company and the telegraph tolls paid by that company.

It is stated that the Centennial-Eureka mine is earning about \$30,000 per month net, under its contract with the American Smelting & Refining company, equal to about \$3.50 per share per annum on the 100,000 shares of stock outstanding, as against \$2 per share paid in dividends. At the present time the company is paying \$2.50 freight charges on every ton of ore shipped, but when it secures its own reduction plant it will be able to reduce a ton of ore to 200 pounds of matte and thereby save \$2.25 in freight on every ton. This saving in freight alone, on the present output, will be sufficient to show earnings of \$5 per share for the stock. The Centennial-Eureka contract with the American Smelting & Refining company expires in about ten months, and there is no prospect of its renewal on the present basis.

The prospect for any negotiations between Mr. Heinze and the Standard Oil company interests diminishes daily, says Tuesday's Boston News Bureau. Mr. Heinze has refused several overtures for the opening of negotiations and is arranging to leave, shortly, for Montana. The manipulation of Amalgamated shares to facilitate unloading by the directors still continues.

On the other hand, Schofield, Whitcher & Co. of Boston in their copper circular say: "As we have been telling our readers for days past, our information is, and it comes from a legal source, not from the Street, that the Montana copper war will be settled before Christmas, although when the announcement will be made must be left to the discretion of the Standard Oil manipulators."

Kitchener Confirms Reported Invasion of Cape Colony, but Has Small Hopes of Corraling Boers.

REBELLION AGAIN FEARED.

Wellington, N. Z., Friday, Dec. 21.—The government has decided to dispatch another contingent to South Africa.

INVASION VERY SERIOUS.

Cape Town, Dec. 20.—The situation in the northern districts of Cape Colony is more serious. Fully two thousand Boers have invaded the section. Grave fears are entertained that the Dutch sympathizers will join the rebellion and that it will spread.

It is reported the Boers have occupied Colesburg, near the Orange River Colony frontier. The people here are much disturbed. A mixed force of a thousand men was despatched north Wednesday evening.

HE HOPES TO "DRIVE" THEM.

London, Dec. 20.—The following was received today from Lord Kitchener, dated Pretoria, the 19th: "Five to eight hundred Boers have crossed the Orange river at Rhenoster Hoek. A second band is reported to have crossed near Sand drift. They have been followed. I have sent a considerable body of mounted men, who are getting around them. The Boers from Rhenoster Hoek are being closely followed from Venterstad, which they left yesterday evening, going in the direction of Steynsburg. The important points on the railroad and in the neighborhood are well guarded. I hope the band will soon be driven north again."

FURTHER TROOPS TO GO.

London, Friday, Dec. 21.—Since Lord Kitchener's dispatch fully confirming the invasion of Cape Colony and expressing the hope not to capture, but only to "drive" them north again, a word has been issued officially as to the situation in South Africa.

A large draft of mounted troops will be ready to start for South Africa by Jan. 6 and others have been notified to hold themselves in readiness for the same destination.

The Cape Town correspondent of The Daily Mail says the treason court, sitting at Colesburg, was obliged to hurriedly remove to Cape Town with the records and documents owing to the vicinity of the invading Boers.

"The Colesburg district," says the correspondent, "is seething with anti-British excitement and a recurrence of the rebellion is perceptible in the districts immediately south of Orange river. On Tuesday night a fight was proceeding at Philippstown, presumably with the commando which crossed at Sand drift."

BATTLE IN TRANSVAAL.

London, Dec. 20.—A Johannesburg special dispatch says heavy cannonading was heard Wednesday morning north of Krugersdorp.

Bloemfontein, Dec. 18, via Cape Town, Dec. 20.—General Dewet had six thousand men and eighteen thousand horses when he captured Dewetsdorp, according to a gentleman who was imprisoned there. The Boer commander then declared he was not going to surrender without a free pardon for all of his men, including many of the Cape town "drive" men north again, as now divided into three sections.

Amsterdam, Dec. 20.—Ex-President Kruger started for The Hague this afternoon. The farewell scenes were a repetition of the enthusiasm manifested in his arrival.

IN SUPREME COURT'S HANDS.

ARGUMENTS IN THE PORTO RICO AND PHILIPPINES CASES END.

Washington, Dec. 20.—The closing argument in the Philippines and Porto Rico cases were made in the supreme court today and the cases were submitted for the final adjudication of the court.

Taking up the attorney general's contention that in ordaining the Constitution the reliance of the people in part was placed upon the sense of justice of congress, whose action is open to review at frequent elections, Attorney Aldrich said that if this meant anything it meant an assertion of power by congress more extreme and arbitrary than ever exercised by the British parliament.

Louisiana purchase as constitutional and believed a constitutional amendment necessary. In speaking of the executive action, Mr. Aldrich referred to President McKinley's first message, stating "It was our plain duty to abolish all customs and tariffs between the United States and Porto Rico," saying he supposed the president meant the duty of the nation. Treaties could not override the Constitution.

After citing Lord Mansfield's opinion on the limitation of the power of the king and parliament and speaking of America's early struggle for liberty, Mr. Aldrich closed with an eloquent reference to the work of our forefathers, which was not for their day, but for all time.

As soon as he finished the court turned to other cases, after allowing the counsel in the Porto Rico case ten days to file further briefs.

WALL STREET STOCKS.

New York, Dec. 20.—The stock market today did not vary materially in character from that which has prevailed for many days. Profit-taking was palpably on an enormous scale and was not without effect on prices, but the inroads made were not serious and the offerings were easily absorbed.

The movement in Northern Pacific was the main feature of the market, but there were various other important movements, which seemed to have relation to it, including Wisconsin Central, Pere Marquette, Erie, and St. Paul.

The gains in the group mentioned extended from 2 points up to 6 1/2 in Northern Pacific. Missouri Pacific rose 4 1/2 points over last night and caused a revival of the old rumors of plans for an extensive consolidation among the great northwestern railroads.

Union Pacific rose to 78 and Illinois Central rose 3 1/2 points. Sugar rose 3/4, attributed to a turn against the shorts by the calling in of long stock. A number of obscure low-priced stocks rose 1 to 4 points, apparently to adjust prices to a generally higher level.

RANGE OF MONEY RATES.

Money on call, steady, at 4 1/2 per cent. Prime paper, 4 1/2 to 5 1/2 per cent. Exchange, steady. Demand at 4 1/4 and sixty days at 4 3/4 to 5%.

CHICAGO GRAIN MARKETS.

Chicago, Dec. 20.—Wheat was rather dull most of the session today, with the undertone fairly steady and the close showing little change. The trading was confined mainly to local profits and the fluctuations were limited to 1/4 to 1/2 c.

The receipts at the Northwest were smaller than last week, and the cables rather firm. Spot at Liverpool was unchanged, with futures 1/4 higher. The clearings were 177,000 bushels and twenty-seven boatloads were accepted on the coast.

In corn there was a smaller trade, the market covering but 50,000 cwt. The feeling was quite strong early, with a fair demand for January, but later the market reacted and was inclined to drag. December was rather neglected, with only a slight trade.

The close showed December 1/4 lower, January 1/4 lower and May 1/4 easier. The seaboard reported sixty-three boatloads on the top of the large business done yesterday. Liverpool spot was steady to 1/4 penny lower, with futures unchanged to 1/4 higher.

Oats were easier, the range was narrow and the trade light. There was no feature in the trade, except a reduction in the business. The country offerings were smaller and the speculative offerings light. The seaboard clearances were 64,000 bushels. The leading futures ranged:

Table with columns: May—Wheat, Opening, Highest, Lowest, Closing. Values: 72 3/4, 73 1/2, 72 3/4, 73 1/2.

Table with columns: May—Corn, Opening, Highest, Lowest, Closing. Values: 35 1/4, 36 1/4, 35, 35 3/4.

The movement of flour and grain was: Receipts, Shipments. Flour, barrels, 25,000, 29,000. Wheat, bushels, 128,000, 28,000. Corn, bushels, 354,000, 75,000. Oats, bushels, 222,000, 106,000.

BOSTON COPPER QUOTATIONS.

The closing prices of the Boston copper stocks yesterday, as furnished by Faine, Webster & Co., Marquette, Mich., were as follows: Adve 10 1/4 @ 10 1/2; Arc 2 1/2 @ 2 1/2; All 2 1/2 @ 2 1/2; Arn 4 1/2 @ 4 1/2; Atl 26 1/2 @ 27 1/4; Baltic 30 1/4 @ 31 1/4; B & M 32 1/2 @ 33 1/2; B & B 8 1/2 @ 8 1/2; C & H 30 1/2 @ 31 1/2; Cent 2 1/2 @ 2 1/2; Cop 1 1/2 @ 1 1/2; Frank 15 1/2 @ 16 1/2; Isle Roy 38 1/2 @ 39 1/2; Mass 13 1/2 @ 14 1/2; May F 2 1/2 @ 2 1/2; Ana 4 1/2 @ 4 1/2; Moh 2 1/2 @ 2 1/2; Mich 4 1/2 @ 4 1/2; Orl 4 1/2 @ 4 1/2; Osc 7 1/2 @ 7 1/2; Par 4 1/2 @ 4 1/2; Quincy 17 1/2 @ 18 1/2; R 1 1/2 @ 1 1/2; Amal 9 1/2 @ 9 1/2; S 1/2 @ 1/2; Tam 28 1/2 @ 29 1/2; Tec 1 1/2 @ 1 1/2; T 20 1/2 @ 21 1/2; Utah 3 1/2 @ 3 1/2; Vict 1 1/2 @ 1 1/2; W 4 1/2 @ 4 1/2; Wyand 1 1/2 @ 1 1/2; Elm R 5 1/2 @ 5 1/2; Bing 1 1/2 @ 1 1/2; Coch 9 1/2 @ 10; Cent Erka 2 1/2 @ 2 1/2.

cised, nor any act of hostility be committed within it. "Vessels of war of a belligerent shall not revictual nor take any stores in the canal, except so far as may be strictly necessary, and the transit of such vessels shall be effected with the least possible delay, in accordance with the regulations in force and with only such intermission as may result from the necessities of the service. Prizes shall be in all respects subjected to the same rules as vessels of war of the belligerents.

"No belligerent shall embark or disembark troops, munitions of war or warlike materials in the canal, except in case of accidental hindrance of the transit, and in such case the transit shall be resumed with all possible despatch.

"The provisions of this article shall apply to waters adjacent to the canal within three marine miles of either end. Vessels of war of a belligerent shall not remain in such waters longer than twenty-four hours at any one time, except in case of distress, and in such case shall depart as soon as possible; but a vessel of war of one belligerent shall not depart within twenty-four hours from the departure of a vessel of war of the other belligerent.

It is agreed, however, that none of the immediate forwarding of the stipulations in sections numbered 1, 2, 3, 4 and 5 of this article shall apply to measures which the United States may find it necessary to take for securing, by its own forces, the defense of the United States and the maintenance of public order.

"The plant, establishments, buildings and all works necessary to the construction, maintenance and operation of the canal shall be deemed to be part thereof, for the purposes of this convention, and in time of war, as in time of peace, shall enjoy complete immunity from attack or injury by belligerents and from acts calculated to impair their usefulness as part of the canal.

"No fortifications shall be erected commanding the canal or the waters adjacent. The United States, however, shall be at liberty to maintain such military police along the canal as may be necessary to protect it against lawlessness and disorder."

VIGOROUS VIEWS EXPRESSED.

The treaty is now left with a thin veneer of neutralization and does not prohibit the defense of the canal. The majority of the senators expressed the opinion the canal would be built whether Great Britain accepted the treaty or not. It was contended in some quarters that Lord Salisbury did not care a snap about the canal and merely desired to react the old Clayton-Bulwer treaty, which was signed by this country for evermore from annexing any territory on the isthmus.

HOUSE STICKS TO ITS RECORD.

PASSES TWO MORE SUPPLY BILLS WITHOUT MUCH DISCUSSION—SECTARIAN PROBLEM AIDED.

Washington, Dec. 20.—The house today passed the Indian and military academy appropriation bills. The former carried 49,036,528, and the latter \$70,151. Neither provoked much discussion.

A few minor amendments were placed upon the Indian bill. An amendment offered by Mr. Little of Arkansas striking out the appropriation for the Hampton (Va.) Indian school was agreed to, 14 to 33. A vigorous discussion of the sectarian question developed in connection with the amendment. Mr. Cannon called attention to the growing cost of the education of the Indians. In 1857 it was about a million, now about three million.

Curtis of Kansas explained that the Indian children were not only educated, but clothed. An amendment was agreed to requiring that the fees of clerks in courts in the Indian territory be accounted for and was limited to one year in addition to the salary for independent extra work. The bill was then passed.

FLURRY OVER HAZING.

The military academy appropriation bill was then taken up. The amount carried—\$700,151—was \$25,845 more than the current law. Mr. Hull of Iowa, chairman of the military committee, explained that the principal item of increase was \$10,000 for the centennial celebration to be held at the academy on July 4, 1901.

Mr. Bailey of Texas asked if the practice of hazing at the academy had been broken up. "The academy management," replied Mr. Hull, "is doing all it can to break it up. Two cadets have been expelled during the past year for indulging in the practice."

"I do not believe," said Mr. Bailey, "it is necessary to make a brute of a man in order to make a soldier of him. If the practice cannot be stopped, the academy should be abolished."

"And the naval academy as well," cried Mr. Hill of Connecticut. The bill was then passed.

Mr. Hopkins of Illinois, chairman of the committee on census, gave notice he would call up the reappropriation bill immediately after the holiday recess. At 4:50 the house adjourned.

APPORTIONMENT BILL IN.

Chairman Hopkins, of the committee on census, today filed in the house the majority report on the reapportionment bill by his committee fixing the membership of the house for the next decade at 357, the same as now. Mr. Burleigh of Maine filed a minority report in favor of the house being composed of 381 members. Ana, Crumpacker of Indiana, submitted an independent report in favor of reducing the representation in the Southern states to the extent of their abridgment of suffrage. His report favors a house of 374 members. The fight on the Hopkins bill will be chiefly between eight states which lose one member each. These states are Indiana, Kansas, Kentucky, Maine, Nebraska, Ohio, South Carolina and Virginia. A combination by the members from these states would make formidable nucleus, which could be used with good effect against the Hopkins bill. If this plan is agreed to, however, Texas would gain two members and Illinois, Louisiana, Minnesota, New Jersey, New York and West Virginia will gain one member each.

FIERY DEBATE IN THE SENATE.

PLAN OF FURTHER PROBING THE MONTANA CASE IS DISCUSSED, BUT WITHOUT ACTION.

Washington, Dec. 20.—A spirited debate was precipitated in the senate today over a resolution offered by Senator Chandler to discharge the committee on contingent expenses from further consideration of the resolution authorizing an investigation of the right of W. A. Clark and Martin Maginnis to a seat in the senate, but no action was taken.

JONES AGAINST THE INQUIRY.

Senator Jones of Arkansas declared that if the senate should adopt the resolution it would violate the law, as the law provides that no such expenditures should be made without the authority of the committee on contingent expenses. He declared the resolution in the nature of a rebuke to the committee on contingent expenses that the members did not relish. A meeting of the committee had been held today, but had postponed action until tomorrow. He was of the opinion no tangible result could be accomplished by authorizing now an investigation of a case that would be settled by the Montana legislature Jan. 2 when it met to elect a senator.

Senator Chandler declared that no politics had entered into the consideration of the Montana senatorial case by the committee on privileges and elections. Both were appointed to the senate from Montana. Clark and Maginnis were appointed to the senate from the United States and the maintenance of public order.

"The plant, establishments, buildings and all works necessary to the construction, maintenance and operation of the canal shall be deemed to be part thereof, for the purposes of this convention, and in time of war, as in time of peace, shall enjoy complete immunity from attack or injury by belligerents and from acts calculated to impair their usefulness as part of the canal.

SLAUGHTER BY GERMANS

Troops of the Kaiser Pay a Bloody Visit to Chinese Town.

ALLIES TO HOLD PEKIN.

Capital and Entire Province Not to Be Turned Over Until Ample Guarantees Are Given.

JOINT NOTE IS DRAFTED.

Pekin, Dec. 20, via Shanghai, Dec. 21.—Yesterday's meeting of the foreign envoys was protracted and somewhat stormy owing to the desire to discover who discloses to the Chinese what every minister is pledged to keep secret. Li Hung Chang invariably knows within two hours of the close of a meeting what has happened.

A meeting of the ministers will be held tonight to sign the joint note, which probably on Saturday will be delivered by all the ministers to Li Hung Chang and Prince Ching, with the request that they reply as soon as possible. Four days will elapse before a reply can be expected, owing to the necessity of communicating with the Chinese court.

The modification proposed by the British government was that, until China has proved she intends complying with the terms of the note and rendering full satisfaction to the powers, no hope could be held that the occupation of the province of Chi Li by all the forces would cease.

The international battery firing practice today resulted very creditably for the Americans.

ATROCITIES BY GERMANS.

London, Friday, Dec. 21.—The Pekin correspondent of The Morning Post says: "On many grounds the Germans are gaining a worse reputation for severity than the Russians ever had. It is reported that five days ago German troops visited Tung Ching and shot sixty imperial troops who were engaged in suppressing the Boxers, and also killed thirty other Chinese, including three converts. They took two hundred prisoners, including thirty natives attached to the Anglican mission. In consequence of an appeal from the magistrates, however, the prisoners were liberated in return for the payment of 20,000 taels. This punitive expedition was in defiance of the understanding that no such measures be taken pending the negotiations. The Germans are said to have looted the place."

BRITAIN GETS THE RAILWAY.

Lord Lansdowne, secretary of state for foreign affairs, has concluded negotiations, according to The Daily Mail, which Russia on January first, will give Great Britain entire control of the railway from Peking to Shan Hai Kwan.

London, Dec. 20.—A Peking dispatch says the situation throughout the provinces is rapidly growing worse, and that unless a definite system of government is speedily installed a recrudescence of the anti-foreign outbreaks is predicted.

HAZING AT WEST POINT.

MORE CADETS TESTIFY IT IS PRACTICED BUT CONFINED TO RIDICULOUS TRICKS.

West Point, N. Y., Dec. 20.—The military court of inquiry, composed of Generals Brooke, Bates and Closs, got through a mass of evidence today. The name of former Cadet John E. Breth of Altoona, Pa., who, it is alleged died eighteen months ago as a result of brutal hazing at the West Point Military academy, was associated with that of Oscar L. Booz in the inquiry today. Superintendent Mills emphatically denied that Breth was injured while here, and said today that the assertions to that effect were absolutely false.

In refutation of the statement made by Cadet Booz's father, Congressman Phelps of Cleveland, has telegraphed Superintendent Mills, of the academy, denying he ever came to West Point for the purpose of protecting his son, Cadet Burt W. Phillips, from being hazed. This was submitted to the court and attached to the record.

A score of witnesses testified today describing the methods of hazing, their evidence being similar to that submitted yesterday. All agreed that no discrimination was made on account of religion. Cadets who had been hazed declared they suffered no serious injury, the methods employed being principally confined to making them perform ridiculous feats.

Lower Michigan News.

Miss Bessie Oliver, aged 19 years, a prominent young lady of Greenville, died Tuesday night from the effects of a dose of strichnine taken by mistake for a stomach powder. Miss Oliver was a member of the Congregational church and Sunday school and was a member of this year's graduating class of the high school.

It was given out at St. Joseph Tuesday night that J. H. Graham, president of the Graham & Morton Transportation company, is contemplating moving to Chicago, which city will probably become the headquarters of his boat line that has figured so largely in the growth of Benton Harbor and St. Joseph. The cause of this move may be credited, Secretary Morton, of the G. M. Line, says, to too heavy taxes imposed as a result of the work of the state tax commission.

A circuit court jury Tuesday afternoon returned a verdict of \$1,965 in the case of Lucy Dieserorth, executrix, vs. Carter Bros. in favor of the plaintiffs, the parties residing at Jackson. Carter Bros. are owners of an office building, and John Dieserorth, husband of Lucy, had his coat caught in the door of the elevator and was considerably shaken when the elevator was started. He died soon after. He had been for years afflicted with a large tumor. The plaintiff alleged his death was due to the carelessness of the elevator boy, and the defense attempted to maintain that it was caused by the tumor.

Considerable bitterness exists in St. Clair and other cities and towns along the route to Detroit against the Michigan Bell Telephone company, and the talk which was started some time ago of an independent line may develop into action. It is proposed to construct an independent line along the route to Detroit, taking in all of the small places, and then to connect with the independent line in Detroit. Prominent men have identified themselves with the move. The service given by the Bell telephone is considered poor and the independent line to all appearances will be a go.

Two members of the family of Charles Moshier, living at the southeast corner of Benton Harbor, have died since Sunday morning of typhoid fever, and the third patient is in a critical condition. Charles Moshier, the father, aged thirty-five years, died Tuesday afternoon, while his son Harold, aged ten, passed away Sunday and was buried Monday. The mother, who was also afflicted with the same disease, is able to be out. The members of the Moshier family are followers of the Dowry faith and have refused to have a physician in their home, the distinct fact of the health officer being the only precaution to prevent the spread of the disease. The sick members refuse to take medicine of any description.

TEACHES PEOPLE TO WORK. Pittsburg Society That Gives Instruction in the Domestic Arts.

In such societies as the Domestic Arts association of Pittsburg one discovers a movement toward teaching woman how to better conduct the kingdom

The object of the association is to establish a school where young women may be thoroughly trained in the home-making arts.

The association's work this year has been divided into four departments. The department of foods has opened cooking clubs in the tenement districts

The department of clothing has devoted its efforts to teaching poor women how to make their clothes and keep them in order.

The junior department, devoted to the interests of the children, has done a variety of things. There have been classes in cooking and sewing and the difficulty has been not in securing pupils

The fourth and last department is known as the department of service, or employment bureau. Three of these were opened in different parts of Pittsburg.

"In all these efforts to improve the conditions of home life we find the greatest need of the people is the need of knowing how to work."

CITY BUILDING QUARANTINED.

MARSHAL FARM WAS EXPOSED TO SMALL POX AND IS A PRISONER IN HIS OWN DWELLING.

Yesterday morning the marshal's apartments in the city building were placed under quarantine, and also thoroughly fumigated, by the health authorities. Marshal Joan Farm was forbidden to leave the premises and can now speak from actual experience of the trials and tribulations of those who must submit to the quarantine regulations.

Mr. Farm was exposed to contagion and did not take the proper precautions to protect himself and family after returning from Marquette, to which place he took a small pox patient Wednesday afternoon.

The marshal and the man left here about 2 o'clock in an open cutter, the patient being wrapped in blankets. Before leaving Dr. Picotte, the health officer, gave specific directions for the trip to Marquette and return. Farm was told not to stop either going or returning and was instructed to report to the health officer immediately upon reaching here. As far as is known, he went to the post house without halting on the way, but he neglected to follow instructions on the return trip.

Whether he stopped in Marquette or not, is not known, but it is a fact that he visited a number of places in Negaunee and spent considerable time there visiting among his friends. He then came home, but failed to follow the orders of the health officer. Instead of taking the cutter and its contents to be fumigated he left them stand in the livery. The blankets that were wrapped about the sick man were left in the rig. Then, instead of first going to Dr. Picotte's office he went to the jail, where he was found sleeping by one of the deputies. His wife was informed and moved him to his house. When the health officer found that his directions had not been followed he was greatly angered and at once looked up the marshal and placed him and his family under quarantine to await developments. The cutter was fumigated and the blankets and lap robes burned.

The marshal's conduct was the topic of much comment here yesterday, and he was much censured for his carelessness. A special meeting of the council may be called to investigate the case.

NEW THINGS IN FURNITURE.

Swanson, Wanberg & Co., the furniture dealers, have a number of entirely new things in their line most suitable for holiday gifts. Their new stock embraces everything that can be found in the larger city stores. Among the attractive articles on exhibition are the latest models of quarter round oak goods, including china closets, book cases, center tables, chairs and other things too numerous to mention. In making this year's selection particular attention was paid to goods suitable for the holiday trade. Any person wanting gifts for a married person, either man or woman, can be fitted out in less time than it takes to tell at this particular furniture emporium. Both floors are crowded with goods of all descriptions. The prices are most reasonable and all callers can surely find what they want there.

Extra large line of holiday neckwear just arrived at L. W. Atkins & Co. (12-14-1f)

Imported and domestic wines and liquors, the best brands, at Thoney Bros., for the holidays. (12-21-3d)

FINE CHRISTMAS BEEF.

The meat dealers of the city are very much pleased with the Christmas beef just received by the Ishpeming Beef company. All agree that it is the finest looking beef they have seen in years. It is not the fat, heavy stuff on which the retailer is usually compelled to take a loss in retailing. Every carcass is plump, and tender and will cut to excellent advantage. The employees of the beef concern are delighted with the stock.

Meat dealers are preparing to decorate their markets for Christmas. None will go in on a big scale, however, as they are all too busy.

IT SAVED HIS LEG.

P. A. Danforth of LaGrange, Ga., suffered intensely for six months with a frightful running sore on his leg, but writes that Bucklen's Arnica Salve wholly cured it in ten days. For Ulcers, Wounds, Burns, Boils, Pain or Piles it's the best salve in the world. Cure guaranteed. Only 25 cents. Sold by The Stafford Drug Co.

We were going to write bargains, but it's better than that. Here is the story. A line of water sets, wine sets and vases should have arrived in October. Just got here. The prices are one-half what they should be. Davison. (12-21-4d)

Thoney Bros. have choice Christmas cigars, twenty-five in a box, for 25 cents to \$2 per box. (12-21-3d)

A PEST HOUSE.

PLACE NEAR THE CEMETERY RENTED FROM MAYOR BRAASTAD.

The committee appointed by the council Wednesday night to secure a place to be used as a detention hospital has rented a house owned by Mayor Braastad, located near the cemetery. The place is now ready for occupancy and should another case like that sent to Marquette appear this city will be able to provide for it. The location of the hospital is a good one, as it is over two miles from the center of the city and near no dwelling. The house is comfortable and will be heated by stoves. There are six rooms in the building. Though small, these will accommodate a number of patients. The site was selected by the health officer and was approved by the committee after a thorough examination.

The building was rented at a reasonable figure, \$100 for six months being the price agreed upon. This will just about cover the cost of the repairs to the house, which Mr. Braastad will make at once.

HOW TO CURE CROUP.

Mr. E. Gray, who lives near America, Dutchess county, N. Y., says: "Chamberlain's Cough Remedy is the best medicine I have ever used. It is a fine children's remedy for croup and never fails to cure." When given as soon as the child's chest begins to rasp, or even after the croupy cough has developed, it will prevent the attack. This should be borne in mind and a bottle of the cough remedy kept at hand ready for instant use as soon as these symptoms appear. For sale by the Stafford Drug Co.

A large lay-out of pipes and smokers' articles suitable for Christmas gifts at Jaedecke Bros. cigar store. (12-21-1f)

PROPOSITION WELL RECEIVED.

The announcement that a new banking institution is soon to be established here has been well received by the people of Ishpeming. Not a few of the more prominent business people have been heard to say they would like to take stock in the company, inasmuch as the promoters are such successful and well known men.

It is understood that there is no stock for sale. Every share has been placed and if double the capital were required it would be forthcoming. It has been reported here that one man in Negaunee applied for stock amounting to \$5,000.

AUGUST FLOWER.

"It is a surprising fact," says Professor Houton, "that in my travels in all parts of the world, for the last ten years, I have met more people having used Green's August Flower than any other remedy for dyspepsia, deranged liver and stomach, and for constipation. I find for tourists and salesmen, or for persons filling office positions, where headaches and general bad feelings from irregular habits exist, that Green's August Flower is a grand remedy. It does not injure the system by frequent use, and is excellent for sour stomachs and indigestion." Sample bottles free at The Stafford Drug Co. Sold by dealers in all civilized countries.

NEW OFFICERS CHOSEN.

At the regular meeting of St. Bridget's court, Ladies of the Catholic Order of Foresters, Wednesday evening, the following officers were elected for the ensuing year: Chief ranger, Mrs. John Klefer; vice chief ranger, Mrs. P. McDonald; recording secretary, Miss Minnie Dompierre; financial secretary, Miss Mayme Connell; treasurer, Mrs. Mary McNeely; senior conductor, Miss Lizzie Kalink; junior conductor, Miss Nellie Malloney; sentinels, Miss Adel Papin and Mrs. D. Coughlin. The installation will take place at the first meeting in January.

LAI'D TO REST.

LAST SOLEMN RITES HELD OVER THE REMAINS OF H. B. KROGMAN—FUNERAL LARGELY ATTENDED.

Every available cutter, every carriage that could be utilized, was utilized yesterday afternoon by the numerous friends of the late Herman B. Krogman who were desirous of attending the funeral services. Large numbers of Negaunee citizens turned out to show their great respect for the dead superintendent of schools. Nor could all secure livery rigs. Many were obliged to follow the hearse on foot in order to hear and see the impressive services conducted by the Negaunee Masons at the grave.

All the stores were closed while the funeral services were in progress, and when the funeral procession passed through the streets on the way to the Negaunee cemetery the curbs were lined with people who had turned out to witness the funeral. Not for many years has so much respect been manifested at the death of a citizen. Every one has kind words for the deceased, and the community at large is mourning over its great loss.

Two services were held yesterday afternoon, one at the house for the relatives, and the other at the cemetery where the funeral services were conducted by Rev. Charles Atwell of Ishpeming. They consisted of the full Episcopal burial services, together with the singing of three hymns, "Nearer My God to Thee," "In the Hour of Trial," and "Abide In Me." The service at the cemetery was the Masonic burial ritual. It was both impressive and beautiful. Besides the Negaunee lodge, which had charge of the funeral, delegations of Masons from Ishpeming and Marquette assisted.

The floral offerings were numerous and elaborate. Never in the history of the city were more flowers seen at a burial service. A wagon load was received from friends of the deceased who reside out of town, and the offerings from his local acquaintances were even more numerous. Many of the flowers sent by outsiders were from former classmates of the deceased.

John Krogman, a brother of the dead superintendent, arrived yesterday morning from Milwaukee and several friends came in from other places during the day.

The delegation which attended the funeral from Ishpeming would have made a large sized assemblage in itself. The late Mr. Krogman had a great many warm friends in the Hemetite city and all who could get away came to pay their last respects.

The Elks marched in a body to the grave as did the school directors. All the teachers attended the funeral.

ALL ARE COMPLAINING.

WATCHMEN WHO GUARDED QUARANTINED SMALL POX PATIENTS WANT THEIR MONEY.

Much criticism was heard here yesterday of the action of the board of supervisors in not taking up the small pox bills at their regular meeting held at Marquette Wednesday. Many kids were registered because no money was appropriated to pay the men who watched quarantined small pox patients. The general opinion is that the men have earned their money and should get it without needless delay. There is some talk of endeavoring to have the city pay the claims so as to not keep the watchmen waiting on the supervisors. If something is not done there will be no one to guard the houses where patients are confined. Many of the men say that unless their money is given them before Christmas they will throw up their jobs.

THE MODERN MOTHER

has found that her little ones are improved more by the pleasant Syrup of Figs, when in need of the laxative effect of a gentle remedy, than by any other. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

The Negaunee Dramatic club will soon appear behind the foot-lights in the farce, "Because I Love You." The cast for the production has been selected and the parts assigned.

Mrs. James Harrington is suffering from a severe attack of typhoid fever. Miss Alice McNabb, the trained nurse who attended the late H. R. Krogman during his illness, has been employed by Mr. Harrington to care for his wife.

Agent J. D. Campbell of the Chicago & Northwestern line wishes to announce that an extra sleeping car will be attached to the trains going south this and tomorrow evenings for the accommodation of parties going below for the holidays. With two sleepers all who desire berths from either the iron or copper districts can be provided with them.

STORY OF A SLAVE.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a god-send to weak, sickly, run down people. Every bottle guaranteed. Only 50 cents. Sold by The Stafford Drug Co.

THE BEST PLASTER.

A piece of flannel dampened with Chamberlain's Pain Balm and bound to the affected parts is superior to any plaster. When troubled with lame back or pains in the side or chest, give it a trial and you are certain to be more than pleased with the prompt relief it affords. Pain Balm also cures rheumatism. One application gives relief. For sale by The Stafford Drug Co.

"BLATZ" NOW IN NEGAUNEE.

"The Palace" is a new place—just opened by M. Emlaw in the Kuhlman block—and will be run on first-class and up-to-date lines. That this gentleman has spared no pains in planning a thoroughly popular resort is evidenced by the beer he is to handle. It will be that most exquisite of them all—"BLATZ." Blatz beer, as a matter of fact, is the pride of Milwaukee. The taste alone convinces one of its absolute purity. Those who enjoy a delicious beer should step into "The Palace," where "Blatz" is to be handled exclusively, both on draught and in bottles. Mr. Emlaw announces that he will fill family orders. SCHOOLS CLOSE TODAY.

Vacation This Year Will Be Rather Longer Than Usual, of Two Weeks Duration.

EXERCISES APPROPRIATE TO THE SEASON IN MANY ROOMS.

Officers and Teachers Are Looking Forward to the Time When the New Froebel School Will Be Occupied With Pleasurable Anticipation.

NEW SUPPLEMENTAL READING MATTER.

The schools close this afternoon for the annual Christmas vacation. This year it will be of two weeks duration. Ordinarily it is some days shorter. There are a number of reasons for lengthening it to some extent this season, chief among which is the present prevalence of small pox in the city. There has not been a full attendance at the schools for some time. Parents, who are particularly afraid of the disease, have kept their children at home. It is thought that at the expiration of two weeks the fears of all will be allayed and that approximately the full enrollment of the several buildings will report for work on the resumption of the sessions. The detention of children at their homes has caused not a little annoyance for the teachers as well as an interruption of the school work. It has been needless as no single instance of contagion among the pupils has been recorded. The schools have been in an eminently healthy condition and they are the best places in the city for little ones and youths of all ages. The school officers hope to see all the regular pupils back at their desks when work is resumed in January.

The windup before the beginning of the first important vacation of the year will be observed in the usual manner in the majority of the rooms. The teachers have made their own arrangements and many of them will have more or less elaborate programs. In some instances Santa Claus is expected to put in a festive appearance, laden with candies and gifts for the little ones.

Both teachers and pupils are well content to enter on a period of rest and recreation. Many of the instructors who reside outside the city will leave for their homes at once, some having planned to depart this evening. They will not return to Marquette until the holidays draw to a close.

OTHER SCHOOL MATTERS.

At the beginning of the new year a large quantity of supplemental reading matter will be introduced in the schools for use by the pupils. The books were recently purchased by the trustees and they are now here, ready for distribution. They will be a great addition to the present stock.

new Froebel school where they can take up their work in entirely modern surroundings.

Much of the grade work of the schools is now progressing under great disadvantages. Some of the temporary rooms are but ill suited for the uses to which they are being put and the general progress will be more satisfactory to teachers, pupils and parents alike when the change is made. The date when the new quarters will be available is not very far in the future. The Northern Construction company has its work well in hand with every prospect that it will be finished and the new structure ready for inspection before the end of January. It is likely that the latter part of February will see the Froebel school in use. Of course there will still be much to be done after the contractors leave. The rooms will have to be seated and furnished. This will consume more or less time but the trustees will use every endeavor to prepare the structure for occupancy at an early date. The last of the exterior work at the new building will be completed very shortly. Men are now working on the towers which have assumed form. When these are finished there will remain comparatively little to be done.

WON BY A POINT.

Escanaba Debaters Victorious by a Narrow Margin.

Two judges in the Marquette-Escanaba joint debate at the latter city last evening each gave the Marquette representatives a margin of one point. The third gentleman asserted that, in his estimation, Escanaba should have three points to its credit, so its debaters received the decision by a margin of one point. Marquette was superior in argument, Escanaba in delivery. These mere details were received over the telephone wire last evening.

When the Marquette boys arrive home they may be able to explain how they lost with two judges in their favor and just how the seemingly arbitrary "point" system works. It appears to stand in need of elucidation. As the decision was made on such a close margin it would appear that the debate was quite spirited and creditable to all the participants. Marquette supported the negative, Escanaba the affirmative. The boys will arrive home this morning.

Useful presents, at Spencer's Nester block.

BOYS' ORCHESTRA.

It Made Its First Public Appearance Last Evening.

The Marquette boys' orchestra, an organization which Prof. Otto H. Kluge has had in hand for the past couple of months, made its first public appearance at an entertainment given at the Ely school last evening. The auditorium was crowded with friends of the musicians, a patronage which was merited by their very creditable showing. Their several selections showed the result of painstaking practice and careful direction. Prof. Kluge expressed himself as entirely satisfied and pleased with the boys' work.

The orchestra was assisted with its program by Miss Grace Ross, Ed Anderson, Little May Taylor, Alex Finley and Prof. Kluge, in vocal and instrumental numbers. Mrs. J. F. Kern honored the occasion by a rendition of an original composition, the Sunset waltz, a very acceptable selection. All told the entertainment was pleasing and well deserving of the commendatory words which were heard on the conclusion of the program.

If you don't find what you want at other stores, go to Spencer's store, Nester block.

CITY BREVITIES.

Weather forecast: Generally fair; moderate temperature; variable winds. Yesterday's temperature: 7 a. m., 20 degrees; noon, 30 degrees; 7 p. m., 11 degrees; maximum, 31 degrees; minimum, 29 degrees.

Mr. and Mrs. Thomas Scadden arrived home from a couple of weeks' visit in Milwaukee yesterday.

F. H. Vandenberg went up the road yesterday in the interest of the Aetna Life Insurance company.

County Clerk Ross issued a marriage license to Carl E. Werner and Annie Johnson of Ishpeming yesterday.

Miss Martha Ackerman, of the Normal school faculty, left this morning to spend the holiday vacation at her home in Flint.

Honora Casey has petitioned the probate court to appoint Mary Casey administratrix of the estate of the late Thomas Casey.

Hugh Sparks and W. H. Rood were down from Ishpeming yesterday. J. M. Edgerton and James Foley were Neegaunee visitors in the city.

Miss Pearl Powell is expected home from Washington, where she has been attending school, today. She will spend the holidays with her parents.

Friday, Saturday and Monday the street cars will be operated until 10 o'clock for the benefit of the people who will be busy with Christmas shopping.

Joe Primeau and Ed Daly went down to Escanaba last evening to attend a debate between representatives of the high school of that city and the Marquette boys.

Word was received here yesterday that the Green hotel at Newberry had been placed under quarantine, a small pox sufferer having exposed its inmates to contagion.

The Mining Journal understands that the property recently transferred by the agent of the Ward estate to William Stewart is the description east of the Franklin house. The lot is occupied by Stewart's livery stable.

The quotation book which has been published by the Christian Endeavorers of the Presbyterian church will be placed on sale at the usual places down town tomorrow. It contains the favorite quotations of scores of well known Marquette people, which comprise a

valuable collection of gems of knowledge and sentiment. It promises to be in great demand and a large sale is anticipated.

The closing-out sale at Van Alstyne's still continues and is attracting great crowds of people. It has been a problem how to care for all the patrons.

William Bodo, aged twenty-four, died of tuberculosis at St. Luke's hospital yesterday. The funeral will be held from St. Peter's cathedral this morning, proceeding there from Mrs. Chas. Stack's residence at 220 Genesee street.

The by-pass at the pumping station received its finishing touches yesterday. It has been given an actual test and works satisfactorily. It has been many weeks in process of construction, several annoying delays having occurred to put off its completion.

Sheriff John Carlson, who will turn his office over to John Pengelase of Ishpeming before many days have elapsed, will not leave Marquette when he is qualified to write ex-sheff before his name. He intends to reside here right along. Like his successor, Mr. Carlson was originally an Ishpeming man.

E. L. Kellan has made great progress with cleaning out his stock and at the expiration of a few days the store will be closed for good and all. He is hastening preparations for establishing himself in the wholesale business on Main street and he will be comfortably settled in his new quarters early in the new year.

Superintendent Thompson spent yesterday up the road. He visited the Ishpeming schools in the morning and in the afternoon he attended the funeral of the late Superintendent H. B. Krogman at Neegaunee. He had been acquainted with the deceased for years, having known him in the lower part of the state.

Tonella & Johnson are having a nice run of business this week. They are exhibiting an attractive line of furniture and have no difficulty in sending their callers away satisfied. They have all the articles usually carried in a first-class furniture store in a variety of grades and prices. They display a large assortment of fancy chairs. All their goods are reasonable while some of the specialties are genuine bargains.

The next dramatic attraction which will be offered the patrons of the Marquette opera house will be "A Night in Chinatown". It is billed for the evening of Jan. 9. It is a melodrama, somewhat on the lurid style. There will be no theatrical attraction for the remainder of this month. The glee club of the Oberlin (Ohio) college will appear at the theater the evening of Dec. 29. On Jan. 14 one of Hoyt's most successful farces, "A Hole in the Ground" will be the bill.

The young ladies of the Presbyterian church will hold a sale of genuine home-made cakes, cookies, salted peanuts, pop corn balls and a large variety of candies at the parlors of the church Monday afternoon, just before Christmas. It has been arranged for the benefit of those who find themselves behind with their cooking on account of the holiday rush, but who still wish to be provided with home-made goodies. The young ladies will be ready to serve all comers at 2 o'clock.

Street Commissioner French, who is working his men on Marquette's section of the new road which will give the farmers of Sands township ready access to the city, reports that the new highway has been cleared all the distance to the Carp river and that it is now passable for a sleigh or wagon. About two weeks more work will be put in before the road is dropped until next spring. It is proposed to bridge the Carp with a temporary structure, so that the Sands farmers will be able to get to Marquette during the winter months. The business men will be pleased to learn that work on the new road is so well advanced.

The kindergarten of the Normal training school, which is conducted in the Bertrand house at the corner of Ohio and Third streets, was closed for the Christmas holidays yesterday morning. The little tots had quite a program for the edification of a number of their parents who were present. There were various amusements for their own entertainment and all was topped off with a nicely decorated Christmas tree. The little ones enjoyed their frolic immensely.

Miss Mowbray is the instructor in this department. She is meeting with notable success in her work.

Miss Jessie Cooper has arrived home from a two weeks' vacation which she through here yesterday morning.

SUPPLEMENT TO THE MINING JOURNAL, FRIDAY, DEC. 21, 1900.

County Board Proceedings.

The honorable Board of Supervisors of Marquette County met pursuant to adjournment at the court house, in the city of Marquette, in said county, on Wednesday, the 13th day of November, A. D. 1900, at 11 o'clock a. m.

The meeting was called to order by the chairman, W. H. Johnston.

The roll being called by the following supervisors were found to be present: Messrs. Johnston, Dalton, Drake, Elliott, Ewing, Fitch, Fay, Findlay, Fleck, Goodman, Grenier, Henry, Hiras, Neils, Johnson, Erick, Johnson, June, Kemp, Lyons, Manley, Martin, Murray, Morgan, Newcombe, Powell, Pearce, Rough, Ryan, Sink, Smith, Sundblad, Wagner, Wilson and Chairman, W. H. Johnston.

Present—Ayotte, Chase, Connors, Dalton, Drake, Elliott, Ewing, Fitch, Fay, Findlay, Fleck, Goodman, Grenier, Henry, Hiras, Neils, Johnson, Erick, Johnson, June, Kemp, Lyons, Manley, Martin, Murray, Morgan, Newcombe, Powell, Pearce, Rough, Ryan, Sink, Smith, Sundblad, Wagner, Wilson and Chairman, W. H. Johnston.

Upon motion the reading of the minutes of the previous meeting was dispensed with.

The following communication was received and read and upon motion and second was referred to the committee on highways and bridges for them to use their discretion in the matter.

To the Honorable Board of Supervisors of Marquette County—GENTLEMEN:

We the undersigned committee appointed by the townships of Turin and Forsyth to look into the building of a road in said townships for which this county is liable, have the honor to ask that the specifications by Mr. Cummings be changed to read that where corduroy is needed it be 12 feet long and 20 feet wide for the reason that his estimate of cost of this work is \$2,500 and we have only \$2,000 to build it with.

Frank Farmer, Chairman. Frank Findlay, Committee.

The following communication was received and read:

Marquette, Mich., Dec. 19, 1900.

To the Hon. Board of Supervisors of the County of Marquette—GENTLEMEN:

At the time of the assignment of the late J. M. Williams, on the 22d day of January, 1900, a deposit in his bank at Marquette, in my name as County Treasurer, the sum of \$2,526.40, I led my claim as County Treasurer, and have received, up to the present time, the amount of \$1,200.00, leaving a balance due from said estate of \$1,326.40.

I had been the custom of my predecessors for many years to deposit a portion of the County funds in Mr. Williams' bank, and when I took the office, there was a balance of County funds in that bank of \$1,200.00.

I am authorized by the assignees of the Estate that the proceeds are very well for ultimately paying the creditors to full, and I am therefore, therefore, that I should not be required at the present time, when I have only \$2,000.00 to make good this amount to the County, although I recognize my liability and that of my bondsmen.

I therefore respectfully ask that your honorable body wait for a reasonable length of time—say six months or one year—before requiring me to pay said balance, and that you will, over promptly to my successor all dividends I may receive from said assignees, and will when requested by your honorable body, pay to my successor the balance then due to the County.

The sureties on my official bond are: Messrs. Miner, Charles H. Hall, Edward R. Hall, Alexander Mathison, John McEwen, James H. Hickey, Daniel M. Duncan, at all Charles H. Moss, as to whose financial resources I cannot be possible to doubt.

Respectfully yours,

D. A. GARDNER, Co. Treas.

Whereupon it was moved, supported and carried by the following yeas and nays that the board accept a demand note for \$1,025.15, endorsed by his bondsmen—said note bearing six per cent interest per annum.

Present—Ayotte, Chase, Connors, Dalton, Drake, Elliott, Ewing, Fitch, Fay, Findlay, Fleck, Goodman, Grenier, Henry, Hiras, Neils, Johnson, Erick, Johnson, June, Kemp, Lyons, Manley, Martin, Murray, Morgan, Newcombe, Powell, Pearce, Rough, Ryan, Sink, Smith, Sundblad, Wagner, Wilson and Chairman, W. H. Johnston.

The following report of the auditing committee was read and adopted by the following yeas and nays:

County Board Proceedings.

The honorable Board of Supervisors of Marquette County met pursuant to adjournment at the court house, in the city of Marquette, on Wednesday, the 19th day of November, A. D. 1900, at 10 o'clock a. m.

The meeting was called to order by the chairman, W. H. Johnston.

The roll being called the following supervisors were found to be present: Present—A. C. Chase, Connors, Dalton, Drake, Elliott, Ewing, Fitch, Fay, Findlay, Flack, Goodman, Greiner, Henry, Herwig, Neils, Johnson, Erick Johnson, June, Kemp, Lyons, Manly, Martin, Murray, Morgan, Newcombe, Pearce, Rough, Ross, Ryan, Sundblad, Wagner, Wilson and Chairman, Total—38.

Upon motion the reading of the minutes of the previous meeting was dispensed with. The following communication was received and read and upon motion and second was referred to the committee on highways and bridges for them to use their discretion in the matter:

To the Honorable Board of Supervisors of Marquette County: We the undersigned committee appointed by the townships of Turin and Forsyth to look after the building of a road in said townships, which this county has granted \$900, respectfully ask that the special committee be appointed to be changed to read "where county is needed it will be 16 feet wide of 20 feet for the reason that its estimate of cost of this road is \$2,300.00 and we have only \$1,800.00 to build it with.

The following communication was received and read: Marquette, Mich., Dec. 19, 1900.

To the Hon. Board of Supervisors of the County of Marquette—Gentlemen:

At the time of the assignment of the late J. M. Wilkinson, banker, on Jan. 22, 1898, I had on deposit in his bank the sum of \$23,236.41. I filed my claim as County Treasurer and received the sum of \$10,000.00, and have received to the present time, dividends amounting to \$3,300.00 from the balance of the sum of \$13,236.41.

I have been the custom of my predecessors for many years to deposit a portion of the County funds in Mr. W. H. Johnston's bank, and when I took the office, there was a balance of County funds in that bank of \$4,000.00.

I am assured by the assignees of the Estate that the prospects are very good for ultimately paying the creditors in full, and I am therefore, that I should not be required at the present time, when I am about to go out of office to make good the amount of the County funds, though I recognize my liability and that of my bondsmen to do so.

I therefore respectfully ask that your honorable body wait for a reasonable length of time—say six months or one year—before requiring me to pay said balance, I will, of course, pay over promptly to my successor all dividends I may receive from said assignees, and will, when requested by your honorable body, make my successor the balance then due to the County.

The sureties on my official bond are Alexander H. Hall, Edward Hall, Alexander Maitland, John McKee, James Charles, Donald Nelson, M. M. Ryan, Charles H. Moss, as to whose financial responsibility there cannot be any doubt.

Respectfully yours, ADAM KANIGAS, County Treas.

Whereupon it was moved, supported and carried by the following aye and nay vote that the board accept a demand note for \$1,624.16, endorsed by his bondsmen—said note bearing 5 per cent interest per annum.

Yeas—A. C. Chase, Connors, Dalton, Drake, Elliott, Ewing, Fitch, Fay, Findlay, Flack, Goodman, Greiner, Henry, Herwig, Neils, Johnson, Erick Johnson, June, Kemp, Lyons, Manly, Martin, Murray, Morgan, Newcombe, Pearce, Rough, Ross, Ryan, Sundblad, Wagner, Wilson and Chairman, Total—38. Nays—none.

The following report of the auditing committee was read and adopted by the board and may be:

Yeas—A. C. Chase, Connors, Dalton, Drake, Elliott, Ewing, Fitch, Fay, Findlay, Flack, Goodman, Greiner, Henry, Herwig, Neils, Johnson, Erick Johnson, June, Kemp, Lyons, Manly, Martin, Murray, Morgan, Newcombe, Pearce, Rough, Ross, Ryan, Sundblad, Wagner, Wilson and Chairman, Total—38. Nays—none.

Your committee to whom was referred the claims and accounts herein enumerated, having had the same under consideration, have the report the same back to the Board, with the recommendation that the same be paid as reported in the column opposite the names of the respective claimants, be allowed and ordered paid, viz:
