

MR. TAFT AROUSES MUCH ENTHUSIASM

Strongly Endorsing the Policy of Waterway Improvement, He Thrills the Delegates to the Rivers and Harbors Congress.

He Is Still an Advocate of the Proposition of Issuing Bonds, but He Feels the Opposition Cannot Be Overcome and He Points Out a Roundabout Way of Accomplishing the Same Purpose—All Portions of Country Have Representation.

Washington, Dec. 8.—Strongly endorsing the policy of waterway improvement, President Taft stirred and aroused enthusiasm at the sixth convention of the National Rivers and Harbors Congress today.

Platform a Wise One. "Your declaration says that you favor a policy not in favor of any particular project. I think that a wise platform, yet when it comes to the practical enforcement and accomplishment of something, you have not to get into projects."

Suggests Word of Caution. "But I want to suggest a word of caution. You are going to encounter in congress great opposition to the policy of issuing bonds right out of hand. You are much more likely to get from congress a declaration that a certain amount ought to be carried out, that declaration to be spread upon the minutes of congress in the form of a resolution or a declaration in a statute. I advise you to get that declaration. Then when the time comes that political expediency will prevent the appropriation of sufficient money from the current revenues to put the proper part of the project through the coming year or the coming two years as economy requires, then the question of issuing bonds will arise. I would get the declaration first and not have the bonds first, for the reason that you will encounter the objection by congress that the issuing of bonds and the receipt of the money will develop a desire to be extravagant."

ASKS ITS AMENDMENT. New York Board of Trade Sees Danger in the Anti-Trust Law.

WILL SUMMON EVERY OFFICIAL. Cairo Grand Jury to Probe City and County Affairs Generally.

GERMAN AMBASSADOR A SPEAKER. Count Von Bernstorff, the German ambassador, spoke of the waterways of Germany, avowing the utmost interest in their importance to German commerce.

PROPOSES TO MAKE WATERWAYS ARTISTIC.

To Plant Trees, Shrubs and Flowers Along the Banks of the Navigable Streams of the Future Is the Mission of Woman's Auxiliary Congress.

Washington, Dec. 8.—Pansy beds and tall poplars will line the banks of the navigable streams of the future, if the woman's auxiliary to the National Rivers and Harbors Congress, now in session here, can bring it about. The woman's congress held a five hours session today, and will continue tomorrow, planning for thus gracing the banks of the rivers and transforming the sides of the canals into garden spots.

Delegates to the woman's congress represent from thirty-two states. Mrs. Hoyle Tompkins of Suroport, La., is president. Mrs. Fairbanks, wife of the former vice president, is one of the vice presidents.

BANKING RESOURCES SHOW NATION'S WEALTH. Insular Possessions Excluded, They Average \$237.24 per Capita of Population, According to a Remarkable Report Issued by National Monetary Commission.

Washington, Dec. 8.—With total resources of \$450.19 per capita of population, the banking institutions of the Eastern of Middle Atlantic states lead the country. The New England states are next, with \$433.90 per capita; the Middle Western fourth, with \$300.44; the Far Western fifth, with \$161.25; and the Southern sixth, with \$71.19.

CONFERENCES ARRANGED. Director of the Census Durand to Meet With the 330 Supervisors.

HOLIDAY RECESS. Congress to Adjourn the Week of Dec. 19 Until the 3rd of January.

Washington, Dec. 8.—Congress will probably adjourn the middle of the week preceding Christmas, until Jan. 3. Speaker Cannon, accompanied by his daughter and granddaughter, will go to Danville, Ill., to remain until about New Year's Day.

SAYS PARTY HAS CHANGED FRONT

Secretary MacVeagh Makes an Interesting Statement at the Annual Banquet of the Massachusetts Bankers' Association.

Whereas the G. O. P. Has Been Marching Towards Higher Tariffs, It Is Now Faced About and Is Marching Toward Lower Tariffs, in Which Movement the Payne Bill Is but an Incident, the Treasury Chieftain Declares.

More Legislation After Awhile. "Hope and expectation are entertained that the Payne bill ends the legislation for the present, and it is not considered advisable to immediately again disturb business conditions. So, while we should have a rest it is not necessary that we go into a long sleep, and there is evidence in Massachusetts and elsewhere that we will not be permitted to become very fast asleep."

Payne Bill Just an Incident. "The Payne bill does not contain as much downward revision as the great majority of the Republicans wish. It is well known that it did not contain as much as it is supposed to have."

VILLIANS DISGRACE CITY. Mayor-Elect Gaylor Raps the Bosses Who Made Themselves Wealthy.

AGED MONARCH VERY LOW. Condition of King Leopold of Belgium Causes the Utmost Anxiety.

ENTIRE RIGHT SIDE PARALYZED. Paris, Dec. 8.—Private advices from Brussels state that the king is slightly improved. His entire right side was paralyzed yesterday, but today the king was able to sign documents. He still suffers greatly from rheumatism.

CONFERENCE ARRANGED. Director of the Census Durand to Meet With the 330 Supervisors.

THE WEATHER.

Washington, Dec. 8.—The following is the weather bureau's forecast for Upper Michigan: Partly cloudy in the south, local snows in the north, Thursday; Friday, partly cloudy; moderate to brisk west winds, becoming variable.

TRAINMEN'S DEMANDS READY FOR PRESENTATION. They Ask Increases of Pay Running as High as 100 per Cent in Some Cases—Not Till Ratified by Vote, However, Will They Be Submitted.

Big Four Telegraphers Turned Down. Cincinnati, Dec. 8.—A referendum vote on the question of a strike has been ordered taken by the Big Four telegraphers. The demands are for a 20 per cent increase of pay and the inclusion in their ranks of the telephone operators, interlocking towermen, station agents and stationmen. Both demands were definitely refused today.

HEADS AN EXPEDITION FROM COSTA RICA. Former President Cardenas Joins the Revolution in Nicaragua—Overthrown by Zelaya in 1891, He Now Takes the Field Against His Old Enemy.

News Withheld from the People. Panama, Dec. 8.—The censorship in Nicaragua is so strict that the people know little of what is happening and have not yet learned of the severance of diplomatic relations with the United States.

Marital Law in Honduras. Porto Cortez, Honduras, Dec. 8.—Marital law in Honduras was proclaimed yesterday. The proclamation is believed to be due to the suspicion that General Bonilla will take advantage of the situation in Nicaragua to invade Honduras with a rebel band and regain the presidency from which he was deposed in 1907 by President Davila with the aid of Zelaya.

STEAMER REPORTED AFIRE. Detroit, Dec. 8.—A wireless message from the steamer H. P. Pope tonight reported a steamer afire on Lake Erie. It is believed to be the Anchor line freight steamer Clarion, which left Detroit noon for Erie. The Clarion carried a crew of twenty.

DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).

Published daily except on Sundays. Contains Associated Press dispatches and is especially devoted to the Upper Peninsula interests.

SUBSCRIPTION RATES: Per month, by carrier, \$2.00; by mail, \$3.00.

MARQUETTE, MICH., DEC. 9.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

President Taft assures congress that it has a number of special messages to look forward to.

The president failed to specify just which ones of his multitudinous recommendations he expects congress to take up seriously.

Treasurer MacVough's report may have been given out a day ahead of time, but there are no more serious consequences than a joke on Senator Root.

Mr. Osborn's upper peninsula friends propose that he shall be able to give all his time after the snow flies to that elusive quantity, the lower Michigan voter.

The famous "firs" ward" ball may be held in Chicago, in accordance with advance notices, but the attitude of Chief of Police Stewart and District Attorney Wayman carries a certain assurance that it will be an expurgated edition.

Glenn R. Miner, formerly editor of the Ishpeming Record and lately owner of the Gaylord Herald and has consolidated the two papers under the name of the Osego County Herald and Times.

L. L. Wright, state superintendent of public instruction, proposes an investigation to determine the extent to which township treasurers have loaned primary school money to private individuals.

It is planned to have Mr. Osborn make a trip of all the upper peninsula counties shortly after the first of the year.

Mr. Osborn has the united support of the upper peninsula delegation in the state legislature, which was largely represented at the meeting yesterday.

The stories of the testimony before the coroner's jury that is inquiring into the facts connected with the Cherry, Ill. mine disaster, do not put the operators of the mine in favorable light before the public, and unless they are disproved these men will be held to have been guilty of the utmost heartlessness and of criminal disregard of the lives of their employes.

Neither is it likely that the special antipathy of Helme to Mr. Osborn will hurt the latter with the Republican voters of the state, who are not the least bit likely to select their candidate for governor with a view to pleasing Democrats.

TO CURE A COLD IN ONE DAY. Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

Foley's Honey and Tar is the best and safest cough remedy for children. At the first symptoms of a cold, give as directed, and ward off the danger of croup, bronchitis, sore throat, cold in the head, and stuffy breathing. It brings comfort and ease to the little ones. Contains no opiates or other harmful drugs. Keep always on hand, and refuse substitutes. Sold by all druggists.

Running one to five years secured by first mortgages on improved real estate worth more than double outstanding debentures.

Superior Trust Company HANCOCK, MICH. Capital and Surplus \$200,000.00 DIRECTORS: S. L. Lawton, Jas. Chynoweth, C. A. Wright, G. E. Campbell, Jacob Baer, Jno. D. Cuddihy, Ferd. Wieber, Chas. L. Lawton, Lessing Karger, Norman W. Hale, H. L. Baer, L. H. Richardson, Joseph Bosch, Allen F. Rees, Chas. Briggs, Geo. Ruppel, James Mercer, Thos. Whittle.

with the penalties for that crime. As a corollary to this it appears that, in the care mentioned, the families of the dead miners are entitled to the heaviest damages it is possible to collect under the existing laws.

A CHEERING SIGN. It is noticeable that there is already much discussion of candidates for seats in the next legislature going on in the state press. This is a good sign, as it denotes that there is an awakening to the need of choosing capable and trustworthy men for membership in that body.

Suppose every assembly and senate district in Michigan should send a member possessed of the qualities demanded by so responsible a position to the next legislature, what a grand thing it would be for the state!

EFFECTIVE WORK PLANNED.

The genuine interest taken throughout the upper peninsula in the candidacy for governor of Chase S. Osborn of the Soo was shown by a meeting here yesterday of representative men from all parts of the district for the purpose of formulating plans for systematizing the campaign that will be put up in his behalf in this part of the state.

The gathering was a satisfactory one, both in point of size and personnel, and the work done assures that Mr. Osborn's interests in the upper peninsula will be well looked after during the months he will have to give his personal attention to the lower part of the state.

An upper peninsula Osborn organization was effected, the duty of which will be to keep close track of the general situation in the district and to see that no part of it is slighted.

It is the purpose to effect the organization of Osborn clubs in all counties. On these clubs will devolve the duty of organizing Mr. Osborn's supporters, both for enrollment and the primaries, and it is hoped that in all instances they will be so well organized that there will be no need of any further assistance.

Much stress was laid yesterday on the necessity of paying particular attention to the enrollment. The voters of the upper peninsula, where the introduction of direct nominations has not been general as yet, are by no means as thoroughly enrolled as those of southern Michigan.

In some counties, it is said, 50 or 40 per cent of the voters are not enrolled. As sentiment in the upper peninsula is greatly in favor of Osborn, it is apparent that he and his friends have a particular interest in making the enrollment as nearly complete as possible.

Because of a disagreement between men employed in the mill and the foreman, shingle weavers employed by the Northwestern Cooperage & Lumber company at Gladstone walked out some days ago, and according to late reports the strike has not yet been settled.

Because of a disagreement between men employed in the mill and the foreman, shingle weavers employed by the Northwestern Cooperage & Lumber company at Gladstone walked out some days ago, and according to late reports the strike has not yet been settled.

It is planned to have Mr. Osborn make a trip of all the upper peninsula counties shortly after the first of the year. He will address at least one mass meeting in each, and his appearance will be taken advantage of to complete the organization of large and aggressive clubs, on which will be placed the responsibility of seeing that their respective counties hold up their end on primary day.

Mr. Osborn has the united support of the upper peninsula delegation in the state legislature, which was largely represented at the meeting yesterday.

The stories of the testimony before the coroner's jury that is inquiring into the facts connected with the Cherry, Ill. mine disaster, do not put the operators of the mine in favorable light before the public, and unless they are disproved these men will be held to have been guilty of the utmost heartlessness and of criminal disregard of the lives of their employes.

IMPORTANT CASE IN COURT

Mechanic's Lien on South Range Building a Chancy Matter.

An important case will be heard in the circuit court in chancery this morning when the case of Giacomo Tonielli and Peter Cronetta vs. John Albin, Jacob Kujala, John Huhtasaari and John Moriarty will come up. It is a bill to foreclose a lien on a building which was begun in South Range about three years ago, but on which construction work has long been stopped with the building only half completed.

TWO MINE FATALITIES.

Men Lose Lives in the Isle Royale and Tamarack Mines.

Matt Vukovich, a miner employed in the Isle Royale No. 4 shaft, was killed about midnight Tuesday by falling from the second level to the bottom, 720 feet. His body was badly smashed. Particulars could not be learned up to yesterday afternoon, pending the result of the inquest, which was in charge of Justice Little of Houghton and Mine Inspector Dawe.

LOOKS LIKE DISAPPOINTMENT.

Portage Lake Harbor of Refuge Not Mentioned in Official Report.

The \$210,000 harbor of refuge in Portage river, which the United States engineers and the marine interests believe to be a necessity to safe navigation on Lake Superior, is a remote possibility for this year. The secretary of the treasury has submitted his estimates of the amounts required for harbor improvements in Michigan this year, and Portage Lake is not mentioned.

CONTRACTS FOR WHITE CITY.

Company Will Construct Dock and Cottages at the Entry.

Contracts have been let by the White City company for the construction of a dock and summer cottages at that amusement park near the Entry. John Riards is given the dock contract and Fred Kenville the cottage contract. The dock will be 820 feet long and of proportionate width. It will provide a landing for all classes of boats. Mr. Riards will begin driving piles for the structure today. The cottages are to be three-roomed houses, substantially built only fifteen feet above the water. The company also indicated to erect a number of house tents. These will be 16 by 10 feet, half wood and half canvas, ideal structures for summer living.

MEMORIAL TO JOHN STANTON.

Family of Late Mining Pioneer Donates a Church Bell.

The family of the late John Stanton, Nestor of the Lake Superior copper industry, has donated to the Atlantic M. E. church a bell in memory of Mr. Stanton. It cost \$400 and weighs 900 pounds. The bell was cast in Troy, N. Y., of Lake Superior copper and tin and is already enroute to Atlantic. It will be hung in time for a dedicatory service on the first Sunday following Christmas. Rev. W. E. Marvin of Hancock will preach the sermon on that occasion.

OTTER LAKE FARMERS' NEEDS.

Superintendent Doelle of the School Visits a Rural Community.

Superintendent Doelle of the Houghton public schools returned Tuesday night from Otter Lake, where he had been on a visit of inspection to the Elio, Tappala and Assel schools, all of which are located in the Otter Lake farm district. Mr. Doelle's trip was made unpleasant by the fact that all day long he had to walk on his tour of inspection, covering the whole region in visiting the three schools. The inspection of the schools was satisfactory.

The Otter Lake farmers are experimenting with winter wheat and are confident it will be a successful crop. Mr. Doelle believes this and he says that the land around Otter Lake is the best farming land in Houghton county and it is so cheap that it presents a splendid opportunity for settlement. A large colony from Calumet is going into the Otter Lake district next spring, to settle around the Elio school, and that school will be the next next year.

DEATH OF MRS. A. B. CARPENTER.

Daughter of the Late Jay A. Hubbell Dies in Mexican City.

Lessing Katzer of Houghton received a telegram Tuesday from A. B. Carpenter, informing him of the death of Miss Blanche Hubbard Carpenter, at Ocotlan, Jalisco, Mexico, Monday night. Mrs. Carpenter had been in poor health for the past two years, but her condition was not considered dangerous until very recently. She had made her home at Hollywood, Cal., for some time past, but went to Mexico to join her husband in October. Mrs. Carpenter was the daughter of the late Jay A. Hubbell and was very well known in Houghton. Mrs. Carpenter leaves a baby boy, eighteen months of age. She was thirty-five years of age. Her husband, Mr. Carpenter, was a graduate of the Michigan College of Mines and in recent years had been engaged in mining engineering in Mexico. The funeral will take place at Hollywood.

INDOOR BASEBALL RESULTS.

In the Hancock indoor baseball games Tuesday night, the Light Infantry defeated the Eagles with a score of 12 to 2 and the Knights of Columbus defeated the Hibermians with a score of 6 to 5. This is the first game the Hibermians, champions of the league, have lost, and it ties them with the Elks, runners up last year.

HIGH SCHOOL ORATORY.

Short addresses were delivered yesterday morning before the Houghton High School by Superintendent Doell and Principal Kelly in reference to the forthcoming oratorical and declamatory contests. They explained the nature and purposes of the contests and urged the pupils to enter them. The local contests for the selection of representatives of the school, will be held during the winter, the school having until March to make the selection.

CORONER'S JURY VERDICT.

The coroner's jury at Calumet, which investigated Sunday's street railway accident, in which Jos. N. Brady of Houghton was killed, brought in a verdict of accidental death. No attempt to place blame was made.

Don't let the badness of your neighbor worry you; they might do worse.

Women are changeable, but you can't always change them when you want to.

Mrs. S. Joyce, Claremont, N. H., writes: "About a year ago I bought two bottles of Foley's Kidney Remedy. It cured me of a severe case of kidney trouble of several years standing. It certainly is a grand, good medicine, and I heartily recommend it." Sold by all druggists.

Weak? Tired? Run-down?

These conditions come from overwork, a weak stomach, overtaxed nerves or feeble blood. When you feel "all in"—hardly able to drag about, no energy, no ambition, easily exhausted and can't sleep—take

BEECHAM'S PILLS

and note what a difference they make in your condition. The stomach is the first to feel the good effects. Food tastes good, the digestion is strengthened; bowels and bile work regularly, the blood is cleansed, and the nerves rested. The whole system responds to the tonic action of Beecham's Pills. Soon there is the buoyant feeling of returning health.

Fresh Strength and New Life

Boxes 10c. and 25c., with full directions.

MARKETS

NEW YORK STOCKS.

Paine, Webber & Co.'s correspondent at New York yesterday telegraphed as follows:

"The decision of the New York court of appeals, denying the right of the public service commission to interfere with the issue of securities by the railroads, temporarily lifted the prices on the New York stock exchange today. The opening was fractionally higher, and stocks held steady and strong until near the close. Steel was active, with a gain of a full point. Sugar and Inter-Continental preferred gained nearly two points. The closing prices were as follows:

CHICAGO GRAIN MARKETS.

Chicago, Dec. 8.—The prospects of a liberal yield of winter wheat in the United States, as outlined by yesterday's government report, seemed to have been entirely ignored by the traders today, and these attention was directed towards Argentina, where the ripening crop is reported to have been damaged by frost. Today's advices from that country seemed to indicate that the injury might be more serious than suggested in the earlier dispatches. These reports inspired an active general demand throughout the session and caused advances of 3/4 to 2 cents from the low point of the day. A leading elevator interest was a liberal buyer of the December. Owing to a severe storm, the receipts were light at all primary points. The close was strong at almost the top. The December opened at 107 to 107 1/2; highest, 109; lowest, 107; closing, 109.

Boston Stock quotations.

The closing prices at Boston were:

STEEL CLIMBING UPWARD.

Wall Street Looks to See the Price Touch Par Before Christmas.

New York, Dec. 8.—The trading in United States Steel was the feature of the Wall street stock market today. The idea still persists that Steel is destined to rise to par before Christmas. Since its advance to 9 1/2% Oct. 4, Steel has risen about 6% higher, and has then fallen back. A week ago it dropped to 8 1/2%. Its high point today was 9 1/2%. The profession of satisfaction with the president's message, which is called moderately conservative, was enhanced today by the circulation of advices from Washington along the likelihood of the suppression of any attempts at radical legislation. Reports of the plans of the trustees for concerted demand for an advance of wages were without apparent effect. The rise in the price of cotton to the highest point of the season was considered significant of the prevailing tendency of the prices of most materials. Contrary tendency is shown by the price of copper, one of the few materials which have failed to share in the almost universal rise. The fall of Anakkmatel Copper was an influence in the sharp reaction with which the market closed.

COPPER METAL PRICES.

New York, Dec. 8.—Copper on the New York Metal exchange was quiet today, with spot and the December quoted at 12.75 and the January, February, March and April 13.00 and 13.25. The London market was easy in tone, with spot closing at 20 and futures at 20.25, 20.50, 20.75, 21.00, 21.25, 21.50, 21.75, 22.00, 22.25, 22.50, 22.75, 23.00, 23.25, 23.50, 23.75, 24.00, 24.25, 24.50, 24.75, 25.00, 25.25, 25.50, 25.75, 26.00, 26.25, 26.50, 26.75, 27.00, 27.25, 27.50, 27.75, 28.00, 28.25, 28.50, 28.75, 29.00, 29.25, 29.50, 29.75, 30.00, 30.25, 30.50, 30.75, 31.00, 31.25, 31.50, City Brevities

Today's weather: Continued cold with snow flurries. Yesterday's temperatures: Seven a. m., 11 degrees; noon, 20; 7 p. m., 19. Maximum, 22 degrees; minimum, 9.

City Attorney George P. Brown has gone to Lansing on business.

Marquette news will be found on pages 4, 5, 8 and 10 this morning.

Hon. J. H. Monroe of Ironwood attended the political meeting here yesterday.

Mr. F. G. Truscott has just returned from a four weeks' visit with friends on Mackinac Island.

The Elks will hold a monthly meeting tonight. It is announced that important business will come up.

Fred Hills, traveling passenger agent of the Great Northern with headquarters in Duluth, was in the city yesterday.

T. M. Hagan of Chicago, special agent of the Metropolitan Fire Insurance company spent yesterday with M. H. Foard, the company's local agent.

H. E. Burke of Chicago and W. Burke of Houghton are in the city, because of the illness of their mother, Mrs. John Burke, of Michigan street.

Hon. W. M. Manchester one of the prominent attorneys of the state, was in the city yesterday on business connected with the local option fight.

A regular meeting of Wentworth lodge, D. of H., will be held this afternoon. There will be election of officers and all members are requested to be present.

Mr. Bennett of St. Ignace, formerly manager of the Grand theater in this city, is the guest of Mr. and Mrs. J. C. Woodworth. Mr. Bennett is now in the logging business with his father.

The park, cemetery and street commission is advertising bids for the construction of a sewer on Front street, between Ohio and Michigan streets, and for a wooden bridge across Dead river.

A very pleasant surprise party was held at the home of James T. Gray, on Bluff street, last evening. It was in honor of Mrs. Gray, and the occasion was her birthday. A company of twenty were present. Cards were played.

Basketball Saturday—A game of basketball will be played at the Normal gymnasium Saturday evening, between the Normal and Ferguson Business college teams. A spirited contest is expected. The Business college team will be strengthened by one or two outside players.

Towed in a Launch—While lifting herring nets yesterday in a gasoline launch, Wm. Nelson had an unpleasant experience. About two miles out, the engine froze up while the nets were being lifted and the launch was left helpless in the lake. Luckily, the Anderson fish tug Columbia soon came along and towed him and the helpless boat to shore.

Bob Wright Gets Fortune—R. H. Wright, once a newspaperman at Marquette, has received notice that he was one of the heirs to an estate valued at \$100,000, located in Michigan and Indiana, which is expected to be settled up within a year. The property was that of his grandmother, Mrs. Wright is now on the editorial staff of the Oconto, Wis. Enterprise.

Boys' Band at the Grand—Forty per cent of the proceeds at the Grand tonight will be given to Our Boys' band, in addition to the regular program, which will be a good one, for this occasion Mr. Woodworth has secured the services of Herman K. Seitz, dialect comedian and imitator, who is a young man of exceptional ability. He took part in the Shriners' festivities last night.

Taken to Newberry—Eugene Osmond, a local chimney sweep, who has been talking and acting queerly for some time past, was adjudged insane in probate court yesterday and taken to the Newberry asylum in the afternoon. Osmond has been laboring under the delusion that some secret society was after him and in the end would do him great harm. For the last few days he had been occupying the padded cell at the county jail.

"Hotel Servant" in Town—Fred D. Schultz of the Stephenson Hotel at Menominee, known among traveling men as "The Hotel Servant" was in Marquette yesterday attending the Shriners' meeting. Mr. Schultz has under consideration a scheme which, he says, will revolutionize the homesteading and farming system of the upper peninsula. He expects to get plans of all the delinquent tax and vacant homestead lands north of the straits and shortly go to Europe, where he will organize a colony to populate this vacant and unused territory. Mr. Schultz is very enthusiastic regarding the project and predicts that the upper peninsula will reap great benefit from the result of his efforts toward colonization.

Risku Case on Trial—The personal injury suit brought by Solomon Risku against the Iron Cliffs company for an injury received at the Barnum mine, near Ishpeming, in 1905, occupied the attention of the circuit court yesterday and will not be completed until some time today. Risku was working on a platform in the shaft, a board in which is alleged to have been defective, as the result of which he fell about fifty feet, injuring his leg so that it had to be amputated at the knee. Risku is represented by C. F. Sutton of Marquette and P. H. O'Brien of the copper country, and the defendant company by W. P. Helden of Ishpeming. At the conclusion of the Risku case, that of Samuel Hosking against the Cleveland Iron company will be taken up.

Anent Christmas Stamps—The post office department calls attention to the fact that the following named countries refuse to admit to their mails articles bearing non-postage "Christmas" stamps or other adhesive charity stamps: Great Britain, Orange River Colony, Rhodesia of the South, Transvaal. Germany admits articles bearing such stamps if affixed to the back, but not when attached to the face. Articles liable to be refused to any of the foregoing countries on account of bearing charity stamps will be returned to the sender if known; or if sender be not known such articles will be sent to the dead letter office. All articles bearing "Christmas" stamps for transmission in the international mails should bear upon the covers the full address of the sender.

SEVENTEEN CROSSED THE BURNING SANDS

MANY SHRINERS MADE SEMI-ANNUAL PILGRIMAGE TO MARQUETTE—ALL ABOARD FOR NEW ORLEANS NEXT SPRING.

Members of Ahmed temple, Ancient Order of Nobles of the Mystic Shrine, to the number of more than 200 journeyed to Marquette yesterday on their semi-annual pilgrimage. The attendance was larger than usual and rousing enthusiasm and good fellowship were manifested at both the afternoon and evening sessions. The election of officers, which was held in the afternoon, resulted as follows:

Potestate—C. D. Hanchette, Hanceock. Chief Rabbi—F. M. Moore, Marquette. Assistant Chief Rabbi—Harry T. Emerson, Duluth. High Priest and Prophet—J. M. Wells, Negaunee. Oriental Guide—Ernest L. Pierce, Marquette. Treasurer—W. B. McCombs, Marquette. Recorder—E. W. McPherran, Marquette. Delegates to Imperial Council—A. J. Young, Escanaba; Frank Seaden, Crystal Falls; James T. Fisher, Laurium; C. D. Hanchette, Hanceock. Potestate Hanchette made the following appointments:

Director—T. A. Gowling. Assistant Director—J. S. Richardson. Marshal—Frank J. Jenks. Captain of Guard—A. P. Meads. Outer Guard—P. J. Delf. Alchemist—Angus W. Kerr. Stewards—J. H. Lewis and Louis Penhill.

At the evening session seventeen candidates were received into the temple, after a sinuous and trying journey across the burning desert sands. The nobles admitted to the order were: H. F. Henderson, Houghton; Wm. W. Kimmel, Hanceock; Joseph G. Koshlans, Calumet; Frank E. Stolpe, James E. Pierce, Lawrence J. Jacobs, Carl B. Dunster, Marquette; Nelson J. Robbins, John H. Andrus, Negaunee; Clarence E. Peterson, Menominee; David R. Landsborough, Daggett; Wm. C. Everett, John W. Barton, Sault Ste. Marie; Frank N. Grovickson, Manistique; James Gosevigne, Thessalon, Ont.; Wm. H. Greens, Escanaba; John W. Kingston, Laurium.

Following the ceremonial session, an elaborate banquet was served in the hall and the nobles feasted and enjoyed themselves until a late hour. Owing to the cold weather, there was no parade on the street, as is usual immediately preceding the evening session.

The proposition to send a large delegation from Ahmed temple to the Imperial council in New Orleans next April was the subject of general discussion and it is probable that two cars filled with Shriners will make the pilgrimage to the southern city. The Grand Rapids temple has arranged for two trains to the Imperial council and Ahmed temple has been invited to accompany them.

The invitation will probably be accepted, if so soon as possible. A large upper peninsula will be attached to one of the Grand Rapids trains.

The catalogue advises those who desire to make the pilgrimage to New Orleans in 1910 to communicate with the illustrious Potestate Hanchette immediately or sooner if possible. The Western Passenger association has announced a rate of \$26.65 from Chicago, and those who desire to study New Orleans' famous sanitary system and bear the charms of the famous creole belles should not miss this opportunity. The Imperial session will be held April 10. A large party of nobles from Ahmed shrine is desired, and the upper peninsula cars will be attached to the Wolverine special at Chicago, whence the nobles will be whirled away over the rock-ballasted, double-tracked boulevard of the continent to visit The Biograf Central, late aquarium of Stuyvesant Fish, and more recent acquisition of the late E. H. Harriman, to the southernmost metropolis of America, where the happenings will immediately begin to happen. Return tags will be attached to all nobles to prevent accident.

NOTICE TO CONTRACTORS.

Office of the Park, Cemetery and Street Commission.
Marquette, Mich., Dec. 8th, 1909.

Pursuant to resolutions of the common council of the city of Marquette, notice is hereby given that separate sealed proposals will be received at the office of this commission until 5 o'clock p. m., Dec. 20th, 1909, for furnishing all labor and material required to make the following improvements, viz:

- (1) The construction of an eight-inch tile sewer, with four-inch "x2" in Front street, from manhole in Michigan street to a point 125 feet south of the south line of Ohio street, in accordance with profile and specifications therefore, on file in this office.
- (2) The construction of a wooden bridge across Dead river at the electric light plant, cost of said bridge not to exceed the sum of \$700. Bidder will be required to furnish plans and specifications of such bridge, and to file such plans and specifications together with the proposals for construction of said bridge.

Proposals for each of said improvements must be in separate sealed envelopes, marked so as to designate which improvement is referred to, and must be accompanied by a contractor's bond with two good sureties in a sum at least twice the amount of the bid; conditioned for performance of contract, payment for labor and materials etc., in accordance with form on file in this office.

The commission reserves the right to reject any or all bids.

JOSEPH F. ANDERSON,
(12-9-3d) Secretary.

220-222 S. Front St. L. GETZ, Prop. Marquette, Mich.

LECTURE ON CHRISTIAN SCIENCE SATURDAY

FRANK H. LEONARD WILL BE HEARD AT THE OPERA HOUSE IN THE EVENING AT 8:30 O'CLOCK ON THIS LIVE SUBJECT

The doctrines of Christian Science were first introduced in Marquette about twenty years ago. At that time little was known or heard of the so-called "new religion" in this part of the country, and the first few people who attempted its practice were met on all sides by prejudice and skepticism. Nevertheless, these people continued the practice of their religion, and little by little they built up the foundation of the present First Church of Christ, Scientist, of this city. The growth at first was very slow. Up to nine years ago there were not more than twenty-five members in the organization, but today there are over twice as many members, and several hundred people in the county, who are not members of the church, are interested in its movements.

Frank H. Leonard, who will lecture at the opera house Saturday evening, is an authorized speaker on Christian Science well known all over the country. He comes here from Kalamazoo, where he lectured last, and after leaving Marquette he will complete his tour of the northern peninsula, and then lecture in Duluth. The committee in charge wishes especially to accent the fact that this is a public lecture, with no admission charges, to which everybody is cordially invited. The lecture is not intended particularly for those who already have an adequate idea or knowledge of the subject, but is rather for those who do not understand it and wish to know something of it. The lecture is not for missionary purposes. The lecturer is not a missionary—he will merely explain and tell what Christian Science really is. The lecture will aim to destroy ungrounded prejudice caused by ignorance of the subject, and correct mistaken ideas regarding it.

One year ago, Bicknell Young lectured here on the same subject. A full sized gather of people listened to him, and were impressed with both man and address. It is hoped that not only the same people, but many new ones will attend the lecture given Saturday night, which commences at 8:30 o'clock.

Brocton Port and Brandy and Chase's Kentucky Whiskey are pure goods, and sold always by The Stafford Drug Co. (6-7-4f)

MADE IT A LIFE STUDY.

Dr. J. S. Leonard Found the Cause and Cure of Piles.

Dr. J. S. Leonard, the celebrated specialist of Lincoln, Neb., proved, after years of study, that the cause of piles is internal—bad circulation. Then he perfected Hem-Roid, an internal remedy, and in 1,000 different cases it cured 98 per cent. By Dr. Leonard's order, Hem-Roid is sold under an iron-clad guarantee. If it fails, the money is paid back. \$1 at The People's Drug Store, Marquette, Mich., City Drug Store, Ishpeming, Mich., or mailed by Dr. Leonard Co., Station B, Buffalo, N. Y. Write for booklet.

SNOW NEEDED BADLY.

Frost Is Now Going Into the Ground at a Rapid Rate.

LOGGING ROAD READY FOR ICE

R. H. JENNY, OPERATING CAMPS NORTH OF ISHPEMING, HAS ABOUT TWO MILLION FEET OF TIMBER ON THE SKIDS.

The road over which the timber being cut in the Silver Creek district north of Ishpeming, will be hauled by a power engine is completed, with the exception of the grading in one place. The work was started several weeks ago. The job has been an expensive one. A good deal of timber and stumps have had to be removed, and considerable grading has been necessary.

Work on the ice road will be started within a few days, provided the cold weather continues. The road can be made whether there is sleighing or not, although a foot of snow would help considerably in building up a solid surface and besides would cut down the cost. It is planned to build up the ice about two feet in thickness in order to get grooves eight or ten inches deep for the runners of the engine and leg sleighs. It is expected that the engine will pull eight sleighs at one time, each sleigh carrying 5,000 feet of logs. The equipment will be operated night and day, and it is expected that after the road is in good condition it will be possible to make at least two round trips in each twenty-four hours. The haul from the point where the timber is now being skidded to the Chicago & North-western siding at the St. Lawrence mine, west of the city, will be about nine miles. Several water tanks will be stationed along the route in order to apply the engine, which will not only pull the sleighs, but will also do the plowing and sprinkling. The apparatus, which was manufactured by an Eau Claire (Wis.) concern, is expected to arrive here within a few days. It will be taken direct to the St. Lawrence siding and the work on the ice road will be started from that point.

Some 2,000,000 feet of timber have already been cut and is now being placed on the skids. When the work was started some weeks ago, J. H. Jenny, the operator, expressed a desire to have all of his timber in that district cut this winter, but it is doubtful if this can be accomplished as a full crew has not yet been procured. Some thirty or forty men are needed. If it had been possible to procure 150 men at the start, more than half the stumpage would have been cleaned up by this time.

Mr. Jenny estimates the stumpage he owns in that immediate vicinity at 5,000,000 feet. He is negotiating for the purchase of additional tracts. If he secures the timber he will work a good-sized crew again next winter. There is still a considerable quantity of pine and other timber within a few miles of the camps. With the roads open to the railway line and the necessary equipment purchased, the work can be conducted at a greatly reduced cost another year.

Practically all of the supplies for the camps are being purchased from Ishpeming merchants, and teams are hauling out provisions and grain almost every day.

The Latell brothers, physical culture artists, will be seen in their celebrated poses and hand balancing acts at the Bijou theater, commencing tonight, and continuing the remainder of the week. (12-9-24)

Ladies' trimmed hats at half price at Braastad's. (12-2-11)

EARLY ICE HARVEST.

The ice dealers of the city expect to be able to begin their harvest directly after the first of the year. The ice on both Lake Bancroft and Mud lake is now six inches thick with indications that it will be twice that thickness in another week if the zero weather continues. There is no snow on the surface to prevent freezing. It is expected that the ice will be of excellent quality.

LOOKING ONE'S BEST.

It's a woman's delight to look her best but pimples, skin eruptions, sores and boils rob life of joy. Listen! Bucklen's Arnica Salve cures them; makes the skin soft and velvety. It glorifies the face. Cures Eruptions, Sore Eyes, Cold Sores, Cracked Lips, Chapped Hands. Try it. Available for Files, 25c, at The Stafford Drug Co.

HEXAMETHYLENETETRAMINE

The above is the name of a German chemical which is one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenetetramine is recognized by medical text books and authorities as a urine solvent and anti-septic for the urine. Take Foley's Kidney Remedy as soon as you notice any irregularities and avoid a serious malady. Sold by all druggists.

DEATH OF OLD RESIDENT.

Mrs. Agnes Radcliff, who had lived in Ishpeming many years, died yesterday at the home of William J. Blight, on South Main street. The husband of the deceased passed away several years ago and her only son, Daniel, was killed a few years ago in a mine in Pennsylvania, his remains being brought to this city for interment. Since then the deceased had made her home with the Blight family. She was seventy-one years of age. The funeral will be held this afternoon, with services at the house, conducted by Rev. C. G. Zeigler, rector of Grace church. Interment will be in the lot owned by Sir Humphrey Daxey lodge, Sons of St. George, and members of that society will direct the funeral.

PRAISED MISS PERRY.

The Toledo Times of Oct. 19 said of Miss Gertrude Perry, the leading lady in the "Graustark" company, to be seen at the Ishpeming theater tomorrow evening: "Gertrude Perry as 'Yvette' is graceful and essays the role in a capable manner. In the throne room scene she is at her best and the dignity with which she graces the throne and easy manner in which she reads her lines is evidence of her cleverness as an actress. Miss Perry was last seen in Toledo with Al. Wilson in 'Metz,' and she has a host of admirers among Toledo theater-goers."

WARNING

Shoplifter who took furs from ladies' department of a leading Ishpeming store is known. Return or send same by Saturday, Dec. 11, or prosecution will follow.

RICH MEN'S GIFTS ARE POOR

Beside this: "I want to go on record as saying that I regard Electric Bifocals as one of the greatest gifts that God has made to woman, writes Mrs. C. Rhine-vault, of Vestal Center, N. Y. "I can never forget what it has done for me." This glorious medicine gives a woman buoyant spirits, vigor of body and jubilant health. It quickly cures Nervousness, Sleeplessness, Melancholy, Head-ache, Backache, Fainting and Dizzy spells; soon builds up the weak, ailing and sickly. Try them, 50c, at The Stafford Drug Co.

MORE DANVILLE PROOF.

Jacob Schroll, 432 South St., Danville, Ill., writes: "For over eighteen months I was a sufferer from kidney and bladder trouble. During the whole time was treated by several doctors and tried several different kidney pills. Seven weeks ago I commenced taking Foley's Kidney Pills, and am feeling better every day and will be glad to tell anyone interested for me." Sold by all druggists.

FINISHING UP WORK.

The Foster Construction company, which has a contract for the erection of the combination shops building, two power houses and a concrete water tank at the Cleveland Cliffs Iron company's North Lake property, is making good headway. All of the brick work has been finished at the shops building and the roof is now being put on. The brick walls on the power houses at both No. 1 and No. 2 shafts have been extended to the gables, and the roof trusses are being put in position. There is still about a week's work for the brick layers. The concrete reservoir on the hill a short distance from Superintendent Graf's house, has been completed and the roof made. It has been extended to the dwellings at the location. The pump is soon to be installed and it is expected that the families at the location will be supplied with water within three or four weeks. The Foster people have also finished the concrete tunnel connecting the shops building with No. 1 shaft.

See the Latell brothers in physical culture poses and hand balances at the Bijou theater the remainder of this week. They are fine. (12-9-24)

Parrots, \$5.50; canaries, \$2.50 to \$4; monkeys, \$11.75; rabbits, 80c a pair. (12-2-11) F. BRAASTAD & CO.

Square piano to be had at a bargain. Grinnell Bros., Ishpeming. (12-7-11)

The famous Klotzer piano, \$150. (12-2-11) F. BRAASTAD & CO.

Two nearly new upright Grand pianos. Cheap. Terms to suit. Grinnell Bros., Ishpeming. (12-7-11)

F. BRAASTAD & CO.

SECOND FLOOR.

ISHPEMING

ISHPEMING IN BRIEF.

Mr. and Mrs. Henry Boig of the Deer Lake location are the parents of a daughter.

The Cleveland Cliffs Iron company has suspended drilling operations at the Klonan mine, Republic, which was taken under option some months ago.

Shriners from this city attended the meeting in Marquette last evening. Some of them went down on the 1:30 train, while others departed later.

Will Schaefer was taken down Tuesday night with appendicitis and it is possible that he will be obliged to submit to an operation. His family will soon occupy their new home on East Canada street.

A special meeting of the IshpeMING homestead of the American Legion will be held Saturday evening. Officers will be elected and other important business will be transacted.

In N. E. Skud's advertisement in yesterday's issue it was announced that dressed and unpressed kid gloves were being sold at fifty cents each. It should have read kid dolls.

W. S. Nelson's family will move to Gwin today. Their household goods have already been forwarded.

Their dwelling, on the corner of Euclid and Pine streets, has not been rented.

Ed. Mudge, who has been at Redlands, Cal., for the past several months visiting his uncle, John Argall, formerly of this city, will be home before Christmas. He will leave there this week.

Miss Florence Mildon, worthy matron of Hematite chapter of Order Eastern Star, will leave Friday for Mackinac, where she will assist the worthy grand

matron, Mrs. Eldridge, of Adrian, in instituting a new chapter. Mrs. Eldridge will return with Miss Mildon and visit Negaunee chapter Monday evening and the local chapter Tuesday evening.

Lattell brothers, who do physical culture posing and hand balancing, will open a three days' engagement at the Bijou theater, tonight. The Lafayette, doing a slack wire turn and a talking act, have held the boards the past three evenings. Mr. Lafayette is one of the oldest wire and rope walkers in the country. He was with the John Robinson circus more than twenty-five years ago. He is forty-eight years old.

The ladies of Grace Episcopal church invite their friends to attend their Christmas bazaar this afternoon and evening in the Guild Hall. They will have on sale a large collection of fancy and plain aprons and various other kinds of fancy work. The members of the Girls' Friendly society will have candy on sale and the ladies will serve coffee, sandwiches and doughnuts. The charge for the latter will be ten cents.

William Trebilcock has just completed a concrete building, twenty-two by forty-seven and a half feet in size, on Empire street, immediately west of his green houses, where he will manufacture concrete blocks during the winter. Yesterday he broke ground for a two-story concrete cottage on Empire street. The structure will be twenty-eight by thirty-one and a half feet in size and will be built during the winter. Mr. Trebilcock intends to erect two cottages of similar size and design but he will probably not start the second one until spring.

STUNG FOR 15 YEARS

By Indigestion's pangs—trying many doctors and \$200.00 worth of medicine in vain, F. F. Aycock, of Ingleside, N. C., at last used Dr. King's New Life Pills, and writes they wholly cure him. They cure Constipation, Biliousness, Sick-Headache, Stomach, Liver, Kidney and Bowel troubles. 25c. at The Stafford Drug Co.

FROM MORGAN'S CURB LETTER.

The New York market was dull and quiet today. The Steels and leading rails all advanced, while Amalgamated declined slightly. There was heavy buying of Steel, transactions being mostly in large blocks, attributed to the belief that the president's message disposed of any renewal of tariff agitation for at least two years. New York looks for higher prices, and advises buying Steel common.

North Butte was again the feature in the Boston market; with active trading all day it fluctuated over a point, but closed at about yesterday's figures. Boston Consolidated Groux, Greene, Caca-na, Lake and Miami were also active, but changes were of little consequence. The remainder of the list was quiet, with little change. The East advises buying North Lake and Indiana.

The trading in curbs today reflected the growing interest in this class. Well distributed buying was kept up all day, but changes were of little consequence, but all offerings are readily taken. Slattuck was active and higher, on news that the company would resume shipments on a large scale Jan. 1st. The management estimates ore reserves in mine at 400,000 tons, averaging 64 to 7 per cent copper. Bids of \$4 for Cactus are plentiful, but no stock to be had. Cactus is now developing about 1,000 feet of ground monthly, on the 300-foot level of the Hamilton shaft. They have about 1,900 feet of drift and crosscuts completed through carbonate ore. New sulphide zone averaging about 4 per cent on the 400-foot level. There are about 2,000 feet of workings, and three drifts are in sulphide ore running from 2% to 3 per cent. Three hundred feet of work is necessary to connect the Hamilton and Pinto shafts. Work is now concentrated on the third and fourth levels. Chief was quiet today, but will sell much higher when profit-taking around \$2 ceases. We look for higher prices for all the good curbs, as developments either at the properties or in

the copper situation can affect them only favorably.

Yesterday's prevailing prices were:

Upper Peninsula

Brothers Long Separated.
Two brothers who had been separated for thirty-two years and who but recently learned the whereabouts of each other have been reunited in Escanaba. They are Frank Latine, of 211 S. 20th, Charlotte street, and John LaPine, of Meridian, Ws. Separated thirty-two years ago when both were boys the brothers located in the northwest. Each was bent on making his own way in the world and lost track of the other. For years neither heard from the other and it was not until a son of the Escanaba man began an investigation a few weeks ago that the whereabouts of John LaPine was known.

Robbed of Summer's Wages.

Engvald Newgard, an employe on the Pan-American dredge, working near the Sea, is mourning the loss of \$250, his summer's earnings. Newgard kept his cash in a pocketbook which he had placed in his valise, an old country bag. Some days ago he saw that the money was safe where he had put it and did not make another examination until this week, when he found it missing. The valise was locked and had apparently not been otherwise tampered with than taking the cash out. Sheriff Stierlix caused a search to be made of the crew of twelve on the dredge, but no trace of the money could be found.

Soo's Former Fire Chief.

The death of Alexander McDonald at the Negaunee asylum this week was a great shock to his family and friends at Sault Ste. Marie. It was not known he was critically ill. Alexander McDonald was one of the best known residents of the Soo. He was the oldest son of the late John McDonald, of Sault Ste. Marie, Ont., and was forty-eight years of age. He learned the black-smith trade when a young man, a profession that he followed until last March when his health became such that he was forced to abandon manual labor of any nature. He died at Sault Ste. Marie twenty-four years ago. He was appointed chief of the fire department, a position he held for twelve years, and was the means of making it one of the best volunteer departments in Michigan. His interest in this work did not cease after his retirement as chief, and he was elected a member of the council.

A Public Benefit

Marquette People Greatly Interested in the Generous Offer of the Stafford Drug Co.

The people have already demonstrated that they would rather trust a man who is naturally honest than one who is honest only because he had to be. The Stafford Drug Co. have a finely established reputation for square dealing and sterling honesty. When they told the people that Rexall Remedies are the finest and most dependable medicines that it is possible for a physician to produce, and that they would tell the public what each one of these 300 or more remedies contained, and that they sold Rexall Remedies on their personal guarantee that they would give entire satisfaction or they would not cost the user a single cent, they were believed.

Ever since this announcement the Stafford Drug Co.'s store has been largely patronized by people buying Rexall Remedies, all of which prove that this store has the confidence of the people and that honesty is the best policy. There is no "drug-sell" among the Rexall Remedies. They are different and separate medicines, each one devised for a certain human ailment or a class of ailments closely allied. For instance Rexall Dyspepsia Tablets are recommended for the positive relief of stomach irritation, indigestion, flatulency and dyspepsia. They are rich in Bisulphite Subnitrate, Pepsin and Carminatives. They are prepared by special process which perfect and enhance the great remedial value of these wellknown medicinal agents. This remedy costs but 25 cents, 50 cents and \$1.00 per package. Every one suffering from stomach disorders should try Rexall Dyspepsia Tablets, inasmuch as they cost nothing if they do not satisfy.

Remember, The Stafford Drug Co.'s store is the only store in Marquette where these remedies may be obtained, and every one in need of medicine is urged to investigate and take advantage of the frank and generous manner in which they are sold.

representing the Third ward, he was appointed at the head of the fire committee. During his two terms an alderman he has done more than any other man, he attributed the modern fire building and apparatus of the city. Early last year Mr. McDonald announced his candidacy for the office of sheriff, but his campaign was not extended outside of the city, and with a number of whom he went down to defeat. The beginning of his trouble which resulted in his death was first noticed during the construction of the new fire hall. His malady was further accentuated by the campaign for sheriff, and early last year it became necessary for him to retire from active business. For a time he took treatment at a private sanitarium near Flint, but without relief, and after a few weeks spent at home after his return from the institution he was placed in the hospital at Newberry as a private patient. He belonged to the Masonic, Elks, Knights of Pythias and Maccabee orders and was in good standing at the time of his death. Mr. McDonald is survived by a widow and two children, John R., aged twelve, and Mary Elizabeth, aged four.

Mining News

COPPER RANGE.

From the eleven months' statement of production of the Copper Range companies, it is estimated that the total production of the copper for the year will amount to 43,565,000 pounds. This compares with 41,545,525 pounds for 1908. On the basis that the output of the principal districts, it is estimated that the total copper production for the year 1909 should be as shown here:

| District | Production (lbs.) |
|----------|-------------------|
| Champion | 28,000,000 |
| Butte | 27,000,000 |
| Trinidad | 9,000,000 |
| Total | 64,000,000 |

It cost the Butte about 7 1/2 cents per pound to produce last year, while the Trinidad 3 1/2 cents, while the Trinidad could do no better than 12 1/2 cents, ignoring the Trinidad—and figuring the costs of the other two, at last year's figures, the Butte should return a profit of about \$1,655,000 at thirteen cents per pound as the selling price for the metal, and one-half the Champion's profits should be about \$122,000, making a total of approximately \$1,777,000. On the \$28,418,000 stock of the Copper Range Consolidated this amount (about 6%) per share, or about fifteen cents less per share than the dividend distribution.

NOTES OF COPPER NEWS.

The Lake Copper company now has in the treasury \$150,000 cash and 15,000 shares, and hopes to finance the project city without further stock sales. It is erecting a shaft rockhouse and a permanent machinery plant from cash reserve, but is not building a mill.

Franklin will complete the current year with a production not much more than half of that of the previous year. The large falling off has been due to the fact that the current year's production has been taken only from the Franklin Junior, the company having sold its old Franklin to the Quinay. The whole attention of the management has been centered on development work with an effort to increase the production. The mine has made a good showing with the copper encountered in sinking and drifting, and it is expected that when stopping begins the output will be largely increased.

Aradian now has two drills engaged in seeking the northern extension of the Butte lode. This extension, or what is presumed to be such, was very recently disclosed in the drill operations of the New Butte company to the northeast. This lode has not been identified positively as the Butte, but from its appearance and position will very likely be so proven. It is a gray trappy amygdaloid between seven-tive and 100 feet in width and, whatever its identity, will undoubtedly be found to traverse the Aradian property from end to end, a distance of upwards of 10,000 feet. Drill borings show this lode to be well mineralized on the adjoining New Butte property.

All the details for the treating of Tamarack rock in the mills of the Calumet & Hecla company have been arranged and the rock from the Osceola amygdaloid in the lands of the big copper mine will be stamped in the Tamarack mill. This interchange will prove beneficial to both the Tamarack and the Calumet & Hecla. At present the latter is sending about 75,000 tons of rock per month from the Osceola amygdaloid and the results are proving satisfactory. On this formation the Calumet & Hecla has about forty miles of openings, which is enough to furnish an immense tonnage for several years to come. At the seventh and thirteenth levels on this lode, sinkings and openings are being extended at many points.

The Eureka shaft of the Arizona Consolidated is being sunk a little below the

700-foot level, so as to provide a large dump, and as soon as this work has finished drifting on the vein will be commenced. The Black Hawk vein has been found wider and richer on each level as the property has been opened up, and the showing on the 700-foot level is expected to maintain this improvement. Later on the shaft will be put down further and reach into the sulphide ore bodies. The output is being gradually increased, but the management has been going slowly so as to get fully acquainted with the characteristics of the ore. Arizona Commercial is now in a position to begin to reap the benefits of a very complete development, and should steadily increase its output.

There are no developments worthy of mention at the Isle Royale mine. The company is practically "rebbing" the old Isle Royale lode workings and making no attempt to increase ground reserves there. Operations on the Baltic lode continue in a search for values. The shaft on that lode has attained a depth of about 750 feet, at which depth a second crosscut is being driven across the formation in the hope of intersecting a possible copper chute. Results to date, though not encouraging, do not disclose the values generally expected, but no wise prove this territory to be without value. The opinion held by mining men is entirely favorable as to the ultimate results of the present work, and that because of the position of this strip of ground somewhat greater depth will be necessary to disclose copper in commercial quantities than was needed to uncover values in the adjoining Superior property, to which latter the first really commercial ground broken into at about 600 feet from surface.

Secretary John A. Perival of the Butte-Balaklava Copper company, says: "On the first day of November we began raising the shaft from the 500-foot level to the surface making the same a full three-compartments shaft to the level of 1,400 feet. A report from our superintendant states that during the month of November 280 feet of the raising of the shaft was completed, so that on or before the first of the year, the work will be fully done. The foundation for the heavy machinery is being laid, so that shortly after the first of the year we shall be prepared to go along with regular shipments of 200 tons per day, increasing the same during the winter months to 500. Butte-Balaklava has 250,000 shares outstanding. The property lies directly east of the North Butte and is adjoining by St. Eastern & Montana on the north and east and by the Anacoda properties on the south and west. The area owned comprises only six and one-half acres, but it carries a length of 1,600 feet east and west on the strike of the Butte ore bodies. The management of the company as well as its directors is composed of Duluth men."

ALONE IN SAW MILL AT MIDNIGHT.
Unmindful of dangers, drafts, storms or cold, W. J. Banner worked his night watchman's shift at the Sawmill in South Marquette. Such exposure gave him a severe cold that settled on his lungs. At last he had to give up work. He tried many remedies but all failed till he used Dr. King's New Discovery. After using one bottle he writes, "I went back to work as well as ever." Severe colds, stubborn coughs, inflamed throats and sore lungs, Hemorrhages, Croup and Whooping Cough get quick relief and prompt cure from this glorious medicine. 50c and \$1.00. Trial bottle free, guaranteed by The Stafford Drug Co.

COPPER

The New Edition of the COPPER HANDBOOK

Vol VIII, issued May, 1909, contains 1500 pages, with nearly 50 per cent, more matter than the preceding edition. The chapters with mine descriptions and on statistics have been carefully revised and the bulk of the matter therein is ENTIRELY NEW.

There are 25 chapters. Covering Copper History, Geology, Geography, Chemistry, Mineralogy, Mining, Milling, Leaching, Smelting, Refining, Brackets, Grades, Impurities, Alloys, Uses, Substitutes, Terminology, Deposits by Districts, States, Countries and Continents; Mines in Detail, Statistics of Production, Consumption, Imports, Exports, Finances, Dividends, etc.

The Copper Handbook is concededly the WORLD'S STANDARD REFERENCE BOOK ON COPPER.

The Copper Handbook contains, in this new and greatly enlarged edition, about 50 per cent, more matter than the Bible—but not necessarily a better book because of its greater bulk. It is filled with FACTS of vital importance to

FISHING SEASON NEARING END.

Herring Have Begun to Leave the Spawning Beds and Scatter.

The season for fishing for herring which opened the middle of November, is drawing to a close, as the herring are beginning to leave the spawning beds, after which they become so scattered that it is unprofitable to fish for them.

More herring have been shipped from Marquette this fall than usual and the quality has been unusually good. This is not because the herring are more plentiful—in fact fishermen say they are becoming more scarce every year—but all the fishermen have been setting more nets and employing more men than usual.

With the close of the herring season, active fishing operations will be suspended until next spring, but several men will be employed at all of the fish houses, getting the nets in shape for next season's use.

LODGE ELECTIONS.

Queen City Club, Knights of the Modern Maccabees, elected officers last evening, as follows: Part Commander—Frank Balmes, Commander—D. K. Campbell, Lieutenant Commander—Randolph Wakeford.

The election of officers of the Ladies' auxiliary, branch No. 10, U. S. C. F., resulted as follows: President—Mrs. Adeline Vanchestine, First Vice President—Mrs. Maria Hibbert.

The following officers for the ensuing year have been elected by Pere Marquette tent, K. O. T. M. M.: Commander—Alfred Buisserie, Lieutenant Commander—Joseph Davis, Record Keeper—Alfred Fleury.

At a meeting of Albert Jackson post, No. 300, G. A. R., held at the post room in the city hall Tuesday evening, Dec. 7, the following officers were elected for the ensuing year: Commander—C. E. Moore, Senior Vice Commander—P. C. Beantson.

increated face. The young man was employed in the stables and a mule kicked him between the eyes. A long cut in the forehead and a badly bruised and swollen face is the result of the affair.

Hospital for Gladstone—Gladstone's new hospital, which is being arranged for in the north wing of the Hawarden Hotel, will be ready to receive its first patient in a short time. The rooms have been fitted up with the necessary furniture in the plain manner required for sanitation; and there is an operation room with the necessary apparatus. Some of the fittings have been delayed and when the work is done Gladstone will be an excellent equipped hospital. The institution will accommodate a dozen patients, and can be extended to comfortably hold more than twice that number. It is in charge of E. W. Knowles, M. D., who recently came to this city. He has day and night trained nurses.

Victim of Peculiar Accident—The case of Norman Perryar is one of the strangest that has ever come to the notice of the hospital authorities at Marquette. The boy was brought from Norway, Dickinson county, last week, suffering with badly burned eyes sustained by the explosion of powder. The boy was on his way to school and upon meeting a spark flying from the two stones, was arrested in the act of putting the gun in the gun. In the meantime another boy was throwing stones at a large rock near by and a spark flying from the two stones coming in contact with one another, set fire to the charge of powder just as the youngster was bending over it. The result was a badly burned face and eyes.

Junk Dealer Is Fined—Simon Perlestein, a junk dealer at Menominee, arrested on two warrants sworn out by Chief of Police English, charging him with peddling without a license and with peddling junk from miners, was arraigned before Judge Waite and fined \$30 and costs, amounting in all to \$52. His fine was paid. This is the second time Perlestein has run counter to the authorities. Last year he was fined for peddling without a license. Chief English stated that this is but the beginning of a crusade against all who violate the peddling license ordinance. Hereafter anyone found doing business without the necessary permit will be given the maximum penalty under the law.

Log Flume a Mile Long—A log flume over one mile in length will be a feature of the big power plant of the Light & Traction company at Grand Rapids, on the Menominee river. This flume will take care of all of the logs that come down the river and will in the future do away with the logjams which have occurred at Grand Rapids several times in the past. It will greatly facilitate matters for the Menominee River Boom company. The flume starts on the Menominee side of the dam and parallels the bank of the river down past the tall race of the water power plant. The flume is constructed of heavy planking and timber work and with the water rushing down at a heavy rate of speed, the logs will be carried through easily without danger of piling up. Instead of having a heavy crew of men at the rapids to care for the logs in the future the Boom company can care for the entire drive with only a couple of men. The flume is built of wood as it was not deemed necessary to construct it with concrete because of the fact that driving operations will not continue for many months. This flume is almost completed and when finished, all of the out of dock work on the water power will be complete. The power house is going up fast and the roof will be on the structure by the first of the new year. As the remainder of the work will then be inside work it will be rapidly completed and the water power will soon be turned over.

The water power will be almost done and the water will be diverted through the canal to a location one mile below the dam.

The water power will be almost done and the water will be diverted through the canal to a location one mile below the dam.

Negaunee Department

FORMER NEGAUNEITE ACCUSED OF MURDER

FRED PETERSON, WHO LEFT THIS CITY THREE MONTHS AGO, IS SUSPECTED OF HAVING KILLED A MAN AT CUYUNA, MINN.

Getfried Peterson, generally known here as Fred Peterson, who left Negaunee last September for the Cuyuna range, in Minnesota, to take a position with the Rogers-Brown Ore company under Captain Anderson, formerly of the Negaunee mine, has been accused of the murder of a man named Gallagher, who was found dead in the street in the town of Cuyuna on Thanksgiving morning.

Gallagher was employed with a grading gang on the Cuyuna Range railroad and he came to Cuyuna the day before Thanksgiving. It is said that he paid out all the money he had on him on the morning that he was found dead, and that he had just finished a meal in the saloon early in the evening. Some hours later his body was found. So far as could be judged from the appearance of the body he had been beaten to death by a sledge or wagon stake.

There had been a feud between a gang of the railroad laborers and some of the men working at the Rogers-Brown Ore company's Kennedy mine and suspicion at once pointed to the latter. A few days later Peterson was arrested and his trial is to be held soon. It is not known how the evidence bears on Peterson's case. Peterson committed the crime, but he has many friends in Negaunee who will be surprised if he is found guilty, as he is an exceptionally quiet fellow and had never been in trouble of any kind during the four years he lived in this city. He was not drinking, though he occasionally took a glass of beer. One of his friends yesterday said that he had never known Peterson to be under the influence of liquor all the time he lived here, and that he had never quarreled with any one that he knew of. For some time prior to his departure for Cuyuna he worked at the Rolling Mill mine. During part of the time that Captain Anderson had charge of underground operations at the Negaunee property he worked there and he was an exceptional good workman. Peterson is a young man and is single and powerful.

It is said that at the inquest, which was conducted by Ralph McNeely, deputy coroner for Crow Wing county, the circumstantial evidence indicated that Gallagher had probably met his death at the hands of some of the Rogers-Brown company's men and it is said that Peterson is in a rather tight place, though the evidence against him is purely circumstantial.

GIVEN A FAREWELL

About twenty-five of the gentlemen friends of Fred Merten spent Monday evening with him at his home on Jackson street. Their call was in the nature of a farewell and he was presented with a pair of new boots. Merten and his family will leave Negaunee in a few days for Oshkosh, his former home, where he is to engage in the plumbing business in partnership with a man with whom he learned the trade.

CONCERT NEW YEAR'S NIGHT.

Negaunee Light Infantry Band Will Give a Fine Program.

The members of the Negaunee Light Infantry band will within a few days offer tickets for sale for their first annual concert to be given at McDonald's opera house on New Year's night. The best seats will sell at fifty cents and the general admission will be thirty cents. The fifty-cent tickets will include dancing, which will start immediately after the entertainment and continue until 12 o'clock.

The program will be as follows: PART I—Grand selection, "Field of the Cloth of Gold" Band

Band
Introducing the following movements: Assembly, muster, preparation, alert, Zulu march, war cry, advance, retreat, strike home, charge pursuit and grand final, "God Save the Queen."
Vocal solo, Selected
Miss McAnulife.
Ernest Hawke.
Violin solo, "The Boat 7th Air"
T. Richards.
Vocal solo, Selected
Aud. Custer.
Grand selection, "Poet and Peasant"
Band.

MASQUERADE BALL.

Ten Cash Prizes Will Be Given at German Aid Society a Big Event.

The committee appointed Sunday afternoon by the local German Aid society to take charge of the annual masquerade ball, met Monday evening and named the sub-committees, and also decided on the prizes to be awarded. The ball will be given on Friday, Jan. 21, though the committee has not yet decided whether to hold it at McDonald's opera house or the Adelphi rink. Jason Arnech was made chairman of the committee and Peter Nevevill is secretary and treasurer.

The prizes will be as follows: Best masked couple \$15
Second best masked couple 10
Best masked lady 5
Best masked gentleman 5
Best group of not less than six 12
Best comic couple 8
Best character gentleman 2
Best character lady 2
Best German character 2
Highest mask 4
The floor committee will be composed of Henry Thica, Ed. Brant, A. Saladin, John Arnech, Henry Rufus, Will Westermeyer and H. G. Muck.

The reception committee will be made up of the entire membership, with J. A. Wasmonth, E. K. Widdler, Alex. Lensecka and John Kutz in charge.
The door tenders will be Joseph E. Winter, Louis Salogine, Sr., August Rocklot and Joseph Kieren.
The admission will be fifty cents for adults and twenty-five for children. The committee has not yet decided who shall serve supper.

We Treat You 30 Days FREE

Blood Poison can never be cured with mercury or drugs. You might as well know this first as you do it later. The Obbae Treatment is the only one that can do it to drive the blood poison back into the system and another for several years. They who are cured of blood poisoning, their symptoms will break out, and you find that your blood has been cleaned all the while. Your teeth will begin to loosen and your tongue, glands, heart and vital organs will show the terrible destructive power of the mercury and poisons. Locomotor Ataxia, Paralysis, Impediment and premature death are then almost inevitable. Any medical authority will corroborate these statements. The remarkable vegetable Obbae Treatment does just what the

30-Day Treatment FREE
You want to be cured and cured quick—not poisoned with mercury and poisons for years. The Obbae Treatment is your only chance. You will open your eyes at what it will do for you in a matter of days. Write to us and get the treatment free. Then if you are satisfied it is the most remarkable treatment you ever took, and continue if you wish. Never in your life will you ever again have such an opportunity for a complete cure, as is given you by this

Great Obbae Treatment
This is a square deal. You sign nothing, no notes, make no promises, except to take the treatment. The wonderful Wasserman Test, the only blood poison test known to scientists, proves that the body is completely purified by the Obbae Treatment, and that mercury and poisons do not cure blood poison. Sit down and write to us, giving a full history of your case in detail. We will treat you better as we succeed. No consultation and advice free. We will send you also the remarkable book, "Driving Out Blood Poisons" free.

GOLD MEDAL FLOUR

Upper Peninsula

Killing Bee in Progress—

Fostering cruelty among boys of the city and endangering lives of people in every quarter of the municipality, the nefarious sparrow bounty is again getting in its deadly work here, says the Escanaba Press. Sparrow heads in great quantities are being brought by boys to the city and county clerk's offices for the bounty that is paid for three months out of every year, and many are the complaints that are being heard. Because of the price that is placed on sparrow heads by the state boys are attempting to outdo each other in originating schemes of cruelty by which the birds may be caught and killed. It is hoped that the bounty offer will be rescinded by the next legislature.

Epidemic Strikes Logjams

An epidemic of sickness and accidents seems to have struck the logging camps throughout this region, says the Marquette Eagle-Star. The hospital is filled, practically to its capacity. Seven cases of typhoid fever and typhoid pneumonia are in the fever ward and the No. 1 and No. 2 wards are filled with accident cases, most of them from the lumber camps. The mild, changeable weather brought on the many cases of sickness, but it is feared that the present sudden rush of cold weather will only make matters worse and bring in many pneumonia cases. Fred Winhart was brought from Peshtigo, where he is employed by the Peshtigo Lumber company. He was suffering with a badly

U. P. OSBORN CLUB ORGANIZED HERE

GATHERING OF REPRESENTATIVE MEN COMPLETED THE PRELIMINARIES YESTERDAY

WILL ORGANIZE COUNTIES

Concerted Effort Planned to Get Out Full Osborn Vote on Primary Day—Strong Resolutions Adopted.

Steps were taken here yesterday looking to the organization of an Upper Peninsula Osborn club, to have general direction in this part of the state of the campaign for governor to be made by Chase S. Osborn of the Soo, and plans for the organization of Osborn clubs in all fifteen of the upper peninsula counties were discussed.

Representative W. R. Oates, of Laurium, was elected president of the Upper Peninsula club and Thomas Conlin, one of the publishers of the Crystal Falls Diamond Drill, was named for secretary. The executive committee is to be composed of members from each county, to be designated hereafter.

It is expected that the largest number of work of polling the expected upper peninsula vote for Mr. Osborn will fall on the county clubs, and it is planned to make them large, influential and progressive organizations, in which the leading supporters of the Soo candidate will be enlisted, together with the largest number of rank and file of voters that can be obtained. It is the intention to make these clubs practical organizations, which will reach the individual voter through precinct committees.

Enrollment Important.

The one thing above all others on which stress was laid yesterday was the importance of getting a full enrollment of the upper peninsula vote next April. It was the consensus of opinion that sentiment in the upper peninsula is running as nearly unanimous for Mr. Osborn as it can very well run for any man, and that if a voter is enrolled and gotten to the polls on primary day it will be a 100 to 1 shot that he will cast a ballot for Mr. Osborn.

The efforts of the county clubs will, therefore, be directed toward securing a full enrollment of the voters. In some upper peninsula counties the enrollment is far from complete. It is largest in proportion to the total vote in these counties where the direct nominations system has already been adopted, which include Chippewa, Menominee, Schoolcraft and Delta. In the majority of counties, however, there is much work to be done to qualify all the voters to take part in the primaries.

It is planned to have Mr. Osborn visit all the counties in the upper peninsula soon after the first of the year, to address rallies. It will be Mr. Osborn's only trip through this part of the state in the course of his campaign.

as his time during the late spring and summer will be entirely devoted to the lower peninsula, where he has to make his principal fight. It is probable that Mr. Osborn will make his tour of the upper peninsula some time in February. Representatives Oates, the president of the upper peninsula club, will have an active part in the organization of the county clubs, and care will be taken to make them representative of all classes of voters and to secure the cooperation of the most useful workers.

The number of upper peninsula legislators present at yesterday's conference was one of its most significant features. The legislative delegation included Senators Fowle of the Soo and Moriarty of Crystal Falls, and Representative Oates of Calumet. Burns of Marquette, Sterling of Iron Mountain, Monroe of Ironwood, Maxey of L'Anse, and Edwards of Houghton county. It is said that all of the missing upper peninsula legislators are also pledged to do everything in their power to further the Osborn movement. The meetings yesterday were also attended by a number of upper peninsula newspaper men, and letters of regret were received from others who were not able to be present.

Many upper peninsula men not prominent in public life likewise showed their interest by their attendance. It was the general opinion that the attendance at the meeting and the lively interest shown augured well for the manner in which Mr. Osborn's campaign will be handled in the upper peninsula. The various discussions gave every evidence of a purpose to proceed in a businesslike and effective manner with the plans for enrolling the vote and polling it on primary day, and W. F. Knox, who was Mr. Osborn's personal representative at the meeting, and who thanked the men present in behalf of Mr. Osborn for the interest and enthusiasm they showed, professed himself well pleased with the progress that had been made.

The Resolutions.

The committee on resolutions, John D. Mangum, Senator Fowle and Representative Monroe, presented the following, which were unanimously adopted by the conference:

Whereas, The Republicans of the upper peninsula of Michigan here assembled, recognizing the sterling worth of Chase S. Osborn as a man, and his peculiar fitness and ability to discharge the duties of the highest office of the state; and

Whereas, Chase S. Osborn has formerly announced himself as a candidate for nomination for governor of Michigan at the primaries of the year 1910; therefore be it

Resolved, That we, citizens of the part of the state in which Chase S. Osborn has resided for more than two decades, his neighbors, friends and business associates, who have known him intimately in private and public life, do most heartily endorse his candidacy for the office of governor of Michigan, and most fully commend him to all citizens of Michigan as a man most eminently qualified for that high office, in whose hands the affairs of state would be safe, and under whose administration Michigan, one of the most favored states of the Union in natural resources, in wealth and in an enlightened, loyal and progressive citizenship, would take its place in the front rank of the sisterhood of states. We ask his nomination because of his character, pre-eminent ability and fitness for the position.

Resolved Further, That an association to be known as the Upper Peninsula Osborn club be here formed with the purpose of furthering the candidacy of Chase S. Osborn in every lawful manner, and looking to the formation of clubs of like name, and for a like purpose in every county in the state.

tion to be known as the Upper Peninsula Osborn club be here formed with the purpose of furthering the candidacy of Chase S. Osborn in every lawful manner, and looking to the formation of clubs of like name, and for a like purpose in every county in the state.

JUMPED GOOD JOB.

Paroled Convict Writes J. L. Walton That He Is Off for Mexico.

George Paul, a former convict at the Marquette prison, who was paroled by the board of pardons during its recent session at the institution and who was recently released, has violated his parole and struck out for Mexico, according to a letter received by J. L. Walton, his first friend and employer. Paul was a tailor and Mr. Walton gave him a good job on his release from prison. Paul explains his flight in his letter by saying that he was pointed out as a convict, and that he could not stand it. The prison officials believe, however, that he probably had begun drinking, and feared that if he remained he would have been taken up for violating his parole. Paul had \$40 when he left the prison, about half of which he spent before his departure for Chicago, so that if he reaches Mexico he will have to work on the way. The prison authorities are of the belief that he will be picked up in Chicago, where the police have been notified of his probable presence in the city. In his letter to Mr. Walton, Paul expressed his regard for everyone he had left behind at the prison and said that when he had built himself up by the outside work he contemplated doing he would probably return voluntarily to complete the ten months remaining of his original sentence. However, the prison officials do not expect him back unless the police are successful in picking him up.

Be sure to get your supper at the Guild Hall this evening. Price 50 cents. The following is the menu:

- Escalloped Potatoes
- Pickles
- Fresh Rolls
- Cabbage Salad
- Jelly
- Brown Bread
- Cake
- Coffee

The sale of fancy goods opens at 3 o'clock. Positively no goods sold before that hour. Special features of the sale will be a fine display of cut leather work dolls, Christmas novelties of all kinds, and candy. Do not miss this opportunity of doing your Christmas shopping. (12-9-10)
