MARQUETTE, MICH., MAY 9.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

And now we are told that ex-Senator Joe Weiss will "handle the details" of the Stearns campaign in Wayne county.

It seems to be the opinion of Candidate Stearns that the people of Michigan cannot have needed legislation or honest politics unless he is permitted to provide it and pay the bills.

Would Mr. Stearns be willing to pay the entire expense of running the state government for the next two years on condition that the people of Michigan make him governor?

Comparatively recent legislation has done much toward bettering our currency system, but only the ultra-conservative among us, who resist improvement because progress in any direction calls for effort that entails exacting investigation and labor, will claim that it is as nearly perfect as it should be.

The South Shore train due at Houghton at 11:10 o'clock yesterday morning was delayed about fifteen minutes because of a broken axle.

August Lund, who was given a hearing before Justice Brand at Houghton Wednesday afternoon for assault with intent to do bodily harm less than the crime of murder, pleaded guilty and was fined \$200 costs.

Today the banks are retiring all the notes they can. The legal limit of \$3,000,000 is reached every day.

There is likely to be a wholesome shaking up of the police department at Lansing as an aftermath of the litigation in which Representative Gordon of this city figured as complainant against a bank there which cashed what purported to be a check given by him to the proprietor of the Downey House.

Yon never heard of any one using Foley's Honey and Tar and not being satisfied. Sold by People's Drug Store.

COPPER COUNTY

(Additional)

COPPERDOW BREVITIES.

Mrs. W. W. J. Croze of Ely, Minn., is visiting Mr. and Mrs. Joseph Croze at Houghton.

A marriage license was issued at the county clerk's office yesterday to John A. McPhail and Miss Mary Roberts, both of Calumet.

General Manager W. F. Fitch of the South Shore road was in the copper country Wednesday and inspected the Mineral Range branch.

J. W. Mott left Houghton yesterday afternoon for Chicago. The Postal Telegraph office at Houghton is now in charge of Mr. Fiebig of Green Bay.

W. H. Closs of Hancock reached Liverpool on the steamer Oceanic Wednesday. He will visit in Cornwall for the first time since his boyhood days.

The Lake Linden regular bowling team was defeated two out of three games at Miller's alleys, Calumet, by the Calumet bowlers Wednesday evening.

At the meeting of the Knights of Pythias at Hancock Wednesday evening the third rank was conferred upon two esquires. The usual spread followed.

A dancing party will be given at the Lake Linden city hall tonight by the young men of the village. It will be an informal affair for which Dix's orchestra will furnish the music.

The delinquent tax sale is now on at the county treasurer's office. About 300 descriptions of lands on which taxes for the year 1899 and all previous years were not paid have already been sold.

The Lake Linden Odd Fellows have been invited by Hecla lodge of Calumet to attend the celebration of the eighty-third anniversary of the order to be held at Calumet May 29.

Charles Strobel of Houghton who will build five houses in West and East Houghton has given the contracts for one of them in West Houghton to W. T. Hooper. The contracts for the other four will soon be awarded.

The steamer Minnesota finished unloading coal for the Wolverine mine at the Mineral Range docks yesterday and its place was taken by the towbarge Our Son which has a cargo of hard coal for Paul P. Rheoem of Calumet.

It was said yesterday that the transfer of the majority of the stock of the Peninsula Electric Light & Power Co. held on option by W. G. Rice of Houghton, to Stone & Webster of Boston was formerly made in Boston Tuesday afternoon.

It is said that a cow took after a Calumet schoolman who was unfortunate to have a red waist on the other day and that a lively chase ensued. The girl finally escaped. She has discarded the waist to prevent another exciting experience of the kind.

The Congregational church at Hancock which has been undergoing some extensive improvements will be ready for services Sunday morning. The choir loft has been enlarged and the interior of the edifice redecorated.

CRUTCH-BOUND

The crutch is a poor substitute for legs, and affords a very inconvenient and tiresome mode of locomotion.

When Rheumatism settles in the bones and muscles of the legs, it is safe to predict that the victim will eventually become helpless and crutch-bound.

The acid poisons that produce rheumatic pains form in the blood, and are distributed through the system, and lodged in the arms, shoulders, hands, back and feet, or other parts of the body—resulting often in total disability.

A permanent cure of Rheumatism can be effected only by a complete cleansing of the blood, and no other remedy so surely accomplishes this as S. S. S.

It neutralizes the acid effects, purifies and invigorates the stagnant blood, and the gritty particles are washed out or dissolved.

Write for our special free book on Rheumatism, and if any medical advice or other information is wanted, our physicians will gladly furnish it without charge.

1st. We sold the Independence Crude Oil and Mining Company's stock at 10 cents per share.

2nd. We sold the Verde King Copper Company's stock fifteen months ago at 15 cents per share, and to-day it is worth par.

3rd. We sold the Lincoln Gold Mining and Milling Company's stock one year ago as low as 10 cents. To-day it is worth 35 cents and we hope will soon be on the dividend list.

4th. We sold the American Gold and Copper Company's stock less than a year ago at 15 cents per share, which paid its first dividend last October and is a steady dividend payer and worth 50 cents.

5th. We have just sold 200,000 shares of the Mina Grande Mining and Milling Company's stock, of Sonora, Mexico, at 15 cents per share. Watch and see if it don't reach 50 cents by January 1st.

6th. We will, on the first of May, offer the first issue of the stock of the Poland Extension Gold Mining & Milling Co. at 25c per share, the price being based on the actual cash value of the company's property.

Watch for the 20 good reasons why the shares of the Poland Extension Gold Mining and Milling Co. are the best investment on the market.

P. F. P. Mueller Will Build Addition to East Houghton School. Paul F. P. Mueller, the Chicago and Houghton contractor, through his copper country manager, Herman Gundlach, has received the contract to build the addition as planned to the East Houghton school.

WANT SIDEWALKS.

Residents of Osceola Petition Hancock Council to Lay Them. The residents of the Osceola addition to Hancock being very desirous of having substantial walks built in their part of the village asked the council at its meeting Wednesday evening to build the necessary walks at the expense of the property owners in the addition.

RAILS FOR PHOENIX ROAD.

The steamer Schuykill of the Anchor line arrived at Dollar Bay yesterday. The boat brought several carloads of railroad pipe for the village of Lake Linden and the rails are being used for the Phoenix road.

MEETS OLD CHUM.

Frank Campeau, the young man who takes the part of "Tony" in "Arizona," which was presented at the Calumet theatre Wednesday evening, is an old Phoenix acquaintance.

FOOD PRICES HIGH.

Eggs in the copper country are now retailing for twenty cents a dozen. Patatoes are selling for \$1.50 a bushel and apples for 75 cents a peck.

BALL GAME SATURDAY.

The Lake Linden high school baseball team has challenged the Hancock high school for a game to be played at the Hancock park Saturday afternoon.

WILL VISIT COPPER COUNTRY.

Charter of the steamer Manitou has been made for a round trip to Duluth, the north and south shores of Lake Superior and the copper country by the Retail Coal Dealers' association of Illinois and Wisconsin.

WILL LOAD WITH COPPER.

Before clearing Portage lake the steamer New York will take on copper at the Dollar Bay smelters. Nearly every Buffalo boat of the Union Transit, Anchor and Western lines which has visited Portage and Torch lake points so far this season has taken all the way from 200 to 1,200 tons of copper away.

WILL CURE CONSUMPTION.

A. A. Herren Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages."

MAY LOSE AN EYE.

Daughter of Frank Falerios Suffers Bad Accident in Childish Fooling. Last Friday a very unfortunate accident occurred to the seven-year-old daughter of Mr. and Mrs. Frank Falerios of Lake Linden at the Holy Rosary school which will likely result in the child losing its left eye.

INSTALL A CATCH BASIN.

Old Reservoir on Ravine Street Liabie to Be Taken Out. All the year round there are several streams running down the Quincy hill and the water for the most part is run off into catch basins.

APRIL TRAFFIC HEAVY.

Commerce Through Portage Lake for Last Month a Record Breaker. Because of the early opening of navigation this year the traffic through Portage Lake for the month of April was heavier than for any other month of any previous year in the copper country.

RETURNS FROM THE WEST.

Attorney W. A. Bateman has returned to Calumet from a western trip. He went West principally to visit different mines in which Calumet people are interested.

BUILD CONCRETE SIDEWALKS.

Hancock may have concrete sidewalks built hereafter if the council carries out its intentions. The matter was informally talked over at the meeting Wednesday evening.

L. J. POWERS HAS RESIGNED.

Frank Barrett formerly in the employ of Manager Miller of the Western Union Telegraph office at Houghton, is expected in Houghton this week to take the place of L. J. Powers, resigned.

MEETING OF A. O. U. W.

A regular meeting of the A. O. U. W. lodge of Houghton will be held May 26. Delegates from the other lodges in the county will be met at that time.

DANCING PARTY TONIGHT.

The Houghton Light infantry, Company G, will give the first of a series of informal parties at the army this evening and all who attend are assured of a good time.

HOLDS UP A CONGRESSMAN.

"At the end of the campaign," writes Champ Clark, Missouri's brilliant congressman, "from overwork, nervous tension, loss of sleep and constant speaking I had about utterly collapsed."

UNITED COMMERCIAL TRAVELERS

Association of American Grand Council of Michigan, Flint, Mich., May 16th-17th, 1909. For the above occasion the D. S. S. & A. R. Y. will sell tickets to Flint, Mich., and return via Mackinac City at greatly reduced rates.

WOLVERINE IN GOOD SHAPE.

New Mill Will Make Possible an Increased Production. When the new coal docks at Traverse Bay for the Wolverine mill are completed the fuel can be unloaded from vessels at that place and it will mean a big saving in the cost of transportation.

MUCH STOCK HELD IN CALUMET—INTERESTING FACTS ABOUT PROPERTY.

While at Calumet yesterday the writer was called into an interesting interview with Gordon R. Campbell, secretary of the Calumet & Arizona Mining Company, says S. J. Beahan in the Hancock Evening Journal.

HOPE TO STRIKE BALTIC LODE.

There are hopes of striking the Baltic lode on the St. Mary's Mineral Land north of Hancock. Exploration for the Baltic vein was recently definitely located. There is a question of course whether the lode continues that far south and whether it is well mineralized.

JOHN STANTON ON COPPER.

John Stanton, at New York, yesterday concluded a long interview on the copper situation as follows: "It has not been my good fortune to see conditions better than they are today for a long time, nor a better future promised, and I am content to let the situation take care of itself for the present."

NO LOSS OF TIME.

I have sold Chamberlain's Colic, Cholera and Diarrhoea Remedy for years, and would rather be out of coffee and sugar than it. I sold five bottles of it yesterday to threshers that could go no farther, and they are at work again this morning.

FUNSTON TOLD A LIE

CARMACK SAYS KANSAN'S STORIES OF AGUINALDO ARE FALSE.

PHILIPPINE WAR DENOUNCED

TENNESSEE SENATOR INDULGES IN PERSONALITIES.

Attacks Dulliver and is Called to Order by the Chair—Good Feeling Restored by an Apology All Around.

Washington, May 8.—In the senate during a discussion of the Philippine bill, Senator Carmack, of Tennessee, made a bitter denunciation of General Funston, declaring that when Funston said Aguinaldo had burned 300 people alive at one time he told a "deliberate and premeditated lie." Senator Carmack continued at some length in his denunciation of the conduct of the war in the Philippines. He was frequently interrupted by the Republican senators, who cited reports of General Chaffee and other authorities to disprove the allegations against the American troops.

Dulliver Defends Army. Senator Dulliver, of Iowa, followed in a speech in defense, he said, of American boys in Samar. He said that in some distant day we might retreat from the Philippines but the retreat would not be conducted by the men who had stained the uniform of the army in the senate. We might at some future day go back to the islands to gather up the bones of our dead, but he did not want an opportunity afforded to the relatives of those dead, even to intimate that they had lost their lives in a dishonorable cause. Senator Dulliver read an editorial from a Memphis paper denouncing Senator Carmack's recent speech on the Philippines and commented on the article.

Senator Carmack retorted that when Senator Dulliver's language was not witty his gestures were ridiculous. He resorted to some personalities in referring to Senator Dulliver and was called to order by Chairman Hoar. The chair ruled Carmack's language out of order and it was withdrawn. The exchange of personalities between the Iowa and Tennessee senators then ceased. Almost immediately Senator Carmack walked over to Senator Dulliver and shook hands with him cordially. After chatting a minute or two in evident good feeling, the Tennessee senator stepped down to the desk of Mr. Hoar and shook hands quite as cordially with the venerable senator from Massachusetts. Thus the sharp debate between the senators was ended in perfect good humor.

GOES TO HAYTI. Minister Powell is Called There by Revolutionary Troubles.

San Domingo, May 8.—United States Minister Powell, owing to the situation of affairs here, has suspended all intercourse with the revolutionary government and is preparing to leave for Hayti, to which country he is also accredited. His departure is due to the grave difficulties existing in Hayti, where the revolution is said to be in progress. The Dominican congress has been dissolved and a provisional government headed by General Horacio Vasquez has been formed.

BASEBALL SCORES.

Table with columns for League, Team, Score, and Innings. Includes American League and National League games.

National League. St. Louis, May 8.—The game was closely contested up to the ninth inning. Duggles and Yerkes, opposing pitchers, broke about even. Brashers timely single in the ninth with two men on bases won the game.

Pittsburg, May 8.—Fine pitching on both sides. Sheckard's playing was the feature. He batted in two runs, caught six flies and shut out a run at home by a throw in from deep left.

Cincinnati, May 8.—Hahn pitched superb ball allowing but six hits and three were scattered. A bunch of hits in the third netted the locals their runs. Pittinger pitched nice ball.

Chicago, May 8.—The locals found Sparks very easy today and battered him all over the field. Tinkers' fielding was a decided feature.

Western League. Milwaukee, 4; Des Moines, 2. Kansas City, 6; Colorado Springs, 5. St. Joseph, 3; Denver, 4.

BIBLE SOCIETY HAD GOOD YEAR. New York, May 8.—A statement presented at the annual meeting of the American Bible society today shows the receipts for the past year, \$433,173 and the cash balance, \$29,329.

AMERICAN JOCKEY WINS. Paris, May 8.—At Longchamps today J. Reiff, the American jockey, today shows the receipts for the past year, \$433,173 and the cash balance, \$29,329.

WILL MEET IN JULY. St. Paul, May 8.—The Minnesota Republican state convention will be held in this city July 1.

THE BIGGEST EVER

NEXT MEETING OF GRAND ARMY WILL BE MAGNIFICENT.

SPECIAL FEATURES WILL BE HAD

PRESIDENT IS HEARTILY IN SYMPATHY WITH THE MOVEMENT.

Military Pageants, Erection of Court of Honor and Dedication of Monument to Founder of Order in the Program.

Washington, May 8.—The calculations of the committee lead to the belief that the next national encampment of the Grand Army in this city will be attended by a larger crowd than at any previous encampment and will surpass any gathering of any nature ever held in Washington.

Preparations based on these calculations are going forward. As a special feature of the encampment it is proposed to decorate all public buildings on a scale hitherto not attempted; erect a court of honor in front of the White House; have parades of the regular army, the militia, and the sons of veterans in addition to that of veterans; have a military pageant representing the successive wars of the United States; dedicate a monument to Dr. Stephenson, the founder of the G. A. R. and lay the cornerstone of the memorial bridge across the Potomac.

WON HANDICAP AT TARGETS. New York, May 8.—Charles W. Flood, of this city, won the Grand American handicap at targets from a field of ninety-one contestants in the Interstate Park, at Queens, L. I., today. He stood on the eighteen yard mark and out of one hundred targets broke ninety-four.

SENATE APPROVES OF EVANS. Washington, May 8.—The senate committee on commerce today decided to unanimously report a favorable nomination of Hon. H. Clay Evans as consul general to London.

BROKERAGE FIRM SUSPENDS. Louisville, May 8.—Hunt and Hutchings, one of the largest brokerage commission firms in the city and a member of the Chicago Board of Trade, suspended business this morning.

CENSUS OFFICAR ARRESTED. Washington, May 8.—H. A. Barrows, late the distorting officer of the census bureau, was arrested today, charged with the embezzlement of \$7,500 in government funds.

CUT RUNNING TIME. Chicago, May 8.—The Pennsylvania road will cut the time between New York and Chicago to seventeen hours. The new service will be inaugurated about June 15.

For clerk of the supreme court Chas. Mamer of Chicago and A. D. Cadwallader of Lincoln were named. Before the result of the vote was announced, on motion of Cadwallader, Mamer's nomination was made unanimous.

For treasurer Fred A. Buss of Chicago, was nominated by acclamation. For superintendent of public instruction Alfred Bayliss of Sreator; Walter R. Kinzie of Tamara, and Mrs. Hester M. Smith, of Mound City were placed in nomination. The first ballot resulted as follows: Bayliss, 653; Smith, 170; Kinzie, 690. Mrs. Smith's name was withdrawn and the second ballot nominated Bayliss, the vote standing, Bayliss, 842; Kinzie, 674.

For university trustees these were named: Mrs. Laura Evans, of Christian county; William B. McKinley of Champagne; Albert L. Ebert of Cook; Professor F. M. McKay of Cook; Dr. Charles Davidson of Cook; Mrs. Anna Chacey of Montgomery; L. E. Kerrick of McLean county. The ballot resulted in the choice of Mrs. Evans and Messrs. McKinley and Kerrick.

The following central committeemen at large were named: Loss Brown of Cook county; E. H. Morris of Cook; Alexander Johnson of DuPage; W. S. Cowan of Carroll; J. L. Edwards of Peoria; F. H. Rowe of Morgan; J. S. Neville of McLean; C. J. Lindley of Bond; J. H. Duncan of Union; A. J. Anderson of Winnebago; C. E. Sively of Fulton. The convention adjourned at 8:20 p. m.

After the adjournment of the state convention for the second, third, and fourth appellate court districts, nominated candidates for clerks as follows: Second—C. C. Duffy of Marshall; fourth, A. C. Mills Paugh of Metropolis.

DAVES WITHDRAWS. Springfield, Ill., May 8.—1:15 a. m.—At 11:30 o'clock tonight Charles G. Daves formally announced his withdrawal as a candidate for senator. He issued a statement expressing his gratitude to his supporters and the kindest feeling for his opponents.

Senator Mason said tonight he would succeed himself as senator and that he had made no effort to secure re-election. He spoke disparagingly of what he termed the unfair methods used in unseating the delegates, and predicted the ultimate effect would be the election of himself and the defeat of Lorimer for congress.

NEW YORK STOCK MARKET. More Cheerful Outlook in the Coal Fields Strengthens Prices.

Chicago, May 8.—The stocks recovered from yesterday's weakness today, although there was considerable uncertainty manifested in the prevailing sentiment. The more cheerful feeling over the anthracite outlook was responsible for a considerable rebuying by short sellers of yesterday, who professed confidence last night that a strike could not be averted.

The hesitation which developed in the market was due to a considerable extent to the unfair methods used in unseating the delegates, which presents an entirely new phase of the situation. The active coalers reflected to a misgiving after the announcement of the miners' offer to arbitrate, but they fell into comparative dullness. The whole market fell into dullness in the latter part of the day, while waiting for the announcement of the reply of the anthracite operators to the offer of the miners. The result is that the day's transactions were not much over half of those of yesterday.

Outside the Readings, the principal activity was in St. Paul, Union Pacific and the local traction. Southern Railway, Union Pacific and St. Paul were bought heavily for Western account, the attraction being attributed to the crop conditions. The advance in Louisville and Southern Railway met with realigning, the reports of an apparent contest between the two interests for control of coal lands increasing the disposition to sell. Illinois Central became strong, in contrast to its weakness yesterday, while the other two stocks were advanced.

NO FAST SERVICE FOR PRESENT. New York, May 8.—The New York City has decided not to put on a new fast train to Chicago at present. It was intended with this train to reduce the time to eighteen hours.

TODAY'S WEATHER. Washington, May 8.—The following is the weather bureau's forecast for Upper Michigan, St. Paul, continued cool Friday and Saturday; brisk north winds, Friday.

CHICAGO GRAIN MARKETS. Features of the Day in the Wheat, Corn and Oats Pits.

Chicago, May 8.—In wheat today there was only a moderate speculative trade, the commission house business being comparatively light, and the operations largely local and professional. The sentiment was rather more "bullish" than otherwise, and the closing showed a 1/2 cent gain. The cables did not reflect the sharp decline on this side yesterday. The movement was small and the cash demand fair, all of which tended to stimulate the market. The weather was most favorable.

In corn only a moderate speculative interest was manifested and the market was decidedly nervous. The cables were firm and the receipts and acceptances light. The shorts were the best buyers. The market closed with July 1/2 @ 1/4 better, and September 1/4 @ 1/4 higher.

Oats were easy early, but active, excited and higher later, the close being 1/2 @ 1/4 higher. Shorts did buying in all months.

The leading futures ranged as follows: July wheat opened at 74 1/2 @ 1/2; highest, 74 1/2; lowest, 74 1/2 @ 1/4; closed, 74 1/2. July corn opened at 60 1/2 @ 1/4; highest, 60 1/2; lowest, 60 1/2; closed, 61 1/4 @ 1/4. July oats opened at 35 1/2 @ 1/4; highest, 36 1/2 @ 1/2; lowest, 35; closed, 36 1/2.

Receipts and shipments were as follows: Flour, barrels, 23,000 29,000; Wheat, bushels, 33,000 168,000; Corn, bushels, 102,000 368,000; Oats, bushels, 234,000 315,000.

BLANK BOOKS MADE TO ANY STYLE. SATISFACTION GUARANTEED. PRICES THE LOWEST. C. A. Eggers, The Book Binder, Marquette.

JACOB ROSE advertisement featuring illustrations of men in suits and text describing the quality and variety of their clothing. Text includes: 'We were fortunate to obtain from Rogers, Peet & Co. and Gerson, Meyer & Co. their travelers' samples of Boys' and Children's Suits. We justly consider it a lucky stroke in taking away from the big city dealers that which they consider their iralienable rights, and we are much pleased to be able to offer to our customers an opportunity unprecedented in Marquette. Sample Suits are the models and represent the cream of style and workmanship. They ought to be worth even more than the stock suits which are copied from them, only they consist of but few suits of a kind. They are therefore sold each season by those makers to some of their agencies at 75 per cent. on the dollar, spot cash. To avoid confusion to our salesmen and customers as to their actual value and our present selling price, we marked them all at the regular retail price same styles are sold at our store or the stores of those makers in New York or Rochester, from which price we will deduct 25 per cent., giving to our customers the entire price benefit of our lucky purchase. 45 young men's double breast or round cut Sack Suits, blue, black or fancy mixtures, ages 14 to 18 years. 75 boys' double breast or round cut Suits, 2 cr 3 piece—Norfolks, Tuxedos and foxy Grandpa styles—in blue, black or fancy mixtures, ages 7 to 16 years. 60 Child's Suits—Sailors, Juveniles, Norfolks, Sailors and Tuxedo styles—representing the most fashionable styles for this season, ages 3 to 12 years. It will pay you to anticipate your future wants in the line of Boys' and Children's Clothing. A saving of 25 per cent, is a handsome return for a little premature outlay. JACOB ROSE.

VALUABLE DEVICES. L. J. Genett Invents Cuspidor Cleaner and Mixed Drink Strainer.

A simple and effective contrivance, designed to avoid the handling of cuspidors with the hands while cleaning them has been invented by L. J. Genett of this city. It is called "the sanitary spittoon brush." The brush is revolved by working the handle, to which it is fastened, up and down, and in this manner a spittoon can be cleaned with ease without putting hands into the contents. Another advantage of the brush is that the operator can work it standing upright and thus not inhale the odor. The device is made up strong and will last a life time. The rod is made of 5-16 round steel and is in one piece; it has a double spiral screw, with threads cut on one end and with two nuts whereby the brush is held. The length of the handle and rod is thirty-one inches. The brush is formed in the shape of the inside of a cuspidor, so that not only can the inner portion be cleaned, but also the upper flanged part of the spittoon. The device is simple and of no intricate mechanism bears a part in this useful device. It is operated entirely by the handle. After inserting the brush a slight pressure on the handle revolves it and in drawing the handle back the brush is reversed. The device can also be used for cleaning the bath room, and is of great value in the bath room. The article has been put on the market by Mr. Genett and his associate, Alderman Joseph Reau, and already is meeting with ready sale. In the local business houses where the brush is in service it is giving great satisfaction and is found to fill a long-felt want.

Another unique device invented by Mr. Genett, and in which Mr. Reau is also interested, is a contrivance which has been named "the bar-keeper's friend." By its use the contents of the glass are kept from falling out when a person is straining mixed drinks. The strainer has a big advantage over other strainers by having a rubber, or cork, in the center which bears on the inside of the glass-or whatever it may be used in-keeping the strainer from slipping out of the mixing glass. The device works on a hinge, and all that is necessary is to place it in a glass and the strainer will do the rest. It is made of the best sheet steel, and silver plated, and is an ornament for the bar.

CHEERY FEELING IN COPPERS.

Market Active and Strong, Helped by the Interview With Stanton.

The publication of an interview with John Stanton, in which he expressed great confidence in the copper market, helped the copper today, wired Paine, Webber & Co. from Boston yesterday. The market was quiet in the morning and active and strong in the afternoon. Mass advanced on a report of impending consolidation with the Adventure. There has continued good buying of copper, and it is anticipated. We feel very bullish on the copper and expect considerably higher prices. Hayden, Stone & Co. said: "There is quite a bit more cheerful feeling in the copper stocks and, money permitting, it is likely that the copper back of the market will be more active at advancing prices. Money however, is extremely stiff and there are no signs of improving conditions. Stocks are still slow of sale, even where there is great activity apparent. We have had good buying orders in Old Dominion from well posted buyers. Speculative energy is at a low ebb in New York, as well as in Boston." Slight Gain in the Cereals. W. H. Laidley & Co.'s summary of the Chicago grain markets was as follows:

"The reports of a good cash business done here yesterday and the failure of the foreign markets to respond to our break caused a firm opening, and later the market turned fairly strong, closing at a slight advance. The Northwest receipts are very light. The Northwest reports conditions there as almost absolutely perfect. We are getting yesterday wheat has had a good break, but we look for still lower prices. "Corn opened strong and higher, and closed at an advance of 5/8 over yesterday. The trade was generally supposed to be of the even-up order. The news was rather mixed, and the country continues to report very little corn on hand, and we are of the opinion that corn should be bought on all breaks from present figures. "The bulls took hold of May oats today and ran them up two cents a bushel, the market closing 7/8 over last night. They have been buying, and their actual goods and doubtless intend holding the prices as firm as possible. We think, however, that July oats are too high, and that they should be sold on bulges." Firm Tone in Wall Street. Dick Bros. in this to say concerning the Wall street stocks: "The market was irregular, but had a generally strong undertone after the miners decided to ask the operators to arbitrate their differences. This was generally taken to mean no strike. Money held steady around 8 per cent. Western interests were buyers of St. Paul, Union Pacific and Southern Pacific. The New York franchise tax law was declared constitutional, but the assessments of the local traction companies were somewhat reduced. The decision did not hurt the traction stocks except Metropolitan, which broke. Louisville & Nashville showed strength, and the Readings were generally strong. Copper advanced on good buying."

CITY BREVITIES.

Today's weather: Generally fair; cooler, brisk and high northwest winds. Yesterday's temperature: 7 a. m., 47 degrees; noon, 64 degrees; 7 p. m., 37 degrees; Maximum, 65 degrees; minimum, 37 degrees.

A joint meeting of the two wives of the L. O. T. M. will be held at Fraternity Hall on Saturday evening at 7:30 o'clock. On Wednesday evening Mrs. C. H. Winkler, of West Ridge street, was surprised by about thirty of her friends. The evening was passed pleasantly at cards.

Lovers of dancing are reminded of the fact that the Brotherhood of Railway Trainmen give a social hop at Fraternity Hall tonight. Good music will be in attendance and refreshments will be served. The proceeds will be applied to the benefit of a trainman who has been ill and unable to work for some time.

Mrs. H. C. Beasley and daughter, Mrs. Hettie Blankley, left yesterday for Ithaca, N. Y., where they will hereafter reside.

The wind yesterday reached a maximum velocity of forty-five miles an hour, and though it was off-shore it was of sufficient strength to kick up a heavy sea. A disagreeable feature of the blow was the small-sized sand storms accompanying it. No particular havoc was caused in this locality, but up the road the wind was reported to have raised hob with the wires, notably in the district about Nestora.

The funeral of the late Dr. A. Desjardins will be held this morning at 8 o'clock from St. Peter's cathedral. Following the services there, the cortege will proceed to Negaunee by team, the interment taking place in the Negaunee Catholic cemetery.

Miss Mary Ondotte returned yesterday from Au Train, where she has been teaching school. The term has expired and the school has closed for several months.

A business meeting of the Young Woman's guild of St. Paul's church will be held this afternoon at the residence of Mrs. W. S. Morgan, 714 Pine street.

A thoroughly enjoyable little party took place at the A. O. U. W. hall last evening. The Workmen installed the newly elected officers and had arranged that a smoker follow the business session, but at the conclusion of the work the ladies of the Degree of Honor swooped down on the scene with well filled baskets of eatables and the affair resolved itself into a banquet, followed by dancing until an early hour this morning.

Congressman Sheldon shook hands with friends here yesterday. The Ladies' Aid society of the Presbyterian church will meet this afternoon at 2:30 o'clock with Mrs. W. H. Williams, Bluff street.

The popular representative of the Woolson Spica company in this northern district is J. E. Burtless, not Burdick, as it crept into print yesterday. Mr. Burtless is arranging to remove his family here from Toledo, Marquette now being his headquarters.

The Ladies' Aid society of the Baptist church will meet with Mrs. Nels Flodin, corner of Front and Crescent streets, this afternoon.

Contributions of clothing, etc. for the Benevolent society may be sent on Saturday next to the home of Miss Macdonald, 119 East Arch street. The society is most grateful for gifts, but cannot provide another opportunity this summer to receive them.

Jacob Rose calls attention to a special sale of travelers' sample suits of boys and children's clothing. Note his ad elsewhere in this issue.

HARKEN YE.

To the Voice of Marquette People. If you will but listen to your friends and neighbors, they will tell you how the pains and aches of a bad back, the annoyance of urinary troubles, the nervousness, the restlessness that come from kidney ills, can be relieved and cured. Read what one Marquette citizen says:

Mrs. Wm. McLean of 433 Jackson street says: "There was a heavy aching pain across the small of my back and through the groin and a dull tired feeling all over me. The kidney secretions were irregular and highly colored. I could not rest at night, and rose in the morning feeling more tired and unrested than when I went to bed, I also suffered from spells of headache every few days in fact was rarely free from them. Seeing Doan's Kidney Pills advertised for just such troubles I procured a box from the Stafford Drug Co. and began to use them. I felt better after a few doses and continuing the treatment I was cured."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

the court house building committee arranged to be held Saturday has been postponed until next Wednesday, the 14th, at 11 o'clock a. m.

Anna O. Holthe of Muskegon, deputy of the great commander of the L. O. T. M., will remain here until after the convention in June.

The lecture to be given at the Methodist church this evening by Dr. Downing, of the Normal, is the last of the course. Its subject will treat of the animal life to be found in a drop of water, and the speaker's remarks will be illustrated by means of a stereopticon, with microscope attached.

Walter Fitch of Champion, chairman of the county board of supervisors, was in the city yesterday.

Mrs. W. S. Hill, who has been in Chicago for some time, is expected home this morning. She will be accompanied by Mr. Hill, who was called to Crystal Falls a few days ago on business.

Engineer Charles Evans, who has in charge the improvements to the gas system here, arrived yesterday from Appleton to be found in a drop of water, and the speaker's remarks will be illustrated by means of a stereopticon, with microscope attached.

John D. Holt and Miss Emma Corsan of Dayton, O., were married in the Brunswick House parlors Wednesday evening at 7:30 o'clock. Mr. Holt is connected with the Enamel Roof Paint company of Dayton, now doing work through the city.

E. C. Quarters, who has been conducting the Queen City Hotel for some time, has disposed of his interests in the hotel to Thomas McGuire and has purchased the residence at 616 North Front street. Mr. Quarters will hold a position upon the school board.

Marquette county people going to Detroit will always be sure of the best that can be secured in hotel accommodations, by putting up at the Hotel Brunswick, conducted by our old townsman, W. H. Volk. This hotel is one of the best in Detroit, and is conducted in the very best manner by one who knows thirty-five cents. See "ad" in another column.

It will be of interest to the Macca-bees here to know that three of the Port Huron tents have already voted in favor of sending expansion delegates to the meeting of the great tent, and it is very probable that the city will send a unanimous delegation to back Major Baynton, in spite of the fact that the supreme tent has its officers there, and that its officers have done everything in their power to offset the Boynton influence.

Ionia county, however, will probably be solid against expansion, as indicated by the instructions already given. This is largely due because Fred Miller, Jr., great lieutenant commander and a resident of Ionia, is opposed to the order's going outside the state. Mr. Miller is in line for great commander.

HOW CHEAP BAKING POWDER IS MADE.

The Health Department of New York has seized a quantity of so-called cheap baking powder, which it found in that city. Attention was attracted to it by a low price at which it was being sold in the department stores. Samples were taken and the chemist of the Health Department reported the stuff to be "an alum powder," which analysis showed to be composed chiefly of alum and pulverized rock.

The powder was declared to be dangerous to health, and several thousand pounds were carted to the offal dock and destroyed.

It is unsafe to experiment with these so-called "cheap" articles of food. They are sure to be made from alum, rock, or other injurious matter. In baking powders, the high class, cream of tartar brands are the most economical, because they go farther in use and are healthful beyond question.

CLAIM FOR DAMAGES.

Mrs. Mary Wearne Fell on Sidewalk and Wants \$300.

The city has another claim for damages to settle. At the regular meeting of the city council held Wednesday evening Mrs. Wearne submitted a communication to the effect that she wants \$100 as compensation for injuries received as a result of a fall on a defective sidewalk on East Ridge street between Fifth and Sixth streets. The matter was referred to the committee on claims and accounts and the city attorney.

Walks and Streets in Bad Shape.
Several petitions were presented from taxpayers living in different parts of the city stating that the streets and sidewalks are not in the best of condition. Most of the petitions submitted asked that the thoroughfares and sidewalks be given attention soon. Residents of the location north of Lake Bancroft called attention to the poor condition of the road and asked that it be repaired, setting forth that at times the road leading to the houses is not passable. The petition was referred to the committee on streets and alleys, the board of public works and the city attorney.

No Funds for Street Building.
The building of streets and the repairing and building of sidewalks will necessarily have to be curtailed, owing to the lack of funds at the disposal of the committee on streets and alleys. The committee called the council's attention to this, but in spite of the shortage of money work on certain thoroughfares was recommended. The committee recommended that Lakes street from Division street to the Chicago & Northwestern tracks, also Division street west of Graham, be repaired. The Winthrop road from Section 16 mine to the Salisbury school is also slated for repairs and the sidewalk covering the same distance will be rebuilt. The report of the committee was adopted.

CLERKS WILL ENTERTAIN.
The members of the Clerks' association of Ishpeming look forward with no little pleasure to the evening of May 27, when they will entertain the members of the Marquette and Negaunee Clerks' organizations. At the regular meeting held last Monday evening committees were named to complete arrangements for the function. The members instructed the committee on music to engage the City Band orchestra for the evening. A musical and literary program will be rendered; a banquet will be served and the closing hours will be given up to dancing. It is expected that there will be a large number of visiting clerks from the neighboring cities present, as it is certain that all who turn out will have an enjoyable time.

GRACE CHOIR CONCERT.
The members of Grace church choir will soon begin selling tickets for the concert to be given at the opera house May 20 for the benefit of the choir. The program to be rendered will be of unusual merit and as a reasonable admission price will be charged the house should be packed to the doors. The reserved seat tickets will sell at thirty-five cents and the general admission will be twenty-five. The Ishpeming City band, also the Trombly orchestra, will assist with the program. Master Stephen Slaymaker will be heard in solos and other prominent vocalists of the city will also sing.

SCIATIC RHEUMATISM CURED AFTER FOURTEEN YEARS OF SUFFERING.
"I have been afflicted with sciatic rheumatism for fourteen years," says Josh Elgar, of Germantown, Cal. "I was able to be around but constantly suffered. I tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did and was immediately relieved and in a short time cured, and I am happy to say it has not since returned." Why not use this liniment and get well? It is for sale by The Stafford Drug Co.

STRONG FEATURES INTRODUCED.

Barlow Minstrels Will Present Some Novelty's Tomorrow Evening.

A stage setting representing a magnificent palace, every man costumed in rich and costly garments, bright colors that blend perfectly, and a maze of lights, all forming a picture new, novel and pleasing to the eye, is a faint description of the first part of the great Barlow minstrels, who appear at the Ishpeming opera house tomorrow night. Over two tons of special scenery, mechanical and electrical effects, are carried by the company, and the long list of well-known, high-price acts that go to make up the performance is a sure guarantee that it is what is claimed for it—the best minstrel company on the road.

AFTER THE GAMBLERS.
Mrs. Lena Pope, widow of the late Joe Pope, called on The Mining Journal representative yesterday and requested that certain statements be published in her behalf.

It may be news to many that just before the "Parson" took to his bed he had more or less gambling. At times it is said that he won large "pots" but often lost heavily. The night before he was taken down the widow says he left his place with \$550 in bank notes and \$27.75 in silver in his pocket. The next morning he returned without a dollar. Mrs. Pope makes the claim that Joe was cheated out of the money; that the game was not conducted on the square, etc.

The woman believes she has a good case against the men who were engaged in the game with her husband and says that if they do not at least pay her back the money Joe lost that night she will have them all arrested. She will also endeavor to have their names published. Mrs. Pope says she is in straitened circumstances, and has had a hard time getting along since her husband died. She is now in need of the money she will endeavor to recover. She also stated that one of the men who played in the game came to her a short time ago and paid his proportion of the sum she claims Joe lost.

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed, you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

ISHPEMING IN BRIEF.

Charles H. Moss was down from Houghton yesterday on a business mission.

The Trombly orchestra's next hop will be given on Wednesday evening of next week.

Miss Ida Reinke of Oskosh is in the city visiting her sister, Mrs. James A. Gaylor.

John Nolan is putting a new floor in his block at the corner of Cleveland and Second street.

Anthony Cooney is doing some diamond drill work at the Princeton mine. He went down from here a few days ago.

George Lord of Lansing, formerly of this city, was here yesterday in the interest of the building and loan department of the state.

A. K. Sedgwick returned to Ironwood yesterday after spending a week or so here on a business mission and incidentally visiting his people.

Eman & Swanson, painters, advertise for a couple of good workmen in this issue. Work in their line is picking up since the fine weather set in.

The Midwinter club will give a party this evening at the Andersen hall. There will be card playing and dancing. The former will take place in the dining room.

M. A. Kahn went to Michigamme yesterday to see his friend Marcus Levin, father of the young man whose body was recovered from the lake there by the life saving crew.

Several Ishpeming people plan on going to Republic Sunday. Excursion rates will be given on account of a baseball game to be played there between the Negaunee and Republic teams.

A shooting gallery will be opened tomorrow in the corner store room of the Voelker brownstone block. The business will be conducted there temporarily and the owner of the building is still on the lookout for a permanent tenant.

Miss Daisy Kirkwood, late of Chicago, is in the city spending a few days with old friends. She arrived with her brother Charley on Monday of this week. They will join their parents in Greenland within the next few days.

City Assessor J. H. Quinn will be at the city recorder's office until Tuesday evening next to receive taxpayers' statements. The assessor recently issued notices, sending them by mail to all persons who are supposed to furnish him with statements. He desires all who have received the notices to come around with their statements before expiration of the time specified.

Mrs. P. Peterson of Lisbon, N. D., is in the city visiting Alfred Johnson's mother. The lady formerly lived here. Her husband is in North Alaska, where he is interested in a number of gold claims. He has been out there for the past four years, having gone direct from this city. His wife expects to join him this summer. Both will return to this country next year.

WHAT WILL TASTE GOOD?

The Palate vs. The Stomach.

The average woman who considers what she shall eat, asks herself, "What will taste good?" She rarely remembers that the object of eating is to provide nutrition to sustain the body and that the palate does not determine the nutritive value of food.

It is true that natural food products, such as fruits, vegetables, etc., appeal to the palate and tempt it, and are the better therefor. The evil is that in what might be called artificial foods—foods not grown but manufactured; the palate is tempted by flavors, sauces and condiments to its own deception, to the injury of the stomach and the loss of nutrition.

is removed and the body restored to a condition of sound health. "I was troubled a long time with dyspepsia, torpid liver and constipation," writes Mrs. Julia E. Deal, of Ostwald, Iredell Co., N. C., "could scarcely eat anything at all; would have attacks of pain something like colic, and sometimes it seemed as though I could not live. I wrote to Dr. R. V. Pierce, stating my condition, and in a few days received a kind letter of advice, telling me to use Dr. Pierce's Golden Medical Discovery. I took four bottles, and one oval of Dr. Pierce's Pleasant Pellets, and now I can eat anything I want and it doesn't hurt me. I have not been in bed a day since I took your 'Golden Medical Discovery.' I have not taken any medicine in twelve months. I feel under lasting obligations to Dr. Pierce for my good health, for well do I know he is the one who cured me."

It is peculiar to Dr. Pierce's Golden Medical Discovery that it accomplishes cures which seem absolutely wonderful. The test of a superior man is his ability to do something which others have tried and have failed in doing. That is the test of a superior medicine. It is under this test that the astonishing curative power of "Golden Medical Discovery" becomes evident. When doctors and other medicines fail the use of the "Discovery" results in a lasting cure. Such a cure is illustrated in the testimonial of Mrs. Harrison, which follows:

"My sister (of Arlington, Washington Co., Neb.), was taken very sick and had several doctors," writes Mrs. C. L. Harrison, of Elk City, Douglas Co., Neb. "They could not do her any good and told my mother they would not come any more, as no doctor could help her, that she could not get well. She had 'wasting of the digestive organs.' My mother said to my sister, 'Well, I almost know that Dr. Pierce's medicines will cure her.' So she bought six bottles, three of 'Golden Medical Discovery,' three of 'Favorite Prescription' and some of the 'Pellets,' and now my sister is a 'well woman.'"

"I can say to you, one bottle of your 'Golden Medical Discovery' has cured me sound and well, after suffering two long years with stomach disease," writes H. Braswell, of McAdenville, Gaston Co., N. C. "My health is worth all the world to me. I will praise you as long as I live."

ARE YOU AN EXCEPTION? If you have disease of the stomach and its allied organs of digestion and nutrition, and are not cured by the use of Dr. Pierce's Golden Medical Discovery, you will be an exception to the rule. You may be one of the two per cent. instead of one of the ninety-eight per cent. who are perfectly and permanently cured. But the chances of cure are overwhelmingly in your favor.

OPTION ON MINERAL LANDS.

William Sedgwick Will Conduct Exploratory Work on Collins' Farm.

A deal which may have issue in much good for Negaunee has just been negotiated. William Sedgwick of Ishpeming has secured an option on the Collins farm, located northeast of the Maas farm, and will immediately begin exploring the tract.

It is the opinion of many of the more prominent mining men of the range that the big ore body which underlies the surface east of the city extends to, and possibly beyond, this farm. There are others who think differently, but one was discovered on the tract some years ago and it must be admitted that chances are strongly in favor of the existence of an ore body there.

There are three other farms near the Collins place, but these are not taken under option by the Ishpeming man. The Collins tract are included about thirty-five acres. Louis Corbett has forty-two acres down there; the Gauthier estate owns eleven and Charles Martel owns ten. The latter sold two acres of his tract to the Cleveland-Cliffs company at the time the other lands by the corporation a little over a year ago.

Opinion of George Maas. George J. Maas, who explored the lands now owned by the Cleveland-Cliffs company and who negotiated the deal which gave the corporation possession of them was seen yesterday by The Mining Journal representative. When asked his opinion as to the probable chances of a workable body of ore being discovered down there, he said:

"The tract is a most promising one. Some years ago local men, including late Dr. A. C. McKenzie, John Q. Adams and others, did some exploring in the ravine. They found some good ore and the general indications were very favorable. But they did not go far enough to reach the main body of ore. Had they known as much about the formations in that district as is known at this time they would not have stopped their work after sinking but a short distance from surface."

There is a good chance for the opening of a new range if the drill holes are put deep enough. I am satisfied that it is found that the deposits on which the other mining corporations are working extend that way they will not be encountered above the 1,000-foot mark. I think that the best results can be obtained by putting holes down on an angle to the north."

MINSTRELS TONIGHT. The Barlow Minstrels will be at McDonald's Opera House this evening. The organization travels in its own car, and so far as can be learned the company is one of the best of its kind that has been up this way in some time. Several of the performers do turns that possess unusual merit and the musical feature of the show is strong.

Weaver and Donna in their character impersonations of some of the most latest ballads. This clever team does one of the most novel acts on the stage today, and are acknowledged to be the greatest impersonators in this line. Their costumes are of the finest and most costly, and their lightning changes are so cleverly and quickly done that they call forth a chorus of applause.

WHERE COWS CONGREGATE. With the cows having entire freedom of the city they are at liberty to go where they please. There are certain places where the bovines congregate, much to the annoyance of many citizens. Opposite the Breitung House at the head of Iron street is a favorite spot for them. At times there are anywhere from ten to twenty cows around there. The sight is one that the guests and boarders of the hotel have become weary of. Some of the cows carry bells, which makes the annoyance the greater, particularly about daybreak when the people at the hotel do not care about being disturbed. The city fountain is also another favorite spot for the cows. It is not surprising that they go there on account of the water, but no one can understand what particular attraction there is in the vicinity of the hotel. The ground is bare and there is nothing to tempt them to that point.

THE GRADUATING CLASS.

Preparations Are Being Made for the Commencement Exercises.

Arrangements for the commencement exercises to be held June 1 are now about completed, though there is some work of minor importance still to be done. The exercises this year will be quite different from those in years past. Instead of each graduate having an oration the main feature will be an address by Charles McKenny, president of the Milwaukee State Normal school. The salutatory and valedictory by two members of the class will also be pleasing features of the entertainment. William Yates will be the valedictorian, the honor having been awarded to him because his average standing was higher than that of any other member of his class. Edward Pearson will deliver the oration. McKenny was selected by the members of the class.

The members of the class, besides the two young men mentioned are Lela Gilchrist, Emma Rowe, Mary Kirkpatrick, Anna Boyer, Myrtle Mitchell, Walter Hansen, Leslie Maitland and Grace Gopher.

It is probable that the exercises will be given at the opera house, as the high school auditorium will not be large enough to accommodate all who will want to attend. In years past very large gatherings have attended to the commencement exercises and it is likely that this year will be no exception. The lecture by Professor McKenny will be a treat, as he has a fine reputation as an orator.

ORDINANCE IN EFFECT TODAY.

Commencing today the bicycle riders of the city will have to conduct themselves more carefully than they have been doing hitherto. The ordinance governing the riding of bikes goes into effect today. At a recent meeting of the city council the marshal and his officers were instructed to see to it that the provisions of the ordinance are lived up to. Wheelmen will be obliged to have bells on their bikes at all times and at night there will be no riding through the streets of the city by persons whose wheels are not supplied with lamps.

All the riding on sidewalks is to be cut out entirely.

LOCAL LACONICS.

The members of the Whist club of Negaunee were entertained Wednesday evening by Mr. and Mrs. C. Yates at their home on Third street.

The Sporley Hardware shop has a job to offer a boy about sixteen or seventeen years of age. Applicants are asked to call on C. L. Sporley.

Isadore Powderwiski, who has been employed as clerk at Joe Lowenstein's store for some time past, goes to Champion to work for Levine & Davidson.

Jerry McCarthy of Elen, Wis., spent Wednesday afternoon with relatives here. He was at Lathrop buying timber and he ran up for a few hours before leaving for his home.

Gust Carlson, who has held the position of section foreman on the South Shore line at Eagle Mills for some time past, has resigned. He intends to leave soon for Hibbing on the Mesaba range, where he has a good job in view.

The members of the Eastern Star society have made full preparations for the dancing party to be given tonight at the Masonic hall. The ladies will be pleased to have all their friends to whom invitations have been sent come out. Good music will be provided and a nice lunch will be served.

The rock crusher and road roller arrived yesterday. Immediate steps will be taken to put them in operation. The roller will likely do its first work on the track to be used for the firemen's events at the tournament in August. The committee will go out soon to select a street on which to run off the races.

Joe Gregg, who is suffering from appendicitis, will not go to Chicago to undergo an operation for about two months. This is in accordance with the advice given him by Dr. Drechner, the specialist in that line, who was called here from Chicago to see him. Joe will be much stronger and better able to stand the operation in two months than he would be at this time.

NOTES ON.

Dorothy Vernon of Haddon Hall. By Charles Major, author of "When Knighthood Was in Flower." With Illustrations, by Howard Chandler Christy. New York: The Macmillan Company. Price \$2.50.

In his new novel, Mr. Charles Major has thrown down the glove to those writers of historical romance who have long since satiated their readers with bold adventures, promiscuous incidents, and bloodshed. To be sure in the first six pages of "Dorothy Vernon" the hero is killed; but this done in the most natural way possible, and then the author, speaking through the lips of Malcolm Vernon, gives us a pure love story, fresh in newly revealed episodes of both sexes, and delightful in incident and dialogue.

Champion.

CHAMPION WILL COMPETE.

A Track Team Will Represent the Local School in the Meet at Ishpeming.

The larger boys attending the Champion High school are manifesting considerable interest in the proposed upper peninsula athletic meet to be held at Ishpeming on Saturday, May 23. A track team has been organized and it is their intention to compete in several of the events. There are not enough athletes in the school to go into all the events, so that the local contestants do not expect to carry off the honors of the meet or anything of that sort. However, the boys expect to make a good showing. The team is composed of Albert Longlais, George Gill, Guy Wallace, Ben Levine, Charles Palm and George Belhomme. Levine will do the sprinting; Gill will tackle the hurdling and jumping; Belhomme will enter the bicycle races and will also do football punting. Longlais will enter some of the running and jumping events; Wallace will be numbered among the pole vaulters and punters; Palm will put the shot and throw the hammer.

He will meet promises to be the best ever had in this section. More teams are expected to participate than have taken part in any one heretofore held. Ishpeming has a strong team, but the boys have announced that they will not take part. They feel hurt because Dr. Sweetland was not given the superintendentcy of the school. The doctor is endeavoring to get them in line and it is possible that they will participate. Sweetland does not feel very much disappointed over his defeat for the superintendentcy. He is a "good loser" and he intends not to lose any sleep over it. He will not have the boys quit their athletic and football work if he can prevent it, as both teams are too good to go to pieces on account of a grievance of that kind. Sweetland takes the correct view of the matter and his friends will admire him the more for it.

IS NOW A DEPUTY P. M.

The Jackson Sunday Morning Patriot of a recent date had this mention of the appointment to the position of deputy postmaster there of a former resident of this place, Chas. E. Ulricksen, whose parents are still residing here.

"Dr. Hanna has made an appointment as assistant postmaster which will add to the business efficiency of his administration of the affairs of the postoffice. About the only thing open to criticism in the make-up of Charles E. Ulricksen is his politics. He has lived in Jackson twelve years, all of which time, with the exception of two years as superintendent of public works, he has been employed in two of the city's large business houses. He was a capable and efficient superintendent of public works, and will bring to his new duties at the postoffice the same qualities which have made him a valued man in every position he has ever occupied. Dr. Hanna has made no mistake in Mr. Ulricksen's appointment."

BALL WILL BE A HUMMER.

Mat McGowan, who had his back broken by a fall of ground at the Beauport mine on Monday last, was well known in Champion. He spent many years here before taking up his residence at Ishpeming.

William Williams recently gave up his place at the Champion mine and has located at Sault Ste. Marie, where he has obtained a good position. William Simmons, Jr., succeeds Williams as shift boss at the mine.

The members of the Champion football team are quite enthusiastic in their efforts to make the ball to be given on Friday evening of next week the biggest social success of the kind ever held in the village. The fact that the music will be furnished by the Calumet & Hecla orchestra is the strong drawing card. The arrangement committee reported early in the week that seventy-six tickets have already been sold out of town. Should all of these be represented at the ball there will be quite a delegation of strangers in attendance. The concert to be given before the dancing will start at 8:30. This will be free to persons holding tickets for the ball.

PLEASED A LARGE AUDIENCE.

The ladies and gentlemen from Republic who produced "A Noble Outcast" at the town hall here on Saturday evening of last week were greeted with a much larger audience than they expected. Indeed the hall was well filled. The play was a hit from start to finish, and all who turned out here to watch and play with it. Republic people can come over any time and be assured of a good business if they give entertainment of such merit as that of last Saturday night. About thirty friends accompanied the players from their home town.

REVEALS A GREAT SECRET.

It is often asked how such startling cures, that puzzle the best physicians, are effected by Dr. King's New Discovery for Consumption. Here's the secret. It cuts down the phlegm and germ-infected mucus, and lets the life-giving oxygen enrich and vitalize the blood. It heats the inflamed, cough-worn throat and lungs. Hard colds and stubborn coughs soon yield to Dr. King's New Discovery, the most infallible remedy for all throat and lung diseases. Quarts of bottles 50c and \$1.00. Trial bottles free at Stafford's.

CHAMPION CHIPS.

Nelson Courier has taken a position with D. Besbie, the blacksmith. The Johnson house at the Beacon is now connected with a Marquette County phone.

Miss Lydia Williams has taken a position with the Western Express company at its local office.

Albert Lamont came down from Baraga Monday. He has taken a job with Maxine DeLamp.

The Misses Lizzie Gill and Bessie Trevel came up from the Marquette Normal and spent Saturday and Sunday with their people here.

Henry Carron is down with pneumonia. He recently returned from the copper country, but had worked only a day or two here when he was taken ill.

On Friday evening of last week Fred Williams and Miss Ellen Williams were married at the home of the bride's parents, Mr. and Mrs. Charles Champion.

AFTER GRIPPE

Vinol Will Restore Strength and Appetite Quickly.

Take It To Prevent The Grippe.

The grippe is a disease which seems to become more prevalent every year. It becomes almost a habit. Those who have had it once can scarcely get through the following winter without having it again, sometimes twice. Everyone should keep their systems toned up. Fortify the human citadel so that it will be impregnable to the onslaughts of this most distressing of all maladies.

There is nothing that will keep you in condition and help better to ward off diseases than Vinol. There are many people who last winter took Vinol simply as a preventive and have proved conclusively that by keeping themselves in good condition they escaped the grippe that attacked other members of the family who neglected to take the same precautions. We can tell those who have had the grippe what to take to help them towards speedy recovery. It is the same Vinol! Take it when you first have the grippe. It will not go so hard with you. Your recovery will be quicker, and when you are able to get out, you will not suffer from those terrible after effects that make this disease so dangerous.

Remember that Vinol is strengthening, flesh creating and an arrester of all wasting diseases. "I bought a bottle of Vinol for my wife and two children who were suffering from the after effects of grippe. They had taken several remedies without doing them any good. The effect of the medicine was so marked that I bought another bottle which made a complete cure, and restored my wife and children to perfect health." N. B. BROWNE, traveling agent for the Phoenix Mutual Life Insurance Co., Atlanta, Ga.

Our good opinion of Vinol increases every day. Our faith in it is unbounded. To prove to you that we believe all we say we will gladly refund its cost if you do not find that it is everything we claim it to be.

THE STAFFORD DRUG CO., Marquette, KIRKWOOD & O'DONAGHUE, Negaunee.

The happy couple departed Saturday evening for Quinnessee, where Mr. Williams has a good position at his trade as a machinist.

A traveling orchestra was in the village on Thursday of last week. Some of the young men of the place gave a hop that night and there was a fair attendance.

William Williams recently gave up his place at the Champion mine and has located at Sault Ste. Marie, where he has obtained a good position. William Simmons, Jr., succeeds Williams as shift boss at the mine.

SAD DEATH AT ST. PAUL.

Mrs. Cavanagh, Formerly Maude Brahaney, Succumbs to Pneumonia.

A telegram received from St. Paul yesterday afternoon brought the sad news that Mrs. W. C. Cavanagh, formerly Miss Maude Brahaney of this city, had died in that city at 11 o'clock in the morning.

Mrs. Cavanagh had many warm friends here who will be shocked and grieved to learn of her untimely demise.

The deceased was about twenty-nine years of age, and besides Mr. Cavanagh is survived by two children, aged four years and eight months, respectively.

A PLEASING SURPRISE.

"Arizona" Proves One of the Theatrical Treats of the Season.

The performance of "Arizona" last evening was thoroughly enjoyed by an audience which, if not of the proportions the attraction merited, was at least very appreciative.

The drama itself is intensely interesting, and surprisingly plausible as well. With the scenes laid near an army post on the Mexican border, and with a plot dealing of the villainy of one soldier and the heroism and sacrifice of another, there would seem to be ample occasion for strained situations.

"Arizona" is in the hands of an exceptionally well-balanced troupe whose equal seldom comes this way.

At the South Shore docks yesterday, the steamers H. H. Brown and Republic were loaded with ore.

WERE WELL TAKEN CARE OF.

Of the ladies, Miss Grace Elliston won for herself many warm admirers.

As the bustling and discontented Mrs. Canby, mother and matchmaker, Miss Ada Craven was very pleasing, as was also Miss Bradley, as the wronged girl, Lena. Miss Thorne, as the wife of the colonel and the woman in the case, does not possess a personality entirely suited to the part and at times showed lack of dramatic power.

The play was well staged, as it was acted, and the audience left the theatre well pleased.

"Way Down East" Coming Next.

The next attraction at the opera house will be Wm. A. Brady's production of "Way Down East."

The play deals with a subject as old as the hills, but ever new. Its theme is love of the highest, purest type; love that forgives and love that heals.

FINE PAINTINGS.

Splendid Collection on Display Today in Felix Hall.

Invitations to an exhibition of oil paintings today in Felix Hall, opera house block, have been issued by Dr. Philippe Fontaine.

A visit to the studio last evening showed that a rare treat awaits all who call today, and also that Mr. Fontaine's reputation as one of the most talented of American artists is one well merited.

Some fifty paintings are on display, with others not yet finished, and the showing is one that delights and enthralls.

Invitations to an exhibition of oil paintings today in Felix Hall, opera house block, have been issued by Dr. Philippe Fontaine.

All the paintings shown are the work of Dr. Fontaine, who will be remembered as the gentleman who recently lectured at the Methodist church and incidentally gave a demonstration of his skill with the brush.
