A Word From the Ice Man
We have secured for family use
500 cords of clear blue ice from
the open lake Northwest of
Presque Isle. There is no ques-
tion regarding the purity and
quality of this ice. It is un-
excelled. The equal of this ice has
never been delivered in the city.
Remember this is the only com-
pany delivering open lake ice in
the city.
Yours for prompt and regular
service.

City Brevities
County Clerk Frank G. Jenks is ill at
his home.
Miss Viola Pierce spent Sunday at the
Soo visiting friends.
James A. Goodman, of Negaunee, was
a Marquette visitor yesterday.
Miss Nellie Mae Frieberg has returned
from a vacation spent at Lakewood.
A boy was born yesterday to Mr. and
Mrs. Oscar V. Reau, of Mather street.
Stanley A. Burt, of Detroit is visiting
at the home of his mother, 325 High
street.
Louis Sundley has returned from Gor-
don where he spent a vacation of two
weeks.
Mrs. George McCombs and son George
have returned from a week's visit to
Cahmet.
Mrs. Herbert Fox has gone to the
Soo where she will visit for the next
ten days.
Miss Ruth Parsille of the Soo is in
the city, the guest of Miss Margaret
Fassbender.
James Boyd of the Soo has returned
home after a visit to his mother, Mrs.
Joseph Love.
Michael Heany of the Soo has returned
to his home after a brief visit with
his parents.
Miss Marian Cleary is spending a few
weeks with friends at St. Ignace and
Mackinac Island.
Henry Hopper of the Soo, who has
been visiting here, left yesterday for
Carlisle, Canada.
Mrs. Phillip Carroll of Hancock is in
the city, the guest of her sister, Mrs.
Katherine Barnes.
Miss Minnie Gaffney of Negaunee is
visiting at the home of Miss Clara Kuhn
in North Marquette.
Seldon B. Cray, cashier of the Calumet
Soo bank, paid a recent visit to his
relatives in Marquette.
Miss Lucile Wallace is home from a
two months' visit in Milwaukee and low-
er Michigan points.
Thomas Carey, the mail carrier, who
has been ill at his home, is convalescing
and is able again to be out.
Miss Miriam Taylor, who has been the
guest of Miss Bay in the city, has re-
turned to her home in Cleveland.
John J. Cleary has returned home from
Cincinnati for a visit with his parents,
Mr. and Mrs. P. Cleary, 111 Genesee St.
Mrs. Alice LaVallee, with her two
daughters, left yesterday to visit the
family of J. E. Craft, at the Craft camp
near Birch.
Miss Gertrude Bolewiz, who has been
visiting Miss Grace Lambert for the past
six weeks, has returned to her home at
Port Huron.
Miss Nettie Miller, who has been visit-
ing her aunt, Mrs. Edward Mitchell on
Spruce street, has returned to her home
at Bruce Mines, Ont.
Miss Mae Richardson, who has been
visiting her family in the city for the
past ten days, left yesterday for her
home in Hibbing, Minn.
William Dave has returned from De-
troit to his home in Negaunee. He
spent a few hours in the city yesterday.
He had been away two weeks.
Messrs. James W. and John M. Lynn
are on a pleasure trip through the south
visiting points of interest in Kentucky,
Tennessee, Alabama and Georgia.
Miss Fairchild and Miss Young of
Madison, Wis., are in the city, the guests
of Mrs. J. E. Hall. Yesterday afternoon
Mrs. Hall gave a reception in their honor.
Mrs. Abel Olson with her mother, Mrs.
Edward Richards and her sister, Miss
Amy Richards, left for Houghton Sun-
day. Mrs. Olson will make her home at
Houghton in the future.
Owing to the lack of electric light and
power the Grand theater was closed last
night, but as the work of installing the
city's new water wheel will probably be
completed today, the theater may reopen
tonight.
F. S. Burgess, president of the Michi-
gan Game association, who has been
spending the past several weeks in Mar-
quette, with his family, left yesterday
for the copper country, where he will
interest sportsmen in the organization
of a branch of the Michigan association.
Later he expects to take up the same
work in this county.
To Give Supper—The ladies' auxiliary
of the U. S. E. branch 10, will serve
supper at the French bazaar at Frater-
nity hall Wednesday night. The public
is cordially invited to attend and the
price for the supper will be moderate.
Still Doing Business—Although the
plant of the Presque Isle Sash & Door
Co. was destroyed in the Penhall fire of
Friday night last, it is announced that
the company is still doing business and
is prepared to execute all orders promp-
tly.
Bush-Powell Wedding—Edgar S. Pow-
ell, express messenger of Marquette, and
Leona May Bush are to be married in
Sault Ste. Marie at the bride's home,
713 Court street at noon next Wednes-
day. Miss Bush is the daughter of C.
S. Bush. The couple will make their
future home in Marquette.
Commercial Club Meeting—A special
meeting of the Queen City Commercial
club has been called for Wednesday night
and will be held at the city hall. It
is said that a matter of particular im-
portance and one which affects certain
interests has arisen and is to be placed
before the club. All the members of the
organization have been notified to attend
the meeting.
Committee Is Busy—The committee
named at a recent meeting of the city
council to investigate a number of large
claims made by persons who assert that
through the negligence of the city their
property and goods were damaged by
the storm of June 23 last, has been work-
ing on the petitions of the claimants.
It is said that a report will be made at
the next regular meeting of the coun-
cil.
To Attend Meeting—J. H. LaRochele,
auditor, and Esaucho Bertrand, treasurer
of the U. S. C. F., left last night for
Escanaba, where the home office of the
union is located, to attend a combination
meeting of the auditing committee and a
meeting of the board of directors of the
union. This will be the last meeting of
the officers before the general convention
to be held at Sault Ste. Marie, the last
week of September, 1908. The last con-

vention of the organization was held at
Bay City, Mich., Sept. 1905.
Picnic Sunday at Fair Grounds—A big
picnic will be conducted at the new fair
grounds Sunday afternoon by Swedish
Crown society, No. 2, S. U. S. A. The
committee on arrangements is at work
on the program of entertainment, and it
promises that something will be doing
every minute. There will be baseball
and both American and Swedish sports
of different kinds. An invitation to par-
ticipate in the picnic is extended the gen-
eral public.
Labor Is Scarce—One of the signs of
Marquette's prosperity is to be found in
advertisements published in this issue.
The ads in question are for men to work
on the street car tracks which are being
re-laid on Third street between Bewitt
and Fair avenues, and for bricklayers and
other workmen at the new plant of the
Lake Shore Engine Works. The street
car company can use twenty-five men in
addition to the force at work and the
new engine works plant will keep a large
number busy for months to come.
Were Caught in Storm—Richard Lam-
bert and Charles J. Murphy, employes
at the Fraser Iron works, spent a wet
and unhappy night Sunday on the
banks of the Chocoley river and they
carried the evidences of their misfortune
with them to work yesterday morning.
They had spent the day Sunday on the
lake in Lambert's gas and launch and
when the storm came up in the afternoon
they had to run into the Chocoley to
escape its fury. They stayed in the
launch all night and arrived at the fur-
nace at 6 o'clock yesterday morning.
Four Marriage Licenses—Licenses to
marry were granted yesterday to the
following four couples: Ludwig Wyrick
and Josephine Wyrick, both of Michi-
gan; George Colbey and Eva Racine,
both of Champion; Albert Ayotte and
Lillie Ayotte, both of Ishpeming, and
John Kangas and Hilda Welling, both of
Princeton. A communication, which ac-
companied the license application of the
Ayottes from the groom, stated that al-
though his name and that of the girl
were alike, they were not related to
each other.
Get Your Money Back—The refund sale
conducted at Spidenfeld's store, one of
the most liberal inducements ever of-
fered to Marquette shoppers, is over,
and hundreds who have been saving pur-
chase slips may now cash them at the
store. The prices of all purchases made
upon the date chosen will be refunded to
purchasers. The date was chosen by
Mayor Robertson and is Aug. 9. All
those who purchased goods at Spidenfeld's
on that date may now go to the store
with the slips and receive their purchases
and claim a refund of the money they
paid.
Rates Again Reduced—For the second
time within the past three weeks the
rates to Chicago and Milwaukee have
been lowered, and from now on one may
travel to the Windy city from Marquette
for \$8.10 or one may go to Milwaukee
for \$8.38. The old rate to Chicago from
Marquette was \$10.85. This was first re-
duced to \$9.20 and now is again lowered.
The old rate to Milwaukee was \$8.30 and
the first reduction brought it to \$7.30. It
is said that as soon as the law govern-
ing rates in Michigan becomes effec-
tive, which will be next month, there
will be a still further reduction. The
present reduced rates are in accordance
with the new Wisconsin law.
Damage Is Reported—Considerable
damage done by the storm of Sunday
throughout the city and vicinity was re-
ported yesterday. The velocity reached
by the wind was the highest of years
and for brief periods the gale attained
a rate of sixty miles an hour. Signs of
various sorts were torn from buildings,
trees in various parts of the city were
uprooted, and much damage was done
to lawns. Several full grown trees at
Presque Isle were blown by the wind.
The L. S. & I. passenger train from Big
Bay was nearly two hours late due to
the storm, and it was said that the
crew had to clear the track of fallen
trees seventeen times before the train
reached Marquette.

MARQUETTE PRINTER WEDS.
Miss Maud Bastien and Timothy Boldue
Married Yesterday Morning.
The marriage of Miss Maud Bastien of
150 Fisher street and Timothy Boldue
was solemnized yesterday morning at 4
o'clock at St. John's church, Rev. Father
Jodoy performing the ceremony.
The couple left at 5 o'clock for Sault
Ste. Marie, where they will spend their
honeymoon.
Mr. Boldue is an employe of The Min-
ing Journal, a job printer, and the esteem
in which he is held by his fellow em-
ployes at the office was shown by the
presentation to the couple of a handsome
leather couch, which was one of the many
gifts they received.

SAMUEL S. MILLER
RECEIVES PROMOTION

RAILROAD MAN, WELLKNOWN
HERE, IS ADVANCED TO IMPORTANT POSITION WITH CHICAGO & NORTHWESTERN RAILWAY COMPANY.

Samuel S. Miller, well known in railroad circles in the upper peninsula, has been appointed general freight and passenger agent of the Chicago and Northwestern Railway company, with headquarters at Omaha. The official announcement of Mr. Miller's appointment was received yesterday from H. K. McCullough, the company's vice president.

Mr. Miller is known in this city, as well as in several other upper peninsula towns, as he spent a number of years in this region in the employ of the company. He began work for the Northwestern company over twenty-five years ago as an operator at Quinnesec, being later promoted to the position of station agent at Marinette. From Marinette he passed to the position of traveling agent for the Peninsula division. He held this post a number of years and was successful in his work. About six years ago he was placed in charge of the general freight and passenger business, with headquarters at Oshkosh. From there he was sent to Chicago, to be assistant general freight agent. About a year ago he was promoted to the position of assistant general freight and passenger agent of the Neomaha and Omaha divisions.

Mr. Miller's new position is by far the most important he has ever held, and carries with it a large increase in salary. His territory is an extended one, as it takes in all of the company's lines west of the Missouri river. That Mr. Miller is well qualified for his new position do not doubt, as while he was employed in this region he was considered one of the most capable railroad men in the territory. Mr. Miller is not only a thorough railroad man, but he is a fine fellow, and his many friends will wish him much success in his new field.

HAD LEG TAKEN OFF.

Junction Man Fell Beneath Switch Engine Late Sunday Night.

Paul Brisson, a resident of the Junction location, nearly lost his life Sunday night. He was returning home from the city, after having attended a meeting of the Brotherhood of Railway Trainmen, and he attempted to board a moving switch engine going in the direction of his home, on the South Shore line. He missed his footing and fell under the wheels. His left leg was crushed below the knee, and was later amputated by IshpeMING hospital surgeons. A bad scap wound was also inflicted, but indications are favorable for the young man's recovery.

Brisson is quite well known in the city, he having resided here for the past seven years. He formerly lived in Negaunee, where he spent the greater part of his life. He has lately been employed as switchman in the local yards of the Lake Superior & IshpeMING line. He worked Sunday and after the Brotherhood meeting he planned to catch the South Shore passenger train due here shortly before midnight and to ride to his home, which is some distance from town. After waiting at the depot for a time he concluded to walk home. The switch engine overtook him near the Chicago & Northwestern roundhouse. Brisson has a wife and two children.

TAKEN TO POOR FARM.

Old Resident of County Found Ill and in Weakened Condition.

James Mooney, who resided in Negaunee for a great many years until a few weeks ago, when he moved to IshpeMING, was yesterday taken to the poor farm at Marquette. Mooney was found in a filthy hole back of a business block on First street. Marshal Lehman had been keeping an eye on him for more than a week past, as he noticed that the man was apparently not in good health. He met him on the street about a week ago and being suspicious that Mooney was not getting enough to eat told him that if he wanted any assistance he would see that he was sent to a place where he would get proper care and nourishment. Mooney complained of not feeling well and said that if his condition did not improve in a few days he would ask the marshal for help. The officer yesterday went to where the man was stopping and found him so weak that he could not walk. Mooney has every appearance of being a consumptive, but Marshal Lehman said yesterday that he thought that his sickly appearance was largely due to the lack of proper care and food.

Mooney is very well known in Negaunee, where he conducted a junk business for many years. Some five or six years ago he left there to join a brother in the east, but returned after an absence of two or three years. He has no relatives in the county and unless his condition improves greatly he will doubtless spend the remainder of his days at the poor farm.

HAD A CLOSE CALL.

Man Stabbed Sunday Had Throat Cut Almost from Ear to Ear.

Andrew Alaranta, who was slashed with a knife by one of his countrymen at an early hour Sunday morning, referred to in yesterday's Mining Journal, has a gash about six inches in length in his throat. The knife penetrated his neck near the ear and was drawn around to the wind pipe. The wound is quite deep and for a time it was thought that Alaranta had little chance of recovery. He lost much blood before he was taken to the hospital and for several hours after arriving there was very restless. He was feeling much improved yesterday, and it is thought that he will be able to be around in a few days.

The four men who were with Alaranta are still in jail, but they will probably be given a hearing today or tomorrow. It is not known which of the quartet used the knife, but this will doubtless be determined at the hearing. No charge has yet been preferred against any of the men, as the officers desire to see how Alaranta is coming out, before acting in the case. Alaranta is a young man about twenty-three years of age and has resided here only about one month, having come from Butte, Mont. He talks but very little English and has been in the country only a short time.

RAILROAD TO ICELAND.

The Icelandic government has finally decided to build a railroad in Iceland. It will be about 45 mile long and run through a fertile part of the country. It is said that a similar road was planned some years ago by an American but it fell through. If you contemplate buying a medicine for that poor, tired stomach of yours we recently recommend Hostetter's Stomach Bitters, for the main reason that it always cures. It is composed of absolutely pure ingredients and those best adapted for strengthening the entire digestive system, and for curing poor appetite, belching, bloating, headache, dyspepsia, indigestion, costiveness, biliousness, female ills, cramps, diarrhoea, or malaria, fever and ague. Try a bottle today and see for yourself how much good it will do you. Insist on having Hostetter's.

Orino Laxative Fruit Syrup is sold under a positive guarantee to cure constipation, sick headache, stomach trouble, or any form of indigestion. If it fails, the manufacturers refund your money. What more can any one do. The Stafford Drug Co.

TUXEDO CLUB CIGAR 10c

"THE MAYOR OF TOKIO."

Richard Carle's Most Successful Piece at IshpeMING Theater Tonight.

The story of Richard Carle's tremendously successful musical comedy, "The Mayor of Tokio," which comes to the IshpeMING theater this evening, is laid in Japan and deals with the hard times of a stranded comic opera organization. All the survivors of the troupe that left San Francisco sixty strong are the impressario, a sour-faced wardrobe mistress, a love-sick song-book boy, a sottobrete with Shakespearean ambitions and nine little girls known as the "peeping switch engine" in a public garden at Tokio, in the first act, they are

THE MAYOR OF TOKIO.

mistaken for a royal party traveling in disguise and given the best of the city affairs. Incidentally the mayor of Tokio is entangled with a Russian spy by the name of Ivan Orloffitch and General Satake, a conspirator who has entered into an engagement with Ivan to betray government secrets. The mayor has the unfortunate habit of talking in his sleep and Satake convinces him that during one of these somnambulistic conversations he has told secrets which in reality Satake has divulged. He then informs the mayor that unless he forces his daughter into the mikado as a traitor. Some of these dreadful things take place, however, and everything ends happily. The music is by W. F. Peters and is said to be very tuneful and catchy. The company is unusually well balanced and contains a number of clever comedians and singers together with a large chorus of pretty young women. The production is new in every particular.

TO FRATERNAL CONGRESS.

C. J. Byrns left yesterday for Lansing, where he will represent the Modern Woodmen of America at the annual meeting of the National Fraternal Congress, to be held there the latter part of this week. From Lansing Mr. Byrns will go east on an extended trip, looking after business for the executive council of the Woodmen. He will have a number of death claims to look into, besides other important business. Mr. Byrns will be absent two weeks or so.

HOW'S THIS?

Change of program every Tuesday, Thursday and Friday.

COOK WITH GAS

SMALL CROWD TO TOURNAMENT.

IshpeMING Fire Department Will Be Represented by Four Members.

IshpeMING will be represented by only four of its firemen at the upper peninsula firemen's annual tournament at Ontonagon this week. John B. Pearce and William Quayle will be delegates to the convention and the other two members attending will be First Assistant Chief William Trenbath and Len Olson. This will be the first time in the history of the association that the IshpeMING department has not had a fairly large turnout. At most of the tournaments the department has been accompanied by a band, but this year there was little or no interest in tournament affairs. The indifferent feeling is largely due to the fact that the firemen were afraid that the accommodations at Ontonagon would not be ample, and a majority of those who are remaining home are doing so on that account. There will be very few outsiders attending from this city and most of those going up from here are to visit friends, so that they have not been worrying about their accommodations. Among the visitors will be Samuel Davis and wife, William Bray of Chicago, a former IshpeMING boy, who is here on a few days' visit to friends, will attend the tournament as the guest of the IshpeMING department.

The special rate granted jointly by the South Shore and St. Paul lines for the general public will be \$3 for the round trip from IshpeMING; Negaunee, \$3.10; Marquette, \$3.30; Republic and Humboldt, \$3; Champion and Michigamme, \$2.50. Excursion-tickets will be sold today, tomorrow and Thursday, and will be good for return the 27th. Firemen in uniform will be granted a round trip rate of \$2.50.

RED FLAGS DISPLAYED.

The Finnish socialists, who conducted a picnic Sunday at Cleveland park had red flags all over the grounds. Near the street car line at the entrance to the park there was an American flag, but it was the only one on the grounds. Red flags were strung along the pathway leading to the pavilion and also from the pavilion down to the spring. Several speakers were heard during the afternoon, among them being two or three from the copper country.

ISHPEMING

CLERK-CARRIER EXAMINATION.

The United States civil service commission announces that there will be an examination for applicants for the positions of clerk and carrier in the post-office service at the Ishpeming office the 30th inst. Examinations are now held more frequently than they were a few years ago, as there is a considerable shortage of applicants for positions in the postal department and it is reported that many places are now filled by persons who are holding them temporarily, until men who have passed the examinations can be secured. Since the new law became effective the salaries in some of the departments have been increased.

ISHPEMING IN BRIEF.

Dr. T. N. Scholtus of Munising spent yesterday in the city.
S. E. Graber of Sault Ste. Marie was a visitor in the city yesterday.
R. J. Chamner of Princeton spent Sunday with Ishpeming friends.
T. J. Dundon's family went to Lake Laurier yesterday, to spend a week.
Miss Deira Perrault has gone to Duluth on a two weeks' visit with friends.
Mrs. J. B. Main of Midland, Mich., is visiting her son, Dr. S. G. Main, in this city.
John Keifer and family returned yesterday from a week's outing at Lake Laurier.
F. H. Berg, wife and daughter, arrived home yesterday from a visit with friends at Menominee.
Mail Carrier John B. Pearce is off on his annual vacation. William Mudge is filling his place.
Miss Emelia Forrer of Milwaukee is in the city, visiting her uncle, E. P. Beljier, and family.
Miss Tekla Forsberg is home from Chi-

FROM HOPKINS' CURB LETTER.

"The London copper market opened practically unchanged, although there was a better undertone. The New York market advanced one to two points in the early trading and then became dull. In the latter part of the day it had lost half of the advance but with no pronounced pressure. This had a favorable effect on the copper shares and they have all gained about a point in the latter class of securities and about half a point in the low priced stocks. While the coppers have shown a disposition to do better from this low level there has not been sufficient buying power to secure more than small advances, and it looks as though the market would fluctuate within a three or four point range for the time being and advantage should be taken of all soft spots to buy on and when they are up let them go."

NEW RAILWAY RATES ARE SATISFACTORY

HOWEVER, CONCESSIONS FORMERLY GRANTED FOR EXCURSIONS WILL BE DENIED—SITUATION IN WISCONSIN.

Under the rates of fare which recently went into effect in compliance with the new Wisconsin law it is doubtful if the railway lines in that state will grant as large reductions for excursions as formerly. In fact, the excursion rates may, according to a Negaunee railroad man, be done away with entirely, as the new rates provide a reduction of about one-third. Under the new rate it is expected that there will be a greater number of people traveling on the regular trains than formerly, and that there will not be as great a demand for excursions.

The Negaunee man said that so far as he could learn special rates for excursions are practically a thing of the past on the Wisconsin lines, but the reduction in rates in that state will not affect the excursion business in the upper peninsula.

While excursion rates will still be given in this region, the concessions will not be as great as formerly, especially where two or more lines are used, owing to the fact that the roads operating in both Wisconsin and the upper peninsula will refuse to grant reductions equal to those given by the lines operating exclusively in the upper peninsula. The first instance of this came to light last week, when an effort was made to secure a special reduction in the rates for ferries in uniform attending the Ontonagon tournament over the St. Paul line between Sidaaw and Ontonagon. The South Shore granted its proportion of the special rate for the ferries, but no concession could be obtained from the St. Paul.

Under the new schedule of rates the traveler saves \$1.92 on a trip between here and Milwaukee and \$2.75 between here and Chicago. The former fare to Milwaukee was \$7.80, and the new rate is \$5.88. The fare one way to Chicago was formerly \$10.25, and is now \$7.90. The one fare charge to Green Bay is \$3.65, and was formerly \$4.45; Menominee \$3, formerly \$3.55. While both the Chicago, Milwaukee & St. Paul and the Chicago & Northwestern lines enter Menominee the fare would remain unchanged were it not for the fact that the St. Paul passes through Wisconsin. The Northwestern rate meets the rate given on the St. Paul. There will be no change in the rate of fare on the Northwestern line from points north of Stephenson, nor will there be a reduction from any point between here and Chicago on round trip tickets, so nothing will be saved by buying them.

rate prevails will not be granted any special concessions, as the cut in the rate under the new law is equal to that usually granted for excursions."

HAS GOOD POSITION.

Negaunee Man Will Be at Head of Mining Department in Philippines.
Ralph Mackenzie, who about a month ago was appointed by Secretary of War Taft to the position of chief engineer of the government's coal mining operation in the Philippines, is in the city for a few days' visit to his mother and sisters. For more than a month past Mr. Mackenzie has been at Washington, where he successfully passed the examination conducted by the government's mining experts. The position is one that will pay him a large salary and he has signed a two years' contract, with the understanding that he can renew it for a similar period if he desires to remain in the islands. He was recommended for the position by the Sullivan Machine company, in whose employ he has been for some years past.

Mr. Mackenzie will be located on Batan Island, where the government's principal coaling station is to be located. A considerable area is to be explored by the men in his department and it is expected that several coal mines will eventually be developed. Three diamond drills are to be operated on Batan Island. One of these will be the Sullivan company's latest "10" type, which was built especially for deep drilling. There will be several coaling stations in the Philippines, but it is expected that the greater part of the coal needed will be obtained from Batan.

Mr. Mackenzie will leave today for Chicago, where he will arrange for the shipment of the drills, but he is to return here within a few days. He said yesterday that he will go to the copper country with a view to securing some mining engineers, also some drill men. He may take two or three drill men from this country. The drill foreman has not yet been engaged, that appointment having been left in the hands of the department at Washington. Mr. Mackenzie will be accompanied by the Philippines by his wife, who is at present visiting relatives in California.

BACK FROM ENGLAND.

Negaunee Man Returns After Two Months' Visit at His Native Place.
James Granville, a well-known resident of Negaunee, arrived home Sunday from a two months' visit to his native place in England. This was his first trip abroad since his arrival in Negaunee twenty-three years ago.

When Mr. Granville came to this country many of the tin mines were idle, but now practically all of them are in operation, with indications that they will be working for years to come. Tin is commanding a top notch price and the mines are being operated profitably. The workmen in the country were never better satisfied than they are now, as their wages are higher than Mr. Granville has ever known them to be before. He said that the miners are earning from five pounds to six pounds average. Living expenses have, however, increased considerably. In Mr. Granville's opinion the workingmen are better off in this country than they are in Cornwall, as their earnings are larger while the cost of living is very little more. He had no desire at any time while he was abroad to again locate in England.

ENGINEER HERE TODAY.

J. W. Barber, secretary of the Lake Superior Construction Railway company, which proposes to build an interurban electric line between Negaunee and Marquette, arrived in the city yesterday, after an absence of two or three months. He advised The Mining Journal that W. H. Abbott of the engineering firm of Roberts & Abbott, Cleveland, will be here today, and that he will immediately start to lay out the route for the line. While a route has been selected by Mr. Barber it will be subject to the approval of Mr. Abbott. Either Mr. Abbott or some other representative of the firm will be in the country for a month or more. Mr. Barber reports that the financial affairs of the company are in a satisfactory condition.

MANY TREES DESTROYED.

A number of fine shade trees were destroyed Sunday evening during the rain and wind storm. For a time the wind was exceptionally strong and it was feared that nearly every tree in the city would be blown. One of the big trees at the Cleveland-Cliffs Iron company's office, corner Main and Pioneer avenue, broke off near the butt and two of the fine trees at E. C. Anthony's home, one in the yard, and the other on the curb, were also destroyed. A big tree in front of James F. Foley's dwelling came down, as did one at Frank L'Hullier's home on Main street. Oral J. Lacombe's big bill board on West Iron street was demolished.

WARNING.

If you have kidney and bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. The Stafford Drug Co.

For All Fine Laundry Work
Next washing day take the daintiest and most delicate shirtwaists of linen or lace work you have—the ones that you are most particular about—and starch them with

KINGSFORD'S OSWEGO SILVER GLOSS STARCH

Then compare the result with any starching you ever did with ordinary starch. You will see at once that the fabric starched with Kingsford's is whiter and more pliable, a delight to the sight and touch. Kingsford's Oswego Silver Gloss Starch is unapproached for the lightest or heaviest work. It keeps linens from turning yellow—lace work from breaking. You must try it.

BEST FOR ALL KINDS OF STARCHING.
For general use boil as directed. For light starching, unsoaked as a cold water starch, requiring no boiling.
Made for over 50 years at Oswego, N. Y.
T. KINGSFORD & CO., Oswego, N. Y.
National Starch Co., Successors.

COOK WITH GAS

LOCAL LAONICS.

The workmen at the Regent group of mines were paid yesterday.

Louis Hoffman, the Green Bay tailor, was a Negaunee visitor yesterday.

The employees of the Mary Charlotte mine will be paid today for last month's work.

Mrs. Erbeling of Marquette is in the city visiting her daughter, Mrs. Harry Jackson.

The upper portion of one of the smoke stacks at the Mary Charlotte mine was recently damaged by the wind.

Thomas Kirkwood spent Sunday at the Kirkwood homestead at Little Lake. His wife and lady friends went down Saturday, remaining until yesterday.

Negaunee men who will serve as jurors at the September session of the circuit court are John Gorman, John Nelson, John Sineck and Richard Roberts.

Mrs. John Dunstone of Mackenzie avenue left Saturday on a boat trip, to be absent two weeks. She will visit Buffalo, Niagara, Hudson, and other points.

Oral J. Lacombe, secretary of the Negaunee fire department, will be unable to attend the tournament at Ontonagon this week on account of the illness of his wife.

The members of the fire department, who plan to attend the tournament at Ontonagon this week will leave the city this morning, departing on the 7:30 train.

A force of men is employed cleaning the grounds at the street railway power house. All of the old material about the place is to be removed, as is a big ash pile between the street railway power house and the gas plant.

A large number of Negaunee theatre goers will take in the production of the big musical comedy, "The Mayor of Tokio" at Ishpeming theatre tonight. The company is an unusually large one and a big production is expected. Special street car service has been arranged for.

A large number of Negaunee people, who spent Sunday in the woods picking berries, were caught in the rain, which started about 4 o'clock in the afternoon. Some of them did not reach home until after supper, when it was raining quite hard.

At the recent national convention of the Catholic Order of Foresters held at St. Paul the constitution was amended so as to exclude from membership all persons engaged in any way in the sale of intoxicants. This will include bartenders, as well as the proprietors of saloons.

A road roller being brought up from Marquette Sunday to be used on the track at Union park broke through the Carp River bridge. Three teams were hitched to the roller. A crew of men worked at it yesterday raising it out of the opening. A new bridge will be constructed. The track at the park will be in fair condition for the proposed race between horses owned by local men. All the weeds have been removed and other work has been done.

TEN YEARS IN BED.

"For ten years I was confined to my bed with disease of my kidneys," writes R. A. Gray, J. P. of Oakville, Ind. "It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." The Stafford Drug Co.

SCHOOL BUILDING.

Republic, Mich.

WATER BOARD MAKES ANSWER TO CRITICS

QUESTION OF EXTENDING INTAKE REVIEWED AND SITUATION IS FULLY DESCRIBED.

THEY WERE ASKED TO RESIGN

Members Say What They Will Do and What They Won't Do About Demand for North Side Water Supply.

To all the criticisms that have been made against the water board a reply has been prepared by the secretary and president of the body and is given here-

In their position on the question of extending the intake is given and a new method of disposing of the excess that now finds its way into Marquette's drinking water, is suggested.

It is also stated that members of the board have asked to resign by Mayor Robertson, and the answer made is that the members of the board feel that they have the confidence of the people in the work they are doing and in the method that they are conducting the affairs of the board.

Marquette, Mich., Aug. 19th, 1907.

To the Citizens of Marquette:

The Board of Fire and Water Commissioners have during the past few months been subject to considerable criticism on account of what has been called their "do-nothing policy."

The Intake Pipe.

Now as to the intake pipe, why have no steps been taken to extend it? The board has been acquiring information and knowledge of conditions out in the lake for some time, and it is a question well worth considering before anything is done, if any better, or if as good water would be had by its extension to any point within the financial ability of the city to carry it.

Board's Position.

The board's position on the extension of the intake at present is in a few words this: That until some other disposition of the discharge from the furnace, that now is allowed to go into the lake, is made, it is useless to attempt to extend it, unless to a point beyond where termination will occur, which point is not known, but appears from what we do know, a long way out, and beyond the point where the money at the board's disposal, and probably the city's credit, would take it.

The board would like to connect by pipe the furnace discharge and the so-called northern trunk sewer, and send the discharge into the harbor, but the sewer is in such a dilapidated condition that it is not possible to make use of it. The sewer, however, could be repaired at some expense, and a connection with the furnace made without excessive cost, and this we believe the best thing to do, unless a new sewer is soon to take its place.

Another Charge. It has been charged that this board is too conservative in the way of spending the people's money, and because a majority vote was given for a bond issue a short time ago, giving the board the power to raise \$75,000, they wanted the money spent.

We understand that the people want results when the money is spent, and expect of the board good results. And if no good results would follow the extension of the intake pipe to a point where the expenditure of \$7,500 would carry it, and this we believe, we would not be justified in such an expenditure, and the people who have placed their confidence in the judgment of this board would have good reason to complain, and the measure of the community would be properly visited upon the board's members.

Want a Practical Plan.

We have given every suggested plan to better our water supply examination, and with all the talks and published communications, no one has yet brought out a plan that would materially better conditions with the expenditure of the money at the disposal of the board, or that could be raised upon the credit of the city.

We believe that North Marquette should have water and fire protection, and are ready and willing to do the best possible for them only asking what we consider just and equitable conditions.

Board's Duties.

We believe that North Marquette should have water and fire protection, and are ready and willing to do the best possible for them only asking what we consider just and equitable conditions.

Old Resolution.

A former board formulated a rule or policy to be followed and published it, for the guidance of the owners of this class of property, the following being a copy of the resolution:

Resolved, That this board adopt as a general rule to be followed, particularly in the case of the extension of water mains, that where mains are extended through streets or alleys in recorded plats, which have not heretofore been supplied with water mains, such portion of the cost of the improvement as this board shall deem just and equitable, shall be assessed upon the lots and parcels of real estate specially benefited by such improvement.

The agent or agents of the Ayer and Longyear additions, where most people live who are understood to be making this demand for water mains, were well aware of the authority given this board, and also aware of the adoption of the foregoing resolution, and if the purchasers in this addition were not informed of the situation, it does not appear that the fault is chargeable to this board.

Resignations Asked For. It may be stated here that his honor, the mayor, has requested each member of the board to hand him his resignation, stating in his letters that he asks for it at the request of a majority of the taxpayers.

Failing to bring about desired results in this manner, we hear an attempt will be made to have the board ousted, and as for a reason, we hear little aside from our negligence in not furnishing North Marquette with water, (without cost) so we think we understand why the desire for the removal of the board exists with certain people.

It has been charged that the board's policy will be detrimental to Marquette's growth, will retard it, etc., but after listening to the arguments of the attorneys and agents of the taxpayers particularly interested, we are not convinced that favoritism to the few, at the expense of the many taxpayers, would of necessity retard the city's growth.

Board's Duties.

We believe that North Marquette should have water and fire protection, and are ready and willing to do the best possible for them only asking what we consider just and equitable conditions.

Respectfully,

B. PALMER, J. E. TOBIN, JAS. O'REILLY, W. H. GREENE, Commissioners.

SALOMY JANE TONIGHT.

Western Melodrama With Bret Harte's Character to Be Presented.

"Salomy Jane," the Paul Armstrong melodrama constructed from the Bret Harte story, is to be played here at the Marquette Opera House tonight by the Liebler organization.
