

DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).

Issued daily except on Sundays. Contains Associated Press dispatches and is especially devoted to the Upper Peninsula interests.

SUBSCRIPTION RATES: Per month, by carrier, \$1.00; per year, by mail, \$10.00.

MARQUETTE, MICH., JUNE 19.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Senator Foraker's exoneration of the negro troopers occasions no surprise. In fact, he exonerated them as soon as he learned that the president was inclined to hold them culpable.

The Detroit press seems to begrudge the University of Michigan the appropriation which the legislature proposes to give it. And we suppose it will be ever thus as long as the medical school remains at Ann Arbor.

Governor Cummins is a more progressive tariff revisionist than ever before, it seems. And election results have conclusively shown that Governor Cummins fairly represents the people of Iowa.

There has been less delay than anticipated in getting action against Mayor Schmitz as mayor of San Francisco. On the ground that his incarceration in jail incapacitated him from discharging his duties, the supervisors formally removed him from office and named an acting mayor in his place.

The Democrats of Oklahoma have nominated T. P. Gore for United States senator, and when Oklahoma shall have complied with all the conditions for admission he will undoubtedly be elected. Gore has been totally blind since he was eleven years old. This affliction, instead of discouraging him, has spurred him on to still greater effort.

The Chicago Tribune seems to be aiming in its news columns to put the president in the worst possible light before the people. It made a mountain out of a mole hill in connection with the president's remark when in Michigan that he expected to become more prominently identified with the affairs of Harvard university.

The course the Missouri roads have taken in regard to the two-cent fare law appears to be a wise and reasonable one. They do not like it, and assert that under it their incomes will be so cut down that they will not be able to earn a legitimate profit on the passenger business.

SUPERIOR TRUST COMPANY HANCOCK MICHIGAN Capital \$150,000

rate. In the one case they will have facts of income and expenses to present. In the other they would have to prove theories of what they expected would happen.

THE TREASURY CALL. In form Secretary Cortelyou has called on the banks to return \$3,000,000 of special deposits in order that the treasury may be in funds to redeem the 4 per cent bonds that fall due on July 1.

When Secretary Cortelyou, acting under the new authority conferred by the act destroying the distinction between internal revenue and customs receipts, distributed among the banks the larger part of the then surplus, the action was hailed as perhaps the beginning of a new policy.

THE BANKS HAVE BEEN GIVEN ample notice to contract their loans in order to have the funds to return, and the movement will undoubtedly be carried out without embarrassment.

MANY SIMILAR LAWS. There has been much comment outside Marquette concerning the Gordon bill proposing to limit the number of saloons in this city to twenty-five, with one additional saloon for each 500 additional population after the city grows to contain 13,000 people.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble. Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Women as well as men are made miserable by kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles.

SCHOOL SHOES for boys and girls. They are made of the best seasoned upper leather and tough solid soles and have fewer seams than other shoes.

Free Exhibition of Oil and Water Color Paintings by Modern Masters. We invite all who are interested in fine pictures to see the beautiful collection of paintings, engravings, etchings and prints, on free exhibition in our Art Gallery.

## MANY VISITORS ARE EXPECTED

### MARQUETTE EXPECTED TO ENTERTAIN CLOSE TO 4,000 GUESTS ON NATAL DAY OF ST. JEAN BAPTISTE, JUNE 24.

Arrangements for the observation of St. Jean Baptiste day in this city, Monday, June 24, have, with exception of a few minor details, been completed. All the societies are expected to arrive before 10 o'clock, and the parade will take place at 10:30 sharp. There will be five bands, with the members of the grand lodge, officers of visiting lodges and city officials in carriages. There will be a float representing St. Jean Baptiste and other features. Charles Beaudry will be marshal and J. B. Neault and J. B. Vancheesteing aids. The line of march will be east on Baraga to Front, north on Front to Washington, west on Washington to Fifth, north on Fifth to Bluff, east on Bluff to Third, north on Third to Fair avenue. The parade will disband near the Normal school, where the management has been assured by the street railway company that there will be plenty of cars on hand to furnish adequate transportation facilities to the fair grounds.

Dinner will be served at the grounds by the ladies of St. Jean Baptiste congregation from 11:30 o'clock until 1, and supper from 5 to 6. The pavilion near the gate will be reserved for flags and properties of those taking part in the parade and the wardrobe of guests. In pavilion No. 2 there will be moving pictures and illustrated songs. Pavilion No. 3 will be devoted to dancing. Following dinner Mayor Robertson will give an address of welcome to the visitors from a rostrum in front of the main building. President J. H. LaRoche, of the Marquette society, will make the response. There will be several other addresses. The festivities will conclude with a grand ball at Fraternity hall at the evening. The supper at midnight will be served by Cater LaVallee in his store room at the hall.

The committee having the affair in charge are anxious that merchants shall decorate their business houses, and that the residences along the line of march display the American flag.

## SHRINERS RALLY AT THE SOO TODAY

### MANY MARQUETTE MEN PLAN TO ATTEND MEETING WHOSE MOTTO IS "LET 'ER GO"—FINE PROGRAM ARRANGED.

A large delegation of Nobles of the Mystic Shrine, Ahmed Temple, Oasis of Marquette, will represent Marquette at the Shriner's meeting which opens at the Soo today. Francis M. Moore, chief noble, said yesterday that as many of the Shriner's from this city were railroad men no list of those who would attend had been prepared, but he believed that a large percentage of the forty Marquette members would be in attendance. Chairman Blank, of the arrangement committee at the Soo, has sent out an announcement that everything has been moving along splendidly and that nothing could interfere with the success of the gathering. It was at first feared that the accommodations would be insufficient, but arrangements have been made to entertain a number of the guests on the Canadian side. The steamer International will run between the two ports night and day. Souvenir badges in the shape of a Turkish fez, one side being of birch bark and the other of red cloth, will be given out.

The following is the official program for the meeting as announced by the committee:

—Wednesday, June 19—  
Forenoon—Reception of visitors at the union depot.  
1:30 p. m.—Address of welcome by Mayor Frank P. Sullivan.  
2 p. m.—Novices will assemble at armory.  
2:30 p. m.—Grand parade.  
Secure your souvenir badges at Armory before the parade.

—Formation—  
Mounted Arabian Knight.  
Nondyke Brass Band.  
Shrine Officials  
Arab Patrol  
Candidates,  
Shriners.  
Shrine Brass Band.  
Flaots.

4:30 p. m.—Business session at the Armory.  
7:30 p. m.—Ceremonial session at the Armory.  
8:00 p. m.—Reception for Shriners' ladies at Masonic hall.  
8:30 p. m.—Ladies will go from Masonic hall to Soo opera house to attend the play "Thekla" or steel plant, Canadian Soo. Tickets furnished at Masonic hall.  
11:30:30 p. m.—Traditional banquet at Masonic hall.

—Thursday, June 20—  
10:30 a. m.—Steamer International leaves the government pier at the foot of Bingham avenue for a trip through the American and Canadian locks. Shriners and ladies invited.  
2:30 p. m.—Steamer International leaves government pier at the foot of Bingham avenue for a trip down the river, calling at International dock, Canadian Soo, at 2:45. Shriners and ladies invited.  
9:30 p. m. (Canadian time)—Grand

The program also contains visits to places of interest in the two Soos, the local committees, published in the Times, and a list of the officers of the Official Divan for 1907, as well as half tons of local views.

## City Brevities

Today's weather: Fair and cooler. Yesterday's temperatures: Seven a. m., 70 degrees; noon, 69; 7 p. m., 55. Maximum, 73 degrees; minimum, 56.

A. B. Eldredge has received a new touring car. It is a Mitchell, manufactured at Racine.

The G. L. A. to the B. of L. E. will meet this afternoon at 2:30 o'clock at Keough's hall.

John Siegel has a titanic bunch of bananas on exhibition at his grocery, No. 116 North Third street.

Mrs. B. O. Scribner, of Appleton, Wis., has returned home after an extended visit with friends in this city.

The French society of Menominee has accepted an invitation to attend the St. Jean Baptiste celebration in this city, June 24.

H. O. Young of Ispening, who has just returned from a several months' trip abroad, was a Marquette visitor yesterday.

Miss Gertrude Rustenhoven, daughter of J. W. Rustenhoven, has returned from Detroit where she was a student at the Detroit Conservatory of Music.

The Fourth of July committee on arrangements has been unable to secure the Castel band, of Iron Mountain, for the Marquette celebration, the band deciding to remain at home.

Dividend No. 10 Paid—People having claims on the estate of the late James Wilkinson have been sent dividend No. 10 by A. E. Miller and E. C. Wilkinson, the assignees. The total dividends to date are 90 per cent.

Child's Death Yesterday—Mr. and Mrs. Ole Johnson, living at 236 Harrison street, mourn the loss of their six-year-old son Oliver, whose death occurred at 8 o'clock last evening after a lingering illness. The funeral will take place Thursday afternoon, with services at the house at 2:30 o'clock. The interment will be in Park cemetery.

Given a Loving Cup—The Wednesday Afternoon Circle entertained Professor and Mrs. Otto H. Kluge at the home of Dr. and Mrs. Anderson, East Arch street, Monday evening. Delicious refreshments were served and the guests of honor were presented with a beautiful silver loving cup. Professor and Mrs. Kluge leave Sunday morning for Los Angeles, where the professor will assume the leadership of one of the leading orchestras.

Will Come by Special—The French Canadian societies of Escanaba will come to this city by special train to attend the celebration of St. Jean Baptiste, Monday, June 24, arriving here about 9 o'clock in the morning, and returning at about the same hour in the evening. A special excursion rate of \$2.35 has been made for the special train. The military band will accompany the excursionists and assist in furnishing the musical program for the celebration. St. Jean Baptiste day was celebrated in Escanaba last year, fully three thousand visitors being present.

Commencement Address This Morning—Dr. Allison W. Small, who will give the address to the graduating class of the Northern State Normal school at the opera house this morning at 10:30 o'clock, is not only one of the most advanced thinkers but also one of the most interesting talkers in the country. Dr. Small makes no attempt to orate before his audience but talks directly to it and his command of rhetoric is probably not excelled by any speaker in the country. He is the head of the zoological department of the University of Chicago, and has an international reputation as a scholar. All friends and patrons of the school are cordially invited to attend.

### \$20 PRIZE OFFERED.

The Marquette High School Alumni association, aided by many generous friends, has succeeded in raising \$700 as an Anna M. Chandler Memorial fund. The interest from this money is to be used in encouraging the higher education of Marquette high school graduates. It is hoped to eventually raise enough money to establish a scholarship at the University of Michigan. Miss Chandler having expressed the hope that the Marquette high school pupils might have some such incentive to further study.

Miss Chandler gave the thirteen best years of her life to the advancement of education in the public schools of Marquette. She was a woman of unusual tact and sympathy and an educator of rare ability, and she infused some of her own enthusiasm into all the pupils and teachers with whom she came in contact. When the form of a memorial was discussed by the members of the Alumni association it was agreed that a scholarship would most fittingly perpetuate Miss Chandler's spirit.

While realizing that it is in no wise proportionate to the respect and admiration which Miss Chandler inspired, the committee having the fund in charge thought best to offer a portion of it as a prize this year, and accordingly \$20 will be given at commencement to the member of the senior class having the best average of scholarship for the year 1906-1907.

Whether this prize can be increased in the future and whether the scholarship can be founded will depend upon the generosity and public spirit of the people of Marquette and the interest shown by members of the Alumni association.

## "Forming a Pool"

I am forming a pool for the purpose of investment. One can put in any amount up to \$300, the smallest amount is \$25. I am to use my own judgment to invest, and as I never lose any investor's money, I guarantee not to lose the money you pay me. But any time after November you are at liberty to draw out your money, also profits. Dividends will be paid in the meantime.

I will probably make about five hundred per cent for you. Last year I organized two pools and some of the members made as high as six hundred per cent. Remember I give you a written guarantee that you shall NOT LOSE your money, but to pay it back with all profits. This is nothing new for me to guarantee a party's money. I have been doing it for ten years when I am sure of the investment and no party has ever lost by me. All I want is the commission and your good will.

Women can come to my office at 3 o'clock p. m. or at my residence at 8 o'clock evenings. Outside parties can send express or postoffice money orders. I am 60 years old. Have been a business man in Marquette forty years, a broker for fifteen years. Any business man will tell you Spear is all right, and you always get your money as he agrees. What he don't know about investing nobody knows. All correspondence private if marked private.

**Earning and Saving**

The time to begin to save money is when you begin to earn it.

Lay by a part of every dollar you earn and you are fairly on the road to independence.

Money is necessary at every step in your journey through life.

You can't buy a home without it.

You can't go into business without it.

You can't be comfortable, if anything happens to stop your income without it.

When you begin to save put your money in this bank and receive 3 per cent interest. Deposits of one dollar and upwards will be taken and interest compounded semi-annually.

**Marquette National Bank.**

Marquette, Michigan.

**MARKETS**

**NEW YORK STOCKS.**

New York, June 18.—A listless indifference was the dominant tone of the stock market today. There was some extension in the early dealings of yesterday's upward movement, but by the expiration of the first hour all the buying orders in sight had been executed and left the market easily vulnerable to the subsequent reaction.

Both the call and time money markets were affected by the possible exhaustion of surplus reserves before the end of the week, and noted at higher rates. The vanishing surplus reserves with the evolution of the semi-annual settlements approaching discouraged any disposition to extend marginal holdings in the stock market. Some brokers profess the hope that the sums to be disbursed in the progress of the semi-annual settlements, including the redemption of the government 4 per cents of 1907, may stimulate the investment demand. It is the conviction of some investment commission houses that there is a waiting demand of this character which would become active on any significant demonstration that the long decline in prices has ended.

Reading and Union Pacific so far overshadowed the whole market in activity today that their reaction carried the prices as a whole downward. Chiefly reports from the crop regions and the favorable weekly bulletin of the weather bureau did not avail to arrest the reactionary tendency. The plan to distribute 200 per cent in collateral bonds to stockholders of the Adams Express company caused a ten-point rise in that stock, but was without influence on the general list. Small declines resulted generally from the day's closing.

Paine, Webber & Co. report closing prices as follows:

U.S. Steel	27 1/2	Amalg.	43 1/2
Amalg.	27 1/2	Amalg.	43 1/2
Amalg.	27 1/2	Amalg.	43 1/2

market was bare of stock, the offering price in some cases being two points over the last night's closing. This shows a let-up in the liquidation and looks well for a sharp advance in the next good market.

Closing prices were:

Amalg.	27 1/2	Amalg.	43 1/2
Amalg.	27 1/2	Amalg.	43 1/2
Amalg.	27 1/2	Amalg.	43 1/2

**Mining News**

**ADVENTURE.**

Work Still in Progress at This Ontonagon County Property.

There is no change at the Adventure mine, says the Ontonagon Herald. Operations are being continued and in fact the force is to be increased as fast as additional help can be secured. This does not indicate any contemplated cessation of work for the present at least. The results secured during the past three months have been much more favorable than the first two months of the year, placing the property on practically a self-sustaining basis.

January and February were the poorest months in the mine's history and while the product for March was much better, it was the showing which was made during these three months that has submitted to the intervention of getting the rock to the mill. However, in some quarters it is believed that the only hope for permanency lies in the Baltic lode formation. The drill is still working away, the point of attack being near Peppert Junction. At last reports the ledge had not been encountered at depth of more than 500 feet.

The eastern management realizes that it is confronted with a serious problem in deciding what will be best for the interests of the stockholders and before any radical changes are made it is certain that they will be given very careful consideration. In Greenland particularly. Adventure is the absorbing interest of discussion. There is quite a general feeling that some way or other the mine must continue to do business. It is practically impossible for the owners of the mine and its closing would naturally result in much hardship.

**KEWEENAW COPPER.**

The Keweenaw Copper company, which controls the Phoenix Copper property, has elected as directors of the latter corporation two members of its own board, so that now the entire Phoenix board is comprised of Keweenaw directors. President A. C. Wright says: "There are now about 100 men employed on our property, and as work demands this number will be gradually increased. The Melora shaft is now down 650 feet. On either side of the shaft we have drifted about 300 feet and from all appearances we are in good ground. About 2,000 feet west of the Melora we will shortly start sinking a new shaft. There is but little diamond drill work being done on the Keweenaw property and none will be done this summer. Neither is anything being done on the Phoenix property, although it is probable that later in the year we shall start exploring there with diamond drills.

"The Keweenaw treasury has sufficient money to carry on its work, and on Oct. 1, when the second installment of the recent assessment is due, we shall have considerably more. About one-half of the Phoenix assessment has been paid to date, but until some more of this money is forthcoming from stockholders we will not do much on the property. The Keweenaw company now has about 20,000 acres and we are now considering the proposition of adding somewhat to our territory by the purchase of additional land in the immediate vicinity of the present holdings.

"The Keweenaw Central railroad is doing very well. The railroad is now entering Calumet over the tracks of the Mineral Range railroad, but we are building about five miles of road so that we will soon be able to enter that city over our own rails. During the summer months the railroad should be able to pay its operating expenses. The Keweenaw company has accumulated about 20,000 tons of stamp rock, but none of this will be treated until the company has sufficient to keep a mill in steady operation."

**DISTRICT COURT NOW IN SESSION**

CIVIL ACTIONS ON THE CALENDAR A WEEK—JUDGE KNAPPEN PRESIDING.

A regular term of the United States district court, adjourned from May, opened in the federal building yesterday morning. District Judge Loyal E. Knappin, of Grand Rapids, presided, being his first appearance in this city since he succeeded to the bench upon the death of Judge Wandy. The session promises to last at least a week, as the civil cases on the calendar should occupy close to that time, when, incidentally, the more important criminal indictments will be returned by the grand jury, also in session. Following the calling of the calendar, the case of the Diamond Match company vs. the Township of Ontonagon was taken up. This is an action brought by the company to recover accounts covering a period of several years alleged to have been illegally collected for highway and labor taxes. W. R. Adams for the plaintiff and R. B. Ball for the defendant. The balance of the calendar is as follows: Isadore Doerr, plaintiff, vs. Northwestem Cooperage & Lumber company, defendant; trespass on the case, Contingent.

Aniel J. Rich, plaintiff, vs. Victoria Copper Mining company, defendant; ejectment. Trial.

The United States of America, plaintiff, vs. DeTour Cedar & Lumber company, defendant; trespass on the case, Trial.

The United States of America, plaintiff, vs. Escanaba Woolen Ware company, defendant; trover. Trial.

Emanuel Metz, plaintiff, vs. Charles Darcy, et al., defendants; assumption of duty.

Adventure Consolidated Copper company, plaintiff, vs. Allis Chalmers company, defendant; trespass on the case upon promises. Trial.

The United States of America, plaintiff, vs. Duluth, South Shore & Atlantic Railway company, defendant; trespass on the case. Settled.

Matti Jansa, plaintiff, vs. the Baltic Mining company, defendant; trespass on the case. Trial.

Margaretta Lonstorf, complainant, vs. George J. Maas and Cleveland-Cliffs Iron company, defendants; hearing. Not reached.

Following is the jury list: Emil H. Albrecht, Allanville; Andrew Barbeau, Rapid River; B. F. Bradley, Cedar River; William Baufais, Garden Bay; Charles Brown, St. Ignace; Samuel Burton, Allanville; Spencer Carpenter, Menominee; Ira Carley, Ingalls; John Casgrove, Baraga; Frank H. Gooding, H. J. Koopp, Marquette; C. P. Good, Tenary; John Goetz, DeTour; Arno Jaehnig, Frank C. Mayworm, Hancock; Joseph Jeffrey, Malcolm McLeod, Laurin; John W. **DAVIS-DALY.**

The Original mind crosscut has gone through the Thomas lode and has opened a splendid body of ore, reports a Butte correspondent. The commercial ore is fully twenty-five feet wide and will average better than \$12 to the ton. In view of the fact that Andacota ore averages a little more than \$14 per ton, the Butte lode, which is a part of the Thomas lode, must be considered quite remarkable at 1,800 feet. Captain Palmer is authority for the statement that the vein carries a large amount of commercial ore, better than all expectations, but he declines to discuss details. The crosscut is being continued south and for the present no drifting is being done on the Thomas vein. Three more known leads will be cut by crosscut, two belonging to the Smokehouse lode, which apex both sides of the Broadway and Destroying Angel lodes, the latter being cut by excavations for the State Savings bank on Park street. The latter is rich at the surface. It is the ultimate intention of the Davis-Daly company to sink a shaft at Idaho and Montana streets, where it will find sufficient surface and work the Thomas and veins opened by the Original crosscut through it. Sinking will be resumed today on the Mt. Moriah.

**Complies with the pure food laws of every state**

**CALUMET BAKING POWDER**

**HEALTH ECONOMY**

Calumet is made of the finest materials possible to select, and makes light, easily digested bread, biscuits or pastry; therefore, it is recommended by leading physicians and chemists.

In using Calumet you are always assured of a good baking; therefore, there is no waste of material or time. Calumet is put up in air-tight cans; it will keep longer than any other Baking Powder on the market and has more raising power.

**Calumet** is so carefully and scientifically prepared that the ingredients are absolutely perfect. Therefore, Calumet leaves no Rochelle Salts or Alum in the food. It is chemically correct.

\$1,000.00 given for any substance injurious to health found in Calumet

Notes of Copper News.

The unwatering of the No. 1 shaft on the Powalite lode at the Franklin Junior branch has progressed to the fifteenth level. A 10,000 gallon boiler is in use. Crosscutting from the No. 1 shaft on the Allonex conglomerate to reach the Pewabic amygdaloid has been started at the twenty-third level of the Franklin Junior. Shipments of rock from the old stockpiles at the No. 1 amygdaloid shaft to the Franklin stamp mill have begun. The stockpiles contain several thousand tons of rock. One hundred and seventy-five tons have been shipped already.

Butte Coalition within the next sixty days will be mining 2,500 tons of ore a day. Allowing 3.5 per cent copper, the concern will then be producing about 5,000,000 pounds annually. These figures have been constantly predicted for the Butte Coalition, and it will cause no surprise to see them reached. With another year's work by the present management Butte Coalition will be a vastly different looking concern. It is also expected that the Alice property will play a constantly increasing part in the operations of the company.

The Shannon Copper company has recently sold to the Arizona Copper company about 300 acres of land adjoining the Shannon smelter. This property was acquired for a comparatively small sum. Its acquisition by the Arizona company was quite necessary, as it was about the only available smelter site at Clifton. In order to secure this property, which is located on the Shannon plateau, it was necessary for the Arizona company to make concessions to the Shannon company in freight rates, limestone, etc. It is understood that the Arizona

**CHICAGO GRAIN MARKETS.**

Chicago, June 18.—Additional advices of damage to winter wheat in Kansas formed the chief reason for the renewed strength in the wheat pit today. Many of these advices declared that because of the injury by the green bug and unfavorable weather, the new crop would not run more than eight bushels an acre. Reports from Oklahoma, where threshing has already begun, claimed the yield in that state very disappointing, averaging three to five bushels per acre. From the spring wheat country came reports that the army of green bugs is advancing with great rapidity through the fields of Minnesota and the Dakotas. This news held the market strong nearly all day. A decrease of 3,500,000 bushels in the world's visible supply was another bullish influence. The trading was active all day. The market closed firm, the September 1/2. September opened at 93 3/4 to 94; highest, 95; lowest, 93 1/2; closing, 94 1/4.

Corn.—The market was firm the greater part of the day because of an active demand from commission houses and cash interests. Highest prices at Liverpool, heavy sales by shippers, and reports from Illinois telling of late seeding were factors. The offerings came mainly from holders. The close was steady, the September up 1/2, September opened at 52 3/4 to 53; highest, 53 1/2; lowest, 52 3/4; closing, 53.

Oats.—The feature was the activity and strength of the July, which was in urgent demand by shorts. The likelihood that very little grain from the new crop would be available for delivery on July contracts caused a brisk demand. Reports of damage by green bugs in oat fields in Illinois, Indiana and Iowa had a strengthening effect on the more distant deliveries. The close

**Indigestion**

Stomach trouble is but a symptom of, and not in itself, a true disease. We think of dyspepsia, heartburn, and indigestion as real diseases, yet they are symptoms only of a certain specific nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop to the creation of that now very popular Stomach Restorative. Dr. Shoop's Restorative is going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, biliousness, bad breath, and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

### BOAT CAPSIZED IN GALE.

Drowning Fatality on Range Due to Squall on Ely Lake.

The remains of the late Martin McNulty, drowned Sunday afternoon at Ely lake, between Virginia and Evelyn, Minn., were received in Ishpeming yesterday morning. The funeral will be held this morning in Marquette.

The accident came nearly resulting in the drowning of three other young men, companions of McNulty. One of the quartet was Oscar W. Brodine of this city, who was the only one of the party who succeeded in swimming to shore. The young men had been fishing, McNulty and William McCoy occupying one boat and Brodine and Roy Robinson another. Both were frail crafts. When they were within about 100 feet of shore a heavy gale came up. The boat occupied by McNulty and McCoy began to rock and take water. As the water came in both young men threw their weight to one side, and the boat capsized. Brodine and Robinson, who were less than 100 feet distant hurried to the rescue, and while making a rapid turn with the wind their boat was also overturned. The boys managed to catch hold of the boats they occupied. There were several other boats on the lake, but all were in distress, and it was some minutes before the wind subsided and help came. Meanwhile Brodine started to swim ashore, the other three still clinging to the boats. When Brodine reached shore in safety, McNulty, who was a good swimmer, also attempted to get to land. He was exhausted when he left the boat and had gone but about thirty feet when he sank in fifty feet of water. The young man had recently left a hospital, where he had been confined for nearly a month with a severe attack of scarlet fever, so that his strength doubtless failed him in the critical moment. A few seconds before sinking he called for help and Brodine had reentered the water and was swimming toward him when he disappeared from view.

McNulty's boatmate, McCoy, lost his hold on the craft and sank twice, but on reaching surface the last time got a hold on the boat again. When rescued by a party in a gasoline launch he was unconscious, but his hands were firmly gripped to the side of the boat. Young McNulty's body was recovered in an hour and forty-five minutes.

The remains were accompanied to this city by Thomas and Lee McNulty, brothers, and Frank Kelly and Miss Ellen McNulty, cousins. All of the eight brothers and sisters, except Peter, who travels out of New York and could not be located, will be present at the obsequies. Mrs. Charles T. Helms, a sister, arrived last evening from Detroit.

### BOARD OF REVIEW BUSY.

The board of review, which has been in session the past two days, will hardly complete its work today, as a great many petitions of minor importance are still to be acted on. The members of the board have been devoting much time to the adjustment of valuations of Sixth ward properties, where a reduction of twenty-five per cent was asked by the property owners through a petition presented by Alderman Gill. The properties have been acted on individually and slight reductions have been granted in a number of cases, though none of the decreases have been in excess of fifteen per cent. The board may not complete its work today, as it will require the greater part of a day to foot up the extensions on the roll.

The degree team of the National Protective Legion will give the first of a series of dances Saturday evening, June 22, at the Woodmen's hall. Music by Trombly's orchestra. Tickets fifty cents per couple. (6-20-22-24)

Spring Chickens at Henrickson's meat market. (6-19-34)

### HOUSE MOVER BUSY.

Ishpeming Contractor Has More Work Than He Can Do This Season.

The demands upon Charles Johnson, the house mover, were never before as urgent during the twenty-five years he has conducted his business here as they are this summer. "I have had calls from nearly every city and town in the upper peninsula," said Mr. Johnson yesterday. "I have been rushed with work ever since the season opened. I am at present employing about fifteen men, busy if I could only procure men who understand the work well enough to conduct jobs separate from the ones I am obliged to give my personal attention to. It wasn't many years ago when there were a number of men in my line of business in the upper peninsula, but from what I can learn there are now very few reliable house movers in this region. I have thus far been unable to accept all the contracts offered me in Ishpeming and Negaunee, to say nothing of work in other sections I have refused. The cost of house moving is advanced the same as work in other lines. With labor, timber, rope and team hire higher than ever before, we are obliged to get better prices or lose money on the jobs. Before the Spanish-American war I used to buy rope at eight cents per pound, but today I am paying eighteen for the same quality rope.

"I have had from two to four jobs moving during the past month or more, but for the next few days I will have all my men at Negaunee, where I am moving four dwellings from the site for the new high school building. For a month past my men have been working overtime. In fact they can work all the extra time they care to put in. We are now doing two light jobs in Ishpeming evenings, after the men finish their day's work on the larger contracts.

"A man in my business can lose money easily, especially if he figures his contracts too close. Obstacles not figured on before a job is started frequently arise. The moving of the Joachim dwelling is an instance. After taking the building two blocks we found that the telephone wires crossing the street could not be removed, necessitating an extra expense on my part of about \$200."

### "BILLY" PETERS GONE.

Well-Known Attorney Has Shaken Ishpeming Dust From His Feet.

"Billy" Peters, attorney and politician, has left Ishpeming and his whereabouts are at this time unknown to his friends. Mr. Peters took a train out of the city one evening last week, saying that he would be absent a few days on legal business. He took away a bundle of law books, leaving the greater part of his other office equipment in his rooms in the Robbins block. Mr. Peters did not advise anyone where he was going, and it is reported from a reliable source that he has not been heard from since the day of his departure.

Mr. Peters met with a crushing disappointment last spring, when he was turned down for the nomination as municipal judge on the Citizens' party ticket. Despite the fact that many of his best friends had advised him that he would not receive the nomination, he was persistent on that point and never gave up hope until a few days before the convention, when he saw the wave of sentiment strongly in favor of another candidate. Then "Billy" announced that he would run for the office on slips. He was carried away with the idea that he stood a good chance of winning out, and friends who had advised him against the step were not heeded.

### OPEN THREE EVENINGS.

## THINK TWICE.

EPIDEMICS DIVERT BUSINESS. The recent epidemic of diphtheria and scarlet fever in the city here, it is reported, diverted thousands of dollars' worth of business from Chicago. In order to allay the fears of towns and cities near Chicago, which were said to be considering quarantine measures until the epidemic had passed, Health Commissioner Whalen called a consultation of big commercial interests which resulted in active co-operative measures being taken to prevent the spread of disease and stamping out the epidemic. From American Carpet & Trade Record, Philadelphia, March 10, 1907.

There is no greater source of infection than that related to the handling of carpets that are often sold from such homes in infected districts and cities. They as a rule are bought up by the City Rug Factories and lend their presence to infect other innocent patrons. In having your rugs made up from old carpets you will avoid all this risk by shipping to a well known sanitary factory that insures you against any chance of this kind we refer to

Petoskey Rug & Carpet Mfg. Co. Ltd., Petoskey, Mich.

## Negaunee Department

### LIKES WASHINGTON.

Former Resident of Negaunee Tells of State's Resources.

Attorney E. J. Carey, a resident of Negaunee for a number of years prior to seven or eight years ago, when he moved to Calumet, and who is now living in the state of Washington, where he located four years ago, is favorably impressed with that region. He has traveled considerably throughout the state and he is well acquainted with industrial and other conditions. Mr. Carey is now in the copper country on a visit. He said that the stretch from the coast of the Pacific to the Cascade mountains is one vast timber field, and that the great timber growth is due to the heavy precipitation. The precipitation near Cape Flattery is about eighty inches per annum; at the Columbia river it is estimated at eighty inches and farther north, at Willapa Harbor, the precipitation is ninety inches. Still farther north, at Mochops, it is 130 inches per annum; from the latter point on north it decreases. Washington is one of the greatest agricultural states in the union, its rich soil being entirely due to the heavy precipitation.

"The timber," reports Mr. Carey, "is of a gigantic size, this being due entirely to the frequent rains and richness of the soil. The city of Spokane is advancing at a very rapid rate. Four years ago the population was only 50,000 and now it has advanced to 90,000. Just west of Spokane is the county of Lincoln, noted for its wheat raising. The output of this county last year was 11,500,000 bushels. Lincoln county, which is situated near Spokane county, is one of the greatest wheat counties on the earth and it is situated in the Whitman Agricultural college. Where the Northern Pacific crosses the Columbia river at the place called Benton, the people raise strawberries earlier than they are raised in California. Going east from the Columbia river the precipitation is from sixteen to twenty inches and wheat can be successfully raised at a precipitation of fifteen inches.

"The state is a very prosperous one and offers great opportunities. The city of Gray's Harbor, in Shelas county, is the greatest lumber shipping place in the world."

LOCAL LACONICS. Rev. J. A. Strendin, pastor of the Mission church of this city, went to Iron Mountain yesterday.

The South Shore carpenters erecting the water tank between the bridge and the union depot returned to their work yesterday, after an absence of three days at Alston, where they were employed repairing a bridge.

Nick Oswald and wife, who have been in the city the past four weeks, returned to their home at Little Lake yesterday. Mrs. Oswald is considerably improved in health as a result of the treatment she received here.

George J. Maas, wife and child, arrived in the city yesterday. Mr. Maas, who has been confined to Mercy hospital, Chicago, for several weeks past, is feeling considerably improved, but it will be some time before he will regain his usual strength.

A large number of Finnish immigrants are passing through Negaunee daily. There is hardly a morning that from ten to twenty-five do not arrive on the Chicago & Northwestern morning train and take the South Shore here for points west, a large majority of them going to the copper country. The percentage of new comers leaving in Negaunee at this time is not as large as it was a few weeks ago.

The bankrupt sale of Peterson's stock, conducted here the past few weeks by F. Braundt & Co., will be closed out today. Practically all of the goods in Peterson's stock, as well as additional articles added, have been disposed of, the business being fully as good as the firm anticipated. The goods remaining unsold today will be removed to the Negaunee store. A large number of suits have been disposed of this week, since the \$4 suit sale was started.

DO NOT NEGLECT THE CHILDREN. At this season of the year the first unnatural looseness of a child's bowels should have immediate attention. The best thing that can be given is Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by castor oil as directed with each bottle of the remedy. For sale by The Stafford Drug Co.

TRUANCY LAW. School Authorities Have Been Provided With Copies of New Act.

Truancy authorities of the public schools of Michigan are in receipt of copies of the new state truancy law, now in effect. The truant officers welcome the new law, as much trouble has been experienced recently because of a decision of the supreme court relative to the age limit. Under the old law the section read between the ages of seven and fifteen. The new law provides that a child was not sixteen until the sixteenth birthday had been reached.

The act now provides that "every parent, guardian, or other person in the state of Michigan having control of any child between the ages of seven and sixteen years shall be obliged to send any child under their care to the public schools during the entire year and such attendance shall be continuous and consecutive for the school year fixed by the district in which such parent, guardian or other person in parental relations may reside."

In a number of district there are what might be called by-laws to the state law which do not infringe, but which protect in a large measure the interests peculiar to the community. In some district it is claimed that these local laws are not producing the most satisfactory results and in many cases the truant officers are at a disadvantage in conducting their work.

The truant officer clause in the new law, which applies particularly to the upper peninsula, is as follows: "That in all townships of the upper peninsula organized as township units, the board of education of such township shall have the authority to appoint one or more truant officers for said township and fix the compensation for such service, said compensation to be paid from the proper funds of such school district. For all townships in the upper peninsula not organized as township units, the county truant officer appointed as herein prescribed shall act; provided, That if in any graded district or township the board of education does not appoint a truant officer, the county officer shall act in such a district or township."

"What shall we have for breakfast?" "Why Cudaly's Peacock Ham and Eggs of course; they are always acceptable, especially at this season of the year. (11-27-e-0-4)

### MIDSUMMER PICNICS.

French Societies of Ishpeming and Negaunee Will Visit Marquette.

The committees for the Midsummer picnics in which Negaunee and Ishpeming societies are to participate are completing the arrangements. The French societies of this city and Ishpeming have secured a special train, via the South Shore, leaving Ishpeming at 8 o'clock and Negaunee ten or fifteen minutes later. On arriving at Marquette the members of the visiting and local societies will attend high mass at the French church.

From present indications the attendance of members of both lodges and of families and friends will be unusually large. The round trip fare from both cities will be fifty cents and the tickets will be good returning on the regular trains leaving Marquette Monday evening. Both societies will be accompanied by bands.

The arrangement committee for the Scandinavian society's picnic at Cleveland grove has issued posters advertising the event. Prior to going to the grounds there will be a parade of the local and visiting societies in this city, starting shortly after 10 o'clock. The Portage Lake band has been engaged by the Negaunee organization, and will give a concert at the grounds in the afternoon. Meals and refreshments will be served, commencing at 12 o'clock, and there will be dancing during the afternoon and evening. The committee expects that Governor Johnson of Minnesota will be present to deliver the principal address.

### MINER ON TWO JOBS.

An industrious Austrian miner of Negaunee held down two jobs a part of last week. He worked four shifts in succession; the days at one mine and the nights at another. He was a pretty busy man while performing this contract, but at the end of the fourth shift he concluded that life was too short to try and hold down the two jobs any longer, so he retained the one which he considered the best. Yesterday, he said that at the end of the forty-eight hours stretch he was hardly able to get home and he asserted that it would probably take him a week or more to recover

from over work and loss of sleep. During the busy seasons of the past two or three years many here have frequently worked considerable overtime and done odd jobs outside of their regular occupation, but this is the first time that a Negaunee miner has ever attempted to fill two positions.

### WOLVES DEFEAT INDIANS.

The Wolves, who made an excellent showing in both of the three-men league series conducted during the winter and spring at Orr & Tompkins' alleys, are setting the pace in the two-men contests and it is already predicted that the other teams will do well to keep an eye on Sanders and Reichel, who compose the Wolves team. In the contest Tuesday evening the team defeated the Indians by a good majority, the scores being as follows:

Wolves	164	182	113	459
Reichel	191	139	168	498
Indians	141	164	128	373
Willman	150	135	177	462
Mitchell	291	239	305	835

Totals . . . . . 291 239 305 835  
Last night the Ravens and Green Sox and the Tigers and Hawks bowled; tonight the Drie Kaisers and the Indians and the Tigers and Ice Wagons are scheduled; tomorrow evening the Green Sox and the Drie Kaisers and the Cripples and Hawks, and Saturday evening the Hurricanes and Pickers and the Eagles and Hurricanes.

### CALLER FOR EXAMINATION.

Con Thompson and John McDougal, first and second lieutenants, respectively of Company I, Michigan National Guard, have received orders from the adjutant general at Lansing to report here next Tuesday for examination. Both were recently elected to their present offices, but they had filled the positions temporarily for several months past, Mr. Thompson having taken T. J. Dellahunt's place immediately after the latter's departure from the city.

### ISHPEMING IN BRIEF.

M. C. Scully and wife were up from Marquette yesterday.

The employees of the Oliver Iron Mining company will be paid tomorrow.

The degree team of the National Protective legion will conduct a series of dancing parties at the Woodmen's hall, the first taking place next Saturday evening. Trombly's orchestra will furnish the music and tickets will be fifty cents per couple.

## ISHPEMING

### DANCES AT CLEVELAND PARK.

Three Ishpeming men have been granted the privilege of conducting dancing parties Friday evenings during the remainder of the summer at Cleveland park. Good music will be provided and there will be dancing from 8 until 11 o'clock or later. The floor has been put in excellent condition and the grounds and pavilion are to be well lighted. The boats recently purchased by the Marquette County Gas & Electric company will be in commission before next Monday, when the Scandinavian societies of the county will hold their annual picnic there. A dock is being built and as soon as it is completed the boats will be put on the pond.

### END NOT YET REACHED.

The officers of the Vandeventer Lead and Zinc Mining company received a report yesterday from Superintendent Fox, dated last Saturday, in which he advises that the cross cuts on the deposits have been extended seventy feet and that the ends of the formation are not yet in sight.

Dr. J. Vandeventer, and other prominent shareholders of the company, will visit the property within a few days.

### CONTRIBUTORS TO THE NATIONAL PROTECTIVE LEGION.

Con Thompson and John McDougal, first and second lieutenants, respectively of Company I, Michigan National Guard, have received orders from the adjutant general at Lansing to report here next Tuesday for examination. Both were recently elected to their present offices, but they had filled the positions temporarily for several months past, Mr. Thompson having taken T. J. Dellahunt's place immediately after the latter's departure from the city.

The degree team of the National Protective legion will conduct a series of dancing parties at the Woodmen's hall, the first taking place next Saturday evening. Trombly's orchestra will furnish the music and tickets will be fifty cents per couple.

The Barnum Beavers and the Oliver Cubs will meet in a baseball game Saturday afternoon.

Postmaster G. J. Murray and son Clarence, of Michigamme, were visitors in the city yesterday.

The Sons of St. George are making good headway with the erection of seats at their wrestling arena in the Braundt lot, corner Cleveland avenue and Second street. The fence has been completed and the seats will be in position within a few days.

The Misses Emma and Bertha Ruez have returned from Fond du Lac, Wis., where they spent the past several weeks. Miss Bertha is much improved in health as a result of a surgical operation she submitted to, but it will be some time before her usual strength will be restored.

The French societies of Ishpeming and Negaunee have chartered a special train to take the members and their families to Marquette next Monday, Midsummer day. The train will leave Ishpeming at 8 o'clock and it is expected that there will be several hundred people going down from here.

### MARQUETTE & SOUTHEASTERN R.Y.

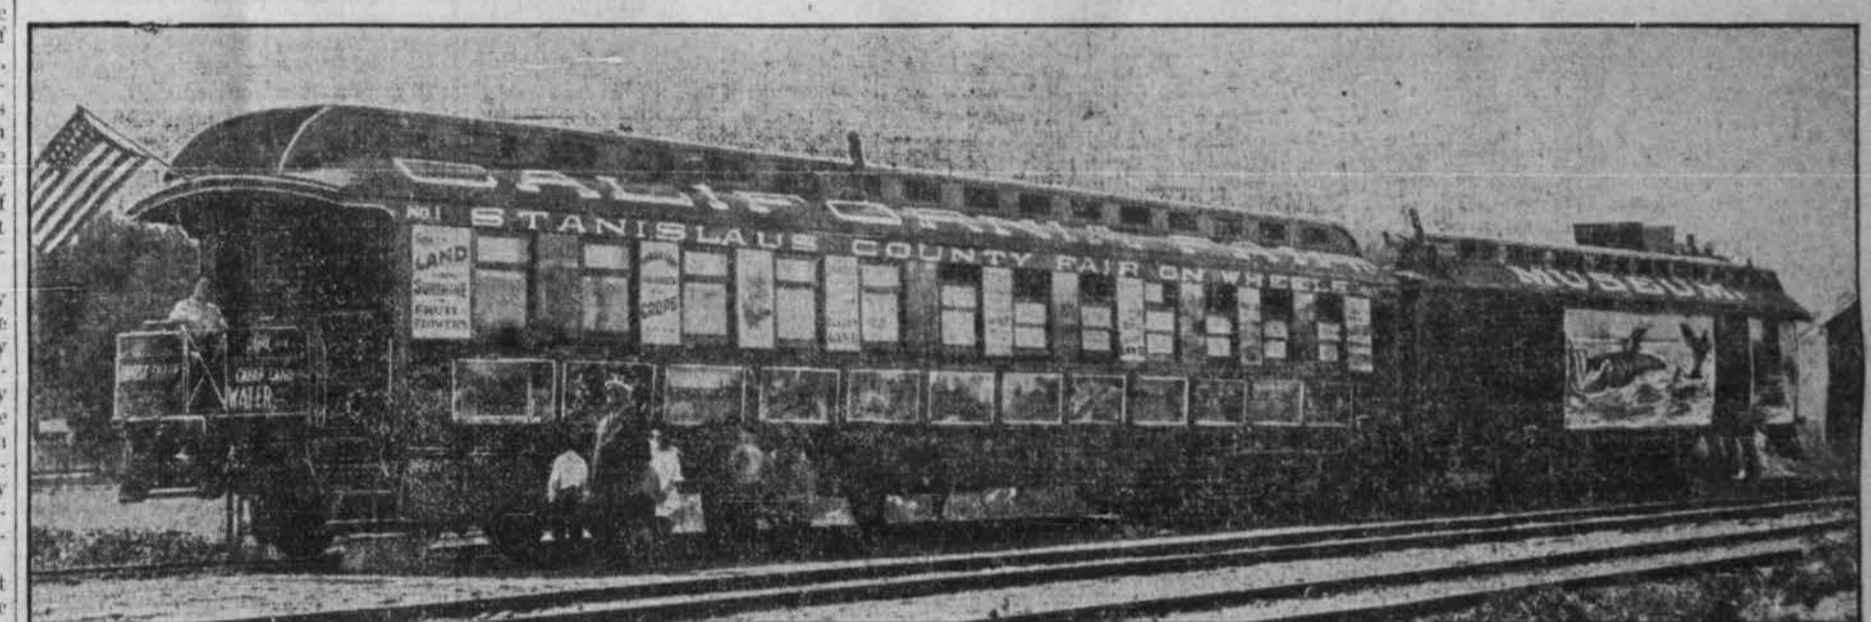

Sunday, June 9th, the summer schedule of the M. & S. E. R'y. goes into effect. Sunday trains will leave Marquette for Princeton and Munising at 8:45 a. m. and 6:20 p. m. For Negaunee and Ishpeming, 10:15 a. m., 3:55 p. m., and 8:20 p. m. For Birch and Big Bay, 8:50 a. m.

## STANISLAUS COUNTY EXHIBIT CARS

M. LEAK, Manager Stanislaus County Exhibit Cars. (En Route.)

DEAR SIR:—We have gathered from our orchards, vineyards and ranches samples of what we are raising NOW in Stanislaus County, California, by IRRIGATION and want you to show it and extend an invitation

TO THE FARMER—As a good living can be made from 20 acres.  
TO THE YOUNG—As it's new and a fine country to grow up in.  
TO THE MECHANIC—As wages are high.  
TO THE RICH—As their investments will increase.  
TO THE POOR—As living is cheap and wages high.

To come and live with us where land and water are cheap yet.  
COMMITTEE ON ADVERTISING STANISLAUS COUNTY, CALIFORNIA.

TO THE PUBLIC:

Come and see their exhibit of fruits and vegetables grown by irrigation, the finest ever. The largest fish ever captured, 36 feet long and weighed 10,383 pounds, and the finest exhibit cars ever built. Admission to the train ONLY 15 CENTS to everybody (except when special arrangements are made with schools) and be given a beautiful sea-shell, lucky sea-bean or coral FREE as a souvenir from the best county in the golden state.

SEE BILLS LATER.  
Yours Respectfully,  
M. LEAK, Manager.

Republic, 2 days, June 19, 20; Champion, 1 day, June 21; Michigamme, 1 day, June 22
