FIFTEEN ARE KILLED

FRIGHTFUL WRECK ON SOUTHERN PACIFIC IN TEXAS. TWENTY-EIGHT ARE INJURED. BROKEN RAIL SAID TO BE THE CAUSE OF DISASTER.

San Antonio, Tex., March 7.—A broken rail caused a frightful wreck on the Southern Pacific near Maxon station, twenty-five miles west of Sanderson, at 3 o'clock this morning.

The injured: Mrs. Mary Koehler, San Francisco; A. S. Turner, Blackhawk, Miss.; Mrs. E. M. Sheppard, Glenn Mills, Pa.; J. Fuller, Washington, D. C.; Antonio Elio, Del Rio, Texas; Georgia Ollenburg, Lexington, Ky.; E. C. Baker, Angleton, Texas; Charles H. Hoy, San Antonio, Texas; A. E. Mussey, Wilby, Texas; K. I. Taylor, Mullsberry, Kas.; Mrs. Mitchell, Philadelphia, Pa.; W. P. Adams, express messenger; Craig Battleman, North Dakota; Bischof Rodriguez, Del Rio; Louisa Morales, Del Rio; Antonio Bonta, Del Rio; Al. Lobos, residence unknown; D. P. Havens, El Paso, Texas; A. E. McKenzie, Safford, Ariz.; R. J. Todd, Frankfort, Ky.; Thomas O. Crowder, Houston, Texas; William Joseph, San Jose, Cal.; J. H. Taylor, Birmingham, Ala.; Hugs Mills, Cretopa, Kas.; J. G. C. Martin, Passes City, Texas; C. W. B. Bennett, St. Paul, Kas.; W. S. Glenn, Blackhawk, Miss.; Mrs. Annie Wirthorst, San Francisco.

Train Running at High Speed to Make Up Lost Time—Cars Take Fire and Many Are Burned. The ill-fated train left San Antonio at noon Thursday and a half hour late and at the time of the accident was running at high speed in order to make up time.

A private car owned by Thomas Ryan, of New York city, with his family aboard, was attached to the rear of the train but it was pulled off before the fire reached it and no one in it was injured. All the injured in the coaches just behind the express and baggage cars were saved with the assistance of the uninjured passengers.

COAL COAL COAL Anthracite, Bituminous, Cannel and Smithing. We can satisfy you on any of the above kinds of Coal. Try us and be convinced. JAS. PICKANDS & CO., 209 Front St. Opposite New Passenger Depot.

TAFT EXPRESSES IDEAS.

Predicts a Permanent Government in Philippines in Two Years. Cincinnati, March 7.—Governor Taft, in an interview, predicts that in eighteen months or two years at the most a permanent government will be established in the Philippines and the commission will be relieved.

He hopes to have matters so arranged by the beginning of 1904 as to allow the islands to be governed as are other territories of the United States. He believes a form of government for the islands together with the desired tariff legislation would be put in force at an early period.

SENT WIRELESS MESSAGES. Etruria Communicated With Ships at a Distance of Forty Miles. London, March 7.—A dispatch to the Mail from Horta, Azore islands, March 7, says the Cunard line steamer Etruria is home after the accident. The Etruria lost her rudder Feb. 26. An hour before, at a distance of forty miles, she exchanged signals with the Umbria and had dispatched various wireless telegraphic messages from her passengers for delivery in New York immediately after the accident.

ST. MARY'S RIVER OPEN. Tug River Queen Makes the First Run of the Season Into Lake Huron. Sault Ste. Marie, Mich., March 7.—Tug River Queen of Detroit opened navigation in St. Mary's river today by making the first run of the season into Lake Huron. The river is clear to its mouth and the ice is moving out rapidly.

WOOD ORDERED TO CAPITAL. President Desires Conference With Governor of Cuba Regarding Island. Washington, March 7.—Secretary Root today ordered Governor Wood to Havana to come to this city at his earliest convenience for the purpose of conferring with the president and secretary of war in regard to winding up the affairs of the military government in Cuba and the establishment of the Cuban republic.

APPEALS TO CONGRESS. Attorney General Douglas Makes a New Move in the Merger Case. Minneapolis, March 7.—Attorney General Douglas has appealed to congress in the Northern Securities case. With the backing of the Minnesota legislature and the Minnesota delegation in both houses at Washington he hopes for an amendment to the judicial acts which will change the position in which Minnesota is placed by the recent decision of the United States supreme court.

GO TO WEST POINT

PRINCE AND PARTY VISIT THE MILITARY ACADEMY. HENRY REVIEWS THE CADETS. CONGRATULATES THEM ON THEIR SPLENDID APPEARANCE. Albany Is Also Visited—Nation's Guest Now in New York—Trip to Philadelphia Will Be Taken Monday.

New York, March 7.—Prince Henry today completed his tour and is once more in New York where he will remain until Monday, when he goes to Philadelphia. He was absent from the city for nine days, during which time his train was in thirteen states and logged a total of 4,358 miles.

Reception at Albany. The special train bearing Prince Henry and party reached Albany at 8:30 this morning. The royal visitor was greeted at the depot by Mayor Gaus and the chairman of the reception committee and Governor Odell. The latter on behalf of the state had the prince welcome. The party was then driven to the city hall along streets lined with cheering multitudes.

Arrival at West Point. West Point was reached at 2 o'clock and the prince was received with the military honors due his place in the naval service of his country. Colonel Mills came to the station with a number of the officers of the academy and a troop of cavalry and drove him to the parade ground on the heights above. Knox battery fired twenty-one guns. The cadets, formed in six companies, were at once marched on the field and the prince with Colonel Mills and their respective staffs, inspected them. Dress parade followed with the prince as reviewing officer. The cadets in their handsome uniforms kept their lines perfectly and their marching won the praise of the prince and his officers.

Prince Addresses Cadets. The prince saluted and his officers uncovered when the colors passed the reviewing stand. After the review the cadets were drawn up in close formation and the prince addressed them. He congratulated them on their splendid appearance and expressed pleasure at the chance of seeing them. After the parade the prince visited Memorial hall, the riding hall and the gymnasium. At the latter place the cadets gave an exhibition. The prince left for New York at 4 o'clock. He arrived about six and was driven to the Waldorf-Astoria.

SCARLET FEVER ON HOHENZOLLERN. It was Prince Henry's intention to board the Hohenzollern, but being notified of a case of scarlet fever on the vessel he decided to remain ashore. He is not afraid of a possible infection to himself but during the remainder of his stay in this country he expects to meet many people and does not wish to place them in the least jeopardy. Tonight Prince Henry was entertained by the University club and "Kommers" given at the Arion club.

COLOMBIAN MINISTER EXPLAINS.

Communication to the Panama Canal Company Merely a Reminder. New York, March 7.—The Colombian minister to the United States issued a statement today explanatory of the attitude of his government to the construction of the Panama canal. He says the communication to the canal company was merely a reminder of well known conditions. Colombia would welcome the construction of the canal by the United States but there must be a mutually satisfactory convention between the two governments. The minister says: "I am now developing, and very soon shall definitely submit to this government the views and proposals of Colombia upon the subject with the design of encouraging a speedy and full consummation of the purchase by the government of the United States of the rights, concessions and properties of the new Panama Canal company, and as far as permitted by the laws of Colombia and the establishment between Colombia and the United States of a definite and satisfactory convention upon an equitable and satisfactory basis."

THE NESTOR LAND CASE.

Judge Baker, of La Porte, Ind., Dissolves Injunction. La Porte, Ind., March 7.—Judge Baker, of the federal court, has dissolved the injunction granted Timothy Nestor in the suit against E. N. Scott, E. F. Michael and W. A. Martin, directors of the La Belle Land company of La Porte, to compel an accounting. Nestor alleged he made a contract with the company by which he became jointly interested in the sale of 1,000,000 acres of land near Marquette, Mich., for \$212,000 to the Barry Bros. company of Detroit. He alleged he had received profits from which about \$30,000 dollars were withheld from him, and had removed its principal office from Michigan to La Porte, Ind. The assets of the company are \$150,000 and the restraining order was issued to prevent the disposal of the property until the merits of Nestor's claims might be determined. Judge Baker found conditions had changed since the filing of the petition and the defendants had submitted to service in Michigan.

MEDAL FOR PRINCE HENRY.

Nismatic and Archaeological Society Will Present One. New York, March 7.—The American Numismatic and Archaeological society has prepared a medal to commemorate the visit of Prince Henry. The original in gold will be presented to the prince. The medal is designed by Victor D. Brenner, instructor in the cutting and medal designing at the society's school. On the face of the medal is a bust of the prince, and around the edge the inscription: "Issued by the American Numismatic and Archaeological society, New York, Feb. 22, 1902."

BURNED TO A CRISP.

Woman Meets With a Mysterious Death at Barkhamstead, Conn. Winsted, Conn., March 7.—Coroner Higgins is investigating the mysterious death which occurred in Barkhamstead early this morning. Neighbors entering the house of Mrs. James M. Howard this afternoon discovered the body of Mrs. Howard burned to a crisp, hanging over a potato bin in the cellar. A search failed to reveal a lamp or any other article which would have set fire to her clothing and the woodwork upon which the body was hanging was not burned. Mrs. Howard's husband was away at work at the supposed time of the burning.

PENN DEFEATS U. OF M.

Easterens Win Debating Contest With Ann Arbor Students. Philadelphia, March 7.—The University of Pennsylvania soon the debate with the University of Michigan tonight. The contest was close, two judges deciding in Pennsylvania's favor and one in favor of Michigan. The subject of the debate was: "Resolved, that a System of Compulsory Voting Should be Adopted." Pennsylvania had the affirmative.

MUST NOT TALK TO PRESS.

President Roosevelt Makes a Request to the Members of His Cabinet. Washington, March 7.—At the cabinet meeting today the president requested the members not to talk to newspaper correspondents about matters under discussion at the semi-weekly meetings. It was thought best by the president himself to make public such matters as he deemed proper to be given out. Hereafter the president will do this.

BANISHMENT FOR LIFE.

Report Says Commandant Kritzing Is Not to Be Executed. Berlin, March 7.—Extra editions of the evening newspapers published a report that Commandant Kritzing, who was captured by General French in December last, was, after being tried by court-martial, condemned to death, but that his sentence was commuted to banishment for life.

CHOLERA AMONG PILGRIMS.

Constantinople, March 7.—Cholera has broken out among the pilgrims at Medina. One hundred and ten deaths from the disease have occurred.

HON. H. O. YOUNG FOR CONGRESS. Intimations have been thrown out in several of the papers of this district with increasing frequency for some time past that when the proper time arrived Marquette county would be found to have a candidate for representative in congress in the person of Hon. H. O. Young of Ishpeming.

That Mr. Young will get the delegation from his own county is, in the opinion of The Mining Journal, as certain as anything in the future can be. Two years ago the county had a candidate in opposition to Mr. Sheldon.

COPPER COUNTRY NEWS (Additional). BALTIC REPORT IMPORTANT. Forecasts in a Measure the Possibilities of the South Range.

The Baltic annual report is an important document as forecasting in a measure the possibilities of the South range. Baltic's output of 2,641,432 pounds for 1901 is, of course, only the beginning, as this yield was not the equivalent of one modern stamp producing 500 tons per week per day for over 300 days.

On the other hand a few are covering for the first quarter of 1902. The largest users of iron are the ones that have been most ready to anticipate their wants. The smaller buyers, as a rule, have made relatively less provision for the future.

NEW STYLE OF SMELTER. Device Reduces Ores by an Indirect Electric Current. F. E. Hatch, of Detroit, is the inventor of a new style of smelter for reducing ores, says the Duluth Evening Herald.

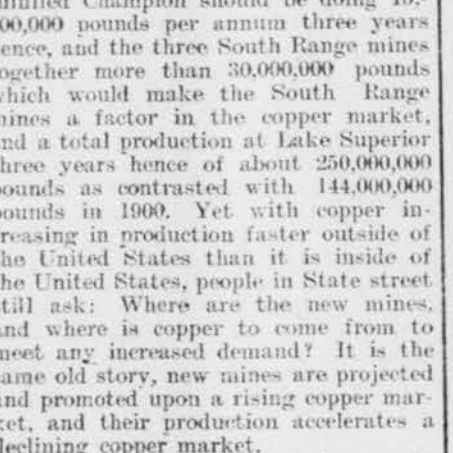

There is no new development either in the ore or the vessel situation. The far more important since navigation closed will leave more ore on dock in the spring than was counted on, and estimates of the amount of ore that will be brought down this year leave furnaces at ease about their uncovered supply.

FREE DISPENSARIES. Doing a Vast Amount of Good in Curing Sickness Among the Poor. It is stated on good authority that tons of valuable medicines are handed out free to the poor of New York City every season.

CHILD WORTH MILLIONS. "My child is worth millions to me," says Mrs. Mary Bird of Harrisburg, "yet I would have lost her by a cough had I not purchased a bottle of One Minute Cough Cure."

PERIODS OF PAIN. Miss Gertrude Williams, Chaplain of Woman's Christian Association of Detroit, and Two Other Women, Tell How Lydia E. Pinkham's Vegetable Compound Cures Periodic Suffering.

While no woman is entirely free from periodical suffering, it does not seem to have been the plan of nature that woman should suffer so severely. Lydia E. Pinkham's Vegetable Compound is the most thorough female regulator known to medical science.

MISS GERTRUDE WILLIAMS. "DEAR MRS. PINKHAM:—and dear friend, for such your medicine has proved to me, a friend in need is a friend indeed."

Two More Sufferers Relieved. "DEAR MRS. PINKHAM:—I had been a sufferer of suppression of the menses from girlhood, always appearing after time and causing great pain, compelling me to keep my bed."

REWARD. We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find the above testimonial letters are not genuine, or were published before obtaining the writer's special permission.

COPPERDOM BREVITIES.

W. A. Paine of Boston is expected in Houghton today.

Martin Bros., the Houghton ice dealers, are shipping considerable ice to Mass. City parties.

Today's registration day in every village in the county and all voters should see that their names are on the lists.

The Mineral Range road is disposing of all its narrow gauge rolling stock and most of it has already been sold.

Henry Yustila of Hancock, arrested for non-support, was fined \$25 and costs yesterday by Justice Brand of Houghton.

The cold storage of the Val Blatz Brewing company's plant at Hancock will be ready for the storage of ice next week.

Village elections next Monday. After that township elections to take place in April will occupy the attention of the politicians.

Both Postmasters Emery, of Hancock, and Lang, of Houghton, have been reappointed by the president to another term of office.

For beating his wife Edward Sorenson of Calumet was sentenced to ten days in the county jail by Justice LeGendre of Calumet Thursday.

The evidence against Ethel Hirsch, the Calumet colored woman arrested for being a disorderly person, was not sufficient to convict her and she was discharged.

Lorenzo Bree, manager of the Atlantic store at that location, will leave tomorrow for a two week's purchasing trip to Chicago. He will be accompanied by his wife.

The Hennes regular bowling team beat out the irregulars at the Schuster alleys Thursday evening, winning five straight games by a margin of about 200 pins.

Rev. Mr. Hassold, of Detroit, will preach both morning and evening at the Lake Linden Congregational church tomorrow. The congregation is looking for a pastor.

Members of the Junior Temple of Honor, of the Quincy location, will present a play, "The Jailbird," at that place this evening. The proceeds will be devoted to the society.

A bright little girl, two weeks old, was brought to the Good Will Farm yesterday and will be kept there until adopted. There are now seventeen children at the institution.

The Clerk's union of Houghton and Hancock will give a dancing party at Houghton in the near future. Committees have been appointed to make the preliminary arrangements.

The Hancock fire department indoor baseball team will be ready to meet all other fire company teams in the county for the championship next week. The team is practicing regularly.

Rev. James Pascoe, of the Pewabic M. E. church, and Presiding Elder Thompson, of Marquette, are in Jackson this week representing the Lake Superior conference at the annual Methodist missionary council.

At the next meeting of Copper Country Engineering society to be held Saturday evening, April 5, the subject of the firing of boilers will be taken up for discussion. There was not time for that topic at the last meeting.

Norman Haekett, who takes the part of Henry VIII in Madame Modjeska's production of the same name, is a cousin of Alvin Haekett, the Western Union telegraph operator at Hancock. She entertained him Thursday at Calumet.

Charles Fredstrom, the Calumet skater, and John St. Antoine, the Lake Linden sprinter, will race at the Hancock city rink this evening for a purse of fifty dollars. Fredstrom will try to skate seven laps while St. Antoine runs five.

At the regular meeting of the Calumet Women's club yesterday afternoon papers on the subjects, "How a President is Elected; His Powers and Duties and the Ceremonies of Inauguration," and "The Application of Art to Industry," were read.

There will be an athletic meet for the juniors of the Hancock Y. M. C. A. in the association gymnasium this afternoon. The tournament, arranged by the secretary and physical director, comprising a number of interesting events. Prizes will be awarded the winners.

Leo Ebertowski, a West Hancock barber, lost his watch in the rush for seats at the box window at the Calumet theatre Thursday evening. He discovered his loss a few minutes after and going back found another man, who had been in the same predicament, with both of the lost time-pieces.

Contractor Andrew Johnson, of Hancock, has a large force of men at work at Arden cutting timber for the mining companies. He is getting out 1,500 stull timbers, fifty cords of logging, and 2,000 ties for the Quincy Mining company; also 70,000 flat timbers for the Calumet & Hecla.

Jerry Palmer, the young Frenchman who was found in a box car at Dollar Bay Wednesday evening after being locked up in a car for six days, felt considerable pain in his frozen feet at the Hancock hospital yesterday morning and it is thought that the members may not have to be amputated.

The first of next week contractors may bid on the work for the erection of new residences to be built next summer for Dr. J. E. Scallion in the Condon addition, West Hancock, and Captain Dennis in the Quincy addition. Architect Liebert of Hancock made the plans for the houses which will be two of the best to be constructed at Hancock next season.

The Detroit Free Press in a recent issue gave a list of appointments of members of the State League of Republican clubs by President Fenton. For the Twelfth district Oscar J. Larson, of Calumet, prosecuting attorney of Houghton county, and Chase Osborn, of the Soo, state railroad commissioner, are the members.

LAKE LINDEN REPORT.

Annual Statement of Village Makes a Satisfactory Showing.

The annual report of the Lake Linden village treasurer shows that during 1901 the receipts of the general fund were \$88,735.61; disbursements, \$80,758.57, leaving a balance on hand of \$8,977.04. The receipts of the water fund were \$7,699.83; disbursements, \$9,262.12, over-drawn, \$1,562.29. Receipts of the highway fund were \$4,520.03; disbursements, \$2,012.55, leaving a balance of \$2,507.48. The recapitulation is as follows: Total cash on hand Feb. 28, 1902, \$4,843.03; received from general fund, \$88,735.61; received from water fund, \$4,520.03; received from sinking fund, \$2,500.00; total, \$103,425.54. Disbursements: Orders paid for general fund, \$80,568.87; orders paid for water fund, \$9,262.12; orders paid for highway fund, \$2,012.55; total, \$91,843.54; balance on hand Feb. 28, 1902, \$11,581.93. The largeness of the receipts of the general fund was occasioned by a loan of \$75,000 on city bonds for the new sewerage system that was installed last summer.

MINING SCHOOL FOR DULUTH.

One May Be Built Along Lines of Houghton Institution.

The Duluth News-Tribune states that a bill has been introduced in the Minnesota legislature by Representative Pope, of Mora, providing for a school of mines in St. Louis county, and appropriating \$100,000 for its establishment. The bill is drawn along the lines of the one by which the school of mines at Houghton was established. Mr. Pope is one of the most loyal friends of Duluth that the Duluth delegation has had to deal with. The bill was referred to the committee on reception of bills.

DECISION IN LAURIM CASE.

Councilman Nicholas Bray of Laurium has been notified from Lansing that the supreme court has affirmed the decision of the circuit court in the case of the village of Laurium against Mills and Bray as bondsmen for J. R. Murphy, a former clerk of the village, who was short in his accounts. Mr. Bray fought the case to the last but will now be compelled to pay \$2,000, the full amount, as Mr. Mills has sold his property and left Calumet. It is reported that Mr. Bray will sue the former members of the council as he claims it was owing to neglect on their part that there was a shortage in the accounts.

PRYORS TO GET CONTRACT.

The government engineer's office at Houghton has been notified by Captain G. G. Gaillard from Duluth that James Pryor & Son of Houghton will be awarded the contract for the dredging to be done in Portage river next summer. The bid of the Houghton firm was the lowest of several, it being \$45,470. The work must start at least by the middle of May. There are 360,000 cubic yards to be dredged. Pryor & Son will start the work about the middle of April. The firm also has a government contract for dredging at Sandusky, O., working there last season.

WILL MEET WITH MERCHANTS.

At the last meeting of the Houghton and Hancock clerks' one new member was taken in and the applications of five more were presented. It was decided to have a joint meeting with the merchants of the two towns at the Scott hall next Thursday evening. Each merchant will be invited to attend. The object of the gathering will be to hear the wishes of the merchants in regard to the closing of their stores after March 15, the date upon which the early closing agreement expires.

A HORRIBLE OUTBREAK

"Of large sores on my little daughter's head developed into a case of scald head," writes C. D. Isbill of Morganton, Tenn., but Bucklen's Arnica Salve completely cured her. It's a guaranteed cure for Eczema, Tetter, Salt Rheum, Pimples, Sores, Ulcers and Piles. Only 25 cents at Stafford's.

Don't Accept a Substitute!

Stops the Cough and Works Off the Cold.

Laxative Bromo-Quinine Tablets cure a cold in one day. No Cure, No Pay. Price 25 cts. Educate Your Bowels With Cascarets. Candy Cathartic, cure constipation forever. No. 20. If C. C. C. fail, druggists refund money.

"Let the GOLD DUST twine do your work."

GOLD DUST is a woman's best friend when wash day comes around. It makes the clothes sweet and clean. Takes only half the time and half the labor of soap. Just follow directions on package. Made only by THE N. K. FAIRBANK COMPANY, Chicago, New York, Boston, St. Louis. Makers of OVAL FAIRY SOAP.

LAKE LINDEN REPORT.

Annual Statement of Village Makes a Satisfactory Showing.

The annual report of the Lake Linden village treasurer shows that during 1901 the receipts of the general fund were \$88,735.61; disbursements, \$80,758.57, leaving a balance on hand of \$8,977.04. The receipts of the water fund were \$7,699.83; disbursements, \$9,262.12, over-drawn, \$1,562.29. Receipts of the highway fund were \$4,520.03; disbursements, \$2,012.55, leaving a balance of \$2,507.48. The recapitulation is as follows: Total cash on hand Feb. 28, 1902, \$4,843.03; received from general fund, \$88,735.61; received from water fund, \$4,520.03; received from sinking fund, \$2,500.00; total, \$103,425.54. Disbursements: Orders paid for general fund, \$80,568.87; orders paid for water fund, \$9,262.12; orders paid for highway fund, \$2,012.55; total, \$91,843.54; balance on hand Feb. 28, 1902, \$11,581.93. The largeness of the receipts of the general fund was occasioned by a loan of \$75,000 on city bonds for the new sewerage system that was installed last summer.

MINING SCHOOL FOR DULUTH.

One May Be Built Along Lines of Houghton Institution.

The Duluth News-Tribune states that a bill has been introduced in the Minnesota legislature by Representative Pope, of Mora, providing for a school of mines in St. Louis county, and appropriating \$100,000 for its establishment. The bill is drawn along the lines of the one by which the school of mines at Houghton was established. Mr. Pope is one of the most loyal friends of Duluth that the Duluth delegation has had to deal with. The bill was referred to the committee on reception of bills.

DECISION IN LAURIM CASE.

Councilman Nicholas Bray of Laurium has been notified from Lansing that the supreme court has affirmed the decision of the circuit court in the case of the village of Laurium against Mills and Bray as bondsmen for J. R. Murphy, a former clerk of the village, who was short in his accounts. Mr. Bray fought the case to the last but will now be compelled to pay \$2,000, the full amount, as Mr. Mills has sold his property and left Calumet. It is reported that Mr. Bray will sue the former members of the council as he claims it was owing to neglect on their part that there was a shortage in the accounts.

RAND DRILL PARTS IN STOCK.

Smells Nice

Omega Oil

You can tell by the smell of Omega Oil that it is different from any other liniment you ever saw. It has a peculiar and pleasant odor. Besides being the best remedy in the world for stopping pains, it is also the nicest to use. It is not made of turpentine or ammonia, but the body of it is a pure vegetable oil. Into this oil is put four other ingredients, one of which is a green herb that stops pain a good deal on the same principle that a puff of wind blows out a lamp, or water quenches a fire.

Omega Oil is good for everything a liniment ought to be good for.

NOT TO FORCE NOTE

FULL DISCUSSION TO BE HAD ON CUBAN RECIPROCITY.

COMPROMISE PLANS FORWARDED

LACK DEFINITENESS AND ARE NOT CONSIDERED.

Neither Side Feels Disposed to Admit That the Stage of Compromise Has Been Reached.

Washington, March 7.—A large number of Republican representatives opposed to the ways and means plan on the Cuban reciprocity held a meeting this afternoon with twenty-five present.

It was stated that as between the Tawney rebate plan and the postponement plan the latter was gaining strength.

Several plans to compromise were put forward in a tentative way but they lacked definiteness and neither side felt disposed to admit that the stage of compromise had been reached.

Irrigation Bill Reported.

The irrigation bill was reported to the house today. The report says that the territory affected by the bill is nearly one-half the area of the United States and that in sixteen arid land states there are over 535,000,000 acres.

The bill to classify the rural free delivery service and place carriers under a contract system held the floor in the house today.

The house committee on territories decided today to report the bill giving the Indian territory a territorial form of government to be known as the territory of Jefferson.

Speaker Henderson today presented, by request, to the house a memorial from the bankers of Porto Rico setting forth the depressed condition of the coffee industry and asking that a bounty of five cents a pound be paid out of the United States treasury for coffee raised in Porto Rico and exported.

Shipping Bill Not Considered.

On account of the indisposition of Senator Vest of Missouri and Mallory of Florida, who expected to speak today on the pending ship subsidy bill, that measure was not considered by the senate today.

Senator McComas today presented to the senate the memorial of the Maryland legislature asking that the thanks of congress be extended to Rear Admiral Schley on account of his services during the war with Spain.

The president today signed the bill creating a permanent census bureau.

MORE MONEY IS FOUND.

Carbondale, Ill., March 7.—An additional find of \$85,000 hidden money of the Froelich brothers has been made at Tanneroa, this making a total of nearly \$17,000 found hidden in portions of the building.

TODAY'S WEATHER.

Washington, March 7.—The following is the weather bureau's forecast for Upper Michigan: Partly cloudy Saturday and Sunday; fresh winds, mostly east.

Hard Colds

Hard colds nearly always lead to something serious. They run into chronic bronchitis, pneumonia, consumption. Doctors know this. That's why they so generally approve of Ayer's Cherry Pectoral. They tell us that cannot prescribe anything that cures coughs so quickly.

Ayer's Cherry Pectoral cures the daughter of a very bad cough after a had tried about everything else without relief.—E. B. Davis, Providence, R. I., Dec. 20, 1899.

Now's the time to have your little ones take Rocky Mountain Tea. Keeps them well all the year. Great Medicine for children. 35 cts. Stafford Drug Co.

HANRAHAN IS BESTED.

Joe Choynski Puts New Yorker Out in the Fifth Round.

Louisville, Ky., March 7.—Joe Choynski of Chicago defeated "Wild Bill" Hanrahan of New York in the fifth round of what was scheduled as a twenty-five-round match at Music Hall tonight.

In the first round the men kept away from each other and seemed to be trying to tire each other out. Hanrahan at the opening of the round, however, landed a hard swing on Choynski's neck, knocking him to the floor.

In the fourth the men mixed it and both landed some stiff punches. Bill reaching Choynski's jaw three times without return. Both men seemed tired when the gong sounded.

FEDERAL PRISONER FREE.

Captain Read of Pittsburg Released on a Writ of Habeas Corpus.

Leavenworth, Kas., March 7.—Captain James C. Read of Pittsburg, Pa., has been released from the federal penitentiary on a writ of habeas corpus. Read's release was the result of the recent ruling of the United States court at Indianapolis, which passed on the DeMing case.

General Crowder, judge advocate general, has given notice of an appeal to the supreme court in the case of Read, which passed on the DeMing case. The court held that any sentence passed on a volunteer officer by court martial composed of regular army officers was void.

Other prisoners at Fort Leavenworth are clamoring for release on the circuit court's ruling. If the decision is held good, there is no possible way in which the prisoners can again be brought to trial. Deming's attorneys were smart enough to wait until the volunteer army was mustered out to bring proceedings to secure his release.

LAKE SHIPPING FEARS STRIKE.

Trouble Brewing Between Tugmen's and Towing Associations.

St. Joseph, Mich., March 7.—It is believed in marine circles that a strike will soon occur between the Tug Men's Protective association and the Great Lakes Towing association, which will outstrip the earnings of the tugmen.

Shipping Bill Not Considered.

On account of the indisposition of Senator Vest of Missouri and Mallory of Florida, who expected to speak today on the pending ship subsidy bill, that measure was not considered by the senate today.

Senator McComas today presented to the senate the memorial of the Maryland legislature asking that the thanks of congress be extended to Rear Admiral Schley on account of his services during the war with Spain.

The president today signed the bill creating a permanent census bureau.

Now's the time to have your little ones take Rocky Mountain Tea. Keeps them well all the year. Great Medicine for children. 35 cts. Stafford Drug Co.

LEGAL STEPS NOW

WESTERN RAILROADS ARE TO BE PROSECUTED.

THOSE CENTERING AT CHICAGO.

RESULT OF INVESTIGATION OF COMMERCE COMMISSION.

Form of Proceedings Has Not Been Decided Upon but It is Probable Injunctions Will Be Instituted.

Chicago, March 7.—United States District Attorney Bethea has received instructions from the department of justice at Washington to begin legal proceedings against the railroads centering at Chicago whose officials testified before the interstate commerce commission to infractions of the law.

Special Counsel Appointed. It has not been decided definitely what form the proceedings will take but it is probable injunctions will be instituted. Full instructions have not been received and probably will not be until the arrival of W. A. Day, attorney for the interstate commerce commission.

SECKLER LOSES HIS APPOINTMENT. President Withdraws His Name Because of Charges.

Washington, March 7.—The president has withdrawn the appointment of Harry H. Seckler of Topeka as first lieutenant of infantry. Soon after the appointment was made charges were preferred by former members of the Twentieth Kansas, to which Seckler belonged.

Trunk line officials say one of the chief reasons for the dissolution of the western pools lay in the inability of those in power to enforce the penalties.

NEW FORT AT DES MOINES.

Will Be Christened "Fort Des Moines" by Order of President.

Omaha, March 7.—In accordance with orders received at the headquarters of the department of Missouri, the new fort at Des Moines will be known as "Fort Des Moines," to perpetuate that name.

Shipping Bill Not Considered.

On account of the indisposition of Senator Vest of Missouri and Mallory of Florida, who expected to speak today on the pending ship subsidy bill, that measure was not considered by the senate today.

Senator McComas today presented to the senate the memorial of the Maryland legislature asking that the thanks of congress be extended to Rear Admiral Schley on account of his services during the war with Spain.

Michigan

MURRAY OUT FOR CLERKSHIP.

Ex-Supervisor Will Seek the Nomination on the Regular Ticket.

Michigan politicians have the reputation throughout the county of putting up some warm political battles. Although the vote here is not very large it is seldom that a township election passes without at least two tickets in the field.

COUNTERFEIT GOLD.

Few persons know that the gold used in color printing and on the picture frames is made from a composition powder of bronze and spelter, and not from pure gold leaf, but which, however, gives the same effect.

Mr. Murray made a painstaking, conservative supervisor and served the village and its people faithfully and well in that capacity.

John E. Mercey, the present clerk, is out for the nomination. John's record the past year has been quite satisfactory and he has a number of staunch friends who will be with him in his effort to secure another term.

Up to this time no opposition to C. F. Sundstrom for the supervisorship has been heard. The affairs of the township developed. The affairs of the township developed. The affairs of the township developed.

George Maker and Nels Majhannu are the retiring members of the school board. Each will doubtless accept a re-nomination, though neither is working very hard to secure it.

There are three candidates in the field for highway commissioner. These are Louis Backes, Ole Elmes and Frank Brown.

W. H. Oakley, who has conducted mercantile concerns at different points west of Michigan for some years past, recently purchased the stove and heading mill at Covington. The plant was operated up to a short time ago and it is the intention of the new owner to start it up again in the spring.

Mr. Oakley conducts a mercantile business at Covington. He also has a store at one of the other small towns west of here. His home is at Ishpeming, to which city he moved last fall.

Ed. Etensrud has fitted up sample rooms in the Wallace building. Being in the draying business he is in a position to capture the traffic of all the commercial travelers who have goods to display.

E. W. GROVE. This name must appear on every box of the genuine Laxative Bromo-Quinine Tablets, the remedy that cures a cold in one day.

NEW S. P. CORPORATION. San Francisco, March 7.—The Southern Pacific company filed articles of incorporation today by which it transferred all its property in California, Arizona and New Mexico to the new corporation, and hereafter its holdings in the three states will be managed by one company instead of three.

A CARD. We, the undersigned, do hereby agree to refund the money on a 50-cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded.

The Stafford Drug Co., Desjardins' Pharmacy, "The People's Drug Store." (11-16-0m)

UPPER PENINSULA. Representatives of the Clergus synodicate, which is building a power canal at the Soo, and Chandler Co., which claims its riparian rights in St. Mary's river will be met this week before the rivers and harbors committee at Washington.

Harvey Brown, secretary of the Lake Carriers' association, is at the national capital to urge a bill compelling Clergus to place satisfactory works in the canal, which will obviate the danger of the canal lowering the water in the vessel channel of the river.

The N. Ludington company will close twenty-one camps of small jobbers on the Menominee river in a few days. The camps average ten men apiece and number of them have already stopped work. The loss to the small jobbers this year is said to have been great, as they have only earned expenses at the present time.

The weather conditions in the vicinity of Iron Mountain have improved sufficiently so that loggers in that vicinity will be able to finish their cut and harvest a profit.

By a vote of the people, the plan to bond the city of Escanaba for \$60,000 to redeem outstanding lighting plant bonds and make improvements in the plant was lost at the election this week and the plan will be sold to a corporation or revert to the original owners.

MICHIGAMME PICK-UPS. Gus Tallen of Mass City was a Michigan visitor early in the week.

Mrs. Bucklin of L'Anse visited Mrs. J. C. Thomas in Michigan during the week.

The citizens of Michigan have contributed about fifty dollars to the McKinley memorial fund.

Marcus Levin will spend the greater part of next week in Chicago buying a line of new spring goods.

Will Hasenberg, nephew of Rev. Father Hasenberg, has returned to Milwaukee, where he is attending college.

Mrs. R. Clemenson visited her relatives here early in the week. She returned to her home in Marquette Tuesday.

Dave Levine has been under the care of Dr. Loveland all week. He is suffering from a severe cold, contracted a short time ago.

The local camp of the Modern Woodmen of America will give a ball on Friday, April 4. This will be a big social event and it is certain that it will be a success in every way.

G. R. Watts, the piano tuner of Marquette, did business in Michigan last Tuesday. From here he went to the copper country, where he spent the greater part of the week.

Ed. Etensrud has fitted up sample rooms in the Wallace building. Being in the draying business he is in a position to capture the traffic of all the commercial travelers who have goods to display.

E. W. GROVE. This name must appear on every box of the genuine Laxative Bromo-Quinine Tablets, the remedy that cures a cold in one day.

SPRING TRADE IS GOOD.

Increase Is Noted Despite the Recent Flood and Storms. New York, March 7.—Bradstreet's tomorrow will say: "The spring trade increases despite the serious interruptions in the section adjacent to the Alleghenies caused by floods and storms."

"The prices have felt the quickening influences in the slight increase in the strength of textiles and dairy products and among provisions, live stock, coal and coke and building material. All signs in fact favor the indications that legitimate trade and industry is, except in a few instances, considerably more active than a year ago at this time."

The copper stocks dealt in on the Boston exchange closed as follows yesterday, the quotations being reported by Payne, Webber & Co.:

NEW YORK STOCK MARKET.

Struggle Is Made to Keep Prices Moving Upward and Speculators Shoot Up. New York, March 7.—The stock market today showed evidence of conflicting emotions on the part of the professional speculators.

CHICAGO GRAIN MARKETS.

Features of the Day in the Wheat, Corn and Oats Fits. Chicago, March 7.—In wheat today there were advances of 1/8c for the day and the resting prices were around the top reached.

CITY BRIEVITIES.

Miss Cecil Grylls has returned from a stay of several weeks in Chicago. Mr. and Mrs. Charles F. Hickok of Grand Marais are the guests of Marquette friends.

A PROFITABLE INVESTMENT.

"I was troubled for about seven years with my stomach and in bed half my time," says E. Demick, Somerville, Ind. "I spent about \$1,000 and could get nothing to help me until I tried Kodol Dyspepsia Cure. I have taken a few bottles and am entirely well."

light than at present. A broad staircase will lead from the rear of the store to the basement, and in every way the quarters will be made ideal for the purposes for which they are intended.

The "Saturday Market" instituted by the Young Woman's guild of St. Paul's church is proving very popular among the ladies of all church denominations.

ENTERTAINMENT AT NORMAL.

The Literary society will give the following musical program at Normal Hall this evening: Miss Trevaill, Mozart and Mendelssohn.

### YOUNG MEN ORGANIZE.

A Political Club Perfected at a Meeting Held Thursday Evening.

If an early start counts for anything in the coming municipal battle the young men of the city should be successful in landing at least a few of the candidates they will bring out. The movement to organize a young men's political club started a few weeks ago is creating no little stir and many predictions are heard as to what the probable outcome will be. Many of the young fellows advocate putting a complete ticket in the field, while others are inclined to be more conservative.

The representatives from the several wards of the city chosen at meetings held Wednesday evening for the purpose of attending a conference the following evening were on hand at the appointed time. The meeting was held at the Milton hall and the session lasted two hours. An organization was finally perfected with the following officers: Arvid Braastad, president.

Thomas J. Heard, vice president.  
Timothy F. Nolan, secretary.  
Edward F. Murray, treasurer.

The organization will be known as the Young Citizens' Political club. There was a discussion as to the advisability of calling it the Young Men's Republican club, but the majority voted against this proposition, as all who will join the organization are not Republicans.

An executive committee composed of the officers and one member from each ward was named. The ward members are:  
First ward—John Lacey.  
Second ward—Harry Cox.  
Third ward—K. C. Dahlstrom.  
Fourth ward—Leonard Olson.  
Fifth ward—William Anderson.  
Sixth ward—Martin Olson.  
Seventh ward—Edward Locher.  
Eighth ward—Guy Canfield.  
Ninth ward—Timothy F. Nolan.  
Tenth ward—Patrick Connell.

### Mass Meeting Monday Night.

A mass meeting will be held Monday evening at the Ishpeming opera house under auspices of the club. At this time all young voters of the city, as well as the older ones who are in sympathy with the movement, are invited to turn out. A vote will be taken as to whether or not the club shall put a ticket in the field. If the majority votes in favor of the proposition the members will at once begin to make a canvass for desirable candidates for the city and ward offices. About the only person mentioned for any of the offices is Charles T. Kruse. The young men would like to have him head the ticket in case it is decided to put one in the field. Mr. Kruse would be a strong man and would receive support from members of the Citizens' and Labor parties in case he should get the nomination.

### Will Parade the Streets.

The young men are starting their campaign with flying colors. A band will be engaged to head a parade to take place just before the meeting Monday evening. Every voter in the city in sympathy with the movement will be asked to come out. The place of meeting preparatory to forming the line of march has not yet been designated. This will be announced in Monday's issue of this paper. The executive committee will meet tomorrow to complete arrangements for the public meeting. Speakers will be chosen and it is certain that the hall will be packed. Men who have not heretofore been heard on political issues will face the crowd and give their ideas as to what steps should be taken to further the purpose of the young voters. The meeting will be presided over by the president of the club.

### DEATH OF JOHN FRIDEN.

John Friden, who has resided in this city for sixteen years or more, and was quite well known, died Wednesday at his home, 425 Spring street. Pneumonia was the cause of death. He had been ill but nine days.

The deceased was a miner and had been employed for some time past at the Lake Angelina mine. He was forty-six years of age and is survived by his widow and four children. The funeral will take place tomorrow afternoon at 2 o'clock from Calvary Baptist church. Deceased did not hold membership in any of the local fraternal societies.

Our assortment of spring goods, in dry goods, furnishings, etc., is most complete. Our prices will always be found right. Drop in and see us. Finnish Mercantile association.

### THE MORTLEY BLOCK.

Provides an Ideal Tailoring Establishment for the Owner.

It would be hard to find a neater or more convenient tailoring establishment than this side of Milwaukee than the new place owned by John H. Mortley at the corner of Main and Canda streets.

The block was recently completed and the owner has just moved his tailoring business into it. The main room is one of the pleasantest to be found in any block in the upper peninsula. Indeed it is an ideal place for the business being conducted there. The work shop, at the rear of the main room, will accommodate a large number of hands, and with the many windows in that part of the building the light is of the very best. If there is one thing more than another that a tailor needs to do his best work it is light. Mr. Mortley employs no apprentices and for this reason the work he turns out is always of the best.

The rooms on the second floor will be rented for office purposes. The front room has already been taken and some of the others have been spoken for. The location is as good as any in the city and the rooms are very desirable. The building is heated by steam throughout and either gas or electric lights can be used.

It will be observed by Mr. Mortley's advertisement in this issue that he is opening his new block with the largest and finest line of goods he has ever carried during the many years he has conducted his business here. He has many orders ahead and he expects more tailors to arrive soon. He is prepared, however, to take care of all the orders that come his way and he guarantees to turn out suits on short notice. In purchasing new goods for his spring trade Mr. Mortley was careful to select a line of the very latest novelties. His patterns are nobby and thoroughly up-to-date.

### APPRAISING THE STOCKS.

The inventory of the fuel and lumber stocks of F. Braastad & Co. and F. W. Read & Co. in this city was completed a few days ago and now a committee representing the parties interested is engaged in appraising the valuations with a view to making a transfer of the business to the Consolidated Fuel & Lumber company. The appraisers are Messrs. Clancey, Newett, Mennie and Munson of this city and Godwin of Marquette. The latter is a bookkeeper in the employ of F. W. Read & Co. It is understood that the two local concerns will accept the figures of the appraisers. The charter is expected along within the next few days and it is likely that the new corporation will have control of the business before the close of this month.

### BASKET BALL TODAY.

There will be a spirited game of basket ball this afternoon, commencing at 2 o'clock, at the Ishpeming Snowshoe clubhouse. The competing teams will be the high school five and a team representing the Ladies' Athletic club. The officials will be Edgar Clinton and William Schocht, coaches of the high school. Only ladies invited by members of either team will be privileged to attend. The attendance will therefore be limited to a reasonable number. A public exhibition will probably be played between the same two teams on Saturday evening of next week. Arrangements for the contest will be completed within the next two or three days.

### TOOK A BAD FALL.

William Serele of 633 Michigan street sustained painful injuries at the Cliffs Shaft's mine yesterday. He was working on a staging and the props gave way, letting him to the ground below. The man's injuries consisted of a badly bruised head, shoulder and arm. He will be around again in a few weeks, though the injuries he received are sufficiently serious to cause him much pain.

### EVERY DROP COUNTS.

Remember that when you are rubbing Perry Davis' Painkiller on a muscle that has been strained by overwork. Down into the tiny pores of the skin Painkiller works its way, soothing the inflamed tissues and taking away the ache. Ask your druggist what his other customers say of this household benefactor. There is but one Painkiller, Perry Davis'.

Our new line of spring dry goods will please the ladies. Goods are arriving daily. Finnish Co-operative association.

### ISHPEMING IN BRIEF.

Burt & Billings will serve a nice lunch to their patrons tonight.

A daughter was born yesterday to Mr. and Mrs. William Trewartha of the Winthrop.

F. M. Sackrider came down from the copper country yesterday on a visit to his family.

J. Sellwood & Co. advertise for sale in this issue a six-section upright ribbon case. It will go cheap.

Mrs. C. W. Jarvis entertained a number of lady friends at her home Wednesday afternoon. Cards were played.

Charles Johnson is moving the band house from the site on which the United States Steel corporation will build its new office.

The ladies of Grace church will conduct a sale of home-made pies, cakes and other baked goods today at H. F. Heyn's store.

A good-sized delegation of Ishpeming people attended the production of "Henry VIII" last evening at the Marquette opera house.

Messie R. Sharp, district manager of the New York Life Insurance company, with headquarters at Duluth, did business in the city yesterday.

Robert Korts, late of Finland, has taken a position at Anderson & Co.'s jewelry store. He has had a number of years' experience as a watch repairer.

Nels L. Mowick, who was formerly in business in Ishpeming and is now traveling for the Neehan Boot & Shoe company, has just returned from a visit to Minneapolis.

Phil Tallion, who recently took the management of the saloon formerly conducted by the late George Rock, has renovated the interior of the place and it now presents a much more inviting appearance than formerly.

Two of the Sunday school teachers of the Division street Methodist church treated their pupils to a sleigh ride yesterday afternoon. There were two loads of the little tots and the outing was very much enjoyed by them, though the sleighing was not of the best.

The new cloak department at E. Braastad & Co.'s store is now most inviting. The gallery built last week at the rear of the dry goods department has been given up to the exclusive display of the cloaks. The place is neatly fitted out and the ladies will find pleasure in visiting the department.

Members of the Ishpeming Light Guard are meeting with good success in the sale of tickets for the company's second annual ball, to be given on Easter Monday at the Anderson hall. It is the wish of the members to bring out an unusually large crowd that night. Supper will be served by the local camp of the Royal Neighbors and the price to be charged will be thirty-five cents a plate.

### WORKING 24 HOURS A DAY.

There's no rest for those tireless little workers—Dr. King's New Life Pills. Millions are always busy, curing Torpid Liver, Jaundice, Biliousness, Fever and Ague, The banish Sick Headache, Drive out Malaria, Never gripe or weaken. Small, taste nice, work wonders. Try them. 25c at Stafford's.

A household necessity—Dr. Thomas' Electric Oil. Heals burns, cuts, wounds of any sort; cures sore throat, croup, catarrh, asthma; never fails.

### DON'T LIVE TOGETHER.

Constipation and health never go together. DeWitt's Little Early Risers promote easy action of the bowels without gripping or distress. Are safe, sure, gentle, thorough. Purely vegetable. The Stafford Drug Co. H. N. Meloche Co., Ishpeming.

WANTED—Mine pump; outside packed; capacity, 500 or more gallons. Fully describe make, number and condition. Address, "Pump", care of Mining Journal. 3-4-17k.

FOR SALE CHEAP—A 6-section upright ribbon case in good order. J. Sellwood & Co. 3-20.

## A CHANCE IN A LIFE TIME

to invest on the ground floor with owners, in a developed free milling gold mine that has produced, and has expended on it,

**Fifty Thousand Dollars**

in development on the ledge and a complete five stamp mill, with all other necessary machinery ready to run.

The Ozark is not a prospect, but a mine that has produced. We are placing 100,000 shares of development stock at 25c per share, capital stock 1,000,000 shares (par value \$1.00) each, fully paid and non-assessable, to further develop and put the property on a paying basis.

A property lying near the Ozark, with nowhere as good a showing and very little development, sold last week to a New York syndicate for \$200,000. The Ozark will pay dividends and be worth par inside of six months. This is the best investment for the money that has ever been offered to the investing public.

Do not lose this opportunity. It will never come again. For further particulars, prospectus, report on mine, reference, etc., address,

**OZARK GOLD MINING & MILLING CO.,**  
MOSCOW, IDAHO.

**GREAT DEVELOPMENT**  
In Florence—The Splendid Showing of of the Banner and Ozark Has Stimulated All Other Mining Enterprises.

J. N. Taylor, United States Mineral Surveyor, has just come down from Florence and reports great activity in the camp and that there is more development going on at the present time than there has ever been before in central Idaho.

In an interview with The Star reporter, Mr. Taylor said: "The Banner is working sixty men in getting their mine ready to start as soon as the hundred ton mill they are putting in is completed. This property has developed into a great mine, I believe the largest free milling gold mine in the Northwest. They have twenty-seven feet of \$14.00 ore in one drift, and twenty-three feet of \$66.00 ore in another drift. This property was bought by a New York syndicate composed of Henry Clews, Arbuckle Bros., and others a short time ago for two hundred thousand dollars, and the value of the property today is hard to estimate as they have a million dollars worth of ore blocked out.

"The Ozark mine lying north of the Banner is also drifting on a twenty-four foot ledge on the 100 foot level, and there is no question but that it will

develop into a great mine, as it has the richest ore in the camp and has a greater showing as far as developed than the Banner. They expect to get the mill now on the property started by the first of March and add stamps enough as soon as the roads will permit in the spring to make their capacity 100 tons per day, and with these two big mines with others that are getting ready to start, the people of Florence are looking for a great boom in the spring. The town of Florence is full of mining men looking for bonds on property where the owners are not able to do the necessary development work to put the property on a paying basis but as usual the prospectors' idea since the development of the Banner and Ozark is such that they are hard to deal with in the way of price, but the people who are looking for the property have made liberal offers since the Banner and Ozark started, and I am satisfied will pick up most of the best properties between now and spring."

**PILES**  
Dr. Williams' Indian Pile Ointment cures Hemorrhoids, Bleeding, and Itching Piles. It soothes the tumors, always the itching at once acts as a potent, gives instant relief. Dr. Williams' INDIAN PILE OINTMENT is prepared only for Piles and Itching of the private parts. Every box is warranted. Sold by druggists, or sent on mail on receipt of price, 50c and \$1.00 per box. WILLIAMS' PILE CO., Prop. & CLYDELAND, O. STAFFORD DRUG CO., Marquette.

# HANDSOME STORE

STAFFORD DRUG COMPANY WILL SOON HAVE IT.

NEW QUARTERS ARE LEASED

CONCERN TO OCCUPY THE GOOD-SPEED STAND.

Room Is to Be Enlarged and Supplied With a New Front, While Elegant Fixtures Are to Grace the Interior.

The store room in the "Everett block," corner of Front and Main streets, now occupied by Goodspeed's shoe emporium has, together with the basement and second floor, been leased from Martin Vierling by the Stafford Drug company for a long term of years. On or about May 1 the store room, as well as the quarters above, will be occupied by the drug concern and it is promised that when the company is ready for business at its new location its establishment will have quarters second to none, in point of convenience and elegance, in the peninsula.

Extensive improvements are to be made, in fact, the ground floor apartment is to be practically rebuilt and converted into handsome and up-to-date quarters for the particular line of business which is to be transacted there. Among other things, an entire new front is to be put in and the present entrance to the store will be given to another which will be located at the point where the stairs now lead to the upper floor. The iron and brick pillars which now help to support the superstructure will be succeeded by a heavy steel girder, which will rest at either side on steel columns, making it possible, as is the intention, to have the front display window one large piece of plate glass, with another of large size in the side window. The plate glass will be capped with prism glass, reflecting the light to the rear of the room. Handsome tiling will constitute the floor of the door-way.

The flight of stairs leading from the first to the second story is to be torn out entirely in order to give Mr. Stafford the room he requires, the quarters as at present arranged being about the size of his present store, which has been found to be too small. The demolition of the stairs will give a floor space of about eighty by twenty-seven feet, though it is intended to utilize about twenty feet at the rear as the prescription department. A steel ceiling will be put in, and as well a balcony floor, this being located at the rear and being reached by a new flight of stairs which will also give access to the second story of the building. The balcony will be utilized for display purposes, though it is likely that a portion of it will be given over as a "visitors' gallery" and as a little ice cream parlor. The second floor will be used for storage room.

The interior of the store room will be elaborately decorated and in full keeping with the handsome plate glass front, but of equal importance and beauty will be the fixtures with which the store will be equipped. These for the main part will be elaborately finished show cases, marble-top counters and glass shelving, all with a base of marble. On entering the store, to the left will be found the soda fountain and its handsome counter and stools. Extending from this and running back along the north side of the store will be show cases, and back of these, along the wall, will be shelving. Places for tables for the serving of ice cream will also be provided in this section. On the opposite side, the scheme of arrangement will be similar, except that in place of the fountain will be located the cigar department. In about the center of the store will be located a group of show cases placed in U shape, while nearer to the front will be a smaller and oblong-shaped case. At the rear of the room, at the prescription department partition, will be the wrapping counter.

The fixtures will be supplied by a St. Paul manufactory represented by J. H. Roberts, who has been in the city for several days going over the details with Mr. Stafford. The concern makes a specialty of this class of work and has filled notable contracts in the country, where it will also equip the two new bank buildings with their furnishings. It has been decided that the arrangement of the store will be practically as outlined here, but there are numerous other details which will enter into the work that have not yet been settled. Mr. Roberts, however, guarantees that there will be no handsomer drug store in the peninsula.

Mr. Stafford is to move from his present location, which the concern has occupied for thirty-three years, because of need of more room. The stand which is now the location of the business is about 60 by 20 feet; the new quarters will be 80 by 27, both being exclusive of the second floor and the balcony.

The stock at the new store will be arranged materially different from the scheme in vogue at the old, the idea being to make the place literally a "department" drug store as well as the handsomest business quarters in the city. Throughout, the stand will be thoroughly metropolitan and something of a revelation to many Marquette people.

The G. L. A. to the B. of L. E. are requested to meet at the home of Mrs. Jackson, Sixth street, next Monday evening, as business of importance is to be transacted.

### GRAND OPENING TONIGHT.

John Plattenberg will give a grand opening tonight at his new saloon in the L'Huillier block, Washington street. All are invited. (3-8-14)

Rocky Mountain Tea taken now will keep the whole family well. If it fails, bring it back and get your cash. 35 cts. Stafford Drug Co.

### DELAY FOR ORE BOATS.

Vesselman Predicts Greater Trouble Than Last Year—Amen Rates.

"There is absolutely nothing going on as far as season lake freight rates are concerned," said a prominent Cleveland vessel owner who was in Detroit this week. "Both sides at the present time are standing solid, the three big shippers who have not as yet done any chartering are holding off and not offering better than 75 cents from the head of the lakes. Owners are not touching it, and prefer to take their chances running with rather than tie up at less than 80 cents on season contracts."

In speaking of the situation generally, the Clevelander said the delays at Lake Erie receiving ports during the coming year are going to be even worse than they were last year; that by the opening of navigation twenty-six of thirty-three new boats will be ready to go into commission, making an average added carrying capacity over last year of about 125,000 tons every ten days; that the handling facilities have not been increased; that cars will again be short, as enough cannot now be secured to carry the ore from the docks to the furnaces and many furnaces in the valleys are idle on this account.

He says there will be an enormous increase in the material to be shipped and that despite the indications for an early opening, there is but little fear that owners will be obliged to take less than 80 cents. "In fact," he says, "there is every reason to believe that the rates will be as good, if not better, than they

### ARTISTIC PRODUCTION.

Mme. Modjeska and Louis James in "Henry VIII" Last Night.

The production of "Henry VIII" by Mme. Modjeska and Louis James drew out the best of the audience in years to come. The opera house last evening and was productive of an ovation to the two famous theatrical stars that will cause them to remember their appearance in Marquette with pleasure.

Mme. Modjeska's Katherine of Aragon mature talent, genius and fine culture of the famous Polish actress are splendidly adapted, and her conception of the character was artistic from every standpoint.

The Cardinal Wolsey of Mr. James was a most finished one. The part is one of the most difficult of all Shakespeare's characters, yet the actor gave it a mastery impersonation. He reads his sonorous lines with beauty and definiteness, his elocution wonderful in purity and his demeanor and gestures are significant of well-rounded art. Mr. James' personality, perhaps, would be better suited to lead the regal role than that of the cardinal, but from a histrionic standpoint his portrayal of the difficult character was an artistic success and he well shared in the honors with Modjeska.

The support was an excellent one, and one considerably above the average seen here in productions of like character. Especially good was Norman Hackett in the title role. He reads his lines in pleasing manner, plays the part

### FIREMEN'S BALL.

Morse Hose Company Completes Arrangements for the Affair.

Morse Hose company, which some time ago announced its intention of giving a big ball on Easter Monday, has completed the arrangements of the affair, which the firemen propose to make one of the greatest events of the kind ever held in Marquette.

Primarily, the dance will be given for the purpose of raising funds for expenses at the Negaunee tournament and also for the running team which it is likely will be entered in the contests by the local company, but the social feature will not be overlooked. The complete Ideal orchestra will furnish the music, which means that it will be of the best; Joe Hogan will be promoter, and supper will be served at Prince's. The tickets for the ball will be one dollar. The committees have been selected as follows: Arrangements—T. J. Maney, T. J. Downs, Martin Delaney, John Siegel and Phil Hopkins.

Reception—M. V. Mullaly, J. J. Donovan, J. A. Rivers, C. M. Gooding, C. A. Egger, John Mangum, W. A. Ross and Joseph Neidhart. Floor—Frank LaBouly, Peter Donovan, Joseph Primeau, A. Ludington, J. A. Butcher, S. J. Patenaude, Thomas Devine, D. H. Mullaly and P. F. Mullaly.

### COPPERS HOLD FIRM.

Profit-Taking Finds All the Offerings Very Well Taken.

Reviewing yesterday's Boston market, Paine, Webber & Co. said: "Timid traders took profits on copper stocks this morning and caused a slight check in the advance. All offerings were taken, however, and the market held up to about the best prices. At the closing tonight it looks as if the market would get another good lift either tomorrow or the first of the week. The January trade statement shows that 35 per cent of the United States copper production is now being exported. This indicates that consumption of copper is to be considerably larger at the lower prices and the result of this will naturally be advancing prices. There were sales of Lake copper today at 12 1/2 cents."

Hayden, Stone & Co. wired the Laidley Commission company: "Central continued its advance today, reaching the new top price of 25. Trinity holds yesterday's advance very well. United States Mining and Utah were very well bought. We think insiders in the Bigelow stocks are bullish, but the issues rally easily when the shorts try to cover, as was seen in Oceania today. Copper Range is dull, but is expected to be taken in hand shortly. Mass B being continually manipulated on the up side."

Chicago Grains. W. H. Laidley & Co. said of the Chicago grain markets:

"Although the cables were considerably higher than our advance of yesterday, the wheat market opened slightly under yesterday's close. Reports of slight rains in Kansas caused a little easier feeling, but upon their denial and continued bull reports from winter wheat, the market turned strong and closed at about the best prices of the day and 1/2 cent over yesterday's close. The receipts here and in the Northwest were light. The primary receipts and shipments were light. The Modern Miller was bearish. Complaints are very numerous and persistent of damage to winter wheat in the Southwest from drought and high winds, and as long as these continue higher prices may be expected, but a break in the dry spell would bring materially lower figures."

Corn opened at about last night's figures and remained dull and uninteresting during most of the session, but toward the close it turned stronger, in sympathy with wheat, and closed at the top and 1/2 cent above last night. The receipts here were fair and the primary receipts and shipments were light. We would sell corn on the bulge. "Oats opened quiet and lower, but turned stronger in sympathy with other grains, closing 1/2 over last night. We would buy May oats on the breaks."

New York Stocks. Dick Bros., in a dispatch to Paine, Webber & Co., said of the New York stocks: "The market was very strong this morning, being helped by the withdrawal of \$1,250,000 of gold, which was engaged for export. Later traders checked the advance by selling in anticipation of an unfavorable bank statement. Colorado Fuel & Iron and some other specialties scored a sharp reaction. The leading railroads received fairly good support. There was very little news. Mexican National advanced on rumors of the purchase of Southern Pacific, and Colorado Southern ran up on rumored absorption by Atchafalaya. There was more or less short covering in the transactions, and the pools in Southern Pacific, Mexican Pacific and other stocks were buyers of shares sold at higher prices. Profit-taking caused a reaction in T. C. I., while expectation of an unfavorable bank statement for tomorrow made the sentiment rather bearish at the close."

### REPRESENTATIVE GORDON EXPLAINS.

PURPOSE OF THE SUIT BROUGHT BY HIM AGAINST A LANSING BANK IS THE RECOVERY OF MONEY PAID ON A DUBIOUS CHECK.

Much has been heard of late concerning a suit brought against a bank at Lansing by Hon. John R. Gordon for a sum of money, stated to have been \$1,000, on a check purporting to have been drawn by him, and various constructions have been placed on the proceeding and the motive behind it by newspapers of both peninsulas. Tuesday's News of Detroit contained an interview with Mr. Gordon, furnished the paper by its correspondent at Marquette, bearing on the matter, which is here reproduced.

"Yes, I have brought suit against the Lansing State Savings bank to recover money paid out by the bank on a piece of paper purporting to be a check drawn by me, the suspicious appearance of which should have caused the bank to question its genuineness," said Hon. J. R. Gordon to your correspondent when he was asked for the facts relative to his suit against the bank named. "I had money deposited in the bank for safe keeping. For use as I needed it in certain transactions of mine at Lansing. The duty of the bank toward me was to hold my money until it was drawn on by me. I had here a deposit in that bank for three years and had made many drafts against the balance, so the bank officials were sufficiently familiar with my way of making a check to have had their suspicions aroused when a draft irregular in form, undated and made payable to nobody, and on no specified account, was presented, even though the signature appeared to be mine."

"Here is an exact duplicate of the check, but on the form of another bank, that used having been on the Lansing State Savings bank."

*Marquette, Mich. No. 100*  
*First National Bank*  
*Pay to the order of*  
*Nine hundred and seventy Dollars*  
*J. R. Gordon*

"Especially was the bank culpable in that it made no effort to ascertain whether the check was genuine or not, knowing that I could be reached by telephone within a few minutes, as I was in Lansing at the time. I have given you the bare facts, and don't care to go into details at this time. I am not accustomed to trying law cases in the newspapers."

In response to the question if there was anything behind the legal action, Mr. Gordon said: "Well, yes, quite a story. But I am not prepared to give it to you now. The facts will come out when the case is brought to trial and as they will be obtained under oath there will be no garbling of them to suit the needs of persons who feel uneasy about their connection with the affair. Will there be others? Yes, I can say there will, and I don't mind saying that the entanglement is pretty certain to result in one or more criminal prosecutions. Of what nature, you ask. Well, that would be telling again. I have told you all I really can at this time. The News will get the whole story when the case is tried and the subsequent proceedings are instituted, and I know the enterprise of The News too well to doubt that it will let anything get away that is worth printing."

The cut shows a fac-simile of the disputed check, with the name of the bank omitted.

were last year, late opening and all taken into consideration."

### CONCERT TONIGHT.

The assembly room of the city hall will be the mecca of the lovers of music this evening. The attraction will be the concert arranged by the senior class of the high school, and it promises to be an exceedingly delightful treat. The program comprises both instrumental and vocal numbers, and will be participated in by representatives of the best talent in the city, those listed for selections being: Professor Kluge, Mlle. Olivier, the Misses Norma Ross, Johnson, Jessie Williams, Hazel Bowron, Hazel Tucker and Wilkey, and Messrs. George Tucker, Allen, Ormsbee, Powell, Connell and Reynolds. There will be singing, as well as selections on the piano, mandolin and banjo, and Professor Kluge will render two particularly fine pieces on the violin, these being "Fantaisie II Travertera" by Vardi and "Fantaisie Ballet" by De Beriot. The admission prices will be fifteen and twenty-five cents and the concert will commence at 8 o'clock.

### HIGH PRESSURE DAYS.

Men and women alike have to work incessantly with brain and hand to hold their own nowadays. Never were the demands of business, the wants of the family, the requirements of society, more numerous. The first effect of the praiseworthy effort to keep up with all these things is commonly seen in a weakened or debilitated condition of the nervous system, which results in dyspepsia, defective nutrition of both body and brain, and in extreme cases in complete nervous prostration. It is clearly seen that what is needed is what will sustain the system, give vigor and tone to the nerves, and keep the digestive and assimilative functions healthy and active. From personal knowledge, we can recommend Hood's Sarsaparilla for this purpose. It acts on all the vital organs, builds up the whole system, and fits men and women for these high-pressure days.

### CAN YOU IMAGINE

a speck of matter 1-100 of an inch in diameter? Some of the atoms in the human lungs are no bigger than that. When you have a cold, these tiny cells are clogged with mucus or phlegm. Allen's Lung Balm, in curing a cold, clears the tiny air-passages of mucus matter and breaks the inflammation in the bronchial tubes.

### SUNDAY AT THE CHURCHES.

St. Paul's cathedral—Holy communion at 7:30 a. m.; matins and sermon, at 10:30 a. m. Subject, "Do We Understand the Eucharist as the Apostles Did?" Sunday school, 12 m.; evensong and sermon, 7:30 p. m. Subject, "The Effect of Bad Temper."

Methodist—The pastor, Rev. E. A. Elliott, will preach morning and evening. Morning subject—"What Is It to be Spiritually Minded?" Evening subject—"In What Sense Is Christ Divine?" Epworth league meeting at 6:45 in the church parlors.

St. Margaret's Mission (Episcopal), South Marquette—Sunday school at 2 o'clock p. m.; evensong and sermon at 7:30 p. m. Subject, "The Epiphany." Rev. Hugh Spence officiating.

German Lutheran church, Ridge street—Services at 7:30 o'clock in the evening, with preaching by the pastor, Rev. Carl Appeler. All are invited.

First church, Christ Scientist—Service Sunday at church hall, 100 Spring street, at 10:30 a. m. Subject, "Substance." All will be welcome.

### IN THE CIRCUIT COURT.

In the circuit court yesterday in the case of H. O. Young vs. Archibald Campbell, a decree was filed awarding the plaintiff costs and directing the payment of \$306.25 to abide the decision in another case, entitled Archibald Campbell vs. Nast & Karger. In the latter case the plaintiff was awarded \$200 and the defendant \$106.25. The money was paid over and the cases finally adjudicated.

The case of F. B. Spear vs. the Davis Mining Co. was continued until the next term of court.

# DEPOSITING BY MAIL.

Send your deposits by Bank draft or check or by postal or express order.

Should this be your first deposit, we will send you a pass-book by return mail. We will also send you full information concerning future deposits and withdrawals.
