

STATE EXECUTIVE IS ITS SPONSOR

New Measure for the Regulation of the Saloon Business Is Introduced at Lansing and Likely Will Be Enacted.

In No District Shall the Bars Exceed the Present Number, It Is Provided, and Each Year the Number Shall Be Reduced Ten per Cent Until the Ratio Is Brought Down to One Establishment to Each Five Hundred of Population.

Lansing, Mich., April 16.—Governor Warner's bill proposing new saloon laws was submitted to the legislature today. The state executive was one of the friends of the measure, though he did not like some parts of it, and the measure that went in today is an effort on his part to procure an independent statute carrying the Ormsbee bill's good points. It does not try to repeal the present laws, but amends them along the good points of the other bill. The following are some of its good features:

In no district shall the number of saloons exceed the present number. If the present number is more than one saloon to each 500 of population, the council shall cut out 10 per cent in 1910 and 10 per cent annually thereafter until down to the ratio.

Any district may set a higher ratio, up to one saloon to each 1,000 of people, if wished.

Commissioners approving bonds in excess of the statutory limit shall be guilty of misdemeanor.

Social clubs must pay a liquor license. Governor Warner will make an effort to pass the bill, and as it seems to have many good points, he may have success, for there is unquestionably a sentiment for the better regulating of the saloon business.

Business Transacted Without a Quorum. There was no session of the senate today, but the house sat morning and afternoon. At 4 o'clock, having passed eight bills in committee of the whole, the house rose when Mr. Chambers, who opposed that part of the militia bill concerning appropriations, made the point of order that no quorum existed. The clerk called the roll and found thirty-four present. Adjournment was had immediately to Monday night.

Now the point of order is raised as to what becomes of the business considered in committee of the whole. It is held to be unfinished business, and may be taken up in that order Monday night.

The most important bill passed was that of Mr. Baldwin, calling for an April session of the boards of supervisors and allowing pay for committees in session after the board session ends. The "farmers' club" has divided on this, and the bill may have trouble on the third reading.

UNCLE IKE'S STORY WANTED. Wisconsin Official Leaves for Washington to Subpoena Stephenson.

Madison, Wis., April 16.—Sergeant-at-Arms Falconer left for Washington today to subpoena Senator Stephenson and R. H. Sackett to appear before the senate investigation committee.

Democrat "Detained" in Cloak Room. Madison, Wis., April 16.—Charles E. Wayland, partner of State Chairman E. A. Edmunds, told the senate investigation committee today how he had detained Assemblyman Silas Towne of LaVale in the cloak room when the final ballot for the United States senator was being taken March 4 when, as he was pleased to term it, Isaac Stephenson election "was ratified." Wayland denied that he had offered and inducement to Towne to remain out of the room, thus keeping the total votes down so that the Stephenson votes might be in the majority. He said that he originally drew Towne out of the room because he knew he (Wayland) believed the rest of the Democrats were going to bolt and Towne's presence might be needed to insure a quorum. Wayland admitted that he told Towne that if James A. Stone's client foreclosed a mortgage he held on Towne's property, Towne could get another loan from the Portage Loan & Trust company.

"CIGARET" BAKER SURRENDERS. Indianapolis, April 16.—Oscar Baker, commonly known as "Cigaret" Baker, of Marion Ind., reached Indianapolis late this afternoon and surrendered to the sheriff, to answer to an indictment charging attempted bribery in connection with the passage of the anti-cigaret law in the legislature of 1905. Baker represented the tobacco interests in the legislature, of which he was once a member, being a state senator. John W. Kern, recent Democratic candidate for the vice presidency, signed Baker's bond for \$5,000.

INVITES BRYAN TO SPEAK. Tallahassee, Fla., April 16.—Following the address of Congressman Clark on the floor of the house of the Florida legislature in defense of his speech denouncing William J. Bryan in congress, the house today unanimously adopted a resolution inviting Bryan to speak to the legislature during the present session, and a telegraphic invitation was sent to him.

Harrisville, Mich., April 16.—Burglars last night blew the safe in the Alcona County Savings bank here, and escaped with \$5,000.

CITY IN ASIA MINOR SCENE OF MASSACRE

Moslems Rise Against the Christians at Adana, in Turkey, and Americans Are Reported to Be Among the Dead.

Some Sixty Armenians Have Been Killed, It Is Said, Soldiers Sent to Protect the Inhabitants Themselves Joining in the Slaughter; and With Half the Town in Ashes the Bloodshed Still Continues There and Is Being Extended Throughout the District.

Athens, April 16.—A telegram from Mesina reports sanguinary riots at Adana as the result of a demonstration against the police, who had killed two persons they were trying to arrest. A massacre then began in which the troops are alleged to have participated. Many houses were burned during the disturbances. The despatch adds that the foreign consuls have demanded that warships be despatched to Mesina.

American Missionaries in Peril. Constantinople, April 16.—A massacre of Armenians has taken place at Adana, Asiatic Turkey, and according to the latest telegrams from Mesina it still continues. Soldiers, powerless to control the situation, are joining in the pillage of the town. The fatalities are said to be numerous. The riots began last Wednesday. The town has been burned very largely, and many Christians were killed in the streets. The Moslems having now practically wrecked the town are said to have now begun operations against the Christians in the vilayet.

No definite information is obtainable as to the number of persons who have lost their lives, though one report says that sixty Armenians were massacred. Two American missionaries are said to be among the dead, but no names are given and the report as to these is unconfirmed. It is known that the regular district meeting of the American missionaries was held in session at Adana, and that Mr. and Mrs. William Chambers, the Misses Elizabeth and Mary C. Webb, Miss Wallis and Miss Borel, missionaries, were to have been present. Ambassador Leishman has instructed Vice Consul Debbas, at Mesina, to go immediately to Adana.

British Consul Reported Wounded. Constantinople, April 16.—At midnight neither American Ambassador Leishman nor the British embassy had received any further news concerning the massacre or confirmation of the reported murder of American missionaries at Adana. The general telegram received here reports that half the town of Adana has been burned, and that the attacks upon the Armenians are extending into the vilayet. They say that the British vice consul at Mesina, Major Daughy Wyre, who was ordered to Adana when the first of the American missionaries were received, has been wounded. Communication with the disturbed district is interrupted, however, and all reports received from there must be taken with caution. The porte declares that the disturbances have been despatched to Adana.

Secretary Knox Cables Ambassador. Washington, April 16.—Acting upon press dispatches showing riotous conditions in Adana, Secretary Knox today telegraphed Ambassador Leishman to take every step possible for the protection of the American missionaries, and to send full information concerning the conditions in Turkey. While sending this dispatch as an extra precaution that every possible aid be given to the missionaries, Mr. Knox is confident that the ambassador is fully alive to the situation and that he has done all in his power to look after American interests. It is believed at the state department that the friends of the American missionaries in Turkey are confident the department will be alert in looking after their interests.

French Cruisers Ordered to Piraeus. Paris, April 16.—As a precautionary measure to assure the safety of French citizens and interests in Turkey the government has ordered two cruisers to sail from Toulon for Piraeus tonight.

CONSTANTINOPLE NERVOUS. Soldiers Reported Killing Officers of the Young Turks Wherever Found.

Constantinople, April 16.—The great riot today was attended by a solemn crowd. The sultan was loudly cheered. His majesty afterwards gave an audience to the ministers and reiterated to them his solemn assurance that he would uphold the constitution. The city is returning to its normal conditions. Business is being resumed, except in Stamboul and parts of the Galata quarter, where many Christian shops still are closed notwithstanding the declaration of the police that the people have nothing to fear; but the impression prevails that the trouble is not yet ended and the populace is very nervous over what is likely to happen at Saloniki and Monastir.

Tewfik Pasha, the new grand vizier, today granted the Associated Press an interview, in which he expressed himself as hopeful for the return of normal conditions. He said he did not attach any importance to the news from Macedonia, and pointed out that the telegrams from there, even those dispatched by the authorities, were inspired. He felt confident, he said, that when the provincial population understood the real object of the revolution, they would remain tranquil and abandon their protests. It is currently reported that the 1,500 Saloniki troops who are marching to Constantinople will be received on the outskirts of the city by a detachment of Ulemas and superior officers, who it is thought, will easily convince them the true meaning of Tuesday's events.

A better state of discipline in the army is noticeable. The streets are being patrolled regularly, and stragglers are arrested and taken to their respective barracks. The soldiers continue to display a reverent feeling towards the committee of union and progress, and any officers belonging to the committee are shot by them when caught. It is credibly reported that many officers whose names were found upon the list seized at the committee's headquarters already have been done to death. The minister for the marine has resigned, owing to the hostility shown to his appointment by the navy.

Troops Enroute from Saloniki. Saloniki, April 16.—Two battalions of troops have left here by train for the capital, and others are preparing to leave.

Vienna, April 16.—A dispatch from Saloniki says that the Young Turk's committee ordered the third battalion at Adrianople, to march against Constantinople, but the officers answered that it was impossible to obey the order, because the attitude of the troops had become doubtful. The despatch says that the Young Turk's committee in Asia Minor have reported to the Saloniki committee that they are preventing the embarkation of the troops ordered to Constantinople by the authorities at the Yildiz Koisk. Another report is that the Albanians have risen and defeated the Turkish troops at Oehrida and Fetc'h.

King Edward Confers With Clemenceau. Paris, April 16.—King Edward, who arrived here last night, in company from Biarritz, had a long talk today with Premier Clemenceau. The European situation in general and the Turkish disorders in particular were discussed.

The 4th regiment left for Bourget, where his train met that bringing Queen Alexandra, Princess Victoria and the dowager empress of Russia from London. The queen transferred to the train of the king, after which the two specials continued for Genoa.

BULLS GET UPPER HAND IN THE WHEAT MARKET. While the May Closes at a Loss, the Big Deal in That Option Being Ended, the July Delivery Is Strong, the Leading Longs Purchasing Freely.

Chicago, April 16.—In the wheat market today, a large part of the loss sustained on the severe slump yesterday was regained. The market was an extremely choppy affair the early part of the session, but during the final hour the sentiment was decidedly bullish, brought about chiefly by heavy purchases of the July. The trade in the May was brisk at the outset, leading longs being free sellers. Later, however, this option was neglected.

The pit sentiment today was created principally by the foreign advices. The official statistics indicated that the wheat movement this week from Argentina and Australia was at low ebb. The sales of cash wheat here were limited, but the Southwest reported a comfortable brisk demand, with prices at St. Louis at the high point of the year. The close was strong, with the price $\frac{1}{2}$ ¢ to $\frac{1}{4}$ ¢ higher, the close on the May showing a loss compared with 127 $\frac{1}{2}$ ¢ to 127 $\frac{1}{4}$ ¢, advanced to 127 $\frac{1}{2}$ ¢, broke to 127 $\frac{1}{4}$ ¢, and closed at 127 $\frac{1}{2}$ ¢.

With the May deal proper practically a thing of the past, the interest now centers in the July, the trading in which option promises to be of enormous volume.

Wall Street Stocks Depressed. New York, April 16.—Speculative interest in stocks lagged today, and the tone of the market was heavy, in an uncertain way. The depression was pronounced until the final dealings and had little that was positive to account for. That there was a notable decrease in the buying operations was palpable, and this rather than any notable growth in the supply of stocks for sale was accountable for the decreasing tendency of prices. This was relieved by fewer exceptions in the way of advances than yesterday. Some stocks which had helped sustain the market by their notable advances yesterday were subjected to sales to realize profits today, and this helped on the depression.

The position in the wheat market was the occasion of some anxiety. The violent break in wheat yesterday was accompanied with some satisfaction in stock market circles, and there was a feeling of disappointment today when it was seen that wheat was inclined to resume its advance. In connection with the excited speculation in wheat, it was regarded as rather ominous that an agitation against it should be started in quarters active in past bearish campaigns in the stock market.

While the money market has been remarkably easy for this period of the year, this ease has been based on the expectation of the continued flow of funds to the bank reserves rather than upon the existence of any unweildy surplus in the hands of the banks.

It was not until the renewed bulge in wheat, late in the day, that the weakness of stocks developed positive qualities. The price rose then with some violence, making the last prices the lowest of the day.

Bucket Shop Men Will Fight. Chicago, April 16.—The bucket shop crusade started here today by the police at the instigation of the board of trade promises to develop into a bitter struggle. Only two of the nine firms notified to close complied with the order. The others took exception to the police charge that they were conducting bucket shops, declaring they had legitimate connection with out-of-town trade exchanges. Chief of Police Shipley has threatened prosecution as soon as the board of trade committee furnishes evidence.

The churchman's motto is: "Love me, love my dogma."

THE WEATHER.

Washington, April 16.—The following is the weather bureau's forecast for Upper Michigan: Local rains or snows, Saturday; Sunday, partly cloudy, slightly warmer; variable winds.

BASEBALL.

STANDINGS OF THE TEAMS.

Table with columns for National League, American League, and American Association, listing teams and their records.

SCHEDULE FOR TODAY.

National League. Philadelphia at New York. Brooklyn at Boston. Pittsburg at Cincinnati. St. Louis at Chicago.

American League. Cleveland at Detroit. Chicago at St. Louis. New York at Philadelphia. Boston at Washington.

YESTERDAY'S GAMES. National League. Chicago, April 16.—St. Louis defeated Chicago in a pitchers' battle today. Hagerman's timely hit saved the locals from a shut-out. Summary: R. H. E. Chicago . . . 0 1 0 0 0 0 0 0 1 4 0 St. Louis . . . 0 0 0 3 0 0 0 0 0 3 5 0 Batteries: Hagerman, Langren and Moran; Sallee and Bresnahan.

New York, April 16.—New York defeated Brooklyn today, 3 to 0. There were no tallies until the eighth, Raymond and Rucker having a great pitched duel to that time. Doyle, who signed a contract today, sent in two of the runs with a timely single. The summary: Brooklyn . . . 0 0 0 0 0 0 0 0 0 5 1 New York . . . 0 0 0 0 0 0 0 3 0 3 7 1 Batteries: Rucker, Bell and Berger; Raymond, Crandall and Schlei.

Cincinnati, April 16.—The visitors easily outbatted the locals today, but the wildness of Powell gave the locals enough runs to win the game. Summary: Cincinnati . . . 1 1 0 0 3 0 0 0 4 4 0 Pittsburgh . . . 0 0 0 0 2 0 1 3 7 1 Batteries: Dube, Campbell and McLean; Powell, Brandon and Gibson.

Boston, April 16.—In a pitchers' contest between Lindaman and Foxen, Boston defeated Philadelphia today, 2 to 0. The visitors rallied slightly in the ninth, but two good plays by Dahlen prevented scoring. Summary: Boston . . . 0 0 0 0 2 0 0 0 2 4 1 Philadelphia . . . 0 0 0 0 0 0 0 0 0 5 1 Batteries: Lindaman and Bowerman; Foxen and Dooin.

American League. Detroit, April 16.—Two recruit pitchers were used by the Tigers, and they held Chicago, while the home team found Fiene at all stages. Summary: Detroit . . . 3 0 2 0 4 1 0 0 10 16 1 Chicago . . . 1 0 0 0 1 0 0 0 2 7 4 Batteries: E. Jones, Laditte and Schmidt and Beckendorf; Fiene, Suter, Owens and Sullivan.

Washington, April 16.—Three errors in the first inning of today's game, along with two singles and a triple, enabled the locals to win, 3 to 2. The summary: Washington . . . 3 0 0 0 0 0 0 0 3 9 1 Boston . . . 0 1 0 0 0 0 0 0 2 8 6 Batteries: Burns and Street; Morgan and Carrigan.

Philadelphia, April 16.—Two errors in the fifth enabled New York to defeat Philadelphia today. The summary follows: Philadelphia . . . 0 0 0 0 0 0 0 0 0 5 4 New York . . . 0 0 0 0 1 0 0 0 1 5 0 Batteries: Schlitzler, Vickers and Thomas; Brockett and Kleinow.

St. Louis, April 16.—Stephens' home run tied the score in the sixth. Ferris brought in the run that won the game, with a double in the ninth. Summary: St. Louis . . . 2 0 0 0 3 0 0 1 12 10 Cleveland . . . 3 0 2 0 0 0 0 0 5 7 2 Batteries: Dineen, Graham and Stephens; Berger, Liebhardt and Land.

American Association. Louisville, 3; Columbus, 2. Indianapolis, 7; Toledo, 3. Milwaukee, 1; St. Paul, 1. Game called in the tenth, on account of rain. Kansas City, 1; Minneapolis, 2.

NAVIGATION OPENS AT BUFFALO.

Ten Big Freighters Depart, Nine Manned by Non-Union Crews. Buffalo, April 16.—Navigation at this port opened today, when ten big lake freighters departed. Union pickets were active along the water front, but there was no trouble. Nine of the steamers were manned with non-union men, from engineers to deckhands.

USED RED-HOT POKER TO PUNISH A CHILD.

Pleading Guilty to Charge of Torturing Her Ten-Year-Old Adopted Daughter, Ohio Woman Is Sentenced to Six Months in Workhouse and Fine of \$150.

Toledo, April 16.—Under a sentence of six months' imprisonment and a fine of \$150, Mrs. Joseph Sager, wife of a physician of Celina, O., today became an inmate of the Toledo workhouse. Mrs. Sager pleaded guilty to the charge of torturing her ten-year-old adopted daughter. A few days ago the child's teacher found many burns on the girl's back and legs. An investigation was made and as a result Mrs. Sager was arrested. The child's foster mother had abused her, and recently had used a red-hot poker on her as a means of punishment. Unless Mrs. Sager's fine is paid, she will remain in the workhouse nearly a year.

SAW THE G. A. FLOSS SINK WITH ITS CREW.

Eve-Witness to the Disaster on Lake Erie Tells How the Fishing Tug Was Battered to Pieces by the Waves and Finally Went to the Bottom.

Cleveland, O., April 16.—That the fishing tug George A. Floss was battered to pieces by the waves, and its bulk with the crew of seven men sunk to the bottom of Lake Erie in the storm of April 7, was established today. George McLaughlin, keeper of the crib four miles out, was an eye-witness to the disaster, and it was he who told the story of the fate of the tug.

According to McLaughlin's story, the Floss went down after a fierce battle with the wind and waves. He says he watched the Floss struggling against the storm, and he signalled the vessel to come to the crib, but received no answer. "The waves," he says, "tore away the cabin and other upper parts of the craft. Finally a heavy wave swept over the Floss; there was a terrific explosion, which sounded like the bursting of the boiler, and when the spray had cleared the Floss had gone down."

The labor leaders were pleased with their reception. They took up with the president an imposing array of problems, including the injunction issue, the eight-hour law, convict labor, the recent indictment of labor leaders in the South for alleged violations of the Sherman anti-trust law, the danger of the dissolution of all labor organizations under a strict interpretation of recent decisions by the supreme court, the maintenance of international peace, labor problems on the Panama canal, allusion to the right of asylum in this country for political offenders from other lands, and child labor.

Mr. Taft told the leaders that he regarded the matter of an anti-injunction law as one of the most important phases of his administration. The president said he would be glad to consult further with the representatives of organized labor as to amendments, etc., when the bill for the next congress has been framed.

With reference to convict labor, Mr. Gompers told the president that organized labor desires only that this class of labor shall be regulated, not prohibited. The idea is to prevent convict-made goods and work from coming into competition with the labor of free men.

Want Eight-Hour Law Extended. The federation council urged the president to use his efforts for the extension of the eight-hour law, so that it will apply to contractors and sub-contractors furnishing materials and fittings for government buildings and other government works. The law now applies only to "government works," and the labor leaders pointed out that while the work of actually constructing government works might now be limited to eight hours, the preparation of materials—sometimes occurring just across the street from the structure itself—found men employed by sub-contractors working nine, ten and twelve hours a day. Mr. Gompers told the president that both McKinley and Roosevelt had favored such extension of the principle of the eight-hour day as is now requested. Mr. Taft promised to give this matter special consideration.

In beginning the interview with the president, Mr. Gompers said that the desired first of all to express its appreciation of the action of the government in standing by the principle of the right of asylum in the United States for persons charged with political offenses in other countries, as exemplified in the recent cases of Popenov and Rudolwiz, Russian refugees. The council expressed its appreciation of the government in its effort to extend its opportunities for the maintenance of international peace.

Status of Labor Organizations. Coming to the present status of the labor organization under the recent decisions of the courts, the discussion widened broadly. It centered about the supreme court decision in the latter's case, under which certain phases of labor organization methods were declared to be in contravention to the Sherman anti-trust law. Mr. Gompers told the president that since that decision, and under an interpretation of it, seventy-five men had been indicted in New Orleans, it being alleged that they quit work in support of other workmen who were engaged in a strike.

"Under a further interpretation of that decision," said Mr. Gompers, "labor unions can be dissolved by any move on part of the federal government. Men can be arrested, indicted and sentenced to a year in prison and a fine of \$5,000. The officers and members of a union also can be proceeded against civilly and three-fold damages can be assessed against them in any amount that may be complained of by any person claiming to have suffered by reason of the men quitting work or withholding their patronage."

Mr. Taft was asked if there was any truth in the report that American work-

LABOR LEADERS VISIT WHITE HOUSE

Headed By Samuel Gompers, the Executive Council of the American Federation Calls to Confer With the President.

Matters of Vital Moment to Trades Unionism Are Laid Before Mr. Taft and for Two Hours Are the Subject of a Discussion from Which Much Is Hoped, the Chief Magistrate Being Found Keenly Attentive and Deeply Interested.

Washington, April 16.—President Taft discussed the problems of the workmen for two hours today with members of the executive council of the American Federation of Labor. The labor leaders, headed by President Gompers, called at the White House to present to the president a number of matters of vital interest to organized labor. They found the chief magistrate keenly attentive and deeply interested. Mr. Gompers declared, and not only did he give the spokesman of the party all the time they desired to lay their matters before him, but he joined himself in the discussion from time to time, to bring out fuller information on the various subjects as they were reached.

When the conference had reached its close, the president told his callers that he would investigate such matters presented which seemed to him to require such action, and that he would be glad to help as far as his opportunities would permit, in arriving at a proper solution of the difficulties in which the working people found themselves, while at the same time keeping the interest of the whole people in view.

Pleased With Their Reception. The labor leaders were pleased with their reception. They took up with the president an imposing array of problems, including the injunction issue, the eight-hour law, convict labor, the recent indictment of labor leaders in the South for alleged violations of the Sherman anti-trust law, the danger of the dissolution of all labor organizations under a strict interpretation of recent decisions by the supreme court, the maintenance of international peace, labor problems on the Panama canal, allusion to the right of asylum in this country for political offenders from other lands, and child labor.

Mr. Taft told the leaders that he regarded the matter of an anti-injunction law as one of the most important phases of his administration. The president said he would be glad to consult further with the representatives of organized labor as to amendments, etc., when the bill for the next congress has been framed.

With reference to convict labor, Mr. Gompers told the president that organized labor desires only that this class of labor shall be regulated, not prohibited. The idea is to prevent convict-made goods and work from coming into competition with the labor of free men.

Want Eight-Hour Law Extended. The federation council urged the president to use his efforts for the extension of the eight-hour law, so that it will apply to contractors and sub-contractors furnishing materials and fittings for government buildings and other government works. The law now applies only to "government works," and the labor leaders pointed out that while the work of actually constructing government works might now be limited to eight hours, the preparation of materials—sometimes occurring just across the street from the structure itself—found men employed by sub-contractors working nine, ten and twelve hours a day. Mr. Gompers told the president that both McKinley and Roosevelt had favored such extension of the principle of the eight-hour day as is now requested. Mr. Taft promised to give this matter special consideration.

In beginning the interview with the president, Mr. Gompers said that the desired first of all to express its appreciation of the action of the government in standing by the principle of the right of asylum in the United States for persons charged with political offenses in other countries, as exemplified in the recent cases of Popenov and Rudolwiz, Russian refugees. The council expressed its appreciation of the government in its effort to extend its opportunities for the maintenance of international peace.

Status of Labor Organizations. Coming to the present status of the labor organization under the recent decisions of the courts, the discussion widened broadly. It centered about the supreme court decision in the latter's case, under which certain phases of labor organization methods were declared to be in contravention to the Sherman anti-trust law. Mr. Gompers told the president that since that decision, and under an interpretation of it, seventy-five men had been indicted in New Orleans, it being alleged that they quit work in support of other workmen who were engaged in a strike.

"Under a further interpretation of that decision," said Mr. Gompers, "labor unions can be dissolved by any move on part of the federal government. Men can be arrested, indicted and sentenced to a year in prison and a fine of \$5,000. The officers and members of a union also can be proceeded against civilly and three-fold damages can be assessed against them in any amount that may be complained of by any person claiming to have suffered by reason of the men quitting work or withholding their patronage."

Mr. Taft was asked if there was any truth in the report that American work-

DEMOCRATS WANT AN INCOME TAX

Representatives of the Party in the Senate Are United on That Point and Will Strive to Procure Its Enactment.

Meeting for the Second Time to Consider Their Course With Reference to the Tariff Bill, They Informally Resolve Not to Delay the Passage of the Measure, but to Permit the Republicans to Take Entire Charge of the Legislation.

Washington, April 16.—The Democratic senators will not delay the passage of the tariff bill. They held their second conference today, and while no formal conclusion was reached on any point, there was a general consensus of opinion in favor of permitting the Republicans to take entire charge of the measure, with the understanding that they will assume, as they necessarily must, entire responsibility for it.

It has been stated that the postponement of the proceedings in the senate was due to the request of the Democrats, but that the take exception to this statement and say that they will be prepared to proceed with the consideration of the bill whenever the Republican senators desire to take it up; and more than this, that they will be willing to have the Republicans extend the hours of sitting and, after a reasonable time for discussion, to permit the majority to name the time for taking the final vote.

The general expression of opinion in the conference indicated that there would not be a great number of extended speeches on the part of the Democrats, but that there would be a desire to discuss many of the schedules, and especially some amendments which will be offered by Democratic senators.

The nearest approach to a formal agreement at today's meeting was the reiteration of the former expression in favor of an income tax. There is a doubt that the party in the senate is united on that point, but there was no effort to bring about a concrete understanding on the rates of duty on any of the articles covered by the tariff. There was no divergence of opinion as to the desirability of a general reduction of rates on the necessities of life, but some indications that individual Democratic senators would stand against specified decreases in the interest of their own localities.

The meeting adjourned without fixing a definite time for future meetings, but there was an understanding that other conferences would be held from time to time, upon the call of the chairman, Mr. Culbertson.

CONFEREES REACH AGREEMENT. Census Bill Ready Now for the Final Action of Congress

Washington, April 16.—The conferees on the census bill have that measure in such shape now that both branches of congress will merely have to agree to the conference reports in order to obtain the passage of the bill for the president's signature. As agreed to by the conference, the bill now requires that competitive examinations shall be held for all employes in connection with the gathering of data for the new census. The house conferees procured the adoption of the provision for the purchase of the present site of the census bureau, which had been amended by the senate so that the secretary of the treasury should obtain any site which he deemed more suitable.

The senate amendment requiring that the data collected for the thirteenth census shall include the number of months an employee has been out of employment during the preceding calendar year was agreed to, and it is believed the requisite will have the effect of developing much valuable information concerning the industrial situation. In accordance with some views expressed in the report of President Roosevelt's home commission, the census enumerators will be required to note all cases where persons under eighteen years of age are ruptured, crippled or deformed.

The senate amendments requiring that the schedules relating to agriculture shall include the country of birth of the occupants of farms and the acreage of the woodland and the character of the timber, on the farms were agreed to by the house conferees.

ingmen, principally laborers belonging to American unions, are being laid off at the isthmus of Panama to make room for foreigners. The president said that he had not even heard of such a report, and did not believe it could be true.

Continued Contributions Urged. Some misapprehension prevails regarding the voluntary contributions to the defense fund of the American Federation of Labor in its injunction year. Count proceedings. President Gompers made the statement today that while the contributions have been liberal, he is desirous that they be continued. If these contributions are stopped, he says, it may be necessary to levy assessments upon the members of the labor and count proceedings by the last convention of the federation.

INDIANS STARVING TO DEATH. Edmonton, Alberta, April 16.—Reports from Fort Chipewyan state that as a result of the failure of the fur crop, the Indians are slowly starving to death.

DEMOCRATS WANT AN INCOME TAX

Representatives of the Party in the Senate Are United on That Point and Will Strive to Procure Its Enactment.

Meeting for the Second Time to Consider Their Course With Reference to the Tariff Bill, They Informally Resolve Not to Delay the Passage of the Measure, but to Permit the Republicans to Take Entire Charge of the Legislation.

Washington, April 16.—The Democratic senators will not delay the passage of the tariff bill. They held their second conference today, and while no formal conclusion was reached on any point, there was a general consensus of opinion in favor of permitting the Republicans to take entire charge of the measure, with the understanding that they will assume, as they necessarily must, entire responsibility for it.

It has been stated that the postponement of the proceedings in the senate was due to the request of the Democrats, but that the take exception to this statement and say that they will be prepared to proceed with the consideration of the bill whenever the Republican senators desire to take it up; and more than this, that they will be willing to have the Republicans extend the hours of sitting and, after a reasonable time for discussion, to permit the majority to name the time for taking the final vote.

The general expression of opinion in the conference indicated that there would not be a great number of extended speeches on the part of the Democrats, but that there would be a desire to discuss many of the schedules, and especially some amendments which will be offered by Democratic senators.

The nearest approach to a formal agreement at today's meeting was the reiteration of the former expression in favor of an income tax. There is a doubt that the party in the senate is united on that point, but there was no effort to bring about a concrete understanding on the rates of duty on any of the articles covered by the tariff. There was no divergence of opinion as to the desirability of a general reduction of rates on the necessities of life, but some indications that individual Democratic senators would stand against specified decreases in the interest of their own localities.

The meeting adjourned without fixing a definite time for future meetings, but there was an understanding that other conferences would be held from time to time, upon the call of the chairman, Mr. Culbertson.

CONFEREES REACH AGREEMENT. Census Bill Ready Now for the Final Action of Congress

Washington, April 16.—The conferees on the census bill have that measure in such shape now that both branches of congress will merely have to agree to the conference reports in order to obtain the passage of the bill for the president's signature. As agreed to by the conference, the bill now requires that competitive examinations shall be held for all employes in connection with the gathering of data for the new census. The house conferees procured the adoption of the provision for the purchase of the present site of the census bureau, which had been amended by the senate so that the secretary of the treasury should obtain any site which he deemed more suitable.

The senate amendment requiring that the data collected for the thirteenth census shall include the number of months an employee has been out of employment during the preceding calendar year was agreed to, and it is believed the requisite will have the effect of developing much valuable information concerning the industrial situation. In accordance with some views expressed in the report of President Roosevelt's home commission, the census enumerators will be required to note all cases where persons under eighteen years of age are ruptured, crippled or deformed.

MARQUETTE, MICH., APRIL 17.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

We have no doubt that the Detroit News and Warden Fuller now understand one another thoroughly. They seem to be in substantial agreement as to Representative Ogg's status as a desirable citizen.

Governors may come and governors may go, but Insurance Commissioner Barry seems to be a fixture. Governor Warner has sent in his name for appointment for a fifth term. The secret of Insurance Commissioner Barry's longevity in official life is the efficient way he attends to the duties of his important office and the manner in which he avoids entangling political alliances.

The daylight saloon law passed by the legislature of Nebraska has caused the cancellation of arrangements, already well under way, for the Saengerfest, which was to be held in Omaha next year. The daylight saloon law provides that saloons can open no earlier than 7 a. m. and must be closed at 8 p. m.

Horatio S. Earle, the state highway commissioner, who promised to resign January 1, 1909, is just now the center of interest at Lansing. The efforts of some of his friends in the legislature to secure for him an additional tenure of office by making the position an elective one, meanwhile extending his term until the next general election, and the efforts of Governor Warner to supplant him are attracting widespread attention.

C. S. Dickinson, a member of the state railroad commission, has prepared a statement showing that there were 2,790 casualties on the steam and electric lines of the state during the past year. Of this number 392 resulted fatally. The persons injured are classified in the following groups: Passengers, 1,414; employes, 71; trespassers, 145; others, such as persons at highway crossings, 453.

Patten says he hasn't cornered wheat, but has simply guessed accurately the price fluctuations, as controlled by supply and demand. The bakers, however, seem to incline to the "corner" theory. Corner or no corner, the high prices prevailing for wheat are beginning to leave their impress on the prices for flour, and the result is, in turn, higher prices for bread, whether it is baked at home or purchased in the bread shops.

The baseball season has opened auspiciously for the various major league teams. The attendance at all of the opening games was of gratifying proportions, and the interest shown augurs that the public will support baseball

5% DEBENTURES Running one to five years secured by first mortgages on improved real estate worth more than double outstanding debentures. Superior Trust Company HANCOCK, MICH. Capital and Surplus...\$200,000.00 DIRECTORS: Jas. Chynoweth, Jacob Beer, G. R. Campbell, H. L. Beer, Geo. D. Cuddy, Joseph Bosch, Lesing Karger, Chas. Briggs, Norman W. Haire, James Mercer, L. H. Richardson, Allen F. Rees, Chas. L. Lawton, Geo. Ruppe, S. L. Lawton, Thos. Whittle, C. A. Wright, Ferd. Wieber.

the coming season even more generously than it did last year, which proved a most profitable one for the magnates. The Detroit Tigers and the Chicago Cubs, last year's champions in their respective leagues, have gotten away in front, and everything indicates that they are likely pennant aspirants again this season.

Mayor Ellis of Grand Rapids has a way all of his own of disposing of kickers. This week Sybrant Wesselus hunted him up to protest about the way the city budget had increased. Quick as a flash Ellis tendered him a position on the board of estimates, and gave him the carte blanche to do what he could to bring about economies.

There is much discussion of the possibility of the repeal of the Asire ordinance, passed last December, which provides that the council shall grant no saloon licenses to persons not now in the business. The ordinance was passed seven votes to four, Aldermen Campbell, Schauer, Williams, Asire, Peters, Ekstrom and Siegel voting for it, and Aldermen McCarthy, Downey, Donovan and Reichel voting against it.

Former Senator William E. Mason is now a man with a well developed grouch and is a double-distilled pessimist with no sense of humor. Outside of that, in the language of vaudeville, he is all right. When William E. was firmly ensconced in a comfortable seat in the senate he was an optimist, and every sign of his horizon presaged eternal content.

Observe the transformed Mason in a recent speech in Chicago on the present tariff squabble. He said: "The American citizen is forever thumping himself on the chest and announcing, 'I am the people.' As a matter of fact he is just a plain fool. He has to be jumped on, slugged and thrown down two flights of stairs before he understands that he is being jobbed by the men he sends to congress to represent him."

The American people do not love to be fooled and they never are fooled for very long at a time. Many a successful business man may have bought a good brick in some stage of his career, but that does not entitle him to a life meal ticket in the home for the feeble minded. The same may be said of a nation.

UP BEFORE THE BAR. N. H. Brown, an attorney, of Pittsfield, Vt., writes: "We have used Dr. King's New Life Pills for years and find them such a good family medicine we wouldn't be without them." For Chills, Constipation, Biliousness or Sick Headache they work wonders, 25c. The Stafford Drug Co.

City Brevities

Today's weather: Rain or snow; stationary temperature. Seven a. m., 31 degrees; noon, 33; 7 p. m., 33. Minimum, 34 degrees; minimum, 31.

James Pendill went to Escanaba on business yesterday.

Patrick Heney, of St. Paul, is visiting friends in the city.

Mrs. George Tucker has gone to Chicago to visit her daughter, Winifred.

Mrs. A. M. Adams expects to move her home on Baker street the first of next week.

The Saturday Morning Music club will not meet this afternoon, but will meet next week Saturday.

Two box parties, one from Negaunee and one from Ishpeming, attended "Bibi" at the opera house last night.

William Moriarty, of Peshtigo, Wis., attended the funeral of the late Mary Agnes Hanley, held yesterday morning.

Eugene S. J. Paulus, after having spent the Easter vacation in Detroit, returned yesterday to Munising to resume his duties as supervisor of music in the public schools.

Boy Dies Suddenly—The eldest son of August A. Anderson, of Chatham, aged six years, died very suddenly yesterday from an attack of diphtheria. Mr. Anderson was formerly a resident of Negaunee, where he was a trusted employee of the late Samuel Mitchell.

Roney Boys May 25—The Roney Boys' Concert company will appear in this city May 25 under the auspices of the Guild Hall association. The concert will probably be given in the Guild Hall auditorium. This concert company has given musical entertainments in this city on several occasions, and the excellence of their programs is well known to the people of this city.

High School Annual—The senior class of the high school is preparing to get out an annual about June 1. The editorial work for the book is nearly all handed in and the committee has met with good success in soliciting advertising. The annual promises to be one of the best ever published by the high school and the students are eagerly awaiting its appearance.

High School to Give Play—Rehearsals have begun for the two-act farce "Mr. Bob," to be given by the high school at the Guild Hall about the middle of May. The rehearsals are under the direction of Miss Marie P. Templeton. This will be the first high school play in which the whole school will have the opportunity to participate.

New Railroad Office—The Marquette & Southeastern railway has established regular freight and ticket office at Big Bay. J. S. Madigan, formerly of Birch, having been appointed agent at that place. Arthur Boldie, formerly in the Marquette freight office, has been appointed agent at Birch. C. O. Boogren, the railroad agent at Gwinn, has been transferred to Princeton and C. G. Kemp, of Munising, has been transferred to Gwinn.

Arrested for Shooting—Thursday night about 11 o'clock, as a group of foreigners were walking along Third street near the South Shore tracks, a shot was fired by one of the party and Edward Maki was arrested by Officer Remotel, on complaint of William Maki (no relation), another of the party, who claimed that Edward Maki had shot at him. The complainant was held as a witness. Four of the party appeared in Justice Byrne's court yesterday afternoon and as Edward Maki pleaded not guilty the case was continued until this morning. The defendant claimed that he did not fire the shot, but that it was fired by someone behind him. William Maki and two others were ahead of him, Edward said. Neither of the men were armed when arrested, and if the accused man fired the shot, he did a good job of "ditching" his gun before the officer appeared.

Appropriation for Normal—The Normal schools committee of the legislature have reported out an appropriation of \$179,150 for the Marquette Normal. Of this amount \$122,900 is for current expenses for the next year and \$56,250 for special improvements. Early in the session, President Kaye asked for \$150,000 with which to erect a magnificent building between the present main building and the Peter White science hall. Despairing of obtaining this amount, President Kaye, on his visit to Lansing a short time ago, reduced his request for special appropriations to \$56,250, the amount recommended by the committees. If this amount is allowed by the legislature, it will be used to build a gymnasium at the rear of the south wing, which can also be used as an assembly room. It is estimated that this building will cost \$30,000, and the remainder of the special appropriation will be used to equip the gymnasium and also a manual training and domestic science department in one of the present buildings.

Upper Peninsula

Salary Schedule at the Soo—The common council of Sault Ste. Marie meeting for the purpose of fixing the pay of the city employees for the coming fiscal year, the aldermen divided on the question of reducing the salaries of the chief and captain of police and city treasurer, but the old schedule was finally adopted. Alderman Moher started things by offering a resolution which cut the chief's salary \$200 per year, knocked \$5 a month off the captain's pay and reduced the remuneration of the treasurer \$100 per year. The motion was seconded by Alderman Metzger. Alderman Vanderhook was on his feet in an instant, offering an amendment restoring the salaries to the old rate. The amendment was seconded by Alderman Laphis. The amendment carried, Moher, Metzger, and McEvoy voting against it. This leaves the salaries for the ensuing year as follows: City recorder, \$950; city comptroller, \$1,200; health officer and meat inspector, \$900; chief engineer, pump house, \$1,200; first assistant engineer, pump house, \$840; second assistant engineer, pump house, \$840; chief of police, \$1,200; captain of police, \$900; policeman, first year, \$720; policeman, second year, \$780; policeman, third year, \$840; chief of fire department and fire warden, \$1,080; caretaker of hose house, \$780; janitor of city hall, \$540; superintendent of cemetery, \$300; sexton, \$600; caretaker of garbage ground, \$480; collector of water rents, \$600. Fifty-six liquor bonds were submitted without reading and were referred to the committee on finance.

Gas Capitalists Would Invest—"If the people of Escanaba want a modern gas plant instead of the city's present municipal white elephant, they can get it easily," said A. L. Wallace of the Iron Mountain Gas company, who was at the Iron Port the other day. "While we are not looking for another plant and I am not here on that business at all, I can say that we would buy your present plant for what it is worth and put in a \$150,000 modern gas plant here, provided we were given a thirty-year franchise. Our Iron Mountain plant is now in excellent running order and the people are beginning to find out the advantages of modern gas service. Throughout the city we are making connections every day and new business is coming in faster than we are able to care for it. The people of Ironwood, by a vote of 99 per cent of the electors, granted us a franchise for thirty years, and we are going to begin the construction of a \$150,000 plant there at once. The action at Ironwood was taken after a visit had been made to our Iron Mountain plant and after the council and mayor had become fully satisfied that we could deliver the goods. We recently put in a plant at Stoughton, Wis., that has been a great success, and while I say I am not out looking for new places in which to install plants, I know that Escanaba could have just such a plant as these other cities are getting if it really wants it."

"I'D RATHER DIE, DOCTOR."
Than have my feet cut off," said M. L. Bingham, of Princeton, Ill. "But you'll die from gangrene (which had eaten away eight toes) if you don't," said all doctors. Instead, he used Bucklen's Arnica Salve until wholly cured. Its cures of Eczema, Fever Sores, Boils, Burns and Piles astound the world. 25c at The Stafford Drug Co.

Some Men Are Just Prejudiced

THEY DON'T know what the ready-made clothiers are accomplishing. They simply have followed that old time belief that a custom tailor does things differently.

It will just take about two seconds for a try-on of one of "Our Own Shop Made Suits," to prove that a custom tailor is an expensive luxury. There can be no better tailoring than is put into "Our Clothes," the style couldn't be improved, the fit is all that any exacting customer could demand, cloths and patterns are exclusive and the prices are about half.

\$15 to \$30

Jacob Rose

Tailor Shop, Corner Market and Jackson Bl'vd, Chicago, Ill. The Store of Quality. Marquette.

NYAL'S ROACH POWDER

Cockroaches, water bugs and other unwelcome frequenters of the kitchen, bath room or dining room will disappear if you sprinkle Nyal's Roach Powder where they can get it.

This powder is non-poisonous, but it's death to roaches, etc., and will rid your premises of them, for those that do not die will leave. Price 25.

Nyal's Death to Flies (5c) and Nyal's Death to Rats (15c) are also the best things in their ways. There is positively no reason why you should be bothered with household pests when you can get these famous Nyal preparations; but, remember, this is the only store in town that sells them.

The Faculty club met on Tuesday last for the first meeting of the quarter. The session was held in the new faculty room.

Superintendent E. E. Scribner of Ispeping and Principal J. W. Phelps of the high school were Normal visitors yesterday afternoon.

Superintendent Fred A. Jeffers of Atlantic Mine, spent Thursday morning visiting the school. Mr. Jeffers is looking for teachers for next year.

Mrs. Fred Porter of Chicago, formerly Miss Flora Mowbray, head of the kindergarten department in the Normal, is the happy mother of a son, born about two weeks ago.

Miss Elma Nelson has been elected to a position in the schools at Crystal Falls. Miss Nelson specialized in kindergarten work and will have a position in the first grade at Crystal Falls.

Miss Josephine Cox of the class '02 spent yesterday afternoon at the Normal school. She presented the museum of national history with a mounted specimen of a beautiful and rare species of moth.

On Thursday morning at Assembly, Miss Hill gave a talk on the life and work of Edgar Allan Poe. This year happens to be the centenary of a large

number of authors and eminent men of science and statesmanship. Poe was born one hundred years ago on Jan. 19th.

During the past week several of the city teachers made visits at the Normal. Among them were: Miss Barnard of the high school, Miss Tompkins in charge of the school for the deaf, Miss Mabel Moore and Miss Liza Finwall. The visitors were the Misses Hay, Blanchard, Butts, Mildon, Olga Girzi, Bessy Carlyon, Ros Daniels, Anna Haslam and her niece, and V. Winifred Lacey.

Miss Eleanor Power, a member of the junior class, was called upon this week to mourn the death of her father, John Power of Ispeping. The deceased had been a sufferer for many months and during the time his daughter was again and again summoned from her studies to his bedside. Her classmates desired to show their sympathy with her and sent an offering of flowers.

The third bulletin for the summer school is being sent out and the last one is nearly ready. This will contain full descriptions of all of the courses to be offered, together with the list of lecturers and matters of interest to those desiring to take work in the summer term. Judging from correspondence with the office, the tenth annual summer school bids fair to be larger than any that has gone before.

On Wednesday evening the Ygdrasil Literary society met at the society room. The program concerned various views of Florence, Italy. Talks were given by the following persons: Emma Sanders

"Santa Maria Novella"; Cora Richards, "San Miniato"; Doris King, "Santa Croce." Each number was illustrated by stereopticon views, loaned for the occasion by Miss Spalding. Music on the orchestral was furnished by Ernest Roberts.

Some time ago President James H. Kaye extended an invitation to the officers of the Upper Peninsula Oratorical association to hold the final contest at the Normal school. The invitation was accepted and the date set for April 30, two weeks from last night. One of the provisions in the regulations was that the place for the contest is that entertainment for the six young men and women contestants shall be furnished here. Tickets will be placed in the hands of interested persons for sale next week. The price of admission was fixed at twenty cents and it is hoped that the contestants will be greeted by a large audience.

We were very much shocked on Wednesday to learn of the death of Miss Mary Hanley of this city, who graduated from the Normal last year. Miss Hanley first entered the school in the fall of 1903, but before she could finish her work was taken seriously ill and confined to her home most of the time for four years. She was one of the most patient sufferers, and, though she was called upon to endure extraordinary pain nearly all of the time, she was rarely heard to complain. Her ambition was too great for her physical strength and she returned to school as soon as her physician would consent to her leaving the house. She completed her course and secured a position at Schaffer, which she held until the holidays, when she strength at last failing, Miss Hanley was a fine student, full of ambition, energy and will power, and made an excellent impression in her teaching. There is no doubt that had she been spared she would have made her mark in her chosen profession.

On Tuesday morning, Assembly was in charge of Miss Melnich, critic teacher in the Seventh grade. The exercise consisted of the reading by the pupils in the grade of fables, composed by them for work in their language classes, modeled after those by Esop. The children had studied certain typical fables, and had been led to choose for their own work animals having characteristics similar to those appearing in the original fables, and with these to construct a fable of their own which should teach the same lesson. The ones chosen from Esop were, "The Hare and the Tortoise," "The Wolf and the Lamb," "The Ant and the Grasshopper," "The Crow and the Pitcher," "The Lark and the Farmer," "The Bat, Neither Bird nor Beast," and "The Fox Without a Tail." During the exercise, a question of the propriety of such a diminution of the copper contents of the ore sent to the smelter was discussed. The answer was in the affirmative. Neither is the explanation that such diminution resulted from a policy of conserving the high grade ore reserves for higher metal prices altogether satisfactory. At the same time there is plenty of chance for differences of opinion in this regard.

Michigan.

The twelve foot vein opened in the old Red adit of the Michigan mine promises to be an influence on the future of this property which is not to be underestimated. It is forty years since any work was done in this adit. In the days when the old Minnesota worked this adit there was a fine showing of mass copper ore in the vein. When that property was cut the management gave up the work there, disregarding the stamp rock showing as worthless, which it was so considered in those days. Now the vein is well mineralized from foot to hanging where opened in the adit. What is more important, such a vein is opened in workings which extend from the Calumet lead openings. Although the openings at this lower point are not so rich nor is the vein so wide in mineralized ground as in the adit opening above, on the price of the metal has not as yet become such a very substantial reality, it must always be remembered that the copper share market like any other market, is subject to conditions in only a small way. It is more important as an advance indicator of conditions which are coming later on. The market is always ahead of the business situation, usually some months ahead. This time is no different from any other. By the time that general business conditions have reached their state of normal activity and copper metal is again selling at normal figures, we shall see no opportunity to purchase copper shares at present prices, which may now seem high. There will be a general boom in the more distant future whether we are to have genuine boom times or a setback following normal conditions. In regard to the copper shares as with railway shares and other stocks and bonds, the distribution brought on by the late times was more general than believed. Small lot buyers have their stocks and shares in their strong boxes. They didn't buy to trade. They bought because they figured that the bottom prices had been reached and they have put their stocks away for dividends or much higher prices than we see at the present time. This general cleanup of the whole market is a factor of considerable consequence when you are figuring on the probable course of the market. This retirement of so much stock from the market means that it is harder to buy any issue when so little is offered and small amount is traded in. We continue to believe that there is money in this market on one side only and that is the bull side and we continue to believe that the purchaser of copper shares at these prices, if proper care is shown in the selections, will better his investment by at least 25 per cent inside of a year. Superior & Pittsburg.

Unquestionably the criticism of the management of the Calumet & Arizona mine in handling the continuous underground flow it must be said to the credit of the management of this property that no other copper mining men in the world would have undertaken this task, at such an enormous outlay and with such an uncertain prospect of results from the supposition that they would be repaid with the ore body to be found under the water, yet the Superior & Pittsburg management showed faith in its mining directors and when that faith called for the outlay of a million or more, they did not hesitate.

Calumet & Arizona.

Unquestionably the criticism of the management of the Calumet & Arizona mine in handling the continuous underground flow it must be said to the credit of the management of this property that no other copper mining men in the world would have undertaken this task, at such an enormous outlay and with such an uncertain prospect of results from the supposition that they would be repaid with the ore body to be found under the water, yet the Superior & Pittsburg management showed faith in its mining directors and when that faith called for the outlay of a million or more, they did not hesitate.

Superior & Pittsburg.

WEEKLY COPPER REVIEW

Gossip of Interest Concerning the Market Situation and Various Mining Properties.

[Palme, Webber & Co.]

While it is perfectly true that the shares of dividend paying copper shares are selling at figures which are higher than their intrinsic value, the market movements would indicate as reasonable and while the expected advancement in the price of the metal has not as yet become such a very substantial reality, it must always be remembered that the copper share market like any other market, is subject to conditions in only a small way. It is more important as an advance indicator of conditions which are coming later on. The market is always ahead of the business situation, usually some months ahead. This time is no different from any other. By the time that general business conditions have reached their state of normal activity and copper metal is again selling at normal figures, we shall see no opportunity to purchase copper shares at present prices, which may now seem high. There will be a general boom in the more distant future whether we are to have genuine boom times or a setback following normal conditions. In regard to the copper shares as with railway shares and other stocks and bonds, the distribution brought on by the late times was more general than believed. Superior & Pittsburg.

TRADE CONTINUES SLOW.

Tendency Is, However, Steadily in the Direction of Improvement.

New York, April 16.—R. G. Dun & Co.'s Trade Review tomorrow will say: Although the movement of trade is slow, its volume is enlarging and the tendency is in the direction of improvement. In iron and steel, structural lines continue to reflect the broader demand. The contracts placed thus far this month comprising a very substantial tonnage and considerable new business is also in sight. The railroads are taking advantage of the low prices named to make necessary improvements and extensions, while the advancing season has stimulated building activity in many sections. One encouraging feature is the increased interest shown in pig iron.

The improvement in the shoe market is steady, although the movement is quite conservative. Orders are being made in prices to secure business, but on the whole the values are firm. In the primary market for cotton goods, the effect of the recent heavy export business to China is apparent, many mills having

SOMETHING WORTH KNOWING AND KNOWING IS BELIEVING

YOU CAN'T HAVE DYSPEPSIA AND TAKE KODOL, BECAUSE IT DIGESTS ALL THE FOOD YOU EAT.

Chronic dyspepsia is very hard to cure. Kodol will effectually assist in curing it, and it is far more satisfactory to prevent this disease. Kodol prevents dyspepsia, by making the digestion good, keeping it good. It is worth something to know that if you have indigestion, and are likely to have dyspepsia, Kodol prevents dyspepsia, and makes the digestion good, by digesting all the food you eat. A tablespoonful of Kodol will digest 2 1/2 pounds of food. That is, at a table-spoonful of Kodol will digest a quantity of any kind of food you may eat. Not only a single class of food—but all kinds of food, in any combination. You can't have dyspepsia, if you take Kodol now and then because it is not possible for you to have dyspepsia as long as you digest your food properly—and Kodol digests the food you eat. Our guarantee—Get a dollar bottle of Kodol. If you are not benefited the druggist will at once return your money. Don't hesitate; any druggist will sell you Kodol on these terms. The dollar bottle contains 2 1/2 times as much as the 30c bottle. Kodol is prepared in the laboratory of E. C. DeWitt & Co., Chicago.

TYPEWRITER HOUSE IN STRAITS.

Chicago, April 16.—The creditors of the Remington-Sholes company, which was placed in the hands of a receiver Jan. 21, today sought to have the typewriter concern adjudged bankrupt in the United States district court. It is urged by the petitioners that in order to conserve the assets for all the creditors a receiver in bankruptcy is necessary. Action was postponed until Tuesday.

BIG SENSATION AT TOKIO.

Tokio, April 16.—A tremendous sensation developed here today with the arrest of nine members of the lower house of the diet, the charges being withheld. It is believed that bribery in connection with the recent difficulties of the Japan Sugar company are alleged, and there is great unrest in the capital, as it is stated, some members of the upper house are liable to arrest also.

DISSENSION AT PRINCETON.

Princeton, N. J., April 16.—The board of directors of the Princeton Theological seminary held an extraordinary session here today, to consider a dissension between the faculty and the students which came to a climax in the petitioning of the board of directors that certain courses be made "more intelligible." None of the proceedings were made public. Dr. F. W. Loetscher, of the Oxford Presbyterian church, at Philadelphia, who is secretary of the board, refused to make any announcement. It is expected, however, that the students will be apprised in a few days of the action of the board.

AMERICAN CHAMPION TRAVERSERS PLAYING GOLF IN ENGLAND.

Prestwich, Eng., April 16.—Jerome D. Travers, amateur golf champion of the United States, was defeated here today in an eighteen-hole match by A. E. Aitken, champion of South Ireland, seven up and five to play. This afternoon Travers defeated the Irishman by one hole.

CUDAHAY COMPANY INDICTED.

Topeka, Kas., April 16.—Indictments were returned here today by the federal grand jury against the Cudahay Packing company, of Kansas City, Kas., on 737 counts for defrauding the government out of \$80,000 by violation of the internal revenue laws on oleomargarine.

OFFERED AN AMBASSADORSHIP.

Portland, Ore., April 16.—It is known here that W. W. Scott, editor of the Portland Oregonian, has been offered the post of ambassador to Mexico, but

shaft this property has opened up the largest it not the richest ore body in the Disbee district. The ore body is demonstrated 700 feet in length and extends across the entire property, practically the same distance. Its depth is still undetermined but at the 1300-foot level they are in it very rich values and indications point to increased betterment with depth. This is of course the strongest ore body the property has opened.

The difficulty in handling water which was such a bugbear to the progress of the work at the Superior & Pittsburg for such a long period seems now to be overcome at a cost running into millions. Many of the shafts which were formerly flooded out by the water are now dry and dusty and the water level is constantly receding, although the water handling are still a very significant item in the cost of operation of this property, in this connection and with the certainty now proven that the water problem consists simply in draining the basin and not in handling a continuous underground flow it must be said to the credit of the management of this property that no other copper mining men in the world would have undertaken this task, at such an enormous outlay and with such an uncertain prospect of results from the supposition that they would be repaid with the ore body to be found under the water, yet the Superior & Pittsburg management showed faith in its mining directors and when that faith called for the outlay of a million or more, they did not hesitate.

ZELAYA STIRRING UP TROUBLE.

Nicaragua's President Reported Massing Troops to Attack Salvador.

Mexico City, April 16.—Private cable dispatches received here today confirm the advices received from Washington of the military activity of Nicaragua. Troops are said to be concentrating in the Bay of Fonseca, and two small expeditions are reported to have been turned back by the Salvadorean. President Zelaya of Nicaragua is reported to be organizing the Salvadorean exiles in Honduras. The neutrality of Honduras, which was guaranteed by the treaty signed by the Central American republics at Washington, is said to have been violated, and Zelaya, it is said, expects to attack Acajutla, Salvador, which lies fifty miles southwest of San Salvador, on the Pacific. The Mexican navy department has instructed the commander of the gunboat Guerrero to act in conjunction with the American war vessels now at Amapala, Honduras, in maintaining peace.

REFeree BOARD HELD ILLEGAL.

Washington, April 16.—That the referee board of the department of agriculture, whose duty it is to investigate the wholesomeness or deleteriousness of foods and articles used in foods, is a legally constituted body, and that Secretary Wilson had ample authority to appoint the board, was the decision today of Attorney General Wickersham. The decision is of far-reaching importance, because it means that the work of the referee board on the wholesomeness of sulphur, saccharine and copper salts will be continued.

RATE DISPUTE ADJUSTED.

Burlington Road Announces a Two and One-Half Cent Fare for Missouri.

Chicago, April 16.—In advance of official information the action of the Burlington today in announcing a two and one-half cent passenger rate in Missouri is regarded as a diplomatic move which will end the litigation between that state and the railroads, all of which are expected to follow the Burlington's lead in that state. When Judge McPherson in the federal court, declared the state two-cent fare law unconstitutional, the railroads announced their intention of resuming the three-cent fare rate. The state secured a temporary injunction restraining them from this action, and the roads have since continued to operate at the two-cent rate. The hearing on the injunction against the roads was set for April 23. The Burlington's announcement of a rate which looks like a compromise is taken to indicate that a way has been found out of the difficulty satisfactory both to the roads and the state.

North Dakota Law Upheld.

Bismarck, N. D., April 16.—The supreme court this afternoon decided the North Dakota coal rate cases, holding the law fixing maximum rates to be constitutional and the rates to be reasonable, and ordering the Northern Pacific, Great Northern and Soo roads from changing their present tariffs and ordering them to put into effect the tariffs fixed by the legislature two years ago.

WASHINGTON INVADDED.

Washington, April 16.—Scores of prominent women from many states reached here today and formed the advance guard of the delegation to the congress of the Daughters of the American Revolution, which opens Monday. Mrs. William Cummings Story, of New York, the candidate of the "insurgents" for president general, and a large number of delegates from the Eastern states arrived tonight. Mrs. Story heads that faction termed the "conservative party" of the organization, and is making the race for president general against Mrs. Matthew T. Scott, of Bloomington, Ill., the choice of the "administration" forces.

WOMEN ARRIVE FROM MANY STATES TO ATTEND D. A. R. CONVENTION.

Washington, April 16.—Scores of prominent women from many states reached here today and formed the advance guard of the delegation to the congress of the Daughters of the American Revolution, which opens Monday. Mrs. William Cummings Story, of New York, the candidate of the "insurgents" for president general, and a large number of delegates from the Eastern states arrived tonight. Mrs. Story heads that faction termed the "conservative party" of the organization, and is making the race for president general against Mrs. Matthew T. Scott, of Bloomington, Ill., the choice of the "administration" forces.

VENEZUELAN JUDGE PROFFERS DESIRE TO TRY EX-PRESIDENT FOR MURDER.

Caracas, Venezuela, Monday April 12, via Port of Spain, Trinidad, April 16.—The judge of the criminal court before which is pending the case charging former President Castro with responsibility for the murder of Antonio Paredes, has ordered the issuing of requisition papers for the arrest of Castro.

FAIRBANKS SAILS FOR JAPAN.

San Francisco, April 16.—Former Vice President Fairbanks, accompanied by Mrs. Fairbanks and others, sailed for the Orient today. He will stop at Honolulu, leaving there May 17 for Yokohama, whence he will proceed to Peking.

CUDAHAY COMPANY INDICTED.

Topeka, Kas., April 16.—Indictments were returned here today by the federal grand jury against the Cudahay Packing company, of Kansas City, Kas., on 737 counts for defrauding the government out of \$80,000 by violation of the internal revenue laws on oleomargarine.

ANNUAL CELEBRATION.

Iron Mountain Lodge of Odd Fellows Will Hold It Next Week.

At the last meeting of Iron Mountain lodge of the Independent Order of Odd Fellows of Negaunee, a committee was appointed to complete arrangements for the society's annual celebration, to be held a week from tonight, the 24th, in the lodge hall. Iron Mountain lodge is one of the oldest in this section, having been organized something like thirty-five years ago. Its anniversary date is April 26, but on account of there being no work in the mines Saturday night it has been decided to hold the meeting that evening, instead of Monday.

The committee of arrangements is composed of Matt Chester, William Holman, Jr., William Bath, William Thoren, Jr., Charles Lea, S. G. Stephens and Thomas Eastbrook.

A musical and literary program will be given and refreshments will be served.

LOCAL LAONICS.

Fred Stephens had the top of one of his fingers taken off in the mine, where he is employed, Thursday.

Richard Nesbitt, Louis Villeneuve and Bert Balcom returned yesterday from

trout fishing, all bringing home large catches of fish.

Fifteen or more Negaunee people took in the production of "Bibi" by Marquette talent at the Marquette opera house last evening.

S. G. Stephens, who recently took the management of the billiard and pool hall in the sunberg block, is overhauling the tables, putting them in first-class condition.

The livery barn on East Iron street, now occupied by Sandy Johnson, is being improved. The roof is being reshingled and other work is to be done there.

The members of the Negaunee Light Infantry expect a large attendance at their social hop, to be given this evening in the Kirkwood hall. The Twin City orchestra will furnish the music.

The Bijou theater, which opened last Monday evening under the management of the Welverine Amusement company, is doing a fine business this week. The yendeville features, added to the moving pictures and illustrated songs, are proving a good card.

Over fifty Negaunee people attended the annual card and dancing party of Zenith lodge, Knights of Pythias, at Braustad's hall, Ishpeming, Thursday

evening. The function was one of the most enjoyable that the society has ever given. Over 600 people were in attendance. Dancing continued until after midnight, when Negaunee people returned home on a special street car.

Thomas Abbott and Ed. Mallett have called a meeting of Negaunee men interested in the organization of a cricket team, to be held this evening in the post-office building. A team has been organized by Christ, Marshall and William Oliver and it is understood that the team to be perfected by Abbott and Mallett will try conclusions with the Marshall-Oliver organization as soon as the weather will permit.

A Notre Dame Lady's Appeal.

To all knowing sufferers of rheumatism, whether muscular or of the joints, sciatica, lumbago, backache, pains in the kidneys or neuralgia pains, to write to her for a home treatment which has repeatedly cured all of these tortures. She feels it her duty to send it to all sufferers FREE. You cure yourself at home as thousands will testify—no change of climate being necessary. This simple discovery banishes uric acid from the blood, loosens the stiffened joints, purifies the blood, and brightens the eyes, giving elasticity and tone to the whole system. If the above interests you, for proof address Mrs. one-night stands at more than double the West-Henry admission price. E. M. Summers, Box R. Notre Dame, Ind.

More New Suits Specially Priced

Two Big Shipments Received Today

AT **\$15** TO **\$30** AT **\$15** TO **\$30**

Two more big shipments of new spring suits received today from two of the best manufacturers in the country. Workmanship and style on the exclusive order. Nothing like it being shown anywhere else. Our suit business has been tremendous and we have been in shape to get shipments every Friday and Saturday. That's the reason we are always showing something new.

NEGAUNEE LIQUOR LAWS TO BE STRICTLY ENFORCED

MAYOR WINTER GAVE THE COUNCIL A STRAIGHT TIP THAT VIOLATIONS MUST COME TO AN END WITHOUT DELAY.

If the Negaunee police force carries out the instructions of Mayor Winter, the liquor dealers will have to observe the law during the ensuing year. The mayor, in his address to the council Thursday afternoon, said that he had made up his mind that the lid must be put on and that the liquor dealers must obey the law to the letter. He said that he will expect every drinking place in the city to close promptly at 11 o'clock on week day nights and to keep both their front and back doors closed on Sundays and legal holidays. It was evident from the mayor's talk that he meant what he said, and he declared that he will expect Marshal Rough and the other members of the force to see that the laws are strictly obeyed.

The city authorities have been lenient with the liquor dealers in the past, and the mayor last year received a number of complaints relative to the manner in which the saloons were being conducted. He stated to the council that he sincerely hopes there will be no cause for complaint in the future. The mayor's remarks seemed to be favorably received by the members of the council and the opinion was generally expressed, following the meeting Thursday, also yesterday, that the police force will be obliged to do their best to carry out his instructions.

Some of the liquor dealers are pleased that the mayor has taken this stand. One of them said yesterday that he has realized that some of the saloon men were lawless in the manner in which they have conducted their business, and he expressed the belief that if they are made to observe the law to the letter there will be less agitation.

Marshal-elect Rough and the three new officers of the police force will begin work tonight at 6 o'clock. The old officers might continue work until the first of the month, but all of them have expressed a desire to quit at once. Marshal Grille yesterday said that he wished to turn over the department to his successor without delay, and it is largely upon his suggestion that the transfer is to be made this evening. Mr. Grille will hereafter spend the greater part of his time in the county clerk's office in Marquette, and will aid his liege in the discharge of his work.

Police affairs are to be entirely reorganized. At the suggestion of Mayor Winter headquarters will be established at some convenient point in the business district, where policemen can be reached by call during the night. At the present time when an officer is sent at night those desiring his services never know where to telephone. It is the mayor's idea that a booth containing telephones should be erected at a point where the officers pass frequently. He suggested that the telephones be connected with a red light in a tower the top of which can be seen from all parts of the city. As soon as an officer sees the red light he will understand that a call has been registered.

Mr. Rough is not unfamiliar with police duty in Negaunee as he served as marshal for two years some fourteen years ago. He was chief under former mayor James F. Foley for one year and held the office the following year under P. B. Kirkwood.

CONCERT THIS EVENING.

The Young Boys' club of the Mitchell Methodist church will give a concert this evening in the church parlors. The admission will be fifteen cents for adults and ten cents for children. The program will be as follows:

| | Bid | Asked. |
|---------------------|----------|-----------|

HOW'S THIS?

We offer One Hundred Dollars reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.

Walding, Kinnam & Marvin, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all druggists.

Take Hall's Family Pills for constipation. During the spring every one would be benefited by taking Foley's Kidney Remedy. It furnishes a needed tonic to the kidneys after the extra strain of winter, and it purifies the blood by stimulating the kidneys, and causing them to eliminate the impurities from it. Foley's Kidney Remedy imparts new life and vigor. Pleasant to take. Sold by all druggists.

ISHPEMING DELIGHTFUL PARTY.

Pythians Entertained Thursday Evening With Cards and Dancing.

The annual card and dancing party given by Zenith lodge, Knights of Pythias, at Braustad's hall Thursday evening was the biggest and one of the most successful social functions ever held in the city. Over three hundred couples were present. The attendance comprised a large majority of the Ishpeming Pythians and their ladies, as well as their invited guests. Among the guests were over fifty from Negaunee and several from other places in the county.

The early hours of the evening were spent in progressive pool. There were sixty tables, at each of which sat two couples. Those who did not play were interested spectators. Seven games were played and at the conclusion of the contest prizes were awarded. Miss Margaret Sliney and Mrs. T. P. Sullivan were a tie for the ladies' first prize, and the cutting of the cards Miss Sliney won. The prize was a magnificent piece of cut glass. The second prize, won by Mrs. Mike Hickey, was also a pretty piece of cut glass. For the men's prizes, three contestants were tied for first, each winning seven games, and six tied for second, each with six games. Those who tied for first were C. C. Mitchell, Albert Nichols and Harry Trebleck. In the cut of the cards, Mr. Trebleck won. His prize was a gold-trimmed umbrella. Those who tied for the second prize were Arthur Hansen, George Thoney, G. I. Martin, C. J. Berg, P. J. O'Brien and John Goodman. George Thoney won in the cut, his prize being a deck of Congress cards in a leather case.

At the conclusion of the games the players remained seated and ice cream and cake were served. Dancing started about 10 o'clock and continued until after 1. The decorations of the hall were those arranged for the second annual ball of Company I, Michigan National Guard, held Monday evening, and which had been retained. They assisted very materially in making the event attractive. The music was furnished by the Twin City orchestra.

Oxford for every foot and every taste. For the lady that wants style or the more conservative one that puts comfort first. Patent Leathers, Demi-Glace and Tan. Price, \$3.50, \$3.25, \$2.50 and \$2. JOSEPH SELLWOOD & CO. (4-15-31)

FROM MORGAN'S CURB LETTER.

"Coppers opened strong and practically unchanged from last night's closing, but irregularly soon developed and continued throughout the session. North but opened at 69 and advanced to 69 1/2, where it met with considerable selling, which forced the price down to 67 1/2. Later a recovery was made to 68 1/2, but it did not hold, the close being at about the lowest. East Butte was the strong feature of the market, selling at 15 1/2, an advance of three quarters. Higher prices are predicted for this stock next week on new developments which will shortly be announced. Outside of Davis Dyer which sold up to 6 1/2, the curb market was without special feature. A few small lots of San Antonio changed hands at 1 1/2. Chief Consolidated and Gaetz were quiet and unchanged. Application will be made before the end of April to list the shares of Gironx Consolidated Mines company on the Boston Stock exchange. The bonds of the company are now being converted rapidly into stock of the company at par, and up to the present time it is estimated that between 75 and 80 per cent of the outstanding \$1,500,000 bonds has already been deposited for conversion. All offerings of the stock today were quickly taken at 88. The foreign visible supply of copper on April 15th was 52,187 tons, an increase of 833 tons in two weeks. Yesterday's prevailing prices were:

CALL FOR BIDS.

City Recorder Mitchell will, within a few days, issue a call to the fuel dealers of the city for bids on coal for the ensuing year. As something like 250 tons are now being consumed monthly at the power station the contract will be the largest that the city has ever awarded. The bids will be received at a special meeting of the council, to be held before the close of the month, when the bonds of the liquor dealers and druggists will be accepted. The meeting is subject to the call of the mayor.

Women's one-clasp cape street gloves in assorted tan shades—pair \$1.75. JOSEPH SELLWOOD & CO. (4-15-31)

Mayer's Leading Lady
 THE CORRECT SHOE FOR STYLE, EASE AND GOOD WEAR

You could never hope to buy a more stylish or serviceable shoe than the "Leading Lady." It is right up-to-date in appearance and fits the foot perfectly from the very first. Besides being stylish and comfortable, she

Leading Lady
 wears much longer than most shoes. It is so well made that it lasts twice as long as the average shoe, and will retain its shape to the end.

Why buy inferior shoes when, with the same money, you can get the "Leading Lady?" Your dealer will supply you; if not, write to us.

Look for the Mayer Trade Mark on the sole.

FREE—if you will send us the name of a dealer who does not handle Leading Lady Shoes, we will send you free, post-paid, a beautiful picture of Martha Washington, size 18x24. We also make Honorbilt Shoes, Martha Washington Comfort Shoes, Terra Cushion Shoes and Special Merit School Shoes.

DEFENDING THE FORT

Matinees Mondays and Saturdays. Adults, 10c; Children, 5c. J. C. WOODWORTH, Mgr.

ISHPEMING IN BRIEF.

Mr. and Mrs. Victor Wallenstine are the parents of a boy.

Mr. and Mrs. William M. Argall spent the past few days in Calumet and Houghton, returning yesterday.

While Mayor Keese has not yet set a date for the first meeting of the new council, the meeting will probably be held next Thursday.

R. P. Bronson arrived home yesterday from Oshkosh, where he accompanied Mrs. Power and her daughter with the remains of the late John Power.

The Misses S. J. and Lillie (Carlson) of 406 East North street, gave a kitchen shower Thursday evening in honor of Miss Susie Austin. The evening was very enjoyably spent. Lunch was served.

Charles Simons is to install a new plate glass front in his business block on South Main street. J. Wahlman & Son, who are putting in the new front in Steve Simons' building, adjoining, will do the work.

The services at Calvary Baptist church tomorrow will be held at 10:30 a. m. and 7 p. m. The Bible school will meet at 2 p. m. At the evening service, Miss Hansen will sing the solo, "Hold Thou My Hand," by C. S. Briggs.

At the annual parish meeting of Grace Episcopal church, held this week, W. P. Belden and H. H. Mindon were added to the vestry, which is now composed of nine members. The Easter offering was \$550, which is to apply on the church debt.

Karl Makinen, the blacksmith, in Ol' Wabseth's old stand, corner of Pearl and Second streets, has a business announcement in this issue. He intends to make a specialty of rubber tire work and will keep a stock of Morgan-Wright tires on hand.

The ladies of the Norwegian Lutheran church desire to extend their thanks to the friends who donated articles for the recent bazaar. They also are grateful to those who took part in the entertainment. The bazaar was one of the most successful that the ladies have ever held.

Charles Urquart, who has been employed in the Miners' National bank for several years, has resigned, and will leave within the next few days for the Mesaba range. John Murphy and Arthur Buzzo, Jr. have taken positions on the clerical force in the bank.

Fire in a shed at the rear of Walker Bros.' bakery in the Pascoe building, at the corner of Main and Pearl streets, threatened considerable destruction last night, but was finally extinguished after small loss had been occasioned. Crossed electric wires are held responsible for the blaze.

Harry Loumiller, formerly of this city, who is now in the jewelry business at Escanaba, has been critically ill the past several days with typhoid fever. It is reported that there are a great many cases of typhoid in Escanaba and that a number of prominent people there are suffering from the disease.

"BIBI" RENDERED DELIGHTFULLY WELL

HOME TALENT COMEDY MADE A GREAT HIT AT THE OPERA HOUSE LAST NIGHT.

SPLENDID MUSIC AND DANCING

Intricate Drills Performed With Precision and Speaking Parts Well Taken Make Production a Big Success.

"A delightful performance" was the verdict of all who attended the home talent production of "Bibi," a comedy of "Toys," at the opera house last night. The cast was an exceptionally large one, embracing about seventy people, yet the production went off without a serious hitch, and in its thesis, terpsichorean and musical features compared very favorably with many professional comedies of similar kind.

The most effective feature of the piece is the large number of beautiful and intricate dances, all of which are wonderfully well executed. But the dancing is by no means all there is to "Bibi." There are several good musical numbers and the acting itself is both unique and difficult. Many of the characters have to play the part of inanimate dolls for long periods at a time and the way that they keep their muscles rigid and motionless, even to the eyelashes, is well-nigh marvelous. In the last act there are two difficult changes of scenery, and all in all, the production of "Bibi" is much more difficult than is usually attempted by local talent. Nevertheless, the play last night was successfully produced and in a manner that reflects great credit on all taking part and on Mrs. W. J. Pettie and Miss Jessie Palmer, who had charge of the rehearsals and the staging of the production.

Story of the Play.

Although the plot is a flimsy one, it is sufficient to hold the comedy together, being original if nothing else. The scene is the interior of a toy shop and the curtain rises with toys standing, sitting and lying about all over the room, with Katy, the toyman's daughter, the only animate character. The Sand Man comes and Katy goes to sleep. She dreams that Sylvia, a retired fairy, visits her and before leaving gives her a bottle of magic salts and her business card, admonishing Katy to read the card backwards whenever she needs the aid of a fairy. The magic salts get into the hands of one of the dolls and he is brought to life. The bottle is passed around and all the toys and toy animals are soon awake and turning things topsy-turvy. Katy is bound in order that the toys may have free swing. The Man-in-the-Moon comes and eventually escapes with Bibi, a French doll, who is an inveterate flirt. The aid of Sylvia is invoked to find her and bring her back to the toyshop. Katy finally asks the aid of the fairy to put the

toys back in their accustomed places, which is accomplished by calling upon the Sand Man. Then Katy wakes up and the final curtain goes down with the dolls in exactly the same position as when it rose for the first act.

Speaking Parts Well Cared For.

The part of "Bibi," the French doll, is splendidly taken by Miss Flora Reith. It is she with whom all the man-balls are in love, and being exceedingly feckle, she first falls in love with Sergeant Bon Bon, but rejects him for Prince Caramel, and when the Man-in-the-Moon makes his appearance transfers her love and elopes with him to take a trip on the Milky Way. Later, she finds that Sergeant Bon Bon is her most faithful devotee and she returns to the arms of her first love. She sings in two beautiful duets: With Prince Caramel in "I Can't Say You're the Only One," and with the Man-in-the-Moon in "Oh, Dollie, Come Fly With Me." Clever dances are executed with both selections.

Katy, the toyman's daughter, is played by Miss Alma Bigelow in a very satisfactory manner. Miss Bigelow has the most lines of any member of the cast, and being on the stage nearly all the time, carries one of the most exacting parts.

Angelica, a rag doll, is the role of Miss Mabel Watson. This is a comedy part, the doll being repeatedly deserted by her numerous lovers for another of fairer face. Miss Watson makes up splendidly in the part and never fails to provoke a laugh.

Another comic part is that of Topsy, a black doll, which is splendidly taken by Miss Agnes Withy. It is she who gives the magic salts to the toy animals and wakes them up, causing great hubbub. Her song, "The Owl and the Pussy Cat," assisted by four animals in pantomime, is one of the most fetching of all the specialty numbers.

Sylvania, the retired fairy, is played by Miss Edith Russell. In her first appearance, she is a decrepit fairy but later is transformed into an entrancingly beautiful character. Thus the part is really two distinct characters, but Miss Russell handles its various requirements with ability.

Prince Caramel, the gentleman doll, is the role taken by Morgan Jopling, and it is one of the most exacting of all. It calls for high class acting, several musical numbers and difficult dances. Nevertheless, Mr. Jopling is equal to the task and his efforts met with enthusiastic applause. His solo in the last act, "See, Ain't I Glad I'm Single," is particularly well rendered.

Thomas Williams, as Sergeant Bon Bon, the soldier doll, proved well adapted to the requisite military bearing and maintained the role of a persistent and unappreciated lover in a manner that excited admiration.

Donald Begole, as Captain Tillerope, made a splendid sailor and his hornpipe, danced in the first act, was one of the best terpsichorean features of the whole performance.

Edward Gilbert played two parts, that of the Sandman and of the Man-in-the-moon. The roles gave him opportunity to distinguish himself in two difficult musical numbers, "Oh, Dollie, Come Fly With Me" and "The Song of the Sandman," which was the final musical rendition.

The decrepit old toyman, who appeared only in the first act, was well played by Byron Coles.

were taken by Henry Hallam, Byron Coles, Clarence McKereghan and Clayton Frei. They aped the mannerisms and walks of the beasts they represented with remarkable exactitude and, aided by unique make-ups, presented realistic imitations of the four animals.

Delightful Drills and Dances.

The dances and drills executed by the other members of the cast, appearing in specialties, were one and all good and never failed to bring out liberal applause and in most cases an encore. These numbers consisted of Dolls' Heads, a group of six girls; Jumping Jacks, eight small boys, who went through an intricate dance; Paper Dolls, eight young ladies, who rendered a difficult dance with remarkable precision; Fairies, eight little girls, with a dance that made a great hit with the audience; Letter Blocks, eight small boys, who spelled out words and sentences; Rag Dolls, twelve dolls, who turned their heads to the audience and went through a difficult drill, and Bisque Dolls, who performed a dance with muscles rigid, bending their arms and bodies like automata.

"Frieda," from "The Girls of Gottenberg," sung by the whole cast as the first part of the final number, was very effective, and the arrangement on the stage made a beautiful tableau. Just before the curtain went down, the lights were extinguished for a moment and when again turned on, the scene had been changed from a garden to the interior of the toy shop, with all the dolls in exactly the same position as when the play began—a remarkable shift of scenery.

"Bibi" will be repeated tonight, and those who did not see it last night will do well to witness the performance. The play is being given under the auspices of the Young Woman's guild and the proceeds from its production will be given to the Guild Hall association.

SUNDAY AT THE CHURCHES.

Presbyterian church—The Presbyterian church choir will repeat the Easter music at the Sunday services.

At the Presbyterian church tomorrow, Mr. Rogers will have for his theme at the morning service "Sight in Sleep." In the evening, "The Schooling of Life" will be the sermon topic. The Easter music will be repeated.

Methodist church—Nineteen Centuries With a Risen Christ," will be the theme of Mr. Maywood's morning sermon at the Methodist church tomorrow morning. In the evening he will speak on Victor Hugo's masterpiece, "Les Miserables."

First Baptist church—Worship and preaching; sermons by Dr. Tipper on "Appearances of Jesus After the Resurrection" and on "Use or Loss." The lecture on "More Taffy; Less Epitaphy" will be delivered next Wednesday evening, and all the proceeds will be devoted to the Men's league and to mission work.

Now is the time to order your awnings. We make awnings of all descriptions, also anything in canvas work. 3-13-1f KELLY HARDWARE CO.

Beacon Shoes

3.00 3.50

Beacon Shoes are for those who know what shoe comfort ought to be, who insist on best quality and are fastidious about style, yet who are averse to spending \$5.00 where \$3.00 will do as well. Beacon prices bring shoe values which usually sell for \$5.00 and more.

Genuine oak-tanned soles, genuine Goodyear welt, hand-sewed process. Uppers in Russia Calf, Gun Metal Calf, Velour Calf, Vicci Kid, Patent Colt, and all other leathers that are being worn by careful dressers in the great style centers.

Every Pair is UNION MADE

Come in and see our new Beacon models. They will not only show you what is latest in Metropolitan styles, but will give you new ideas of shoe-fit and comfort.

A. E. ARCHAMBEAU.

218 South Front Street, Marquette.
