## VICTORIA IS DEAD; EDWARD VII REIGNS.

### Peaceful Demise of the Queen Closes the Longest Reign in English History.

### END CAME AT HALF PAST SIX LAST EVENING.

### Surrounded by the Royal Family, With the Bishop of Winchester Praying at the Bedside, the Queen Passes Quietly Away.

### EXPIRES ON ANNIVERSARY OF FATHER'S DEATH.

London, Jan. 22.—A telegram from the Prince of Wales to the lord mayor, timed at Osborne at 6:45 p. m., says:

"My beloved mother has just passed away, surrounded by her children and grandchildren."

Cowes, Isle of Wight, Wednesday, Jan. 23.—Queen Victoria is dead and Edward VII reigns.

The greatest event in the memory of this generation, the most stupendous change in existing conditions that could possibly be imagined, has taken place quietly, almost gently, upon the anniversary of the death of Queen Victoria's father, the Duke of Kent.

The end of this career, never equalled by any woman in the world's history, came in a simply furnished room in Osborne house. This most respected of all women, living or dead, lay in a great four-posted bed and made a shrunken atom whose aged face and figure were a cruel mockery of the fair girl who, in 1837, began to rule over England. Around her was gathered almost every descendant of her line. Well within view of her dying eyes there hung a portrait of the prince consort. It was he who designed the room and every part of the castle.

In scarcely audible words, the white-haired Bishop of Winchester prayed beside her, as he had often prayed with his sovereign, for he was her chaplain at Windsor. With bowed heads the Imperial ruler of the German empire and the man who is now king of England, the woman who has succeeded to the title of queen, the princes and princesses and those of less than royal designation listened to the bishop's ceaseless prayer.

Six o'clock passed. The bishop continued his intercession. One of the younger children asked a question in a shrill childish treble and was immediately silenced. The women of this royal family sobbed faintly and the men shuffled uneasily.

At exactly half-past six, Sir James Reid held up his hand and the people in the room knew that England had lost her queen. The bishop pronounced benediction.

The queen passed away quietly, peacefully. She suffered no pain. Those who are now mourners went to their rooms.

A few minutes later the inevitable element of materialism stepped into this pathetic chapter of international history, for the court ladies went busily to work ordering their mourning from London. The wheels of the world were jarred when the announcement came, but in this palace at Osborne everything pursued its usual course. Down in the kitchen they were cooking a huge dinner for the assemblage, the like of which has seldom been known in England, and the dinner preparations proceeded just as if nothing had happened.

The body of Queen Victoria was embalmed and will probably be taken to Windsor Saturday. The coffin arrived last evening from London.

An incident characteristic of the queen's solicitude for others occurred two days ago when, in one of her intervals of consciousness, she summoned strength to suggest to her dressers who had been acting as nurses to take the opportunity of getting some fresh air. On Monday afternoon she asked that her little Pomeranian spaniel be brought to her bedroom.

It was thought the queen was dying about three in the afternoon and carriages were sent to Osborne cottage and rectory to bring all the princes and the princesses and the Bishop of Winchester to her bedside. It seemed

which King Edward VII will take the oath of accession will be held in London, and that his majesty will start for London without delay.

This evening there are few visible signs in London that anything unusual has happened. A drizzling rain kept most people within doors. Those who were turned away from the theatres or music halls wandered along the streets of the West end without special object. No large crowds gathered anywhere. The shops were closed as soon as the bells began to toll and the blinds of the Mansion house were drawn as soon as the message from the Prince of Wales was received by the lord mayor.

The bell tolled at St. Paul's cathedral was the gift of William III and is used only on occasions of the death of royal personages, archbishops of Canterbury, lord mayors of London and bishops of London. The tolling continued for two hours today, at intervals of a minute, and could be heard for miles.

At a late hour this evening it was not known whether the king would return to London before morning, but it was expected he would hold a privy council at St. James palace early tomorrow morning.

### KINGDOM IN DEEP GLOOM.

### GAIETY AND BUSINESS AT A STANDSTILL EVERYWHERE—POLICY OF EDWARD THE TOPIC OF CONVERSATION.

London, Wednesday, Jan. 23.—1:10 a. m.—Absolute silence reigned tonight in the vicinity of Buckingham palace and Marlborough house. A small bill, signed "Balfour," was posted outside announcing the demise of the monarch. Everywhere tonight the one topic of conversation was what would happen under the new reign.

### INTEREST IN QUEEN'S WILL.

Much interest was evinced in the way in which the enormous fortune of the dead queen will be distributed, the general notion being that Osborne house would go to Princess Beatrice and that she and Princess Christian would come into a considerable portion of Victoria's wealth.

The probability that King Edward will take up practically a permanent residence in Buckingham palace is much canvassed. This is a question that comes very much home to Londoners. Queen Victoria's preference for Balmoral castle and Osborne house had been a complaint of long standing in the metropolis and it is hoped the new reign will see a change in this respect. The presence of the court in London would give a brightness and gaiety which has long been absent.

### GLOOM IS UNIVERSAL.

Not until Queen Victoria has been laid to rest beside the prince consort at Frogmore will the theatres or music halls reopen. Moreover, business will come to a practical standstill. The music in all the hotels and public places has ceased. The fashionable resorts were empty, and very few of the nightly attendants were in evidence. The St. James, Princes and other prominent restaurants have already discarded their alluring colors for sombre black. Americans who have passed through great national calamities may recall the deserted buildings, but they can ill conceive, since the death of Lincoln, any such expression of gloom as has already fallen on the United Kingdom.

Marlborough house, so long the home of the new monarch; Buckingham palace, where Queen Victoria made her last stay in London, and St. James palace, the residence of so many former monarchs, were all black and deserted. Sentries in black overcoats kept silent vigil before the closed gates and bolted doors.

### PARLIAMENT MEETS TODAY.

Shortly before midnight an official announcement was issued calling parliament to assemble at 4 o'clock this afternoon to enable the members of the house of lords and the house of commons to take the oath of allegiance to King Edward VII.

Telegrams arriving from all parts of the country reecho the deep feeling of sorrow prevailing among all classes. These show that everywhere bells have been tolled and public performances and private functions suspended.

At Dublin the expressions of regret were universal. The bells of St. Patrick's cathedral were tolled. The Earl of Cadogan, lord lieutenant, was absent from Dublin yesterday, but it is expected he will return immediately to preside at a meeting of the Irish privy council to proclaim the new king.

The privy council will meet in London today, and the proclamation of the king will occur thereafter at all places required by custom. The king will come to London to preside over the council.

Telegrams have been sent to all members of the house of commons urging them to attend at St. Stephens today.

A special order has been issued by the war office discontinuing all bugle and drum calls until further notice.

### LONDON PRESS COMMENT.

### FUTURE POLICY SCARCELY MENTIONED BY THE PAPERS IN THEIR EULOGY OF THE QUEEN.

London, Wednesday, Jan. 23.—All the morning papers appear in heavy mourning borders and with editorials eulogistic of the dead queen, recalling the leading events and characteristics of her reign. Few political references as to the future are made.

The Daily Mail says: "We can but regret that the queen was not permitted to see the end of the South African struggle. She has been taken from us in a dark hour which, we may hope, is the prelude to the dawn, and when we can ill spare her ripe experience and vast knowledge of measures and men."

"Let us think of her this morning," says The Daily Chronicle, "by her highest title, not by her crown or

(Continued on Page Four.)

## SORROW AT WASHINGTON

### News of the Death of the Queen Received With Profound Regret.

### UNUSUAL TRIBUTE PAID.

### Flags Over Government Buildings Are Half-Masted and House of Representatives Adjourns.

### NATION'S SYMPATHY SENT

His Majesty, the King, Osborne House, Isle of Wight; I have received with profound sorrow the lamentable tidings of the death of her majesty, the queen. Allow me, sir, to offer my sincere sympathy and that of the American people in your personal bereavement and in the loss Great Britain has suffered in the death of its venerable and illustrious sovereign whose noble life and beneficent influence have promoted the peace and won the affection of the world.

WILLIAM M'KINLEY.

Washington, Jan. 22.—Four days of anxiety had, in a large measure, prepared the officials of Washington for the news which flashed across the cable this afternoon of the death of the queen of England. So it happened that all things that could be decently done in anticipation of the sad end had been disposed of and all was in readiness for the execution of the formalities which are indispensable to such events.

While the cabinet was in session, during the noon hour, the president and his advisers were in receipt from time to time of all the news which came from Osborne house, so when the end came, later in the afternoon, it found appropriate messages of condolence framed and even orders ready for executing looking to the half-masting of the flags over the executive departments and the carrying out of the usual formalities.

### UNUSUAL TRIBUTE.

The half-masting of the national ensign was an unusual tribute to the memory of a deceased sovereign. It is said that this has been done rarely on the occasion of the death of some great ruler, but never before in the case of the death of a monarch.

The actual dispatch of the messages from the president to the new king of England and from Secretary Hay to Ambassador Choate was delayed only long enough to receive the physicians' statement announcing the death of the queen, and they were sent forward at once. The president's message to King Edward VII was as above given; the one from Secretary Hay to Ambassador Choate reads as follows:

"You will express to Lord Lansdowne the profound sorrow of the government and people of the United States at the death of the queen and the deep sympathy we feel with the people of the British empire in their great affliction."

The British embassy received the press news as of full worth, and the royal standard flying over the embassy building was, perhaps, the first in Washington to sink slowly half way down the tall staff, giving notice to official Washington of the sad event. The rapidity with which the news spread was remarkable. Within a short half hour the members of the diplomatic body here began to appear at the British embassy bearing cards of condolence.

### ACTION BY CONGRESS.

Another unusual mark of high appreciation of the worth of the deceased queen was the action taken by the house of representatives in adjourning as a mark of respect to her memory. That body, directly on being informed of the demise of her majesty, adopted a resolution expressing profound regret and sympathy for the English people. The president was requested to communicate the expression to the British government and then, as a further mark of respect to the memory of the queen, the house immediately adjourned. The action of the house was particularly impressive in that the resolution was adopted without a word of dissent or debate.

The announcement of the death of Queen Victoria was conveyed unofficially to the senate and was recognized by that body in the adoption of an appropriate resolution, which was read and engrossed and forwarded to the prime minister of Great Britain. The resolution was offered by Senator Allison and read as follows: "Resolved, That the death of her royal and imperial majesty, Victoria, of noble virtues and great renown, is sincerely deplored by the senate."

Nothing now remains to be done by the United States government save to exchange through the slow process of the mails the formal expressions of respect which are prescribed by international etiquette.

### BULGARIA'S CABINET QUILTS.

Sofia, Jan. 22.—The Bulgarian cabinet has resigned on account of internal differences.

Scrofula THE OFFSPRING OF HEREDITARY BLOOD TAINT.

Scrofula is but a modified form of Blood Poison and Consumption. The parent who is tainted by either will see in the child the same disease...

J. M. Seals, 115 Public Square, Nashville, Tenn., says: "Ten years ago my daughter fell and cut her forehead. From this wound the glands on the side of her face became swollen and bursted. Some of the best doctors here and elsewhere attended her without any benefit. We decided to try S. S. S., and a few bottles cured her entirely."

DAILY MINING JOURNAL. A Morning Paper Published by the Mining Journal Co. (Limited).

Entered as mail matter of the second class in the postoffice at Marquette, Mich. Subscription Rates: Per month, by carrier, \$3.00; Per year, by mail, \$30.00.

The Mining Journal has urged an increase of the membership of the state tax commission, but if Representative Kerr's bill restricting its powers should become a law a commission of three will be quite large enough.

There is the usual talk of having the work before the legislature taken hold of energetically in order that the session may be made a short one, but its length depends somewhat on how early spring will set in.

The Grand Rapids Herald makes a suggestion the legislature would do well to bear in mind when it remarks that on some future day during the session, when it has not much else to do, that body should proceed to squarely place itself on record in favor of election of United States senators by direct vote of the people.

Complaint is made by American holders of bonds recently placed by the British government that they are being made pay an income tax of five per cent on the interest the bonds bring, and that this makes the investment much less remunerative than they had counted on.

When the corps of cadets at West Point voted to abolish hazing at that institution, anticipating the action which congress would be almost certain to take on the report of its committee of investigation into the custom as practiced at the military academy, it did the right thing, and did it in a many way.

Constant practice has given the queen a memory for individuals and languages almost unequalled. It is the honor to be present in June at the great function which was the last at which the queen made her appearance.

When that wonderful throng had assembled there came a great hush, and a high carriage entered, drawn by horses, in which was seated a little old lady, who entered the Twentieth century as the ruler of 400,000,000 of human beings.

When that wonderful throng had assembled there came a great hush, and a high carriage entered, drawn by horses, in which was seated a little old lady, who entered the Twentieth century as the ruler of 400,000,000 of human beings.

The voluntary action of the corps of cadets will have an effect to make hazing odious in other educational institutions throughout the country, as Colonel Dick, one of the members of the congressional investigating committee, remarked in complimenting the cadets on what they had done.

The Outlook is a religious journal and wants to see the cause of temperance make progress, but it maintains that abolition of the army canteen is a mistake. Considering the effect it is likely to have on the morals of the soldiers, the publication says:

We believe that the abolition of the canteen will injure the morals of the army in two ways. It will tend to keep from enlistment men who resent being put under a bondage not necessary for the good of the force, and who will be unwilling to enter a service which avowedly treats them as children unable to take care for themselves.

It may be found that the effort to establish Sunday school regulations for the army will have a strong tendency to discourage enlistments, in which case the course of congress relative to the canteen may render it difficult to

PERSONALITY OF QUEEN VICTORIA.

An English Journalist Now in This Country Writes Entertainingly of the Dead Sovereign's Career and Character.

Treating of the career and character of Queen Victoria, Alfred Harmsworth, editor of the London Daily Mail, who is now at St. Augustine, Fla., pays this tribute to her qualities as a ruler and woman:

It is difficult to realize today that when the queen came to the throne royalty was by no means a popular institution in England, the memory of George IV. had not passed from the public mind. It was so long since our country had had a woman as the nominal head of affairs that the change naturally aroused much public interest, and for a time it looked as though the affection for a monarchy was about to be revived.

LIVES DOWN UNPOPULARITY. Then came the queen's marriage to Prince Albert, which was by no means popular. One has but to refer to the numerous articles in the press of the whole of the revision of our form of government appeared to be imminent, yet within 10 years the queen lived down all that, and after the stormy episode of the Carlist movement of 1848 she entered upon such a 50 years of reign as has never been equaled in the history of any individual by a whole nation.

I need scarcely tell any intelligent American that the position of a king or queen in England is a difficult one. Of power, in the ordinary sense of the word, there is none. The president of the United States has during his four years of office as much patronage and power as is given to a modern British monarch in the longest of reigns.

Nevertheless such privileges are given to our king and queen have been maintained without friction by the queen intact, at a period of our history such as had not been known since the fortunes of millionaires, the income tax, working compensation acts, and the forthcoming pensions for all individuals over 65 years of age, prove us to be, though a monarchy, the most socialist country in the world.

RETAINED EVERY PRIVILEGE. Amidst all of this strife and struggle, change and progress, the queen has retained every privilege she inherited, and will hand to her successor the office exactly the same state as she received it in 1837.

HER MEMORY FOR INDIVIDUALS. Constant practice has given the queen a memory for individuals and languages almost unequalled. It is the honor to be present in June at the great function which was the last at which the queen made her appearance.

When that wonderful throng had assembled there came a great hush, and a high carriage entered, drawn by horses, in which was seated a little old lady, who entered the Twentieth century as the ruler of 400,000,000 of human beings.

QUEEN CHEERS HER TROOPS.

Victoria traveled from Windsor to Ballater barracks to say farewell to the troops about to start for South Africa a month before the war was formally opened.

"I am pleased to see you looking so well," she said to the guards, "and so fit for duty. You are going on foreign service, and I wish you all a godspeed. I hope you will return safe and well."

At Muller river the queen bowed away with such heartfelt sentiments went down in rows before the Boers, and the queen's wish was not to be fulfilled. Two months later, when the defeats before Ladysmith and the slaughter of British in the march to the relief of Kimberley carried sorrow to every English heart, the queen again stood before departing troops. The flashy uniforms of the guards and the Gordon Highlanders had been discarded for the more serviceable khaki uniforms for the real work of war.

"I am pleased to see you looking so well," she said to the guards, "and so fit for duty. You are going on foreign service, and I wish you all a godspeed. I hope you will return safe and well."

At Muller river the queen bowed away with such heartfelt sentiments went down in rows before the Boers, and the queen's wish was not to be fulfilled. Two months later, when the defeats before Ladysmith and the slaughter of British in the march to the relief of Kimberley carried sorrow to every English heart, the queen again stood before departing troops. The flashy uniforms of the guards and the Gordon Highlanders had been discarded for the more serviceable khaki uniforms for the real work of war.

EDITOR'S AWFUL FLIGHT.

F. M. Higgins, Editor Seneca, (Ill.) News, was afflicted for years with Piles that no doctor or remedy helped until he tried Bucklen's Arnica Salva. He writes two boxes wholly cured him. It's the surest Pile cure on earth and the best salve in the world. Cure guaranteed. Only 25 cents. Sold by The Stafford Drug Co.

PERSONALITY OF QUEEN VICTORIA.

An English Journalist Now in This Country Writes Entertainingly of the Dead Sovereign's Career and Character.

Treating of the career and character of Queen Victoria, Alfred Harmsworth, editor of the London Daily Mail, who is now at St. Augustine, Fla., pays this tribute to her qualities as a ruler and woman:

It is difficult to realize today that when the queen came to the throne royalty was by no means a popular institution in England, the memory of George IV. had not passed from the public mind. It was so long since our country had had a woman as the nominal head of affairs that the change naturally aroused much public interest, and for a time it looked as though the affection for a monarchy was about to be revived.

LIVES DOWN UNPOPULARITY. Then came the queen's marriage to Prince Albert, which was by no means popular. One has but to refer to the numerous articles in the press of the whole of the revision of our form of government appeared to be imminent, yet within 10 years the queen lived down all that, and after the stormy episode of the Carlist movement of 1848 she entered upon such a 50 years of reign as has never been equaled in the history of any individual by a whole nation.

I need scarcely tell any intelligent American that the position of a king or queen in England is a difficult one. Of power, in the ordinary sense of the word, there is none. The president of the United States has during his four years of office as much patronage and power as is given to a modern British monarch in the longest of reigns.

Nevertheless such privileges are given to our king and queen have been maintained without friction by the queen intact, at a period of our history such as had not been known since the fortunes of millionaires, the income tax, working compensation acts, and the forthcoming pensions for all individuals over 65 years of age, prove us to be, though a monarchy, the most socialist country in the world.

RETAINED EVERY PRIVILEGE. Amidst all of this strife and struggle, change and progress, the queen has retained every privilege she inherited, and will hand to her successor the office exactly the same state as she received it in 1837.

HER MEMORY FOR INDIVIDUALS. Constant practice has given the queen a memory for individuals and languages almost unequalled. It is the honor to be present in June at the great function which was the last at which the queen made her appearance.

When that wonderful throng had assembled there came a great hush, and a high carriage entered, drawn by horses, in which was seated a little old lady, who entered the Twentieth century as the ruler of 400,000,000 of human beings.

When that wonderful throng had assembled there came a great hush, and a high carriage entered, drawn by horses, in which was seated a little old lady, who entered the Twentieth century as the ruler of 400,000,000 of human beings.

The voluntary action of the corps of cadets will have an effect to make hazing odious in other educational institutions throughout the country, as Colonel Dick, one of the members of the congressional investigating committee, remarked in complimenting the cadets on what they had done.

The Outlook is a religious journal and wants to see the cause of temperance make progress, but it maintains that abolition of the army canteen is a mistake. Considering the effect it is likely to have on the morals of the soldiers, the publication says:

We believe that the abolition of the canteen will injure the morals of the army in two ways. It will tend to keep from enlistment men who resent being put under a bondage not necessary for the good of the force, and who will be unwilling to enter a service which avowedly treats them as children unable to take care for themselves.

QUEEN CHEERS HER TROOPS.

Victoria traveled from Windsor to Ballater barracks to say farewell to the troops about to start for South Africa a month before the war was formally opened.

"I am pleased to see you looking so well," she said to the guards, "and so fit for duty. You are going on foreign service, and I wish you all a godspeed. I hope you will return safe and well."

At Muller river the queen bowed away with such heartfelt sentiments went down in rows before the Boers, and the queen's wish was not to be fulfilled. Saint Ste. Marie.

FOUR OF THE ALDERMEN 'SKIPPED.' APPOINTMENTS NOT ACTED UPON MONDAY EVENING.

There was some very important business to come before the council Monday night, but when it came time for the mayor to call the city clerk to order there were only four of the aldermen in sight.

All of the municipal legislators were at the city hall and all of them started up stairs, but four of the official party evidently became frightened and suddenly made a bolt for the open air and parts unknown. It is understood that the council is equally divided on the question of appointments, and the four who ran away were under the impression that the mayor would cast the deciding vote against them.

R. G. Ferguson's resignation as a member of the police commission was ready for the council's consideration Monday evening. It is understood that David Aitkens will be appointed to fill the vacancy, although John A. Steinfeld is prominently mentioned.

A SUCCESSFUL SOCIAL.

The Daughters of the King gave a most successful and enjoyable social at the St. James rectory Monday evening. The musical program consisted of a selection of a male quartet composed of Chas. Kaiser, H. J. Ramsey, James Mathews and G. A. Ferris; two splendidly rendered vocal solos by Mrs. J. J. Ryan, a finely rendered instrumental duet by Mrs. Drake of Calumet and Mrs. Richmond; two baritone solos in good voices by A. Herbert Spencer of Marquette and a vocal trio by Bert A. Lord, Mat Smith and J. Schweitzer. Dainty and delicious refreshments were served.

BEAT OUT OF AN INCREASE OF HIS PENSION.

A Mexican war veteran and prominent editor writes: "Seeing the advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy, I am reminded that as a soldier in Mexico in '47 and '48, I contracted Mexican Diarrhoea and this remedy has kept me from getting an increase in my pension for an every renewal a dose of it restores me." It is unequalled as a quick cure for diarrhoea and is pleasant and safe to take. For sale by The Stafford Drug Co.

LOCK CITY NOTES.

O. Mossbacher arrived in the city yesterday. F. S. Ritter of Cheboygan was a Soo visitor yesterday. T. W. Wilson of Traverse City was in the Soo yesterday.

Mrs. Wm. Chandler and children expect to depart next week for Florida to spend the balance of the winter. Mrs. G. F. Van Wyck has returned after an extended visit at Canadian cities.

Thos. R. Fydel expects to leave this afternoon for a business trip to South Shore points. James F. Howell expects to depart Thursday for Forestville, Ont., his old home, to enjoy a two months' visit and vacation.

Francis Cunningham, the small-pox patient discharged from the Soo's isolation hospital last Wednesday, is languishing in the pest house across the river because of the vigilance of the Canadians. George Larke, John Mahon, G. F. Van Wyck and David Ellis went to Bay Mills Monday evening to be present at the opening of the rink and to teach the Bay Millites a few things about the curling 'game' which were well entertained and report a good time.

The Soo veterans of the late war had a very enjoyable reunion Monday night with an elaborate banquet, a long list of entertaining toasts and a general jollification. Wilfred T. Rains presided as toastmaster. The boys did not form a permanent organization, as anticipated, but expect to do so next Sunday.

SULLIVAN PLEADS GUILTY.

KIDNAPER THROWS HIMSELF UPON THE MERCY OF THE COURT - YESTERDAY'S PROCEEDINGS.

The circuit court took up the work of the January term in earnest at 9 o'clock yesterday morning, when the first case on the criminal docket was called. The result of the day's proceedings may be summed up as follows: People vs. John Muati, reckless use of firearms. Defendant pleaded guilty and invoked the mercy of the court. People vs. Ole Moen, reckless use of firearms. Defendant entered a plea of not guilty.

The cases of The People vs. Charles Schmidt, cutting off marks upon saw logs, and People vs. Michael Gilbert, assault with intent to rob, will come up today. Two convictions now in Marquette will be brought to Houghton by Sheriff Willis as witnesses in the latter case.

TALK OF EARLY CLOSING. CLERKS AT PORTAGE LAKE BEGIN AN AGITATION—HOW IT WORKED AT ISHEMPEG.

There has been some talk among the clerks of Hancock and Houghton on the subject of the early closing of stores. Talk, however, is all that has been done toward securing an agreement with the merchants to close their places of business in the neighborhood of the hour of 6 o'clock p. m. No attempt whatever at any action has been taken.

The clerks of Portage Lake do not seem to "pull" together well enough to bring about an agreement with the merchant body. It is the recollection of The Mining Journal that attempts to secure early closing have been made before by Portage Lake clerks, only one of which was a success and that for a short time only.

The clerks of Ishpeming and their employers have come to an agreement whereby an early closing law will go into effect on Feb. 1. All the stores in the Hemetite City will on that date commence to close their doors at 6 o'clock on two evenings of the week. Although this concession is not as great as was hoped for, it was a signal victory for the clerks of Ishpeming.

Will C. Brown, Resident Manager, Marquette, Mich. Correspondence Solicited.

MINNEAPOLIS SKATER NOT GIVEN JUSTICE LAST NIGHT.

The Palace ice rink, Hancock, was exceptionally well patronized last night on account of the half-mile race between two of the fastest skaters in the Northwest. Thorvald V. Thomson of Minneapolis and Elmer Thompson of Calumet were the contestants. The Calumet man was given the race; time, 1:21 1/2.

The announcement that Elmer Thompson was the winner was a big surprise to most of the spectators, as the Minneapolis skater apparently had won easily and by at least three feet. The decision was branded as unjust on all sides. At the conclusion of the race, the Calumet man issued a challenge to any one for a half-mile race for a purse of \$1,000.

DISTANCE IN DISPUTE. Pattison, the Michigan College of Mines champion skater and who also holds the half-mile amateur championship of the Northwest, has not as yet accepted the challenge of Asmond Bryce of Houghton for another race of a mile distance.

THREE-DAY MATCH. The three-day skating race will commence at the Twin City ice rink, Houghton, tomorrow night. Several entries have been received by the management and it looks at present as if the unique contest would prove the success anticipated. The race will continue Friday and Saturday nights. The length of time that will be taken up each evening for the sport has not yet been decided upon, as a conference with those who will take part will first be necessary.

RETURN INDOOR BASEBALL GAME. HOUGHTON PLAYS AT LAKE LINDEN SATURDAY EVENING. A return game of indoor baseball will be played between the clubs of the Houghton Light Infantry Athletic association and the Lake Linden Athletic association at Lake Linden Saturday night. The boys from the village of the mills were "easy" for the soldier players of Houghton in the recent contest, which ended in a score of 24 to 8. The Lake Linden team at that time showed a wonderful lack of practice and team work, while just the opposite was true of the Houghton nine. Both teams have kept up practice since their recent match and it is hoped that the Lake Linden players will put up a better game at home than they did in Houghton.

NEW CLUB A GOOD ONE. Houghton's new indoor baseball nine composed of L. Henness & Co.'s clerks promises to be one of the best in copperdom. The club was organized but recently. Its members include a number of old experienced players and with a little practice will be able to put up a good game. The boys have commenced practice in the Houghton Armory with an end in view to arrange a match with any team in the copper country, the clerks of Calumet preferred.

LECTURE GREATLY ENJOYED. The lecture at the Houghton Armory Opera House last evening by Rev. Father Francis Clement Kelley was greatly enjoyed by those who heard it. The speaker dealt with the American volunteer soldier, with whom he is very familiar. Father Kelley was with the boys in blue as chaplain of the Thirty-fifth Michigan regiment during the late war with Spain and during his services became acquainted with camp and soldier life. His talk included several incidents, some of which were pathetic and others amusing. The lecture was given as an extra number on the People's Lyceum course.

THE MOTHER'S FAVORITE. Chamberlain's Cough Remedy is the mother's favorite. It is pleasant and safe for children to take and always cures. It is intended especially for coughs, colds, croup and whooping cough, and is the best medicine made for these diseases. There is not the least danger in giving it to children for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult. For sale by The Stafford Drug Co.

Dollar Bay has greatly improved in its playing since the seven was seen at the rink and will try hard to retain its present championship title.

SOME RICH ROCK BEING HOISTED. PROSPECTS GOOD FOR A PAYING MINE AT RHODE ISLAND.

The new residence of Captain Dennis, of the Rhode Island mine, was completed at that location recently and the captain moved his family there from Hancock last week. The work at the property has been pushed with great vigor. Several good lodes pass through the property and it is not unlikely that the recent rich find in No. 3 conglomerate shaft of the Franklin Junior will be found to extend to the Rhode Island. Work to that end is now in progress at the latter mine. Some rich amygdaloid rock has lately been hoisted. There is a probability that connections by rail will be made from the Rhode Island location to the Quincy in time and rock from the former taken to the latter. The Rhode Island mine, if that is done it will make the Rhode Island a much earlier copper producer than many other prospective mines in this district which will have to wait for stamping facilities. The Quincy Mining company and the Rhode Island company are closely related to each other.

COPPER RANGE. The financial writer of the Boston Post has the following to say of Copper Range: "Chicago has been a conspicuous buyer of Copper Range and old-time investment houses have purchased blocks of stock. That there is something 'up' out of the ordinary in Copper Range I have not the least doubt, and I am equally confident that it is something that will materially benefit the market price of the stock. Investors when approached look wise, but are dumb and keep buying stock. One, however, did remark today that the stock, in his opinion, looks cheap at 50 inside of ten days. The Copper Range company, whose shares are graded in, owns only one-third of the Copper Range mine, one-half of the Champion mine, recognized as the richest property opened in recent years at the lake, and upwards of 11,000 acres of mineral lands. There is a possibility of some one of the great railway lines of the west, like the St. Paul and Northern Pacific, stepping in and leasing the Copper Range railroad of the Copper Range at a rental which may in itself net hand some dividends on Copper Range stock. A deal of this kind would easily explain the significance of the Chicago buying of the stock."

CHAMPION. The foundation for the new steel shafthouse and rockhouse at "D" shaft at the Champion mine is progressing as well as can be expected. The cold weather has proved a set-back to the work in a way and in order to thaw the ice from the rock and to keep the mortar from freezing as it is placed, a unique scheme is used. Steam pipes run into the rock pile which furnishes the building material, and the steam pipes are also placed in rows around the inner and outer sides of the foundation to keep the mortar in good shape.

LARGE INVESTMENTS BEING MADE IN MINING COMPANIES. With the decline in interest rates due to the accumulation of money, incident to the good times with which this country has been blessed during the past few years, investors have been on the lookout for some form of securities in which to put the money which would yield a safe return of upwards of five per cent. Municipal bonds, industrial stocks and railroad shares have all been taken freely, even though at prices at which they were selling the returns in many cases were less than five per cent. Of late, however, shrewd investors have turned their attention to mining shares as a desirable outlet for surplus funds. Investigation into the operations of well organized and conservatively managed gold mines is throwing a great deal of light on the subject of the enormous profits many of them make, and it is freely predicted that legitimate investment in such enterprises will increase rapidly. Among the gold mining stocks now on the market which possess sufficient merit to be attractive as a permanent dividend paying investment is the stock of The Federal company, which recently acquired the Carissa group in Wyoming.

LECTURE GREATLY ENJOYED. The lecture at the Houghton Armory Opera House last evening by Rev. Father Francis Clement Kelley was greatly enjoyed by those who heard it. The speaker dealt with the American volunteer soldier, with whom he is very familiar. Father Kelley was with the boys in blue as chaplain of the Thirty-fifth Michigan regiment during the late war with Spain and during his services became acquainted with camp and soldier life. His talk included several incidents, some of which were pathetic and others amusing. The lecture was given as an extra number on the People's Lyceum course.

NEEDS MORE STORE ROOM. I. E. Swift & Co.'s Houghton store, in the Sheldon-Calvery building, Sheldon street, will soon be enlarged. The firm intends to occupy the place immediately adjoining and in the same building as soon as the ideal restaurant finds other quarters. The proprietors of the restaurant expect to remove to another location within a few days, just where is not known at present. I. E. Swift & Co. has an extra large stock which it has no place to store at present and the adjoining room will be used for that purpose.

THE MOTHER'S FAVORITE. Chamberlain's Cough Remedy is the mother's favorite. It is pleasant and safe for children to take and always cures. It is intended especially for coughs, colds, croup and whooping cough, and is the best medicine made for these diseases. There is not the least danger in giving it to children for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult. For sale by The Stafford Drug Co.

GIRDERS FOR TRESTLE COME. STREET CARS WILL SOON BE RUNNING TO RHODE ISLAND.

The iron girders for the structure work on the overhead trestle at Boston of the street railway company were received yesterday. The span crosses the Mineral Range railroad's tracks at that point. The company has been waiting for the material for about a week, as the trestle is completed with the exception of putting the girders in position. The work will now be pushed and in a few days cars will run to the Rhode Island location, when the system will prove a lasting benefit to the people who reside at the locations which are touched by the line. More trading will be done at Portage Lake, as a trip to town can easily be made. The merchants of Hancock are already noticing an increase in trade from the people of the locations and the fact is also made evident by the numerous parcels that are put on board the cars every day for shipment to the locations.

SALOON CHANGES HANDS. ED J. DOLAN GOING INTO BUSINESS AT HOUGHTON.

E. J. Dolan, who has been in the employ of Sackrider & McKenzie at the Board of Trade Palm Garden, Houghton, in the capacity of a bartender for some time past, will start in the saloon business in the basement of the old Hartman building, Houghton, on Saturday. Mr. Dolan bought the place from the former proprietor and intends to conduct the place in an up-to-date manner and to that end solicits the patronage of his friends.

ELKS GOING TO CALUMET. A delegation of Portage Lake Elks will go to Calumet this evening for the purpose of conferring with the members of the lodge of that place relative to the making of preparations to attend the national convention at Milwaukee next summer. The Elks will leave for Calumet on the regular evening train and will return on a special train after the conference is concluded. All the members present will hold a social session. The copper country Elks are taking great interest in arranging for next summer's convention and will send a big delegation to Milwaukee.

DOES IT PAY TO BUY CIGARETTES? A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. Get Green's Prize Almanac. The Stafford Drug Co.

COPPERDOM BREVITIES. The Mining Journal, M. W. Youngs, representative, has established an office in one of H. J. Stevens' suite of rooms on the second floor of the Des (postoffice) block, Houghton. All having business with the paper are cordially invited to call. Telephone No. 376.

J. J. Byers of Baraga was a Houghton visitor yesterday. Mr. and Mrs. D. W. Washburn of Hancock left for a Chicago visit Monday.

Gate of the Temple lodge, F. & A. M., Hancock, will hold a regular meeting tonight.

Miss Grace Cavan will give her weekly dancing assembly at the Hancock village building tomorrow night.

C. F. Wright of Houghton left yesterday for Marquette, where he will assume his new duties as manager of the ticket agency.

The ladies of the Aid society of the Hancock Methodist church will meet at the home of Mrs. J. K. Brown, Hancock, at 2 o'clock this afternoon.

The members of the Hancock fire department will give a dance at the hall in the village building tonight. The party will be the first of a series which the boys intend to give this winter.

The ladies of St. Mary's church, W. C. O. F., Hancock, gave a dancing party at Escanaba Hall, Hancock, last evening which was well attended. The Twin City Mandolin club furnished the music.

The annual meeting of the Upper Peninsula Teachers' association will be held at Escanaba for three days of this week, commencing tomorrow. Several of the Portage Lake teachers will attend the convention.

The Sunday school teachers of the Hancock Congregational church will hold their regularly quarterly conference in the parlors of the church this evening. A program will be given for the entertainment of those who are to present.

Marriage licenses were yesterday issued at the office of the county clerk to Robert W. McClements of Redridge and Miss H. Mae Jenks of South Lake Linden and to Joseph W. Hillstrom and Miss Pearl Granville, both of South Lake Linden.

A literary and debating society was organized by the young men of the Y. M. C. A. at Hancock last evening. An interesting program was one of the features of the evening. It included a talk by G. D. Bentley. A large attendance of young men was present.

Mrs. Isabel Cornell of Chicago, who has classes composed of ladies organized for the purpose of giving physical culture lessons, will give her first lecture in the Delcorte system at the Y. M. C. A. gymnasium, Hancock, this afternoon. The next meeting will be held Friday afternoon.

A meeting of the Finnish Maccabees, Hancock, was held at their headquarters in the North Star Temperance Hall Monday night. Three new members were taken into the lodge, which is known as the Kilpa tent. The lodge

From 12 to 2 P. M. WE SERVE A REGULAR TABLE D'HOUE DINNER, Eight Courses, Including Wine. The Price Is 50c "Per." THIS IT THE LAST WEEK OF THE POPULAR LADIES ORCHESTRA and the PHENOMENAL CHILD CONTRALTO, MISS BEATRICE HAWTHORNE. Board of Trade Cafe and Palm Garden, HOUGHTON, MICH.

A : DELICIOUS : SMOKE ! TRY THE LaFlorde Sheridan, LA VINEDA, A HIGH-GRADE CIGAR. A CLEAR HAVANA CIGAR. Manufactured by JAMES W. SHERIDAN, 76-78 Wabash Ave. Chicago. M. G. SCOLLY, SOLE AGENT FOR UPPER MICHIGAN, WISCONSIN and MINNESOTA. N. B.—We Handle a Complete Line of Cigars of all Kinds.

now has a membership of about twenty-five and is in a flourishing condition. Cyka gave his prospective bride \$60 with which to buy her trousseau. In the young maid's travels she met Joe Meleski, and they fell in love. It was not long before Cyka's courtship was forgotten, and Meleski became the happy man. He will now wed the young lady in a few weeks but vows he will keep her under surveillance so she will not become infatuated with another. Cyka has preferred a complaint against the maid on the charge of securing money under false pretenses, and seeks her arrest. The love affairs of this quartette will be aired in court.

Upper Peninsula News. John Westerberg, treasurer of Stambaugh township, has levied on the stockpile of the Oliver Iron Mining company at the Riverton mine. The company offered to pay their taxes, but refused to pay the four per cent collection fees. Treasurer Westerberg refused to accept anything unless he got his full fees. The sale is advertised to take place on the 23d, but the levy will probably be settled amicably before that date. There was a gathering of sports at Niagara, where three cock fights were held between Marinette birds and cocks in the former place, Sunday. The neighboring towns and cities were all represented and there was sport for the entire congregation. Most of the sports were well heeled but when the last fight was finished the money was all on the Marinette side of the house. Everything was open and above the board and there was no interference. The pine lumber cut of 1900 on the Menominee river, according to the American Lumberman, was 330,000,000 feet; shingles 21,524,000 and lath 111,601,000 feet; a slight decrease from the record. The cut of hemlock is in and will increase yearly. In 1900 134,765,000 feet of hemlock lumber was cut or 52,000,000 over the cut of 1899. There is every indication that the cut this year will be about 150,000,000. The stock of lumber on hand at the mouth of the river is 116,488,000 feet; shingles 20,300,000; lath 42,623,000. The Kirby Carpenter Co. cut 190,847,000 feet of lumber. It is estimated that the 1901 season's cut will amount to over 350,000,000 feet. Already over 10,000,000 feet of the season's cut of 1901 has been sold. The prices are about the same as last year. W. J. Wallace, an old resident of Escanaba, died in a hospital at Chicago Monday morning. He had recently been operated on and his strength was so far gone that he could not rally from the shock. He was born at Haverstraw, Rockland county, New York, on January 29, 1829. In 1846 he came west and located in Fond du Lac where he learned the trade of tin-smithing and plumbing and subsequently started a hardware store there, which he conducted until 1858 when he moved to New London where he remained in business until he sold out in the fall of 1865 and came to Escanaba. For several years Mr. Wallace conducted one of the largest hardware stores in Michigan and was a leading man in the community. He was good hearted, gave credit to anyone who was in need of it and after a few years rolled by was obliged to close up his business owing to his inability to collect the money that was outstanding. Since that time he has made his living as best he could, for a man of his years, and though he worked hard, he never complained and always kept busy at something.

At Menominee three suitors for the hand of Miss Apollonia Zebkowska, a pretty maid who came over from Poland four months ago, are in a tangle as to which will marry her, and each threatens to sue the other. It is a love story in three chapters. Andrew Kojestri sent \$40 to Poland and brought the young lady over here intending to marry her. He carried on an ardent suit until the young lady saw Andrew Cyka, and immediately they became infatuated. Lover No. 1 realized his chances were hopeless and Andrew Cyka proposed and did reimburse him for the trip. Cyka announced his engagement to Miss Zebkowska and the date for their marriage was fixed and

TOGA GOES TO BAILEY.

Texas Congressman Elected Senator by a Big Majority.

KEARNS WINS IN UTAH.

In Minnesota Knute Nelson Is Again Chosen and Pettigrew's Successor Is Named in South Dakota.

MANY LEGISLATURES VOTE.

Austin, Tex., Jan. 22.—The two houses in separate session, today elected Congressman J. W. Bailey of Gainesville United States senator to succeed Herace Chilton. The vote stood:—Senate—

HARD FIGHT AT SALT LAKE.

Salt Lake, Jan. 22.—The Republican caucus tonight nominated Thomas L. Kearns for United States senator on the tenth ballot, which stood: Kearns 18, Brown 9, McCormick 9, Salisbury 1.

NELSON IS REELECTED.

St. Paul, Jan. 22.—The two houses of the legislature voted in separate sessions today for the long and short term senators. The ballot resulted: Long term, Knute Nelson, 136; Judge R. R. Nelson, Democrat, 40; short term, Moses E. Clapp, Republican, 135; Charles A. Towne, Democrat, 33.

RESULT IN OTHER STATES.

Cheyenne, Wyo., Jan. 22.—The two houses of the legislature cast separate ballots for United States senator today as follows: House, P. E. Warren, Republican, 34; John E. Osborne, Democrat, 10. Senate, Warren, 18; Osborne, 1.

Pierre, S. D., Jan. 22.—The legislature in separate session today elected Robert J. Gamble United States senator to succeed R. F. Pettigrew.

Trenton, N. J., Jan. 22.—Wm. J. Sewall was today elected by the legislature to succeed himself as United States senator.

Topeka, Kas., Jan. 22.—J. R. Burton was today elected United States senator to succeed Lucian Baker.

Springfield, Ills., Jan. 22.—Shelby M. Cullon was today elected United States senator to succeed himself.

Little Rock, Ark., Jan. 22.—Senator Berry was today elected United States senator to succeed himself.

Charleston, W. Va., Jan. 22.—Stephen B. Ekins was today reelected United States senator.

NO CHANGE IN NEBRASKA.

Lincoln, Jan. 22.—The vote on United States senator today showed no material change.

How Old She Looks

Poor clothes cannot make you look old. Even pale cheeks won't do it. One thing does it, and never fails. It is impossible to look young with the color of seventy years in your hair. Ayer's Hair Vigor permanently postpones the tell-tale signs of age. It brings back the color of youth. At fifty your hair may look as it did at fifteen. It thickens the hair also, and stops it from falling out. One dollar a bottle.

THEATER IN RUINS.

Coolness of the Actors Staves off a Fire Panic at Cincinnati.

GRAND OPERA HOUSE BURNS.

Loss to It and Sothern's 'Hamlet' Company \$250,000 and Adjoining Buildings Suffer Heavily.

BIG AUDIENCE TERRIFIED.

Cincinnati, Jan. 22.—Fire broke out in the Grand Opera House tonight during the second act of "Hamlet," which is being played by the Sothern company. The house was packed with a fashionable audience, but owing to the presence of mind of the actors and ushers the auditorium was cleared without panic or injury to any one. The building was completely ruined, causing an estimated loss of two hundred thousand dollars. In addition, the Sothern company has lost all of its property and personal effects, valued at fifty thousand dollars. The original in the basement situated under the orchestra.

NOTICE.

I have dry and green 16-in. hard and soft block and split wood, selling at market prices, also round and fence and clothes reel posts. I am also agent for the H. O. Rose Petoskey line, the only Petoskey line handled in the city. Figures given on car lots or less on application. I also carry in stock catline and sand plaster, plastering hair, fire clay, Portland and natural cements, brick, lake shore sand, sewer pipe and pipe in all colors; and also do general teaming and contract work. GEO. E. FRENCH, Marquette, Mich. Both 'Phones.

A GOOD OLD STANDBY is what a good roast of beef is, especially when it is prime and fat. Our roasts are cut from the primest cattle raised and the meat is juicy, sweet and delicious. We have everything in prime roasts, steaks, chops and cutlets for the fastidious palate. The Palace market is justly popular with all for high grade meats and low prices. F. A. Ferris & Co.'s celebrated New York hams and bacon, Jones' dairy farm sausages and strictly fresh eggs.

FRANK W. HATHWAY, PALACE MEAT MARKET.

JOINT COMMITTEE HERE

It Will Take Testimony at the Prison Today.

The joint legislative committee for the investigation of the Marquette branch of state prison arrived here yesterday afternoon. The senate committee is composed of Senators Nims, chairman; Westover and Weeks. The house committee members Representatives Murdoch, chairman; Marks, Henry, Combs and Dennis. Senator J. O. Murnin of Detroit is in the city and will attend the sessions of the joint committee. The delegation is completed by M. Parshelsky, sergeant-at-arms of the senate, and Miss Ida B. Shier, the stenographer.

The committee will spend today at the prison where a large number of the prisoners want to be heard. All who desire to make depositions will be given a chance to submit their evidence and then inmates selected at random will be brought before the investigators. Matters of prison management will be given attention with a view of ascertaining the truth of ex-Governor Pinckney's charges relative to Warden Freeman's conduct of the institution. The members of the committee will be busy all day at the prison but will likely cover the ground so that its Thursday's sessions can be held in the court house up town.

Up town all who desire to make statements to the investigators will be heard and, in addition to their number, any person whose testimony is desired by the principals in the investigation or any member of the committee will be subpoenaed to appear. Mr. Parshelsky will be prepared to enforce all subpoenas.

CITY BREVITIES.

Tom Larke of Duluth was in the city yesterday. Dr. A. Deadman was down from Ishpeming yesterday. Born yesterday, to Mrs. John Kalmier, Fifth street, a son. R. C. Flannigan of Norway was a Marquette visitor yesterday. St. Mary's guild of St. Peter's cathedral will meet with the Misses Neidhart this afternoon at 2 o'clock. C. G. Griffey and Frank Bell of Neegaunee and William Zeiler of Republic were Marquette visitors yesterday. County Clerk Ross issued a marriage license to Gus Ruona and Lusa H. Pybar of Tilden township yesterday. Yesterday was another fine day, the mercury mounting to comfortable heights. There was a considerable thaw. There will be a meeting of the Macabee Sick Benefit association on Thursday evening at the Central House. Sheriff Willis of Houghton county came down from the Copper country last evening. C. E. Webb came down from Houghton. Marshal Gribble was down from Neegaunee yesterday. He brought a prisoner to the county jail to serve a short sentence for being drunk and disorderly. There will be a masquerade at the curling and skating rink tonight. Liberal prizes are offered for the best and most comical costumes. They are on exhibition at Bigelow's. The band will be in attendance. Paine, Webber & Co. are distributing copies of Horace J. Stevens' "Copper Handbook" to their patrons. It is a valuable volume as it embodies the best up-to-date descriptions of Lake copper mines and the most complete compilation of copper statistics that has ever been offered the investors and speculators. The members of the Young Woman's guild will begin to serve supper promptly at 5:30 o'clock this afternoon at the Morgan Memorial chapel. All provisions should be sent in between the hours of 3 and 5 o'clock. An excellent supper will be served for twenty-five cents. Health Officer A. E. Brown reported yesterday that, as far as he knew, the city was free of small pox. He hopes that the disease has run its course and

A BIT OF HISTORY.

Applied to Present Conditions Interesting to Marquette Readers.

It's a singular thing how trifling an incident will often change the world's history. If the country gentleman living in Cheshire, England, had not by accident been thrown from his coach into the lap of a young lady the pair might never have married, or migrated to the American colonies, and thus the world would never have known of George Washington as the father of our country. So it is in the daily life of everyone "little things" occur which affect the future. Mr. John Smith of 116 Evident Court, Menominee, a stationary engineer, knows well how fortune smiles at times on the afflicted in showing how relief is near at hand. His experience and advice is given in the following words.

"I had symptoms of kidney complaint for a long time and I felt that I ought to do some thing to better my condition. It was not serious yet it annoyed me greatly especially when I caught cold, for it was hard for me to get down to sit in a chair and equally hard to rise. My back was weak and soon tired out and ached. If I stood long or did much walking. When I saw Doan's Kidney Pills advertised to cure such cases as mine I got to a box at a drug store and the remedy did just what was claimed for it. In a short time all symptoms of kidney ailments was removed. Should it ever return I will look to Doan's Kidney Pills for relief. I can confidently recommend them to anyone."

For sale by all dealers. Price 50 cents per box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.

that there will be no more cases reported. As a whole, Marquette has come out of the visitation very well. Only one death has been attributed to small pox since it was first discovered, a couple of months ago.

Secretary Kern of the board of fire and water commissioners has completed his fire report for 1900. It shows a total of fifty-two fires, with a loss of \$41,750 in property. It was insured to the amount of \$226,900 and the loss from fire and water was \$47,641.51. The insurance paid on the old high school building was \$22,500, the Van Alstyne fire being the next serious, with \$18,024.25 insurance paid on it. As a whole, 1900 was an unusually bad year for fire losses.

The promotion of J. H. O'Meara to the position of paymaster for the South Shore road has given his Marquette friends eminent satisfaction. It is richly deserved as he has been one of the company's most valuable and efficient employees. His place in the Marquette ticket office will be taken by C. F. Wright, who has been the station agent at Houghton the past few years and who is well known among the railroad men. Mr. Wright will move his family to the Queen city.

Paper announcing the appearance of Eugene Blair the evening of Jan. 29 was posted yesterday. If a sufficient number of up-the-road people manifest a desire to attend the performance "A Lady of Quality" the management of the opera house will make arrangements for a special train to leave Marquette on the conclusion of the presentation. During the winter, when the running is hard, the South Shore officials are not willing to send through passenger, but here at 10:40 o'clock as it is practically impossible to make up last time.

Joseph Bertrand, aged eighty-three years, who had resided in Marquette since 1878, died last evening at 10 o'clock after an illness of a couple of months at the home of his son, Adelaide Bertrand, on North Third street. Mr. Bertrand is survived by five sons, Alphonse, Adelaide, Eusebe of Marquette, Oliver of Benton, Canada, and Joseph, who resides in Canada, and two daughters, Mrs. Marceau of Lake Linden and Mrs. E. Henne of Marquette. All the children were at the old gentleman's bedside when the end came except Joseph Bertrand, Oliver having arrived from California but a few days ago. The old man was quite well known in Marquette. The funeral services have not yet been arranged. They will be announced later.

LAWSON ANXIOUS TO RACE.

WANTS TO MEET SHAMROCK II. WHETHER HIS BOAT IS PICKED AS THE DEFENDER OR NOT.

Boston, Jan. 22.—A member of the Lawson advisory board said tonight, in view of Captain Sycamore's comment to the effect that he hoped the cup races would not end the ninety-foot racing for the year: "No matter whether the Boston boat is selected to defend the cup or what the outcome of the races may be, Mr. Lawson is willing to sail the Shamrock a series of races off Marblehead or Newport."

America, though she may have innumerable yachts named after her, will probably go down in history as the most famous ocean yacht ever built on this side of the ocean. The contrast between her and the boats that will this year contest for the honor of defending the cup is strongly marked. Although America was a schooner, she was much smaller than the sloops that are now being built. It was just fifty years ago the coming of America, a schooner, built between her and the boats that will this year contest for the honor of defending the cup is strongly marked. Although America was a schooner, she was much smaller than the sloops that are now being built.

It was just fifty years ago the coming of America, a schooner, built between her and the boats that will this year contest for the honor of defending the cup is strongly marked. Although America was a schooner, she was much smaller than the sloops that are now being built.

The domestic and foreign iron markets ruled dull and without quotable change. The trading was slow. At New York pig iron warrants were quoted at \$9.50@10.50; Northern foundry, \$15@16.50; Southern foundry, \$14.50@15.75, and soft Southern, \$13@15.75. Glasgow was quoted at 53s, and Middleboro at 47s.

CHICAGO GRAIN MARKETS.

Chicago, Jan. 22.—In wheat today less interest was manifested in the speculative market, the operations being more local in character. The feeling, while a little unsettled, was weakened on the whole, closing at 1 1/4c decline. The prices depressing influences were disappointing cables, large movements in all directions and a let-up in the cash demand. At Liverpool, spot was 1/4c @ 1/2c penny lower, with futures 1/4c down. The market opened weak and there were further evidences of realizing by prominent longs. Provisions were selling late in the session. The primary receipts were 183,000 bushels larger than a year ago. The

VICTORIA IS DEAD; EDWARD VII REIGNS.

(Continued from Page Four.)

be able to render valuable services to his court in the present circumstances. His private views regarding imperialism are not known, but it is doubtful if he will allow himself to be deceived as to his political position. His reign began among a crisis to avert which is his first mission. His accession under such conditions has attracted the eyes of the world to England."

The French government will be represented at the funeral by an extraordinary embassy.

WALL STREET STOCKS.

New York, Jan. 22.—The influences in the stock market resolved themselves today into several distinct component parts which operated in conflict part of the time and never in clearly defined concert. The St. Paul and Northern Pacific stocks came into prominence late in the day after the news had been received of Queen Victoria's death. This event had been so definitely foreseen that there was little reason to expect that its actual announcement would cause any marked depression in the market; but, apparently, there was a possibility of selling induced by her majesty's demise.

After that event was reported there was a pause in the activity of the market, and shortly afterwards room traders set to work to bid up prices again. They lifted St. Paul and Northern Pacific 2% and the grangers, Pacifics, trunk lines and more prominent stocks generally from 1 to 2 points. The same traders were active in Sugar all day, making an extreme advance of 2 1/2.

On the other hand, the sensational movement in Missouri Pacific was brought to a sudden stop after a 3-point jump at the opening, and the Washab stocks also fell back. The extreme decline in Missouri Pacific was 7 1/2, and it closed at a net loss of 3 1/2. Other members of the Southwestern group were well sustained and the absorption of Washab's debenture bonds continued on an enormous scale at a price level greater than that of yesterday. The steel stocks were comparatively neglected, but the undertone was weak in spite of the less threatening utterances authorized by the trade magnates.

The late notable rise was not well maintained, especially in the stocks which were bid up most aggressively, and the closing was active, but rather easy and below the best.

Closing prices were as follows, Paine, Webber & Co., Marquette, reporting the figures: Au Zinc. 8 @ 10 Leather. 11 1/2 U S Oil. 11 @ 12 Fed Sil. 4 1/2 Cent Oil. 12 @ 13 Pfd. 6 1/2 Bisc. Com. 37 1/2 Peo Gas. 48 1/2 Tin. Com. 58 1/2 Atch. 94 Oil Pfd. 35 1/2 Pfd. 84 1/2 Nat. MONEY AND METALS.

New York, Jan. 22.—Money on call, steady, at 2 1/2% per cent. Prime paper, 3 1/4 @ 4 1/4 per cent. Exchange, 100 @ 100. Gold, 100 @ 100. Sixty days at \$4.83 1/2.

Copper, though a shade firmer at London, the closing price there being 27 1/2, 28 3/4, was inactive and nominally unchanged here, at 17 cents for Lake Superior and 16 1/2 for casting and electrolytic.

The domestic and foreign iron markets ruled dull and without quotable change. The trading was slow. At New York pig iron warrants were quoted at \$9.50@10.50; Northern foundry, \$15@16.50; Southern foundry, \$14.50@15.75, and soft Southern, \$13@15.75. Glasgow was quoted at 53s, and Middleboro at 47s.

BOSTON COPPER QUOTATIONS.

The closing prices of the Boston copper stocks yesterday, as furnished by Paine, Webber & Co., Marquette, Mich., were as follows: Adve. 9 @ 91 O D. 301 @ 31 Arc. 174 @ 181 Osc. 796 @ 80 Ash. 25c @ 26c Par. 481 @ 49 All. 24 @ 25 Quincy 163 @ 165 U. C & H. 850 @ 855 Tri-M. 204 @ 21 Cent. 214 @ 22 Utah. 32 @ 32 Cop Rgr. 374 @ 38 U. L. 24 @ 3 Fran. 151 @ 151 Viet. 34 @ 4 Isle Roy. 151 @ 151 Win. 41 @ 41 Mass. 123 @ 13 Wolv. 48 @ 49 May F. 14 @ 21 Wyand. 14 @ 2 Ana. 43 @ 44 Elm R. 41 @ 5 Moh. 234 @ 24 Bing. 151 @ 16 Mich. 54 @ 55 U. S. M. 94 @ 10 Old Col. 3 @ 31 C Erka. 122

clearings were moderate, at 336,000 bushels, and the seaboard reported twenty boatloads accepted. The North-west was credited with moderate purchases on the decline, and the advices from that quarter continued bullish.

Corn was moderately active, the range being 1/4c @ 1/2c down. The market was a little bearish and the selling rather more pronounced, the close showing 1/4c loss. The cables were weak, notwithstanding the strength here yesterday, due to larger arrivals. Spot at Liverpool was steady to 1/4c penny lower, with futures 1/4c @ 1/2c down. The country acceptances were moderate and the exports fair, at 450,000 bushels. Thirty boatloads were reported accepted. The local cash demand was better.

Oats were active, but weaker, closing lower with a decline of 1/4c. Free selling by shipping and elevator interests and speculators, combined with the break in other grains, carried the prices lower. The buying was scattered, there being some by yesterday's sellers. The cash sales were 50,000 bushels and the seaboard clearances 17,000.

The leading grain futures ranged:

Table with columns: Opening, Highest, Lowest, Closing. Rows for May Wheat and May Corn.

Removement of flour and grain was: Receipts, Shipments. Flour, barrels, 24,000, 26,000. Wheat, bushels, 87,000, 20,000. Corn, bushels, 579,000, 119,000. Oats, bushels, 390,000, 246,000.

SMELTING PLANTS ABSORBED.

MORE WORKS TAKEN OVER BY THE BIG TRUST—GREAT SAVING IN SALARIES IS PLANNED.

Denver, Jan. 22.—The News prints the following, upon the authority of a New York man, who has just arrived in Denver:

The absorption of the Guggenheim smelting plants by the American Smelting trust has been accomplished. Daniel Guggenheim has been named as chairman of the board of directors, with headquarters in New York, and extensive changes in methods of carrying on the work of the gigantic concern will be announced at an early day. The Guggenheims are given thirty-five per cent of the stock of the company, the total capitalization being \$100,000,000. E. W. Nash of Omaha is to continue as president of the company, and former Governor J. B. Grant of this city is to continue as chairman of the operating board.

Among the radical changes decided upon is the abolishment of general managers of the different plants. Up to the present time nearly every one of the plants has had a general manager at a salary ranging from \$15,000 to \$25,000 a year. These offices are to be wiped out, and each smelter is to have a superintendent, who is to report to the Denver headquarters, in charge of the Governor Grant. The abolishment of the offices of general manager will affect a saving, it is claimed, of \$200,000 to \$300,000 a year, and other decapitations, which are to follow as circumstances present, will enable the corporation to save not less than \$500,000 a year in salaries alone.

CARNEGIE GETS A NEW MINE.

ANOTHER VALUABLE VERMILION RANGE PROPERTY ACQUIRED BY THE OLIVER COMPANY.

Duluth, Jan. 22.—The Oliver Iron Mining company has taken a lease of another Vermilion range property. It is situated immediately north of the west forty of the Zenith location at Ely, and is described as Lot 2, Section 27-63-12.

The property is owned by Martin and William Pattison and Dr. Conan of Superior, and the lease runs to the Oliver company for a period of 50 years on much the same basis as that of the Pioneer mine. The minimum output provided for in the lease is 25,000 tons a year, and the royalty is 33 cents a ton and eight per cent of any advance in the price of the ore over \$3.50 a ton at Lake Erie ports.

The Oliver people have been conducting explorations upon Lot 2 for some time and the lease carries the assurance that they have found a considerable body of desirable ore. The Oliver company, owing to the proximity of the newly leased property, may, if found desirable, divert the ore through the Zenith shaft. If that plan should not be adopted then a shaft will be sunk upon the property and another mine developed. The deal for the Pattison-Conan property was concluded yesterday morning.

The Oliver Iron Mining company is the mining end of the Carnegie interests, and it is steadily branching out and increasing its iron ore holdings on the Vermilion as well as the Mesaba.

Kindles anew the fires of youth, balances the joys and sorrows of life. It's a real health tonic to use Rocky Mountain Tea made by Madison Medicine Co. 35c. Stafford Drug Co.

Coughs and colds come uninvited, but you can quickly get rid of them with a few doses of BALLARD'S HOREHOUND SYRUP. Price 25 and 50 cents. The Stafford Drug Co.

NOTICE. Marquette, Mich., Jan. 3, 1901. D., 1901, at 2 o'clock p. m.

J. E. SHERMAN, Secretary. (1-3-10)

CATARH OF THE HEAD.

is treated successfully by Bunsen's Cream Catarrh. Cures catarrh easily and pleasantly. Contains no mercury or other injurious drugs. Is quickly absorbed. Gives instant relief. Bunsen's Cream Catarrh opens and cleanses the nasal passages, allays inflammation, heals and protects the membrane and restores the senses of taste and smell. Regular size 50 cents. For sale by The Stafford Drug Co.

NOTHING ELSE CURES.

Why Paine's Celery Compound Is the Best Remedy in the World.

"When everything else has failed, Paine's celery compound has brought me back to health." The thousands of instances where this has been said—the scores of people in every community who have told this simple story; the downright, hard, cold facts; the grateful acknowledgements of men and women who have suffered from the diseases that have their origin in impaired nervous systems and sluggish, impure blood—these are what have made Paine's celery compound far and away the one remedy above all others that physicians prescribe and the public indorse.

It is by merit, and merit alone that Paine's celery compound has achieved its wonderful pre-eminence, not only in this country but throughout the civilized world. After the unfortunate person who is ailing because the blood needs new life, and the nerves require nature's food, finally tries Paine's celery compound, and gets immediate relief, another is added to the great multitude of people whose praise of this remedy has made the demand for it many times larger than that of all other remedies put together.

A person must have lost all confidence in his fellowmen who can read the virtues of Paine's celery compound as Santiago Rodriguez, M. D.; J. M. Bracho, Edwardo de la Torre, Porfirio Masvidal, E. F. Gato, O. E. Pineda, Pedro Herrera y Hermanos A. Rincón, Andres Angulo, Aurelio de Varona Quesada. Very truly yours, GEN. J. M. RODRIGUEZ.

Approval of men so highly esteemed in business and professional life. No remedy ever deserved so well of people in the ordinary walks of life, and none ever got such instant recognition from the discerning public. Its success has been confined to no one class of society.

CHICAGO & NORTH-WESTERN RAILWAY.

## Ishpeming and Vicinity.

CAUSES MUCH COMMENT. EVERY ONE IS TALKING ABOUT THE CANDIDACY OF H. N. MELOCHE.

Since announcement of H. N. Meloche's aspirations to the mayoralty was made, almost everyone is talking about it. Meloche reports that several hundred of his friends have personally congratulated him on his intention and that only two men have taken occasion to criticize him. If this is so Meloche is going to be a formidable candidate for the office. A report is current that Wm. Andrews will not enter the race, but on this subject Mr. Andrews has nothing to say. Another rumor which has rather startled the natives is that Meloche is already making up his list and promising certain offices in return for support. This the doctor flatly denies. He is busy framing his platform, he says, and has had no time to think of a slate, or the many political snags which will be his to distribute in the event of his election.

The Mining Journal reporter was handed this letter which he prints without comment: "Having read in Saturday's issue of your paper of the candidacy of H. N. Meloche for mayor of the city of Ishpeming, I wish to make a few timely remarks. I take the candidacy of the above as a bad joke on his party and if he should have such an intention, would advise his 'many' friends to send him away for a much needed rest. "A VOTER OF ISHPEMING."

### NOTABLE RECOGNITION.

IT IS GIVEN TO THE ALTRUISTIC TENDENCIES OF THE MANAGEMENT OF THE CLEVELAND-CLIFFS IRON COMPANY.

In the January, or Works Management, number of The Engineering Magazine the endeavors of the Cleveland-Cliffs Iron company to lead its employees in Ishpeming to beautify their homes and surroundings by giving annual prizes for gardening and the best kept premises are given notable recognition in an article on Altruism in Works Administration. Two illustrations, showing the results of the company's plan to improve the environment of its employees and their families, are given. One picture shows two of the 1899 prize gardens, the second the new office building surrounded by four views of prize homes.

Speaking of this prize method of securing landscape improvement, the article says: "This idea is not wholly confined to any one company, though it has not been followed very extensively in the United States, outside of the older New England factory towns. The most prominent examples, perhaps, are in England, including those of the Lever Brothers company at Sunningdale, and Cadbury Brothers at Bourneville. The Draper company at Hopedale, Mass., and the Cleveland-Cliffs Iron company, of Ishpeming, Mich., are further illustrations of this idea of neighborhood improvement and the use of prizes for good planting."

In this article the late of the Cleveland Hardware company's works, the Sherwin-Williams company, the Gorham company, the National Cash Register company, the Acme White Lead works, the Joliet Steel works, and of many other important industrial concerns of the country are mentioned along altruistic lines is intelligently illustrated and described. It is pleasing to find that the Cleveland-Cliffs Iron company's care for the comfort and welfare of its employees has put it in the company of some of the best known and most industrial concerns in the world.

The Works Management number of The Engineering Magazine is deserving of general attention. It is the finest issue of the kind that has ever been put out by this or any other publishing company. The articles are numerous and the illustrations are of a high order. The development and management of the Krup, Carnegie, Elswick and Westinghouse industries are described by writers intimately acquainted with these colossal establishments. The other articles are too numerous to mention in detail. The Works Management number of The Engineering Magazine sets a mark which will not be approached by similar publications for a long time to come.

### RESOLUTIONS OF RESPECT.

At a special meeting of Division No. 1, Ancient Order of Hibernians, Marquette county, held on Friday morning, Jan. 18, 1901, the following resolutions on the death of Brother Matthew Meehan were unanimously adopted: "Whereas, Our Heavenly Father has seen fit to remove from the watchful care of the devoted wife and children and from the midst of the brothers of this division, where his familiar face and kindly manner endeared him to us through many years, Matthew Meehan; therefore, be it resolved, That, while bowing submission to the will of our Creator, we hereby express our profound sorrow over the loss of such a true and steadfast Hibernian, whose life was devoted to his family, his church and the land of his adoption; "Resolved, That we deeply sympathize with the family of the deceased and tender to the widow of our deceased brother our best efforts for the welfare of herself and children; and be it further "Resolved, That a copy of these resolutions be spread upon the minutes of this division; that copies be presented to the family and relatives of the deceased brother; that our charter be draped in mourning for a period of thirty days, and that a copy be published in The Daily Mining Journal, The Iron Ore and the Peninsula Record."

(Signed) Daniel G. O'Connell, Robert Lyons, Michael Nolan, committee.

Ladies' tailor-made garments of all kinds turned out by J. H. Mortley. The ladies are invited to call. (1-47)

### A THOUSAND TONGUES

Could not express the rapture of Annie E. Springer, of 1125 Howard St., Philadelphia, when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the universe." So will every one who tries Dr. King's New Discovery for any trouble of the Throat, Chest or Lungs. Price 50c. and \$1.00. Trial bottles free at The Stafford Drug Co.; every bottle guaranteed.

### ISHPEMING IN BRIEF.

T. E. Foard of the Soo was in town yesterday.

A. W. Myers is spending a few days in Milwaukee.

Miss Mary Ames visited friends in Marquette Monday.

F. H. Vandenberg of Marquette was in Ishpeming yesterday.

Mrs. Joseph Comer has returned from a visit to Michigan.

Nels Clifton called on patrons in the western end of the county yesterday.

The Cleveland-Cliffs company paid its employees at Michigamme yesterday.

John T. Vern of Empire street was made the happy father of a girl yesterday.

Mrs. Chambers of Escanaba is spending a few days with her sister, Mrs. John S. Menzie.

The Gaynors will give their regular lesson Tuesday evening, Jan. 23, in Anderson's Hall.

A sum of money was found on Main street Monday. The owner can have the same by calling upon Mr. Corbett, Excelsior street.

Mr. and Mrs. Fred Labreche and Henry Routhier went to Escanaba yesterday as delegates to the state convention of the U. S. A. F.

J. H. Jaberg, for many years a prominent resident of Ishpeming, spent last night with friends here. He now resides at Hancock, where he is connected with the Finnish seminary.

The dancing party to be given tomorrow evening at the Anderson hall under direction of the United Workmen and Degree of Honor lodges promises to be well attended. The ladies propose giving their friends a fine lunch.

Mrs. M. J. Taylor, who is selling out her entire stock of millinery goods at a big sacrifice, has had many callers the past few days. Her goods were only slightly damaged by water and at the prices she has placed on them there are certainly many "snaps" to be had.

A delivery sleigh was struck on the crossing near F. W. Read's lumber yard Monday morning by engine No. 411. The engine was hauling an extra freight east and struck the sleigh on the rear end, lifting the body from the runners, but otherwise doing no damage.

Madame Jabarr, the phrenologist and palmist, who has been at the Nelson House a week or more, is doing a splendid business. She has many callers daily and all pronounce her readings of the past absolutely accurate. Her prices are within reach of all, ranging from fifty cents to \$2. She announces in this issue that she will conclude her stay here tomorrow.

The scholars of the tenth grade who take the domestic science course served a breakfast in the class room yesterday morning. Miss McIntyre, Miss McKay, Mr. Joffie and Mr. Ne-Collins were invited and accepted the invitation with alacrity. It was the first attempt of the girls to show their skill in cooking, but they got up a fine meal. The following was the menu: Fruit, cereal, poached eggs on toast, potato cakes, muffins and coffee. The girls will serve another breakfast next week.

### IN OLDEN TIMES

People overlooked the importance of permanently beneficial effects and were satisfied with transient action; but now that it is generally known that Syrup of Figs will permanently overcome habitual constipation, well-informed people will not buy other laxatives, which act for a time but finally injure the system. Buy the genuine, made by the California Fig Syrup Co.

The ladies of the county can now get their tailor-made garments at J. H. Mortley's. An expert is in charge of the new department. (1-47)

J. A. Voelker has a fine store room for rent at 105 Main street. (1-247)

It's folly to suffer from that horrible plague of the night, itching piles. Doan's Ointment cures, quickly and permanently. At any drug store, 50 cents.

Persons who lead a life of exposure, are subject to rheumatism, neuralgia and lumbago, will find a valuable remedy in BALLARD'S SNOW LINIMENT; it will banish pains and subdue inflammation. Price 25 and 50 cents. The Stafford Drug Co.

### ECZEMA—NO CURE NO PAY.

Your druggist will refund your money if Boro-Carbol Salve fails to cure, Ringworm, Tetter, Old Ulcers and Sores, Pimples and Blackheads on the face, Itching Humors, Blind, Bleeding or Itching Piles, and all skin diseases no matter how long standing. Price 25 cents. For sale by The Stafford Drug Co.

### A TWENTY-POUND BABY

can take Dr. Caldwell's Syrup Pepsin with as much safety and beneficial results as an adult. It is a mild liquid laxative and children thrive upon it. Syrup Pepsin assists nature in cleansing the system, and its use is not attended with any of the unpleasant gripings and nauseating effects caused by the use of pills or so-called cathartics. Try a 10c size bottle (10 doses) 25 cents. Also sold in 50c and \$1 sizes by The Stafford Drug Co.

## CLEARING SALE OF ALL HEAVY WINTER GOODS!

GOING AT COST. Bargains in All Winter Lines.

Jos. Sellwood & Co.

## Lower Michigan News.

During 1900 Gratiot county paid \$2,291 in sparrow bounty money, and of this amount one man got \$1,594. No wonder the people of that county want the legislature to repeal the bounty act.

One of the old saw mills on the shore of Muskegon lake is being torn down, and three others which have long lain idle will be served similarly soon. When this is done there will be but five mills on the banks of the lake, where in the rainy days of the lumber business there were nearly ten times that number.

Last spring an agent took an order from the officers of school district No. 3 of Huron township, Wayne county, for a school chart. That was the last heard of man or chart until a few days ago, when each member of the board who signed the order received a notice from a bank notifying him that it held his note for \$30.

McEwan Bros. & Co. of Bay City, whose salt block was destroyed by fire two years ago, are preparing to rebuild. The new works will have a capacity of 350 barrels a day. There are four fine producing wells on the premises. The increase in the price of salt, brought about by the trust has encouraged the owners of the property to enter the independent field.

Henry Allard, who is being kept at the county jail in Bay City on a body execution issued at the instance of Mary Baker, says he likes his surroundings very well and will remain there six months, or as long as she pays his board. He has a room on the third floor all to his own use, with no one near him excepting at meal times. He is an unmarried man, forty-seven years of age, a farmer by occupation and he knows of no other way by which he can make \$1,000 easier than by remaining where he is.

The bank of Wm. F. Sandell & Co., of New Baltimore was entered Friday night by burglars who blew open the safe and secured about \$3,500. They entered the bank by prying open the front door, and their tools, consisting of sledge hammers, pickaxes, etc., were left behind. The safe crackers escaped without being seen, stolen by engine No. 411. The engine was hauling an extra freight east and struck the sleigh on the rear end, lifting the body from the runners, but otherwise doing no damage.

He is an unmarried man, forty-seven years of age, a farmer by occupation and he knows of no other way by which he can make \$1,000 easier than by remaining where he is.

The bank of Wm. F. Sandell & Co., of New Baltimore was entered Friday night by burglars who blew open the safe and secured about \$3,500. They entered the bank by prying open the front door, and their tools, consisting of sledge hammers, pickaxes, etc., were left behind. The safe crackers escaped without being seen, stolen by engine No. 411. The engine was hauling an extra freight east and struck the sleigh on the rear end, lifting the body from the runners, but otherwise doing no damage.

Madame Jabarr is being kept at the county jail in Bay City on a body execution issued at the instance of Mary Baker, says he likes his surroundings very well and will remain there six months, or as long as she pays his board. He has a room on the third floor all to his own use, with no one near him excepting at meal times. He is an unmarried man, forty-seven years of age, a farmer by occupation and he knows of no other way by which he can make \$1,000 easier than by remaining where he is.

MASKED BALL FRIDAY NIGHT.

PREPARATIONS COMPLETED AND A VERY ENJOYABLE FUNCTION MAY BE LOOKED FOR.

The thirteenth annual masked ball for the benefit of the German Aid society will be held in MacDonald's opera house next Friday evening.

LOCAL L. CONICS.

Captain Newcombe was a Republic visitor yesterday.

Peter Lemire left for Iron Mountain yesterday morning.

Joseph Suss made a business trip to Republic yesterday.

James H. Howell of Detroit did business in Negaunee yesterday.

Charles Muck, Sr., went to Norway yesterday morning on business.

Two Finlanders left on Monday, via the South Shore line, for Pitsburgh, Mass.

M. Curley, cashier at the South Shore station, spent Sunday in the copper country.

John Johnson of Seattle, Wash., an old Klondiker, is visiting Thomas Trahen.

Mrs. Julius Demere has been laid up for the past week by a very severe attack of rheumatism.

Axel Rasmussen has opened a tailoring establishment in the store formerly occupied by M. Woolner.

The break in the arc light system which occurred Sunday was located and repaired Monday afternoon.

If you are in need of a new suit perfect in fit and first-class work guaranteed.

Elias Dawe has bought out the undertaking business of M. Woolner on Gold street. Mr. Dawe has been in town only two months but he already has built up a large trade.

Chris White, who has been spending a few days with J. D. Clark, left in town for Iron Mountain. While in town Mr. White, who travels for a Detroit dry goods house, took a large order from Rosen Bros.

Many an innocent little darling is suffering untold agony and cannot explain its troubles. Mark your child's symptoms, you may find it troubled with worms; give it WHITE'S CREAM VERMIFUGE and restore it to quietness and health. Price 25 cents. The Stafford Drug Co.

NEW BUILDING AND LOAN LAW.

MEASURES THAT MAKE RADICAL CHANGES NOW PENDING IN THE MICHIGAN LEGISLATURE.

Lansing, Mich., Jan. 22.—One of the most important pieces of legislation now pending during the present session of the legislature is that which contemplates a radical change in the laws governing the operations of building and loan associations.

ROBBED THE GRAVE.

A startling incident of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying 'Electric Bitters' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cts., guaranteed, at The Stafford Drug Co.

IMPROVEMENTS IN THE SERVICE.

The Marquette County Telephone company has had a gang of men at work about town for the past few days doing new construction work and putting the lines in first-class shape generally. Double cross-arms have been put in where the wires cross the various railroads, thus increasing the stability of the lines and precluding all possibility of danger from falling wires. This work was completed in Ishpeming some time ago, and the linesmen will make the same improvement in Marquette when the work here is finished. A telephone has been installed at the office of the Mass option, where the Cleveland-Cliffs company is setting up its diamond drills.

PRELIMINARIES NEARLY OVER.

The preliminaries in the billiard and pool tournament at the Negaunee club are about completed. The following gentlemen have won their matches in billiards: E. C. Anthony, J. H. Wheeler, A. W. Hald, and J. Q. Adams. John Perkins, P. Trudel, J. W. Williams, Jno. Nelson, Jno. McCall, T. M. Wells and Tom Pascoe. The winners will draw lots to see which will play together, but men of the same handicap will play each other as far as is possible. There will still be some matches put in, but it is expected that the slate will be cleared this week and the contest narrowed down to eighteen contestants.

LADIES' NIGHT.

Ladies will be admitted free in the Negaunee ice rink this evening. As this will be the first time that privilege has been accorded the ladies it is expected there will be a large attendance. Gentlemen will be charged 15 cents. Managers have decided to sell season tickets at \$2 each. This is such a reasonable price that a good many should be disposed of. The band will be in attendance again next Saturday evening. All who have thus far attended the new rink have enjoyed the skating very much.

LAW FOR FOREIGN CONCERNS.

The foregoing proposed provisions apply to Michigan associations. It is generally conceded that the existing laws governing the operations of foreign associations in this state are unconstitutional. United States District Judge Swan having practically held this in a recent case. For this reason a bill has been introduced covering foreign associations. It provides that before commencing business in this state these associations must secure a certificate of authority from the secretary of state, which certificate shall be issued only after the association has deposited with the state treasurer \$100,000 for the protection of its Michigan shareholders. The secretary of state is made the agent for the service of process can be had, and it is provided that a Michigan citizen can bring suit against the association at the place where its main office is located. In all other respects the foreign associations are required to comply with the bill proposed for the government of domestic associations.

STOMACH RELIEF.

The stomach is more often overworked than any other part of the human body. Countless numbers of people eat too much, and nearly every person in the world eats things that do not agree with the system. The stomach is the first organ to feel the evil effect and to suffer. The overplus of food and the things that are unwholesome, or often mildly poisonous, are emptied right into the stomach, and it is given the impossible duty of digesting and assimilating all this stuff. Is it any wonder then that the stomach suffers? Is it any wonder that it needs relief? When a man is overworked in this fashion he simply breaks down. Who can wonder then that the stomach is deranged by this unjust burden and must refuse to do its work?

JOHNSON'S STOMACH TABLETS.

It is because of this ignorant and unnatural eating that most people are afflicted with some sort of stomach trouble, which is usually followed by liver or bowel complaint. For this reason nearly everybody needs a stomach regulator to strengthen and invigorate the stomach and enable it to do its work well. In this situation

JOHNSON'S STOMACH TABLETS.

are the best possible remedy, because they give quick, sure and permanent relief. They act directly on the stomach, assisting it to rid itself of waste food and poisonous matter. They heal and strengthen the inflamed or weakened surface of the stomach, give fresh vigor to the whole organ and aid it in its work of separating the strength and nourishment in the food from the waste matter so that the valuable parts may be turned in new, healthy blood, bone, flesh and muscle. In this way it keeps men, women and children strong and healthy. JOHNSON'S STOMACH TABLETS are invaluable in all cases of malaria, indigestion, constipation, diarrhoea, biliousness, and every form of stomach, liver and bowel trouble. They are unequalled for this purpose and never fail to effect a swift and lasting cure when the directions are faithfully followed. As a gentle laxative JOHNSON'S STOMACH TABLETS are without an equal. They never fail to cause a movement of the bowels, no matter how acute the case may be. They are also used as a purgative by doubling or tripling the dose. If people could be made to realize how important to the health is the regular movement of the bowels, they would keep these tablets always at hand. JOHNSON'S STOMACH TABLETS purify the blood, tone and keep the system in order and cure that tired feeling. They are for universal use. Even though you feel well, a tablet will make you feel better.

UNIQUE TRADE WITH ITALY.

FRUIT BOXES SHIPPED FROM MAINE BY THE VESSELLOAD.

Bangor, Me., Jan. 22.—The largest cargo of fruit-boxes ever shipped from this country to the Mediterranean left Bucksport yesterday in the new four-masted schooner George C. Thomas for Palermo, Sicily. This vessel measures 127 tons, net register, which is two to three times the tonnage of the Italian brig and barques that come here for shooek cargoes, and she carries out shooek sufficient to make 720,000 boxes, or about three times as many as are ordinarily shipped in one cargo. The Thomas will probably make the passage in thirty to thirty-five days, or about one-half the time taken by the easy-going Italians in the trade, and she will be back on this coast again in the spring, with salt or sulphur.

A PROMINENT CHICAGO WOMAN SPEAKS.

Prof. Roxa Tyler, of Chicago, vice-president Illinois Woman's Alliance, in speaking of Chamberlain's Cough Remedy, said that she had a severe cold this winter which threatened to run into pneumonia. I tried different remedies but I seemed to grow worse and the medicine upset my stomach. A friend advised me to try Chamberlain's Cough Remedy and I found it was pleasant to take and it relieved me at once. I am now entirely recovered, saved a doctor's bill, time and suffering, and I will never be without this splendid medicine again." For sale by The Stafford Drug Co.

HAVE YOU KIDNEY TROUBLE?

Weak and unhealthy kidneys are responsible for many kinds of diseases and if permitted to continue much suffering with fatal results is sure to follow. In taking DeBell's Kidney Pills you afford natural help to nature for DeBell's Kidney Pills are the most perfect healers and gentle aid to the kidneys that are known to medical science. Try them today, 25c per box. For sale by The Stafford Drug Co.

A MOST WONDROUS CURE.

Eminent Physicians Pronounced it Consumption. Dr. C. D. Warner, Coldwater, Mich. Dear Sir:—I have received great benefit from your White Wine of Tar Syrup. I had a cough and the doctors gave up all hopes of my recovery and pronounced it consumption; I thought that was death for me. I tried everything that was suggested, but finally one of my friends prevailed upon me to use your White Wine of Tar Syrup. I took one and one-half bottles and am cured entirely. Such medicine I can recommend to those who are afflicted as was.

ALL WORK SCIENTIFICALLY PERFORMED AND SATISFACTION GUARANTEED.

Very respectfully yours, ELIAS DAWE, Doland, South Dakota. The Stafford Drug Co.

YARDS AND PLANING MILLS. Eagle Mills, Michigan, Marquette, Michigan, Negaunee, Michigan, Ishpeming, Michigan.

ROBBED THE GRAVE. A startling incident of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying 'Electric Bitters' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cts., guaranteed, at The Stafford Drug Co.

IMPROVEMENTS IN THE SERVICE. The Marquette County Telephone company has had a gang of men at work about town for the past few days doing new construction work and putting the lines in first-class shape generally. Double cross-arms have been put in where the wires cross the various railroads, thus increasing the stability of the lines and precluding all possibility of danger from falling wires. This work was completed in Ishpeming some time ago, and the linesmen will make the same improvement in Marquette when the work here is finished. A telephone has been installed at the office of the Mass option, where the Cleveland-Cliffs company is setting up its diamond drills.

PRELIMINARIES NEARLY OVER. The preliminaries in the billiard and pool tournament at the Negaunee club are about completed. The following gentlemen have won their matches in billiards: E. C. Anthony, J. H. Wheeler, A. W. Hald, and J. Q. Adams. John Perkins, P. Trudel, J. W. Williams, Jno. Nelson, Jno. McCall, T. M. Wells and Tom Pascoe. The winners will draw lots to see which will play together, but men of the same handicap will play each other as far as is possible. There will still be some matches put in, but it is expected that the slate will be cleared this week and the contest narrowed down to eighteen contestants.

LADIES' NIGHT. Ladies will be admitted free in the Negaunee ice rink this evening. As this will be the first time that privilege has been accorded the ladies it is expected there will be a large attendance. Gentlemen will be charged 15 cents. Managers have decided to sell season tickets at \$2 each. This is such a reasonable price that a good many should be disposed of. The band will be in attendance again next Saturday evening. All who have thus far attended the new rink have enjoyed the skating very much.

LAW FOR FOREIGN CONCERNS. The foregoing proposed provisions apply to Michigan associations. It is generally conceded that the existing laws governing the operations of foreign associations in this state are unconstitutional. United States District Judge Swan having practically held this in a recent case. For this reason a bill has been introduced covering foreign associations. It provides that before commencing business in this state these associations must secure a certificate of authority from the secretary of state, which certificate shall be issued only after the association has deposited with the state treasurer \$100,000 for the protection of its Michigan shareholders. The secretary of state is made the agent for the service of process can be had, and it is provided that a Michigan citizen can bring suit against the association at the place where its main office is located. In all other respects the foreign associations are required to comply with the bill proposed for the government of domestic associations.

TABLET'S BUCKETE PILE OINTMENT. Is the only remedy for blind, bleeding or protruding piles, indorsed by physicians; cures the most obstinate cases. Price 50 cents in bottles. 75c in tins. The Stafford Drug Co.

Neglected colds made fat graveyards. "Dr. Wood's Norway Pine Syrup" helps men and women to a happy, vigorous old age.

**FOR THE BUILDING FUND.**

**Marquette Citizen Gives Additional \$5,000 Toward Erection of New Library.**

**THIS SWELLS AVAILABLE MONEY TO THE SUM OF \$18,000.**

**Trustees Think That They Could Erect a Roomy, Convenient and Creditable Appearance Structure for \$25,000 and They Will Likely Get the Balance.**

**WILL BE ADMIRABLY LOCATED.**

A prominent Marquette citizen, whose name is reserved at his request, has notified Peter White that he is ready to give \$5,000 toward providing the public library with the new home which it is proposed to erect on the lot at the corner of Front and Ridge streets, donated by Mr. and Mrs. J. M. Longyear for that purpose.

This gift will be a welcome addition to the building fund and it brings the new library building much nearer than it was before the gentleman in question gave such a signal proof of his public spirit and generosity. When the money has promised becomes available the board of trustees will have \$18,000 cash ready to be used in building operations, \$10,000 of the amount having been subscribed by Mr. and Mrs. Peter White and the balance having accumulated from miscellaneous sources with the board's treasurer.

The board has the proposed new building in mind along and making that can help insure its early erection is being overlooked. The members are anxious that building operations shall be undertaken at the earliest possible date but they realize that the structure which will be put up under their direction will have to serve as a home for Marquette's library for many years and they propose to make it a building, the appearance of which will be entirely commensurate with the dignity and importance of the city.

Through the public spirit of Mr. and Mrs. Longyear there is available a site which could hardly be bettered, lying as it does on the border of the business and residence sections of the city and in a central location, and it is quite essential that upon it shall be built a structure which, while possessing the best and most convenient interior arrangement, shall have a reasonably imposing outward aspect.

**SHOULD HAVE \$25,000.**

The trustees realize all this and they hope to provide a building which will be voted just the thing. They are of the opinion that they should have at least \$25,000 with which to work. Of course even a larger amount would prove acceptable but it is believed that a creditable, convenient and fine appearing library could be put up for this sum. As there is, with the latest \$5,000 donation, but \$18,000 available it may be deemed advisable to make some disposition of the Washington street property which will provide the balance of the desired building fund. The building and lot are valuable and by

using them as an asset the board's bank account may be considerably increased. It was with this idea that the recent legislation was obtained, from the state senate and house of representatives, empowering the trustees to dispose of the property at its discretion.

Then there is always the contingency of further gifts. A number of Marquette citizens are to be thanked that the proposed new library building is even a possibility. Without their generosity, in the ordinary course of events, the city would wait years for a structure approaching that which it is proposed to build. There may be additional donations which will enable the board, without any difficulty, to carry out its plans in the desired manner.

Apropos of the new library proposition, a well known citizen of Marquette said to a Mining Journal representative recently: "I think there is a number of people that rank and file of Marquette people, those who have not made big donations toward the erection of the proposed new library, might take up on their shoulders. I refer to the purchase of the lot lying just south of that devoted to the trustees by Mr. and Mrs. Longyear. I think that it should be incorporated in the site of the proposed building. As the case stands now the new structure will about fill the corner lot and there will be no grounds to set it off. If both lots were incorporated in the building could be erected with a greatly improved architectural effect and its grounds, which could be made a perfect beauty spot, would not be the least of its attractions. In my opinion the people of Marquette should give this matter some attention. Personally, I will consider it a great misfortune if the new library is erected on the single lot."

**THEY ARE GOOD GIVERS.**

The latest promise of \$5,000 to be used in the erection of the new library will lead to the reflection that a number of Marquette's citizens, who command ample means, are good givers. The history of the Peter White library is a long story of gifts and donations. The gentleman in whose honor it is named has been its principal benefactor and he has spent thousands of dollars in its support. He gave it its Washington street home and was one of the first to suggest the desirability of providing larger and more handsome quarters. Since the new library project was outlined there have been four magnificent gifts made with a desire to hasten its consummation.

Another instance of the same fact is found in the Northern Normal, an institution which has been looked after very attentively by a number of Marquette people and which owes much of its early success to aid obtained outside the regular sources of revenue, which are invariably inadequate for a young and struggling school.

This is the season when one appreciates a well made cup of coffee, such as can be found at Heppner's.

The worst after effects of influenza arises from depressed actions of the liver. Clear the blood at once with HERBINE, for it will strengthen the liver to withdraw from circulation the biliary poisons. Price 50 cents. The Stafford Drug Co.

**LOOKING OVER THE GROUND.**

**Marquette & Southeastern Company Has Contractors Here.**

Representatives of a number of firms of well known railroad contractors are in Marquette this week looking over the proposed route of the Marquette & Southeastern railroad south of Marquette to a junction with the Munising line. They are here on the representations of the new corporation which has asked for bids on the section of road to connect this city and Munising. They are looking over the ground covered by the surveyors sent out by the Marquette & Southeastern people and are making observations and estimates preparatory to submitting figures to the new company. It is understood that the bids will be handed in before the close of much time and that the contract will then be let at once.

While the officials of the new company are unwilling to venture a prediction as to when work will be undertaken on the section of the road which will connect Marquette with the Munising line it stands to reason that it will be started immediately after the contract is let and, as the prospective bidders are now on the ground preparing to submit their figures, it does not appear that the question of who will do the work will be long in doubt. It is most probable that dirt will be flying south of the city before the expiration of six weeks or two months.

The Marquette & Southeastern company has as yet done nothing toward having the Longyear injunctions, which now prevent it from pursuing the construction work around Light House Point, dissolved. It is said that this matter will be given attention very shortly and that work will be resumed with a good force.

**CURLING IS PROSPERING.**

The Club Elected Its Officers Monday Evening.

The members of the curling club met at the ice rink Monday evening and transacted considerable business. Officers were elected as follows: President, Peter White; secretary and treasurer, George D. Sherman and chairman of the executive committee, F. J. Jenkinson. Messrs. Godwin, Sinclair, Cunningham, Needham and George D. Sherman were elected skips, this being the curling term for captain.

These skips will each have charge of a team, consisting with themselves, of three members. Each team will have the use of the rink one night of the week when its members will be expected to report for a couple of hours curling. The skip will be responsible for his men. He will communicate with them before nightfall and if any member of his team reports that he cannot turn out the skip must see that a substitute appears on the ice.

The regular teams will play with scrub organizations made up of any members of the curling club who may desire to take a hand in the game. Saturday night is reserved for team and tournament play and at least once a week the several teams will test their skill in this competition. The system of skips and teams is designed to maintain the interest in curling and to promote the general skill and efficiency of

the players. The officers of the curling club report that the interest is great and well sustained. The members are rapidly becoming good curlers and in the course of a few weeks they will be ready to try conclusions with the Soo team with every hope of making a creditable showing.

The first contest will be followed by a return match. Marquette people will be given an opportunity to see the Soo curlers in action. This opportunity will be greatly appreciated as the Soo-ites are said to be masters of the old Scotch game.

**WATER LEVEL.**

**It Is Lower Than Usual for Lake Superior This Winter.**

The following report on the water level of Lake Superior from J. H. Darling, assistant United States engineer, shows that it is lower than usual this winter: "The mean level of Lake Superior in December, 1900, by the U. S. gauge at Marquette was 1.33 ft. above low water datum. This is 0.38 ft. lower than the preceding month, showing that the stage is on the down grade, as usual at this season of the year. The normal fall from November to December is 0.26 ft. so the actual fall is 0.12 ft. in excess or the normal, and this is mainly owing to the large deficiency of rainfall in November which was noted in the preceding report.

"The stage of water last month was 0.09 ft. higher than in December 1899, a year ago, and is 0.99 ft. or very nearly one foot higher than the average December stage for the 28 years from 1872 to 1897.

"The past season has been remarkably favorable for navigation on Lake Superior in respect to the stage of water, and the relatively high water at its close is good indication for a fair stage at opening of navigation next spring."

**WERE BETTER YESTERDAY.**

**Coppers Had a Fairly Strong Closing Market.**

Coppers showed considerable improvement toward the close of yesterday's market. It really looks as if the worst of the reaction is over and as if better things are in store. Paine, Webber & Co., said: "Coppers continue very dull but they are strong. The whole market turned yesterday as we wired you and we think the good coppers a purchase. The interest in the market will broaden again as the activity increases. There has been very little pressure to sell any stocks on the reaction and we look for higher prices than we have yet had in coppers."

Strangers will find Heppner's a very convenient place in which to get a light lunch.

Jennie—To have a round beautiful neck wiggle your head from side to side every night take Rocky Mountain Tea. It's a short cut to a graceful form. 35c. Stafford Drug Co.
