

SLAVS TO FIGHT ORIENTALS AGAIN

Determined to Redeem Herself, Russia Is Declared to Be Preparing to Renew the Conflict With Japan.

Now Training Her Soldiers to That End, Reports Returning American, Who Has Found Czar Does Not Want Tunnel Under Bering Sea on Military Grounds—Meanwhile, Danger of Army Revolt Increases—All but Officials Are Revolutionists.

New York, Sept. 27.—Former Congressman James Hamilton Lewis, of Chicago, who returned from Europe on the majestic, has shattered a commercial idol.

Preparing to Crush Japan.

Mr. Lewis said that from conversations he had with the Russian officials he is convinced that Russia is preparing to renew the conflict with Japan, and is training her army for that end.

Mr. Lewis further said he believed Russia to be, at present, the subject of a gigantic internal conspiracy, which may lead to the overthrow of the present government.

STRICKEN BLIND ON AUTO TOUR.

Professor Sanford of Yale Returns From Europe Sorely Afflicted.

New York, Sept. 27.—Professor Samuel S. Sanford, who occupies the chair of applied music at Yale, arrived here today via North German Lloyd steamer.

The affliction came with shocking suddenness. The professor had been a sufferer from rheumatic gout, but his eyes never had troubled him.

He remained in the village that night, but next day was carried to Paris, where a Dr. Trousseau, whom he considers the most eminent specialist in Europe, treated him.

PLANS BIG NEGRO COLONY.

Association Proposes to Purchase 900-acre Tract in California.

Los Angeles, Cal., Sept. 27.—A project to establish a large colony of negroes in southern California is being promoted by an association which is about to seek state incorporation.

Colonel Allensworth said today that a committee of the association will soon visit a 90,000-acre tract in Riverside and San Diego counties near Murietta, and if satisfied will purchase the land.

MORE MEN FOR TRUST BUSTING.

Attorney General Wants His Special Counsel Made Permanent.

Washington, Sept. 27.—Owing to increased trust busting and other business, Attorney General Bonaparte will ask congress to enlarge his department.

permanent, and paid under the regular salary appropriations and estimates.

TOWN OVERWHELMED

Great Flood in Japan Results in the Drowning of More Than 600 Persons.

Victoria, B. C., Sept. 27.—Advices of a terrible disaster, due to the great floods prevailing in Japan, were received here today by incoming steamer.

RINGS FOR "AFFINITIES"

Proposed Fad in Jewelry Endorsed by Dealers' Convention.

Chicago, Sept. 27.—"Our fiancées have engagement rings, our wives have wedding rings, and why shouldn't our affinities, if we have them, wear 'affinity rings'?"

NO THIRD TERM

Secretary Root Gives Out Statement.

President Roosevelt Is Firm in His Stand and Will Not Be the Candidate of the Party at the Coming Election.

SECRETARY ROOT GIVES OUT STATEMENT.

Little Rock, Ark., Sept. 27.—Elliott Root, secretary of state, spent a short time here today, enroute to Mexico.

SAVED BY MOTHER'S DREAM.

New York Girl Taken from Gas-Filled Room Just in Time.

New York, Sept. 27.—Waking from a troubled sleep after dreaming that her daughter Minnie had committed suicide, Mrs. Minnie Hanley, of 48 East Thirty-first street, sprang from her bed just in time to save the girl, who had attempted to end her life with gas.

BRADSTREET'S TRADE REVIEW.

New York, Sept. 27.—Bradstreet's will tomorrow say: Trade feels the stimulus of the long waited cool weather, as does the filling-in order business from jobbers.

INDEPENDENTS SUE THE OIL TRUST

Charging Restraint of Trade, New Action Is Started Against the Standard by Petroleum Producers in Ohio.

Perpetual Injunction Is Asked, Also That Receivers Be Appointed to Wind Up the Business of Various Subsidiary Concerns—More Testimony of the Fabulous Profits of the Pipe Lines Is Brought Out at Hearing in Progress in Gotham.

Findlay, O., Sept. 27.—Another case against the Standard Oil company, brought by independent producers, was started here today in the common pleas court.

After alleging that the defendants named are operating in restraint of trade and against the independent oil producers in particular, the plaintiffs pray that the incorporate charter of the corporations named, except those of the Ohio Oil company and the Standard Oil company, be adjudged illegal, fraudulent and void.

ON TRAIL OF MISSING BOOKS.

New York, Sept. 27.—Frank B. Kellogg, conducting the suit of the United States government for the dissolution of the Standard Oil company of New Jersey, named another hunt today for the trail to the long sought books of the Standard Oil trustees and liquidating trustees.

Charles White, assistant secretary of the Standard Oil company of New Jersey, said on the witness stand that when he went to the secretary's office there were two steel safes in the office.

BASEBALL

TIGERS IN THE LEAD.

Philadelphia, Sept. 27.—By defeating the Athletics, 5 to 4, in a hot game today, the Detroit Tigers lead in the sensational race for the American league pennant.

STANDINGS OF THE CLUBS.

Table with columns for National League (W, L, P.C.) and American League (W, L, P.C.) listing teams like Chicago, Pittsburgh, New York, Philadelphia, Brooklyn, Cincinnati, Boston, St. Louis.

SCHEDULES FOR TODAY.

Table listing National League and American League games for today, including Boston at Pittsburgh, Philadelphia at Cincinnati, New York at St. Louis, Cleveland at Washington, Detroit at Philadelphia, St. Louis at New York, Chicago at Boston.

GAMES PLAYED YESTERDAY.

Table listing National League and American League games played yesterday, including Boston at Pittsburgh, Philadelphia at Cincinnati, New York at St. Louis, Cleveland at Washington, Detroit at Philadelphia, St. Louis at New York, Chicago at Boston.

WEATHER FORECAST

Washington, Sept. 27.—The following is the weather bureau's forecast for Upper Michigan: Rain Saturday; fresh to brisk north winds; Sunday, fair.

IS PRESIDENT'S GUEST

Lord Bishop of London in Washington to Attend Brotherhood of St. Andrew Convention.

Washington, Sept. 27.—Interest in the international convention of the Brotherhood of St. Andrews was heightened by the arrival today of the lord bishop of London, the Right Rev. A. F. Winning Ingram, who is the guest of President Roosevelt.

To a committee headed by Archbishop Nuttall, of the West Indies, who called at the White House today, President Roosevelt expressed regret that owing to the press of public business before his departure on his Western trip, he would be unable to attend the convention.

Among the prominent speakers at the general conference today was A. G. Alexander, president of the Brotherhood of St. Andrew of Canada, who discussed the importance of greater definiteness in purpose in Bible classes.

The council of the brotherhood of the United States, in its report submitted today, says: "Our relations with the brotherhood in other countries continue cordial and hopeful.

He also referred to the Dresser loan, which, it is declared, cost the Illinois Central considerable money.

LAND PLOT CHARGED

Boise, Idaho, Sept. 27.—The government's case against United States Senator William E. Borah, charged with timber land frauds, was outlined at Senator Borah's trial here by former Judge Bruce of Detroit, special prosecutor.

GOVERNMENT'S CASE OUTLINED AT BOISE.

It was stated to the jury that the idea of making money out of the timber lands which the United States threw open to settlement in Idaho, in tracts not to exceed 160 acres to any individual, and at a price not to exceed \$2.50 per acre, originated with State Senator John Kincaid, one of the men indicted with Senator Borah.

AS TO THE LOANS.

Concerning the loan by him as president of the Illinois Central to Dr. Dresser, Mr. Fish says that it was made on collateral which at the time was "marvellously abundant."

COSTLY TRADE FOR UNION PACIFIC

Because of the Depreciation in Wall Street, the Loss to the Present Owner Is \$25,000,000, He Says—Fights He Is Making, He Declares, Has for Its Purpose the Independent Operation of the Road of Which He Is the Former Head.

New York, Sept. 27.—That the Union Pacific Railroad company has sustained a loss of \$25,000,000 through its purchase of E. H. Harriman's Illinois Central stock is charged by Stuyvesant Fish, who last night gave his reply to the recently published statement of J. T. Harahan, president of the Illinois Central.

Mr. Fish declares that President Harahan's statement, which was given in reply to his open letter to the stockholders of the company soliciting their proxies, entirely dodges the real issue.

Whether the Illinois Central shall be operated as an independent road or in the interests of the Union Pacific-Southern Pacific is the real question involved.

In referring to the charge that while he was president of the Illinois Central he loaned himself money Mr. Fish says that the board of directors was cognizant of the facts and that he was three times unanimously elected president of the road after that transaction.

MICHIGAN MAN GETS JUICY PLUM

Col. F. E. Farnsworth Is Chosen Secretary of the American Bankers' Association, a Position Paying \$12,000 per Annum.

VALLEYS ARE LAKES

More Than 100 Lives Lost at Malaga, Spain—Wine Crop of Andalusia Is Ruined.

Malaga, Spain, Sept. 27.—A renewal of the rain today is causing fresh inundations. The picturesque valleys are now covered with water, and desolation reigns. The bodies of about 100 drowned have been recovered here.

TIES UP SCORES OF CARS.

Lost Nut Blocks Busy New York Street Half an Hour.

New York, Sept. 27.—An accident to a trolley car of the Broadway line at Thirty-third street today showed how trivial a thing may often cause tremendous inconvenience. Because of the loss of a nut the car became useless, and for half an hour not one moved in Broadway between Thirty-third and Forty-second streets, while motormen and conductors assisted by policemen and innumerable passengers, joined in the hunt for the missing piece of steel.

Then the search began, while car after car piled up in the rear. From under the car the search led up Broadway for blocks, with fully 200 men and women walking slowly with heads bent and eyes on the pavement.

Mr. Fish further said he believed Russia to be, at present, the subject of a gigantic internal conspiracy, which may lead to the overthrow of the present government.

ACCUSED PASTOR RESIGNS.

Lincoln, Neb., Sept. 27.—Rev. Willard P. Ferguson, of University Place, today resigned from the state Methodist conference rather than present to trial for an unbefitting conduct with Mrs. E. A. Cross, a member of his congregation.

DEEDS TO TIMBER TRACTS GIVEN LUMBER COMPANY ASSERTED TO HAVE PASSED THROUGH SENATOR BORAH'S HANDS.

It was stated to the jury that the idea of making money out of the timber lands which the United States threw open to settlement in Idaho, in tracts not to exceed 160 acres to any individual, and at a price not to exceed \$2.50 per acre, originated with State Senator John Kincaid, one of the men indicted with Senator Borah.

It is alleged, which is checked from the conspiracy, Mr. Burch says, the government will show that all deeds from "dummy" trustees to the Barber Lumber company passed through his office and were recorded, as the records will show, at his request.

It is further stated that when four or five fraudulent claims were held up Mr. Borah went to the home of the register of the local land office and made inquiry as to what was to be done concerning them.

It is further charged that on one occasion when Governor Morrison was executive of Idaho and about to file a statement on certain timber lands for school purposes Senator Borah went to him and sought information as to what lands the state planned to take and said he did not think it was right that the state should take such lands.

In the government's outline of its case it is said that James T. Barber, in sending one of his men to Idaho, was heard to remark: "If there is anything you want in Idaho go to William E. Borah. He is our attorney out here."

WASHING UP

Atlantic City, N. J., Sept. 27.—If the secretary of the treasury will grant the request contained in a resolution presented today at the American Bankers' association convention, the teller's desk of the average national bank will somewhat resemble the ribbon counter of a department store.

J. R. BRANCH OF NEW YORK DEFEATED FOR REELECTION AFTER SERVING A DOZEN YEARS—PLAN IS BROACHED WHICH IF ADOPTED BY THE GOVERNMENT WILL MAKE TELLER'S DESK RESEMBLE A RIBBON COUNTER—DIFFERENT COLORS PROPOSED FOR PAPER MONEY.

The resolution proposes that each denomination of bank notes be made of a certain color, as follows: One-dollar notes, slate; two-dollar, brown; five-dollar, blue; ten-dollar, yellow; fifty-dollar, pink, and 100 and over, white.

WALSH'S SOUTHERN INDIANA RAILROAD IS COMPLETED TO CHICAGO.

Chicago, Sept. 27.—Exactly at noon yesterday the last spike was driven in the Chicago Southern railroad, thus connecting roads with this city.

BALLASTING YET TO BE DONE.

The usual elaborate ceremonies attending the driving of the last spike on a new railroad were lacking. Instead of a golden spike, such as was driven on the Union Pacific and other roads by the highest official, to the accompaniment of brass bands, waving banners, and tinkling of wine glasses, on the Chicago Southern an Italian section hand drove an ordinary iron spike into the last tie, in the presence only of the section foreman and the gang of laborers.

ROAD IS 167 MILES LONG.

The Chicago Southern road is 167 miles in length and has been unusually well built, being designed mainly for coal and stone traffic from Indiana to Chicago. The syndicate of Chicago banks which holds the bonds and stock of the road as security for the amount advanced to meet the obligations of the Chicago Southern bank made numerous efforts to sell the road. The Pennsylvania, New York Central and Frisco systems made offers for it, but they were far below the price fixed by the bank syndicate.

TWO NEGROES NOW HELD FOR THE MURDER OF CHICAGO SCHOOL TEACHER.

Chicago, Sept. 27.—Richard Walton, the negro arrested at Springfield, Ill., for the murder of Mrs. Lillian W. Gray, informed the police today that another negro, named Marcus H. LeMoine, was the actual slayer of Mrs. Gray. LeMoine was arrested late this afternoon.

SUSPECT ACCUSES FELLOW.

Chicago, Sept. 27.—Richard Walton, the negro arrested at Springfield, Ill., for the murder of Mrs. Lillian W. Gray, informed the police today that another negro, named Marcus H. LeMoine, was the actual slayer of Mrs. Gray. LeMoine was arrested late this afternoon.

DAILY MINING JOURNAL

MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED)

Issued daily except on Sundays. Contains Associated Press dispatches and is especially devoted to the Upper Peninsula interests.

SUBSCRIPTION RATES: Per month, by carrier, \$1.00; Per year, by mail, \$10.00

MARQUETTE, MICH., SEPT. 28.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

And now, apparently, our water problem has given way to a water board problem.

The Soo News wants to know who the Chippewa county independent Republicans are. Mostly Democrats, likely.

Doubtless one of Hearst's reasons for not running is his fear that after all his run might be a good deal of a walk.

Owing to the great interest manifested in the neck and neck finish in the American league, football appears to be somewhat slow in coming into its own this fall.

A cold summer has been succeeded by a cold fall, and the prospects for a cold winter are excellent. The year has, in fact, been a rather chilly proposition all around.

The issue will doubtless prove that the political prophets who are shooting wild of the mark are those who predict that Taft and Hughes will be linked together on the same ticket.

Detroit may not win the American league pennant, but in the event that she should fall she is now in line to get about as much glory out of the league's season as the team that does.

Stuyvesant Fish says that he hasn't time to bother with Haraban. He is after bigger game—Harriman. Yes, and at the present writing there is every prospect that the bigger game will get him.

Perhaps The Mining Journal could tell us why it is that no prisoner is ever sentenced to the Marquette prison from any of the courts in Judge Steere's circuit? The prisoners are always sent, at extra expense to the taxpayers, to the lower peninsula prisons. Why is this? Escanaba Journal. It's by The Mining Journal. Our Escanaba contemporary might try Judge Steere on its query.

Mrs. Rorer, who is supposed to know more about cooking than any other American woman, has just made a mess of the restaurant business in New York city, failing with liabilities of \$20,000. It is not specified whether it was the quality of Mrs. Rorer's cooking or her lack of grasp of financial detail that got her into deep water. But for the sake of the thousands of American women who swear by her, we will hope it was the latter.

The water board has done more in regard to the North Marquette extensions in the past two weeks than it did in the previous two years, which seems to prove that a liberal airing of water board affairs, and a shot or two for the commissioners, can stir it to action, if nothing else can. To be sure, the North Marquette residence don't approve of everything that the board has done, but that doesn't alter the truth of the other proposition.

If Sir Thomas Lipton challenges for a race with the size of yacht the New York club insists on he will perhaps find that the club is willing to meet him half way, or a little more, in bringing out a type of yacht that will have some practical usefulness after the cup series is over, and will not be a mere racing freak, principally adapted, when the racing is finished, for the junk heap. Anyway the New York club ought to be willing to introduce this saner order of things in the America's cup races. It is pleasing to know that Sir Tom isn't going to take his things home and refuse to play simply because he couldn't have his way about the sixty-eight footers. It looks as if there might be an international yacht race next year, after all.

A large number of laws passed by the last session of the legislature become effective today. The most important are the passenger fare rate law, providing for two-cent fares below the straits and three-cent fares in the upper peninsula, the railway commission act, the law prohibiting bucket shops and the one regulating loan agents and pawnbrokers. All the railroads of the state, as far as the

state railroad commissioner has ascended, will comply with the passenger fare law, and will put in effect new schedules, based on the lower rates. The changes will not be material between some parts of the state, but in other instances they will be the means of permitting a big saving to the traveling public, at the same time bringing about a considerable decrease in the income from passenger fares for the railroads, unless it shall develop that the lower fares will lead to an increased amount of travel sufficient to make up the difference.

The New York Tribune's Washington correspondent quotes William Alden Smith as follows on the situation in Michigan as regards national politics: "Sentiment has not yet thoroughly crystallized in Michigan with reference to a presidential candidate. There is probably more Taft sentiment expressed than of any other variety. Throughout the state the secretary of war is personally popular, and, further, he has a strong hold on the people because of the policies for which he stands. Roosevelt sentiment is, however, still strong. There is a large faction that still holds that the president may yet be forced into the acceptance of a third term, and who will be for him in case such an emergency arises. This following would naturally go to Mr. Taft if the other possibility were removed. On the other hand, the followers of the secretary would not be antagonistic to the president should he decide to accept further service. The administration position is strong whichever way the matter is taken. At any rate there is little chance for differences that might split the Michigan delegation."

The coroner's jury's verdict in the Rolling Mill mine case is about what was expected. It recites the manner of the disaster, and attributes it to the fact that the brakeman lost control of the hoisting machinery. Everything brought out at the inquest went to show that the machinery was in good condition both before and after the accident. Likewise nothing was developed to show carelessness on the part of the brakeman. Apparently he handled the machinery with every caution, and without any departure from the usual custom. And when the cage got away he was not panic stricken, but did everything he could, assisted by one of the engineers, to stay its flight. In short, the contradictory showing is made that nothing was wrong with the machinery and that the brakeman did his duty in the usual manner, but still the cage got beyond control and the death of ten men resulted. The inquiry was apparently conducted with a desire to uncover the whole truth, yet it seems to leave the cause of the disaster as much a matter of doubt as it was directly after its occurrence.

The Mining Journal is in receipt of a defense of the water board from John Johnson. In the main it is a well-considered discussion of the water question from Mr. Johnson's point of view, but it is marred by a number of personalities that contribute nothing to its value, and which the Mining Journal, in accordance with its usual attitude toward personalities in communications, must decline to print. If Mr. Johnson will revamp his letter, sticking more closely to his text and editing out the personal references of a slurring character, The Mining Journal will be glad to give his views to the public. Let Mr. Johnson carry away a mistaken idea as to why his letter is held up for the time, The Mining Journal wishes to state that he, in the course of it, questions the motives underlying such discussion of the water question as this paper has had from time to time because "those interested in the paper are also interested in additions that would be materially benefited by having water mains laid through them free of cost, but at the expense of others." Mr. Johnson shoots wide of the mark. The publishers of The Mining Journal have no interests in North Marquette, nor in any planned additions of the city not already supplied with water. They have certain interests in the flats east of Pine and north of Crescent street, but it will be many years before there can be any water question there. The publishers of The Mining Journal have had no thought of any of their personal interests in anything the paper may have said in regard to this matter. And it occurs to us that Mr. Johnson is a rather inattentive reader. Were it otherwise he would recall that The Mining Journal has not at any time taken a positive position for the absolutely free extension of water mains to North Marquette. It has been and is a question with two sides, and The Mining Journal has, for the most part, been content to report both sides, and let the people most concerned fight the matter for themselves.

HOW'S THIS? We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.

WALDING, KINNAN & MARVIN, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75 cents per bottle. Sold by The Stafford Drug Co.

OF INTEREST TO MANY. Foley's Kidney Cure will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. No medicine can do more. The Stafford Drug Co.

PACE TOO FAST. The high cost of living is a thing of which we hear a great deal. It is variously explained. Many observers have attributed it in no small part to a widespread desire on the part of the average American family to get only the best, particularly when it comes to the table. Expensive cuts of meats are demanded. Prepared foods of all sorts, even prepared sugars and flours and other staples, put up in cartons, are purchased when the same articles in bulk would serve as well or better, and would be much cheaper. The public as a general thing blames the manufacturer and retailer. The latter blame the public, saying it has made much of its own trouble.

In yesterday's issue of the Milwaukee Free Press Patrick Cadahy, one of the pioneers in the packing industry, and a man who can speak authoritatively on all matters pertaining to it, presents some interesting views bearing out the latter contention. "The American people, in my opinion, are going at too fast a pace," he said. "The standards of living are so high that the best is none too good for any of us. I do not pretend to give the reasons for this; I simply call attention to the fact. What is the result? Every one wants the best. Now if 'the best' were within the reach of every one, it would soon become only 'medium,' and therein, I believe, lies the explanation of the present high prices. Supply and demand.

"Let us take by way of example the present price of beef. A 'beef critter,' as they run, will weigh about 600 pounds. About forty pounds of this will be cut into porterhouse steaks and about eighty pounds into rib roasts. The rest of that carcass will go to make the cheaper grades of meat, and although the 'critter' may be a fine corn-fed steer, the cheaper grades cut from it will bring no more than a supernumerated cow.

"But the people, the average well-to-do families, I mean, insist on having nothing but the choicest cuts. The packer buys the 'critter' as he stands. He cannot buy on the basis that he sells. If he could the problem would be solved. No. The packer buys the steer at so much a pound as he stands on the scales. What is the result? The demand for the 100 and odd pounds of the carcass that go to make the choice cuts is greater than the supply. The remaining 400 odd pounds must be sold for what it will bring.

"The packer, and of course the retailer, get a profit out of his investment. If the people insist on having the 100 pounds, which cost the packer quite as much, pound for pound as the 400 pounds remaining, why there is nothing left for him to do but to charge as much for the cuts which are in demand as will bring up the average on the whole steer to an amount that will make his investment profitable.

"That seems to be all there is to high prices. Everyone wants the fancy cuts. Nobody wants the cheaper grades. The inevitable and inexorable result is that the law of supply and demand fixes the price."

U. S. TO BUILD RUSSIA'S NAVY. Within the next four years Russia will have a large naval squadron in the Far East, and for this purpose has appropriated 40 millions of dollars. The Russian officials have recommended that the squadron be built in the United States, declaring that we can turn out the ships in much quicker time than any other country. The quickest and safest way to correct a bad stomach, to strengthen a weak system and to recover robust health again is to commence taking Hostetter's Stomach Bitters at once. For 54 years it has "been proving" its superiority in cases of dyspepsia, indigestion, constiveness, poor appetite, flatulence, heartburn, bloating, insomnia, liver or kidney troubles and malaria, fever and ague. Don't experiment any longer when you know the Bitters will cure you. We guarantee the genuine to be pure.

WATER BOARD NOTICE OF PROPOSED ASSESSMENT. Marquette, Mich., Sept. 24th, 1907. To the owners of lots and parcels of land in the Ayr, Towar and Marquette Land company's additions to the city of Marquette:

Notice is hereby given, that the board of Fire and Water Commissioners of the city of Marquette, did, at a meeting held on Monday evening, Sept. 23rd, make some changes in the district proposed to be assessed for the proposed extension of the water mains to the above named additions, and for the purpose of examination by the owners of lots, and any other persons interested in the additions, a map of the now proposed district to be assessed, together with an estimate of cost of the improvement, as also of the amount proposed to be raised by special assessment, may be seen at the office of the board in the city hall, during usual office hours, from this date to and including Friday, the 4th day of October, upon the evening of which date a meeting is hereby called, to be held at their office at 8 o'clock, and the owners of lots or parcels of land in these additions are notified to appear, if they desire to make any objections or suggestions relative thereto.

By order of the board of fire and water commissioners, JOHN P. KERN, Secretary.

A LESSON IN HEALTH. Healthy kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. The Stafford Drug Co.

If you think constipation is of trifling consequence, just ask your doctor. He will disabuse you of that notion in short order. "Correct it, at once!" he will say. Then ask him about Ayer's Pills. A mild liver pill, all vegetable. We publish the formulae of all our preparations. J. C. Ayer & Co., Lowell, Mass.

Bracing food for steady nerves— Nutritive food for healthy appetites— Strengthening food for sturdy muscles— The most nourishing wheat food. Uneeda Biscuit. 5c. In moisture and dust proof packages. NATIONAL BISCUIT COMPANY. Desjardins Pharmacy, 417 North 3rd Street.

Northern State Normal School MARQUETTE School Begins October 2, 1907. The Northern State Normal School admits graduates of approved high schools to the two years' course leading to a life certificate and diploma. It offers courses leading to a three-year certificate, which is renewable for three years and valid in graded schools, and also a rural school certificate. Has excellent facilities for training teachers for special work in Kindergarten, Music, Drawing and Nature Study. It has an exceptionally fine corps of teachers who are specialists in their departments, and its training school gives a splendid opportunity for the training of teachers. There is a splendid dormitory in connection with the school which is an ideal home for the student. The building is lighted with electricity and heated with steam; the living rooms are large, well lighted and pleasant, and the dining room has a seating capacity of one hundred and fifty persons. The expenses are moderate. Students of the Northern Normal School who finish the life certificate course are given fifty-six hours credit at the University of Michigan. For information and catalogue write to LOUISE HOLMES, Secretary and JAMES HAMILTON KAYE, Principal.

MARQUETTE COMMON COUNCIL PROCEEDINGS.

Marquette, Mich., Sept. 19th, 1907. An adjourned regular session of the common council was called to order at 8 o'clock p. m. by the president, the Hon. Merwin E. Asire.

The president presented the following: City of Marquette, Michigan, Sept. 19, 1907.

MERWIN E. ASIRE, President of the Council, acting mayor in the absence from said city of the mayor.

Moved by Alderman Schauer, supported by Alderman Ekstrom, and carried unanimously by yeas and nays, that the vote upon the confirmation of said appointment be taken at this session.

Motion of Alderman Peters, supported by Alderman Reichel, the nomination of Shields McCarthy, for controller, was confirmed by the following vote:

Yeas—Aldermen Asire, Campbell, Corbett, Donovan, Ekstrom, Peters, Reichel, Schauer and Williams—9.

Nays—None. The president presented the following: City of Marquette, Michigan, Sept. 19, 1907.

MERWIN E. ASIRE, President of the Council, acting mayor in the absence from said city of the mayor.

Moved by Alderman Corbett, supported by Alderman Ekstrom, and carried unanimously by yeas and nays, that the vote upon the confirmation of said appointment be taken at this session.

Motion of Alderman Ekstrom, supported by Alderman Reichel, the nomination of Daniel W. Powell, for member of the Park, Cemetery and Street Commission, was confirmed by the following vote:

Yeas—Aldermen Asire, Campbell, Corbett, Donovan, Ekstrom, Peters, Reichel, Schauer and Williams—9.

Nays—None. The resignation of Nelson Cadrette from the Park, Cemetery and Street Commission was presented, and on motion of Alderman Campbell, supported by Alderman Schauer, accepted and ordered placed on file.

The president presented the following: City of Marquette, Michigan, Sept. 19, 1907.

MERWIN E. ASIRE, President of the Council, acting mayor in the absence from said city of the mayor.

Moved by Alderman Campbell, supported by Alderman Ekstrom, and carried unanimously by yeas and nays, that the vote upon the confirmation of said appointment be taken at this session.

Motion of Alderman Donovan, the nomination of Samuel R. Kaufman, for member of the Park, Cemetery and Street Commission, was confirmed by the following vote:

Yeas—Aldermen Asire, Campbell, Corbett, Donovan, Ekstrom, Peters, Reichel, Schauer and Williams—9.

Nays—None. The official bond of Daniel S. Donovan, recorder, sureties, John D. Mangum and Edward H. Flynn, \$1,000.00, was presented, and on motion of Alderman Donovan, supported by Alderman Corbett, accepted and approved.

City Brevities

Yesterday's temperatures: 7 a. m., 29 degrees; noon, 38; 7 p. m., 40; maximum, 46; minimum, 35.
 Forecast: Probably rain or snow; continued colder; increasing northeasterly winds.

Charles Fellman is visiting friends in Duluth.

Mrs. Ed. Harris is visiting friends in Calumet.

S. E. Adair arrived yesterday from Rockland.

Mrs. Edwin Frank leaves this morning for Milwaukee.

Mrs. George McKereghan has gone on a visit to Chicago.

E. M. Hoar of Houghton is visiting friends in the city.

C. E. Webb of Houghton was a visitor in the city yesterday.

Mrs. M. E. Asir returned yesterday from a visit in Port Huron.

The Tienesta was in port yesterday morning from 8 until 9 o'clock.

Mrs. O. G. Youngquist visited with friends in Ishpeming yesterday.

Mrs. James O'Reilly of Fisher street has gone to Milwaukee for a visit.

Col. Howard of the Hotel Marquette is attending the copper country fair.

Frederick Hills of the Great Northern road recently paid a brief visit to the city.

C. O. Monroe, manager of The Tribune company of South Haven, Mich., is in the city.

Mrs. Carver and family, who have been visiting in the city, left yesterday for Chicago.

Mrs. George Pryor and children have gone to Portland, Ore., where they will visit for some time.

Austin Farrell and family are in Chicago. Mr. Farrell attended the Masonic initiation there last night.

The Saturday Morning Musical club will meet at 10:30 o'clock today with Mrs. Boyer, East Ohio street.

F. M. Moore, who is on a trip East, will attend the meeting of the Shriners at Chicago before returning home.

Dr. L. W. Howe and Mrs. Howe left yesterday for their future home at Pellston. Mrs. Howe until a week ago was Miss Nettie Manthei.

A special meeting of the Ladies' Auxiliary to the A. O. U. will be held at Baraga Hall at 4 o'clock Sunday afternoon. Important matters are to be considered.

K. C. Annual Ball—The annual ball of the Knights of Columbus is to be held at Fraternity Hall on the evening of Oct. 11 next.

Died Last Night—Eric Erickson, living at 212 Menard street died at 11:30 o'clock last night. He was aged fifty-nine, and leaves wife, three sons and three daughters.

"Passion Play" at Grand—The pictures reproducing the celebrated "Passion Play," as given every ten years by the villagers of Oberammergau, will be shown at the Grand theater, beginning today. The pictures will show the life of Christ from His birth in the manger until the Crucifixion.

To Have New Elevator—Visitors to the Savings bank building yesterday were obliged to climb the stairs, the elevator being out of commission. Owing to the street car improvements which are being made the power was shut off. It is stated that a new elevator, to be controlled by municipal electric power, is soon to be installed.

New Directory Soon—Canvassers of the Polk directory company of Chicago have been working in Marquette for the past three weeks and within a week will complete their gathering of names and addresses here. The new directory, it is stated, will be issued some time in January next. Seven men are employed in the work here and there is an additional force canvassing throughout the county.

Will Return in December—Captain H. J. Cleary, of the Marquette life saving station, who is in charge of the U. S. life saving exhibit at the Jamestown exposition, will remain there until the close of the fair. He will return to Marquette about the middle of December. By this time navigation on the lakes will be closed. In a recent communication, Captain Cleary stated that the attendance at the exposition is greater now than it has been at any other time since it started.

Cleveland-Cliffs' New Departure—Fred S. Case and his associates have sold the Munising State bank to Cleveland-Cliffs Iron company interests, notes the Michigan Investor. The deal disposed of the bank to a second bank at Munising. The purchase of the Munising State bank marks the entrance of the big iron mining concern into the field of banking. Willard F. Hopkins, until recently cashier of the First State bank of Petoskey, will become the active head of the bank to be controlled by the Cleveland-Cliffs. It is understood that the purchase price of the Munising bank was \$23,000 or \$210 a share. The bank has a capital of \$30,000 and a surplus and undivided profits account of some \$10,000 or \$12,000. It has been doing business for eleven years. Fred Case has been the active head of the bank since the death of his brother, Claude W. Case, a few years ago. He went to Munising from the People's Savings bank of Detroit about six years ago. He is succeeded as vice president by Mr. Hopkins. G. Sherman Collins will continue as cashier and H. H. McMillan as assistant cashier. The growth of the Munising bank has been extremely creditable. The first published financial statement Oct. 6, 1896, showed deposits of \$15,619.63. The last statement, published Aug. 22, 1907, shows deposits of \$268,222.06. Since the Cleveland-Cliffs Iron company became interested industrially in Munising, property values have increased 100 per cent and upwards. The purchase of the bank is the first move in the new departure of the Cleveland-Cliffs company. Other banks will be organized in inviting fields and it is understood that one or more successful banks now in operation will also be purchased. The Swanzy range will undoubtedly have banking facilities in the near future.

Today you can buy a suit or overcoat for \$10, worth \$15, at J. J. Carroll's. (9-28-07)

Refuse substitutes or imitations—get what you ask for.

Mr. Henes will present the park in person and the gift will be accepted by Mayor Augustus Spies. Immediately after the presentation is made and the deeds have been signed, the commissioners will begin its work. A landscape gardener will be secured and the park will be mapped. The work of improvement will start early in the spring. A drive will be built entirely around the park, following the line of the shore. A lagoon will be constructed at the north end and buildings will be erected which will be suitable for bathing purposes.

Big Cylinder Head Burst—By the bursting of a cylinder head on the large engine at the Escanaba Electric Street Railway company's power plant Escanaba's power and street car service was completely cut off until an auxiliary engine at the plant had been placed in commission. With a crash that could be heard for several blocks the big cylinder head gave way just a moment after one man had passed and two others were standing but a few feet away. Power furnished from the street railway plant is used in operating many different industries of the city and for a time the power consumers were considerably inconvenienced. Immediately after the accident the work of repairing the big engine was begun. Night and day crews will be employed constantly on the job.

Mills to Operate This Winter—At least one of the Menominee sawmills will be run throughout the winter and it is very probable that one of the shingle mills will also be operated. The J. W. Weill mill, which has been in commission steadily day and night during the summer will be operated this winter. The company has a large quantity of timber which will be brought in by rail. It is at the present time turning out large quantities of lath. It is operating the lath mill on jack pine which is brought in in large quantities with the regular timber which is sawed into lumber. The jack pine makes excellent lath and it can now be secured in very large quantities. The Spies sawmill will be shut down after the winter company ceases operations, but the shingle mill will probably be operated this winter. The plant of the Menominee River Shingle company may also be operated this winter.

Had a Perilous Trip—The steamer S. S. Curry came down this morning and reported a most serious time yesterday afternoon and last night, says a Soo dispatch. The appearance of the vessel fully bore out this statement. A big cargo of ore was in the hold and the vessel was loaded down rather deep. The decks not being very far above water, the waves were continually sweeping across. The Curry began to ship water and when she arrived at the Soo early there were about fifteen inches of water in her hold. The cargo was badly shifted so the boat was listed far to one side and she drew nearly twenty three feet of water. The deck was but a foot above the water line. The steamer was stung out and the cargo trimmed to some extent, but when she entered the Poe lock the figures at the bow showed a depth of fully twenty feet. Considerable trouble was met with in clearing the lock. The bottom was struck several times and when in the lower approach she stuck again and it was necessary to call a tug to pull her off.

Tried to Hypnotize the Force—Had not Officer Daniel Flynn of the Menominee police force been proof against the young man's wiles, the entire force might have met with dire disaster when Henry Charles attempted to hypnotize every member at the station. Flynn was walking along Grand avenue about 2 o'clock when young Charles met him on the sidewalk and after making several passes and telling the officer to go to sleep, he attempted to move on. Flynn did not go to sleep, however, but caught the young man and took him to the police station. At the police station Charles said that he intended to put the whole force to sleep and began a series of movements which the officers were unable to follow. They decided that the young man was crazy and took him to the county jail, where he is now trying to exert his power over his fellow prisoners. When caught by the officer, Charles had two large shoe boxes, which were found to be full of books on hypnotism and the black art. With the books were letters which were evidently written by the young man. Some of them were written in a series of figures, arrow heads and pictures, evidently some code learned from the books on black art, and others were prayers asking for wisdom. When asked by the officers what the letters were, the young man said that they gave him the power of a god and that he had to carry them with him.

Upper Peninsula
 Kolu in Evidence Again—John Kolu, whose peremptory order to leave town by Mayor Webb several weeks ago brought him into prominence, has again been heard from. This time he is in an altogether different role, although yet a labor agitator. He has succeeded in getting the servant girls in and about Hibbing to strike for a minimum wage of \$30 per month. Notice has been served by the girls upon their employers that unless their demand is acceded to they will go out on a strike and it is stated authoritatively that the Western Federation is back of the move.—Crystal Falls Drill.

Menominee River Drive—William H. Stephenson, superintendent of the Menominee River Boom company, reports that the main river drive will reach Menominee in a very few days now. The drive is at Grand Rapids and it is being rushed along with great speed as the water is higher than it has been at any other time this season. Mr. Stephenson says driving operations have been more difficult this year than any year that he can remember. Never before have there been so many delays for various reasons. A big jam near Grand Rapids was broken up last week and the logs are coming fast now.

Park for Menominee—Arrangements are being completed this week in Menominee for the presentation of a new park to the city by John Henes. The resolution providing for the park commissioners will be signed by Mayor Spies today and he will at once appoint the park commissioners. John Henes will be one of the members and it is very probable that he will be made the president and will take the most active part in the improvement work to be carried out. The presentation will take place Monday evening at the city

(Additional Ishpeming on Page Seven.)

SOCIALISTS DENOUNCE FINNISH AGITATOR

ONE OF THE LEADERS OF MESABA STRIKE IS ACCUSED OF KEEPING FUNDS COLLECTED TO AID THE IDLE WORKMEN—ISHPEMING SOCIALISTS CONTRIBUTED LIBERALLY.

American Kalku, the Finnish paper published at Duluth, has started to show up Kolu, who aided Petriella in inducing the workmen of the Mesaba range to go on a strike recently. According to the Duluth publication Kolu has been "working the workmen" to a finish, and if reports are true he is several hundred dollars ahead on the game. Even the Socialists, who were the loyalist supporters of Kolu and Petriella, are contributing communications to the paper, showing up some of the tricks and mean work of the Finnish leader. It is claimed that many of the men who were his most loyal supporters during the time the strike was at its height are now denouncing him, declaring him to be a crook of the worst kind. Kolu is accused of retaining the funds which he recently collected throughout the mining districts of the Lake Superior region to aid the Mesaba strikers. It is reported that he has sold his property at Hibbing and that he plans to leave there shortly. According to an Ishpeming Finn, who has kept pretty well in touch with the affair, and has read the accounts that have appeared in the Duluth paper, Kolu will probably find Hibbing a pretty hot place if he does not get out of there post haste.

Money on the Red Flag.

It is said that Kolu reaped a good harvest not only in places on the Mesaba range but also at many of the cities and towns in other districts. The Ishpeming Socialists were liberal contributors. At a recent picnic held at Cleveland Park under direction of the Ishpeming Socialists a collection of over \$100 was taken up and later something like \$30 or \$40 was contributed, all going into Kolu's pocket. At the time the collection was taken at the park, the Hibbing agitator had his hearers pretty well wrought up, and when he suggested that they throw their money into the red flag, which he opened before them, they almost fell over one another trying to get their dollars into the bag.

Kolu is a fairly good talker and his story in the interest of the Mesaba strikers was pathetic. He succeeded in convincing many of his hearers that they were very much abused by the mining officials operating properties in that district. He contended that with a little financial aid they would certainly win the fight, as nearly everything seemed to be in their favor.

Denounces Federation.

The Socialists of the Mesaba range are just beginning to find out how completely they have been deceived by Kolu, and it is expected that they will later learn that Petriella has also handed them a lemon. It is said that the Federation of Miners disclaims relationship with Kolu, and the latter is now denouncing the Federation. The charge is being made, apparently with good ground, that Kolu has appropriated every dollar he has collected. It is thought that he picked up at least \$1,000 and possibly \$2,000, as a large number of workmen, who do not believe in Socialism, but who were in sympathy with the strikers, responded to the appeal, and the money was turned over to him.

Socialism Weak Among Finns.

"The day of Socialism among the Finnish people of this country is practically over," said a prominent Finn yesterday. "The Socialists, though very much in the minority among the Finns, have succeeded in making a great deal of noise. To read some of the stuff they have had published in pamphlet form and in other ways, one would be led to think that the majority of the voters of the country were rapidly falling into the ranks of the Socialistic party and that their principles were being absorbed by not only the Finns but by other races."

"I have given the matter a great deal of attention during the past few months, especially since the red flag riot at Hancock, and I have found very little sentiment among our people in favor of Socialism. The temperance people, as a rule, are now denouncing it as a fraud, and they are outspoken in disclaiming connection with the crowd that has caused the trouble at Hancock. They did not take kindly to the appeal sent out from Hancock to the temperance societies of the country for financial aid. I believe that most of the Finns who have been talking Socialism in the mining districts of the Lake Superior country are not citizens, and I know from personal knowledge that many of them do not know what Socialism means. They got the idea from the talk that they have heard that they are going to be greatly benefited by the change which the leaders are trying to make which believe will be brought about."

"I am now certain that most of the

HORSE AND AUTO BURN.

Model Barn of C. J. Byrne Destroyed by Fire Last Evening.

Fire in the barn of C. J. Byrne, on Fifth street, last night, destroyed a valuable automobile and caused the death of a horse, besides doing other damage. The stable was one of the finest in the county and was erected only about a year ago.

The blaze was discovered about 7 o'clock. It was caused, it is said, by defective electric wiring. The estimated damage is \$2,000, including the loss of the automobile. The latter was not insured.

BIDS ON SEWER JOB.

Board of Public Works Will Award Contract for Sewer District No. 2.

As will be observed by an advertisement in today's issue of The Mining Journal, the board of public works wants proposals for the building of an extension to District No. 2 of the Ishpeming sewer system. Bids will be received until a week from Tuesday, Oct. 8. The board retains the right to reject any and all bids. Each proposal must be on a blank form furnished by the city.

The approximate quantities of material for the sewer extension are: Two hundred and twenty-eight lineal feet of twelve-inch pipe; one manhole and two catch basins, with connections. All iron work will be furnished by the city, but the contractor must furnish the pipe. Plans and specifications can be seen at the office of the board. The successful bidder will be required to furnish a bond.

As stated in the report of the council proceedings in yesterday's issue, the estimated cost of the proposed sewer extension is \$675,000. Of the three extensions, one of which is now being put in, the one for which the board is now calling for bids will be the least expensive. The extension on Empire street will be completed before work on the No. 2 job is started, as good headway is being made.

CHILDREN'S DAY TODAY.

Today is Children's Day at the fair which is being held by the ladies of St. Joseph's church at Anderson's Hall. It also is the last day of the fair.

HEALTH IN THE CANAL ZONE.

The high wages paid make it a mighty temptation to our young artisans to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained, however, by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarial influence with Electric Bitters on hand. Cures blood poison; too, biliousness, weakness and stiff stomach; liver and kidney troubles. Guaranteed by The Stafford Drug Co., druggists, 50c.

My fall millinery opening will be held on Wednesday and Thursday, Oct. 2 and 3. Very complete line. The ladies are invited to call.

HELEN LIDBERG.

ISHPEMING

1909 SKI TOURNAMENT.

Menominee Will Make a Bid for Annual Meeting a Year from February.

The Menominee Ski Club has decided to extend an invitation to the National Ski association to hold its 1909 convention and tournament in that city.

Plans have already been perfected for the improvement of the club's hill. The take-off is to be raised. A national tournament should attract an unusually large crowd.

The Ishpeming club will not ask for next year's national tournament, but it will conduct its local tournament on Washington's birthday, as usual.

CEMETERY WALK CONTRACT.

Kilbride & Son Will Lay Concrete and City Will Build Board Walk.

The board of public works put men and teams to work yesterday grading for the new walk to be laid to the Ishpeming cemetery, extending from the south-west corner of John Anderson's farm to the south side of the fill, and from the north side of the fill to a point about twenty feet north of the main entrance to the Protestant cemetery.

The price to be paid Kilbride & Son is eleven and a half cents per square foot. As the walk is to be five feet wide the cost per linear foot will be fifty-seven and a half cents.

The work will be started some day next week on both the concrete and plank walks, and it is expected that they will be ready for use within two weeks.

ELECTION BILLS PAID.

The aldermen and supervisors and others who served on the boards of registration and election held recently will today receive their checks in payment of the services rendered, the bills having been allowed by the council at Wednesday night's meeting.

LAST DANCING PARTY.

The last of the series of summer dancing parties at the Golf clubhouse will take place this evening. All of the parties have been well attended this season, and it is expected that there will be an unusually large number present tonight.

FOOTBALL TODAY.

The Ishpeming and Negaunee high school football teams will meet this afternoon for the first game of the season at the Union Park gridiron, the game starting at 2:30.

HOPKINS' CURB QUOTATIONS.

Table with columns: Bid, Asked, American, Warren, Dean Mining, Superior & Pittsburg, Shattuck, Globe, Nipissing, Davis-Daly, Cumberland Ely, Carman, Boston Ely, Ahmeek, Utah-Apex, Tri-Bullion, Butte & London, Butte Exploration, Black Mountain, Keweenaw, Hancock, Superior, Superior & Boston, Calumet & Globe, Calumet & Montana, Boston & Corbin, North Butte Extension, North Hundred, Gironx, Nevada-Utah, Helvetia, Raven, Troy-Man, McKinley, Foster, Silver Leaf, Silver Queen, Ely Cons, National Mining, Wolverine & Arizona.

NOTICE TO CONTRACTORS.

Proposals for building an extension to District No. 2 of the Ishpeming sewer system will be received by the board of public works of the city of Ishpeming at their office until Tuesday, Oct. 8th, 1907.

The award of the contract if awarded will be made as soon thereafter as practicable.

Each proposal must be on a blank form furnished by the city.

The approximate quantities for the sewer extension are as follows: 288 lineal feet 12-inch pipe sewer.

One manhole.

Two catch basins with connections.

All from work will be furnished by the city.

Plans can be seen and specifications form of contract and bond obtained at the office of the board of public works.

Prices must be given in both words and figures.

The successful bidder will be required to furnish a bond that he will properly fulfill the conditions of his contract.

The board of public works reserves the right to reject any and all bids.

BOARD OF PUBLIC WORKS.

(9-28-10-5)

Negaunee Department

MEN ARE EXPECTED BACK FROM BUTTE

WITH ABOUT 50 PER CENT OF AMALGAMATED MEN OUT OF WORK THOUSANDS ARE IDLE IN MONTANA CITY--EVERY TRAIN LEAVING THE CITY IS CROWDED.

It is expected that several former residents of Negaunee, who have been working at Butte, Mont., will return to this city to spend the winter. A large number of men have been thrown out of employment by the Amalgamated Mining company's curtailment of its operations.

It is said that the men are going in all directions and it is expected that many former residents of the upper peninsula will return within the next few weeks, if the working forces at the mines are not soon increased.

It is said that the workmen regard the situation as serious. At first it was thought that the curtailment in the market was merely for the purpose of bringing the machinists' strike to a speedy end, but since then some of the pumps have been taken from the shafts and other preparations have been made for an extended suspension.

Some of the Butte people refuse to believe that the shut down was brought about by the natural conditions of business. They say that it is the mere whim of a few men in control of the properties, but others are of the opinion that it was due to the condition of the copper market.

LARGE QUANTITY OF BRICK.

Over 600,000 Will Be Used in Construction of Negaunee's New High School.

The board of education has not yet decided on what quality pressed brick it will purchase for the new high school building. Since the morning Monday evening the brick have been examined several times, but there are so many excellent samples that it is difficult to make a choice.

L. E. Chaussee, who has the contract for the erection of the building, said yesterday that it will require over 500,000 common brick to complete the walls, chimneys, abutments, partition linings, etc. In addition to this are 110,000 pressed brick necessary for the outside of the walls.

Mr. Chaussee is making fairly good headway with the excavating, considering the number of days his men and teams have lost on account of wet weather. He expects to begin putting in the concrete footings next week, and with favorable weather this part of the work will be completed within two weeks after starting.

He expects to have the foundation finished before winter sets in, and it is his intention to continue the work as long as possible.

NEW LAWS BECOME EFFECTIVE TODAY

BIG REDUCTIONS MADE BY ROADS IN COMPLIANCE WITH THREE-CENT-A-MILE RATE LAW.

OTHER IMPORTANT MEASURES

Compulsory Education for Deaf Children; Distribution of Free Medicine Is Prohibited—Tax Laws.

Of the new laws which become effective today, that three-cent fare law is the most important. All the Marquette roads placed new tariff sheets in the hands of their agents yesterday and these show a material reduction in rates.

Reductions.

On the South Shore the rate to Negaunee, which formerly was fifty cents, is now thirty-five cents. The rate to Ishpeming and Negaunee apply over the L. S. & I. The South Shore rate to the Soo was formerly \$6.00. Beginning today the rate will be \$4.53. The rate to Duluth was formerly \$9.10 and is now \$6.75. The rate to Houghton has been reduced from \$3.75 to \$2.83.

Third Reduction.

The new rate will have but slight effect on the rates between Marquette and points in Wisconsin. The Wisconsin rate law became effective some time ago and the rates have been reduced twice within the past sixty days. The old rate from Marquette to Chicago was \$10.85; from Marquette to Milwaukee, it was \$8.30. On July 28 last these rates were lowered and the Chicago rate dropped to \$9.20 and the Milwaukee rate to \$7.30. When the second reduction was made about the middle of August, the Chicago rate became \$8.10 and the Milwaukee rate became \$6.38. The only effect that the new Michigan law will have upon these rates will be between here and Negaunee, a difference of about fifteen cents.

Other Marquette Roads.

There will be a corresponding reduction of rates on the Marquette & Southeastern, the L. S. & I. and the Munising railway. The fare to Big Bay, formerly \$1.10 will be eighty-one cents. To Birch the fare formerly was sixty cents and is now forty-eight cents. As the rate to Munising has for a long period been but three cents a mile, this will not be changed and will remain \$1.32. The special rates given to clergymen are not to be withdrawn as has been done by many roads in other states which have enacted railway legislation. It has been announced that clergymen holding permits issued by the roads may obtain a two-cent a mile rate over the South Shore, the L. S. & I., the Marquette & Southeastern and the Munising railway.

Other Laws.

Among other important acts coming into effect are: To provide for the compulsory education of deaf children. To regulate the carrying on of business under an assumed or fictitious name. To provide for the assessment of money taxes for highway purposes. Requiring corn huskers to be protected by an automatic feeder or other safety device. To prevent the desertion and abandonment of wife or children by persons charged by law with the maintenance thereof; to make such abandonment a felony; to provide for the care of the dependent wife and children and to repeal Act 33 of 1903. To prohibit the free distribution of medicines.

Authorizing boards of supervisors to purchase and direct the use of voting machines in the several precincts of the county and to pay for same out of the general fund of the county. Amending an act relative to the inspection of manufacturing establishments, etc., as to the employment of children under the age of fourteen years.

Amending an act to revise the laws for the protection of game and birds, relative to the open season for wild water fowl. To provide a bounty for the killing of English sparrows.

Act regulating the width of public highways and encroachments thereon, and the setting of poles along such highways.

Act to license the use of firearms in hunting game birds and animals, applicable to non-residents.

Act No. 178, relative to the sale of gasoline and benzine will be in effect November 1, 1907.

The railway commission act. The law prohibiting bucket shops. The law regulating loan agents and pawn shops.

ESTATE OF W. H. SURLS.

He Is Said to Have Carried Life Insurance to the Amount of \$40,000.

Mrs. Carrie Surls, widow of William H. Surls, general agent of the Northwestern Mutual Life Insurance company, who died suddenly on Aug. 20, yesterday applied for letters of administration in the estate of her husband. Mr. Surls died without leaving a will. The petition filed yesterday gives the value of his personal property at \$15,000, and the real estate, consisting of the homestead at 252 Twenty-sixth street, at \$8,000. There are three children, Alex. H. Surls, Clyde H. Surls and Athlyn Grace Surls. Judge Karel appointed Theobald Otjen to act as guardian and ad litem of the two last named children, who are under age.

It is understood Mr. Surls carried life insurance of \$40,000.

Mr. Surls was a former Marquette resident and was a well-known life insurance man here. He left Marquette some years ago to accept a responsible position in Milwaukee. His death occurred in Milwaukee several weeks ago.

You can save one-third the price by buying shoes at J. J. Carroll & Co. (9-28-1f)

You will always find two first-class zarbers at the Nester block barber shop. (9-28-1f) D. CRONKRIEFT.

UNITED STATES DEPOSITORY.

Marquette National Has Been So Designated by Secretary Cortelyou.

The Marquette National bank, which will be six years old the last of next month, is now a United States depository having been so designated by Secretary Cortelyou, the head of the treasury department. Confirmation of this was received by the bank's officers Thursday. There are now two such depositories in Marquette, the First National having been so designated some few years ago. The United States officials, postoffice, customs, etc., can now place the federal money in either bank. There are one or more depositories for federal funds in every city of any size. To be designated as a depository is a sign of great strength in a bank, as the government makes careful investigation before it acts in such a matter.

TO LAY HEAVIER RAILS.

Extensive Work of Improvement Begun By Marquette & Southeastern.

The Marquette & Southeastern road is about to begin replacing five and a half miles of its roadway in and near Marquette with heavier rails. The improvement is to extend from the west yards to a point east of the prison and the new rails have already been placed along the roadway in readiness for the work. The rails of the old roadway, which have been in use for some years, are 60-pound rails. The new ones to be laid are 80-pound rails. It is planned that in time the entire roadway of the Marquette & Southeastern and the Munising road are to be relaid with 80-pound rails. This weight rail is now on the roadway of the L. S. & I. On the Munising road for a distance of ten miles between Little Lake and Lawson, the 80-pound rails have been laid and in other places for shorter distances the 80-pound rails have been put in.

Recently two new Baldwin locomotives have been added to the equipment of the Cleveland Cliffs Iron system and besides these, fifty 200-ton ore cars and twenty 40-ton flat cars have also been added.

FOOTBALL GAME TOMORROW.

Cubs and the North Ends Are to Meet at the New Fair Grounds.

The second football game of the season is to be played tomorrow at the new fair grounds by the Cubs and the North Ends. Last Sunday the North Ends defeated a picked eleven composed of a number of players of the Cubs team and other outside players by a score of 6 to 5. Both teams have been practicing daily for the game tomorrow and will probably be in good shape for the contest. The line-up of the two teams is as follows:

Cubs—La Fobre, full back; Stickney, left half; Zerbe, right half; Fleury, left end; Gains, right end; McKee, left tackle; Neault, right tackle; Scully, left guard; Smith, right guard; Hurley, center; Forrest, quarter back. North Ends—Reynolds, fullback; Deasy, left half; Gilling, right half; Lawrence, left end; Stack, right end; Eckstrom, left tackle; Peterson, right tackle; Carr, left guard; Bacon, right guard; Rosseter, center; Menhennet, quarter back.

VISITED U. P. BANKS.

Banking Commissioner Zimmerman Returns to Lansing After Tour.

State Banking Commissioner H. M. Zimmerman has just concluded a tour of the upper peninsula upon which he made his first visit to a number of state banks. Upon his return to Lansing yesterday he stated that he was greatly pleased with the reception which was accorded to him. While in the upper peninsula he visited banks at the Soo, Calumet, Laurium, Hancock and Ishpeming. He paid a brief visit to Marquette. A number of bankers in the upper peninsula, he says, had never seen a state banking commissioner before and they seemed to appreciate his visit. Banking matters were discussed at every place visited, and as a result of the visit of the commissioner the upper country bankers have been brought into closer relations with the department. Commissioner Zimmerman's suggestions were well received and the utmost willingness to comply with the laws in every respect displayed. In one of two places the commissioner found banks not in possession of late amendments to the banking laws. "They had always complied with the suggestions of the department," the commissioner declared, "but not because they knew the law but because of their desire to conduct their banks satisfactorily to the state authorities. The banks are in good condition."

SUNDAY AT THE CHURCHES.

First church of Christ, Scientist—Service Sunday at 10:30 a. m.; subject, "Unreality." Felix Hall Opera House block.

First Baptist church, Rev. C. H. Maxson, pastor—Services at 10:30 a. m. and 7:30 p. m. Morning sermon topic, "A Message from the Second Letter of Peter"; evening theme, "The Missing Ones." Presbyterian church, Rev. J. M. Rogers, pastor—Morning service, 10:30 o'clock, subject, "True Americanism." Offerings for home missions will be taken at both morning and evening services.

ENDORSED.

No company that we have ever heard of has ever come to this city with such favorable comments as "The Irish Pawn-brokers." They have the unanimous endorsement of the press, and this you may rest assured will be your only chance to see this superior company, as they make but few stops going from New York to San Francisco. We have no doubt of their success here.

The best line of school shoes at closing-out prices. J. J. Carroll & Co. (9-28-1f)

NOT TO LAY TARVIA UNTIL NEXT SPRING

TO TEST NEW PAVING MATERIAL IT MUST BE PUT ON STREETS IN WARM, DRY WEATHER.

It is stated that owing to the delay of the arrival of the sample carload of tarvia with which the city is to make an experiment, the work of laying the material will not begin until next spring.

Too Wet and Too Cold.

The unusually long period of wet weather for the past three weeks defeated the plans of the street commission for laying the paving. To make a satisfactory test of the tarvia, it is said that it must be laid in dry, warm weather. Now that the rain seems to have ceased it has become too cold to lay the material. If an attempt were made to lay it at the present temperature, it is said that the tar used would harden before it had time to penetrate to a sufficient depth, and the test would be a failure.

Tools Lost.

The carload of the material was ordered some months ago. Long after it was expected it arrived, but the tools were missing. After a number of inquiries had been made, it was stated that the tools were being used on another job and would be sent soon. Then came the notification that they had been sent. They failed to arrive on time and it was discovered that they were lost on the way. More time was consumed in finding the tools and when finally they did arrive, the season of wet weather had started and it was too late to begin the work. The quantity of material now on hand is sufficient to cover about five blocks.

To Pave Five Blocks.

No definite plans concerning the streets upon which the experiment was to be made were decided upon by the board, but it was stated that the block on Ridge street between Third and Fourth streets would be paved. For the past two months this square has been covered with crushed rock, which for a period was almost impassible. It has been worn down somewhat now, however, and if the delay in laying the tarvia continues for much greater period, it probably will not require any other paving but will be crushed down until it becomes an ordinary macadamized street. It was also planned to lay the tarvia on Third street on the grade leading to the depot, a distance of several blocks.

SOO CANAL PASSAGES.

Boats Locked Through, Bound for Ports on Lake Superior.

Sault Ste. Marie, Mich., Sept. 27.—[Special.]—The upbound boats passing the canals the last twenty-four hours were as follows: Montreal, 9:30 p. m.; Craig, Mills, 10; Gettysburg, 12:30 a. m.; Susquehanna, Bangor, 2; Gates, Soopaa, Empire City, 3:30; Kalkaska, Fryer, 5; Westcott, Simola, 8:30; Midland, Prince, 11; German and Whitehawk, Ford, Peshtigo, 11:30; Presque Isle, noon; Zimmerman, 1 p. m.; Henry Rogers, 1:30; Davock, 2; Snyder, 2:30; Tampa, M. F. Green, 5:40; Helena, Twin Sister, John Mitchell, 6.

REGULATIONS DEFIED.

Big School of Porpoises Tumbles Into East River.

New York, Sept. 27.—The old salts who daily find moorings at the Battery wall were much interested this afternoon when they observed a school of one hundred porpoises, led by an aggressive and vigorous bull, frolic up the bay and enter the East river. The big fishes ranged from five to six feet in length. There was general speculation as to this most unusual sight, and a Murphy man said it was a sure indication of the success of the Tammany leader in the primaries. It was noticeable that the porpoises came up through the Ambrose channel in direct violation of the channel regulations, which provide that nothing drawing less than twenty-five feet of water shall navigate that channel.

Some manufacturers do not advertise because they know their goods are not the best, but depend on the unscrupulous dealer, who for the extra margin of profit substitutes theirs for the advertised article, claiming they are just as good. Don't be fooled—insist on getting what you ask for.

Don't fail to see our line of up-to-date clocks. All going at closing-out prices. J. J. Carroll & Co. (9-28-1f)
