WOULD NOT TOADY REPRESENTATIVE WHEELER DENOUNCES "FLUNKYISM" AGAINST PRINCE HENRY'S VISIT OPPOSED TO MISS ROOSEVELT ATTENDING CORONATION.

Sensational Speech Is Delivered in the House and Secretary Hay and President Roosevelt Are Roundly Scored.

Washington, Feb. 14.—Representative Wheeler of Kentucky made a very sensational speech in the house today in denunciation of what he denominated as "flunkysim" to foreign countries.

He also criticized the president for his reported intention to send his daughter to the coronation of King Edward and protested the official reception of Prince Henry.

Wheeler—That is a very different thing (laughter and derisive cries on the Republican side). We received him not as we are receiving this man (Prince Henry) if I recollect rightly, but he came as the official head of his government.

Later Representative Grosvenor again criticized Wheeler's statement and stated as a young man he was present and saw the reception given the prince of Wales.

Further along Representative Grosvenor said the prince was not a Dutchman but a Teuton, a German. He was an admiral in Germany's navy, the same who had been sent to Manila to protect the German interests...

Norfolk, Va., Feb. 14.—The town of South Mills, N. C., near the Dixie swamp, was practically destroyed by fire today. Four hundred families are homeless. The loss is \$120,000.

HOSTILE TO THE IRISH. Lord Rosebery Strongly Emphasizes Views at a Liberal Demonstration. Liverpool, Saturday, Feb. 15.—Lord Rosebery received a tremendous ovation at a liberal demonstration here last evening.

That Gold Spoon.

There are some men who seem to be favorites of fortune. They are industrious, cheerful workers, full of overflowing energy of splendid health, and success seems fairly to drop into their hands. It is of such that the less hardy and less successful man says enviously, "That fellow was born with a gold spoon in his mouth."

Dr. Pierce's Favorite Prescription gives the mother health to give her child. It cures nervousness, nausea and sleeplessness. It makes the body comfortable and the mind content. It gives physical vigor and muscular elasticity so that the baby's advent is practically painless.

BEST FOR THE BOWELS

If you haven't a regular, healthy movement of the bowels every day, you'll feel ill or will be nervous, irritable and generally unwell. It is the absence of a regular, healthy movement of the bowels that causes all the ailments of the system.

EAT 'EM LIKE CANDY. Pleasant, palatable, Refreshing, Food, 10-cent. It is the only laxative that is so good for the system. It is the only laxative that is so good for the system.

DAILY MINING JOURNAL, A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).

Issued daily except on Sundays. Contains Associated Press dispatches and is especially devoted to the Upper Peninsula interests.

SUBSCRIPTION RATES: Per month, by carrier, \$1.00. Per year, by mail, \$10.00. MARQUETTE, MICH., FEB. 15.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

In this number is given in supplement form a list of the lands in Marquette county delinquent for unpaid taxes, to be sold at the office of the county treasurer at the court house in this city on the first Tuesday in May next, the sale to commence at ten o'clock a. m. and to continue until completed.

The Cleveland Plain Dealer gives this information concerning ore sales for the season of 1902 in the current number: There is no longer any rush of ore sales and the disposition of the balance of the output of 1902 that will go upon the market will be a matter of months.

As was the case last year, most of the merchant furnaces are placing a part of their requirements now and will hold off on the remainder until later in the season. There is an evident preference for Bessemer iron on the part of furnace men that ordinarily produce both Bessemer and foundry iron.

The high phosphorus ores, always in demand for foundry iron, are not going as rapidly this year as usual. Furnace men in some instances are holding themselves in readiness to direct their operations later in the year into the line that shall then be most profitable.

Senator Fuller of Delta county has decided to seek a renomination for the office he now holds instead of entering the lists for the second place on the state ticket, and has so announced.

But there is another upper peninsula man who would like the nomination for lieutenant governor, and as he is excellently qualified for the position and well known throughout the state, besides being a smooth and shrewd politician, it would be no cause for special wonder if he landed it.

The new candidate hails from that hatchery of statesmen, Sault Ste. Marie, being the present representative in the state legislature from that assembly district. Hon. Wm. Chandler. Mr. Chandler was at Marquette a few days ago and spent an hour talking over things political and otherwise with the editor of The Mining Journal, but failed to mention that he was a candidate for the lieutenant governorship.

Possibly he hadn't quite decided then to seek the honor, or it may be that he was waiting to have his home paper bring him out. Be that as it may, however, The Mining Journal concedes that he would make a worthy successor to Lieutenant Governor Robinson and trusts that the state convention will give his claims favorable consideration.

ENORMOUS CONSUMPTION OF IRON. Summarizing conditions in the iron market, the Iron Trade Review of Thursday finds them surprisingly encouraging. "Each week," it observes, "adds to the strength of the market, and accents the inadequacy of the pig iron and steel making capacity to supply the country's present demands."

Proceeding in this strain, the Review gives this presentation of features of the market: The course of the market in the past week and the statistical position of pig iron on Feb. 1 tell the same story of prodigious consumption beyond all record, and of production still lagging behind.

Statistics of pig iron output in January and of stock reductions between Jan. 1 and Feb. 1 point to consumption in the first month of the year at the rate of 18,000,000 gross tons a year, while blast furnace capacity active on Feb. 1 represents an output at the rate of about 17,000,000 tons a year. But we are not sure even of this inadequate capacity, the severe snowstorms of last week having again deranged railroad operations so that many furnaces were compelled to bank for a day or two for lack of coke.

In the Valleys and the Pittsburg district this interruption is estimated to have cut down the pig iron output by 5,000 tons. Conditions are better this week, but the ease with which the trade can be disturbed is still its most marked feature.

Both pig iron and steel have advanced in the week, and buying of the former has been particularly heavy in the Chicago district. A 20,000-ton transaction in malleable pig is reported there and one for 10,000 tons, in addition to other round lots.

The demand for basic iron is so strong as in the preceding week, but the heavy additions to basic open-hearth steel capacity in the past two years are telling not only on the basic pig iron market, but upon that for melting scrap. Foundry iron is advancing under good buying for the second half. Small foundries, that buy from month to month, are likely to be pinched by the scarcity of iron for delivery in the first half which has already developed. Many buyers are still holding off on contracts for the second half, while others have bought freely.

One estimate based on careful inquiry is that two-thirds of the foundry iron production for the year is now under contract.

The situation in Bessemer and basic irons is increasingly strong, and the probability that the United States Steel corporation will be in the market as a buyer for the second half before the end of the first quarter is already being canvassed. The scarcity of steel is more marked. Bessemer billets are nominal-

ly \$29.50 at Central Western mill, but independent steel mills and rod mills which did not buy early last fall are facing a hard condition. Independent sheet manufacturers who are to meet again at Pittsburgh next Tuesday have before them a proposal to buy 100,000 tons of sheet bars abroad.

Finished material still resists the upward pressure from the raw material market, but advances, particularly in structural material, would not be difficult. The larger structural mills will not follow the action of the two Eastern mills in putting up prices \$4 a ton, though naturally additional tonnage will be turned westward. Inability to get promises of the required deliveries of steel shapes has put off some vessel work at Lake yards, and in the Chicago district several office building projects are held up because the mills cannot engage to deliver steel before late summer.

The fact that foreign mills will keep their heavier section added to the high cost ton for ton, will probably prevent importations. The Louisville & Nashville railroad has placed 30,000 tons of rails with an English mill, for delivery at Pensacola. The Mexican Central, on the other hand, is reported to have placed 50,000 tons of rails on which deliveries will be distributed, with the Maryland Steel company.

COPPER COUNTRY NEWS (Additional) COMMANDER WILSON TO RETIRE. Commander John C. Wilson, light-house inspector of the Eleventh district, stationed at Detroit, will soon be relieved, his term of duty here having expired. He will be succeeded by Commander Edward H. Green, who has been on waiting orders since September, and who has been in naval service since 1882. Commander Wilson may remain in charge at Detroit some little time yet.

Commander Wilson is well known in Houghton, where he makes regular visits during the season of navigation.

OLD RESIDENT PASSES AWAY. Mrs. Mary Lynch, aged seventy-six, of Hancock, died at the home of her son, Jerry Lynch, after a long illness late Thursday afternoon. She was one of the earliest copper country pioneers, settling in Hancock forty-six years ago. She is survived by two sons, Dennis, of Mass City, and Jerry, of Hancock; and two daughters, Mrs. Kate Lyman, of Hancock, and Mrs. Green, of Dollar Bay. The funeral will be held at 9 o'clock this morning from St. Patrick's church.

FRENCH SOCIETY OFFICERS. At a recent meeting of the Lake Linden society of St. Joseph Baptists, officers for the ensuing year were chosen. E. F. Prince was reelected president; J. S. Chabot is the financial secretary; C. L. Cloutier, assistant secretary; Ovide LaFreniere, corresponding secretary, and E. Thibault, treasurer. The membership of the society is about 400. It has a surplus in the treasury of \$2,000 and owns property in Lake Linden valued at \$4,000.

BIG LOG PURCHASE. The Dollar Bay Land & Improvement company of Dollar Bay has purchased 1,000,000 feet of pine logs from R. E. Stephenson. The logs will be towed from Ontonagon to Dollar Bay to be saved at the company's mills.

COPPERDROM BREVITIES. Circuit court adjourned yesterday. Today is pay day at the mines in the county. Miss Duquette of Lake Linden is spending a few days in Houghton. Henry Brunette of Hurontown is now a "newsie" on the Copper Range trains. A new residence will be built in Houghton in the spring by Dr. J. E. Scallon. Postmaster Inspector Emmons is in the copper country on one of his regular trips. John Echling of Houghton was arrested yesterday for assault and battery on complaint of Alla Salva. E. L. Wright of Hancock will address the young men's meeting at the Hancock Y. M. C. A. Sunday afternoon. A. L. Levy of Hancock announces himself as a candidate for village trustee at the coming spring election. An entertainment was given at the Lake Linden Congregational church last evening for the benefit of the church. The Gleaner's society of the Hancock Congregational church met at the home of Mrs. J. N. Mitchell Thursday afternoon. A large amount of cord wood is being cut throughout the county and the railroads are busily engaged in transporting the same. T. Andrew, the West Hancock merchant, has returned from Colorado where

he spent a month for his health. He is much improved. The Hancock indoor baseball team is desirous of meeting the Houghton Light Infantry and the game may be arranged for a near date. A fancy skating exhibition will be given at the Hancock rink by John Nilsson, champion of the world, on the evening of Feb. 28. R. T. Looney of Houghton will remove his offices from the Kroll building into two office rooms in the Houghton National bank building. The regular Hennes' bowling team of Houghton played the "Talkative" Hennes' team at the Schuster alleys at East Houghton last evening. Copper country people who enjoy skiing may make arrangements for the Ishpeming Ski club to visit here on Feb. 22 to give an exhibition. The Houghton militia indoor baseball team will be out for respect for "Tommy" Goldworthy, the Late Linden pitcher, just at present. The Hennes' clerks indoor baseball team, of Houghton, challenged the Houghton draymen's team for a game yesterday but the deal was ignored. Mrs. M. R. Goldworthy, of Hancock, was pleasantly surprised at her home on Hancock street Thursday afternoon by about thirty of her lady friends. The interior of the Calumet Congregational church is being redecorated, the expense of which is being borne by the members of the congregation. The ladies' auxiliary to the Hancock Y. M. C. A. will give a skating party at the Palace ice rink, Hancock, next Tuesday evening. The Quincy hall will furnish the music. Seventy-five new rock cars for service from the mines along the South Range have been ordered by the Copper Range road from the American Car & Foundry Co. They will be delivered in the spring. A party of students of the Michigan College of Mines will visit the Champion mine today and will go under ground in the afternoon. The second largest estate was that of Wm. Moersch, who was killed at Gladstone early in the year. He left \$5,250 cash and real estate valued at \$5,000. Matt Britz, late of Maple Ridge township, who was accidentally shot by the lad George Miller during the hunting season last fall, left an estate valued at \$4,000, and the late Mrs. Eliza Beach's estate inventoried close to \$5,000. The total number of estates probated in county to date is 629. Of this number 260 were probated during the incumbency of Judge Thos. B. White, who was elected in 1898 and re-elected after the expiration of his first term of four years. This, as will be seen, leaves only 369 cases for all previous years since the organization of the county, during which period Emil Glaser served as probate judge from 1873 to 1896, or nearly a quarter century. The village of Newberry, with a population of 1,200 souls, owns and operates a water and electric light plant which is not only self-sustaining, but earns for the town from \$75 to \$100 per month. Prior to the installation of the plant, Newberry paid the furnace people \$3,600 a year for fire protection and six are lights on the streets. The village has a water and electric street lamp plant, with direct connection to an engine, and modern pumps, at a cost of \$12,000 complete. The town had \$4,000 on hand, and issued bonds maturing in ten years for \$8,000. Today Newberry has twenty-four hydrants affording ample fire protection, and twenty-nine high water incandescent street lamps placed—one at each corner and two on each of the business streets, and these "public utilities" cost her not a penny. Not only does the plant provide this service free, but it is a constant money maker. It is operated by three men who are paid \$75, \$65 and \$50 a month respectively, one of them being the collector. Three cords of wood, costing \$2.40 per cord at the pump house, are daily used for fuel. The village charge for lights in stores is 50 cents per month for each light up to twenty; and 25 cents for each additional light. Residents are furnished at 25 cents up to ten lights, and at ten cents for each additional light. Where meters are put in the cost has been found to be five-eighths of a cent per hour for a 16-candle-power light. Water rates are 75 cents per month per tap, \$4 per year for a bath tub and \$6 per year for a closet.

OUR ARMY THE BEST. Our army is the most effective and efficient organization in the world. The reason for this is the men are well paid as well as well fed. Good feed and good pay, however, will not alone make a good soldier. He must have steady nerves, a good digestion and a strong constitution. To fight disease it is also necessary to have the same requirements but if you are weak and nervous, there is a medicine that will strengthen your system. We refer to Hostetter's Stomach Bitters. For fifty years it has been making weak people strong and sickly people well. We therefore urge you to try a bottle and satisfy yourself. It is a specific remedy for indigestion, dyspepsia, constipation, flatulency, nervousness, and malaria, fever and ague.

A PROFITABLE INVESTMENT. "I was troubled for about seven years with my stomach and in bed half my time," says E. Demick, Somerville, Ind. "I spent about \$1,000 and could get nothing to help me until I tried Kodol Dyspepsia Cure. I have taken a few bottles and am entirely well." Kodol Dyspepsia Cure does the stomach's work by digesting the food. You don't have to diet. Eat all you want. Kodol Dyspepsia Cure cures all stomach troubles. The Stafford Drug Co. H. N. Meloche Co., Ishpeming.

LOW ONE-WAY SETTLERS RATES TO THE WEST. During the month of March and April the D. S. S. & A. Ry. will have special rates to points in North Dakota, Montana, Idaho, Washington, Oregon and British Columbia one-way settlers tickets at reduced rates. For full particulars apply to station and ticket agents or to Geo. W. Hubbard, General Passenger Agent, Marquette, Mich. (2-13-4-30)

TO CURE GRIP IN TWO DAYS. Laxative, Bromo-Quinine removes the cause. E. W. Grove's signature on every box. How Are Your Kidneys? Dr. Hobbs Sarsaparilla cures all kidney ills. Sarsaparilla Free. Add Sarsaparilla Remedy Co., Chicago or N. Y.

Spring Medicine. There's no season when good medicine is so much needed as in Spring, and there's no medicine which does so much good in Spring as Hood's Sarsaparilla. Do not put it off taking it. Don't put it off till your health tone gets too low to be lifted. Hood's Sarsaparilla will give you a good appetite, purify and enrich your blood, overcome that tired feeling, give you mental and digestive strength and steady nerves. Be sure to ask for HOOD'S, the best medicine money can buy. It is Peculiar to Itself. Bad Feelings in Spring—"In the spring I was feeling very low. My blood was very poor. I began taking Hood's Sarsaparilla. It did me much good. I think it is a wonderful spring medicine and recommend it to all sick and suffering." ETHEL L. BEAN, Eaton Center, N. H.

Upper Peninsula. The Escanaba Lumber company has sold \$48,000 worth of basswood lumber to the W. R. Tucker Lumber company of Chicago. The Detroit Graphite company has increased its capital from \$25,000 to \$100,000. The corporation owns about 880 acres of land in Baraga county, all of which is located in L'Anse township, south of the village. It is on some of these lands that the company's graphite mines are located. The graphite is shipped to Detroit, where it is used in the manufacture of paint, the principal article of production by the company. The other evening two Italians from the Tobin mine left Crystal Falls for the Columbia location. They were both under the influence of liquor and one—Peter Tenelli—fell in the snow. His partner was too much under the influence of liquor to render him any assistance and started back to town for help. He got tangled up with the sidewalk and a couple of hitching posts on the way so that when he arrived on Superior avenue he was not in the most presentable condition and was picked up and jailed as a drunk and disorderly. The fellow who was left in the snow had just seen enough to keep turning over, thus keeping the blood in his body in circulation. He could not keep his hands and feet from freezing and when picked up next morning he was found to have both hands and both feet frozen. He was taken to the hospital where the frozen members were amputated. This is the third case within two weeks at Crystal Falls of drunken men having their hands and feet frozen. During the past year, the probate court for Delta county handled forty-six cases, being the exact number of estates probated the previous year. The largest estate probated during 1901 was that of Mary Coan, deceased, the inventory showing that she left property, real and personal, valued at about \$11,000, of which amount \$2,000 was cash in bank. The second largest estate was that of Wm. Moersch, who was killed at Gladstone early in the year. He left \$5,250 cash and real estate valued at \$5,000. Matt Britz, late of Maple Ridge township, who was accidentally shot by the lad George Miller during the hunting season last fall, left an estate valued at \$4,000, and the late Mrs. Eliza Beach's estate inventoried close to \$5,000. The total number of estates probated in county to date is 629. Of this number 260 were probated during the incumbency of Judge Thos. B. White, who was elected in 1898 and re-elected after the expiration of his first term of four years. This, as will be seen, leaves only 369 cases for all previous years since the organization of the county, during which period Emil Glaser served as probate judge from 1873 to 1896, or nearly a quarter century. The village of Newberry, with a population of 1,200 souls, owns and operates a water and electric light plant which is not only self-sustaining, but earns for the town from \$75 to \$100 per month. Water rates are 75 cents per month per tap, \$4 per year for a bath tub and \$6 per year for a closet.

IN A WEAK SPOT. THE STORY OF AN ATTACK AND ITS REPULSE. A Thrilling Account as Told by a Veteran of the One Hundred and Fifty-fourth Indiana Volunteers. Jacob T. Keller, of Girard, Kan., is a veteran who saw long and hard service in the civil war with the One Hundred and Fifty-fourth Indiana Volunteers and he tells many a story of bivouac and battle. He was recounting some of his adventures to a reporter the other day. "Of all my experiences in the war and out of it," he said, "none is most often uppermost in my thoughts. I had strained my hip in some manner but I thought I had got over it all right. About two years after that, however, when I was plowing for wheat I gave out again in that spot. Rheumatism set in and I had to quit work. I tried one thing after the other to get some relief from the pain but nothing that I took helped me at all and I became discouraged.

"The cords of my left leg were drawn so badly that I could not straighten it out at all, nor could I sit down. My hip and lower part of my back suffered horridly. At times also I had most agonizing aches. After trying a number of things, my daughter, Mrs. Fry, who had been cured of rheumatism by Dr. Williams' Pink Pills for Pale People, induced me to try that remedy. My case was a very stubborn one and I took five boxes of the pills before I could see much change, but I kept on and they certainly did wonders for me. The cords in my leg began to slacken and before long it limbered so that I could use it again and be able to sit down. My kidneys had been bad and the pills soon made them better, too. Dr. Williams' Pink Pills for Pale People are a grand, good medicine and I recommend them to all who suffer as I did."

The real cause of rheumatism is the presence of acid in the blood, which irritates the sensitive tissues that unite the joints and cover the muscles, thus causing those indescribable twinges which rheumatic sufferers endure. Years ago those afflicted were bled; as if taking away some of the impure blood could remedy the balance. This folly has been abandoned and today physicians prescribe almost exclusively the use of Dr. Williams' Pink Pills for Pale People, as these marvelous vegetable pills go directly to the seat of the trouble, exerting a powerful influence in purifying and enriching the blood by eliminating poisonous elements and renewing health-giving force, thus making a potent remedy for curing this disease.

Dr. Williams' Pink Pills for Pale People are an unfailing specific for all diseases arising from impoverished blood or shattered nerves. They cure not only rheumatism but locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica and neuralgia, headache, after-effects of grip, of fevers and other acute diseases, palpitation of the heart, anemia, pale and sallow complexion, and all forms of weakness. At all druggists, or direct from Dr. Williams' Medicine Co., Schenectady, N. Y., fifty cents per box; six boxes for two dollars and a half.

NOTICE. We have been employed to act as the attorneys for the trustees of the Millerton Road lands belonging to the Ayrer estate to protect said lands against trespass and pillage. The prompt communication to us of any information as to trespass on said lands will be esteemed a favor.

ELDRIDGE & MILLER, (1-3-2m-4f) Marquette, Mich.

Six Million Boxes a Year. In 1895, none; in 1900, 6,000,000 boxes; that's Cascarets Candy Cathartic's jump into popularity. The people have cast their verdict. Best medicine for the bowels in the world. All druggists, roc.

WILLIAMS' INDIAN PILLS FOR PALE PEOPLE. Loss of Power, Organic Weakness, Diseases of the Prostate Gland, Bladder Troubles, Neuritis, etc. Dr. Williams' Indian Pills for Pale People are a grand, good medicine and I recommend them to all who suffer as I did.

Upper Peninsula.

The Escanaba Lumber company has sold \$48,000 worth of basswood lumber to the W. R. Tucker Lumber company of Chicago. The Detroit Graphite company has increased its capital from \$25,000 to \$100,000. The corporation owns about 880 acres of land in Baraga county, all of which is located in L'Anse township, south of the village. It is on some of these lands that the company's graphite mines are located. The graphite is shipped to Detroit, where it is used in the manufacture of paint, the principal article of production by the company. The other evening two Italians from the Tobin mine left Crystal Falls for the Columbia location. They were both under the influence of liquor and one—Peter Tenelli—fell in the snow. His partner was too much under the influence of liquor to render him any assistance and started back to town for help. He got tangled up with the sidewalk and a couple of hitching posts on the way so that when he arrived on Superior avenue he was not in the most presentable condition and was picked up and jailed as a drunk and disorderly. The fellow who was left in the snow had just seen enough to keep turning over, thus keeping the blood in his body in circulation. He could not keep his hands and feet from freezing and when picked up next morning he was found to have both hands and both feet frozen. He was taken to the hospital where the frozen members were amputated. This is the third case within two weeks at Crystal Falls of drunken men having their hands and feet frozen. During the past year, the probate court for Delta county handled forty-six cases, being the exact number of estates probated the previous year. The largest estate probated during 1901 was that of Mary Coan, deceased, the inventory showing that she left property, real and personal, valued at about \$11,000, of which amount \$2,000 was cash in bank. The second largest estate was that of Wm. Moersch, who was killed at Gladstone early in the year. He left \$5,250 cash and real estate valued at \$5,000. Matt Britz, late of Maple Ridge township, who was accidentally shot by the lad George Miller during the hunting season last fall, left an estate valued at \$4,000, and the late Mrs. Eliza Beach's estate inventoried close to \$5,000. The total number of estates probated in county to date is 629. Of this number 260 were probated during the incumbency of Judge Thos. B. White, who was elected in 1898 and re-elected after the expiration of his first term of four years. This, as will be seen, leaves only 369 cases for all previous years since the organization of the county, during which period Emil Glaser served as probate judge from 1873 to 1896, or nearly a quarter century. The village of Newberry, with a population of 1,200 souls, owns and operates a water and electric light plant which is not only self-sustaining, but earns for the town from \$75 to \$100 per month. Prior to the installation of the plant, Newberry paid the furnace people \$3,600 a year for fire protection and six are lights on the streets. The village has a water and electric street lamp plant, with direct connection to an engine, and modern pumps, at a cost of \$12,000 complete. The town had \$4,000 on hand, and issued bonds maturing in ten years for \$8,000. Today Newberry has twenty-four hydrants affording ample fire protection, and twenty-nine high water incandescent street lamps placed—one at each corner and two on each of the business streets, and these "public utilities" cost her not a penny. Not only does the plant provide this service free, but it is a constant money maker. It is operated by three men who are paid \$75, \$65 and \$50 a month respectively, one of them being the collector. Three cords of wood, costing \$2.40 per cord at the pump house, are daily used for fuel. The village charge for lights in stores is 50 cents per month for each light up to twenty; and 25 cents for each additional light. Residents are furnished at 25 cents up to ten lights, and at ten cents for each additional light. Where meters are put in the cost has been found to be five-eighths of a cent per hour for a 16-candle-power light. Water rates are 75 cents per month per tap, \$4 per year for a bath tub and \$6 per year for a closet.

IN A WEAK SPOT. THE STORY OF AN ATTACK AND ITS REPULSE. A Thrilling Account as Told by a Veteran of the One Hundred and Fifty-fourth Indiana Volunteers. Jacob T. Keller, of Girard, Kan., is a veteran who saw long and hard service in the civil war with the One Hundred and Fifty-fourth Indiana Volunteers and he tells many a story of bivouac and battle. He was recounting some of his adventures to a reporter the other day. "Of all my experiences in the war and out of it," he said, "none is most often uppermost in my thoughts. I had strained my hip in some manner but I thought I had got over it all right. About two years after that, however, when I was plowing for wheat I gave out again in that spot. Rheumatism set in and I had to quit work. I tried one thing after the other to get some relief from the pain but nothing that I took helped me at all and I became discouraged.

"The cords of my left leg were drawn so badly that I could not straighten it out at all, nor could I sit down. My hip and lower part of my back suffered horridly. At times also I had most agonizing aches. After trying a number of things, my daughter, Mrs. Fry, who had been cured of rheumatism by Dr. Williams' Pink Pills for Pale People, induced me to try that remedy. My case was a very stubborn one and I took five boxes of the pills before I could see much change, but I kept on and they certainly did wonders for me. The cords in my leg began to slacken and before long it limbered so that I could use it again and be able to sit down. My kidneys had been bad and the pills soon made them better, too. Dr. Williams' Pink Pills for Pale People are a grand, good medicine and I recommend them to all who suffer as I did."

The real cause of rheumatism is the presence of acid in the blood, which irritates the sensitive tissues that unite the joints and cover the muscles, thus causing those indescribable twinges which rheumatic sufferers endure. Years ago those afflicted were bled; as if taking away some of the impure blood could remedy the balance. This folly has been abandoned and today physicians prescribe almost exclusively the use of Dr. Williams' Pink Pills for Pale People, as these marvelous vegetable pills go directly to the seat of the trouble, exerting a powerful influence in purifying and enriching the blood by eliminating poisonous elements and renewing health-giving force, thus making a potent remedy for curing this disease.

Dr. Williams' Pink Pills for Pale People are an unfailing specific for all diseases arising from impoverished blood or shattered nerves. They cure not only rheumatism but locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica and neuralgia, headache, after-effects of grip, of fevers and other acute diseases, palpitation of the heart, anemia, pale and sallow complexion, and all forms of weakness. At all druggists, or direct from Dr. Williams' Medicine Co., Schenectady, N. Y., fifty cents per box; six boxes for two dollars and a half.

NOTICE. We have been employed to act as the attorneys for the trustees of the Millerton Road lands belonging to the Ayrer estate to protect said lands against trespass and pillage. The prompt communication to us of any information as to trespass on said lands will be esteemed a favor.

FEW BOERS ESCAPE

LORD KITCHENER'S NET A VERITABLE DEATH TRAP.

FIVE HOURS OF PIERCE FIGHTING

BATTLE THE MOST DESPERATE OF THE WAR.

Engagement Takes Place at Night and Circle of Fifty Miles Is Illuminated by Great Searchlights and Fire of the Gun.

London, Feb. 14.—The detailed accounts which have just reached here of Lord Kitchener's combined movement to drive out the Boers from the enclosure of Bloekhouse lines show that the conflict was very picturesque and the most exciting incident of the whole campaign.

Although apparently surrounded by an impenetrable ring of fire and steel, the Boers' dauntless bravery and dashing charges ultimately resulted in the majority's escape from the meshes of Lord Kitchener's close-drawn net.

Scheme An Extensive One. The British commander's scheme was the most extensive ever carried out during the present war. It consisted of continuous lines over fifty miles in length.

The train lights were supplemented by stationary search lights, and the spectacular effect, as witnessed from the trains, was most striking. By the side of the railroad were the dark forms of men lying in trenches or standing on sentry duty.

The battle at Heilbron raged from 9 o'clock Friday night until 2 o'clock Saturday morning. Throughout the five hours a fearful ring of fire from rifles, machine guns and mortars was kept up.

From various positions, behind rocks and ditches, the Boers kept up a vigorous fusillade, hoping to find a weak spot in the line. Simultaneously other charges, but again and again were the Boers repulsed, leaving dead, wounded and prisoners in the hands of the British.

At the outset of the preparations the Boers realized that the operations were not merely an ordinary "drive," but a movement threatening them with total annihilation, and General De Wet assembled his whole force and discussed the situation with the commanders.

On Thursday night 500 Boers, headed by Vancollers, rushed a force of the Imperial Light Horse, yelling "Storm, storm, storm!" About 100 Boers got through, but the remainder, encountering a tremendous fire, were turned back.

Friday night's conflict ebbed and swelled over an area of forty to fifty miles, in which the long hunted, harassed and desperate men endeavored to find outlets. The Boers at one spot got within thirty yards of the British firing line, but the barred wire balked the burghers and forced them to retreat.

The firing never ceased. Aided by the electric search lights, the British harrowed the surrounding territory with shrapnel, shells and Maxim bullets.

Escape of De Wet. In the northern section the Boers made a desperate effort to break through. Collecting a number of cattle, the Boers drove them down on the British lines.

The British pickets opened a terrible fire and the Boers were everywhere met with a relentless hail of bullets. A long line of flame ran up and down the firing line, nearly thirty miles in length.

The British picked up a terrible fire and the Boers were everywhere met with a relentless hail of bullets. A long line of flame ran up and down the firing line, nearly thirty miles in length.

The British picked up a terrible fire and the Boers were everywhere met with a relentless hail of bullets. A long line of flame ran up and down the firing line, nearly thirty miles in length.

Upper Peninsula.

Verification of one or both of the old adages, "Ill luck never comes singly," or "When a man's married his troubles begin," is found in the case of Martin Steppa. When, a couple of weeks ago, he was admitted to the army while indulging in a pleasure ride after the ceremony, the team ran away, breaking the back to splinters, the bride and groom having a narrow escape with their lives.

The society ladies of Iron Mountain gave an exclusive social dance in the Fisher block a few nights ago. The Gazette tells about it as follows: "Only invited guests of female persuasion were admitted. About 125 ladies were present, attired in various attractive costumes representing the different periods of fashion of years gone by."

Keelley Beer. Keelley Beer. A Beer that will make you fall all over Yourself with pleasure. A Beer that fills more space for less money than any other in the market.

Keelley Beer. Keelley Beer. A Beer that is Strictly Pure. A Beverage for the Thirsty. A Solace for the Weary. And a Winner for us all.

Keelley Beer. Keelley Beer. A Beer that will make you fall all over Yourself with pleasure. A Beer that fills more space for less money than any other in the market.

WILL MEET HERE. Lake Superior Christian Endeavor Convention Next Week. The annual meeting of the Lake Superior Christian Endeavor union will be held at the Presbyterian church on Friday and Saturday, Feb. 21 and 22. Delegates from all Presbyterian churches in the Lake Superior presbytery will be in attendance, and a fine program has been arranged. On the evening of Friday will occur the annual reunion of the Marquette County Christian Endeavor societies, and a large delegation is expected from Ishpeming and Negaunee. The South Shore has promised a round trip rate of one and one-third fare, and the Northwestern and St. Paul will sell tickets on the certificate plan at one and one-third fare. Delegates will be met at the trains and assigned places of entertainment by local reception committees. An early notice of intention to be here should be given to Miss K. E. Leod, Fourth and Ohio streets, Marquette. The program of the district convention is as follows: Friday-2:30 p. m. Devotional and song service. Missionary Hour-Rev. J. M. Rogers, presiding. "Our Special Foreign Work"-Mrs. Geo. C. Higgins, Marquette. "Our Special Home Work"-Miss Emma Cole, Marquette. "The Evangelistic Work of the Home Board"-Rev. Alexander Unghart, Escanaba. "Missionary Committee Methods"-Delegate from Ishpeming. Music. Junior Hour-4 p. m.-Mrs. J. V. N. Hartness, presiding. Bible drill-Marquette Juniors. Graduation exercises-Marquette Juniors. Conference on Junior Methods. Music. Round Table on Committee Work-Rev. A. C. V. Skinner, presiding. Lookout-Delegate from Calumet. Prayer Meeting-Delegate from Menominee. Social-Delegate from Escanaba. Good Literature-Delegate from Marquette. Music. Adjournment. Saturday-9:30 a. m. Music. Reports from societies. Miscellaneous societies. Conference on union work.

At the reunion of the county societies on Friday evening, at 7:45, this program will be carried out. Organ and song service. The Duty and Destiny of Christian Endeavor-The Duty, Delegates from Negaunee and Ishpeming; the Destiny, Rev. J. M. Rogers, Marquette. Music. Lake Superior C. E. Union-Rev. M. M. Allen, Ishpeming. Music. Social in church parlors. ORE RATES ESTABLISHED. Seventy Cents the Charge on Cargoes from Marquette. Corrigan, McKinney & Co. has chartered vessels to carry 1,300,000 tons of ore from ports at the head of Lake Superior to Lake Erie at 80 cents a ton, the rate which has been demanded by the vesselmen. All told, about 2,000,000 tons have now been covered at Cleveland. Among the vessel owners that have made season contracts at the rate named are J. C. Gilchrist, Captain John Mitchell, Hutchinson & Co., W. A. Havwood & Co., W. C. Richardson, W. H. Becker, Captain J. H. Bartow, Captain John Corrigan and Captain Jas. Corriean. The list includes most of the principal owners of tonnage and the vesselmen claim that the rate has been fairly established at 80 cents. They have, at any rate, much the best of the bargain. The shippers that have been holding out for a 75-cent rate admit that they have been unable to do any chartering and the vesselmen say that to be fair with the dealers that they have done business with they cannot consistently make contracts with other shippers at a lower rate than 80 cents. The owners are confident that the United States Steel corporation and other shippers that are in favor of making a cut will make a shift before many days, and that the season's chartering will be done much sooner than was expected a few days ago. The ore that has been covered up to date has been pretty well distributed among the Cleveland owners. The bulk of it will be carried by medium-sized vessels, which are the most desirable for the trade, as all the shippers cannot take care of 5,000 and 6,000-ton ships. In addition to the ore covered to be moved from ports at the head of Lake Superior, the Cleveland ore of 50,000 tons each were practically made. The rate was not settled, but it will no doubt be fixed in a day or two. Vesselmen will, of course, not take less than 70 cents, and the figure has practically, in view of the Duluth rate, already been established. A CARD. We, the undersigned, do hereby agree to refund the money on a 50-cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded. The Stafford Drug Co., Desjardins' Pharmacy, "The People's Drug Store." (11-16-02) ANNUAL MEETING. Department of Superintendence, N. E. A., Chicago, Ill., Feb. 25th-27th, 1902. For the above occasion the D. S. S. & A. Ry will sell tickets to Chicago, Ill., at very low rates. Tickets will be on sale February 23rd, 24th and 25th and will be good for return until March 1st, inclusive. For full particulars apply to station and ticket agents or to Geo. W. Hibbard, G. P. A., Marquette, Mich. (2-14-02)

Was Cured of Rheumatism. Mrs. Mina Schott, of Marion, Ohio, Cured After Thirteen Years of Suffering. Was Helpless Seven Years, Is Now Well and Free from Pain. Mrs. Mina Schott, a prominent worker in the German Methodist church at Marion, Ohio, was entirely cured of rheumatism by a simple remedy, after 13 years of the most intense suffering, 7 years of which time she was helpless and unable to leave her bed. Her cure was so quick and positive that through a desire to help others she gave the medicine to her friends who were also suffering from rheumatism, one of whom was Mrs. Haberstradt, the mother of a prominent German minister of Marion, Ohio. Mrs. Haberstradt is 82 years of age and had been afflicted for a number of years. She took the medicine given her by Mrs. Schott and a few days later she was able to visit several miles in the country. She is now entirely well.

These are but two of hundreds equally as bad cases in which Gloria Tonic has effected a quick and permanent cure of rheumatism. There is not a state in this country, or very many countries in Europe, for that matter, where there are not from one hundred to one thousand disciples of Gloria Tonic, all singing the praises of this wonderful remedy. Gloria Tonic never fails to cure the worst case of rheumatism. It has been used with unqualified success in cases where the patient had been a sufferer from rheumatism for years. It is a never failing specific for rheumatism. Rheumatism due to the uric acid in the blood, and can not be cured in any way except by driving these poisons from the system. If you suffer occasional attacks from rheumatism do not fail to take Gloria Tonic. Drive the poisons from your system and you will not get it again. It is the only cure now before you after another attack. Gloria Tonic works so rapidly that there is no need for any other medicine. Morphine is a dangerous drug. Almost all give to this terrible drug cultivated an appetite for it while using it. Do not use morphine, take Gloria Tonic. It is the only cure now before you from the pain will be almost instant. Gloria Tonic is for sale by all druggists at \$1.00 a bottle. The best price is \$1.00 a bottle on receipt of price. John A. Smith, 3521 Germania building, Milwaukee, Wis.

CITY BREVITIES. Today's weather: Partly cloudy; stationary temperature; variable winds. Yesterday's temperature: 7 a. m., 22 degrees; 12 noon, 25 degrees; 7 p. m., 20 degrees; maximum, 27 degrees; minimum, 20 degrees. Miss Pearl Tilden of Chicago is visiting Mrs. E. N. Breitling. H. L. Kaufman has returned from a trip to California and the East. John Howat returned to his home at Sidway yesterday after several days spent here. Hon. C. A. Wright of Hancock, who is a candidate for the congressional nomination, is in the city. Special Lenten services are announced to be held at the German Lutheran church next Thursday evening at 7:30. Mrs. L. J. LaVaque and little daughter, Marguerite, left this morning to attend the funeral of Miss Iris Line at Menominee. The train from the east was an hour and a quarter late yesterday afternoon. The delay was caused by waiting for lower Michigan connections. A number of her friends tendered Miss Sarah Harris a pleasing surprise Thursday evening. The evening was spent with games and music as the diversions. Two couples were yesterday licensed to wed. They are Otto Lindman and Eldia Tier of Beacon and Henrik Klehmola and Alexander Pakkila of Negaunee. A school for instruction in German will be held every Saturday morning, beginning with today, in the basement of the German Lutheran church on Ridge street. Register of Deeds Primeau has been ill during the past few days and unable to attend to his official duties. The office is in charge of Joseph Primeau, Jr., deputy register. Tom Hanna, editor of the Iron Mountain Press and commissioner of mineral statistics, and Attorney A. C. Cook, also of the Dickinson county capital, were visitors in the city yesterday. The street commissioner had a gang of men and several teams at work on Spruce street yesterday, engaged in removing the surplus snow of which there has been considerable complaint. Rev. E. A. Elliott will conduct preaching services at the lumber camp and saw mill at Big Bay tomorrow morning. He will be back in time to conduct the evening services at the Methodist church.

At the Saturday Market, held at Morgan Memorial chapel this morning from 11 to 12 o'clock, will be found all sorts of delicious cakes, pies, tarts, doughnuts and breadstuffs, as well as pots of baked beans, for Sunday—the feast day of the week. Home made candies will also be offered for sale. "Hello Bill," which appears here Monday night, scored a hit in the copper country. It is a bright, sparkling comedy and is guaranteed to be "a laugh-producer of the first water." The play will be remembered as having very much pleased on its appearance here last season, and the anticipation is that it will draw a big house. Seats are now on sale. At the convention just held at Battle Creek, the grand lodge of the Workmen decided, among other matters, that hereafter bi-annual, instead of yearly, meetings be held, the next one taking place at Grand Rapids in 1904. It was also voted to disperse with the premium plan of securing new members and in its place to put twelve deputies in the field throughout the state. Answering a knock at the door yesterday, Mrs. Charles Hanck was greeted by many of her lady friends who forthwith invaded the home and made themselves at home before the hostess had hardly recovered from the happy surprise. The function took the form of a valentine party, characterized by a "valentine hunt," although cards were the chief means of entertainment on the program. The favors went to Mesdames Prince, Stack and Johnson. The ladies had come well prepared with good things to eat, and a dainty repast was served at the conclusion of the festivity. Mrs. A. C. Anderson was tendered a reception Thursday evening by the Ladies' auxiliary to the Brotherhood of Locomotive Engineers. It took place at the residence of W. H. Greene, Washington street and was followed by the rendition of a pleasing program of instrumental and vocal music and the playing of cards. The honors in the latter pastime were taken by R. F. Brunner and Mrs. R. J. Dobson, while the "hoobies" went to Harvey Greene and Mrs. Allan Cowden—not because they did not play as well as the rest, but because they were unfortunate in drawing good hands. The evening was thoroughly enjoyed by all present. The Pensacola (Fla.) Press had this to say concerning a recent entertainment given in that city by Ralph Bingham, who is soon again to delight Marquette auditors: "The musical and monologic entertainment at Clutter's Music Hall, by Ralph Bingham, last night, attracted a large and cultured audience, and for nearly two hours they sat, enchanted and spellbound by the sweet music and humorous recitations. There is no doubt about it, Ralph Bingham is all, and more, than has ever been claimed for him by his admirers. He simply made the violin speak a poetic language which filled the hearts of all with rapture and called out storms of applause."

It adds pleasure to the life beautiful. Doubles up one's allowance of bliss. That's what Rocky Mountain Tea does. 35 cts. Stafford Drug Co. HAD TO CONQUER OR DIE. "I was just about gone," writes Mrs. Rosa Richardson, of Laurel Springs, N. C. "I had Consumption so bad that the best doctors said I could not live more than a month, but I began to use Dr. King's New Discovery and was wholly cured by seven bottles and am now stout and well." It is an unrivaled life-saver in Consumption, Pneumonia, La Grippe and Bronchitis; infallible for bottles 50c and \$1.00. Trial bottles free at Stafford's drug store. Foley's Honey and Tar cures the cough caused by attack of la grippe. It heals the lungs. Sold by People's Drug Store.

GREATEST FIRE CHIEF IN THE WORLD. Benefit He Received from Pain's Celery Compound.

On December 14, last, the proprietors of Pain's Celery Compound found the following letter among their mail: They had no correspondence on the subject; they did not know Mr. Mushman, except by reputation. Like every testimonial of this great medicine that was ever printed, it came to them unsolicited and unsought. The proprietors of Pain's Celery Compound have never found it necessary to manufacture or edit any testimonial. They have never found it necessary to use any trick of advertising to promote mythical men in far off places to positions in legislatures or offices that never heard of them. It is the one of all remedies the popularity of which has increased on account of what it does, instead of what it says. It appears that Fire Chief Mushman, the head of the Chicago Fire Department, which is the model of the world, has been for forty years in the service; as brave as a lion, industrious, cool-headed, with a record for fighting fires, and quite as distinguished for nerve and generalship as other heroes upon whom nations have bestowed public honors for service in no less hazardous undertakings. Chief Mushman, in the spring of 1901, obtained the highest recognition that it is possible for a man in his business to have—promotion for merit to the head of the finest fire-fighting brigade on earth. He began at the bottom. Read what he says of the medicine that has also enabled thousands of other men and women to achieve what by intelligence and ambition they were cut out to do. And bear in mind that what Pain's Celery Compound has done in the case of Marshal Mushman, and for thousands of others who have voluntarily expressed their gratitude in similar words, it will do with unvarying certainty in the case of every person whose nervous system, from whatever cause, begins to show the effects of disease, and whose symptoms manifest themselves in the various distressing ways that are so familiar to every reader. "Gentlemen:—Your remedy, Pain's Celery Compound, is all that you claim for it, and is certainly a boon to humanity. I have tried it, and have secured great benefits from it when suffering from indigestion or its companion, nervousness. I am told that many of the boys in the department are using Pain's Celery Compound with very satisfactory results. I can heartily recommend Pain's Celery Compound for those who suffer from lack of energy, nervousness, indigestion and similar ailments. Yours truly, W. H. MUSHAM, "Fire Marshal," Chicago, Ill., Dec. 11, 1901.

NERVOUS PROSTRATION.

Miss W. Childs-Blackburn, Secretary of the Rock Island Literary and Art Society,

Writes a Special Letter to Mrs. Pinkham Telling How She Was Cured.

The relation of woman's nerves and generative organs is very close; consequently nine tenths of the nervous prostration, nervous despondency and nervous irritability of women arise from some derangement of the organism which makes her a woman. Herein we prove conclusively that Lydia E. Pinkham's Vegetable Compound will quickly relieve all this trouble.

MISS W. CHILDS-BLACKBURN.

"DEAR MRS. PINKHAM:—I take pleasure in acknowledging the effects of Lydia E. Pinkham's Vegetable Compound. In my estimation there is no female remedy to equal it. Weakness not properly attended to, together with the close confinement at my desk brought on nervous prostration, so much so that for a year I doctored continually. I tried different remedies which only succeeded in poisoning my system, and my stomach refused food. A neighbor who had suffered with ovarian troubles and was perfectly cured, called my attention to your Vegetable Compound, and I made up my mind to give it a two months' fair trial. However, before one month had passed I was like a new woman, and after six weeks faithful use of the Compound I was in perfect health. It certainly is of great benefit to women, and I wish every poor suffering woman could have a chance to try it. Yours very truly, Miss W. Childs-Blackburn, 2923 Fifth Ave., Rock Island, Ill.

Nothing will relieve this distressing condition so surely as Lydia E. Pinkham's Vegetable Compound; it soothes, strengthens, heals and tones up the delicate female organism. It is a positive cure for all kinds of female complaints; that bearing down feeling, backache, displacement of the womb, inflammation of the ovaries and is invaluable during the change of life.

How Mrs. Pinkham helped Mrs. Borst.

"DEAR MRS. PINKHAM:—When I wrote to you some time ago for advice I really thought my days were numbered. I was so ill that I could not stand on my feet for fifteen minutes at a time. I had female troubles in many of their worst forms; inflammation and ulceration of the womb; leucorrhoea; bearing down pains; headache and backache; nervous prostration. My kidneys were out of order and blood in a bad condition. Everyone, and even my doctor thought I was going into consumption. I followed your advice faithfully for six months with the result that I became a well woman, and it cost me much less than a doctor's bill. I feel that Lydia E. Pinkham's Vegetable Compound saved my life."—Mrs. SAMUEL BORST, 7 Cozy Ave., Oneonta, N. Y.

The above letter shows how unerring is the advice which Mrs. Pinkham gives to women who write her about their sickness; as the advice is free and always helpful it is not strange that she advises more than one hundred thousand sick women every year. Her address is Lynn, Mass.

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find the above testimonial letters are not genuine, or were published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

FINDS GENEROUS MEMBER.

Bishop Williams Receives Contribution of \$500 for Episcopal Church.

Bishop G. Mott Williams of Marquette secured a contribution of \$500 Thursday toward the remodeling and renovation of the Negaunee Episcopal church. This, with other contributions, will insure the inauguration of some of the changes desired at an early date. Bishop Williams stated Thursday evening that there was already sufficient funds pledged to meet the expense of putting on a new roof, re-flooring the edifice, putting in new windows and improving the heating system. The bishop believes that further funds will be forthcoming to carry out the entire program of improvements desired, which will make the Episcopal church building one of the most comfortable and tasteful churches in the city.

Among the additional improvements which it is hoped to put on are a new steeple, some new interior fittings, the repairing of the basement so as to give additional accommodations, and the fitting out of quarters in the building for the social functions which the various auxiliary organizations of the church membership will hold from time to time. The generous donor of the \$500 strictly forbade the use of his name, so that Bishop Williams could not give that information. There is little doubt, however, that the example thus set will have the effect of bringing liberal donations from others and will make it easier to secure enough funds to place the church edifice in a thoroughly satisfactory condition. If all the improvements wanted are made, it will take \$2,500 to \$3,000, but the members are thoroughly aroused in the interest of the work, and are showing earnest zeal in pushing the plans which are taking shape under the wise stimulus of Bishop Williams' experienced advice and counsel.

The Rev. W. F. Kearney, who preached his first sermon last Sunday, has already made many friends. He appears to be an able man and an excellent speaker. He is a graduate of Toronto university, where he took the degrees of bachelor of arts and doctor of divinity, and has been supplying the pulpit of the Episcopal church in Wood. He is a cousin of Bishop Rowe of Alaska, and comes to Negaunee with the highest endorsements from those acquainted with his character and ability. Lenten services are to be held in the Episcopal church, conducted by the Rev. Kearney. The services will be held on Wednesday and Friday evenings. Members of the congregation are urged to attend whenever they can, and strangers are invited and will be made welcome.

TOURNAMENT PLANS.

Progress is being made in the preparation for the firemen's tournament. Circulars have been sent out to the wholesale grocery and dry goods trade, and the responses so far have been very satisfactory. To those in charge of the work. At the next meeting of the committee further plans with regard to the tournament will be discussed, and it is believed that some new ideas will be suggested. The energy with which the work is being pushed is commendable, and everything so far indicates that the tournament will be one of the biggest advertisements Negaunee has had in recent years.

LOCAL LAONICS.

F. C. Huse of Iron Mountain was visiting with Negaunee friends Thursday. E. M. Cray of Cray, N. D., was stopping at the Breitung House yesterday. Mrs. J. Davidson of Republic was the guest of friends in the city Thursday. Bishop G. Mott Williams of Marquette was among the Breitung hotel guests Thursday.

Saturday will be the regular pay day at the Maas mine, and considerable money will be disbursed.

Phil Levine attended a whist party of his old friends at Republic Wednesday evening, "for old times sake."

James T. Foley, who attended the funeral of his sister, Mrs. Ellen Tracey, at Chicago Wednesday, has returned home.

The Lenten services at the Catholic church will be on Friday evening, with the rosary, and on Sunday afternoon at 3 o'clock. There are many cases of hard colds in the city, resembling grip, but there are comparatively few people suffering from any serious ailment.

Joe Cornish, one of the oldest and best known mine captains in Negaunee, is reported to be quite seriously ill with pneumonia. He has been in poor health for some time past. Dr. H. S. Smith, who has been suffering from quinsy, is better and will resume his practice in a few days. Dr. D. H. Vandewater of Ishpeming has been taking care of his work during his illness.

Henry Hosking, foreman of the Jaedee cigar factory at Ishpeming, and a member of Ahmeek lodge, No. 59, F. & A. M., was a visitor at the meeting of Iron Mountain lodge, No. 122, Thursday evening.

Mrs. C. Lamar gave an elaborate entertainment Wednesday evening at her home in celebration of her birthday anniversary. Thirty couples were present and carols and other games were enjoyed by the guests. Refreshments were served.

Stops the Cough and Works Off the Cold. Laxative Bromo-Quinine Tablets cure a cold in one day. No Cure, No Pay. Price 25 cts.

Carpenter & Skiles bread and cakes fresh every day from Milwaukee at Geo. Haupt's. Both telephones. (1-15-1f)

Everybody's liable to itching piles. Rich and poor, old and young—terrible the torture they suffer. Only one sure cure. Doan's Ointment. Absolutely safe; can't fail.

WILL PUT STREET IN SHAPE.

Agreement Reached Between Street Railway Co. and City Officials.

Iron street is to be placed in shape from end to end, and work was started yesterday morning. The street railway company and the city are working together on the job, under an agreement. The unusually large amount of snow has caused the street car company to pile huge ridges on each side of its track on Iron street in the struggle to keep the rails clear and the line in operation. This has put the street in very bad condition for traffic, and has made accidents to vehicles likely. The city officials have been endeavoring to induce the company to take steps to abate the nuisance, but until Thursday obstacles interfered with the starting of the work. Finally conditions became so bad that the street railway representatives and the city officials got together and reached an agreement whereby the company will furnish the teams for the work while the city supplies the men. Under the city ordinance the company must keep one-half the street clear and the other half attend to the tracks. The agreement is believed to be a fair one to the interests of both parties.

Four teams and a gang of eight men were put at the work yesterday morning, and later in the day a plow was put on the job. It was found that the ridges of snow beside the tracks were packed so hard that picks were necessary to loosen it, and then the plow was resorted to as being more economical and expeditious. It is believed that it will take about a week to clear off the entire street and haul away the snow, and that it will cost the city and the company at least \$100 apiece.

There is only one spot on Iron street where the street was really safe and convenient for teams. That was at the Chicago & Northwestern crossing. That company has kept its tracks and the street in the best condition in excellent condition ever since the heavy snow began to come, and deserves credit for the manner in which it has met the conditions at that point.

MORE SURVEYS FOR SPURS.

Engineer Simer, who is connected with one of the railway companies, is surveying in the neighborhood of the Cleveland-Cliffs company's property. Nothing can be learned regarding what the purpose in view is, but it is believed to be the putting in of additional spur tracks to the mines. Mr. Simer came up from Marquette morning, and has been working on snow shoes.

When you want fresh fruit or vegetables remember that Geo. Haupt carries a full line. I now have water-cress, oyster plant, radishes, celery, parsley, cucumbers, lettuce, sweet potatoes, bananas, oranges, apples and other fruits. Both telephones. (12-7-2tw) GEO. HAUPT.

L'Anse and Baraga

Mrs. J. T. Reeder and Mrs. L. J. Shepard of the Tamarack mine location were in L'Anse Tuesday and attended the M. E. church supper.

P. R. McKernan of L'Anse and Fred W. Schwalm of Baraga left on Monday for a three weeks trip in the vicinity of Spokane, Wash. They are interested in some mining claims in that region which they will inspect while there.

Colonel William Coach of Baraga closed a deal this week which has been pending some time, for 50,000,000 feet of timber in the southern part of Oregon, which he says he will market at San Francisco. The colonel will leave for the west sometime in March but does not intend staying there.

Isaac Baker of the Edward Hines Lumber Co., of Chicago, was in L'Anse yesterday looking after the interests of that company in the town, where it has two camps on the Huron river, putting in some timber that was left over last winter. This will clear up the company's timber in Baraga county.

The supper and bazaar given Tuesday evening by the ladies of the L'Anse M. E. church was a record breaker for a financial point, the receipts being \$405. From a social standpoint it was equally successful. There was an antique and sample booth added to the usual array which were very attractive and helped swell the receipts very materially.

HOW TRUTH TRAVELS.

THE P. L. ABBEY CO., Kalamazoo, Mich.

Gentlemen: I was troubled with nervous Dyspepsia for several years and really found no relief until I tried a sample box of your Kaskola Tablets at my former home, Bay City, Mich. This time was about May, 1901, since then I have never been without them and earnestly hope that some day in the near future you will place the article on the market in this city.

I am confident that any sufferer, who will give Kaskola a fair trial, will be speedily convinced of its merits and that it will do all that is claimed for it.

Very truly yours,
O. F. KNOBLANCH,
1414 10th St., Sacramento, Cal.

Kaskola Tablets are guaranteed to cure any case of dyspepsia whatsoever. You can have your money back if you are not fully satisfied, whether you use one box or a dozen. They are the only digestive tablets which enter the stomach to digest starchy foods, which cause a large portion of the intestinal suffering that is increasing so rapidly.

Nearly all druggists sell them; price 15 and 50 cents. If yours doesn't write us for free sample and instructive booklet. The P. L. Abbey Co., Kalamazoo, Mich.

No man can cure consumption. You can prevent it though. Dr. Wood's Newway Pine Syrup cures coughs, colds, bronchitis, sore throat. Never fails.

Additional Ishpeming

WILL TALK ABOUT LABOR.

Miss Lamphire, Organizer of Clerks' Union, Will Give Public Address.

Labor topics will be the theme of a public address given tomorrow afternoon by Miss Emma Lamphire of Galesburg, Ill., at Mine Workers' Union hall at 2:30 o'clock.

Miss Lamphire is the general organizer of the Retail Clerks' International Protective association, and is here in the interest of the organization. She has been in the city for several days working to assist and strengthen the local union and prepare for further organization. On Monday night Miss Lamphire will organize the new union of the Negaunee clerks. Prospects are that a very strong union will be organized there, as the clerks are enthusiastic and the employers are inclined to favor the organization. It is expected that from five to ten high loads of clerks from Ishpeming will go over to Negaunee Monday evening to attend the organization of the new union.

Next week Miss Lamphire is planning to make a trip to the copper country, where she will agitate the question of the organization of clerks from Ishpeming of that section. She hopes to be successful in organizing several new unions up there.

The affairs of the local clerks' union are in very favorable condition, and the organization is gaining strength steadily. It has also succeeded in establishing and maintaining the most cordial relations with the merchants, and the harmony has enabled the union to accomplish much toward securing the objects for which the clerks originally organized.

OPEN WITH "QUEEN'S SECRET."

"Queen's Secret," an old-time melodrama, which possesses a thrilling heart interest that has kept it a favorite with the public ever since it was first presented free Monday evening, and this, with the excellent billing and the well known merit of the organization, will fill the house. In fact, it looks much as though the company would play to big business during its entire stay in the city. Prices will be 15, 25 and 35 cents. Those who secure their seats earliest will have the best seats, and the play will probably be a rush for seats today.

MAY LOSE AN ARM.

As a result of coming in contact with a saw yesterday, Ole Oien is in grave danger of losing an arm. The man was employed at the wood yard of S. Johnson & Co., engaged in operating a sawing machine, when the footboard broke. Oien was pitched forward, and his arm struck the machine, cutting the member severely and fracturing it above the elbow. The wound is a bad one and may result in amputation.

ISHPEMING IN BRIEF.

The employees of the Cliffs Shafts mine will be paid today for last month's work.

Seats are now on sale for the appearance next week of the Frank Long Dramatic company.

The city treasurer and city recorder are checking up their books preparatory to making their annual reports.

The Dale funeral has been postponed to await the arrival of a brother of the deceased, who is coming from Butte City, Mont., to attend it.

The work of the street commissioner's force has resulted in making the streets on which the electric cars run much more passable for vehicle traffic.

H. Harwood has a new attachment for use with the Welsbach burners, which makes those burners available for use on kerosene, as well as on gas lamps.

Swedish herring salad, one of the great Swedish delicacies, called by them "sill salad," will be served at "Jack's Place" tonight as a free lunch. Other dishes will also be served.

John Wahlman & Sun have been awarded the contract for construction of the grand stand at the ski slide. The seats will be constructed in sections so that they can be taken down and stored away in summer.

Services tomorrow, the first Sunday in Lent, will be held at Grace church as follows: Holy communion, 8 a. m.; morning prayer, litany and sermon, 10 a. m.; evening services, 7 p. m. All services will be in the Guild hall.

Monday will not be a pay day, and the stores will close at 8 o'clock. Tuesday and Thursday are pay days, which will keep them open. Wednesday and Friday will be the only days next week when the stores will close at 6 o'clock.

Mrs. J. W. Joachim and Mrs. C. L. Anderson gave a reception Friday afternoon at the home of the latter. There was a large attendance, and it was one of the pleasantest social events of the winter. Trombly's orchestra was in attendance.

One of the big engines which the Mineral Range road is sending up into the copper country stood on a South Shore siding yesterday, and attracted much attention. These engines are twice the size of the largest engines which the company has heretofore had in operation.

Yesterday's mail brought the following from the Ishpeming office of The Mining Journal: "If that tall Elk from Ishpeming will return that handkerchief he carried off while at Marquette Thursday evening, the owner will be greatly obliged." The representative of The Mining Journal might be able to make

a guess as to the meaning of the request, but for a reliable explanation he would respectfully refer the matter to "that tall Elk from Ishpeming."

William Carlson succeeds William Treloor as underground captain at the Cliffs shafts mine. The latter has taken charge of operations at the Maas mine under Captain James H. Rough. Mr. Carlson had held a position as foreman at the Cliffs shafts for some time past.

F. Branstad & Co., have put in nine of Dr. Nestor's electric arc lights in their clothing store, and the store will be lighted by the new lights this evening for the first time. A. G. Russell, expert electrician for the local lighting company, has been busy this week putting in the wiring for the lights and installing the new apparatus.

Saturday, Feb. 22, would ordinarily be a holiday because of its being Washington's birthday. It has been decided, however, that as it comes on Saturday this year the stores will not be closed but will keep open. Whenever Washington's birthday comes on any other day of the week it will be observed by closing the stores.

Strength comes from well digested and thoroughly assimilated food. Hood's Sarsaparilla tones the digestive organs, and thus builds up the strength. If you are getting "run down," begin taking Hood's at once. It gives nerve, mental and digestive strength.

Bellevue farm butter and pasteurized cream always on hand at Haupt's. Both telephones. (1-15-1f)

CHILD WORTH MILLIONS.

"My child is worth millions to me," says Mrs. Mary Bird of Harrisburg, Pa., "yet I would have lost her by croup had I not purchased a bottle of One Minute Cough Cure." One Minute Cough Cure is sure cure for coughs, croup and throat and lung troubles. An absolute safe cure, which acts immediately. The youngest child can take it with safety. They all like the taste and remember how often it helped them. The Stafford Drug Co., H. N. Melochie Co., Ishpeming.

"PRESCRIPTIONS Carefully Compounded"

This is an old familiar saying; in fact, it is so old that some druggists have forgotten what it means. We have not. We believe it is the most important thing in our business. We not only do it carefully, but we do it quickly.

REX POROUS PLASTERS

For aches and pains of all humankind

A Porous Plaster that is once identified by the name of REX needs no further evidence of reliability. It is a positive and quick cure for coughs, colds, aches and pains.

Baby's Coming

McDonald, Ga., July 18, 1900.
I advise every suffering woman to take Wine of Cardui. While I was going with my other children I was compelled to stay in bed for days at a time, but this time I have taken Wine of Cardui and Theobald's Black-Dracm and have been able to do all my household work without any trouble. I am expecting every day to be confined. My husband thinks Wine of Cardui is the best medicine in the world. He takes a dose of Theobald's Black-Dracm every night and gives some to the children. He has not lost a day from work this year. He tells his friends about your wonderful medicine and I tell my lady friends to use your Wine of Cardui. Mrs. GEORGIA LEE.

WINE OF CARDUI

There are thousands of women who shrink in terror at the thought of the baby's coming. But childbirth is one of the workings of Nature and it was not intended to imply torture and agony to the heroic mothers of the race. The woman who suffers torture during pregnancy and at childbirth has usually, by some indication, injured the organs which make her a woman. Neglect of menstrual irregularities leads to ovarian pains, falling of the womb and leucorrhoea, and the period of pregnancy is necessarily distressing under those conditions. Wine of Cardui will regulate the menstrual function perfectly and eventually make the generative organs strong and healthy. Pregnancy and childbirth have no terrors for the woman who takes this pure Wine. A strong healthy womb will bring its precious burden to maturity with little or no pain. A healthy woman need not fear childbirth. Wine of Cardui completely cures all these troubles familiarly known as "female diseases" and equips the sensitive generative organs for pregnancy and childbirth. It will save any mother much pain and suffering. All druggists sell \$1.00 bottles.

For advice and literature, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Company, Chattanooga, Tenn.

YOU WILL MISS IT IF YOU DON'T BUY OUR STOCK AT 100 PER SHARE FULL PAID AND NON-ASSESSABLE.

Horse Shoe Oil Co.

OF GALVESTON, TEXAS.

CAPITAL STOCK, \$250,000.
PAR VALUE OF SHARES 100 EACH.

We own land in Block 31 Spindle Top Heights, the most valuable land the world has ever known, 50 acres near Barber's Hill, on which there is a heavy gas well and floating oil; the entire tract being a mass of mounds. Patible Higgins, who foretold the wonders of Spindle Top, predicts a remarkable future for this land. We have land at High Island on the Gulf and ten acres at Sour Lake.

Our first well on Spindle Top is contracted for and guaranteed as a six inch Gusher, because our land is surrounded by Gushers, one of which is within 30 feet of us. We have arranged for pipe line connection and can load oil on Beaumont's two leading railroads the day our Gusher comes in. Two tank lines to Port Arthur, one of which has agreed to pipe our oil on satisfactory terms. Ed. McCartney Co., Bankers, capital \$100,000, guarantee payment of our quarterly dividend of 5 per cent three months hence. The guarantee will appear on every certificate we sell.

SEEING IS BELIEVING.

Any number of investors may subscribe for \$500 of our stock, deposit the money in their local bank, select a representative and send him to Beaumont and Galveston. We will furnish, free, the round trip railroad ticket and if the field and our proposition is not as represented, the money will be refunded to subscribers. You can not ask for a fairer offer. We need your money for developing, etc., and as we can make good profits in oil we can give you good returns. Remit us now by postoffice order, express order, registered letter or bank draft. We should not be long in selling all we will furnish at 10 cents, 100 shares the smallest subscription taken.

INVESTIGATE US; WE LIKE IT.

ORDERS FROM AFAR

LAKE SHORE ENGINE WORKS HEARS FROM UTAH.

TWO ORE CRUSHERS WANTED

MANUFACTURE OPENS UP NEW FIELD FOR PLANT.

Mining Machinery Also Being Turned Out for Mexico, While in Gas Engine Line the Work is More Rushing Than Ever.

Within the past few days orders have been received from Utah by the Lake Shore Engine works for two sets of crushing machinery to be used in treating ore.

This is an entirely new line of work for the local plant, and the fact that people interested in mining so far away should come to a Marquette concern for this class of work is a flattering comment on the reputation enjoyed by the company. The orders involve several thousands of dollars, and apparently will open up another field for the works.

Some time this week the company will complete two ore roasting plants which are to be shipped to Mexico. The manufacture of this ore roasting machinery is another new line for the local concern, and more orders of the same character are expected in the future.

The increase in the business of the Lake Shore Engine works in the manufacture of mining machinery has been very marked recently, and within the last six months orders have been received for two roasting plants for Mexico, two sets of crushing rolls for Utah and thirteen hoisting plants for mines in this section of the country.

Many Gas Engines Sold.

At the same time business in the gas engines which the company makes has not lagged, and in the last three weeks twenty-six of these have been sold. Of these, two went to Nome, Alaska, two to Cleveland, one to the Soo, one to Montreal, one to Morgan City, La., and fourteen to Detroit. In addition to these sales within the last few weeks, thirty gas engines were sold since the winter opened. In fact, so unusually strong has been the demand for the gas engines that it threatened to exhaust the stock on hand, and Superintendent Greer found it necessary to increase the force which he had working in that department in order to keep ahead of the orders.

Illustrative of the popularity and demand for the gas engines, Superintendent Greer stated yesterday that recently four boats fitted with the engines were sold on the strength of that equipment. These were boats which the company had built expecting to be able to dispose of them when the spring season opened. Their sale at this time was unexpected.

Cars for Copper Mines.

Another big order which the company has just received is for twenty tractors for the Adventure mine, while another order for eight cars for one of the other range mines is now being filled. In fact, the concern is rushed with work to as great an extent as at any previous time in its history, and there are orders on the books now which will keep the plant busy for the next four months. One factor which is assisting in swelling the business of the company is the promptness with which work is turned out. For example, last week Tuesday an order was received from the Lily mine for a new engine shaft to replace one which had been broken. It was found necessary to order the material from Fort Wayne, Ind., and that was done by telegraph. Four days later the material was received here. The work was at once started on it and was rushed with such expedition that the new shaft was ready for shipment in a couple of days later.

STOLE SIX PAIR OF SOCKS.

Evidently for the purpose of obtaining lodgings for the balance of the winter, a man named Sullivan yesterday helped himself to six pair of socks which were hanging in front of a front street store. The theft was reported to Officer Hogan, who soon located the fellow and recovered the stolen property. Sullivan was brought before Justice Byrne and was given a sentence of sixty days at the county jail in lieu of the fine, which he was unable to pay.

CLERKS ELECT OFFICERS.

At a meeting of the clerks' union last evening, officers were elected to serve during the ensuing term as follows: President—Fred Anderson. First Vice President—J. B. Reany. Second Vice President—John Johnson. Recording Secretary—Bert Salter. Financial Secretary—A. E. Peterson. Treasurer—Eusebe Bertrand. Guide—John Bennett. Guardian—W. Williams.

Genuine Rocky Mountain Tea made by the Madison Medicine Co., is made of rare and costly herbs not found in any other preparation, therefore get the kind you read about. 35 cts. The Stafford Drug Co.

NOTICE TO CONTRACTORS.

The building committee and trustees of St. Patrick's parish, of Escanaba, invite bids for the construction of a new brick church. Plans and specifications can be seen at the parsonage of the congregation. Plans will be mailed to contractor wishing to make a bid. The right is reserved to reject any or all bids. Each bid must be accompanied by a certified check for \$500. Bids will be opened 7:30 Monday evening, March 3rd, 1902. Address all communications to Rev. J. M. Langan, 928 Campbell street, Escanaba. (2-14-101)

NEW LINE-UP.

Beavers Will Present It in Tonight's Game of Ball.

The Beavers will this evening in the game of indoor ball to be played with the Queen City Hotel team at the Casino present an almost entirely new line-up. Fred Price is to be tried in the box, Graham going to third base; a new man will succeed Rivers behind the bat, and other players who have not yet appeared on the indoor diamond will be seen in several of the other positions for the reason that some of the old men cannot get away and Donovan is still laid up with a sprained ankle. There will be much interest in the showing to be made by the comparatively new team, while the appearance of the hotel boys will also arouse considerable curiosity. The latter aggregation has not yet appeared in public, although for the past few weeks it has indulged in steady practice work. The line-up is:

Beavers—Henry Derra, catcher; Fred Price, pitcher; George Monroe, first base; Andrew Siegel, second base; Archie Graham, third base; Archie Lavasseur, right short; Frank Hanley, left short; J. L. Butcher, right field; James Dunlavey, left field.

Queen City Hotel—Otto Jensen, catcher; Dan Rankin, pitcher; John Bennett, first base; Fred Fredland, second base; Bert Stone, third base; Joe Richards, right short; John Adams, left short; Fred Rothert, right field; Fred Lotz, left field; J. Quarters, substitute. The game will be commenced at 9 o'clock in order to give clerks and business men better opportunity to be present. The admission will be twenty-five cents.

THREE-DOLLAR RATE SECURED.

The Maccebees are figuring on taking a large number of "roosters" with them to the copper country next week, on Tuesday and Wednesday evenings of which they will play indoor ball at Calumet with the Rivals and the Light Guard team. All those who desire to accompany the boys will be given the low railroad rate secured for the members of the club, which is but 83 for the round trip, by notifying Manager Peter Kreamer prior to Tuesday morning. The Marquette delegation will leave here on the 7 o'clock train Tuesday morning, and returning will arrive here Thursday afternoon.

The Beavers have also concluded arrangements to visit the copper country. Their opponents will be the Houghton light infantry boys, two return games being played at Houghton on the evenings of the 26th and 27th. The arrangement of the games depended on the Houghton club agreeing to bar the swing Pitcher Murphy uses in delivering the ball, which was opposed to the rules, and Almaguer W. Frank James concurred in the point. It has also been agreed that the catching of fly balls which rebound from the walls or ceiling shall not be counted as putting the batsman out.

HIRAM BURT'S TALK.

For several hours last evening Hiram Burt, who is probably as well posted on the subject as any man in the Lake Superior district, gave an enjoyable talk on the early history of Marquette and the iron industries of the upper peninsula. The address was given at a meeting of the Men's club of the Baptist church, held at the home of George Hodgkins on Pine street. It was intensely interesting and was listened to throughout with close attention despite that it was midnight before the speaker concluded. Aside from the speaker's remarks on his subject proper, he told of the invention of the compass and typewriter, the cost of various articles during the Civil war, and of trips to Europe, particularly to Austria, where he had inspected the big iron plants which were then supplying the American markets, in striking contrast to the conditions of later days and at the present, when the United States is exporting iron products not only to the land of Franz Joseph but to other foreign countries as well. So delighted were Mr. Burt's auditors that an effort is to be made to induce him to give the talk at the church, where more persons can enjoy the treat the address proved to be.

MORE BIG ENGINES COME.

The South Shore yesterday received three more of the monster freight locomotives recently purchased from the Rogers works, which completes the order of four. The engines came down from Negaunee, at which city they had been delivered by the Northwestern road. They were brought to the shops here and will there be connected up preliminary to their trial runs. The first of the locomotives received, No. 190, pushed the others from the lower yards to the shops, and much attention was attracted as the engines passed through town. Like 190, the others—191, 192 and 193—are destined for service on the Mineral Range.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, proved that it is not a local disease. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address, F. J. CHENEY, Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

REMOVAL NOTICE.

I have moved my tailor shop to the third floor of the Mining Journal building, where I hope to have my customers call on me. JOHN KIND, (2-12-11)

No one would ever be bothered with constipation if everyone knew how naturally and quickly Burdock Blood Bitters regulates the stomach and bowels.

TO PROVE UP VEIN

WORK TO BE RESUMED AT THE "SAUK'S HEAD MINE."

EXPERT MINER TO SUPERINTEND

CHANCE OFFERED PUBLIC TO SUBSCRIBE FUNDS.

Showing Is Declared to Well Merit Further Exploratory Work and It Is Hoped Generous Support Will Be Given.

Development, or rather exploratory, work is shortly to be resumed at the Sauk's Head copper property under the superintendency of a thorough mining man, with whom arrangements have already been made. This is the decision that has been arrived at by Captain Daniels and associates, and in order to obtain the required funds, stock in the prospective company is to be disposed of at fifty cents per share.

Following the recent meeting of a number of the persons interested in the exploration, arrangements were made with an expert mining man to visit the property to make a thorough investigation and report at a future meeting. The gentleman, however, has been ill for the past week or more and has been unable to visit the Sauk's Head country, but as other mining men have inspected the showing and declared it highly favorable, it has now been resolved not to further delay matters but to again make a start at systematic exploratory work, particularly as the vein is already known to be of sufficient width and the ore to be sufficiently rich to give flattering evidence that an exceedingly valuable mine can be opened and from the operation of which those who get in on the ground floor will reap the most benefit.

Outsiders Heard From.

It is believed that but a few more weeks of work in determining the extent of the gold, silver and copper deposit as all that is necessary to prove that a bonanza exists in the Sauk's Head country, and it is that which is now proposed to be done. It is interesting to note in this connection that the fact that the three metals have been found up the lake shore in what looks like paying quantities, has attracted the attention of capitalists in outside cities, and the gentlemen the most interested in the property have received a number of communications on the subject, one of them conveying the information that on the proof of the extent of the deposit an option for the purchase of the lands concerned was wanted. Now, in order to obtain the funds necessary to further prosecute the exploratory work, local subscriptions are to be solicited by Captain Daniels at the rate of fifty cents per share, while all subscriptions from outside points will be attended to by George Barnes, cashier of the Savings bank.

The showing already made at the property certainly seems to justify further expenditure as contemplated—in determining the extent of the deposit—and it is to be hoped that the response will be generous and hearty. The opening of a copper mine in the Sauk's Head country would mean much for the city, and for that reason Captain Daniels and associates are deserving of all the support that can be given them. In some quarters it is believed that more gold than copper will be struck after the vein has been further shown up, but whether this is the case or not, the ore already encountered is sufficiently rich to give assurance of a great mine—the only question is the extent of the ore body.

SUNDAY AT THE CHURCHES.

Methodist—In the absence of the pastor, Rev. E. A. Elliott, there will be no services in the morning. Sunday school will be held at the usual hour. In the evening, questions that have been asked during the progress of the series of Sunday evening talks will be answered by Mr. Elliott, who will return to the city during the afternoon. The League meeting will be held at 6:45.

First Baptist church, Rev. H. E. Purdon, pastor—Morning, 10:30; subject, "The Eternal God, and His Moral Attributes." Evening, 7:30; sermon topic, "Four Boys Who Were Vegetarians." This will be the first of a series of four evening sermons on "Daniel, the Jewish Prime Minister." Sabbath school, 12 m.; B. Y. P. U., 6:30. All are welcome.

Presbyterian church—Service at 10:30 a. m., sermon theme, "Roll Ye Away the Stone." Sabbath school at 12 m.; Junior Christian Endeavor at 3:30 p. m.; senior society at 6:30 p. m.; Praying service at 7:30 p. m., subject: "Jacob's Ladder." Pentecostal Mission, Bertha Block—Holiness meeting at 10:30 o'clock a. m.; Christian praise meeting at 3 p. m., and evening services at 7:30, with preaching by Evangelist Collycott. There will be special vocal music at each service.

First church, Scientist—Services at church hall, 109 Spring street, at 10:30 a. m.; subject, "Mind." All will be welcome. German Lutheran church, Ridge street, Rev. Carl Appeler, pastor—Services at 10 o'clock, followed by Sunday school. St. Margaret's—mission (Episcopal). South Marquette—Sunday school at 2 o'clock p. m.

A FIREMAN'S CLOSE CALL.

"I stuck to my engine, although every joint ached and every nerve was racked with pain," writes C. W. Bellamy, a locomotive fireman of Burlington, Iowa, "I was weak and pale, without any appetite and all run down. As I was about to give up, I got a bottle of Electric Bitters and, after taking it, I felt as well as I ever did in my life." Weak, sickly, run down people always gain new life, strength and vigor from their use. Try them. Satisfaction guaranteed by Stafford's. Price 50 cents.

ALL NEWSPAPER TALK.

Assistant Superintendent Smith on Reported Removal of Offices.

Assistant Superintendent Smith of the Duluth, South Shore & Atlantic railway was in the Soo this week and to the News-Beezel stated that all departments of the road were in a flourishing condition. "Of course the snow is giving us a little trouble just now," said Superintendent Smith, "but we always look for that about now. We have had more trouble at the straits this year than at any time since I can remember. Of course that causes delay in moving trains that is as exasperating to us as to the public, but there seems to be no way to overcome the difficulty."

Mr. Smith says that he thinks all the talk that the offices of the road are to be moved from Marquette to Duluth is without substantial foundation. "I think it emanates mostly from Duluth newspapers," he said. "So far as I know, the matter has never been given any official consideration by the company."

Relative to the new train service, Mr. Smith said the new cars are rapidly nearing completion and will be put in commission within a few weeks.

COPPERS AGAIN WEAK.

Decline in Amalgamated Still Rules the Boston Market.

Hayden, Stone & Co. yesterday said of the Boston market: "There is nothing new to say today except that the renewed weakness in Amalgamated affects the rest of the list, especially stocks like Osceola, which have been managed by the United Metals Selling crowd and did not sell their copper at the high prices."

Paine, Webber & Co. said: "Comparatively few long stocks were liquidated on today's decline in copper stocks. The most noticeable liquidation was in Osceola and United States Mining. The bear traders were very active, however, and sold the other coppers because Amalgamated was heavy. There is undoubtedly a considerable increase in the short interest in the local coppers and the recovery from this level should be rapid. Our New York offices say that the Amalgamated decline was also due chiefly to the operations of bear traders. It looks to us as if the worst was over. We expect a better market."

Chicago Wheat and Corn.

W. H. Laidley & Co. said of the Chicago market: "In wheat, today's indifferent cables, the absence of outside business, general local selling, small cash demand and bearish sentiment all contributed to the decline. The business was on a small scale and there was no inclination to sell than to buy. Stop orders were reached on the decline, and this occasioned further selling. The range was not wide and there was some recovery before the close. The Modern Miller was bearish and there were denials of the report of the export of Manitoba wheat via the Pacific coast. Cudahy was said to be the largest individual buyer. For the present we prefer selling wheat on bulge to buying on breaks."

New York Stocks.

Dick Bros., in a wire to Paine, Webber & Co., said of the New York stocks: "The market recovered from its early weakness and advanced substantially this afternoon, closing quite strong. The collateral tax ruling induced some selling, but consequently it was passed over as a factor. Aggressive buying of good character helped many stocks. Baltimore & Ohio was a feature, running up sharply on inside buying. The Southern Pacific pool also advanced its stock materially. St. Paul and Union Pacific received good support after an early break. Brooklyn Rapid Transit rallied and Manhattan was also strong. Metropolitan Street Railway was rather heavy. Amalgamated Copper was fairly strong on inside buying. There was no news of importance. The bank statement is expected to be rather unfavorable. Money was easy today."

MARQUETTE MINING JOURNAL.

MARQUETTE, MICH., SATURDAY, FEBRUARY 15, 1902.

County Board Proceedings.

The honorable Board of Supervisors of Marquette County met pursuant to adjournment at the court house, in the city of Marquette, on Wednesday, the 13th day of Feb. A. D. 1902, at 11 o'clock A. M.

The meeting was called to order by Walter Fitch, chairman.

The roll being called the following supervisors were found to be present:

Present—Agnew, Barabre, Burt, Chase, Connors, Dalton, Ewing, Fay, Frel, Findlay, Goodman, Gustafson, Hassenger, June, Lyons, Lundberg, Manley, Morgan, McCutcheon, O'Donoghue, Powell, Richards, Roush, Ryan, Jacob Smith, Richard Smith, Sundstrom, Steckney, Sisk, Sunblad, John Trebilcock, Thomas, Wilson and chairman—Total 35.

Absent—Ayotte, Elliott, Harrington and Kemp—Total 4.

The minutes of the previous meeting were read and upon motion approved.

A communication from R. Knox, secretary of the Ford River Lumber Company and one from the Detroit Construction Company, was read and ordered filed.

A discussion arose on the purchase from the Detroit Construction Company of the right of way and bridges along the line of the Huron Bay and Iron Range railroad, which was ordered by the board at a former meeting, whereupon it was moved, supported and carried, that the vote to purchase same, offered and carried at the meeting held Feb. 6, 1901, be and is hereby rescinded.

It was then moved, supported and carried by the following yeas and nays, that the chairman, clerk of this board and the prosecuting attorney be authorized to draw a warrant in the sum of \$1,500 for the purchase, by a quit-claim deed, of the right of way of the Huron Bay and Iron Range railroad, and a bill of sale of the bridges along said right of way, from the Detroit Construction Company, with the title of the same given to the township of Michigan and Champion, when the prosecuting attorney had examined same and found everything perfect.

Yeas—Agnew, Barabre, Burt, Chase, Connors, Dalton, Ewing, Fay, Frel, Findlay, Goodman, Gustafson, Hassenger, June, Lyons, Lundberg, Manley, Morgan, McCutcheon, O'Donoghue, Powell, Richards, Roush, Ryan, Jacob Smith, Richard Smith, Sundstrom, Steckney, Sisk, Sunblad, John Trebilcock, Thomas, Wilson and chairman. Total 35. Nays—none.

The following communication was read and ordered filed:

To the Board of Supervisors of the County of Marquette, Michigan, Gentlemen:

A regular session of the Common Council of the city of Marquette, held Monday, the 31st day of February, A. D. 1902, the following resolution was adopted:

Resolved, That the recorder be instructed to tender in writing to the board of supervisors of Marquette county, on behalf of the city, as a site for the proposed new county building, one of blocks 8 and 9, in Hartlow's Addition No. 1, not embraced in Park Cemetery. If such site is desired or such other site in city as may be desired for the purpose and within the power of the Common Council to grant.

Yours truly,
D. S. DONOVAN, Recorder.

A petition from one Nicholas Eriksson, asking for a refund of money pledged as a recognition for one Frank and Sadie Croole, was read and upon motion referred to the prosecuting attorney.

The following report from the auditing committee was received and read same adopted by the following yeas and nays:

Yeas—Ayotte, Barabre, Burt, Chase, Connors, Dalton, Ewing, Fay, Frel, Findlay, Goodman, Gustafson, Hassenger, June, Lyons, Lundberg, Manley, Morgan, McCutcheon, O'Donoghue, Powell, Richards, Roush, Ryan, Jacob Smith, Richard Smith, Sundstrom, Steckney, Sisk, Sunblad, John Trebilcock, Thomas, Wilson and Chairman. Total 35. Nays—none.

Your committee to whom was referred the claims and accounts heretofore submitted, having had the same under consideration, beg leave to report the same back to the board, with the recommendation that the sum of \$100,000 in the last column opposite the names of the respective claimants, be allowed and ordered paid, viz:

Marquette, Mich., Feb. 8, 1902.

The following report was received from the special committee and read, and upon motion same was adopted and the committee discharged:

National Mine, Feb. 11, 1902.

To the Board of Supervisors of Marquette County, Michigan—GENTLEMEN:

The special committee appointed to ascertain how to prevent the spread of small pox, and to provide for the same, would report as follows: The said committee have looked into the matter and deniers of the case and find that it is a hard problem to solve. We find that in several large cities they are trying to solve the same problem. For example, the city of Chicago with 2,000,000 people has 200 cases of small pox and makes vaccination compulsory. The city of Des Moines, Iowa, with 50,000 population, has 50 cases of small pox and do not make vaccination compulsory. We could cite other cities and show the same comparisons in favor of compulsory vaccination. We find also that the power to combat with this problem lies almost exclusively with the health officers of the several cities and townships of this county and they can do much to prevent the spread of small pox.

We find that the cities of Marquette and Ishpeming and the township of Republic, have pest houses for the care of such patients as may come to their locations, so that we do not see any need of a county pest house, as that would involve extra expense.

We would recommend that the common councils of the cities of Marquette, Negaunee and Ishpeming, also the boards of the several townships of this county, be asked to work in conjunction with the board of supervisors to do all in their power to prevent the spread of small pox; that in case of anyone having the disease within their jurisdiction, that they compel all parties living on the premises to be vaccinated and also to be quarantined, and to use all means to suppress the same.

Very truly,
W. S. Ewing,
JOHN TREBILCOCK,
D. T. MORGAN.

The following reports from the county officers were read and ordered filed:

Marquette, Mich., Jan. 14, 1902.

To the Honorable Board of Supervisors of Marquette County—GENTLEMEN:

I have the honor to report transactions of the Poor board during the month of Dec., 1901, as follows:

Marquette, Mich., Feb. 8, 1902.

The following report was received from the special committee and read, and upon motion same was adopted and the committee discharged:

National Mine, Feb. 11, 1902.

To the Board of Supervisors of Marquette County, Michigan—GENTLEMEN:

The special committee appointed to ascertain how to prevent the spread of small pox, and to provide for the same, would report as follows: The said committee have looked into the matter and deniers of the case and find that it is a hard problem to solve. We find that in several large cities they are trying to solve the same problem. For example, the city of Chicago with 2,000,000 people has 200 cases of small pox and makes vaccination compulsory. The city of Des Moines, Iowa, with 50,000 population, has 50 cases of small pox and do not make vaccination compulsory. We could cite other cities and show the same comparisons in favor of compulsory vaccination. We find also that the power to combat with this problem lies almost exclusively with the health officers of the several cities and townships of this county and they can do much to prevent the spread of small pox.

We find that the cities of Marquette and Ishpeming and the township of Republic, have pest houses for the care of such patients as may come to their locations, so that we do not see any need of a county pest house, as that would involve extra expense.

We would recommend that the common councils of the cities of Marquette, Negaunee and Ishpeming, also the boards of the several townships of this county, be asked to work in conjunction with the board of supervisors to do all in their power to prevent the spread of small pox; that in case of anyone having the disease within their jurisdiction, that they compel all parties living on the premises to be vaccinated and also to be quarantined, and to use all means to suppress the same.

Very truly,
W. S. Ewing,
JOHN TREBILCOCK,
D. T. MORGAN.

The following reports from the county officers were read and ordered filed:

Marquette, Mich., Jan. 14, 1902.

To the Honorable Board of Supervisors of Marquette County—GENTLEMEN:

I have the honor to report transactions of the Poor board during the month of Dec., 1901, as follows:
