

Copper Country

B. L. SAYER IS FINED.

Calumet Peddler Assessed a Fine of \$75 — He Appeals the Case.

B. L. Sayer of Calumet, tried in Justice Oliver's court at Hancock Thursday afternoon for a violation of the city ordinance relating to licenses to peddlers, was fined \$75 and the costs. He was represented by counsel, and City Attorney Lawton represented the city.

STATE SETTLES IN FULL.

Keweenaw County Has Received All of Its Primary Money.

It was remarked yesterday: "Auditor General Bradley seems to be a ground and lofty tumbler when it comes to performing on the state's financial boards. You never know when or where he is going to 'light.' It is recalled that Houghton county has pretty generally been blessing the auditor general because he only sent half of the primary school interest money. Some people in and around Houghton have expended enough energy to get the balance of the money, but the energy was not in the right direction.

OPENING OF HOCKEY SEASON.

New Amateur Teams Have Two Weeks in Which to Work Out.

The Hancock, Houghton, Red Jacket and Laurium hockey teams are beginning to line up their players for the season. They have two weeks in which to get ready for play, and as the rinks are now open practice will be started at once.

AMALGAMATED SHUTDOWN.

May Their Work on the Western Federation of Miners.

SHATTUCK-ARIZONA.

Thirty men are being worked at the Shattuck-Arizona carrying on important development work in new country on the 700 and 800 levels.

DENN-ARIZONA.

At the Denn-Arizona about ten men are employed, and the diamond drill operations will be commenced on the 1100 level.

NORTH BUTTE.

North Butte insiders still continue to tell us of the remarkable mineral showings of the property which they say is not even dimly reflected by the present showing of the shares in the market.

LITIGATION IN ARIZONA.

A suit for \$205,410, alleged to be due on a promissory note, was filed in the district court today against the Copper Belle Mining company, says a Tucson (Ariz.) correspondent.

AMALGAMATED.

John Gillie, general superintendent and acting manager of the Amalgamated properties, has returned to Butte from a directors' meeting in New York and he says that the board intended to close down all the mines and smelters, as the company was losing \$500,000 per month in operation, but decided on concentrating the operations at the Boston & Montana, which can show a small profit on 15-cent copper. Since the curtailment order several months ago Amalgamated has been producing between seven and a half and eight million pounds per month. This output will be but little reduced by concentration in Boston & Montana. Copper will advance in price with manufacturing industries resuming full operations, and they will resume when money conditions improve and public confidence is restored. Financial conditions will improve, but nobody knows when.

transferred to the Boston corporation which is bringing suit.

The Copper Belle company owns a large copper mine at Gleason, in the Dragon mountains. In the past few years it has been extensively engaged in litigation. It has pending at the present time a suit in the supreme court of the territory in which Martin Costello, the Tombstone millionaire, seeks to foreclose on the property on two mortgages aggregating \$80,000. Several years ago the Copper Belle company went into bankruptcy and A. H. Emanuel of Tombstone was the receiver. A new company was then organized which took charge of the property and it is this company that is now the defendant in the suit on the big note.

The property of the company was leased some time ago to the Shannon Copper company, which took a large bond on it. During the time that the mine was worked by the original company, it is stated that ore was taken out the returns from which aggregated nearly \$1,000,000. The Copper Belle company is composed of New York people.

LITIGATION IN ARIZONA.

A suit for \$205,410, alleged to be due on a promissory note, was filed in the district court today against the Copper Belle Mining company, says a Tucson (Ariz.) correspondent.

The plaintiffs in the suit are the members of the firm of Faine, Webber & Co., of Boston, Mass. These members are William A. Faine, N. D. Foster, Thomas S. Doe and Leonard D. Draper. It is the allegation of the plaintiff that the promissory note for the big sum used for was given by the Copper Belle company to the firm of Depue, Hunt & Montague of New York. The petition states further that this note was transferred to Faine, Webber & Co. It is contended that the note became due and was presented for payment but was not met by the defendant. From what can be learned the note is one that was given to the New York firm for money advanced to the company and by them

COPPER COUNTRY MORTUARY.

Mrs. Edward Cuddihy Died at Calumet Thursday Night.

Mrs. Edward Cuddihy, wife of Assistant Cashier Cuddihy of the Calumet First National bank, died in Red Jacket Thursday night after a short illness with pneumonia. Mrs. Cuddihy was a native of the copper country. Her husband and two children survive. Her mother, Mrs. Katherine Foley, lives at Red Jacket. The funeral will be held probably tomorrow.

MISSING MONEY COMES.

Auditor Bradley is forgiven now. The afternoon train yesterday brought a draft for the balance of the primary school money due Houghton county. The amount is \$49,589, which sum will at once be apportioned among the various school districts.

NEW NAVAL FORMATION.

Hancock Division Now to Be First of Second Battalion.

As was briefly mentioned here yesterday, the Hancock Naval Reserve is now to be the first division of the second battalion of the Michigan National brigade. It is at present the fifth division of the first battalion. The purpose of the state military board in creating a second battalion is to make room for the Houghton Light infantry, which is to become a naval division.

CIRCUIT COURT ADJOURNS.

Preparations Now Made for Unusually Heavy Term in February.

The Houghton county circuit court adjourned without date Thursday afternoon, marking the completion of the December term. The term was not an unusually long one, and it was not particularly interesting. The bulk of the litigation on the calendar went over, and out of a long list of criminal cases only two men had to come before Judge Streeter for sentence.

A PECULIAR VOLUME.

County Clerk Richardson Has an Unpunctuated Work.

County Clerk Richardson has in his working library at the court house a volume which has at least one peculiar characteristic. There is not a punctuation mark in it anywhere. The book is John H. Best's manual of legal forms for the use of county clerks, and Mr. Richardson believes the author left it unpunctuated for fear that punctuation might destroy the sense of some phrase or leave opening for misconstruction. Punctuation marks are unnoticed by the average reader, but in this book their absence is noted at once.

PROVIDENTIAL ESCAPE.

Isidore Barde, an employee of No. 8 shaft in the South Hecla branch of the Calumet & Hecla, has a narrow escape from death as he will ever want the other day. He was walking out of a drift and did not notice the shaft until he was in it. He fell down 200 feet, and in some way stopped his own descent. He received only few bruises. He would have been killed had the shaft been a vertical one, but as it was inclined he was in contact with the skipway during all the time of his descent.

BROKE THROUGH THE ICE.

Fred Kroll, son of F. W. Kroll, druggist, at Houghton, had a close call from drowning last night. As it was, he was resuscitated when at the very brink of death. The young man broke through the ice while skating on Portage lake. He was rescued just in time.

COPPERDOME BREVITIES.

C. A. Wright of Hancock is in Chicago on business.

Mr. and Mrs. J. J. Breer of Marquette are visiting Kerr Cavis of Hancock.

F. G. Coggin, superintendent of the Redridge mills, is in Chicago on business.

John Jaeka has resigned his position as mining engineer of the Oilwell Mining company.

R. T. Hosking of Houghton has returned from Chicago, where he has been visiting for several weeks.

Professor Minor C. Baldwin of New York will give an organ recital in the Calumet M. E. church tonight.

Mr. and Mrs. Henry Blum of Calumet have been called to Chicago on account of the death of Mrs. Blum's father.

The circuit court of Ontonagon county has dismissed the cases remaining against the Michigan mine strikers at Rockland.

It is said that the proposed reciprocal switching arrangement between the Mineral Range and Copper Range railroads in Calumet has been dropped.

The Bigelow mines will have their payday today. The Calumet & Hecla pays next Saturday. This is the first payday on which the men will receive the reduced wage schedule.

When the Calumet High school opens after the Christmas holidays fifty new members will be added by graduation from the grammar department. The total membership will then be 500.

The December meeting of the Copper Country Ministerial association will be held Monday at the Swedish M. E. church, Calumet, Rev. J. A. Ten Broeck, pastor of Christ Episcopal church, Calumet, will deliver the principal address. M. J. Walsh, superintendent of the

CHAMBERLAIN'S COUGH REMEDY

During the past 35 years no remedy has proven more prompt or more effectual in its cures of Coughs, Colds and Croup than Chamberlain's Cough Remedy. In many homes it is relied upon as implicitly as the family physician. It contains no opium or other narcotic, and may be given as confidently to a baby as to an adult. Price 25c; large size 50c

City Brevities

J. G. Hubbard of Munising is in the city visiting friends.
George Gellup of Escanaba was a visitor in the city yesterday.
Frank Devlin of Duluth is paying a business visit to Marquette.
Thomas Holden of Green Bay was a visitor in the city yesterday.
J. E. Sness of Negaunee was in the city on business yesterday.
Mrs. Paul Christenson is to leave tonight for Santa Barbara, Cal.
J. M. Edgerton of Negaunee was a visitor in the city yesterday.
T. J. Maloney of Ishpeming was in the city yesterday on business.
William Evers of Negaunee was in the city yesterday on business.
I. H. Batten of the Soo was here yesterday paying a visit to friends.
Mr. and Mrs. Fred A. Weeks of Newberry are visiting Marquette friends.
Marshal Thomas Gribble of Negaunee was in the city yesterday on business.
Edward H. Stevens of the copper country is in the city visiting Marquette friends.
Edward E. Wolten of the copper country is paying a visit to Marquette friends.
Mr. and Mrs. F. A. Diamond of Mayville, Mich., are paying a visit to friends in the city.
James Russell arrived home yesterday from a few days' trip to Lansing and Milwaukee.
Timothy Curran of Lathrop and his brother, Neal Curran of Escanaba were in the city yesterday on business.
John H. Simmons of Traverse City, who has been visiting friends here for the past two weeks, has left for his home.
Fire Chief Maney III--Fire Chief Maney is suffering an attack of bronchitis at his home. It was stated last night that his condition is not serious and he will probably be out again within a few days.
Supper Follows Sleigh Ride--Mrs. Robert Blenhuber yesterday afternoon entertained the members of the Wednesday Afternoon Reading club with a sleigh ride which was followed by a supper.
Held Initiation--The Marquette order of the National Protective Legion last night held an initiation. Following the ceremonies refreshments were served. A large class of candidates was admitted to the order.
K. of P. Dances--Invitations are soon to be issued for a series of dancing parties which will be given by the K. of P. at Fraternity Hall through the winter. The music is to be furnished by the Ideal orchestra.
Sale Is a Success--The sale held yesterday afternoon and last evening by the ladies of the Presbyterian church was quite successful. Articles suitable as Christmas gifts were sold in large quantities and refreshments were served.
Good Program at Grand--An unusual program is to be shown at the Grand theater today and Monday. One of the series of pictures to be shown is entitled "Struggle for Life." It is intensely thrilling and one that will make a hit.
Closing Rule Suspended--Beginning next Monday and continuing until after Christmas, the dry goods and clothing stores of the city will be open each weekday evening, the early closing rule being suspended during the period stated. An agreement to this effect was reached yesterday. E. B. Palmer advises The Mining Journal.
Lumber Company Sued--The case of C. I. Cook vs. the Northern Lumber company has been filed in Menominee county and unless it is settled before February will be tried in that court. It is a garnishment proceeding arising out of a dispute over settlement for groceries and supplies bought of the plaintiff. It is said that the case may be settled.
Skating Rink Flooded--Yesterday the new skating rink at the foot of Arch and Ridge streets was flooded for the second time and it is soon to be opened to the public. The rink was flooded for the first time Thursday night and yesterday, as it had not frozen into a smooth surface due to the mild weather, it was again flooded. The opening depends in a measure upon the weather.
Low Rates for Christmas--During the holidays it is announced that low rates will be in effect upon the Lake Superior and Ishpeming road, the Munising road and the Marquette & Southeastern road. A fare and a third for the round trip will be charged between any points on the three systems except between Marquette, Negaunee and Ishpeming which will be fifty cents for the round trip. The tickets will be on sale Dec. 21, 23, 24, 25, 28, 30, 31 and Jan. 1 and are good for return until Jan. 6.
It was Not Concealed--Because the barrel of a revolver he was carrying protruded a half inch out of his hip pocket and therefore was not concealed, a youth at the South Shore depot escaped arrest. A number of persons saw the weapon and its presence in the boy's pocket was in strange contrast with his beardless chin. Marshal Manning delivered a little lecture to the boy with the gun and warned him about the peril of lighting Indians in the upper peninsula. They sattered together to Front street where the boy, promising to take the weapon home at once, was allowed to go.
You grow strong, blood pure, nerves steady, cheeks red and rosy, you are well and happy again after taking Hollister's Rocky Mountain Tea. Give it a trial. 35 cents. Tea or Tablets. The Stafford Drug Co.

GOOD SHOWING IS MADE IN REPORT

MORE STREET WORK DONE IN PAST SEASON THAN IN EITHER OF THE FORMER ONES.

RETARDED BY JUNE FLOOD

Breaking of Crusher Also Added to Expense of Repairs--30,000 Square Feet of Cement Work Laid.

The report for the year of the parks, cemetery and street commissioner is now being prepared and the figures show that within the season just closed more improvements than in either of the two former years were made. There has been a greater outlay for street repairs and a larger amount of work done. The amount of cement work, sidewalks, steps and other work, is slightly less than it was last year, but in view of the fact that the work of the commission was retarded by the flood of last spring which did widespread damage, and by the fact that the city's crusher was out of service for a long period, the showing made is good. Following are the figures showing the street repairs for the past three years.

Summer of 1905.
7,122 lineal feet amounting to 23,900 square yards at cost of \$8,907.73.
Summer of 1906.
5,250 lineal feet amounting to 20,001 square yards at cost of \$6,903.50.
Summer of 1907.
7,250 lineal feet amounting to 26,406 square yards at cost of \$8,534.86.
The cement work done within the three years is as follows:
In 1905--69,963 square feet.
In 1906--83,428 square feet.
In 1907--80,108 square feet.
The cloud burst and resulting flood of June 23 last, not only retarded the work, but the damage was repaired at a cost of \$1,600 to the city. This was spent for cleaning and repairing. The delays caused by the breaking of the crusher continued over a period of a month and this added materially to the cost of the rock crushing and the making of streets. The cost of keeping the streets clean amounts to \$1,589.92. During the season eight new catch basins and two new man holes have been installed, besides more than the usual amount of minor work to streets and cross walks has been done.
There was laid during the season 80,108 square feet of walk and driveways; 827 square feet of steps and extra work; \$16,009.81. The amount of work charged to the city for curbing gutters, cross walks and walks at street corners is \$1,117.65, bringing the total figure to \$11,137.46. The streets that were repaired and the work done in each case is as follows:
Streets Rebuilt.
Washington street, between Seventh street and 100 feet west of Seymour avenue, 1,400x42 feet; 5,533 square yards.
Ridge street, between Third and Fourth, 550x30 feet; 1,650 square yards.
Michigan and Cedar streets, between Pine and Ridge streets, 2,300x26 feet; 6,388 square yards.
Third street, between Hewitt avenue and 100 feet north of Park street, 1,200x42 feet; 5,822 square yards.
Crescent street, east of Pine street, 1,800x30 feet; 6,000 square yards.
In addition to the above Marquette street, from the Lake Shore boulevard to the Lake Shore Engine works plant was graded and macadamized, 600x25 feet; cost, \$770.
Lake Shore boulevard, from foot of Pine street to Dead river bridge was cleaned, graded and put in fair condition for travel, at expense of \$828.50.
Streets finished by contractors on which the city furnished rock and rollers were: Fourth street and Presque Isle avenue, 1,010 lineal feet; Center street from Presque Isle avenue to Longyear avenue, 1,450 lineal feet.

NOTICE.
As a result of the mild winter we have had, The Kelly Hardware company are making some very attractive prices on heating stoves and ranges. Old stoves are taken in exchange.

MUSIC, the Busy Man's Tonic

If you go to a fine concert at the Opera house, you will be struck with the fact that in the audience women are largely in the majority.

But that does not prove that men do not like music. In the afternoons they are engrossed with business affairs. In the evenings they are too tired to go out.

What they have been waiting for was the Pianola--an instrument that will bring the music to them, rather than compel them to go to the music. An instrument that gives the keenest form of pleasure to be derived from music--the fascination of producing it yourself.

THE PIANOLA \$215 AND \$300
THE PIANOLA PIANO \$500 AND UP

Purchasable by Moderate Monthly Payments

CAUTION: Do not make the mistake of supposing that any Piano-player may be called a Pianola. There is but one PIANOLA--made only by the AEOLIAN COMPANY.

Northern Normal Notes.

Principal and Mrs. James H. Kaye entertain the faculty this evening at dinner.

School will close next Friday at noon for the holiday vacation, and will not open until Monday, January 6, 1908.

At a special meeting of the society of Ygdrasil on Wednesday afternoon, officers were elected for the coming term as follows: President, Miss Doris King; Marquette vice president, Miss Elizabeth Byers; Houghton; secretary, H. T. Johnston, Ishpeming; treasurer, Ernest Roberts, Ishpeming.

On Monday evening "Osiris" literary society elected the following officers: President, Florence Markham, Marquette; vice president, Rhoda Gill, Norway; secretary, Louise Rushmore, Marquette; and Olga Grund, Ishpeming, treasurer. Besides this, an excellent program on painters of the Italian renaissance was given.

On Friday morning Miss Spalding discussed the photographs sent here by Miss Alice Boughton for the art exhibit last year. She endeavored to make clear the relations of this work to art, and the great advance which Miss Boughton and other serious students of the art of photography have made over ordinary work of that name.

Assembly exercises on Monday morning were in charge of Mrs. Rushmore of the department of expression. The first part of the exercise was a very effective reading by Mrs. Rushmore of the beautiful scene from "Bon Hur" in which the mother and sister of its hero are healed of their leprosy by the sacrifice. After this, Miss Mary Templeton, a student in that department, rendered very prettily three short selections, including Paul Lawrence Dunbar's "Signs of the Times" and a scene from Miss Wiggins' "Rebecca of Sunnybrook Farm."

At the exhibition under the auspices of the art department last week a surprising demand for the work of the students was shown; one sold things to an amount between nine and ten dollars, every one who exhibited work with which she was willing to part, sold something. Those whose work proved most popular were Misses Mabel Russell, Olive Mitchell, Harriet Bahran, Lillian Pollock and Maud Wilson. This was the first display of her work which Miss Spalding had ever made in Marquette, and of the seventeen pictures hung, ten were sold. The most important result of the occasion, however, is the enthusiasm aroused among the students.

The faculty club met on Wednesday of this week. Dr. Faught presented the first paper of a series which will continue throughout the year. It was a brilliant piece of work on the subject: "Some Fads in Teaching of Arithmetic." He discussed four of the fads of recent years, the Grube, the Speer and the Spiral methods of teaching arithmetic and the question as to whether or not the multiplier is an abstract number. In a masterly manner, Dr. Faught pointed out the underlying principles of each, showing the virtues and defects in every case, and as a true mathematician did this so clearly and so simply that even those who have for a long time traveled outside the domain of the science of arithmetic followed his thought with perfect ease and pleasure.

Exercises at assembly on Wednesday morning were in the hands of Miss Hadley and she presented a fine program of the music of the late Edward Grieg. She was accompanied by Mrs. E. C. Davis and assisted by Miss Chase and Miss Linton. Miss Chase sang the exquisite little love song, "Das Alte Lied;" Miss Linton played two selections from Puccini, namely "In the Hall of the Mountain King" and "Aetna's Dance." Mrs. Davis played a piano solo, "Valse Caprice," with great feeling, and accompanied Miss Hadley, who played on the violin the Sonata in A Minor, and the exquisite Berceuse. Every number on the program was of a high order. The audience was particularly pleased with the song by Miss Chase and the second violin solo, in which Miss Hadley certainly played at her best. In introducing the program, Miss Hadley made a few fitting remarks concerning the appreciation of the school for the willing assistance given by Mrs. Davis, who has so many times contributed to our pleasure by her music.

DANCE FOR CHARITY.
Will Be Given for the Benefit of the Nursery Work of Salvation Army.

There is to be a dancing party at Fraternity Hall on Monday evening, Dec. 30th, given for the benefit of the nursing work of the Salvation Army, by friends of the Army. It will be a ticket affair, and no pains will be spared to make it enjoyable. An extra large orchestra has been engaged for the occasion.

So much is going on of this character during the holidays that it is earnestly hoped place for this party will be left in all social plans. The object is a good one. No plan for helping the sick poor has ever been presented here that promised to be of more help than the employment of this nurse.

RENOVATE FURNACES.
Bank Building and Marquette Club to Use Their Own Heating Plants.

With the removal of the Lake Shore Engine Works from Washington and Lake streets, it has been found necessary to rehabilitate two furnaces which have been long out of service. Formerly the Marquette club, the Marquette National bank building, and the Paine & Webber brokerage establishment have been supplied with heat from the Lake Shore Engine Works, and now this source of supply is to be taken away.

The work of renovating the furnaces in the Marquette club and in the bank building is now under way. The work is being done by El. Sink.

CHAPTER MASONS ELECT.

At the annual convocation of Marquette chapter, No. 43, R. A. M., held last evening, officers for the ensuing year were elected as follows:
High Priest—Kendall P. Brooks.
King—F. G. Jenks.
Scribe—W. H. Van Iderstine.
Treasurer—James W. Young.
Secretary—C. L. Brainerd.
Captain of Host—H. A. Holden.
Principal Sojourner—Scott W. Johnson.
Royal Arch Captain—Roderick Campbell.
Master Third Veil—Edmund R. Aler.
Master Second Veil—J. Frank Richardson.
Master First Veil—Fred D. Fletcher.
Sentinel—Frank A. Wentworth.

A NEW DISEASE.

Young Featherhead, soon after purchasing his elegant new touring car, was taken with a swelling on the back of his neck. He went and consulted his physician about it.

"Doctor," he said, "are there such things as automobile diseases?"

"It is not unlikely," was the doctor's response. "At least, automobilism may develop tendencies to disease that lie dormant under ordinary conditions."

"Well, I wish you would look at that spot on the back of my neck, and tell me if the excessive use of my motor car has anything to do with it."

The doctor complied.

"Hm!" he said, gravely. "That looks as if it might be either a carbuncle or an automobile."

GOLDFIELD SITUATION.

Mining Journal Has Received Letter on Subject from E. E. McIntosh.

The Mining Journal is in receipt of the following letter from E. E. McIntosh, now engaged in the brokerage business at Goldfield, Nev.:

Goldfield, Nev., Dec. 8, 1907.
The Daily Mining Journal.
Gentlemen:—You have no doubt seen through the press reports that there are nine companies of regulars stationed here, and I must say that such is the case. Most of the reports as to the amount of real trouble here at the present time are very much exaggerated and should be taken with a grain of salt. In the first place there is no rioting. The miners quit work as they would not accept script in payment for labor, and they have been idle since Nov. 27. The mine operators are desirous of starting the mines, and asked for the troops in view of the fact that there would otherwise be trouble in working with non-union men—although it is not the intention to discriminate against the union, as both will be employed, if they wish to work, as far as I can learn. As every one knows this is an open state and gambling is really the one drawback to the whole situation.

In my judgment it was to avoid a repetition of the trouble at Cripple Creek that the regulars were stationed here before the mines attempted to start work. At present everything is very quiet and I don't look for any serious trouble. I thought it best to give you this information, as a great many of our readers are in this camp, and will be pleased to learn that things are not so bad here as they are reported to be by some of the Eastern papers.

Last June there were about 20,000 people here, but at the present time I don't think there are more than 14,000. It is wonderful the progress that has been made in the last year in building and steel improvements. There are some stone blocks here as fine as found in any place of its size in the East. There are some good mines that are producing very much rich ores, but they are at the mercy of the smelter trust, as the freight smelter charges for treating ore running \$100 a ton are \$39, which is a regular hold-up. If there were independent smelters in Nevada it would be the greatest producing state in the union, as there are enormous quantities of low grade ore than can never be used at the present high prices for freight and treatment.

Yours truly,
E. E. MCINTOSH.

NOVELIST FORD'S WIDOW.

Soon to Wed Physician Who Saved Her Daughter's Life.

New York, Dec. 13.—Mrs. Grace Ford, widow of Paul Leicester Ford, the novelist who was slain by his own brother, Malcolm W. Ford, is soon to marry Dr. Linsell R. Williams of this city, a man who knew her as a girl, who was among her friends when her husband was murdered, and who less than two months ago employed all his science in a successful effort to save the life of her four-year-old girl, Leta.

One month after the death of her husband a daughter was born to Mrs. Ford and to this posthumous child, it is said, is largely due the attachment between the widow and the young physician. He had been a friend of the Ford family for years.

Last year he was called upon to attend Mrs. Ford's child, who had fallen into a tub of boiling water while at the summer home of her father, Edward R. Kidder, in Chesham, N. H. A bath was being prepared for the little girl, who was disrobed and playing about the tub. The hot water was running and the child had not been turned on. The child climbed to the edge, fell in and was badly scalded. For a time her life was despaired of.

Dr. Williams was summoned from this city and gave the little sufferer his most assiduous attention. Through his efforts her life was saved. Her name is Leta, an adaptation of the second name of her father, whose heiress she is to the extent of about \$350,000.

A VACATION.

A certain scientist in the service of Uncle Sam at Washington is said to be a hard taskmaster to both his official and his domestic servants.

Being detailed once to accompany a scientific expedition on an extended cruise, the scientist is said to have unburied a trifle in communicating the news to his personal attendant.

"Henry," said he, "how would you like to go with me around the world?"

"Do you go from east to west, sir?" asked the man.

"Yes."

"And we lose a day going that way, do we not, sir?"

"Yes, do."

"Then, sir, I should like very much to go. It would give me a day off,"—Harper's Weekly.

MARKETS

NEW YORK STOCKS.

Wiring from New York yesterday Paine, Webber & Co. had this to say: "The action of the stock market throughout the session today was very disappointing. Its dull and dragging tendency, with no ability to maintain even the small and fitful rallies, was much commented upon. This was due to the complete absence of any substantial buying power. Such support as the market received during the day came chiefly from covering of shorts, as there was little or no investment buying and the big interests seemed to be doing nothing. We still see no inducement to urge the purchase of stocks either for investment or speculative purposes at current prices. We think the chances are in favor of a very dull and narrow market the balance of the year and we believe purchases can be made to still better advantage than the present opportunity offers."

CHICAGO GRAIN MARKETS.

Chicago, Dec. 13.—The wheat market opened weak today because of a moderate decline at Liverpool, and with the exception of a few mild rallies it continued heavy all day. The dullness of the export business, the poor demand for cash wheat and the large increase in the stocks of wheat at Minneapolis were depressing factors. The strength in corn and a late recovery at Liverpool were bullish influences. The trade became very light the latter part of the day. The close was easy. The May opened at 97 1/2 @ 100 1/4; highest, 100 1/4; lowest, 99 1/2; closing, 100 1/4 @ 1/2.

Corn—The market was strong the greater part of the day because of firm cables and reports of the poor condition of much of the new crop. Late in the session the sentiment became bearish because of the decline in live hogs and the liberal primary receipts. The close was steady, the May a shade lower. The May opened at 56 1/2 @ 57; highest, 57 1/4; lowest, 56 1/2; closing, 56 1/2.

Oats—The trade was light. The action of the wheat and corn markets was

FRANKNESS IN INVITATIONS.

Among curiosities which are models of frankness is the following: "Lord and Lady Spencer request the honor of a company at dinner at half after six o'clock on —. An answer is particularly desired. Nobody waited for after seven o'clock." On many invitations the time was of course stated and "A polite answer requested," or sometimes "An reply would oblige," but the letters "R. S. V. P." were hardly ever used at this date, their first mention being in 1781, on the card of Lord and Lady Kerry. Indeed, till quite recently "An answer will oblige" was the most general formula, and it is only in the last thirty years that the French form has been at all generally adopted in this country.—Windsor Magazine.

Marquette Minnery Co. Nester Block

FOR AN OPEN SHOP. STRENUOUS LABOR CONTEST IS IN PROGRESS AT DULUTH.

Building Trades—War with Master Builders—Public Sentiment With the Latter—A Lockout That May Continue All Winter.

Duluth, Minn., Dec. 13.—Duluth is in the midst of an open shop agitation that bids fair to relieve the city of the stigma of being the most union ridden town in the Central West. The fight was precipitated by the building trades, at a time recognized by the master builders as the very best for themselves that the unions could possibly select, and upon a pretext that was so slight and flimsy that it gave the former no hold on public sentiment. The federated trades took it up on behalf of the building trades and the public generally on behalf of the master builders, and today there is no building under way in Duluth, except in the case of three or four schools, hotels and a Y. M. C. A. building, all of which are needed and were within a few days of completion.

lath and that thereafter all contractors would work open shop.

The Federated Trades stepped in, endorsed the building trades strike, making it general in case the opportunity should come up, opened an office for the taking of building contracts, and all work by contractors ceased on Dec. 3. In the meantime the Sellwood building continues and the contractors who have it in charge and who are the heaviest employers of building labor in the city, are getting men to carry on their operations on that and other structures.

The National Association of Manufacturers heard of the struggle and sent its Mr. Walter Drew here from Washington to assist in maintaining open shop principles and in educating the public. Several mass meetings have been held, strong resolutions have been passed, endorsing the master builders and their action, upholding the open shop principle, and agreeing to employ only such contractors as shall recognize and adopt the open shop. The Real Estate exchange, composed of all the real estate men of the city, has gone so far as to state that it will employ none but open shop contractors in repairs and construction, and urging the contractors, if local men cannot be found to carry on their work, to secure others from elsewhere who will. This is an important organization, as its members have charge of all repairs and the upkeep of all buildings owned by non-residents, and have much to do with the construction of new buildings.

pany conditions that have been and are still prevailing everywhere, the poor reason for this strike, all combine to make it the opportunity the master builders have been looking for. In their announcement of their lockout they stated that the building trades had been "unfair," thus borrowing a union phrase, and that they would employ none of their members until the trades had receded from their position.

POLES WARMER THAN EQUATOR.

At the meeting of the congress of German scientists at Dresden, Saxony, the remarkable statement was made by Professor Hergesell of Strassburg university that atmosphere at high altitudes is the coldest over the equator and the warmest above the poles. This surprising fact, he explained, was determined by balloon ascents made during the month of July in various latitudes under the auspices of the international committee, which has been investigating the atmosphere at high altitudes.

The observations, which were taken with automatic instruments attached to unmanned balloons, have not yet worked out in detail, but Professor Hergesell finds his conclusions abundantly proved through the data thus collected. Balloons, which reached altitudes of elevation to twelve and one-half miles in the tropics, were found to have registered about 148 degrees below zero Fahrenheit, while in the latitude of central Europe the temperature was only 78 to 85 below zero at the heights indicated.

Another fact established by these balloon ascents is that the greatest cold of the upper atmosphere is reached at heights from six to six and three-quarter miles, varying somewhat in different parts of the world. Above that height, contrary to the assumption of scientists hitherto, the air actually grows warmer. This stratum of air is deduced to be highest at the equator and lowest at the poles, where it is estimated to begin at about four and one-third miles. Professor Hergesell concludes that the atmospheric conditions affecting the weather do not reach higher than seven miles.

CLEANSES THE IMPURE BLOOD.

MAKES THE KIDNEYS FILTER OUT THE POISONS. THIS SPLENDID PRESCRIPTION TO MAKE HOME MADE REMEDY SHOULD BE GIVEN A TRIAL BY EVERYONE HERE.

A leading health journal, in answering the question, "What is the best prescription to clean and purify the blood," prints in a recent issue the following: "Extract of Dandelion one-half ounce, Compound Kargon one ounce, Compound Syrup Sarsaparilla three ounces. Shake well and use in teaspoonful doses after each meal and at bedtime."

It cleans the blood of all impurities and nourishes the blood. In just a few days the skin begins to clear of sores, boils and pimples. It puts vigor and energy into run-down, debilitated men and women. For many years Sarsaparilla alone has been considered a good blood medicine. But while it built up and made new blood, the impurities remained within and the good accomplished was only temporary.

SCIENTISTS AND THE BACILLI. A capital story is being told of a famous scientific man who is known all over the world for his researches into bacteria. The other day at an afternoon party he was given by his hostess some of the first strawberries of the year, and it was noticed that before he ate them he dipped each strawberry most carefully into a tumbler of water. His hostess asked him why he did this, and he replied that it was on account of the microbes, of which there are about two millions on each fruit. After he had eaten half a dozen strawberries he felt thirsty, and not thinking what he was doing he drank the water in which he had been washing the fruit. His hostess tried to stop him, but it was too late. "Oh, doctor," she exclaimed, "you have swallowed 12,000,000 microbes!"

LOSS ON POSTAGE STAMPS.

The postoffice profits slightly by the destruction of stamps which have been paid for, and the treasury gets the benefit of bills which are lost and never found. A large source of irregular profit lies in the failure of bondholders to present their bonds for redemption. Unclaimed money in the treasury due to bondholders amounted to nearly a million dollars in 1901, and the sum is much greater now. Of a loan which fell due in 1900, the sum of \$32,000 remains unclaimed. Nearly \$100,000 is still unpaid of the 5 per cent bonds which were due in 1904. This year over \$100,000,000 thirty-year 4 per cent bonds came due on July 1. Special inducements were offered to secure early redemption. Yet at the end of the month \$13,000,000 still stood in the treasury on this account, although interest has ceased.—Youth's Companion.

TRAVELS OF A PICTURE FILM.

The life of a picture film is limited. They constantly are wound and unwound on the machines and in this time wears them so full of holes and scratches that they become valueless. Only by the best of care can a string of films be made to last through one season. When the films are rented from the Paris manufacturers it costs the managers in this country all the way from \$10 to \$50 a week to get them. The rental price depends on the quality of the films and the scenes which they portray. In the five-cent theaters, where there is a change of pictures every day, the same films can be used only two or three times at most. After that they are sent to the next vaudeville or five-cent theater in the circuit, thus going the rounds much after the manner of the actors and actresses themselves.—Chicago Tribune.

INJURED SHAKING HANDS.

Nicholas Steppen of Kansas City has joined the anti-handshaking club. Nicholas stepped off a train at the Belt Line depot. Twenty-first street and Grand avenue, yesterday morning and walked up to a saloon on Fifteenth street. As he opened the saloon door he met a friend of his. This friend was enthusiastic over seeing Steppen and grasped his hand in a vigorously friendly shake. In his enthusiasm he shook his hand so hard that his Kansas friend lost his balance and fell.

PILES CURED AT HOME BY NEW ABSORPTION METHOD.

If you suffer from bleeding, itching, blind or protruding Piles, send me your address, and I will tell you how to cure yourself at home by the new absorption treatment; and will also send some of this home treatment free for trial, with references from your own locality if requested. CHRISTMAS DINNERS FOR POOR FAMILIES
OFFICERS OF SALVATION ARMY ASK FOR CONTRIBUTIONS FOR THAT PURPOSE AND FOR A TREE FOR POOR CHILDREN.

Ensign and Mrs. George Wolverton, who recently took charge of the Salvation Army work here, have made plans for providing Christmas dinners for the worthy poor of the city. There will be a Christmas tree with presents for the poor children, a day or two before New Year's.

The names of all those whom the Army officers believe can afford to contribute have been secured and they are to be appealed to by the following letter: "Dear Friend: The Army lassie will not stop at your door with a basket because you are sure of a good Christmas meal, but your help is needed to make it possible for her to leave a basket at the homes of the needy in this city, and provide a Christmas tree with presents for the children, also to carry on the winter relief work.

"The cases are investigated, so that we know the people receiving the dinners are worthy. Will you not join in making bright some home this Christmas?"

"The Army's ability and willingness to do the work thoroughly and systematically is so well known that I do not need to take your time to go into details.

"Thanking you in anticipation of an early reply, I am
"Very truly yours,
"GEO. WOLVERTON, Ensign."

Ensign and Mrs. Wolverton are now making up the list. Each family will be provided with a ticket good for a basket of provisions to be given out the afternoon of the 24th. The baskets will contain a chicken, potatoes, bread, sugar, tea and coffee. It is expected that at least 150 baskets will be needed. All donations will be thankfully received.

FIRE AT CLIFFS SHAFT.
Blaze Started in Pump House at Early Hour Yesterday Morning.

There was no work at the Cliffs Shaft yesterday on account of a fire which started in the pump house on the fourth level early in the morning. The workings were filled with smoke and the day shift men had to return home. The fire was extinguished before evening, and work will be resumed this morning. Little damage resulted, as the blaze was confined entirely to the structure in which the pump is located.

Carol of potatoes now in. Leave your orders at the Urban House. C. E. Folger. (12-14-1d)

Will Wagner, representing Siegler Bros., will be at my store Saturday, Dec. 14, with a large line of diamonds, jewelry, and Christmas novelties. All his old Ishpeeming and Negaunee patrons, as well as his new ones, are invited to call and inspect the stock. (12-13-2d) ED. GIRZL

Ladies' hair shampooing and drying, with the latest electrical appliances. Special appointments when desired. J. H. Hooper, Nelson House barber, Ishpeeming. (12-6-1w)

WAS WELL KNOWN HERE.
Late Mrs. Edward Cuddihy of Calumet Had Many Friends in Ishpeeming.

The unexpected announcement of the death of the late Mrs. Edward Cuddihy of Calumet, who passed away Thursday evening, was a shock to her relatives and many friends in Ishpeeming. The deceased was well known here, as she visited this city a number of times during the past few years. Among Ishpeeming relatives who will be present at the funeral Monday morning in Calumet are Carl B. Knapp and wife, Frank Kennedy, Mr. and Mrs. George E. Voyer and the Misses Louise and Nellie Kennedy, J. H. Quinn, and his brothers, M. C. and W. M. Quinn, of Negaunee, will also attend the obsequies.

OLD TIME TRAMP.
Monday will be the first ladies' night of the season at the Ishpeeming snow-shoe club. The arrangement committee announces that there will be an old-time tramp over the hills back of the club house, and the members are asked to come prepared to take the outing.

WANTED—Competent girl, 635 North Fourth street, Ishpeeming. 12-12-3d

ROYAL NEIGHBORS ELECT.

Byrns' camp of the Royal neighbors of America elected the following officers for the ensuing year at its regular meeting Thursday evening:

Past Oracle—Miss Sophie Gothe.
 Oracle—Miss Ida Olson.
 Vice Oracle—Miss Edith Gylling.
 Chancellor—Mrs. Pauline Beerling.
 Recorder—Mrs. Ingeborg Gray.
 Receiver—Mrs. Agnes Goodman.
 Marshal—Mrs. Anna Sundblad.
 Inside Sentinel—Miss Hilda Brodies.
 Outside Sentinel—Miss Ellen Johnson.
 Managers—Mrs. M. Holmgren and Miss Emma Zhulkie.
 Physician—J. H. Andrus.
 Delegate to State Camp—Mrs. Ingeborg Gray.

WEBER TO MARRY.

The Soo Times has this announcement of the intended marriage of E. F. W. Weber, a former resident of this city, who had charge of the Treblecock greenhouses for a few years: "Mr. and Mrs. George Lamb have issued invitations to the marriage of their daughter, Minnie Lawson, and Ernest Frederick William Weber, which will take place at their home, corner Tenth avenue and Tenth street, Thursday evening, December 26, at 6 o'clock. Mr. Weber is proprietor of the Soo greenhouses and one of the city's most successful young business men. The bride elect is a popular young woman who for the past two years has been an attaché of the city assessor's office. Mr. Weber is just completing a \$6,000 residence on the hill."

FROM HOPKINS' CURB LETTER.

"The copper share market was slightly lower today but trading was on a small scale. London metal quotations were slightly higher. In the curb, Bid Deal Mining was strong, as were Globe Consolidated and Shattuck. Superior Copper was up 3 points from yesterday's closing, selling at 17 today. The feature of the listed market was Utah Consolidated, which declined from an opening price of 28½ to 27, and Trinity, which sold from an opening of 12½, up to 13½. Greene-Canaan held around 6."

The prevailing prices were:

	Bid.	Asked.

ISHPEMING IN BRIEF.

Harry Thompson is home on a visit to his folks.
 Rev. James Hollinger of Republic was an Ishpeming visitor yesterday.
 Mr. and Mrs. Peter Gummerson, 717 First street, are the parents of a daughter.
 Miss Mary Cullen, who spent the past few weeks with friends at Coleraine, Minn., has returned home.
 The Sunday evening services at the Presbyterian church will be held at 7 o'clock, instead of 7:30, in the future.
 Patrick McHale and wife left Thursday evening for Escanaba to attend the funeral of his brother, the late John McHale.
 Charles H. Towne post of the Grand Army held its annual meeting last evening in the council chamber in the city hall. Officers were elected for the ensuing year.
 Sellwood & Co's dry goods window, which is artistically decorated for the holiday season, is attracting much attention. The motto in the "wink" electric sign is changed daily.

EDWARD THE PEACEMAKER.

British Monarch a Diplomat of Great Ability.

A man of extraordinary ability is the present king of England, a man whose great capacity was not suspected until long after an age when the world has usually formed and closed its judgment of men. Had the king died when he was stricken down with appendicitis on the eve of his coronation he would have occupied a much smaller place in history than he does now. Up to that time, as the world was able to know him, he was a man who loved life and got out of life all there was in it. He had always been noted for his tact; a marked trait was his desire to make everyone around him happy and play the peacemaker wherever it was possible, but no opportunity had been given proof of statesmanship of the first order.

In a few short years he has shown himself to be the first statesman of Europe.

Summed up, the result of King Edward's diplomacy of the last few years is seen to be as follows: England and France have settled all the questions that formerly kept them apart, and are now working in perfect concord to keep the peace of Europe; England and Russia have reached a working arrangement, and a clash between the two powers either in the far or near east is no longer feared; between England and Italy and England and Austria there is complete sympathy; an English princess sits on the throne of Spain, which is of importance politically because of the interest England has in the Mediterranean; an English princess sits on the throne of Norway, which is of lesser importance, but not without its political value. England, therefore, can command the support of every European power with the sole exception of Germany, whose emperor rages with impotent fury as he watches the success of his uncle's diplomacy.—A. Maurice Low in the Forum.

Rees' Laxative Cough Syrup for coughs, colds, croup and whooping cough grows in favor daily. Mothers should keep it on hand for children. It is gently laxative, driving the poison and phlegm from the system. It gives immediate relief. Guaranteed. Sold by The People's Drug Store.

AN ASTUTE ASTRONOMER.

Cassini, an Italian by birth, was the best known of the astronomers of the Paris observatory when founded by Louis XIV., and in consequence posterity has very generally supposed he was the director. That he failed to be such was not from any want of astuteness. It is related that the monarch once visited the observatory to see a newly discovered comet through the telescope. He inquired in what direction the comet was going to move. This was a question it was impossible to answer at the moment, because both observations and computations would be necessary before the orbit could be worked out. But Cassini reflected that the king would not look at the comet again and would very soon forget what he had told him. He therefore described its future path in the heavens, quite at random and with entire confidence that any deviation of the actual motion from his prediction would never be noted by his royal patron.

NO ALMANAC LIKE HOSTETTER'S.

This is the opinion of thousands and thousands of persons in all parts of this country as well as in Australia, Mexico, South America and other parts of the world where it is known, and the indications are that the demand for the 1908 edition is going to be greater than ever. Its popularity is due to its many entertaining features, such as statistics, riddles, jokes and other items of information for the entire family. The 1908 edition is printed in the English, German, French, Norwegian, Swedish, Bohemian and Spanish languages and is given absolutely free by any druggist or general dealer. Get a copy before the supply is exhausted, and if you suffer from dyspepsia, indigestion, costiveness, biliousness, chills, colds, headache or malaria, try the celebrated Hostetter's Stomach Bitters. It is pure and will do you a world of good.

Refuse substitutes or imitations—get what you ask for.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a Home of Swamp-Root pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Santa Claus at Foster's

Never before has our store been loaded to the brim with holiday goods of all kinds as this year. Foster's is the store for all people. Foster sells at one price to everybody. We are putting on an extra force of salespeople. Do not put off your shopping for the last few days. Remember, now is the best time. The stock is more complete. Selections now are the best. ODD FELLOWS' HOME COMPLETE IN JANUARY

BOARD OF CONTROL EXPECTS TO ACCEPT NEW BUILDING AT ITS QUARTERLY MEETING—STRUCTURE TO COST IN EXCESS OF FIFTY THOUSAND DOLLARS.

The members of the board of control of the Odd Fellows' home at Jackson expect to find the new building about completed when they assemble for their quarterly meeting in January. The contractor had agreed to have the building ready for inspection at the time the grand lodge session was held, but there were several unexpected delays on account of weather conditions, non-arrival of material, etc., and he was given more time. Mr. Jackson has a picture of the structure and the grounds. The building will accommodate from seventy to 100 patients. It is 104 feet long by fifty-four feet wide, two stories high, with a nine foot basement.

The structure is built of brick with cut stone trimmings. In the center of the front is a large two-story colonial porch, and both sides of the building are provided with large porches. The building will be wired for electric light and the heating will be what is known as a low pressure gravity system. The structure is located about 350 feet distant from the present main building. It will cost over \$50,000.

There are now about a dozen applications on file for accommodations at the home, and the board will probably act on them at the January meeting. All are from lower peninsula people. There are at present twenty-four persons at the home, a few of whom are from the upper peninsula.

Mr. Jackson does not anticipate that there will be any delay in the acceptance of the building, as its construction has been very carefully looked after by a committee of five members of the society. Washington L. Barr, president of the board, is chairman of the committee. The other four members are contractors, one residing in Detroit, one at Kalamazoo, one at Battle Creek and the other at Jackson.

CHRISTMAS TURKEYS.

Prices Will Be Lower Than Those Prevailing at Thanksgiving.

The commission and meat men are now taking orders for Christmas poultry. Dry picked turkeys are offered for seventeen cents per pound, wholesale, and the sealed stock has been quoted as low as sixteen cents. There will be very little cold storage poultry on the market for Christmas, as the wholesale concerns practically cleaned out their grade of stock at Thanksgiving. Chickens are being sold at from ten and one-half to eleven cents per pound and ducks and geese are bringing from fourteen to fifteen cents wholesale. Prior to Thanksgiving the best grade of chickens sold at from thirteen to fourteen cents, ducks and geese from sixteen to seventeen cents, and turkeys from eighteen to twenty cents.

It is reported that poultry is plentiful in most of the farming districts of the northwest. Many farmers held back their stock at Thanksgiving on account of the weather, and during the past few days poultry has been coming in in large quantities.

The leading packing concerns are not storing much poultry, owing to the scarcity of currency. The farmers as a rule receive cash for their stock when delivered. Christmas beef is going to be high, but indications for a low pork market are favorable. One day last week live hogs sold at \$3.75 per hundred, the lowest price in over a year, but since then the market has advanced about \$1.

NOTES OF COPPER NEWS.

Butte & London has cut two ledges in the south crosscut from the 1100-foot level. One is twenty feet wide and is especially good and well defined, assaying well in copper. The crosscuts are in 350 feet and will be continued to the limits of the property.

Quincy has practically no copper on hand and has orders for January delivery, while the Copper Range Consolidated which a short time ago had about 16,000,000 pounds of copper on hand today has only about a fortnight's output to be disposed of. The Franklin Mining company has about 1,000,000 pounds of copper on hand.

It is stated that the Davis-Daly Estates Copper company will resume operations in Butte within two weeks. Work will be confined largely to the Colorado shaft in drifting for the new Lizzie vein at a depth of 1,000 feet. At a depth of 160 feet the Lizzie vein is 15 feet wide from wall to wall, and the entire vein matter is commercial ore averaging 25 per cent copper. The Lizzie vein is now being worked through leasers, as is the Silver King. With all the producing mines of Butte shut down the Davis-Daly company will have the pick of the best miners in the camp at \$3.50 per day.

BADLY MIXED UP.

Abraham Brown, of Winterton, N. Y., had a very remarkable experience; he says: "Doctors got badly mixed up over me; one said heart disease; two called it kidney trouble; the fourth blood poison; and the fifth stomach and liver trouble; but none of them helped me; so my wife advised trying Electric Bitters, which are restoring me to perfect health. One bottle did me more good than all the five doctors prescribed." Guaranteed for blood poison, weakness and all stomach, liver and kidney complaints, by The Stafford Drug Co., 50c.

DEATH OF SISTER AEGIDIUS.

Nun at St. Paul's Convent Passed Away After Short Illness.

Sister Aegidius, who had been at St. Paul's convent in this city for five years past, died Thursday evening, pneumonia being the cause. She had been ill less than a week. In fact she taught school last Friday, but was ill the following day. Both lungs were badly congested, and her condition gradually grew worse. Several hours before the end came her physician gave no hopes of her recovery. The deceased was twenty-nine years of age. Her name was Mary Bohan. She was born in Ireland and she and two sisters, both nuns, were members of a party of about 500 sisters who came from Ireland to this country some eight years ago. During the first three or four years in this country she spent most of her time at the Sisters' academy at St. Louis and about a year ago she returned to that city to take her final vows. Her sisters are both located in St. Louis.

The funeral will be held this morning with services at St. Paul's church. A solemn high mass will be celebrated by Rev. Charles Langner, the pastor, assisted by other priests of the country. It is also expected that fifteen or twenty sisters will be in attendance. Following the services the remains will be taken to Marquette, where interment will be made in Holy Cross cemetery.

NEGAUNEE TEAM DEFEATED.

Ishpeming Bowlers Won From Local Men by Seventy-Seven Pins.

The No. 2 bowling team of Negaunee was defeated by Ishpeming's No. 2 team Thursday evening at the Bank street alleys. The scores were as follows:

Ishpeming—	Tot.
Roberts	179 166 150 495
J. Lind	129 160 126 415
Grimmett	167 190 152 509
D. Lind	136 124 148 408
Emblom	161 182 166 509
Totals	772 822 742 2336

Negaunee—

Carmichael	148 156 181 485
Mitchell	143 165 169 477
Berglund	145 141 146 432
Sanders	142 128 144 414
Freiberg	159 166 126 451
Totals	737 756 766 2259

Chas. J. D. Clubb is expected in Negaunee today, and with the board of education and Contractor Chaussee will discuss matters pertaining to the new high school. It is the wish of the board that as much of the material as possible be assembled during the winter, so that the work can be started early in the spring. Contractor Chaussee believes that he will be able to purchase material cheaper than was possible when he took the contract. Mr. Chaussee's bid was between \$89,000 and \$90,000, and does not include the contract for heating, plumbing, ventilating, etc. Bids have been received on the plumbing and heating and the board will probably let the contracts in January.

WILL BEGIN EARLY.

The Negaunee branch of the Scandinavian society will conduct a concert and hop at the Swedish-Finnish hall on Teal Lake avenue on New Year's eve. The entertainment program will consist of musical and literary number, also a short play in Swedish. A four-piece orchestra has been engaged for the dancing. The admission, including refreshments, will be fifty cents for adults and fifteen for children.

CONCERT AND HOP.

UNTIL NOON TODAY.

Mr. Wagner, representing Sigler Bros., Cleveland, will be Perkins' store today until noon with complete line of diamonds, watches and miscellaneous jewelry. (12-14-17)

SANTA CLAUS COMES TODAY.

The People's Store will be headquarters for Santa Claus for a few days. The management announces that the good old man is to arrive this morning on the 10 o'clock train. He will be met at the station by Manager Colson and driven about the city before going to the store. It is expected that there will be a large delegation of youngsters at the station to see him arrive.

LOCAL LAOCONICS.

Miss Cora Arnett is reported ill at her home on Lincoln street.

Fred Jandron and wife have returned from a visit with friends at Marquette. "Sis in New York" will be the attraction at McDonald's opera house tonight.

Mrs. Joseph Boyer, a well-known resident is reported seriously ill at her home in East Iron street.

Elijah Watters and son Thomas, who spent the past year in Nevada, have returned to Negaunee.

St. Paul's court of the Catholic Order of Foresters will hold a regular meeting tomorrow afternoon.

William Richards, whose parents left here a few months ago for Grass Valley, Cal., expects to spend the winter in this county.

John Stewart, former street commissioner, is suffering from a dislocation of his collar bone, caused by falling from a slippery step at his home.

The Pikers and Kangaroos will bowl for the special prize tonight at Orr & Tompkins alleys. The Kangaroos won the special contest last Saturday night, defeating the Indians.

The members of Iron Mountain lodge of Odd Fellows expected to occupy the hall in the second story of their new block the first of the year, but Contractor Solar has advised the committee that it will not be possible to get the rooms ready before the first of February.

Marshal Gribble has not yet had any information regarding the whereabouts of Herbert R. James, who disappeared from his boarding house in Negaunee two weeks ago today. It is the belief here that James has gone to some lumber camp in the district west of Michigan.

The ladies of St. John's Episcopal church did exceptionally well on their Christmas sale and social in Shea's hall Wednesday. The net receipts were in the neighborhood of \$200. A portion of this will go to the children of St. Anne's guild, who have planned to provide a new altar for the church.

John McHale, whose death was announced in yesterday's issue of The Mining Journal, was known to many residents of Negaunee. He was one of the early settlers of Ithaca and he resided there until three or four years ago, when he moved to Escanaba, where he lived with his daughter, Mrs. James Kennedy.

Dr. J. F. Floyd, field secretary of the Methodist Foreign Missionary society, will deliver an address on China at the Mitchell Methodist church tomorrow evening. Rev. Floyd spoke at the Methodist church in Ishpeming Thursday evening and at the Salisbury church last evening. He is well informed on foreign missionary affairs and his addresses are interesting.

Misses Doyle and Anderson are at the Breiting House with a display of their embroideries and needle work materials. The ladies are cordially invited to call. 12-10-17

I. H. Hooper, the Nelson House barber, invites Negaunee and Ishpeming ladies to try his shampooing and electrical hair dying work. Prices reasonable. Appointments when desired. (12-6-17)

WHY SOME PEOPLE FALL.

Some people fall down in their daily work because they are physically unable to stand it, and because they do not know that Sevine Pills will build up the whole body, as well as the nerves. \$1 a box, six boxes \$5, with full guarantee. Address or call People's Drug Store, Marquette. This is the store that sells all the principal remedies and does not substitute.

Last Month in Business! Stock to Be Sacrificed!

We wish to assure the buying public of Marquette County that we will positively retire from the mercantile business the first of the year. Until then our stock will be slaughtered. When this sale ends, Dec. 31, the stock remaining will be sold in bulk. We aim to clean it out entirely if possible, but to do so we realize that the goods must be sold at a tremendous sacrifice. We mean to let everything go below cost. We will save our patrons from 50 to 50 per cent on Men's and Boys' Clothing, Shoes, and all kinds of Furnishings. Our reductions in prices will be just as heavy in the Dry Goods and Ladies' Furnishings lines as in the other departments. The bargain seekers should not let this opportunity pass. Take advantage now
