PITTSBURG A FIERY FUR-NACE FROM BURNING OIL.

Explosion In a Car of Naptha Causes Horrible Holocaust.

TWENTY DEAD AND TWO HUNDRED FATALLY BURNED.

While Spectators Looked On a Second Explosion Occured the Flames Enveloping All--Victims Ran Wildly About Begging to Be Killed to Escape Their Misery--Hospitals Are Filled With Shrieking Unfortunates.

Pittsburg, Pa., May 12.—The Sheridan yards of the Pan Handle railroad below this city is at 8:30 o'clock tonight a fiery furnace of burning cars, naphtha oil and merchandise. Many lives lost and many others will die from injuries received. The cause of the catastrophe from the meagre reports at hand was an explosion of a naphtha car brought about by a leak which communicated to the switch light nearly causing a terrific explosion.

A Second Explosion.

Thousands of people quickly gathered and were lined about the yard on the hillsides. When all danger was apparently passed, a second explosion of naphtha followed, far worse than the first. Flames from the second car were thrown five hundred feet into the air, completely enveloping the onlookers. In an instant the scene was one beyond description. The air became superheated to a degree impossible for human life to exist in. Those nearest the exploded cars were caught and fell to the ground. The clothing of those farther away were soon afloat and the victims ran frantically about tearing their burning garments from their bodies and screaming for help. In the meantime the fire spread to other cars and in an incredibly short time the entire yard was ablaze.

Burning Oil Enters Sewers.

It is estimated that seventy cars are already burned and the flames are still raging, burning upon scores of other cars. The heat is so intense that the firemen are unable to get anywhere near it. The burning oil is said to have entered a sewer and came out one and one-half miles below where another fire is now burning. The burning oil was carried through the sewers to distant parts of the district, one result being an explosion in a poolroom at McKee's rocks, where a hundred men were gathered. Four men are reported killed at this point.

Scene Beggar Description.

Following the second explosion a torrent of flames belched forth on each side of the track, sweeping back the terrified spectators like a charge of artillery and sending a shower of flame over their heads, resembling Moloch Pelee on a small scale. The scene is a ghastly one. The successive explosions had heated the air to such an extent that before the third explosion many were rendered unconscious by the extreme heat and the gaseous fumes and were being carried away when the torrent flame swept over the excited crowd.

Beg to Be Put Out of Misery.

There was an awful hush for a moment. Then followed a scene of frenzy. Men and women, clothing ablaze, faces scorched and blistered and hair burned off their heads, ran wildly shrieking. Some gave vent to frenzied appeals to kill them and put them out of misery, and little children with their curly locks and light summer clothing, small pillars of fire, cried piteously as they were swept along by the tide of burning humanity. The property loss is at least \$500,000.

Screams of Agony.

Without a moment's warning, there was an awful roar loud enough to be heard five miles away and a sheet of solid flame shot up from the wreckage and enveloped both the hillsides even to their tops. There was a moment's hush as though every living thing in the vicinity had been annihilated and then cries, screaming for help, told of the explosion's dread results. Both the two remaining tank cars had blown up.

Aid was sent to the suffering communities from both Pittsburg and Allegheny. Surgeons hurried to the scene of the catastrophe and worked hard for hours to aid the injured and alleviate the suffering but it was after midnight before the last injured had been given attention.

Partial List of Dead.

Following is the list of dead so far as known: Albert McKean, Sheraden; John Swan, Sheraden; unknown boy; H. E. Smithley, Uhrichsville, O.; Finerty, Sistersville, W. Va.; Charles Herlic, Chestnut Mines; W. W. Taylor, Millers Station; G. E. Hunter, Sheraden; W. E. Wright; Dallas Bort; unknown white man; Doude; David Smith; W. E. Resi, Dorenton, Luzerne county; Tony Leo, Esplan; Lawrence Keenan, Carnegie; James Keenan, Carnegie; Pascoe Mader; Italian section hand; unknown boy, ten years old.
The list of injured is a long one. Among those who will die are: W. H. Enoch, Pittsburg; Matthew Moreland,

FIGHTING IN PORT AU PRINCE.

Another Revolution in Progress and Government Gets Worsted.

Port Au Prince, Hayti, May 12.—Street fighting, which lasted about an hour, resulted in a triumph for the opponents of the government. The troops at the arsenal surrendered without resistance, and the government passed into the hands of the revolutionists. Only two men were killed and three wounded. Former President Sam still occupies the palace, but will embark this evening or tomorrow on board the French mail boat.

A provisional government has been established under the presidency of Boisron, the former chief magistrate of Hayti. He says all the towns of the republic are in a state of revolution.

PROTEST AGAINST WHEAT TAX.

Crowd of 15,000 People Denounce the Government for Imposit on Bread.

London, May 12.—Nearly 10,000 people took part in an anti-wheat tax demonstration in Hyde Park yesterday. A large number of trade unions, democratic bodies, and friendly societies marched from all parts of London to the park. Banners with inscriptions such as "No Protection" and "Down with the Bread Tax," were borne in the procession. A resolution denouncing the government for imposing the tax was carried with tremendous enthusiasm. A large force of police was present at the meeting, but the proceedings were quiet and orderly.

TIIEUP IS COMPLETE

ONE HUNDRED AND FORTY THOUSAND MINERS ARE ON STRIKE.

CLIMAX TO ANTHRACITE TROUBLE

OPERATORS WILL DO NOTHING UNTIL AFTER CONVENTION.

Indications Are That the Suspension Will Be Made Permanent Until Concessions Demanded Are Granted.

Philadelphia, May 12.—The mine workers throughout the anthracite coal regions of Pennsylvania, to the number of 140,000 formally began the struggle today for increased wages and shorter hours. Never in the history of hard coal mining has the tie up been so complete. Not one of 137 collieries are in operation. Every indication is that the suspension which was to cover only the first three days of this week will be made permanent by the miners' general convention Wednesday. The local unions throughout the regions met during the day and elected delegates to attend the Hazleton convention. It is significant that in every instance where a vote of "a local" became public property, the ballots showed a decided majority for a permanent strike unless the operators grant the concessions demanded.

AGRICULTURAL STATISTICS.

Average Condition of Various Cereals Lower Than for Previous Year.

Washington, May 12.—Returns to the statistician of the department of agriculture made up to May 1 show that the average condition of wheat was 76.4 against 94.1 last year, and 85.2 in May ten years ago. The total acreage is 27,103,000. This is 15.2 per cent less than the area sown last fall. The average condition of winter rye was 83.4; April last, 84.2; May 1, 1901, 84.6; the mean average for ten years, 89. The present condition is the lowest May condition since 1893 and the lowest with that exception in twenty years.

CONFESSED TO MURDER.

Springfield, Ill., May 12.—John Polest, aged twenty-two, of Granite City, Ill., today confessed the murder of Charles Isaakson, of Grafton, Ill., whose mutilated remains were found along the Chicago & Alton tracks, near Springfield two weeks ago.

SENTENCED FOR LIFE.

Chicago, May 12.—Guy Loche, aged eighteen years, and Edward C. Bufey, aged twenty were today sentenced to penal servitude for life for the murder of Peter Fafinski while robbing the latter's store.

WILL NOT RAILROAD REQUEST.

Chicago, May 12.—The interstate commerce commission has refused to railroad the request to continue the hearing of charges preferred by the Chicago Live Stock Exchange.

BOUGHT WHEAT LANDS.

Minneapolis, May 12.—A syndicate of Minneapolis, Duluth and Chicago capitalists has bought a tract of a million acres of wheat and flax lands in Saskatchewan valley, Assinaboia, N. W. T.

HEAPS OF CORPSES

STREETS OF ILL FATED ST. PIERRE STREWN WITH VICTIMS.

DISASTER BEING INVESTIGATED

LATEST REPORT PLACES DEAD AT THIRTY THOUSAND.

Relief Ships Are Being Hurried to the Scene With Provisions and Clothing for Survivors of Catastrophe.

Fort de France, Martinique, May 12.—The Associated Press steamer, chartered in Guadeloupe, neared Martinique at 6:30 o'clock Sunday morning. The island with its lofty hills, was hidden behind a huge veil of violet, or leaden colored haze. Enormous quantities of the wreckage of large and small ships and houses strewn the surface of the sea. Huge trees and too often, bodies, with flocks of sea gulls soaring above and hideous sharks fighting about them were floating here and there. From behind the volcanic veil came blasts of hot wind, mingled with others, icy cold. At Leprehur, five miles north of St. Pierre, canoes were met with men and women frantic to get away, begging for passage on the steamer.

The whole north end of the island is covered with a silver gray coating of ashes. Furious blasts of fire, ashes and mud swept over the steamer, but finally St. Pierre was reached. St. Pierre is stretched nearly two miles along the water front and half a mile back to the cliff at the base of the volcano. The houses of the richer French families are built of stone. The still smoking volcano towers above the ash covered hills. The rains are burning in many places and the frightful odors of burned flesh filled the air.

Heaps of Corpses.

With great difficulty a landing was effected. Not one house is left intact. Viscid heaps of mud and brighter ashes or piles of volcanic stones are seen on every side. The streets can hardly be traced. Here and there amid the ruins were heaps of corpses almost all face downward. In one corner twenty-two bodies of men, women and children were mingled in one awful mass, the arms and legs protruding as the helpless beings fell in the last struggles of death's agony. Through the rubble of the old place Bertin ran a tiny stream, the remains of the river Gayava. Great trees with roots upward and scorched by the fire are strewn in every direction. Huge blocks of still hot stones are scattered about. From under one large stone the arm of a white woman protruded. The most notable feature was the utter silence and the awful, overpowering stench from the thousands of dead.

Dead! All Stark Naked.

All the dead seen are stark naked, their clothing apparently having burned from their bodies like so much tinder, while they themselves were roasted to death.

In the vast majority of instances firemen seem to have been the sole cause of death. Great numbers of the bodies have been burst asunder by the terrific heat and lie dismembered.

In many instances the faces of the victims are quite calm as though they were stricken down instantly where they stood, without a moment's warning or with hardly time to appreciate for an instant the deadly peril they were in. Others have stamped on their faces an expression of indescribable terror.

It is supposed for there is nobody living apparently to tell the exact facts, that there was suddenly shot down from the mountain a great sheet of flame, accompanied by a terrible gaseous whirlwind and flashes of lightning, precisely such as are reported as playing about the summit of La Soufriere, on the island of St. Vincent.

The entire quarters of the fort and of the Town of Le Carbet are completely leveled to the ground, forming nothing but heap upon heap of ruins, covered thickly over with ashes, cinders, and masses of mud and lava conmingled.

Grim Mounds of Dead.

What horrible revelations of the havoc wrought to human life which these grim mounds are yet to reveal can hardly be imagined. In these two quarters of the city not a trace of the streets that existed there can be seen. They are buried as completely out of sight as were those of Pompeii.

Hospital Clock Unharmed.

Curiously enough, the face and hands of the clock on the hospital were not destroyed, and they furnished an important record in the history of this terrible catastrophe. The hands of the clock had stopped at precisely ten minutes to eight, showing that it was at that moment that the city was overwhelmed and all those thousands of people within it, and its environs were destroyed.

In one instance an entire

BALTIC LOBE FOUND. No Doubt Now But What the Famous Vein Is on Section Sixteen.

Developments of the past few days furnish the most convincing proof that the Baltic lobe is the one recently encountered on Section 16 owned by the Atlantic Mining company.

The crosscut penetrated the hanging wall of the lobe Thursday. The hanging wall is clearly defined, but as this cannot be said of the foot wall the exact width of the vein cannot at present be stated further than it is estimated at from 16 to 20 feet.

LOOKS LIKE ANOTHER MERGER. Mass and Adventure Mines May Consolidate Later On.

Those in a position to speak with authority say no deal has been completed looking to the consolidation of the Mass and Adventure properties says the Boston News Bureau.

Atlantic Showing Up Well. It appears as though practically everybody but the management is convinced now that the Baltic lobe is really the Baltic lobe.

REMAIN IN ISLANDS

ARMY CANNOT LEAVE PHILIPPINES UNTIL ORDER IS RESTORED.

MUST ESTABLISH A GOVERNMENT

SENATOR FORAKER DECLARES AMERICA'S POLICY IS THE BEST.

Congress Appropriates \$200,000 for Relief of Stricken People of St. Pierre as Asked by the President.

Washington, May 12.—An important contribution to the discussion of the Philippine bill was made in the senate today by Senator Foraker of Ohio. He maintained that the United States could not leave the islands until a stable government was established. He declared that this government would not come away from the islands under the present or the next administration, even though the latter be Democratic, because the American people would not consent to such a policy.

The senate concurred in the house amendment to the bill appropriating \$200,000 for the relief of the people in the French West Indies.

House Appropriates Aid. The house today passed by an overwhelming vote the bill granting \$200,000 for the relief of the sufferers in the calamity in the West Indies.

Those voting in the negative were Burgess of Texas; Clayton of Alabama; Chalmers of Tennessee; Landrum of Tennessee; Moon of Tennessee; Snodgrass of Tennessee; Tate of Georgia; Underwood of Alabama; Williams of Mississippi.

QUEEN REGENT ABDICATES. Madrid, May 12.—The queen regent took leave of her ministers today, practically relinquishing to her son the government of Spain.

HARVARD DEFEATS YALE. New Haven, Conn., May 12.—Harvard defeated Yale tonight in the annual intercollegiate debate.

BUTTER SELLS AT 27 CENTS. Elgin, Ill., May 12.—Butter remains the same as last week, the market being firm at 27 cents.

I Coughed. It's the experience of every one. Sooner or later we all take cold.

It's the experience of every one. Sooner or later we all take cold. Colds naturally tend downward, that's the trouble. Ayer's Cherry Pectoral stops this downward tendency and quickly cures these early colds.

Ask your doctor. If he says this isn't so, don't believe us. We know from personal experience that Ayer's Cherry Pectoral quickly breaks up a heavy cold on the lungs.

NEW YORK STOCK MARKET.

Anthracite Labor Troubles Affects the Trading.

New York, May 12.—The position of the local money market was unaltered, the source of depression which ruled in the stock market today. This was reinforced by the anthracite labor situation as shown by the suspension of work today in the anthracite region and by the fears of a very unfavorable report on the condition of the crops on May 1.

Closing prices of stocks are reported by Paine, Webber & Co. as follows: Union Pac. 87 1/2, N. Y. Central 125 1/2, Erie 40 1/2, Southern Ry. 28 1/2, Mo. Pacific 99 1/2, Alton 35 1/2, Manhattan 131 1/2, Sugar 17 1/2, C. & O. 10 1/2, Rock Island 17 1/2, Southern Pac. 65 1/2, St. Paul 107 1/2, Reading 63 1/2, B. & O. 100 1/2, Rubber 100 1/2, C. & P. 100 1/2, T. C. 100 1/2, O. & W. 100 1/2, G. W. 100 1/2, Illinois Central 137 1/2, P. D. 100 1/2, U. S. Steel 40 1/2, B. & O. 100 1/2, C. & N. Range of Money Rates. Money on call was firm at 6 1/2 to 7 per cent; closing bid and asked 6 1/2.

CHICAGO GRAIN MARKETS. Features of the Day in the Wheat, Corn and Oats Pits.

Chicago, May 12.—In wheat today there was a very firm trade and a close showing 3/4% advance. The local temper leaned more toward the long side of the market and the attitude in the Southwest was decidedly bullish.

Corn was active and much stronger, the close showing 3/4% higher; July, 1 1/2% higher; September, 1 1/2% higher.

Oats ruled active with a higher range. The prices advanced 1/2% to 3/4% on the new crop months and unchanged to 1/4% higher on the old, the latter on July.

Receipts and shipments were as follows: Receipts, Shipments, Flour, barrels, 18,000 24,000; Wheat, bushels, 31,000 240,000; Corn, bushels, 109,000 276,000; Oats, bushels, 204,000 156,000.

BOSTON STOCK SALES. The following were the transactions in copper stocks on the Boston exchange yesterday as furnished to The Mining Journal by Paine, Webber & Co.:

Adv. 22 1/2, 23 1/2, 24 1/2, 25 1/2, 26 1/2, 27 1/2, 28 1/2, 29 1/2, 30 1/2, 31 1/2, 32 1/2, 33 1/2, 34 1/2, 35 1/2, 36 1/2, 37 1/2, 38 1/2, 39 1/2, 40 1/2, 41 1/2, 42 1/2, 43 1/2, 44 1/2, 45 1/2, 46 1/2, 47 1/2, 48 1/2, 49 1/2, 50 1/2.

TODAY'S WEATHER. Washington, May 12.—The following is the weather bureau's forecast for Upper Michigan: Showers Tuesday, Wednesday fair; variable winds.

See young milder, that thou takest not a substitute for the genuine Rocky Mountain Tea made by the Madison Medicine Co. if thou likest thy face fair. The Stafford Drug Co.

GANS THE VICTOR

KNOCKS OUT FRANK ERNE IN THE FIRST ROUND.

RIGHT TO EAR DID THE TRICK

CONTEST FOR CHAMPIONSHIP QUICKLY SETTLED.

Men Had Scarcely Warmed Up When Colored Boy Landed Decisive Blow—Erne Weeps Bitterly Over His Defeat.

Fort Erie, Ont., May 12.—Joe Gans, of Baltimore, the colored lightweight, champion of his class after knocking out the door for ten years, Frank Erne, lost to him in the first round tonight.

The end came with startling suddenness. The men were scarcely warmed up when Gans, trying cautiously, caught Erne napping and landed a hard right on the ear, which appeared to jar the frame of Frank badly.

Almost the first thing done was to make preparations for the cremation of the dead. Fatigue parties of soldiers built enormous pyres of wood and branches of trees upon which they heaped the dead bodies by scores and burned them as rapidly as possible.

To facilitate the combustion and to destroy as far as possible the awful odor of burning flesh which came from them, the impromptu crematories were heavily soaked with coal tar and petroleum.

30,000 Die in Thirty Seconds. The total number of dead is now estimated at fully 30,000. The disaster itself took place within thirty seconds, and in that half minute the vast majority of all these people were killed.

Burning of Boraima. The stories of the survivors add to the awful details of the particularly harrowing account of the loss of the British steamer Boraima. C. C. Evans of Montreal and John G. Morris of New York, an engineer, now at the military hospital at Fort de France, say the vessel arrived at 6 o'clock. As eight bells struck a frightful explosion was heard.

A cloud of fire, topping and roaring swept with lightning speed down the mountain side and over the town and bay. The Boraima nearly sank and caught fire at once. Evans said he could never forget the horror, fiery, choking whirlwind which enveloped him. He said Morris rushed below to get to the posts to weigh anchor. Coming up he found the ship afire aft. He fought it until 3 o'clock in the afternoon when the Sutchet came to the rescue.

Ben Benson, carpenter of the Boraima, was on the deck talking to the captain when the explosion occurred. The captain was terribly burned and jumped overboard. He hung to the lifeline for a while and then disappeared. Francisco Angelo vividly described the onrush of the fire. He asserted the storm of fire lasted not more than five minutes.

Smoke Worse Than Fire. John Louis Prudent says that such was the poisonous, choking nature of the smoke that it burned worse than the fire. When it struck the people they died of choking gas before the masts out of the cabins, blew others up and sunk some of them. "Fire burned the city everywhere at once" said Prudent. "Near me I saw only dead men, but on shore I saw men and women rushing back and forth among the flames for their lives. They would not run long. They gasped for breath and died. They would drop like flies."

"The explosion, smoke and fire all came and went in three minutes, but the city burned in three hours. Then every house was finished and nothing alive was left. Some men from the sinking ships got to the shore, but they were burned up there."

The village of Irene was almost entirely destroyed and nearly all the inhabitants killed. One survivor says the sea, boiling hot, invaded the land. An evidence of the swiftness of the onslaught of fire is found in the fact that none of the victims were blinded, although the corneas of most of them were nearly burned through.

Relief Ships Sent. Washington, May 12.—The president himself turned his attention today to the extension of relief to the sufferers of the terrible catastrophe in the Lesser Antilles. Although congress had not finally appropriated the funds necessary for the purchase of supplies, the president proceeded with the greatest energy to give shape to the relief measures.

The state war, treasury and navy departments were instructed to join and use the utmost dispatch to send relief. The Dixie will carry all the army supplies offered and will sail at the earliest possible moment. The Buffalo also will be used as a relief ship. A party of scientists will go to the islands in the interest of the government. The scheme of distribution of the funds and supplies is agreed upon. Medical officers will render such medical aid as is necessary. The commissary officer at New York has been ordered to purchase supplies. The quartermaster's supplies to

KNIGHTS OF PYTHIAS. Grand Lodge of Michigan and Rathbone Street, Mt. Clemens, Mich., May 14th-16th, 1902.

For the above occasion the D. S. & A. Ry. will sell tickets to Mt. Clemens, Mich., and return via Mackinaw City at greatly reduced rates. Tickets will be on sale May 12th and 13th and will be valid for return passage up to and including May 15th, 1902.

For further particulars apply to station and ticket agents, or to Geo. W. Hibbard, General Passenger Agent, Marquette, Mich. (4-28-5-15)

HEAPS OF CORPSES

(Continued from Page One.)

family of nine persons was found, all tightly locked in each others arms, and the bodies in a horrible state of decomposition.

Secretary Moody found the navy had a lot of food supplies at San Juan and he directed Commandant Stirling to have these put aboard the ship. Secretary Root also discovered that the army had a good many provisions and stores there and he also authorized these to be loaded on the Stirling, so it is expected she will soon be able to sail with a full cargo.

Fifty Thousand Homeless. Secretary Hay today received the following telegram dated May 11, from United States Consul Ayme at Guadaloupe, who went to Fort de France, Martinique, by instructions from this government: "The disaster is complete. The city is wiped out. Consul Prentiss and family are dead. The governor says 30,000 people have perished. Fifty thousand people are homeless and hungry."

He suggests that the Red Cross be asked to send codfish, flour, beans, rice, salt meats and biscuit as quickly as possible. The visits of the war vessels are valuable.

The navy department this morning was informed of the departure of the cruiser Cincinnati from San Domingo City for Martinique.

It is impossible to get a full list of the vessels lost. The cable repair ship Grappler was lost with all on board as was the French vessel Tamaya. There were eighteen or twenty vessels in the roadstead at the time of the disaster. The United States vice consul at St. Pierre, Andre Testart, reached the deck of the Rodman only to fall back into the sea dead.

Prentiss Undoubtedly Dead. Three hours' exploration in the ruins of St. Pierre resulted in finding no trace of the American consuls. Consul Prentiss, wife and two daughters, are undoubtedly dead. That quarter of the city is still a vast mass of blazing ruins. Nor has any trace been found of James Japp, the British consul. Japp had a large family at St. Pierre. Last Saturday, after ten hours work, a captain and a detail of soldiers found two and a half million francs in the bank of Martinique. The vaults of the English bank at St. Pierre were found intact.

Unless prompt measures are taken for the disposal of the thousand dead bodies at St. Pierre, a fearful plague is almost certain to develop there.

Chicago, May 12.—An appeal for money, provisions and clothing for the survivors of the Martinique disaster will be issued by Mayor Harrison tomorrow.

James E. Prentiss, son of Thomas T. Prentiss, the American consul at Martinique, tonight abandoned the hope that his father, mother and two sisters had escaped death.

Governor Monttet, who was at Fort de France when the first indications of the eruption were seen at St. Pierre declared that the danger would not increase and sent a detachment of soldiers to prevent a general exodus of the inhabitants. He later went to St. Pierre himself with his wife.

New York, May 12.—The French consul has authorized to be drawn on the chamber of commerce a \$5,000 benefit for the Martinique sufferers.

MANY SOLDIERS DESERT. Ft. Mead, S. D., May 12.—Since Friday eight soldiers have deserted from the post here and in the last two months twenty have left from a single troop of cavalry.

Granite, ironware, tinware and small kitchen utensils you will find at Palmer's Bazaar. (5-5-14)

LIKE A DROWNING MAN. "Five years ago dyspepsia took such hold of me that I could scarcely go," writes Geo. M. Noyes, Noyes, Tex. "I took quantities of medicine but nothing helped me. As a drowning man grabs at a straw I grabbed at Kodol. Dieting is unnecessary. After a few bottles I am sound and well." Kodol digests any good food and cures any form of stomach trouble. MILNE ON DISTURBANCES.

Highest Authority Believes Quiet Volcanoes Will Become Active.

Chicago, May 12.—Professor Milne, the highest authority in the world on volcanic explosions, classified eruptions into two grades. Those that build up very slowly; those that destroy most rapidly. The latter are the most dangerous to human life and the physical face of a country. Eruptions that build up mountains periodically welling over the volcanic cones, are comparatively harmless. But in this building up, which may cover a period of centuries, natural volcanic vents are closed up and gases and blazing fires accumulate beneath that most eventually find their way. Sooner or later they must burst forth and then the terrific disasters of the second class take place. It is the same cause that makes a boiler burst.

In 1883 Asama of Japan exploded. It was one of the most frightful eruptions of modern times. It sent down 8,000 feet a torrent of mud and fire from five to ten miles broad that overwhelmed forty-two villages. His country has never been able to determine how many lives were actually lost by this explosion. The total ran into thousands. Bandaian of Japan blew up July 15, 1888, and sent 16,000,000 cubic yards of rock and earth into the valley beneath. The lava stream from its head traveled at the rate of forty-eight miles an hour and was 100 feet deep. Its width ran from five to fifteen miles. But only 401 persons lost their lives.

The greatest volcanic explosion ever known was that of Krakatoa on an island in the Strait of Sunda, between Java and Sumatra. On May 26, 1883, the eruption began, but the great explosion did not come until August 26 of that year. The flames from the crater could be seen forty miles distant. The crashing explosion which followed the flames set in motion air waves that traveled around the earth four times one way and three times the other. Every self-recording barometer in the world was disturbed seven times by that blow-up.

The waves traveled at the rate of 700 miles an hour. At Barneo, 1,116 miles distant, the noise of this eruption was heard. It was felt in Burma, 1,478 miles distant, and at Perth, West Australia, 1,902 miles distant. The Krakatoa explosion was heard over a sound zone covering one-thirteenth of the earth's surface.

Tidal Waves Raised. The waves were created by the explosion which destroyed two lighthouses in the strait of Sunda, all the towns and villages on the shores of Java and Sumatra bordering the strait, all vessels and shipping there, 36,380 lives in that vicinity, raised a tidal wave at Merak 135 feet high, covered 600,000 square miles of ocean with lava dust several inches thick, submerged an island six miles square and 700 feet high in a depth of water of 150 fathoms; and created two new islands. Besides this performance the eruptions of Vesuvius seem like child's play.

Professor Milne was asked after Krakatoa's performance: "Is it likely that there are volcanoes in the world at present that have been quiet for a long time, but will one day or another blow their heads off?"

"It is almost certain there are." "Some in Europe?" "Many in Europe." "Some in the United States?" "Undoubtedly."

Mount Pelée of Martinique has verified the eminent authority's word.

OPEN TO SETTLEMENT. Washington, May 12.—The president has issued a proclamation opening to settlement July 17 the Fort Hall Indian reservation in Idaho. The tract contains 400,000 acres.

BEN METHENY HERE.

Is General Manager of the Manistique, Marquette & Northern.

"Ben B. Metheny, Grand Rapids." That was the signature a smooth-faced gentleman about twenty-four years of age, placed on the register at the Hotel Marquette yesterday afternoon. On receipt of the name, which is pretty largely connected with G. R. & L. railroad matters, a press representative looked the young man up and discovered a thing or two which will be of interest to Marquette people.

Mr. Metheny is a brother of R. R. Metheny, who is secretary and auditor of the G. R. & L. and president of the Manistique, Marquette & Northern railway, which was recently purchased by a syndicate in which the Messrs. Kaufman of Marquette and the Pennsylvania railroad people are interested. The younger Metheny is recently appointed secretary of the road and a little later general manager, with offices at Manistique. He undoubtedly is the youngest manager of a railroad in the country.

The Manistique, Marquette & Northern Railway, a member company, which has been recently formed, which bought out the Manistique & Northwestern and assumed control and commenced operating on the first of the month. Financed and ready to go ahead and develop every branch and spur within its reach, the Manistique & Northern is launched upon the most favorable conditions. It is capitalized at \$2,000,000 and the credit of the road for the purchase of two magnificent steel ferries worth \$500,000, which are already contracted for, the operation and maintenance of the road, and the making of extensions as required.

The road taken over had on hand three hundred cars and more have been ordered, mostly freight cars for hauling logs. For years the Manistique road has secured its principal business from the Chicago lumber company, which has had its sole outlet the Ann Arbor ferry and that only since October, when the ferry began running to Manistique. The road runs from Manistique to Shingleton, where it connects with the South Shore for Duluth, Marquette and the Soo, and the Manistique connects with the Soo Line for the Soo. There is a large iron furnace at Manistique, which receives all its ores from the north over the M. M. & N. and there are lime quarries there which supply northern Michigan.

It is a part of the plan for the development of the M. M. & N. that the Traverse City, Leelanau & Manistique shall be built this summer from Traverse City to Northport, car ferries to run from Northport to Manistique. The road is now in process of construction. J. A. Robinson of Manistique has been retained as general superintendent. Additional officers will be announced later, as Mr. Metheny has become more acquainted with the situation on the road.

B. B. Metheny has been identified with the G. R. & L. for a number of years in the activities of the maintenance of way department and in the office of the general superintendent. At the time of the organization of the Union Station association at Grand Rapids he was made secretary.

COPPER STOCKS DROP OFF.

There was no feature to the copper stock market yesterday, according to Hayden, Stone & Co. It was dull and inclined to sell off in sympathy with the New York market.

Paine, Webber & Co. said: "The decline in copper stocks today were wholly due to the general heaviness of the New York market and to the slump in the Canadian specialties—Dominion Iron and Dominion Coal. There is a temporary pinch in money and this explains the New York liquidation. Copper was higher in London and more firm here. There is every possible indication that copper will be higher before the end of the month. We believe this reaction presents an excellent opportunity to buy good coppers at bargain prices."

Grain Markets Firmer.

W. H. Laidley & Co. said of the Chicago grain market:

"The wheat market opened strong on very good buying. The continued dry weather in the Southwest and a belief that the government report would be very bullish helped the price. We still believe, however, that wheat is due for a turn and somewhat lower prices may be expected."

"Corn opened at about Saturday's close to a shade higher and continued strong during the early part of the session. Toward the close it eased off on very fair realizing. While corn is in a manipulated condition, we are of the opinion that it will go higher and would advise its purchase on all breaks."

"Oats were quiet but steady, closing slightly higher than Saturday. The market is in a manipulated condition, but we think lower prices are in order."

Liquidation in Wall Street.

Walker Bros. advised Paine, Webber & Co. as follows concerning the New York stocks: "The market was weak today, with heavy liquidation. Traders caught stop orders and many sold stocks. There was no buying, and strike news of importance and considering the situation the coalers held up very well. Sugar was weak and broke quite sharply. In the afternoon further selling caused the stocks to sell at the lowest point. Before the close shorts caused the market rally slightly, but it didn't amount to much and the market closed with pressure."

The best teas and coffees are sold at Palmer's Bazaar. Try them. (5-5-15)

ENDORSED BY THE CLERGY.

"Way Down East," Here Tonight, "Is a Sterling Drama."

"Way Down East," the play that has prompted unstinted and enthusiastic praise from clergy, school teachers, women and in fact people of every walk of life, including thousands who are seldom seen inside the walls of a theatre, is to be presented at the opera house this evening.

The scene of the action is a New Hampshire farm, the play being from the pen of Lottie Blair Parker, elaborated by Joseph R. Grismer, and the entire production is under the direction of Wm. A. Brady. The piece is made up of a series of happenings, designed to portray the simplicity, comedy and tragedy of a community, the purity and sweetness of which might have run un-

WAY DOWN EAST.

RUBE WHIPPLE THE CONSTABLE.

interruptedly forever but for the casting across of the shadows of the wicked city.

Aside from the main theme of the play—love and its power to subdue enemies and tear away many barriers—there is plenty of lively comedy to lift up the level of the story. The chore boy, Hi Holler, is a host in himself and Seth Holcomb, Martha Perkins, the constable, the professor and Kate made a quintet of delightful companions for any time. Mr. Brady has this year given the play a new setting.

FORTY PLATES TO COME OFF.

Steamer Choctaw More Seriously Damaged Than Supposed.

The steamer Choctaw, which was recently damaged by scraping over a rock while leaving the harbor at Presque Isle, has been found to be in much worse shape than was supposed at the time. The vessel after unloading her cargo of ore was taken to a drydock at Lorain for repairs. An examination there has revealed that it will be necessary to take out some forty of her plates.

Harbor Gossip.

Captain George W. Smith has resigned the command of the steamer Bloomer Girl and left last night for Houghton, where he has accepted a better position as master of one of the local craft.

The L. M. & L. S. line steamer Peerless was in port last night on an up-bound trip. She was expected in during the morning, but was delayed at the Soo and Grand Rapids. The China, from Buffalo, arrived, also up-bound, early this morning and discharged a good-sized consignment of package freight.

The big steamer W. D. Rees and the schooner D. J. Norton, which is no mid-get herself, were loaded with ore at the South Shore docks yesterday and cleared for Buffalo. The Rees took out 5,000 tons and the barge 5,250. The steamer Masaba, also loaded in the lower harbor, cleared with a cargo of 3,200 tons.

The steamer Alva was loaded at the L. S. & I. dock yesterday and cleared for Ashabula. The Spokane arrived last night.

Soo Canal Passages.

CITY BREVITIES.

Today's weather: Probably showers; warmer; south to east winds.

Yesterday's temperature: 7 a. m., 44 degrees; 12 noon, 49 degrees; 7 p. m., 44 degrees; maximum, 49 degrees; minimum, 41 degrees.

D. H. Ball was a passenger arriving on the afternoon train from the east yesterday.

Peter Pigeon, who came down to stay over Sunday at his home here, returned to the copper country yesterday to resume his duties in connection with the administration of the estate of the late Joseph Gardner of Calumet.

Captains York and Gooding, hull and boiler inspectors, went up to the copper country yesterday on an inspection tour.

Mrs. A. C. Thiel has returned from a month's visit at Chicago and Three Rivers, Mich.

Grabover has something very important to say to the ladies this morning. It concerns bargains in curtains, carpets and millinery, and an inspection of Mr. Grabover's ad on the eighth page will be found well worthy the attention.

Miss Amelia Murphy of Calumet concluded a short visit with friends here and left for her home at Nestoria.

The party at the dormitory last Friday evening was an informal affair—not a "dance" in the literal sense of the word, as seems to have been the impression gleaned from the item in Saturday's issue concerning it.

Miss Grace Gourdeau of Ishpeming returned home yesterday after a brief visit here.

Ex-Mayor J. H. Jacobs went up to the copper country yesterday afternoon.

Mr. and Mrs. Arthur Hodgkins, who had been here since the funeral of their little child late last week, returned to their home at Palmer yesterday afternoon. They were accompanied by Mrs. Sherman Ross and Mrs. Thomas Meads of Calumet, who will be their guests for a few days.

Mrs. James Russell has returned from a week's visit at Chicago and Fond du Lac.

Judge C. R. Brown left for St. Ignace yesterday afternoon to attend circuit court.

A meeting of the court house building committee will be held tomorrow morning at 11 o'clock. The preliminary plans prepared by the architects, Charlton & Gilbert, will be looked over. The committee on superintendents of the poor will assemble at the court house at 1:30 o'clock p. m. the same day.

Miss Ruth Read has gone to Milwaukee and Chicago for a month's visit with friends.

James Robinson and L. D. Ketchel, the latter of the Great Northern, were railroad men in the city from Duluth yesterday.

Miss Maud Blackwood left last evening for Chicago to visit her mother.

Mrs. David Murray leaves this morning for a couple of weeks' visit at Ashland and Minneapolis.

James O. St. Clair of Detroit had business at the office of the judge of probate yesterday in connection with the estate of the late Mrs. Lucy Mitchell, formerly of Negaunee.

The Masons will work the third degree at a meeting to be held this evening.

Attached to the afternoon train for the copper country yesterday was an observation car that had just come out of the shops here. The coach has been thoroughly renovated, and both as regards interior and exterior is as handsome as the car builders could make it.

Miss Nellie Moore is at St. Ignace this week to take testimony in the case of The People vs. Rosencranz, the man accused of causing the death of Landlooker Cook some months ago by means of a set gun.

Charles E. and Gustave E. LeVeque are the guests of their brothers, L. J. LeVeque of this city and Wm. B. LeVeque of Boulder, Colo., who has been here for several days.

A dance will be given by the A. O. U. W. on Thursday evening of this week. The music will be furnished by the A. O. U. W. orchestra of six pieces, and 25 cents will be the admission price. Dancing will be in progress from nine until one.

DANGEROUS IF NEGLECTED.

Burns, cuts and other wounds often become troublesome sores. Even when delay has aggravated such injuries De Witt's Witch-Hazel Salve effects a cure. "I had a running sore on my leg thirty years," says H. C. Hartly, Yankeeetown, Ind. "After using many remedies I tried De Witt's Witch-Hazel Salve. A few boxes healed the sore." Cures all skin diseases. Piles yield to it at once. Beware of counterfeits. Stafford Drug Co., H. N. Meloche, Ishpeming.

Scratch, scratch, scratch! unable to attend to business during the day or sleep during the night. Itching piles, horrible plague. Doan's Ointment cures. Never fails. At any drug store, 50 cents.

MAN OF OUR BOYS AND GIRLS ARE SUFFERING THIS MONTH FROM THE AFTER EFFECTS OF WINTER GRIPPE.

Wise Parents Provide

Paine's Celery Compound

For Their Loved Ones.

The Wondrous Medicine Quickly Expels All Germ Poisons from the Blood and Fortifies the Weak and Run Down System.

A busy city physician, enjoying a large annual income, remarked the other day that a host of young people—boys and girls—were suffering this month from the after effects of winter gripple.

Dear parents, have any of your children suffered from an attack of the cruel monster gripple, during the past winter months? Are your boys and girls irritable, feverish, pale, or weak? Have they cold and clammy limbs? Is the blood watery, impure, or sluggish? Is the appetite poor and digestion weak? Has the rose tint of health faded from the cheeks? If any of these conditions are noted, be assured the drops of deadly gripple are implanted in the system.

If your children are not biliousness, happy, boisterous, and strong in May, their condition calls for prompt action on your part. Their future—health and physical happiness or sufferings and early death—is in your hands, dear parents, and you alone are responsible to Heaven and the community of which you form a part.

When winter gripple has implanted seeds of virulent diseases, the first and most important work is to expel from the blood every trace of poison. This is always successfully accomplished by the use of Paine's Celery Compound.

This marvelous medicine after purifying the foul and stagnant blood, acts as a nerve food. It builds up the nervous system and nourishes all the bodily tissues.

Boys and girls with such a start in life as they always receive from Paine's Celery Compound, grow up as sturdy as forest oaks; they revel in strength and true life; they are fair to behold; they make the men and women most needed by our country. Do your part this month, dear parents, with promptness and honesty, and rest assured Paine's Celery Compound will not fail in its grand work of health building.

DIVISIONS MAY TURN OUT. NEW SCHOOL SUPERINTENDENT.

Hibernians Here Much Interested in Quarter Century Anniversary. Superintendent E. E. Scribner of Dunkirk, N. Y., is a married man and has one daughter. He is forty years of age and is a native of the state of New York. He was educated at Oswego Normal school and at Cornell university, and has had seventeen years of successful experience in the profession which he has undertaken as his life work. Mr. Scribner has the unqualified indorsement of the foremost educators in the state of New York. A few statements from some men of national reputation are appended. Wm. J. Milne, president of New York state normal college, says: "I know Superintendent Scribner of Dunkirk and I regard him as a gentleman of excellent ability. He has lots of energy, lots of executive talent, is a man well versed in the subjects taught in schools, and progressive in his ideas, though not unduly so."

S. Dwight Arms of the college and high school departments of the university of York state says of him: "It affords me pleasure to be able to say that an well acquainted with Mr. Scribner and with his career as a school man. He made a fine record in Traumburg, where he served as principal for a number of years, and he has been pre-eminently successful in his work in Dunkirk in more recent years. Mr. Scribner has developing qualities as a superintendent and he has united the educational forces of Dunkirk and strengthened the schools there in no small degree. I am sure the board of education will in no way be disappointed with him or with his work as superintendent."

State Superintendent Charles R. Skinner of New York says: "I have known Mr. Scribner for many years in educational work in this state. He was an acceptable teacher in Tompkins county, and later went to Dunkirk as principal of the high school, afterward becoming superintendent of schools in that city. So far as I know he has been entirely satisfactory and his relations with this department have been intimate and cordial."

Professor John M. Milne of State Normal at Geneseo, New York, speaks in very high terms of Mr. Scribner, also inspector of high schools, E. W. Lytle, who says: "I have seen the work of Mr. Scribner of Dunkirk for several years and have been personally acquainted with him longer than I have with his work. I consider Mr. Scribner a strong man. He is a man of affairs, who keeps in touch with the best people and the best sentiments of the community. He is strong as an organizer and is a thinker and student of general educational problems. We shall be sorry to have Superintendent Scribner leave the state."

Everyone who knows Mr. Scribner speaks of him in highest words of praise. He is a very pleasant man, of fine physique. He was prominent in athletics in Cornell university while he was there and he takes great interest in furthering all athletic contests in his school. His football team and his debating team have won in all contests in which they were engaged during the past year.

MUST CLEAN UP. Health Officer W. S. Picotte has issued a printed notice requesting property owners to clean up the alleys and yards adjoining their premises. The health officer will see to it that the ordinance governing the cleaning of alleys, etc., will be enforced this year. He has been around the city considerably of late and he has observed much filth in many places.

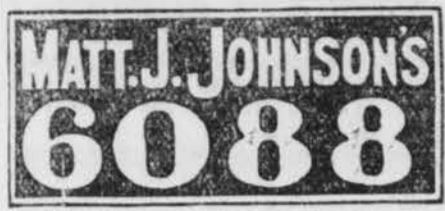

GOT TANGLED UP. The corner of Cleveland avenue and Main street was the scene of a little excitement yesterday afternoon. A horse belonging to a Winthrop woman was tied near the Voelker building. Evidently the animal is unused to sidewalks, and in trying to get on the one adjoining the block it got tangled in harness. The nag struck the sidewalk with a thud that might have been heard at the Winthrop. In falling the horse got mixed up with the harness in such a way that it could not move. A crowd quickly gathered. However, willing hands soon got the horse on its feet and harnessed it to the vehicle. Neither animal nor buggy received a scratch. The owner of the horse was shopping and knew nothing of the mishap until everything was straightened out.

E. W. GROVE. This name must appear on every box of the genuine Lavative Bromo-Quinine Tablets, the remedy that cures a cold in one day. 25 cts. WILL BE HERE JUNE 18.

Clay Lambert, agent for Ringling Bros' circus, spent yesterday in Ishpeeming making contracts for the appearance of the show here. He says the Ishpeeming date will be June 18. The first gang of bill posters struck the city yesterday. They immediately took to the country routes, taking in the smaller places outside of Ishpeeming. They will be here today or tomorrow to hang some paper on the bill boards. Mr. Lambert says the show continues to grow; that it requires more cars to haul it this season than it did last, several new features having been added this year.

CONCERT MAY 30.

The Swedish Lutheran church choir will give a concert at the church on the evening of Decoration Day, May 30. The program will accord with the significance of the observance and all who attend the concert will be pleased. At the conclusion of the entertainment refreshments will be served in the Young People's society's hall. The admission price and other particulars will be announced soon.

DIES FROM HIS INJURIES.

Matt McGowan, the miner who had his back broken at the Beauport mine by a fall of earth Monday of last week, died Sunday night at the Ishpeeming hospital. McGowan was thirty-two years of age and unmarried. The funeral services will be held this morning at St. John's church. A number of the employees at the Beauport mine arrived last night to attend the obsequies.

LORD HAS RESIGNED.

George Lord, who left Ishpeeming some years ago to take a place at the state capital, has resigned his position in the building and loan department. His resignation will take effect within the next few weeks, probably soon after he completes his present tour of state. Mr. Lord will take a more lucrative position with a Detroit concern.

STAND LIKE A STONE WALL.

Between your children and the tortures of itching and burning eczema, scaldhead or other skin diseases, How? why, by using Bucklen's Arnica Salve, earth's greatest healer. Quickest cure for Ulcers, Fever Sores, Salt Rheum, Cuts, Burns or Bruises. Infallible for Piles. 25c at Stafford's drug store.

ISHPEMING IN BRIEF.

George B. Sedgwick did business at Escanaba yesterday.

Rev. H. Buchholtz of Munising was an Ishpeeming visitor yesterday.

George Tucker and Lester Clark were Marquette visitors in the city yesterday.

J. G. Rogers, a local operator, has gone to Green Bay to take a position in the office of the Postal Telegraph company.

The Junior class of the Ishpeeming high school will tender the seniors a reception at the Anderson hall on Friday evening of this week.

Invitations have been issued for a social party to be given this evening at the Anderson hall. Trombly's full orchestra will furnish the music. Those who have invitations will present them at the door.

The ladies of Grace church extend a special invitation to business men and clerks to partake of their noon-day lunch at the Guild hall on Thursday between 12 and 1:30 o'clock. The price will be thirty-five cents a plate.

The annual meeting of the stockholders of the Ishpeeming Building & Loan association will be held this evening at 8 o'clock at the Peninsula bank building. New officers will be elected and other business will be disposed of.

Buchholtz Bros. announce in this issue that they are prepared to furnish ice cream in large or small quantities. They guarantee their cream as strictly pure. The boys have their soda fountain in running order and they are doing a

very satisfactory business. Their store is quite attractive.

George Wanek and Will Fish, who conduct the billiard and pool hall here, were visitors at Menominee, their old home, Sunday.

The board of public works is planning on doing considerable this summer in the way of building of new walks and repairing old ones. A number of the walks of the city are in wretched condition and will stand a thorough overhaul.

The largest trout caught by an Ishpeeming fisherman this season was brought to town Sunday night by Con Thompson. It was twenty-two inches long and weighed four pounds, caught in Lake Superior, near Deerton, with hook and line.

The bicycle ordinance is now in force. Wheelmen will hereafter be obliged to have bells on their wheels at all times and when riding at night the bike must be provided with a lamp. Sidewalk riding is prohibited according to the provisions of the ordinance.

The Nye Theatre company packed the house last night at the local theatre. The audience went away well pleased and the company has every prospect of doing a very satisfactory business all week. There will be a matinee on Saturday afternoon for ladies and children.

The members of Grace church choir are meeting with good success in the sale of tickets for the concert to be given at the opera house on Tuesday evening of next week. The price of tickets is so reasonable that a number sufficient to pack the house will doubtless be sold.

Tonight's Bill: "A MAN OF THE WORLD."

Mrs. Emma E. Felch, Treasurer of the Social Economic Club, Tells How She was Cured of Irregular and Painful Menstruation by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I have used Lydia E. Pinkham's Vegetable Compound for irregular and painful menstruation, and was entirely cured after using two bottles. I can truly say it is a boon to suffering women, and I would recommend all suffering from the above troubles to try a few bottles and be cured. Very thankfully yours, EMMA E. FELCH, Division St., Fond du Lac, Wis."

\$5000 FORFEIT IF THE ABOVE LETTER IS NOT GENUINE.

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating (or flatulence), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues and hopelessness, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best.

No other medicine for female ills in the world has received such widespread and unqualified endorsement.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

Negaunee and Vicinity.

(Subscribers to The Mining Journal will please remember that carrier boys are not allowed to receive money on subscription account.)

THE ONLY CHIP. WILL NOT ENTER A TEAM.

All That Remains of a Historic Stump in Possession of J. M. Perkins. Negaunee High School Will Not Be Represented in Athletic Meet.

Chips of the famous historic stump under which the first ore discovered in the Lake Superior district was found would be a relic that many Negaunee people would like to have. There is now but one small chip left. This is in possession of J. M. Perkins, the druggist. There is not an article in this store that he prizes more highly than he does this little piece of pine.

The chip is a gift to Mr. Perkins from Captain Harry Merry, formerly manager of the Jackson Iron company. The captain sent it to him from Cleveland about ten years ago. The chip is considered valuable as a relic because of the fact that it contains the inscription of S. T. Carr, a mining man who was well known in this section in the early days. The name and date were carved in the wood by Mr. Carr in 1845, a year after the discovery of the ore.

About the time the chip came to Mr. Perkins he received a letter from Mr. Carr, calling attention to the fact that he still remembered the day he carried his name on the stump. At that time Mr. Perkins was advertising souvenirs of the stump. Mr. Carr saw the advertisement in The Mining Journal and wondered if the inscription he had placed upon the stump was shown on the souvenir.

The souvenirs contain a picture of the stump as it stood before it was burned about a year ago. For a time boys and others were warned not to touch the stump with an ax, but one day it was completely destroyed by fire. Many here then regretted that they had not taken chips from it to save as souvenirs.

There are several pictures of the stump in the city. These were taken by a photographer some fifteen years ago. All who have pictures prize them highly, as it is impossible to now replace them.

Pasted on the back of the chip Mr. Perkins has an article written by a mining expert who visited this city some years ago. He was so impressed with the stump story that he penned an account of the discovery of the ore. The article does not do justice to the story but the facts contained in it were possibly all the writer could obtain at that time. The amount of ore shipped and the price it brought per ton each season during the first ten years the mines were operated here is given in the write-up. The first season ore was shipped from this range it brought \$10 per ton. The next year it sold for a little over \$9.

Mr. Perkins will have some attractive souvenirs of the stump during the firemen's tournament. The firemen's official badges are to be a cut of the stump. The chip, with its inscription, would make a neat souvenir. The one of the stump complete would also be highly appropriate.

DISCUSS ADJUSTMENT PLANS.

At the next regular meeting of the local camp of the Modern Woodmen of America there will be a discussion of the adjustment plans now being so much talked about among the members of the society. Some of the local members have been reading the official paper and are sufficiently posted to give an entertaining talk on the question. There will be a smoker following the meeting and the officers will make an effort to get out a large representation of the membership.

At this meeting a committee will be named to complete arrangements for an entertainment to be held later, the date for which will then be determined. It is likely that it will be something on the order of the one recently given by the Maceabees and the Royal Arcanum societies of this city.

CIRCUS CONTRACTOR HERE.

Clay Lambert, Ringling Bros' head contractor, was in Negaunee yesterday. He was here closing a contract with Oral LaCombe for bill board space. Mr. LaCombe's bill boards will be in constant use for the next two months or more, as the Buffalo Bill show will want them after the Ringlings pass them up. Mr. Lambert stated that the circus will be at Union Park on June 18, about one month ahead of the Buffalo Bill show.

Coughs and colds, down to the very borderland of consumption, yield to the soothing, healing influences of Dr. Wood's Norway Pine Syrup.

The two-year-old baby of Adolph Pester, who was buried here yesterday. The child died Saturday. Services were conducted at St. Paul's church and interment was in the Catholic cemetery.

James Williams, who has been farming at Billings, Mo., for the past six years, has returned to Negaunee, to locate. His wife has had poor health on the farm and this is why they have decided to come back to Negaunee to reside. Mr. Williams will join her husband here as soon as it is convenient for her to get away from the farm.

HOLDS UP A CONGRESSMAN.

"At the end of the campaign," writes Champ Clark, Missouri's brilliant congressman, "from overwork, nervous tension, loss of sleep and constant speaking I had about utterly collapsed. It seemed that all the organs in my body were out of order, but three bottles of Electric Bitters made me all right. It's the best all-around medicine ever sold over a druggist's counter." Overworked, run-down men and weak, sickly women gain splendid health and vitality from Electric Bitters. Try them. Only 50c. Guaranteed by Stafford.

WANTS OTHERS TO KNOW. "I have used DeWitt's Little Early Risers for constipation and torpid liver. They are all right. I am glad to endorse them," writes Alfred Heinze, Quincy, Ill. Never gripe. Safe Pills. Stafford Drug Co., H. N. Meloche, Ishpeming.

SOME GREAT DISASTERS.

List Compiled of the World's Recorded Catastrophes.

Among the manifold disasters which are constantly overtaking the human family there is none so full of awe and terror as the earthquake. From the beginning of history and long before it the habitations of men have been levelled or buried underground by earthquake shocks and volcanic eruptions, and the number of human beings killed in this way passes comprehension.

In seventy-five years—that is, from 1783 to 1857—the kingdom of Naples lost 111,000 inhabitants by earthquakes. This is at the rate of more than 1,500 per year out of a population of 6,000,000.

The most disastrous earthquake of recent history was the great Lisbon shock on November 1, 1755. In less than eight minutes all the houses of Lisbon were overturned, 30,000 of the inhabitants were killed and whole streets were buried. The cities of Coimbra, Oporto, Braga and Stubes were destroyed. Malaga in Spain was largely reduced to ruins.

One-half of Fez in Morocco was destroyed and 12,000 Arabs killed. The island of Madeira was laid waste and the ruin extended to whole streets were buried. The cities of Coimbra, Oporto, Braga and Stubes were destroyed. Malaga in Spain was largely reduced to ruins.

Principal Earthquakes in History.

Following is a list of the principal earthquakes of history:

345 B. C.—Twelve cities in the Campana buried and Duras, in Greece, destroyed with immense loss of life.

283 B. C.—Lysimachia and its inhabitants buried.

79 B. C.—Pompeii and Herculaneum destroyed.

106 A. D.—Four cities in Asia two in Greece two in Galatia destroyed.

157 A. D.—One hundred and fifty cities in Asia, Pontus and Macedonia buried.

557 A. D.—Constantinople partly destroyed—thousands perished.

742 A. D.—Five hundred cities in Asia, Syria and Palestine overturned—immense loss of life.

936 A. D.—Constantinople again destroyed. All Greece shaken.

1089 A. D.—England thoroughly shaken.

1137 A. D.—Cantinia, Sicily, destroyed. 45,000 lives lost.

1158 A. D.—In Syria 20,000 lives lost. Sixty Thousand Die in 1268 A. D.

1288 A. D.—In Cilicia, 60,000 perished.

1318 A. D.—In England, greatest known there.

1456, Dec. 5.—Forty thousand perish at Naples.

1531, Feb. 26.—Lisbon, 1,500 houses and 20,000 people killed, several neighboring towns swallowed up in sea.

1585, April 6.—St. Paul's, London, partly destroyed.

1596.—Japanese cities destroyed and thousands perished.

1626, July 30.—At Naples thirty towns destroyed, 70,000 lives lost.

1667, April 6.—At Schamaki, 8,000 die.

1692, June 7.—At Jamaica, 3,000 killed.

1693, September.—In Sicily, 100,000 lives lost.

1703.—Jeddah, Japan, 200,000 dead.

1706.—Abruzzo, Italy, 15,000 perished.

1710, May.—Algiers, more than 200,000 killed.

1713, Nov. 30.—100,000 buried at Pekin.

1742.—Naples, 12,400 lives lost.

1746, Oct. 28.—Lima, Peru, and Callao destroyed, 18,000 persons buried.

Santo Domingo Overwhelmed.

1751, Nov. 21.—Santo Domingo overwhelmed. Immense loss of life.

1754, September.—Cairo, loss of 40,000 lives.

1745, July 7.—Kashan, Persia overturned, 40,000 killed.

1755, Nov. 1.—Great Lisbon shock. 50,000 people killed at Lisbon; 12,000 Arabs in Morocco buried; 2,000 houses in the Grecian archipelago overturned.

1759, Oct. 30.—Baabie, Syria, destroyed, 20,000 persons killed.

1773, June 7.—Santiago, Guatemala, and its inhabitants swallowed up.

1783, Feb. 4.—Towns in Italy and Sicily destroyed, thousands perished.

1794, July 23.—Egghagan, near Elzroum, destroyed, 3,900 killed.

1788, Oct. 12.—St. Lucia, near Martinique, 900 killed.

1797, Feb. 4.—Panama, 400,000 people buried suddenly.

Great Shocks With Awful Results.

1800-1842.—Great shocks with awful loss of life in Constantinople, Holland, Naples, the Azores, the Mississippi valley, Caracae, India, Genoa, Aleppo, Chile, Spain, China, Martinique and Guadalupe.

1808, Aug. 13.—Cities in Ecuador destroyed; 25,000 killed and property loss \$300,000,000.

1853, Aug. 3.—Island of Ischia almost destroyed; 2,000 lives lost.

1882, Oct. 20.—Krakatoa eruption in Java and Sumatra; 100,000 lives lost.

Nervous Irritability.

We sell Vinol on a guarantee that it is the best medicine for Shattered Nerves. It builds strength, rich blood, appetite; renews weakened nerves, makes cross people happy and contented.

A Sufferer from Nervous Dyspepsia Cured by Vinol. "I cannot speak too highly of your Vinol. Being a sufferer of Nervous Dyspepsia, I tried many medicines, but nothing has done me as much good as Vinol. It strengthened my nerves and gave tone to my whole system. I urge any one similarly afflicted to give Vinol a fair trial."

Vinol Cures Nervous and Weak Women. "For the past five years I have had lung trouble, accompanied with nervousness. My appetite had been very poor, and at times I have been too weak to attend to my ordinary household duties. I have now used six bottles of Vinol and I feel very much improved. I feel, much stronger and have gained in weight."

We wish any one suffering from weakness, a demoralized condition of the nerves, or a susceptibility to wasting diseases, to call on us and hear what we have to say in regard to Vinol. Try it on our recommendation, and if you find it does not do everything we claim for it, we will refund your money.

KNOCKOUT RINGS.

A number of detectives sat in bored attitudes in their room in the city hall the other night, when the chief entered. He had a ring in his hand, and the men examined it with much interest.

"It is a knockout ring," said Captain Miller, a little later. "It has, you see, a very big and apparently solid seal in it. Touch this spring, and the seal falls back, showing itself to be a mere shell, and revealing a quite large, cup-shaped hollow. In this hollow the liquid dope—laudanum, or whatever it may be—is placed. Then the ring is closed again. Now, here, on the side, so that it can be worked by the finger adjoining it, is another spring. Press this and a drop of the dope comes out at each pressure. Don't you see the advantage of such a ring? With it you can dope a victim's drink in his very presence. You sit side by side with him. You run your hand absently over his glass. You press the spring, and presto, the thing is done. His next swallow puts the quietus on him. These rings are the newest and most ingenious devices of the criminal world that I have come across in a long time."

STARCH IS POISON

To Stomachs That Cannot Digest It. Starchy foods are responsible for a large portion of the intestinal suffering which exists today. The undigested matter gradually accumulates until decomposition and putrefaction begins, feeding the blood with foul substances which gradually produce flabbiness and decay.

Unfortunately for persons who are troubled with starchy indigestion, all vegetables and cereals are largely made up of starch, some of them containing as high as 76 per cent.

There is but one agent which has been discovered to aid in the digestion of starch. This is Diastase, which put up only in Kaskola Tablets, in combination with Pepsin and Kola, making the only perfect digester and complete cure for Dyspepsia of every kind.

The P. L. ABBEY CO., Kalamazoo, Mich.

Gentlemen: I have used Kaskola Tablets for starchy indigestion, and I find it the best of many remedies I have tried for this malady. I cordially and confidently recommend these Tablets. Respectfully,

(REV.) ISAAC SPRINGER, Pastor Methodist Church, Fenton, Mich.

Kaskola Tablets are sold by nearly all druggists for 15 and 30 cents. Sample and booklet free by writing The P. L. Abbey Company, Kalamazoo, Michigan.

DON'T START WRONG.

Don't start the summer with a lingering cough or cold. A few doses of One Minute Cough Cure will set you right. Sure cure for coughs, colds, croup, grip, bronchitis, all throat and lung troubles. Absolutely safe. Acts at once. Stafford Drug Co., H. N. Meloche, Ishpeming.

IS TO BE PAVED

COUNCIL DECIDES ON FRONT STREET IMPROVEMENT.

MATERIAL NOT DEFINITELY FIXED

CONTROLLER ORDERED TO PREPARE ASSESSMENT ROLL.

Larger Sewer Will Be Laid in Rock Street at City's Expense—Police Petition for New Uniforms—Last Night's Session.

The common council at its session last evening decided that that portion of Front street between Bluff and Fisher streets, be paved. While no particular time was fixed as to when the improvement shall be undertaken, it is the understanding that the work be accomplished this year. Brick is the material specified in the resolutions adopted, but its designation was a mere formality and it does not necessarily mean that brick will be the paving material definitely selected. In fact, the aldermen appear to be divided as between brick and asphalt, and just which will be settled upon when the proper time comes is something rather vague just now.

Plans Are Accepted.
The paving proposition was discussed in committee of the whole, and following the committee reported to the council, recommending that "Front street, within the limits designated, be paved with some suitable material to be hereafter determined." The recommendation was adopted. Some time ago plans and specifications for the paving of Front street were prepared by Engineer P. W. Keating, and last night, following the acceptance of the recommendation of the committee of the whole, they were approved and ordered deposited with the city recorder for public examination. It is provided by the resolution that that part of Front street within the designated limits, excepting that portion lying between the rails of the street car line and also those sections immediately overhead of the South Shore subways, be paved with brick. Under the terms of the resolution, the controller is to have prepared an assessment roll for the collection of the estimated cost and expense of such improvement. This covers the action taken, but a good start on the proposed improvement has been made and the council will doubtless soon order the actual construction work started. The question of material will likely be settled at the next meeting.

New Sewer for Rock Street.
The sewer in Rock street, between Third and Front streets, was ordered taken up and a larger one laid. The work, it was further provided, is to be

done at the expense of the city. The present pipe is six inches in diameter and will be replaced by one ten-inches in size. There was no dispute among the aldermen as to the necessity of the change. The present sewer drains a much larger district than was originally intended, and in consequence has for some time been inadequate, the sewage having a bad habit of backing up and flooding cellars. However, there was a difference of opinion as to whether the entire cost should come out of the general fund. The aldermen in the negative took the position that it would be a bad precedent, and that as the property owners immediately concerned had only paid for a six-inch sewer it was but proper that they pay a share of the expense of installing a larger pipe. On the other hand, it was contended that the sewer had been improperly laid in the first place, that its efficiency had been destroyed by additional connections until it was now serving a considerably larger territory than contemplated, and that these conditions were in great part due to negligence for which the city was responsible. The situation from a sanitary point, as well as with the consideration of the loss and inconvenience to the property owners, was declared intolerable and immediate steps to remedy the evil were urged. The question was settled by a vote of eleven to three in favor of at once putting in a new sewer at the city's expense. The street commissioner will do the work, which will probably cost in the neighborhood of \$350.

Police Want New Uniforms.
A petition was presented from the policemen of the city, asking that they be provided with new uniforms at the expense of the municipality. In support of the request it was pointed out that it was the practice both at Ishpeming and Negaunee. The matter was referred to the police committee with instructions to report at the next meeting. Owners of property in the Eighth ward petitioned that a sewer be laid in that section of the city, starting in on East Crescent street and eventually leading to the lake, a total distance of about 3,500 feet. The petition was handed over to the street committee, which will report at the next session. It was the recommendation of the street committee that the question of street sprinkling be left to the street commissioner. It was explained that the commissioner could employ a man to operate the sprinkler, and that when he was not so engaged he could be assigned to other work. The recommendation was adopted.

Cement Business Divided.
With reference to the bids to furnish the city with cement, presented at the last meeting, the street committee reported that it had looked into the matter thoroughly and was convinced that the prices submitted were very reasonable and that it would cost more to bring in cement from outside. As the bids were the same, both F. B. Spear & Sons and George French proposing to supply the best Portland cement for \$2.20 per barrel, it was recommended that the street commissioner procure the material from both concerns and divide the business equally. The report was adopted.

Concerning the bids on lumber re-

ceived at the last meeting from F. W. Read & Co. and F. W. Sambrook, the committee reported that they figured up the same. It recommended that the street commissioner be authorized to purchase the lumber "where he sees fit." The report was adopted by the council. The coal bids, which had also been laid over at the former meeting, did not come up for consideration.

Will Get After the Gas Co.
The failure of the gas company to put back into good condition the streets it had torn up last fall for the laying of the new mains, and incidentally the neglect of the company to so far reimburse the city for the rock used and for the rental of the road roller, was given attention and formed the subject matter of some vigorous talk. It was explained, however, that this was a matter that rested with the street commissioner and street committee, and that some appropriate action would be recommended later.

An itemized report from ex-Street Commissioner Reichel showed that the maintenance of the street department had cost \$1,342 during April. Of this amount, about \$550 were paid out for clearing streets.

Crescent Street Improvements.
The cost of grading, curbing and macadamizing Crescent street between Third and Fourth was estimated by the controller at \$608, with \$260 additional as the cost of laying the six-inch sewer recently authorized installed. The assessment rolls accompanying the estimates were approved, and June 2 was set as the date for the final confirmation of the same. At that time all the property owners concerned who object to the proposed improvements will be given an opportunity to be heard.

The council adjourned about 10:30 to meet again on Monday, June 2.

WILL GO TO ISHPERING.

Marquette Clerks Accept Bid to Iron and Copper Country Reunion.

At a meeting of the local branch of the Retail Clerks' association last evening, an invitation from the Ishpeming lodge, asking that the Marquette clerks be its guests on the evening of Wednesday, May 28, was presented. The invitation was unanimously accepted. The event at Ishpeming will be in the nature of a reunion of the clerks of both Houghton and Marquette counties, and a very large attendance is anticipated. It is likely that the Marquette delegation will go up and will return on a special train. The arranging of the transportation and other details was left to a committee of three, of which Bert Salter, James Bennett and Silas Patenaude are the members.

I live and let my brethren live
With all that's good with me,
Unto the poor, some cash I give,
The balance I give Rocky Mountain Tea.
The Stafford Drug Co.

NOTICE TO VESSELMEN.

RAISE IN SALARIES.

Four Postoffice Clerks Each Given Increase of \$100 Per Year.

Several weeks ago, with the annual readjustment of salaries in mind, Postmaster Mangum wrote to the postoffice department at Washington, recommending that the emoluments of the postoffice clerks here be increased. The fact that the salaries had remained at the same figure for some years, despite the increase in business and in the routine work, was put forth as argument and hope was expressed that the Washington authorities would recognize the merit of the claim. Mr. Mangum has now been advised that the request has been granted, and that hereafter the clerk who has been receiving \$500 will receive \$600 per year, the two who have been paid \$600 will receive \$700 and the other, whose salary has been \$700, will hereafter draw \$800. The clerks benefited by the increase are the Misses Zerbel, Curtis and Billings and Wm. J. Caisse, the latter the stamp clerk. The raise in salary will take effect on the first of July, and of course the recipients are very grateful to Mr. Mangum and the postoffice department.

AT THE MARQUETTE NATIONAL.

Subscriptions for Relief of Volcano Sufferers Will Be Received.

Marquette people generally have read of the terrible loss of life in the volcanic eruption on the island of Martinique, with a feeling of horror in which pity for the survivors who have lost their all has been intermingled. Now, opportunity is offered to demonstrate that their sympathy is of substantial basis. This morning subscriptions to a relief fund will be opened at the Marquette National bank, and it is hoped that the response will be hearty and general. No matter how small the amount it will be gratefully received, and all funds collected will be forwarded to the central relief committee at New York. Marquette has always responded generously to calls for assistance to suffering and needy, and in this instance the appeal is one that particularly merits a handsome response.

DEAFNESS CANNOT BE CURED
By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

Buy your china glassware and lamps at Palmer's Bazaar. (5-5-11)

We challenge comparison in the price of our Carpets.

We have provided well against the extremely great demand for CARPETS, RUGS, MATTINGS and LINOLEUMS. Never before in our business career has there been such a rush for Floor Coverings. We've struck the popular chord, not only with our prices, but our qualities. We've not lessened the wearing ability by our low prices, but are giving you the best the carpet weaver has made.

LACE CURTAINS AND DRAPERY

The great sale of Lace Curtains we had so early in the season has made us short in certain lines at present, but we will have a new lot in a few days to show to our customers, and ask them to wait until our stock is replenished—which will be soon—and we promise it will pay those intending to buy Lace Curtains to wait until our curtains are all bought from Mills & Gibb, New York, and are known to be the best house in this line.

OUR MILLINERY STYLES

are more fascinating than ever, and the low prices we quote are simply irresistible. Our showing of Trimmed Hats represents the best thoughts of the world's greatest milliners, together with many clever designs from our own artists. Ladies' Stylish Hats, for wear with short skirts and tailor-made gowns, from \$1.00 to \$10.00.

LOUIS GRABOWER, Mgr.
