SMELTING COMBINE. Interests of the Trust and Standard Oil Clique Are Merged. GUGGENHEIM WORKSTAKEN Capital Is Increased to \$100,000,000 and the Metal Selling Company Will Act as Agent.

COPPER WORLD AFFECTED. New York, April 8.—Attorney Samuel Untermyer tonight gave out a statement in which he says that a protracted meeting was held today at his office and continued tonight at Delmonico's which had reference to the litigation between the American Smelting company and the Standard Oil interests, represented by H. H. Rogers and Leonard Lewisohn, over the merging of the M. Guggenheim & Sons plants. Mr. Untermyer's statement goes on to say: "The differences are finally settled and the interests of the Standard Oil company are now closely allied with those of the American Smelting company, while the United Metal Selling company becomes the selling agent for the consolidated company. A certificate increasing the capital stock of the company to \$100,000,000 was filed with the secretary of state at Trenton tonight. In order to avoid any further complications, the new stock was immediately issued and delivered to the Guggenheims, and they have conveyed their properties to the company, so that the amalgamation is now complete."

SMELTING TRUST DECISION. Trenton, N. J., April 8.—Justice Dixon today filed the opinion of the court of errors and appeals in a case brought by the minority stockholders of the American Smelting & Refining company to enjoin the purchase of the property of M. Guggenheim & Sons. This opinion has been awaited with great interest by corporation lawyers, as it is considered most important as effecting corporations in New Jersey. The importance of the opinion lies in the construction placed by the court of the forty-eighth and forty-ninth sections of the general corporations act. Vice Chancellor Stevens held that the court could not go beyond the decision of the board of directors as to the value of the property to be purchased by the issuing of stock. The court of errors, on the contrary, holds it must be clearly shown that the value of such property is at least reasonably near the price to be paid and that the action of the directors is subject to review at the instance of any stockholder who considers himself aggrieved. In considering the right of the court to review the action of the directors, Justice Dixon says, the language of Section 48 of the corporations act is responsible as to the fact that the money paid in must equal the face value of the stock issued. The language of Section 49 is even more explicit, providing that a corporation may issue stock to the amount of the value of the stock. The distinction between a completed issue and corporate stock for property and an issue for money, Justice Dixon finds, lies not in a rule of valuation but in the fact that different estimates may be formed of the value of the property. When such difficulties are brought before a judicial tribunal, Justice Dixon says, the judgment of the court upon whom the duty of determining the value is placed must be accorded considerable weight, but it is not final. Justice Dixon points out that under Section 40, when corporate stock has once been issued for property purchased, the legislature has directed the application of another rule. Under such conditions, nothing but actual fraud in the transactions can impair the right of a stockholder to hold his stock as full paid stock and free from further call. Applying the rule as above laid down, Justice Dixon discusses the actual value of the property, the purchase of which was contemplated by an issue of \$45,000,000 of stock. He finds it admitted that the value of the Guggenheim plant as physical possessions did not exceed \$10,000,000, and with the cash to have been turned over left about twenty-three million dollars to be made up in the value of the good will of the business and leases and contracts the nature of which was not at any time disclosed in the proceedings. While the defendants claimed that the complainants had not borne the burden of the proof cast upon them, Justice Dixon holds that under the circumstances this rule should not be vigorously enforced at this stage. The proofs, Judge Dixon said, point strongly to the conclusion that in the negotiations between the parties the real value of the property to be acquired had not been the basis upon which

REBELLION IN CHINA. GEN. SIAN, WHOSE HEAD IS DEMANDED BY THE POWERS, AT THE HEAD OF THE REVOLT. Peking, April 8.—Rumors that have been current during the past few days of the outbreak of a rebellion, headed by General Tang Puh Sian, former commander of the northern army, in the provinces of Mongolia and Shen Si, are now absolutely authenticated. Li Hung Chang and Prince Ching have received information on the subject, which, though indefinite, still proves the court is seriously alarmed. Shanghai, April 8.—Yu Yin Lin, governor of Hei province, has been appointed governor of Kwang Si province, in succession to Hu Sang Hus Sen, who has been ordered to resign. This is interpreted to indicate that the reactionists of Sian Fu intend to introduce the Boxer movement in the southern provinces. CZAR'S PRESTIGE SHATTERED. London, Tuesday, April 9.—In a dispatch to The Times from Peking, Dr. Morrison comments upon the blow to Russian prestige in China resulting from the check to Russia's ambitions regarding Manchuria. "This blow is very severe," he says, "because Japan, whom the Russians have affected to treat with the utmost contempt, has had the largest share in dealing it. There is little doubt that Russia will renew the struggle in some shape or form. It is a remarkable outburst of popular feeling which has thus enabled China to withstand Russia. All the appeals against the convention concerning Manchuria were addressed to the emperor. It is, therefore, difficult to believe the emperor dowager has not been affected by the defeat of a policy of which her henchman, Li Hung Chang, is the sturdiest exponent."

CHAFFEE'S VIEWS VETOED. Washington, April 8.—A brief dispatch from General Chaffee was received today, but beyond the record of a casualty to a private soldier its contents were withheld from the public. It is believed the unpublished portion of the dispatch refers to the declaration of the other foreign military commanders to reduce the number of fortified posts and the strength of the garrisons between Peking and the sea to the proportions suggested by General Chaffee under the direction of his government. PASSENGER RATE WAR. Chicago, April 8.—The announcement of the Rock Island company that it will run cheap excursions between Chicago and Colorado points during the summer has stirred up the competing lines to the fighting point. Unless a compromise is effected a bitter war on passenger rates in the West may be the result. The Burlington today announced it would not only meet the rates announced by the Rock Island, but would run cheap excursions daily, instead of once a week, as determined by the Rock Island. The Burlington has decided to make rates of \$25 from Chicago, \$21 from St. Louis and \$15 from Missouri river points for the round-trip to Denver, Colorado Springs and Pueblo, effective daily from July 1 to 9 and from Sept. 1 to 10, inclusive, with final return limits to Oct. 31. The Rock Island people say they will meet whatever rates the Burlington may make. DREDGING CONSOLIDATION. Chicago, April 8.—There is a movement on foot to consolidate the dredging companies on the great lakes. J. A. Smith, of the Smith Dredging company of Cleveland, is ostensibly the projector of the combine, which, it is reported, will be capitalized at ten millions, but it is said he is acting simply as the agent of a group of capitalists. Mr. Smith has already secured several options for the purchase of the three principal dredging companies of Chicago—the Lydon & Drew company, the Fitzsimmons & Connell company and the Haush and Lutz company. He also is said to have made propositions for the purchase of the twenty-five or thirty other companies doing business in the principal lake ports. The object of the proposed consolidation is understood to be the abolition of the keen competition. NEBRASKA'S NERVY SUICIDE. York, Neb., April 8.—Guy Anderson of Waco, Neb., committed suicide yesterday noon, adopting a peculiarly unique means of ending his life. He wrapped barb wire around himself, tied the wire to a post at a straw stack, then ignited the straw and cut his throat, causing death to come amid most horrible tortures. Prairie du Chien, Wis., April 8.—Paul Meyer of Boscomb, one of the most prominent lawyers of the state, committed suicide this afternoon by shooting. No cause is assigned. St. Louis, April 8.—Frederic Schran, aged fifty-five, a broker, committed suicide today by poison. Cause: Business troubles. AGAINST RELIGIOUS ORDERS. Madrid, April 8.—Large and excited anti-clerical meetings at Malaga, Cordoba and elsewhere today passed resolutions demanding that the government expel the religious orders from Spain.

FEARS FOR M. LOUBET. French Detectives Get Wind of Plot to Kill the President. VIGOROUS PRECAUTIONS. Ten Thousand Troops Line the Streets of Nice While the Chief Executive Traverses Them. FETES AT TOULON TODAY. London, April 8.—A dispatch from Paris says that the French detectives have been privately informed of a projected attempt to assassinate President Loubet during his present trip. Extraordinary precautions have been taken everywhere and ten thousand soldiers have been detailed to maintain order during the president's stay at Nice. M. Loubet is inclined to laugh at the detectives' fears. GETS OVATION AT NICE. Nice, April 8.—President Loubet's arrival here today was signalized by a salute of a hundred guns and by the hearty plaudits of the great crowds of enthusiastic sight-seers. The streets were lined with troops and dotted with triumphal arches. The official receptions at the prefecture were well attended. The consular, military, municipal and religious bodies, through their representatives, delivered short addresses, which the president replied to. The utterances on both sides were without especial significance. After receiving the foreign consuls, M. Loubet was entertained by various officials at luncheon. MAKES MYSTERIOUS REFERENCE. The president's visit to Nice is merely the prelude to the more important fetes at Toulon, where M. Loubet will arrive Wednesday afternoon on board a warship, being escorted from Ville Franche by a French squadron. Speaking at the municipal banquet this evening, M. Loubet alluded to the situation of Nice on the frontier, remarking that her children realized the duties which this post of honor imposes upon them. This reference to Italy is the subject of some comment in view of the participation of the Italian navy in the celebration at Toulon. EMMANUEL'S SHIPS ARRIVE. Toulon, April 8.—The Italian squadron has arrived here, the battleship Le Panto, with the Duke of Genoa on board, heading the line. FRANCO-ITALIAN ENTENTE. REPORTED AGREEMENT REGARDING NORTH AFRICAN TERRITORY. London, Tuesday, April 9.—The Daily Chronicle publishes a dispatch from Tangier regarding a new Franco-Italian entente in north Africa. "This is likely to have great consequences," says the correspondent, "Italy ceasing opposition to the French designs in Morocco in return for permission to occupy Tripoli. It is suggested that Great Britain would welcome the creation of a friendly state between Tunis and Egypt. A big move is expected against M. Delcasse's interview with Count Lamsdorff in St. Petersburg."

EGG-ROLLING AT WHITE HOUSE. Washington, April 8.—The picturesque egg-rolling fete of the children of Washington occurred at the White House grounds today. The gathering of a multitude of youngsters of all ages, sizes and colors in the large terrace grounds back of the executive mansion each year of the Easter frolic is the sight of Washington. Last Easter 25,000 persons witnessed the festive and this morning's gathering indicated that fully as many persons were present today. Mrs. McKinley, whose love for children is well known, enjoys these frolics intensely and today spent most of the time at her window or on the White House veranda watching the little folks sport. ANN ARBOR'S PLAGUE CASE. Ann Arbor, Mich., April 8.—The university authorities refuse to make known the name of the student ill in the university hospital pest house with a mysterious disease supposed to be the bubonic plague, but it was learned tonight from a medical student that the young man's name is Charles E. Hare of Pawnee City, Neb. He has been taking special culture work in bacteriology, and it is supposed that in performing this work he became inoculated. Dr. Novy said tonight the young man was coming out of the disease all right. SMALL-POX AT KANSAS CITY. Kansas City, April 8.—Ten new cases of small-pox were reported today. There are now nearly 100 patients in the pest house. Of the 915 cases since the outbreak of the epidemic, only four have been fatal. TODAY'S WEATHER. Washington, April 8.—The following

is the weather bureau's forecast for Upper Michigan: Fair Tuesday and Wednesday; fresh north to northeast winds. COSTLY FIRE AT OTTAWA. RUSSELL THEATRE DESTROYED AND HOTEL LIKELY TO GO. Ottawa, Ont., Tuesday, April 9.—Fire is raging in the Russell House block. It is believed all the guests have succeeded in getting out of the hotel. The block includes the Russell Hotel, Russell theatre and several stores. The Russell House is one of the principal buildings in the city, and there were about two hundred guests in the building when the fire broke out. The Russell theatre was one of the finest in Canada and is a total loss. The "Bole of New York" Opera company has lost its scenery and costumes. SERIOUS RIOT IN MEXICO. MILITARY CLASHES WITH A MOB OF REVOLUTIONISTS. Laredo, April 8.—Reliable reports of a serious riot occurring yesterday at Lampasas, Mexico, a station on the Mexican National railroad, seventy miles distant, reached here today. It appears that the government of Mexico had a suspicion about a reported revolutionary occurrence at that place and yesterday morning the military stationed there arrested four prominent citizens. When they were taken to the depot, en route to Monterrey, a mob headed by Francisco Marraño, son of the famous General Marraño, appeared at the station. In the excitement that followed, one of the prisoners escaped. When the train left the leaders of the mob repaired to General Manzanor's castle, where they are at present surrounded. As soon as the governor heard of the disturbance 500 soldiers were dispatched to the scene by a special train. KNOCKS THE ENGINEERS' STRIKE. STEEL TRUST WILL NOT TREAT WITH MARINE MEN'S UNION. Chicago, April 8.—The Post this evening says: For the first time the United States Steel corporation has indicated its position in the marine engineers' strike by a clear-cut intimation to the Marine Engineers' Benevolent association, delivered today, that it will not consider any demands upon the part of the engineers' union and that its boats would be taken out of the Lake Carriers' association. If the employees of the steel corporation desire to take up any grievances they will be respectfully received and the grievances taken under consideration. Vessel owners generally have been waiting for an intimation on the part of the steel trust as to the position it would take regarding the strike. This now practically settles the issue between the vessel owners and engineers. If the latter insist on refusing to work for any member of the Lake Carriers' association simply because they belong to that organization, the strike will continue indefinitely. REMARKABLE CONFESSION. YOUNG MAN ARRESTED AT COLUMBUS SAYS HE FIRED A WHOLE BLOCK AT MINNEAPOLIS TO COVER STEALINGS. Columbus, April 8.—A young man giving the name of D. M. Depuy, arrested at the Chittenden Hotel on the charge of attempting to beat his board bill, today made a remarkable confession to the chief of police. He stated his right name was M. R. Depuy and that his home was at Minneapolis. While in Minneapolis he was employed as confidential clerk and bookkeeper for Fletcher Bros. In that capacity he claims he had the combination of the safe and one night stole \$200 from the safe and fled. In a few months after this he went back to Minneapolis and, as he had taken one of the front door keys with him, he let himself in and stole goods to the value of \$100. He then collected a lot of old letters and set fire to them and the fire destroyed the entire block. He made his escape again from the city and shortly afterwards was met by his parents at another place. He informed them of the crimes he had committed in Minneapolis and they aided him in getting away. His parents, whom he claims to be respectable and wealthy people, did this in order that he might escape prosecution and not disgrace them. He promised to reform and says that so far as his parents know he is supposed to be leading an exemplary life. Depuy said he had gone to Chicago and thence to Dayton, where he had a Pinkerton badge made and forged the names of Allen and William Pinkerton to a certificate that he was in their employ. From Dayton he came to Columbus. KING CHRISTIAN'S BIRTHDAY. Copenhagen, April 8.—The eighty-third birthday of King Christian was celebrated today everywhere in Denmark. The king is in quite good health and received the congratulations of officials, diplomats and other dignitaries. The streets of the city were crowded and in the square fronting the Amalienborg palace several thousand people constantly cheered the king, who in response appeared on the balcony with his daughters. CHICAGO GAS COMPANY WINS. Chicago, April 8.—The appellate court today, in an opinion voiced by Judge Winsor, reversed Judge Dunne's previous order and dissolved the injunction restraining the People's Gas Light & Coke company from collecting more than 72 cents per thousand feet on fuel gas in Hyde Park.

There was until very recently a decided sentiment in the legislature favorable to a reduction of the small state tax imposed for the benefit of the state university, and a bill to cut it down was introduced by Representative Randall.

Senator Atwood professes to be in earnest in moving for beer inspection by the state, to provide for which he has introduced a bill in the legislature.

AN ORDINANCE.
An ordinance amending section four of an ordinance relative to meetings and proceedings of the common council.

The City of Marquette Ordains:
Sec. 1. That section four of an ordinance entitled, "An ordinance relative to meetings and proceedings of the common council," adopted March 8, 1892, be and the same is hereby amended so as to read as follows:

MARQUETTE COMMON COUNCIL PROCEEDINGS.
(Official.)
Marquette, Mich., April 1, 1901.

Marquette, Mich., April 4th, 1901.
Pursuant to Sec. 1 of Chapter V of the Charter, a session of the common council was held in the recorder's office, and was called to order by the mayor, the Hon. Joseph F. Neidhart.

On motion of Alderman Stevens, seconded by Alderman Ekstrom, the council adjourned until Thursday, the 4th day of April, 1901, at 8 o'clock p. m.
DANIEL S. DONOVAN, Recorder.

On motion of Alderman Bush, the mayor appointed a committee of three, Aldermen Jones, Stevens and Gorman, to tabulate the votes cast at the election held on Monday, the 1st day of April, 1901.

Resolved, That the common council has ascertained from a canvass made by them of the returns of the inspectors of election held in the several wards of the city on April 1, 1901, of the votes cast therein for city and ward officers, and does hereby determine and declare that the following persons, by the greatest number of votes given in the several wards at said election, are duly elected to fill the following city and ward offices, respectively:

WARD OFFICERS.
First Ward—Supervisor—John Connors.
Alderman—Michael W. Shea.
Second Ward—Supervisor—Joseph Fay.
Alderman—Daniel J. Donovan.
Third Ward—Supervisor—James E. Ball.
Alderman—James E. Ball.
Fourth Ward—Supervisor—Frank Frei.
Alderman—Ernest H. Bush.
Fifth Ward—Supervisor—Abel F. Agnew.
Alderman—Alfred Fleury.
Sixth Ward—Supervisor—Jacob Smith.
Alderman—John Siegel.
Seventh Ward—Supervisor—Stephen Kemp.
Alderman—Emil Gustafson.
Eighth Ward—Supervisor—Edwin J. Sink.

Your Liver
Hood's Pills
Will be roused to its natural duties and your biliousness, headache and constipation be cured if you take Hood's Pills

Alderman—Merwin E. Astre.
The council then, on motion, adjourned.
DANIEL S. DONOVAN, Recorder.

Marquette, Mich., April 4, 1901.
An adjourned regular session of the common council was called to order by the mayor, the Hon. Joseph F. Neidhart.

The petition of John Plattenberg, asking permission to erect a two-story frame dwelling house on the north side of Beak street, between Third and Fourth streets, was presented, and, on motion of Alderman Ward, referred to the fire wardens.

The monthly reports of all the justices of the peace were presented, and, on motion of Alderman Astre, ordered placed on file.

On motion of Alderman Bush, the mayor appointed a committee of three, Aldermen Jones, Stevens and Gorman, to tabulate the votes cast at the election held on Monday, the 1st day of April, 1901.

Resolved, That permission and authority is hereby granted the Marquette & Southeastern Railway company to make the changes in the grade of its street from Walnut street to Whetstone Brook, and in the ore dock approaches, as mentioned in the foregoing report.

COPPER COUNTRY NEWS.
[Additional.]
GREAT MINE ON THE KEARSARGE.
BRAINEID T. JUDKINS WRITES OF THE MOHAWK PROPERTY.

In its Saturday issue, the Boston Transcript publishes the following concerning the Mohawk property, written by Brainerd T. Judkins, formerly of Houghton but now "copper man" for a leading Boston house:

All my reports from the Lake Superior district regarding the Mohawk mine are of a very satisfactory nature. It is one of the new Lake properties that I have watched with much interest ever since the first explorations were made by John Stanton in 1897-1898, the showing in the several pits sunk along the line of the lode at that time giving every promise of a productive property.

The lode worked is the same as that worked with such good results at both the Kearsarge end of the Oscoda and at the Wolverine mines, the latter mine for the year ended June 30, 1900, showed returns of 25.77 pounds of refined copper to ton of rock stamped.

By the last annual report of the Mohawk we find "that contracts have been let for the building of a stamp mill, planned for the reception of four heads of stamps of the largest size, two of which will be installed at the start, with a capacity of not less than 1,000 tons of rock every twenty-four hours, which can be furnished by the mine when the heads are ready to start."

Commencing Wednesday evening, May 1, Captain Hendrickson, of Company G, Houghton Light Infantry, will have his men drill twice a week, instead of once, as is now the practice.

HE FOOLED THE SURGEONS.

SHOCKED BY LIVE WIRE.

R. EGGLESTON HAS CLOSE CALL FROM DEATH AT HOUGHTON.

Ray Eggleston of Houghton had a very narrow escape from instant death about 9 o'clock yesterday morning at the Peninsula Electric Light & Power company's plant. The young man was temporarily employed at the plant, helping in the installation of the new dynamo, and while working on a traveling crane his head accidentally came in contact with one of the overhead live wires. Eggleston received a fearful shock. He was rendered unconscious and at first it was thought the electricity had killed him. His fellow employees did all possible to revive the young man while medical aid was being summoned. In a short time, however, Eggleston came to his senses but felt exceedingly weak and was suffering with severe pains in his head. He was removed to his home, where it is thought he will soon recover from the experience. It is not known positively just how strong was the current, but it is estimated several thousand volts shot through him. Eggleston was formerly in the employ of the Portage Lake Hardware company of Houghton. He is twenty years of age, and lives with his sister and brother-in-law, C. D. Markham.

BALL GAME FRIDAY NIGHT.

The Houghton Light Infantry team and the Calumet Rivals will play indoor baseball at the Houghton Armory Friday night, Wednesday not being selected because that is drill night. Much interest is already taken in the game and a large crowd will undoubtedly be present. Calumet as usual figures on sending down a good-sized delegation of "rooters." It is likely that one more contest between the two aggregations will be arranged and that the indoor baseball season will then close.

WILL SUE THE RAILROAD.

A petition was filed in the probate court yesterday by the relatives of the late Con Sullivan, who was killed on the Copper Range railroad recently, asking that an administrator be appointed for the estate of Sullivan. It charges the company with negligence and willful wrong, and the relatives will commence suit.

RAILS ARRIVING.

Rails, poles, ties and timber are arriving daily for the construction work on the new extension to Calumet of the street car line. The work on the foundation of the piles for the Tecumseh overhead crossing will commence this morning.

"Little Colds." Thousands of lives sacrificed every year. Dr. Wood's Norway Pine Syrup cures little colds, cures big colds too, down to the very verge of consumption.

WELCOMING PLANS UPSET.

RETURNING SOLDIERS NOT COMING IN A BODY AS EXPECTED.

The plans of the members of old Company F of the Thirty-fourth Michigan Volunteers, for the welcoming home of the Houghton boys who recently reached the states after a hard campaign in the Philippines with the Thirtieth regiment, have been considerably upset owing to the fact that the returning soldiers will not come to Houghton in a body, as was first expected, but will come straggling in one at a time. Preparations by old Company F were going ahead until a telegram, asking if the Houghton soldiers of the Thirtieth intended reaching home together, was answered to the effect that the boys would come separately. Then further plans ceased, as it was not thought advisable to welcome each one with a parade and a band. Something will be done later, however, for if the boys are in good physical condition when they all reach home a banquet will likely be tendered them. In the meantime nothing definite in the way of preparations will be done.

The Calumet militiamen are in the same boat as their Houghton comrades, as far as the welcoming of returning Philippine soldiers is concerned. However, the veterans of Calumet and the members of the Light Guard intend giving the Calumet boys a banquet at the Light Guard Armory Friday night.

As the great bulk of the ex-soldiers of the Thirtieth reached Chicago Sunday evening, it is likely that some will reach the copper country this morning.

COLLEGE CONCERT TONIGHT.

The initial concert of the Michigan College of Mines Glee & Mandolin club, previous to the tour of iron country towns, will be given at the Houghton Armory Opera House tonight. The seat sale has been big and indications now are that the hall will be well filled with friends of the school.

The members of the club will leave tomorrow for Ishpeming, where a concert will be given in the auditorium of the High school building in the evening. Thursday evening an entertainment will be offered at the Marquette Opera House and Friday night the Calumet High school under auspices of the high school students. The boys will travel in a special car and in style. It is anticipated that their concerts will be well received by the public, as the programs to be rendered are of the first order and have been practised to a high degree of excellence.

FIRE LOSSES COMPARATIVELY SMALL.

HOUGHTON DEPARTMENT MADE GOOD RECORD THE PAST YEAR—ANNUAL MEETING TONIGHT.

The annual meeting of Continental Fire company of Houghton will be held at the village hall this evening, and business of importance is likely to be transacted. The reports of the several officers of the company will be read and, perhaps, the most interesting of these will be that of the secretary, who has kept track of the different alarms and made memoranda on the same during the past year.

Taken as a whole, the record achieved by the Houghton firemen during the fiscal year ended March 31 is an excellent one. The boys were handicapped at times by the lack of proper apparatus for fire fighting, the present outfit being wholly inadequate and inefficient for big fires. The village has grown so in the past few years that the paragonical on hand is not in comparison to the size or needs of the place. It is generally understood, however, that the village intends getting an entirely new and up-to-date outfit the coming summer. The council has long recognized the necessity of it, but for reason of other expenses has put off the buying of the new apparatus until the way clear to do so could be seen.

SEVENTEEN ALARMS.

During the past year there were seventeen alarms, three in May, two in June, three in July, one in August, one in September, one in October, one in November, four in December and one in March. Of that number, five were false alarms and six chimney fires. The alarm for the first fire was from box 32 at 2:45 a. m. on June 24 and proved to be the fire in the Copper Range Hotel, which building was partially destroyed. The blaze was a bad one. The next fire occurred at 10:45 a. m. Sept. 12 in the basement of the Sheldon-Dee building, the alarm being sent in from box 42. The damage done was mostly by water and smoke, not much property being burned. On the evening of Oct. 15, at 9:35 an alarm was sent in from box 43 for the fire in the Miller store. The fire in the Young building occurred on the morning of Dec. 26 at 1:35 o'clock, the alarm being sent through box 43. The fire was the worst of the year and the structure was practically destroyed. In fighting that blaze the Houghton fire department, aided by the Hancock firemen, demonstrated what it could do in a case of dire necessity and working under several disadvantages. On March 8, at 11:45 a. m. fire broke out in James Williams' residence, which was partially destroyed. The last fire, the day before the ending of the fiscal year, was on March 29, when the upholstery of D. C. Petersham was gutted. The blaze occurred in the evening about 9 o'clock. The loss (estimated) by reason of the six fires was small.

MEN MAY SOON BE PAID.

It is likely that there will be some changes in the officers of the company at the annual election tonight. At present the company numbers fifty-six men, but only about twenty-five are active workers. It is thought probable that before long the company will be put on a paid system, each man receiving a certain remuneration for his services, which at present are given free gratis. When that time arrives the membership of the company will be cut down to twenty-five. If the bill now before the state legislature—providing that 2 per cent of the total amount of all insurance premiums in a town shall be paid out for the support of a fire company—passes, Houghton will have the paid system earlier than otherwise. The measure is similar to one passed by the Wisconsin legislature, and as it is strongly favored will likely go through.

SICK BENEFIT FUND.

It is likely that some discussion relative to the establishment of a sick benefit fund for members of the company will take place tonight. The matter, as mentioned before, is in favor with the firemen although for a considerable period not much interest was taken in the project. It is not known as yet whether the money to be paid for sick benefits will be taken out of the treasury or a fund kept up by the payment of regular dues; it will likely be the former, however. The finances of the company are in the best of shape at present, and it is thought all demands that may arise could be supplied.

COPPERDOM BRIEVITIES.

Copper country schools resumed their sessions yesterday after the Easter vacation of a week.

The funeral of the late Mrs. Patrick Coughlin was held from St. Patrick's church, Hancock, at 9:29 o'clock yesterday morning.

Edmund DeRoche and Miss Eva Perrault of Kearsarge received a marriage license at the office of the county clerk yesterday.

Rev. R. N. Scott, the new pastor of the Portage Lake Baptist church, Hancock, preached his first regular sermon there Sunday morning.

The number of deaths in Houghton county for the year 1900, as recorded in the county clerk's office, was 355, compared with 398 in 1899.

The members of E. R. Stiles post, G. A. R., of Houghton are winding up the preparations for their annual ball to be given at the Houghton Armory Thursday night.

James Sweeney of Detroit, secretary of the British American Gold & Copper Mining company, arrived in Hancock last night and will be the guest of R. H. Merrick for several days.

The Hancock village council held a special meeting yesterday afternoon, but paving matters were not considered, there being too much other business along routine lines. A new fire warden was appointed.

Young men of the Finnish nationality of Hancock are endeavoring to interest fifty of their number for the purpose of organizing a club to conduct regular social events among the Finnish people of that village.

Car No. 6 of the street railway company, while making a slow turn from the Houghton end of the county bridge to Sheldon street, enroute to Houghton from Hancock, left the track at about 10:45 o'clock yesterday morning.

A large puddle of water at the place, caused by the spring thaws, was the cause of the mishap. After some difficulty the trucks were replaced on the rails and with the exception of the loss of a little time no damage was done.

Pilgrim lodge, N. 47, I. O. O. F., Houghton, will hold a regular meeting for work in the third degree Friday night. After the lodge sessions, refreshments will be served and a general good social time had.

A boxing carnival is scheduled to be pulled off at the Laurium Opera House Monday evening, April 22, and it is said that several of the prominent "pugs" of this section will participate. Liberal purses, it is reported, will be offered.

The Houghton Light Infantry's fifteenth annual ball, given at the Armory last night, was a brilliant success in every way and the members of the company are to be congratulated on their efforts. Over 100 couples were in attendance, including a good-sized crowd from Calumet.

A meeting of the Laurium council was held at the village hall last evening and business of much importance transacted. The bond issue question was considered and arrangements made for its flotation, while a board of public works (consisting of five taxpayers of the village) which will have charge of all improvements was chosen.

The meeting called by W. H. Wing, of the Hancock Y. M. C. A., for Saturday night for the purpose of organizing a track team and discussing athletics in general, did not prove the success anticipated because of the absence of several whose presence had been counted upon. Another meeting is announced by Mr. Wing for Wednesday night and in the meantime he will try to get the boys to attend.

A new steam roller for road-making purposes will be received the early part of next month for Calumet township. It will be a Kelly machine, weighing 35,000 pounds and costing \$3,000. The roller will be exactly the same as the one recently ordered by the Laurium village council. It is expected that good roads will be made at Calumet during the summer, as the stamp rock spread on the highways which formerly had to be packed down by teams will now be quickly and effectively put in shape for travel by the new rollers.

MARQUETTE COMMON COUNCIL PROCEEDINGS.

(Continued from Page Two.)

going letter of J. F. Deimling, chief engineer of said company, to the chairman of the street committee, and in accordance with said letter and the profile and sketches submitted with said letter.

Provided, That said company shall grade, curb and macadamize, at its expense, those portions of said street wherein the grade is changed, and shall satisfy all legal claims of the owners of property along said street for damages, if any, occasioned by such change of grade; and

Resolved, That a stone retaining wall, one foot above grade of street roadway, with six-inch coping and close iron fence at least four feet high thereon, be constructed along the west side of railway where the same shall be constructed below street grade south of Superior street.

Yeas—Aldermen Asire, Bush, Delf, Donovan, Fleury, Gorman, Gustafson, Jacobs, Jones, O'Neill, Reau, Shea, Stevens, Ward and Werner.

Resolved, That the rights of the Duluth, South Shore & Atlantic Railway company to maintain and use the said three approaches shall not by the said changes be in any manner lessened or impaired, but on the contrary, the city of Marquette hereby recognizes and confirms all the rights of maintenance and use thereof heretofore granted to said railway company.

The committee on ordinances, rules and legislation recommended that the ordinance relative to public entertainments be amended so as to provide that the annual license for the Marquette Opera House be \$25 per year, and for bowling alleys \$2.50 per month, and that Mitchell's skating rink be exempted from the payment of license for the past season.

On motion of Alderman Delf, the recommendation of the committee was adopted, and the city attorney was instructed to prepare the necessary ordinance.

The committee on ordinances, rules and legislation presented for adoption an ordinance entitled, "An ordinance amending section four of the ordinance relative to meetings and proceedings of the common council."

Moved by Alderman Ward, supported and carried, that the rules be suspended and that said ordinance be put upon its immediate passage. Said ordinance was, on motion of Alderman Ward, adopted by the following vote:

Yeas—Aldermen Asire, Bush, Delf, Donovan, Fleury, Gorman, Gustafson, Jacobs, Jones, O'Neill, Reau, Shea, Stevens, Ward and Werner.

The committee on ordinances, rules and legislation presented the following ordinance for adoption: An ordinance amending an ordinance providing the manner of voting upon any question of borrowing money and the holding of elections thereon, by adding two new sections thereto to stand as sections eight and nine, of the City of Marquette Ordinances.

Sec. 1. That an ordinance entitled "An ordinance providing the manner of voting upon any question of borrowing money and the holding of elections thereon," adopted July 6, 1897, be and the same is hereby amended, by the addition thereto of two sections to stand as sections eight and nine, said new sections to read as follows:

Sec. 8. Whenever any question of authorizing the raising of money by loan upon bonds has been ordered to be submitted to the qualified electors of the city at any special election to be held at the city hall or any place other than in the several wards of the city, such election shall be conducted and the votes be counted, certified and returned in the same manner as near as practicable as in elections for city officers.

Sec. 9. In any such special election mentioned in section eight of this ordinance, the registration of electors provided for in section one of this ordinance shall be dispensed with, but the several ward registration books shall be delivered at the opening of the polls to the inspectors of such election, who shall during such election enter or permit to be entered in the proper ward registration books the names of such electors of the city as shall appear and make oath to their qualifications as such electors.

Moved by Alderman Donovan, supported and carried, that the rules be suspended and that said ordinance be put upon its immediate passage. Said ordinance was, on motion of Alderman Donovan, adopted by the following vote: Yeas—Aldermen Asire, Bush, Delf, Donovan, Fleury, Gorman, Gustafson, Jacobs, Jones, O'Neill, Reau, Shea, Stevens, Ward and Werner.

quette for the payment of the principal and interest of such bonds.

Sec. 2. The question of raising such loan shall be submitted to the qualified electors of said city for their approval at a special election hereby appointed and called for that purpose to be held at the City Hall in said city on Monday, the 29th day of April, 1901, from 7 o'clock a. m. until 5 o'clock p. m., which election shall be conducted by such inspectors and officers as shall be hereafter appointed by the council.

Sec. 3. Said question shall be printed upon the ballots and be submitted to the electors in the following form, to-wit: "Shall the common council be authorized to borrow twenty thousand dollars and to issue bonds therefor for the purpose of raising money for municipal improvements?"

Sec. 4. The recorder, election commissioners and the inspectors and other officers of election shall be governed in all things pertaining to said election by the provisions of an ordinance entitled, "An ordinance providing the manner of voting upon any question of borrowing money and the holding of elections thereon," as amended on April 4, 1901.

Moved by Alderman Donovan, supported and carried, that the rules be suspended and that said ordinance be put upon its immediate passage. Said ordinance was, on motion of Alderman Donovan, adopted by the following vote: Yeas—Aldermen Asire, Bush, Delf, Donovan, Fleury, Gorman, Gustafson, Jacobs, Jones, O'Neill, Reau, Shea, Stevens, Ward and Werner.

The controller read the reports of the auditor and the auditor and the auditor, which were accepted and ordered placed on file.

Alderman Asire moved that one thousand dollars be transferred from the general fund to the highway fund, carried.

The following bills and claims, having been audited by the controller, on motion of Alderman Jacobs, were allowed and ordered paid:

You don't have to wait a year, these days, to know what is going on in China! And it doesn't take two months to hear news from London!

The newspapers keep you posted. They have been posting you about Ayer's Sarsaparilla for nearly fifty years.

This newspaper says that Ayer's Sarsaparilla is the greatest spring medicine you can possibly take. There's nothing like it for a nerve-bracer, nothing like it to lift off a heavy load.

Why not feel as well every spring as Nature does? She isn't asleep, doesn't go around discouraged and all tired out! She's alive, wonderfully alive. Take Ayer's Sarsaparilla, wake up, get some new blood in you, and do something!

One dollar a bottle. All druggists. Ask your doctor what he thinks of Ayer's Sarsaparilla. The probability is he has prescribed it a great many times and knows just what it will do. Then ask him if he does not think it is precisely the medicine you need this spring. J. C. AYER CO., Lowell, Mass.

VICTORY FOR RAILROADS. SUPREME COURT'S DECISIONS IN LONG AND SHORT HAUL CASES ARE IN THEIR FAVOR.

Washington, April 8.—In the United States supreme court today, an opinion was handed down by Justice White in the various cases involving the long and short haul clause of the interstate commerce law.

The principal opinion rendered was in the case of the East Tennessee & Georgia Railroad company, the charge being to the effect that a lower rate was charged on freight carried to Nashville than was charged on freight to Chattanooga, the distance to the first point being greater than to the latter.

The decisions of the interstate commerce commission, circuit court and circuit court of appeals were all antagonistic to the railroad company on different grounds. The opinion handed down today reversed all these decisions and was in favor of the railroad company, though without prejudice.

The decisions in the other cases were on the same lines. Mrs. J. No matter what causes facial eruptions, absolute cleanliness inside and out is the only way to cure them. The decisions of the interstate commerce commission, circuit court and circuit court of appeals were all antagonistic to the railroad company on different grounds. The opinion handed down today reversed all these decisions and was in favor of the railroad company, though without prejudice.

MRS. KELLOGG'S STATEMENT. "One year ago I read a letter in a paper telling how much good one woman had derived from Lydia E. Pinkham's Vegetable Compound. I had been sick all winter, and was nearly discouraged, as the medicine the doctor gave me did me no good. I had kidney complaint, leucorrhoea, itching, bearing-down feeling, and painful menstruation. I wrote to Mrs. Pinkham, describing my trouble, and soon received an answer telling me what to do. I followed her instructions and have taken nine bottles of Vegetable Compound and used one package of Sanative Wash and one box of Liver Pills. I am well now, do not have those sick spells at the monthly period, but can work all day, and that I never could do until I began taking the Compound. I cannot praise the Compound too highly. I do hope every suffering woman will learn of the Pinkham remedies and be cured as I have been. I wish all success to the Compound; it has done wonders for me, and I am so thankful."—MRS. Nays—None. The controller presented the special assessment roll for a sewer in Champion street. On motion of Alderman Ward, the following was unanimously adopted: Resolved, That Special Assessment Roll No. 34, for the construction of a sewer in Champion street, from the manhole in the center of Genesee street to the center of Third street to a point 500 feet west, be and the same is hereby approved; and that Monday, the 6th day of May, 1901, at 8 o'clock p. m. be fixed for the consideration of objections to said improvement and for the final confirmation of said roll, and that the recorder give notice thereof as required by law. The controller presented the special assessment roll for a sewer in Fisher street. On motion of Alderman Ward, the following was unanimously adopted: Resolved, That Special Assessment Roll No. 35, for the construction of a sewer in Fisher street, from the manhole in the center of Third street to a point 500 feet west, be and the same is hereby approved, and that Monday, the 6th day of May, 1901 at 8 o'clock p. m. be fixed for the consideration of objections to said improvement and for the final confirmation of said roll, and that the recorder give notice thereof as required by law. On motion of Alderman Ward, the controller was instructed to advertise for bids for the construction of a sewer in Champion street. On motion of Alderman Ward, unanimously supported the following resolution was adopted, the recorder putting the motion. Whereas, The Hon. J. F. Neidhart after this meeting retires from the office of mayor and ceases to be the presiding officer of this council, therefore be it Resolved, That the members of this council appreciate the honest and efficient administration which he has given the city and also the impartial manner in which he has presided over our deliberations during the past three years, and further to show such appreciation on our part we extend to him our hearty vote of thanks. Moved by Alderman Bush, that the mayor appoint three inspectors for the special election to be held in the city hall, on Monday, April 23rd, 1901. Supported by Alderman Donovan and carried. The mayor thereupon appointed the following named gentlemen as such inspectors: Walter T. Ward, Joseph E. Reau and Percival J. Delf, said appointments were duly confirmed by the council. The council then, on motion, adjourned. DANIEL S. DONOVAN, Recorder. What you get for your money is as important as what you pay. The R. L. DRILLING TO BE STARTED. GEORGE MAAS AND OTHERS WHO ARE EXPLORING ON THE SEAGER ESTATE WILL SOON HAVE DRILLS AT WORK HERE.

George Maas and his associates, who have been exploring on Section 11 of the Seager estate for some months past, will start two or three drills this week or next. Will Maas will have the drills in charge and in speaking of the matter yesterday, he stated that they were to be of the churn variety, as it is impossible to operate diamond drills on that location for many reasons. It has been the plan from the first to work drills in conducting this exploration but at the start test-pitting was the method employed. The snow is going so fast that it will be possible to work with drills much sooner than was expected.

Further investigation into the case of Florence Outlet reveals the fact that her escapade of last Thursday is not her first of the kind. Marshal Gribble received word from the chief of police in Menominee yesterday to the effect that a girl answering her description had been employed by a Mrs. Draper in that city some weeks ago and had taken French leave and also a watch and \$25 in money. The chief of police went on to say that he was of the opinion that the Miss Outlet held in Marquette now, is the person who committed that offense and asked Gribble to investigate the matter. On being questioned by the officer the girl owned up, her story differing from the Menominee chief's only as to the amount of money stolen, she claiming to have taken only \$10. The girl was taken to Marquette by Marshal Gribble Friday afternoon. The story she told there differed somewhat from the one which she gave in this city. At Marquette she said her parents are at Marquette and are poor, but honest people. Prosecuting Attorney Bell communicated with the parties named by Miss Outlet and yesterday received word that this is a fact. Outlet is not her right name, however, but for several reasons. The Mining Journal will not divulge what it is at present. There is a young lady from Marquette now visiting at Crystal Falls who bears this name and who is much annoyed over the unpleasant publicity which has been given her through this young woman's assumption of her name. The Mining Journal, in justice to her, wishes to state that she is in no way connected with the girl now in jail at Marquette. Mr. Bell is further investigating the case and when the complete facts are known they will be given to the public.

THE BEER WAR. The latest news from South Africa indicates a speedy and peaceful termination of the conflict that has been raging for the past two years. War is a terrible thing and has slain thousands, and stomach troubles, we believe, have slain even more. When the stomach is out of order the entire system suffers and disease takes an easy hold. To insure health and long life keep the stomach in good condition by the use of Hostetter's Stomach Bitters. The next time you are troubled with dyspepsia, indigestion, biliousness, constipation or any other disorder of the stomach do not fail to give it a trial. It will cure these ailments and prevent their return. For a full description of the use of Hostetter's Stomach Bitters, and for a full list of the ailments it cures, send for our Private Revenue Stamp over the neck of the bottle.

STILL UNSETTLED. The political situation in Turin township remains unchanged and the politicians in that township are wondering where the matter will end. The supervisor from the township was in Marquette Saturday trying to arrive at a method of settling the complication, but so far as can be learned he was not successful. There is a good deal of talk of too much voting on the part of the "lumber johns" who were imported for the occasion, but this may be only some letting off of steam on the part of those who got bested in the contest. As the story runs, both sides searched the surrounding country for woodsmen and rounded them up in town on election day, and of course every last one of them voted. It is unlikely that all of them voted as they were instructed, else the result would have been a little more pronounced. There is much amusement in this city and Ishpeming over the situation, as the elections held in the township previously have been of a like character.

GLORIOUS NEWS. Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Pimple sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows that thousands have proved that Electric Bitters is the best blood purifier known and the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by the Stafford Drug Co.

Lower Michigan News.

A mass meeting of farmers from the surrounding country was held at Bad Axe recently to receive instructions how to grow chichory and for the purpose of securing acreage to supply the chichory factory which will be erected in the village during the coming summer. The bonus asked by the builders has already been subscribed and as nearly sufficient acreage has been subscribed, arrangements will be made to commence building at once. The factory will be erected by E. B. Muller & Co., proprietors of a similar plant at Fort Huron. Bad Axe has splendid shipping facilities and the soil being of a nature suitable to the growing of beets or chichory makes it a desirable point for such an institution. Representatives of two other manufacturing companies have opened negotiations with a view to locating there.

The mammoth Grand Trunk elevator at Ionia, used by W. C. Page & Co., grain and wool dealers and brokers, burned to the ground recently. It was stored about 15,000 bushels of wheat, rye and beans and about \$5,000 worth of wool. The fire department was entirely unable to cope with the fire and only succeeded in preventing it from spreading to the coal and wood sheds. A car on a side-track, containing 700 pounds of dynamite, was also consumed. The building was owned by the Grand Trunk railway and cost about \$15,000. The contents of the warehouse were valued at about \$20,000, including stored grain. Page & Co. carried \$15,000 insurance and small amounts were carried on stored grain.

M. Welch, a prominent farmer and dairyman, had 2,000 bushels of wheat in store. The fire is supposed to have been of incendiary origin.

BEST FOR THE BOWELS. CHAMPION. THE BEACON CLUB.

Employees of the CHAMPION IRON COMPANY HAVE ORGANIZED UNDER THE ABOVE NAME - NEW QUARTERS NOW READY. The workmen in the employ of the Champion Iron Company, and especially the young men, feel under many obligations to Superintendent Walter Fitch for what he has done for them toward the establishment of club rooms in the postoffice block. The new quarters are completed and the men began to use the rooms this week. While the entire equipment ordered for the plan is not yet in position, the rooms are sufficiently furnished to make them attractive. One evening recently a club was formed. It will be known as the Beacon club. The names of thirty-seven of the employees were added to the list since then. Robert Johnson was elected president and Ambrose Nord was chosen secretary and treasurer. A committee on by-laws, consisting of Dan Tombs, James Nottle and Sam Crane, Jr., drafted the constitution. The committee has prepared a set of rules and regulations which will be presented for the consideration of the members at a special meeting to be held on Friday evening of this week. The membership fee will be 25 cents per month. This will hardly pay the running expenses of the place, though as the membership increases all accounts can be met from the monthly dues. The tables will be provided with literature of various kinds and a billiard table is to be put in. The members are manifesting great interest in the club and it is certain it will be a success from the start.

LOST IN THE SHUFFLE.

Democrats Made a Very Poor Showing in the County at Recent Election.

TOLLED BUT 694 VOTES OF THE 5-102 FOR SUPREME JUSTICE.

Cold Water Men Even Managed to Roll Up 304, Leading the Populist and Socialist Labor Parties by a Fairly Good Margin.

REPUBLICAN MAJORITY INCREASED.

County Clerk Ross has prepared a statement of the vote in Marquette county on the state ticket, submitted to the electors last week, for the board of election canvassers which assembled this morning to check up the returns. It shows that all the Republican candidates were successful by unusually big margins, even for this section, where full grown Republican majorities have been the rule since time immemorial.

The total vote for the justice of the supreme court was 5,102. Robert M. Montgomery (Republican) received 3,697 ballots; Allen C. Adist (Democrat), 694; Walter S. Westerman (Prohibitionist), 394; Shepard Cowles (Social-Labor), 254; James E. McBride (Populist), 150.

The candidates for regent of the state university received the following votes: Republicans, Frank W. Fletcher, 3,674; Henry W. Carey, 2,678; Democrats, Elmer R. Goldsmith, 669; Edmund C. Shields, 558; Prohibitionists, Archibald Buttars, 305; Joshua Stansfield, 285; Socialist-Labor, Willis F. Kline, 267; Barney Fabinski, 259; Populists, Powell R. Crosby, 139; Oscar Schermerhorn, 126. The total vote on the regents was 16,668.

Comparatively, the Democrats made a very poor showing in the election, although as a whole the vote was light.

OFF TO MENOMINEE.

Marquette People Will Attend Lake Superior Presbytery.

This morning a considerable party of Marquette people will leave for Menominee to attend the spring meeting of the Lake Superior Presbytery which will be held this evening. It will include Rev. J. M. Rogers and wife, Rev. J. V. M. Hartness and wife, Mrs. George C. Higbee, Mrs. J. M. Wilkinson, Miss Martha Clark, Miss Emma Coles and Miss K. E. McLeod. The ladies will attend the session of the Woman's Missionary society.

HANDSOME DECORATIONS.

They Were a Feature of the Firemen's Ball Last Evening.

S. M. Stevens' lodge, B. of L. F., entertained hundreds of its friends from all parts of the county at the first ball of the post-Lenten season in Casino rink last night. The attendance was mainly that of Marquette people, but points up-the-line were well represented. The decorations of the rink were unusually elaborate and they received universal commendation. The floor was illumined by fancy pieces in red, white and blue incandescent globes, they including a large American flag, a bell and a shield. No arc lights were required, and the rink presented a lively picture of motion and color. The firemen put much labor into a tasty trimming of the Casino and they are to be congratulated on the success of their work. The grand march was started shortly after 11

o'clock and on its conclusion an intermission was taken for supper, which was served at Prince's. Dancing was resumed to be continued until an early hour this morning.

SOLDIER BOYS HEARD FROM.

Peter Grant and Mat Martin, Late of the 29th, Will Be Home Saturday.

A dispatch received yesterday by Peter Grant of this city from his son, Peter, who has been serving in the Philippines, gave the information that he and Mat Martin, who are now at Pullman, Ills., are both in good health and spirits and will arrive home Saturday. The boys will find a hearty welcome awaiting them on their return from the wars. Their regiment—the Thirtieth Volunteers—recently arrived at San Francisco from the Philippines and was mustered out last Thursday, the boys reaching Chicago Sunday night.

HERE THURSDAY NIGHT.

College of Mines Clubs Furnish Good Music.

The Glee and Mandolin clubs of the Michigan College of Mines will make their second annual appearance at the opera house Thursday evening. The clubs first visited Marquette last season, when they made a good impression. Considering the comparatively small student body from which they were made up, their music was entirely creditable. This year the clubs are stronger than ever before in the college's history and their tour promises to be a great success.

The boys should be heartily greeted here and to this end people should arrange to patronize their concert. They may be assured of a diversity of first class vocal and instrumental music. A feature of the concert will be the boys' appearance in the second part, when they will be rigged out in their military togs, making a unique stage picture.

GOOD DAY FOR COPPERS.

Quotations Fully Fulfilled Current Expectations.

Coppers, on the whole, had a favorable day yesterday. There were some notable advances and the prevailing feeling was bullish. Paine, Webber & Co., said:

"Enthusiasm reached a high pitch over the holidays and this resulted in a feverish opening this morning. Amalgamated opened at 112 in Boston but when the opening at 107 came in on New York tape it was like a wet blanket and it was followed by heavy and persistent realizing. Toward the close the feeling showed some improvement and the heavy traders were again buyers. While prices may sag a little more on this turn, we believe that the bull movement in coppers is still young and that the highest prices and greatest activity are yet to come."

Hayden, Stone & Co., wired the Laidley Commission Co.:

"The sharp advance of Thursday in Amalgamated made an opening for coppers, but it seems like another bluff to sell on. We have inquiries from very strong people regarding coppers and it looks as if the big people were giving the tip to buy. We hear Butte will be taken into the Amalgamated and not consolidated with Montana. We believe Montana will sell very much higher if this is true."

A. R. Jones & Co., said of wheat: "The wheat market was more active today, with a strong undertone, aside from a short time after the opening when no support worthy of note encouraged brisk short selling. The news was generally more favorable to holders, particularly that regarding frosts in California, a factor which induced

considerable covering and closed the market at about the best price of the day. There is not a great deal of investment buying. Traders can see the bearish features of the market much better than they could when wheat was five cents higher and they are more willing to take the short side. It may be said also that wheat got no support from corn today, on the contrary, if anything, it was strong enough to help corn. After making all due allowance for the bearishness, we believe there is room for a fair profit on the long side of wheat around these figures. There will be numerous scare advices on the crop, which will affect July values as they have always done in previous years. Purchases of that option, on the weak spots, ought to be profitable."

ANNOUNCEMENT EXTRAORDINARY!

New York, April 2, 1901.

Phenomenal opportunities which have been created during the past ten days in the New York market to buy the latest and most demanded styles in spring and summer Dry Goods, Silks, Woolen Dress Fabrics, Wash Goods and Tailor-Made Gowns will enable us to place on our counters in a few days the most elegant and varied collection of bewildering attractions which we have ever shown.

The price will be the lowest shown by any competing city dry goods house. The great fashionable Broadway Dry Goods House of James McCreery & Co. are retiring from business, and have just placed on the market thousands of dollars' worth of the latest creations in new fabrics. It has been my good fortune to be here at this time and make large purchases. This will enable us to mark our goods at wholesale prices.

A very large retail city store which had just placed their order for Tailor-Made Suits, Skirts and Jackets, failed during the past week, before these goods were delivered, and the manufacturers sold me the entire order at a Discount of 33 1-3%. I shall mark every garment at exactly manufacturer's price; positively the greatest opportunity to buy Ladies' Ready-to-Wear Apparel ever offered our patrons.

During the past few days the cotton market has been very inactive, and prices have declined materially.

Our misfortune in coming to market so late has proved a blessing in disguise. Our salesrooms should be crowded from morning until night with buyers from fifty miles around. These are not idle words. One visit to our store will convince the most sceptical. Out of town trade who cannot come to Marquette should order samples quickly. Watch our announcement in this space.
