

NEW YORK BANKS HOLDING ALOOF

Pending Some Sort of "Assurance" from Washington They Aren't a Bit Keen About Investing in Treasury Certificates.

They Are Willing to Buy, but They Want the Money They Pay Out Left on Deposit in Their Vaults—However, the West Is Expected to Be a Heavy Subscriber, and It Will Undoubtedly Get the Great Bulk of the Issue.

New York, Nov. 20.—The government's issue of \$100,000,000 of treasury certificates of indebtedness continued today to engage the attention of the New York bankers, who apparently have not reached a definite decision as to the course they shall pursue.

High Premium on Currency. The currency premium varied between 2 1/2 and 2 3/4 per cent during most of today's negotiations, with some transactions as high as 3 per cent.

Chance for Small Investors. Some New York banks are said to be holding off in the matter of subscriptions so as to give small investors with hoarded savings a chance to put in their claims and thus draw into circulation the money for which the certificates were largely designed.

STOCK MARKET ERRATIC. Mid-Day Rally Fails to Hold, and Close Is Weak Again. New York, Nov. 20.—The course of prices in the stock market was uncertain and fluctuating throughout the session today.

VOTES CONFIDENCE IN MR. GOMPERS

As Climax to Remarkable Demonstration, American Federation of Labor Proclaims Unshakable Loyalty in Its Leader.

Even Socialist Victor L. Berger Joins in Ovation Accorded the President of the Big Organization When in Dramatic Manner and in Speech That Causes a Sensation He Tells of an Alleged Attempt on the Part of Capital to Bribe Him.

Norfolk, Va., May 20.—A great sensation was created in the American Federation of Labor convention this afternoon by a speech replying to attacks upon himself and other officers of the federation by the other officers of the federation by the Manufacturers' association when he told of an alleged attempt to bribe him at the Victoria Hotel, New York, in October.

WASHINGTON PLEASED

Volume of the Applications for Treasury Certificates Is Entirely Satisfactory.

St. Louis, Nov. 20.—At a meeting of St. Louis bankers today, it was decided to take \$1,000,000 of the government's treasury certificates.

Reports from Paris that negotiations are still going on for a large shipment of gold from the Bank of France were received here with interest. No doubt is felt by bankers that the one-year certificates can be employed directly or indirectly as security for the shipment of gold if the details can be arranged in a manner acceptable to both parties.

Reports were received today from the United States assistant treasurers at New York, Philadelphia, Baltimore, Boston, Chicago, Cincinnati, St. Louis, New Orleans and San Francisco of the amount of applications for certificates received at each point. The figures were not made public, but were said to be entirely satisfactory to the treasury officials.

BLUEJACKETS' GIFT

Miss Helen Gould, Idol of the Navy, Presented With a Silver Loving Cup.

New York, Nov. 20.—First, because she is a friend of the sailor, but also because she gave nearly half a million dollars towards the Warrenton's Young Men's Christian association home in Brooklyn, the thousands of enlisted men of the navy presented Miss Helen Gould with a silver loving cup today.

The building and furnishings cost \$900,000, and the funds were furnished equally by Miss Gould and Mrs. Russell Sage. The presentation was made in the auditorium of the Young Men's Christian association building, near the navy yard, and though only 800 men could be spared from the routine work for the occasion, those present included representatives of all the war vessels in the harbor.

"BEEF TRUST" DEFENDED.

Muskogee, I. T., Nov. 20.—In the Trans-Mississippi congress today speeches were made on a variety of topics, J. F. Barstow, of Barstow, Tex., declared that if the swamp lands of the country were reclaimed enough land would be afforded for 2,000,000 farm homes and the value of the nation's crops would be increased \$2,000,000,000 per annum.

WEATHER FORECAST

Washington, Nov. 20.—The following is the weather bureau's forecast for Upper Michigan: Rain or snow, Thursday, with high shifting winds; Friday, partly cloudy; local snows near Lake Superior.

Want Popular Primary Held in Ohio to Determine the Choice of the Party for the Presidential Nomination.

REPUBLICAN LEAGUE'S EXECUTIVE AND ADVISORY COMMITTEES COMING OUT IN FAVOR OF FORAKER, WAR HEAD'S CAMPAIGN MANAGER SAYS NOTHING ELSE WAS TO BE EXPECTED OF BODIES OF THE SENATOR'S OWN CREATION, THEN HE ISSUES HIS PROPOSITION.

Columbus, O., Nov. 20.—Senator Foraker today was formally endorsed for re-election to the senate and for the Republican nomination for president at a meeting of the executive and advisory committees of the Ohio League of Republican Clubs.

SENATOR'S STAND ENDORSED.

The resolutions of the joint committee endorse the position taken by Senator Foraker on the matters above cited, and declare that he is entitled to the support of the policy of protection of American industries and American labor need not fear the attacks of its enemies, whether made in the open by avowed free traders, or by those who, in the guise of friends, profess to improve it by a downward revision of duties and every American citizen, white or black, and no matter how humble, would feel and know that there would be fearless enforcement of the laws enacted for the protection of his rights.

UNCLE JOE IN PERIL

In Railroad Wreck, Speaker of the House Has Narrow Escape from Serious Injury.

Danville, Ill., Nov. 20.—Speaker Cannon was in a railroad wreck at Bismarck, near Danville today. He escaped injury, although his life was in great danger. Train No. 4 of the Chicago & Eastern Illinois ran into an open switch, derailing two cars, in one of which Mr. Cannon was riding. The speaker's car lurched across the track, but he miraculously did not overturn. Beyond being badly shaken up, none of the passengers or trainmen were injured.

FIREMAN DIES IN TRAIN COLLISION.

Pooria, Ill., Nov. 20.—A Chicago & Alton passenger train and a Vandalia freight collided today at Farmdale, six miles east of here. One trainman was killed and several persons were injured. The dead man was Earl Wieroff, of Terre Haute, Ind., a fireman on the Vandalia. The injured are: Charles Lee, baggage man; A. H. Wright, Terre Haute, Vandalia engineer; Sam P. Wilkinson, Dwight, Alton engineer; F. H. Osborn, Dwight, Alton fireman; W. F. Spangler, Peoria; A. Bingham, Terre Haute, brakeman. The wreck was caused, it is alleged, by the Vandalia engineer disobeying orders and attempting to make a four-mile run for a switch to meet the Alton passenger.

MEET THE PRESIDENT.

Letter Carriers' Officers Are Callers at White House.

Washington, Nov. 20.—The officers and members of the executive committee of the National Association of Letter Carriers were introduced to President Roosevelt today by First Assistant Postmaster General Hitchcock. The president made a brief speech welcoming the visitors and complimenting them on the excellent organization they have perfected.

MICHIGAN TRAGEDY

Gaylord Young Man Shoots and Kills His 15-Year-Old Sister and Himself.

Gaylord, Mich., Nov. 20.—Frank Valot, aged twenty-one, tonight shot and killed his sister Laura, aged fifteen, and then committed suicide. The Valots lived at Riggsville. A week ago Laura, it is said, was driven from home by her parents on account of some family troubles, and accompanied by her brother Frank she came to this place. Charles Valot, another brother, visited the rooms occupied by them tonight, and found them both dead.

BURIED GOLD IN CHEROKEE NATION

Destruction of Old Wood Residence Reveals Story of Treasure.

Muskogee, I. T., Nov. 20.—When the old Wood residence, two miles southeast of Tahlequah, in the Cherokee Nation, was destroyed by fire last week, one of the most notable hoards in the Cherokee Nation disappeared. More than fifty years ago it was owned and occupied by William P. Ross, the first editor of the Cherokee Advocate, a paper published in the interests of the Cherokee Nation, in their native language, the expense of which was borne by the Cherokee National government. Mr. Ross was afterward principal chief of the Cherokee Nation, and upon various occasions a delegate to Washington and president of the Cherokee board of education.

TO PREVENT CAR SHORTAGE.

Representatives of Twenty-Three Western Roads Take Action.

Chicago, Nov. 20.—Twenty three railroads, through their representatives in conference in this city today, have agreed to the imposition of a penalty of \$5 per car for the diversion of freight cars. Twelve roads declined to sign the agreement. The effect of this rule, whose adoption will, it is believed, result in the prevention of car shortages to a great extent.

PUBLIC MEETING HELD AT LANSING

Questions of Municipal Ownership and Home Rule Discussed at Open Session of Constitutional Convention Committee.

Mayors and Other Officials of Cities Are Heard in Favor of Control and Operation by the People, and the Chief Executive of Kalamazoo Takes Occasion to Score the Men Who Pay No Attention to Civic Affairs Yet Are Prone to Criticize.

Lansing, Mich., Nov. 20.—[Special.]—The constitutional convention hustled through its work today in order that the members might attend the public meeting of the committee on cities and villages where municipal ownership and home rule were discussed. The convention refused to concur with the committee on rules that Dec. 10 was the best time to set as the limit for the introduction of proposals, and it tabled the matter.

In one proposal reported out from the legislative department committee today was a clause providing that bills must be printed and in the possession of the legislature ten days before they pass. This would forbid the introduction of legislation for ten days prior to the close of the session, as well as preventing such snap legislation as last year's mining bill.

M. O. Proposition in High Favor. Several mayors and other municipal officials spoke at the public meeting during the discussion of municipal ownership, all favoring the proposition. "It goes as far as the municipal ownership of gas, water and electric light plants," said Mayor Thompson, of Kalamazoo. "All the rest is nonsense. There's too much politics in it. It's plain when you wake up and plan when you go to bed, and you dream of it all night."

The Kalamazoo executive secured the people who pay no attention to civic affairs. "You men never pay any attention to what your councils do, but you are always ready to jump on and give them a hot time if they don't do what you think is right," said Mayor Thompson, of Kalamazoo. "All the rest is nonsense. There's too much politics in it. It's plain when you wake up and plan when you go to bed, and you dream of it all night."

Mayor Thompson, of Detroit, was another speaker. He said that if Detroit's million dollar electric light plant was wiped out entirely, the citizens of Detroit would still be ahead in the lower rates paid for lighting since 1894, when Mayor Hazen Pingree got the plant built.

Batch of New Proposals. The following are today's proposals put in at the constitutional convention: "That the probate judges shall give the legal printing to the lowest bidder. Sawyer—No railroad or transportation company shall grant free passes; persons unable to read and mark their ballots unless physically incapacitated shall not be permitted to vote; no firm shall be permitted to sell lower in one portion of the state than in another, the difference in freight rates considered; corporations shall keep books in which the amount of the stock held by each stockholder shall be recorded."

Cook—That forest property be specially classified for taxation purposes. Rockwell—That constitutional amendments may be proposed by 15 per cent of the electors. Moore—For a separate proposition forbidding the manufacture and sale of liquors. Van Clerk—Universal suffrage; an elective railroad commission. Simons—No legislator to receive an appointment for office during his term. Stewart—A system of county accountants.

the many stories of the Cherokee treasure has a large share. His story relates, in a large sum of money in gold and silver. There were no banks in the country at that date, outlaws were plentiful and many robberies were committed. Fearing that he might at some unexpected time be made victim of the robbers, Hawkins hid some \$10,000 in a metal vessel, secretly sealed the cover and, digging a hole in the earth, buried the treasure in a location known only to himself.

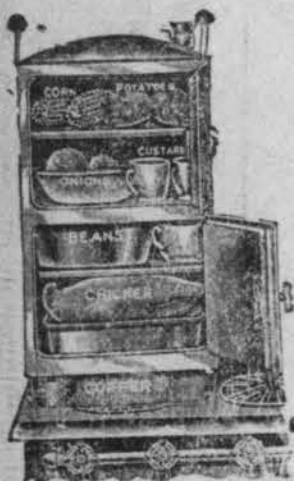

For several years thereafter the owner of the money followed his usual avocation, seemingly in good health, but one day he was taken ill very suddenly and seriously; as day followed day he failed to improve and it soon became apparent that his days were numbered. The sick man himself at last realized that he would not recover, and endeavored to tell the members of his family where the treasure was hidden, but speech failed him, he became unconscious and died without making the secret known. And so, for at least a half century, the story of Hawkins' buried treasure has often been related by those who delve in the earth in quest for riches, but until this day the place where the gold and silver treasure reposes has remained a secret.

Provided With New Mast—The steamer Clyde, which lost a mast in the harbor last Saturday while the crew were at dinner, left Tuesday night for Ashland, Wis., to load one. The crew rigged up a jury mast, which was supported by two shrouds on each side and by ratlines. It was also held in place by a stay from the bowsprit to the top of the mast. It is a requirement that all boats carry a light a certain number of feet above deck and to do this a mast is necessary.

Slipped on a Knot—In connection with the accident of which Edward Kiel was the victim at Carlsbad Monday, it developed yesterday that Kiel had slipped or tripped on a knot in one of the hulk planks in the platform, as he stepped from the locomotive. He then fell back between the locomotive and platform, receiving serious injuries, as he was dragged thirty feet. Kiel was rear brakeman on the freight and had just come forward from the caboose over the top of the cars. Up to yesterday noon he had not regained consciousness.

PASSED AWAY VERY SUDDENLY.

In Good Spirits at Supper Time, Herman Schwartz Dies Shortly Afterwards.
Employed as usual during the day and feeling in happy spirits at supper time, Herman Schwartz, aged twenty years, and single, died suddenly last evening as the result of an attack of epilepsy, to which sickness he had been subject during recent months. The young man was a son of Mrs. Wilhelmina Schwartz, and with others of the family he made his home at 620 North Fourth street. He was born and reared here, and he was popular among his associates. He was employed at the powder mill. He was a member of Queen City tent, No. 418, K. O. T. M. M. No arrangements have yet been made for the funeral, but the obsequies will probably take place Friday. The father of the young man died just four years ago.

MONEY FAMINE FELT BY STATE TREASURY

DETROIT CLEARING HOUSE CHECK RECEIVED FOR HALF OF PRIMARY SCHOOL MONEY.

That the money famine is being felt in the state treasury is evidenced by the fact that the November apportionment of primary school money has not yet been sent out in such shape that it can readily be converted into cash. Deputy County Treasurer Wright recently received a Detroit clearing house check for \$27,064, which is just one half of the amount due the county and the balance is to be sent within a few days.

To Relieve Situation. In a communication which accompanied the check, which was sent by Auditor General James B. Bradley, it is stated that this method of sending the school money has been adopted to help relieve the situation and the co-operation of the county treasurers throughout the state has been asked, it is stated. The only difference it will make is that it will take a little longer to get the cash. It is pointed out that a great amount of money has to be disbursed and to make the situation as easy as possible it is being done gradually.
The Detroit clearing house check received here will probably go to Chicago, and from there will be adjusted with the Detroit clearing house before the money will be ready for distribution. This money consume two weeks and a like period of time will be consumed before the remaining half of the amount to be paid to Marquette county is ready for distribution.

Some Dissatisfaction. Mr. Wright has accepted the check, understanding the circumstances, but it is stated that there is some dissatisfaction among other county treasurers. One of these is County Treasurer Joseph Mailman of Escanaba, who, it was recently reported, was considering the advisability of returning the check he had received and asking for a full settlement.

"A ROMANCE IN IRELAND."

Young Singer Pleases Audience—And Micky Brady's Dance Is a Hit.
Allen Doone in a pleasing play, "A Romance in Ireland," made a happy hit with his singing at the opera house last night and as the central figure of the piece, which was presented for the first time in Marquette, won considerable applause from the audience.

The play is an Irish story and the scenes are laid in the Seventeenth century. Larry O'Daly loves Nora Doyle and so also does Captain Downs. The captain makes it appear that his rival has stolen a sum of money and Larry is cast out by his father. In the last act the captain makes a public confession of the wrong he has done, after learning that Nora remains true to Larry, and all ends well. Micky Brady, the comedian of the play, acted by Charles Daly, in the third act with Biddy Dolan, acted by Miss Kitty O'Brien, introduces a dance that is a little bit better than anything of the sort that has been seen in Marquette for some time.

WELL PATRONIZED.

Bowling Alleys Are Now in Excellent Condition.

The bowling alleys, up in the top of the Bacon building, are now being well patronized. They are owned by a company of Marquette bowlers who originally took them over to have a place where the sport could be continued. This is their third season under this co-operative arrangement, and it is said that the patronage of the alleys are receiving is excellent, as good as it has ever been at any time since the first burst of bowling enthusiasm passed. The alleys are in first-class condition, having recently been scraped and overlaid by an expert alleyman who was brought up from Chicago for that purpose. The alleys are true and glisten in the light of the electric lights that are hung over their lengths. They are equipped with automatic pin setters, and are conducted in a businesslike manner. Some good scores have been bowled already and a number of interesting contests have been held. It is expected that there will be much team bowling when the winter sets in, with games with teams from Ishpeming and Negaunee to create interest. A Thanksgiving turkey is now being offered for the best score made before that holiday.

JAP CHILDREN ARE POLITE.

Japan is the country in which habits of politeness begin to be formed with the first training of the child. Should the children, when emerging from school, see a stranger on the opposite side of the street, they courtsey, and, having made an exceedingly respectful bow, pass on. This civility is repeated by all the pupils. It makes a very pretty picture and illustrates the polite bearing of the Japanese, who are thus trained to civility from childhood. Before a baby can speak, almost before it can toddle alone, it is taught to lift the hand to the forehead on receiving a gift. Every child will make this signal of respect and gratitude without reminder from parents.

CONSOLIDATED ZINC CO. HAS FINE PROPERTIES

BIG MERGER PLANNED BY WALLACE H. HOPKINS AND OTHERS HAS CONTROL OF SEVENTY-FIVE OR MORE MINES, ALSO MUCH MINERALIZED ACREAGE.

Further details of the enterprise which Wallace H. Hopkins is promoting were received here yesterday. Since his first announcement of the organization of the Consolidated Zinc company less than two weeks ago, Ishpeming men interested in Wisconsin lead and zinc properties have wondered what mines and mills were to be included in the deal. Mr. Hopkins gives the names of the Wisconsin, Illinois and Iowa properties under option, and also asserts that twenty-nine Joplin, Mo., mines and mills are to be purchased. In the list are the following: Empire, Enterprise, Kennedy, Black Jack, Millis Mine, Carr, Dark Horse, Badger Lead and Zinc, Badger Mine, Busy Bee, Curry, Chief of Police, Consolidated, Cuba City Lead & Zinc, Diamond Lead & Zinc, D. & C., Edge, Ellen H., Essex, Fairy Queen, Gillilan, Gritty Six, Grano, Illinois Lead & Zinc Co., Iowa Mining Co., Jackson Farm, John Ross, Joplin Separating Co., Kearns M. & D. Co., Klipp, Kohlschroder, Liverpool, Little Dick, Long Range, Louisville Mining Co., Lucky Three, Luxenberg, McCabe, Merry Christmas, Old Mexico, Peacock, The Platte, Raisbeck, The Reliance, Rodhian, Roosevelt, Russell, Sedgwick, Southern, Potol, The Squirrel, Sunset, Ten Strike, J. & M. Thompson, Tommy Todd, Tri State, Tunnel Hill, Vivion, Washburn Mining Co. and Winnebago.

It is also announced that the Consolidated Zinc company has options on 37,500 acres of highly mineralized land. The properties were thoroughly examined by R. N. Dickman, of the engineering firm of Dickman & McKenzie, Rockery building, Chicago, who has had twenty years experience in engineering work in the Mississippi valley. Upwards of seventy-five companies have been reported on favorably by Mr. Dickman, and have been acquired, or are under option and can be acquired when the company desires them.

Mr. Hopkins says that the management contemplates the erection of additional concentrating and roasting plants in centrally located points in the producing fields, also the erection of lead furnaces and zinc smelters. The consumption of zinc in 1906 exceeded the supply 400 tons, the excess consumption being drawn from the supply of 1905. The company has already called to its service a management of the highest order, Mr. Hopkins reports, assuring economical administration and up-to-date selling methods.

Properties to Cost \$5,500,000.

According to advices received from Mr. Hopkins the properties in the consolidation will cost in round figures \$5,500,000. The officers figure on spending at least \$2,000,000, in addition to this sum, one-half for a 1,000-ton smelter and the other \$1,000,000 for working capital. It is announced that the management figures the net earnings at approximately \$1,750,000, representing 20 per cent on the sum to be invested. It is thought that with improved machinery and more modern methods of mining and concentrating the earnings will be considerably larger than can now be figured. It is figured that the earnings on the capital stock, \$20,000,000, will exceed 12 per cent and that dividends equal to this sum can be paid soon after the properties are turned over to the new company.

The plan of underwriting the company's securities has been progressing, and the capital required for the purchase of the properties is said to be assured.

Benefit for Sheffer People.

With the announcement of the Consolidated Zinc company's plans was a letter from Mr. Hopkins addressed to the shareholders of the Sheffer Mining company, a Wisconsin proposition promoted by him some months ago and on whose land the mineral expected to be found was not located. The proposition to the Sheffer people is fully explained in the letter, which is as follows:

"We beg leave to announce the formation of the Consolidated Zinc company, a corporation organized for the purpose of perfecting a merger of the leading lead and zinc mines of Wisconsin, Iowa, Illinois and Missouri. There is absolutely no promotion stock in this corporation.

but we have decided to purchase sufficient stock from the Consolidated Zinc company so as to be able to exchange share for share with the Sheffer stockholders.

"The Sheffer Mining company was a sore disappointment to us and while we do not recognize any obligation because the money of the Sheffer Mining company was honestly spent in faithfully exploring property which seemed to assure us a mine, yet it always has been and always will be the policy of this house never to induce any of its patrons to buy stock in a losing proposition. While we are not in the guarantee business, yet we are proud of our record and are determined not to have it marred by our unfortunate experience in the Sheffer. We have absolute confidence in the Consolidated Zinc company and we will therefore at great expense to ourselves, give the Sheffer stockholders one share of stock in the Consolidated Zinc company for every share of stock owned by them in the Sheffer Mining company.

"Those holders of shares in the Sheffer Mining company who have not turned them into the mining company can under this offer receive the same number of shares of the Consolidated Zinc company which they would be entitled to receive from the Sheffer Mining company by paying the same as for Sheffer shares.

"To those who accept this offer, and forward their stock, the stock of the Consolidated Zinc company will be sent as soon as the company has been financed and in full operation."

SIXTH WARD SEWER.

Petition Protesting Against Improvement Will Be Circulated.

The Sixth ward property owners are showing considerable interest in the proposed extension of the sewer system to that part of the city. There are some who favor the improvement, while a great many others are opposed to it. Among the latter are property owners in the higher district north of Empire street. It is said that the property owners in Empire, east of Third, are unanimously in favor of the sewer, and it was largely through their efforts that the matter was recently brought before the council.

In a petition to be circulated between now and next Tuesday evening, when the council will meet in special session to hear objections to the proposed extension, several significant facts will be pointed out. One Sixth ward taxpayer stated yesterday that he anticipates that the petition will be very generally signed, and it will surprise him very much if a majority of the property owners do not place their signatures on the list. He declares that the taxpayers in that part of the city have not been treated fairly by the city officials in the past. No improvements to speak of have ever been made in the streets, he said, the officials contending that the city had no jurisdiction where the lots are not owned outright by the taxpayers. The Sixth warder called attention to the fact that the property holders are obliged to pay taxes on the lots as well as their homes in addition to paying an annual ground rental. He said that the rental charges are \$15 and \$18, the latter for lots in the Woodsworth addition.

One of the requests to be made in the petition will be that the council take steps to bring about a compromise between the Cleveland Cliff Iron company, which owns the land, and the property holders with a view to either securing a reduction in the ground rental or an extension of the leases. The present leases are for five years, but some of the taxpayers think that they should either be made for a much longer period or that the company should be willing to sell the lots outright to the present holders.

The taxpayer further stated that many of the people in the ward cannot afford to pay the tax that would be imposed on account of the sewer extension. He figured that the sum to be charged against each lot would not be less than \$30, and it might be \$75 or \$100. He said he did not blame the people living on Empire street for seeking the improvement, as their lots are not as favorably situated as those further north. He also stated that a great many widows and other people of small means live in that district, which is evident from the fact that there are more property holders there who are secured exemptions from the payment of water taxes than are found in any other part of the city. In his opinion the collection of the proposed extra taxes would result in hardship for not a few persons.

WILL LECTURE IN OHIO.
Ishpeming Man and Others Will Talk on Temperance Question.

Jacob Kaminen, secretary of the National Finnish Brothers' Temperance association, will leave tonight for Fairport Harbor, O., where he will spend ten days lecturing on temperance. Several other prominent speakers will also be present. Alfred Laakso, who has been securing in the east for several months, and L. L. Johnson of South Range, also three or four Cleveland ministers, will be among the speakers.

A second series of lectures is to be given at the Finnish peace conference to be held at Dekalb, Ill., commencing Jan. 6. At this meeting several representatives will be present from the Finnish National Brothers' association and will also be delegates from other temperance societies of the country. Messrs. Kaminen, Johnson, and Laakso will be among the speakers. The lecturing man will take along his stenographic outfit, with which he will illustrate his lectures.

The National Brothers' association has engaged Miss Alma Hinkkanen, a student of the University of Helmsington, Finland, to lecture in its jurisdiction. Miss Hinkkanen is now in Finland, but is to leave there the latter part of December, arriving in this country in time to attend the conference at Deloit, where she will be one of the speakers.

ISHPEMING IN BRIEF.

An important meeting of the Ishpeming branch of the Royal Aetna will be held this evening.

Dear Brodine arrived in the city yesterday and will spend a week or two visiting his folks.

P. J. Welsh, who has been on the Mesaba range for some time past, has returned home for a visit.

The fire department responded to a false alarm yesterday afternoon. The alarm came from box No. 4. It is assumed that it was sounded as a result of crossed wires.

J. Joseph LaBrecie, who was called to the city last week on account of the death of his brother, the late Michael LaBrecie, departed last night for his home at Bismarck, N. D.

Henry Watters and James Matthews, who left the city three weeks ago for Milwaukee and other points, have returned. Ben Swanson left them in St. Paul, the three having gone over there from Wisconsin over a week ago.

Amos Peterson, who has been in Contractor T. M. Solar's employ as foreman of the new high school building, left yesterday for his home at Antigo, Wis.

WANTED.—Englishman wants position as bread or biscuit baker. Address 116 Summit street, Ishpeming. 11-21-07

where he will spend the winter. Mr. Peterson had supervision over the brick work.

The committee in charge of the supper to be given in connection with the fire department's seventeenth annual ball at Braastad's Hall Thanksgiving eve has made arrangements with the ladies of the Presbyterian church to serve it. The charge will be fifty cents a plate, and the supper will be given in the basement of the church, the net proceeds going to the building fund.

The rehearsal for "Miss Bob White" this evening at the basement of the Presbyterian church will be called promptly at 7 o'clock, so that the work may be finished up in time to allow those who wish to attend Allen Doone's production of "A Romance in Ireland" at Ishpeming theater an opportunity to do so. Rehearsals of the complete cast and choruses are to be held tomorrow and Saturday evenings, starting at 7 o'clock.

The Clerks' union hop will take place at Woodmen's Hall, Saturday evening, Nov. 23. Tickets, fifty cents per couple. Clifford's orchestra. (11-20-07)

FORCING PRICES!

We Have Forced Prices Further Down in Order to Make Sure of a Quick Closing of our Business in Ishpeming. Necessity Compels Us to Mark Down our Goods Cheaper Than Ever Before.

We are madly in earnest about this selling out business---desperately so. We don't slash prices so awful hard because we want to, but because we must. We must discontinue our business in Ishpeming and in order to do so as soon as possible we shut our eyes to profit and cut prices right and left. Our goods are all choice and new, as you well know. A fine line of Misses' and Children's Coats, Jackets and Furs, Men's Suits and Overcoats, Boys' Suits, all of which we recently received. But there can be no mercy shown now---prices are cut all along the line for quick action regardless of value. You can buy all your winter garments and footwear at the greatest money-savings ever offered anywhere in the city.

THE HUB 109 Washington Street **THE HUB**
CLOTHING AND FURNISHING GOODS STORE

CLOSED! CLOSED!

THE REASON:

Owing to the acute stringency in the money mart and the pressure brought to bear by the Eastern manufacturers, and by poor collections, caused by the present conditions, the large clothing manufacturing firm of **SCHOENEMAN & SALS-BURG**, 57 N. 3rd Street, Philadelphia, Pa., was forced to liquidate. Owing to our close business relations of over ten years' standing, the firm has shipped us an immense output of their Fall and Winter productions, consisting of **MEN'S and YOUNG MEN'S SUITS and OVERCOATS**, to be placed on our counters for sale at prices not to be thought of in ordinary times---startling even under present conditions. The acute shortage of money, the widespread feeling of panic and alarm, suddenly transformed the immense overproduction of Schoeneman & Salsburg into a dead capital, which must be turned into immediate cash, and at all hazards. You will save one-half to two-thirds on any Suit or Overcoat in this house when this genuine great Clothing Sale opens. \$25,000.00 worth of reliable, up-to-date, perfect fitting and brand new stock of Clothing will be almost given away. The situation admits of no delay in raising funds; we must sell and sell quick; there is no other way out of it. So in order to arrange store, mark all this stock to get in shape to conduct this **MONSTER CLOTHING SALE**, we will close our doors to the public Wednesday, Thursday and Friday, Nov. 20, 21, 22, and will throw open our doors for business

Saturday Morning, Nov. 23, at 9 O'CLOCK SHARP

Now we want to emphasize this important fact: **THIS IS NO SCHEME TO HUMBUR OR MISLEAD THE PUBLIC.** Prices that we have placed on these wares will convince the most skeptical. It would be impossible to sell merchandise at such unheard-of low prices and continue in business. We must raise a sufficient sum to meet the demand on us, and we are convinced the following low prices will be the lever necessary to produce the desired results. **READ EACH ITEM. THE ONE YOU OVERLOOK MAY BE THE ONE YOU ARE INTERESTED IN.** We want to impress on the minds of the trade that this stock of Clothing that we are placing on sale is no worn out, obsolete patterns and styles, or shelf-worn stock. It is absolutely new, up-to-date merchandise, from the popular S. and S. brand Clothing of Philadelphia. This line of celebrated Suits and Overcoats you will find thoroughly advertised in all the popular magazines throughout the country. These garments are all hand tailored, custom make and fit--patterns and designs of the most approved exclusive suggestions. There is not a single feature here but will appeal to the most exacting dresser, and at prices that you invariably pay for very inferior grades of clothes. **NOTHING IN THIS SALE BUT HIGHLY TAILORED AND ARTISTICALY DESIGNED TAILORED SUITS AND OVERCOATS.**
