

TWO GRAND JURIES PROBING SCANDAL

Investigation of the Election of U. S. Senator Lorimer Is Taken Up at Springfield, Ills., as Well as in Chicago.

More Interesting Developments Are Promised—Who Furnished the Money With Which It Is Alleged That Votes Were Bought Is One Point That It Is Now Sought to Unravel—An Enemy of Hopkins Is One of the Many Witnesses Summoned.

Chicago, May 9.—A plan of action to establish the identity of the persons who furnished the money to the legislators in the senatorial contest was mapped out here today in a conference between Attorney General Sweeney and State Attorney Weyman.

Representative H. L. Wheeler, Democrat, who voted for Lorimer for senator, was before the grand jury nearly all afternoon. He will be questioned further tomorrow. State Senator John Broderick, Democrat, was called as a witness, but did not go before the jury. He was told to return tomorrow.

Among the subpoenas issued today was one for Colonel Ira Copley, of Aurora. The colonel comes from the same town as Albert J. Hopkins, former United States senator, and the two are known as enemies. During the senatorial deadlock at Springfield, Colonel Copley worked openly for the downfall of Hopkins. The colonel, it is said, will be asked whether he has any information relative to the alleged bribery.

Senator Dolliver Discusses the Case. United States Senator J. P. Dolliver, of Iowa, discussing here today the charges of bribery in connection with the election of Lorimer, declared that there is no disposition at Washington to investigate any senator until official action is called upon to do so. Mr. Dolliver stopped over on his way to Des Moines, where he will address a progressive mass meeting tomorrow night with Senator Cummins. He said:

"The senate is supposed to clothe any man with the presumption of innocence until guilt has been proven. There have been no charges filed against Mr. Lorimer, and I don't know as there will be. If there are such charges, they will raise an unusual situation and present a peculiar case, from the fact that no member of the United States senate ever has been accused of having been elected by improper means so long after having been sworn into the senate and occupied his seat therein as has Mr. Lorimer."

"In the case of Senator Clark, of Montana, his seat was protested before he was inducted into his official position as a senator. It is true that the committee having Mr. Clark's case was about to report out a decision declaring his seat vacant, but— Here the senator switched the conversation to the case of Senator Mitchell, of Oregon, saying: "Senator Mitchell was accused of long-continued bribery during his term as senator. He was indicted, tried and found guilty, but died during the action, and yet the senate took no action in the matter. The case must come before us in the shape of a resolution declaring the seat vacant, and we have only a majority vote to vacate and not a two-thirds vote as is generally presumed."

Springfield's Investigation Begins. Springfield, Ills., May 9.—Sauganum county's probe of the alleged legislative bribery began today when the grand jury heard the testimony of Representative George W. Claggett, of Vienna, the first of the group of witnesses summoned by State's Attorney Burke. "English did not support Lorimer for election, but he made a sensational address during the voting on senator which addressed Minority Leader Brown resulting in a heavy vote, as English's words were interpreted by Brown to mean that money had been used. English admitted that he had no definite knowledge of the alleged 'jackpot.' He said, however, that Representative Beckemeyer had told him the morning of Lorimer's election that he would vote for Stringer, the Democratic candidate, but that during the roll call Brown had a conversation with Beckemeyer and the latter voted for Lorimer. Charles Hortell, superintendent of schools of St. Claire county; George London, internal revenue collector of St. Claire county, and C. E. Chamberlain, former circuit court clerk of the same county, were questioned relative to the conduct of Representative White at St. Louis immediately after he is said to have given his confession. Representatives Beckemeyer and Link are expected to appear tomorrow. They have made no reply to the subpoenas. Attorney Burke says that if they do not come, he will issue an attachment. The following are among those who have been summoned to appear before the Sauganum jury: Jacob Groves, Adams county; Henry A. Shepherd, Jerseyville; Michael Link, Mitchell; Joseph L. Clarke, Vandallia; J. H. C. Beckemeyer, Carlyle; Albert E. Isley, Jasper; Thomas Tipton, Olney; and William C. Blay, Mt. Vernon, all members of the legislature; J. W. Gibson, banker, Mt. Vernon; Otis Yarbrough, street car man, East St. Louis; and the following members of the Chicago Tribune staff: J. Keeley, W. L. Tierney, E. O. Phillips and George T. O'Neil.

Titian finished his "Last Supper" at seventy-seven and at seventy-nine West completed his best picture, "Death on the Pale Horse."

SENSATION FOLLOWS ROOSEVELT'S VISIT.

Norway's Former Premier Is Accused by His Opponents of Trying to Turn the American to Political Account—The Country Much Worked Up.

Christiania, May 9.—Theodore Roosevelt's visit here has been followed by a sensational incident. Former Premier Knudson, now vice president of the parliament, is being accused by his opponents of trying to involve a guest of the nation in Norwegian internal affairs and trying to turn Roosevelt to political account.

Mr. Knudson has been making a campaign for the conservation of the natural resources, and at a recent dinner he had a conversation with Mr. Roosevelt on the subject. The latter, in the belief that Knudson was speaking relative to general principles, expressed warm sympathy in the work. Knudson asked permission to make Roosevelt's remarks public and to turn them into a book. Mr. Roosevelt replied enthusiastically. There was a considerable stir when the newspapers quoted Roosevelt as a warm supporter of Knudson's policy. Mr. Roosevelt summoned Mr. Knudson and insisted emphatically that he issue a denial and he himself wrote a letter to the same effect. The opposition papers are now attacking the ex-premier.

The Aftenposten says: "From the denial which Mr. Knudson was compelled to make, it appears that at the conversation in question Roosevelt was thinking of his own American policy, while Knudson was speaking of his Norwegian policy. It is an absolutely unprecedented phenomenon that a man holding a position like Roosevelt should during a visit be paid to issue a denial to a guest of the nation. The late premier had stated regarding his conversation with him."

ROOSEVELT RESUMES JOURNEY.

He Leaves Stockholm by Rail, Bound for the Capital of Germany.

Stockholm, May 9.—Theodore Roosevelt left for Berlin on a special train this morning. During the night the former president had a little fever and today his voice was husky, giving evidence of a slight attack of bronchitis, he said, however, that he was feeling well.

Nassjo, Sweden, May 9.—Wherever the special train carrying Theodore Roosevelt today, interested persons gathered to catch sight of the American. At some stations, hundreds turned out. Usually Mr. Roosevelt bowed his acknowledgments and in few instances made a few remarks.

MANY IN ROOSEVELT PARADE.

Committee Expects That from 25,000 to 30,000 Will Take Part.

New York, May 9.—It is expected that between 25,000 and 30,000 men at least will be in the land parade to welcome Colonel Roosevelt on his return to this country on June 18. Captain Cosby, secretary of the mayor's reception committee, said yesterday that there will be thousands of Italians, to say nothing of societies of other nationalities and the many military and veteran organizations, in the line of march. Cornelius Vanderbilt, chairman of the committee, has received a letter from A. Simon, representing the United States Syrians, saying that they will parade, in part at least, in their brilliant national costume. David C. Humphreys of Philadelphia has written to say that he represents 500 men who want to come over and "root" for Colonel Roosevelt on his return. K. K. Parrot of Los Angeles writes that from twenty-five to fifty representative citizens of that city want to cross the continent to be among the first to welcome the colonel. The Spanish Veterans have asked to be allowed to erect a "arch of welcome" over fifth avenue in the neighborhood of Twenty-third street, and the committee now has the request under consideration. The Spanish War Veterans would also like to bring representatives of their 600 camps to this country to meet Colonel Roosevelt.

EARTH TREMORS CONTINUE.

More Than 1,000 Bodies Already Taken from the Cartago Ruins.

San Jose, Costa Rica, May 9.—More than one thousand dead have been taken from the ruins of Cartago. Medicines and food from American warships are being rushed from Port Limon. Even in San Jose the residents are living in tents, as the earth tremors still continue.

HEADED BY BISHOP EIS.

Pilgrimage of German-Americans Is Received by the Pope.

Rome, May 9.—The pope today received a pilgrimage headed by Mgr. Eis, bishop of Marquette, Mich., and made up chiefly of German-Americans. The bishop delivered a speech, expressing the fidelity of the pilgrims to the holy see, and presented an offering. The pontiff replied graciously.

DYNAMITE EXPLOSION IS FATAL.

Redfield, S. D., May 9.—As the result of a dynamite explosion this afternoon, Lewis Voginal and W. W. Murphy are fatally injured. Two others are badly maimed. The men were trying to stop the flow of an artesian well.

MR. TAFT IN VERY HOPEFUL MOOD

He Expresses His Firm Belief That Much of the Administration Legislation Will Be Enacted at the Present Session.

He Sums Up the Situation in an Address Before the Passaic (N. J.) Board of Trade—He Denies That the Railroad Bill Has Been Emaculated in Any Vital Way, and He Has Confidence It Will Pass—Press Reports Greatly Exaggerated.

Passaic, N. J., May 9.—In a speech before the Passaic board of trade here tonight in which he discussed the legislative situation at Washington, President Taft declared with great emphasis and amid outbursts of applause that the railroad bill had not been emasculated in any vital way and predicted that a satisfactory law would be passed. He said: "The bill still retains its important features, and I am hopeful that within the next few weeks we shall see the passage of the bill in both houses, the adjustment of the differences between the two houses and its final enactment."

NEWSPAPER REPORTS EXAGGERATED.

The president declared that the newspaper reports of the crippling of the bill had been greatly exaggerated, and he set out in detail the provisions of the measure as it now stands. He said he hoped the provision which permits a railroad owning 50 per cent of the stock of a competing road to acquire the remaining stock would be restored.

Further discussing the sections struck out, Mr. Taft said that those permitting traffic agreements as well as several others had been withdrawn because of the fear of some senators that the efficiency of the anti-trust act would be impaired. The commerce court section, he said, had been retained, which he said he deemed the most important clause of the bill.

HOPES FOR MUCH LEGISLATION.

In his review of the pending legislation, Mr. Taft expressed his belief that the following measures will become laws: Statehood for Arizona and New Mexico.

Postal savings bank bill. The anti-injunction measure. The so-called validating bill of the congressional session. The bill which provides for the publicity of campaign expenditures. The railroad bill.

In his comment on the delay in the passage of the statehood bill, the president acknowledged that there was "hesitation" on the part of some Republicans of the senate to pass a bill which is "so likely to add four Democrats to the senate." He added: "Or, if not Democrats, Republicans of that radical type that are entirely out of sympathy with the more conservative notions of the East."

MUST CARRY OUT PARTY PLEDGE.

In spite of this the president said that he was anxious that the party should carry out its statehood pledge, and he did not think he would be disappointed. The president came to Passaic this afternoon from New York. Governor Fort, of New Jersey, aroused enthusiasm with a speech in which he denounced the criticism of the Klaxton, and he predicted that he should be held responsible for legislation "and everything else."

JEFFRIES' GROUND RETURNS.

Ben Lomond, Calif., May 9.—Jeffries made a poor showing in the ring today. Compared to his work last week, he was slow of eye and foot and the spectators were disappointed. To make matters worse, the ground that Jeffries displayed during the early part of his training fight is returned in double force. The fighter is about as affable as a gorilla.

INSISTS ON HAVING FARMER BURNS.

Chicago, May 9.—In a letter received today by Emil Rank, manager of Frank Gotch, from James J. Jeffries, the fighter refuses to release Farmer Burns, who was to have conditioned Gotch for his \$25,000 bout with Zbysko May 30. Jeffries says: "Burns is needed here. I must have Burns. Gotch must spare him."

JACKSON BEGINS TRAINING.

San Francisco, May 9.—Jack Johnson did his first training today by making twelve miles on the road. The boxing program will begin Sunday, and thereafter he will box three days a week.

MABRY'S JOCKEY ARRESTED.

Joplin, Mo., May 9.—Lute West, alias Tom Rogers, alias Lute Boden, alias "10," indicted with others of the Mabry gang of race track swindlers, was arrested here today. He acknowledged his identity and was held. West is alleged to have been the jockey in "fixed races."

THE WEATHER

Washington, May 9.—The following is the weather bureau's forecast for Upper Michigan: Fair Tuesday and Wednesday, cooler in the west; light to moderate west to northwest winds.

BASEBALL

STANDINGS OF THE TEAMS.

SCHEDULES FOR TODAY.

Table listing baseball games for today, including National League, American League, and American Association matchups.

YESTERDAY'S GAMES.

Table listing results of baseball games from the previous day, including National League, American League, and American Association.

MAILING PRIVILEGE THOUGHT ABUSED

Mr. Stone of Missouri Brings Up the Matter in the Senate, as a Result of Which a General Inquiry Is Probable.

Objection Is Made to the Use of the Congressional Frank in the Circulation of Purely Campaign Literature—Resolutions Laudatory of King Edward Are Adopted, and as a Further Mark of Respect Early Adjournment Is Taken.

Washington, May 9.—The senate adjourned early today out of respect to the memory of King Edward, after adopting suitable resolutions. Earlier there was a short debate on the long and short haul clause of the railroad bill. No action was taken.

Senator Stone, of Missouri, asked for an inquiry into the propriety of the use of franks in circulating a pamphlet in support of the Payne tariff law. The matter was referred to a committee. A general inquiry into the alleged misuse of franks is probable.

Senator Stone said that he had been informed that the book had been prepared by the American Protective Tariff league. He said the document was purely a campaign literature. He thought that if one party could distribute such pamphlets, the other party should have the same privilege. An amendment by Senator LaFollette to include in the inquiry an investigation of a circular letter from the league that he said had been sent out under a congressional frank was agreed to. Senator Stone moved that the investigation include the executive department franks. This was accepted, also.

The main resolution, which already has passed the house, authorizing Illinois, Indiana, Wisconsin and Michigan to enter into a compact for the prosecution of crimes on Lake Michigan, particularly gambling, was favorably reported to the senate. The resolution would prevent other states from raising the question of jurisdiction in favor of Michigan.

DEEP MOURNING AT TOKIO.

Tokio, May 9.—The city is in deep mourning for King Edward. Electric cars are flying the Union Jack and the Rising Sun crossed and bound with crepe.

STOCKS BECOME STRONG.

Final Advance in Prices Rallies the Whole Wall Street Market.

New York, May 9.—The stock market went through many variations of the speculative temper today and showed a feeling of hesitation in the retention of any of its moods, until the firmness of the final advance. The business at London demonstrated a feeling of confidence there in the ability to resist the depression caused by the king's death. With the desire of King Edward, will succeed. President Taft sent a special message to the house, saying that he thought a congressional investigation of the sugar frauds in the customs service inexpedient at this time, as it might embarrass the executive department in its investigation now under way. The results of this work will be given to congress when the probe is finished.

OPENS ACTORS' ANNUAL FAIR.

New York, May 9.—President Taft this afternoon opened the seventy-fourth annual fair of the Actors' Fund. He was loudly cheered by the player folk when he said: "You are different from lawyers and politicians in that out of the generosity of your hearts you take care of those who have played their part in your profession and have reached the time when they are dependent on others." The money raised at the fair is for sick and superannuated actors.

WISCONSIN FORMER CONGRESSMAN TO BE U. S. ATTORNEY OF PORTO RICO.

Washington, May 9.—The president today nominated as United States attorney for Porto Rico John J. Jenkins, of Wisconsin, former congressman and former chairman of the house judiciary committee.

PEACE CONGRESS IN SESSION.

Hartford, Conn., May 9.—The New England Arbitration and Peace Congress began its first session here today. Official recognition of the importance of the gathering was given tonight when letters were read from President Taft, Secretary Knox, Ambassador Bryce, W. J. Bryan and Samuel Gompers, endorsing arbitration.

BUTTER PRICE FIXED AT 27 CENTS.

Elgin, Ills., May 9.—As a compromise figure, the price of butter on the Elgin board of trade was fixed at twenty-seven cents today. The Chicago contingent demanded twenty-six, and the Elgin men insisted on a twenty-eight-cent quotation.

BRITAIN IS RESUMING ITS NORMAL LIFE.

Except on the Day of the Funeral, It Is Desire of the New Monarch That the National Mourning Shall Inhibit No Sacrifices Upon the People.

London, May 9.—George V was proclaimed king throughout the empire today, with all the traditional ceremony of past centuries. The country is beginning to resume its normal life, the king's earnest desire being that, except on the day of the funeral of Edward, which is now formally fixed for May 20, the national mourning should inflict no unnecessary sacrifices upon the people.

Premier Asquith and Reginald McKenna, first lord of the admiralty, arrived in London tonight. The other members of the cabinet and officials holding important positions under the government are hastening to the capital. King Haakon and Queen Maud, of Norway, were met at the station this evening by King George and Queen Mary, and the young Prince Olaf threw his arms about his uncle's neck. The party drove to Buckingham palace, where they viewed the body of the late king. A brief religious service was held in the chapel.

KING ASKS THAT THEATERS BE REOPENED.

King George, in a letter to the theatrical managers today, expressed the wish that the theaters reopen until the day of the funeral, on account of the number of people that would be thrown out of work by the closing. The king issued another letter, in which he said that the general mourning would not prevent them from enjoying themselves during the Whitsuntide holiday. He says he is sure that the wishes of his dead father would be against any interruption of their pleasures.

The proclamation announcing the accession of King George V was publicly read at St. James' palace this morning. The ceremonies were brilliant and impressive and took place on the balcony of the Friar court at St. James' palace in the presence of the royal family, a notable gathering of public men and great throng. It was officially announced at Buckingham palace at noon that the queen mother, Alexandra, was well and was bearing up bravely. Rumors had been current that in a paroxysm of grief she had broken a blood vessel and her condition was serious.

TOUCHING FAREWELLS TAKEN.

Many of King Edward's personal friends, including Earl Roberts, A. J. Balfour and Lord Curzon and Kitchener, viewed the body tonight. Queen Maud, of Norway, took a touching farewell of her father before the remains were put into the casket about midnight in the sealed leaden coffin. The body will remain in a temporary coffin of elm until the special oak casket is completed.

All the ministers will be assembled in London tomorrow and there is a strong feeling in favor of the early resumption of the house of lords reform until next year. The parliamentary recess will probably be extended until the middle of June. It is stated that the Duke of Connaught, in accordance with the desire of King Edward, will succeed Earl Gray as governor general of Canada.

TRADE WAR IS THREATENED.

Springfield, Ills., May 9.—War is threatened between the National Grocers' association and the National Retail Grocers' association. Today Secretary Green, of the grocers, who are in national convention here, read a letter from a member of the grocers' association, saying that his organization would continue to support the parcels post. The grocers are said to be against this, and a trade fight seems probable. The convention was welcomed by Governor Deussen. National President T. T. Sullivan, of Chicago, took issue with Secretary Wilson that the high cost of living was partially due to the grocers' price-making.

AFTERMATH OF RIOT.

Leaders of Cairo's Last Mob Now to Appear in Court.

Cairo, Ills., May 9.—The citizens indicted as the leaders of the mob which attacked the county jail in February will plead in circuit court here tomorrow. Judge W. W. Duncan has ordered a special grand jury to report on the riot. He announced today that he had reached no decision in the case of former Sheriff Frank Davis. Davis brought suit to test the constitutionality of the law under which Governor Deussen removed him from office after the mob in November took from him a negro and a white man and lynched them.

VALUABLES HAVE DISAPPEARED.

Chicago Police Start Inquiry Into Michigan Woman's Death.

Chicago, May 9.—Chicago detectives today began an investigation of the recent death here of Mrs. Anna Kincaid, of Three Rivers, Mich. Mrs. Kincaid, who expired shortly after an operation, is said to have received a strong box containing a \$8,000 life insurance policy, \$5,000 in bonds and currency and other valuables just before she died. The relatives say that this box and its contents have disappeared. The box was sent on the woman's order by a banker at Three Rivers.

UPTURNED CANOE IS FOUND.

Two Missing Ashland (Wis.) Boys Are Believed to Have Drowned.

Washburn, Wis., May 9.—The finding of an upturned canoe on the shore indicates that Delos Martin and Louis Snotched, Ashland high school boys, who left that place Saturday night in the canoe and have not since been heard from, have been drowned. The bay is being searched.

QUITS THE SALVATION ARMY.

Detroit, Mich., May 9.—Herbert Booth, of London, youngest son of General William Booth, founder of the Salvation Army, announced today that he was no longer officially connected with the Salvation Army. He explained that "it is a personal and family matter."

HYDE AND HIS WIFE OCCUPY THE STAND

They Are Called as Witnesses at Kansas City, Mo., in the Effort to Save the Life of the Accused Physician.

Relatives, Former Friends and the Nurses Who Have Testified for the Prosecution Are Bitterly Upbraided—Falsehood and Trickery Are Charged, and the Doctor Denies Trying to Poison Any One Either With Typhoid Germs or Drugs.

Kansas City, Mo., May 9.—Both Dr. B. Clark Hyde and his wife took the stand in the Hyde murder trial today, in an effort to save the accused physician's life. None were spared in the testimony of the two witnesses. Relatives, former friends and the nurses who had testified for the state against Hyde were accused of falsehood and trickery.

Hyde offered no excuses for his actions in treating the sick at the Swopes home. He did not admit that he might have erred. He said his course was right in the cases of James Moss Hunton, Thomas H. Swope and Christian Swope. He maintained that the cause of death he gave his mother, brother and several sisters, was typhoid fever, and he still believed correct. Never, the physician said, did he try to poison any one either with typhoid germs or drugs.

Checking her tears as best she could, Mrs. Hyde flatly contradicted the testimony given by her mother, brother and several sisters. Although the state questioned Mrs. Hyde at great length, she did not become confused. Her story was not shaken.

Hyde declared that he never had discussed Colonel Swope's will with the colonel. He declared that Swope had never said he wished he had not taken Hyde's medicine; he denied he had ever put typhoid germs in anything he had given the Swopes; he never gave Stella Swope poisoned candy, nor injected dirty wax into the arm of Christian Swope nor administered poison in capsules to anyone in the Swope household.

DEEP MOURNING AT TOKIO.

Tokio, May 9.—The city is in deep mourning for King Edward. Electric cars are flying the Union Jack and the Rising Sun crossed and bound with crepe.

STOCKS BECOME STRONG.

Final Advance in Prices Rallies the Whole Wall Street Market.

WISCONSIN FORMER CONGRESSMAN TO BE U. S. ATTORNEY OF PORTO RICO.

Washington, May 9.—The president today nominated as United States attorney for Porto Rico John J. Jenkins, of Wisconsin, former congressman and former chairman of the house judiciary committee.

PEACE CONGRESS IN SESSION.

Hartford, Conn., May 9.—The New England Arbitration and Peace Congress began its first session here today. Official recognition of the importance of the gathering was given tonight when letters were read from President Taft, Secretary Knox, Ambassador Bryce, W. J. Bryan and Samuel Gompers, endorsing arbitration.

BUTTER PRICE FIXED AT 27 CENTS.

Elgin, Ills., May 9.—As a compromise figure, the price of butter on the Elgin board of trade was fixed at twenty-seven cents today. The Chicago contingent demanded twenty-six, and the Elgin men insisted on a twenty-eight-cent quotation.

DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED.)

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Evidently music hath charmed the savage Escanaba school board.

Judging from his zeal for snake killing Secretary Ballinger must be a sort of modern St. Patrick.

Spring styles in upper peninsula train service promise to be radically different from those now in vogue.

Senator Tuttle can feel assured that 50,000 votes will be plenty of majority for Representative Townsend in the senatorial primaries.

All the fireside experts on the water problem should now hasten to elaborate their plans and get them before the public in detailed form.

The mystery is solved at last. Mayor Gaynor has solved it. He says it is the overproduction of gold that is responsible for the high cost of living.

Attorney Brandeis and Secretary of the Interior Ballinger are getting some rare sport out of the Ballinger-Pinehot inquiry.

The Mining Journal has received the following letter from one of its readers: "I bought a copy of your paper Saturday morning on the train en route to Blind River, Ont., and it was the only paper brought into Blind River telling of the death of King Edward."

State's Attorney Wayman is right in holding that it is worth while to let a half dozen or more of the little fellows escape, to get a single man "higher up."

There is a possibility that President Taft's proposed trip to Michigan, early in June, on which he is scheduled to visit Detroit, Jackson and Monroe, will be abandoned.

The resort district in Chicago has received a serious blow in the decision of thirty of the leading brewers to co-operate with Chief of Police Stewart in his aim to make the resorts orderly and comparatively decent.

Mr. Fordney doesn't say just how the "straight tariff commission" he refers to should be constituted.

Mr. Fordney's insinuation that any president we are likely to elect would juggle the reports of tariff commissioners, putting forth what suited his purpose and withholding the remainder, is unworthy.

GOLD MEDAL FLOUR. Three departments, including college of liberal arts, music, expression; twelve buildings; extensive laboratories; good museum; large library; stone factory; Christian ideals; high standards of scholarship; 184 courses - are some of the things indicating the strength of the college.

IRRIGATING MUCH LAND NEAR DENVER, COLORADO. Two Large Projects at That City's Very Door - Ninety Thousand Acres Will Be Put Under Water This Summer - The Barr Lake and Stanley Lake Reservoirs.

Denver, May 9. - Two events of far-reaching importance in the present re-arranging and extensive development of Colorado lands through irrigation enterprises have taken place recently at the very city limits of Denver.

One was the turning of water into Stanley Lake, an immense reservoir holding 32,000,000,000 gallons, that will give life to 100,000 acres of splendid soil to the northwest of the city, and the other the opening of the new headgates at the South Platte river and the letting of water into the ditch that will supply the Barr Lake reservoir system, that will water 62,500 acres just north-west of Denver.

Practically all the land under this irrigation tract is within fifteen or twenty miles of the high Rocky mountain range, and a superb view of the mountains for two hundred miles is had. The clear, dry air and sunshine, making an almost perfect climate, are another of the attractions, the land being about one mile above sea level.

HOW'S THIS? We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

Visit Yellowstone and the Pacific Northwest this Summer. The most interesting, profitable and educational trip in all America is that through the productive and scenic Northwest, where farms, orchards, cities and towns are all bustling with the activity of rapid growth.

Low Round-Trip Fares to Spokane, Seattle, Tacoma, Portland, Puget Sound and Pacific Coast points. Special round-trip fares daily, May 28 to June 3, inclusive; \$63.50 from MARQUETTE. Limit three months, for the Annual Rose Festival, Portland.

Yellowstone Park. Season 1910: June 15 to Sept. 15. Through sleeping cars direct to Gardiner - official entrance. Ask for literature about the Park, Festival, or section of the country in which you are interested, with information about the fares and our five daily electric-lighted continental trains.

Northern Pacific Railway. The Scenic Highway Through the Land of Fortune.

PORTAGE LAKE MARINE NOTES.

Matters of Interest to Vesselmen—Repairs to Various Craft. Carroll's foundry, Houghton, has received from the Huron Island Lightship two boats which will be fitted with gas-engine motors.

ELECTRIC PARK OPENING.

Houghton County Traction Company Announces Initial Concert. Electric Park, the Houghton County Traction Company's summer resort, midway between Houghton and Calumet, will be opened for the season, weather permitting, May 22 with a concert by the full Calumet & Hecla band.

The Calumet & Hecla orchestra has been engaged for the season and will provide music for free dances on Tuesday, Thursday and Sunday nights and on Saturday nights when the park is not for private parties.

Announcement was made last week that the steamer City of Cleveland of the D. & C. line was to be in Portage Lake this summer and it was thought probable that the boat had been chartered by the Sons of St. George of Quincy for their annual excursion to Port Arthur.

The Sons of St. George have been having some difficulty in making preparations for their excursion. The secretary is now communicating with the Port Huron & Duluth Transportation Company in an effort to procure the steamer Lakeland.

NEW CHICAGO SERVICE.

Chicago and Northwestern Announces a New Through Train. It is authoritatively announced that next Sunday, May 15, the Chicago and Northwestern railway will put into service a new solid vestibule train between Chicago and the copper country.

COMPILER CRIMINAL DATA.

George Carroll Appointed Special Agent for Houghton County. George Carroll, turnkey at the Houghton county jail, has been appointed special agent for the census bureau for the furnishing of reports on inmates of the jail.

MINING COLLEGE RESUMES.

The spring vacation of the Michigan College of Mines ended yesterday morning, and work was resumed for the last five weeks of the spring term.

NARROW ESCAPE FROM DEATH.

Miss McArthur, of 127 Sheldon street, Houghton, had a very narrow escape from serious injury or death yesterday morning at 9 o'clock. Through the breaking of a wooden fence on top of the stone wall in front of the lot she was thrown onto the cement sidewalk and lay for a time unconscious.

TRUPELL IS URGED TO RUN.

Joseph Truella, marshal of the village of Red Jacket and deputy sheriff, is being urged by his friends to make the run at the primaries this fall for the Republican nomination for sheriff of the county.

SUOMI COLLEGE TEACHERS.

The board of directors of the Suomi (Finnish) college, Hancock, announces the appointment of the teachers and instructors for the next term as follows: President, Rev. J. K. Nikander; mathematics and physics, A. Kranski; general history, Professor Hedman; English, J. P. Lindholm; Latin and Christiania, Rafael Hartman; principal of ladies' department, Miss Lydia Kangas; commercial department, O. L. Nordstrom; music, K. V. Kikka; theology, Rev. J. Kajajama; Professor Kranski, instructor in mathematics, is a Calumet man and is an addition to the faculty.

SUPERVISORS MEET TODAY.

The May meeting of the Houghton county board will be held this morning in the county building. It is expected that a number of important matters will be discussed.

OPTOMETRY BOARD TO MEET.

A meeting of the state board of optometry, of which Dr. Peter Scholler of Hancock is president, will be held Wednesday and Thursday at Detroit.

COMMANDER JULIUS A. PRATT

Post No. 143 DEPT. III, G. A. R. Mr. Isaac Cook, Commander of above Post, Keawase, Ill., writes: "For a long time I was bothered with backache and pains across my kidneys."

The Edison AMBEROLA

Compare the external beauty of the Amberola with that of the highest grade piano, and you will find it even more charmingly designed and just as beautifully finished.

Now compare the Amberola with a player-piano. Anyone can operate a player-piano, but when all is said and done, it gives you nothing but grand music. The Amberola gives you all the best music of all kinds—Grand Opera, Orchestra, Band, Sacred Music, Songs and Ballads, Rag Time and Dances.

It is the limitless entertainer

The Amberola, \$200 Compare the Amberola with any other sound-reproducing instrument of the cabinet type. Consider the sapphire reproducing point that does not scratch or wear out the records, and lasts forever.

NATIONAL PHONOGRAPH COMPANY 75 Lakeside Avenue, Orange, N. J.

M. C. M. MEN IN WARM TIME.

Instructor Seaman and Rod Burnham, Student, Go Through Fire. Rod Burnham, a student of the Michigan College of Mines, reached Houghton Sunday morning with Wyllys Seaman, instructor at the college, a son of Professor A. E. Seaman of the faculty.

Because the present spring and summer are very likely to be dry, following an early breakup and warm spring, it is believed that this year is likely to be one of bad forest and bush fires and all hand owners, farmers, timbermen and others who have occasion to work in the woods should take out timber or clear lands are ordered by the state game and fire warden to burn up their brush piles at once and to be careful not to allow the flames to spread to the surrounding land and forests.

BRUSH PILES MUST BE BURNED.

Game and Fire Warden Issues Orders—Is Forest Fire Season.

Lani holders and workers in Keweenaw and Houghton counties are especially warned to obey these orders of the fire warden. All loose and dead brush and branches that can be collected together and burned must be disposed of. The railroad companies are warned to keep their right-of-ways as clear as possible.

In several parts of the copper country brush fires are already burning, although at present they are inconsequential. Several bad fires have already been reported from various parts of the peninsula, especially in the neighborhood of Menominee and Escanaba.

CHILDREN IN CORN CONTEST.

Twenty-four children in the lower grades of the Hancock public schools, have entered the corn contest which is to be conducted this summer under the direction of the Copper Country fair. The cultivation will be done in the vacation months, July and August.

QUINCY BAND ELECTION.

At the annual election of the Quincy band, Josiah Reed was chosen manager and Fred Pascoe, leader. Mr. Pascoe succeeds Elmer Johnson, who has been leader for the past two or three years.

AT THE HOUSE.

The sons and daughters who sat down to dinner with their parents were Mrs. Joseph Seraphine of Ely, Minn.; Mrs. Louis Kaiser and Edward Lecher of Hibbing; Mrs. Dan Kinsman of Buhl, Minn.; W. J. Lecher, Mrs. James McCormick and Mrs. Thomas White of Ishpeming, and Roger Lecher, foster son, of Hibbing.

BORN IN THE MONTH.

One singular feature of the lives of Mr. and Mrs. Lecher is the fact that they were born in the same year and month and in the same town in Switzerland.

WOMAN'S POWER OVER MAN.

Woman's most glorious endowment is the power to awaken and hold the pure and honest love of a worthy man. When she loses it and still loves on, no one in the wide world can know the heart agony she endures.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

Dr. Pierce's Pleasant Pills regulate and strengthen Stomach, Liver and Bowels.

ISHPEMING

MR. AND MRS. J. LOCHER FIFTY YEARS MARRIED

PIONEER ISHPEMING COUPLE CELEBRATED THEIR GOLDEN WEDDING ANNIVERSARY YESTERDAY—BIG FAMILY REUNION.

Mr. and Mrs. Jacob Locher, of Excellent street, who were among Ishpeming's first settlers, celebrated the fiftieth anniversary of their marriage yesterday.

Pastor Pays Tribute. Rev. J. A. Keul, who celebrated the mass, said Mr. and Mrs. Locher a tribute. He was greatly interested in the event, as it was the first time that he had ever officiated on an occasion of the kind.

Mr. and Mrs. Locher occupied seats in the sanctuary, and during the service Rev. Keul blessed the wedding ring. Practically every seat in the church was occupied.

What God had joined together, let no man put asunder. Marriage is a great sacrament, but I speak in Christ, and in the church.

What God had joined together, let no man put asunder. Marriage is a great sacrament, but I speak in Christ, and in the church.

Warner gallery, on First street, moving to his present location when he neglected the Scheffer business. Mr. Nelson speaks as follows: Both he and Mrs. Locher have the esteem and respect of all who know them, and they received many hearty congratulations yesterday.

During the afternoon Mr. and Mrs. Locher and their children had a picture taken by C. B. Ulrich of Child's art gallery. Another group picture, containing representatives of the four generations, will be taken today.

N. M. Nelson, the photographer, will leave Thursday morning for Iron Mountain, where he will become the owner of the photographic studio conducted by A. W. Chaffin. The Chaffin studio is the great block on Hewitt street, the principal business thoroughfare. It is by far the best equipped and most modern photographic studio on the Menominee range, and Mr. Nelson believes that there is a fine opening there. Mr. Nelson has been a resident of the city for the past twenty-nine years, the last nineteen of which he has conducted an art gallery, most of the time in his own block on Canada street. He started in the business with his uncle, Andrew Lindberg, in the stand now occupied by the

TO REKINDLE LOVE. Magistrate Tells Mrs. Friedman to Serve Husband Favorite Dish.

New York, May 9.—When a man's love grows cold, rekindle it through his stomach. That is Magistrate Moss' theory and he expounded it in Essex Market police court when Mrs. Goldie Friedman had her husband, Benjamin, brought there on a summons.

"What is your trouble?" asked the magistrate of Mrs. Friedman. "I want you to make my husband, Benny, love me more," Mrs. Friedman replied blushing.

Seated with a happy thought Magistrate Moss, in a most confidential manner asked: "What is your husband's favorite dish?"

"Gentle fish, I give it to him every Friday evening," said the wife. "Well, then, you give it to him five or six times a week and maybe he will show his appreciation by becoming a little more demonstrative."

Mrs. Friedman promised that gentle fish would be on the Friedman table from now on and the couple left the court room hand in hand.

AN UP-TO-DATE STOVE

Do you realize there is no longer any reason why you should use a coal range? Oil is cheaper than coal; it is lighter and easier to handle, and gives an intense heat. Provided you have the right stove, oil is more economical, cleaner and less trouble. Have you seen the

New Perfection WICK BLUE FLAME Oil Cook-stove

The accompanying illustration gives you only a rough idea of its appearance. You really can't appreciate it until you either use it yourself, or talk to someone who has used it. It does everything that a coal range will do—except heat the room. The New Perfection Oil Cook-stove will do anything from heating a kettle of water to cooking a course dinner, but it won't heat a room. It doesn't smell, it doesn't smoke. It can't get out of order. Light it and it is ready. Turn it down and it is out. Only a woman who knows the trouble of carrying coal and cooking in a hot kitchen can appreciate what it means to have a clean, perfect stove that will cook anything, boil, bake or roast, and yet won't heat the kitchen. How is it done? The flame is controlled in turquoise-blue enamel chimneys, and directed against the bottom of pot, pan, kettle or oven, and only there. The flame operates exactly where it is needed—and nowhere else. With this stove your kitchen is cool.

The nickel finish with the bright blue of the chimneys makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

Standard Oil Company (Incorporated) Cautionary Note: Be sure you get this stove—see that the name-plate reads "New Perfection."

City Brevities
Today's weather: Fair; stationary temperature.
Yesterday's temperatures: Seven a. m., 48 degrees; noon, 55; 7 p. m., 58; maximum, 61; minimum, 48.
The story hours at the Peter White Public Library have been discontinued until next October.
Marquette council, Knights of Columbus, will hold a regular meeting at its club rooms this evening at 8 o'clock.
A. F. Koepske left last evening for Milwaukee, where he will attend a meeting of the Northwestern Theater Managers' association.
Mrs. James A. Pearce and son Chester left for Detroit yesterday afternoon. Mrs. Pearce goes there to attend the convention of the ladies' auxiliary to the Brotherhood of Locomotive Engineers.
C. D. Ingalls and E. H. Locher of Birch report a fine catch of fish on the Big Garlic river Sunday. They caught 165 trout, running from 7 to 12 inches in length, and weighing a little over twenty-two pounds.
Mr. and Mrs. D. P. Baldwin expect to leave Thursday morning for Norton Mills, Canada, near the Vermont line. They will spend the summer there and may return to Marquette in the fall, but their plans are not yet definite.
The leaving time for the South Shore's Calumet express, to connect at Negaunee with the Northwestern train on the new Chicago-Calumet schedule, will be, it is said, 5:15 a. m. instead of 4:35 a. m., as stated in yesterday's issue.
The house occupied by Ed. Timmons on Genesee street was gutted by fire yesterday morning. An alarm was turned in shortly after 9 o'clock. The fire originated, it is believed, from burning sulphur that was being used in fumigating the premises. On account of the high wind it was difficult to subdue the flames and damage done to \$1,000, covered by insurance, was caused.

Takes National Barber Shop—Andrew Easley has assumed charge of the National Barber shop, in the basement room under the Marquette National bank, Guy Freese, who had conducted it for the past few years, having left Sunday for Duluth. Mr. Easley had the second chair in the shop for two or three years, under Mr. Freese.
Visiting Nurse's Work in April—The report of the Visiting Nurse's association for April shows total disbursements of \$241.27. Clothing to the value of \$5, groceries and provisions, \$9.07, and shoes, \$5, were issued. The visiting nurse had the care of 26 patients during the month. She made 144 visits and sent one patient to the hospital.
Funeral Wednesday—The funeral of the late Mrs. Andrew Hansen, who passed away at St. Luke's hospital yesterday afternoon, will take place Wednesday afternoon, at 2:30 o'clock, at the Swedish Lutheran church at 2:30 o'clock. Interment will be in Park cemetery. Mrs. Hansen, who lived at 328 West Ohio street, was seventy-three years of age. Her husband and five sons and one daughter survive her.

Sustained Fracture of Wrist—Ward Powell sustained a fracture of a wrist at Ishpeming yesterday, while engaged in cranking an automobile. He was brought home, after the injury had received attention, in another car. Director Heughens, of the hospital, was the victim of a similar accident while cranking Bishop Williams' Row runabout. Six of his teeth, three in the lower and three in the upper jaw, were shattered by a powerful blow of the crank.

Must Like the Place—Sheriff Rapin brought two prisoners from Mackinac county to the Marquette prison yesterday. One of them, Charles Smith, entered the prison gates in custody for the third time in seven years. This trip he will make an extended stay, as he was given from seven and one-half to fifteen years for burglary. As he is a third offender he can expect no clemency, unless the governor commutes his sentence. The other prisoner was Victor Hill, sent up from two to fifteen years for manslaughter.
D. A. R. Meeting Today—The Marquette chapter of the Daughters of the American Revolution will hold its last meeting of the winter and spring season today. The meeting will be held at the Shauld camp at Lakewood. The party will leave the city via the D. S. S. & A. railroad at 2:45 o'clock this afternoon and returning will leave Lakewood via the Marquette & Southwestern at 7:15. A full attendance is desired. Should the weather this afternoon be unpropitious, the meeting will be held as usual in Brooks' Hall.
May Arrange Salary Schedule—It is expected that the school board will meet this week to arrange the schedule of salaries for next year. There will be a number of vacancies to fill. Miss Eliza Prall and Miss Lillian Werney, of the high school corps, have sent in resignations, and Miss Mayne Barry and Miss Rose Donovan, teachers in the grades, have also notified the board that they will not teach in Marquette next fall. The board has on file a large number of applications for positions, most of them from Marquette girls who have obtained their certificates at the Northern Normal.
Cordwood Being Removed—A crew of men has been employed the past few weeks loading on cars the cordwood in storage at the kilns at the Carp river furnaces. The large piles of wood on the north side of the river have been cleaned up and the wood on the south side is now being removed. The Carp furnace is destined to remain idle for an extended period. If it is ever put in blast again, it would require an extensive rebuild before it could be started up with good results. The Carp furnace is regarded as a plant that can be worked profitably only when pig iron brings high prices, and the trend of the pig iron market lately has been toward lower quotations. The kilns at the plant are in excellent condition, most of them being comparatively new. Watchmen are kept at the property by the Pioneer Iron company.

INSURE WITH PETER WHITE & CO.
All persons desiring to feed their babies on the "special milk" from the Marquette City Dairy should send in their orders at once. Bell phone 223. (5-7-10)
If you want milk of superior quality from tuberculin-tested cattle, call up the Marquette City Dairy. Bell phone 223. (4-23-10)

People vs. Wilfred Rock, violation of the liquor law.
People vs. Peter Gunnerson and Charles Wallenstein, violation of the liquor law.
People vs. James Sharkey, indecent assault.
People vs. James Sharkey, rape.
People vs. Angus Crossman, violation of the liquor law.
Riley and Brownell, the two Marquette prison convicts who will be arraigned for attempting to escape, were on parole and violated their paroles by leaving the state without permission.
Among the cases on the civil calendar is one brought by William Treblelock against the city of Marquette, for damages sustained when he drove his automobile into an obstruction on Pine street, on which no warning light was displayed. Treblelock presented his claim to the Marquette council, but the council rejected it, taking the position that if Treblelock had not been beating the speed limit he would not have had any difficulty avoiding the obstruction.
The Jurors.
Following are the jurors who will serve for the May term of court:
Marquette—J. M. Knight, James La Plant, M. H. Foad, Charles Geill, Frank LaBonte, Jr.
Negaunee—George Reichel, Albert Meisch, David Murphy, Fred Roberts, Thomas Flynn.
Ishpeming—Ole Asgard, Jr., Philip Pigeon, K. G. Dalstrom, George H. Gill, William Mitchell, John A. Olson, Thomas Hughes, Frederick Argall.
—Townships—
Champion—Halvar Martinson, Chocoley—Patrick Ford.
Ely—John A. Johnson.
Forsyth—Joseph Raby.
Humboldt—Gerald Oja.
Ishpeming—Matt Hocking.
Michiganville—William J. Dowser.
Marquette—Otto Mallenbauer.
Negaunee—Theodore Hokinson.
Powell—Sate Roulback.
Republic—Eric Kulback.
Richmond—Oscar Anderson.
Sands—Adolph Contois.
Skandia—C. E. Johnson.
Turin—N. Saul.
Tilden—C. T. Sjolom.
West Branch—Tom Bahrman.
Wells—Alexander Saunders.

THEATER OWNERS' ASSOCIATION.
Organization in Which 1,200 Houses Are Represented Has Been Formed.
As bearing on the theatrical situation in this region, the following New York dispatch is possessed of interest:
"Seventy-five prominent theater owners of America, representing 1,200 theaters in the United States and Canada, concluded a week of consultation Saturday night with an agreement to organize the National Theater Owners' association, representing property interests valued at \$30,000,000. The following officers were elected: President, John Cort; vice president, Mose Reis; secretary, J. J. Coleman; treasurer, Albert Weis.
The membership represents the following circuits:
"The Northwestern Theatrical association, covering British Columbia, the northwest and the Pacific coast as far south as New Mexico and Arizona.
"Walker's Winnipeg circuit, covering Manitoba, North and South Dakota.
"Marshall's copper and iron circuit in the middle northwest.
"The Chamberlin, Harrington and Kindt circuit, covering the entire middle west between Chicago and the Mississippi river.
"The Crawford, Phillely and Zehring circuit, operating from Nebraska into Texas.
"J. J. Coleman's circuit, and the Albert Weis, Jake Wells and Henry L. De Give theaters in the south.
"The Mose Reis circuit, in Ohio, Pennsylvania, West Virginia and New York.
"Theodore T. Hartway circuit, in New York, and the Julius Cahal circuit, through New England."

Just a few dollars banked and steadily added to will build a wall between you and debt.

There Are Two Methods of Saving Money

Limit your spending or limit your saving.

It is better to place a limit to your spending and save the rest.

You can do this by keeping a record of what you spend. Just try it for a month. Don't be niggardly with yourself—simply confine your expenses to common-sense requirements.

You will then discover where the leaks have been and will be able to open a savings account for the balance.

MARKETS

WALL STREET STOCKS.

New York, May 9.—Paine, Webber & Co. said of today's stock market: "The stock market showed considerable strength throughout the day. The new developments seem to come in favor of an advance. It is reported that there was a good deal of foreign buying in Southern Pacific and Great Northern. It is believed that consumers of copper are more inclined to buy at lower levels. In view of the remittance from Europe for the recent railroad bonds flotation there, it is believed that there may be a temporary relief in the money market here. This, coupled with the government report on winter wheat, which showed somewhat more favorable than had been expected, may induce more outside buying power, and we rather look for a little higher market, but would be satisfied with small profits for the present."

Closing prices were as follows:

Table with 2 columns: Stock Name and Price. Includes Amal., Anaconda, Am. Smelter, etc.

Boston Quotations.

Table with 2 columns: Stock Name and Price. Includes Adv., Am., All., etc.

The number of shares sold during the day were as follows:

Table with 2 columns: Stock Name and Shares Sold. Includes Amal., Adventure, Albany, etc.

lower prices for the metal, and as a consequence a break in copper stocks. We are taking advantage of all rallies to sell the coppers and industrials."

Copper Metal Prices.

New York, May 9.—Copper on the New York Metal exchange was firmer today, with spot and the May and the June closing at 12.05 1/2 and 12.30 and the July at 12.05 1/2 and 12.35. The London market was unchanged with spot quoted at 455, 12s, 6d and futures at 456, 12s, 6d. The arrivals reported at New York today were 1,740 tons. The customs house returns showed exports of 1,581 tons, making 4,903 tons so far this month. The Copper Producers' association made public at 12.02 1/2 and 12.74, electrolytic at 12.37 1/2 and 12.50 and casting at 12.10 1/2 and 12.25.

Copper Producers' Report.

New York, May 9.—An increase of 18,159,285 pounds in the copper stocks on hand May 1 as compared with April 1 is shown by the monthly report of the Copper Producers' association made public here today. The report shows that the copper stocks on hand May 1 were 141,984,159 pounds, as compared with 123,824,874 pounds April 1. The production during April was 117,477,639 pounds, a decrease of 2,809,228 pounds as compared with March. The deliveries during April were 99,318,254 pounds, a decrease of 4,112,231 pounds as compared with March. Of the total deliveries, 67,985,351 pounds were for domestic consumption and 31,332,903 pounds were for export.

CHICAGO GRAIN MARKETS.

Chicago, May 9.—Speculators in wheat were badly fooled in their guesses regarding the government crop report. The crop in general expected a more bullish percentage as to the condition of the growing grain and had underestimated the loss in acreage. The attention chiefly centered on the figures as to condition—82.1—which were a big surprise. It was supposed that the April condition—80.8—would be lowered, not raised. A break of two cents from the top price for the September ended, but the close was steady at a net loss of 1 1/2. The May declined only 3/4. Previous to the issuance of the government report the market was nervous and narrow, except for the May, which on covering by shorts reached the highest price this season—106 1/4. The government report overbalanced all else and caused many who were early buyers to turn sellers. The present indicated crop is figured at 417,000,000 bushels, against 404,000,000 bushels in 1909. The September opened at 103 1/4 to 103 1/2; the lowest, 101 1/4; closed, 101 1/4 to 101 1/2. Corn—Leading shorts bought the May steadily all day. Some cash grain concerns sold the other months, mainly the July. The weather was favorable. The shrinkage in the local stocks attracted attention. Cash corn was firm. The futures closed steady, the May 3 1/4 higher. The September opened at 63 1/4 to 64; highest, 64 1/4 to 64 1/2; lowest, 63 1/4; closed, 63 1/4. Oats—This market was easier, on favorable crop reports. The transactions were light. The close was 3/4 to 1/2 lower. The September opened at 38 1/4 to 38 1/2; highest, 39; lowest, 38; closed, 38 1/2.

Paine, Webber & Co's Wheat Letter.

Chicago, May 9.—When the official report on the winter wheat crop was received from Washington it was so bearish as to start the biggest selling flurry seen in the pit for many weeks. The high condition was a distinct surprise, and there is no mistaking the fact that the sentiment of the trade will from this time on be against the present high prices and the big holders will have a fight on their hands to stem the flood of selling which is likely to follow.

New York Cotton Market.

[Paine, Webber & Co.] New York, May 9.—Liverpool was slightly better than expected and sales of 12,000 bales at four points advance is silent testimony to the improving outlook of the trade situation with the English spinners. Liverpool is carrying a stock of American cotton 487,000 bales smaller than last year, and each week's forwarding to the mills exceeds the receipts, promising a famine situation here. The cotton situation with the appreciable quantity can reach foreign shores. Buy the December option for substantial advances. A new English electric heater consists of quartz tubes containing spirals of wire; the tubes becoming incandescent within a few seconds after the current is turned on.

STATE HAS TO PAY.

Scheme of Land Speculators Costly to Michigan—Resort Lots Sold But Buyers Not Enthusiastic in Paying the Taxes.

Lansing, May 9.—An aggregation of Chicago land speculators who platted 10,000 or 12,000 lots anywhere within ten or twelve miles of Houghton and Higgins lakes, certainly put across an expensive scheme for the state of Michigan, as a result of their operations in selling "summer resort lots" up there in the sand or swamp, the state being obliged to invest about \$40 an acre in land worth about \$3 or \$4 an acre. The bill this year for advertising alone is \$2,300 and the proposition is only well under way so far as the state is concerned. The state public domain commission in order to please the local disapproval on the scheme, has adopted the suggestion of Secretary A. C. Carton and placed in the forest reserve between 2,000 and 3,000 of these lots which have been transferred to the land department by Auditor General Fuller, the taxes not having been paid. In this way the speculators cannot get hold of these lots and sell them over again. Originally these speculators platted about 10,000 lots and sold them all over the country to seekers after summer homes who liked the prospectus descriptions of the lakes and their surroundings. The lots are said to have sold for about \$10 a piece aside from a \$2 fee for an abstract. When the buyers found their summer homes were back in the sand or swamps, instead of near to the lake they, of course, abandoned their property and did not pay the taxes, which started the lots through the channels in the auditor general's office to be sold for taxes. Of course no one bought the tax titles and as the five years are up on various of these little 20x40 foot lots the auditor general deeds them to the land department to be sold. In the bunch recently deeded to the land department there are two or three thousand of these lots and the owners who platted them and sold them to summer home-seekers have commenced to bid them in and start the chain of sales once more. Recently there came down from Crawford county the advertisement of tax sales of some of these lots. There were seven full pages, newspaper size, and that advertisement costs the state about \$2,200. By the action of the commission however further operations with this group of lots is shut off from a new market and the state saved further expense.

CHEAT THE STATE.

Some Tax Dodgers Use Very Clever Methods—Stock Transferred—Bank Paper Assessed in a Township in One Case.

Lansing, May 9.—In a certain city in this state a number of the largest stockholders in all the banks of the city transferred their stock to citizens of nearby townships in order to escape the city taxation as well as to escape in a large measure paying any great proportion of their fair share of the cost of government. The state tax commission discovered the scheme and forced the bank stockholders to rescind these transfers and place their stock within the reach of the city assessing officers. The action of the commission added approximately \$148,000 in personal property to the city rolls. This is one of several instances related concerning taxing conditions in this state. Some of this bank stock stood in the name of a supervisor, who assessed all held in his township at 80 cents on the dollar, although none of the stock was worth less than par and some of it was worth a great deal more. Banks were laughed. In another township lived a man who possessed but a little of this world's goods, but a large amount of bank stock. When the commission first took the matter in hand some of the banks were inclined to be apprehensive, but the man's attitude was different. He made it was none of the commission's business, but their minds were relieved of that view and there were numerous transfers of bank stock within a few days thereafter. Members of the commission when questioned about this transaction admitted its truthfulness but refused to give the name of the city, stating that there is no necessity for publicity in the matter in view of the return of the bank stock to the city, where it could be reached for assessment. There is another story told by members of the commission, which causes much speculation, and that is in regard to a chairman of a board of review who is a well known insurance agent, it is said, who has been using his official position to get business, offering prospective customers the best rates and even charging them to buy fire insurance of him. To just what extent he operated the scheme is not related, but the commission evidently knows.

Forgot the Mortgages.

Then there is the story of another assessor who, it was found, had left a considerable amount of mortgages off his books. When taken to task about the matter, it is alleged that he stated that he accidentally had overlooked them, although among the taxpayers who were thus fortunate was a city attorney, who owns \$10,000 in mortgages, and the commission could not but appreciate how fortunate it was for one city official that another should just happen to overlook his nice little investment in securities. Finding such conditions in some taxing districts and receiving intimations and even charges for similar conditions in others, the commissioner is expected to be busy year, Attorney General Bird's holding that the commission has power to go out and review assessments where it deems there is need for such action. It is their opinion that the public giving the attack on the ad valorem tax system has aroused the people to the necessity of backing up the state officers in warding off such attacks, and there is better opportunity now for improving the system than ever before. Attorney General Bird is frank in his declaration that the state must see to it that the corporations are treated fairly in taxation else the whole system will be overthrown, while the commissioner plainly is of the opinion that there is need of attention being given to general assessment of property in order to prevent the ad valorem rate going still higher another year and a consequent assault on the ad valorem system, which the state could not stand off.

Dodging Made Easy.

There is much interest in the state house relative to the matter of some general property escaping taxation. Auditor General Fuller, who has made a careful investigation of taxation methods and the system in vogue since he came into office, points out that there is a great opportunity for property to avoid the tax rolls at present. There is no one, aside from the board of review, required to check up the descriptions, and so that all really is taxed, and in many instances, boards of review fail to carry out that part of their duty. It has been suggested that Michigan might well establish a system of "searchers," as Iowa has, to ascertain whether any property is escaping taxation. One factory superintendent, in a complaint to the commission states, in his capacity as supervisor assessed the factory where he was employed at \$35,000, although the plant is worth at least \$150,000.

Mining News

COPPER RANGE.

A Review of the Annual Report—Some Spleenful Operating Achievements.

The annual report of the Copper Range Consolidated shows that the 1909 production of copper in which the company took credit amounted to 32,775,775 pounds, a decrease of 540,368 pounds from the preceding year, which decrease was the result entirely of a deduction of 752,504 pounds at Trumountain; Baltic and Champion combined having shown an increase of 292,130 pounds. The latter two mines show a decrease of 1,000,000 pounds, although the plan is worth at least \$150,000.

The past year, the cost of the three mines was increased 3-10ths cent per pound by reason of an increase of \$61,148 in the Houghton county taxes and to an increase of 1.29 cent per pound in the cost of Trumountain's reduced output. The taxes alone were equal to nearly one-half cent per pound. It is also important to note that the operating companies are carrying on open construction accounts and all forms of replacement, which costs are shown as a debit to the company and charged directly to operating expenses. Notwithstanding all these charges, the Baltic showed a cost last year of less than eight cents per pound for rock which yielded only a little over 1 per cent copper or, to be exact, 21.88 pounds per ton.

Baltic has now been a producer since 1898. Since 1898 the mine has produced no less than 115,997,172 pounds of copper and during the past seven years it has averaged to receive 14.96 cents per pound in the sale of its product. The original subscriber to the shares of the Baltic consolidated has now sold his stock by agreement from the beginning has been called upon to pay into the company's treasury but \$9.90 per share, \$2.90 per share representing the original cost. He has, in the meantime, received \$55.50 per share in dividends, finds a surplus of \$45.60 in his treasury, \$30,000, and has seen his stock or its equivalent sell as high as \$105.

The operations at Champion during the past year were without sensational features. The copper contents of the rock were a little higher than in 1908, as was the cost per pound of copper. Champion's cost per pound during 1909 compared with 7.98 cents at Baltic. In connection with Champion, it may be said that the first three months of 1910 have shown still further improvement in the character of the underground openings. The copper recovery during the three months was 88.8 per cent, as compared with 87.5 per cent for the same period last year. The result was that last year Trumountain's copper was produced at an actual loss, the deficit for the year being \$47,841. The mine has shown a profit, however, during each of the first three months of this year. When Trumountain was taken over by the Copper Range Consolidated from Lawson and Barrage, a share for share exchange was made. On the shares issued for Trumountain, Copper Range is at present paying the dividend of \$1.00 per share, but as yet Trumountain has contributed little or nothing to the dividends of the parent company, notwithstanding the absurd charges at one time made that Trumountain was being purposely "held back." President Paine still believes in paying the dividend of \$1.00 per share, but as yet Trumountain has contributed little or nothing to the dividends of the parent company, notwithstanding the absurd charges at one time made that Trumountain was being purposely "held back." President Paine still believes in paying the dividend of \$1.00 per share, but as yet Trumountain has contributed little or nothing to the dividends of the parent company, notwithstanding the absurd charges at one time made that Trumountain was being purposely "held back." President Paine still believes in paying the dividend of \$1.00 per share, but as yet Trumountain has contributed little or nothing to the dividends of the parent company, notwithstanding the absurd charges at one time made that Trumountain was being purposely "held back." President Paine still believes in paying the dividend of \$1.00 per share, but as yet Trumountain has contributed little or nothing to the dividends of the parent company, notwithstanding the absurd charges at one time made that Trumountain was being purposely "held back." President Paine still believes in paying the dividend of \$1.00 per share, but as yet Trumountain has contributed little or nothing to the dividends of the parent company, notwithstanding the absurd charges at one time made that Trumountain was being purposely "held back." President Paine still believes in paying the dividend of \$1.00 per share, but as yet Trumountain has contributed little or nothing to the dividends of the parent company, notwithstanding the absurd charges at one time made that Trumountain was being purposely "held back." Warner's Rust-Proof Corsets

Very long, but not an inch too long to shape the fashionable figure.

The bones in this corset do not extend the full depth of the skirt—the soft, unboned cloth is the extra length. It is therefore impossible for the garment to be felt uncomfortably—quite the contrary. It is pleasantly felt.

We have many styles in this make, but only one cut, namely, a correctly, fashionably cut garment for every woman, large or small.

Every garment made to fit and to wear—not to rust, break or tear.

Security Rubber Button Hose

ANOTHER VIOLATION.

Restaurant Keeper Found Serving Liquor Sunday Morning.

Three members of the Ishpeming police force unexpectedly entered Neimi's restaurant by the rear door Sunday morning at 1:30 o'clock, and found Mr. Neimi preparing to serve liquor to some of his customers. The officers had suspected that Neimi was running a "blind pig," and they knew that if he was selling liquor he would be doing so after the saloons had closed. Neimi was arrested on the same charge when he conducted a restaurant business in the Nelson block, on Canda street, some two years ago.

The officers reported the matter to Marshal Trevarrow, but owing to the absence from the city yesterday of prosecuting Attorney F. A. Bell, a warrant was not issued. It is likely that Neimi will be brought into court as soon as Mr. Bell returns. It was reported yesterday that Neimi had not been seen since Sunday night, but Mrs. Neimi, in whose name the business is conducted, is still running the restaurant.

We have a big assortment of vegetable and flower seeds, also seed potatoes, cabbage, tomato and celery plants. (5-10-24) J. SELLWOOD & CO.

YOUNG OPENS CAMPAIGN.

Congressman from Twelfth District Sending Letters to Voters.

That Congressman H. O. Young intends to put up an active campaign in his efforts to be reelected is evident from the letters he is sending out from Washington. Several hundred of these letters addressed to Ishpeming voters were distributed here yesterday.

Mr. Young writes that he supported every one of the so-called Roosevelt measures which came before congress. He reviews the more important bills that he supported, and says he worked for the conservation measures. Mr. Young further says that he voted for liberal appropriations of money to punish violations of the law by railway companies, large corporations, timber and land thieves and gratters generally. At the same time he says he believes that corporations are a necessity, and that they should be protected in the enjoyment of their rights when they obey the law.

Mr. Young calls special attention to the fight that he made for a duty on iron ore. While he does not make claim to having been wholly successful in replacing the tariff on iron ore, he feels that he should at least be credited with contributing valuable aid to that end.

In conclusion Mr. Young says that if his course in congress commends itself to the judgment of his constituents he will greatly appreciate their efforts and aid in obtaining his re-nomination.

Cabbage, celery and tomato plants, also seed potatoes, and a great variety of other vegetable seed. (5-10-24) J. SELLWOOD & CO.

ISHPEMING IN BRIEF.

The funeral of the late Thomas Ryan was held yesterday afternoon from St. John's church under direction of division No. 1, Ancient Order of Hibernians.

Mrs. A. J. Yungbluth has returned from Green Bay, accompanied by her mother, Mrs. Klapp, who submitted to a surgical operation in a hospital there.

The fire department was called out yesterday noon to extinguish a blaze in a swamp back of Steve Matke's house, southwest of the Cliff's Shaft. The fire was started by parties who were cleaning up land.

John Koskol, the noted Finnish tenor, made a fine impression at the Anderson Hall Sunday evening. The hall was well filled. Mr. Koskol will fill a return engagement at Ishpeming theater on the evening of the 21th.

The ladies of Grace church will hold a pantry sale Saturday morning at Sellwood's grocery store, commencing at 9 o'clock. Among the articles to be offered will be cakes, cookies, pastries, saffron buns, pies, doughnuts, brown bread, and pork and beans.

The employees of the Oliver Iron Mining company will receive their April wages as follows: Hartford and Queen mines, Negaunee, Saturday, 14; Lake Superior Hard Ore and Section 21 mines, Monday, 16; Section 16 and Bonattie, Tuesday, 17; Stagniller and Champion, Wednesday, 18.

Births recorded in the city yesterday were a son to Mr. and Mrs. Leonard Menzolino, 307 West Division street; a son to Mr. and Mrs. Edward Snell, 500 North street; a son to Frank Andriacchi and wife, 310 West Division street; a son to Mr. and Mrs. John H. Holms, 710 Angeline street; a daughter to George Badger and wife, 1166 South Pine street and a daughter to Mr. and Mrs. Ole Olson, 720 Angeline street.

Timothy McNamara, wife and two children are in the city on a visit to relatives. Mr. McNamara has charge of two iron mines for the Colorado Fuel & Iron company in New Mexico, and during his absence, Frank Nelson, formerly of this city, who is also in the employ of the company, is looking after his work. There are over 200 men employed at the mines of which Mr. McNamara has supervision. Both are producing a high grade ore and are operated on the open pit plan.

Arthur Sandberg, who has been in the employ of the H. J. Heinz company, in Chicago, also in northern Illinois, for nearly a year past, has been transferred to the upper peninsula territory, and will make his headquarters at his home here. Although Mr. Sandberg is one of the company's youngest salesmen, he now has one of its best territories. He

and he also increased the company's business in the Rockford (Ill.) territory. His new district will include the copper country and the Gogebic and Marquette ranges. He will work under George H. Capps, who formerly traveled in this region, but who is now in general charge of an extended territory. William Browneller, who succeeded Mr. Capps, has been given charge of the company's real estate department, with headquarters at Pittsburg. The Heinz company is one of the best known concerns of its kind in the world. It has over 400 salesmen on the road, and it is operating a large number of factories in this country and Europe.

Seed potatoes at Sellwood's. We have the Early Ohio, Booby, Peerless, Burpee and Uncle Sam; also a great variety of vegetable and garden seeds, etc. (5-10-24)

FOR SALE—Six-room house, with barn, etc., at 205 North Fifth St. Inquire Lindberg's market, Cleveland avenue. (5-10-19)

WANTED.

100 experienced Premium tea and coffee canvassers and wagon delivery men, or will take experienced up-to-date grocery clerks and laundry drivers and teach them the business. Want men between the ages of 25 and 40 years, married, men with A1 record. Chance for advancement. Position will pay from \$15 to \$35 weekly. Apply to M. P. Anderson, manager Jewel Tea Co., 138 York St., Ishpeming, or write direct to headquarters, Chicago, Ill. (5-10-19) made good as a city salesman in Chicago.

Commercial and Savings Accounts Solicited.

3 per cent interest on savings accounts, interest payable June 1st and Dec. 1st.

Ask for our rates on Money Orders, payable either in the United States or any foreign country.

Safety Deposit Boxes for Rent at \$3.00 Per Year.

CUT FLOWERS

American Beauties, Carnations, Tea Roses, Calla Lilies, Easter Lilies.

POTTED PLANTS

Geraniums, Primulas, Begonias, Daisies, yellow and white, Double Petunias, Pelargonius.

FERNS and PALMS

Orders promptly filled and shipments made by American or Western Express. Telephone or telegraph your orders.

BOTH PHONES.

NEGAUNEE GREENHOUSES

Charles Dickens' writing was very minute, and his habit of writing with blue ink upon blue paper, with frequent interlineations and cross lines, made his copy a burden alike to compositor and proofreader.

Upper Peninsula

Will Build a New Mill—

The Fisher-Morrison Lumber & Fuel company of Iron River has let the contract for the erection of a 30x64-foot building which will be used as a planing mill as soon as the machinery has been installed. The mill will consist of a combination mather and surfacer, one saw and one cut-off saw, which have already been ordered and are expected any day. The mill, when ready for operation, will be one of the most complete north of Menominee.

Some Appointments Rejected— At the recent meeting of the Gladstone council, Mayor Hammel's appointments of Alex. Murker for marshal and M. M. Connors for night watchman were unanimously confirmed. On the appointment of W. L. Marble to the water board, Alderman Clark and Jackson voted yes and Alderman Folsom, Gaultin, Louis, Micks and Murphy no. The appointment of Nels J. Gornsen was also rejected, only Alderman Clark, Louis and Jackson supporting it. The division of the council is due to the desire of the five aldermen elected by the Citizens' party to have President A. E. Neff reappointed to the board, in the event they would agree to the mayor's choice for the other vacancies. Mayor Hammel cannot consistently compromise, and it appears that the membership of the water board will remain in status quo for another year. Alderman Clark

was elected president protem, and G. R. Empson city attorney without opposition. John P. Holm was elected commissioner of the poor by six votes to two for Robert Cavill. Dr. A. H. Miller was re-elected health officer, having four votes to four for Dr. J. Mitchell, and Mayor Hammel breaking the tie. Alex. Murker was again designated street commissioner. No city surveyor was appointed, the street committee being authorized to hire a surveyor at not more than \$6 a day.

Road Contracts Awarded—

Contracts for the first work on the new county road which is to be built between Ironwood and Watersmeet were given at a meeting of the county road commissioners last week. The bids called for were for clearing, stumping and turpining eight miles of highway. There were eleven bidders, some of them giving figures on the whole contract and some on certain portions of the work. John Brown of Green Bay, Wis., presented a bid of \$25,908.30 for the entire contract, and Gust. Fredren of Norway offered to do the same work for \$25,323.00. These were the only two who gave figures for the complete job.

The contract for the first three miles of the road, this being three miles between the city of Ironwood and the city of Bessemer and one mile east of Bessemer, was awarded to James Oksanen of Ironwood, whose bid of \$9,306.20 was the lowest for this portion of the road. The next two miles, which are in Bessemer township, were given to John Hanousek of Ramsay, whose bid was \$4,922.20. The next mile went to Henry Poykonen for \$1,700, and the last mile to Andrew Katane for \$1,091. These latter are two farmers who live near the piece of road for which they submitted bids. The figures as given above are on the engineer's estimates of the amount of ground to be moved, and do not include bridges or culverts. The grading work will be done at once, and then the road will be allowed to "season" for a year before the top dressing of crushed rock is put on. It is said that this method obviates the danger of the road settling after it is finished.

WHAT EVERYBODY WANTS.

Everybody desires good health which is impossible unless the kidneys are sound and healthy. Foley's Kidney Remedy should be taken at the first indication of any irregularity, and a serious illness may be averted. Foley's Kidney Remedy will restore your kidneys and bladder to their normal state and activity. Sold by all druggists.

Without sorrow none become saints.

Negaunee Department

FOLEY CAPTURES LAST OF FUGITIVES

ALL OF THE MEN IMPLICATED IN THE ASSAULT UPON HARRY WILCOX OF VIRGINIA ARE NOW BEHIND THE BARS.

Marquette county friends of David F. Foley, who is in charge of the Oliver Iron Mining company's police department in the Lake Superior district, will be pleased to learn that he has rounded up all of the men implicated in the assault upon Officer Harry Wilcox at Virginia, a week ago last Sunday night. The last man of the bunch was recently arrested at the Alpena mine.

Peter Dondovitch, the man who is alleged to have been the ring leader, and for whom a reward of \$750 was offered, was the sixth man taken. It was thought that Dondovitch and his companions would try and put the blame on the seventh man, and for that reason Foley pushed the search vigorously. Dondovitch, who had kept under cover for several days, was finally forced to go into a village to purchase something to eat. Then he was arrested by Mr. Foley. He had three boxes of bread and two rings of sausage in his possession. He and his six companions are now in the Duluth jail.

One of the range papers says that the round up of the criminals is by far the best piece of detective work that the officers in that region have ever performed. All of the men implicated in the crime have been indicted and it is thought that they will be sentenced to prison. The date of the trial will not be set until Officer Wilcox is able to leave his room. He is improving, and unless complications set in it is thought that he will be able to be on the street within two or three weeks.

Danny Madden, who is known to many here, and who was at one time chief of police at Chisholm, has been hired by Mr. Foley to look after the work in the Virginia district. Mr. Madden is recognized as one of the best police officers on the range, and he has proven a terror to the "blind pig" operators in the mining locations around Chisholm. Mr. Foley and the chief of police of the Mesaba district are determined to stamp out the "blind pig" evil, which has been responsible for much of the crime there. It is said that hundreds of blind pigs have been in operation for some years past, and some of them are of the very worst kind. Officer Madden will immediately co-operate with the Virginia police department in putting the "blind piggers" out of business. He will first go after the company's locations. It is expected that some of the "blind piggers" dispose of a great quantity of liquor, especially on Sundays and holidays, and many bad fights have taken place at the locations as a result of these operations.

THROUGH TO DULUTH.

Roads to Much Improved That Automobiles Will Soon Be Able to Make Trip.

It is thought when the road connecting Marquette and Dickinson counties is completed that the trip between here and Duluth can be made in automobiles. The contractors who were awarded jobs by Marquette and Dickinson counties some months ago already have crews at work, and it is expected that the road will be passable no later than Aug. 1. From Iron Mountain there are excellent roads to Ironwood, and from Ironwood that go to the west the road is said to be in good condition.

BIG PENSION FUND.

The United States Steel corporation has established a fund of \$8,000,000 for pension purposes and will consolidate this fund with the \$4,000,000 fund set aside by Andrew Carnegie. The joint fund will be administered for the benefit of employees by the Carnegie Trust jointly by the corporation and by Mr. Carnegie. This announcement was made in a statement by Judge E. H. Gary, chairman of the United States Steel corporation. The trustees of the pension fund, it is announced, will be E. H. Gary, George W. Peck, J. H. Reed, Andrew Squire, J. H. Hoyt, H. K. Knapp, R. C. Bolling and Frank D. Adams, appointed by the United States Steel corporation, and Charles L. Taylor, W. R. Dickson, Robert A. Franks and H. R. Tener, Jr., appointed by Mr. Carnegie.

ANNUAL BALL.

The Chevalier Lafayette society will conduct its annual ball on the night of the 20th, Decoration day, in the Adelphi rink. The society has usually held its ball on the night of Midsummer day, but the date has been changed this year on account of the Escanaba celebration. At the last meeting of the lodge, an arrangement committee was appointed, composed of Godfrey Trottaud, Victor Desnard, Alphonse LeBlanche and Joseph Chaffoux. The Negaunee orchestra has been engaged to furnish the music.

MORE RESPECT FOR FUNERALS.

Elias Dawe, the undertaker, enters a vigorous complaint at the way the automobile drivers pass funerals on the way to the cemetery as well as in the business and residential streets. He said yesterday that the automobile drivers, as a rule violate the law every time they meet a funeral. They are expected to stand still while the funeral procession is passing. One of the Pioneer Motor cars cut a procession in two on Gold street the other day, much to the annoyance of the funeral director and others.

All kinds of garden flower seeds, also vegetable seeds and plants, as well as a fine assortment of seed potatoes. Send in your orders now. J. SELLWOOD & CO. (5-10-24)

Foley Kidney Pills contain in concentrated form ingredients of established therapeutic value for the relief and cure of all kidney and bladder ailments. Sold by all druggists.

Milton was fifty-seven and blind when he wrote "Paradise Lost."

ANOTHER CONVICTION. Michigan Man Violated Game Law and Will Serve Sentence.

Alex. Pajala of Michigan, who was last week arrested by Phil Hogan, deputy state game and fish warden, charged with using set lines in Lake Michigan, on Friday pleaded guilty before G. J. Schwendeman, a Michigan justice of the peace. He refused to pay the fine and costs, amounting to \$14.50. Pajala was caught in the act of using the lines, giving the deputy proof of his guilt. When Pajala refused to pay the fine and costs he was committed to twenty days in the county jail, and is now serving his sentence.

GIFTS TO PASTOR AND WIFE.

Material evidence of the esteem in which Dr. D. C. Plannette and his wife are held by the members and the congregation of the Negaunee Methodist church, of which Dr. Plannette is the pastor, was given last night. A surprise party in honor of the couple was held at the church and there were presented to them a handsome electric lamp and a cut glass fruit dish. Between 200 and 300 persons were in attendance. Captain Allen made the presentation address, to which Dr. Plannette responded. Following this, refreshments were served. The occasion was a most happy one.

LOCAL LACONICS.

The concrete approach to the Negaunee fire hall was finished yesterday.

Messrs. J. H. Winter, Al Maitland and Al Willman caught over 100 trout in Green's Creek in a single day's fishing.

The home of Patrick Conway, an old and well-known resident of Little Lake, was destroyed by fire last Thursday. Mr. Conway also lost about half of his household goods.

The Italian musicians of the city are talking of organizing a band. There are several old bandmen among them, and if all of them join the proposed organization it should in time be a good band.

Dan Shea, the city assessor, who several days ago began work on the tax roll, is making good progress. He expects to have the roll completed some days before the board of review meets.

Some of the more enthusiastic baseball fans here favor opening the season next Saturday and Sunday with a brass band in attendance. It has been suggested that a Negaunee band be hired for one day and an Ishpeming band for the other.

The Negaunee Light Infantry band gave an open air concert in the city square Saturday evening. It is expected that the City band will give a concert next Saturday night, if the weather is favorable. The council has contributed \$150 to the latter organization for eight open air concerts during the season.

Additional Ishpeming

FROM W. J. ROBERTS.

To The Mining Journal: Will you kindly print the following reply to an article which appeared in your last Friday's issue, and signed "A Member of the Brotherhood of Locomotive Engineers."

The signer says he read a report of my speech to the miners at Calumet of May the first in the "Evening Copper Journal," and that he had a kick coming in behalf of his organization, because I had unjustly scored them for not taking the part of "locomotive firemen" a few months ago. To begin with, I have not seen the Copper Journal of that date, so do not know whether they quoted me correctly or not. It is so easy by slight changes in words to convey a different meaning than was intended. We should go by the spirit rather than the letter. One thing I am proud of is that I have never been known to fire on the ranks of labor. My chief weakness seems to be getting into "hot water" and fighting in its defense. The brother who attacked me and his organization, including himself, did not like the nature of my remarks. That proves nothing, however, except that we don't agree. That, however, is not sufficient to "get up into arms," as he says they are. I love the militant union man who is always on guard in defense of his union. But that does not argue that it is beyond criticism, nor without imperfections. And the act of pointing out the laborer's weaknesses and wrong tactics of operation by one who is devoted to its cause is a friendly act, rather than otherwise, when measured in the broad sense of real unionism.

The entire structure of my talk at Calumet was a plea for the solidarity of all that labor and are heavy laden, and a strong denunciation of everything that keeps them divided. That only when labor makes common cause on one common ground against one common enemy, can we ever expect to win anything really substantial. Labor creates all wealth, and who shall say it is not entitled to what it creates? Capital is composed of unpaid wages, and lives by proxy because of the division of the workers and their ignorance of their true position to society. Craft unionism is today one of the most fruitful causes of division among the workers. With their factional fights about jurisdiction, priority, seniority, etc., it gives united capital all the advantage, while labor is scrapping with itself. Kind of "cutting off its nose to spite its face." Then there is the same contention which the wily capitalist has got you to sign, expiring at different periods; a kind of a string by which he can hold a part of the "bunch" while he licks the rest. And by the time it gets around to your turn, the rest are all gone, and you are left with only your cowardice, that they are ready to join hands with him to make sure you get "licked." That seems to be about the way it goes. Now don't you think, brother, it's high time for us to polish

up the reflector of our perceptions, so that we can see that the man that camps the ties, lines the rails, throws the switch, shovels the coal, clicks the keys, handles the baggage, asserts the mail and looks after the express, is, after all, just as good a man as you are, and entitled to just as good a home, just as good clothes and food. We are all dependent and interdependent on each other, and we all have a right to live and live our very best. Not until we have learned that lesson can we call ourselves good union men, no matter what kind of a card we may carry.

Yes, brother, I actually did criticize your organization, and some other ones at the same time, and worse yet, I'm going to do some more of it in the future. On the basis of facts, too, "mind you." Facts are the only things that cut any ice with me. And when you find me outside the realm of facts I shall count it a favor for you to "get up in arms" and come after me.

In conclusion, let me say that I am going right along criticizing, agitating and educating until organized labor has wrested the earth from unjust greed, and made it fit for decent people to live in. The earth wasn't made for the few, nor the people to be their slaves. The earth and the fullness thereof belong to those who work and not to those who shirk. And we are going to keep what we get and organize on such lines to get more, until finally we will have the whole thing. In preaching such doctrines we expect to get kicked sometimes by those who have good reasons for so doing, and sometimes by those who only think they have.

Yours for a better civilization, W. J. ROBERTS.

First-class piano tuning done by M. J. Olson. County phone, No. 520. 100 East Ridge street. (1-12-11)

ADDITION TO HIGH SCHOOL PROPOSED

MORE ROOM NEEDED TO ACCOMMODATE CONSTANTLY INCREASING ATTENDANCE.

A BIG GAIN NEXT FALL

Three Story Structure Will Be Erected Between Boiler House and High School Building—Plans Are Ordered.

In order to provide room for the increased enrollment in the high school looked forward to the coming fall, the board of education expects to order the erection of a three-story addition to the present group of school structures on Pine street, between Ridge and Arch streets.

The tentative plans call for the erection of the addition between the south wall of the present boiler house and the north wall of the high school building. It will have on the second story a room, approximately thirty-five feet square, which will have the same floor level as the main assembly room of the high school structure, with which it will be connected by a doorway, and it will be used to accommodate the overflow from the assembly room.

On the first and third floors of the proposed addition will be four class rooms, two on each floor, that will be used for the accommodation of high school classes. By this addition members of the board believe that the growth of the high school for perhaps five years to come will be taken care of. The rough estimate of the cost of the proposed addition is \$8,500, but this is an approximation, for the plans have just been ordered. It is practically decided that the work will be done, however, and the addition will probably be ready for use next fall.

More Room Needed.

Superintendent Gehrand recently called the attention of the board members to the necessity of at once obtaining additional room for high school purposes in a letter which he addressed to each of their number. He said, in part: "It will be remembered that in the fall of 1908 we found it necessary to rearrange the seating in our assembly room, making the aisles only seventeen inches, in order to fairly well take care of the enrollment. We had then an enrollment of 246 pupils. Last fall we added twenty-four seats—crowding them well up to and on either side of the platform. This gives us a total seating capacity of 250 pupils. We have an enrollment of 288 pupils. This left twenty-nine pupils without desks.

"Dipping into the future a little, I see the following conditions: Last year we lost twenty pupils from the high school enrollment during the entire year—a record of which any school may justly be proud. Suppose we lose the same number the year—twenty—and there are about thirty-three to graduate in June, 1910, leaving a total for re-entry for next fall of 288, less fifty-three, or 235 pupils. To this number let us add the promotions from our present eighth grade of ninety pupils. Last fall we promoted 102 from the eighth grade. This will give us an enrollment of 324 pupils—sixty-six more than our seating capacity. I wish to say that in this estimate I have not included any from the surrounding country, the Baraga school, or the Normal school, in order to be positively conservative in my estimate.

"The question before us is: What are we going to do with such an enrollment? Where will we put the pupils? Every boy and girl in Marquette has a right to demand fair treatment.

Enrollment in Departments.

"It might be well to give some of the enrollments in the various departments. Domestic science, 205, including the girls from the seventh and eighth grades; manual training, 181, including the boys from the seventh and eighth grades; commercial course in high school, 137; German course, 100; Latin course, 127; French course, 43.

"It will be seen from the above, that the commercial course is the most popular, and no one will deny that it is the most valuable at the same time. This department ought to be better and more satisfactorily housed. Both teachers and pupils find that the constant noise and vibrations from the manual training department are so draining and nerve wrecking in their daily effect that the health of all concerned is affected, and the work is seriously hampered.

"Something ought to be done to better equip and more satisfactorily locate this most valuable department of our high school. Let it not be set aside or simply given a cursory thought."

WITNESSES MISSING.

Cases Against Marquette Saloon and Restaurant Men Dismissed.

The plain clothes men who "piperized" the Marquette police force and kept books on the Marquette saloon men and restaurant keepers for a week or more did not appear in Judge Crisp's court yesterday when the cases started against five of the latter were called, and the cases were dismissed. Warrants had been sworn out and served for Peter Rasmusson, J. H. McMillan, James Charlesworth, Thomas Horn and August Crossman. Whether anything more will be heard of the cases is problematical. The cases are not quashed, and can be renewed, if it is possible to bring in the witnesses. No definite information can be obtained as to just why they failed to show up. Crossman, one of the men arrested on evidence furnished by them, is to have a hearing in circuit court next week on a case of violating the liquor law worked up by the Marquette police.

Miss Marie Chiconsky of this city has recently returned from Big Rapids, where she has attended the Ferris Institute for some time and has finished her entire course as stenographer. She is now ready to accept a position in this city.

FAVOR WOODEN BRIDGE.

Light and Power Commission Will Not Help Pay for Steel Structure.

Aldermen Asire and Hennessy, members of the special committee appointed at the last session of the council to meet with the light and power commission, to ascertain whether the commission would defray the difference in cost between a wooden and a steel and concrete bridge across Dead river at Collinsville, met with the commissioners yesterday. After consideration of the matter, the commission passed the following resolution:

"Resolved, That this commission declines the plan for bridging Dead river at Collinsville heretofore adopted by the common council and now in the hands of the street commission for execution, to be, under the circumstances now existing, sufficient and satisfactory."

Some doubt exists as to the power of the commission to appropriate its funds for the purpose of assisting in bridging Dead river for general traffic, and this was one factor in leading the commission to take the action it did. Furthermore it is likely that within five years a new plant will be located at the eastern limit of the commission's water power, some distance east of the present plant, in which case the proposed bridge would be of no use to it. It is estimated that it would require \$1,800 to make up the difference between the cost of a wooden bridge and a more substantial structure of concrete and steel.

Supervisors' Committees.

Chairman Powell Announces His Selections for the Ensuing Year.

D. W. Powell, recently reelected chairman of the Marquette county board of supervisors, has announced his committees for the ensuing year, as follows:

Finance and Taxation—Jackson, Hudson, Vadnais, Sweder, Kirkwood, Johnson, Chas., Hendrickson, Hokanson, Jurman, Thompson, Gingrass, Holman, Honkala, Vandenboom, Yonkosky, Seibenthal, Appelberg, Farrell, Keupper, Treiblock, Bahman, Arnold.

Equalization—Yungbluth, Hudson, Vadnais, Powell, Neidhart, Sweder, Toms, Kirkwood, Barabe, Johnson, Chas., Manley, Keese, Pearce, Seaborg, Smith, Rowe, Thompson, Ewing, Jackson, Goodnow, Yonkosky, Noyes, Seibenthal, Farrell, Johnson, F. J., Keupper, Treiblock.

Auditing—Ewing, Powell, Neidhart, Toms, Barabe, Manley, Smith, Yungbluth.

County Officers' Accounts—Thompson, Vadnais, Robbins, Pearce, Seaborg, Hendrickson, Hokanson, Gingrass, Jackson, Holman, Honkala, Vandenboom, Appelberg, Johnson, F. J., Arnold.

Highways and Bridges—Barabe, Sweder, Johnson, Chas., Pearce, Yungbluth, Ewing, Treiblock.

Legislation—Goodnow, Robbins, Keese, Yungbluth, Seibenthal.

THEATRICAL.

The Mock Sad All Stock company opened to a capacity house last night, presenting a pretty little play, "At Cosy Corners." The company gave excellent satisfaction. The number and quality of the vaudeville acts caused favorable comment. Brydon's dogs gave the best dog act ever seen here. Mock Sad All proved a clever magician. Harry Birchwith, harpist, played several selections and Billy Ireland did a black face turn. To assure another large audience, the lady's free ticket privilege will be given again tonight. Anyone who purchases one thirty-cent ticket before 6 p. m. will receive one lady's ticket free. The play for tonight is a comedy in three acts, "Fritz, the Chauffeur."

RECKLESS AUTOMOBILING.

Sunday afternoon about 4:30 o'clock I was driving west on Washington street, opposite the Cole residence and golf club house, just on the brow of the hill.

A cloud of dust appeared west where the road turns toward the brewery. It approached the east at terrific speed and soon revealed itself as an automobile. Following it closely out to the south on the railroad track was the afternoon passenger train.

I had time to drive but a few rods before the automobile dashed by me at a speed of at least forty miles an hour, gaining rapidly on the train. I dashed past me at fully as great a speed, too enveloped in its own dust to reveal its number. The last was a smaller two passenger car.

Comments are unnecessary. It is a case of "The motorist be damned." It is a case where the entire police department with half a dozen plain clothes men could be wisely put in charge of the streets for the safety of the way faring men. Death is giving us fair warning to watch out. Who will volunteer to be the first victim? Who will be the criminal?

ONE OF THE DODGERS.

SOO CANAL PASSAGES.

List of Boats That Have Passed the Locks, Bound for Superior Ports.

Sault Ste. Marie, Mich., May 10.—The following boats have passed through the locks, bound for ports on Lake Superior: Flag; Warner; 10:20 p. m.; Harbut Smith, Fryer, midnight; Angeline, 1 a. m.; Elba, Fairbairn, Bryn Mawr, 2; Livingstone, Algonquin, 5; Oliver, 6:30; Wisconsin, Adviate, 7:30; Portland, Saunice, Carter, 8:30; Olanah, North Sea, Craig, 9:40; Harbut, 10:20; Ontario, 12:30 p. m.; Davidson (small), Hefelinger, Cloestaw, 2:30; Troy, 5:30; Crowe, 7; North Wind, Aztec, Miztec, 8; Captain Wilson, 8:30.

ELI COVON, TRUCKER. Removes ashes and garbage. Order by phone, Bell 382-J. (6-7-11)

CHICAGOANS WILL BE HOSTS IN CITY

VISITING BUSINESS MEN WILL ENTERTAIN IN MARQUETTE INSTEAD OF BEING ENTERTAINED.

WILL BE HERE JUNE 15

Letter Received Outlining Plans for the Trip—Party Will Include Representative Men.

The Chicago Association of Commerce, which will make a tour of the lakes in June, calling at many ports on Lake Michigan and Lake Superior, will, according to its officials, conduct its trip on radically different lines than those followed by most similar junkets. Instead of expecting to be entertained in the various ports they visit, it is the purpose of the members of the association to themselves be the hosts, and they will extend to the people of each town visited the hospitality of their steamer, the Theodore Roosevelt, and will, where conditions permit, arrange short lake excursions on which the business men and other people of the community will be entertained.

The steamer Theodore Roosevelt and the visitors will spend the greater part of June 15 at Marquette. The boat will spend a few hours at Marquette in the morning, but will leave there in time to arrive in Marquette at 12 noon. The afternoon and evening will be spent here, for the Theodore Roosevelt is not scheduled to leave Marquette for Houghton and Hancock until 10 p. m. Part of this time will be given over to a lake excursion on the steamer, and the visitors will also take advantage of the opportunity to get in touch with the Marquette business interests, for the purpose of the trip is, after all, to bring about closer trade relations between the Chicago commercial interests and the people in the towns visited.

Association's Letter.

The following letter explains the association's plans and the purposes of its trip:

"Chicago, May 7th, 1910. "Marquette Commercial Club. "Gentlemen:—We take pleasure in advising you of the proposed tour of the great lakes by a delegation of about sixty manufacturers, merchants, bankers and professional men of Chicago, who will sail from this city June 12th on the chartered steamer, 'Theodore Roosevelt,' returning June 25th.

"Our schedule will bring us to your city on June 15th at noon, leaving at 10 p. m. With your permission we shall be glad to send you later information as to our plans. Permit us only to say at this time that it is our wish to be your host, and we invite the members of your organization to come aboard the 'Roosevelt' in a body. It is our wish also, time and weather permitting, to offer a short excursion on our steamer to the business men of your city, their families and friends. If your organization will kindly issue invitations for this excursion according to your own policy, the vaudeville acts caused favorable comment. Brydon's dogs gave the best dog act ever seen here. Mock Sad All proved a clever magician. Harry Birchwith, harpist, played several selections and Billy Ireland did a black face turn. To assure another large audience, the lady's free ticket privilege will be given again tonight. Anyone who purchases one thirty-cent ticket before 6 p. m. will receive one lady's ticket free. The play for tonight is a comedy in three acts, 'Fritz, the Chauffeur.'"

"The purpose of the tour may be described as a 'crusade of acquaintance.' We would to know you better and we would be glad to have you know Chicago better. We wish to study your local conditions and the nature and possibilities of your section with reference to our mutual interests.

"The delegation will be made up almost exclusively of the heads of large representative Chicago institutions, who are particularly interested in your city, and all are members of the Chicago Association of Commerce. Following the custom established several years ago, the association sends out one or two delegations annually, traveling usually by special train to some particular section of the country whose interests are more or less identified with Chicago as the 'Great Central Market.' We feel confident that this initial water trip will prove mutually pleasant and advantageous. The tour is being conducted under the auspices of the Trade Extension committee.

"Very truly yours, "Chicago Association of Commerce, "Homer A. Stillwell, "President," "Francis T. Simmons, "Chairman Trade Extension Com. "H. F. Miller, "Business Manager, "77 Jackson Blvd., Chicago."

GREAT REDUCTION IN SUITS AND COATS AT THE BEE HIVE.
