"Dear Mrs. Pinkham:—I wish to write and thank you for all you have done for me. I have been suffering with womb and ovarian trouble for about four years and tried everything, but found no relief. I went to the best specialists in St. Paul, Minneapolis and Chicago. I thought at times I would go crazy, I suffered so. The doctors told me the only thing would be to have an operation and my ovaries taken out. I at last decided to quit the doctors and give Mrs. Pinkham's remedies a trial. I used both Lydia E. Pinkham's Verstable Company and Sanative Wash, and now find reveal completely complet ham's Vegetable Compound and Sanative Wash, and now find myself completely cured. However, it believes that the time is now ripe for the organization of some sort of a league on the upper peninsula, and it believes that a league would now be successful, if properly managed.

The first requisite is to take in towns within a limited scope of territory. A league embracing six cities in Marquette county and the copper country might be made to pay. Marquette county might be represented by a Marquette nine, one representing Ishpeming-Negaunee, and one hailing from Michigamme, Republic and Champion in the western end of the county, or, instead of these latter two combinations, both Ishpeming and Negaunee might put teams at the meeting.

eams in the fields. For a second requisite the amount be the aim of each city to make its nine as much as possible a local affair.

A league fulfilling these two requisites would doubtless give the upper peninsula some rare sport and revive the old time interest in the national game. The Mining Journal suggests that the opper country and Marquette county pool interests, to the exclusion of all distant and foreign teams, if they contemplate the formation of a league.

Hundreds of Michigan People Say Dr. Colwell's Magic Egyptian Oil is a Positive and Absolute Cure.

Neuralgia and neuralgic headaches are frightful tortures and alu ost beyond buman endurance. Those who suffer from them can find an absolute, quick and positive cure in Dr. Colwell's Magic Egyptian Oil of aches and pains. Magic Egyptian Oil having effected such wonderful results in curing his wife of neuralgin in the head of seven years' standing, he concluded to try its virtues on himself, and, strange as it may seem, five or six applications of fiagic Egyptian Oil had given him what 25 years of faithful doctoriup had failed to do—a perfect cure.

Mrs. John Eddy, a well-known and esteemed lady of Liberty. In Jackson Co., Mich., has been a great sufferer for the past seven years from neuralgia in the head. She had tried many so-cailed "remedies" without securing any benefit whatever, and she had despaired of ever obtaining relief. But hearing of Magic Egyptian Oil and its wonderful cures she concluded, but with little faith in aoything, to try it, and to her great joy it gave her immediate relief. She extols the virtues of Magic Egyptian Oil to

KODOL digests ALL food

There is a difference between Kodol and all other digestants. Pork chops, turnips, boiled cabbage, weniwurst and Welsh rarebit have no "nightmares" for the man or woman who takes Kodol Dyspepsia Cure. You can eat whatever and whenever you like if you take Kodol. By the use of this remedy disordered digestion and diseased stomachs are so completely restored to health, and the full performance of their functions naturally, that such foods as would tie one into a double-bow-knot are eaten without even a "rumbling" and with a positive pleasure and enjoyment. And, what is more these foods are assimilated and transformed into the kind of nutriment that is appropriated by the blood and tissues.

KODOL DYSPEPSIA CURE should be used in all cases of sour stomach, gas on the stomach, sour risings, bad breath, no appetite, general debility, sallow complexion, weak stomach, indigestion and catarrh of the stomach.

Kodol is the only digestant or combination of digestants that will digest all classes of food. In addition to this fact, it contains, in assimilative form, the greatest known tonic and reconstructive properties. All other digestants and dyspepsia remedies digest certain classes of food only, and are lacking in reconstructive properties.
