BAD CHINESE DEFEAT

GERMANS STORM GREAT WALL AND ROUT ITS DEFENDERS.

BATTLE A VERY BLOODY ONE.

CASUALTIES OF THE ENEMY STATED TO BE IMMENSE.

Troops of Gen. Liu, Who Declined to Move Unless Forced, Driven for Miles Apparently With Very Great Slaughter.

Berlin, April 28.—The German war office today received the following advices from Count von Walderssee, dated at Peking the 27th:

The engagements occurred on the 23d and 24th at the great wall between four columns under General Ketteler and Chinese troops under General Liu. The Chinese are reported defeated after a stubborn resistance and forced back over the wall, being pursued as far as Ku Kuan. Our casualties were four officers wounded and three men killed and thirty wounded. French troops were not engaged.

Met With Fierce Resistance.

Subsequently the following dispatch regarding the engagements was received from Count von Walderssee, dated today: "The following reports only arrived last night owing to the difficulties of communication. Ketteler's brigade reinforced, marched in four columns against the great wall, Colonel Ledebur's being the right wing, then those commanded by Colonel Hoffmeister, Colonel Wallmerich and Major Huehnel. Ledebur reached the wall at the 24th after a slight engagement near Hai Shan Ku. Hoffmeister drove back the enemy on the 23rd, and on the same day Huehnel encountered a strong party of the enemy occupying a position on heights commanding a pass. The enemy fought stubbornly in their strong position, which was only taken after eleven hours of fighting. Huehnel and Lieutenant Richard were slightly wounded, Lieutenant Drevelts severely wounded, a standard bearer and another killed and six men severely and ten slightly wounded.

Eleven Guns Captured.

"Wallmerich attacked and routed, on the 23rd, a far superior force of the enemy in a strong position east of the breach of Hao Ho and effected a junction on the battlefield with the battalion under Major Muehlmann, which, taking up the pursuit, overtook the enemy in a fresh position to the south. This was captured and the enemy pursued as far as Ku Kuan. The enemy suffered severely. Eleven new quick-firers were captured. On our side one man was killed, three severely wounded and one slightly hurt. Lieutenant Deusterburg was shot through the right arm.

"The enemy are everywhere in retreat. General von Lessel has arranged with General Baildon that the French troops should occupy Ku Kuan for the present and secure his left flank. Ketteler's brigade is marching by short stages to Pao Ting Fu and Huehnel's battalion along the mountains to Peking."

Declined to Move Till Forced.

Peking, April 28.—The report of General Ketteler received here from Kuo Li differs from other reports concerning the German-French expedition previously arriving here. General Ketteler's report shows that the Chinese troops did not leave the province until they were forced to do so. The entire brigade commanded by General Ketteler met the enemy on the 23rd and inflicted immense loss upon them. The report does not give the loss. The Germans had one officer and three soldiers killed and twenty-eight soldiers wounded. The Chinese were forced to leave the province and are fully demoralized.

The French authorities state that the Chinese crossed the border of the province on the 19th, to which case they must have subsequently returned. Li Hung Chang says it is impossible to believe that General Liu Kwang Ting would have so flagrantly disobeyed orders as he is now doing. The Chinese report of the encounter referred to by General Ketteler.

Slim Chance for Small Indemnity.

Li Hung Chang paid return calls to the different legations yesterday and congratulated Special Commissioner Rockhill on the stand taken by the Americans in the matter of the indemnity. It is most generally thought among the ministers of the powers that Mr. Rockhill's efforts to this end will not prove successful, though most of them admit that they must be guided in the matter by the instructions received from their home governments.

General Gazelle, the British commander, and the officers of his staff gave a farewell entertainment to the American officers last night. All the officers who were not actually on duty were present and the utmost enthusiasm prevailed. Speeches were made by Generals Gazelle and Chaffee only.

It is said at the German headquarters that the brigade of General Ketteler is returning to Pao Ting Fu.

Americans in Train Wreck.

While the first train from Peking to Tien Tsin was traversing a bridge between Lo Fu and Yang Tsun this morning, it was derailed through the collapse of a culvert. Eleven Chinese were killed and forty Chinese and twenty Americans injured. One American cannot recover.

POLICEMAN SHOT TO KILL.

Pickpocket Meets Death in Chicago Try to Escape Arrest.

Chicago, April 28.—While trying to escape arrest for snatching a woman's purse, Richard Donahue, a notorious pickpocket, was shot and instantly killed tonight by Policeman Gardiner. Donahue's three companions escaped. The thieves had been working in a crowd of several hundred watching a fire.

ONE BODY EATEN BY NATIVES.

German Millionaire and Secretary Killed by South Sea Islanders.

Sidney, N. S. W., April 28.—Herr Mercke, a German millionaire, who was cruising in a yacht, and Herr Caro, his private secretary, were recently murdered by natives of the island of New Britain, off the northeast coast of New Guinea. Caro's body was eaten.

Berlin, April 28.—Emperor William has ordered Captain Passchew, of the German second-class cruiser Hans, to command a punitive expedition from China to avenge the murder of Herr Mercke.

HAVOC TO WHEAT LANDS.

Farmers Are Heavy Sufferers in the Flooded District.

Evansville, Ind., April 28.—The greatest damage in this region by the flood has been suffered by farmers, it being estimated that 400,000 acres of wheat between here and Paducah, Ky., have been destroyed. The total estimated damage is \$200,000. Heavy loss also has been caused along Wabash and Green rivers, lumbermen along the latter suffering to the extent of \$100,000.

Relief at Cincinnati.

Cincinnati, April 28.—The Ohio river continues falling here slowly since yesterday, and the weather bureau predicts it will be below the danger line of fifty feet tomorrow. Further down the river the conditions are reported very bad. Just above Henderson, Ky., there is danger of the channel being changed owing to the water taking another course in the overflow.

BAD BLAZE AT HUMBOLDT.

Coal Sheds of the South Shore Burn and Coal Is on Fire.

Ishpeming, Mich., April 28.—Fire broke out in the coal sheds of the North Shore railway at Humboldt Saturday afternoon, and within a few minutes the entire structure was in flames, an unusually strong wind blowing at the time. Soon the coal pile began to burn but the water tank was saved.

The Ishpeming fire department was appealed to for help. Chief Lacey lost no time in sending up one of the two steamers and a number of men, who remained on the ground all night fighting the fire. The steamer hose, etc., went up by special train, making a speedy run from here to Humboldt, and prior to its departure a wrecking crew passed through. The sheds were down before the additional men and the steamer got there, though it was very evident that extra precaution should be taken to keep the fire from spreading to the brush, and possibly the houses near by.

The fire had taken such a firm hold on the coal that it will require two or three days pumping with the steamer to extinguish it. A few more firemen went up today to relieve the men who had worked Saturday night.

For a time all trains which had to pass Humboldt were blocked. The evening trains Saturday were sent over the Chicago & Northwestern line between this city and Champion. Humboldt people in Ishpeming Saturday could do no better than take the train to Clowery and then drive to the location.

A spur has now been built around the main line to the south, so that the regular trains got by there without any trouble today. The rails on the main line directly opposite the sheds were badly warped by the heat and the ties were so badly burned that they will have to be replaced.

NOTED BOER CAPTURED.

Engineer Who Planned Destruction of Mines Taken by British.

London, Monday, April 29.—Lord Kitchener continues his process of wearing down the Boers, who, however, are very active in the Kroonstad district where they recently derailed two trains and also captured after a severe fight twenty-five men of the Prince of Wales Light Horse, whom they stripped of their horses and equipments and then liberated.

Colonel Plumer's force has captured a small laager of forty-five men, including the notorious Transvaal state engineer, Munnick, who planned the destruction of the Johannesburg mines in the spring of last year, and his father, who formerly was landroast at Boksburg.

Mr. Cummings, who visited Durban on behalf of the Canadian government, is favorably impressed with the trading possibilities between Canada and Natal.

Gen. French a Prisoner?

Philadelphia, April 28.—The North American publishes the following cable from its London correspondent, Walter J. Kingsley: "Despite the persistent denials of the war office, the belief is steadily growing that General French was captured with his men near Weyheid April 15 and is now a prisoner somewhere in the mountains of the Transvaal. Since that date, in fact, since March 25, a little over a month ago, nothing definite has been heard from him officially or otherwise."

Plague Still Is Violent.

Cape Town, April 28.—During the last forty-eight hours, sixteen fresh cases of the bubonic plague have been officially reported, eight being Americans. Since the outbreak at this place there have been 419 cases, 217 of them fatal.

CALLAHAN IS FREED.

VERDICT OF NOT GUILTY IN THE CUDAHY KIDNAPING CASE.

COURT ASTOUNDED BY RESULT

SCATHINGLY ARRAIGNS THE JURY AND SCORES DEFENDANT.

Unlikely, Though There Are Other Counts Against Him, the ex-Convict Will Be Tried Again and Reward May Be Withdrawn.

Omaha, April 28.—After considering over night the guilt or innocence of James Callahan, the jury concluded this morning that he had no part in the kidnaping of Edward Cudahy, Jr. The verdict was an evident surprise to the court, and Judge Baker expressed his disgust in emphatic terms.

Callahan was arrested on two other counts which the state is not now prepared to make use of, as no new evidence is at hand and the expense of going over the ground again would be considerable.

Surprise to All in Court.

The jury notified the judge at 9 o'clock this morning that it had settled upon a verdict. Callahan occupied his usual seat and betrayed no apprehension as to the outcome. As the words, "Not guilty," were pronounced, Callahan half rose from his seat and his lips parted in a smile. His relief found no sympathy among the audience, however.

Judge Baker studied the wording of the verdict for several minutes in silence as though he doubted the evidence of his eyes. Then he wheeled in his chair and, addressing the jury, said: "If Callahan had made his own choice of the jury, he could not have selected twelve men who would have served him more faithfully. If the state, for its part, had made the selection, I know no men it could have named who could have been less careful in its interests. The jury is discharged without the compliments of the court, and the prisoner is likewise turned loose as to this trial. I presume to continue the criminal practices in which you have failed to check him. I do not know what motive actuates you in reaching this decision, but I hope none of you ever will occupy again this jury box."

Squirmed in Their Seats.

The jury was evidently ill at ease during this arraignment, but did not make any response and filed rapidly from the box as soon as it was at liberty. In the hallway Callahan mumbled his thanks and shook the jurymen's hands. This proceeding was one of embarrassment under the contemptuous eyes of the court officers.

Chief of Police Bonahue will urge Mr. Cudahy to at once withdraw his proffer of a reward for the apprehension of Pat Crowe, declaring that Crowe would surely make his appearance and claim the reward himself, as the evidence against him is no more direct than against Callahan.

Charges Now to Be Dropped.

Later—General Cowin, leading in the prosecution, says that Callahan probably will be released in the morning. The other charges against him—grand larceny and false imprisonment—depend on the same evidence already brought out, and Callahan's liberty is assured. He is now holding an informal levee at the jail.

BIG BUILDING LIFTED.

Over 1,500 Jack Screws Used to Raise a Chicago Hotel.

Chicago, April 28.—Raising a seven-story building without cracking a pane of glass or marring a wall is the undertaking which has just been successfully accomplished by a Chicago contractor on the Cambridge Hotel building at Thirty-ninth street and Ellis avenue.

This building, as constructed in 1892 had originally only a five-foot basement, which was not sufficient to allow the boilers in the steam-heating and electric lighting plants to come up to the grade level necessary under city ordinances. The building had to be raised two feet higher. This has been done by using over 1,500 small jack screws, combined with a steel substructure. The work was completed in twenty-one days, instead of thirty days, the limit placed in the contract.

Perhaps nowhere else in the history of architecture is the principle, "In union there is strength," better illustrated than in this engineering feat. The jack screws upon which the building at present rests are slight and slender, taken individually, and none of them appears capable of supporting even a small fraction of the 12,000 tons' weight imposed upon them. In their large number, however, rests their strength. Experts have figured that their capacity combined with that of the steel work is over 100,000 tons.

The hotel contains 450 rooms, is seven stories in height and is built of brick on a steel structure.

M'KINLEY STARTS TODAY.

To Leave for Tour That Will Take Him to Twenty-four States.

Washington, April 28.—President McKinley's trip to the West, which will begin tomorrow, will be the greatest "swing around the circle" ever made by a president of the United States. It will carry him through twenty-four states and territories and into sections of the country never before visited by a chief executive.

MRS. NATION GOES FREE.

Is Released from Wichita Jail to Attend Brother's Funeral.

Kansas City, April 28.—Mrs. Carrie Nation was in the city for several hours tonight, regardless of the threatened enforcement of the suspended \$600 fine, on her way to Lewisburg, Kas., to attend the funeral of her brother, Chas. Moore. She was released from the Wichita jail today on own recognizance, with the understanding that she was to return to jail as soon as the funeral ceremony was over.

HUSBAND MUST GO DRY.

Cincinnati Woman Calcimines Spouse and Man Who Sold Him Liquor.

Cincinnati, April 28.—Mrs. Richard Grater, wife of a house painter, being unable to keep her husband from a saloon, went to the place today with one of his buckets and calcimined him from head to foot in the saloon. When he returned to the saloon after changing his clothing she followed and the next time calcimined the saloon keeper, his bar and its fixtures and threatened to repeat the performance to any one selling liquor to her husband.

COAL SHAFT THEIR TOMBS.

Six Men Reported Killed in Latrobe (Pa.) Mine Visited by Fire.

Latrobe, Pa., April 28.—Tonight the tippie, engine house and boiler house of the Dorothy coal and coke plant is a smouldering mass of ruins. It is rumored six miners have lost their lives. The loss is estimated at \$150,000. Superintendent Rogers and William Gill were overcome by the gas while endeavoring to rescue the entombed miners. Five miners were known to have been in the mine at the time and they knew nothing of the fire until twelve men descended the shaft, which is 250 feet deep, and told them of the fact. They were rescued, but there are rumors tonight that six more were in the mine at the time.

FAMILY OF FIVE PERISHES.

Fire at Houston Followed by Arrest of Alleged Negro Incendiary.

Houston, Tex., April 28.—In a fire which destroyed a livery stable and three adjacent residences early this morning, Joe Copping, a florist, and his wife and three children were burned to death and Mr. and Mrs. Jeff Hopper badly injured by jumping from a burning building. The fire started in the livery stable, over which several families lived, and a negro has been arrested charged with having started the fire in revenge for having been discharged. The bodies of the victims were found in the ruins, among other things an infant born to Mrs. Copping during the progress of the fire.

Fond du Lac, Wis., April 28.—Israel Raymond, watchman, lost his life in the Gurney refrigerator factory fire last night. The fire caused a loss of \$150,000.

McLeansboro, Ill., April 28.—J. W. Grimes, a hostler, perished in a fire which destroyed Hoffman's livery stable today.

MURDER SUSPECTED.

Mystery in the Disappearance of a Young Kansas Farmer.

Salina, Kas., April 28.—Frederick Kinney, a young farmer of Jewell county, has been missing since last August, and it is feared he has been murdered. Henry Freeman, aged twenty, is in jail at Wichita, pending an investigation of the circumstances surrounding the mysterious disappearance.

Kinney was last seen alive near Beloit, Kas., leaving with Freeman, and the latter is known to have sold Kinney's outfit. The case resembles that of Gilbert Gates, who suddenly disappeared while traveling in Kansas more than twenty years ago and for whose murder Alexander Lester, an octogenarian, was tried and acquitted last year. Kinney's parents are Quakers who lived near the Nebraska state line.

Last August Kinney started alone through Kansas to canvass for nursery stock, driving a team of mules and having a horse hitched behind, an ox cart carrying considerable money. He was joined by Freeman and the two traveled together for several days, when Kinney finally disappeared near Beloit. His parents heard nothing of him until four weeks ago. When the elder Kinney received a letter, dated Wichita, saying his son was in trouble and requesting that he send \$300 immediately, the writer signing himself "C. M. Jones," Kinney placed the letter in the hands of a detective and a decoy letter was sent Freeman. He left town, however, without being apprehended and was traced to Abilene, where he was arrested on the charge of using the mails to defraud and returned to Wichita.

Freeman today asserted that he and young Kinney had parted company at Beloit, where Kinney turned his outfit over to him. Freeman said they had been "bootlegging." Kinney, fearing arrest, gave up his belongings and disappeared. Freeman asserts he and his father traveled about the country in the wagon, finally selling the outfit after a fruitless search for Kinney. The elder Freeman, who is a gambler by profession, asserts that when the proper time comes he can produce Kinney, but refuses to make his whereabouts known.

Sheriff Swedberg of Salina county says: "The officers who are working on the case thoroughly believe that Kinney was murdered for his money and outfit. Freeman tells several conflicting stories."

WEATHER FORECAST.

Washington, April 28.—The following is the weather bureau's forecast for Upper Michigan: Fair Monday, warmer in western portion; Tuesday, fair, variable winds.

MARQUETTE, MICH., APRIL 29.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

The ruling of the supreme court in the case of the state medical registration board, that the members appointed by Governor Bliss to replace those who claimed that they had a right to continue on the board under their appointments from Pingree, has a bearing on the claim of Bob Oakman to the place he is holding on the state tax commission. His title is in many respects similar to that pleaded by the members of the medical board who are ousted by the decision of the supreme court. Mr. Oakman is still serving actively as a member of the tax commission, but this decision should enable him to "see his finish."

In England the belief prevails that the German emperor is strengthening his navy in anticipation of a brush with this country one of these days, the foreshadowing cause of which our British friends predict will be a disagreement between Germany and this country over the latter's policy of trade expansion in the South American states. Possibly the wish to see us embroiled with Germany suggests to the British mind the thought that we are likely to have a row with that country. Certainly the German emperor is not increasing his naval strength without having an idea that he will have need of it some day, but we see little cause to apprehend that he has us in mind as much as some of the leading British papers assume to believe. But if a scrap with us is what Emperor Billy is getting ready for he will not find us altogether unprepared for it should it come.

A tax case decision has just been rendered by the supreme court which is of special interest at this time, when the preparation of the rolls for 1901 is in progress. The Chapin Mining company last year was taxed \$38,000 on its properties at Iron Mountain, a good share of this representing the increase the state tax commission had made in the assessment valuation of its holdings. The company offered to pay \$30,000 of the amount, asking that this proportion of one taxes be accepted and the balance allowed to remain unpaid until a legal decision determining its legality could be obtained. The county treasurer refused to accept any part of the taxes unless the whole were paid, and the supreme court was applied to for a writ of mandamus compelling that official to accept the \$30,000. The court has granted the writ, holding that a taxpayer has a right to pay a portion of his tax which he concedes to be legal and to contest payment of any portion which he deems illegal.

Word comes from Washington that the Cuban commissioners sent to confer with the president in relation to the terms on which their people will be permitted to undertake self-government are much pleased with the manner in which they have been received, also that they begin to comprehend the impossibility of persuading the Washington government to recede from the stand it has taken as expressed in the Platt amendment. It is now believed that the commissioners will advise the Cuban constitutional convention to accept the amendment on their return home, and that no further objection will be made toward granting the demands of our government as a preliminary to the withdrawal of our forces from Cuba and allowing the people of the island to engage in the ticklish business of managing their own affairs. If it should so happen the Cuban entanglement will be very happily solved, so far as we have to do with it, and if the Cubans fail to go along as well as they hope to in governing themselves we shall be in no manner to blame for their future difficulties.

**THE REAL OLD THING.**

There is at least one Southerner who stands loyally by the past and its beliefs. There is reason to believe that there are more than one, but that there is one is certain. Governor Candler of Georgia is that one. A party of wealthy New Yorkers and others who are interested in education of the colored people of the south have been visiting his state and while they were at Atlanta the governor was asked to meet them. He declined, and in an interview made this explanation of his action:

Booker Washington is the best man in the party. Washington is a good Negro and is doing pretty good work. It is his interest to get the Northerners interested in his schools. He gets money out of them, and I don't blame him for that at all. Dr. Curry, the Peabody agent, is a good man, but I don't know much about the others. The negro colleges of the South do not need the aid of these Northern people very much. Do you know that you can stand on the dome of the capitol of Georgia and see more negro colleges with endowments than you can white schools. We can attend to the education of the darkey in the South without the aid of these Yankees, and give them the education they need most, too.

I do not believe in the higher education of the darkey. He should be taught the

**Hood's Sarsaparilla**

Has won success far beyond the effect of advertising only.

The true secret of its wonderful popularity is explained entirely and only by its unapproachable Merit.

Based upon a prescription which cured people considered incurable, which accomplished wonders astonishing to the medical profession,

**Hood's Sarsaparilla**

Includes the concentrated values of the best-known vegetable remedies, united by such an original and peculiar combination, proportion and process as to secure curative power peculiar to itself.

Its cures of mild and extreme cases of scrofula, eczema, psoriasis, and every kind and degree of humors, as well as catarrh and rheumatism—prove their curative power peculiar to itself.

It is a thoroughly good medicine. Begin to take it TODAY. Get HOOD'S.

**Hood's Sarsaparilla**

is the best blood purifier ever produced. Its cures of dyspepsia, biliousness, nervousness, loss of appetite and that tired feeling make it the greatest stomach tonic, nerve-builder and strength-restorer the world has ever known.

**Hood's Sarsaparilla**

is a thoroughly good medicine. Begin to take it TODAY. Get HOOD'S.

trades, but when he is taught the fine arts he gets educated above his caste and it makes him unhappy. I am opposed to putting negroes in factories and offices. When you do that you will cause dissatisfaction between the two races, and such things might lead up to a race war. These Yankees who die and leave their money to negro colleges do not understand the local situation. It may be right, however, for some of them to send their money back to the South in this manner, for in some cases the foundations for their fortunes that now exist in the North and East were laid by the carpet baggers of the South, and the money should be coming back here by this time. I am not surprised at Atlanta honoring these people. They will honor anybody in Atlanta. All new-comers are heroes in their eyes. You know they made a hero out of Sherman when he came there.

**Upper Peninsula News.**

That Manistique will have a pulp mill is almost an assured fact. The country around Manistique is being thoroughly investigated by a company that will operate a mill there if the visible supply warrants the outlay.

Fabian J. Trudell and others have purchased the Menominee business block at the corner of Main street and Ludington avenue. It is located on a good site. It is said that there is some wealth behind the transfer and it is also strongly inferred, the report being given some credence, that the block will be remodelled for opera house purposes. Menominee is still looking for its new theater and the men who arrange to give the city the greatly needed structure will be responsible for a public benefaction.

A shooting affair occurred in Menominee Thursday night in which two Marquette parties were involved. J. C. Kelly and his son-in-law, John Atkinson, quarreled in a saloon and the former drew a revolver, firing two shots. The end of Atkinson's thumb was clipped off by one of the bullets. Kelly was arrested on the charge of assault with intent to do great bodily harm and held in bonds of \$500 for examination. The row was the result of an alleged elopement. Atkinson was accused of deserting his wife, Kelly's daughter, and running away with a 16-year-old girl.

There is a storm brewing in Iron River over the disposition of the post office. The term of the incumbent, Miss Mate Sweet, expires next January. It has been understood all along that W. J. Blair was slated for the office for the reason that the people demanded a man in the position and Mr. Blair was an ardent supporter of Mr. Sheldon's. Last week someone started a petition asking that Miss Sweet be retained and a large number of people signed it. No sooner had the word got out that there was opposition to Mr. Blair than the race became a free-for-all and several candidates entered the field, among them E. A. Morrison.

Schoolcraft county is to have a new court house to replace the structure which was destroyed by fire a few months ago. On May 27 a special election will be held on the proposition to bond the county in the sum of \$20,000 for the erection of the new building. In addition to this sum, there is \$6,000 insurance money and, as it is only proposed to erect a \$25,000 court house, there will be sufficient funds. The plans submitted by F. W. Hollister, a Saginaw architect, were accepted. The court house will be modern in design and construction and it will be a credit to the county and the city. It is to be 54x70 feet and two stories high, surmounted by a belfry. The lower story is to be of stone with stone trimmings. On the lower floor will be the offices of the clerk, a register, a work room, the offices of treasurer and judge of probate, and a second floor will contain the rooms necessary for court. On the third floor will be a jury room.

Mothers! Beware of these secret robbers of your baby's quiet and health. Those sleepless nights and long hours of tiresome vigil are caused by those terrible enemies of childhood—worms. Destroy and remove them with WHITE'S CREAM VERMIFUGE. Price 25 cents. The Stafford Drug Co.

"I had a running, itching sore on my leg. Suffered tortures. Doan's Ointment took away the burning and itching instantly, and quickly effected permanent cure." C. W. Lenhart, Bowling Green, O.

**WILL BU LINDING.**

One of the Trustees on Main Street Will Pass Hands.

Patrick Cronin has a deal where he will sell a number of the Truan block on Pine street, next to the opera house.

Mr. Cronin and Mr. Neely, represent the Truan estate, have come to the understanding that the transfer will be made within a day or two.

Mr. Cronin has occupied the main store of the block for a number of years past. The building is not in the best of condition and it should have been repaired long ago. The affairs of the estate have been in such shape that the administrator did not feel disposed to spend any more money there than he really had to. It is Mr. Cronin's intention, however, to make a number of improvements. The lower floor rooms will be thoroughly renovated and fixed up better than they have ever been since he has occupied the place. The rooms on the upper floor will also be improved. These will be put in good shape for dwelling or office purposes. The structure is very substantially built so that the foundation will not need any attention, though new floors on the first story may be among the improvements the new owner will make.

**Additional Ishpeming**

ISHPEMING A DIRTY CITY.

Conditions of Alleys, Streets and Lots is Something Shocking.

It is the opinion of many that the streets, alleys and many private yards of Ishpeming were never before in such a state of dirtiness as they are at this spring. The city certainly is dirty, but that is generally the case at this time of the year. The accumulation of five or six months is laid bare to the eyes of all when the snow goes, and the sight is not a particularly pleasing one. The street commissioner will soon commence his annual cleaning and it is a matter of only a few weeks when every alley and street in the city will have been given attention. The Cleveland-Cliffs company generally starts its street cleaning gang about the first of May, and the Cleveland, Nebraska, Barnum and Bancroft locations are taken care of in short order. Manistique is being cleaned, and considerable work remains on the piles of refuse and it is almost impossible to do much in the cleaning line just yet.

Many of the yards about the city are in a state that pains those who have the beauty of the city at heart and their owners should lose no time in putting things in order. The dirt and manure spring cleaning is usually under way early this and no good reason can be assigned for the tardiness of the property owners this year.

The section of grass between the tracks of the Northwestern and South Shore roads, running from the station to Pine street is very bad. The bulk of the land is owned by the Northwestern and its section gangs are constantly at work cleaning it up all through the summer, and are at the work now. If a dozen men were steadily employed on the strip they would hardly be able to keep it clean. Many of the storekeepers whose places of business have their rear entrances on the tracks burn their rubbish in this strip, and in consequence it always looks like the poorest quarter in a very large city. This is not only a nuisance to those who live in the neighborhood, but to the health of the locality, but to the many hundreds who pass along Main street every day. The Mining Journal hopes that the street commissioner will look after this eyecore without delay. There are many other things which the Village Improvement society can turn its attention to when the spring comes, but the crowded condition of The Mining Journal precludes mention of them in detail.

**COMING TO THE FRONT.**

George Lord is rapidly attaining State Prominence.

Marquette county people will be interested in the following mention of George Lord and his work in a recent issue of The Detroit Journal:

"George Lord, who has recently come into the public eye in connection with his work as chief of the state building and loan bureau, is a native of England, where he was born 1865. He has been a resident of this country since 1880, and until his appointment to a clerkship in the secretary of state's office in 1892, gave most of his attention to mining business in the upper peninsula, his home being in Ishpeming."

"Since March 15, when the new building and loan law went into operation, Mr. Lord has had full power to examine and investigate building and loan associations in Michigan, but before that time he did much for the betterment of the building and loan system. The annual reports, associations and their by-laws, as submitted to the secretary of state, passed through his hands and he was efficient in correcting errors and irregularities and bringing the less careful associations into the right path. He possesses the respect and confidence of building and loan officers to a high degree."

**HE PLAYED EVEN.**

Farmer Peter Hanson Now Owns Two Horses Instead of One.

Peter Ockerson, who drives the wagon for the City bakery, traded horses a few days ago with Peter Hanson, a farmer living near town. After Ockerson had his new horse a short time he found that Hanson had got much the better of the trade and his friends joshed him so about his poor deal that he made up his mind to get his own horse back again. One dark night he took the old nag back to Hansen's barn, and took

**Rheumatism**

Rheumatism is due to an excess of acid in the blood. When this escapes through the pores of the skin, as it often does, it produces some form of skin eruption—some itching disease like Eczema or Tetter—but when these little tubes or sweat glands are suddenly closed by exposure to cold and sudden chilling of the body, then the poisons thrown off by the blood, finding no outlet, settle in membranes, muscles, tissues and nerves. These parts become greatly inflamed, feverish and hot; dagger-like, maddening pains follow in quick succession, the muscles become extremely tender, the nerves break down and the sufferer is soon reduced to a state of helplessness and misery. This acid poison penetrates the joints and seems to dry out the natural oils, and the legs, arms and fingers become so stiff and sore that every movement is attended with excruciating pains.

Liniments, plasters, electricity and baths, while they may give temporary relief with every change of the weather, S. S. S. cures Rheumatism by working a complete change in the blood; the acids are neutralized, the circulation purified and the rich, healthy blood that is carried to the irritated, aching muscles and joints, soothes and heals them. S. S. S. cures Rheumatism even when inherited or brought on by the excessive use of mercury. Opium, in some forms, is the basis of nearly all so-called Rheumatic Cures, which deaden the pain but do not touch the disease and lead to ruinous habits. Alkalies and the potash and mineral remedies so often prescribed, affect the tender lining of the stomach and weaken the digestion, thus adding another burden to the already weak and impoverished blood. S. S. S. contains no mineral or dangerous drug of any kind, but is a simple, vegetable remedy and the most perfect blood purifier known. See our book on Rheumatism and write our physicians if you wish any information or advice. We would be glad to mail you a book free; we charge nothing whatever for medical advice.

**THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.**

stated. Miss Holmes is the teacher at the West Ishpeming school and resides in the Deer Lake district.

A new crosswalk has been laid on the Pearl street crossing of Main street. The sidewalks about town are all receiving attention and it is only a question of a few days when they will be in prime order for summer use.

Superintendent S. A. Parnall of the Old Dominion mine at Globe, Arizona, shook hands with friends in town Friday evening. Mr. Parnall had been through the copper country and was on his return to the Arizona city.

The Young Men's club of the Winthrop will give a banquet at the town hall there on the evening of Decoration day. The invitations to outsiders will be limited, so that those who get a "bid" can consider themselves in luck.

**ACTIVITY AT THE LINKS.**

The most popular place in town at present is the Ishpeming Golf Club links. The rolling of the greens has been completed and everything is in the trim for the players. The club could hardly have chosen a more beautiful spot when it selected its grounds last year. The hills about the links are very picturesque and the links themselves are among the best in this section.

When the spur from the street railway is completed nothing will be lacking for the convenience of frequenters. The club house has been painted inside, and the painters are now turning their attention to the exterior with good effect. Work has not as yet been started on the croquet grounds, but this item in the long list of advantages offered to members, will be completed in the near future. The club is in good condition financially and everything points to a very prosperous year.

**HE KEPT HIS LEG.**

Twelve years ago J. W. Sullivan of Hartford, Conn., scratched his leg with a rusty wire. Inflammation and blood poisoning set in. Then the best doctors urged amputation, "but," he writes, "I used one bottle of Electric Bitters and my leg was sound and well as ever."

Andrew Kregness, who sustained a fracture of his back by falling down the Salisbury shaft a week ago Friday, died at the hospital Saturday morning. He was buried by the Scandinavian society, of which he was an honored member, yesterday afternoon from the Norwegian Lutheran church.

**ISHPEMING IN BRIEF.**

Father Geers of Republic called on Father Langan Saturday.

M. J. Griffin has a covered bus in good order which he will sell cheap.

Dr. and Mrs. Beech of Champion visited friends in the city Friday.

Miss Annie Quayle is spending a few days in Crystal Falls with friends.

Trombley's orchestra expects to give a fine party on the evening of May 10.

Michael O'Brien of Houghton is spending a few days at his home in this city.

Peter Fitzpatrick is leaving the room of his residence on Pine street re-shingled.

A daughter was born to Mr. and Mrs. Samuel Berryman of Excelsior street Friday.

Ed. Carney of the Iron Ore and his daughter are spending a few days in Chicago.

Miss Josephine Conguin of Hancock is visiting Miss Geraldine Quinn at her home on High street.

Mrs. May Robbins left for Pottstown, Penn., Saturday where she was called by the serious illness of her brother.

Mr. and Mrs. John Williams are receiving congratulations upon the birth of a daughter, which occurred Friday.

Dr. N. D. Keen is constructing a new barn on his property at the Winthrop and the doctor says it is going to be the best yet.

The trial of the three Arabians who were arrested last week for fighting will take place before Justice Kennedy this morning.

Charles Young has returned from a two weeks visit with friends in Chicago and will shortly take his old run on the L. S. & I. road.

**WHEN TRAVELING**

(2-20-17)

**COKE DANDRUFF CURE.**

Is Rapidly Curing All of Those in Marquette and Vicinity Who Have Been Annoyed With the Troublesome Disease.

Itching Scalp, Eczema and Falling Hair Readily Succumb to This Great Remedy.

The public are mightily pleased at the success achieved in the cure of Dandruff and all forms of Scalp and Hair Troubles. Many people who have been doctoring their heads for years with so-called dandruff cures, tonics, shampoos, &c., have obtained more and better results after using COKE DANDRUFF CURE for less than three weeks than they ever did from anything ever used. The Stafford Drug Co. continue to receive the strongest praise from parties who obtain samples.

"We could fill pages with names of leading people in this city and vicinity who have been either benefited or cured by COKE DANDRUFF CURE."

Admiral George Dewey writes: "I have used COKE DANDRUFF CURE for the past year and have found it an excellent preparation." COKE Shampoo and Toilet Soap wonderfully good for the hair and scalp. Cures dandruff skin.

**SPECIAL ELECTION.**

Municipal Improvements Bond Issue. To the Qualified Electors of the City of Marquette:

Notice is hereby given that the common council proposes to borrow the sum of twenty thousand dollars for such time and at such rate of interest as may be hereafter determined, and to issue bonds therefor, pledging the faith and credit of the City of Marquette for the payment of the principal and interest of such bonds; for the purpose of raising money with which to make the following municipal improvements, viz: to obtain, open and improve new streets, parks and public grounds, and to widen and improve streets and roadways and construct bridges, culverts and sewers in the city.

The question of raising such loan will be submitted to the qualified electors of the city, for their approval, at a special election appointed and called for that purpose to be held at the city hall in said city on Monday, the 29th day of April, 1901, from 7 o'clock a. m. until 5 o'clock p. m.

Said question will be printed upon the ballots and be submitted to the electors in the following form, to-wit: "Shall the common council be authorized to borrow twenty five [ ] thousand dollars and to issue bonds therefor for the purpose of raising money for [ ] municipal improvements."

Dated, April 6, 1901.  
DANIEL S. DONOVAN,  
(4-8-29) Recorder of said City.

Even the most vigorous and hearty people have at times a feeling of weariness and lassitude. To dispel this feeling take HERBINE; it will impart vigor and vitality. Price 50 cents. The Stafford Drug Co.

Whether on pleasure bent or business take on every trip a bottle of Syrup of Figs, as it acts most pleasantly and effectually on the kidneys, liver and bowels, preventing fevers, headaches and other forms of sickness. ARSON TRIALS GO OVER.

St. John and La Fortune to Be Tried Next Term—Kyllonen Convicted. Peter Kyllonen, charged with larceny from a dwelling house, was convicted in the circuit court Saturday.

The court calendar was rearranged by Judge Streeter Saturday. The criminal cases being disposed of, the trial of civil cases will begin at 10 o'clock today.

ITS 82D ANNIVERSARY. Odd Fellows Plan a Big Celebration at Houghton May 25.

Pilgrim lodge, I. O. O. F., of Houghton, is preparing to entertain a thousand of the visiting fraternity on May 25.

A fine program has been arranged, and the following lodges will participate: Calumet, Hecla, Lake Linden, Hancock, L'Anse, Sidway, Mass City, Rockland and Ontonagon.

A parade in the afternoon will be headed by the Houghton City band. Captain Charles Hendricksen will act as grand marshal.

The indoor celebration will take place at the Armory. Rev. Curzon, pastor of Trinity Episcopal church, will deliver the invocation and an address of welcome will be made by Mayor Croze.

Various festivities have been prepared to amuse the visiting fraternity. Late in the evening a banquet will be served in the Armory by Lee Bros., the Hancock caterers. Eight hundred covers will be laid.

STREET CARS TO LAURIUM. Prospects They Will Run by the Middle of Next Month.

With continued good weather, Vice President Chapman, of the Houghton County street railway, who is here from Boston, expects the line will be in Laurium within a month.

At the meeting of the Presbyterian Endeavor societies of the upper peninsula at Calumet next September, an effort, it is stated, will be made to amalgamate the Presbyterian and Congregational C. E. societies.

THE BIRTHDAY OF JEWELER OTTO BORSENSEN OF HANCOCK WAS CELEBRATED BY A SCORE OF FRIENDS AT HIS HOME ON Church street Friday evening.

At the meeting of the Hancock Elks a couple of favns were led through the woods. The victims were E. F. Douglas and S. H. Houghton.

At the last meeting of the Hancock Elks a couple of favns were led through the woods. The victims were E. F. Douglas and S. H. Houghton.

Former Sheriff C. F. Lean will commence the erection of his new block at Hurontown today.

Holly Bekkah lodge, No. 310, I. O. O. F., are organizing for a "sonnet social" to be held in the near future.

Dr. and Mrs. H. G. Howe, 137 High street, Calumet, celebrated their silver wedding Saturday afternoon.

Van Orden Bros. are building a new platform at the side of their warehouse alongside the Copper Range tracks.

William H. Dittler of Hancock is in Chicago looking up new fixtures for the firm of Dittler Bros., Quincy street.

It is announced that Stuart Robson, the noted actor, will appear at the Calumet theatre May 13 in "She Stoops To Conquer."

C. E. Webb, assistant to C. W. Blodgett, commercial agent of the Northwestern road at Houghton, was a Chicago visitor yesterday.

SOUTH RANGE CONSOLIDATION.

Likely That Renewed Efforts Will Be Made to Arrange It.

Notwithstanding Arcadian mining interests told their friends some time ago, "We have purchased the Trimountain mine and we are going to have Baltic and Champion to go with it," it can be stated on very good authority, says the Boston News Bureau, that little or no progress has so far been made toward the consummation of such a plan.

Efforts were made to negotiate for the control of the two last named companies some time ago, but the parties to the negotiations did not arrive at any common price basis. It is probable that the matter will be taken up again shortly and discussed from the standpoint of consolidation of either the Baltic, Trimountain and Champion Mining companies, or the Baltic, Trimountain and Copper Range companies, and people closely affiliated with both the interests are hopeful that some basis of agreement will be reached.

It is believed that the strongest opposition to a consolidation, if there be any opposition, will come from the St. Mary's Mineral Land company. This company, which formerly owned the Calumet & Hecla, Tamarack, Wolverine, Mohawk, Quincy and Baltic, and which sold its interests in all of these properties in a trifling consideration, has in the language of one of its friends, "seen a new light." This phrase is interpreted to mean that the St. Mary's company will not sell any more mining stock, and especially its Champion stock. A gentleman who is interested heavily in both Copper Range and St. Mary's says: "Just before copper was discovered in the Champion mine, I bought St. Mary's stock at \$50 a share. After the discovery of copper at Champion, St. Mary's stock sold up to \$180. The new St. Mary's stock has recently sold for \$55, on a basis of \$7,700,000 for the property. Allowing that the change in stock market conditions would have caused the old stock to appreciate 100 per cent, this indicates an additional appreciation of \$5,700,000 in the market value of the St. Mary's property. I think that any St. Mary's official will tell you that he feels this is due almost wholly to the value of its 50,000 shares of Champion stock, and to the prospective value which developments in the Champion mine have given the remainder of the St. Mary's property. This \$5,700,000 is equivalent to \$114 a share for the 50,000 shares of Champion stock."

One who is correctly informed on St. Mary's affairs says: "St. Mary's official figure that their Champion Mining stock has a prospective value of about \$100 per share."

Baltic, Trimountain and Champion are in better position for a consolidation than any other three mining properties at the Lake. Their value seems to have together, they work the same kind of a formation; their stamp mills will be located side by side; they can be served by the same railroad, and under the one management could, undoubtedly, be operated more economically than as three separate mines.

Champion Takes the Machinery. The management of the Champion mine has sent a force to Copper Harbor to strip the Clark manganese mine of the machinery. It will be loaded on the dock at Copper Harbor and when ready for shipment a tug will be sent after the material which will be brought to Portage Lake and unloaded at the Copper Range dock. From there it will be hauled over the line to the Champion mine, where the machinery will be used for temporary development work. The Eastern parties who at the beginning of winter started to work the old Clark mine, have abandoned it and put in a plant for that purpose, for some reason recently abandoned the field. It is reported in some quarters that they reached the end of the pocket, while in others that the manganese deposit was too small to work with high hopes, and with a big force and for a time it looked as though Copper Harbor, which had dwindled to two or three families, would again become prosperous and thriving as of yore, when the copper mines in that locality were turning out the red metal.

At the meeting of the Hancock Elks a couple of favns were led through the woods. The victims were E. F. Douglas and S. H. Houghton.

At the last meeting of the Hancock Elks a couple of favns were led through the woods. The victims were E. F. Douglas and S. H. Houghton.

GOOD PREMIUM EXPECTED.

Bids for the Hancock School Bonds to Be Opened Wednesday.

The board of education of Hancock will on Wednesday open bids for the \$15,000 worth of school bonds authorized by the district at the special election held recently. Applications are being received from various parts of the country and the board expects to receive a large premium. The bonds run twenty years.

FOR HANCOCK'S BIG PUMP. Two Carloads of Castings, Half of the Engine, Arrive.

Two carloads of rough castings for the new 2,000,000-gallon pump for the Hancock water works were received by rail Saturday and will be at once taken to the station. This shipment consists of about one-half of the pump. The E. P. Allis company of Milwaukee, the makers, will ship the remainder as soon as ready, which will be in about a month's time. Bids for the new pump house will be received tonight and the proposals will be opened at the council meeting Wednesday. The house will be completed by midsummer.

BASEBALL NOTES. Manager Ed Hocking had his team of "colts" out for practice yesterday on the diamond at the Hancock Driving Park. The timber is mostly young, but is A-1. A few of the old-timers are in the nine, notably Berrymann, formerly star pitcher for the Houghton team three years ago. The Maroons of the Soo have applied for a game with the Hancock's and Manager Hocking is corresponding with Ishpeming, Negaunee Republic and Marquette.

Secretary Wing, of the Hancock Y. M. C. A., is in receipt of a check from a Houghton man that will be utilized in helping to pay for the paraphernalia to be procured for the association's baseball team. The boys were out practicing on the Quincy sands Saturday afternoon.

MARINE NEWS. The tug Fred A. Lee towed Houghton & Woods' big elevator dredge to the ship canal Saturday afternoon.

W. H. Singer of Duluth, president and general manager of the White Line Transportation company, was at Portage Lake yesterday.

The steamer Cuba, which was tied up last fall at the Fuel & Supply company's dock on the Hancock side of the lake, is being fitted for service.

The steamer Bon Voyage reached Portage lake late Saturday night on her first trip from Duluth this season. Yesterday she discharged a portion of her cargo at Lake Linden.

DOES IT PAY TO BUY CHEAP? A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the most severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one course. Recommended many years by all druggists in the world. Get Green's Prize Almanac. The Stafford Drug Co.

Those horrid fits of depression, melancholy, low spirits and sudden irritability, that sometimes afflict even good-tempered people are due to the blood being permeated with black bile. HERBINE will purify the blood, restore health and cheerfulness. Price 50 cents. The Stafford Drug Co.

Osgood, Mo., Oct. 28, 1899. Pepsin Syrup Co., Monticello, Ill. Gentlemen:—I have used Syrup Pepsin for some time and find it gives most excellent results and it is one of the greatest selling preparations I have ever carried in stock.

I do not hesitate to recommend it. Very respectfully, DR. T. JONES. Sold by the Stafford Drug Co.

MANY SCHOOL CHILDREN ARE SICKLY. Mother Gray's Sweet Powders for Children, used by Mother Gray, a nurse in Children's Home, New York. Break up Colds in 24 hours, cure Feverishness, Headache, Stomach Troubles, Teething Disorders, move and regulate the Bowels, cure Destructive Worms. Mrs. Emily Maroon, Meriden, Ct., says: "It is the best medicine in the world for children when feverish and complaining." Sold by all druggists or by mail, 50c. Sample sent free. Address Allen S. Olmsted, LeRoy, N. Y.

FOR A BOTTLE OF MEDICINE This is to certify that my wife was for years afflicted with asthma and was so far gone that several physicians decided that her case must terminate in consumption. I was induced to try a bottle of Dr. Warner's White Wine of Tar Syrup. To our great satisfaction it gave almost immediate relief, and two bottles completely cured her. She is now well and healthy, but I would not be without the medicine if it cost fifty dollars a bottle. Wm. H. Farris. Chn. Ed. Tp. of Wilton, Monroe Co. Wis. The Stafford Drug Co.

THE BEST BLOOD PURIFIER. The blood is constantly being purified by the lungs, liver and kidneys. Keep these organs in a healthy condition and the bowels regular and you will have no need of a blood purifier. For this purpose there is nothing equal to Chamberlain's Stomach and Liver Tablets, one dose of them will do you more good than a dollar bottle of the best blood purifier. Price, 25 cents. Samples free at Stafford Drug Co.'s drug store.

NOTICE—If in want of men call up Ferrall's Employment Agency, Phone 231, Calumet.

produce 20,000,000 pounds if the management so desired. Further, he says it is earning at the rate of \$6 to \$8 per share, and by increasing production could earn \$12 to \$15 per share per annum. He says Standard Oil people have had two experts at the property for some time, and he hears that the Amalgamated will offer to take in Old Dominion on the basis of one share Amalgamated for two of Old Dominion. He doesn't know, he says, whether this is true. Last anybody doubt his declarations, Mr. Amster still stands ready to pay the expenses of any reputable mining engineer to the extent of \$1,500 who shall visit the property and find any statements about production, earning power, etc., materially untrue.—Boston Herald.

GOOD PREMIUM EXPECTED. Bids for the Hancock School Bonds to Be Opened Wednesday.

The board of education of Hancock will on Wednesday open bids for the \$15,000 worth of school bonds authorized by the district at the special election held recently. Applications are being received from various parts of the country and the board expects to receive a large premium. The bonds run twenty years.

FOR HANCOCK'S BIG PUMP. Two Carloads of Castings, Half of the Engine, Arrive.

Two carloads of rough castings for the new 2,000,000-gallon pump for the Hancock water works were received by rail Saturday and will be at once taken to the station. This shipment consists of about one-half of the pump. The E. P. Allis company of Milwaukee, the makers, will ship the remainder as soon as ready, which will be in about a month's time. Bids for the new pump house will be received tonight and the proposals will be opened at the council meeting Wednesday. The house will be completed by midsummer.

BASEBALL NOTES. Manager Ed Hocking had his team of "colts" out for practice yesterday on the diamond at the Hancock Driving Park. The timber is mostly young, but is A-1. A few of the old-timers are in the nine, notably Berrymann, formerly star pitcher for the Houghton team three years ago. The Maroons of the Soo have applied for a game with the Hancock's and Manager Hocking is corresponding with Ishpeming, Negaunee Republic and Marquette.

Secretary Wing, of the Hancock Y. M. C. A., is in receipt of a check from a Houghton man that will be utilized in helping to pay for the paraphernalia to be procured for the association's baseball team. The boys were out practicing on the Quincy sands Saturday afternoon.

MARINE NEWS. The tug Fred A. Lee towed Houghton & Woods' big elevator dredge to the ship canal Saturday afternoon.

W. H. Singer of Duluth, president and general manager of the White Line Transportation company, was at Portage Lake yesterday.

The steamer Cuba, which was tied up last fall at the Fuel & Supply company's dock on the Hancock side of the lake, is being fitted for service.

The steamer Bon Voyage reached Portage lake late Saturday night on her first trip from Duluth this season. Yesterday she discharged a portion of her cargo at Lake Linden.

DOES IT PAY TO BUY CHEAP? A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the most severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one course. Recommended many years by all druggists in the world. Get Green's Prize Almanac. The Stafford Drug Co.

Those horrid fits of depression, melancholy, low spirits and sudden irritability, that sometimes afflict even good-tempered people are due to the blood being permeated with black bile. HERBINE will purify the blood, restore health and cheerfulness. Price 50 cents. The Stafford Drug Co.

Osgood, Mo., Oct. 28, 1899. Pepsin Syrup Co., Monticello, Ill. Gentlemen:—I have used Syrup Pepsin for some time and find it gives most excellent results and it is one of the greatest selling preparations I have ever carried in stock.

I do not hesitate to recommend it. Very respectfully, DR. T. JONES. Sold by the Stafford Drug Co.

MANY SCHOOL CHILDREN ARE SICKLY. Mother Gray's Sweet Powders for Children, used by Mother Gray, a nurse in Children's Home, New York. Break up Colds in 24 hours, cure Feverishness, Headache, Stomach Troubles, Teething Disorders, move and regulate the Bowels, cure Destructive Worms. Mrs. Emily Maroon, Meriden, Ct., says: "It is the best medicine in the world for children when feverish and complaining." Sold by all druggists or by mail, 50c. Sample sent free. Address Allen S. Olmsted, LeRoy, N. Y.

FOR A BOTTLE OF MEDICINE This is to certify that my wife was for years afflicted with asthma and was so far gone that several physicians decided that her case must terminate in consumption. I was induced to try a bottle of Dr. Warner's White Wine of Tar Syrup. To our great satisfaction it gave almost immediate relief, and two bottles completely cured her. She is now well and healthy, but I would not be without the medicine if it cost fifty dollars a bottle. Wm. H. Farris. Chn. Ed. Tp. of Wilton, Monroe Co. Wis. The Stafford Drug Co.

CAILLES GETS AWAY.

BLOODTHIRSTY FILIPINO GENERAL AGAIN ELUDES AMERICANS.

HIS CAMP IS SURPRISED.

TWENTY MEN, MUCH STORES AND PAPERS CAPTURED.

Escaped Leader Has Reputation for Cruelty and Is the One Who Offered \$10 for Each Head of an American Soldier.

Manila, April 28.—Captain Wilson Chase, with a detachment of the Twenty-first infantry, on the 26th surprised the camp of the insurgent General Cailles at Dugot, nine miles northeast of Cavinti, province of Laguna.

General Cailles recently offered a reward of \$10,000 for the head of Captain Edward N. Jones, Jr., of the Eighth infantry. For more than a year past Cailles has commanded the insurgent forces operating to the east of Bay lake, not far from Manila.

The "Society Mando Ducaris," whose practice it was to assassinate or bury alive those who accepted American sovereignty, whenever a traitor fell into their hands, operated with the cognizance of the support of Cailles.

BONDS FILL THIRTY TRUCKS. \$12,000,000 of Carnegie Certificates to Be Exchanged for Trust Issues.

Pittsburg, April 28.—The Union Trust company has received for deposit bonds to the amount of \$17,000,000, formerly used by the Carnegie company.

President C. M. Schwab, Treasurer Lawrence C. Phipps and Secretary W. W. Blackburn of the Carnegie company, appointed as a committee to attend to all negotiations with the United States Steel Corporation, completed arrangements with the syndicate managers that the bonds of the Carnegie company, amounting to \$160,000,000, should be redeemed at their face value for bonds of the billion dollar trust.

There are 2,000 of the \$20,000 outstanding, 4,000 of the \$10,000 variety, 8,000 of the \$5,000 and 40,000 of the little \$1,000 bondlets. It will require thirty large trucks to carry the bonds to New York.

MATCH FOR CUP YACHTS. Lawson's Boat to Meet Constitution in Three Trial Races.

New York, April 27.—Three special trial races will be sailed between the cup-defense yacht, Constitution and Independence, the dates of the match being July 2, 4 and 6. This announcement has just been made by a representative of the Newport Yacht Racing association and is the solution of the deadlock between the New York Yacht club and Thomas Lawson, which threatened to make impossible a contest between the two rivals.

A rule of the New York Yacht club forbidding a non-member to sail in a race that organization excluded Thomas Lawson's yacht from competing in the matches that were to decide the choosing of a challenger to meet Sir Thomas Lipton's Shamrock II. Mr. Lawson, on the other hand, refused to comply with the requirements of the New York Yacht club and declined to get around the rule by sailing his boat in the New York Yacht club trial races under the name of a member of that club.

Your Tongue. If it's coated, your stomach is bad, your liver is out of order. Ayer's Pills will clean your tongue, cure your dyspepsia, make your liver right. Easy to take, easy to operate.

Want your mouth or throat a beautiful brown or rich black? Then use BUCKINGHAM'S DYE for the hair.

stitution, and Mr. Lawson, the owner of the Independence, have signified their willingness to race for the Newport association's cup.

Lipton's Boat Pleases Him. Southampton, April 27.—Shamrock II arrived here this evening in low of the Erin. At the dock, where he met the best, Sir Thomas Lipton in the course of a conversation said: "I am satisfied I have the best challenger ever built and I warn my American friends that they have a big job this time."

BROKER GETS DAMAGES. Claim Board of Trade Loses Are Gambling Debts Fails to Hold.

Chicago, April 28.—Alonzo J. Cutler, a board of trade broker, yesterday was awarded a verdict of \$54,000 against C. W. Partridge. The amount of the verdict represents losses which Mr. Partridge was alleged to have refused to pay on the ground that they were gambling debts, having resulted from speculation on the board of trade.

PHILLIPS BULLS OATS. Runs May Up to 27, the High Price on the Crop This Year.

Chicago, April 28.—Phillips took a hand in bulling the oat market Saturday. The advance in May oats, which opened 26 1/2 cents to 27 cents was the high price on the crop this year.

Extreme dullness was the market characteristic of Phillips' May corn campaign yesterday. Prices from the opening on were steady, with Phillips bidding to support both the May and July markets.

Wheat ruled strong Saturday and both May and July scored an advance of over a cent. The news was all bullish, principally crop damage reports, and shorts covered, this mainly being responsible for the up-run.

BOSTON COPPER QUOTATIONS. The copper stocks dealt in on the Boston exchange closed as follows yesterday, as reported by Paine,Webber & Co.:

Table with columns for various copper stocks and their prices. Includes Am Zinc, Cent Oil, Blse, Com, Tin, Com, Atl, Pfd, Rep Stl, Pfd, Am Hoop, Sid & W, N Y Cent, So Rwy, Sugar, C B & Q, Rock Isl, St Paul, B R T, Rubber, A F I, Am Tob, Cont Tob, O & W, W Union, Leather, U S Stl, Pfd, Peo Gas, Aech, Pfd, N P, Pfd, U P, Pfd, Mo P, Man, C & O, So Pac, Rdg, 3rd Ave, Met, Pac Mail, B & O, T C I, C G W, L & N.

The transactions in the Boston copper stocks on Friday were: Adventure 600, Isle Royale 1,300, Allouez 3,000, Mohawk 900, Arcadian 1,000, O D 1,000, Atlantic 200, Osceola 1,000, Anal Copper 8,000, Parrott 500, Bingham 1,500, Quincy 500, Benanza 1,500, Santa Fe 300, B & M 150, Tamarack 300, B & B 3,000, Tenn Cop 500, Baltic 150, Timonahill 500, C & H 1,500, Trinity 1,500, Centennial 500, Utah 700, Cochita 1,500, U Mining 2,000, Copper Range 200, Winona 500, Franklin 100, Wolverine 250.

DEPOSITS, 1,000,000

WESTERLY (R. I.) SAVINGS BANK WILL NOT OPEN TODAY.

NOTICE POSTED ON DOOR.

DECIDED BY TRUSTEES TO GO INTO LIQUIDATION.

2,000 People Have Money in the Institution and Town Is Excited—Shrinkage of Securities Cause of the Failure.

Westerly, R. I., April 28.—The Mechanics' Savings bank will not open for business tomorrow. Late this afternoon the following notice was issued: "The trustees of the Mechanics' Savings bank, owing to the doubtful value of some of the bank assets, have decided that it is for the best interests of the depositors that the bank go into liquidation, and action already has been taken looking to this result."

HARVARD THE WINNER. Takes Two of the Philadelphia Relay Races and Yale the Other.

Philadelphia, April 28.—The seventh annual relay race and track field events of the University of Pennsylvania were held on Franklin field yesterday afternoon. Although no records were made, fast time was made in many events.

The principal races of the day were the one, two and four-mile relay events for the championship of the United States. Harvard won the two and four-mile races while Yale captured the one-mile contest.

The one-mile championship was won by Yale, represented by C. Dupee, E. J. Clapp, J. R. Hunter and L. Boardman; Chicago was second and Syracuse third. Time, 3 minutes 27 1/2 seconds.

BASEBALL SCORES. National League. Chicago 10, Cincinnati 4, Boston 11, Philadelphia 10, St. Louis 10, Pittsburgh 4, Cleveland 10, Detroit 12, Milwaukee 11.

Western Association. Louisville 9, Indianapolis 7, Grand Rapids 9, Marion 13, Toledo 3, Fort Wayne 4, Dayton 2, Columbus 1. Saturday's Games. National league games played Saturday result: Philadelphia 5, New York 1, Brooklyn 6, Boston 3, Pittsburgh 2, St. Louis 7, Chicago 2, Cincinnati 9. American league scores Saturday were: Detroit 13, Milwaukee 9, Baltimore 12, Boston 6, Philadelphia 5, Washington 11, Chicago 4, Cleveland 10.

OBITUARY RECORD. Buffalo, April 28.—Postmaster Dorr died suddenly today from heart disease.

New York, April 28.—James Douglas Reid, known to telegraphers throughout the country as "the father of the telegraph," died this afternoon, aged eighty.

FATALITY ON THE DIAMOND. Madera, Cal., April 28.—While playing ball this afternoon, F. E. Kilpatrick collided with another player and was instantly killed.

FIRE LOSS AT DULUTH. Duluth, April 28.—Fire tonight destroyed the building of the Zenith Paper company. The loss is \$50,000.

A RAGING, ROARING FLOOD. Washed down a telegraph line which Chas. Ellis of Lisbon, Ia., had to repair. "Standing waist deep in icy water," he writes, "gave me a terrible cold and cough. It grew worse daily. Finally the best doctors in Oakland, Neb., Sioux City and Omaha said I had consumption and could not live. Then I began using Dr. King's New Discovery and was wholly cured by six bottles."

Positively guaranteed for Coughs, Colds and all Throat and Lung troubles by Stafford. Price 50c and \$1.

You can get a fine cabinet photograph at Werner's for two dollars a dozen. (4-19-1f)

Cuts, wounds, burns, sprains and bruises quickly heal if you apply BALLARD'S SNOW LINIMENT. Price 25 cents and 50 cents. The Stafford Drug Co.

CROWDS CONTINUE.

Third Week of the Mission Begun Last Night.

LOOK FOR BIG WEEK.

Copper Stocks Had a Fairly Good Day Saturday.

Coppers had a fairly good day Saturday. Prices were well sustained and the close was strong.

THE BEST REMEDY FOR RHEUMATISM. Quick Relief from Pain. All who use Chamberlain's Pain Balm for rheumatism are delighted with the quick relief from pain which it affords.

NOTICE TO ICE CONSUMERS FROM THE NEW ICE COMPANY. Don't forget to call up the Marquette Ice company for prices on ice for the coming season.

Carvalho's cigars—others tried them why not you; others smoke them so will you.

Increases human energy, makes soldiers of weak men. The world has little pity for a man who has lost his grip does not regain it by taking Rocky Mountain Tea.

Get your money's worth by smoking Carvalho's solid, Havana filled cigar.

CATARH PERMANENTLY CURED. Nasal Catarrh, Catarrh of Head or Catarrh of Throat. No Cure, No Pay.

The village fathers of Sanluis Center are not believers in the open saloon. They have instructed the village attorney to draw up an ordinance prohibiting the licensing of saloons or the selling of liquor in the village.

The parents of Private Springborn, who enlisted from Armada, near Mt. Clemens, to serve in the Philippines, have received word that he will shortly be home with a native Filipino bride.

The farmers of Kalamazoo county not many years ago one of the best wheat growing counties in the state, are becoming discouraged over the ravages of the Hessian fly, and are turning their attention to beans, corn and rye.

It does not pay. If you have a good thing, tell it right out. Don't use false means to attract attention.

IN ALL STAGES of Nasal Catarrh there should be cleanliness. As experience proves, Ely's Cream Balm is a cleanser, soothe and healer of the diseased membrane.

WHEN BABY HAS THE CROUP. How many anxious hours are spent by mothers when baby has the croup.

THE ORGANIZATION of the American Home Finding association in Michigan has been perfected at Saginaw.

The next state fair will be held in Pontiac and that city promises the public the greatest fair of recent years.

FATAL ECONOMY. VERY old maxim declares that it isn't economy to pick up pins; the time is worth more than the pins. Similarly it is not true economy to do without Ivory Soap; your health requires the daily removal of the bodily excretions which are discharged through the pores of the skin. These tiny mouths must be kept open, and they should be opened only with a pure soap. IVORY SOAP—99% PER CENT PURE.

Lower Michigan News.

An extensive colony of Bohemians, now on their way to America, will be planted in the southwest corner of Westford county. The Detroit & Mackinac railroad has contracted to run their road to Harrisville, provided the right way through the county is procured for them.

Chicago parties are negotiating for the purchase of the Schwabach Garmet company's plant in Niles. If the sale is made Mr. Schwabach will give his time to his factory in Buchanan, and also erect a factory at South Bend, employing from 100 to 300 men.

Belding is in the throes of a \$10,000 carriage suit caused by a throw from Mrs. W. D. Hall and a pile of stone, which the lady does not believe should have been at the street corner. There is a disposition on both sides to fight to a finish.

The newspaper situation at East Jordan is probably unequaled anywhere else in the state. C. L. Louraine is publisher of the Enterprise, and his son, R. L., has just bought out the Herald, the other local sheet, and will continue its publication in friendly opposition to his father.

The enterprising portion of Mayville's population which believes in modern improvements is not to be cast down. A proposition to bond the village for electric lights has already been defeated at the polls a couple of times, but a petition is being circulated asking the council to submit the question again.

The village fathers of Sanluis Center are not believers in the open saloon. They have instructed the village attorney to draw up an ordinance prohibiting the licensing of saloons or the selling of liquor in the village.

The parents of Private Springborn, who enlisted from Armada, near Mt. Clemens, to serve in the Philippines, have received word that he will shortly be home with a native Filipino bride.

Accompanying the letter acquainting his parents of his marriage, was a picture of the young lady. The young man is but twenty years of age.

**STREET RAILWAY EXTENSION.**  
Winthrop People Anxiously Awaiting Proposed Service.  
The proposed extension of the Ne-gaunee & Ishpeeming Street railway line to the Winthrop is eagerly awaited by the people of that locality. They want the service badly and when the line reaches that point there will be a general sale of horses, young and old, as every last one of the horse owners out there, who use their nags mainly to get to town, will get rid of them.  
A representative of The Mining Journal visited the Winthrop a few days ago and everyone he talked with wanted to know when that street railway extension was going to be started. All were of the opinion that the new line would pay for itself in a very short time.  
A great many people travel daily on business between the city and the Winthrop and many more would make the trip if the cars were running out there. Even there is good fishing and hunting near the location. The berry fields are good in that section and, during the season, many would go that way for their berries.  
The Winthrop location is growing every year. The ore deposits will last through a number of generations. The day is coming when there will be a scramble for the lean ores of the range. There are millions of tons of these grades near surface and they can be mined at a very small cost per ton.  
The officers of the street railway system would be taking no chance in extending their line. Some of their number were at the location a few days ago looking over the ground with a view to deciding on a route. There is a short cut going directly south of the Salisbury engine house, entering the location between two large bluffs, but a majority of the directors will likely favor the other route, around by Badger hill, following the team road. It is understood that the terminus of the extension will be at the foot of the hill, a short distance beyond James Luks' store.  
It is said that difficulty and danger in passing the tracks at the Section 16 crossing will be averted by building a trestle above them. It will start a little above the candy store at the present terminus and end on the hill some two hundred feet across the tracks, opposite the engine house.  
A visitor to the location can not help but be impressed with the conditions there. Half dozen or more property owners are enlarging and improving their places. A new church is being erected by the Finnish Lutheran congregation. The frame work has been raised and it will not be long before the edifice will be ready for occupancy.  
The members of the school board have not yet decided where to locate the new building to be erected soon, likely this summer. It is conceded by all that the old building has outlived its usefulness and that it should be abandoned. The building is not a fit house for a school. The new structure will be large enough for many years to come. The question of the school's location will be decided soon. It is likely that a majority of the board will favor the hill south of Section 21 engine house.  
**GOODS GOING CHEAP.**  
Sam Blumenthal Has Begun to Dispose of His Bankrupt Stock.  
Sam Blumenthal is again in possession of his stock of clothing and gents' furnishings and he proposes to sell the goods at almost any price and today will begin in order to get rid of them in a hurry. He has made up his mind to quit the clothing business and move to some other place. He therefore offers for sale not only his goods at a bargain but he wishes to sell his store furniture and fixtures and his residence property at 322 North Third street. Sam opened up Saturday noon and he did a rushing business during the balance of the day, the bargains he offered being the attraction. He intends to sell the goods at about half their former price, and on that basis he expects to clear out the stock in short order.  
**ASSIST NATURE.** There are times when you should assist nature. It is now undertaking to cleanse your system—if you will take Hood's Sarsaparilla the undertaking will be successful. This great medicine purifies and builds up as nothing else does.  
Do you know that we are supplying thousands with shoes. We have the goods and that is why we sell so many.

## NEGAUNEE TOOK THE LAURELS.

Indoor Meet Saturday a Great Success in Every Way.

Every seat taken and many standing around the edges of the rink is the tale of the indoor meet and school exercises for 1901. It was a great, big success in every way, and those who had to do with its management have reason to feel proud of the success they made of it. It was a little after eight when the first event was started and the twenty-first, and last, event was finished shortly after ten, a remarkable showing, and a criterion of the smoothness of the whole affair. There were just enough amusing events to relieve those of a more earnest nature, and these served to put the big audience in good humor.

The opening chorus by the high sixth, led by Miss McElhane, was very well rendered and much appreciated. The May pole dance by children of the grades, both boys and girls, caught the fancy of the crowd at the start, and when the little ones finished their part they were heartily applauded. The girls were dressed in white and the boys as Boy Scouts, and they went through their exhibition without a hitch. The waltz drill by young ladies of the high school was also very well done and elicited much applause. The girls wore black skirts with white shirt waists and presented an exceedingly pleasing appearance. Their marching was exceptional in its precision and the waltz drill proper has been seldom equaled in this section.

The 25-yard dash was the first event of the meet, proper, and was run in six heats. The seconds then ran in the semifinals and the winner contested with the first for the honors. Les Maitland won with Stanley Webb second, time, 3 1/2 seconds. It was a hotly contested race and served to warm the crowd up to a high pitch. The high jump and the mile run were run off at the same time. The jump was perhaps the prettiest event of the evening, the four contestants doing their best, and the winner had but an inch to spare over his opponent. Donnelly won in a jump of 4 feet, 10 inches. Maitland and Walker tied for second place with a jump of one inch less. There were six entries in the mile run, and as they were all little fellows the crowd was with them all the time. The track was twenty-eight laps at the mile, and the racers must have got a little dizzy before they made the last turn. Jones won in 6:55, with Murton second.

The 25-yard low hurdles were run in two heats, Dyer and Donnelly finishing first and second, respectively, in the first, and Walker and Webb in the second. In the final Walker won out in 32 seconds with Dyer a close second. The 220-yard dash was another race which appealed to the crowd and it seemed to have a like effect on the boys, for they were in from the start to win. Webb won the race in 33 seconds and he was closely followed by Burns. In the 25-yard high hurdles, Donnelly won out, Walker coming in right behind. The time was 4:45 seconds, the hurdles being quite high and thus extending the time. Three runners were pitted against each other in the half-mile run and there was very little leading done. Rough came in first in 3 minutes 7 seconds, and Webb finished second.

The potato race was the first of the line of funny events and it was exceedingly so. The boys were small and they entered into that race as if their very lives depended upon it and the judges had some difficulty in picking the winners. It was decided that Pellon got there first with his bunch of "Murrays" and Jimmie Hanson was the next best. The three-legged race was a great surprise, that is the time was; it was 4:45. Burns and Chapman won with Carmichael and C. Mitchell right behind. The obstacle race took the cake, or the pie, rather, for that was many of the many obstacles. The boys had barrels, a step-ladder and numerous other things to contend with, and as each was bent on winning, there was great excitement, and it was rumored that the only reason Burns won is because his mouth was larger than the rest and also that he had eaten nothing for several days. At any rate, when he came to the pie the others weren't in it. Hanson got second. The tug-of-war was another exciting event and here the little fellows made merry for the crowd. Captain Yates at the head of seven men lost no time in pulling Captain Northey over the line, and there was much whooping when the former captain, who stands about three feet six, won.

The relay race for the championship of the school was perhaps the most exciting exhibition of the evening. The fifth and sixth grades had it out at the start. The latter was in it at all the time and

it evidently was no effort for its representatives to win. The freshmen and sophomores were next up and the latter did not do a thing to their young friends. Then the sixth ran against the seventh and beat them handily and the sophs tried their friends, the juniors with much success. The little sixth then had the fights of its life, being pitted against the seemingly invincible sophs. It looked at one time as if they were going to win, but it was too much of a contract, and though they were game to the last the second class men came out on top and were declared the champions of the school.

Ishpeming then limbered up for her race with Negaunee and the boys were given the glad hand when they got into the track. Johnson, Gill, Beck and Peterson raced for the Hematite city and Walker, Dyer, Webb and Rogers did the trick for this city, winning hands down. The Ishpeming lads did not seem to be on to the track and that may have had something to do with the result. This closed the events of a program which in arrangement and execution gave entire satisfaction.

## HUSTLING AT THE "CO-OPS."

All the Co-operative Stores Will Soon Be Doing Business.

With three Co-operative stores, all on a large scale, doing business on the western end of Iron street that thoroughfare might well be rechristened and named "Co-op" street. The Nicholas Laughlin Co-operative establishment and the Negaunee Co-operative society's store located side by side, each having a frontage of three stores. About a block farther east in the Sundberg building will be the branch of the Ishpeming Co-operative society's business.

In making the rounds of the city yesterday, this reporter noted that there was considerable going on at all three places. Mr. Laughlin has just finished putting in his new meat market furniture and fixtures in the addition recently added to the grocery end of his block. He has a very neat place and his meat business will hereafter be conducted to better advantage and at less expense than formerly, as the expense of extra rental, heating, etc., is saved by the change. The society has been incorporated under the laws of the state and on the first of the coming month the establishment will begin business under the new name. Mr. Laughlin reports that his customers are taking kindly to the change and those who have thus far applied for stock appreciate his kindness very much in offering to share the profits of his business with them.

The meat market of the Negaunee Co-operative society will be opened to the public today. The furniture and fixtures which Harry Pearce used while he conducted a market were installed in the smaller of the three stores yesterday. Alfred Austin, a meat cutter of many years' experience, will have charge of the market. He resides in Ishpeming, where he conducted business on his own account at two different times.

During Manager Greenie's absence from the city T. M. Wells has been looking after things at the store.

The carpenters employed at the Sandberg block getting the rooms in readiness for the opening of the local branch of the Ishpeming Co-operative society will have to work night and day if they finish the work blocked out by the first of the coming month, the date set for the opening. John Haynes of Ishpeming has charge of the work, employing five or six men besides himself working on the job. New counters, shelves, etc., are being put in both rooms. The goods for the store began to arrive yesterday. When Manager Kinsman was below recently he made his purchases with the understanding that all the goods must be on the ground by May 1. From present indications it will be some time after that date before everything is in place and the business running smoothly.

## HERE THIS EVENING.

In the comedy of complications, "Who Is Who?" which will hold the boards at the opera house this evening, Murphy and Riley, the chief fun makers, have a vehicle which is well suited to their talents. The play also admits of a number of specialties which are right, and which in no way interfere with the plot. There is a strong plot to this piece and the audience is taxed at times to follow it. This is an exception to the general run of farce comedies, for they usually have a flimsy story which serves only to introduce the merits of the company. The play was given in Ishpeming Saturday evening, where it pleased a large at-

tendance. Seats are on sale at Kirkwood and O'Donoghue's at seventy-five, fifty and twenty-five cents and have already had a good sale.

## NEW COAL SHED NEEDED.

The city council will doubtless be called upon soon to provide a coal shed at the city water works and electric light station. In years past the greater part of the coal used there has stood outside, many times in open cars, exposed to rain and snow. At times the coal has been frozen, necessitating the handling of ice as well as fuel. The firemen have been complaining, and justly, as they have not found their work any too easy or pleasant trying to keep up steam under such conditions. The matter will likely come up at the next meeting of the council.

## MANY EMIGRANTS ARRIVING.

It has been long since such a large number of emigrants have arrived in the upper peninsula as are coming this spring. Every train from below brings some. During the past few days whole carloads have passed through here. A number have landed in Negaunee and Ishpeming but at least 75 per cent more of them go to copperopolis than stop in this county.

## LOCAL LAONICS.

Dr. A. N. Hornbogen of Marquette was in the city Saturday.

The exterior of J. M. Perkins' drug store has been newly painted.

Captain Earl Walton will soon move into the Blake residence on Snow street.

C. A. Wheeler and H. C. Russell were up from Marquette Saturday on business.

B. Desjardins, the Marquette druggist, was a business visitor in the city Saturday.

Miss Florence Mitchell will leave this week for an extended visit with friends in St. Louis.

Elmer Clark, one of the most popular engineers on the Northwestern, was up from Escanaba Saturday and yesterday.

The crew which has been working on the Dead River drive has been transferred to the hoist and that work is progressing rapidly.

The dealers in bicycles report trade quite lively and there is every prospect that more of the silent steeds will be ridden in the city this season than ever before.

Baptiste Fedrize, who escaped from the Newberry asylum on the 18th, was captured in this city Thursday, and Saturday Frank Alderman of the institution took him back.

A bush fire is burning north of the lake, but no serious damage is threatened. There are other fires in the surrounding country and the air is rather smoky in consequence.

H. J. Peterson measured the members of the Negaunee orchestra band Saturday evening, for their new uniforms. The M. C. Little company of Columbus, Ohio, will manufacture them. They will be of a dark maroon with caps to match. The band cleared a snug sum at its dance in the opera house Thursday evening.

A GREAT POSSESSION.

Eyes are an every day possession. They don't seem to be so wonderful until we lose them. Your eyes may be warning you every day of their weakness, their inability to do their work without help. They are the "daily bread makers" for most of us. Don't neglect them.

T. E. LUDLOW, Optician.  
Perkins' drug store.

NO SUBSTITUTION IN DRUGS.

Our prescriptions are filled with fresh drugs that are absolutely pure and compounded with the utmost care. We have a reputation to maintain in this direction, and take no chances in the filling of your prescriptions. We guarantee both quality and quantity in all our goods. We want your prescription trade and will fill it to the letter.

J. M. PERKINS, Druggist.  
Sole agent for Chancellor and Teller Cigars.

# Additional Ishpeming

## DEATH OF AN OLD RESIDENT.

William Keskey Passed Away Yesterday from Heart Failure.

William Keskey, one of the county's oldest residents, died at his home on Terrace street, in the Salisbury district, at 6:45 o'clock yesterday morning, of heart failure. He had been unwell for some weeks, but it was thought the last of the week that he would recover, as he was getting much better. He was surrounded by his family when he died. Besides Mrs. Keskey, there are seven children, none of whom are grown up. Mr. Keskey was forty-four years of age. He had resided in this city for twenty years and was prominently identified with the Masons and Odd Fellows. He was employed upon the sand shaft at the Barnum and in other important mining work which has been undertaken hereabouts within the past few years. At the time of his death Mr. Keskey was employed at the Lake Angelina mine as underground foreman. The funeral arrangements are not as yet complete, though it has been decided that the ceremony will take place at the house and will be in charge of the Masons.

## ORGANIZING NEW LODGES.

Joseph Richards Doing Splendid Field Work for the Sons of St. George.

Joseph Richards is home from Iron Mountain, where he spent two weeks laboring in the interest of the grand lodge of the Sons of St. George. While there he organized a branch with 125 members, taking in some of the best business and professional men of the place. There was a branch of the Sons at Iron Mountain some years ago, but the officers were neglectful and careless and the members dropped out so rapidly that the charter was revoked by the grand lodge. The new branch starts out under most favorable circumstances and it gives promise of becoming one of the strongest lodges of the order in the upper peninsula.

Mr. Richards visited the lodge at Norway and he reports that it is getting along nicely, and that many of the members will attend the thirteenth annual

## 'TIS EASY TO FEEL GOOD.

Countless thousands have found a blessing to the body in Dr. King's New Life Pills, which positively cure Constipation, Sick Headache, Dizziness, Jaundice, Malaria, Fever and Ague and all Liver and Stomach troubles. Purely vegetable; never gripe or weaken. Only 25c at Stafford's drug store.

## A PRACTICING PHYSICIAN.

In Monticello, Ill., formulated Dr. Caldwell's Syrup Pepsin. Ask the Stafford Drug Co.

### UP TO THE VOTERS.

PROPOSED ISSUE OF \$20,000 BONDS TO BE SETTLED TODAY.

POLLING PLACE AT CITY HALL.

MONEY IS NEEDED FOR MUNICIPAL IMPROVEMENTS.

It Would Go Into Council's Hands to Be Used as Occasion May Arise for Best Interests of All People of Marquette.

Today the proposed issue of \$20,000 general improvement bonds is up to the people of Marquette. The polls will be open at the city hall from 2 a. m. until 3 p. m., giving all qualified voters an opportunity to express themselves on the bonding proposition. It is regarded as a certainty that the issue will be approved by a heavy vote as it does not appear that there is any opposition to it in any quarter of the city. Beyond the mere approval of the bonds, it is important that tax payers generally take the trouble to cast ballots, with the result that it will appear that the bond issue has the approval of the vast majority of Marquette people. To often the vote on special propositions of this nature is lamentably light. It is met that this be not the case this spring and that, instead, a formidable number of "yes" ballots be polled today.

It is now some weeks since the council agreed to submit the bonds to the voters in a special election and there has been an abundance of time for discussion, pro and con. The matter has received a great deal of serious attention and people are now generally informed as to the purposes of the issue. Its advisability is generally recognized and there are but few who question the wisdom of putting the proposed sum in the hands of the aldermen to be expended in their discretion.

It should be recollected today that a vote in favor of the bonding proposition is not a ballot cast in favor of any definite, immediate expenditure, but that it is affirmative of a proposition to place the amount of the proposed bond issue with the aldermen to be expended for the best interests of the whole city, as the occasion arises. There is no certainty that the entire \$20,000, or for that matter any part of it, will be used, but the fact that the money is available will give the council the power and ability to proceed with any municipal improvement which may be essential to Marquette's welfare.

**Hinges on Industrial Outlook.**

This proposition to bond the city for general improvement purposes is one of the developments of the industrial boom which is in prospect for Marquette. If the Cleveland-Cliffs Iron company were not about to undertake the construction of a new 150 ton charcoal blast furnace in the northern part of the city, if it were not engaged with the construction of the Marquette & Southeastern road

and if other important concerns were not considering locating in this city, the people would not be called on to express themselves on the subject of the \$20,000 bonds.

These things, however, give assurance that Marquette is going to see the first genuine business awakening in its history. This being so, the wisdom of placing the proceeds of the proposed bond issue with the council, to be expended for the welfare of the entire city as the occasion may arise, appears on the surface. As outlined above the aldermen do not now know how they may be required to use the money. Its expenditure is indefinite and they only ask that it be put in their hands that they may not have the humiliation of seeing some golden opportunity of benefitting the city pass by default simply because they did not command the funds necessary to permit them to seize it.

The \$20,000 derived from the sale of the bonds, which will undoubtedly be approved today, will then, go into the council's hands to be held until such a time as its expenditure, in whole or in part, will accomplish something of lasting good to Marquette. The aldermen can be relied upon to expend every dollar judiciously and wisely. All their business is transacted in the blinding glare of publicity and every tax payer who votes in favor of the bond issue today will, from time to time, be informed of the disposition of the \$20,000.

#### PRISONER ESCAPES.

Left Saturday Morning and Has Not Been Heard from Since.

John Habner, a convict, serving a two year sentence at the branch prison for forgery, escaped early Saturday morning. Making allowances for good behavior, the prisoner had but two more months of his term to serve.

Since last summer Habner has been on the trusted list and during this time has had repeated opportunities to escape. The work assigned to him consisted of running errands, and doing odd outside jobs around the prison premises. On Saturday morning he arose at four o'clock the usual hour, and lit the fires. He then went to carry water. It was about 6 o'clock when he was last seen. The guard under whom he worked missed him and at once instituted a thorough search. Habner was sent up from Petoskey for forgery about a year and a half ago and since committed to the prison has been a model prisoner.

The absconder is twenty-nine years of age, 5 feet 9 inches in height and weighs 172 pounds, has light hair, blue eyes, and a sallow complexion. Two bunches of flesh on his neck under his left ear are the only marks on his person. He is a stone mason by trade. A reward of fifty dollars is offered for his capture.

For the next thirty days we will make cabinets for \$2.00 a dozen. Stierle's Studio. (4-27-1m)

Smoked by many, praised by all. Carvalho's hand made cigars.

I am making a general reduction on all sizes of photographs. Werner.

What you get for your money is as important as what you pay. The R. L. Francis Co., bicycle repairer, corner Front and Bluff streets, invites all its friends and patrons to inspect its spring stock. The repair department will be conducted along the same lines as last season, insuring high-grade work at a reasonable price. (4-6-1m)

The cigar that suits is Carvalho's

**WILL BE HERE FRIDAY.**

Al H. Wilson and Company Will Present "The Watch on the Rhine."

On Friday night there will be presented at the opera house an attraction which comes heralded as one of the best to be seen here this season. The play in question is Messrs. Chas. H. Yale & Sidney R. Ellis, comedy-drama, "The Watch on the Rhine," with Mr. Al H. Wilson, a young comedian, with a grand voice in the titular role. The play itself is a comedy drama blending with home and love, comedy and pathos we are told so richly blending that laughter taketh away tears and mirth follows sorrow with such exquisite swiftness that the beholder is pleased and impressed. The settings of this play will be truly magnificent, the company carrying every piece of scenery and every stick of furniture as well as other stage ornamentals.

**WILL GO TO BUFFALO.**

Lake Superior Press Association Plan a Pleasant Summer Outing.

President Osborn of the Lake Superior Press association arrived here Saturday evening, accompanied by Editor Conlin of the Diamond Drill, who is a member of the executive committee of the association to meet the other members of the committee, who had previously assembled here to take up the business of arranging for the summer outing of the organization. E. W. Kibby of Sault Ste. Marie, secretary of the association, had arrived the previous evening, and the morning train from the south brought in Editors Soules of the Menominee Leader and Van Valkenberg of the Escanaba Journal, these, with Editors Conlin of the Drill and Russel of The Mining Journal constituting the executive committee.

Editor Soules was compelled to leave for home on the 6 o'clock train, so was unable to be present at the meeting of the committee in the evening, which was held in one of the parlors of the Hotel Marquette. At this meeting it was decided to have the association visit the Pan-American exposition at Buffalo early in June. It was decided to travel from St. Ignace to Cleveland by boat and from there make connections to Buffalo. The trip will be made so that the party can return before the fifteenth of June. The president and secretary of the association were authorized to continue negotiations for the excursion and make all necessary arrangements for the trip.

#### CAUGHT A DREADFUL COLD.

Marion Kooke, manager for T. M. Thompson, a large importer of fine millinery at 133 Milwaukee Avenue, Chicago, says: "During the late severe weather I caught a dreadful cold which kept me awake at night and made me unfit to attend my work during the day. One of my milliners was taking Chamberlain's Cough Remedy for a severe cold at that time, which seemed to relieve her so quickly that I bought some for myself. It acted like magic and I began to improve at once. I am now entirely well and feel very pleased to acknowledge its merits." For sale by the Stafford Drug Co.

My lover built a house for me and tried to warm it with his flaming heart. It did not work as you will see until he got me Rocky Mountain Tea. 35c. Stafford Drug Co.

Carvalho's cigars don't make throat dry or bite your tongue.

# OPENING WEEK!

Our Formal Spring (1901) Opening which occurred Friday and Saturday only marked the advent of opening week, which begins today. The short space of time since I made arrangements to continue this business in Marquette did not permit of our showing the complete lines of goods at our formal opening that we will be enabled to show during this week. We will receive this week a complete spring assortment of the

25 New Creations in Silk Waists and in the New Nunsveiling Waists.

Celebrated Centemeri Kid Gloves At \$1.00, \$1.50 and \$1.75; Fully Warranted.

New Silk Petticoats, Accordion Plaited, at \$5.00, \$7.50, \$8.50, \$10.00, \$12.00, \$15.00.

The Most Complete and Exquisite Effects in Ladies' Neckwear.

New shirt waists in leading materials in the latest cut and in superior collar effects. New dress trimmings and allover---an unequalled showing. Spring dress goods---not surpassed by large city stores---and at the lowest prices, consistent with the quality. Our sales during the past week in our suit department surpasses our greatest hopes, the fact that we have been selling the newest Perisian styles at actual wholesale prices (owing to our recent under-value purchase of over \$1,900) has been too strong an inducement for the public to pass. We have hundreds of elegant new suits now in stock which we will sell at less than our neighbors pay for them. It is an old saying "that goods well bought are half sold," never was it more fully demonstrated. Remember we are making our usual profit on every garment sold, our advantage comes in buying at a lower price than our competitors. Our terms are cash, but a dollar will buy more at our store than anywhere else. No old styles in our stock.
