Is the best for grate fires on a chilly morning or evening. It burns freely and leaves no clinkers.

We have the best quality at right prices.

**Jas. Pickands & Co.,**  
200 S. Front St.

## SAYS HE IS ELIJAH.

"DR." DOWIE THE PROPHET COME TO EARTH AGAIN.

HERE TO REFORM THE GLOBE.

RABID ADDRESS BY THE ZION LEADER AT CHICAGO.

Rages on the Stage Like a Madman, Cursing the Pope, Masonry and the Press and Denouncing All Who Disbelieve in Him.

Chicago, June 2.—"I am Elijah, the prophet, who appeared first as Elijah himself, second as John the Baptist, and who now comes in me, the restorer of all things. Elijah was a prophet; John was a preacher; but I combine in myself the attributes of prophet, priest, and ruler over men.  
"Gaze on me, then, I say it fearlessly. Make the most of it, you wretches in ecclesiastical garb; I am he that is the living, physical, spiritual embodiment of Elijah, and my commission to earth the third time has been prophesied by Malachi, by God himself, by his son Jesus, by Peter and three thousand years ago by Moses. All of whom believe me to be in very truth all of this will stand up."  
And over three thousand persons rose to their feet and greeted the declaration with cheers and hand-clapping.  
Frenzied Speech by Dowie.  
John Alexander Dowie, true to his promises, made this statement from the platform of the Auditorium tonight in the presence of five thousand persons. It was the culmination of a frenzied speech in which he denounced everybody and everything not in Zion, cursed the pope and the Roman Catholic church, spat literally at Masonry and the newspapers and bankers of Chicago, and raged and tore up and down the stage like a madman.  
"Understand well what I mean," he declared. "I will take no counsel in my methods of government. I have come to proclaim theocracy, a pure and simple government of God, by God and for God, and I will never rest until all other forms of government have been driven from earth."  
"You talk about democracy. Bah! I tell you democracy has been tried in the balance and failed. A government of the people, by the people and for the people is twaddle. I stand loyal to the flag and countenance no revolution, but I demand now that the name of God must be placed foremost in the Constitution of the United States and that the supreme authority of God over all things must be recognized."  
"Listen to the first message of the prophet," he demanded. "You must pay your tithes and offerings into the storehouse of God. Accursed be ye if ye would seek to rob his house of its fullness by not obeying this command, sent through Elijah."  
Grand Jury Fails to Indict.  
The grand jury yesterday, after a thorough investigation of the facts surrounding the death of Mrs. H. W. Judd, decided to vote no indictments against John Alexander Dowie and several of his followers in connection with the death of Mrs. H. W. Judd and her child at Dowie's "Zion."

**HUSBAND JAILED.**

Kansas Man Charged With the Mysterious Murder of His Wife.

Kansas City, June 2.—W. H. Klenmsire, whose wife was yesterday found murdered near their home at Holton, Kas., buried in a shallow trench, was arrested at Kansas City, Kas., today.

Marks on the body, which is believed to have been buried since May 19, indicated that the woman's skull had been crushed with a club, and suspicion was directed against the husband, who disappeared on that date.  
When arrested today, Klenmsire was at the depot waiting to take a train, as he said, for Holton. When told he was wanted on suspicion of murdering his wife, he refused for a time to talk. Then he declared his wife had committed suicide on May 12. On the following morning, he said, when he found the body hanging from a rafter in their house he took it to the trench and buried it. Klenmsire denied he had murdered his wife.  
Klenmsire was supposed to have gone to Texas, but it appears the detectives who had been working on the case traced him to Kansas City yesterday. On Friday last the Klenmsire child in Holton received a telegram from Texas, apparently from her father, stating that Mrs. Klenmsire had died there from yellow fever.  
Following the finding of the body, the mysterious murder in 1892 of Paul Swetlick, Mrs. Klenmsire's brother, who carried \$8,600 life insurance in favor of the Klenmsires, was brought forth as a suspicious circumstance and this led to coupling Klenmsire's mysterious disappearance with the murder of his wife.  
Klenmsire is a German farmer of about forty-eight, uneducated and dull of mind. The possibility that he will be tried for murder seemed secondary to the disgrace that would result from the publicity of the affair.

**JAMES A. HERNE DEAD.**

Well-Known Playwright and Actor Succumbs in New York.

New York, June 2.—James A. Herne, the well-known actor and playwright, died at his home in this city this afternoon from acute bronchitis-pneumonia after an illness of eight weeks. Herne was taken ill in Chicago while playing in "Sag Harbor," a play of his own composition. He came at once to his home, took to bed and never arose. It had been supposed for some days that he was improving, but Saturday night there was a sudden change for the worse which resulted fatally. Herne was born at Troy. The body will be cremated. It has not yet been decided when the funeral will be held.

**Other Obituary Mention.**

Jamecia, L. L., June 2.—Richard C. McCormick died today, aged sixty-nine. He was formerly territorial governor of Arizona, was assistant secretary of the United States treasury in 1877 and was elected to congress in 1896.

Cincinnati, June 2.—Rev. Thomas H. Pearne, aged eighty-one, a widely known minister of the Methodist church, died today. He was formerly a United States consul in the British West Indies.

Greensboro, Ala., June 2.—Rev. J. M. P. Otis, a well-known writer on the Bible and the Holy Land, died suddenly today.

**PEACE IN SAN DOMINGO.**

Kingston, Jamaica, June 2.—It is reported that the revolution in Santo Domingo has been completely crushed at its inception. A number of prominent rebels have been shot or imprisoned, and among the latter is a son of the late President Herreaux, who is said to have been the leader in the movement.

**WEATHER FORECAST.**

Washington, June 2.—The following is the weather bureau's forecast for Upper Michigan: Fair and warmer Monday; showers Tuesday; increasing east to southeast winds.

## BAD MEXICAN FIRE.

ISTHMUS OF TEHUANTEPEC A SCENE OF DESOLATION.

OVER SEVENTY LIVES ARE LOST.

FLAMES SWEEP OVER MANY THOUSANDS OF ACRES.

Vegetation of All Kinds, Everything in Its Path Destroyed by the Blaze That Rages for Ten Days Until Quenched by the Rain.

Chicago, Monday, June 3.—A special dispatch to The Tribune from Oaxaca, Mexico, says:

"Further details of the great fire which raged on the isthmus of Tehuantepec for several days have been received here. Over seventy people were unable to escape the rapid progress of the flames and were burned to death.  
"The fire started on a coffee plantation, and owing to the dryness of the vegetation it was soon beyond control and wrought great destruction to growing crops. Many thousands of acres of coffee trees, banana and orange trees and other tropical products were destroyed, as were a number of plantation buildings.  
"Those who met death in the flames were families of plantation laborers, who, being unable to escape the fire, perished in their huts.  
"The fire burned for ten days and was finally quenched by a heavy tropical rain."

**TORCH APPLIED BY BURGLARS.**

Robberies at Jasper, Tex., Followed by Blaze That Eats Up the Town.

Beaumont, Tex., June 2.—The little town of Jasper was entirely wiped out this morning by fire. Twenty-seven houses, including every business house in the place and a number of residences, were destroyed. The fire broke out at 3 o'clock, and in the absence of a fire department the town was at the mercy of the flames.  
Previous to the fire the postoffice safe and the safe of the county treasurer had been blown open and robbed. It is thought the burglars set fire to the town to cover up their crime and create excitement which would afford them an opportunity to escape.  
The loss is estimated at \$100,000 by fire but it is not known what the thieves secured from the safes.

**Heavy Loss at Quincy, Ills.**

Quincy, Ills., June 2.—Fire destroyed the wholesale house of the Tenk Hardware company this afternoon and damaged the buildings of Crooks & Cox, wholesale milliners; the Yeast Clothing company, and Giles Bros., musical dealers. The fire started from an electric wire in the Tenk building. George Schlag, chief of the fire department, was shocked and badly burned by a live wire. The total loss is \$75,000.

**Omaha Road Shops in Ashes.**

Hudson, Wis., June 2.—Fire in the repair shops of the Minneapolis & Omaha railway today caused an estimated loss of \$30,000.

**HAVANA'S ELECTION.**

A Sweep for the Nationalists—Have the Mayor and Council.

Havana, June 2.—The predictions of the outcome of yesterday's municipal election are verified. Senator Miguel Genet, the Nationalist candidate, was elected mayor of Havana, receiving 1,115 votes against 733 for Senator Mora, Republican, and 3,211 for Senator Carlos Garcia, the candidate of the Democratic party.  
The Nationalists elected eighteen members of the municipal council, the Republicans four and the Democrats two.

**FAST MAIL HITS BUGGY.**

Two Men Killed and Another Badly Hurt Near Erie, Pa.

Erie, Pa., June 2.—While driving across the tracks of the Lake Shore road at North East this afternoon, Hugh Walters and Michael Findlay were killed and Bruce Hazlett was fatally injured. Their rig was struck by the fast mail.

**McKeesport, Pa., June 2.**—By a collision between a street car and a train on the Lake Erie road today, nine people were seriously injured. Conductor Irwin Montgomery probably fatally.

**SPANISH RIOTS SERIOUS.**

Marines Landed at Corunna to Keep Order—Two Workmen Slain.

Madrid, June 2.—The Spanish government, it is asserted, has dismissed the prefect of Corunna, where serious riots occurred Friday, and the torpedo boat destroyer Avila has arrived there with marines to maintain order. Two of the workmen injured in collisions with the gendarmes have since succumbed. Their houses in Corunna yesterday were draped in crape bearing the inscription "To the martyrs of yesterday."

**BLOODSHED AT WEST PULLMAN.**

Dispute in a Saloon May Cause Two Deaths—Five Wounded.

Chicago, June 2.—As a result of a street fight in West Pullman today, Stephen Laporte and Andrew Stark are not expected to live. Three other participants received dangerous wounds. The five men, who are employed in the Pullman car works, had been drinking in a saloon when a dispute arose and they went outside to settle the matter. In the affray knives, clubs and bricks were used freely.

**DROWNS IN DENVER PARK.**

Denver, June 2.—William F. Thaut, aged twenty-four, a lieutenant in the Colorado National Guard, was drowned in a lake at the city park this afternoon in full view of five thousand people by the upsetting of a rowboat.

County Clerk Ross issued a marriage license to William J. Uron and Julia L. Mills of Ishpeming Saturday.

## RECONCILIATION IN SIGHT.

Volunteers of America May Join in With Salvation Army.

Cleveland, Monday, June 3.—The Leader this morning says that T. D. Hazard, financial secretary of the colonization and social settlement department of the Salvation Army, is authority for the statement that secret negotiations are being carried on looking to a reconciliation between General Booth and his son Ballington. The father and son have been estranged for five years, the son having in the meantime organized the Volunteers of America.

The cause of the estrangement, according to Hazard, was the refusal of Ballington to submit to an order of transfer from the United States to Canada.

If a reconciliation is effected it will mean Ballington's return to the Salvation Army and probably result in the abolishment of the Volunteers of America and its affiliation with the Salvation Army.

**STORM HITS PITTSBURG.**

Heavy Rain, Wind and Hail, Lasting 15 Minutes, Do Great Havoc.

Pittsburg, June 2.—One of the heaviest spring storms known to the government weather bureau here passed over this section today. Much damage was done and four people were badly hurt. The storm lasted only fifteen minutes, but in that time about half an inch of rain fell, the heavy hail ruined many trees, and the wind blew down several small houses.

At Whittaker, a partly finished dwelling was wrecked, burying in the ruins three boys and a man—Daniel Martin, who may die from injuries to his head and spine. George Marley, Frank Sturgis and Daniel Ashton were dug out of the ruins in bad shape, but will recover. About thirty-five ball players took refuge from the storm in the building. When the collapse came all escaped except those mentioned.

**AGNOSTIC MARRIAGE.**

First on Record in This Country Occurs at Cincinnati.

Cincinnati, June 2.—The first "agnostic marriage" in this country occurred today and formed the closing feature of the agnostic Sunday school that has been established here. The contracting parties were Frederick Federle and Miss Martha Seaman. Justice Alexander Roebeling performed the legal part of the ceremony, after which both parties made pledges including one not to resist divorce proceedings. The bride also repeated the words, "Should I discover we are unequal or mismatched, I hereby pledge I will not bear children that are not born of affection."

**STOPS MATCH WITH A GUN.**

St. Joseph (Mo.) Man Kills the Suitor of His Daughter.

St. Joseph, Mo., June 2.—Owen Logan, a prominent young stockman of Arko, Mo., was fatally shot by A. E. Walker late last night. Walker, it is said, had made frequent threats he would kill Logan unless the latter quitted calling on Miss Walker. Logan was standing at the gate of the Walker premises, talking to Miss Walker, when the father suddenly appeared and discharged the contents of a shotgun into the young man's body. Walker gave himself up.

**RIOT IN BRITISH BARRACKS.**

Dublin Fusiliers Wreck Their Quarters and Attack the Guard.

London, June 2.—A military riot occurred last night at Shortcliffe. A detachment of Dublin fusiliers, actuated by some imaginary grievance, wrecked their barrack room. A guard was called out to arrest the ringleaders and shots were fired by the fusiliers, who met the reinforced guard with a volley of ball cartridge and with the bayonets. Two men of the guard were seriously injured by bayonet thrusts. The riot lasted two hours.

**EUROPEAN CROPS SUFFER.**

Intense Heat, With Storms, on the Continent—Some Fatalities.

London, June 2.—For several days intense heat has prevailed over the continent, accompanied by heavy storms or thunder and hail. In various sections the crops have been destroyed and many deaths have been caused by lightning. An Ursuline convent at Eppard, on the Rhine, was demolished and three women were killed. Four people were killed by lightning at Poeschlaro, Italy.

**TUNNEL STRIKE AT END.**

New York Central Labor Union Sanctions a Settlement.

New York, June 2.—With the unanimous vote of the delegates who attended the meeting of the Central Federated union this afternoon to "reconsider the action taken by the meeting on the previous Sunday, and to give the committee

Spring Medicine

There's no season when good medicine is so much needed as in Spring, and there's no medicine which does so much good in Spring as Hood's Sarsaparilla.

Do not delay taking it. Don't put it off till your health tone gets too low to be lifted.

Hood's Sarsaparilla

Will give you a good appetite, purify and enrich your blood, overcome that tired feeling, give you mental and digestive strength and steady nerves.

Be sure to ask for HOOD'S, the best medicine money can buy. It is Peculiar to Itself

Sad Feelings in Spring—"In the spring I was feeling very badly. My blood was very poor. I began taking Hood's Sarsaparilla. It did me much good. I think it is a wonderful spring medicine and recommend it to all sick and suffering."

Issued daily except on Sundays. Contains Associated Press dispatches and is especially devoted to Upper Peninsula interests.

SUBSCRIPTION RATES: Per month, by carrier, \$3.00; Per year, by mail, \$30.00.

MARQUETTE, MICH., JUNE 3.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

It has been announced that the title of A. B. Wolvin, who directs the fleet of the U. S. Steel Corporation—the largest controlled by one man in the world, by the way, in the number of vessels and the amount of tonnage—is to be "Commander." Mr. Wolvin is also vice president and general manager of the Pittsburgh Steel company.

Senator Fairbanks of Indiana wants to be president next time and has had notice formally served on the Republican party that he will ask the nomination in 1904. The Indiana senator is an early bird, but it may be that his hand was forced somewhat. Indiana has another senator who is ambitious and not a bit slow, and it may be that Fairbanks felt obliged to enter as the favorite son of that state a little ahead of time to head the junior senator off.

The Cubans are likely to get some experience that may be useful to them later out of the negotiations between their constitutional convention and the government at Washington bearing on the arrangement to be made for the withdrawal of our troops from the island as a preliminary to the establishment of the new republic. They will discover that even though they are to be free and independent they can't always have everything their own—a lesson that we have had to learn ourselves.

Milwaukee's Association of Machinery Manufacturers has served notice on the men employed by all the concerns associated in it that their demand for a shorter working day and an advance in wages over the ten-hour schedule here, before in vogue will not be granted, and that if they do not return to work on or before Monday next at 7 a. m. they will be considered as out permanently. If they fail to go back by the date set they are requested to call for their pay and take their tools on or before the following Saturday. The Cream City manufacturers plainly mean fight, and the men might as well begin looking for new places unless they decide to return to work on the terms offered them.

One shipment for the season up to the first of this month will not exceed 1,000,000, against 3,500,000 tons for the corresponding period last year. The United States Steel Corporation has covered about 4,500,000 tons of ore by freight contracts and is out of the market for season tonnage, according to the Cleveland Plain Dealer. The iron market is very dull at present, and this causes consumers to regard the falling off in ore shipments for the season to date, as compared with last season's showing for the same period, without anxiety. From all over the country come reports of a sagging market for pig iron, with price concessions seeming to have very little effect in tempting buyers. This condition of the market was not anticipated at the opening of the year, and is a good deal of a surprise to iron men.

The itinerary for the Pan-American excursion of the Lake Superior Press association has been arranged and announced as follows: Leave St. Ignace Saturday, June 8, on the D. & C. Navigation company's steamer Alpena, arriving in Detroit, where headquarters will be established at the Griswold, at 3 p. m. on Sunday, June 9. Leave Detroit Monday morning at 8 a. m. in a special car on the Grand Trunk railway for a day-light run through Ontario, arriving at Niagara, Ontario, at 3:30 p. m. There the falls will be viewed and there will be a trolley ride to points of interest. The party will arrive in Buffalo at 7:30 that evening, and will make its headquarters at the Park, one half a block from the exposition grounds. Tuesday, Wednesday and Thursday, June 11, 12 and 13, will be spent at the Pan-American. On the 14th the party will leave Buffalo at 3:20 a. m., by rail through northern New York and Ohio, arriving in Detroit at 8:15 a. m. Here the north bound D. & C. steamer will be caught. It is scheduled to arrive in St. Ignace at noon on the 15th. There is great interest in the exposition jaunt among the members of the press association and it is expected that the party will number about forty persons.

MIGHT HAVE KNOWN BETTER. The American manufacturer mildly berates Mr. William Garrett of Cleveland for having wasted time and effort in attempting to enlighten British iron and steel makers on the cause of their inability to hold their own in competition with those of the United States, as he did in a paper read before the British Iron and Steel Institute at London recently. Noting the reception accorded his well meant criticisms on the methods of the British manufacturers, that paper says:

Judging from remarks of leading iron and steel masters of Great Britain on the paper read by Mr. William Garrett, of Cleveland, before the British Iron and Steel Institute, his efforts to enlighten the Britishers proved a failure. Mr. Garrett having been born and raised amid these people, and having spent the major portion of his life in the United States, probably believed that the Brit-

ish mind was ready for conversion—was at least open to conviction. Mr. Garrett might have known better. The British of today and those of half a century ago are one and the same. Mr. Garrett was laughed at for his pains, and instead of being hailed as one with a great truth, he was regarded with the jeers of a self-confident and proud people.

But this is just what the American manufacturers desire. It is about time we quit trying to educate the British. It is time we quit bestowing on them knowledge they should have had years before the infancy of the American States grasped the leading ideas of commerce and manufacture. We want the British to believe their plants are the best in the world—that they cannot be beaten in the game of which they were the masters—or centuries. We need to pull them to reality by facts and fine speeches. It is time we quit trying to pry open their eyes so that they can retain the mastery. If commerce is a legi-mate chase, let the American tradesman get all he can. He should not point out the tracks, newly discovered, to rival hunters. This may be the selfish way of looking at business, but it is essentially British. If we have been taught other lessons from the British, it might be just as well to imbibe enough of that spirit of greed to look after our own interest.

If the minions of "John Bull" can with complacency see their trade and commerce disappearing—do nothing but show displeasure as if it was their eternal heritage—ridiculous even attempt to teach them the truth for their own salvation, why not humble their overbearing spirits by letting them alone to see the folly of their ways when too late? The manufacturers of Europe are looked up to by the American manufacturers and traders. They are not ridiculed nor laughed at when they come over here and try to teach something we do not know. Their ideas are thankfully accepted; they are imitated in whatever can be made useful.

When men with reputations like Sir Lowthian Bell asserts he knows all about the methods in vogue in the United States because he visited this country eleven years ago, it is about time we let them alone in their narrow way. If Sir Lowthian wants to keep pace with changes in the iron and steel industry in the United States he must visit this country every year and the year he misses the pilgrimage, that year will be the one in which he is outclassed. If Sir Lowthian believes his furnace is up-to-date because some British engineer told him so, he should visit Duquesne or Neville Island, Lorain and several other points in the United States and see the modern methods of operating blast furnaces. Mr. Garrett and other American engineers had better let the British sleep. In the meantime it is our business to seek after their trade and not let them know it until they awaken.

A BRITISH VIEW OF IT. Americans are becoming accustomed to regarding the prosperity of the country is now enjoying as having behind it producing causes which ensure its continuance. For a time after the turn for the better came their gratification over the improvement in trade and industry was dampened by an apprehension that closely following this would come a cycle of dullness and depression, but they have got over that feeling. That so good an authority as the Statist of London, England, believes our prosperity has "come to stay"—indeed, that we have only seen the beginning of it—should serve to reassure doubting souls, if any such yet remain among us. Discussing conditions in this country, the British publication named has this to say:

The country has made wonderful progress during the past eleven years. Even during the weary period of depression between 1890 and 1896 great savings were effected, and especially it was brought home to the railway companies that they must economize in every direction, and look to work more cheaply than they had hitherto done. Since 1896 there has been a succession of extraordinary good seasons. The crops have been abundant. The world's demand for those crops has been great. Prices have risen everywhere. Trade has expanded. Capital has been accumulated. And the country is now infinitely richer than it ever has been in its history. The government has acted with much judgment. Mr. Gage's management of the finances has been admirable. The great railway companies worked together harmoniously, except in the incident to which we have just been referring. And everywhere there is a strong determination that the old system of parcelling off invading one another's territories and of cutting rates shall come to an end.

Now it looks as if the country was about to enter upon another era of development which will add still more to its wealth. A little while ago we had an outburst of industrial enterprise which was carried too far and too fast, and was, therefore, quickly brought to an end. But the prices of securities in general, and especially of railway securities, have risen so much of late that it seems inevitable that there must be another outburst of industrial enterprise and this time it is to be hoped it will be conducted with greater prudence and with more recognition of the true principles underlying such enterprise. Over and above all this, it seems evident that the American people are about to found a great shipping business. There was a time when the American merchant marine was second only to our own, and when, indeed, in some directions it competed very successfully with our own. Since iron shipbuilding came in the American flag has almost disappeared from the ocean. But now we are evidently about to see large American fleets started once more. The purchase of the Leyland line is one sign of what is about to happen. And there are many other enterprises being prepared which point in the same way.

Furthermore, it is to be borne in mind that an effort is being made to combine the ownership of manufacturing with ownership of locomotion. The great steel combination is the most striking illustration of this. In short, the effort of those who control the railway system of the United States for years past has been not merely to reduce to the lowest possible minimum the cost of working, but to get rid also of intermediate profits and expenses, and to bring together

as far as may be the ultimate employer of the railway and the latter. Now the movement is being further developed, and the railways are proposing to acquire trading fleets as well. Thus the same set of proprietors will own the coal, iron and steel to be sold abroad, the railways that convey these to the seaports and the ships that carry them to their destination. The movement will go on in spite of the temporary disturbance in the stock exchange, and we earnestly invite the attention of our readers to the matter, for it is not merely a movement of the deepest significance for the United States; it will also affect in a profound degree the whole trade of the world.

COPPER COUNTRY NEWS.

(Continued.)

HANCOCK Y. M. C. A. FLOURISHING.

Membership Nearly Double That a Year Ago—Doing a Noble Work.

The past year—as shown by the brief statement published in these columns Saturday—has been a most successful and prosperous one for the Hancock Y. M. C. A., and Secretary Wing, the trustees and the members have every reason to feel proud over what has been done for the association work in all directions.

A year ago the largest and best part of the present building was rented, the association only occupying a small and narrow room. It had effect in keeping back the growth of the association and the attendance in the rooms did not show any gain as the days went by. Now the whole structure is occupied for the work. Each Sunday a meeting for the men has been held, always in the afternoon, and at each one a fair attendance was noted.

During the year entertainments were presented as follows: The Alba Haywood Concert company; the Surrick's (illustrated lectures on Alaska); the Passion Play, and the Oberlin College Glee club. All were excellent and not only afforded pleasure for those who saw them but also added a little to the funds of the association. The only lecturer of note who came was Dr. Alexander Pattison of Chicago, who conducted a ten days' Bible institute which was a great success.

In the gymnasium a number of additions and changes have been made. A hand ball court was added and new apparatus received. Great interest in sports has been taken by the members, and indoor baseball, hockey, basketball (outdoor game), football and handball have been extensively indulged in. Mr. Wing thinks that athletics now have had a good start, especially football, hockey and indoor baseball.

The reading rooms and parlors have been increased in size during the past year, a number of new periodicals have been added and the attendance has more than doubled since the changes were made.

The membership of the association is double what it was a year ago, it is now being 245. Most of the new members were brought in by old members, and that fact goes to show the great interest all are taking in the rooms and work.

In summing up, it may be said that the association has a fine building, nicely located, having a good gymnasium, bathing alley, parlors, reading rooms, and a billiard room. The improvements should be made in the bowling alley, which is not strictly up-to-date, and also in the equipment in the gymnasium, most of which is rather ancient. He hopes to add to the outfit this summer and otherwise improve the place.

The business men of Portage Lake have contributed quite generously to the work and indications are that still more will do so this year. Much good work is done by the association which is not known by the general public. The rooms are headquarters for strangers out of work or looking for lodging places. They receive help or information and a great deal of good is done in that way which is not often referred to. Young men in trouble or sick, who have no friends in the community, are visited and helped by the members. This year the association will be on the lookout to make this part of the work a great deal stronger than ever before.

Secretary Wing has informed The Mining Journal that if the association succeeds in getting the needed equipment for the gymnasium this summer, a physical director will be secured. That has been talked of before and has never been lost sight of. While on his trip to Boston Mr. Wing will look up some good physical director, and when the right time comes he will be brought to Hancock.

The treasurer's report for the fiscal year is as follows:

Balance on hand May 1, 1900, \$ 16.31

Subscriptions, 1,097.65

Memberships, 881.75

Collections (Sunday), 40.64

Collections (international committee), 8.30

Lockers, 19.00

Rents (hall), 80.00

Rents (general), 319.00

Athletes, 177.65

Women's auxiliary, 80.00

Bible institute, 133.68

Various sources, 27.48

Entertainments, 237.40

Disbursements: Salaries, 978.04

TIME TO DECORATE.

THE ANNUAL DEMAND FOR SPRING RENOVATING.

Experience and Skill Will Aid the Work—Where These May be Found.

The return of spring discloses all the defects in our homes. We must re-decorate and renovate. Whom to employ for this purpose is an important question. There are such wide differences in the capacity and work of persons who contract to supply our wants, that it is matter of wonder how many assuming firms obtain any cheap men. Some work is always done to those who pay for it. Other shops intend to give satisfaction, but their managers do not know how. The leaders in every trade have the requisite knowledge and the enterprise to join with it. These succeed because every new customer becomes a worker for the growth of their business.

Among those who have achieved success because success was deserved, is the firm of Fred Bamford & Co., painters and decorators and dealers in wall papers, 253 and 255 Jefferson avenue, Detroit, and 114 Franklin street, Saginaw, East Side. The Saginaw branch is in charge of Mr. Thos. D. Bamford, who has had a lifelong experience in the business, and who has rapidly extended the trade by his energy, promptness and courtesy.

The house of Fred Bamford & Co. dates back nearly thirty years, and offers to its customers the valuable experience of that period. It is fully abreast of the times in the application of all modern methods. The very large business of the firm enables them to employ experts in every department. Their decorating is done by practical decorators, their graining by expert grainers, and the same rule is followed in every branch. Thus all the work they handle is done artistically and with satisfaction. Their thorough knowledge of the business enables them to transform an old house as to make it look like a new one, and at a cost so low as often to surprise the inquirer.

The stock of wall papers, textile wall coverings of every description, Japanese rice cloth, colored buckram, moire cloths, wall hangings of every character, tapestries, Inerusta, Walton, window shades, friezes, etc., which they display is very large, and comprises all the latest qualities and designs. Their salesmen are competent to advise customers as to what will best serve particular circumstances. What papers will be most appropriate for certain rooms, what colors will best blend and match, and so on. This advice is of great value, and when supplemented by the skill of the men designated to do the work, will effect results pleasing to all concerned.

Mr. Fred Bamford gives personal supervision to all operations and colors. He will gladly submit estimates and sketches or call on people requiring work, giving them the benefit of his long experience. The house holds an opportunity to show inquirers how an entire residence, hall or church may be elegantly and appropriately decorated. Mr. Frank Weber, who has charge of all the employees, is experienced and energetic. The firm unite in a marked degree every qualification necessary to induce and retain custom.

Our readers who contemplate any kind of painting or decorating, frescoing, calcimining or wall papering, cannot do better than submit their requirements to Messrs. Fred Bamford & Co. They also contract to clean wall paper and frescoing. They furnish glass signs and parquet floors. In short, the customer need only call at their establishment and state that he wishes his house to present an up-to-date appearance. Messrs. Fred Bamford & Co. know how this is to be effected and can carry the matter to a satisfactory conclusion.

A sallow, jaundiced skin is a symptom of disordered liver, as it springs from biliary poisons retained in the blood, which destroy energy, cheerfulness, strength, vigor, happiness and life. HERBINE will restore the natural flow of the liver. Price 50 cents. Stafford Drug Co.

Copper Country Department

(Additional Copper County on Page 2.) WAS AGED EIGHTY-FIVE.

Mrs. Nora Power Dies at Houghton After a Long Illness. Mrs. Nora Power, a well-known and highly respected lady of Houghton, passed away at the home of her daughter, Mrs. Margaret Healy, at 8 o'clock yesterday morning. She was surrounded by all the members of the family, who had realized for some time that the end was near. Funeral services will be conducted at St. Ignace church at 9 o'clock tomorrow morning, with interment at Forest Hill.

Steamer Flagg Takes Another Load of Copper to Buffalo. The new Hanna steamer Flagg, which left Torch Lake early Friday for down-lake ports, carried nearly a million dollars' worth of copper from the Calumet & Hecla stamp mills which will be taken to the company's works at Black Rock, near Buffalo, for smelting. On the way down, the Flagg stopped at Marquette, where it took its consort, the Warriner, loaded with iron ore, in tow. The Flagg on its preceding down trip had on board 880,000 worth of Calumet & Hecla mineral.

Mishap to Big Dredge. The big Pan-American dredge, at work at the canal, again had a stroke of luck about 3 o'clock Saturday afternoon, when the shaft of the swinging engine broke. The work of repairing the machine was started at once and this morning it is expected the big dredge will be again in commission.

BOXING SCHOOL A "GO." Larry Gleason's Academy at Houghton Opens Tomorrow Afternoon. Larry Gleason, the fast little feather-weight of Chicago who is now making his headquarters in Houghton, has secured quarters for his boxing school, and will be ready for business tomorrow afternoon at 2 o'clock. Mr. Gleason will fit up the hall in the E. Croze building on West Sheldon street for his academy. He has a complete outfit, consisting of muscle-developing machines, punching bags and all the rest of the paraphernalia that goes with the art of boxing. Mr. Gleason has secured a large class for the opening of the school and many more have signified their intention to take lessons from him. The academy is a novel one for Houghton and promises to be very successful.

BIG CLASS CONFIRMED. A class numbering 135 was confirmed at Sacred Heart church, Calumet, yesterday morning by Right Rev. Frederick Eis of Marquette, bishop for this diocese. The edifice was prettily decorated for the event and the ceremonies were witnessed by a large congregation.

GUN & ROD CLUB MEETING. At 8 o'clock tonight an adjourned regular meeting of the Houghton Gun and Rod club will be held at the village hall and the officers of the organization are especially desirous of a large attendance. Important business will come up for consideration and Secretary L. L. Croze, who has been in communication with outside clubs and the League of American Sportsmen, will have interesting letters to read.

ON HIGH SCHOOL FACULTY. Miss Margaret Seaton of Hancock, a graduate of the University of Michigan, received an appointment as a member of the high school faculty at a meeting of the board Friday night. She will take the place of Miss Lee Wilson, resigned. Miss Seaton is thoroughly competent to take up the work and it is the general opinion the board has made an excellent selection.

SAVES TWO FROM DEATH. "Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, N. Y., "but when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infants, Coughs and Colds. 50c and \$1.00 bottles guaranteed by Stafford's. Trial bottles free.

A GOOD THING. German Syrup is the special prescription of Dr. A. Boschee, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures Coughs, Colds and all Lung troubles of the severest nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which its rapidly increasing sale every season confirms. Two million bottles sold annually. Boschee's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cts. Get Green's Prize Almanac. The Stafford Drug Co.

IF YOU were to bump your head against a brick wall you could not feel worse than does anyone who suffers from stomach troubles. We have a positive cure in Dr. Caldwell's Syrup Pepsin. The Stafford Drug Co.

Heppner's pure ice cream. Motto: "The best never too good for our customers." Heppner, Marquette. (5-1-f) WILLIAM A. PAINE, Member Boston Stock Exchange. CHAS. H. PAINE, Member New York Stock Exchange.

PAINE, WEBBER & CO., Bankers and Brokers, 27 State Street, Cor. Devonshire, Boston, Mass. Buy and sell stocks for cash or on margin. Interest allowed on deposits. Special attention given to Copper Stocks. Direct private wire between Boston, New York and Chicago. Continuous quotations.

A KANSAS MINISTER. Rev. L. S. Coulton, of Circleville, Kas., says: "Dr. Warner—Your White Wine of Tar Syrup has been in my family and found to be all and even more than you claim for it. It is a speedy cure for all throat and lung diseases." The Stafford Drug Co.

THE MODERN BEAUTY. Thrives on good food and sunshine, with plenty of exercise in the open air. Her form glows with health and her face blooms with its beauty. If her system needs the cleansing action of a laxative remedy, use the gentle and pleasant Syrup of Figs, made by the California Fig Syrup Co. only.

ADVENTURE AND MASS.

Academy Interests Said to Be Behind the Advance in Price. It is learned by the Boston News Bureau that the present buying movement in Adventure and Mass. mining stocks started the next day after an examination of those mines by N. F. Leopold, general manager of the Acadian Copper company. Mr. Leopold was accompanied by a gentleman said to be a mining engineer from Boston. The upward movement was first in Adventure, which is a venture stock, of which there was a considerable amount in the market. Mass is more closely held, and it advanced 3 points on transactions of a comparatively few hundred shares.

Quincy's Next Dividend. A leading official of the Mass company says that he doesn't know that any attempt is being made to buy control of the Mass in the open market. A large majority of the stock is held by fewer than ten men, who wouldn't sell for anything like the present market price. He said, however, that a request was made recently through a local brokerage house for a financial statement of the Mass company. The statement was furnished, and from that day Mass stock has been in demand.

Quincy Mining stock at 175 continues to sell relatively higher than any of the other dividend paying copper stocks, based on investment return, comments the Boston News Bureau. Quincy's last semi-annual dividend was \$3 paid in February, following a disbursement of \$4 paid last August. The price of 175 is about a discount of a year ago may be seen from the following figures of mineral output by the mines (in tons):

Table with 3 columns: Month, 1901, 1900, Inc. January: 975, 708, 267; February: 1,026, 747, 279; March: 1,162, 801, 361; April: 1,150, 805, 345; Total: 4,313, 3,061, 1,252

It may be said upon excellent authority that while actual earnings will be in excess of the dividend paid, the disbursement next August will not exceed \$6. The Quincy's May product was 1,162 tons and 200 pounds. For the month of June more is expected of the mine because of the rich mass and barol work which is now being encountered in every shaft at the property.

Copper Gossip. Heine's principal producer, the Montana Ore Purchasing company, is now turning out copper at the rate of 40,000,000 pounds a year. It has paid \$6 per share in dividends so far this year; there are 80,000 shares outstanding. The Wolverine's product for May was 350 tons, and 400 pounds, a decrease of fifty pounds from the preceding month. The production so far this year has been a very steady one. The output, in tons, has been: January, 489; February, 232; March, 246; April, 250; May, 270.

At the Old Colony, the tunnel which is being driven through the property as a means of proving up the mineral territory is now in considerably over 2,000 feet, about an equal distance remaining before the boundary line is reached. Several good veins have been encountered. About fifteen men are engaged in driving the tunnel.

The rich showing at the bottom of No. 2 shaft at the Victoria mine continues to attract considerable local attention. The shaft is down about a thousand feet. It is the present intention of the management to run drifts east and west of this point for a distance of 1,000 feet and then to sink and raise at the various levels, thereby gaining two new shafts.

The South Kearsarge branch of the Oceola mine is the scene of great activity at present, a large number of men being employed on the many improvements under way. No. 1 shaft is about 600 feet deep and is producing rich rock, as is also No. 2, where a heavier skip has been installed. Rock from No. 2 will be carried to No. 1 rock house in cars over the trestle connecting the two shaft houses.

An electric power plant will be built at Lake Linden by the Calumet & Hecla to furnish power to operate the six heads of stamps to be installed in the addition to the stamp mill which is now being built. The engine Gratiot is being converted to supply power and other machinery is being constructed for the plant. The use of electricity is an experiment. If it proves a success it will revolutionize the mining and milling systems that now prevail in this district.

A Butte (Mont.) dispatch says that a rich lead of copper ore was uncovered yesterday in the excavation for the Hirshour building on the corner of Main street and Broadway, the busiest thoroughfare of the city. The vein was uncovered within ten feet of the surface. The lead is three feet in width and experts who examined it say that it is rich in copper. The same lead has been uncovered in previous excavations in the neighborhood and a company is now seeking for it with a view to working it.

THE MODERN BEAUTY. Thrives on good food and sunshine, with plenty of exercise in the open air. Her form glows with health and her face blooms with its beauty. If her system needs the cleansing action of a laxative remedy, use the gentle and pleasant Syrup of Figs, made by the California Fig Syrup Co. only.

MAMMOTH COMPRESSORS.

Two Just Ordered by Calumet & Hecla Are of 275-Drill Capacity Each. The extent and magnitude of the new machinery orders placed in the past three or four years by the Lake Superior copper mines, has been and remains the marvel of the engineering and mining world. Instead of the orders diminishing, as might naturally be anticipated, they continue in a volume as large as at any time in the past. The improvements made in the past three years by Lake mines have furnished steady employment to thousands of skilled workmen in the steel works and machine shops of America.

Among the latest orders placed is that of the Calumet & Hecla for a new double air compressor. No such machine has ever been built before. The new compressors, which are being built by Fraser & Chalmers, of Chicago, are to be installed at the Red Jacket vertical shaft—the deepest mining shaft of the world—in the northern end of the big brownstone engine house in which are installed the 8,000 horse-power hoists. The compressors will be known as duplex compound vertical Miller air compressors driven by vertical compound condensing engine hoists.

Each of these mammoth compressors will have capacity to compress 14,000 cubic feet of free air per minute to a pressure of seventy pounds to the square inch. Figuring the capacity of these machines by the number of drills of average size for which they can furnish air, each would be rated as a 275-drill compressor, giving a total capacity of 550 drills for the two. No mine in the world is now running as many as 500 power drills, and the compressor capacity of the new plant of the Calumet & Hecla will be infinitely superior to that of any other plant yet erected. The cost of the new compressors will be about \$350,000—this without boilers, buildings or accessories of any sort, other than the foundations on which the giant machines will stand.

Mohawk and Wolverine. Great progress has been made in the past three weeks at the new millsite of the Wolverine, near the mouth of the Tobacco river. The stone foundations are nearly completed and the steel superstructure can be started this month, if the material arrives when promised. As soon as the foundation at the Wolverine is finished, similar work will be started at the Mohawk site, adjoining where a mill duplicating that of the Wolverine is to be built. The Wolverine work will be given the preference, whenever necessary, as the Wolverine's lease of one stamp at the Alonzo mine will expire next spring, and it is important that the new mill be ready by that time. Owing to this preference, it is probable that the Wolverine mill will be finished one to two months before that of the Mohawk.

One thousand tons of steel rails for the Mohawk & Traverse Bay railroad arrived one week ago today, and by Tuesday had been distributed along the greater part of the right of way between the terminus of the completed line at the Hebard quarry and the Mohawk mine, and two miles of track laid. It seems probable that the entire line will be laid by the end of next week. The track has been well ballasted, and as it is laid out with easy gradients and curves, and is being furnished with heavy steel rails and rolling stock of superior capacity, will be able to make a fine record in the economical transportation of rock for the Wolverine and Mohawk mines.

Paine Talks of Mines. President W. A. Paine, of the Copper Range company, who has just returned to Boston from the Lake, says: "I am very much encouraged by the progress that is being made at the Champion mine. We are putting up four steel shaft houses and opening the mine rapidly. It will soon be ready for production on a considerable scale. "The outlook for the Copper Range railroad grows brighter every day. The road is bound to do a large and very profitable business. "The rock coming from the Baltic is of a very satisfactory character. The Baltic mill will be completed some time in September. "Leading officials of the Isle Royale company told me that the initial run of the stamp mill showed better results than had been anticipated."

COPPERDOM BREVITIES. The copper country branch office of The Mining Journal is located in Room 3, second floor of the Dea Postoffice building in Houghton. All having business with the paper are cordially invited to call. Telephone No. 376. James R. Dee of Houghton left for Boston yesterday. Miss Grace Cavan of Houghton spent yesterday with Calumet friends. Houghton lodge, F. & A. M. will meet tonight as usual. There will be work in the third degree. Hon. T. B. Dunstan of Hancock left Saturday for a business trip to New York and Boston. Mrs. R. R. Goodell of Houghton and daughter, Miss Daisy, returned yesterday from an extensive trip East. They visited the Pan-American exposition and also Chicago. "Railroad Jack" will be presented at the Houghton Armory House tonight. It comes heralded as one of the best attractions of the season. The company carries special scenery and mechanical effects. Mr. and Mrs. John Hill of Baraga lost their four-year-old son, Burney, Friday evening. The little one was ill but a short time. Yesterday afternoon the funeral was held, burial taking place in the L'Anse cemetery. Rev. Edwin More, of the Hancock Congregational church, has returned from Charlotte, where he attended the convention of the Congregational society, and yesterday occupied the pulpit both morning and evening as usual. Yesterday afternoon the members of the Houghton and Hurontown fire departments assembled at the Houghton fire hall, and, after forming into line, marched to Forest Hill cemetery to decorate the graves of all deceased firemen. The delegation was headed by the Portage Lake band. At the burial ground the firemen, each of whom had

Milder Weather..... means lighter underwear, and delicate underwear means more tears by careless laundries. Let us do your laundry work and you will have no tears to sew, no holes to mend. You will get back every button if you send your linen and underwear to us.

MANHOOD RESTORED "CUPIDENE" The Vitalizer, the prescription of a famous French physician, will quickly restore you of all nervous or disease of the generative organs, such as Loss of Manhood, Impotency, Premature Ejaculation, Seminal Emissions, Nervous Debility, Pimples, Indigestion, Headache, Backache, Rheumatism, etc. It restores the vitality of the system, cleanses the blood, and restores small weak organs. The reason sufferers are not cured by Doctors is because 90 per cent are troubled with Prostatitis. CUPIDENE is the only known remedy to cure without an operation. 200 testimonials. A written guarantee given and money returned if it does not effect a permanent cure. \$1.00 a box, \$3.00 by mail. Send for prospectus and testimonials. Address DAVOL MEDICINE CO., P. O. Box 270, San Francisco, Cal. For Sale by Stafford Drug Co.

The Office Man When in need of office stationery, letter files, waste-paper baskets, letter baskets, ledgers, day-books, journals, cash-books in all sizes, paper-weights, pens and pencils, should give us a call. I carry everything in the line and would be glad to have your trade no matter how small or how large.

F. W. KROLL, HOUGHTON, MICH. Mail orders promptly filled. (4-30-6w-0) Smoke... FLOR DE NICOLLET Famous Cigar. A rousing meeting of the citizens of Hancock—those who may be interested in a Fourth of July celebration—will be held at the city hall at 8:30 o'clock tonight. A few days ago there was scarcely a thought of a local demonstration, but in the last day or two the question has been quite freely agitated. Tonight a meeting of the promoters of the theatre project for Lake Linden will be held at the village hall, when a further discussion of the scheme will take place. It is proposed that the present opera house be remodelled and plans made by Architect Shand of Calumet will be presented by a committee which was appointed to attend to that part of the scheme. Estimates on the cost will also be given. At Lake Linden discoveries are being made of leaks in the mains of the water works system and it is known that defective pipes were the cause of so much water going to waste during the winter months. Most of the water from the leaks found its way to the sewers and to Torch Lake. The last to be found was a leak in the main at the corner of Third and Hecla streets. It is likely that more will be encountered.

Michigan College of Mines Summer Practice Courses, Surveying, Shop Practice, Mechanical Laboratory Practices and Ore Dressing begin June 10th; Mine Surveying and Mining begins May 6th; Field Geology and Testing Materials begin July 22nd. For catalogue and booklet of views, address F. W. McNAIR, Pres., Houghton, Mich.

A GOOD THING. German Syrup is the special prescription of Dr. A. Boschee, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures Coughs, Colds and all Lung troubles of the severest nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which its rapidly increasing sale every season confirms. Two million bottles sold annually. Boschee's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cts. Get Green's Prize Almanac. The Stafford Drug Co.

IF YOU were to bump your head against a brick wall you could not feel worse than does anyone who suffers from stomach troubles. We have a positive cure in Dr. Caldwell's Syrup Pepsin. The Stafford Drug Co.

BIG STEAMER RACE.

CITY OF ERIE-TASHMOO CONTEST SET FOR TOMORROW.

INTEREST IS AT FEVER HEAT.

ESTIMATED \$500,000 HAVE BEEN WAGERED ON THE RESULT.

Boats Very Evenly Matched and Meet Over a Hundred Mile Course, Starting at Cleveland, for a Purse of Two Thousand Dollars.

Detroit, June 2.—Interest in the great race Tuesday between the steamship City of Erie, of the Cleveland & Buffalo Transit company, and the Tashmo, of the White Star line, running between Detroit and Port Huron, is tonight at fever heat.

Tomorrow morning at 9 o'clock the Tashmo, which has just been in drydock, where the hull was scrapped and the engines thoroughly overhauled, will leave for Cleveland to be on hand for the contest with her rival.

The race will, without doubt, be one of the closest and most exciting in the history of lake navigation.

Both the City of Erie and the Tashmo are practically of the same length, the former being 324 feet over all, and the Tashmo 322 feet.

Models of Their Class. Both the Erie and Tashmo are models of their class.

Conditions of the Contest. The following conditions are to govern the race, some minor changes being, perhaps, announced before the race:

The race is to take place along the south shore of Lake Erie, from Cleveland to abreast of the Presque Isle light at Erie, a distance of about 100 miles.

Each steamship line is to select one judge, and these two are to select a third, who is not to be a resident of either Cleveland or Detroit.

Dizzy?

Then your liver isn't acting well. You suffer from biliousness, constipation. Ayer's Pills act directly on the liver.

BUCKINGHAM'S EYE FOR THE RACE.

to be six timekeepers, chosen on the same general principles. Three of these timekeepers are to be at each end of the course.

Provision is made for postponement in case of heavy weather and rough water.

Hard for the Firemen. There has been considerable talk as to how much of a crew the Tashmo would carry during the race.

From the time the race starts until it is ended the nine men in the firehold will not have a minute when they are not shoveling coal.

CITY BRIEVITIES.

Today's weather: Gentle to fresh variable winds; partly cloudy. Yesterday's temperature: 7 a. m., 47 degrees; noon, 44 degrees; 7 p. m., 52 degrees. Maximum, 52 degrees, minimum, 44 degrees.

T. A. Thoren was down from Negaunee Saturday. James McCutcheon of Ishpeming was in Marquette yesterday.

Mayor Connors of Negaunee was a Marquette visitor Saturday.

Mr. and Mrs. C. J. Hood were down from Michigan yesterday.

Born, Thursday morning, May 30, to Mr. and Mrs. Ed J. Butler, 143 Champion street, a son.

The Biddle Whist club will meet with Mrs. George P. Brown this afternoon at half-past two o'clock.

The Marlowe farm, of seventy-five acres, which has been owned by the Wilkinson estate, has been sold to John Flink.

Representative John R. Gordon arrived home from Lansing, where he has been attending the session of the state legislature, Sunday.

There will be a regular monthly meeting of the park and cemetery commission at the office of the secretary this afternoon at 2 o'clock.

Mrs. C. H. Wetmore, Miss Marie Wetmore and Buel Wetmore of Detroit are at the Huron Mountain club. They went up on the tug Schneck Saturday.

Marshal Tom Gribble of Negaunee brought Dan Donnelly to the county jail Saturday to serve a ten days' sentence. He was picked up for being drunk.

J. J. Wirtz, the Tontine insurance man, has moved his office from the Savings bank block to the Wilkinson bank block, back of the Western Union Telegraph office.

The council holds its regular June session this evening. There is considerable business to come before the meeting, although no matters of particular importance are on the tapis.

The Mining Journal is reliably informed that William Orr, general freight agent of the South Shore road, has tendered his resignation to the company, to become effective August 1.

Joe Mack has received some handsome new furniture for his front street place. It includes a bar, of the latest and most stylish design. The changes constitute an improvement which will be appreciated by his patrons.

Tom Braxton arrived home last week from a several weeks' trip through Ontario and lower Michigan. It was generally supposed that Tom would return with a better half, but he fooled his friends and is still a bachelor.

Mlle. Olivier and her pupils will offer a delightful and varied program of music at the Morgan Memorial chapel Wednesday evening at 8 o'clock. It is to be hoped that there will be a large attendance. The admission will be twenty-five cents.

The identity of the parties who raided Genell & Olson's place last week has been fixed, although no arrests have been made as yet. As was expected the burglary was the work of young Marquette boys who were trying their hand at a new line.

Adjutant and Mrs. Lightowler, who have spent four years in India, will lecture on the Hindoos at the Salvation Army Hall tonight. They are leaving in a few weeks for Canada and no one should miss hearing them. The admission is 10 cents.

The L. S. & I. road began its regular summer passenger service yesterday. The train will be run each way on week days and on Sundays there will be ample provision for the holiday traffic. It is expected that this line will do a big excursion business this season.

Supervisors Mark Elliott, D. T. Morgan, Joe Fay, W. S. Ewing, D. W. Powell, Philo P. Chase, John Trebilcock and J. H. Rough attended the meeting of the auditing board here Saturday. The regular batch of bills was gone over in preparation for Wednesday's session of the supervisors.

The tug Schneck cleared for the Huron Mountain club with a party of thirty or more resorters about 10:30 o'clock Saturday morning. Its start was somewhat delayed on account of the unsettled weather. It made a quick run to the club and was back in the harbor Saturday evening.

McCarthy, the popular idol of the fans as a hitter, failed to connect with the sphere Thursday, but he played his usual game otherwise. "Jack" Rivers, the famous kicking backstop of the old Marquettes, came down to see Sidaw clean up the Maroons. He succumbed after the second half of the first.—The Soo News.

It has been remarked by many people who are in and out of the up-the-road cities that Marquette is away behind with leafage this spring. The difference is very noticeable. It is attributed to the north winds which have generally prevailed here during the past few weeks. Chilly from the lake, they have operated to delay the advancement of spring.

The South Shore road has arranged for an excursion to Detroit and return, via St. Ignace and the steamers of the D. & C. Navigation company, leaving on the morning of June 12. Tickets will be valid for return until the steamer leaving Detroit June 26. Excursionists leaving Wednesday morning will arrive in Detroit Thursday before noon. The fare from Marquette for the round trip will be \$6.

Representative Gordon has been suffering the past several days from injuries and the shock resulting from a fall down the stairs at his boarding place. He lost his balance and fell to the foot of the stairway, receiving a bad shaking up. Severe bruises and abrasions on the right hip and right side of the chest were the worst results of his mishap, but he was so severely shaken that it was judged best to move him to the hospital.

The electric light and power commission had a piece of hard luck Saturday afternoon. The big 1,000 light transformer on South Front street, without any apparent cause, burned out. Fortunately Superintendent Retallic had a 600 light transformer available. It was

A WOMAN'S BACK.

The Aches and Pains Will Disappear if the Advice of this Marquette Citizen is Followed.

A woman's back has many aches and pains. Most times 'tis the kidneys' fault. Backache is really kidney ache; That's why Doan's Kidney Pills cure it.

Many Marquette women know this. Read what one has to say about it. Mrs. Wm. Warren, 220 Jackson street, says: "I had constant pain through the small of my back, at night I was very restless, could find no position to lie in that was comfortable and consequently rose in the mornings feeling tired and worn out. The secretions from the kidneys were unnatural and greatly in excess. I also suffered from persistent headaches and had intense thirst, feeling as though I could not drink enough."

Pills recommended so highly for just such troubles and I procured them from the Stafford Drug store. The treatment promptly relieved me of the trouble."

For sale by all dealers, price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's and take no substitute.

located in place of that of larger capacity with little delay. The change was complete before nightfall, so that consumers suffered little or no inconvenience. The big transformer will be repaired at once.

There is some complaint that a number of bicyclists are careless about fast riding. The police are not interfering with the wheelmen this year, their number being comparatively so small that it is impossible to give them some latitude, but they intend to stop all searching, even if it is necessary to make some arrests. A couple of times this spring pedestrians have been slightly hurt or badly frightened by fast riders and if the offenders do not restrain themselves there are likely to be some bad accidents.

The Mining Journal is asked the questions: Is there a janitor to the Ridge street school building? If so, is he under pay? If so, is it not his duty to pluck the dandelions from the lot and street lawns surrounding the school house? Is it not also his duty to water the trees, since many of them died last year for the want of water? It may be observed that all the owners of adjacent lots have kept their lawns clean of dandelions, but it is not of much use for them to do it with the countless thousands of the detestable blossoms ripening on the school premises and casting forth their millions of seeds every fifteen days.

Into each life some rains must fall. Why people don't sit down and bawl; Only fools suicide or take to flight, Smart people take Rocky Mountain Tea at night. Stafford Drug Co.

Can't be perfect health without pure blood. Burdock Blood Bitters makes pure blood. Tones and invigorates the whole system.

TRY DEBELL'S KIDNEY PILLS. They are the only kidney medicine that positively cures all diseases arising from disordered kidneys, poor nervous blood, weak eyes, dizziness, such as nervous headache, dizziness, weak back, rheumatism, diabetes, scalding urine and other kidney troubles. DeBell's Kidney Pills, the great kidney remedy. Every box warranted, 25 cents per box. For sale by Stafford Drug Co.

STeady GIRL WANTED. Several young men complain that they have no steady girl. It seems that they no sooner get fairly started with a girl, probably have the theatre tickets all cured away than they get no more of her. She has a sick headache. Dr. Caldwell's Syrup Pepsin cures all forms of Stomach Trouble and Sick Headache.

Girls—"A word to the wise" etc. THE STAFFORD DRUG CO.

Shamrocks Do Them to Tune of 20 to 16 in Interesting Game.

Before a crowd of 300 the Shamrocks of this city defeated the Marquette Juniors to the tune of 20 to 16. The game was well fought throughout and the playing of some of the Shamrocks was excellent. There are one or two Shamrocks who should be in better company than they are keeping just at present, and no doubt they will be soon as the Firsts get their eyes upon them. Perhaps the most conspicuous player is Eman, catcher. His arm is good and he is not afraid to stand up behind the bat. He made several very pretty throws to the bases and caught his man a number of times.

Devine pitched a fairly good game for Ishpeming and Jimmy Lynn, a brother of Tom Lynn of the Setters, also did well, although he got tired in the fourth inning and retired. It was a hitting game from start to finish and yet it is doubtful if more than four of the runs on either side were earned. The throwing of the Marquettes at critical moments was simply awful and was responsible for many a tally in the Ishpeming column.

The game started with Marquettes at the bat and it was but a short time before they had rolled up five points. Ishpeming did not do so well and at the end of third inning the score was five to one in favor of the visitors. In the fourth the locals sent their score to eight, but Marquette added four to their tally and made it nine. In the sixth Marquette left the bat with fourteen to their credit, but Ishpeming did the trick five runs and was only one run behind their rivals. The eighth proved Marquette's Waterloo. Ishpeming piled up seven runs without exertion and then stopped out of courtesy for their guests. Marquette could only bring one man over the plate and the game ended with a score of Ishpeming 20, Marquette, 16.

**OBITUARY.**

Mrs. Alex Nelson of This City Passed Away in a Hospital There.

Mrs. Nelson, wife of Alex Nelson, the ice man, who left here a week ago yesterday for Chicago to undergo a surgical operation in the Augustana hospital there, died in the hospital Saturday morning at 11 o'clock. The operation was performed Wednesday. The surgeons reported later that her chances for recovery were not very favorable, as she was quite sick. Mrs. Nelson had been ailing a long time with stomach trouble and for months before she went away she was gradually growing weaker.

The deceased was one of Ishpeming's best-known Scandinavian women. For several years past she had been active in assisting Mr. Nelson in his business. Her age was fifty-three years. Besides the husband, two daughters, who reside in Calumet, survive her. One of the daughters accompanied her to Chicago. The remains were forwarded from Chicago to Calumet Saturday evening, it being Mrs. Nelson's wish that she be buried up there. Mr. Nelson will go up today to attend the funeral, which will probably take place tomorrow.

Mr. and Mrs. Thomas P. Sullivan, of West Division street, mourn the loss of their bright little son, aged five years, who died yesterday morning, after a brief illness. The funeral will take place this afternoon at 1:30 o'clock, with services at St. John's church.

The baby son of Richard St. Antoine died yesterday morning. The funeral will take place this afternoon at 3 o'clock from St. Joseph's church.

**LARGE CLASS CONFIRMED.**

A class of twenty-nine was confirmed at the Bethany Swedish Lutheran church yesterday morning and thirty-one were admitted to membership in the church. The choir had prepared special music, and this, together with solos by several members of the quartet, were much appreciated by the congregation. In the afternoon the entire Winthrop Sunday school met the school of the church and a union service was held. In the evening there was another special service which was very well attended.

The improvements which have been under way in the interior of the church are practically finished. They include a steel ceiling, painting and decorating, new carpets and electric lighting. The latter have yet to be installed, but all the other work is finished, and now there is no finer church interior in the city. The lights will be installed this week and it is the intention of the trustees to have a special service some evening soon, at which the lights will be turned on for the first time. The painting of the exterior of the church is not yet completed and it will probably be July 1 before all the work on the building will be completed.

**DIDN'T MARRY FOR MONEY.**

The Boston man, who lately married a sickly rich young woman, is happy now, for he got Dr. King's New Life Pills, which restored her to perfect health. Infalible for Jaundice, Biliousness, Malaria, Fever and Ague and all Liver and Stomach troubles. Gentle but effective. Only 25c. at Stafford's drug store.

Heppner's pure ice cream at the soda fountain is a winner every time. Heppner, Marquette. (5-1-1f)

Ladies! See our 11-cent cotton at 8 cents per yard. F. Braastad & Co.

You will find the largest stock and best assortment of shoes of all kinds, and at lowest prices, at Braastad's.

For piano tuning leave orders at Fohrman's. All work guaranteed. Best of reference. G. A. Ford. (5-13-1f)

**ECZEMA—NO CURE NO PAY.** Your druggist will refund your money if Boro-Carbolic Salve fails to cure Eczema, Tetter, Old Sores, Piles or any itching skin disease, no matter of how long standing. One application gives ease and rest. Price 25 cts. per box.

**DOING A NICE BUSINESS.**

R. W. Smith, manager of the insurance agency which stockholders of the Miners' National bank recently established, reports an excellent business. When the H. O. Young agency was purchased the parties interested did not figure on doing a large business to begin with, but in this they have been most agreeably surprised. Mr. Smith has been a busy man since the day he took hold. He is a thorough insurance solicitor, having spent many years at the work and he is rapidly making friends here. His companies are among the best in the country and all who do business with the new agency are guaranteed the best protection at the lowest cost.

**ISHPEMING IN BRIEF.**

There were thirty-five births in the city the month just past.

David Morgan of Republic was a business visitor in the city Saturday.

M. O'Grady of the Baldwin Piano company was a visitor in Ishpeming Saturday.

John T. Burke recently purchased a fine team of horses for use in his livery stable.

Robert Danforth of Palmer spent Saturday and Sunday in the city with friends.

H. F. Heyn returned Saturday evening from a business trip to the copper country.

Mrs. John Power has returned from a two weeks' stay with friends in Chicago and vicinity.

The dance which the "Boys" gave in Anderson's hall Friday evening was fairly well attended.

Miss Alma Ruez has returned from a visit of several weeks with friends in Fond du Lac and vicinity.

George Ponglase has returned from Alaska, where he spent the past few years. He may remain here.

The ladies of the Presbyterian church served a very successful supper in the church parlors Friday evening.

The Dalton Packing company sports a new delivery wagon, similar to the wagons used by the other beef concerns.

Mrs. John Louckes, wife of the manager of Maynard & Reed's commission house, has arrived in the city and will remain here with her husband.

The demonstrators of Walter Baker's cocoa will remain today at Braastad's and Sellwood's stores. Tomorrow and Wednesday they will be in Negaunee.

Tom Simons very successfully opened his new saloon Saturday evening and a large crowd paid its respects to him and the good things which he prepared for them.

Captains J. H. Rough and James Stephens, who have been spending the past few days in Ironwood and vicinity on a tour of inspection of the mines, arrived home Saturday.

J. H. Collier, for some time bookkeeper with the Ishpeming Beef company, left last week for Chicago, where he went to accept a more lucrative position with the Swift Beef company.

A daughter was born to Mr. and Mrs. John Galtman of North Seventh street Friday and Mr. and Mrs. Andrew Seiback of New York street were blessed by the birth of a son on the same day.

Representative William McKay of Caro and his daughter, Miss Hetty, are spending a few days in the city with Miss Nellie McKay. Representative McKay is the father of the house, he being the oldest member of that body.

S. Johnson & Co. have a word to say in this issue regarding their new line of summer goods. They have a very complete assortment of the goods the ladies are in need of for the warm season.

The firemen made a good showing in their annual parade and church attendance yesterday. In the afternoon they decorated the graves of seven deceased members of the department in the local cemeteries and one in Negaunee.

Call at Stafford's drug store and get a free sample of Chamberlain's Stomach and Liver Tablets. They are an elegant physic. They also improve the appetite, strengthen the digestion and regulate the liver and bowels. They are easy to take and pleasant in effect.

A special drive on percale remnants worth 15 cents, going at 10 cents. F. Braastad & Co.

There are good profits for retailers in Heppner's pure ice cream. Heppner, Marquette. (5-1-1f)

A nice line of ladies' and children's hats going cheap. F. Braastad & Co.

For relief and comfort in Asthma BALLARD'S HOREBOUND SYRUP has no equal. Price 25 and 50 cts. Stafford Drug Co.

SPECIAL ARRIVAL OF THE GREAT

**J. RANDOLPH LATOUR,**

**Expert Palmist and Trance Clairvoyant.**

YOUR WISH AND OBJECT IN LIFE CAN BE OBTAINED.

**READ!**

Your Fate Is in Your Hand.

**NOTICE!**

Don't say you don't believe. 'Tis ignorance to condemn a power you know nothing about. Just as shrewd, brainy people as you do believe.

You perhaps cannot diagnose disease, paint a picture, act as a great actor or musician. Because you can do none of these things, doesn't prove they cannot be done. You may be an expert in your line of work, yet know absolutely nothing of other lines. You have no more reason to condemn my work than others have to condemn yours. None are so perfect, none so wise but what they may learn something new. No practical person will doubt the possibility of thought transference.

Without asking a question he tells you exactly what you called for, your name, who and when you will marry (if ever). In fact, reads your life from the cradle to the grave.

It is no what he has done for others, but what he can and will do for you.

Prof. LaTour reveals the future, brushing aside the curtain of doubt and darkness, revealing the impending disaster in time to avoid it.

Your prospects of today may be your fortune tomorrow if rightly handled.

Press and public recognize him as the foremost and most able medium living. Where others fail he succeeds with ease, and he will positively refuse to accept any fee unless he gives the UTMOST SATISFACTION. Fee within the reach of all.

This remarkable man is gifted by nature with marvelous mediumistic powers, and may be consulted on all matters pertaining to the welfare of the human race. He tells you every hope, fear and ambition of your life. His psychic knowledge excites the wonder and admiration of the most skeptical.

Do you want to become prosperous and find out what is best for you to do? Then call and receive the advice of this wonderful clairvoyant to whom many prosperous men and women owe their present success. He gives a plain statement of facts and shows you the way to help yourself. He has helped thousands, why not you?

Prof. LaTour also reunites the separated and settles all lover's quarrels.

The troubled and uncomfortable seek his sympathetic advice. There is no home so dreary and sad, no life so depressed and lonely, no condition or circumstances of life so hopeless or complicated that cannot be righted and kept right after a visit to this wonderful man.

Is your husband or wife untrue? Does another share the love and affection that rightly belongs to you? Has the demon jealousy assailed the happy quietude of your home? Have you a doubtful love affair? Would you your lost love returned? Do you wish to know the secret of winning and controlling the love of any one you admire? If so, consult Prof. LaTour and he will show you the way to conquer all who now oppose you. He gives you the name of the one who loves you and causes a happy and speedy marriage with the one you desire.

ARE YOU SICK? If so, and your physician has called your disease incurable, see Prof. LaTour and he will either cure you or teach you how to do it yourself. He uses no medicine, but cures with the great magnetic gift that nature has bestowed upon him. (Weltner method used and taught to others.) Ladies' maid in attendance.

Hours, 10 a. m. to 9 p. m. daily. Sunday 10 a. m. to 5 p. m.

Office in the Parlors at the Nelson House, Ishpeming, Mich., for short time only.

### WHAT THEY WILL TRY FOR.

Macabee Sports Make a Long List and the Prizes Aggregate \$100.

The list of sports which will be run off on Iron street next Friday afternoon on the occasion of the annual county reunion of the Macabees is a long one. There is \$100 offered in prizes and there will no doubt be a large number of entries. The sports will be in charge of Al. Willman, who has had much experience in affairs of this character, and his supervision may be taken as assurance that they will be fairly conducted. The list of events, in the order in which they will be run and the prizes offered are as here set forth:

Long run—Starting at the Northwest corner depot, east on Iron street to Pioneer avenue and north to Jackson, west on Jackson to Cyr street and south to Iron, thence to starting point at the crossing. The prizes are, first, \$5; second, \$3, and third, \$2.

Boys' race, (for boys under twelve years of age)—From the Breiting to the crossing, prizes, first, \$1.50; second, \$1, and third, fifty cents.

Shot put—West Iron street; prizes, first, \$2, and second, \$1.

Three-legged race—Gold street; prizes, first, \$3, and second, \$2.

High jump—City square; prizes, first, \$3; second, \$2, and third, \$1.

One-hundred yard dash—Visiting Macabees only, on West Iron street; prizes, first, \$3, and second, \$2.

Pole vault—Marquette street; prizes, first, \$3, second, \$2, and third, \$1.

One-hundred yard dash—East Iron street; prizes, first, \$3, and second, \$2.

Sack race—Silver street; prizes, first, \$3, and second, \$2.

Broad jump—Pioneer avenue; prizes, first, \$3, and second, \$2.

Bicycle race—From Pioneer avenue east to Catholic cemetery and thence to starting point; prizes, first, \$5, and second, \$3.

Miners drilling contest—City square at 4 o'clock. Each gang will drill twenty minutes and must furnish its own drills. Prizes, first, \$9, and second, \$6.

The judges for these contests will be Al. Willman, Carl Pelto, James Stickey, Thomas Trathen and Alfred Williamson.

It will be noticed that without exception these sports will be run off within a few minutes' walking distance of the city square.

In some cases different sets of races will be run on the several streets at the same time.

The complete program for the day's exercises is not as yet arranged, but within a few days it will be made public. The coming reunion promises to be the largest in the history of the order in Marquette county and it is expected that there will be between 6,000 and 7,000 visitors in town on that day.

### ALUMNI WILL DANCE.

There was a special meeting of the Negaunee High School Alumni association in the high school building Friday evening at which officers for the ensuing year were elected and other business of importance transacted. The officers who will serve for this year are, Ben J. Miller, president; Miss Lulu Cyr, vice president; Miss Bessie Penglass, secretary and Walter Eicher, treasurer.

It was decided to hold a dance in the opera house as the annual function of the association. This dance will be given on the evening after commencement, June 14th. The president was given the power to appoint committees on music, refreshment, reception, dance arrangements, and decorations.

Mr. Miller has not yet done this, but will announce the committees within a week. The dance will be a delightful function. As everyone is invited, there will no doubt be a large attendance. Tickets will be issued soon to members of the association who have paid their dues, the amount of which is fifty cents.

### SEVEN YEARS IN BED.

"Will wonders ever cease?" inquire the friends of Mrs. L. Pesse, of Lawrence, Kan. They know she has been unable to leave her bed in seven years on account of kidney and liver trouble, nervous prostration and general debility; but, "Three bottles of Electric Bitters enabled me to walk," she writes, "and in three months I felt like a new person." Women suffering from Headache, Backache, Nervousness, Sleeplessness, Melancholy, Fainting and Dizzy Spells will find it a priceless blessing. Try it. Satisfaction is guaranteed. Only 50c. Stafford's

Walter Baker & Co., (Ltd.), of Dorchester, Mass., will give a free demonstration of their breakfast cocoa on Tuesday and Wednesday, June 4 and 5, at G. J. Haupt's and the N. Laughlin Co-operative store. All are cordially invited to call and try this cocoa and receive a free sample and a book of choice recipes. (6-1-24)

Sell Heppner's pure ice cream and make a barrel of clean money this summer. Heppner, Marquette. (5-1-tf)

### A GREAT IMPROVEMENT.

Properly fitted eye glasses means comfort to the wearer. The ease and comfort with which an eye glass "rides a nose" depends more on the proper adjustment than it does on the frame. I can show you correct and becoming styles for correctly fitted lenses and frames never unbending to anyone. E. E. LULLOW, Optician. Perkins' Drug Store, Negaunee.

If the predisposition to worms in children is not cured they may become emaciated, weakly and in danger of convulsions. WHITE'S CREAM VERMIFUGE is the most successful and popular remedy. Price 25 cts. Stafford Drug Co.

A woman in Idaho got a divorce from her husband because he would not take her to the Paris Exposition. He testified in court that he was afraid of water and that he was afraid to get into a bath tub even, he got so seasick. That man has indigestion just as a good many others we know and should take Dr. Caldwell's Syrup Pepsin. Get it at The Stafford Drug Co.

### PROMINENT CITIZEN GONE.

William Davey, aged thirty-five years, passed away at his residence in the Jackson location Saturday morning shortly after 9 o'clock. The immediate cause of his demise was a complication of pneumonia and pleurisy from which he had been suffering for the past week. He leaves, besides a widow, four children, none of the latter of age. Davey went to his work at the Cambria last Monday morning apparently in good health, but he shortly afterwards came home, complaining of feeling badly, and sank steadily from that time until death came.

Mr. and Mrs. Davey have been residents of this city for many years and the deceased was both very well known and much esteemed here. He was connected with no secret order of any kind and was a home loving man. The arrangements for the funeral have not yet been completed, but it is expected that it will be held this afternoon or tomorrow.

A CLEAR BRAIN and healthy body are essential for success. Business men, teachers, students, housewives, and other workers say Hood's Sarsaparilla gives them appetite and strength, and makes their work seem easy. It overcomes that tired feeling.

### LOCAL LACONICS.

Humphrey Lucas has purchased a handsome paecer from Lewis Corbit.

Mrs. Frank Jayne of Gladstone is spending a few days in the city with friends.

Ben Neely is driving around in a rubber-tired rig which he thinks is about the thing.

A son was born to Mr. and Mrs. Gust Danielson of the Queen location Saturday morning.

Will Mitchell broke ground for his new residence at the corner of Brown avenue and Peck street Saturday morning and things will hum in that vicinity until it is completed.

The foundation for the new residence which Postmaster John D. Stephens is erecting on Main street is completed and it is expected that carpenter work on the superstructure will be started this week.

Stephen Gauthier was the lucky guesser of the doll's name in Rosen Bros.' contest Saturday. Steve will soon be riding a new Field bicycle as a result of his superiority as a guesser. The name was Levi.

The members of Charles A. Towne post, G. A. R., wish to extend to all the societies that so kindly assisted them in the recent observance of Decoration Day their hearty thanks. The post would especially thank the high school girls who assisted with their singing, the ladies who decorated the stage of the opera house and who, hench to the regret of the post, have withheld their identity, and the two military companies of Ishpeming. The members of the post are much gratified with the spirit manifested by all Thursday and desire to make special acknowledgement of the same.

Mr. W. S. Whedon, Cashier of the First National Bank of Winterset, Iowa, in a recent letter gives some experience with a carpenter in his employ, that will be of value to other mechanics. He says: "I had a carpenter working for me who was obliged to stop work for several days on account of being troubled with diarrhoea. I mentioned to him that I had been similarly troubled and that Chamberlain's Colic, Cholera and Diarrhoea Remedy had cured me. He bought a bottle of it from the druggist here and informed me that one dose cured him, and he is again at his work." For sale by The Stafford Drug Co.

Walter Baker & Co.'s free demonstration of breakfast cocoa on Tuesday and Wednesday, June 4 and 5, at G. J. Haupt's and the N. Laughlin Co-operative stores. All are cordially invited to call and try this cocoa and receive a free sample and book of choice recipes. (6-1-24)

Aside from the serious inconvenience and pain caused by piles, there is a tendency to fistula and to cancer in the rectal regions. Piles should not be allowed to run on unchecked. TABLETS BUCKEYE PILE OINTMENT is an infallible remedy. Price, 50 cts. a bottle, tubes 75 cts. Stafford Drug Co.

This is to certify that my wife was for years afflicted with asthma and was so far gone that several physicians declared that her case must terminate in consumption. I was induced to try a bottle of Dr. Warner's White Wine of Tar Syrup. To our great satisfaction it gave almost immediate relief, and two bottles completely cured her. She is now well and healthy, but I would not be without the medicine if it cost fifty dollars a bottle. Wm. H. Farris. Chn. Bd. Tp. of Wilton, Monroe Co., Wis. The Stafford Drug Co.

## Additional Ishpeming

### ISHPEMING IN BRIEF.

A regular meeting of the Country club will be held tomorrow afternoon at the club house. A bus will leave the residence of Dr. G. G. Barnett at three o'clock and another will leave the north side of the Peninsula bank at five.

It was incorrectly stated in Saturday's Mining Journal that the lecture which Mr. Tolman would deliver in the high school auditorium on the "Paris Exposition from the Workman's Standpoint" would be delivered next Sunday evening. The date is next Saturday evening.

The Recreation club gave a very pleasant party in Anderson's hall Saturday evening. A large number of dancers as well as spectators were in attendance and the dance was one of the most successful that has been given in the hall this season. A portion of Trombley's orchestra furnished the music.

Vincent Geagel, for some time sausage maker for S. Johnson & Co., has resigned his position with that firm and left with his family for Chicago Saturday morning. Mr. Geagel came from Chicago some years ago and returns to enter the market business in that city. His many Ishpeming friends wish him every success.

Proprietor Schilling of the Commercial house has been making extensive improvements in the dining room of that hostelry. A new hardwood floor was laid, painting done and a steel ceiling put in. The ceiling has been very tastefully painted and now that the room is completed it presents a very neat appearance.

Meslames Matt Watters, Phil Williams, Richard Hooper and children, Martin Dally and children and Rogers will leave for Rosland this morning. The heads of these families are now located in the British Columbia city and so well are they satisfied that they sent for their families to make their homes in that section in the future.

The members of the Ishpeming club turned out in force Saturday evening, the occasion being the farewell reception to Charles T. Fairbairn. Speeches were made on both sides. While everyone regrets the departure of Mr. Fairbairn, all are heartily glad of his good fortune in securing the excellent position on the Mesaba that he goes there to take.

The parade to be given Wednesday by Russo & Holland's Minstrels will be one of the most attractive seen here for some time. The company numbers about forty people and carries two brass bands. Several head of live stock are among its properties and an automobile and a three-wheeled carriage are features in this year's turnout. The company is just returning from a successful tour to the Pacific coast.

H. O. Pinther, the popular salesman for McClure, Phillips & Co. of Chicago, who has been spending the last few months at his home in Germany and in visiting other places throughout the continent, made his first trip to this section last week. Mr. Pinther has never missed a trip for his home on this route during the last twenty-three years and he is probably the best known traveling man who comes this way.

The party of Johnston "houseites" who spent Saturday at the first falls of the Escanaba returned that evening very wet, but they reported an excellent time. They say that the fish were biting strenuously all day and that the water which falls in the vicinity of the Escanaba is of a very moist nature. What came near being a very serious accident happened when one of the rigs was overturned on the return trip.

Owing to a combination of circumstances the Firsts did not go to Escanaba. Ruez did not feel equal to the task of pitching the full game and no other member of the team could be relied on to hold up his end. Curt could not get away from his work and rather than go to the Sand City with a patched team Manager Erickson reluctantly called the game off. He hopes to be able to arrange a game with that city in the near future.

If the question of a site for the proposed library has not been definitely settled by the committee of the city council having the matter in hand, Ole Valerik would be pleased to submit a price on his property on Pearl street, where the Adolph livery barn stands. The two lots have a combined width of seventy-two feet, by a length of one hundred feet. There is certainly no more central location available in the city.

The regular summer schedule of the Lake Superior & Ishpeming railway went into force Saturday and will be maintained through the season. Trains leave this city for Presque Isle at 10 a. m., 1:30 and 8:40 p. m. on Sundays and arrive at the island 45 minutes later. Returning, they leave the island at 8:55 a. m., 12:25 and 6:55 p. m. On week days a train will leave this city at 8:30 a. m. and, returning, will leave the island at 5:25 p. m. This service is substantially the same as was in effect last season.

Tin's safe to be a day without Dr. Thomas' Electric Oil in the house. Never can tell what moment an accident is going to happen.

### SHAKE INTO YOUR SHOES

Allen's Foot-Ease, a powder. It cures painful, smarting, nervous and ingrowing nails, and instantly takes the sting out of corns and bunions. It's the greatest comfort discovery of the age. Allen's Foot-Ease makes tight or new shoes feel easy. It is a certain cure for sweating, callous and hot, tired, aching feet. Try it today. Sold by all druggists and shoe stores. By mail for 25c. in stamps. Trial package FREE. Ad. dress, Allen S. Olmsted, Le Roy, N. Y. 2

### ABOUT COUGHS AND COLDS.

Many broadminded physicians prescribe Bunsen's Pine Tar Cough Honey openly or give it unknown to the patient. Physicians who have tested it, know it will cure and leave no chance for the disease which follows. LaGrippe, Colds and Croup. Price 25 & 30 cents. For sale by the Stafford Drug Co.

## Rheumatism

Rheumatism is due to an excess of acid in the blood. When this escapes through the pores of the skin, as it often does, it produces some form of skin eruption—some itching disease like Eczema or Tetter—but when these little tubes or sweat glands are suddenly closed by exposure to cold and sudden chilling of the body, then the poisons thrown off by the blood, finding no outlet, settle in membranes, muscles, tissues and nerves. These parts become greatly inflamed, feverish and hot; dagger-like, maddening pains follow in quick succession, the muscles become extremely tender, the nerves break down and the sufferer is soon reduced to a state of helplessness and misery. This acid poison penetrates the joints and seems to dry out the natural oils, and the legs, arms and fingers become so stiff and sore that every movement is attended with excruciating pains.

Liniments, plasters, electricity and baths, while their use may give temporary ease, cannot be called cures, for the disease returns with every change of the weather.

S. S. S. cures Rheumatism by working a complete change in the blood; the acids are neutralized, the circulation purified and the rich, healthy blood that is carried to the irritated, aching muscles and joints, soothes and heals them. S. S. S. cures Rheumatism even when inherited or brought on by the excessive use of mercury. Opium, in some form, is the basis of nearly all so-called Rheumatic Cures, which deaden the pain but do not touch the disease and lead to ruinous habits. Alkalies and the potash and mineral remedies so often prescribed, affect the tender lining of the stomach and weaken the digestion, thus adding another burden to the already weak and impoverished blood. S. S. S. contains no mineral or dangerous drug of any kind, but is a simple, vegetable remedy and the most perfect blood purifier known. Send for our book on Rheumatism and write our physicians if you wish any information or advice. We would be glad to mail you a book free; we charge nothing whatever for medical advice.

# WILL CELEBRATE.

PROGRAM FOR THE FOURTH WILL LIKELY BE ARRANGED.

RACING MATINEE ASSURED.

IT IS EXPECTED THAT CITIZENS WILL TAKE HOLD.

Sentiment Among Business Men Generally Favorable to an Observance and Requisite Money Would Be Forthcoming.

The project of celebrating the Fourth of July in Marquette this year has received considerable attention during the past few days and it now seems likely that the eagle will scream. It has been generally received with favor and it looks as if it would be taken in hand in earnest this week.

It was broached at a meeting of the Merchants' association Friday night and, while the attendance of the members was not large enough to get a representative expression from this organization, still most of those present were heartily in favor of arranging an observance of Independence day. If there had been a general turnout of the business men to the meeting, which, however, was not called for the purpose of floating the celebration project, it is likely that some decisive steps to formulate plans would have been considered. As it is the initiative will likely be taken this week by a number of citizens who are interested in the matter.

Celebration or no celebration, Marquette will have some excitement on the Fourth as it has practically been decided to have a driving matinee at the Fair grounds. Joe Fay is looking after this matter at the instigation of a number of the horsemen and he is laying plans for pulling off a number of choice events, in which some speedy flesh will be entered. If the plan to observe Independence day formally is consummated his program will work into the program of events nicely, if not it will be a considerable attraction in itself.

World Ate Up. Many business men of the city have manifested their willingness to ante up reasonably toward a fund to be used in carrying out an attractive program. The saloon men are willing to help liberally. It is thought that no difficulty will be experienced in raising from \$1,500 to \$2,000 to be used in giving the townspeople and outsiders a good time. Such a sum, judiciously expended, would go a good way toward giving a celebration, creditable to the city and in every way a success.

Pending the time when it will be definitely decided whether or not the holiday will be observed, there is no discussion of plans for the celebration. It is likely that there would be the usual street parade. Certainly there would be a big exhibition of fireworks. Athletic contests of one sort or another would play an important part in the observance and there would likely be a few attractive special features for drawing cards. All these details will be arranged in due time. However, it may be taken for granted that if the Marquette citizens see fit to go ahead with the plans they will arrange a program that will be entirely satisfactory.

It is suggested that the shipping military organization be invited to Marquette. Their evolutions and drills would be an attractive feature. It is believed that the boys would accept such an invitation as they could hardly find a better place to pass the holiday.

## WARNE REENGAGED.

He Will Superintend the Munising Schools Again This Year.

Marquette friends will be interested in learning that H. G. Warne, formerly principal of the eighth grade here, has been reengaged as superintendent of the Munising schools. In this connection the Munising Reporter says: "The action of the board of education in reengaging Professor Warne as superintendent of the Munising schools for another year will give general satisfaction to their patrons. Mr. Warne is now closing his first year as superintendent and it has been a year of earnest, conscientious work—work that has been fruitful in various ways. He has instilled into teachers and pupils force, energy and activity, and he has worked unceasingly for the success and progress of the schools. Mr. Warne's abilities as an educator are well known and recognized throughout this section of the state and he has recently had several opportunities to accept other superintendencies at a larger salary than he has been receiving here. It was because of this fact that the resolution reengaging Mr. Warne carried with it a clause providing for an increase of salary from \$1,000 to \$1,100 for next year."

## GOOD MARKET.

Coppers Enjoyed It During Saturday's Short Session.

Saturday was a good day for coppers. There were some advances and the tone was all that could be asked. Better quotations are generally anticipated. Paine, Webber & Co. said:

"The slightly better prices in the coppers are apparently frightening away some of the buyers, who are afraid to take more on the advancing prices. Traders in the New York market are not troubled with similar fears, however, and their market has grown in activity, while ours has remained dull. The movement in the coppers is young yet. We are inclined to believe that there will be plenty of buyers at much higher prices before the advance culminates. The stocks of the good developing copper mines are unquestionably the cheapest stocks on the list. The New York bank statement was a neutral one, but is deemed to be a signal for more

ferocious buying and prices are getting back to the anticipated level. We think holders of New York long stocks should take profits and buy their stocks back on a fair reaction."

## "NATHAN HALE."

Patriotic Drama Announced for Opera House June 8.

The brilliant example of a representative American play, "Nathan Hale," by Clyde Fitch, which will be presented at the Marquette Opera House Saturday evening, June 8, should be welcomed with delight by all lovers of the drama, as well as by all in whom the stirring appeal to patriotism contained in this play strikes a responsive chord. Not alone does the play enlist one's appreciation of the sublime in sentiment, but also one's sense of the materially beautiful is catered to in the magnificent scenery and costumes, made and designed from old plates and other relics of the Revolution. All these will be exactly the same as when they caused such favorable comment during the play's successful run at the Knickerbocker theatre, New York. Although "the play's the thing," no expense has been spared in securing the best artists available for the various characters, and the names of Howard Kyle and Jessie Lett, who play respectively the title role and the hero's sweetheart, should be a sufficient guarantee of the excellence of the company.

## CLEVER PRESENTATION.

"A Box of Monkeys" Feature at Church Entertainment.

"A Box of Monkeys," a drawing room farce in two acts, was the feature at an entertainment given for St. Paul's Sunday school at Fraternity hall Saturday evening. It was presented by Misses Georgia Hager, Imogene Watson and Norma Ross and Messrs. Roy Young and Harold Johns. It was seen by a goodly gathering, the hall being well filled. The young people of the cast really did excellently well and they had no trouble in fulfilling their promise of keeping the house in continual merriment. The lines of the farce, which were usually bright and sparkling, were spoken effectively and the amateurs had the requisite carriage and considerable stage presence. The farce was produced under Miss Cecil Gryll's direction and its success bespoke careful painstaking work on her part. Professor Otto H. Kluge, Bert Richardson and Miss Suzanne Williams assisted with the musical part of the entertainment. There were also a couple of living pictures, a la Gibson. Following the entertainment the young people danced until shortly before midnight.

## LIGHT EXCURSION.

Threatening Weather Kept Up-the-Road People from Presque Isle.

The Negaunee Woodmen ran their excursion to Presque Isle over the L. S. & I. road as announced yesterday, but the threatening weather prevented the general attendance anticipated. The morning was most discouraging and few people left Ishpeming and Negaunee for the resort, despite the fact that the degree team and the Negaunee Orchestra band came down. By noon, when it had cleared up, the prospective excursionists had made other plans and the later part of the excursion was comparatively few people to Presque Isle. The resort was practically deserted in the morning. In the afternoon many Marquette people visited it, although at no time did the crowd approach that of the afternoon of Decoration day. However, those at Presque Isle had no reason to regret their presence, as the weather, after the last leg blew away, was all that could be asked. The Negaunee Orchestra band played all through the afternoon, rendering an excellent program. This organization is rapidly winning favor with Marquette people and its presence at Presque Isle is a great drawing card.

## MARINE MATTERS.

Passed the Canal.

Sault Ste. Marie, Mich., June 2.—(Special)—Up—Rockefeller 9:20; City of Collingwood, 9:30 p. m.; Jas. J. Hill, 10:20; Burnham, 2:10; Neptune, 2:30; Adams, 3:40; Anlaeste, 6:20; Hurd, Bliss, 8:20; Murphy, 9 a. m.; Manitoba, 1:20; Leafield, 2:20; Rees, 2:40; Kalkaska, Fryer, Oak Leaf, 3:20; Drake, Michigan, 4:30; Phoenix, 4:50; Harper, Helena, 7:10 p. m.

## Port List.

Arrived—Pioneer, Chatanoga, Andaste, Moravia, Buel, Spalding. Cleared—Business, Fairport. The tug Merrick of Houghton dredged in tow, which has been in the lower harbor the past couple of days. Cleared yesterday for the Georgian bay.

## A GOOD COUGH MEDICINE.

It speaks well for Chamberlain's Cough Remedy when druggists use it in their own families in preference to any other. I have sold Chamberlain's Cough Remedy for the past five years with complete satisfaction to myself and customers," says Druggist J. Goldsmith, Van Etten, N. Y. "I have always used it in my own family both for ordinary coughs and colds and for the cough following grippe, and find it very efficacious." For sale by The Stafford Drug Co.

RUGS MADE OF OLD CARPETS. Address M. Iralson, Janzen Hotel, city. (6-1-5d)

ATTENTION TRAVELINGMEN! When in Grand Marais stop at Hotel Grand Marais. Rates, \$2.00 per day. (4-8-2m)

Only one remedy in the world that will at once stop itching of the skin in any part of the body. Doan's Ointment. At any drug store, 50 cents.

B. F. Mouser, druggist at Chetopa, Kansas, says: "I have the best sale on Dr. Caldwell's Syrup Pepsin of any article in my store." So has The Stafford Drug Co. It cures Constipation, Indigestion, Sick Headache and Stomach Trouble.

Hardly a day passes, in families where there are children, in which BALLARD'S SNOW EXTRACT is not needed. It quickly cures Cuts, Wounds, Bruises, Burns and Scalds. Price 25 and 50 cts. Stafford Drug Co.

## GENERAL MANAGER GREER.

He Succeeds F. H. Begole at the Lake Shore Engine Works.

Howard Greer, Jr., has accepted the position of general manager of the Lake Shore Engine works and he entered on his new duties the first of the month. Mr. Greer, who has been connected with the Sullivan Drill company and the Bullock Manufacturing company, is a graduate of Yale college and has a technical engineering department and he has an excellent standing in engineering circles.

F. H. Begole will still remain vice president of the engine works and he will devote a portion of his time to the financial interests of the company, but the arrangements with Mr. Greer will enable him to give more attention to his personal business and interests.

## DANDELION WARFARE.

How It Is Being Waged in Laramie Wyoming.

To The Daily Mining Journal:—Having read the following articles in the Laramie (Wyoming) Republican, I thought the suggestions they contain might be worthy of attention in Marquette where they might be utilized with profit against the dandelion pest. Hoping you will give the clippings a place in your valuable paper and that they may prove a benefit to the people of your beautiful city.

I remain yours, A WELL WISHER.

"W. H. Frazee, the proprietor of the Leader and a member of the school board, has hit upon a plan that, if followed up, will add to the beauty of the Gem City and rid the town of a very industrious pest. He will offer a valuable prize, the nature of which will be made known later, to the room in the public school whose pupils gather the most dandelion blossoms.

"The dandelions will be turned over to the janitor each day and a record kept of the bulk, and at the end of the blossom season the prize will be awarded.

"This, Mr. Frazee contends, will create a spirit of competition in the various rooms, and the children will soon rid the town of the blossoms. If this is kept up for three years, and he intends to offer a prize each year for three, it will kill out the crop, as three years is said to be the life of the plant.

"The competition begins at once, and no room is barred and no method that will add to the number of dandelion blossoms turned over to the janitors. "Should this plan succeed, and it is feasible, Mr. Frazee will receive the plaudits of the entire community."

"If W. H. Frazee imagined that he was going to 'start something' when he offered a prize for dandelions as announced in the columns of The Republican, and did not make ample preparations, he has caused the janitors at the schools no end of trouble. The dandelion raid has proven a 'blossom' success." The children have fallen to with a will, and promise to make the dandelion crop 'look sick' before they quit. "Children have gone to the fields fairly loaded down with dandelions. They have gone with flowers in their hands, in their pockets, in their hats, in gunny sacks, in baskets, and in anything that would hold dandelions. One youngster had the box of his toy wagon loaded with the blossoms.

"At the schools no attempt was made to count the blossoms, but they were weighed as one would weigh hay or coal, and the different rooms given credit for so many pounds of flowers. Old and young children have entered into the spirit of the thing, and it would be surprising could one know the number of school children engaged in this new industry, to say nothing of the number of blossoms plucked and carried to the schools.

"Mr. Frazee has secured the services of Miss Merriam, a talented artist from the Chicago School of Art, who will be here in a short time and will paint a picture of some boy and girl as the prize to be offered. This picture will depict some feature of the dandelion raid, and will be given to the winning room. On the margin of the picture will be the names of the pupils in the room winning the prize, together with the class history, the whole forming a souvenir worthy of the man who has undertaken it and of the good work he has undertaken.

"In this connection it has been suggested that the parents and property owners generally turn in and help the children in the work in every possible way. Much can be done to further the labors of the children, who are not only working to a selfish end, but to the good of the community, as there is no doubt that the crop of dandelions will be greatly curtailed from this one day's work to say nothing of the days to follow, when the number of children engaged in the raid will be enlarged and their work made more thorough and systematic.

"Arrangements will be made for taking charge of all blossoms plucked during vacation, but it is believed that the crop will have been nearly harvested in the three weeks and more that remain of the school year. Access should be accorded the children to the yards and enclosed places wherever they can go without harm to the lawns, to prevent seeds therein from ripening and blowing all over town."

One dozen fine dull finish photographs for \$1.25, at Werner's. (5-20-1f)

Vitality, nerves like steel, clear eyes, active brain, strength, health and happiness come to those who take Doan's Mountain Tea made by Madison Medicine Co., 25c. Stafford Drug Co.

Werner is making a photograph for fifty cents per dozen.

## A TERRIBLE EXPLOSION.

"Of a gasoline stove burned a lady here frightfully," writes N. E. Palmer, of Kirkman, Ia. "The best doctors couldn't heal the running sore that followed, but Bucklen's Arnica Salve entirely cured her." Available for Cuts, Corns, Sores, Boils, Bruises, Skin Diseases and Piles. 25c. at Stafford's.
