

MR. ALDRICH MAKES REPLY TO BRISTOW

Leader of the Senate Issues a Statement Enumerating the Counts of His Indictment by the Kansas Republican Insurgent and Denying Them in Toto.

He Defends the Tariff on Manufactured Rubber and Says That His Alleged Trust Is Not at All Interested, Since It Produces Only the Crude Material.

Washington, Aug. 11.—Senator Aldrich, of Rhode Island, enumerating the counts under which he has been indicted by Senator Bristow of Kansas in recent campaign speeches dealing with the tariff, in a letter made public tonight denies the charges in their entirety.

Referring to the Bristow charges as gross misstatements, Mr. Aldrich says that his persistent reiteration has impelled him to make a statement. The senator declares that the increase from 39 to 35 per cent on a small number of manufactured rubber articles was for the purpose of making the tariff uniform of kindred articles and facilitating the labors of the customs officers, and that it was adopted by the house and senate committees and not by the senate committee (Mr. Aldrich's committee) alone.

Senator Aldrich produces support for his statement in the form of a letter from T. S. Sharratt, of the customs service at New York, asking more definite classification. Mr. Sharratt says in this letter that under the present conditions they had enormous litigation to settle with importers over values. A subsequent letter says that the wisdom of the changes has been proved, for there has been no litigation whatever under the present tariff act.

"Trust" Not a Manufacturer. As to the Bristow charges that Senator Aldrich and others, after the passage of the law, organized a public trust known as the Intercontinental Rubber Company, in which Mr. Aldrich is a director and stockholder, and that that was the reason for the raise in the manufactured list, the Rhode Island senator says: "Neither the Intercontinental nor any member of my family have ever had any pecuniary interest as to whether the rates on manufactured rubber were 30, 35 or 300 per cent, or whether crude rubber was on the free or dutiable list."

The senator says that the Intercontinental was organized in 1906, long before the tariff of 1909 was thought of. He says it was formed of several subordinate companies. He declares the company has no interest in any business save the production of crude rubber outside of the United States, and thus was not concerned in any tariff change advanced the price of crude rubber, making enormous profits. As to these dividends, Senator Aldrich says they were the deferred payments of cumulative dividends and could in no way have any connection with the tariff.

Senator Aldrich goes on to say that he has been greatly interested in the crude rubber industry for many years, and he details the growth of the Intercontinental company, saying: "In the success attained, the tariff of the United States has played no part whatever." He declares the rise in the price of crude rubber due to the enormous increase of the demand in recent years, and to the increase in the available supply, and can see no connection whatever between the rise in the rates of manufactured rubber, with which industry his concern has nothing to do.

Raps the Progressives. Without raising any issue concerning the "progressive" campaign generally, Senator Aldrich refers to Mr. Bristow and his immediate associates as follows: "In the tariff discussions of other days, the advocates of the protective policy have usually been called to meet in debate men with convictions on the subject—Democrats of character, whose theories of government differed completely from those held by the Republican protectionists; men who had some regard for the accuracy of their statements and some knowledge of the subjects they discussed.

"Now, the attacks upon a Republican president and Republican measures are led by men whose political existence depends upon their capacity—and to this there seems to be no limit—for misrepresentation and the ignorance of their adherence. Strangely enough, this little group of men—very small in number—has arrogated to itself the leadership of the progressive, and its members prate about the treatment of the tariff as a moral question."

LIEUTENANT GOVERNOR KELLY ATTACKS UPPER PENINSULA. Big Rapids, Mich., Aug. 11.—Lieutenant Governor Kelly's speech at Big Rapids today was devoted entirely to an attack on the upper peninsula and the mining industry. Mr. Kelly is now doing everything possible to raise a sectional prejudice

COL. ROOSEVELT INVESTIGATES FARMING ON LONG ISLAND.

Oyster Bay, N. Y., Aug. 11.—Theodore Roosevelt spent today gathering a crop of ideas on practical farming. He made a trip to learn how the Long Island farmers are living and what is being done to raise produce and establish dairies near New York. He visited a large number of farms.

BRISTOW AGAIN ASSAILS THE NEW TARIFF LAW.

Baraboo, Wis., Aug. 11.—Senator Bristow of Kansas, who is canvassing the state in the interest of Senator La Follette, again today devoted much time to a discussion of the Payne-Aldrich tariff law, declaring it a flagrant violation of the pledges of the Republican national platform. He called upon the people of Wisconsin to "rebuke those who had deliberately betrayed the party in order to serve special interests," naming the so-called smelter trust, the sugar trust, the rubber trust and speculators in cotton. He declared the reelection of Senator La Follette of national importance, paying him a high tribute.

"SCOUT" REPORTS TO THE PRESIDENT

Congressman Weeks Finds Western Outlook Might Brighten for Republican Success.

Beverly, Mass., Aug. 11.—Representative John W. Weeks, of Massachusetts, one of the keenest political observers in the Republican party, reported to President Taft this afternoon the impressions he had gained from a recent trip through Minnesota, Montana, Washington, California and other Western states. He declared that everything looked mighty bright for Republican success at the polls this fall. Mr. Weeks said that despite the recent events in Kansas and Iowa, the "Middle West" is swinging into line for the administration and will give a good account of itself.

DEMOCRATS OF OKLAHOMA ENDORSE HASKELL AND GORE.

Oklahoma City, Aug. 11.—An endorsement of the administration of Governor Haskell and the recommendation that the honor question be eliminated from partisan politics are the chief features of the platform adopted by the Democratic state convention here today. The convention also adopted a resolution pledging Senator Gore the confidence of the party in Oklahoma in his integrity and expressing gratification that his charges have resulted in an investigation of Indian affairs.

VIRGINIA WARDLAW DIES IN HER CELL

Demise of Mysterious Woman Accused of Murder Is Attributed to Starvation.

Newark, N. J., Aug. 11.—Miss Virginia Wardlaw, one of the mysterious sisters under indictment for the murder of Mrs. Oey W. M. Snead, the East Orange bath tub victim, died this afternoon. Her death was due, in the opinion of the physicians, to starvation. The fate of the aged woman paralleled that of her alleged victim, for doctors who examined Oey Snead before her death said that her ailments were due to the lack of nourishing food. In the opinion of the jail attendants, Miss Wardlaw starved herself to death. This has revived the rumors that a suicide pact existed between Miss Wardlaw and her niece.

In the cell was found a quantity of stale food which the prisoner had concealed. The others sisters—Mrs. Caroline B. Martin and Mrs. Mary W. Snead—jointly indicted with her, were in their cells as she expired. What affected the death of Miss Wardlaw will have on the fate of her sister is still to be determined. She was the dominating influence of the strange household. Predictions are made that they may never be brought to trial.

PAROLED CONVICT IDENTIFIED AS WOULD-BE MURDERER.

Chicago, Aug. 11.—Michael McKevitt, a paroled convict, was identified tonight as the man who shot Anton Helge Sunday night, when Helge attempted to stop him after an attempted robbery. McKevitt is suspected of being the person who shot Dr. Michaelis, the Englewood dentist, Friday night.

FOUR JURORS CHOSEN AT THE TRIAL OF LEE O. BROWN.

Chicago, Aug. 11.—Four jurors were chosen and sworn today in the second trial of Lee O'Neill Brown. Night sessions are to be held to hasten the completion of the jury.

GERMAN IRON FURNACES ORGANIZE A SELLING AGENCY.

Cologne, Germany, Aug. 11.—All the German iron furnaces except three have decided to organize a common selling agency for pig iron. The combination many become a syndicate later.

SCOTT'S ANTARCTIC SHIP IS ELEVEN DAYS OVERDUE.

London, Aug. 11.—Considerable anxiety is felt for Scott's Antarctic expedition ship Terra Nova. The vessel is eleven days overdue at Cape Town.

FEAR MAYOR GAYNOR IS NOT RALLYING WELL

Thoughtful Readers of the Doctors' Bulletins Are Apprehensive That the Patient's Condition Is Not as Satisfactory as Maintained by the Physicians.

Disturbing Rumors Are in Circulation and They Add to the Undercurrent of Anxiety—Gallagher, Meanwhile, Prepares for His Defense—Will Be Insanity.

New York, Aug. 11.—The following bulletin was issued at 10:30 o'clock tonight by Mayor Gaynor's physicians: "Mayor Gaynor has had a comfortable day. He has taken sufficient nourishment. He is cheerful and stronger and is now resting quietly. "A complete radiographic examination shows definitely that the bullet is lodged in the vault of the pharynx, easily accessible; it is not considered wise to attempt to remove it at present. "The blood examination also was satisfactory."

New York, Aug. 11.—Mayor Gaynor may be making satisfactory progress, as his attending physicians persistently maintained today and tonight, but there is an undercurrent of anxiety evidenced tonight that runs contrary to the official bulletins. His surgeons say that he had a satisfactory day, and that he is cheerful and stronger, is resting quietly and is more than holding his own. As opposed to this attitude of optimism those who read the 10:30 o'clock bulletin thoughtfully noted the reference to a "complete radiographic" examination, indicating that it was necessary to take a second set of negatives in order accurately to find the position of the bullet. That an additional set of negatives was taken had been reported heretofore, but the rumor lacked confirmation. Nothing is said in the bulletin of the "split bullet," mentioned as indicated in the first picture; instead, the lead is now said to be lodged in the roof of the mouth. Whether the other shadow as indicated in the first picture is a splinter of bone, none of the physicians would say.

Although rumors are afloat that the physicians are in the midst of a disagreement, Robert Adamson, the mayor's secretary, denied this. The patient's irritability this afternoon and the barring from the sick room of all save Mrs. Gaynor and the attending physicians first gave rise to disquieting rumors.

Gallagher's Defense Insanity.

Gallagher, the would-be assassin, is beginning to lay the ground work for his defense. It will be insanity. While New York will have no direct hand in the trial, whether it be for assault with intent to kill or for murder, every effort will be made to provide assistance to the prosecution. If tried merely on the assault charge, New Jersey lawyers hold that Gallagher is likely to get a sentence tantamount to life imprisonment. It is pointed out that if sentenced for murder, he will be eligible for a \$3,000 fine, which can be remitted only by the state board of pardons. As he is practically penniless, paying the fine seems an impossibility and, in default of the payment, he may be kept in prison just as long as the board deems advisable.

CANTEEN'S ABOLISHMENT A MISTAKE, SAYS PRIEST.

Boston, Aug. 11.—Although he did not directly advocate the re-establishment of the army canteen, Rev. Father George A. Waring, chaplain of the Eleventh cavalry, United States army, implied that its abolishment was a mistake in an address before the national convention of the Catholic Total Abstinence union here today. Father Waring defended the reputation of the army men and declared that the soldier was driven to drink largely by the fact that he practically is barred from high-class places of amusement and refreshment. Unanimously reelecting as national president the Very Rev. Peter J. O'Callaghan, C. S. P., of Chicago, and uniting upon all the other officers, the convention came to a final adjournment this evening.

IDAHO'S PRIMARY LAW UPHELD BY SUPREME COURT.

Boise, Idaho, Aug. 11.—"The supreme court today held the direct primary law enacted by the last legislature constitutional." The court held the provision of the law for voting for second choice candidates mandatory. Under this ruling, if no candidate receives a majority of the votes cast, the one receiving the greatest number of first and second choice votes becomes the nominee.

ENVOYS SENT BY MADRID PRESENT THEIR CREDENTIALS.

Washington, Aug. 11.—Modesto Barrios and Sebastian Salinas, special ambassadors of the Madrid faction in Nicaragua, called at the state department this morning and presented their credentials. Letters in Spanish addressed to Secretary Knox also were presented. These were turned over to translators. Their contents are not known.

ARMOUR & CO. OFFICIAL IS INDICTED FOR PERJURY.

Chicago, Aug. 11.—Thomas G. Lee, of the dressed beef sales department of Armour & Co., was indicted today on the charge of perjury by the federal grand jury and was arrested. He gave \$5,000 bail.

The Weather

Washington, Aug. 11.—The following is the weather bureau's forecast for Upper Michigan: Partly cloudy, Friday; Saturday, probably showers; light to moderate east to south winds becoming variable Saturday.

GOV. PATTERSON PROPOSES A NEW PRIMARY ELECTION.

Nashville, Aug. 11.—As an outcome of the recent judicial election in Tennessee, in which the regular Democratic nominee, which he supported, were defeated by the independents, who had the active aid of the Republican organization, Governor M. R. Patterson tonight issued a statement in which he expressed his willingness to waive the Democratic nomination for a third term which he has already received and again test the question of the choice of the Democracy in the primaries. Thus he hopes to save the state to the Democracy.

EVEN BABY INDIANS SIGNED MCMURRAY LAND CONTRACTS.

McAlester, Okla., Aug. 11.—It was brought out in the investigation of the Gore bribery charges today that the Indians, as well as adults, "signed" the McMurray land contracts. The names of the "papooses" were signed by their parents or guardians. J. M. Perkins, of Choctaw, testified that he had nine children, all of whom signed the contracts.

DUDIE ARCHDALE WINS NEW LAURELS

Black Mare Piloted by Geers Captures the Principal Stake at the Columbus Meet.

Columbus, O., Aug. 11.—Dudie Archdale, winner of the Merchants & Manufacturers' stake of \$10,000 at Detroit last week and winner of the premier prize at Kalamazoo the previous week, today landed the Ohio \$5,000 stake, the biggest feature of the Grand Circuit program here. It took two heats only to capture first money, though Geers was compelled to use the whip in both heats, Bernaldo and Billy Burke crowding Dudie all the way. Hailworthy, who pushed the winner the hardest in the second heat and was only a scant nose behind her at the finish, was placed ninth for swerving in the stretch. The event being run on the three-heat plan, the scheme resulted in Dudie Archdale finishing first heat of the season, the first in the third. Billy Burke managed to finish first in that heat, with Bernaldo and Biss both landing ahead of the black mare.

The first division of the Tavern "Steak" race, the second big feature, could not be finished, because of darkness. Henry H. the winner of the first two heats, appeared to capture the event easily, but was set back from first to third place in the third heat, because he mixed gait on the home stretch. The event will be finished tomorrow. The 2:08 pace furnished plenty of excitement. Shugart proved himself the best stayer. Gamar, the favorite in the 2:12 trot, was never in danger. Judge Newton announced that Ulian will try to lower his own world record for trotting geldings to wagon (2:01) tomorrow, providing the track and weather conditions are favorable. The day's summaries follow:

Table with race results including 2:12 trot, 1:50; four starters: Gamar, 1 1; Billy Burke, 2 2; Captain George, 3 2; Margate, 4 4; Suble Maid, 5 3. Best time, 2:08 1/4. 2:08 pace, \$1,200; two in three; only winners in deciding heat: Shugart, 2 7 1; Good Goods, 1 5 2; Caffeone, 1 6 2; Big Boy, 5 2 3. Best time, 2:05 1/4. 2:14 trot, Ohio stake, \$5,000; three heats: Dudie Archdale, 1 1 1; Billy Burke, 2 2 2; Bernaldo, 3 2 2; Elsa, 4 4 3. Best time, 2:06 1/2. 2:16 trot, Tavern "Steak," \$3,000; first division; three in five (unfinished); twelve starters: Henry H., 1 1 3; Robert A., 1 1 3; Creighton, 3 6 2; Fair Maiden, 5 2 5. Best time, 2:10 1/4.

RIFLE TEAMS SHOOT FOR VALUABLE TROPHY.

Camp Perry, O., Aug. 11.—Twenty rifle teams of eight men each today shot the first stage of the Ohio State Rifle association's match for the Herriek trophy (valued at \$3,000). The United States Marine corps tonight leads Ohio by the narrow margin of ten points—1,133 against 1,143. The United States cavalry is third and the second team of the Marine corps fourth. The Chicago police department won the national police team match today, with a score of 1,004.

WISCONSIN TENNIS TITLE LIES BETWEEN CHICAGOANS.

Milwaukee, Aug. 11.—In the state tennis tournament here today, Forestall, of Chicago, defeated Hunter, of Milwaukee, and Larned, of Chicago, defeated McKim, of Champaign, Ills.

SAM REFUSED TO FIGHT UNLESS GUARANTEED \$750.

Philadelphia, Aug. 11.—The Langford-Kaufman fight scheduled for this city tonight was called off today, Langford having refused to go on unless guaranteed \$750.

TEMPLARS ARE GIVEN BAD SCARE

Rumor That an Excursion Ship Crowded With Passengers, Mostly Wives and Daughters of Masons, Is Burning in the Lake Creates Excitement in Chicago.

It Is Hours Before All Boats Are Accounted for and the Mistake Due to a Garbled Wireless Message Is Rectified—Denver Awarded the Next Conclave.

Chicago, Aug. 11.—A garbled wireless message indicating that a ship was on fire in the lake some distance from Chicago created excitement in Chicago today, especially among the Knights Templar. A harmless inquiry sent by wireless from the excursion steamer Christopher Columbus, with two thousand passengers, mostly wives and daughters of visiting Knights, on board, started the trouble.

The captain of the Columbus noticed smoke in the distance and asked the steamer Grand Haven if she had noticed anything unusual. As the rumor grew it presently embraced the Columbus itself, and the wires were kept hot with the frantic inquiries of Knights here.

It was six hours before all the boats were accounted for and the mistake was rectified. The fact that the various wireless stations tried to work simultaneously did much to add to the confusion. Before the rumor was exploded half a dozen tugs and ships had left here or had turned from their courses to look for the ship.

With the selection of Denver for the conclave in 1913 and the election of officers headed by William B. Mellish, of Cincinnati, as grand master, the business of the thirty-first triennial conclave of the Knights Templar was practically concluded during the afternoon. The other officers elected are: Deputy Grand Master Arthur MacArthur, Troy, N. Y.; grandmaster-in-chief, W. F. Pierce, San Francisco; captain general, Lee Smith, Pittsburg; senior warden, Joseph Kydd Orr, Atlanta; junior warden, Jehiel W. Chamberlain, St. Paul.

Acid Burns Automobile Party.

Chicago, Aug. 11.—J. C. Lewis, eminent commander of the Minneapolis Knights Templar commandery, was badly burned and several other occupants of an automobile in which they were riding were less seriously injured when a bottle of acid was tossed into the car in Michigan avenue tonight. Besides Mr. Lewis, the car contained Mrs. Lewis, Mrs. J. F. Boeke, wife of a Minneapolis meat dealer, and Albert Nathan, president of the Illinois Templar commandery, Chicago. The clothing of the four was ruined. Mr. Lewis' hands and his left knee were badly burned and Mrs. Boeke was burned about the knee. An open bottle of the dangerous fluid was tossed into the car by some one hidden in the crowd of seats occupied as a grandstand for the Knights Templar parade. The attack is associated with the recent strike automobile drivers.

CHICKENS TO KILL GRASSHOPPERS.

Farmers' Novel Scheme Said to Work Successfully and Profitably.

Oberlin, Kan., Aug. 11.—Chris Guenther, a farmer near here, has evolved a scheme to make money and get rid of grasshoppers at the same time. When the grasshoppers began their depredations on the crops in Deatur county Mr. Guenther noticed that they were attacking his large alfalfa crop. He bought some lumber and constructed a chicken house on wheels. This he placed in the alfalfa field. He then transferred his 600 chickens from the barnyard to the alfalfa field, and the chickens began to thrive. The egg yield increased rapidly and the young chickens began to grow.

Each night he moved the coop to another spot in the field, the chickens following, and the next morning they exterminated the hoppers in another spot. In this manner he has taken the chickens throughout the field, and it is one of the few in the county which is now being damaged to some extent by the pest. Other farmers are driving over their fields with tin boxes which slide over the alfalfa and knock down the hoppers into the boxes, in most cases breaking their wings and legs so they can not get out. The farmers then burn them or feed them to the chickens. It is believed that the pest will soon leave because it is noticed that the hoppers have very long wings and when the wind blows they are seen flying away by the thousands.

GIANT THROWS A BULL.

Missouri's John Ridd May Be the Next Champion Prize Fighter.

Albany, Mo., Aug. 11.—Not since this village won the county seat fight forty years ago has there been so much excitement crowded into the brief space of a few hours as has been manifested over the statement that Jim Corbett has announced that he believes Gentry county will produce the greatest fighter of the century. If one were to judge by physical ap-

RAILROAD CHARGES EXTENSIVE LOOT

Sensational Disclosures Involving Illinois Central Former Officials Are Made at Memphis.

Memphis, Aug. 11.—Disclosures of sensational nature involving high former officials of the Illinois Central railroad in the conspiracy by which the Memphis Car company is alleged to have defrauded the railroad out of hundreds of thousands of dollars were made today when a decree was entered in Chancellor Heskell's court. By this decree every dollar's worth of property at the Memphis company's plant and a certain sum of cash will be turned over to the Illinois Central. Prosecutions will immediately begin, it is said, against a number of former officials implicated, probably in the Illinois courts first and later in Tennessee.

The stockholders mentioned in the decree, besides E. H. Ward and H. C. Osterman, organizers of the car company, and their positions at the time of the issuance of the stock were: Frank B. Harman, general manager of the Illinois Central; Hugh McCort, general superintendent of the Southern lines; W. S. King, general superintendent of the Yazoo & Mississippi Valley, operating also the Memphis terminals of the Central; William Renshaw, until May 1, 1908, superintendent of machinery, having charge of repairs; Joseph E. Baker, his assistant, and John M. Taylor, general store keeper, Burnside shop, Chicago.

Removal is said to be in effect. It is known that the Central has refused offers of large sums in settlement to include immunity, declaring that the road would rather lose millions than have the officials party to the alleged fraud escape. Two of the officials, it is set forth, have returned to the Illinois Central the amounts received by them as dividends. These are H. McCort and W. S. King, each of whom has made restitution of \$13,000 in cash. One stockholder is dead—Ira G. Rawn.

GRAIN MARKETS SWING UPWARDS

Wheat, Corn and Oats All Are Strong, the Former on Bad Crop News from France.

Chicago, Aug. 11.—The largely increased imports probably needed by France because of the crop damage from the rains narrowed the gap today between the prices in this country and Europe. The buying of option here was active all day, and especially so on the part of foreigners. In consequence there was a net advance of 1 1/2% to 1 3/4%. Sensational crop loss news from France—as supported by higher European markets in general. There were private estimates that the French importations for the year would reach 100,000,000 bushels. Hand in hand with the bullish cable news came a distinct improvement in the domestic flour trade. The September opened at 10 1/2% to 5% and closed at 10 3/4% to 5%.

ANTI-SALOON LEAGUE ASKS HEAD OF CHIEF OF POLICE.

Des Moines, Aug. 11.—The Iowa Anti-Saloon league today preferred charges of sensational nature against George Yeager, chief of police of Des Moines. It asked that he be removed on the grounds that he permitted "resorts," gambling dens and liquor joints" to run in Des Moines and that he has refused to close them when asked.

ROBERT TREAT PAINE PASSES AWAY AT WALTHAM.

Waltham, Mass., Aug. 11.—Robert Treat Paine, president of the American Peace society and widely known as a philanthropist, died at his home here tonight. It was through his efforts in behalf of peace among the countries of the world that Mr. Paine became a figure of more than national prominence. He was born in Boston in 1835.

MRS. JUDITH HORTON FOSTER IS DEAD AT WASHINGTON.

Washington, Aug. 11.—Mrs. Judith Ellen Horton Foster, aged sixty, noted as a temperance lecturer and writer, died here today, following an operation. While residing in Iowa she was admitted to the bar. Later she took an active interest in the Women's Christian Temperance union and became a Republican campaign speaker.

JAMES WHITCOMB RILEY WILL RECOVER, SAY DOCTORS.

Indianapolis, Aug. 11.—The condition of James Whitcomb Riley, the poet, who has been seriously ill several weeks, is said by the physicians tonight to be improved and need not cause immediate alarm. He will recover, they said. Mr. Riley is aged fifty-seven.

APPLE GROWERS REELECT CHIEF.

St. Louis, Aug. 11.—J. W. Stanton, of Richview, Ills., was reelected president of the American Apple Growers' Congress, which closed its seventh annual convention here tonight. The next convention will be held here again.

MARQUETTE, MICH., AUG. 12.

Entered as second class matter of the second class in the postoffice at Marquette, Mich.

REPUBLICAN COUNTY CONVENTION.

A Republican convention for the county of Marquette is hereby called to meet at the City Hall in the City of Marquette, on Wednesday, the 14th day of September, A. D. 1910, at 11 o'clock in the forenoon, for the purpose of electing twenty-two delegates to attend the Republican state convention to be held in the City of Detroit on Thursday, the 6th day of October, 1910, at 11 o'clock in the forenoon, for the purpose of nominating candidates for state officers, for the election of a state central committee and a chairman thereof, and for the transaction of such other business as may properly come before the convention.

The several wards in the cities of Marquette, Ishpeming and Negaunee, and the townships of the county are entitled to delegates in the convention, based on the vote for governor at the general election held in November, 1908, as follows:

Table with 3 columns: City/Township, Votes, Delegates. Lists Marquette City, Negaunee City, Ishpeming City, and Townships with their respective vote counts and delegate allocations.

Well, how is that second hay crop getting along? Ardent insurgents continue to call at Oyster Bay; ditto, ardent regulars.

Battle Creek has a \$50 bribe scandal, and is making a \$5,000 noise over it.

If asphalt makes our sidewalk macadam streets stick on the side hills, asphalt is the thing for us.

Come to think it over, it would be hardly good manners for those Tigers to cop a fourth pennant.

Mackinac Island has lost one of its drawing cards for summer tourists. Uncle Joe has gone home to Danville.

Escanaba, we are told, is going to have a model charter, something that can be shown visitors with swelling civic pride.

Houghton county has concluded that its jail and jail management is not as bad as those of some of the other counties.

Everybody will agree that Senator Burrows' advice to the people to take an active part in the primaries is good advice.

Senator Aldrich, it is reported, will formally answer Senator Bristow. Why not stage the show in the form of a debate?

The Double H team has busted its 1,000 percentage, but it still is the one good bet to lead the copper country baseball league.

Dick Fletcher, of Bay, is mightily concerned lest Mr. Musselman beat Lieutenant Governor Kelley. If he does it promises to be for second place.

A story that Senator Flint of California may succeed to Richard Achilles Ballinger's cabinet place is in circulation. But how to lose Richard Achilles?

If Michigan was as tough a state to live in as the politicians say it is, it is during election time we Wolverines would indeed be proper objects of sympathy.

Muskegon is considering a city electrical plant. There are two companies that bid on the city's lighting, but somehow there doesn't seem to be much real competition between them.

"At Marquette thousands of people called to see Senator Burrows and he made known to him."—Hancock Evening News. That must be the reason traffic

Emblagaard Dairy Pure Dairy Products from Holstein Cows. GEO. GILLETTE, Distributor.

was stopped on Front street Tuesday afternoon.

The carrying of one congressional district and three counties is suggested by most competent observers as the probable limit of Mr. A. M. Burrows' achievement on September 6.

The Texas Democrats have launched a presidential boom in behalf of Senator Bailey. It is only two or three years ago that they were launching a movement to get his senatorial scalp.

A New Jersey spouse who deserted his wife was given a coating of tar and feathers. It is a punishment that would probably be more effective for stopping this offense than anything in the statute books.

Some press agent, too, that Jack Cremer man. As we read his reports on his latest farthest north expedition our admiration of his skill in handling colorful English and playing to his purpose is immeasurably enhanced.

Collector Loeb has announced that he will not be a candidate for the nomination for governor of New York. His present job looks pretty good to him when he contemplates the uncertainty of gubernatorial politics in New York this year.

Negaunee has taken on a fourth good pitcher. The Negaunee management evidently believes in having a lot of material around. Perhaps it contemplates challenging the world's champions in the late fall. That chap Steinfeld is quite cocky enough to do it.

Mayor Bailey, of Battle Creek, says he won't be a candidate for any office on the Democratic state ticket this year. Mr. Hemans, of Mason, doesn't want to run for governor, either, but he will, it is understood, come to the front for the love of his party, in default of anyone else to undertake the job.

The attorney general has decided that the state railroad commission has the power to fix the rates charged by the hydro-electric power companies of the state. If the attorney general is upheld it follows that these companies will in the future be much more circumspect about juggling rates.

"Senator," asked the beautiful girl, according to the Chicago Record-Herald, "are you a regular or an insurgent?" "I must decline to answer that question, my dear young lady. It is my hope that the two wings of the party will have come together before it is necessary for me again to seek a re-election."

Cummins, of Iowa, Colby, of New Jersey, and other insurgent leaders are booked to follow Senator Bristow into Wisconsin to urge the re-nomination of Senator La Follette. The insurgent leaders are going to have a four weeks' field day in the Badger state. There are framing things up so that they are going to celebrate a signal victory or bemoan a signal defeat.

Senator Aldrich denies flatly the report that the announcement of his impending retirement was not made in good faith, and that he will ultimately turn up a candidate before the Rhode Island legislature. His decision to retire is final and irrevocable, he says, and will not be departed from. Senator Aldrich will lay many well defined fears by his assurances.

Speaker Campbell has announced that he will be a candidate for re-election in his Grand Rapids district. He says that he has been requested by a majority of the members of the house to stand for re-nomination, and has been assured of enough votes for speaker to mean his re-election to that office. Farmer Baker, the leading Osborn grange boomer, is a candidate against him. Representative Campbell has cast his fortunes with Lieutenant Governor Kelley in the gubernatorial race.

Three inmates of the Massachusetts state prison at Charlestown have played hob with the finances of the institution by turning out a flood of bogus half dollars from an improvised counterfeiting plant set up in their cells. One of them is a skilled coiner and the others contributed scraps of necessary knowledge to the operation. A jeweler's crucible, plaster of paris, scraps of tin and lead and electricity stolen from a tapped wire, together with what must have been an inordinate resourcefulness, enabled them to make coins that passed inspection within the prison and some of which even found their way outside. It is now proposed to present the cases of all three men to a federal grand jury, for counterfeiting in prison is as much of a crime as counterfeiting outside, and your Uncle Sam plays no favorites. Such ingenuity as this trio displayed deserves, it would seem, some better reward than the imposing of another set of sentences.

The Detroit News says that Mr. Osborn is so concerned about the U. P. that he is going to give the concluding three weeks of his campaign to a tour of its fifteen counties. The News will have to guess again. Mr. Osborn's scheduled calls for continuous campaign work in lower Michigan up to the night before the primaries, when he will close his canvass at Saginaw. The upper peninsula situation, from the Osborn viewpoint, was never more promising than it is at this minute. The futility of Mr. Musselman's canvass is now generally

recognized and what Mr. Kelley thinks of his chances north of the straits is indicated by the fact that he is now making a sectional appeal in the lower peninsula, endeavoring to turn the prejudice against the upper peninsula into lower state votes for himself. Evidently Mr. Kelley does not expect much from this region. There is a steady solidifying of sentiment in this part of the state for Mr. Osborn, and by day the few individual voters who have strayed from the fold are getting back into the ranks.

THE PERFECT TARIFF.

There's one thing about Senator Burrows that is not open to debate. He is a most consistent standpatter. Though men are generally expected to store up knowledge and ripen their faculties through several generations of public life, Senator Burrows steps forward and says that if he had his career to live over again he wouldn't change a single vote. That's thirty-third degree Bourbonism for you! What does it mean as applied to the present contest? It means that if Senator Burrows is returned to the senate he will continue the stubborn opposition to all projects for popular legislation which characterized his course during the administration of Roosevelt and which cropped out again only a few months ago when he stood against requiring publicity of congressional campaign contributions before elections. It means that, as in the past, Senator Burrows will only give the assent of his vote to popular legislation, initiated by presidents like Roosevelt and Taft, when further resistance is shown to be fruitless and a dash for the handwagon to be highly expedient.

It was quite fitting that at Ishpeming the senator should kowtow to the perfect tariff, and celebrate the virtues thereof. It was quite in character with the greatest Bourbon of them all. Senator Burrows far outruns President Taft in his approval of the tariff. The most the president said for it at Winona was that it is the best tariff law ever enacted. In the same address he bore witness to his dissatisfaction with the cotton and woolen schedules, and recorded his belief that they should be corrected, along with other faulty schedules, by means of the tariff commission. But in Senator Burrows eyes the tariff is perfect, not so perfect perhaps as it would be if its schedules averaged higher, but as perfect as can be expected at this day and hour.

In his Ishpeming address Senator Burrows exhibited both his strength and his weakness. His strength lies in his appeal to those reactionary Republicans who would like to see the party set back some fifteen years, to where it was in the pre-Rooseveltian days, who regard the latterday progressive tendencies in legislation as ruinous and who hold that the best interests of the country lie in permitting the few to legislate for the many. His weakness is his entire lack of sympathy with the spirit in which Roosevelt took up the duties of the presidency and his entire inability to appreciate, or see anything good in, the progressive—not necessarily the "insurgent," mind you—movement in his own party.

Senator Burrows is still living a great many years ago, and he will never again be in tune with the times, whether he is returned to Washington or to Kalamazoo. His eyes are closed to political progress. He must, to be true to his nature, out-standpat the most radical "standpatters," and out-Bourbon the most hidebound of the Bourbons.

He expects much from the upper peninsula electorate. He is counting on its alleged lack of sympathy with modern political theory and lack of understanding of modern conditions. The upper peninsula electorate could pay no higher tribute to its strength of character, independence and responsiveness to vital currents of thought in this country than it would in the act of signally disappointing him.

AFTER EIGHTEEN YEARS, THEN WHAT?

What has Senator Burrows ever done that he should ask Michigan to return him to the United States senate? For eighteen years he has represented Michigan in that body. During that time he has initiated nothing, advocated nothing, done nothing that can ever place his name among those whom the nation acknowledges either great statesmen or great thinkers. He has fraternized among great men, men who have achieved things; men like Hoar and Lodge, of Massachusetts, and Foraker and Hanna, of Ohio; and his name is dissociated from any of them save as he publicly acknowledges his indebtedness to some one of their number for favors granted. His friends claim that with the retirement of Aldrich and Hale he will become a power in the senate. It may be accepted that Senator Burrows will not be compelled longer to "ask" some eastern senator for concessions for Michigan, and will not again be so tactless as to advertise the fact in a public meeting, but how, if in eighteen years of service he has been utterly unable to do anything, can it be reasonably expected he will do anything in a term which completed, and only six years away, will leave him but twenty years away from his centennial?

The land is ringing with the changes to come. Great issues have been forced to the front by Roosevelt and Taft which must be settled. Is Michigan to have a voice in the settlement? Aldrich will not be in the senate for Mr. Burrows to "ask." Is Michigan to take her place among the great states of the union, contribute her share to the thought and effort of the day, work out the problems of which a vigorous, verile Republicanism is demanding solution, or shall we permit an excellent gentleman, already loaded with honors, to attempt to serve the state, unable by the infirmity of years to bear the burden or adapt his mental habits to the changing conditions? What has Michigan done that she should be thus handicapped and

held back from the gratification attending achievement by her sons in the nation's councils?

Is Mr. Burrows' name associated with any of the achievements of the last congress? Townsend's was, and effectively. Anybody hear of Burrows as a champion of the railway bill? The postal savings banks bill? The conservation bills? The reclamation bills? The tariff investigation bills? The statehood bills? The publicity bill came from his committee, but is there a man, woman or child in the nation but knows it would have slumbered but for that heart-to-heart talk which the president had with him during that pleasant auto trip down Pennsylvania avenue? It was the one case which Mr. Burrows did not have to "ask" Aldrich. He asked Taft.—Jackson Citizen-Press.

A LAUGH OR TWO.

Wanted No Damages. An old colored woman was seriously injured in a railway accident. One of all her friends urged the necessity of suing the wealthy railroad corporation for damages. "I 'lar to gracious," she scornfully replied to her advisor, "ef dis ole nigger ain't done got more'n nuff 'o damages! What I wants 'nuff 'o what I's done gwine to sue dat company foh is repairs!"

Before and After.

The young Prince Tsai-Tao, during his visit to America, welcomed criticism of Chinese customs, and retorted before with counter criticism of the customs of the United States. The prince, at a fashionable luncheon in New York, sat beside a lady prominent in a rich and rather fast set. "Prince," said this lady, "I think it's dreadful that in China a bride never sees her husband before the wedding day." "Well," said the prince, with a grin, "here in America you never see him after it."—New York Tribune.

A Defender of His Faith.

The boy had a reputation in the neighborhood; but while his father, James F. McLaughlin, chief of the electrical bureau, discouraged fighting, he gloried in the lad's spunk. It was dusk when one night about a week ago young James returned to his father's house, his face smeared with blood and his clothes disheveled and torn. "What's happened to you?" asked his father. "I was fighting," he answered. "With whom?" "With a fellow named Tom Moore." "What made you fight with a big lad like that?" asked the angry parent. "Yes, and I'll fight him again," retorted Jamie, "if he says that Scotsmen wear kilts because their feet are too big to get into trousers."—Philadelphia Times.

Not Safe.

The negro, on occasions, displays a fine discrimination in the choice of words. "Who's the best whitewasher in town?" inquired the new resident. "Ale Hall am a bond a'tist with a whitewash brush, sah," answered the colored patriarch, eloquently. "Well, tell him to come and whitewash my chicken house tomorrow." "Ucle Jacob shook his head dubiously. "Ah, don't believe, sah. Ah'd engage Ale Hall to whitewash a chicken house, sah."

THE STATE PRESS.

One cause of public worry has been removed. The Abernathy kids are safely at home again and playing in their own back yard.—Pontiac Press. Chicago's city comptroller says Chicago is the cheapest city in the United States to live in and it ought to be, for it is worth about as little to live there as anywhere.—Grand Rapids Press.

The next platform of the Democratic party, says Governor Marshall, will be drawn up by a political economist, a philologist and an honest man. Can Indiana produce the combination?—Saginaw News. Don't accuse every stranger in town of being a politician. He may be here on business.—Holly Herald.

Owing to circumstances over which she has no control, Miss Helen Clara Lenoze will not be able to accept the very

Duluth Imperial Flour. The topic of the hour. More loaves; less flour. It has the power. Recommended and for sale by FRANK LABONTE, C. G. ECK, E. E. BRACHER, C. DAGENAIS, LAMMI & RYTKONEN. JOHN SIEGEL, WATSON & PALMER, FRED BUREAU, A. W. LINDSTROM.

generous offer of \$1,000 a week to exhibit herself in vaudeville. Her manager, Inspector Dew, has looked her for an ocean voyage.—Flint Journal. The Battle Creek man who eloped with his wife's sister probably didn't want to change mothers-in-law.—Grand Rapids Press. We move the enactment of a federal law prohibiting the shipment of green eyeshades across a state line. Do we hear a second to the motion?—Kalamazoo Telegraph. If some of these politicians would perform the duties of the voters hired them for, instead of running to Teddy Roosevelt for help, they might get quite as many votes when election day comes around.—Jackson Citizen-Press. \$100 REWARD, \$100. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

Today's weather: Probably showers; stationary temperature.  
 Yesterday's temperature: Seven a. m., 68 degrees; noon, 72; 8 p. m., 68. Maximum, 79 degrees; minimum, 57.

T. W. Clemo of Republic was in the city on business yesterday.

Miss Alice Beckman is spending a few days with friends in the copper country.

Mrs. Val Kohn, of Calumet, is visiting at Mrs. C. Winkler's, West Ridge street.

Mr. and Mrs. T. H. Siegrist of Indianapolis are visiting at the home of S. A. Houck.

Wm. Leighton of Grand Marais, oil inspector for this district, was in the city yesterday.

Miss Rose LaForge of Ishpeming is spending a few days with Marquette friends.

Mr. and Mrs. C. E. Mee and daughter, Gladys, are visiting with his sister, Mrs. H. R. Fox, East Arch street.

Marshal Manning went to Sault Ste. Marie yesterday, and returned last night with a young man, who is wanted here for jumping a board bill.

Mrs. J. O. Roy, 230 Genesee street, entertained at tea hour yesterday afternoon in honor of her daughter, Mrs. Wilbert Bradley, of Fort William, Ont. Covers were laid for twelve.

W. A. Delano resigned the first of the month as night ticket agent at the South Shore station, and his place has been taken by W. E. Fish, formerly agent at Chocoma.

Several fine fresh milk cows have been added to the herd at the Marquette City Dairy, and Mr. Vandenberg is now supplying the public with fresh home churned buttermilk daily.

The Finnish band gave an enjoyable concert on the down town streets early last evening before going to Presque Isle, where they played for a dance in the pavilion. The dance was largely attended.

Oak Leaf camp, No. 201, Royal Neighbors of America, will hold a basket picnic at Presque Isle this afternoon for members and their families. Those who attend may take any car after 2 o'clock.

Ed Green left for Duluth last night, where he will acquaint himself with the operation of the Packard automobile.

W. F. Fitch has recently purchased a car of that make, and Mr. Green has been engaged as his chauffeur.

David J. Allen of Princeton believes he has the record for an early laying pullet. He states that one of his rose combed brown leghorns that was hatched April 6 layed her first egg Aug. 9, when she was only four months and three days old.

Boulevard Now Open—The stretch of boulevard near the foot of Pine street which has been covered with several feet of sand and closed to traffic for several years, has been reopened, to the great joy of the automobilists. It was stated yesterday that an effort would be made to get an appropriation from the council to build some sort of a protecting wall between the drive and the lake, to prevent the roadway being washed over again in time of storm.

First Money Over New Counter—The first money taken in over the new Mining Journal counter was paid by the Northwestern Collection agency, of this city; two good sized checks, one on advertising account and one for collections made. The Northwestern Collection Agency is always in evidence at the head of the procession when there's something doing. Manager Withey has been getting away from the counter and keeping there, and what he can't get in the collecting line is not worth keeping account of.

Maney Elected President—T. J. Maney, of this city, was elected president of the Upper Peninsula Firemen's association at the tournament at the Soo Wednesday night. It was decided to hold next year's tournament at Bessemer.

Maney's report that it was a very tame affair, compared with those of earlier years. The entries in the races were comparatively few and the decorations, which used to be a great feature of the tournaments, were conspicuous by their absence.

Postponed One Day—On account of Tuesday, Sept. 6, being state primary election day, the opening of the September term of circuit court has been postponed until Wednesday, Sept. 7. To conform with this change, the days on which citizenship petitions will be heard have been changed to Sept. 8 and 9. The term does not promise to be a particularly long or interesting one, and the trial of the two Italians who are charged with the murder of Richard Varcoe at Ishpeming, is expected to be the most important criminal case. Palmer Grunette, who is held for criminal assault committed at Little Lake, will also be tried.

Little Sickness or Death—Physicians and undertakers are having lean times these days. The last six weeks has been a period of unusually healthy weather, judging from the small amount of sickness in the city, and the death rate has been much lower than usual. Undertakers report that they cannot remember when there have been so few deaths for so long a time in Marquette, and a very large proportion of the deaths that have occurred have been from violence, or were persons whose homes were not in the city.

Village Wag Busy—Some village wag succeeded in creating considerable amusement yesterday. In one of the windows of a Washington street third parlor a sign has been displayed, "Come in and Get a Shoo Shine." Yesterday, someone mutilated this sign by scratching out the word "shoo" and replacing it with the word "good," so that the pastebord read, "Come in and Get a Good Shine." It is needless to say that the sign was replaced as soon as knowledge that it had been tampered with was brought to the proprietor.

Majestic Range demonstration at Kelly Hardware Co. from Aug. 15 to Aug. 20. Don't forget the date. 8-9-11

INSURE WITH PETER WHITE & CO. It is worth 88 to you to read our advertisement in this paper, so don't overlook it. 8-9-11 KELLY HARDWARE CO.

**PROF. HAYS PLAYED JOKE ON HIMSELF**

Wanted a Job But Recommended a Friend and Then Lost His Chance.

Washington, Aug. 10.—There is a little story going the rounds of the department of agriculture now that would be none the worse if it were true, which, of course, it is not, officially at any rate. It is to the effect that but for circumstances over which he had perfect control, but which finally got away from him, the assistant secretary of agriculture would be holding down another job, one that pays more and probably would be more to his liking.

It will be remembered that recently Prof. A. F. Woods, who was for many years the assistant in the bureau of plant industry, accepted a call to be dean of the Agricultural College of the University of Minnesota. When the call was first made on Professor Woods he declined to go. It was whispered that he wanted to go, but there were some matters of salary and he wanted a little more urging.

When this hitch came in the affairs of the university some of Professor Woods' friends applied to Professor Hayes, assistant secretary of agriculture, to urge Woods for the place. Now it is rumored that Professor Hayes would have turned down the offer of the university himself, in fact, that he had good reason to believe that the tender of the place would be made next to him and he was going to accept it. However, Professor Woods had said positively that he could not accept the place, so Assistant Secretary Hayes wrote the needed letter of recommendation.

In fact, it is said, that he waxed so eloquent with his pen that the Minnesota faculty decided that Woods was the one man they wanted and must have. So they raised the ante in the salary line and made some other attractive concessions, and then Woods accepted.

LOWER STATE NOTES.

LANSING—Land Commissioner Russell has announced that he is making arrangements to sell all the dead and down timber on state lands, as directed by the public domain commission. The commissioner believes the timber will yield considerable revenue for reforestation, as well as remove some of the danger of serious forest fires. Sales will be held at central points near state lands and the timber sold for its estimated value. This is the first time this scheme ever was proposed in Michigan.

GRAND RAPIDS—The first public demonstration of Michigan suffragettes will be made in the fraternal and military pageant in the Grand Rapids sixtieth anniversary celebration week after next. The Grand Rapids Equal Franchise club, the leading "votes for women" organization in the state, will make the pageant an occasion for a show of strength, presenting both a float and nearly a score of decorated automobiles loaded with girls and women. Mrs. Huntley Russell, wife of the state land commissioner, is chairman of the committee on arrangements. It is declared that the demonstration will be "dignified," and will not contain an anti-race Chicago parade.

DETROIT—An appeal for help came to the sheriff's office from a switch-tower four miles west of Delray, where a Wash-bash freight train was stalled, while a large gang of looters with drawn revolvers held at bay the train crew. They had thrown the switch so that the train could not proceed and threatened to shoot anyone who came near. The row started when the train was driven off the track. In an automobile, with four deputies, Sheriff Gaston started to the relief of the railroad men. Then the automobile had gone about as far as it could be driven when a mob of about a dozen switch engine men met the posse and sped to the place where the yeggs were holding siege. Twelve were captured without much difficulty and brought back to the county jail. The train, which was bound for Chicago, was delayed more than two days. An attempt was made by the hoboes to drive out Michael Foy, in charge of the switch tower, but he held them off with a revolver.

BUSINESS IS BUSINESS.

The judgment of Solomon is out of date. A woman who gave away her child in infancy and desired to get it back is repulsed by the courts, not even getting an offer of half of it. A bargain is a bargain in these material days.

The only metal polish for automobiles at Wm. Schunk's harness shop, 211 S. Front St. (8-2-2w)

UNITED STATES MARSHAL'S SALE.

Western District of Michigan.

By virtue of an order of sale issued out of the United States District Court for the Western District of Michigan, on the 9th day of July, 1910, notice is hereby given that I will sell by public auction, for cash, on Thursday, the 18th day of August, 1910, at 2 o'clock p. m., at Detroit, Mich., in front of Watson & Bennett's store, the tug "Victor," her engines, boilers, machinery, boats, tackle, apparel, appurtenances and furniture, as she now lies at her dock.

### How Eye Strain Causes Eye Diseases

Eye strain is the first cause of most eye diseases. It produces irritation and congestion and a consequent general weakness of all the nerves and muscles of the eye. In this way any eye disease, such as Cataract, Optic Nerve Paralysis, Ulcers, Glaucoma, Granulated Lids, etc., may be produced. Any of these diseases, if neglected, may result in blindness. The best time to treat eye diseases is in the "eye-strain stage."

If you are having any trouble whatever with your eyes, no matter how slight or insignificant, consult us.

### NEW LIBRARY BOOKS.

The following books have been placed upon the shelves of the Carnegie public library:

Kelly—The Golden Season.  
 Kettle—Under the Grand Old Hills.  
 Barry—Sandy of the Sierras.  
 Langford—The Voyage of the Winnebago.  
 Bennett—Old Wives Tales.  
 Churchill—A Modern Chronicle.  
 Bindloss—Thurston of Orchard Valley.  
 Benson—The Fascinating Mrs. Halton.  
 MacGrath—Arms and the Woman.  
 Van Vorst—Girl from His Town.  
 Pratt—The Living Mummy.  
 Dean—A Disciple of Chance.  
 Rinehart—When a Man Marries.  
 Curwood—Danger Trail.  
 Wright—A Three-Foot Stool.  
 Street—Ned of Change.  
 Tompkins—The Top of the Morning.  
 Lynde—The Taming of Red Butte.  
 Western.  
 Brainard—The Personal Conduct of Belinda.  
 Rolpha—The House of the Whispering Pines.  
 Sinclair—The Happy Family.  
 Henry—Strictly Business.  
 Kelly—Little Aliens.  
 Brown—Country Neighbors.  
 Phillips—White Magic.  
 Williamson—Lord Loveland Discovers America.  
 London—Lost Face.  
 Atherton—Tower of Ivory.  
 Vance—The Fortune Hunter.  
 Ray—Over the Quicksands.  
 Martin—The Crossways.  
 Marshall—In Old Kentucky.  
 Mason—The Godparents.  
 Doubleday—The House on Rowan Street.  
 Chambers—The Green Mouse.  
 French—By Inheritance.  
 Kelly—Rhoda of the Underground.  
 Wells—The History of Mr. Polly.  
 Webster—The Sky Man.

## Ishpeming Department

### WAHLMAN & SON AWARDED CONTRACT

C. C. I. Co. to Do More Building at North Lake and on the Swanzy Range.

The Cleveland-Cliffs Iron company has awarded J. Wahlman & Son several building contracts. The most important calls for the erection of ten double houses at the North Lake location. The houses will be identical with the ones built there a year ago. Each of them will have five rooms. There will be a double barn at the rear and each family will have sufficient ground for good-sized gardens. The lumber for the dwellings is now being delivered and work will be started at once. All of the houses will be completed by Dec. 1.

A boarding house, similar to those erected at the North Lake and Barnes properties, is to be built at the mine, on the Swanzy range, where a concrete shaft was recently started by the New York Foundation company. This, in time, will be a goodly producer, as two shafts are to be sunk. The mine is some distance from Gwin, and it is expected that most of the workmen and their families will live at the property. Dwellings will be erected later, but it is not expected that any will be put up this year, as the mining work has not yet advanced far enough to make them necessary. The men who will be employed there for some months can be accommodated in the boarding house.

Two other contracts awarded to the Ishpeming firm are for extensions to the company's coal trestles at the Maas mine, Negaunee, and the one at the main power plant on the Swanzy range. The extension to the Swanzy trestle will be sixty feet and the one at the Maas mine trestle thirty-six feet in length. Both of these trestles are provided with three tracks. The Maas dock has a capacity of about 5,000 tons, and the one on the Swanzy range will now hold 6,000 tons. By increasing the size of the docks between 2,000 and 3,000 tons additional can be stored.

Wahlman & Son have also been awarded a contract by the Cleveland-Cliffs company for the extension of a water power plant at the Dixon siding, near Munising.

Bids will soon be called for the erection of a school house at the North Lake location. The school at West Ishpeming will not be large enough to accommodate the children of that district as well as those living at North Lake. There are now over twenty families at the North Lake location, and there will be between thirty and forty school children there when the school is ready for occupancy.

### Obsequies of Popular Ishpeming Business Man Were Largely Attended.

The funeral of the late Will Muggur yesterday afternoon was one of the largest that has been held here in months. There was a representative attendance of the members of the Masonic, Knights of Pythias and Elks societies, who marched in a body from the family home on Second street to the Episcopal church, thence to the cemetery. Masonic services were conducted at the house by Rev. C. L. Adams, pastor of the First Methodist Episcopal church, and the Episcopal services were conducted at Grace church by Rev. C. G. Zeigler, the minister on the Swanzy range. The funeral services were read at the cemetery.

There have been many rumors in circulation as to the cause of Mr. Muggur's death. W. J. Blamey, one of his business associates, who started the search for him when it was learned that he was missing from his hotel, is positive that Mr. Muggur did not commit suicide. He believes that the deceased had lost his mind temporarily, and that he imagined he was being pursued by enemies. He was registered at the Victoria hotel and he went from there to the Kaiserhof about midnight Saturday. Instead of applying to the office for a room he went directly upstairs, where he met the hotel patrolman. He asked him for a room and the patrolman told him to apply for it at the office. Mr. Muggur replied that he did not care to go to the office and he gave the patrolman money to pay for the room. The man soon returned and escorted Mr. Muggur to his room and it was supposed that he went to bed. Some time later he was found attempting to climb up the side of the elevator enclosure. He was asked what he was doing there, and he replied that someone was pursuing him. He was taken back to his room and that was the last seen of him. It is assumed that he later left the room and started through the stairs, which led to the roof, the elevator tank is located close to the roof entrance and the ladder extending to the top of the tank, which has no cover, is directly opposite the stairway. It is assumed that after reaching the top of the stairs he saw the ladder and climbed it, falling over into the tank.

The Chicago Tribune had a better account of the affair than any of the other Chicago papers. It was as follows:

"His teeth caught in the cable of an elevator, a man identified as W. J. Muggur, twenty-six years old, of Ishpeming, Mich., was found yesterday in the hydro-tank on the roof of the Kaiserhof hotel. Testimony at the inquest at Rolston's undertaking rooms convinced Deputy Coroner Conrad that Muggur fell from the roof while descending and plunged into the big vat. "The body is believed to have been in the tank since Saturday night. On that evening Muggur was found wandering in the halls. Asked why he did not remain in his room, he replied: "There's a man in my room, and he says they are now! Rudolph Kieck, a night watchman, who went to the roof to investigate the complaint that the elevator did not work well, discovered the body of Muggur floating about, the body clutched firmly to the cable. The body was clad in a shirt, trousers, and shoes. "At the request of W. J. Blamey, a business partner of Muggur, who identified the body, a further investigation will be made on Tuesday. "I am convinced Mr. Muggur climbed to the tank under the impression that he was running away from imaginary foes," said Mr. Blamey. The police will attempt to locate Muggur's missing coat and hat before the next hearing. "Responsibility over the death of his father four months ago is believed to have affected his mind. Just before coming to Chicago Mr. Muggur had attended the Knights of Pythias meetings at Milwaukee and was planning to take a rest cure for several weeks. "Two Ishpeming members of the Knights of Pythias left Milwaukee for Chicago with Mr. Muggur and they spent the greater part of Saturday together. When he left them he said that he had some business to attend to and that he would meet them that evening, but that was the last they saw of him.

### THE LATE MRS. THEXTON.

Funeral of Wellknown Resident Will Be Held Saturday Afternoon.

The late Mrs. William Thexton, whose death was briefly announced in yesterday's issue of this journal, was an old and highly respected resident, and the announcement of her demise was received with general sorrow. Mrs. Thexton passed away peacefully Wednesday morning at ten minutes to four. She had been a patient sufferer for the greater part of the summer, and she died at her home, 1212 North Main street, at the age of 78 years. During that period she submitted to two difficult operations for cancer, which was the cause of her demise. She obtained considerable relief from the operations, and for a year after the first, which was performed by Ishpeming hospital surgeons, her condition was much improved, and her relations had hopes for her complete recovery.

Mrs. Thexton was a devout member of the First Methodist Episcopal church and a short time before she passed away she discussed the children of that church with her relatives and named the hymns that she desired sung at the funeral services. She was a native of Cornwall, England, where she was born Nov. 11, 1860. Just twenty-two years from that date she was married to William Thexton, who, with six children, survives her. She came from the old country to Ishpeming in 1888 and had lived here continuously ever since. Her husband was for years the head mason with the Pittsburgh & Lake Superior Iron company and he also superintended the construction of the Ishpeming High school, the Division street grade school and the

### ISHPEMING'S POPULATION.

Official Census Will Show It to Be in Excess of 15,000.

Ishpeming people frequently make inquiries regarding the census. While no official figures have yet been given out, those who were employed in the work here have made known the fact that the population of Ishpeming will show a considerable increase over the figures reported ten years ago. The Mining Journal has been reliably informed that Ishpeming's population at the present time exceeds 15,000, the increase over the previous census being in the neighborhood of 2,000. The population in all of the townships adjacent to this city has also shown an increase.

It is reported from Washington that it will be the middle of October before the people of the United States learn their true number as revealed by the official count of the thirtieth census. It is generally believed that it will be about 90,000,000, and census officials are known to share in this general belief, although officially they know nothing about it. This belief is based on the fact that an increase slightly in excess of the 13,000,000 increase in the previous decade would bring the population in 1910 to the 90,000,000 mark.

About 300 of the more than 1,800 clerks in the census office are compiling population figures only, while the others are working on other statistics. Contrary to the general opinion, all of the counting of the people is done by hand, the tabulating machines being used only in classification as to race, sex and other conditions.

Enumeration figures will continue to be given out day by day for the next two months or more, while the sociological and industrial figures will come later. All enumeration figures are counted from three to four times and an investigation is ordered if there is any suggestion of an error. In two cities evidence of fraud has been discovered, and in one—Great Falls, Mont.

### DELIGHTFUL ENTERTAINMENT.

The young people who gave an entertainment last evening at Ishpeming theater under direction of Miss Jolly, of the National Troubadours, for the benefit of the Epworth league of the First Methodist Episcopal church, were greeted by a large and enthusiastic audience. The entertainment was a great success. The program was a musical one, in which the performers appeared in national songs, dress and fancy drills. Over 100 young ladies and girls, also several young men, took part in the entertainment. Much credit is due Miss Jolly, who spent less than ten days training the participants. The costumes are striking and add much to the success of the entertainment. The program will be repeated again this evening.

### ACUTE OR CHRONIC—WHICH?

No matter if your kidney trouble is STRUCK A RICH MINE. S. W. Bends, of Coal City, Ill., says he struck a perfect mine of health in Dr. King's New Life Pills for they cured him of Liver and Kidney Trouble after 12 years of suffering. They are the best pills on earth for Constipation, Malaria, Headache, Dyspepsia, Debility, etc. at Stafford Drug Co.

acute or chronic Foley's Kidney Remedy will reach your case. Mr. Claude Brown, Reynoldsville, Ill., writes us that he suffered normal months with kidney complaint which baffled all treatment. At last he tried Foley's Kidney Remedy and a few large bottles effected a complete cure. He says, "It has been of inestimable value to me." The People's Drug Store.

## THE LAME, SICK AND DEAF APPLY

### Stirring up the Whole City With Work He Has Accomplished

Results that are being accomplished by this man Fazakerley that are being brought to our notice day by day are something marvelous. People are crowding into the office to give thanks for benefits already received. Some few call out of curiosity, but the great crowd of the darker side of life predominates; suffering humanity being largely represented whose bodies are racked with pains, victims of various troubles, nervous people, who for nights have not slept, young people who should be enjoying the full measure of health, and aged men and women to whose burden of years has been added the affliction of disease. Fazakerley is showing constantly what he can do with his formulas. People are coming from far and near to see and hear this wonder worker.

His office at 607 Third street is crowded daily with suffering humanity. Consultation, examination and advice are free to all between the hours of 10 to 12, 2 to 5, and 7 to 8 daily. 8-12-10

### GYPSIES ADVISED TO CEASE WANDERINGS

New King of Nomads in U. S. Forecasts Inevitable Passing of the Race.

### SHOULD TURN TO FARMING.

Plans to Start Colonies—Proposes Also to Urge Certain Reforms in Marriage Ceremony.

Washington, Aug. 10.—A square shouldered, stern and implacable looking old man, who has the bearing and appearance of a Parisian boulevardier, albeit he wears the clothes of a day laborer, sounded the knell of the traditions of a race this morning as he stood in the office of his lawyer and told with a touch of emotion that contrasted strangely with the stoical indifference of his facial expression, of the ultimate and inevitable passing of the American gypsy.

The old man was Paul Mitchell, the dark-skinned Brazilian who has just been chosen king of the gypsies in the United States, and whose right and title to office has been certified to by no less than two cabinet officers. "Eet ees de end, senior," he said with just the suspicion of a tremor in his voice. "De gypsy he mus' mak' de foenesh to de beeg road. De beeg road, he mus' lik hem, senior. Believe me, he is good mans, but de people theenk hem bad. All, evr' place, he mus' put too much money to walk de beeg road. Eet ees not right, senior, but eet is come and de gypsy mus' stop de long travel and mak' home, eh, senior?"

### Will Be Hard to Stop.

"Eet weel he hard, senior, but eet mus' be. De gypsy he ees wander so long, senior, eet ees in de blood. Always he lik' see new people, fresh towns, ah. He mus' be farmer folks now. He mus' stop travel. I have wander far, senior. I have walk in Brazil, senior, and een Hungary an' een Spain. I have liv' in Egypt, senior, and I sell horse in Cape Town, but I know eemus' end."

"I weel try to stop eet, I will mak' people live leetle bit longer each place thees year, senior. I weel punish those wat do not, senior, and mebbe, bimbeby, de gypsy is mak' farmer folks. I weel fry; but eet ees a hard theenk, senior; dam hard theenk."

What the gypsy king said is only too true, except that he is the first man ever chosen to act as ruler of the American gypsies who has realized it. In recent years most of the states have enacted rigorous laws designed to keep the gypsies out, and now there are only a few places in the country where he can travel without being subjected to heavy license fees.

Virginia now has a law whereby each county is permitted to tax each party of gypsies traveling through it \$200. This renders travel in the state absolutely prohibitive. Maryland has a law requiring a heavy license fee for each county and many other states have taken similar steps to crowd the wanderer out.

### Should Become Farmers.

King Emil is determined to teach his people the absolute necessity of learning to settle down and become farmers. He proposes to issue an order immediately directing all parties to remain several months in each place selected as a camp site, and that he may get in touch with them he has decided to order them all to be at certain appointed spots in various parts of the country Christmas day. On that day he will telegraph orders to each band and will insist that these orders be obeyed.

He proposes to look over the country and select certain localities for the colonies which he proposes to establish when he has accustomed his people to living long in one spot.

He thinks he can purge their spirits of the wanderlust and silence the call of the road, but Steve Migel, his first assistant, whom he appointed this morning, is not so sure that the gypsies are going to forget the lure of the highway. Migel is from Egypt and speaks English with the peculiar precision and amusing transpositions which sometimes characterize the speech of orientals.

### Migel Indorses Chief.

"My chief has the idea that is large," said he. "It is the magnificent as the teacher in Alexandria would remark to me when I was the boyhood student in the days which in the past have gone away. It is not easy. It is the matter of great and much hardship. The gypsy likes to take a journey, but his long and to extremely far points that are distant many miles. The gypsy has taken such long travels for hundreds of the years, and he will not grow the plants now just at once."

Another reform which King Emil proposes to establish in the matter of the marriage ceremony existing among so many of the Gypsies, particularly among the Syrians. Under existing conditions the wife is bought by the husband from her parents, and no ceremony is performed. The price ranges from \$1,000 to \$3,000.

Should the bride succeed in escaping from her husband this money is forfeited and she is permitted to live with her parents.

"Thees ees not right," said King Emil this morning. "Eet ees not what Catholics should do. All gypsies mos' such as thees, and shurecks, and shurecks, I mak' order stop and eet weel stop."

### STAGGERS SKEPTICS.

That a clean, nice fragrant compound like Bucklen's Arnica Salve will instantly relieve a bad burn, cut, scald, wound or piles, staggers skeptics. But great cures prove its a wonderful healer of the worst sores, ulcers, boils, felons, eczema, skin eruptions, as also chapped hands, sprains and corns. Try it. 25c at Stafford Drug Co.

### From Sickness To "Excellent Health"

So says Mrs. Chas. Lyon, Peoria, Ill.: "I found in your Foley Kidney Pills a prompt and speedy cure for backache and kidney trouble which bothered me for many months. I am now enjoying excellent health which I owe to Foley Kidney Pills." The People's Drug Store.

### Mining News

GIROUX.

Two compartments of the big new shaft of the Giroux Consolidated Mines company are now down seventy-five feet below the 1200-foot level and are being carried on downward at the rate of five feet in twenty-four hours. When the 1300-foot level is reached the other compartments of the shaft will be upraised to the 1200-foot level. It is planned to complete this work about the time of the installation of the pumps in the station now being completed at the 1200-foot level. Crosscutting from the 1200-foot level toward the Alpha will be carried on simultaneously with the erection of the pumps at the 1200-foot station. A second hoisting engine will be put in which will handle materials for the pumping station through one compartment of the shaft, while at the same time the main hoist is handling the men and materials and hoisting the muck from the crosscut through another compartment. Work on the permanent hoisting plant at the Giroux shaft is being somewhat delayed by non-arrival of materials. From present indications, the plant will hardly be in operation before the first of the year.

### NEVADA CONSOLIDATED.

S. W. Eccles, vice president of the Nevada Consolidated Copper company and of the Steptoe Valley Smelting & Mining company, has left the district after a visit of inspection to the Nevada Consolidated properties in company with D. C. Jackling, vice president and general manager of the Utah Copper company. While in Ely, Mr. Eccles made the statement that the Nevada Consolidated had no intention of curtailing its output. He said further that the output of the Steptoe company could handle, without additions to its present equipment, 10,000 tons of ore per day. During the first three weeks of July the plant handled an average of 9,063 tons of ore per day. With reference to the Nevada Northern railway, of which he is president, Mr. Eccles stated that the road would soon have seventy-five new ore cars and two new locomotives. The Nevada Northern hauls all the ore produced by the Nevada Consolidated twenty-one miles down through the mountains from the steam shovel pit at Copper Flat to the plant of the Steptoe company in Steptoe valley. This heavy traffic over mountain grades is very hard on both cars and locomotives and the new equipment is much needed.

### WORLD'S COPPER SURPLUS.

It has been many months since the statistics of the copper producing industry have made it possible to record a decrease in the world's surplus of the metal. It remained for the month of July, however, and before the curtailment plans had been put into full operation—to show the unexpectedly small increase of 2,254,961 pounds in the American refinery surplus, against a decrease in the foreign visible supply during the same month of 10,568,320 pounds. The world's visible, therefore, during the month has decreased 8,313,359 pounds, an event of more than ordinary significance. It will be no trick at all, when once the curtailment process has had time to show itself in the refinery figures, to bring about monthly decreases of 10,000,000 pounds and more. It is easy to foresee another very favorable statement to issue for the months of August and September. Copper manufacturers have come into the market on a large scale, and are replenishing their stocks, believing the price has reached rock bottom. Incidentally it may be well again to remark that a very large portion of the so-called world's surplus includes copper which would ordinarily be carried in manufacturers' stocks, but the statistics have for so long a time been coming the consumers' way, that they have allowed their working supplies to run down almost to the vanishing point. The world's surplus may now be compared as follows:

Pounds.	January 1st	February	March	April	May	June	July	August
	385,970,911	346,700,139	361,338,092	373,432,554	388,737,839	399,881,572	401,139,699	392,826,038

### TAMARACK.

Of the Tamarack company's 60,000 share capital, 19,400 shares are in the treasury of the Calumet & Hecla and a very large portion of the remainder is held by estates, all of which operates to reduce the floating supply of stock. At the present time Tamarack is producing at the rate of about 12,000,000 pounds of copper or 1,000,000 pounds a month, but it is hardly likely that with its known high cost of operation the company is showing any material operating profit. Since Calumet & Hecla assumed the reins of management, however, some very important economies have taken place, the most substantial of which has been the additional recovery of between two and three pounds of copper per ton of rock. The company is also saved a substantial interest charge in the extinguishment of the floating debt, which a year ago amounted to between \$600,000 and \$700,000. During the year ended Dec. 31 last Tamarack had an interest charge of \$51,424, a sum equal to three eighths of a cent per pound on its 1900 production of 13,000,000 pounds of copper. On the present basis of operations an increase of one cent per pound from the present selling price of copper, if maintained for twelve months, would mean increased net earnings of \$2 per share. Few people realize that at \$53 per share Tamarack's mine, mill, surface machinery and all other assets are selling in the stock market for only \$3,180,000, and this is for a property which has paid its shareholders a total of \$9,420,000 in dividends.

### MIAMI.

With the exception of the curtailment of the development work, things at Miami are progressing as usual. The reason for laying off part of the underground force is that the mine is at present in such a stage of development that further underground work would not be advisable. The mine as it stands today has ten levels. Beginning at the 220-foot level there are sub-levels every twenty-five feet to the 370-foot level. Below the 370-foot level the next is fifty feet down or at depth of 420 feet. This 420-foot level is to be the main haulage way in the first operations at Miami, and

## WORTH MOUNTAINS OF GOLD

During Change of Life, says Mrs. Chas. Barclay

Graniteville, Vt.—"I was passing through the Change of Life and suffered

from nervousness and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter."—MRS. CHAS. BARCLAY, R.F.D., Graniteville, Vt.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures of female ills as has Lydia E. Pinkham's Vegetable Compound. For more than 30 years it has been curing female complaints such as inflammation, local weakness, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration, and it is unequalled for carrying women safely through the period of change of life.

It costs but little to try Lydia E. Pinkham's Vegetable Compound, and, as Mrs. Barclay says, it is "worth mountains of gold" to suffering women. on it are to be installed the electric locomotives. The next lower level is the 470 feet further down, and the last one to date is 100 feet lower, or 570 feet from the surface. This is also to be a haulage level when the proper time comes. On the various sub-levels above the 120-foot level, drifts and cross-drifts cut up the ore bodily into blocks measuring fifty by 100 feet and in some cases fifty by fifty feet. Raises are then put in every fifty feet, and the ore from the 420-foot haulage level.

### GERMANY ENLARGES GUNS.

New Battle ship Armament Planned to Excel Great Britain's.

Washington, Aug. 11.—The information from Berlin that Germany is preparing to arm her new battle ships with 35-centimeter guns possesses an element of interest to naval ordnance officers. This caliber is equivalent to 13.8-inch, or slightly larger than the British 13.5-inch guns.

The Berlin informant described the German ordnance as "more powerful and twice as long-lived" as the English armament. This leaves the United States still in the lead with its new type of 14-inch gun, is to be installed on the battle ships authorized at the late session of Congress.

It is yet only assumed that this caliber will be adopted for the main battery of those vessels, since the Navy Department has not formally made any such announcement. The new 14-inch guns, ten for each vessel, will be reproductions of the type gun which has been successfully tested at the naval proving grounds at Indian Head.

### Not in the Papers.

Sir Ernest Shackleton at the luncheon in his honor, given by the Pilgrims in New York, said of a piece of geographical ignorance.

"It was incredible. It reminded me of a little waiting maid: 'As she brought me my tea and toast and bread, she said to me: 'What a rainy morning, Mary! It's almost like the Flood.' 'The Flood, sir?' said the little maid. She looked at me with a puzzled smile. 'Yes,' said I. 'The Flood—Noah, you know—the Ark—Mount Ararat.' 'She shook her head and murmured apologetically: 'I ain't had no time to read the papers lately, sir.'—Nashville Banner.

### Women as Well as Men are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable by kidney and bladder trouble. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root.

Swamp-Root, Home at 109 West 19th St., New York, N. Y., is sold in many of the thousands of testimonials received from sufferers who found Swamp-Root to be just the remedy needed. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

## "LAMBS" ARE BUSTED AND NOT THE TRUSTS

Sherman Law Has Failed to Break a Single Combine, but the Public Still Buys Much 'Water'

People Who Purchase Common Stock Often Put Money in the Promoters' Pockets—Many Concerns Pay No Dividends.

Washington, Aug. 11.—In the twenty years of its life the anti-trust law has never by itself broken a trust. A few, out very few, have been broken. Some have been unsuccessful, even from the point of view of the men who organized them. All, except a very few, have been unsuccessful from the point of view of the man who bought the common stock. The securities of few, if any, of the consolidations called trusts have yet gone to the lists of obsolete securities. The "yellow dog" remnants of corporations that failed, for one reason or another, to fulfill expectations, may be found in the capitalization of trusts that became the successors of the unsuccessful ones.

For instance, in years to come the searcher will find that some of the capital stock of the Morse Steamship Trust appears in the capitalization of the Atlantic, Gulf & West India Company, which is taking over the remnants of the property of the Consolidated Steamship lines.

### General Public Loses.

The general public has been the loser in the organization of the trusts. The general public, recalling the fact that once in a while the common stock of a consolidated proves to be a good thing, takes a flyer in nearly every consolidation arranged by the promoters. Mention of the United States Steamship Company, the American Grass Swine Company, related to Cordage; the Federal Wireless, the United Wireless, the officers of which have been indicted; the American Malt Company, succeeded by the American Malt Corporation, and the American Securities Company, successor to Morse's ice trust, brings up memories of lost dollars.

About as many men got hurt dabbling with whiskey in the form of Whiskey trust stock as are supposed to have been thrown out every year by the liquid. The Distilling Company of America has lost its identity in the Distillers Securities Company, a holding corporation with a capital stock of about \$30,766,997, notwithstanding the fact that the Distilling Company had a capitalization of \$70,000,000 common and \$30,000,000 preferred.

The American Writing Paper Company, organized in 1899, was at one time a promising trust that claimed to control 86 per cent of the fine writing paper made in New England and 76 per cent of the product of the rest of the country. It went through the process of shearing the capitalization being reduced from \$25,000,000 to \$22,000,000. The United States Flour Company, one of the products of the prolific year 1899, is a reminder of the trouble for the flour trust, announced from London a few days ago, and also a reminder of the receivership in this country.

### Dividends That Are Not Paid.

Assuming that the payment of dividends is evidence of the success of a trust, a look at this short list will show just a few of the mergers that have been the means of separating the unwary investor and his dollars: Quicksilver never paid a dividend on its \$5,708,700 of common and went off the dividend list so far as its preferred is concerned with the payment of 1/2 per cent in June, 1903. The Republic Iron & Steel Company never paid a dividend on its \$27,191,700 of common.

The United Railways Investment Company never paid a dividend on its \$19,000,000 of common, and its last book reported dividend on \$5,000,000 of preferred was Jan. 2, 1907.

United States Cast Iron Pipe Company quit paying dividends on its \$12,106,300 Dec. 2, 1907.

United States Leather, that controls the trade in uppers, has always been on its uppers so far as its \$22,882,000 of common stock is concerned.

Pressed Steel Car quit paying dividends on its \$12,500,000 on Aug. 30, 1904.

How strong hopes were entertained with regard to the \$60,000,000 of International Harvester common may be inferred from the fact that while it had not paid a dividend, the stock sold in 1909 as high as 112 1/2.

American Hide and Leather with \$11,274,000 of common has never grown to the point of paying dividends thereon, and it is still paying on preferred, Morgan owned all that, so far as the stock is concerned, and he died in 1905. In 1908 it owed more than 96 per cent. overdue dividends.

Bethlehem Steel, the trust character of which may be denied, has not paid anything on its \$14,862,000 of common and had to suspend on its preferred in February, 1907.

I. M. M. means one thing that J. P. Morgan could not make pay. The holders of International Mercantile Marine, when they took up \$49,931,735 common and \$51,730,791 preferred, knew that the shipping trust carried a bonded loan of \$100,000,000. The I. M. M. has not been a producer such as was expected by those who made money on the gyrations of United States Steel.

Those who consult financial publications find when they come to the American Bicycle Company a reference to the Pop Manufacturing Company, which went into the hands of a receiver. The bicycle trust, embracing 45 concerns, staggered under a load of \$20,000,000 common, \$10,000,000 preferred and an equal amount of bonds.

### Case of the Rubber Trust.

At this time, when Senator Aldrich is accused of having worked the tariff schedules for the benefit of a new Rubber Trust, it is painful to call attention to the United States Rubber Company with \$25,000,000 worth of common on which it quit paying dividends in 1900, its \$3,625,000 of first preferred, and its \$9,965,000 of second preferred. A good many of the early consoli-

## YARNS! YARNS!

JACK CUDAHY SEEKS DIVORCE. Wife Prepares to Fight Attempt to Gain Custody of Children. Kansas City, Mo., Aug. 11.—"Jack" Cudahy, son of Michael Cudahy, pork packer, is said to be preparing to sue for divorce and the custody of his four children. Mr. Cudahy is living at the Hotel Baltimore. Mrs. Cudahy, who is living with the four children in the Cudahy home at 101 East Thirty-sixth street, will fight the case to a finish. Mrs. Cudahy declares she may file counter charges against her husband if the petition for divorce is filed against her. Gen. John C. Cowan and his wife, the father and mother of Mrs. Cudahy, were in Kansas City yesterday, and it is said they have furnished her with means to fight the case.

It is said that for some time Mr. Cudahy has been seeking evidence upon which to base his suit for divorce. "If there are any divorce proceedings to be brought I will be the one to do it," said Mrs. Cudahy, a little vehemently, today, when told that it was practically assured that her husband was making preparations to sue.

THE BEST HOUR OF LIFE. is when you do some great deed or discover some wonderful fact. This hour came to J. R. Pitt, of Rocky Mt., N. C. when he was suffering intensely, as he says, "from the worst cold I ever had, I then proved to my great satisfaction, what a wonderful Cold and Cough cure Dr. King's New Discovery is. For, after taking one bottle, I was entirely cured. You can't say anything too good of a medicine like that." Its the surest and best remedy for diseased lungs, Hemorrhages, LaGrippe, Asthma, Hay Fever, any Throat or Lung Trouble. 50c. \$1.00. Trial bottle free. Guaranteed by Stafford Drug Co.

MICHIGAN.

No Goods  
Charged  
During  
This Sale

Yellow Tag Sale means much more to the buying public than name implies. It means that our entire stock of Dry Goods, Clothing, Shoes, Cloaks, Carpets and Rugs, in fact everything contained in our store's both floors will be placed on sale at prices that are positively ridiculous. The name for this sale, Yellow Tag Sale, comes from the fact that every article in our store, nothing excepted, will bear a yellow tag next to our regular price ticket; the yellow tag will be conspicuous not only for its color but much more so for the remarkable saving they will mean---in hundreds of cases at half, in others one-third and one-fourth of the regular prices---not only on Summer Goods, but on Thousands of Dollars' Worth of Fall Goods as well, such as Shoes, Dress Goods, Clothing for Men, Boys and Women, all of which will be labeled with these money saving yellow tags. Stock up for a long time to come at these prices, and please shop in the forenoon as much as possible, when we can give you better service than afternoons or evenings.

## Saturday at 9 a. m., Aug. 13

### GREAT WORK ON PANAMA CANAL

Negaunee Man Talks Entertainingly of Conditions on the Isthmus.

Dominic Lavigne, who has been in Negaunee the past three or four weeks, visiting his folks, will leave Saturday for the Panama canal, where he is employed as a steam shovel operator. He will sail from New York on the 17th, and will reach his destination on the 23rd.

Mr. Lavigne expects to remain at the canal until the government completes the shovel work. He is now one of the oldest shovel men on the job. There are in the neighborhood of 100 shovels in operation. The operators and their crewsmen work eight hours a day. The pay runs from \$210 to \$240 per month, according to length of employment. The shovel men have forty-two days vacation each year with full pay.

The discipline, Mr. Lavigne said yesterday, is strict and shovel men, as well as other skilled workmen, must make good or lose their jobs. Practically all of the important positions are held by white men. The common labor is performed by negroes, Spaniards and other foreigners. The government has had little difficulty keeping men, as the wages are good. Shovelmen receive from eight to sixteen cents per hour. After they have worked a certain length of time at eight cents, they are raised to twelve and when they put in the required number of months at twelve cents they are advanced to sixteen, the limit for common labor. Shovelmen receive from eight to sixteen cents per hour. After they have worked a certain length of time at eight cents, they are raised to twelve and when they put in the required number of months at twelve cents they are advanced to sixteen, the limit for common labor. Shovelmen receive from eight to sixteen cents per hour. After they have worked a certain length of time at eight cents, they are raised to twelve and when they put in the required number of months at twelve cents they are advanced to sixteen, the limit for common labor.

### LOOKING OVER STREETS.

H. H. Easterday, chief engineer of the Marquette County Gas & Electric company; H. W. Feesing, the city's consulting engineer on the paving contract, and A. D. Rice, representing the Wick O'Connell company of Houghton, were in the city yesterday looking over the streets that are to be paved, also the new route for the street car line. The engineers and some of the city officials, together with Manager McOrkendale of the street car system, put in a busy day. It is expected that an agreement will be reached before the close of the week relative to the proposed new route for the street car line.

### TO CONDUCT SALE.

Rosen Bros. & Klein have made extensive preparations for their annual yellow tag sale, which will start tomorrow morning at 9 o'clock and will be continued until Sept. 1. A number of additional clerks have been working in the store for some days past, remarking prices on the yellow tags, which are to be attached to every article in stock. The store will be closed today to give the clerks a chance to rearrange the stock.

### LOCAL LACONICS.

R. G. Quinn is here from Milwaukee, on a few days' business trip.

Louis Grenier, who spent a few weeks with relatives in Milwaukee, has returned home.

Rev. and Mrs. William Collycott of Iron River, Mich., are in Negaunee for a few days' visit.

The funeral of the late Patrick Scanlon, who was killed Monday night at Proctor, Minn., will be held Sunday afternoon at 2 o'clock at St. Paul's church.

George Reynolds and his family left yesterday for Tanaqua, Pa., where they will locate permanently. Mr. Reynolds will take a good position at one of the coal mines in Tanaqua.

Arthur Houle, wife and children, and Dr. Emil Houle, who spent the past few weeks in Negaunee, visiting relatives, left yesterday for the copper country, where they will remain a few days before leaving for their homes in Arizona.

A number of Negaunee people attended the funeral of the late Will Mogler in Ishpeming yesterday afternoon. The deceased was very well known here, especially among the business men. He was well liked, and many of his friends and acquaintances here have expressed deep regret at his untimely death.

Some additional stone needed for the front of the Negaunee National bank's new block was received yesterday. The work at the building has been moving slowly the past ten days, owing to a delay in the arrival of some material, but when the bricklayers again resume work it will not be long before the structure will be ready for the roof, as the walls have been carried up to the top of the first story.

### FOR QUICK RELIEF FROM HAY FEVER.

Asthma and summer bronchitis, take Foley's Honey and Tar. It quickly relieves the discomfort and suffering and the annoying symptoms disappear. It soothes and heals the inflamed air passages of the head, throat and bronchial tubes. It contains no opiates and no harmful drugs. Defies substitutes. The People's Drug Store.

When the digestion is all right, the action of the bowels regular, there is a natural craving and a relish for food. When this is lacking you may know that you need a dose of Chamberlain's Stomach and Liver Tablets. They strengthen the digestive organs, improve the appetite and regulate the bowels. Sold by The People's Drug Store.

### THEY HAVE A DEFINITE PURPOSE

Foley Kidney Pills give quick relief in cases of kidney and bladder ailments. Mrs. Rose Glaser, Terre Haute, Ind., tells the results in her case. After suffering for many years from a serious case of kidney trouble and spending much money for so called cures, I found Foley Kidney Pills the only medicine that gave me a permanent cure. I am again able to be up and attend to my work. I shall never hesitate to recommend them." The People's Drug Store.

Mrs. Wilman are now spending their vacation at Kingston, Jamaica. Last year they went to Costa Rica.

### GOLDEN EAGLES CONVENTION.

Grand Lodge Session Being Held Here Will Be Concluded Today.

The biennial convention of the Michigan grand lodge of the Golden Eagles society convened in Negaunee yesterday morning. A business session was held in the afternoon and meetings will be held today. The officers here from Detroit are John D. Harger, John W. Ashley and R. J. Conway. The officers who will serve for the coming two years will be chosen at the final session today.

The grand castle officers and delegates will be entertained by the Negaunee castle with a banquet to be served this evening in the Mulvey hall. The members of Lake Superior castle of Ishpeming have been invited and a large delegation, including ladies, are expected from there. The Ishpeming castle has about 110 members, and there are nearly 100 members in the Negaunee castle.

### PICNIC AT PALMER.

The newly organized Palmer tent of the Macabees of the World decided at its meeting Wednesday evening to hold a picnic on Sunday, the 28th. Invitations will be sent to the members of the other tents of the county to attend, and the general public will also be invited. A program of athletic sports, etc., will be arranged, and a band will be present to furnish music. There are three or four places at Palmer suitable for picnics, and the committee was instructed to look them all over and pick out the most convenient one. The committee is composed of Thomas Nicholson, Hans Alverson, Alex. Fredrickson, John Alward and August Jacobson. At the next meeting of the tent a class of fifteen or more will be adopted.

### LOOKING OVER STREETS.

H. H. Easterday, chief engineer of the Marquette County Gas & Electric company; H. W. Feesing, the city's consulting engineer on the paving contract, and A. D. Rice, representing the Wick O'Connell company of Houghton, were in the city yesterday looking over the streets that are to be paved, also the new route for the street car line. The engineers and some of the city officials, together with Manager McOrkendale of the street car system, put in a busy day. It is expected that an agreement will be reached before the close of the week relative to the proposed new route for the street car line.

### TO CONDUCT SALE.

Rosen Bros. & Klein have made extensive preparations for their annual yellow tag sale, which will start tomorrow morning at 9 o'clock and will be continued until Sept. 1. A number of additional clerks have been working in the store for some days past, remarking prices on the yellow tags, which are to be attached to every article in stock. The store will be closed today to give the clerks a chance to rearrange the stock.

### LOCAL LACONICS.

R. G. Quinn is here from Milwaukee, on a few days' business trip.

Louis Grenier, who spent a few weeks with relatives in Milwaukee, has returned home.

Rev. and Mrs. William Collycott of Iron River, Mich., are in Negaunee for a few days' visit.

The funeral of the late Patrick Scanlon, who was killed Monday night at Proctor, Minn., will be held Sunday afternoon at 2 o'clock at St. Paul's church.

George Reynolds and his family left yesterday for Tanaqua, Pa., where they will locate permanently. Mr. Reynolds will take a good position at one of the coal mines in Tanaqua.

Arthur Houle, wife and children, and Dr. Emil Houle, who spent the past few weeks in Negaunee, visiting relatives, left yesterday for the copper country, where they will remain a few days before leaving for their homes in Arizona.

A number of Negaunee people attended the funeral of the late Will Mogler in Ishpeming yesterday afternoon. The deceased was very well known here, especially among the business men. He was well liked, and many of his friends and acquaintances here have expressed deep regret at his untimely death.

Some additional stone needed for the front of the Negaunee National bank's new block was received yesterday. The work at the building has been moving slowly the past ten days, owing to a delay in the arrival of some material, but when the bricklayers again resume work it will not be long before the structure will be ready for the roof, as the walls have been carried up to the top of the first story.

### FOR QUICK RELIEF FROM HAY FEVER.

Asthma and summer bronchitis, take Foley's Honey and Tar. It quickly relieves the discomfort and suffering and the annoying symptoms disappear. It soothes and heals the inflamed air passages of the head, throat and bronchial tubes. It contains no opiates and no harmful drugs. Defies substitutes. The People's Drug Store.

When the digestion is all right, the action of the bowels regular, there is a natural craving and a relish for food. When this is lacking you may know that you need a dose of Chamberlain's Stomach and Liver Tablets. They strengthen the digestive organs, improve the appetite and regulate the bowels. Sold by The People's Drug Store.

### THEY HAVE A DEFINITE PURPOSE

Foley Kidney Pills give quick relief in cases of kidney and bladder ailments. Mrs. Rose Glaser, Terre Haute, Ind., tells the results in her case. After suffering for many years from a serious case of kidney trouble and spending much money for so called cures, I found Foley Kidney Pills the only medicine that gave me a permanent cure. I am again able to be up and attend to my work. I shall never hesitate to recommend them." The People's Drug Store.

## Money Deposited

In the Negaunee National Bank is as safe as if invested in government bonds and pays you better, at 3 per cent.

Your business with this bank can be done by mail, if so desired.

A man with a Bank Account and a Check Book in his pocket has all the money he needs right with him, and the correct change, too.

## Upper Peninsula

### First Tournament He's Missed—

For the first time in the sixteen years since the Upper Peninsula Firemen's association was formed in 1894, A. J. Scott, of Hancock, who was instrumental in launching the organization and was its first president, is not present at its annual tournament at the Soo this week. This is owing to his poor health. Mr. Scott was an active fireman until about four years ago, having been connected with the Hancock department ever since its organization and serving for several years a chief. He regretfully watched the firemen depart for the Soo the other day, and felt deeply his inability to go along with the boys.

### Three Brothers on Same Boat—

Mrs. Neil Gallagher, with her two daughters, Grace and Gertrude, all of Escanaba, has left on the steamer Daniel B. Meacher to take a voyage with her three sons, who are officers of the boat—Ben captain, James first mate and Joseph wheelman. The mother and daughters go from the Soo to Duluth and thence to Buffalo. From Buffalo they will proceed by rail to Toronto, Canada. Mrs. Gallagher's native home, where they will visit for some time. Rarely if ever has there been given so responsible positions as those on this one boat to three members of one family. It speaks well for the confidence reposed in the Gallagher brothers by the owners of the steamer Meacher.

### Falls from Balloon; Is Killed—

While making an ascension with a balloon, Norman McLeod, a woodsman, was instantly killed at Trout Lake, Chippewa county. His home was in Detroit. It appears that an aeronaut from the copper country had stopped over at Trout Lake with the intention of going to the Soo for the firemen's tournament. He had been trying his balloon out and had engaged McLeod to make the ascension on the trapeze attached to the big gas bag. The novice, however, had risen higher than was intended. Upon observing the danger of the man, the aeronaut told him to hold on until he could again haul the balloon to the ground. Either because of some accident which delayed the working of the machine or on account of the speed of the balloon the woodsman continued to soar upward. He had been hanging by his hands to the trapeze and it is supposed that he grew tired and tried to get his foot over the bar. After continued failures he grew exhausted or slipped and fell the distance of seventy-five or 100 feet to the ground. He was lifeless when the spectators reached the scene.

### Wholesale Liquor License Refused—

At a meeting of the Sanit Ste. Marie council this week, the application of Alex. B. Chartrand for a wholesale liquor license, which had been hanging fire for several weeks, was turned down after one member of the finance committee, to which it had been referred, had put in a favorable report. Alderman Vanderhook vigorously opposed granting the license. He said that in his opinion the wholesale houses were mere subterfuges for saloons and if the council continued to act favorably on the applications for such licenses the Soo would soon have as many saloons as it ever had. Alderman Purvis also opposed the license on the same grounds, and Mayor Sullivan similarly voiced the sentiments expressed. The question was raised as to whether the council was not compelled under the law to grant the license. However, the chair expressed the opinion that it was optional. The vote was four to three. Aldermen Mober, Metzger and McEvoy favoring the applicant and Aldermen Vanderhook, Purvis, Weber and the mayor casting their votes against the proposition.

### Sons of Hermann Officers—

At the annual meeting of the Michigan grand lodge of the Sons of Hermann, held at Escanaba, officers for the ensuing year were chosen as follows: Grand president, Louis Mueller, Owosso; first vice president, Nicholas Walsh, Escanaba; second vice president, Chris Hamel, Saginaw; secretary, Charles Borst, Hancock; treasurer, William Wase, Laurium; guide, Richard Hoyer, Escanaba; inside guard, Martin Piepenbring, Grand Rapids; outside guard, Gustave Lieberman, Owosso; trustee, Louis Arnold, Iron Mountain. The standing committees for the year are: Finance—Emil Liedtke, Escanaba;

LOST—Red cow, half Jersey, black stripes on belly, one ear cut; may have young calf with her. \$5 reward. Michael Basso, Negaunee field location. 8-3-10

# DEMOCRATS HAD GOOD MEETING

### At the City Hall Last Night, They Decided to Put a Complete County Ticket in the Field, Which Will Be Selected and Approved Next Monday Evening

### A. R. Canfield, Secretary of the State Committee, Was Among Those Present, and Expressed Himself as Hopeful of Party's Success at Polls This Fall.

A score or more of tried and true Democrats met at the city hall last evening to discuss matters political, and especially the advisability of placing a county and legislative ticket in the field at the election this fall. By a happy coincidence, A. R. Canfield, of Clare, secretary of the Democratic state committee, arrived in the city yesterday afternoon and attended the meeting last evening. At its close a Lawton T. Hemans club was organized, and all those present joined with much enthusiasm.

The sentiment among those assembled was practically unanimous in favor of placing a full county and legislative ticket in the field. A committee of six was appointed to talk over and decide upon the most available candidates for each of the offices to be voted upon at the election in November. This committee will report at another meeting of the Democracy of the county, to be held in the city hall Monday night. At this coming meeting, the personnel of the ticket will be decided upon definitely, and petitions will be circulated at once, as required by the new primary law. There were about 1,300 Democratic voters of these petitions must be signed by 2 per cent of the total vote, that is, twenty-six enrolled Democrats.

So far as has been learned, there is but one Democrat in this part of the upper peninsula who is an out and out candidate for an office. He is G. T. Werline, of Menominee county, who seeks the Democratic nomination for congressman from the Twelfth district, and he is likely to receive the united support of the Democrats of this county.

### Says Hemans Will Run.

State Secretary Canfield spoke in very optimistic vein of the Democratic chances in the state election this fall. He stated positively that Lawton T. Hemans, the Democratic candidate for governor two years ago, would head the Democratic ticket again this year. "Profiting from the mistakes made in the campaign two years ago and believing that the same unrest exists among the voters that made it possible for Mr. Hemans to come within less than 10,000 votes of being elected governor at that time," said Mr. Canfield, "the state committee is of the opinion that Mr. Hemans' chances for victory are even better than they were two years ago."

"Mr. Hemans is not a willing candidate, but for the sake of the party and because of the earnest demand from Democrats from all parts of the state, he has consented to make the run. The committee believes that he would have been elected in 1908, had he spent two weeks more campaigning in the upper peninsula. In the present campaign, this mistake will not be repeated. The committee has already made plans by which Mr. Hemans will make a thorough campaign north of the straits and will visit every county in the Twelfth district before election day."

### Inadequate Mailing Lists.

"Again, in the campaign two years ago, the Democratic committee was handicapped in the northern part of the state by not having satisfactory mailing lists from which to send out literature to the voters of this part of the state. This fall we are getting lists of several hundred Democrats and independent voters from every county in the state and all the campaign literature will be sent to those on these lists, and the people will be more familiar with the Democratic campaign than they ever have before. Our literature publicity bureau will be in charge of one of the best informed Democrats in the state, who is at the same time a newspaper writer of recognized ability, and the campaign documents are certain to come of terse, breezy and readable stuff that will hit the nail squarely on the head."

"During the last four weeks, I have traveled pretty well over the northern two-thirds of the state, and I have found the Democratic leaders everywhere very sanguine regarding the party's chances this fall. It is my opinion that Marquette county Democrats should nominate a complete county ticket, get out and hustle as never before for the local and state tickets, and I will be greatly surprised if the rooster has not vanquished the eagle when the returns are received on election night."

### MANY WATCH WORK.

### Road Asphalt Being Applied to Macadam on Seventh Street Hill.

Quite a number of Marquette men interested in road making watched the application of Pioneer road asphalt to the macadam foundation on the Seventh street hill, just north of Washington street, yesterday. This preparation, which is a binding material, is being used for the first time in this city and the wearing qualities of the road to which it is applied will be watched with much interest. The asphalt preparation is being applied under the supervision of Thos. M. Roche, representing the American Asphaltum & Rubber company, manufacturers of the product.

"This block of macadam street is being built differently from any heretofore constructed in Marquette. The road has been macadamized the same way as other streets in the city, with a layer of rock dust on top. On top of this a layer of from two to three inches of coarse (No. 4) rock has been applied, and this coarse rock rolled until the surface is level and hard.

On this coarse top dressing the hot asphalt is poured until the interstices are well filled, but not so much that there are any puddles. After this application has set for a few moments, a

layer of quarry chips, about one-half inch in thickness, is put on. Then the road is rolled until the chips are crushed into the asphalt, cementing and filling up the holes between the pieces of coarse rock. Mr. Roche claims that streets built in this manner will prove infinitely more durable and satisfactory than the water bound or tar bound roads heretofore built in this city.

### IN NEW COUNTING ROOM.

### Business Staff of Mining Journal Co. in Model Quarters.

The business staff of the Mining Journal company yesterday moved into its new counting room, the store room in its building formerly occupied by the tailoring establishment of Fred Crawford. It has undergone extensive remodeling the past several weeks and has been made most convenient for the conduct of the company's business. Its principal feature is a handsome solid oak, brass grided, fixture, shutting off the lobby from the working floor space. The lobby has a tile floor. A new system of lighting has been installed, for the first time in this city. The fixtures are so arranged that all the light is reflected from the ceiling. This gives a soft and pleasing light that is so thoroughly diffused in the room that no shadows are cast. Other improvements have been made in the arrangement of the stock rooms, and a much larger measure of convenience than was formerly had has been obtained.

Carpenters will now begin remodeling the former counting room for occupancy by Mr. Crawford, and it is expected that it will be ready for him in about a month.

### OPINION ON PRIMARY LAW.

### Ballots for All Parties Must Be Furnished, by Election Board.

More kinks in the primary election law were straightened out by Attorney General Kuhn yesterday in an opinion furnished the county clerk's association of the state. He rules that it is the duty of every political party in every congressional, senatorial and representative district to select their candidates under the primary election system, and political parties in counties where one party has adopted the system must also adopt that method of selecting their county tickets.

With reference to the duties of boards of election commissioners, Attorney General Kuhn holds that the commissioners must furnish ballots for the primary as prescribed by law even though no candidates have filed the petitions entitling them to places on the ballot. In case petitions are filed for some offices and not for others, the attorney general says that the boards must prepare blank ballots for candidates in those instances in which no petitions are filed.

In Chippewa county, it is stated that a sufficient number of Democratic voters enrolled to allow any candidate to secure the names of the required 2 per cent of voters on his petition to allow him a place on the ballot, and the attorney general says that blank ballots will have to be provided on which the voters may write the names of their choice for the nominations.

## FALL FICTION OF HEALTHIER TONE

### Stories of People Who Are Unhappy Misfits Give Way to More Cheerful Subjects.

Fall fiction promises to be strictly innocuous in the main. The problematic pasts, unlikable presents and grim futures that furnished grist to the novelists' mill last year are lacking for the time. Booksellers say that novelists who have long harrowed their public with a sorry tale of people who never had a chance, and never could have had one, by the constitution of events, are testing the public taste, with the result that "clean, wholesome" stories will be the rule in 1910-1911.

Even the titles for the year are unaggressive. Witness the names of the new novels: "Best Harvest," "The Doctor's Lass," "Enchanted Ground," "Wild Oats," "The Power and the Glory," "The Caravaners," "Clayhanger," "New Faces," "John Winterbourne's Family," "The Readjustment," "An Unwilling Minerva," "Vermint," "Jim Hands." Of these books only "The Power and the Glory," which has only one of the usual effusions of sentimentalism in its name, and the text fails to bear it out.

Rostand's "Chanticleer" will be out in its anglicized dress. There has been a run on the book stores for the French edition, which happens to be the most idiomatic thing that ever came from Rostand's pen.

Gilbert K. Chesterton has a series of paradoxes on the market, duly explaining "what is wrong with the world." Hilaire Belloc talks brilliantly through a pleasant little book "On Anything."

Not that the sweet, soft effusions of select writers will be utterly lacking. A "rebellious wife" submits intimate "confessions" for popular perusal, her chief qualifications being "rare power, strength of character, and a mastery of expression." Then there are "Letters to My Son," written by a dying mother to her baby, a somewhat despoiling legacy from obvious points of view.

A strong marked tendency among book-lovers is their reversion to serious books of adventure. Book dealers have many calls for Theodore Roosevelt's "African Camp Trails," just issued, and "Pony" unvarnished tale of his north pole quest and other accounts of journeys on far off lands and seas.

Vacation-goers are arming themselves with camping manuals, as never before, and the sales of the automobile blue book run in close competition with those of the very best sellers; likewise pamphlets dealing kindly with the "rights of motorists."

There will be no "Danger Mark" or "Firing Line" from the prolific pen of Robert W. Chambers this season. Mr. Chambers' latest fabrication will be a tale of Civil war times.

Don't take a chance on feeding your baby on milk that never was cooled and from cows that were never tested, when Vandenberg's special milk for babies can be secured at the regular price. 8-12-10

## BRILLIANT DISPLAY OF NORTHERN LIGHTS

### Star Gazers Tuesday Night Saw Beautiful Phenomenon—Do Not Portend a Storm.

Astronomers had predicted that the heavens would be brilliant with shooting stars and meteor showers this week, but the only unusual manifestation seen here was a beautiful display of aurora borealis, or northern lights, Tuesday evening. Contrary to general belief, weather bureau officials maintain that a display of northern lights does not indicate that a storm is brewing. While storms may have been noticed to follow displays of northern lights, they are merely accidental coincidences, and do not furnish ground for presuming that one is destined to follow the other. So far as scientists have determined, there is no connection between the auroral displays and weather conditions.

The aurora borealis seen in Marquette Tuesday night was one of the most brilliant witnessed here for several years at this season of the year, and many of the old-timers predicted that Male quite was in for a big storm. The lights were not varicolored as those that occur later in the fall, but a great bow of golden haze stretched in a large arc across the northern skies, and streams and lines of light shot up from it in weird and beautiful effects.

"Some of the foremost scientists of the world have long been working on the problem of determining the nature of the aurora," said a local student yesterday, "but it remains as much a mystery as ever. About all that is known is that it is an electric display of some kind. I saw the display Tuesday night but I attached no significance to it. The weather bureau make a record of the displays but as yet the records have led to no definite conclusions. I have seen them at all seasons of the year, even in the middle of the summer, so there was nothing particularly remarkable about this one other than its brilliance. It is true that the northern lights are sometimes accompanied by a crackling sound, although some have claimed this is only imagination. The reason for the noise is as little known as the nature of the aurora itself."

## Guild Hall Notes

The Guild Hall baseball team was again defeated by the prison team yesterday. The score, 7 to 6, shows the closeness of the game. The prison team scored one run in the first inning on a hit and a passed ball. In the second inning the Guild Hall tied the count, and in the third added another run; but the prison team added two runs to its score in its half of that inning, making it 3 to 2 in the prison players' favor. In the sixth inning the prison team made the count 4 to 2, and in the eighth 7 to 2. With five runs to tie the score, the Guild Hall team started a betting rally in the ninth which nearly won the game. When the inning was over the score stood 6 to 7 against the Guild Hall men. Christensen pitched a splendid game for the Guild Hall, allowing but five hits. Fight errors by the team were directly responsible for every run. Christensen struck out eight men, and Walsh twelve. The prison men had five errors against them, two very costly ones coming in the ninth.

The batting order of the two teams was as follows: Guild Hall—Frei, short stop; Gilbert, second base; Landry, first base; Smith, center field; Orlowski, left field; Bowser and Byrne, third base; Quarters and Reinhardt, right field; Larsen and Thayer, catch; Christensen, pitcher. Prison team—Tolson, center field; Cook, short stop; Gorman, second base; Gills, third base; Brimshaw, catcher; Olson, first base; Hamilton, left field; Mcgraw, right field; Walsh, pitcher.

The Guild Hall ball team will have batting and fielding practice tonight on the south end of Long-year field, in preparation for the game with the Junior Athletics Saturday afternoon. The E club team will play the Invincibles on the field at the foot of Pine street this afternoon at 2:30 o'clock. Several changes in the line-up of the E club team should result in considerably strengthening the team.

The dancing party at the Guild Hall last evening for the "Up and Down Broadway" cast was attended by nearly one hundred young people and proved a great success. Mr. McDonald and a majority of the young people who so ably assisted him in the "Up and Down Broadway" performance were present and spent a most enjoyable evening. A rumbly orchestra was in its best form and made a hit by playing several of the most catchy "Up and Down Broadway" pieces.

The Young Ladies' club will begin gymnasium work tonight at 8 o'clock and will continue the class regularly Tuesday and Friday nights. The Ethel club will have gymnasium work this afternoon at 2 o'clock.

Ask your family physician about Vandenberg's special milk. 8-12-10

## SOO CANAL PASSAGES.

### List of Boats That Have Passed the Locks, Bound for Superior Ports.
