

LIFE SENTENCE

IS GIVEN DR. HYDE

Tried on the Charge of Killing Colonel T. H. Swope, the Physician Is Found Guilty of Murder in the First Degree.

He Owes His Conviction to His Own Testimony, According to One of the Two Jurors Who for Hours Held Out for Acquittal, Against All the Rest—Fight to Free the Prisoner Will Be Continued, and Meanwhile He Will Remain in Jail.

KANSAS CITY, Mo., May 16.—Dr. B. Clark Hyde, tried on the charge of murdering Colonel Thomas H. Swope, the aged millionaire, uncle of Mrs. Hyde, who with others of the family shares the estate, was found guilty today by jury today in the first degree. The verdict carried with it the penalty of life imprisonment, under the law of the state, and that punishment was formally decreed by Judge Latsch. The law allows the defense four days in which to file a motion for a new trial. Failure to do so will result in the same as any other, the judge ordered the county marshal, "Give him few privileges and no luxuries."

Defendant's Wife Weeps. When the verdict was read, Mrs. Hyde threw her arms about her husband's neck and wept. Hyde looked firmly at the judge while the verdict was being received. Ten minutes later the doctor was on his way to a cell.

Mrs. Hyde was extremely weak and it was an hour before she was able to go home. She said that immediate steps would be taken for a new trial. Failure in this she would arrange for an appeal. The verdict was unexpected, as every attorney in the case had given up hope of the jury reaching an agreement since it went out Friday night. The verdict that the physician had tried for two days, as if ready to go home, was conspicuously absent when Hyde came into court.

Own Testimony Convicted Him. According to W. C. Crane, one of the jurors, Hyde swears his conviction to his own testimony. Until Saturday night Crane and Juror Johnson held out for acquittal, against the rest. Remembering Hyde's demeanor on the stand, Crane finally voted for conviction. He convinced Johnson, making the verdict unanimous.

Crane said tonight: "When Dr. Hyde said that he had bought cyanide for ten years and yet could not remember where he bought it, he damned himself as a witness. At first I believed Hyde intended to commit suicide. Then I recalled his testimony about his cyanide purchases, and I decided he was guilty."

A strange feature of Opone's action is that his son, Albert, was recently sentenced to eighteen years for murdering his sweetheart.

Hyde Remains Cool. The return of the verdict was marked by an absence of dramatic features. While Mrs. Hyde cried a little in the court room, her husband did not change his usual stoical appearance.

Mrs. Logan D. Swope was unmoved when she heard of the outcome, but she soon regained her composure. It was what she had been fighting for, and she was satisfied. "My home is still open to my daughter," she said. "I feel sorry for her."

But Mrs. Hyde is still loyal to her husband, and she believes that the supreme court will free him. "Clark is innocent, and he shall be freed," she said.

Hyde was asleep today, soon after sentence was pronounced. He professes to believe that his case will be remanded for a new trial when it reaches the supreme court.

Frank Walsh, leading counsel for Hyde, said that the case would be appealed and he had every confidence in its final outcome.

Year's Delay Likely. It is believed the supreme court will be unable to reach the case for at least a year, on account of a crowded docket. The recent decision on the appeal of a convicted murderer being admitted to bail. The defense will make its motion for a new trial some day this week.

HUNTED WOMAN SURRENDERS. Mrs. Sutherland Says She Shot Her Husband Because He Abused Her.

Chipewah Falls, Wis., May 16.—Mrs. J. A. Sutherland, accused of the murder of her husband Saturday, after a quarrel, appeared in court today. Her hearing was set for May 23. She had been wandering in the woods since Sunday. She says that her husband abused her, and she shot him.

KILLED BY AN AUTOMOBILE. Cleveland, O., May 16.—Simon Hieker, for fourteen years editor-in-chief of the Waescher and Anzieger, died here tonight as the result of an automobile accident. With his wife and two children he was driving an automobile yesterday, when his hat blew off. He dismounted to recover it and was knocked down by a car, the chauffeur of which had accidentally backed into him. His skull was fractured. Mr. Hieker was forty-nine years old.

RAIN CHECKS FOREST FIRES. St. Paul, May 16.—The forest fires which threatened Walker, Minn., and the state tuberculosis hospital have been checked by rain.

ENDS HIS LIFE IN A SENSATIONAL MANNER.

Believed to Have Suffered Severe Financial Losses in the Automobile Business, John A. Ryerson of Chicago Leaps from the 13th Floor of a Building.

Chicago, May 16.—John A. Ryerson, a prominent Chicago business man, jumped from the thirteenth floor of the Chamber of Commerce building tonight and was instantly killed, his body being crushed into a pulp. Dr. E. W. Ryerson, a brother, said that his brother had invested a great deal of money in the automobile business, and he believed financial losses were responsible for the act. The dead man was president of an electrical company. His wife, who formerly was Violet Stone, daughter of Rev. James S. Stone, rector of St. James' Episcopal church, and wellknown in society circles, is prostrated and fears for her life are expressed.

Mr. Ryerson was the Western tennis champion in 1890-91-92. He was a graduate of Columbia University. He was married in 1905 and was aged forty-four.

BRUTAL CRIME IN CHICAGO. Unidentified Young Woman Found Murdered in a Lodging House.

Chicago, May 16.—The body of an unidentified young woman was discovered in the rear room of a lodging house on South Morgan street today. The woman's throat was cut, her nose was broken and there were cuts on other parts of the body. The police are searching for a young man who was with the woman Sunday.

THIRTY-FIVE NEGROES ARE BURNED TO DEATH. Another One Is Fatally Shot by Guards—This the Outcome of One Convict's Effort to Escape by Setting Fire to a Stockade at Lucile, Alabama.

Centerville, Ala., May 16.—Thirty-six negro convicts lost their lives early today when the stockade of the Red Feather Coal company at Lucile, fifteen miles north, was destroyed by a fire set by one of the prisoners in an effort to gain freedom. Thirty-five convicts were burned to death and another was killed by the guards while trying to escape. All the dead were prisoners used by the state to work in mines. The man who set the fire is dead.

CIRCUS CROWD TERRORIZED. Cry of "Lion Loose" Has Disastrous Results at Newark, N. J.

New York, May 16.—A mistaken cry of "lion loose" threw a circus crowd into a frenzy at Newark this afternoon. Seven children were badly crushed, one man fell in a fit, and many other persons suffered minor injuries. A mounted policeman's horse took fright and bolted straight for the crowd outside the tent. A nearby grocery's shop was wrecked in the rush for safety.

TROOPS SENT TO THE SCENE. Riotous Strikers in Missouri Threaten Damage to Big Cement Plant.

Hannibal, Mo., May 16.—Five companies of militia arrived here today under orders from Governor Hadley to go to Hasso, just south of here, where 1,500 foreign workmen are threatening damage to the \$4,000,000 plant of the Atlas Portland Cement company and injury to American laborers. The men, dissatisfied with the conditions, struck at noon today and forced the company to shut down its plant, throwing 2,100 men out of work. The strikers drove everybody they considered against them off the streets and the company authorities, fearing serious riots as a result, applied for protection.

PROPOSED MERGER ASSAILED. Hocking Valley Minority Stockholders Secure Appointment of Receivers.

Columbus, O., May 16.—Judge King today appointed receivers for the Hocking Valley railway, on the petition of minority stockholders who claim that rebates have been given and money has been misappropriated. Following the appointment of the receivers the attorneys for the railroad announced that tomorrow they would apply to the federal court to have the receivership set aside. The minority stockholders seek to prevent the road's sale to the Chesapeake & Ohio, and after the court had named the receivers today he enjoined the sale and declared the recent election of the officers illegal. The court ruled that the Chesapeake & Ohio could buy the stock as an investment, only and not with the purpose of controlling the road.

HIS RECEPTION IS CORDIAL. General Leonard Wood, Special Envoy, Arrives in Argentina.

Buenos Ayres, May 16.—Major General Leonard Wood, sent by the United States as its representative the centennial celebration of Argentina, arrived here today on the cruiser Montana. Other warships commissioned for the celebration are the cruisers Tennessee, South Dakota and North Carolina and the scout cruiser Chester. General Wood was given a most cordial reception.

LOSS IS HALF A MILLION. Alger-Sullivan Lumber Company's Florida Mills Are Destroyed by Fire.

Century, Fla., May 16.—The plant of the Alger-Sullivan Lumber company burned today. The loss is \$500,000.

Sometimes it's difficult to draw the line between a kleptomaniac and a souvenir collector.

PRIZE FIGHT MEN CHOOSE REFEREE

Tex Rickard, Associate Promoter of the Jeffries-Johnson Contest, Is Selected to Officiate in the Ring July Fourth.

San Francisco, May 16.—Tex Rickard, associated with Jack Gleason in the promotion of the Jeffries-Johnson contest, scheduled for July 4, today was selected to referee the battle. The Nevada promoter said that he would step aside if Jeffries and Johnson agreed upon another man.

It Is Only After a Stormy Conference Which at One Time Threatened to Develop Into a Free-for-All Fistic Encounter That Agreement Is Reached—Berger Applies an Insulting Name to the Negro and in Turn Is Styled "an Educated Dog."

Before the compromise, it looked like a free-for-all fight. Berger was losing his head. In an undertone he declared, "I'll go over and hit that black man," at the same time applying an epithet. Johnson warned Berger never to call him that name again. Berger denied that he had said anything of the kind. "You are just an educated dog," said Johnson to Berger. "Now come out and fight. I'll give you a thousand dollars if you will come right out with me and box just three rounds."

Jeffries Goes a-Fishing. Ben Lomond, Calif., May 17.—Because of the extremely hot weather, Jeffries confined his work today to the morning and devoted the afternoon to fishing. He took off four pounds. Jeffries said tonight that the choosing of Rickard for referee suited him.

Zybko Defeats Dr. Roller. Buffalo, May 16.—Zybko tonight defeated Dr. Roller of Seattle in a finish match. Roller's left shoulder was badly wrenched when the Pole slammed him to the mat for the first fall. When the Pole began working to get up for the second fall, the latter's seconds threw up the sponge. The time of the first fall was 1:05:40. The second was one minute and forty seconds.

MR. ROOSEVELT IN LONDON. He Is Received by King George at Marlborough House.

London, May 16.—The feature of today in London was the arrival of Theodore Roosevelt, who came from Berlin and will act as special ambassador representing the United States at the funeral of King Edward. Mr. Roosevelt was received by King George at Marlborough house and later with Mrs. Roosevelt he visited Buckingham palace. Apart from the strong interest displayed in the arrival of the former president, the day was uneventful. The diplomatic representatives of all the powers called at Dorchester house and left cards for Mr. Roosevelt. The arrival of Mr. Roosevelt was accompanied by no demonstration. Many were unaware when he entered the city. Mr. Roosevelt and King Haakon of Norway exchanged visits.

DEFEND THE ROMAN MISSION. M. E. Bishops Issue Statement Regarding Roosevelt-Vatican Incident.

Philadelphia, May 16.—The board of bishops of the Methodist Episcopal church tonight issued an official statement which had been prepared by the board at a meeting in Chicago May 9, relative to the Roosevelt-vatican incident. The statement says that the board affirms its entire confidence in the methods of its Roman mission, and against the denunciation of its accusers it places the open record of the Methodist church throughout the world. It declares that the methods in Rome complained of by the Vatican are no different than those employed by the other missions, and that the "inference is irresistible that other considerations than the methods of the Rome mission were the cause of the sudden outcry."

COAL CONFERENCE DEADLOCKED. Peoria, Ill., May 16.—The delegates to the joint conference of the Illinois Mine Workers and operators today reached no agreement.

THE WEATHER

Washington, May 16.—The following is the weather bureau's forecast for Upper Michigan: Showers and cooler, Tuesday and Tuesday night; Wednesday, partly cloudy; moderate variable winds.

BASEBALL

STANDINGS OF THE TEAMS.

Table with columns: National League, American League, W., L., P.C. Lists standings for various teams like Pittsburgh, Philadelphia, Chicago, etc.

Table with columns: American Association, W., L., P.C. Lists standings for teams like St. Paul, Minneapolis, Louisville, etc.

Table with columns: National League, American League, W., L., P.C. Lists standings for teams like Boston, Brooklyn, New York, etc.

SCHEDULES FOR TODAY.

National League. Boston at Pittsburgh. Brooklyn at Chicago. New York at Cincinnati. Philadelphia at St. Louis. American League. Chicago at Philadelphia. St. Louis at New York. Detroit at Boston. Cleveland at Washington. American Association. Columbus at Kansas City. Toledo at Milwaukee. Indianapolis at St. Paul. Louisville at Minneapolis.

YESTERDAY'S GAMES.

National League. Pittsburgh, May 16.—The locals won in an eighth inning rally. Score: R. H. E. Pittsburgh 10 10 0 10 5 7 12 1 Philadelphia 0 0 0 0 4 0 0 6 5 Batteries—Leever, Leffeld, White and Gibson; Shettler, Humphreys and Dooin. Chicago, May 16.—Cole held Boston to one hit in the first seven innings, and then weakened. Score: R. H. E. Chicago 0 1 0 1 2 0 0 0 4 9 2 Boston 0 0 0 0 0 0 0 1 2 3 4 4 Batteries—Cole and Archer; Brown, Parsons, Graham and Baridan.

St. Louis, May 16.—The locals today made it four straight from New York. Score: R. H. E. St. Louis 0 1 0 1 1 0 1 0 4 9 1 New York 0 0 0 0 0 2 0 0 2 7 2 Batteries—Willis and Phelps; Wilste and Meyers. Cincinnati, May 16.—Cincinnati defeated Brooklyn here in a nip and tuck game. Score: R. H. E. Cincinnati 0 1 0 0 1 0 0 1 0 3 3 0 Brooklyn 1 0 0 0 1 0 0 0 0 2 6 1 Batteries—Fommo, Gaspar and McLean; Scanlon, Bell and Erwin.

American League. Boston, May 16.—In the second inning, Lord led off with a three-base hit and Stahl and Speaker followed with a two-bagger and a home run. Score: R. H. E. Boston 5 3 0 0 3 0 0 0 11 15 2 Detroit 0 0 0 0 2 0 2 0 4 7 1 Batteries—Karger and Carrigan; Perrott, Stroud, Donovan and Stange and Breckendorf.

Philadelphia, May 16.—Smith was knocked off the rubber in the fifth inning. Score: R. H. E. Philadelphia 0 1 2 0 2 1 0 0 6 10 1 Chicago 0 0 0 1 1 0 0 0 2 2 4 Batteries—Combs and Lappi; Smith, Lang and Payne.

Washington, May 16.—Reisling was effective with men on bases, while Falkenberg was hit at opportune times. Score: R. H. E. Washington 1 0 0 1 0 1 0 0 3 7 3 Cleveland 0 0 0 0 0 0 1 0 0 1 7 0 Batteries—Reisling and Street; Falkenberg, Mitchell and Clarke.

New York, May 16.—Ford out-pitched Lake, and the locals ran bases at will on Killifer in the third and fourth innings. Score: R. H. E. New York 0 0 1 0 1 0 0 0 5 9 3 St. Louis 0 0 0 1 0 1 0 0 3 7 2 Batteries—Ford and Sweeney; Lake and Killifer.

American Association. Kansas City, 1; Columbus, 4. St. Paul, 6; Indianapolis, 6. Milwaukee, 4; Toledo, 8. Minneapolis, 9; Louisville, 4.

Western League. Sioux City, 4; Denver, 4. Rain. Other games postponed.

DENVER ELECTION DAY.

Denver, May 16.—Whether Denver shall become anti-saloon territory will be decided at tomorrow's municipal elections.

LOWERING THE TAX ON OLEOMARGARINE IS OPPOSED BY COLON C. LILLIE.

Washington, May 16.—The hearings before the committee on agriculture on the pending bills proposing to remove or reduce the restrictions on the sale of oleomargarine were closed today. State Dairy Commissioner French of Minnesota and Assistant Dairy and Food Commissioner Colon C. Lillie of Michigan argued against lowering the tax.

"REGULARS" WIN A DISTINCT VICTORY

"Old Guard" in the U. S. Senate Reaps the First Fruit of the Recent Efforts to Solidify the Administration Forces.

Washington, May 16.—The commerce court feature of the railroad bill will be retained. The senate, following the lead of the house, refused on motion of Mr. Cummins to strike out that provision today, by the vote of twenty-eight to thirty-seven. The entire negative vote was cast by Republicans, although eight Republicans voted with the Democrats to support the motion. The affirmative Republicans were Messrs. Beveridge, Bristow, Clapp, Cummins, Dooliver, LaFollette, Borah and Crawford. The action was a distinct victory for the Republican "regulars" and was the first fruit of the recent efforts to solidify the administration forces.

As a Result of This, the Court of Commerce Feature of the Railroad Bill Will Be Retained—By the Vote of 28 to 37, and Following Lead of the House, Mr. Cummins' Motion to Strike Out the Provision Is Defeated—Stone Speaks Facetiously.

Washington, May 16.—The commerce court feature of the railroad bill will be retained. The senate, following the lead of the house, refused on motion of Mr. Cummins to strike out that provision today, by the vote of twenty-eight to thirty-seven. The entire negative vote was cast by Republicans, although eight Republicans voted with the Democrats to support the motion. The affirmative Republicans were Messrs. Beveridge, Bristow, Clapp, Cummins, Dooliver, LaFollette, Borah and Crawford. The action was a distinct victory for the Republican "regulars" and was the first fruit of the recent efforts to solidify the administration forces.

LEGISLATOR LINK APPEARS IN COURT. He Is Not Punished for Contempt, However—Asked if Any One in Sangamon County Had Offered Him Money to Vote for Senator, His Reply Is "No."

Springfield, Ill., May 16.—Michael S. Link, of Mitchell, a Democratic member of the legislature, was not punished for contempt of court today when he appeared before Circuit Judge Shirley, whether he had been brought by State's Attorney Burke of Sangamon county, for refusing to testify before the Sangamon grand jury regarding the alleged bribery in connection with the election of Senator Lorimer.

Judge Shirley asked Link if any one in Sangamon county had offered or promised him money or any other consideration for his vote for senator. Attorney Reid allowed Link, his client, to answer. Link said, "No." Link was then taken before the grand jury. Mr. Burke claims to have an understanding with Link regarding his future testimony, and he said tonight that he had no desire to hamper the bribery investigation in Chicago. He declared that if State's Attorney Wayman of Chicago, says that Link is necessary as a witness in Chicago, Link will not be called upon to testify here.

Subpoenas were issued today for John M. Glenn and S. N. Hastings, secretary and treasurer, respectively, of the Illinois Manufacturers' association. The subpoenas were issued following an attack in a magazine on Glenn for his alleged part in defeating certain legislation. Lee Browne's Trial Postponed. Chicago, May 16.—The trial of Lee O'Neil Browne, charged with bribery in connection with the election of Senator Lorimer, was postponed today until May 24th. On that date, Judge McShure held, he would hear a motion to quash the indictment against Browne.

WOULD EXCLUDE CERTAIN ALIENS. Doctrine of Equal Privileges Not Wholly Endorsed by Socialists.

Chicago, May 16.—The delegates to the national congress of the socialist party today became involved in a dispute over the question of immigration. The doctrine of equal privileges for all races as enunciated by the international congress of the party at Stuttgart was not wholly endorsed in the majority report of the committee investigating the subject, which recommended the exclusion from the United States of all Chinese, Japanese, Koreans and Hindus. Ernest Untermyer of California, Victor L. Berger of Milwaukee and Joshua Wanhope were the sponsors for the majority report. The minority report, presented by John Spargo of New York, declared it the duty of the socialist party to break down the barriers that separate the different races.

GOMPERS' VIEWS ATTACKED. They Would Put Manufacturers Out of Business Declares Witness Ewell.

Washington, May 16.—President Gompers of the American Federation of Labor is active here for the "slavery trust," according to Secretary Ewell of the Merchant Marine "committee of 100" who testified today before the house ship subsidy investigation committee. Mr. Ewell declared that the manufacturers would be put out of business if Samuel Gompers' views were carried out to the letter. The committee of 100 is a branch of the National Association of Manufacturers. Mr. Ewell disclaimed any personal knowledge of lobbyists and denied having said that foreign shipping interests had raised a corruption fund.

TURNED DOWN CENSUS TAKER. Chicagoan Who Withheld Information Is Held to the Grand Jury.

Chicago, May 16.—Wm. E. Hudson, of the James A. Patten grain firm was held to the federal grand jury today for refusing to give information to the census enumerator. Hudson's home is owned by his wife. He would not tell whether he or his wife owned the place.

WANTS BEEF ADMITTED FREE. Iron Workers Union Declares for the Removal of the Tariff.

Fort Wayne, Ind., May 16.—The convention of the Amalgamated Association of Iron, Tin and Steel Workers went on record today with a demand for the removal of the tariff on beef.

SECRETARY BALLINGER KILLS ANOTHER "SNAKE."

Stenographer Kerby, Who Gave Out a Statement Relating to the Lawler Memorandum, Is Discharged from the Department for the "Good of the Service."

Washington, May 16.—Frederick M. Kerby, the stenographer in the office of the secretary of the interior who on Saturday issued a statement regarding the Lawler memorandum on the Glavis charges to the president, was discharged from the government service by Secretary Ballinger today. In a stinging letter dismissing Kerby, "for the good of the service," Ballinger said that the stenographer was unworthy to remain in it. "The fact your treachery," said the secretary, "is futile cannot mitigate the character of your offense."

REFUSED USE OF COURTHOUSE. Mr. Bryan Delivers His Address at Nebraska City in a Theater.

Nebraska City, Neb., May 16.—Speaking at a theater here tonight, after being refused by the county commissioners the use of the courthouse, William J. Bryan urged the need of an extra session of the legislature to enact the initiative and referendum, whereby the question of county option might be removed from partisan politics.

NO DANGER, SAYS DIRECTOR CAMPBELL. San Jose, Cal., May 16.—Director Campbell, of Lick observatory, today gave out a statement concerning Halley's comet, saying that it will take probably seven hours for the earth to pass through the comet's tail Wednesday. He said that the tail is a most perfect vacuum and there is no cause for anxiety as to the effect upon terrestrial life, animal or vegetable. He says that unfortunately a full moon will interfere with the observations attending the earth's passing through the comet's tail. He says that if the moon was absent, no doubt the night sky would be faintly illuminated by the part of the tail which projected beyond the earth. Because of the probable lagging of the tail, there is a chance that the earth may still be in the tail the latter part of Wednesday night, and some evidence of its presence may be seen in short intervals between moonset and dawn. He says he would not be surprised if telegraph transmission is interfered with, as in case when strong auroras are present in the sky. There may even be an aura of considerable intensity, he says.

HE RAPS THE "INSURGENTS." Iowa Congressman Smith Opens Campaign With a Vigorous Speech.

Willisca, Ia., May 16.—Congressman Walter I. Smith opened his campaign for re-nomination here tonight with a vigorous defense of the regulars in congress and a criticism of the insurgency. He said that he felt he would be able to convince the voters that they should support the administration and not contribute to the further delay of a reform measure by weakening the strength of the regulars in congress. He declared that as 90 per cent of the Republicans of both houses were supporting the administration, they are more able to be right than the 10 per cent opposing. He declared that every man who voted against the Payne bill violated the perpetuation of the old Vintey law, while those supporting the Payne bill voted on the question whether the new law was better than the old. He defended the bill by saying that the nation now is getting fair trade relations with foreign countries and great revenue from the corporation tax. He said that this session of congress promised to be most prolific of good. Judge Smith made a bitter attack on Senator LaFollette, charging him with being a "master knuckler." He said that Theodore Roosevelt's big stick would soon fall on the opponents of Taft.

LAST LEGAL STEP FAILS. Unless He Is Pardoned, Banker Morse Will Remain in Prison.

Washington, May 16.—Charles W. Morse, the convicted banker, today was denied the privilege of filing an application for a writ of habeas corpus by the supreme court of the United States. This is believed to be the end of the legal steps to release the "ice king," now in Atlanta prison.

COLLECT FUNDS FOR CHARITY. 2,500 Chicago Women Raise \$55,000 in the Downtown Streets.

Chicago, May 16.—Twenty-five hundred women of the Chicago Hospital Day association collected \$55,000 for charity in the downtown streets here today. No "lags" were given, owing to friction with another organization claiming priority in holding tag days.

SUPREME COURT TAKES RECESS. Washington, May 16.—The supreme court of the United States today took a recess to May 31. There was no decision today on the corporation tax cases. Nov. 14 was fixed as the time for rehearing the tobacco and Standard Oil cases.

"MAN HIGHER UP" ON TRIAL. New York, May 16.—Charles R. Helle, secretary of the American Sugar Refining company, regarded by the government as the man "higher up" in the sugar under-weighting conspiracy, was placed on trial today in federal court.

THEY ARE EATING "COMET PILLS."

Negroes at Port au Prince, Hayti, Will Be Prepared When the Tail of Halley's Star Sweeps the Earth Tomorrow.

New York, May 16.—Whatever the comet may or may not do to this old earth of ours when its tail sweeps it Wednesday, the negroes at Port au Prince, Hayti, are prepared. They are taking "comet pills" to safeguard themselves against disaster.

Old Voodoo Doctor Just Outside the City Is Selling Pills—Lets Warranted to Save Off Disaster, and He Can't Turn Them Out Fast Enough—Director Campbell of Lick Observatory Issues a Reassuring Statement—No Danger at All, He Says.

The subscription is one pill for every hour up to the time the comet begins to recede from the earth, but many patients are making safety doubly sure by taking a pill every half hour.

No Danger, Says Director Campbell. San Jose, Cal., May 16.—Director Campbell, of Lick observatory, today gave out a statement concerning Halley's comet, saying that it will take probably seven hours for the earth to pass through the comet's tail Wednesday. He said that the tail is a most perfect vacuum and there is no cause for anxiety as to the effect upon terrestrial life, animal or vegetable. He says that unfortunately a full moon will interfere with the observations attending the earth's passing through the comet's tail. He says that if the moon was absent, no doubt the night sky would be faintly illuminated by the part of the tail which projected beyond the earth. Because of the probable lagging of the tail, there is a chance that the earth may still be in the tail the latter part of Wednesday night, and some evidence of its presence may be seen in short intervals between moonset and dawn. He says he would not be surprised if telegraph transmission is interfered with, as in case when strong auroras are present in the sky. There may even be an aura of considerable intensity, he says.

HE RAPS THE "INSURGENTS." Iowa Congressman Smith Opens Campaign With a Vigorous Speech.

Willisca, Ia., May 16.—Congressman Walter I. Smith opened his campaign for re-nomination here tonight with a vigorous defense of the regulars in congress and a criticism of the insurgency. He said that he felt he would be able to convince the voters that they should support the administration and not contribute to the further delay of a reform measure by weakening the strength of the regulars in congress. He declared that as 90 per cent of the Republicans of both houses were supporting the administration, they are more able to be right than the 10 per cent opposing. "MAN HIGHER UP" ON TRIAL. New York, May 16.—Charles R. Helle, secretary of the American Sugar Refining company, regarded by the government as the man "higher up" in the sugar under-weighting conspiracy, was placed on trial today in federal court.

DAILY MINING JOURNAL

MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Another snake "killed" for "the good of the service."

No fate can be too severe for the nasty show, and the producer thereof.

The comet's tail? It's mere vacuum, we are assured. Nothing at all to be afraid of, it seems.

If it's all the same to the other teams, Marquette would prefer to remain in its present position in the league percentage column.

Our Ishpeming and Negaunee friends took one baseball game apiece. It will be granted that there could not possibly have been a more equitable division.

The spring of the comet will not only be remembered because of the comet, but as well because of its beastly weather. Can anyone remember anything to beat it?

Crystal Falls will no doubt turn up a good baseball team shortly. It will also be hoped that it will turn up profitable gate receipts. It requires considerable money to make the baseball mare go.

Will Gifford Pinchot be charged with this latest attempt to embroil President Taft in the Ballinger-Pinchot investigation? If so he ought to be able to prove an alibi. He has been in Europe for several weeks.

Representative Burns, of Munising, who will seek re-nomination in the Schoolcraft representative district, has been assured of strong support, and is said to be hopeful of overturning the precedent against a representative of his district being returned for a second term. The prize will go to the candidate

who receives the highest vote in the primaries. There can be no marked cards in the game. The strongest man in an open contest wins. This condition ought to be satisfactory all around.

"The Republican party in its last national platform," says the Milwaukee Sentinel, "proclaimed the principle that a legitimate protective rate is approximately measured by the difference between home and foreign costs of production. There is no way of determining the differentials except by tariff commission work, or its equivalent. Such standpatism as this doddering American Tariff Protective league represents may as well realize that it is not only out of date, but also unrepresentative, if the principles in the national platform be in some degree a criterion of Republicanism, as we presume they are."

As those in charge of the school census have pointed out, there should be the fullest measure of co-operation with the enumerators to secure the complete listing of all persons of school age in the city. The census is used simply as a basis for determining what Marquette's share of the primary school money should be. No parent need fear that it may mean taking away from work a child who has left school, or that it may in any way be used as a basis for interference with the family. It is simply desired to ascertain the number of children of school age, so that Marquette may get its full share of the state school money. On the basis of the May apportionment each child enumerated would bring \$6.50 to the school district. The larger the enumeration the smaller will be the amount of school taxes it will be necessary to raise. Therefore help the enumerators to secure a complete list of the school children.

Some of our ball players can't learn that there is nothing gained by umpire baiting. The umpire should be amply equipped with authority to put them out of the game. A few enforced retirements from the firing line might serve to demonstrate that sparring with the umpire is profitless business. He must stick to his decisions, once they are made, or he would be a joke. If he's quite too bad to be longer endured, the thing to do is get another umpire for the next game. But it only makes the crowd weary, as well as the umpire wretched, to quarrel with him while the game of the day is in progress. And the umpire, being a mere human, naturally can't help but give the benefit of all the doubt to the team that is making him the least trouble. Let the umpire alone. He, like most of the other people on the baseball lot, is doing the best he can. If his best isn't good enough he can be asked to resign. The crowd doesn't turn out to see jangles with the

arbiters; it merely wants a little baseball.

Speaker Cannon is quoted as saying that it will likely be July 4 before congress is ready to adjourn. There remains a lot of work to be done, and factional bickering and the generally unsettled state of affairs at the capitol means slow progress on all important matters of legislation. The prospective late adjournment bodes ill for many representatives and some senators who have opposition for re-election, for while they are kept busy at Washington the opposition is having a clear field at home. However, there is no one but congress to blame for the prospective late adjournment. Much valuable time was frittered away at the beginning of the session, before congress consented to square away at its work, and the delays that have attended progress with legislation are laid directly at its door. President Taft has been willing all along for it to expedite its important business, give him a fair share of his legislative program and go home. And the country has been hoping against hope for several weeks past that congressional business would be wound up in jig time, and the M. C.'s hasten back to their politics again, for by general consent the unsettled arising from the bickerings at Washington has been playing the very hob with business and industry.

AN EMASCULATED BILL.

Senator Burrows, chairman of the senate committee on privileges and elections, has reported out an emasculated form of the campaign publicity bill passed by the house. Whereas the house bill calls for publicity in regard to campaign contributions before the elections are held, the bill reported out by Senator Burrows drops this requirement and only provides that the publicity provision becomes operative after the elections, when it is of no more than academic interest to the voters.

Referring to the form in which Senator Burrows has reported this important measure, the New York World says: "The World desires to give the utmost publicity to Senator Burrows' reasons for that action: 'If we were to give out the lists of contributors prior to an election it would mean that unscrupulous newspapers and persons would take advantage of the information thus disclosed and proceed to denounce the candidate on the strength of the character of the contributions made to his campaign. In so doing the voters would not take into cognizance the qualifications of the candidate to be voted for at an election, but would merely give weight to the personal of such contributors to his campaign fund.' In other words, if the voters were permitted to know who was putting up the money for the candidate (the Men's association), could a stronger argument be presented for publicity before election as well as

after election? Senator Burrows has completely proved the case of his opponents."

THE STATE PRESS.

Bryan has been elected a deacon. There being no other candidates, how could he lose?—Saginaw News.

Vice presidents are ever unlucky. Halley's comet, May 18, will catch Mr. Sherman in Kalamazoo. Grand Rapids Press.

Secretary Ballinger says something is going to drop in the interior department. As long as he knows about it beforehand there is little chance that he will get hit.—Pontiac Press Gazette.

Now that Dr. Parkhurst has declared that he'll be full of grafting politicians, Illinois is wondering what to do with the large number of college specimens she has on her hands.—Saginaw News.

And now it appears that the drunks are not to blame; the blind pleggers are not to blame; the chief of police is not to blame; the police commission is not to blame; but the awful policeman—the eight or ten underpaid and overworked men who wear brass buttons—they, they are to blame for all the boozing in Jackson county.—Jackson Citizen Press.

Patrick McHale, left Sunday night for Taconite, Minn. He was accompanied by his family, who will locate there.

Miss Lulu Leisner's condition was more hopeful yesterday than at any time since she was injured last Wednesday. Although she only regains consciousness at times, her wounds are doing nicely and some of the bandages were removed yesterday.

Births recorded in the city yesterday were a son to Mr. and Mrs. Frank Sydnall, 405 South Fourth street; a son to Mr. and Mrs. Frank Hebert, 309 Cedar street; son to Charles Peterson and wife, 113 East Superior street, and a daughter to Mr. and Mrs. Isaac Erkila, 975 Jasper street.

Matt Gleason, a prominent business man of Ely, Minn., was a visitor here this week. Mr. Gleason is interested with his father in the Gleason property, adjoining the James mine on the north-west, and spent a couple of days looking over the various explorations in this vicinity.—Diamond Drill.

Rev. M. M. Allen left last night for Atlantic City, N. J., to attend the general conference of the Presbyterian church. President Taft will address the conference next Sunday. Mr. Allen expects to leave Atlantic City the following day, going from there to Kentucky, where his family has been visiting for some time past. He will be absent two weeks.

"It," the girl mind reader, and her company, who opened a week's engagement last night at the Ishpeming theater, created a favorable impression. The girl is by far the cleverest performer in her line that has ever been seen here. The vaudeville numbers were all high class. Free ladies' tickets will be issued again this evening under the usual conditions.

Owing to the change in the arrival of the Northwestern passenger train from the south the mail carriers are now obliged to report for duty at 7:15 a. m. The mail from Duluth and other points in that vicinity, which was formerly transferred at Marquette, will be handled through the Ishpeming office. Two of the clerks begin work at 4 a. m., quitting at 1 p. m.

George Fitzgibbons, a well-known diamond drill man of Republic, is home on a visit to his family. Mr. Fitzgibbons had charge of the drill work at the Klonan mine last year for the Sullivan Machinery company, which had a contract from the Cleveland Cliffs Iron company, which had an option on the property. Mr. Fitzgibbons may move his family to Milwaukee.

A large line of coats, suits, dresses, shirtwaists and skirts to select from at the Fashion Suit Co.'s store, Main street. (5-17-14)

WANTED—A man to work on farm and in garden. Man with family preferred. Address Rock River Cedar & Lumber Co., Marquette. (5-17-14)

WANTED—A man to work on farm. Call Bell phone No. 611. E. Blomquist & Son. (5-17-14)

WANTED—Girl to do second work. Apply to Mrs. F. H. Beagle, 425 E. Michigan St. (5-17-14)

WANTED—A competent cook and a second girl. Apply Mrs. Austin Farrell, 521 E. Arden St. (5-17-14)

WANTED—An experienced second girl. Mrs. F. B. Spear, 455 East Ridge street. (5-17-14)

WANTED—An experienced Finnish young lady clerk at J. H. Foster Co.'s store. (5-17-14)

Prayers for Rain Offered at St. Joseph's Church, Lake Linden.

The good people of the congregation of the church of St. Joseph at Lake Linden prayed for rain Sunday night. Lake Linden, probably best known as the location of the Calumet & Hecla Mining company's stamp mills and smelters, is the distributing point for a big farming district settled almost entirely by French-Canadian Catholic farmers.

This present spring has been very dry. The snow was entirely gone the latter part of March and a temperature of 80 was registered on Easter Sunday, March 27. Since that date the only moisture the earth has received has been one snow-storm and one very light rain.

So for two months the earth has been drying up, and it has come to be a serious business for the farmers. Forest fires threaten them on every hand and should flames sweep their thirty farms the land will be still more impoverished. So Rev. Father Raymond, pastor of St. Joseph's church, which at the farmers' round about Lake Linden attend, announced that prayers would be offered up for rain at vesper Sunday evening.

The church was crowded with the faithful and the priest with the priest in saying the rosary. Then a prayer was offered asking the intercession of the Blessed Virgin Mary and this was followed by a procession through the church, the young priest carrying a statue of the Blessed Virgin and preceded by neophytes bearing lighted candles and a crucifix. It was such a scene as might be witnessed in Evangelina's, Avadio or in old France in an earlier century.

While this article was being written the skies over the copper country were darkening. Much of the work was done to the prevalent forest fires, but there were indications of rain and it looked like an answer to the prayers of the devout French Canadian farmers.

The most serious danger from forest fires appeared Sunday afternoon at L'Anse and Baraga. Here are located the Nestor Lumber company's mills, the Baraga Lumber company's mills, the yards of the National Pole company and the plants of various small contractors who are spending hundreds of thousands of dollars in the lumber business. For miles along the Kenora bay the road is lined with this inflammable material, lumber, telegraph poles, railroad ties and trestles, hundreds of people worked all day in bucket brigades carrying water to protect these stocks of woods products. The pumps of the mills were in use and it took strenuous work to keep back the flames.

Reports of forest fires are heard from other parts of the upper peninsula. Saturday a Chicago & Northwestern train pulled into Menominee with its load of cedar posts alive. The load caught from forest fire sparks, but as it burned slowly the train ran right through to Menominee and there called the fire department.

## LAURIUM M. E. CHURCH.

Jubilee Week with a Special Program Every Evening.

This is jubilee week at the Laurium M. E. church. The special services opened last night with a moving picture illustrated lecture. The program for the remainder of the week follows:

Tuesday—Social contest.  
Wednesday—Old time love feast.  
Thursday—Social banquet.  
Friday—Grand concert.  
Sunday—Communion services with Dr. Hoits of Chicago preaching, morning and evening.

Friday evening Professor Theodore S. Borgey of Chicago, the celebrated tenor soloist, will sing. He will be assisted by the following: Mrs. J. G. Godfrey, Mrs. Octave Gardner, Mrs. Frank J. Kollhaus, Mrs. Lloyd Stuart Linton, Misses Anderson, Harry R. King, Mrs. S. S. Lee, Mrs. Harry R. King, Mrs. Jas. M. Merton, Mrs. F. W. Taylor, Miss L. Childs, Fred L. Cowley.

Foley Kidney Pills contain in concentrated form ingredients of established therapeutic value for the relief and cure of all kidney and bladder ailments. Sold by all druggists.

## AFTER CHRIS PERSON'S GAME.

George Gion of Aurora, Neb., Seeks the Swede's Scalp.

Chris Person, the handsome Swede, has an opportunity for a wrestling match, George Gion of Aurora, Neb., writes in this wise:

"I sent a challenge to Chris Person, also wrote him, but have received no reply to either challenge or letter. So the wrestler Gion, Wonder he would not take on with some one in his class instead of wrestling with some one he knows he can't beat. I have been trying to get a match with Person for over a year, but it looks like he is afraid to wrestle. I will meet him any time or place he says and will let him name the terms and will post a forfeit as soon as the match is made. If he does not accept this challenge he ought to be laughed out in the papers, as I see he does with some others. If the match is made I can show clippings when I beat Dr. Rolfe and Westergaard in a handicap, also where I have never been beaten by a man of my weight."

It is very evident that Gion wants to wrestle Person, Manager McNamara would probably let them rent the Amphitheatre for the purpose, and if they put on a side bet enough to make it an admission free affair the winner would make some money and a pretty good sized crowd would be present. But it is evident that Houghton people have enough of wrestling, at least that portion of the Houghton public which usually pays its money to see sporting events.

## PLANNING THE REUNION.

Spanish War Veterans Will Meet at Houghton Wednesday Night.

A meeting of George Miller camp, United Spanish War Veterans, will be held in Houghton Wednesday night for the purpose of planning the program of the three days' reunion of the Grand Army of the Republic and the United Spanish War Veterans of the upper peninsula. A. M. McDonald has been placed in charge of a committee to arrange the program, and he will probably have a partial report to make at this time.

It is the intention of the Spanish war veterans to make the reunion such a one as will make it an annual institution. It is to be held three days in July, one of these days to be spent at White City. The Calumet & Hecla band, the former Thirty-fourth regiment band, will provide music for the occasion, and there will be a number of prominent speakers here. There will be a parade, of course, probably a big patriotic concert or campfire and a number of other features to entertain the visitors. The Spanish war veterans above all desire to give the old fellows of the Civil war a good time and the efforts of the program committee will be extended along that line.

## NORTHWESTERN'S NEW TRAIN.

Change in Chicago-Copper Country Service Inaugurated.

The new Chicago-copper country service of the Chicago & Northwestern railway was inaugurated yesterday morning at 9:10 when the train made its first appearance. Mayor Dan Vaughan of Marquette was conductor and General Agent C. E. Webb was in attendance. A large number of Houghton people were at the depot and Village President William E. Miller greeted the train and was its first passenger out of the county seat for Calumet.

The train consists of mail, baggage, express, smoking and day cars. In the Northwestern standard yellow color and Pullman sleeper and diner. The Northwestern coaches are solid steel cars. It was the original intention to drop the diner in the Houghton yards, but as it is necessary anyway to use a "pusher" engine to help the train up the heavy grade into the Hancock yards, it has been decided to keep the train intact to Calumet. General Agent Webb is confident that this train will provide a very popular service.

## MANY CORN CONTEST ENTRIES.

Ontonagon School Children Head the List With 150 Competing.

Secretary McNamara of the Copper Country Fair is still busy engaged in sending out envelopes of flint seed corn to the school children who are to compete in the fair's four-county corn planting contest. He is receiving entries daily and there are still a great many schools to be heard from. Ontonagon village thus far heads the list for the number of entries, with 150 children competing. Hancock has entered 140 children in the contest, and Houghton has twenty-eight, with the other Portage township schools yet to be heard from. Secretary McNamara believes that the corn contest will be the greatest incentive to agricultural interest that the copper country has ever known.

## BALTIC ACCIDENT FATAL.

Frank Toucar Killed by a Falling Bucket in a Mine Shaft.

Frank Toucar, twenty-two years of age, was killed by a falling bucket in No. 4 shaft of the Baltic mine Sunday afternoon. He was waiting for the bucket to come down and he thrust his head out into the shaft to see if it was on the way. He looked just in time to see the bucket fall on his head. Death was instantaneous.

## BUILDING NEW DRY HOUSE.

The former dry house at the Pewabic shaft of the Quincy Mining company, which was destroyed by fire last spring, is being replaced by a better and more substantial structure. A building mostly of concrete is being erected. It will be practically fireproof, as the rafters are of steel and a little wood as possible is being used.

Foley Kidney Pills are antiseptic, tonic and restorative and a prompt corrective of all urinary irregularities. Refuse substitutes. Sold by all druggists.

## M. E. DISTRICT CONVENTION.

Annual Gathering of Houghton District M. E. Ministers.

The annual convention of the ministers of the Houghton district of the Methodist Episcopal church opens at 10 o'clock this afternoon with a song service under the direction of Rev. F. C. Waters of Atlantic. A sermon will be preached by Dr. Plannette of Neenah. The evening will be given over to an Epworth league rally at which an address will be given by Dr. Randall of Chicago, general secretary of the Epworth league of the United States. A session will be held Wednesday morning at 10 o'clock at which the general subject will be "The Church, How to Promote It." Rev. C. L. Adams will talk on the spiritual side of the work, which will be followed by a discussion led by Rev. H. C. Shaw. The financial side of the church work will be reviewed by Rev. E. A. Maywood of Marquette, who will talk on the social side, his address to be followed by a discussion led by Rev. H. C. Shaw. The discussion following the general theme will be "Revivals." Rev. W. M. Ward of Laurium will talk on "Time of Refreshing: What and When." Rev. S. L. Polkinghorne of Kenearce will lead the discussion. The evening session will be "Methods of Conducting Revivals," the discussion to be led by Rev. J. H. McCombs of Tamarack. "The Care and Culture of Converts" will be the topic of the address of Rev. W. S. Thewissen of Painesdale, and Rev. W. S. Smith of Tiffinmouth will lead the discussion.

## JOHN STANTON ON COPPER.

The American Metal Market quotes John R. Stanton as follows: "The copper market looks better at the present moment than I have seen it in a long time. Inquiries are very plentiful and during the last few days contracts for considerable blocks of the metal have been placed. Lake has been selling for thirteen cents, but I don't think any quantity could be bought at that price now. Now that the producers' statistics are found to be not nearly as black as painted, the trade is beginning to recover its equilibrium. "Looking dispassionately at the metal situation we find that in the entire world there are less than 400,000,000 pounds of surplus copper. I can remember time and again when production was not a third or a quarter of what it is now, when it was thought that when stocks of 400,000,000 pounds the market was saturated. Of the less than 400,000,000 pounds on hand May 1, there was unquestionably at least 40 per cent sold or contracted for, making the actual surplus not more than 200,000,000 pounds of that amount. The copper mining world is taking about 100,000,000 pounds a month for actual consumption, 60,000,000 pounds here and 40,000,000 per month abroad, so that we have an actual surplus equal to less than one-half month's consumption. As an insurance against the run away market which might take place were the surplus less and there should occur the threatened railroad or mine strikes or other setbacks to production. Any one who believes that the copper business is on the point of dissolution because of the supposedly large surplus stocks shows very little knowledge of the business or the conditions which surround it. It is perhaps unnecessary to state that the present surplus could melt away like a snowball in certain other vantage points if the consumers for any reason should decide to lay in stocks."

## OSCEOLA.

It is said of Osceola: It may not generally be known that the Osceola copper property owns a valuable piece of mineralized territory in Keweenaw county. This land is located immediately adjoining the old time Bohemia that opened a few years ago, and the Bohemia's exploratory work exposed a lode of merit. Nothing has been done on the property since that time, but it is believed that the Osceola could well afford to expend some money in the future. The land was originally purchased for its timber values, but the mineral rights with the surface rights when the purchase was made. Some of the men who worked in the old Bohemia say they are confident that the Osceola has a mine in this comparatively limited tract. The Osceola company is now paying dividends at the rate of 812 per cent and is earning better than that amount. The production during this fiscal year of the Utah company probably will be well undoubtedly be the heaviest in the history of the mine. The new No. 4 Kenearce shaft has become a prominent producing factor. There have been runs of several different sorts in circulation concerning the Osceola. One is that the management has decided to sink a shaft on the old Osceola to go down on that property to develop the Kenearce lode. The work on the shaft which is sinking for the Laurium company will have an influence on the Osceola old mine.

## AMALGAMATED.

Considerable development work in the way of shaft sinking and connecting properties is being undertaken by the Amalgamated. This includes shaft sinking at the Gagnon, Badger State and Belmont. The new Gagnon shaft is now down 700 feet and will be carried to a depth of 2,200 feet, where connections will be made with the workings at that depth. The Badger State, a Boston & Montana property, is down about 1,750 feet, and will be put fifty feet deeper, after which the ground will be opened and explored. The Badger State claim is supposed to be the extension of the lode vein of the North Butte property, but this is not certain. The Belmont shaft is being connected with the Anaconda mine workings, and is being deepened with as much speed as possible, and is now down 200 feet. Connections have been made with some of the upper levels, but aside from cutting stations, there will be no interruption until the shaft reaches a depth of 2,400 feet. The Belmont will be used in connection with the mining of the Anaconda properties.

## NOTES OF COPPER NEWS.

The north crosscut from the 650-foot level at the Superior & Globe property has been driven fifty feet further in the shaft. The present face is 400 feet from the shaft.

A series of delays at the Boston Ely have so retarded work that only forty-six feet in depth was made in the winze from the Emma shaft last month. Two shafts are now employed and the work will proceed more rapidly during the present month. It has been found that the vein has flattened out and the winze, going down at an angle of forty degrees, has left the ore and is now in the footwall. The winze will be continued at the same pitch until it reaches an additional vertical depth of fifty feet, after which a drift will be run to the contact.

The stockholders of the Ray Consolidated Copper company, who recently were asked to authorize an increase of 200,000 shares in the stock for the purpose of taking over the stock of the Gila Copper company, are in receipt of a check from President Sherwood Aldrich inclosing a report of the executive committee of the Ray Consolidated, which is also the executive committee of the Gila company. The committee includes D. C. Jackling, A. Chester Beat, and Seelye W. Mudd. It recommends the merger as advantageous to the shareholders of both and finds that the proposed exchange of one share of Ray for each three shares of Gila is a fair basis of consolidation.

Six churn drills will commence operations for the Groux company as soon as some additional fittings arrive for the machinings. These drills were in operation during the greater part of last year and proved up some big additions to the company's ore bodies. It is understood that they will be employed upon the original holdings of the Groux company for the present, but will later be transferred to some of the claims recently purchased. The upgrade from

## UTAH COPPER.

The Utah Copper company's dividend payment for the first quarter of the current fiscal year will be \$1,155,000, against which the company shows net profits of \$71,957. Added to this, the \$256,428 received from the company's Nevada Consolidated holdings makes total net income, not taking into consideration any other outside sources, \$1,228,285, or \$73,385 in excess of dividend requirements. No charge for depreciation appears in the reports as yet. President MacNeill said in the last annual statement that, owing to the fact that the plants are new and in first-class condition, and also to the considerable enhancement of property value through increase in ore reserves, it was considered that no depreciation charges were necessary, but that the matter in the future would receive such attention as it deserved. During the first quarter of 1910 the Utah company produced 18,511,819 pounds of copper. As compared with the preceding quarter, the increase in copper contents of ore treated amounted to only eight-tenths of a per cent per ton, but the gross output of copper contained in concentrated form was 2,300,000 pounds, or 12,391,210 pounds in the preceding quarter.

# Why Have an Overheated Kitchen in Summer?

When the sultry days come and the coal range makes the kitchen almost unbearable and cooking a dreaded task, put out the range fire and try the newest method of cooking in hot weather—use a **New Perfection Oil Cook-stove**.

What a contrast! The kitchen no longer is stifling hot, the work is now done with comfort, and the housewife is not worn out with the heat.

She saves her strength, keeps her health and is better able to enjoy the summer.

The New Perfection does everything that any other stove can do—all the family cooking, baking, washing and ironing. No smoke, no dust, no odor. Heat is applied directly and not wasted. A turn, and the flame is out.

The New Perfection stove has a Cabinet Top with shelf for keeping plates and food hot, drop shelves for the coffee pot or saucepans, and nickled towel racks.

It has long turquoise-blue enamel chimneys. The nickel finish, with the bright blue of the chimneys, makes the stove very attractive and invites cleanliness. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

Every dealer everywhere; if not at yours, write for Descriptive Circular to the nearest agency of the **Standard Oil Company** (Incorporated)

# No Man is Stronger Than His Stomach

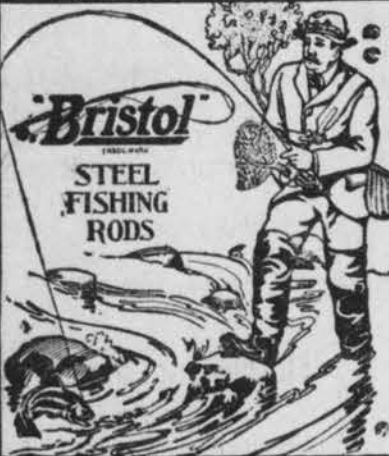

A strong man is strong all over. No man can be strong who is suffering from weak stomach, from consequent indigestion, or from some other disease of the stomach and its associated organs, which impairs digestion and nutrition. For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man "doesn't feel just right," when he doesn't sleep well, has an uncomfortable feeling in the stomach after eating, is languid, nervous, irritable and dependent, he is losing the nutrition needed to make strength.

Such a man should use **Dr. Pierce's Golden Medical Discovery**, it cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, invigorates the liver, strengthens the kidneys, nourishes the nerves, and GIVES HEALTH AND STRENGTH TO THE WHOLE BODY.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit. Ingredients printed on wrapper.

Today's weather: Showers and cool-  
er.  
Yesterday's temperature: Seven a.  
m., 46 degrees; 60; 7 p. m., 59.  
Maximum, 62 degrees; minimum, 46.  
M. M. Duncan, of Ishpeming, was a  
Marquette visitor yesterday.  
Track practice will be held by Guild  
Hall members at the Longyear field this  
afternoon at 4:30 o'clock.  
T. A. Thoren of Negaunee was in  
town yesterday attending circuit court,  
and incidentally talking a little baseball.  
Edward Smith, who captained last  
year's second baseball team, has been  
reappointed temporarily to the same po-  
sition.  
The freighter Codrus arrived in port  
last night with a consignment of 250  
tons of cement and mixed freight for  
Marquette.  
The St. Peter's communion class base-  
ball team defeated a team captained by  
James O'Donnell by a score of 10 to 4  
at the Baraga school grounds yesterday.  
E. W. Hathway reports that flowers  
planted on graves in Park cemetery were  
cut down by vandals, presumably in the  
night. If the guilty parties can be as-  
certained arrests will be made.  
Mr. and Mrs. J. E. Richardson leave  
Tuesday morning for a trip east, of sev-  
eral months' duration. They will first  
visit in Oshkosh and Chicago. They will  
spend the most of the time east in New  
York state.  
The fire department yesterday received  
a new horse. It is an animal that  
weighs about 1,400 pounds, and will be  
worked in the middle of the three horse  
team. It was selected by Malcom Bell,  
who purchased it for the department.  
T. M. Wells, of Negaunee, was a Mar-  
quette visitor yesterday. While Mr.  
Wells has not definitely decided to enter  
the legislature in this district, he is  
assured of strong support, he says, if he  
makes up his mind to make the run.  
The Marquette City band will be out  
upon the street Wednesday night, weath-  
er permitting, to assist the second  
team, who give their Comet dance at  
Legion Hall that evening. An electrical  
display is now being installed, under the  
direction of Charles Retaille, for the oc-  
casion.  
James Hudson, who fished the Rock  
river, east of here on the South Shore  
railroad, Sunday brought one of the  
largest trout that has been seen here  
in a number of seasons home with him.  
It was a steel head, and weighed eight  
pounds. The fish was twenty-eight  
inches in length.  
Will Arrest Auto Scorchers—Marshal  
Manning has warrants for the arrest  
of two automobile drivers who raced  
their cars from West Washington street  
to the center of the city Sunday after-  
noon at a high rate of speed. They  
will probably be served today. They  
were sworn out by a man driving on  
the street at the time.  
Concert Date Changed—The little folks  
of the M. E. church will give their con-  
cert Tuesday evening, May 24, instead of  
Wednesday evening, May 25, as has been  
announced. Tickets were placed on sale  
Saturday. The little folks are working  
hard to make this concert a success. The  
program will contain sixteen numbers,  
including solos by the little tots, trios,  
marches and drills by the older children  
and songs by a chorus of thirty voices.  
The price of admission is fifteen cents.  
Is Well Pleased—A. F. Koepcke ar-  
rived home yesterday from a several  
days trip. Last week he attended the  
meeting of the Northwestern Theater  
Managers' association at Milwaukee,  
when the organization declared for the  
"open door." Mr. Koepcke is well pleased  
with the departure and believes it will  
mean more and better attractions for  
the Marquette house, which will now  
book any plays offered that are worthy  
of presentation here. The Marquette  
house will also be represented in the  
National Theater Owners' association,  
now in process of formation.

**INSURE WITH PETER WHITE & CO.**  
**IRON AND ORE FROM CHINA.**  
Trade from Puget Sound Points Is Ex-  
pected to Increase Largely.  
Philadelphia, May 16.—The contract  
of the Western Steel corporation, a new  
steel plant at Irondale, on Puget sound,  
with the Hang Yang Steel company, of  
Hankow, China, is for 36,000 tons of  
iron and 36,000 tons of ore for two years  
and 100,000 tons of iron and 100,000 tons  
of ore for succeeding years. The capacity  
of the plant will be increased six times  
by reason of the connection with the  
Chinese company, and the China trade  
with Puget Sound ports is expected to  
be largely increased. The Hang Yang  
Steel company is a private concern but  
has the support of the Chinese govern-  
ment. The plant is said by Puget Sound  
people to have cost \$10,000,000, and it  
has 100,000 tons of iron annually to ex-  
port.  
President Moore, of the Western Steel  
Corporation, says: "This contract will  
involve over \$30,000,000. The ore is 66  
per cent hematite and unusually pure.  
We will mix this with our own ore in  
equal amounts, and the resultant steel will  
equal any steel made in the world.  
The high-grade ore from Hankow will  
be laid down at Irondale, including  
transportation, for less than \$4 per ton.  
As our own ores will cost but \$2 per ton,  
the average cost of our ore will be \$3  
per ton. A mixture of this quality is  
worth at Pittsburgh today \$6 to \$8.50.  
Our new plants will cost \$10,000,000.  
Aside from blast furnaces, we will build  
more rolling mills and a tube plant and  
tin plate mills. Puget Sound liners to  
the Orient have always experienced dif-  
ficulty in securing full cargo for return  
trips. Bringing of our ore and iron will  
alone furnish forty full return cargoes  
each year."

**MIXED ON IDENTITIES,**  
But Woman Called Someone a "Hypo-  
crite."  
Speaker Cannon met Rev. Henry N.  
Couden, chaplain of the house of repre-  
sentatives, in a corridor recently.  
"You are an old hypocrite!" he said,  
roughly.  
"Why, why, Mr. Speaker?" protested  
Dr. Couden, in great surprise.  
"Well, if you are not, I am," said  
the speaker; "and I have just been  
hearing about it."  
Then, while he linked his arm in  
that of the chaplain, he told this story:  
"The other day in the house gal-  
lery a lady approached a doorkeeper,  
who was protecting the morning prayer  
from interruption. She attempted to  
push past, but was restrained.  
"But I must go in," she said. "I  
want to see that man Cannon."  
"Just wait a moment," said the door-  
keeper.  
"But I must see him; I have  
heard so much about him," persisted the  
woman.  
"To save trouble, the man let her  
in. On the Un-American she stopped  
a moment and marked Chaplain Couden,  
with his head bowed in prayer.  
"Oh, the old hypocrite!" she ejacu-  
lated, "and him praying, too!"—St.  
Louis Republic.

**Mr. Isaac Cook, Commander of above**  
Post, Evanston, Ill., writes: "For a long  
time I was bothered with backache and  
pains across my kidneys. About two  
months ago I started taking Foley's  
Kidney Pills and soon saw they were  
doing just as claimed. I kept on tak-  
ing them and now I am free from backache,  
and the painful bladder misery is all  
gone. I like Foley's Kidney Pills so well  
that I have told many of my friends and  
comrades about them and shall recom-  
mend them at every opportunity." Sold  
by all druggists.

**LOWER STATE NOTES.**  
IONIA—Local members of the Inter-  
national Car Workers' union have voted to  
accept the increase of twenty-five cents per  
day granted their committee by General  
Manager Trump of the Pere Marquette  
railroad at a recent conference in Detroit.  
COLDWATER—Dr. E. J. Ayres, seventy  
years of age and a practicing physician in  
this county for the last forty years, is dead  
as the result of a runaway in which he was  
dragged beneath his buggy for a distance  
of ten rods. His horse was frightened by  
an automobile.  
OWOSSO—After pleading guilty to the  
theft of blank checks from the office of the  
Detroit Virginius Brick company, which he  
afterward filled in and cashed, Charles  
Burkart was sentenced to serve from one  
to fifteen years in the Ionia reformatory,  
the recommendation of the court being  
two years.  
HOLLAND—Happening along the road  
just before a forest fire had reached the  
barns and summer home of S. L. Bignall  
on the north side of Marquette, one of  
the Citizens' Telephone company and one  
of his gangs of men went to work as  
emergency firemen and prevented what  
promised to be a disastrous blaze in this  
resort district. After three hours of fire  
fighting the danger was past.  
WHITE CLOUD—Unless Newaygo goes  
to the supreme court in the county seat  
right the court house will remain at White  
Cloud, Circuit Judge Withey having dis-  
missed the proceedings based on a writ of  
certiorari which the citizens of Newaygo  
sued out before Judge Palmer recently in  
the effort to declare illegal the result of  
the special election relative to the change  
in the location of the county seat.  
LANSING—Auditor General Fuller has  
been making a comparison of the amount  
of primary school funds sent out to the  
counties by the state with the amount of  
state tax which these counties are called  
upon to pay. He says that the majority  
of the counties received more primary funds  
this spring than they were obliged to pay  
in for state expenses. The state treasurer  
will start mailing out the checks for the  
primary fund this week.  
ANN ARBOR—Between four hundred  
and five hundred dollars worth of headgear  
will be fed to the flames Friday evening  
when the university's freshmen will cast  
their emblems of verandah, the little gray  
"peanut shells" they wear into a huge  
bonfire. For next Friday is "cap night,"  
the most interesting college event of the  
entire year, which is annually proven  
when nearly ten thousand students and  
townspeople gather.

LANSING—Attorney General Bird re-  
ceived a communication from a survivor  
of the Civil war who resides at Wyandotte,  
asking whether he would be compelled to  
pay a license on a bridge building. He  
had been informed that hundreds of  
Civil war veterans not exceeding in valua-  
tion \$1,200 are exempt from taxation un-  
der an act passed at the last session of  
the legislature, and he is hopeful that the  
act applies to his dog.  
DETROIT—Benjamin R. Briscoe, presi-  
dent of the United States Motor company,  
closed the second big Detroit deal of that  
organization by the purchase of all the  
stock of the Gray Motor company, cap-  
ital, \$250,000. The terms are not given  
out, but it was stated that the entire  
amount of stock paid up was purchased  
at a figure which leaves a comfortable  
profit for the old stockholders, especially  
considering the fact that the company was  
started with \$12,000, capital stock four  
years ago. The name and corporation of  
the Gray Motor company will be retained.  
The company will not manufacture auto-  
mobile motors, at least not at present, but  
will continue the manufacture of marine  
and stationary motors on the patents and  
models now used by the Gray Motor com-  
pany in a new plant. It is expected that  
the old plant will be taken by an auto-  
mobile company.

Just a few dollars banked and steadily added to will build a wall between you and debt.

There Are Two Methods of Saving Money

Limit your spending or limit your saving. It is better to place a limit to your spending and save the rest. You can do this by keeping a record of what you spend. Just try it for a month. Don't be niggardly with yourself—simply confine your expenses to common-sense requirements.

Marquette National Bank. Marquette, Mich. Capital and Surplus - \$125,000.00 UNITED STATES DEPOSITORY.

NO CAUSE TO FRET. Expert Says There Will Not Be a Wheat Famine—300,000,000 Extra Acres by 1950.

Washington, May 15.—In the year book of the department of agriculture, just issued, Mark A. Carleton, cerealist of the department, one of the greatest wheat experts in government employ, has an interesting discussion of the question of the future wheat supply of the United States, and, contrary to the opinion which has frequently been expressed in other quarters, he figures that the increase in the wheat yield in this country, and in the world at large, will keep pace with the population and the demand, and that up to the time to which he carried his figures, 1950, there will be no danger of a wheat famine. Important factors in the problem which he thus solves are of course, better methods of agriculture, resulting in a greater yield per acre; a larger wheat acreage, due to an increasing demand; and the revival of agriculture in the older states of the eastern half of the country.

On the question of the future wheat area of the United States, Mr. Carleton calls attention to Alaska, western Texas, lands now embraced in Indian reservations, lands now in a semi-arid condition, but which are to be reclaimed; lands which are now swamped and which are also to be reclaimed; and, as already noted, expansion of farm area in the older states. Adding together the sums secured from the above named sources, he finds that by 1950 the increase in farm lands in this country will be nearly 300,000,000 acres, making at that time a total farm area of 1,200,000,000, or about 70 per cent of the total land area.

The improved farm area has heretofore been about half the total farm area, but he thinks will hereafter increase more rapidly than the latter. The present wheat average is now about 4 1/2 per cent of the farm area, a slightly less proportion than in 1870. By 1950 he thinks the proportion should reach 6 per cent, as that rate was attained in 1880 and again in 1890 and the farm area will hereafter increase less rapidly. This has been the rule in all the older countries of Europe. Tables which Mr. Carleton puts into his article show the total land area, the wheat acreage and the percentage of the total land area in wheat in twenty of the great wheat growing nations of the world.

According to these tables the total land area in wheat runs from per cent

in Denmark to 16.5 per cent in Italy. In Spain it is 7.3 per cent, in Serbia 7.5 in Rumania 14.5, in France 12.3, in Hungary 11.2, in Manitoba 6.6, in British India 4.9, in Russia 3.9, while in the United States it is 2.4.

Expects Twenty Bushels Per Acre.

Since 1866 the wheat yield of the United States has increased 13.5 bushels and on the basis of the present average of 46,400,000 acres is already giving an increase in production of 74,241,000 bushels above what it would be at the rate prevailing forty years ago. At the same rate of increase the added yield per acre by 1950 would be 41.5 bushels. "This increase in acre yields," Mr. Carleton notes, "goes on much more rapidly each decade, as there is more rapid diffusion of knowledge of improved methods of culture and seed selection, use of better varieties, etc. All farming will also become more intensive. Six bushels of actual increase in acre yields by 1950 or about twenty bushels per acre, estimated for 1950, is therefore surely a safe estimate. Twenty bushels per acre on a basis of 802,000,000 acres, estimated for 1950, will furnish 1,600,000,000 bushels.

The per capita home consumption of wheat in the United States increased from five bushels in 1870 to 5 1/2 bushels in 1880, at which point it remained until 1890, and then fell again to a little over five bushels in 1900. On figures which he presents Mr. Carleton estimates the per capita consumption at seven bushels in 1950.

At bushels per capita the population of 1950, estimated at 160,000,000, would consume 1,120,000,000 bushels of wheat, which amount taken from the estimated production of that year would leave a surplus of 500,000,000 bushels.

Cardinals have been known to alight upon window sills of houses and peck at the panes, probably attracted by their reflection in the glass.

FOR MORE THAN THREE DECADES

Foley's Honey and Tar has been a household favorite for all ailments of the throat, chest and lungs. For infants and children it is best and safest as it contains no opiates and no harmful drugs. None genuine but Foley's Honey and Tar in the yellow package. Refuse substitutes. Sold by all druggists.

Northern Pacific Railway. Visit Yellowstone and the Pacific Northwest this Summer. The most interesting, profitable and educational trip in all America is that through the productive and scenic Northwest, where farms, orchards, cities and towns are all bustling with the activity of rapid growth. Low Round-Trip Fares to Spokane, Seattle, Tacoma, Portland, Puget Sound and Pacific Coast points. Special round-trip fares daily, May 28 to June 3, inclusive; \$63.50 from MARQUETTE. Limit three months, for the Annual Rose Festival, Portland. Corresponding reduction from all other points. Regular Summer Tourist tickets on sale daily, June 1 to September 30; long limits, stopovers. Yellowstone Park. Season 1910: June 15 to Sept. 15. Through sleeping cars direct to Gardiner—official entrance. Ask for literature about the Park Festival, or section of the country in which you are interested, with information about the fares and our five daily electric-lighted transcontinental trains.

MARKETS WALL STREET STOCKS.

New York, May 16.—Paine, Webber & Co. say of today's stock market: "This was another day of irregularly and specialty movements in the stock market. The volume of business continues small, and the changes look to be due more to professional operations than to any effort on behalf of the larger interests to create an active market. Crop news from the spring wheat country comes a little more favorable today, and estimates on the winter wheat crop show some improvement. We believe this is the keynote to the whole situation, and still continue to advise caution in buying stocks unless on weak spots with stops back of the same."

Closing prices were as follows: Amal. 7 1/2, N. & W. 10 1/2, Anaconda 4 1/2, N. Y. C. 12 1/2, Atchafalaya 1 1/2, Reading 10 1/2, B. & O. 1 1/2, Rock Island 4 1/2, C. & P. 1 1/2, Steel Pfd 11 1/2, C. & O. 1 1/2, St. Paul 11 1/2, Erie 1 1/2, So. Pac 12 1/2, N. O. & G. 1 1/2, Wash 1 1/2, M. & T. 1 1/2, Nor. Pac 1 1/2.

Stock Market is Very Dull. What Trading There Is Confined to Professional Operations. New York, May 16.—Professional operators resumed the stock market today from idleness by only a narrow margin. There were dealings on a fairly large scale in one or two individual stocks which were responsible for whatever semblance of activity the market presented. The principal of these was Reading, that stock taking the leadership away from United States Steel. The only news on Reading was a revival of the reports of an intended change in the form of capitalization. The closing of the foreign stock exchanges in observance of the Whit-Monday holiday and the prospects of a further interruption this week by the funeral ceremonies for the late king were called responsible in large part for the intense dullness. The price rose to the best of the day after it was announced that there was no decision in the corporation tax case by the United States supreme court and that the American Tobacco and Standard Oil cases had been set for re-hearing in November.

Chicago, May 16.—Urging reform in the state laws now prominent in many walks of life addressed the uniform state legislation meeting under auspices of the National Civic Federation here today. Governor Deneen of Indiana sent a communication strongly endorsing the movement. John Mitchell made a plea for uniform laws on the subject of the prevention of industrial accidents and proper compensation for the victims.

Snow Storm in Black Hills. Deadwood, S. D., May 16.—There was a heavy snowfall in the Black Hills today. The storm was accompanied by freezing temperature that is killing all vegetation and small fruits.

Copper Metal Prices. New York, May 16.—With the London exchange closed, the metal markets generally were quiet today. Standard copper was dull, with spot and all deliveries up to the end of August closing at 12.25 @ 12.50. New York dealers quote lake copper at 12.75 @ 13, electrolytic at 12.62 1/2 @ 12.75 and casting at 12.37 1/2 @ 12.50. The arrivals of copper reported at New York today were 1,850 tons; the custom house returns showed exports of 1,716 tons, making 8,547 tons so far this month.

Chicago Grain Markets. Chicago, May 16.—Wheat closed steady, but at a decline of 1/4 to 3/8 c today. Indications were plentiful that followers of the leading longs were selling out. The Northwest, too, sold considerable here. Fine rains over the entire winter and spring wheat country materially improved the crop outlook and led to a somewhat decided change in sentiment. A subject of comment was that the Northwestern receipts today were more than three times as large as a year ago. Furthermore, the Northwestern receipts were increasing and the world's shipments were large. Near the end of the session Pacific coast reports were received that the carry-over there to the next crop would be the largest ever known. The September and the 101 1/2 c, highest, 101 1/4 c, lowest, 101 1/4 c, closed, 101 1/4 c.

Paine, Webber & Co.'s Wheat Letter. Chicago, May 16.—Wheat closed lower today, because of good rains in the

Northwest. There was no bull leadership at any time during the session. The Northwest houses claim that conditions are greatly improved for the spring crop. Advice from the Southwest are conflicting. Mr. Inglis claims that in Oklahoma the fields in several counties are thin that farmers are plowing them under and other reports from St. Louis declare that the rains have put Oklahoma in shape for a good harvest. The forecast is for colder weather, near the freezing point, in portion of these Northwest tonight. It is more than likely that the local trade will get overdone in a congested market on any further break.

New York Cotton Market. [Paine, Webber & Co.] New York, May 16.—Under the influence of support from the bulls, the whole market firmed after the opening and the prices went to a level ten to eleven points over Saturday's close. Many conflicting crop reports are coming, but on the whole it can be safely stated that cotton has made but poor progress the crop is late over practically the whole belt and replanted areas have been much retarded in germination by cold dry weather. General rains, followed by higher temperatures, are needed for the entire cotton area. Buy some December cotton.

STOCK MARKET IS VERY DULL. What Trading There Is Confined to Professional Operations. New York, May 16.—Professional operators resumed the stock market today from idleness by only a narrow margin. There were dealings on a fairly large scale in one or two individual stocks which were responsible for whatever semblance of activity the market presented. The principal of these was Reading, that stock taking the leadership away from United States Steel. The only news on Reading was a revival of the reports of an intended change in the form of capitalization.

The September and the 101 1/2 c, highest, 101 1/4 c, lowest, 101 1/4 c, closed, 101 1/4 c.

Paine, Webber & Co.'s Wheat Letter. Chicago, May 16.—Wheat closed lower today, because of good rains in the

CANAL PROJECT ADVOCATED. Manufacturers' Association Committee Urges Co-Operation With Canada. New York, May 16.—Three important subjects for the consideration of the federal government were put forward today in committee reports in the opening session at the annual convention of the National Association of Manufacturers. One urges the participation by this country in the building of a deepwater canal through Canada as a means of aiding the transportation of ores and grains from the Lake regions. This canal would connect Lake Ontario with Georgian bay by way of Lake Simcoe. It is urged that American ships could pass through free and give the Canadians in return unrestricted use of the deep waterway through New York.

WOMEN OBSERVE SECRECY. Nominations at the Cincinnati Convention Are Not Given Out. Cincinnati, May 16.—The nominating committee of the general Federation of Women's Clubs this afternoon nominated the officers to be voted upon tomorrow, but strict secrecy was maintained as to the choices. It is given out that Mrs. Philip S. Moore, of St. Louis, the present president, has been renominated. Mrs. Moore today slipped upon a rug and suffered a slight fracture of the ankle.

THE HANDSOMEST PEOPLE. "To speak of the pure old Egyptian type is as incorrect as to assert that the old type of the Pharaohs is extinct today," said Prof. W. Max Muller of Harvard in an address on "The Origin of the Ancient Egyptians" in the University of Pennsylvania Archaeological Museum recently. The admixture of negro blood, due to intermarriage with slaves, was just as prominent in Bible times as now.

URGE REFORM IN STATE LAWS. Chicago, May 16.—Urging reform in the state laws now prominent in many walks of life addressed the uniform state legislation meeting under auspices of the National Civic Federation here today. Governor Deneen of Indiana sent a communication strongly endorsing the movement. John Mitchell made a plea for uniform laws on the subject of the prevention of industrial accidents and proper compensation for the victims.

Snow Storm in Black Hills. Deadwood, S. D., May 16.—There was a heavy snowfall in the Black Hills today. The storm was accompanied by freezing temperature that is killing all vegetation and small fruits.

Copper Metal Prices. New York, May 16.—With the London exchange closed, the metal markets generally were quiet today. Standard copper was dull, with spot and all deliveries up to the end of August closing at 12.25 @ 12.50. New York dealers quote lake copper at 12.75 @ 13, electrolytic at 12.62 1/2 @ 12.75 and casting at 12.37 1/2 @ 12.50. The arrivals of copper reported at New York today were 1,850 tons; the custom house returns showed exports of 1,716 tons, making 8,547 tons so far this month.

Chicago Grain Markets. Chicago, May 16.—Wheat closed steady, but at a decline of 1/4 to 3/8 c today. Indications were plentiful that followers of the leading longs were selling out. The Northwest, too, sold considerable here. Fine rains over the entire winter and spring wheat country materially improved the crop outlook and led to a somewhat decided change in sentiment. A subject of comment was that the Northwestern receipts today were more than three times as large as a year ago. Furthermore, the Northwestern receipts were increasing and the world's shipments were large. Near the end of the session Pacific coast reports were received that the carry-over there to the next crop would be the largest ever known. The September and the 101 1/2 c, highest, 101 1/4 c, lowest, 101 1/4 c, closed, 101 1/4 c.

Paine, Webber & Co.'s Wheat Letter. Chicago, May 16.—Wheat closed lower today, because of good rains in the

NOTICE OF SPECIAL ELECTION. WATER LOAN BOND ISSUE. To the Legal Voters of the City of Marquette. Notice is hereby given that the following preamble and resolutions were duly adopted by the Board of Fire and Water Commissioners of the City of Marquette, at a session thereof held on May 13, 1910, by the following vote: Ayes—10; Nays—None.

Resolved, That for the purpose of raising money with which to make permanent improvement in the water works system of this city whereby the water supply may be obtained from near Presque Isle, the sum of \$150,000 be borrowed by this board and annually that Mrs. Moore, of St. Louis, the present president, has been renominated. Mrs. Moore today slipped upon a rug and suffered a slight fracture of the ankle.

Resolved, That the question of making such loans and amounts proposed to be raised be submitted to the legal voters of said city, qualified to vote thereon, for their approval or disapproval, at a special election, which is hereby called to be held at the Police Court Room in the City Hall on the 30th day of May, 1910; and that the polls of said election be opened between the hours of 8 and 5 o'clock in the afternoon of said day and be continued open until 8 o'clock on the following day, and no longer; at which election the members of this board, or any two or more of them in attendance, shall be appointed the necessary clerks and gatekeepers for said election; which such election shall be by ballot, upon blanks to be furnished by this board with suitable instructions thereon, on which blanks the questions to be submitted shall be printed in the following form, to-wit:

First Proposition. For the purpose of raising money with which to make permanent improvement in the water works system of the city by which the water supply shall be taken from near Presque Isle, shall the board of fire and water commissioners be authorized to borrow \$150,000 and issue new bonds therefor in addition to the \$85,000 of water loan bonds now outstanding, and also to levy by tax on assessment upon private property the further sum of \$100,000 with which to make the sum of \$250,000 required to make such improvement? Yes [ ] No [ ]

Second Proposition. For the purpose of raising money with which to make permanent improvement in the water works system of the city by which the water supply shall be taken from near Presque Isle, shall the board of fire and water commissioners be authorized to borrow \$75,000 and issue new bonds therefor in addition to the \$85,000 of water loan bonds now outstanding, and also to levy by tax on assessment upon private property the further sum of \$100,000 with which to make the sum of \$250,000 required to make such improvement? Yes [ ] No [ ]

of said city, at least ten days prior to such election. Ayes—Commissioners H. H. Williams, Daniel Vaughan, H. Bitters, H. C. Young, Nays—None. Notice is hereby given that a special election of the legal voters of the city of Marquette, qualified to vote upon the foregoing propositions, will be held at the place and time and in the manner designated in the foregoing resolution, and that said propositions will be submitted to the legal voters of said city, qualified to vote thereon, in accordance with said resolution. Dated May 13, 1910. JOHN P. KEENE, Secretary of the Board of Fire and Water Commissioners of the City of Marquette. (5-14-1910)

TRULIH No. 6. Oil is now California's biggest industry—bigger than gold. Oil is an extremely profitable business when handled as a business proposition. The demand for oil is greater than the supply. The demand grows greater daily. It is the only fuel now used on the Pacific Coast by railroads, steamships, factories and office buildings. Japan is using millions of barrels of oil on her warships. The United States will unquestionably use oil in the Navy, which will mean millions more. Oil is cheaper than the cheapest coal. It is the safest, most economical, cleanest and the easiest fuel to handle. Oil will soon be the fuel of the world. The California Oil Fields are now by far the biggest producers of fuel oil in the world. The supply is apparently inexhaustible. Three pipe lines, costing about \$10,000,000 each, pump oil to tide-water, where it is transported to all parts of the world. A pipe line, costing \$25,000,000 is about to be built into Arizona, to supply the smelters with cheap fuel. The price of oil at the well is now around 60c, a barrel—it will go up. California oil stock is the most profitable as well as safest investment ever offered the public, providing the oil companies are good, substantial companies. California oil presents an opportunity to the capitalist and the wage-earner alike. Bankers, business men, clerks, laborers, both men and women, are investing whether a million or a few dollars, they are investing for big dividends and immense returns—and they are getting them NOW. Many millionaires have been made from California oil in the past ten years. Millionaires are now being made month after month. The small investor may not be able to make a million dollars, but he can make more money safely and honestly from a few dollars than he can from a year's toil. Now is the time for you to invest. Buy California National Crude Oil Company's stock at 40c per share. Fill out the attached blank and forward your subscription at once.

### ERIE WORKMEN RECEIVE FIRST PAY

ACTIVITY AT PROPERTY WEST OF REPUBLIC, NOW UNDER CONTROL OF THE INDEPENDENT MINING COMPANY.

The Independent Mining company, which a few weeks ago acquired control of the Erie mine, seven miles west of Republic, paid on its workmen for their first month's work Saturday. A number of men are employed erecting engine house, dry, office and other buildings, and machinery is being installed. A pump and hoisting engine were delivered at the mine two weeks ago, and a five-machine air compressor was received yesterday. A boiler is on the way, and as soon as it is installed the removal of the water from the shaft will be started. The management expects to begin mining within a few weeks. Besides developing the property, exploratory work has been conducted by means of test pits. The former operators found ore in several places and indications are favorable for locating deposits of high grade ore.

The Jones Furnace company of Iron Mountain, which has taken an option on the Klonan property, has started to blast the formation. A half dozen or more men were put to work a few weeks ago, opening trenches across the formation, in order to test it. Bert Jones, son of John T. Jones, who is at the head of the Iron Mountain enterprise, last week took samples of the formation for analysis.

In Michiganamie District.

The Catherine Mining company, which began exploring its tract and developing its mine west of Michigamme, near the Imperial, Ohio and Webster mines, is making good headway with the sinking of the shaft, which is now being lowered to 110 feet. The shaft work was started about two months ago. The Catherine company plans to soon begin drifting. The ore is being placed in stock, as the railway tracks have not yet been extended to the property. The nearest track to the mine is the one leading to the Ohio mine, about seventy-five yards distant. The Catherine company owns the entire section and it is thought that the ore body extends over a considerable part of the tract. Exploratory work is at present confined to the southwest corner, near where the mine is located. The company is working about thirty men.

The Niagara Mining company, which operates the Ohio and Imperial mines, is employing about 150 men at the former, and Hoese & Person, the stripping contractors, are working fifty men or more at the Portland. They have two steam shovels in operation, and besides removing the overburden ore is also being mined with the shovels.

The Cleveland Cliffs Iron company, which owns the Imperial, yesterday delivered another diamond drill that is to be operated on the north shore of the Michigan river. The company has one drill at work there ever since last fall. The company is employing something over 150 men in the district.

The Jones Furnace company, which a short time ago secured a lease on the Spur mine, has not yet begun work, but it is expected that operations will be resumed there, at least on a small scale, before the season is far advanced.

PLAYING GOOD BALL.

Michiganamie Team Is Prepared to Meet Any Nine in Marquette County.

The management of the Michiganamie baseball team would like to secure games with other mines of the county. The team has already played two games, winning both of them. The Ishpeming second team was defeated a week ago Sunday by a score of 13 to 3 and last Sunday the Marquette Tigers were defeated by a score of 38 to 8. The Tigers made a poor showing. The Michiganamie nine was credited with twenty-four hits, and the visitors had but six. The Michigan people believe that they have a stronger nine than last year, and they expect to have a most successful season. The team is composed of Hoyt, catcher; Johnson, pitcher; Perrell, first base; Provod, second; Bruce, third; Truckey, shortstop; Fredrickson, left field; Munnick, center; Swanson, right field.

An effort will be made to arrange a series of games with the Republic and Sidway teams. The former has played several games this season with the league teams of the county and it has several good players.

Our display of ladies' and misses' dresses is one of the finest in the county. Fashion Suit Co. (5-17-1d)

### Upper Peninsula

#### Finds Trapping Profitable

Tom Hazel, Baraga county's most noted trapper and hunter, says that business is booming in his line, he having received seventeen hundred dollars in bounties the past four months. Hazel's trapping outfit cost him in the neighborhood of one thousand dollars.

#### New Hotel Rates at the Soo

The thirteen Sault Ste. Marie taverns that have joined in an agreement to increase their rates issue the following notice: "Owing to the very high prices of foodstuffs, we, the undersigned, are compelled to raise our rates, and hereby wish to notify the public that after May 15, 1910, our prices will be as follows: Meals, thirty-five and fifty cents; lodging, thirty-five cents double, fifty cents single; board per week, \$6 and \$7 and up; meal tickets, 86, twenty-one meals."

#### Takes Summer Resort Hotel

Fred W. Blake, who for the past four or five years has successfully conducted the Beech Inn at Munising, has embarked on a new venture, having acquired control of "The Pines," a summer hotel of 150 rooms at Pointe Aux Pins, Bois Blanc island, Straits of Mackinac. The island on which "The Pines" is situated is located about seven miles north of Cheboygan. Many prominent people, including former Vice President Fairbanks, have summer cottages on Bois Blanc island. The hotel will open for the season July 1st. Mr. Blake will continue to conduct the Beech Inn.

#### Mackinac County Election Case

Benoni LaChance had been prostrate judge for two terms and was a candidate to succeed himself at the last election. On the face of the returns LaChance was elected, but Murry demanded a recount. The board of canvassers then threw out four townships. In one of them, Hudson, there were so many illegal votes that Murry's election by thirty odd votes was declared. In that township many ballots that should have contained the initials of inspectors did not contain the initials because they were written above instead of below the perforation, so that when the corner was torn off by the inspector the names went with the perforation, and the ballots when counted had no initials on them. In other cases the perforated corner was not torn off and hence some men voted a ballot that was not secret. The case is to be submitted on briefs before Judge Lamb

of Cadillac. A case practically identical with the case at St. Ignace is now before the supreme court. Judge Lamb will file a decision just after the supreme court gives its decision on the other case.

#### Formerly of the Gogebic Range

Old-time resident of the Gogebic Range learned with regret of the death of Captain Leslie J. Perry at Washington, D. C. Captain Perry was sixty-seven years of age. He was a veteran of the Civil war, having served with the Second Wisconsin Infantry. He was taken prisoner at the first battle of Bull Run and was confined eight months in Richmond prison. He was later again taken prisoner at the battle of Antietam, and for eleven months was confined in Libby prison. He escaped from Libby once, but was recaptured. He went to Ironwood in 1887 and started the Gogebic Mining Record, which he conducted for a number of years. He built the Perry House at Wakefield, and was at one time interested in the Mikado mine. Captain Perry left the range to assume the position of chief proof reader in the War Record office at Washington, where he remained until the records of the Civil war were completed—about seven years. When active work began on the Panama canal, President Roosevelt appointed

### The Important Problem

confronting anyone in need of a laxative is not a question of a single action only, but of permanently beneficial effects, which will follow proper efforts to live in a healthful way, with the assistance of Syrup of Figs and Elixir of Senna, whenever it is required, as it cleanses the system gently yet promptly, without irritation and will therefore always have the preference of all who wish the best of family laxatives.

The combination has the approval of physicians because it is known to be truly beneficial, and because it has given satisfaction to the millions of well-informed families who have used it for many years past.

To get its beneficial effects, always buy the genuine manufactured by the California Fig Syrup Co. only.

### Again the Question of Clothes Comes Up.

With the Spring warmth creeping back into the sunshine, and the green getting back on the trees, with all nature calling, come out! come out of doors! There's downright pleasure in getting on a spic and span new Suit and strolling along in the genial sunshine. With mother nature putting on a brand new dress Winter Suits seem out of tune and weather worn. Yes by all means let us answer the clothes question for you by fitting you out in one of our latest Spring Suits. We have them in all styles, splendidly tailored and at an ample price range. Call in and look. You'll be agreeably surprised

If you don't care to pay cash we will arrange terms to suit.

## Negaunee Department

### GEORGE M'EACHRON PATENTS FLOUR SIFTER

LITTLE LAKE MAN, WELLKNOWN IN NEGAUNEE, SHOULD MAKE GOOD MONEY ON A HOUSEHOLD ARTICLE.

George McEachron, an old resident of Little Lake, who is wellknown in Negaunee, has placed on the market, through the Forshoe Manufacturing company, of Dayton, O., an automatic, hand-operated sifter that promises to bring him good returns. Mr. McEachron is a carpenter by trade. He worked on the new high school building for Contractor Chaussee, and while here he secured a patent on a bear and rat trap, an improvement over anything of the kind on the market. While in Negaunee Mr. McEachron was working on his flour sifter, which is now ready for the market.

It is claimed that Mr. McEachron's sifter is the only one manufactured that can be operated with one hand. The housekeeper works the sifter with the left hand, leaving the right free to mix the material into which the flour is sifted. The quantity passing through the sieve is regulated by the force she uses in operating the springs. She can tell just when to cut off the supply of flour by watching the bowl in which it is being mixed. The sifter holds three pints of flour, and has graduation marks on it, so that one, two or three pints can be placed in it, depending upon the quantity of flour needed.

It is said that Mr. McEachron worked upon the sifter for several years, before he reached the desired result. The device is simple in its construction. A Negaunee merchant who yesterday received a circular from Mr. McEachron, explaining the advantages of the sifter, together with illustrations showing how it is to be used, said that it was by far the best article of the kind that he has ever seen, and he believes that it will be a big seller. The Forshoe Manufacturing company is now advertising for agents to introduce it to the retail trade, as well as to the consumers. The price of the sifter is forty cents, but reductions are offered for large orders.

#### JOBBERS AFFECTED.

Steel Corporation's Withdrawal of Concessions Injures Middlemen.

Some time ago the United States Steel corporation began to market its own output of material to consumers' trade, instead of dealing through jobbers. This did not come as a surprise to many of the jobbers, who were handing the corporation's products, as it had been evident for some time that the concessions would eventually be withdrawn. The Steel corporation used to give the jobbers a reduction of 82 from the price made to fabricators and other consumers. They also gave hardware dealers a special price on bars and other concessions were made that have been withdrawn. When jobbers bought the Steel corporation's products for 82 under the market, they could sell them to consumers at a profit.

By this change in policy the Steel corporation is treating all customers alike, whether jobbers or consumers, and is showing a tendency to carry its own material in more than one way. The lumber yard carries the output of the lumber mills. Many of the iron manufacturing companies of the country went into the jobbing business as a matter of self-protection, but now that the Steel corporation is not making any concessions to the jobbers, it is anticipated that many of them will retire from that branch of the business.

The United States Steel corporation at present controls one-half of the output of the steel mill of the country. For this reason it is anticipated that it will find it difficult to get its grip upon the entire jobbing interests of the United States. The independent mills include those operated by the Jones & Laughlin company, the Republic Steel company, the Pennsylvania Steel company, the Lackawanna Steel company, the Wheeling Corrugated Steel company and others producing a large tonnage in the aggregate, and representing every class of structural iron and steel, so that fabricators and jobbers can have complete stock of different materials without going to the corporation for anything.

#### DEATH OF OLD CITIZEN.

James Jordan, who had been in poor health, passed away Sunday. His demise was not unexpected. The deceased was wellknown in the city, and his passing is mourned by a large circle of friends. Before coming to this country he served in the British army in India. He was about forty-seven years of age and is survived by his widow and four children. Mrs. Jordan is a daughter of Frank Bashaw, one of Negaunee's oldest citizens. The deceased was a member of the Modern Brotherhood, and the funeral will be held under direction of the society tomorrow afternoon. The services will take place at the house at 2 o'clock.

#### HE HAD BEEN EASY.

Francis Wilson, at the Players' club in New York, lamented heavy losses that a brother actor had sustained on Wall street. "It's bad!" said Mr. Wilson. "Poor Betterton! Why, the Wall street men are all laughing at him. 'A couple of Wall street men were golfing the other day on Long Island. They decided to name the holes on the course. 'And what shall we call the first hole?' the older man asked. 'Call it Jack Betterton,' the other answered chuckling. 'Why call it that?' 'Oh, because' was the reply, 'it's so easy to do!'"

#### THE HIGH COST OF LIVING

Increases the price of many necessities without improving the quality. Foley's Honey and Tar has, in its high standard without any increase in cost. It is the best remedy for coughs, colds, croup, whooping cough and all ailments of the throat, chest and lungs. The genuine is in a yellow package. Refuse substitutes. Sold by all druggists.

#### PLAYING GOOD BALL.

Negaunee Boy Giving Good Account of Himself on University Team.

Elmer Mitchell, son of S. S. Mitchell, the West Iron street grocer, who is a student at the University of Michigan, is playing fast ball with the university team. He is hitting well and his stick work has been the means of bringing victory to the team in a number of games. In a game with the Syracuse nine last Friday, resulting in a score of 2 to 1 in favor of Syracuse, Mitchell was the only player on either nine who had a two-base hit. He also had a single. Only two other hits were made by his team-mates. Syracuse made six hits, each team was charged with three errors. Michigan secured its run in the seventh inning, Mitchell's hit bringing it in. Syracuse got one run in the first and one in the sixth inning. Mitchell's regular position with the university team is right field, but he has held down first base in a few of the games. It is likely that he will be given a chance on the Negaunee team when he returns from school next month.

#### DEATH OF JAMES MARCOM.

James Marcom, residing at the Jackson, died Sunday morning after an illness of nearly a year. During the holiday season the deceased was operated on at the university hospital, at Ann Arbor, but since then he had been failing gradually, and his death was not unexpected. The deceased was about forty years of age, and is survived by his widow. He was a stone mason and bricklayer by trade and had worked for Negaunee contractors for some years.

#### LOCAL LACONICS.

The funeral of the late James Marcom will be held this afternoon at 2 o'clock, from the Mitchell Methodist church.

The seven-year-old son of John Seeley, of Palmer, died yesterday morning of diphtheria. The funeral will be held this morning at 10 o'clock, with interment in the Negaunee cemetery.

Oscar Field, who spent a few weeks at Mount Clemons, has returned home. He feels much improved in health as a result of the bath treatment he received there.

Fred Rice and William Jones, who have been working at the Hartford mine, will leave tomorrow night for Virginia, Minn., where they expect to locate permanently. Both have jobs promised them there.

Irving Argall and Sam Stephens will go to Marquette today to appear as witnesses for Patrick, Doyle, Edward Thomas and Harry Salvage, Negaunee men, who have made application for their citizenship papers.

Harry Hulst and Guy Canfield, employees of the Oliver Iron Mining company, spent yesterday in the city going over the assessors' books, securing data concerning the valuations of the corporation's properties in Negaunee.

The work of putting in the new rails on Iron street has been deferred until after the bonding question is voted upon on the 30th of the month. All of the rails have been delivered and the company was prepared to begin the work.

A number of Negaunee people got out early yesterday morning to see the Northwestern company's new train pass through. It arrived fifteen minutes late and was thirty minutes behind schedule pulling out of here for the copper country. Fifteen minutes having been lost in making the transfer to the South Shore.

John Laikas, proprietor of the Candy kitchen, who left here last November for Greece, returned last Friday with his new wife. The happy newly wedded couple are receiving the best wishes of their many friends, who have traveled from all parts of the upper peninsula to Negaunee to see them.

The city has a crew employed widening the main highway east of the Lake Superior & Ishpeming Railway company's bridge. The road is narrower at that point than at almost any other place between here and Marquette. The thoroughfare is also being widened near the new cemetery site. Several turnouts will be made in places where the road is not wide enough for teams or automobiles to pass safely.

#### WE MUST HELP EACH OTHER.

Everything is as naught if, as we progress, we do not come closer together in a realization of opportunities for service to our fellows and in appreciation of the extent of misfortune which may be prevented or relieved. The success which is indicated in the facility of communication, in the activities of markets, and in the products of manufactures is important, indeed; but its importance must be found ultimately in those other qualities which are represented in a growing solicitude for an improved condition and for the real betterment of the great masses of our people. The thing that we are proud of in America today is the enlarging area of opportunity and the concern of those who have been favored by their talents or fortunes for those who are less favored. That is the real pride of our national life.

A man always tries to conceal his vices under his virtues.

#### HOW'S THIS?

We offer One Hundred Dollars Reward for anyone who can cure that Catarrh that cannot be cured by Hall's Catarrh Cure. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him. Wholesale Druggists, Toledo, O. ### JUDGE FLANNIGAN FOR HIGH FINES

ASSESSED TWO ISHPEMING SALOON MEN \$100 AND \$125, RESPECTIVELY, YESTERDAY.

### MAKES HIS POSITION CLEAR

Intends That Liquor Law Shall Be Respected at Pain of Severe Penalties—Court Has a Busy Day.

Judge R. C. Flannigan has made no announcement of what his policy will be in relation to men convicted of violations of the liquor law, but those who were present in the court room yesterday afternoon, shortly after 2 o'clock, had no trouble arriving at the conclusion that he is determined to inspire a wholesome respect for the liquor law by landing hard on all delinquents.

Charles Coveaugh, an Ishpeming saloon man who pleaded guilty to the offense of selling on Sunday, was fined \$100 and charged \$7.50 costs of court. Wilfred Rock, a bartender in an Ishpeming saloon, who entered a plea of nolle prosequere to a charge of selling liquor to a minor, was fined \$125 and \$10.50 costs.

Both these fines, Judge Flannigan said, he considered but reasonable penalties, considering the nature of the offenses, and the intimation was plain that any saloon man appearing before him a second time would get a jail sentence, in addition to forfeiting the right to continue in the business.

The fines imposed were among the largest ever levied against saloon men in the Marquette county court. Judge Flannigan's predecessor was accustomed to fix "twenty-five dollars and costs" as a punishment for a first infraction of the liquor law.

Lectures Coveaugh. "After all the agitation we have had about local option and the regulation of the liquor traffic," Judge Flannigan said, addressing Coveaugh, "it is a matter of deep regret to find men arraigned in this court for violating the liquor law."

During the session of the legislature last year and during the local option campaigns the saloon men and their friends were profuse in their promises that the law would be strictly observed and all the regulations imposed by it lived up to. It is saddest to find these promises so soon broken. Now the law must be observed. The communities are entitled to protection against the law breakers. The good men in the saloon business and there are good men in the business, must not be allowed to serve the law—as much entitled to protection from the bad saloon keepers."

Judge Flannigan explained to Coveaugh that a second conviction would put him out of business in the entire state of Michigan. "Now I do not propose to inflict a heavy punishment, but a severe enough one to persuade you that violations of the liquor law will not be tolerated by this court. I sentence you to pay a fine of \$100, and \$7.50 costs of court, or in default of payment thirty days in the county jail."

With the case of Rock Judge Flannigan dealt more briefly. He directed Rock's attention to all that he had just said to Coveaugh. He told him that his offense, selling liquor to a boy, was much more serious than that of Coveaugh, and that, therefore, he would have to submit to a more severe penalty. "I will fix this penalty so that you and all others will know that I mean to be perfectly exact. I fine you \$125 and \$10.50 costs, or in default of payment confinement in the county jail for not exceeding thirty days," the judge concluded.

The severity of the fines flabbergasted both Coveaugh and Rock, who, however, arranged to pay them.

"Why if I ever get back here, he'll give me ninety days," Coveaugh said later, outside the court room, and then, as an afterthought, "But I won't be back."

Murder Trial Continued. The case of the People vs. James Scopacasa and James Donato, charged with murder, went over on the representations of W. T. Potter, counsel for Scopacasa, that certain financial arrangements that brothers of the accused had agreed to make had not been carried out and, in consequence, if the case went to trial it would be to the detriment of the interests of the accused. Mr. Potter was ready to proceed with the trial of Donato, whom he also represents, but Prosecutor Bell prefers to try the men together, or in any event to try Scopacasa before Donato. Consequently Judge Flannigan consented to a postponement of the case to the September term.

August Olgren, another Ishpeming saloon man charged with violation of the liquor law, was arraigned yesterday afternoon, and entered a plea of not guilty. Olgren asserts that he entered his plea to attend to his beer pumps. His attorney advised him to plead guilty, believing that as the offense was a technical one Judge Flannigan might let him off with a nominal fine, but Olgren was obstinate on this point, and preferred to stand trial. His trial was set for Thursday.

Peter Gunnerson and Charles Wallenstein, of Ishpeming, were charged with violation of the liquor law, also pleaded not guilty and their trial was set for Thursday. Angus Crossman, of the Washington street restaurant keeper, pleaded not guilty to a charge of selling beer without a license and his case is set for Thursday. W. S. Hill will defend him.

The case of James Pendill vs. John W. Spear et al., is set for trial tomorrow.

Business in court yesterday was confined to disposing of the criminal docket and running through the calendar, setting cases for trial or hearing, or otherwise disposing of them. The session will be a busy one.

The cases against William Riley and Earl Brownell, convicted at the Marquette prison, charged with escape from prison, were dismissed, on motion of Prosecutor Bell, because of representations of the prison authorities in regard to them. James Sharkey pleaded not guilty to charges of indecent assault and rape, and W. F. Button was appointed to defend him.

Judge Flannigan will give over today to court to the hearing of applications

### DETROITERS WILL TRAVEL IN STYLE

WHOLESALESMEN AND MANUFACTURERS' ASSOCIATION WILL CHARTER STEAMER OCTORARA FOR TRIP TO LAKE SUPERIOR PORTS.

The members of the Wholesalers & Manufacturers' association of Detroit, who are to journey to Lake Superior the latter part of the month, are to travel in the height of style, for they are to have at their command the fine accommodations of the new Anchor line steamer, Octorara, sister ship of the Tomesta and Juniata, on her first trip to the Lake Superior ports that will have a place on her regular schedule.

The itinerary, as at present arranged, provides for the arrival of the Octorara in Marquette on Saturday, May 28, at 10 a. m., and the steamer is scheduled to leave for Houghton at 2 a. m. Sunday morning. The party will thus be in this city Saturday afternoon and evening. A side trip to Ishpeming is contemplated, and may be made by special train, if made as planned, it will doubtless take up part of the afternoon.

The itinerary for the trip, subject to minor changes as to hours, is announced as follows: Leave Detroit Thursday, May 26, at 2 p. m.; arrive Sault Ste. Marie Friday, May 27, at 2 p. m.; arrive Sault Ste. Marie Friday, May 27, at 11 p. m.; arrive at Marquette Saturday, May 28, at 10 a. m.; leave Marquette Sunday, May 29, at 2 a. m.; arrive Houghton Sunday, May 29, at 11 a. m.; leave Houghton Tuesday, May 31, at 3 a. m.; arrive Sault Ste. Marie Tuesday, May 31, at 7:30 p. m.; leave Sault Ste. Marie Wednesday, June 1, at 2 a. m.; arrive Mackinac Island Wednesday, June 1, at 9 a. m.; leave Mackinac Island Wednesday, June 1, 12 noon; arrive St. Ignace Wednesday, June 1, at 1 p. m.; leave St. Ignace Wednesday, June 1, at 1 p. m.; arrive Detroit Thursday, June 2, at 2 p. m.

This schedule will give a daylight trip through St. Mary's river and past the Pictured Rocks and through the portage both ways.

A Fine Boat. The Octorara, which will be the flagship of the Anchor line fleet, is of the same dimensions as the Tomesta and Juniata, but is much more elegantly furnished than the two older vessels, and is one of the finest, if not actually the finest, boat afloat on the great lakes. The furnishings are of the most expensive character. There are ninety-two staterooms, each containing two berths and a lounge. There are also fifteen beautifully decorated and handomely furnished parlors, each having a large brass bed, easy chairs, lounge, writing desk, large clothes closets and private bath. One of the most attractive features of the Octorara is the dining room, located on the upper deck. Passengers at their meals can see passing shipping on the lakes or the scenery, when the boat is running near the shore. Captain Martin will be in command of the Octorara.

It is asserted that a large part of the Octorara's accommodations have already been reserved by the members of the Wholesalers & Manufacturers' association, and the party will be one of the most representative ever sent out by that organization. It will include many heads of firms and representatives of the leading Detroit houses. The announced object of the trip is to improve trade relations between the state metropolises and the upper peninsula cities.

Steps will be taken in Marquette to assure that the visitors will have a cordial welcome in this city, and some form of entertainment will doubtless be planned for them. Many Marquette men will find personal friends in the party. Just what form the entertainment will take remains to be determined, but it will be informed in its nature and will be designed to bring the Detroiters in contact with the local business interests, which, it is presumed, will be the thing they will most desire.

SOO CANAL PASSAGES. List of Boats That Have Passed the Locks, Bound for Superior Ports. Sault Ste. Marie, Mich., May 16.—The following boats have passed through the locks, bound for ports on Lake Superior: Strathcona, 8:30 p. m.; Hill, 9:30; Bullington, 11; Osler, Pellet, 1 a. m.; Alex Thompson, Mariska, Carrington, 2:30; Foster, Augustus, 4; Langhain, 4:30; Kongo, 5; Jay Morse, 5:30; Hensseler, 6; Paine, Lynch, 7; Calumet, Sedgewick, 8:25; DeGraff, 9; Westcott, 9:30; Zenith, oil barge, Colaris, Nottingham, 10:30; Zillah, Peshigo, Delaware, 11; Glenellah, 11:30; Ishpeming, Colgate Mesaba, noon; McGee, 12:30 p. m.; Salt Lake City, 1:30; La Salle, Cole, 2:30; Henry Rogers, 3; Watt, Manilla, Nevada, Housack, 4:30; Centurion, 5:30; B. Lyman Smith, William Wills, 6:30; Malietoa, Fritz, Argo, 7; Colonel, Gary, 8.
