Hundred's Made Homeless. Des Moines, July 9.—The flood situation in Iowa is more serious than at any time in ten years. The Des Moines, Iowa, Raccoon, Cedar and Skunk rivers are from seven to fifteen feet above the low water mark and the low lands are submerged. Hundreds have been made homeless. In Des Moines 200 persons have been forced to abandon their homes and have suffered the loss of horses, cattle and hogs. Throughout the central section of the state a continuous rain has fallen for twenty-four hours. The Raccoon river at Adel after being stationary all day began to rise rapidly tonight. The water has shut off the electric light plant and is doing great damage.

## RAINS CAUSE RUIN

FLOODS IN WEST MAKE HUNDREDS HOMELESS.

DAMAGE TO CROPS WILL BE SEVERE

RIVERS ARE RISING AND FURTHER LOSS IS FEARED.

Kansas, Nebraska, Iowa and Western Missouri Are Inclined in Storm Belt and Suffer Greatly from Waters.

Des Moines, Thursday, July 10.—The Des Moines river reached a height of twenty feet, the highwater mark of 1892, at midnight. At that hour the levee on the north side of the town broke, flooding a large residence section. Most of the families removed last evening. A small break occurred in the Raccoon river levee just after midnight and a large force of men are attempting to hold the flood in check. Two of the Rock Island east bound passenger trains due here last night are held at Commerce, twenty miles west where the tracks are covered with water. Fifty or sixty families were driven from their homes yesterday. The false work in the new Sixth avenue bridge which went out Tuesday night, yesterday swept away five spans of the Chicago & Great Western railroad bridge over Des Moines. Communication with the city by the wagon bridges over the streams is being prevented because of the danger. All the railroad trains are from two to eight hours late.

Railroads Suffer Washouts.

Omaha, July 9.—At Bennington, the Pappo river is a mile in width. A number of houses have been washed from their foundations and twenty families have been forced to abandon their homes. Fifteen hundred feet of the Elkhorn track disappeared during the night and several trains are blocked on both sides of the washouts. A great number of bridges have been washed out and crops on the low grounds are a total loss. In Otoe county fifty bridges, valued at \$50,000 have been carried away and other losses have been equally heavy.

Another section of embankment carrying the passenger tracks from the Missouri river bridge to the Union station at Omaha slid into the river today carrying with it the home of Mrs. Collins who received probably fatal injuries.

Loss Is \$1,000,000.

Three miles of the Elkhorn track were washed out near Dodge. A number of families at Snyder were driven from their homes. At Beatrice the water now stands eight feet deep in some of the houses. A number of cottages have been carried away from their foundations. Both the electric light plant and the water works have been closed and the city is in darkness. No trains are running. A conservative estimate places the losses from the floods in Nebraska at \$1,000,000.

Hundred's Made Homeless.

Des Moines, July 9.—The flood situation in Iowa is more serious than at any time in ten years. The Des Moines, Iowa, Raccoon, Cedar and Skunk rivers are from seven to fifteen feet above the low water mark and the low lands are submerged. Hundreds have been made homeless. In Des Moines 200 persons have been forced to abandon their homes and have suffered the loss of horses, cattle and hogs. Throughout the central section of the state a continuous rain has fallen for twenty-four hours. The Raccoon river at Adel after being stationary all day began to rise rapidly tonight. The water has shut off the electric light plant and is doing great damage.

Farmers Suffer Severely.

Siox City, July 9.—Damage to the extent of many thousand dollars has been done in the bottom lands southeast of Siox City by the floods. The rain ceased falling at noon and the worst is believed to be over. The railroads suffered severely from washouts. Their loss will be heavy. The farmers, however, are the greatest sufferers. The reports from towns nearby tell of heavy loss. Oto, Homic, Lutan and Mapleton are flooded and surrounded by vast expanses of water.

Missouri River Rising.

Kansas City, July 9.—The rain fall in Kansas City thus far in July is four inches in excess of the normal fall for the whole month. Rain fell generally today in Kansas, Nebraska and Western Missouri. Many passenger trains arrived here late because of inundated tracks. The Missouri river is rising steadily tonight and will reach the danger point before morning. Rain is falling tonight. Andrew Erickson, a farmer, was drowned at St. Mary's today.

Lincoln, Neb., July 9.—The flood situation here is becoming serious. Reports of a rise in Salt creek, south of here, caused the police to warn the people to escape from the lowlands. A carload of flour donated to the sufferers is being distributed.

Oskaloosa, Ia., July 9.—Almost five inches of rain has fallen in Mahaska county during the past twenty-four hours. All the streams are out of their banks and the damage in this city and surrounding country generally is heavy.

Beatrice, Neb., July 10.—Two grocery stores and Klein's big department store are on fire. The fire was beyond control at 2 a. m. The water works plant was closed early in the evening by the floods and the city is practically without fire protection.

## CHAMBERLAIN IMPROVES.

Injured Colonial Secretary Removed Home from Hospital.

London, July 9.—Joseph Chamberlain, colonial secretary, who was injured in a carriage accident Monday, left the hospital this morning accompanied by Mrs. Chamberlain and returned to his home. His condition is progressing satisfactorily.

## NIECE OF MINISTER CONGR WEDS.

Miss Mary E. Pierce Becomes Bride of Lieut. Harold Hammond.

Des Moines, July 9.—The wedding of Lieutenant Harold Hammond, of the United States infantry, and Miss Mary E. Pierce, niece of Edwin H. Conger, minister to China, took place this evening at the home of the bride's aunt, Mrs. Ida C. Conger, Dr. A. L. Frisbee, of the Plymouth Congregational church, officiating. Lieutenant and Mrs. Hammond left tonight for Rushville, Ill., for a brief visit, after which they will go to West Point, where Lieutenant Hammond has been appointed instructor in the national military academy.

## TRACY DISAPPEARS

TRAIL OF DESPERADO IS LOST AND PURSUIT IS SUSPENDED.

BLOODHOUNDS FAIL TO KEEP SCENT

RUMORED THAT MERRILL HAS JOINED WITH HIM.

Three Men Arrested Who Are Suspected of Being With Convict Monday Night—Outlaw Is Without Supplies.

Seattle, July 9.—The pursuit of the outlaw Harry Tracy appears to be temporarily suspended. Sheriff Cudihoe called in the guards from the southern suburbs, leaving only a sufficient number for careful patrol. It is believed that Cudihoe expects the convict, if he reappears at all, to show up in another part of the country. The posse that started from Benton with bloodhounds at 5 o'clock this morning returned at 2 o'clock in the afternoon after a fruitless search. It is believed that Tracy will soon make his appearance at some house and demand food as he is known to be without supplies. The rumor that Merrill has joined him cannot be substantiated.

## THINKS MERRILL HAS JOINED TRACY.

A Salem penitentiary guard who is with the party at Benton, is certain that Merrill and Tracy are once more together, although he will not state a reason for his belief. The marshal of Benton and a deputy sheriff have captured three suspicious looking individuals at Benton. It is thought that they may be three of the four men who met Tracy at the Black River bridge night before last and walked through Benton in the convict's company. At the town jail they gave their names as Andy Neilson, Tom Madden and Phil Ritchie.

## CHILD KILLED PLAYING CIRCUS.

Siox City, Ia., July 9.—Hazen Matthews, six years old, while playing circus with his sister Ruby, aged four, jumped upon her stomach. This caused ruptures and hemorrhages from which she died today.

## MITCHELL CERTAIN OF FINAL SUCCESS

PRESIDENT OF MINERS SAYS STRIKE WILL END FAVORABLY FOR MINERS—CRITICISES ALLIANCE ORGANIZATIONS.

Wilkesbarre, Pa., July 9.—In an address today before four hundred delegates of District No. 1, in convention at Nanticoke, President Mitchell, of the mine workers' union, said that he had never participated in a strike in which he was so confident of success. The national president severely criticized the citizen alliance organizations which have been formed in Scranton and Wilkesbarre to prosecute persons who boycott or otherwise intimidate the men still working in the mines or their relatives. President Mitchell was enthusiastically received in Nanticoke. He went there for the sole purpose of addressing the men, and returned to headquarters here immediately after concluding his remarks. He took no part in the proceedings of the convention.

Alleged Murderer of a Deputy Sheriff Taken at Portage, Wis.

Portage, Wis., July 9.—Fred W. Stephenson, who it is alleged shot and killed Deputy Sheriff William Cooper at Waterloo, Feb. 8, and who escaped from the Jefferson jail June 28, was captured near here today.

## CLOUDBURST IN MEXICO.

San Lorenzo Dam, Built 350 Years Ago, Washed Away.

Parras, Mex., July 9.—A cloudburst covering an area of fifty square miles today did damage to the extent of \$400,000. The Patagana Dam, the largest in northern Mexico, was completely destroyed. The San Lorenzo dam, which had been standing over 350 years, was also washed away.

## MAYOR AMES ARRAIGNED.

Minneapolis Official Alleged to Have Received \$15 for "Protection."

Minneapolis, July 9.—Mayor Ames was arraigned in court this afternoon on two indictments, each charging that he received \$15 for "protection" on certain dates named from houses of ill-repute. Judge Harris set the case for trial July 14 and fixed bail at \$5,000, which was promptly furnished.

GOVERNMENT DISLIKES DELAY IN GREEN AND GAYNER CASE.

EXTRADITION BLOCKED BY CANADA

MATTER WILL BE BROUGHT BEFORE ENGLISH MINISTRY.

It Is Alleged Men Sought Are Aided by Officials With Whom This Country Must Deal for Their Return.

Washington, July 9.—The extradition case of Benjamin D. Green and John F. Gayner, whose removal is sought from Canada to the state of Georgia for trial on the charge of misappropriating and embezzling over \$2,000,000 in connection with the river and harbor improvements at Savannah, Ga., will take on a diplomatic phase in a few days when Secretary Hay communicates to the British government officials that the Canadian authorities are pursuing an extraordinary and unwarranted course in the case. The delays and embarrassments in the extradition proceedings resulted in Marion Erwin, special assistant to the attorney general who has been in active charge of the extradition proceedings for the United States transmitting to the attorney general under date of Monday, July 7th a special report on the case in which he calls attention to the fact that the legal representatives of Greene and Gayner are closely connected through professional and family ties with the Canadian officials to whom this government must look for the extradition of the men whose custody it seeks.

## KING STILL IMPROVES.

His Majesty Will Go on Board Royal Yacht Next Week.

London, July 9.—King Edward's progress is reported today as uniformly and favorably. His majesty reclined on a movable couch most of the day. Some of his physicians are still in constant attendance upon him. It was announced this evening that it was his majesty's present intention to be taken on board the royal yacht early next week.

## VATICAN IGNORES MARRIAGE.

Wedding of American and Member of Church Nobility Non-Existent.

Rome, July 9.—A great sensation has been caused here by the action of the Vatican authorities toward the Princess Josephine Rospioglio, an American. Her husband is the head of an ancient family in the clerical nobility. His brother is commandant of the papal noble guard. On Aug. 25, 1901, Prince Rospioglio married here Mrs. Marie Jennings Reid Parkhurst, divorced wife of Colonel Fred H. Parkhurst of Bangor, Me. The ceremony was a civil one and hence was not recognized by the Vatican. Princess Rospioglio, who is now on the point of confinement, engaged an English Blue sister as nurse and the latter took up her duties. But Cardinal Macchi, secretary of the apostolic briefs, hearing of this, forbade the sister to fulfill her duties on the ground that the marriage was non-existent. The prince was furious and exerted all his influence to overcome the scruples of the church, but without avail. Eventually he was obliged to send to England for a nurse. The incident is expected to have important developments.

## TREASURY REFUNDS TAXES.

Duties on Goods to Philippines Sent Since Nov. 15, 1901, to Be Repaid.

Washington, July 9.—The treasury department today issued its first order under the new Philippine civil government act. That act provides that all taxes paid upon articles subject to the internal revenue taxes shipped to the Philippines since Nov. 15, 1901, under the decision of the secretary of the treasury shall be refunded to the parties who have paid the same under the regulations prescribed by the secretary of the treasury. The regulations have now been issued. The principal articles upon which a refund will be made are whiskeys, beer and other vinous malt liquors and tobaccos. No estimate of the amount of money is made but it is supposed it will aggregate \$1,000,000.

## ATTEMPT TO ESCAPE FOILED.

St. Joseph, Mo., July 9.—Three prisoners in jail here today wrecked the rear wall of the jail with dynamite in an attempt to escape. The guards were too quick for them, however, preventing any escape by the display of Winchester.

## TO END THE STRIKE

PRESIDENT OF FREIGHT HANDLERS ACCEPTS TERMS FOR MEN.

ACTION WILL LIKELY BE RATIFIED

RESULT IS VICTORY FOR THE RAILROADS.

Basis of Settlement Is Proposition Offered by the Companies July 1—Teamsters Refused to Lend Aid.

Chicago, July 9.—The strike of the freight handlers is virtually settled. A meeting of strikers will be held tomorrow to ratify the action taken tonight by President Curran of the order but as he stated tonight after the conference with the general managers of the railroads, that he had agreed to their terms because the majority of his men were "going back" on him, there is little doubt that the terms will be accepted by the mass meeting of the strikers tomorrow.

Strikers Accept Terms Offered July 1.

By the terms of the settlement, the strikers accept the schedule of wages offered by the railroads July 1. This schedule was emphatically refused by the strikers at the time it was made. It offered an average increase of twenty per cent for all classes of labor connected with the Freight Handlers' union. The demands of the men would have made an average increase of about thirty per cent. The railroads, at the time of offering the increase July 1, said that under no circumstances would they recognize the union of the freight handlers to the extent of allowing the officers of the organization to make terms for the men with the officers of the railroads by which they were employed. This was one of the chief reasons for the strike, the men insisting that the union be fully recognized. The railroads won a complete victory on this point. The attitude of the roads toward the Freight Handlers' union is the same as that maintained toward all the local organizations of the railroad men. The freight handlers demanded something that no other organization of railroad employees in Chicago asked and the managers announced that under no circumstances would they agree to this.

Men Wanted to Return to Work.

President Curran of the Freight Handlers' union said after the meeting with the general managers tonight, that he practically had been compelled by his own men to accept the terms of the roads. "Two-thirds of them would have gone to work in the morning anyhow," he said, "and it was simply a question of doing the best possible under the circumstances." The railroads agree to take back all the strikers who apply for their old positions by noon tomorrow. The settlement of the strike came unexpectedly. The meetings during the day of the various committees with the general managers of the railroads did not produce much result, neither side making concessions.

The actions of the teamsters was a potent factor in settling the strike. They took a strong issue with the freight handlers and intimated plainly that no assistance could be expected from them, inasmuch as the freight handlers had struck against the advice of the Chicago Federation of Labor.

## WATSON CERTAIN OF FINAL SUCCESS

TIENTSIN SOON TO BE EVACUATED

Washington, July 9.—Secretary Hay's prompt action upon the appeal of the Chinese government through Yuan Shi Kai and Minister Wu relative to the evacuation of Tientsin has met with success. The foreign generals who have stood in the way of evacuation will receive instructions from their home government. Although a few points remain to be adjusted it is believed Tientsin will soon be turned over to the Chinese authorities.

## POWERS IN CHINA CONCEDE TO WISHES OF UNITED STATES AND WILL CEASE OCCUPATION OF DISPUTED TERRITORY.

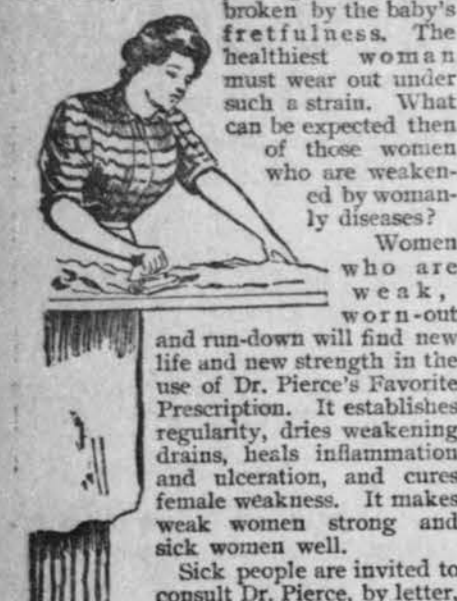

Washington, July 9.—The Times this morning credits Secretary of State Hay with an eminently gratifying issue in the negotiations concerning the turning over of Tientsin to the Chinese.

SUBSCRIPTION RATES: Per month, by carrier, \$3.00; Per year, by mail, \$30.00.

MARQUETTE, MICH., JULY 10.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

IT LOOKS LIKE YOUNG.

As a result of the sudden change that came over the face of the political situation in the Twelfth district yesterday, it looks as if Hon. H. O. Young of Ishpeming will be returned to congress next fall.

Carlos D. Sheldon can hardly be regarded as a possibility, although he will be a factor in the convention, owing to the control he will be able to exercise over the delegations already chosen in his favor.

There should be no disposition to underestimate Mr. Wright's strength. He has demonstrated his right to be classed with the clever politicians of the upper peninsula, and the Sheldon people must be the first to recognize his claim.

The Mining Journal feels complete and unalloyed satisfaction with yesterday's work. It anticipated Mr. Young's splendid endorsement in Baraga and Iron, but it hardly expected that he would be given such overwhelming support as he received.

The amended bill passed without much question, although Senator Scott did gently inquire if the amendment was not pretty broad.

Here is the way in which the Houghton Gazette, Mr. Sheldon's mouthpiece and one of his most faithful supporters, bows to the will of the Houghton county electorate, as expressed in the county convention yesterday.

The result of the convention in Calumet last evening makes it reasonably certain that the outcome of today's county convention will be a Wright victory.

This paper has also nothing to take back concerning Hon. Charles A. Wright, of Hancock. It has ever spoken of him as a thorough gentleman and has never had a higher opinion of him than at present, in view of the result of the Calumet contest which demonstrated that he was better posted than were his adversary's lieutenants.

The lower Michigan press is having a good deal of good natured fun at the expense of John R. Gordon of Marquette, since he succeeded in "blowing" himself up on the glorious Fourth.

that little interest had been aroused in the rank and file of the party by the contest. However, the laetel fluid has been spilled. The Mining Gazette's reputation as a political prophet has been jarred in so far as Houghton county is concerned; in regard to the result in the Marquette convention another week will tell.

Our Don M. Dickinson was probably carried away with the excitement of the occasion when he declared his belief, before the annual dinner of the Hardwick society in London, that Ambassador Choate is a presidential possibility.

The Mining Journal does not believe that there is any real foundation for his statement that "it is very near the hearts of the American people that he (Choate) shall go from the court of St. James to the presidential chair."

The frightful number of fatalities by drowning in Michigan during the last few days emphasizes the necessity for extreme caution in bathing. At the first sign of hot weather everyone who is near the water seems impelled by an irresistible impulse to go bathing.

Congress made Wall street a present of \$3,000,000 during the closing hours of its recent session. It didn't do it knowingly, but the men who tacked an innocent looking amendment on a thoroughly innocent tax refunding bill knew what they were about.

Sec. 4. That taxes which shall have accrued before the taking effect of the act of April 12, 1902, entitled an act to repeal war revenue taxation, and for other purposes, and since July 1, 1900, upon securities delivered or transferred to secure the future payment of money are hereby remitted.

The News has no personal feeling in this matter, having known Carl Sheldon for many years, and always considered him one of those half fellows well met, but that surely does not entitle him to sit in the halls of congress forever.

It is apparent that Frank C. Andrews, former vice president of the wrecked Savings bank at Detroit, will not be favored in Judge Murphy's court. That magistrate dismissed the entire panel of jurors this week and, although he preferred to keep his reasons to himself, it is well understood that he was convinced that the panel contained too many of Andrews' former political associates.

In many papers which published reports of Don M. Dickinson's London speech, in which he suggested Ambassador Choate as a presidential possibility, were dispatched to the effect that Americans resident in London are seriously considering the preparation of a memorial to President Roosevelt calling his attention to what they consider Choate's "too deferential" attitude toward the English people and nation.

Much to the joy of the Wisconsin Republicans who are enthusiastic in his support, Governor La Follette has passed the majority mark in his skirmish for delegates to the forthcoming state convention.

the legislature last year Mr. Gordon fell down a flight of stairs and broke several fingers of one of his hands, and it was the same doughty little champion of the rights of the down-trodden miner who had been so severely and seriously injured in a little social function in Lansing last winter.

Three years ago Representative Gordon was the author of a bill to prohibit the use of fireworks in this state, and after the accident of the Fourth he declared that if re-elected he will revive and push the measure.

The Chicago freight handlers are still out, efforts to settle the trouble having failed. There is some talk of their receiving assistance from the teamsters. The latter gentlemen have just settled one labor war. They should hesitate before becoming embroiled in another.

Editor of The Mining Journal: My attention has been called to an article which recently appeared in the Crystal Falls Diamond Drill and which was last week reproduced in the Ishpeming Iron Ore, bearing on the Republican congressional contest, now being waged in this district, in which the following statement appeared:

As I acted as one of the secretaries of the caucus referred to, I wish to brand the above statement as a falsehood. During my nearly thirty years residence in Ontonagon, I have attended nearly every Republican caucus or convention held here, and can say on my honor that I never attended one which was conducted in better form or in which the rules were more closely observed than in this one.

Very respectfully yours, HENRY M. POWERS.

Yearly Output Is About Sixty Millions. "You would think that a large post office would take in through its stamp windows more pennies than it pays out, but the contrary is the case," said a clerk in the Washington city office this morning.

a grand total of 349, eighteen more than enough to nominate him, as there will be but 1,005 delegates in the state convention. And the La Follette procession is just getting under way.

Don M. Dickinson was happy in likening President Roosevelt to Sir Philip Sidney as "sans peur et sans reproche." That Mr. Dickinson is a Democrat increases the value of the tribute. The president is assuredly "sans peur" and he is probably as near "sans reproche" as are any erring mortals here below.

The Vital Difference between Laxatives and Purgatives cannot be too clearly understood. The former are GENTLE, the latter VIOLENT. A LAXATIVE assists the organs; a PURGATIVE takes the work out of nature's hands.

Purgatives, therefore, are at best a necessary evil, like an emetic to relieve the Stomach of undigested food.

**FELL FIVE HUNDRED FEET.**

Alfred Jurvo Killed at No. 2 Shaft at Quincy.  
The funeral of Alfred Jurvo, the Quincy surfaceman who lost his life Tuesday morning by falling down No. 2 shaft house, will be held this afternoon from the Finnish church in West Hancock. The circumstances resulting in the death of Jurvo were peculiar. A bird had flown into the shaft house and Jurvo in an attempt to brush the bird down with a broom the ladder which was not out far enough from the base tipped backward and Jurvo fell. He did not stop at the shaft house floor but plunged straight down the shaft, the opening being near the ladder. The unfortunate man fell 500 feet and was killed during the descent his brains being dashed out. He was forty-three years of age.

**PENCIL PUSHERS COMING.**

South Dakota Press Association to Enjoy Outing in Copper Country.

An excursion party, members of the South Dakota Press Association for the most part, about 150 in number, will reach Hancock about noon today on the steamer Peoria of the L. M. & S. T. Co.'s line. The editors are coming from Duluth, the last place they visited on their sight seeing tour. The party will remain in the copper country until 6 o'clock this evening, when the boat will leave for Chicago. The visitors will remain in Hancock from 1 o'clock to 4, when they will go to Houghton to stay there until 6. The mines and smelters will be visited, and it promises to be an experience few of the party have gone through with before. The association is taking a leisurely trip on the way to the Windy City and enjoying it as far as possible.

**GIVE ANOTHER ENTERTAINMENT.**

Calumet Young People Are Arranging to Put on Minstrel Show.

Calumet people are to be favored in the near future with another performance, similar in some respects to the "Witch of the Wood" by home talent in which children will play a prominent part. The entertainment will be under the direction of Professor Draper and Mrs. Harriet Purdy-Smith. The first part of the performance will be in the nature of a minstrel show in which Mr. Draper's Minstrel club of seventy-five pieces will assist. The second and third parts will consist of musical skits and the very popular production, "The Fairies' Carnival," which is the best in Mrs. Smith's list of children's repertoire.

**EXCURSION TO DULUTH.**

One Will Be Given Tomorrow on Steamer Iroquois

An excursion on the steamer Iroquois to Duluth and West Superior will be given from Houghton and Hancock Friday. The boat will leave at 8 o'clock in the morning for Duluth via the Isle Royale route—a very attractive trip. Returning the Iroquois will leave Duluth at 7:30 p. m., July 13, arriving at Hancock and Houghton early Monday morning. The fare for the round trip, including meals and berth, is \$6. Those who go will have an opportunity to take in the Elks' carnival at West Superior.

**LACROSSE GAME SATURDAY.**

The Portage Lake lacrosse team will play a return game with Calumet at Athletic park, Calumet, Saturday afternoon. A better match than the first played two weeks ago at Hancock is expected as each team has had considerable practice since then. A big delegation of Houghton and Hancock "rooters" will go to Calumet to see the game.

**ANOTHER PROMENADE CONCERT.**

Company G, Houghton Light Infantry, will give another of its popular promenade concerts at the Armory Friday evening. The Calumet & Hecla orchestra will furnish the music. Dancing will be indulged in from 8 until 11. Twenty-five cents per person will be charged.

**ITS FIFTH ANNIVERSARY.**

Isle Royale Can Still Be Classed Among Profitable Producers.

Just five years ago the Isle Royale company began its work of resurrecting the mining properties south of Houghton which mark the scene of the first mining operations in the county of Houghton. The first work on the old Isle Royale property was commenced fifty years ago next month, but an idea of the extent of the early operations can be judged from the fact that more work was accomplished during the past five years than during the forty-five years prior. The task undertaken by the new company was difficult. The old narrow shafts were filled with an accumulation of debris, the shaft linings were rotten and the pent up gas proved a source of danger. The work of opening up one of the old shafts had to be abandoned, owing to the danger of the ground caving in, and on the whole the conditions were such that the opening of a new property would have been a much simpler problem. After a plan of operations was decided upon, it was strictly adhered to, with the results that in proportion to the requirements no mine in the Michigan copper district is better equipped to mine and mill a ton of rock. The Isle Royale is opened up for years to come, and its equipment will render service during the life of the property. The first year's operations at the stamp mill proved decided profit, which event the Isle Royale can be classed in the list of profitable producers. The ground south of No. 2 shaft, in the direction of the Haron property, is uniformly good from the 8th to the bottom level. The output of mass copper has shown improvement, and on the whole the situation is assured with a twelve-cent copper market.

**Copper Gossip.**

Part of the pumping machinery for the Timonahway shaft arrives at Hancock, being installed as fast as possible. The balance of the machinery for the pumping plant is expected before the latter part of the month. By August 15 it is thought the mill will be ready to go into commission with two heads.

**FIREMEN WILL PICNIC.**

The Houghton firemen will hold their annual picnic at Hancock, Mich., at Houghton, on Sunday July 20. The Quincy band will be engaged to furnish the music. Committees to make arrangements for the picnic were appointed at the meeting of the company Tuesday evening. Dancing and other forms of amusement will be provided, and refreshments will be served. The money secured will be used to send a big delegation of firemen to the tournament to be held at Negaunee next month.

**CAPT. JAS. MOORE COMING HOME.**

Captain James Moore of the regular army, who was badly injured in an engagement in the Philippines, will sail for home this week. He should reach the home of his parents at the Quincy location the latter part of the month. His condition is encouraging. Captain Moore will be given plenty of time in which to recuperate.

VATICAN ANSWERS

REPLIES TO JUDGE TAFT IN PHILIPPINE QUESTIONS.

BALKS ON DISPOSITION OF PRIARS

CANNOT RECALL PRIESTS WITHIN FIXED PERIOD.

Pope's Note Comprises Twelve Articles and Covers in Detail Points Presented by Governor of the Islands.

Rome, July 9.—The answer of the vatican to the note of Governor Taft of the Philippine islands, concerning the religious affairs in the archipelago, was delivered to Judge Taft late tonight.

Balks on Removal of Friars.

The answer of the vatican is compiled in the order of Judge Taft's note, July 3. First comes the note which says that all the studies of the vatican center to render more clear and more precise the definite conditions between the holy see and the Philippine government.

Peaceful overtures have failed. If the United States cannot order the withdrawal of the friars how can the pope do so, especially when it has been proved that all accusations made against them are partly false, partly exaggerated and partly in exact?

Rebels will now have taste of real warfare. The note ends by saying that the pope is willing that the school question in the Philippines be not insisted on now, but his holiness hopes his representative in Manila may have an understanding with Judge Taft on this point, which is of capital importance in a country almost exclusively Catholic.

Answer Comprises Twelve Articles.

The vatican's answer to Judge Taft follows: "The contract which the vatican proposed be signed by both parties comprises twelve articles. The first article says the Philippine government is to buy the lands of the four religious orders concerned—the holy see acting as intermediary. The second describes what are the agricultural lands to be bought. The third says that if some of these lands are not sold by the friars, the friars will sell their share. The fourth establishes a tribunal of arbiters to be composed of five members two of whom will be chosen by the vatican, two by the Philippine government and a fifth member by the other four. In case of disagreement as to the fifth member, he will be chosen in common accord by the pope and President Roosevelt. The fifth provides that the work of the arbiters begin Jan. 1, 1903. The sixth refers to the title of deeds; these will be transferred to the Philippine government. Seventh, payment will be made in Mexican dollars in the period of time proposed by Taft in the note July 3, the interest during the period of payment accruing at four per cent. Article eight deals with the transfer to the church of the ancient crown lands with the ecclesiastical buildings on them. The ninth proposes an amicable accord in the matter of existing charitable or educational trusts in dispute. In the event of failing to agree recourse will be had to the same arbiters. The tenth provides for arbitration as to the indemnity the United States must pay for the ecclesiastical buildings used during the war in the Philippines. The eleventh, the expenses of the tribunal arbiters will be paid by the Philippine government. Twelfth, the holy see, in the sphere of action, which is in its competence, shall use all its influence for the pacification of the Philippine islands, in favor of their adhesion to the established government. It shall prevent all political opposition on the part of the clergy, both regular and secular.

Hold up salaries.

Louisiana Commission Gets No Money Until Terms of Act Are Fulfilled.

Washington, July 9.—The comptroller of the treasury today decided that the salaries and expenses of the Louisiana Purchase exposition commission could not be paid until the provision of the act appropriating \$5,000,000 for the exposition, which requires "as a condition precedent the directors shall contract to close the gates to visitors on Sunday during the whole duration of the fair," is executed. The salaries and expenses of the commission were paid to June 1, when the section referred to above was called to the attention of the secretary of the treasury. He asked the comptroller for an opinion July 3.

Sails to England in Launch.

New York, July 9.—Captain Williams today sailed from College Point, L. I., for Falmouth, England, in a thirty-eight foot launch, the A. A. Low. The boat is equipped with a ten horsepower kerosene oil engine. He is accompanied in his daring voyage by his sixteen-year-old son.

COULD NOT FILL OATS CONTRACT.

West Firm Purchases 10,000 Bushels in New York to Supply Order.

New York, July 9.—The Journal of Commerce tomorrow will say that on the New York produce exchange yesterday (Wednesday) ten thousand bushels of white clipped oats were bought in under the rule for the account of the Stahr company of Davenport, Ia., to fill a contract made with Shaw, Truesdell & Co. and the M. Jones company of New York. The oats had not been shipped by the Stahr company in accordance with the contract. It is estimated that over three million bushels that have been purchased by the New York interests from western parties will be defaulted upon.

2:30 trot—Baron de Shay won. Miss Johnson, Johnny Darwin, Betsey Tell, May Monday and Dan started; time, 2:13 1/2.

St. Paul, July 9.—The results at Hamlin Park:

2:15 pace—Alice Gray won; time, 2:13 1/4. Grasshopper and Missoli started.

2:21 trot—G. W. won; time, 2:15 1/2. Lanson, Prince, Robin Down, Mittie Wilkes and Lady Grainard started.

2:17 pace—Game Cock won. Merrig, McClannahan and Giovanni started.

FIGHT THE MOROS

CHAFFEE PLANS ACTIVE CAMPAIGN AGAINST THEM.

Peaceful overtures have failed. Hostile Datto has invited trouble and regard seeming indifference of the Americans as cowardice.

Rebels will now have taste of real warfare. Washington, D. C., July 9.—The Moros of Mindanao are to be given a taste of aggressive American campaigning.

Answer Comprises Twelve Articles. The liberal directory in Bogota has accepted the terms offered by President Marroquin and a great number of the heads of guerrillas in the center country have surrendered, but the leader of the rebellion abroad, Senor Vargas Santos, has asked for the payment of the debts contracted in foreign countries by the rebels, and for the appointment of several members of the rebel party to some important positions in the government.

Interior Is Pacified. The interior of Colombia is pacified, the principal chiefs of the rebellion, Vargas, Uribe-Uribe and Zoto, having left the country after serious defeats. The only point at which the war continues with any importance is at Panama.

Situation in Hayti. The gunboat Marietta departed today from Cape Haytien for Port de Paix, where American interests will be somewhat threatened as a result of the internal disturbances in Hayti. The situation is not regarded here as serious at the present time.

Puerto Cabello Threatened. A cablegram was received at the navy department today, stating that Captain Nicholas, of the training ship Topeka, had given passage on that ship from Puerto Cabellos to La Guira to the wife and daughter of Luther T. Ellsworth, United States consul at Puerto Cabello. The consul feared an attack might be made on the place.

Civil War Veteran Dead. Major Edwin Stevens, member of Grant's Staff, Expires in Brazil.

Philadelphia, July 9.—Information was received here today of the death in Pernambuco, Brazil, of Major Edwin Stevens, a veteran of the Civil war and formerly a prominent resident of Philadelphia. Stevens was appointed consul to Ning Po, China, by President Garfield, the commission being signed the night before the president was shot. Stevens was also appointed consul to Pernambuco by President Harrison and remained there after his term of office had expired. He was born in Peoria, Ills., sixty-six years ago. He entered the army as a private in the Seventy-seventh Illinois Volunteers and at the end of the war had reached the rank of major on General Grant's staff.

AGRICULTURE IN SOUTH DAKOTA.

Statistics for 1900 Have Just Been Made Public.

Washington, D. C., July 9.—The census bureau today made public the bulletin on agriculture in South Dakota. It shows in the census year 1900 that there were 52,622 farms in the state valued at \$220,133,100 and covering an area of 19,070,616 acres, or about 39 per cent. of the total area of the state. The livestock held on the farms was valued at \$85,173,432 and farm machinery, \$12,218,680. The total value of farm property for the state was \$227,595,202. The report places the value of farm products for 1899 at \$66,082,419, of which \$21,906,804 goes to the credit of the live stock.

ILLINOIS CROPS FARED BADLY.

Recent Rains Did Big Damage to Different Cereals.

Springfield, Ills., July 9.—The state board of agriculture has received reports showing that in the northern portion of the state about eleven per cent of the growing corn has been destroyed by the recent rains; in the central portion, eight per cent; and in the southern three per cent. The average is seven per cent for the state. In the central division twelve per cent of the wheat has been lost. In the northern part six, and in the southern, seven per cent. The loss of oats in the state is about twelve per cent.

BAD FIRE AT DALLAS, TEXAS.

Dallas, Tex., July 9.—Fire today destroyed the wholesale drug houses of Patton, Worsham & Co., the Texas Drug Co., the J. W. Crow Drug Co. and Williams & Co., and badly wrecked the paper house of Scarff & O'Connor. The loss is \$250,000.

TERMS TO REBELS

COLOMBIAN REVOLUTIONISTS GIVEN MANY CONCESSIONS.

Senor Vargas Santos, Head of Movement Abroad, Only One Who Declines to Yield—Most of Country Is Pacified. Washington, July 9.—Senor Don Jose Concha, the Colombian minister at Washington, today made a statement regarding the terms offered the revolutionists in the Colombia if they surrender, and of the existing conditions in that country. The Colombian government has offered to the rebels complete amnesty, freedom of the prisoners and help for the transportation of the chiefs and soldiers of the rebel army to their domiciles, with true security for private property. The reform of the electoral laws with the intervention of the prominent members of the revolutionary party, the immediate convocation of congress and the guarantee of liberty and security of suffrage in the next elections.

Liberal Directory Accepts Terms. The liberal directory in Bogota has accepted the terms offered by President Marroquin and a great number of the heads of guerrillas in the center country have surrendered, but the leader of the rebellion abroad, Senor Vargas Santos, has asked for the payment of the debts contracted in foreign countries by the rebels, and for the appointment of several members of the rebel party to some important positions in the government.

Interior Is Pacified. The interior of Colombia is pacified, the principal chiefs of the rebellion, Vargas, Uribe-Uribe and Zoto, having left the country after serious defeats. The only point at which the war continues with any importance is at Panama.

Situation in Hayti. The gunboat Marietta departed today from Cape Haytien for Port de Paix, where American interests will be somewhat threatened as a result of the internal disturbances in Hayti. The situation is not regarded here as serious at the present time.

Puerto Cabello Threatened. A cablegram was received at the navy department today, stating that Captain Nicholas, of the training ship Topeka, had given passage on that ship from Puerto Cabellos to La Guira to the wife and daughter of Luther T. Ellsworth, United States consul at Puerto Cabello. The consul feared an attack might be made on the place.

Civil War Veteran Dead. Major Edwin Stevens, member of Grant's Staff, Expires in Brazil.

Philadelphia, July 9.—Information was received here today of the death in Pernambuco, Brazil, of Major Edwin Stevens, a veteran of the Civil war and formerly a prominent resident of Philadelphia. Stevens was appointed consul to Ning Po, China, by President Garfield, the commission being signed the night before the president was shot. Stevens was also appointed consul to Pernambuco by President Harrison and remained there after his term of office had expired. He was born in Peoria, Ills., sixty-six years ago. He entered the army as a private in the Seventy-seventh Illinois Volunteers and at the end of the war had reached the rank of major on General Grant's staff.

ARCHBISHOP IRELAND SAYS PAPERS FOMENTED LATE WAR.

MAKES STATEMENT TO EDUCATORS

NATIONAL CONVENTION OF TEACHERS IS A GREAT SUCCESS.

Number of Delegates Present Is Over Twenty Thousand and Is Greatest in History of the Association.

Minneapolis, July 9.—Archbishop John Ireland of St. Paul delivered a powerful address at tonight's session of the National Educational association in the exposition building. He spoke to an audience of not less than ten thousand, his subject being, "The Influence and Responsibility of the Teacher." He said in part: "I am one of those who see in the sequence of the late Spanish-American war the guiding hand of a Mighty Providence and the outbreak of forces long gathering in the bosom of the nation, sure, at one moment or another, to break out in resistless self-assertion."

Newspapers Fomented the War. "Nevertheless, I shall never deny that among the immediate causes of the war there are to be numbered exaggerated statements, lies, too, and calumnies, and senseless appeals to a wild, reckless passion which disgraced and disgraced our utterances of certain newspaper writers and certain other manipulators of public opinion. I know for a fact that instructions were going from the offices of newspapers to its European correspondents to read this wise: 'War is a large part and nothing that tends to prevent or delay it.' Grave, indeed, were the causes demanding from America the soldier act; strong were the provocations given to ruffle the national temper. Still we can never approve methods in which falsehood and passion play a large part and we cannot but assert that it were immensely better for the country if the results attained through the war should have been attained without the carnage and havoc of war."

Censures Catholic Press. "How unguarded and reckless and how reprehensive are the many statements published at the present time, as from the Philippine islands, purporting to tell of dreadful deeds of cruelty and injustice for which on a close examination no foundation in fact is found. I shall name in this connection one instance, which I am particularly pleased to censure. A little while ago certain Catholic newspapers raised the cry that proselytism was the order of the day in the schools at Manila. The chief officials, it was said, and the teachers in the normal being regularly ordained ministers. The matter was investigated and it was discovered that the chief officials and the teachers in the normal were not ministers and that their own good sense as well as a strict government confined them strictly to secular matters. The newspapers who had admitted into their columns such statements have, since, indeed, repudiated them, but, meanwhile, much needless excitement has been caused, and a good deal of money has been expended in an eloquent appeal for devotion to truth, which, he said, was the chief virtue of the teacher."

Attendance Is Record Breaker. The high water mark in attendance at the National Educational association convention has probably been reached and it is also undoubtedly a record for numbers present at any meeting of the association yet held. A conservative estimate places the number of visitors in the city today at considerably over twenty thousand. A good natured rivalry exists between Iowa and Wisconsin for the largest delegation of any state other than Minnesota. Each state claims that it has two thousand representatives here.

Nearly every department of the association has held a meeting and the real work of the convention proper is now under way. Fifteen department meetings were held today, at each of which interesting addresses were made by prominent educators.

NEW YORK STOCK MARKET.

Selling to Take Profits Was Feature of Trading.

New York, July 9.—The selling of stocks today was obviously by the speculative element which bought previously on the prospect of a rise, their motive being to take the profits. The marking up of St. Paul and New York Central, together with some of the soft coal stocks that were strong yesterday is explained as a manipulation to facilitate the taking of profits elsewhere. Some of the high-priced industrials worked higher on what had the appearance of investment demand. The proposed suit to enjoin the payment of the dividend on the United States Steel common came in for some vigorous denunciations as to its motives by the officials of the corporation and the advance in the stock was apparently intended as a notice to the opponents of the purpose to protect the stock in the market.

Of the factors making for the selling today, the continued heavy movement of currency to Chicago is an important one. The exigencies of the corner in July corn are supposed to account for this movement. The large commitments believed to be held in the stock market by the managers of the corn corner is a reason for some uneasiness over some of the possible results of the failure of the corner. A conservative estimate was considered to make a bad showing for the crop prospects, too much rain being indicated. The prolonged advance in Missouri Pacific made the weight of realizing in that stock particularly heavy and the bears made a renewed attack and also on Western Union and Sugar, the former on a termination of contracts with the Pennsylvania and the latter on the large capital embarking in opposition.

Closing prices of stocks are reported by Paine, Webber & Co. as follows:

Table with columns for stock names and prices. Includes Union Pac., Mo. Pac., N.Y. Cent., etc.

Range of Money Rates. Money on call was steady at 3 1/2 per cent; last loan 3. Prime paper, 4 1/2 to 5. Exchange easy. Demand at 4 1/2 to 5. Sixty days at 4 1/2 to 5. Bar silver, 52 1/2.

CHICAGO GRAIN MARKETS.

Features of the Day in the Wheat, Corn and Oats Pits.

Chicago, July 9.—Wheat was active and strong today at the start and nearly a cent higher on the excessive rains throughout the country. There was good commission house buying for the country account. The local interests bought freely while the shorts covered eagerly. Breadstuffs report that the world's stock had decreased over eight million for the week was also a strengthening feature. Fears of a change in sentiment should the weather turn favorable caused some realizing near the close but September was 1/2 higher than yesterday's close. The clearances were 47,000 bushels.

In corn, trade in July was practically at a standstill closing at the opening figure, which was a cent under last night's final figure. Trade in the other months was not very large but the prices were higher on the unfavorable weather. September closing with a gain of 1/2.

Oats ruled excited, new July selling nearly five cents higher than yesterday's close. The other futures advanced less sharply. The heavy rains are responsible for the upward trend. The shorts became afflicted and covered freely. September closed strong at 1 1/2 higher than the October term of contract, when the matter will be brought up for settlement. The Greenland people feel confident that the board had authority to act in the matter as it did, while the Mass City people say that the board overstepped its power in attempting to make this expenditure without first submitting it to the vote of the people of the township as they claim that the township is now several thousand dollars in debt. The affair is attracting considerable interest.

Receipts and shipments were as follows: Receipts. Shipments. Flour, barrels, 17,000 43,000. Wheat, bushels, 59,000 65,000. Corn, bushels, 133,000 152,000. Oats, bushels, 145,000 203,000.

BOSTON COPPER QUOTATIONS.

The copper stocks dealt in on the Boston exchange closed as follows yesterday, the quotations being reported by Paine, Webber & Co.:

A few days ago the Chicago & Northwestern company's docks at Escanaba handled more ore than ever before in their history during any twenty-four hours, namely 82,000 tons. Of this amount 54,000 tons were forwarded, and 28,000 tons dumped into the pockets of the several docks. A conservative estimate of the season's business is placed at 4,400,000 tons.

Seven months ago one Stone kept his penit stand open on the day that a stricken nation shed its tears upon the bier of President McKinley. We said then that Stone would find that that kind of thing wouldn't be tolerated in this town, and that he had better move before he was starved out of town. He's gone now. It is said that Stone has our sympathy.—Ironwood News-Record.

A meeting of the building committee of the St. Paul Presbyterian church was held last week, when the contract for the erection of the new church building was let to John B. Irwin. The plans and specifications as drawn by Architect Demar call for a \$30,000 structure to be built of Portage Iron stone. The new church will not only be a beautiful edifice but will be large and thoroughly up to date in every detail.

J. E. Whalen, representing the real estate department of the Michigan Lake Superior Power company of the Soo, appeared before the Chippewa county board of supervisors last week with a proposition to purchase the county poor farm. The deal was soon closed, the consideration being \$15,000. Mr. Whalen made the statement that the power company's plans included the construction of many mammoth industries on this side of the St. Mary's and that for this purpose it was estimated that 1,200 acres of land would be needed that the completion of the plants planned would double the valuation of every acre of land in Chippewa county. The important discoveries of iron ore at Michipicoten and the copper mines being developed by the company has materially changed its plans relative to the industries to be established here, the great differences in import duties on every article of raw material making it very desirable to manufacture in the United States the goods to be put on the markets of this country.

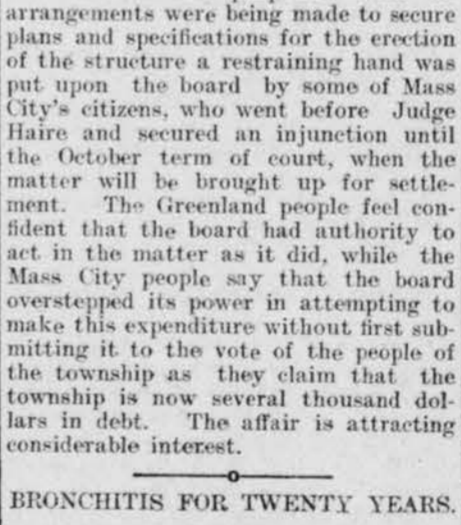

An injunction has been served on the Greenland township board restraining it from erecting a city hall in the township. At a recent meeting of the board it was voted to erect a town hall at a cost of about \$60,000; provision being made for the payment of the same out of the contingent fund, or rather a part of the money received from licenses was set aside for that purpose. Just as arrangements were being made to secure plans and specifications for the erection of the structure a restraining hand was put upon the board by some of Mass City's citizens, who went before Judge Haire and secured an injunction until the October term of court, when the matter will be brought up for settlement. The Greenland people feel confident that the board had authority to act in the matter as it did, while the Mass City people say that the board overstepped its power in attempting to make this expenditure without first submitting it to the vote of the people of the township as they claim that the township is now several thousand dollars in debt. The affair is attracting considerable interest.

### "VETS" ASSEMBLED

#### SEVENTH ANNUAL REUNION OF UPPER PENINSULA VETERANS.

#### CITY APPROPRIATELY DECORATED

#### HANCOCK AND RAPID RIVER AFTER THE NEXT MEETING.

Today's Festivities Will Be Participated in by Soldiers of the Wars of '05-'08 and Local Military Companies—Sam Battle a Big Feature.

Yesterday was old soldiers' day in Ishpeming. Today the veterans of the wars of '05-'08 and '98 will own the city. The attendance yesterday was not as large as expected, but several delegations will arrive this morning. The business people responded to the request of the local veterans to decorate. The national colors are flying from almost every block, as well as from several of the private dwellings. Every public and private flag pole in Ishpeming flies the stars and stripes. A large banner extending welcome to the visitors is stretched across Main street at the intersection of Pearl. Opposite the Venable brownstone block, which is the old soldiers' headquarters, is an electric sign with the words "Welcome G. A. R."

#### Veteran Nurse Here.

Miss Ann Patterson of Atkinson, Mich., is among the visitors. She did service for a Wisconsin company during the Civil war. She has attended all the reunions of the upper peninsula soldiers held to date and she has also attended many other notable gatherings of the veterans in Michigan and Wisconsin during the past thirty-five years. Several other ladies, wives and daughters of the soldiers, are also in the city.

The opening business session of the association announced for yesterday morning was adjourned until after the arrival of the evening trains, when the visitors were extended a hearty welcome by Mayor T. A. Feleh. Responses were made by Rev. M. M. Allen, Rev. C. J. Alwell, President A. J. Wood, Archie Scott of Hancock and Department Commander Anthony of Negaunee. The "War" concert last evening at the Anderson hall was largely attended. The program was favorably received.

#### Enjoy a Trolley Ride.

The weather was delightful for the trolley ride in the afternoon. The Ishpeming City band escorted the front car and played stirring patriotic music during the trip. A ride was taken over the entire line.

During the remainder of the afternoon the visitors saw the sights of the city. Just before the arrival of the evening trains all assembled at headquarters and the band escorted them to the South Shore station. From the depot the "vets" proceeded to the Anderson hall, where the addresses were given.

#### Archie Scott for President.

It is likely that Archie Scott, mayor of Hancock, will be elected president of the association for the coming year today. Mr. Scott did not announce himself a candidate for the office, but the veterans seem to think he is the right man for the place. It has been customary, ever since the organization of the association, to elect a new president each year. The executive officer chooses his own secretary.

#### Next Annual Meeting.

The copper country may not only be honored with the presidency, but it is likely Hancock will also capture the next annual reunion. Rapid River is also after the meeting. There are four veterans present from the post at that place. They are John Wilson, George W. Fantason, John Fairbry and Louis R. Wolfe.

Speaking of the turnout from the copper country Mr. Scott said that the delegation was not as large as he expected it would be, though he thought a number would be down today. He said that quite a few of the veterans had been chosen delegates to the county convention held yesterday.

#### Festivities Today.

Today's exercises will be participated in by all the old soldiers, from thirty-five to forty members of the Spanish-American war, and a number of military companies. Captain Wheeler of Marquette will be in command of the Cuban veterans. The Marquette soldiers will arrive in the city this morning. It is expected that about twenty of the Grand Army men will be up from there, and an equal number of the Cuban veterans. The session at the Anderson hall will

be called to order at 10 o'clock this morning. There is not a great deal of business to transact, aside from the election of a president and the selection of a place for the next meeting.

At 2 o'clock there will be a parade on the principal streets, it will be headed by the Ishpeming City band.

#### Sham Battle Will Be Noisy.

The sham battle this afternoon, commencing at 3:30, will take place on the west side of the hill facing the ski track, on the street car line.

From seventy-five to one hundred young men will participate in the battle. Most of them will be members of the local military companies. Something like 2,000 rounds of ammunition, five hundred pounds of powder, rockets, crackers, etc., will be fired. The veterans say that the battle will be one of the best that has ever taken place in the state.

#### Governor Accepted Invitation.

The invitation sent Governor Bliss was accepted and he is expected here this morning. The officers have not been advising the chief magistrate that he will surely be here, but all will be on the lookout for him nevertheless. Should the governor come, his presence will be greatly appreciated not only by the old soldiers but by the citizens of Ishpeming as well.

W. H. Thompson, said to be one of the finest orators among the veterans of the Northwest, is also expected today. He hails from Fond du Lac. Mr. Thompson has attended all the previous meetings of the upper peninsula association and his talks have been greatly enjoyed. E. C. Anthony of Negaunee, who was recently elected department commander of the Michigan association, was here yesterday. He will be in attendance again today and will assist the members of the local post in making the visit of the strangers enjoyable. The festivities will close this evening with a camp fire at the Anderson hall.

#### LARGE FUNERAL.

The funeral of Norine Malloney, the thirteen-year-old daughter of Joseph Malloney, held yesterday morning from St. John's church was the largest child's funeral ever seen here. The children of the convent school marched and they made a pretty turnout. The members of the communion class of the deceased wore their veils and white dresses and the members of the sodality their badges. Besides the children there was an unusually long line of carriages bearing the relatives and friends of the dead child. Impressive services were conducted at the church by Rev. M. Kehoe, the pastor. Interment took place in the Catholic cemetery.

#### RAT SCARED LADIES.

A lady residing on Strawberry hill visited one of the stores of the city yesterday. Accompanying her was a pet dog. While the lady was seated on a sofa trying on a pair of shoes the dog mounted the table and through the front door over to where she sat. There was a sensation when the lady discovered the dog and rat running about her feet. One screech put the house in an uproar. The men took up the chase with the dog and the girl clerks and lady customers mounted the tables and counters. The rat got away, making its escape through the same door it had entered.

#### ISHPEMING IN BRIEF.

William Blomquist of Minneapolis, is spending a week with friends in this city.

Miss Nellie Kennedy, has gone to Chicago on a visit of two weeks or so with relatives.

Miss Lillian Almen of Chicago is visiting at the home of her uncle, John Wahlman, and family, on North Fifth street.

Gil Hodgkins has the contract of excavating the foundation and basement of the block to be erected on the Crowley lot, Cleveland avenue.

The "Breezy Time" company's band visited Ishpeming yesterday, coming over from Negaunee on a street car. The company does not play here this season.

The Elk's carnival at Escanaba takes place next week at the Hancock hall, also under direction of the Elks, will be held the following week. Both are advertised in this city.

James Bondy, wife and two children, are expected here today from Great Falls, Mont., on a visit of a month or so to relatives. Mr. Bondy spent his boyhood days in this city. He now holds the position as oil boiler maker with a big concern at Great Falls.

Miss Winnie Matthews lost a point lace handkerchief at the Anderson hall last Saturday evening. It was given to her mother by a friend and his loss is very much regretted. The finder will be suitably rewarded by returning it to Mr. Matthews at J. Sellwood & Co.'s grocery store.

The building committee of the Division street Methodist church asks for bids for excavating for the new church to be erected on the corner of Division and Second streets. Bids will be received by Charles Hawes, secretary, up to 8 o'clock next Saturday evening. The committee reserves the right to reject any or all bids.

The Kennedy Players will produce "Two Jolly Tramps," a pleasing comedy, at the opera house this evening. On Saturday afternoon a matinee will be given at the opera house. "Tom Sawyer" will be the bill. This will be a new production to the children of this city. The matinee prices will be ten and twenty cents.

The ladies are invited to call and inspect our new line of silks. All the latest. Finnish Mercantile association.

A household necessity. Dr. Thomas' Electric Oil. Heals burns, cuts, wounds of any sort; cures sore throat, croup, catarrh, asthma; never fails.

#### FRANK M. NOTTON DEAD.

Former Ishpemingite Succumbs to Injuries Received on Gogebic Range.

Frank M. Notton, who conducted a painting business in this city for a number of years prior to about fifteen years ago, when he moved to the Gogebic range, died last week as a result of injuries received while painting at Giddon. The following announcement of his death is from the last issue of the Ironwood News-Record.

"Frank M. Notton, who will be remembered as the organizer of the American Federation of Labor in Ironwood during the strikes of '96, was fatally injured at Giddon Tuesday, and he died shortly afterward. He was a painter and decorator and was working at his trade when the accident which terminated his life occurred. He was on a scaffold painting the exterior of a building when it broke and he was precipitated to the ground."

For a year or more before Notton left this city he was an active worker in the interest of the Knights of Labor. During the time the organization was the strongest Notton was one of its most prominent leaders. He was a bright fellow and a good talker, and he created quite a stir for a few months before the local branch received its death blow. Before coming into such prominence as a labor leader Notton did a very large painting business here. He was a first class artist and he was a very busy man before turning his attention to the affairs of the organization.

#### Michigamme.

##### FIRE BUG IN TOWN.

#### Five Incendiary Blazes Within a Few Weeks Is an Unusual Record Here.

In view of the fact that five incendiary fires have occurred here within a short time, the people of the village are satisfied that there is a fire bug in town. He showed his hand last at midnight Sunday. F. W. Read & Co.'s abandoned warehouse near the Chicago & North-western depot was set on fire, but luckily the blaze was discovered before it had a good start.

The flames were noticed through the cracks in the building by Reed Lewis, the South Shore company's wiper here. He was walking down the track toward the mill at the time. He immediately sounded the alarm. The fire department responded promptly, extinguishing the blaze before any particular damage was done.

It was observed that oil was scattered about the place and a rag saturated with kerosene was picked up. The incendiary could not have been gone from the building more than a minute or two when Lewis came along.

The structure is large and the lumber is as dry as tinder. There are several dwellings and other buildings in the immediate vicinity that would have been in danger of destruction had it burned down.

The incendiary fires have thus far been in vacant buildings or barns. All have occurred just before or after midnight.

##### WARM BALL GAMES.

The baseball games here on the Fourth were the feature of the celebration. Four teams contested. The Michigamme nine carried off first money and the Marquette team took second. The other two teams were from Negaunee and Ishpeming.

The first game started at 10:30 in the morning. All games were five innings. There was nothing else going on in the forenoon so that a large crowd witnessed the sport.

In the toss up the Negaunee and Ishpeming teams were matched to play and the Marquette team was left out. The game came together. The Twin City teams were first to meet. Negaunee won by a score of 16 to 11. In the second game Michigamme defeated Marquette, the score being 10 to 4. Marquette and Negaunee then played for second prize and Marquette won in a score of 7 to 4. Then Michigamme and Marquette played for first prize, the home team coming out victorious, the score being 10 to 4. Marquette came within an ace of being shut out in the last game. Its runs were made on errors. The catchers could not touch the curves of Henry Johnson, Michigamme's "kid" pitcher. He was in the box both games and his work was very effective.

##### MALLONEY-SCHOEBER.

Martin Malloney, a well known conductor on the South Shore line, who has been stopping over in Michigamme for the past few years, and Miss Mary Schroeber of this place, were united in marriage Wednesday morning at the Catholic church, Rev. Father Hasenber, the pastor, officiating. The ceremony was witnessed by a number of the young couple's friends from this place and Negaunee, which is the home of the groom. Mr. and Mrs. Malloney will reside here.

##### DON'T FAIL TO TRY THIS.

Whenever an honest trial is given to Electric Bitters for any trouble it is recommended for a permanent cure will surely be effected. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. It's a wonderful tonic for run-down systems. The weather the past week or ten days has been perfectly satisfactory to the farmers of Michigamme. A couple of weeks ago they were afraid their crops would not come up very well, but since the warm weather set in, with an occasional shower, all garden truck, hay, etc., is growing splendidly.

B. O. Greening, superintendent of the Michigamme school, is spending the week at Minneapolis attending the annual convention of the National Educational association. The meeting is held by the association. College professors, school superintendents and teachers from all parts of the United States are present.

Michigamme will send a majority of its firemen to the tournament at Negaunee next month, but it is not likely that the department will be represented by a running team. There was some talk of organizing one, but the members are afraid it is too late to make a start. The Michigamme firemen are always at a disadvantage in tournaments as they are not equipped with suitable carts, etc., for the practice work. The local firemen are manifesting no little interest in the tournament and all would like to see it the biggest kind of a success.

##### CATARRH CANNOT BE CURED.

With local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

INTERESTING CRICKET MATCH.

Game Promises to Become Popular With Natives of England Living Here.

Old England's favorite game, cricket, is becoming quite popular in Negaunee. Several lovers of the sport have been practicing for the past two months or so and the first match game was played on the Fourth at the Maas mine field. The contest was witnessed by a fairly large crowd and all who understood the points of the game were pleased with the playing. The teams were designated, as the "Cornish" and "North England" teams. The victory was won by the latter by a score of 45 to 32. Following is the score, with the points made by each participant:

Table with 2 columns: Player Name and Points. Cornish Team: Thomas Davey, Wm. Thompson, J. Mitchell, John Pascoe, Wm. Thompson, Wm. Buzzo, Jack Allen, Thomas Allen, John Crocker, Rev. Gilchrist, J. Thompson, John Hill, Charles Cox, John Angove, J. W. Cox. North England Team: Wm. Thompson, Davey, James Thompson, J. Treloar, N. Harris, W. J. Thomas, J. Granville, E. Mallet, E. Oates, J. Mitchell, W. Gilbert, Wm. Tombs, Joe Collins, Sam Bucket, Extras.

ICE CREAM SOCIAL TODAY.

Members of the Ladies guild of the Episcopal church will give an ice cream social this afternoon and evening at Alexander Maitland's lawn. In case the weather is unfavorable the social will take place in the house. The service will start at three and will be continued until 9 o'clock, or later. The price charged for ice cream and cake will be fifteen cents. The proceeds will go to the church fund. All will be made welcome.

LOCAL LACONICS.

John Abramson of Calumet, was a Negaunee visitor yesterday.

FLAGS WERE RAISED.

Negaunee did honor to the old soldiers yesterday by displaying flags and bunting. The flag on the pole at the head of Iron street went up early in the morning. The local veterans went over to Ishpeming shortly after 7 o'clock. Some were members of the reception committee and they were obliged to meet the incoming trains. In the afternoon the veterans visited this city on the trolley cars. This afternoon at 3:30 o'clock there will be an interesting sham battle on the west side of the hill opposite the ski slide near Union Park. Extra cars will be run for the accommodation of Negaunee and Ishpeming people.

DEATH OF MRS. E. WALTERS.

Mrs. Elijah Walters, a wellknown and highly respected resident of Negaunee, died Monday morning from erysipels of the face. She was aged fifty-two and for the past twenty years had made her home here. She is survived by husband and one son. The latter, who is employed at a mine near Hibbing, Minn., will arrive in Negaunee this morning to attend the obsequies. The funeral will be held this afternoon at 2:30 from the Mitchell Methodist church, with services at the house at 2 o'clock.

HAY CROPS WILL BE LIGHT.

The farmers have had the blues for the past few weeks. They fear their crops will not be as good as in past years. The hay crops are not looking as well as they should and vegetables have had a set back, though the weather of the past two weeks has been most favorable for them. Last year the local farmers began cutting their hay as early as July 15, but this year a start will not be made until the 20th or possibly the 25th.

POISONING THE SYSTEM.

It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dizziness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Earthly Remedy prevents this trouble by stimulating the liver and promoting easy, healthy action of the bowels. These little pills do not act violently but by strengthening the bowels enable them to perform their own work. Never gripe or distress. Harwood, Ishpeming; Stafford Drug Co.

A SUCCESSFUL CELEBRATION.

Many Got Drenched, But All Thoroughly Enjoyed the Festivities.

The heavy storm on the afternoon and evening of the Fourth prevented the exercises from being brought to a close that day. In spite of the downpour the festivities were greatly enjoyed. The exercises during the forenoon passed off without a hitch and everything had started off nicely at the grove when suddenly all were driven away by the rain. People who lived in that neighborhood went to their homes, while most of the visitors repaired to the town hall.

This was the second year in succession that the observance of the natal day was disturbed by the elements. The storm last year was not as severe as the one last Friday, though sufficient rain came down to drive everyone from the grove.

The calthumpian parade in the morning was the best ever seen in the village. The prizes were a big inducement for the parade. There were quite a number of good turns.

Early in the afternoon a baseball game between two local teams was started, but the rain brought it to an end in the fifth inning. It was then agreed that the game should be played Sunday. The contest resulted in a victory for the team captained by Emil Ulrickson. The score at the end of the ninth inning was 22 to 18. The game was witnessed by a large crowd and at times it was quite exciting. Dan Tombs did the umpiring.

The street was in such poor condition after the rain on the Fourth that it was impossible to pull off the races and other athletic contests. The program was partially run off Saturday afternoon and a few races were held until Monday evening. Fred Belland carried off the honors in the speed events. The other races were taken by different ones, so that the prize money was well distributed among the athletes of the town.

The Ishpeming City band furnished the music on the Fourth. While the storm was on during the afternoon the band played dance music at the town hall.

HUMBOLDT'S CELEBRATION.

The celebration at Humboldt on the Fourth was very successful, though fully half the events on the program were not pulled off until Saturday. The athletes of the place were warmed up to their work and the spectators were enjoying the sport very much when the storm came up. The rain came with little warning and all were obliged to leave their seats at the ball grounds and get under cover. The rain continued the greater part of the afternoon but between the showers the Old City band of Negaunee discoursed music in front of the depot. The ball game and some of the races took place Saturday afternoon. There was no work at the mines.

JIM IS PUMPING AGAIN.

While in the village Monday last the reporter was handed a note by a particular friend of Jim McNewins, the general cashier at the South Shore station here. It read: "Jim is pumping the same old pump that he pumped two years ago. Jim is to be congratulated on the fact that his thirst does not cause him to travel one block further than the location of the pump in question."

FIRST VISIT IN TEN YEARS.

John Cundy and Gideon Trevarthien, two young men who spent their early days in Champion, were visitors here on the Fourth. It was their first visit to the village in ten years. They remained only one day, but they managed to see most of their old friends and acquaintances while here. Both are now residing at Quinnesec.

SYMPATHY FOR ENGLAND.

In the recent disaster at St. Vincent the United States was among the first to extend sympathy to England and also to offer assistance to the fortunate survivors. Giving sympathy is a very appropriate way of showing our feeling for those in distress, but the person who is unable to eat or sleep on account of a weak or disordered stomach needs more than sympathy. He wants a medicine that will cure him. Then Hostetter's Stomach Bitters is needed, because it positively cures loss of appetite, belching, flatulency, indigestion, dyspepsia, heartburn, constipation, biliousness, insomnia or malaria, fever and ague. It positively cures. Hundreds of persons have said so, and many prominent physicians and druggists always recommend it. Be sure to try it. Our Private Stamp is over the neck of the bottle.

### BAD FOR SHELLEN

YESTERDAY'S THREE COUNTY CONVENTIONS AGAINST HIM.

HOUGHTON GOES FOR WRIGHT

ITS DELEGATES INSTRUCTED FOR THE HANCOCK CANDIDATE.

Iron County Endorses Young, the Vote Standing 16 to 2, and the Regular Convention Held at Baraga Does the Same.

As was forecasted in The Mining Journal yesterday morning, based on reports from the various township caucuses in the three counties, yesterday's county conventions all went against Carl Shelden's candidacy for congress to succeed himself. In Houghton county, Wright won out without further fight, and in Iron county the four congressional delegates were instructed to support H. O. Young. In Baraga county, the regular organized convention also declared for the Ishpeming man, the Shelden contesting delegation taking no part in the proceedings but later choosing two contesting delegates to the Marquette meeting. The result in each county is related by Mining Journal correspondents as follows:

**Iron 16 to 2 for Young.**  
The convention of Iron county assembled at Stambaugh. Dr. Wm. M. McBurney of Anasag officiated as chairman and Irving H. Jackson of Crystal Falls was secretary. A ballot divulged that the convention stood 16 to 2 in favor of H. O. Young, two precincts with two votes not being represented, and the meeting developed into a love feast. The four delegates to the congressional convention were chosen as follows: Michael H. Moriarty, A. Bjork, W. H. Jobs and Thomas H. Barnum, and the following resolution of instruction was carried: "Resolved, That the delegates from this county elected to attend the congressional convention at Marquette on July 15 next, be and they are hereby instructed to carry out the overwhelming sentiment of the Republicans of this county, as expressed at our late primary elections, in favor of Hon. H. O. Young for congress, and to cast their ballot, first, last and all the time, for him, and to use all honorable means to secure his nomination."

**Wright Men on Top.**  
The Houghton county Republican convention was called to order at Calumet at 2:30 o'clock by C. A. Wright in his capacity as chairman of the county committee. Hon. Charles Smith of Lake Linden was selected as temporary chairman, and Colonel J. N. Cox of Calumet as temporary secretary. This organization was made permanent. It was conceded that the Wright men were in the majority in the convention, and the Shelden supporters made no attempt to put up a fight, allowing the other side to conduct without the formality of a ballot. It was moved by Graham Pope of Houghton, who all along has been a staunch supporter of the congressman, that Mr. Wright appoint three members of the convention to act with himself in the selection of the twenty-two delegates to the congressional convention, and that these delegates be instructed to use all honorable means to secure the nomination of Mr. Wright for congress. The resolution went through with a rush and without a formal ballot, a proceeding which caused considerable surprise in some quarters where it was still believed that Shelden had the upper hand. A quiet canvass among the delegates, however, had shown the Shelden workers the futility of a contest, and they bowed to the inevitable. After the selection of the congressional delegation, the convention was adjourned. The delegates are as follows: George C. Bentley, James MacNaughton, W. E. Parnall, John Dumeau, J. N. Cox, O. W. Robinson, John Peacock, Graham Pope, J. E. Dow, W. H. Dodge, J. C. Olander, L. H. Richardson, J. A. Jansberg, R. H. Shields, Charles Smith, O. J. Larsen, J. T. Fisher, H. L. Baer, Richard Edwards, A. L. Nankervis, W. J. West and Samuel P. North.

**Outcome in Baraga.**  
The Baraga county convention was called to order at Baraga at 2 o'clock by Chairman Schwalm, of the county committee. The hall was comfortably filled by delegates, visiting politicians and curious spectators attracted by the expectation of witnessing an interesting struggle by the delegates of Young and Shelden forces. On calling the assembly to order, the chairman announced that in order to separate the delegates from those not entitled to seats in the convention proper, a call of the election precincts would be made and the delegates from each precinct, as the call progressed, would be required to come forward and present their credentials to the committee and take seats allotted to the convention. The call of precincts was responded to by delegates holding credentials from every precinct except the second from L'Anse (Pequaming). A second call elicited no response from this precinct. There appeared to be no contests, as no contesting delegate claimed a right to a seat in the convention.

When all the delegates who had presented credentials were seated, the chairman read the call and announced that the first business in order was the selection of the temporary chairman. A motion was made, and seconded, that Mr. Schwalm act as such official. At this stage of the proceedings somebody in the rear end of the hall moved that Mr. Funke of Baraga be made temporary chairman. As this motion did not come from any person seated in the convention, or who had claimed a right to a seat, it was ignored by the chair. The motion properly before the convention was put and carried, and Mr. Schwalm was declared elected. Mr. Cameron of Baraga was chosen temporary secretary, and the convention, after the two officers had been duly sworn, proceeded with the work. The convention selected

as delegates to the congressional convention, John Nester and Martin Fitch. Delegations to represent the county in the senatorial and representative conventions, to be called later, were then chosen. The congressional delegation was instructed to support H. O. Young, and the senatorial delegates to support M. H. Moriarty of Crystal Falls. After the transaction of other business, of a minor character, the convention was adjourned.

The "tail-end" convention in the rear of the hall organized with Mr. Funke as chairman and Mr. Hebard of Pequaming as secretary. Outside of L'Anse and Baraga, the only precinct in the county represented in this convention was the second of L'Anse (Pequaming). The convention disposed of its work in just fourteen minutes by the clock, contenting itself with the election of congressional delegates, these being C. H. Krause and Peter Bloom. It is understood that these delegates favor the nomination of Shelden.

On just what basis this delegation can claim a right to seats in the congressional convention, it is not apparent. None of the delegates composing the rump convention made any attempt to secure recognition in the convention regularly called and held as above recounted. They neither presented credentials when they were called for, nor protested against the seating of the delegates who did. The remaining delegation, consisting of two members, did not even answer the call of the chair, thus leaving him entirely in doubt as to whether they were in the hall or not. Their precinct remained unrepresented in the regular convention, the two delegates participating in the independent convention and being the only delegates in that convention who bore credentials bearing the signatures of the officers of the regularly called and held caucuses.

The proceedings of the tail-enders were quite hurried and somewhat irregular, the work having proceeded so far that the committee on credentials was appointed before the others, the chairman and secretary, were sworn in, in accordance with the legal requirement. The failure of the delegates in this convention to claim seats in the regular convention estops them from making claim in the congressional convention that they were unfairly treated or denied recognition in any manner. Their action was taken without any protest on their part against the method or organizing the regular convention adopted by that body, hence their proceeding would appear to be without justification. Whether the delegation so chosen will come before the congressional convention claiming to be the regular delegates from Baraga county, or as a contesting delegation, remains to be disclosed. The manner in which it was set up would seem to leave it no standing, as either the one or the other.

The whole affair, however, passed on without any ill feeling and with the utmost good humor prevailing. The Shelden forces appeared to be dazed by the news that their favorite had lost his own county, and they showed but little aggressiveness, while the supporters of Mr. Young were in such excellent good humor that they manifested no disposition to triumphantly unduly over their discomfited adversaries. The convention on the whole was a very quiet and tame affair, nothing occurring in it or after it to serve as a reminder of the stormy caucuses of the previous night at L'Anse and Baraga.

### CITY WANTS ITS MONEY.

Delinquents on Sidewalk Account Must Settle or Be Sued.  
The city attorney has been authorized by the common council to enforce the collection of all delinquent assessments for the construction of concrete sidewalks. The amount still unpaid and due amounts to a good-sized sum. The property owners in debt to the city on sidewalk account will first be advised by letter of the claim against them, and if they still neglect to settle, suit will be instituted. The city will be nothing out by these proceedings, as it is provided by law that the delinquent property owners must bear the expenses of the litigation. This method of making the collections has been decided as better and much more expeditious than spreading the delinquencies on the general tax roll, as by that course a settlement could not be reached until the spring of 1904. A rather amusing feature is that two of the delinquent are in debt to the city because of concrete sidewalks. The action of the council, however, in instructing the city attorney to resort to law suits, was unanimous.

### HORSE TRIES SUICIDE.

Hiram A. Burt's horse tried to commit suicide yesterday by jumping into Westone creek. It fell over and broke part of the bridge and was badly bruised, but will still continue in the land of the living. It is thought that the danger of the travel over and the poor condition of Lake street was the motive for the nag's attempt at self-destruction.

### "A BREEZY TIME" TONIGHT.

"A Breezy Time," which will be seen at the opera house tonight, is one of the most effective farce comedies on tour this season. It is diverting without being inane, and has a slight story which makes a very strong vehicle for introducing the various specialties of different members of the cast, each one of whom is an artist in his or her line.

### CHARLIE SING SHY

HASN'T GOT PAPERS ENTITLING A RESIDENCE HERE.

CHINAMAN APPEARS IN COURT

WHETHER TO SEND HIM BACK HOME THE QUESTION.

Evidence Taken Through Interpreter and Judge Wanty Decides Case This Morning—Ho Toy Also in the Same Boat.

Charlie Sing is a Chinaman in spite of his American cognomen. It was principally on Charlie's account that some twenty of his pig-tailed countrymen thronged into Judge Wanty's courtroom at the federal building yesterday morning. Charlie claims to be an American citizen and warmly disclaims any present connection with the Celestial empire. His friends came to sympathize with him, and from time to time gave him encouraging looks as he sat within the rail by the side of his interpreter, Sam Lee.

Charlie was nabbed by Immigrant Inspector Williams some time ago at Escanaba, in company with several other of his countrymen, for not possessing certificates in accord with Uncle Sam's law of '93. Afterward, he was held in Marquette through an interpreter where his papers were, Sing replied, "Me got no," and hence his appearance at the bar of justice.

Charlie Sing claims to have come to this country in 1891. He says he went into business with Sam Lee in Marquette soon after his arrival, conducting with Sam the little toy shop and laundry in the rear of the block at the corner of Front and Spring streets. Later Charlie became homesick, he severed his partnership with Sam Lee and sailed for the Orient. When he wanted to return, about a year afterward, he was held in San Francisco because he did not have the certificate required by the new law. Some of his friends in Marquette circulated a petition in his behalf, with the result that he was allowed to come back to this city, whence he later journeyed to Escanaba. He forgot, however, to get his certificate. This, coupled with the fact that all the English he knows wouldn't fill the back of a postage stamp, have caused him trouble ever since. The law gives him another chance provided he can prove he was in America prior to the enactment of the law. He had two witnesses yesterday to prove his residence here.

Judge Wanty reserved his decision till the opening of court this morning. In case he decides against Charlie, the Celestial will have to return across the Pacific.

Mr. Ho Toy was another follower of Contonius who didn't have the "where-with" and in court neither did he have any lawyer, nor any witnesses. However, he claimed to have been in this country for thirteen years, and so testified before Inspector Williams. As in the first case, the decision was reserved.

### EXCURSION TO CANADA.

South Shore Will Offer a Cheap Trip This Month.  
Judging from the inquiries reaching the general passenger department of the South Shore road here, many people in the iron and copper countries are making preparations to attend the feast of St. Anne de Beaupre, at St. Anne de Beaupre, Canada, which this year falls on July 26. The road has, as is its usual custom, planned to give excursion rates for the occasion, and they will be effective July 22-23. In addition to the regular equipment of the eastbound morning train on the 23rd, special facilities will be provided for the excursionists, who will be allowed to stop off at various points in Canada to visit relatives and friends.

To the people who attend the excursion, the journey is known as a "pilgrimage," while the people themselves are known as "pilgrims." The iron and copper countries each year send an increased number of pilgrims. It is an occasion in which rich and poor alike participate, and many of the latter begin saving immediately after one pilgrimage in order that they may be provided with funds to go when another year has rolled around.

The shrine of La Bonne Sainte Anne, as it is known at Ste. Anne de Beaupre, is said to be the oldest votive shrine on this continent, and also the most noted. It was built early in the sixteenth century, and tradition has it that miracles were wrought there through prayer. Since 1657 four churches have been built, each being more worthy than its predecessor, and the present one is of great size and much magnificence. In 1886 Pope Leo XIII raised it to the dignity of a basilica, constituting it a shrine of the first magnitude.

There is a tradition that when one of the workmen on the original church structure was suffering with rheumatism he was suddenly cured. To the good Sainte Anne was attributed the working of the miracle, and she was called the Grandmother of Christ. From these early days the church has become a shrine of devotion. Pyramids of crutches, quantities of spectacles, canes, bandages, etc., are supposed to mutely testify to the miracles performed, or of prayers by the sick and disabled answered through the intercession of the beloved patroness of the shrine.

The annual pilgrimages to Ste. Anne de Beaupre begin in the spring and

continue until winter, but the great feast day of that name falls on July 26. It is then that the strangers begin arriving from all over the world, and hundreds are unable to obtain lodgings and have to get along the best way they may. On the eve of the great fete day the church doors are opened to all who are unable to find lodgings. The lame, the halt and the blind are always there on the fete day in great numbers. They come in the hope of securing relief from their misery. Others go to pray for strength to bear the burdens that have fallen to them.

All tickets will be valid for return until Aug. 31, inclusive, and the tickets will entitle the holder to stop off at any point in Canada and at any station on the South Shore on the return trip. First class coaches will be run through from Calumet to St. Anne de Beaupre without change, and a berth in the sleeping cars may be procured for \$6. The fare for the round trip will be \$25.

### CLOSE CALL FOR LUNCH PARTY.

Later Reports Show Storm Up the Lake Fully as Fierce as Stated.  
Yesterday, additional details of the "tornado" up the lake shore became known, which fully confirmed the story related by Captain Daniels. The light at Big Lake was in the path of the storm and was demolished by the big hail stones which came down, nearly all the lenses being smashed. Henry Blemluber sustained the loss of his strawberry patch at his homestead, about \$200 worth of berries just ready for picking being scattered throughout the surrounding country.

A lunch party enroute for Big Bay had a thrilling experience, and at one time it appeared that shore would never again be reached by the party, which included a number of women and children. Fortunately, however, the storm was not so strong that it required the effort of three of the men to hold the tiller. The launch was kept in its course and was blown, or rather rolled forward by the enormous waves, to the point of land in an almost incredibly short time. The ladies in the party were very frightened and after the blow passed they hurriedly returned to town, the trip to Big Bay being indefinitely postponed. It was a lucky escape from what the men at one time believed would end in disaster.

### LITTLE FIGHTING LATELY.

Returning Soldier Tells of Affairs in the Philippines.

Lieutenant James W. Orton, attached to one of the regiments stationed in the Philippines, passed through the city on his way to his home near Grand Rapids to spend the summer. He has been in the Philippines three weeks ago and has been spending several days with friends in Duluth. Like most of the returning soldiers, his pockets were loaded with relics of his campaigns on the island of Luzon. He was a member of Colonel Gardner's famous volunteer infantry, and he returned last year. After the regiment was disbanded, he enlisted in the regulars and has since been skirmishing with the small bands of natives scattered over the island. He is home on a six months' furlough.

Speaking of the present conditions in the island, he said: "We have had a little fighting for almost a year. Occasionally a small band gets on the war-path and we have to show them our muskets to make them run. There hasn't been any organized movement since Aguinaldo was captured. The American manner of living is rapidly becoming popular. The American schools are becoming pretty well established and will do great things for the natives, who have lived in absolute ignorance."

Regarding the purchase of the friar lands by the United States he said: "If the United States gets control of these lands, much of the trouble with the natives will be avoided. They are the richest lands of the island and when cultivated will mean a great deal to the islanders. They have, for the most part, lain idle."

"I think Dewey was right when he said Aguinaldo was in the islands for good. That's the general opinion there even among his own people. It is said that he made a speech to his soldiers when Dewey landed him urging them to rob every foreigner in sight. There were many rebel generals who were much more powerful than he, and some of the worse good men, fighting for what they thought were their rights, but Aguinaldo, never."

### POPULARITY OF BURTON HOLMES.

F. B. Dickerson, Postmaster of Detroit, Mich., writes the publishers of Burton Holmes Lectures: "As the publishers of 'The Burton Holmes Lectures,' you are entitled to great credit. First, no travels ever written are equal to Mr. Holmes' in interest. He has a peculiarly interesting way of describing everything he has seen, and one seems to see in his books foreign lands through the eyes of the author himself. The illustrations, paper, and mechanical make-up of the work (being a publisher myself) are what first attracted my attention. You have certainly reached the limit in the excellence of paper, binding and printing."

"I hope the work will meet with the success that the genius of the author and publishers deserves."

Professor R. A. Hasley, president of the State Normal school, at Oshkosh, Wis., writes the following: "I have purchased and read with steadily increasing interest and enjoyment Burton Holmes' accounts of his travels, and have been greatly pleased with the admirable illustrations that serve to make more vivid the text. I feel under lasting obligations to the author of the description and pictures which enable one to visit with him the scenes that have proved of keen interest to mankind for centuries, and in which he manages to kindle new interest and enthusiasm. The volumes which set forth his travels will make a most valuable addition to anyone's library."
