THE DAILY MINING JOURNAL

This Fact - that in addressing Mrs. Pinkham you are confiding your private ills to a woman -a woman whose experience with women's diseases covers twenty-five years.

The present Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, was for years under her direction, and has ever since her decease continued to advise women.

Many women suffer in silence and drift along from bad to worse, knowing well that they ought to have immediate assistance, but a natural modesty causes them to shrink from exposing themselves to the questions and probable examinations of even their family physician. Such questioning and examination is unnecessary. Without cost you can consult a woman whose knowledge from actual experience is great.

MRS. PINKHAM'S STANDING INVITATION :

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women. A woman can freely talk of her private illness to a woman; thus has been established this confidence between Mrs. Pinkham and the women of America which has never been broken. Never has she published a testimonial or used a letter without the written consent of the writer, and never has the company allowed these confidential letters to get out of their possession, as the hundreds of thousands of them in their files will attest.

Out of the vast volume of experience which Mrs. Pinkham has to draw from, it is more than possible that she has gained the very knowledge needed in your case. She asks nothing in return except your good will, and her advice has helped thousands. Surely any woman, rich or poor, should be glad to take advantage of this generous offer of assistance. Address Mrs. Pinkham, care of Lydia E. Pinkham Medicine Co., Lynn, Mass.

As has been done in Portage Lake towns, Germans of the Calumet district have organized a singing society, to be known as the Calumet Macnnerchor, the officers of which are: President, Charles Hohner; vice president, Philip Miller; leader, Herman Brun: secretary, Alfred Schwartz: treasurer, Frank Kinsman; linuncial secretary, Adam Chare: prop-erty keeper, Charles Holmer, Jr.

Clemens P. Steimle of Atlantic has been elected secretary registrar of the Ypsilanti Normal school by the state board of education. The office is a new one, and besides serving as registrar of the school, the incumbent will act as secretary of the school council. Mr. Steimle is a graduate of the Atlantic High and Ypsilanți Normal schools and formerly taught in the Albion and Hillsdale High schools.

An interesting lecture, illustrated by stereopticon views, was given at the Methodist church in Lake Linden last night by Dr. John M. Springer, a missionary, who has been working in Africa. The views showed conditions in the dark continent. Dr. Springer came to the copper country under the auspices of the Epworth league of the Lake Linden M. SAVINGS BANK BUILDING, MARQUETTE.

An Anchor to Windward

Sailors know the wisdom of having an anchor to windward. That precaution has prevented many a disaster.

To have a money surplus-capital in reserveis simply throwing an anchor to windward. It will prevent your drifting on to the rocks of dependence and want.

The time to build up a reserve, a safeguard for the future, is now, when you are strong and able to work and sacrifice. You don't know about the fu-

ture, but you do know that now, today, you are able to earn and save. Make the most of your present opportunity and prepare yourself for greater ones later on. Start a savings account here now. Your money will earn 3 per cent interest and be safe and available.
