## RISE IN STOCKS WAS TOO RAPID

### Halt Given Yesterday to the Advance in Wall Street Values Regarded Merely as a Normal Note of Caution.

### Too Swift a Re-Establishment of Ordinary Trading Conditions Held to Be Dangerous to Recuperation in the General Situation—Great Need Now Is for Cash, and to This End the New York Banks Are Diligently Exerting Themselves.

New York, Oct. 31.—Indications that the available supply of cash will be materially increased within a short time, both by imports of gold and increase of banknote circulation, and that the movement of the crops will be facilitated in every way possible, with the result of increasing our credit abroad, were features of today's financial situation. It seemed to be recognized everywhere that the acute stage of the crisis was over and all that remained was to obtain sufficient currency to resume currency payments upon a broad scale and thus restore the conditions existing before the crisis.

It is noted with interest by leading bankers that the present scarcity of currency is arousing unusual interest in the plan for currency reform which has been endorsed by the American Bankers' association. The committee which framed that measure was continued with authority to take further action. It has not held a meeting since the convention at Atlantic City last September, but some Western members are strongly desirous that such a meeting be called at an early date, in order to bring the subject properly before congress while public opinion is aroused on the subject.

### Stock Market Conditions.

The halt to the advance in prices on the stock exchange in the early part of the day was regarded as a normal note of caution. A too rapid re-establishment of ordinary trading conditions would be considered as endangering the progress of recuperation in the general situation, and especially as hazarding the solidity of the recuperation in the stock market itself. The existing market rate at the stock exchange cannot yet be accepted as an indication of an entirely free open market rate, brokers being restricted to their own bankers for securing accommodation and subject to the requirements there insisted upon. The narrow proportions of the securities market is forced into view in the face of these liquidating episodes, and the prices are severely affected, as in the case of the selling of Pennsylvania today.

The total interest and dividend disbursements for November are estimated at upwards of \$75,000,000, compared with \$63,000,000 in November last year. Large amounts of these payments have been disbursed in the last few days in advance of the date of obligation in the course of the measures taken by bankers and capitalists to furnish resources to the money market. The additional engagements of gold made during the day proved that the advance of 1 per cent. to 5 1/2 per cent. in the official discount rate of the Bank of England had not shut off the movement of gold. The movement of all kinds of traffic continues large, and any obstacles to its continuance would retard the relief of the situation through the marketing of these commodities abroad.

### TREASURY AGREEABLY SURPRISED.

Many National Banks to Take Out Additional Circulation.

Washington, Oct. 31.—The treasury officials are agreeably surprised at the number of banks throughout the country which have already indicated their purpose to comply with the suggestion of the comptroller of the currency that additional circulation be taken out, although the suggestion was made only yesterday afternoon, being circulated in last night's dispatches of the Associated Press. A large number of telegrams were received at the department today, asking for additional circulation varying in amount from a few thousand dollars to two million dollars.

### WOULD KEEP GOLD IN EUROPE.

Banks of England and Belgium Increase Their Discount Rates.

London, Oct. 31.—The rate of discount of the Bank of England was raised today from 4 1/2 to 5 1/2 per cent.

Brussels, Oct. 31.—The National Bank of Belgium today raised its discount rate to 5 1/2 per cent.

### BURLINGTON ASSUMES CONTROL.

Mileage in Nebraska Surrendered by Great Northern Company.

Sioux City, Ia., Oct. 31.—The stockholders of the Sioux City & Western railroad today elected a board of directors composed of Burlington officials to succeed the present board, which is composed of Great Northern officials. Be-

ginning tomorrow the old Pacific Short Line from Sioux City to O'Neil, Neb., will be under control of the Burlington instead of the Great Northern. By this transfer the Great Northern surrenders all its mileage in Nebraska.

### VOTING MACHINES TABOO.

Use Unconstitutional, Rules Massachusetts Supreme Court.

Boston, Oct. 31.—The supreme court, in deciding today against the validity of voting machines in Massachusetts, declares that any method of voting which hides the ballot from the voter is unconstitutional.

### NO "OPEN SUNDAY."

Bill Urged by Chicago Germans Is Killed in the State Senate.

Springfield, Ill., Oct. 31.—The killing of the "open Sunday" bill of the United Society of Chicago in the senate today will end the efforts of that organization to secure legislation at the present session. Leaders of the organization see that it is futile to attempt to get any bill on the subject past the president of the senate.

### BIG TOBACCO DEAL

### Kentucky Farmers Sell 16,000,000 Pounds of the Weed for \$1,500,000 in English Gold.

Henderson, Ky., Oct. 31.—By a deal consummated here tonight the Imperial Tobacco company purchased the entire 1907 tobacco crop pledged to the American Society of Equity in Henderson, Union, Webster, Hopkins and Crittenden counties. The deal involves sixteen million pounds of tobacco and will bring one and a half million dollars of English money to the farmers of this region. The price paid was that demanded by the farmers, and is the highest ever paid here with the exception of the war price. All the Equity factories and employees are taken over by the Imperial company, and will be continued in service. The gold will be shipped from England at once.

### STILL SHIPPING MEN THERE.

### Great Northern Not to Stop Construction Work in the West.

St. Paul, Oct. 31.—President J. J. Hill of the Great Northern tonight denied that the road was to stop construction work in the West. He said there is no reason to do so, and that the company is shipping men west all the time. President Elliott of the Northern Pacific said that road is going on with its construction work in Washington and Montana, but is cutting down its forces in Wisconsin and Minnesota.

### AMBASSADORS RETURN.

New York, Oct. 31.—The steamer Adriatic, which arrived tonight, brought home two American ambassadors—Lloyd C. Griswold, who is stationed at Rome, and John W. Riddle, at St. Petersburg.

### CASHIERS GO WRONG

### Two Betray Trust, Then Kill Themselves, and Now Their Banks Are Closed.

Akron, O., Oct. 31.—Joseph Dangel, president of the Dollar Savings bank, was appointed receiver of that institution today in consequence of the suicide of Fred A. Boren, cashier and treasurer, last Sunday. According to a petition filed in the case Boren embezzled \$38,000.

Chariton, Ia., Oct. 31.—Frank Crocker, cashier of the First National Savings bank of Chariton, committed suicide today. His daughter found him dead in bed. He had taken morphine. The bank is believed to be in good condition. Worry over losses sustained in the alleged use of Modern Woodmen funds is believed to have caused the suicide. Crocker left a note, saying: "I can't bear this strain any longer." Crocker was once treasurer of the Modern Woodmen, and at the time of his death held a national office in that order.

### RAILROADS ENJOINED.

### Proposed New Charge Put Under the Ban in Nebraska.

Omaha, Oct. 31.—An injunction was issued today by Judge Munger, of the United States court, against the railroads doing business in this state, preventing them from putting in effect an arbitrary re-assignment charge of 85 per cent on lumber and coal. The order was made upon the application of the lumber and coal dealers in Omaha. The new charge was to go into effect Friday. Some time ago the Omaha dealers applied to the interstate commission for relief from the increase threatened, but were told that the commission could not hear the case for six months or a year. The Nebraska state railroad commission was appealed to, but it could not hold a hearing at present. The order of the court today will hold good pending an appeal to the railroad commission.

## PRESIDENT'S PLAN GOOD, SAYS SHAW

### Former Secretary of the Treasury Heartily Approves of the Scheme to Put Trust Companies Under Federal Supervision.

### Discussing the Question, "Is the Policy of Roosevelt Against Capital?" Henry Clews, Addressing the Economic Club at New Haven, Defends the Course of the Chief Executive and Says That Whatever He Has Done Has Been for the Public Good.

New York, Oct. 31.—The reported intention of President Roosevelt to recommend in his message to congress a law placing trust companies under federal supervision, the same as national banks, was variously commented upon by New York financiers today.

Leslie M. Shaw, former secretary of the treasury, now president of the Carnegie Trust company, said: "It is unnecessary to ask what I think of a law authorizing trust companies to be incorporated under federal charter. I specially recommended it in all of my later reports as secretary of the treasury. I cannot speak for the shareholders of the Carnegie Trust company, but if such a law were passed I'd be very glad to change from state to federal supervision."

### Clews Defends Roosevelt's Policy.

New Haven, Conn., Oct. 31.—The Economic club of this city, an organization of business and professional men, listened tonight to a discussion of the question, "Is the policy of President Roosevelt against capital?" Henry Clews, banker, and John Agay and Edward D. Whitney, attorneys of New York, and John A. Alling, attorney of this city, were the speakers. Mr. Alling attacked the policy of the president in strong terms, especially with reference to the packing industry, the Standard Oil company and the railroad rate question.

Henry Clews said, in part: "Whatever President Roosevelt has done, he has done to promote the public good. Whether his speeches have helped or hurt, I do not know, but I contend that he had no intention of menacing the prosperity of the country in denouncing and investigating the prosecution of law-breaking railroads and industrial trusts. As he has said, while he was instrumental in turning on the light, he was not responsible for the abuse of power which the light revealed. Neither was he responsible for its revelation of graft and illegal methods on the part of certain railway and other corporations through the acts of their respective managers and controlling capitalists that have undermined public confidence in many of them. The fact that in nearly every instance of government prosecution the guilt of the parties accused has been proved on their trial justifies President Roosevelt in his action."

### GOVERNMENT RECORDS STOLEN.

### Serious Charge Made Affecting the Prosecution of John R. Walsh.

Chicago, Friday, Nov. 1.—The Inter Ocean says that secret service operatives have reported that official correspondence between Attorney General Bonaparte and District Attorney Sims containing government secrets relating to the case of John R. Walsh, formerly of the Chicago National bank, formerly in the custody of the federal government, has been stolen from the files in the federal building.

Miss Etta L. McLean, who has been employed in District Attorney Sims' office for three months, was arrested in company with O. E. Gorde, charged with "conspiracy to steal government records." Miss McLean, who is a graduate of an Eastern college, is alleged to have procured possession of the records and to have given them to Gorde, who lives in the same building with her on the North side. The records are believed to have contained information to be used in the forthcoming prosecution of Walsh.

Miss McLean was released upon giving her word to appear at the hearing, while Gorde was taken to jail. Both maintain their innocence.

### OIL PROFITS PRODIGIOUS.

### Interesting Facts Disclosed in Answers Filed in Kansas Court.

Topeka, Kas., Oct. 31.—Answers were filed in the supreme court today by the Standard Oil companies of Indiana and Kansas to interrogatories asked by the state attorney general in the contest suits instituted against the companies and amended answers were filed to the suits.

It is admitted that the two companies are owned by the Standard of New Jersey. It is also forth that no anti-trust law is violated, as each company handles a separate branch of the oil business. It is asserted that each company is complete in itself, but does not encroach on the particular line of other companies.

The profits of the Standard of Kansas on a million dollar capitalization in seven years is given as little less than two and a quarter millions, while the profits of the Standard of Indiana during the same time are given as fifty millions.

New York, Oct. 31.—Announcement was made today that Martin H. Little, chief counsel for Harry K. Thaw, has decided to make insanity the plea in the defense of Thaw, whose second trial for slaying Stanford White begins Dec. 2.

## WEATHER FORECAST

Washington, Oct. 31.—The following is the weather bureau's forecast for Upper Michigan: Rain, Friday; Saturday, fair and cooler; fresh brisk south shifting to northwest winds.

## ADMITS KILLING WIFE.

### Found Guilty on Lesser Charge, New Yorker Confesses in Court.

New York, Oct. 31.—After being convicted of manslaughter in the first degree in aiding and abetting his wife to commit suicide, James Wardell, aged twenty-four, confessed on it and was instantly killed. Three boys are under arrest.

## MEETS DEATH IN CHAIR.

### Murderer of His Sweetheart Electrocuted in Ohio Prison.

Columbus, O., Friday, Nov. 1.—Royal Fowler, of Dayton, who killed his sweetheart, Mary Hagerly, more than a year ago, was electrocuted in the penitentiary a few minutes past midnight this morning. Fowler deserted his family in Pennsylvania for the Hagerly, and was shot by her when she stood on the porch at her home. Jealousy is supposed to have been the motive.

## LIVE WIRE KILLS

### Duluth Boys' Scheme "to Make Austrians Jump" Has Fatal Outcome.

Duluth, Oct. 31.—"To make the Austrians jump" was the ambition of several small boys in West Duluth last night. Securing a piece of wire they attached it to an electric light wire and strung it in front of an Austrian boarding house. Nova Melis, the first man to approach, stepped on it and was instantly killed. Three boys are under arrest.

## MONEY WILLED TO ORPHANS.

Jamestown, N. D., Oct. 31.—Property valued at \$35,000 to \$40,000 was left by John Moore, whose body was found three miles from Jamestown, and fourteen miles from this city. In his will he bequeathed \$1,000 each to his three nephews and a niece in Galway, Ireland, and the rest to the Catholic Orphans' home at French Village, Ill., near St. Louis.

## WHERE IS HITCHCOCK?

### Disappearance of Actor Accused of Grave Offenses Is Broadway's Absorbing Topic.

New York, Oct. 31.—The disappearance of Raymond Hitchcock, the actor, following his indictment by the grand jury, which had heard the stories of three little girls, was the absorbing topic today on Broadway, where those who had known the star intimately during his ten years on the stage advanced half a dozen theories in explanation of his default.

Many of the actor's friends insisted today that, driven desperate by the serious accusations against him, he had committed suicide. Others were satisfied that he had been spirited away and possibly murdered by men who had practiced blackmail on the comedian and who feared exposure if the case against their victim came to trial. This theory was voiced by Herman Fromme, the missing actor's attorney, and by Mrs. Hitchcock, who before her marriage was Zabelle Mangasarian of Chicago.

While these theories gained some credence, the police did not relax their efforts to locate Hitchcock, but were unsuccessful. Some of Hitchcock's acquaintances think it likely he has sought seclusion where undisturbed for a few days, he can think over his predicament and decide upon his course of action.

## TRIPLE TRAGEDY

### Memphis Man Mortally Wounds His Wife, Kills Peacemaker and Himself.

Memphis, Tenn., Oct. 31.—As the termination of domestic troubles in a household of T. B. Rutherford here, two persons are dead and a third is dying, the result of wounds inflicted by Rutherford after a quarrel with his wife, from whom he had been separated and who refused to return to him. Falling in his efforts to induce her to go back to him, it is stated, he was about to attack the woman when Eugene H. Peets, a friend of the couple and at one time an official of Tipton county, Tennessee, rushed into the room. Rutherford shot and killed him. Turning to his wife, Rutherford again fired, mortally wounding her, and then placing the weapon to his own head he killed himself.

## UNDER THE KNIFE AGAIN.

### President John Mitchell Forced to Undergo a Second Operation.

Indianapolis, Oct. 31.—The national executive board of the United Mine Workers of America adjourned today to meet again in Indianapolis Dec. 19, when representatives of the miners and operators will meet to discuss the restoration of the interstate agreement.

William B. Wilson, national secretary of the Mine Workers, and T. L. Lewis, national vice president, left for La Salle, Ill., this evening to see President John Mitchell. Information has been received at the headquarters in this city that it was necessary for Mr. Mitchell, who is in a hospital at La Salle, to undergo an operation for abdominal abscess last night. According to information received today he is resting comfortably and is in as good condition as could be expected.

## PRIEST UPHOLDS ROOSEVELT'S VIEWS

### Speaking at Battle Creek, Mich., Rev. Father J. M. Cleary of Minneapolis Vehemently Assails Race Suicide and Divorce.

### He Ridicules the "Quality Not Quantity" Argument Advanced in Defense of Small Families, and Says Experience Does Not Support the Assumption That One or Two Children Can Be Reared to Be Better Citizens Than Ten to a Dozen.

## SAIL FOR PANAMA

### House Committeemen to Look Into the Monetary Needs of the Big Canal.

New York, Oct. 31.—Congressman Tawney of Minnesota, chairman of the committee on appropriations of the national house of representatives, and nine other members of the committee sailed today for Panama, where they will inquire into the present and prospective monetary needs of the canal enterprise. Mr. Tawney said that the purpose of the committee was not to question the requested appropriation of \$32,000,000 to continue the canal work, but to study canal conditions that appropriations might be recommended with full understanding of the needs of the situation.

## CONDUMNS DIVORCE.

On divorce, Father Cleary said: "The honor of woman is insecure in human society when the dread specter of divorce casts its dark shadow in the Christian home. Under every conceivable pretext that depraved desire can suggest, the wife and mother who should be the most tender object to chivalrous devotion is set aside to show that her life has a beggarly price to pay in defense of her dignity and honor."

"The married state is the natural one for the majority of mankind. The church has never faltered in its faithful defense of the holiness and inviolability of the marriage bond. But the church has praised virginity, for her divine founder exalted it by living a virgin life. The celibate state is neither impressive nor repugnant to human nature."

## WOMAN'S PROHIBITION CLUB'S PLANS.

Mrs. Anna Sloan Walker, of Decatur, Ill., national chairman of the Woman's Prohibition Club of America, also delivered an address at tonight's session. She said that any fight against the saloon must be made through politics, and she protested against any attempt to govern and control social evil by law. She said that the Woman's Prohibition Club of America was working for a national liquor law, a national suffrage law and a national law against traffic in young girls.

## BLACKLISTED FOREVER.

### Baseball Magnates Permanently Debar Contract-Jumping Players.

New York, Oct. 31.—At the final session of the National Association of Professional Baseball Clubs this afternoon a resolution was adopted by which all players adjudged guilty of contract jumping and placed upon the ineligible list by the national association shall be forever debarred from playing with any club of the association, excepting the Tri-State league. That league was excepted on account of the agreement by which it came into the association.

The national board of National Association of Minor Baseball Leagues is still in session and probably will continue at work until Saturday. The demands of the Western association, backed up by the Eastern league, for a majority of the delegates. A committee was appointed to carry the grievances of these two leagues to the national committee when that body meets here in December.

Many cases in dispute were adjusted today by the national board, which was strengthened by the resolution of the general body investing it with power to discipline any owner, player or manager on whose grounds an umpire is assaulted. Clubs in the national association will in the future be limited to the reservation of twenty players, including those purchased, traded or drafted.

## AMUNDSON IN WASHINGTON.

### Norwegian Arctic Explorer to Be Presented to the President.

Washington, Oct. 31.—Captain Roudolf Amundson, the Norwegian Arctic explorer who has announced his intention of making a dash for the North pole in 1910, arrived here today. He will be presented to President Roosevelt tomorrow by the Norwegian minister.

## STRIKE DECLARED OFF.

### New Orleans Telegraphers to Return on the Best Terms Possible.

New Orleans, Oct. 31.—The president of the New Orleans Telegraphers' union has declared the strike off. He says that the operators will apply for re-employment as individuals and on the best terms they can make.

## UNIVERSITY HEADS CONFER.

### Extension of the Carnegie Pension System Is Topic Considered.

Iowa City, Ia., Oct. 31.—At the triennial convention of the presidents of the state universities of the Middle West here today the educators considered the matter of securing the Carnegie aid for professors not now included among the beneficiaries of the Carnegie foundation. It was finally referred back to a committee which will report to the National Association of University Presidents, which meets in Washington in December.

## ENDORSED BY ROOSEVELT.

### Macon, Ga., Oct. 31.—Postmaster Edward Wells has received a letter from President Roosevelt in which he endorses the proposed canal to connect the Atlantic ocean with the Mississippi river through the South Atlantic cotton belt, and promises his active assistance in its development.

## WESTON MAKING GOOD TIME.

Boston, Oct. 31.—Edward Payson Weston, aged sixty-nine, who is waiting for Portland, Me., to Chicago, arrived here at 5:20 o'clock tonight, forty-five minutes ahead of his schedule time. After a three hours rest he left for Dedham, where he will remain tonight.

## SAIL FOR PANAMA

### House Committeemen to Look Into the Monetary Needs of the Big Canal.

New York, Oct. 31.—Congressman Tawney of Minnesota, chairman of the committee on appropriations of the national house of representatives, and nine other members of the committee sailed today for Panama, where they will inquire into the present and prospective monetary needs of the canal enterprise. Mr. Tawney said that the purpose of the committee was not to question the requested appropriation of \$32,000,000 to continue the canal work, but to study canal conditions that appropriations might be recommended with full understanding of the needs of the situation.

## WIDTH OF LOCKS INCREASED.

Washington, Oct. 31.—One hundred and ten feet is the width the navy department has finally fixed as desirable for the locks for the projected Panama canal. This is an increase of ten feet in width over the plans on which the commission is now working.

Colon, Oct. 31.—New lockings made over the entire area of the Gatun dam shows that rock foundations are everywhere possible. All previous doubt on this point has thus been removed, and the work on the designs for the lock gates and sluiceways is advancing steadily.

## CHICAGO FIRE DISASTROUS.

Chicago, Oct. 31.—Seven firemen were overcome by smoke and a loss of \$300,000 was caused today in a fire in the five-story building at State and Quincy streets occupied by the Holden Shoe company.

## BATTLE WITH INDIANS

### Three Warriors Killed in a Fight With United States Troops in Southern Utah.

Washington, Oct. 31.—In a battle between United States troops and Indians, which occurred in southern Utah several days ago, three persons were killed and another was wounded. All the dead are believed to have been Indian. News of the occurrence was conveyed to the Indian bureau in a telegram from Superintendent Shelton of the San Juan agency, which though dated yesterday was not received until today.

## AGAINST RUSSIA'S POLICY.

### No Steps Being Taken to Send a Relief Expedition to Karatagh.

St. Petersburg, Oct. 31.—Russia is taking no steps to send a relief expedition to Karatagh, recently destroyed by an earthquake. To do so would be contrary to the Russian policy of non-interference in the internal affairs of Bokhara and would involve also a journey of over five hundred miles. It is not known here what steps the Bokharian government is taking to send a relief, but it would appear to be acting with characteristic Asiatic fatalism and procrastination. Newspaper correspondents have not yet been able to supply further details of the disaster.

## MURDER CASHIER'S ESCORT.

### Robbers in Russia Kill Seven Men and Decamp With Funds.

Pskoff, Russia, Oct. 31.—Bank robbers today murdered seven men who were escorting a cashier carrying thirteen thousand roubles, and decamped with the money.

## SALOON MEN START PAPER.

Aurora, Mo., Oct. 31.—The saloon advocates of this city have started a tri-weekly newspaper, devoted entirely to perpetrating the city's saloons. It is claimed that this is the first attempt in the history of Missouri where an organ has been launched which has no other purpose than to continue saloons in a rural community. The temperance paper has established a daily, to be published during the local option fight.

## WILL RETAIN COMMISSIONS.

Washington, Oct. 31.—According to a decision reached today none of the army officers who failed to take the test ride prescribed by the president will be re-tired if they are still physically fit to continue to discharge the military duties they are at present performing.

## COLLEGIANS HAVE THRILLING MELEE

### Undergraduates at Northwestern University and Theological Students at the Same Institution Engage in Strenuous Battle.

### Warned in Advance, "Bibs" Defend Quarters With Boiling Water—Raiders Attack Vigorously Nevertheless, Succeeding in Throwing Eight of Their Foes Into Lake Michigan, and They Desist Only When Police Arrest Thirteen of Their Number.

Chicago, Oct. 31.—A halloween raid by undergraduates of Northwestern University on Heck Hall, where the theological students of the same institution eat and sleep, ended in a riot tonight in which thirteen of the "raiders" were arrested and lodged in jail, and eight "theologs" were thrown into Lake Michigan.

Several students suffered severe scalds during the melee from hot water with which the theological men defended their quarters. The latter were warned of the proposed attack and were prepared with quantities of boiling water and long lines of hose.

The battle waged more than half an hour and caused intense excitement in the university settlement. When at its height Dr. Little, president of the Garrett Biblical Institute, sent in a call for the police. The police charged the students and captured thirteen, including a party which had just returned from the lake, where they had disposed of eight of the "bibs."

## FOUND NEW RACE.

### Discovery Made in Alaska of Unknown Tribe—Never Saw Whites.

Philadelphia, Oct. 31.—Dr. George B. Gordon, curator of the University of Pennsylvania's archaeological department, who has just returned after a six months' expedition through the wildest regions of the far Northwest, announces the discovery of a new race living along the Kuskokwim river in Alaska.

Dr. Gordon brings back a strange tale of this new race which had never before been seen a white man and which differs from all other tribes of Alaskan Indians.

Dr. Gordon heard rumors of the race in 1905 and after innumerable hardships he reached the territory in which these aborigines live in Adiamie simplicity. They are called by the Eskimos "Kuskagwanuts" and show strong traces of Mongolian ancestry. Crime and vice is utterly unknown among them and their religion is pantheism.

## Are Clean and Moral.

They know absolutely nothing of corruption and degeneracy with which the whites have infected the Athabascan Indians and Eskimos. Dr. Gordon lived for several months among them.

"Though they are dying out," Dr. Gordon said, "they are strong and clean physically and intelligent. They have retained the most ancient characteristics of dress and speech. In clothing, instead of wearing furs, they sew skins of birds into robes, using the breasts of loon and various species of ducks which abound in the river."

Of their clothing, utensils, arms, etc., Dr. Gordon gathered collections and when they arrive he and other ethnologists will try to discover whether the tribe is of Asiatic origin or whether it migrated from lower California.

## Not a Large Tribe.

They are monogamists, and no such thing as vice is known among them. They are permitted by their priests to have more than one wife, but never do so. They have no laws at all, but are governed by patriarchy. They are tall, and the women graceful and beautiful.

"There are only 400 of them left," said Dr. Gordon. "It is to be hoped for their sake that they die out before the white traders get to them. Then they can die as cleanly and happily as they live."

Dr. Gordon and his helper traveled down the Kuskokwim 1,200 miles in a small sloop. When they reached Bering sea they sailed for Nome, were caught in equinoctial gales and were adrift three weeks. Dr. Gordon was forced to throw his provisions overboard to save his specimens. He landed at Nome nearly dead with hunger and exposure.

## FOR THE SALE OF STAMPS.

### Canadian Government to Make Use of Slot Machines.

Ottawa, Oct. 31.—The postoffice authorities have decided to use slot machines for the sale of stamps in Canadian cities.

## ACCUSED OF BRIBERY; ACQUITTED.

Minneapolis, Oct. 31.—Ehler H. Dearth, former state insurance commissioner, who was indicted on the charge of having accepted a bribe from W. F. Bechtel, 20-1st St., has been acquitted of the charge in the district court today. This was his second trial.

DAILY MINING JOURNAL. A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

The copper shares did not, to be sure, reach the low points predicted for them by the best of our pessimists, but they did pretty well at that.

Duluth having declined an invitation to come into the proposed new baseball league before one was extended to it, the copper country wants Duluth to distinctly understand that nobody cares a tuppence whether it come in or stays out.

In Delta county jail sentences are threatened for saloon men found guilty a third time of violation of the liquor law. What of the county officials who wink at violations of the state law by permitting the continual operation of the iniquitous slot machines?

The Copper Country Evening News indignantly denies that Calumet audiences are "cold and clammy." According to the News they are demonstrative enough, if only the attraction holding the Calumet stage affords them sufficient cause for showing their enthusiasm.

"Word comes from Saginaw that the Hon. Arthur Hill does not approve the idea of a third term for Governor Warner. This," remarks the Lansing Journal, "is not surprising in view of the fact that Governor Warner did not believe in a first term for the Hon. Arthur Hill. However, if Mr. Hill is to be a candidate for United States senator again he ought to be thankful for the passage of the bill which leaves the choice of a senator to the people and takes it out of the hands of Governor Warner or anybody else to influence the legislature in its choice."

There has been a gratifying activity of deputy game wardens the past few days. C. E. Hayward of Lathrop has been getting action against the violators and William Harrington, who is specially detailed to the district of which Marquette county is a part, is also credited with a number of successful prosecutions.

MR. MASON REPEATS. C. W. Mason, editor of the Northwestern Farmer, who recently created a small-sized sensation by charging that many old people were, at the instance of heartless relatives who wished to shift the burden of looking after them onto the state, improperly committed to the Newberry hospital for the insane, has taken cognizance of the general denial of the charges entered by Dr. Campbell, the superintendent of the institution, when questioned by The Mining Journal regarding them.

THE CHOCOLAY FURNACE. The announcement made with authority in The Mining Journal yesterday that there will be an indefinite postponement of the date when the Chocolay furnace will be put in blast occasioned no surprise, as it had been evident for some days past, through the discharge of men both at the furnace and the wood camps,

that the plans of the Lake Superior Iron & Chemical company for the Chocolay plant had undergone a change, and it was generally realized that the stack would not be put in blast at once. The directors give as their reason the state of the pig iron market, but while that market has a declining tendency it is by no means in bad condition and at present prices the operating furnaces are making good money. There is no present probability that any of them will suspend. Indeed they will continue to make iron on a much lower market for pig than the one now existing. But continuing a furnace already in operation is one thing, and starting up a new plant is another, and the decision of the directors of the Lake Superior Iron & Chemical company not to put the Chocolay plant in blast at once is doubtless a wise one.

As has been remarked, the plant is practically completed, but a considerable additional expenditure would have to be made to finish up the odds and ends connected with it. Also the first period of its operation would be a period of comparatively high costs, enduring until the plant was running with perfect smoothness and until the organization of employees was perfected. At the best the plant cannot be operated under as favorable conditions as the Cleveland-Cliffs Iron company's furnaces here. The same interests that own these furnaces have a large ownership in the railroads that haul the wood and ore to them, and in the mines that supply the latter. The Chocolay furnace's wood supply will be brought in from Shingletown camps over the South Shore and its ore will be bought on the open market. These considerations will help the public to understand the decision of the directors not to put the plant into blast at once. Perhaps, too, the existing state of the money market has had a little to do with that decision. The Lake Superior Iron & Chemical company has been carrying on extensive operations and has had big demands for capital. Perhaps a little temporary retrenchment is deemed advisable, and the Chocolay plant is regarded as one place to start it.

The length of time that will intervene before the plant will go into blast depends largely, as do so many other things, on the general financial situation. Easier money will not only relieve the burden of carrying the Lake Superior Iron & Chemical company's big operation, but will quicken the iron market, insuring its stability at fair prices, and thus make the continued operation of the Chocolay furnace profitable. It is hoped, and is not improbable, that the stack will go into blast sometime next year.

THE MONETARY SITUATION. The monetary situation at New York appears to be well in hand. The deposit of twenty-five millions of government money in the banks where it can be used to meet the demand of the public; the successful negotiations for considerable sums of gold for import; and the pooling of all their resources by the clearing house banks and such financial powers as J. P. Morgan have placed the financial institutions of the city in a position to sustain a run, and a knowledge of this fact, backed by the optimistic statement of the federal officials that they have examined the national banks and found them sound, has restored public confidence.

Often The Kidneys Are Weakened by Over-Work. Unhealthy Kidneys Make Impure Blood. It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

Therefore, when your kidneys are weak, out of order, you can understand how tickly your entire body is affected and how every organ seems to fail to do its duty.

Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It aids the highest for its wonderful cures of the most distressing cases, and is sold in its merits by all druggists in fifty-cent and one-dollar sizes and one-dollar bottles. You may have a sample bottle Home of Swamp-Root, you may find it in your own home, or you may find it in your own home, or you may find it in your own home.

Used in Millions of Homes

Calumet Baking Powder. Complies with the Pure Food Laws of all States. Makes light, wholesome and easily digested food for the most delicate stomachs. Has for years offered \$1,000.00 for any substance injurious to health found in their baking powder.

MUNISING CIRCUIT COURT MATTERS. The circuit court calendar for the regular October term was quickly disposed of by Judge Stearns opening court Monday morning, and early Wednesday morning adjourned the session. The only case going before a jury was that of Elizabeth Peters vs. W. A. Lennon, an assumption case. Peters charged Lennon with having located his double store six months before she leased it out. W. S. Hill of Marquette appeared for the plaintiff and H. B. Freeman for the defendant. The case was tried Tuesday morning. After being out but a short time the jury returned a verdict of no cause for action.

SLAY 250,000 ANNUALLY. Scientist Makes a Remarkable Declaration About Mosquitoes. New York, Oct. 31.—Dr. Edward A. Ayer, Wesley M. Carpenter lecturer at the Academy of Medicine, has startled the scientific world by announcing that the mosquito is responsible for more than 250,000 deaths every year.

CHASED OUT OF COUNTY. Harold H. Middleton was caught at Lawson last Sunday evening and brought back here, where he was waited on a charge of larceny from the Barber shop in which he was employed and also for an unpaid board bill. He came here a few weeks ago and entered the employ of the Munising Paper company. He attracted attention shortly after by searching a hotel. He claimed to be a detective and said he was seeking to recover a stolen diamond. Later he secured a position in Parker's barber shop. Sunday evening he left town, leaving a board bill of \$10.75 behind and taking a suit case filled with articles stolen from the barber shop. His landlord, Willis Ketchum, notified Parker of his sudden disappearance. The authorities telegraphed to Lawson and Conductor McDonald arrested him, sending him back with Conductor Sleigh on the evening train. He was arraigned before Justice Duffy, who fined him \$20 and costs. This sentence was then suspended and after turning in the stolen property and paying his board bill and the costs Middleton was given four dollars to get out of the county. The judge told him if he ever returned he would have to pay the fine or serve the term.

TEACHERS IN ESCANABA. The Munising schools are closed this week on account of the meeting of the Upper Peninsula Educational association at Escanaba. Every teacher in the Munising township schools is in attendance. They left Thursday morning and will return Saturday evening. Follow.

ket panic cannot seriously harm the country. One of the things that makes a serious and widespread disaster extremely improbable, if not actually impossible, is the strong position of the agricultural interests. There are many millions of farmers in this country. They have for a number of years had good crops and have sold them at good prices. Their wheat crop is now being marketed at a price not reached before for a considerable period, and the crop is a large one. The average farmer today is in a position financially to hold his crop until market conditions meet his ideas. The world must have his products. Whatever the situation on the stock market must not. Here, then, is one of the largest elements in our population on an absolutely secure foundation. Practical-ly out of debt, its investments mostly in real estate and with a sure market for its products at good prices owing to world conditions, the position of the agricultural community is impregnable. In a time of stress such an element is to the country what the ballast is to the ship.

THE KIDNEY CURE. We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.

How's This? We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.

**City Brevities**  
Mrs. Mitchell DeHass left yesterday for a visit in Detroit.  
Mrs. Dr. Moll of Kenton is visiting friends in the city.  
W. S. Ford of Cleveland is visiting friends in the city.  
W. S. Ewing of Ilwaco was a visitor in the city yesterday.  
F. J. Jenkinson left last night on the 6 o'clock train for Chicago.  
C. L. Anderson of Ishpeming transacted business in town yesterday.  
Captain Platto of Ishpeming visited friends in the city yesterday.  
J. B. Macomber of Green Bay was a visitor in the city yesterday.  
M. J. Griffin of Ishpeming paid a visit to Marquette friends recently.  
F. L. Brown, Jr., of Michigan, was a business visitor here yesterday.  
Mrs. James Jamerson left yesterday for a visit with friends in Escanaba.  
The closing subscription dance of the season will be held tonight at Legion Hall.  
Mrs. George W. Hager and daughter Miriam were visitors yesterday at Ishpeming.  
Miss Hilma Stolhammer went to Negaunee yesterday for a few days' visit with friends.  
L. E. Schroeder of Rhineland, a former Marquette resident, is visiting friends in the city.  
Miss Sadie Seldenfeld of Columbus, O., who has been visiting relatives, left for her home yesterday.  
Mrs. Florence Best of Negaunee paid a visit recently to Mrs. Thomas Broderick of North Third street.  
Misses Edith O'Meara and Ida Olson, students at the Normal, will spend their vacation at Escanaba.  
Col. H. G. Mosher of Chicago is here visiting his son, E. D. Mosher. He will remain during the hunting season.  
Dr. Deadman has removed from Rock street to Third near the corner of Washington, the first house north of the post-office.  
Guild Meeting—The Woman's Guild of St. Paul's church will meet this afternoon at 2:30 o'clock at the home of Mrs. E. B. Palmer.  
Baptist Meeting—The Baptist Woman's Home Mission society will meet at the home of Mrs. Brooks at 2:30 o'clock this afternoon.  
Guild Meeting—The Young Woman's Guild will meet at two o'clock this afternoon at the home of Mrs. E. O. Stafford on Spruce street.  
Presbyterian Meeting—The Ladies' Aid of the Presbyterian church will meet at 2:30 o'clock this afternoon with Mrs. Charles Van Iderstine, of Spruce street.  
Aid Society Meeting—The Ladies' Aid society of the Methodist church will meet at the home of Mrs. D. W. Powell, East Michigan street, this afternoon at 2:30 o'clock.  
Ready for Winter—Orders were issued recently to equip all of the South Shore engines with snow ploughs and yesterday the ploughs were seen for the first time since last winter.  
Has a Ferris Wheel—A novelty in the shape of a window attraction is a revolving wheel in the window of the Den. A display of meerschmump pipes is shown on the wheel, which is controlled by electric power.  
Entertained Friends—Miss Hazel Penhill entertained a number of friends at a "Hallowe'en" party last night at her home, 223 North Third street. The usual "Hallowe'en" games were played and an enjoyable evening was spent.  
Swedish Society to Meet—The Ladies' Aid society of the Swedish church will meet this afternoon at 2:30 o'clock with Mrs. A. W. Lindstrom. The Young People's society will meet in the evening in the church parlors.  
Special Car Service—Cars will be run to Holy Cross cemetery this afternoon and also tomorrow afternoon. Today is All Saints' day and tomorrow All Souls' day, and the service is to accommodate Catholics who wish to visit the cemetery.  
Auto Case Continued—The case of George Ray, chauffeur for E. N. Breitung, which was to have been heard yesterday afternoon in the court of Justice of the Peace Byrne, has been continued until Monday next. Ray is charged with having exceeded the speed limit on Pine street.  
Death of Infant—Mary Louisa Brisson, the seven-week-old daughter of Mr. and Mrs. George Brisson of 503 West Washington street, died yesterday morning. The funeral will be held this afternoon at 2 o'clock from the home to the French Catholic church. The interment will be in Holy Cross cemetery.  
Finger Cut Off—Charles Lindblad, a machinist at the Lake Shore Engine works, suffered a painful injury yesterday afternoon shortly before 6 o'clock. One of his hands was caught in a piece of machinery and a finger was cut off. He was taken to St. Luke's hospital, where the injury was dressed, after which he was taken home.  
Took Their Families—Two hunting dogs of F. H. Begole recently gave birth to large families, but the advent of the puppies has not interfered with a hunting trip upon which Mr. Begole has departed. The puppies were too young to be left behind and they needed the care of their mothers, so both families were taken on the hunting trip and are now established at the Begole camp.  
Hunters Arriving—The deer hunting season is close at hand and already hunters from the lower peninsula and from remoter points are finding their way to Marquette. The early arrivals are locating camps and are establishing themselves. A party of seven that arrived yesterday from Grand Rapids is composed of George F. Schunn, W. Wolf, Charles E. Wisner, M. R. Martin, O. C. Cope, J. W. Daak, and H. W. Shorrock.  
Elected Vice President—Word was received in Marquette yesterday that Joseph Primeau, Jr., son of County Recorder Primeau, was recently elected vice president of his class in the law school at Ann Arbor. Primeau has been doing great things on the football field since he entered the university a few weeks ago and it now appears that he has also achieved a considerable degree of popularity among his fellow students.  
At Chateaugay—A party of teachers composed of the Misses Lucile Wallace, Tina Peters, Mary Deasy, Edna Richardson, Nellie Reardon and Rose Youngbluth, are guests at the Primeau summer home, Chateaugay, at Lakewood. The teachers are taking advantage of the brief holiday which was given on account of the Upper Peninsula Educational association meeting which is being held at Escanaba. Miss Louise Primeau is with the party. They are to return to the city tonight.

**ARE YOUR CANS PAINTED?**  
Beginning Today Gasoline Receptacles Must Wear Vermilion Coat.  
The bill providing that gasoline shall be kept only in receptacles which are painted a bright vermilion, and which are plainly labeled, has now become a law. It became effective today.  
After today any person who shall have a can of any receptacle containing gasoline, benzine or naphtha which is not painted red and labeled in accordance with the law, is subject to a fine of not less than \$5 and not more than \$50, or they may be imprisoned in the county jail for a period not to exceed ninety days. Not only does the law govern the storage of gasoline, benzine and naphtha, but also it is an offense to keep kerosene in a red can bearing the label gasoline, benzine or naphtha. This offense is punishable by the same penalty.  
The law is to be enforced by the state oil inspector and his deputies, who will make inspections of the stocks of dealers and also of the manner in which oil and gasoline is kept by the public generally.  
One exception to the provisions of the law is that when gasoline, benzine or naphtha is sold in bottles for cleaning or similar purposes, the bottles must bear labels stating the nature of the contents, printed in bright red letters, not less than one-fourth of an inch in height.

**LOOK TO MILWAUKEE.**  
Increase in Wholesale Price of Beer to Be Made There First.  
Wisconsin and upper peninsula brewers, it is said, will look to Milwaukee brewers for action on the price of beer, the wholesale price going up or not as these decide. This was the decision at a recent meeting of the Wisconsin and Northern Michigan Brewers' association. Colonel Gustav Pabst, president of the Pabst Brewing company, addressed the association at its opening meeting. He said that owing to the immense increase in the price of all its ingredients, it was imperative that the price of beer be raised. He intimated that Milwaukee brewers would cause a raise in the near future. No official action was taken on the matter, but they will make no move until the center of all brewing operations, Milwaukee, takes the initiative.

**300 CANAL PASSAGES.**  
Boats Locked Through, Bound for Ports on Lake Superior.  
Sault Ste. Marie, Mich., Oct. 31.—[Special.]—The upbound boats passing the canal the last twenty-four hours were as follows: Donnacona, Cumberland, 9:30 p. m.; Hayward, Saxona, 10:30; Sheidle, midnight; Troy, Warren, Cahoon, Friant, 12:30 a. m.; Riddle, 1; Wolvin (big), Holden, Choctaw, 2; Chas. The closing subscription dance of the season will be held tonight at Legion Hall.  
Mrs. George W. Hager and daughter Miriam were visitors yesterday at Ishpeming.  
Miss Hilma Stolhammer went to Negaunee yesterday for a few days' visit with friends.  
L. E. Schroeder of Rhineland, a former Marquette resident, is visiting friends in the city.  
Miss Sadie Seldenfeld of Columbus, O., who has been visiting relatives, left for her home yesterday.  
Mrs. Florence Best of Negaunee paid a visit recently to Mrs. Thomas Broderick of North Third street.  
Misses Edith O'Meara and Ida Olson, students at the Normal, will spend their vacation at Escanaba.  
Col. H. G. Mosher of Chicago is here visiting his son, E. D. Mosher. He will remain during the hunting season.  
Dr. Deadman has removed from Rock street to Third near the corner of Washington, the first house north of the post-office.  
Guild Meeting—The Woman's Guild of St. Paul's church will meet this afternoon at 2:30 o'clock at the home of Mrs. E. B. Palmer.  
Baptist Meeting—The Baptist Woman's Home Mission society will meet at the home of Mrs. Brooks at 2:30 o'clock this afternoon.  
Guild Meeting—The Young Woman's Guild will meet at two o'clock this afternoon at the home of Mrs. E. O. Stafford on Spruce street.  
Presbyterian Meeting—The Ladies' Aid of the Presbyterian church will meet at 2:30 o'clock this afternoon with Mrs. Charles Van Iderstine, of Spruce street.  
Aid Society Meeting—The Ladies' Aid society of the Methodist church will meet at the home of Mrs. D. W. Powell, East Michigan street, this afternoon at 2:30 o'clock.  
Ready for Winter—Orders were issued recently to equip all of the South Shore engines with snow ploughs and yesterday the ploughs were seen for the first time since last winter.  
Has a Ferris Wheel—A novelty in the shape of a window attraction is a revolving wheel in the window of the Den. A display of meerschmump pipes is shown on the wheel, which is controlled by electric power.  
Entertained Friends—Miss Hazel Penhill entertained a number of friends at a "Hallowe'en" party last night at her home, 223 North Third street. The usual "Hallowe'en" games were played and an enjoyable evening was spent.  
Swedish Society to Meet—The Ladies' Aid society of the Swedish church will meet this afternoon at 2:30 o'clock with Mrs. A. W. Lindstrom. The Young People's society will meet in the evening in the church parlors.  
Special Car Service—Cars will be run to Holy Cross cemetery this afternoon and also tomorrow afternoon. Today is All Saints' day and tomorrow All Souls' day, and the service is to accommodate Catholics who wish to visit the cemetery.  
Auto Case Continued—The case of George Ray, chauffeur for E. N. Breitung, which was to have been heard yesterday afternoon in the court of Justice of the Peace Byrne, has been continued until Monday next. Ray is charged with having exceeded the speed limit on Pine street.  
Death of Infant—Mary Louisa Brisson, the seven-week-old daughter of Mr. and Mrs. George Brisson of 503 West Washington street, died yesterday morning. The funeral will be held this afternoon at 2 o'clock from the home to the French Catholic church. The interment will be in Holy Cross cemetery.  
Finger Cut Off—Charles Lindblad, a machinist at the Lake Shore Engine works, suffered a painful injury yesterday afternoon shortly before 6 o'clock. One of his hands was caught in a piece of machinery and a finger was cut off. He was taken to St. Luke's hospital, where the injury was dressed, after which he was taken home.  
Took Their Families—Two hunting dogs of F. H. Begole recently gave birth to large families, but the advent of the puppies has not interfered with a hunting trip upon which Mr. Begole has departed. The puppies were too young to be left behind and they needed the care of their mothers, so both families were taken on the hunting trip and are now established at the Begole camp.  
Hunters Arriving—The deer hunting season is close at hand and already hunters from the lower peninsula and from remoter points are finding their way to Marquette. The early arrivals are locating camps and are establishing themselves. A party of seven that arrived yesterday from Grand Rapids is composed of George F. Schunn, W. Wolf, Charles E. Wisner, M. R. Martin, O. C. Cope, J. W. Daak, and H. W. Shorrock.  
Elected Vice President—Word was received in Marquette yesterday that Joseph Primeau, Jr., son of County Recorder Primeau, was recently elected vice president of his class in the law school at Ann Arbor. Primeau has been doing great things on the football field since he entered the university a few weeks ago and it now appears that he has also achieved a considerable degree of popularity among his fellow students.  
At Chateaugay—A party of teachers composed of the Misses Lucile Wallace, Tina Peters, Mary Deasy, Edna Richardson, Nellie Reardon and Rose Youngbluth, are guests at the Primeau summer home, Chateaugay, at Lakewood. The teachers are taking advantage of the brief holiday which was given on account of the Upper Peninsula Educational association meeting which is being held at Escanaba. Miss Louise Primeau is with the party. They are to return to the city tonight.

**ARE YOUR CANS PAINTED?**  
Beginning Today Gasoline Receptacles Must Wear Vermilion Coat.  
The bill providing that gasoline shall be kept only in receptacles which are painted a bright vermilion, and which are plainly labeled, has now become a law. It became effective today.  
After today any person who shall have a can of any receptacle containing gasoline, benzine or naphtha which is not painted red and labeled in accordance with the law, is subject to a fine of not less than \$5 and not more than \$50, or they may be imprisoned in the county jail for a period not to exceed ninety days. Not only does the law govern the storage of gasoline, benzine and naphtha, but also it is an offense to keep kerosene in a red can bearing the label gasoline, benzine or naphtha. This offense is punishable by the same penalty.  
The law is to be enforced by the state oil inspector and his deputies, who will make inspections of the stocks of dealers and also of the manner in which oil and gasoline is kept by the public generally.  
One exception to the provisions of the law is that when gasoline, benzine or naphtha is sold in bottles for cleaning or similar purposes, the bottles must bear labels stating the nature of the contents, printed in bright red letters, not less than one-fourth of an inch in height.

**LOOK TO MILWAUKEE.**  
Increase in Wholesale Price of Beer to Be Made There First.  
Wisconsin and upper peninsula brewers, it is said, will look to Milwaukee brewers for action on the price of beer, the wholesale price going up or not as these decide. This was the decision at a recent meeting of the Wisconsin and Northern Michigan Brewers' association. Colonel Gustav Pabst, president of the Pabst Brewing company, addressed the association at its opening meeting. He said that owing to the immense increase in the price of all its ingredients, it was imperative that the price of beer be raised. He intimated that Milwaukee brewers would cause a raise in the near future. No official action was taken on the matter, but they will make no move until the center of all brewing operations, Milwaukee, takes the initiative.

**300 CANAL PASSAGES.**  
Boats Locked Through, Bound for Ports on Lake Superior.  
Sault Ste. Marie, Mich., Oct. 31.—[Special.]—The upbound boats passing the canal the last twenty-four hours were as follows: Donnacona, Cumberland, 9:30 p. m.; Hayward, Saxona, 10:30; Sheidle, midnight; Troy, Warren, Cahoon, Friant, 12:30 a. m.; Riddle, 1; Wolvin (big), Holden, Choctaw, 2; Chas. **VANDEVENTER ENTERS THE SHIPPING LIST**

FIRST CARLOAD OF FORTY TONS OF JACK HAS BEEN SOLD TO THE GRASSELLI CHEMICAL COMPANY AT \$40 PER TON—ORE ASSAYS BETTER THAN 61 PER CENT ZINC.

The Vandeventer mine is the first of the Wisconsin lead and zinc properties promoted by Marquette county men to enter the shipping list. A carload of forty tons of jack that assayed 61.23 per cent zinc and 4 per cent lead was sold at \$41 per ton on the car at Benton to the Grasselli Chemical company. The price is the highest that zinc ore or zinc concentrates have sold for in some weeks in Wisconsin. The ore was sorted some time ago, but the officers concluded not to sell it after the price of zinc dropped. As much of the pure lead as could be knocked from the jack was taken off. The Grasselli company will take all the jack of the same quality sold this week that it can get. Several more carloads will be prepared for shipment, and it is expected that the second lot will be disposed of within a week or two. The jack purchased by the Grasselli company will not require concentrating. This is the second sale of the Vandeventer company's mine. A ton of lead from the Little Jack mine was sold last spring for \$85.

The officials of the Vandeventer company believe that their product will average above \$50 per ton after concentration, as the percentage of lead is high in places. There are about 2,500 tons of mill ore on the dump, but if this was sorted and the jack of such quality as that sold this week was taken out there would be more than 800 tons of the pure stuff, exclusive of the lead.

The superintendent reports that excellent progress is being made on the mill, at which a large force is now employed. The workmen have lost but one day on account of wet weather since being transferred from the Pine Tree plant. The second shaft, near the mill, is completed, and the equipment for it, including cage, etc., was shipped from the Lake Shore Engine works at Marquette a week ago tomorrow. The engine for the mill was sent forward at the same time, so that the outfit has probably arrived at Cuba City.

It has not yet been decided just what day the Pine Tree mill will be started, as it has been necessary to change a number of pipes since the arrival of the engine from the Lake Shore Engine works. Secretary Ruez said yesterday that the mill will be running full blast before the 15th. A number of the directors of the company will go to Cuba City a day or so before the mill is started, remaining there a week, or perhaps longer. The plant will be run to full capacity the first two weeks, or perhaps for a month, in order to test it thoroughly.

**SOME INSPIRING SCENES.**  
Howe's Program of Moving Pictures Will Be Seen Tonight.

To see a full line of battleships ploughing the deep at full speed inspires admiration. This is one feature of Lyman H. Howe's moving pictures to be seen at Ishpeming theater tonight and tomorrow afternoon and evening. Another feature is the mighty Victoria Falls in Africa, and another the reproduction of the Elks' parade in Philadelphia. The gala decorations of the city shown in this series are an artistic triumph and they form the background of one of the most unique parades of modern times. The Court of Honor is shown, teeming with good-natured thousands making of it a Garden of Life. These scenes were photographed directly in front of the city hall and within a few feet of Mayor Reyburn, when officially reviewing the parade. Another feature of the program shows 1,000 coolies making of it a record in railroad construction by laying one mile of the Cape to Cairo railroad in sixty minutes. The various processes of diamond mining—blasting, washing, cutting, etc.—will also be shown. Yachting at Cowes, England, and a stag hunt in France are admirable for their splendid settings and photography. Another series which, like that of the naval attack, could only be secured through special facilities extended by the government, shows the swiftness as seen from the front of a locomotive.

Avoid substitutes—get what you ask for.

**DEATH OF MRS. MORELL.**

Well Known Resident of Ishpeming Victim of Pneumonia.

Mrs. Rose Morell, who had been lingering between life and death for three or four days, passed away yesterday morning at 3 o'clock, pneumonia being the cause of her demise. The deceased was born and raised in Ishpeming, and she had many friends to whom her death is a great shock. It is particularly sad because of the fact that the husband is left with two little daughters, the oldest four years of age and the baby ten days. Seven weeks ago her mother, Mrs. Elizabeth Andrews, died in this city, after a brief illness.

Mrs. Morell was twenty-five years of age. She had two sisters, Mrs. Alfred Reed and Mrs. John Beard of Calumet, and two brothers, Charles Andrews of this city and William Andrews, who is located in the west. Mrs. Reed has been in the city for several days, having been called here when her sister was taken seriously ill. The funeral will be held Sunday afternoon, leaving the home at 210 Maple street at 3 o'clock. Services will be held at the First Methodist Episcopal church and will be conducted by Rev. C. L. Adams, the pastor.

**WILL HAVE FINE QUARTERS.**

The Marquette County Telephone company has secured the big office room in the front of the Miners' National bank building, formerly occupied by the late D. McVehie, and will move its central from its present location. The new switchboard is now being installed in the new room and it is expected that the transfer from the old board can be made within two or three weeks. The room at present occupied by the central girls will be fitted up for Manager Ladington's private office. The outdoor improvements, which have been under way for more than two months past, are now nearly completed. All of the cables have been raised and the connections are being made. With the new switchboard and cables it is expected that the service will be greatly improved.

**BOILERS IN POSITION.**

The five new tubular boilers, which the Oliver Iron Mining company has installed at its new boiler house at Section 21 mine, are now in position and will soon be ready for service. The building, which is being constructed by Wahlman & Son, will soon be completed. The four old boilers will be removed from the present boiler house, which is located west of the engine house. The new building is on the hill over 100 feet north-west of the engine house. The foundation for the new dry is about completed and the construction work will be started soon.

**ISHPEMING IN BRIEF.**

William Walters, a former resident, is here from Antigo, Wis.

Mr. and Mrs. J. E. Silsberg of Neelville, Wis., are in the city visiting their son-in-law, A. C. Ladington, and family.

Dr. D. McIntyre of Princeton came up Wednesday evening to remain in the city a few days. He will be relieved on the Swanzy range by Dr. R. T. Burke.

Mrs. T. F. Nugent of Milwaukee has been called to the city on account of the serious illness of her father, Timothy Dwyre, who has been sick for some time past.

Thomas Sparrow and family are moving from East Cleveland avenue to the second story of the Quays block on South Main street, the first floor of which is occupied by the Cable Piano company.

The ladies of the First Methodist Episcopal church will conduct a pantry sale at Sellwood's grocery store a week from tomorrow, Nov. 9, between 10 and 12 o'clock. The proceeds will be devoted to the building fund.

The Marquette County Medical society held an interesting meeting Wednesday evening at the Ishpeming hospital. Dr. R. T. Burke presented the only paper that was read. Following the meeting a lunch was served.

It is a well known fact that persons living in the Pine forests do not suffer from kidney diseases. One dose of Pineules at night usually relieves backache. 30 days' treatment, \$1.00. Your money refunded if not satisfied. Sold by The People's Drug Store.

**IRONWOOD GAME OFF.**

Ishpeming High School Team Will Not Go to Gogebic Range Town.

The football contest between the Ironwood and Ishpeming high school teams, which was to have been played tomorrow at Ironwood, has been postponed, but it is expected that the Ishpeming team will visit the Gogebic range town next Saturday. A message received Wednesday evening from Ironwood said that the postponement was absolutely necessary.

The teams of the upper peninsula outside of Marquette county have not had as many games on their home grounds this season as have been played here. The raising of funds to pay the expenses is the principal obstacle. At all of the games played here thus far the home team has lost money.

The Escanaba and Menominee teams are scheduled to play tomorrow at Escanaba. Both have defeated the Marquette high school team, by about the same scores, and thus they are thought to be pretty evenly matched. The winner of tomorrow's contest will be in the running for the upper peninsula championship.

It is said that both the Escanaba and Menominee teams are light but fast. It is believed that they will be forced to rely principally on trick plays.

CHARLES BURT,  
Chairman Building Committee.  
Dated, Ishpeming, Mich., Oct. 22,  
1907. (10-23-97-0)

**STOP WOMAN AND CONSIDER**

First, that almost every operation in our hospitals, performed upon women, becomes necessary because of neglect of such symptoms as Backache, Irregularities, Displacements, Pain in the Side, Dragging Sensations, Dizziness and Sleeplessness.

Second, that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, has cured more cases of female ills than any other one medicine known. It regulates, strengthens and restores women's health and is invaluable in preparing women for child-birth and during the period of Change of Life.

Third, the great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time being published by special permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

**Lydia E. Pinkham's Vegetable Compound**

For more than 30 years has been curing Female Complaints, such as Dragging Sensations, Weak Back, Falling and Displacements, Inflammation and Ulceration, and Organic Diseases, and it dissolves and expels Tumors at an early stage.

**Mrs. Pinkham's Standing Invitation to Women**

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, Lynn, Mass. for advice. She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years, and before that she assisted her mother-in-law, Lydia E. Pinkham in advising. Thus she is especially well qualified to guide sick women back to health. Write today, don't wait until too late.

**THE Inner-Player**

Made by the Cable Co. is the best perfected of Player Pianos.

The transposing device, the pedal control, the miniature keyboard, simplicity of construction, the superb tone quality, the compactness of all the parts are only a few of the points of superiority.

**This is the only Player-Piano absolutely guaranteed by the manufacturer.**

The price of the Inner Player is very reasonable and we will take your old instrument in exchange as part payment.

Let us demonstrate this wonderful instrument to you at our store.

#### LOCAL LAONICS.

E. M. Mackey of Kenon was a Negaunee visitor yesterday.

Mrs. W. F. Anderson has gone to Ripon, Wis., to spend a short time with friends.

R. G. Quinn of Milwaukee came to the city yesterday to attend the funeral of the late John C. Kruse.

The funeral of the late Ole Johnson will be held tomorrow afternoon at 2 o'clock from the home of P. C. Peterson on Case street.

The new coal dock at the Prince of Wales mine, which is being erected by Henry Hartman, of Marquette, will be completed next week.

Miss Hazel Beck, age sixteen years, daughter of Mrs. Alex Beck, died Wednesday evening. The funeral will be held tomorrow morning at 10 o'clock from St. Paul's church.

A number of Negaunee people will attend Hove's moving picture exhibition at Ishpeming theater tonight. The company will give matinee and evening performances tomorrow.

Coroner William Prim, who, in company with Marshal Corbett, removed the body of the late Ole Johnson from the tree in the swamp north of Eagle Mills, concluded that an inquest was not necessary.

The wholesale price of gasoline, a product of the Standard Oil company, has been reduced three cents per gallon. The local retail dealers are now selling five gallons for \$1. The former price was \$1.25.

Preparations are being made for organizing basketball teams of high school boys and girls. Practice work will be started soon and it is expected that games will be arranged as soon as the football season ends.

Henry Bohem, who conducted a sausage manufacturing business on East Iron street for more than a year past, has disposed of his interests here, and has gone to Menominee, where it is said he intends to engage in a similar business.

Nearly all of the Negaunee school teachers left yesterday morning for Escanaba to attend the meeting of the Upper Peninsula Educational association. The two regular coaches on the Northwestern were so crowded that it

was necessary to take a coach from the train which runs to the western end of the county every day and attach it to the southbound passenger. The Ishpeming teachers almost filled one coach.

Mike Phillippi, a well-known Italian miner of the city, who has been employed at the Cambria for a number of years, left last night for his native place in Italy, where he will spend three and perhaps six months visiting his family. It is possible that he will bring his wife and children to Negaunee when he returns.

The opera seats for the Bijou theater arrived in Negaunee yesterday. A mistake was made in the shipment, they having been sent from Grand Rapids to Chicago instead of direct to Negaunee. The freight bill on the 291 chairs was \$18, but Manager Archer entered a protest, claiming that he should not be charged for the errors of either the railway company or the chair manufacturers.

There will be a meeting of the indoor baseball players of the city Sunday afternoon to talk over matters pertaining to the organizing of one or more teams. It is possible that a local league will be formed and a series of contests played during the winter months. The Adelphi rink will be available three evenings a week as Manager Wilson will not use it for skating purposes on Monday, Wednesday and Friday nights.

Jerry Bennett, driver of No. 1 horse team, fell very badly yesterday over the loss of his pet bull dog, which was run over by the horse cart as it was going to the Leisen & Henes barn fire. The dog always turned out with the team, running ahead of the horses, but it got under the wheels of the cart as it was turning the corner at Iron street. The dog was a great favorite with all of the firemen.

The Negaunee and Marquette high school teams will meet a week from tomorrow at the Union Park gridiron. This may be the last game of the season as the teams in the other towns of the upper peninsula do not seem disposed to give the teams of this county a chance to play them on their home grounds, doubtless due to the fact that they cannot stand the expense necessary to bring in the visiting eleven.

"Let us have some Cudahy's Peacock bacon and calves liver for supper Maac" say young and old. (11-27-00)

## Negaunee Department

### NIGHT SCHOOL TO OPEN NEXT MONDAY EVENING

**SUPERINTENDENT ORR SCHURIZ  
TELLS HOW NEW DEPARTMENT  
IS TO BE CONDUCTED--TUITION  
WILL BE FREE.**

Speaking of the night school to be opened at the Case street building, Superintendent Orr Schuriz yesterday said: "It will be a regular department of the public school system, paid for out of the school funds, and under the same direction and control as all other parts of the school system. Tuition will be free to residents of the district. The commercial instructor, C. G. Squires, will do all the teaching for the present. Should the attendance be too large for one instructor to do the work, a second teacher will be appointed. The school stands ready in this way to afford these who have been compelled to leave school to earn a living for themselves or their relatives an opportunity to get a good, practical business education and at the same time continue their regular occupations. The night school is intended principally for young men and women who have been denied the privileges of school through no fault of their own, who now find themselves in need of a better education and wish to get on in the world. Such will be welcomed, and in addition other persons who wish to learn to read, write and spell.

"While all these will be received gladly, there will be no room for triflers. Every applicant for admission will be enrolled and a record of his attendance, etc., kept, just as in the day schools. It is the intention to continue the school for about five months, with three sessions weekly, Monday, Tuesday, and Friday nights, from 7 to 9 o'clock, in the commercial room at the high school building. This, however, will depend on the results shown during the first month. If these are satisfactory and if those for whom the school is provided show their appreciation in attendance, application and progress, it will be continued, but not otherwise. Any person who has the desire and ambition to attend three nights in the week for five months can not help getting much good out of such a school.

"In making this venture the school authorities feel they are doing their part to keep our school system in line with the most progressive cities. If there is the response they anticipate the night school will become a permanent feature, and will be enlarged and improved as soon as the new high school building is ready for occupancy."

#### CUBS WIN CONTEST.

Team Organized by J. M. Perkins Downs H. J. Peterson's Tigers.

The Cubs and Tigers, the former organized by J. M. Perkins and the latter by H. J. Peterson, bowled a close contest at Orr & Tompkins' alleys Wednesday evening, the former winning by a margin of six. Mr. Perkins' team, which is high man, with a total in three games of 504, and two other members of his team, Reichel and Kirkpatrick, were a tie for second place. The scores were as follows:

	Total
Cubs.....	504
Perkins.....	154 175 175 304
Wentela.....	143 110 124 377
Johnson.....	136 148 169 453
Reichel.....	140 159 174 480
Kirkpatrick.....	126 178 176 480
Totals.....	699 777 818 2294
Tigers.....	494
Perkins.....	132 144 138 414
J. Johnson.....	124 141 114 379
Wasnath.....	138 130 160 428
Mitchell.....	145 144 132 421
William.....	145 132 169 446
Totals.....	684 711 733 2128

Another team composed of Ed. Saunders, Fred Olds, Sam Schwartzberg, Otto Geisler and Charles Vincent, has been organized. It will bowl its first match some evening next week. The Aces and Ishpeming team are to bowl another match here next Tuesday evening.

#### FUNERAL OF JOHN C. KRUSE.

The remains of the late John C. Kruse, a former resident who met a tragic death while hunting at Witch Lake last Monday, were received in Negaunee yesterday morning at 10 o'clock. The members of the family accompanying the remains were August Kruse, his father, Henry Kruse and wife of Burton, Minn.; Mr. and Mrs. J. Bertrand of Marquette; Mr. and Mrs. J. H. Butler of Oskosh, Wis., and the Misses Anna, Ida and Louise Kruse. About twenty friends from the Menominee range were also present. The remains were escorted from the union depot to St. Paul's church, where a requiem high mass was celebrated by Rev. Charles Langner, the pastor. Interment was in the Negaunee Catholic cemetery. The funeral was largely attended by Marquette county friends of the deceased.

#### BARN FIRE YESTERDAY.

Structure Owned by Menominee Brewing Concern Damaged at Early Hour.

The barn owned by Leisen & Henes, the Menominee Brewing concern represented here by H. W. Jackson, had a close call from being completely destroyed by fire yesterday morning at 5 o'clock. The barn is situated at the rear of the building occupied by John Ghirli, on Iron street, in the center of a district where there are a number of frame buildings located close together, and for a time it looked as though the entire block would be wiped out, but the firemen responded to the alarm promptly and did excellent work. It required four streams to extinguish the blaze.

The origin of the fire is unknown, but it is thought that it was started from a match or cigar stub thrown into the shed, which is part of the barn structure, with entrances on the south side. It would seem that the fire smoldered most of the night, and there were evidences of its having burned for some time before it was discovered. The interior of the shed was charred and the blaze had entered the stable rooms and had crept to the roof. The latter was almost completely burned, and the interior of the barn was badly charred in several places. There were three horses in the barn, two owned by the brewing company, and one by Robert Jackson, Jr. The latter a valuable horse he recently purchased from Matt Aho, who brought it from Wisconsin. Ned Maloney, who was one of the first of the firemen to arrive, forced open the door and released the horses. He did this just in time as the animals could have lived much longer as the barn was filled with smoke. It took nearly an hour to extinguish the blaze and it was necessary to cut several holes through the corrugated iron on the outside of the building. The structure was built about a year ago. Immediately to the east is the company's storage house. The fire scorched the building somewhat but none of the stock was damaged, as the lining between the main walls are filled with ice. Mr. Jackson placed a carload of stock in the barn Wednesday.

The structure will be put in good repair as soon as possible. The Leisen & Henes company carries its own insurance on all of its buildings. It is said to have 110 structures, including the buildings at its plant and the ones used by its agents in its territory.

#### DIED AT BISBEE.

Thomas Easterbrook received a telegram yesterday morning from his brother, Joseph, a former resident of Negaunee, now located at Bisbee, Arizona, advising him that his wife had died of typhoid fever. Mr. Easterbrook and his family left Negaunee about five years ago, moving to Escanaba, where he held a position with the Chicago & North Western Railway company until they moved to Bisbee. The deceased was very well known in Negaunee, as the family had lived here for a number of years.

Mothers with little children need no longer fear cough, colds or whooping cough. Dees Laxative Cough Syrup the Soulds, clears the head, guarantees relief by The People's Drug Store.

"What shall we have for breakfast?" "Why Cudahy's Peacock Ham and Eggs of course; they are always acceptable especially at this season of the year." (11-27-00)

## ONLY NECESSARY TO TREAT THE STOMACH

### Claim of Central Figure in Recent Controversy Is Novel.

The new theory advanced by L. T. Cooper relative to the human stomach has attracted such widespread attention that the public in cities visited by the young man has been joined by many physicians in a discussion of his beliefs and medicines. Mr. Cooper says that human health is dependent almost entirely upon the stomach. He says that no disease can be conquered without first alleviating all stomach disorders. He further says that most men and women of this generation are half-sick, owing to degenerate stomachs. And lastly, he claims that his New Discovery medicine will rejuvenate the human stomach in 30 days.

Mr. Cooper has been traveling from one city to another, conducting in each what he calls a campaign of education. For the past year he has met the public in the larger cities of the country, and his success has been phenomenal. Thousands of people have flocked to his headquarters wherever he has gone, and the sale of his medicine has been beyond anything of the kind ever before witnessed.

Possibly the most interesting feature of the attention this young man has attracted is what his army of followers, whom he has converted to his beliefs through his medicines, have to say on the subject. The following statements are from two well known residents of Chicago and Boston, respectively, and the enthusiasm of these is characteristic of Cooper's admirers generally.

Mrs. H. B. Mack, of 3201 State street, Chicago, says: "I have been suffering for 12 years from a combination of stomach troubles, catarrh and constipation. I had a gnawing pain in the pit of my stomach, a sort

of dull pain that I could not quite understand. Then there was a dull headache, and my mind seemed to be wandering continually. I could not eat, and what little solid food I did eat I could not retain on my stomach. I tried every remedy I could think of, and also tried out a number of patent medicines, but without any apparent result. It was through one of my friends that I heard of Cooper's preparation, and I immediately decided to try some of it. It is two weeks since I took my first dose of it, and I feel like a new woman. The headache seems to have disappeared, and the pain in my stomach along with it. The medicine is worth its weight in gold, and I want to thank Mr. Cooper for what he has done for me."

Mr. Edwin F. Morse, of 20 Oakley street, Dorchester, a suburb of Boston, says: "For three years I had not a well day. My stomach was in frightful shape; the mere thought of food would nauseate me, and I really had a horror of anything to eat. All solid food would cause me extreme indigestion, bloating and gas on my stomach, and nothing tasted right. Some time ago I got some of this Cooper's medicines, about which there is so much talk. I actually feel as well and strong as a boy ever since the first bottle. Every sign of stomach trouble has disappeared, and I have a hearty appetite and eat three square meals; every thing seems to taste good. Anyone who knows what chronic indigestion is can appreciate what this means to me. I consider this the most remarkable medicine I ever heard of." We sell Mr. Cooper's medicines, and find them to be all he claims. —Peoples Drug Store, Ishpeming, Mich.

VICTIMS RAILROADED TO INSANE ASYLUMS

C. W. MASON REITERATES CHARGES WHICH HE MADE RECENTLY AND WHICH WERE DENIED.

ARE PLACES OF HORROR

Declares That Dr. Campbell's Own Statement Tends to Prove That His Previous Assertions Are True.

C. W. Mason, editor of the Northwest-ern Farmer, who recently created a wave of interest by charging that old people, whose only offense was inability to look after themselves, were improperly committed to and confined in the Newberry asylum, at the instance of heartless relatives who thus successfully sought to have the burden of their support shifted onto the state, has followed up his first utterances on the subject with another article in which he reiterates the charges and gives some of the reasons why he believes they are substantially correct.

"No one can have any adequate idea of what an insane asylum really is without a visit to such an institution," said Mr. Mason. "It is probable that the vast majority of our people have never visited an insane asylum and are therefore ignorant regarding the real conditions that exist there, the methods of conducting asylums, the medical attention given the patients and the treatment the latter receive from their attendants. Such a visit, together with a little careful investigation and study, will undoubtedly bring very great surprises to one seeking to learn conditions as they really exist.

"In my previous statement I asserted that aged, indigent and helpless persons are committed to insane asylums by relatives who wish to be rid of them for one reason or another. The more I study the question the more that belief is strengthened. My own investigations are corroborated by the testimony of many others qualified to express an opinion—persons who have held official positions, former asylum attendants and others. The press has, to a certain extent, attempted to discredit my allegations but some have admitted their at least partial truth, or have taken a neutral position till the facts are ascertained, while nearly all the newspapers which have been discussing the matter admit the possibility, if not the probability, of the charges being true.

"My previous statement referred especially to the Northern Hospital for the Insane at Newberry, particularly because of a recent visit to that institution, and also because Menominee county lies within its jurisdiction. Dr. Earl H. Campbell, able medical superintendent of the asylum, in part denied the accuracy of some statements I made, in so far as they relate to the Newberry hospital. However, some parts of Dr. Campbell's own testimony, it would appear, tend to prove my previous assertions.

"An insane asylum is a place of horror, as anyone who has visited them will agree. To confine violent and incurable cases in such a place is necessary to commit real cases of insanity to their scientific care and treatment is highly desirable, provided they receive the necessary study and care it is expected and supposed is given them, but to imprison in such places persons who may not be at all demented or whose condition in no way justifies such commitment, all agree, is as criminal as it is heartless. And is it not true that persons of nervous, sensitive, or imaginative temperament, who may be slightly demented, if at all, if forced into an asylum and associated more or less with other insane persons or left in barren solitude, would tend to become worse instead of better?

"In response to a question, Dr. Campbell is quoted as stating that there are now in the Newberry hospital approximately fifty persons who might safely be cared for at home. When asked whether persons were ever confined in the asylum against their will and simply because their unnatural relatives wish to be rid of them, Dr. Campbell is quoted as stating that he had no knowledge; there might be an isolated case of that kind from time to time in the asylum population, which runs nearly 700 persons." He added that he did not believe the practice was very often resorted to. Now if there may be an occasional case of this kind, may it not be that there are possibly a number of such cases?

"That there are persons confined in the Newberry asylum who ought not to be there seems indisputable. According to the superintendent, there are approximately fifty cases, at least, that might be cared for at home, were the relatives of the unfortunates willing to give them the care and consideration that love and the ties of kinship would seem to claim as their just due. The doctor also admits that there may be occasional commitments, where the patients are not insane, and these, of course, should not be there under any circumstances.

"While visiting the Newberry asylum recently one of the doctors told me that there are a number of feeble-minded persons there and pointed out one old lady, a resident of Menominee county, whom he said was not insane, but simply old, feeble and subject to epileptic fits. In my presence the aged woman, with affecting pathos, begged to be allowed to return home.

"Paupers Also Sent. "As I understand it the Newberry hospital is for the care of the insane alone—for the confinement of incurables and the curing and improvement of other cases. It is not an almshouse nor is it a place for persons of mere feeble mind. There are almshouses in the different counties, while at Lapeer is located a special institution for the care of feeble-minded and epileptic persons. In some instances, I am informed, the feeble-minded cases are simply old persons who are in their dotage and whose faculties

have been clouded by advancing age. Yet no one will claim that every 'childish' old man or woman should be imprisoned in an insane asylum or even sent to the Lapeer institution. In almost every community one can find old persons in this condition but the majority of these cases are cared for by relatives and their very state of infirmity and dependence calls forth qualities of added patience and tenderness in the natural relatives. It is generally old persons who have no relatives, or whose relatives are devoid of the natural human feelings, I am informed, who are committed to state institutions, frequently, it is said, to be rid of the care and cost of their maintenance. It is charged that counties, as well as individuals, have done this with paupers. And the state has to care for these persons at considerable cost, that should not properly be charged up to the taxpayers.

"There are in Michigan today four large state asylums besides the asylum for feeble-minded and epileptics at Lapeer and the asylum for the criminal insane at Ionia. On June 30, 1906, the Michigan Asylum, at Kalamazoo, had a total of 1757 patients, the Eastern Michigan Asylum, at Pontiac, had 1214; the Northern, at Traverse City, had 1510, and the Upper Peninsula, at Newberry, had 698. The Lapeer asylum for feeble-minded had 650 and the Ionia institution had 361. Besides these there is the Wayne county hospital and other county asylums. If fifty or more out of the 600 or 700 at Newberry could be properly cared for at home, what proportion in the whole state are needlessly or wrongfully confined? How many people are shirking their responsibilities? How much money is being exacted from the people to foot these bills? And how many helpless persons are condemned to a life of misery?

Says Charges Are True. "A former official of Menominee told me, within the week, that there is no question of my charges being true. The gentleman in question was formerly a deputy sheriff of the county, accompanied numerous patients to Newberry and is familiar with the institution. A former attendant at the Newberry hospital endorses this statement and adds many concrete details.

"I do not believe that this practice is confined to northern Michigan and affects the Newberry asylum alone, but that it may be found in connection with most institutions of the kind. A gentleman who formerly resided in another state, told me recently that he knew one particular case that excited his sympathy. It was the case of a refined, cultured lady who was railroaded to an insane asylum by a brutal husband, who had secured possession of her fortune and then found her an obstacle to his marriage to another woman. Accordingly he secured her commitment to an insane asylum and thus obtained his own freedom. One of the medical superintendents of the asylum was quoted as saying that there was absolutely nothing the matter with the woman.

"What I wish to prove at this time is that there are cases in insane asylums that should not be there. It is for the humanity of the public to demand to know to what extent this practice is carried on and to put a summary stop to it. It is for the authorities in each county to investigate conditions at home and to carefully scan each case of insanity to see that absolute justice is done. Those persons who seek to be rid of the helplessness or burdensome relatives, as described in this article, should receive the general condemnation and scorn they so richly deserve.

Should Use Care. "The Newberry asylum is a very fine institution of its kind. It is, as far as I know, fully equal to the best institutions of the kind in the country. However, it is no easy task to care for nearly 700 persons of the dependent kind that are confined there, and, therefore, of necessity, unpleasant features inherent to any such large institution. I do not wish to cast any reflections upon Dr. E. H. Campbell, the superintendent, nor on his able and courteous assistants who have done me the utmost consideration during my visit to Newberry. I aim at the people as a whole, especially those who are dealing with demented relatives or such as they wish declared demented. At the same time I urge the people to give closer attention to the handling of their insane cases, real or alleged, and I urge that state and county officials use greater care in the discharge of their duties and look more carefully into the commitments to insane asylums."

HUNTERS' SPECIAL. Will Be Run Between Marquette and Big Bay Nov. 3, 10, 17 and 24.

Next Sunday, Nov. 3rd, is the first Sunday on which the special hunters' train between Marquette and Big Bay will be run. The train will leave Marquette at 6 o'clock in the morning and returning it will leave Big Bay at 5 p. m. The round-trip fare to Birch will be 75 cents, to Big Bay \$1. This special will also be run on the Sundays of Nov. 10, 17 and 24. The tickets will be good only for day of sale.

Train leaves Marquette 6 a. m., arriving at Pickere Lake 6:25, Buckroe 7:35, Birch 6:47, Powers 6:58, Antlers 7:09, Ransom 7:14, and Big Bay 7:20 a. m.

Returning train leaves Big Bay at 5:00 p. m., Ransom 5:05, Antlers 5:14, Powers 5:20, Birch 5:32, Buckroe 5:41, Pickere Lake 5:52, arriving at Marquette 6:20 p. m.

LADIES LIKE IT. There has been a regular stream of ladies calling on The Stafford Drug Co. within the last few days to secure one of E. Burnham's illustrated booklets, "How to Be Beautiful." E. Burnham, after years of study and research, has found a remedy for all facial blemishes, wrinkles, crowsfeet, moth patches, dark and discolored skin, etc.

E. Burnham has been in business upwards of forty-two years, has employed the best chemists that money would procure in his researches, and the money he has expended in obtaining and producing his celebrated toilet requisites, far exceeds that of any other manufacturer in the world.

His toilet requisites are perfection, and do all he claims for them. Several of the leading ladies of this city who have used his toilet requisites will substantiate this statement.

The Stafford Drug Co. has just received a new line of his goods and a quantity of these booklets, which should be in the hands of every lady.

LEHIGH COAL. The best coal on earth. Now is the time. Consolidated Fuel & Lumber Co. (4-27-11)

THEATRICAL.

"Humpty Dumpty."

Tonight will usher in for the benefit of amusement lovers one of the best-known plays on the American stage, "Humpty Dumpty," a genuine English-trick pantomime, illustrating "Old Mother Goose's" fairy tales in the quaint old English style. The Saville "Humpty Dumpty" company bears a fine record throughout the country where it has been playing. In many cases it has, by special request, played return dates within ten days. This certainly speaks well for the company and the production. The entire cast is said to be made up of well-known artists in the profession, headed by the famous pantomime clown, George H. Adams, the man who has made millions laugh. He has long been acknowledged the "king of fun-makers" in this country. We are assured that to visit this show means 150 good hearty laughs in the same number of minutes. They are said to have a fine chorus of pantomime girls, beautifully costumed, all good singers and dancers, introducing the very latest numbers in their line, among them an original "Buster Brown" chorus, with the famous "Buster Song," "Tige," etc.

Numerous other novelty vaudeville acts are introduced, which are said to literally pepper and salt the entire entertainment with high-grade, up-to-date specialty features. Much is said regarding their beautiful elaborate scenery.

Mildred Holland Coming. Those who have seen the play, "A Paradise of Lies," Mildred Holland's newest success, say the name most aptly fits the drama. Of this local theatergoers may judge when "A Paradise of Lies" is produced at the opera house next Wednesday.

It is claimed the play unfolds one of the prettiest stage stories ever produced. The plot centers around love and lies. The love of a pure woman for a man, even though he be that of a strolling player; the love of the man of the world whose intentions are nothing more than the caprice or fancy at the moment for a pretty face; the idolatrous worship of a woman for a man whose life she knows amounts to passing amusement; the further love of a woman of great ambition, who will stop at nothing to achieve her desired ends—all make a fitting contrast of emotions in the story of this drama.

SUIT DISMISSED. Parker Case With Odd Charges and Answers Is Now Out of Court.

The suit for the annulment of marriage brought by Augustus C. Parker against Mrs. Hattie Parker has been dismissed for want of proper prosecution and to all intents the matter now is out of court.

In his petition, which was filed July 26 last, Parker charged that the woman he married and with whom he lived in Marquette for nine years, had another husband living. Some weeks later Mrs. Parker, who lives at 175 Crescent street, published a notice "to all parties that any and all debts contracted by A. C. Parker will not be recognized or paid by me."

Explaining the charge made by Parker in his suit, Mrs. Parker said that she had married a man after they were married and as Hogan had another wife she says she never regarded her marriage with him as binding in any manner.

HALLOWE'EN PASSES QUIETLY. Police Say Youth of City Were Good and No Arrests Are Reported.

If sections of fence are missing this morning and if the treetops are decked with gates and front-yard furniture, then the police are in error, for last night the police stated that the youth of Marquette held their gaily well and that Halloween evening had passed in comparative quiet. No arrests were made.

In all parts of the city doorbells were kept ringing and the nerve-racking tick-tack-toe played a prominent part on front window panes, but it is said that there was only a small amount of destructive mischief done. Down town early in the evening plate glass windows were well soaped and the efforts of amateur artists will greet many a proprietor this morning as he opens his shop. There were a number of lighted pumpkins abroad also and these marched little bands of happy youngsters. The usual number of Halloween parties were given.

FALSE ALARM THIS MORNING. A false alarm of fire, turned in from box 12, at the corner of Hampton and Allen streets, was responsible for a needless run by the hose company at 12:30 o'clock this morning. It is supposed that young men engaged in a Halloween lark were responsible. This conclusion is borne out by the fact that in two places on Division street the roadway was found obstructed by wagons and wagon boxes. In both places collisions with the barricades were narrowly averted by the driver of the hose cart.

Fortify and increase the life-giving properties of the blood and your vital force will be increased and your system protected from disease. That's what Hollister's Rocky Mountain Tea does. 35 cents, Tea or Tablets. The Stafford Drug Co.

FINE FURS. Mr. J. E. Monroe, representing Lanpher, Skinner & Co., St. Paul, will be at Ormsbee & Atkins' Monday, Nov. 4th, with a complete line of ladies' fur garments and new-wear and gentlemen's fur and fur-lined overcoats. Seal-skin garments made to measure from extra quality genuine Alaska sealskins. You are cordially invited to inspect his line. 10-31-11.

FOR SALE. The Grand Family theatre is for sale, the owner having other matters which require their entire attention. The house is making money and the opening is a good one for the right party. Mr. S. C. Kops is manager at present and will be pleased to talk business with prospective buyers. (10-30-11)

Boys' Flannel Waists

We have just opened a fine line of Boys' Flannel Waists in Navy Blue, Silver Gray and Dark Gray. Extra well made.
