

FLAMES CAUSE HEAVY LOSS IN CITY IN MAINE

Fanned by a High Wind, a Fire Starting in a Hay Shed at Bangor Sweeps Through the Business District and Invades the Residential Part of Town.

Property Valued at More Than Six Million Dollars Is Destroyed, Hundreds of People Are Made Homeless and a Number of Persons Are Dead.

Bangor, Me., April 30.—Property valued at upwards of \$6,000,000 was destroyed, hundreds of people were made homeless and almost the entire business district of the city was destroyed during the first five hours of a conflagration which late tonight still was raging.

Mayor Mullen called on the Bangor company of the National Guard and placed the city under martial rule. Portland, Lewiston, Augusta, Oldtown, Brewer and every other city and town within reach were asked for help and sent it.

Already a score of buildings have been blown up in an effort to check the flames and dynamite still is being liberally used.

The fire started in a hay shed, and fanned by a high wind, in a short time was sweeping through the city. Before midnight the business district was for the most part in ruins and the flames had made inroads of nearly a mile into the best residential section.

Many Fine Buildings Burned. Bangor, Me., April 30.—At midnight the firemen appeared to be getting the mastery of the situation, although the fire still is burning fiercely in many places. A light rain has begun falling.

The city was shut off from telephonic communication by the burning of the central office of the telephone company, and calls for aid were sent out by the wire chiefs of the company who climbed a pole and cut in on a trunk line of the telegraph companies, whose offices also were burned.

One of the few buildings to escape destruction was the city hall. This was in the direct path of the fire, but the flames leaped over it and it was hardly scorched.

A number of churches, a theatre, the building of the University of Maine law school, the postoffice and the public library are among the structures destroyed.

In all portions of the city people are moving their belongings and hurrying to places of safety. Thousands of persons are spending the night in the streets and in the rain, because of lack of places of refuge.

Flames Are Brought Under Control. Bangor, Me., Monday, May 1.—Three lives are now known to have been lost, although none of the victims are known. A fireman was injured by a falling wall and died on the way to the hospital; an unknown young man was crushed to death when one of the churches collapsed, and an elderly man, a spectator, also was buried beneath falling debris.

At 1 o'clock this morning the firemen had control of the fire, the wind having died down and the increasing rain having aided in checking the conflagration.

TORNADO AT SEDALIA, MO. OVERTURNS HOUSES AND SNAPS LARGE TREES IN TWAIN. Sedalia, Mo., April 30.—A tornado struck Sedalia today and damaged property in a path two blocks wide and half a mile long. A number of houses were torn from their foundations and large trees were snapped in twain. One boy

was killed and a woman was dangerously injured. The path of the storm outside the city was almost a mile wide and everything was swept away by the tornado where it struck the earth.

Severe Storms in Other States. Omaha, Neb., April 30.—Reports from Nebraska, Missouri, Kansas and South Dakota say that heavy rain or snow storms, accompanied in many places by high winds, have raged today and tonight. Telegraphic service is interrupted. In this city the temperature dropped from sixty-four to forty-seven in a few hours. Damage is reported at many of the points, but no loss of life.

GOVERNOR WOODROW WILSON TO GIVE ADDRESSES IN A NUMBER OF WESTERN CITIES. Trenton, N. J., April 30.—Governor Woodrow Wilson will leave Princeton next Wednesday afternoon for a week's speaking tour of the Western and Pacific states. His itinerary includes Kansas City, Denver, Los Angeles, San Francisco, Berkeley, Portland, Seattle, Minneapolis, St. Paul, Lincoln, Neb., and Chicago. It is stated in the governor's behalf that the swing around the circle is not a commercial one in any sense. It is said he will discuss political issues on the trip only in a broad, non-partisan sense.

Reciprocity Will Be Hung Up in Committee for Many Days, and Until It Is Out of the Way the Staid Solons Do Not Intend to Accomplish Anything. Washington, April 30.—Three weeks of the extraordinary session of the Sixty-second congress having passed into history with a record of rapid fire legislation by the house, the senate is finally organized to transact business but in no way to consider that part of the Democratic program already disposed of by the lower branch of the national legislature.

Canadian reciprocity is the only matter now being considered by the senate, and that probably will not come before it for discussion for several weeks. The finance committee, to which the bill was referred, has determined to grant hearings on the measure. How long the committee deliberations will be prolonged is problematical, but the prospect is for a long discussion. The prevailing opinion is that the bill will be reported to the senate without any recommendation, as was the case last session.

Senator Stone of Missouri will address the senate tomorrow on the reciprocity bill and endeavor to explain some of the misrepresentations that have been made regarding the proposed agreement. After his speech, there will be nothing before the senate, and adjournment until Thursday is probable again, with an adjournment from Thursday until Monday to follow.

There is no prospect of the senate considering the house bills providing for the popular election of senators, the election publicity of campaign contributions or reappointment of judges. A special session was called by the president, has been decided.

House to Pass Free List Bill. In the house, the Democrats are keeping up the rapid fire legislative pace and most if not all of the coming week will be devoted to discussions of the farmers' free list bill. It is probable that the debate will be closed Thursday or Friday. That the measure will be passed, there is no doubt; the Democratic support being almost solid, reinforced by the votes of a few progressive Republicans.

The Democratic leaders are anxious to hasten the free list bill in order that the ways and means committee may be free to devote its time to the revision of the textile schedule. While this work is progressing it is probable that the house will act upon the report of the territorial committee on statehood for Arizona and New Mexico. Both constitutions will be recommended for ratification.

CANADA'S GOVERNOR GENERAL CANCELS ENGAGEMENTS AND DEPARTS HASTILY FOR OTTAWA. Winnipeg, April 30.—The critical situation at Ottawa has resulted in the sudden recall of Earl Grey to the capital from Winnipeg. The governor general has cancelled all his engagements for the week and has left for Ottawa. The determination of the opposition to fight reciprocity with the United States all summer, if necessary, as outlined by Leader Borden, thus preventing Sir Wilfrid Laurier from attending the imperial conference and coronation, has caused a crisis in political circles.

MARCUS DALY'S DAUGHTER DEAD. New York, April 30.—Mrs. Margaret Daly Brown, daughter of the late Marcus Daly, and wife of H. C. Brown, a banker, died yesterday at her mother's home on Fifth avenue. Mrs. Brown's death came within a few hours after her arrival on a special car, which brought her on a fast run from Montana.

Victor Berger Predicts a Boom for Socialism. Cambridge, Mass., April 30.—Victor L. Berger, socialist congressman from Milwaukee, predicted that the Harvard Socialist club last night that another five years would see twenty socialist congressmen at Washington and that the second great party of the country in four or five years would be the Socialist party. He said, "This country is going to take this lead in socialism, as it does in everything else."

INCOME TAX AMENDMENT NOW RATIFIED BY THE LEGISLATURES OF 29 STATES. New York, April 30.—Twenty-nine states, according to reports received here, have ratified the proposed income tax amendment to the federal constitution. Before the amendment can become a law, it must be approved by six more states, making the total number in favor thirty-five, or three-fourths of the forty-six.

CLING, CANNITZ, GARDNER AND GIBSON. Two-base hits—Wagner (2), Pittsburgh; Tinker, Sheppard, Hofman, Schulte, Archer and Wilson, Chicago. Home run—Hofman, Chicago.

St. Louis-Cincinnati; rain. American Association. St. Paul, 4; Toledo, 0. Milwaukee, 7; Louisville, 6. Minneapolis, 13; Indianapolis, 6. Columbus, 7; Kansas City, 5. Second game: Kansas City, 4; Columbus, 3.

SATURDAY'S SCORES. American League. St. Louis, 1; Chicago, 0. Chicago, 9; St. Louis, 1. Pittsburgh, 8; Cleveland, 7. St. Louis scored its only run in the first inning, when Murray knocked the ball over the left field fence for a home run. Walsh relieved Lange in the sixth inning, after St. Louis had filled the bases.

National League. Chicago, 6; Pittsburgh, 4. Score: Chicago, 0000033—9 12 1. St. Louis, 10000000—1 5 2. Batteries: Lange, Walsh and Sullivan; Criss, George, Lake and Clarke and Stevens. Two-base hits—Wallace and Hoffman, St. Louis; Parent and Dougherty, St. Louis; Three-base hit—Lord, Chicago. Home run—Murray, St. Louis.

American Association. Milwaukee, 3; Louisville, 2. Minneapolis, 3; Indianapolis, 1. Toledo, 8; St. Paul, 5.

TODAY'S SCHEDULES. American League. Washington at Boston. Philadelphia at New York. Cleveland at Detroit. National League. Boston at Philadelphia. Cincinnati at St. Louis. New York at Brooklyn. Chicago at Pittsburgh. American Association. Toledo at Kansas City. Indianapolis at Milwaukee. Louisville at St. Paul.

YESTERDAY'S GAMES. American League. Detroit, 5; Cleveland, 4. Detroit, April 30.—In an exciting ninth inning rally today, Detroit knocked Blanning out of the box, secured three

runs off Mitchell and defeated Cleveland, 5-3. R. H. E. Detroit, 00001004—5 11 3. Cleveland, 003010000—4 9 2. Batteries: Works and Stange; Blanning, Mitchell and Land. Two-base hits—Gagnay and Delehanty, Detroit; Easterly, Cleveland.

Chicago, 9; St. Louis, 1. Pittsburgh, 8; Cleveland, 7. St. Louis scored its only run in the first inning, when Murray knocked the ball over the left field fence for a home run. Walsh relieved Lange in the sixth inning, after St. Louis had filled the bases.

National League. Chicago, 6; Pittsburgh, 4. Score: Chicago, 0000033—9 12 1. St. Louis, 10000000—1 5 2. Batteries: Lange, Walsh and Sullivan; Criss, George, Lake and Clarke and Stevens. LONG SESSION THE PROSPECT IN WASHINGTON

While the House Is Putting Legislation Through at a Rapid Rate, the Senate Gives No Indication of Accelerating Its Present Annoyingly Slow Gait.

Reciprocity Will Be Hung Up in Committee for Many Days, and Until It Is Out of the Way the Staid Solons Do Not Intend to Accomplish Anything.

Washington, April 30.—Three weeks of the extraordinary session of the Sixty-second congress having passed into history with a record of rapid fire legislation by the house, the senate is finally organized to transact business but in no way to consider that part of the Democratic program already disposed of by the lower branch of the national legislature.

The Weather

Washington, April 30.—The following is the weather bureau's forecast for Upper Michigan: Rain or snow, Monday; colder in east; brisk to high north winds; Tuesday, cloudy.

FRENZIED FATHER SLAYS TEAMSTER WHOSE WAGON KILLS 3-YEAR-OLD BOY. New York, April 30.—Giuseppe Bronzoni, an Italian cigar-maker, who saw his three-year-old boy trampled fatally beneath the hoofs of truck horses last evening, took summary vengeance on the driver by pouring four bullets from a revolver into his body. The driver fell dead from his seat, almost into the arms of a policeman. The father was arrested, charged with murder. The child died later in the night.

STRIKES ARE IN PROGRESS OR ARE THREATENED TODAY IN VARIOUS CITIES, BUT THEY AFFECT ONLY A FEW SCATTERING TRADES—MOST SERIOUS DISPUTES IN CHICAGO. Chicago, April 30.—With the arrival of May Day, Chicago's industrial horizon is more clouded than it has been for several years. Wage disputes and jurisdictional controversies, involving more than 15,000 men, constitute a disturbing factor and may result in a number of strikes and lockouts this week, according to labor leaders. Meetings of the various unions were held today to reach an understanding before strikes are ordered. The building trades war is the most serious of the impending labor difficulties, but the food supply may be affected by a strike of bakers and transportation facilities by strikes of freight handlers.

That a General Walkout Take Place in United States the Day the Alleged Dynamiters Go on Trial at Los Angeles Is the Plan of Wm. D. Haywood. Chicago, April 30.—With the arrival of May Day, Chicago's industrial horizon is more clouded than it has been for several years. Wage disputes and jurisdictional controversies, involving more than 15,000 men, constitute a disturbing factor and may result in a number of strikes and lockouts this week, according to labor leaders. TWO RAILROAD MEN PERISH IN ACCIDENT AT DAYTON, O. Dayton, O., April 30.—Michael Crowley, a switchman, and Albert Hicks, a clerk in the Pennsylvania railroad yards here, were killed and Charles Grandin was injured, when a passenger train hit a yard engine tonight. Several other persons are reported to have been injured, but this is denied by the railroad officials.

MURDER OF MRS. TURNER IS CHARGED TO A NEGRO. Lakewood, N. Y., April 30.—Detectives seeking the murderer of Mrs. Charles Turner, whose body was found in the woods near here Friday, have arrested Henry Graham, a negro whom they had trailed in an outfit of a pine forest and marshes many hours.

CHARRED BONES ARE FOUND IN WRECKAGE. Eight Persons Die Outright in Excursion Train Smashup—Three Others Succumb. Easton, Pa., April 30.—So far as it is now possible to ascertain, eight persons were burned to death, three were fatally injured, two others were seriously hurt that their lives are despaired of and scores of persons were cut, burned or bruised, some of them dangerously, in the wreck of the teachers' special from Utica, N. Y., to Washington, D. C., on the Belvidere & Delaware division of the Pennsylvania railroad at Martins Creek, N. J., yesterday afternoon.

The line was reopened for traffic today. The bones of eight persons have been taken from the debris and the wrecking crews have quit work. It is the general belief that the rails spread and caused the train to leave the track and plunge over the embankment to destruction. The official investigation into the accident will begin tomorrow.

The train was carrying 169 school teachers and their friends. It was traveling fifty miles an hour when the locomotive struck a sharp curve where men had been repairing the track, it jumped and ran along a hillside, carrying four of the five cars with it. All the cars took fire and burned like tinder.

The passengers were enjoying the early spring scenery along the picturesque Delaware river valley when at 2:45 o'clock the train struck the sharp curve and plunged over the embankment to destruction. The official investigation into the accident will begin tomorrow.

Wm. D. Haywood's Scheme. St. Louis, April 30.—Addressing a meeting of laboring men in the union headquarters here today, Wm. D. Haywood, once tried and acquitted for complicity in the death of former Governor Steunenburg of Idaho, advocated a general strike throughout the United States by the brick layers' union also declared today that unless their demands were met they would refuse to go to work.

Toronto, Ont., April 30.—A threatened strike of two thousand structural iron workers, covering the whole of Ontario, is in sight for May 1. The men have demanded an advance from thirty-five cents to forty cents an hour.

INDUSTRIAL HORIZON NOT VERY CLOUDY

Strikes Are in Progress or Are Threatened Today in Various Cities, but They Affect Only a Few Scattering Trades—Most Serious Disputes in Chicago.

That a General Walkout Take Place in United States the Day the Alleged Dynamiters Go on Trial at Los Angeles Is the Plan of Wm. D. Haywood.

Chicago, April 30.—With the arrival of May Day, Chicago's industrial horizon is more clouded than it has been for several years. Wage disputes and jurisdictional controversies, involving more than 15,000 men, constitute a disturbing factor and may result in a number of strikes and lockouts this week, according to labor leaders. Meetings of the various unions were held today to reach an understanding before strikes are ordered. The building trades war is the most serious of the impending labor difficulties, but the food supply may be affected by a strike of bakers and transportation facilities by strikes of freight handlers.

That a General Walkout Take Place in United States the Day the Alleged Dynamiters Go on Trial at Los Angeles Is the Plan of Wm. D. Haywood.

Chicago, April 30.—With the arrival of May Day, Chicago's industrial horizon is more clouded than it has been for several years. Wage disputes and jurisdictional controversies, involving more than 15,000 men, constitute a disturbing factor and may result in a number of strikes and lockouts this week, according to labor leaders. Meetings of the various unions were held today to reach an understanding before strikes are ordered. The building trades war is the most serious of the impending labor difficulties, but the food supply may be affected by a strike of bakers and transportation facilities by strikes of freight handlers.

That a General Walkout Take Place in United States the Day the Alleged Dynamiters Go on Trial at Los Angeles Is the Plan of Wm. D. Haywood.

Per month, by carrier, \$0.50

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

MARQUETTE, MICH., MAY 1, 1911.

NO MISCHIEF DONE.

The fireworks over the organization of the senate was another of those much heralded displays that fail to come off. Instead of an impassioned debate that would shake the very foundations of the G. O. P., the insurgent demonstration was confined to the presentation of a statement by Senator La Follette embodying a dignified and carefully phrased protest because the insurgent members had not been more liberally treated. This brought an equally dignified and carefully phrased reply from Senator Gallagher, who pointed out that the insurgents have obtained actually a larger share of the committee places than their numbers entitle them to. The vote followed immediately, with a few insurgent "noes," and the trouble was all over. It will quickly pass even from the memory of the principal actors.

The plights of the insurgents have not been taken at all seriously, even by their friends. They allege that some of the committees have been stacked against them, but even if that is the case it's all part of the game. Can any one imagine the insurgents, once they were in control of the senate, voluntarily giving control of important committees away from their own number? The insurgents will prove, if occasion arises, that they have not been very badly gagged, or their usefulness appreciably interfered with.

They have a new recruit, by the way. He is Senator Kenyon, of Iowa, late assistant to the attorney general and administration trust buster. He was known to lean their way, and in the negotiations over the committee places he threw his lot in with them definitely, and became a member in good standing of their compact little body. He is an able and highly thought of recruit, as promising a successor in the militant group as the lamented Dooliver could well be expected to have.

WILL HE RUN AGAIN?

There is a constant interest in the question whether Governor Osborn will again be a candidate for the executive office. State Chairman Knox has been misquoted in several papers as having stated in Washington recently that the governor would positively seek another term. Mr. Knox did not make such a statement, his reference to the matter in Washington being both guarded and indefinite. Governor Osborn himself has been quoted on the subject within the past few days. What he has had to say indicates that while he is not an aspirant for another term, neither is he absolutely set against continuing his work as executive, under certain conditions. But if he should be a candidate again, he says, it will be because an unmistakable demand that he stand for a second term shall have arisen from the rank and file of the people. He will not be deceived by any demand stimulated by his friends, he asserts.

The gubernatorial situation for 1912 is waiting, and will continue to wait for some time, on Governor Osborn. It is said to be the general impression that if Governor Osborn consents to run again he will not be opposed in the primaries. Patrick H. Kelley, who might under some circumstances be a candidate in 1912, has signified his belief that if the governor wants the usual second term he should have it without opposition, and this is said to be the attitude of the other men who have been discussed as possible candidates, with the exception of Secretary of State Martindale, of Detroit. Mr. Martindale is said to be keeping mum on this point, and it is believed that he has at times contemplated a vision of himself in the field, full armed, in an effort to head off the governor in a race for the great prize of state politics.

THE BOND ISSUE.

There are many excellent reasons why the voters should approve the proposal to issue \$75,000 bonds to be sold to defray the cost of extending the intake, and no reason that will stand analysis why the proposal should be voted down. Intake extension is recommended by all the engineers who have reported on the subject. One distinguished firm is of the opinion that there is as much certainty of getting good water by this step as there would be if the pumping plant was moved to Presque Isle. Again the Presque Isle project is absolutely

beyond the reach of the city, because money enough to carry it out cannot be raised. The margin left for bond issue is too small.

The need for an improvement in the water supply is obvious. The water has been more palatable of late than it was when its chemical treatment was first begun. Apparently the proportions of the chemical used are now regulated so that while the water is purified there is no objectionable taste imparted to it. But the use of a chemical germicide must be regarded simply as an expedient, and not as a permanent remedy. The people of the city want a supply of water that will be both good to taste and free of dangerous germs without any artificial treatment, and this, the engineers say, will be obtained by the carrying out of the proposed intake extension project.

This project hangs on the bond issue that will be voted on Friday of this week. If the bonds are approved steps will at once be taken to order the material and to proceed with the preliminaries to the work. If the bonds should be rejected the city would be hung up for an additional period of years with its present unsatisfactory water supply. The bonds should certainly be approved, and they should be approved by no large majority that there can be no question about the people's mandate to the water board to go ahead with the plans as outlined.

The Milwaukee Free Press makes rather an interesting point in connection with the advanced legislation that Governor Wilson, of New Jersey, was able to get from the legislature, namely, that after the governor, the Republicans are entitled to the largest measure of credit therefor. "Almost without exception, the vital legislation advocated by the governor was emasculated and hamstringing in the Democratic house and turned over to the senate in a state that huffed its recognition by its originators," the Free Press says. "It was in the senate, the Republican senate, that these bills were restored to their effective form and it was through the efforts of the Republican senators in conference that they were finally enacted as they stand in the statute books today. It naturally redounds to the credit of Governor Wilson that he was able to get results from both parties in the legislature, but the fact remains that such support as the Democrats gave him was given grudgingly, begrudgingly, and under protest, while that of the Republicans was given freely and as the evident result of sincere approval."

The Rankin bill prohibiting fraternities in the high schools is to be made a law by Governor Osborn. His personal inclination has been to veto it, he believing that regulation of fraternities might better be a matter for school board than for legislative control, and in giving his assent to the bill he recognizes the expressions of sentiment throughout the state favorable to the measure. It has had the support of the school superintendents in their state convention and of many strong organizations of women. Governor Osborn is said to apprehend that the Rankin law will merely drive the fraternities out of the schools into hiding, and that they will continue to exist without the control that the faculties have heretofore, in a degree, exercised over them.

Speaker Baker has just made public some figures showing that as a result of his successful opposition to a general legislative junket the state has been saved a considerable sum of money. The legislative junket in 1907 cost \$6,916.61; in 1909 it cost \$5,069.29. The cost of all the investigations and committee trips for the session of 1911, recently closed, was \$1,929.67, or a saving of \$4,986.94 compared with 1907. As there is no one who questions that the state institutions are not as well off as they would have been if the usual junket had been arranged and gone through with it appears that the opposition to the junket is fully justified and that it should never be resurrected.

A report that Senator La Follette will vote for the reciprocity bill has created much comment in Wisconsin, for the reason that the members of the house who are accounted his closest friends voted against it, when it was passed by that body recently. Furthermore the Wisconsin legislature has shown itself hostile to the proposed agreement, in that reflecting the views of the granger element in the state. It is commented, however, that if La Follette votes for the agreement the representatives and the legislature will both be willing to grant that they were probably wrong in their stands, so great is their confidence in their senior senator.

The expert who the tax commissioners and the state officials retain to value Michigan's mines should be a man of such distinguished standing in his profession and of such strict integrity that when his work is finished the entire state will accept it as just and honest. Here is one job on which Michigan should employ the best talent it can command, irrespective of the price it has to pay.

There appears to be a tremendous endorsement of the peace movement in this country and England. It must be gratifying, indeed, to the supporters of the international peace propaganda. At the same time the movement would have vastly more significance if England and Germany were the principal figures in it.

An Indiana Democrat says that the postal deficit is due simply to the fact that the postmaster general pays too much attention to politics and too little to the work of his department. But isn't this statement absurd in the light of the fact that the present postmaster general has been able to make notable progress with the work of decreasing the postal deficit?

A dozen or more loyal Michiganians who have picked up good jobs about the national house of representatives during the past sixteen years have been compelled to join the exodus gotten underway by the Democrats. The only consolation from the viewpoint of state pride is that some of them will be replaced by loyal Michigan Democrats.

The old-fashioned Democrats who insist that Governor Harmon is just the man who should be nominated for president, will find, unless the present outlook is deceiving, that there are a lot of new-fashioned Democrats they will have to reckon with.

A Boston man aged 102 was found drunk on the street. First thing he knows, drink will ruin his bright and promising career.—Bay City Tribune.

Twenty thousand adults petition that teachers may get more pay, and 50,000 pupils would willingly petition to give ten shorter hours.—Detroit Journal.

Who launched that boom for Senator John W. Kern for the democratic nomination for the presidency, the Republicans?—Saginaw Courier-Examiner.

Lansing pastors will not unite in marriage persons who have been divorced. So long as the latter have a license and a \$2 bill, there's no need for their becoming unduly alarmed—there's the door of the J. P. swinging on well lubricated hinges.—Jackson Citizen-Press.

State Press

Lansing is off the ump for another two years.—Bay City Times.

Congress is talking of making a "farmers' free list." The small boy long ago placed the farmer's orchard and melon patch in this category.—Jackson Citizen-Press.

Senator Jeff Davis says the newspapers are not particular friends of his. No, they couldn't be friends of his and be very particular, that's certain.—Grand Rapids Press.

It is not certain that an entomologist can be found in Michigan who will accept the newly created position of state fire marshal and begin slouching for the firebug.—Kalamazoo Telegraph.

A Pittsburg woman is mourning for \$2,150 worth of jewels, lost through a rip in her stocking. Add one to the list of women who believe men shouldn't monopolize pockets.—Pontiac Press-Gazette.

A Laugh or Two

It Was Muffing.

"Bugs" Raymond, pitcher of the New York giants, is a wit on the field," said the sporting editor at the Pen and Pencil club in Philadelphia.

"Raymond was disgusted one day at his team's wretched out-fielding. Battered after he permitted a member of his body to represent to reside away from Lansing as unessential to the issue, it remains true that the governor took the only logical attitude in vetoing the measure. In 1893, the salaries of the supreme court justices were raised from \$3,000 to \$7,000 a year on the distinct understanding that residence in Lansing was obligatory. In fact, members of the court themselves pointed out the greater degree of efficiency possible under this arrangement, and accepted the increased pay in consideration of making their homes in the capital. To attempt to repudiate this agreement now is virtually to deny the binding obligation of a contract entered into with the state.

It is true that the supreme court members did not stand as a unit for the bill voted by Governor Osborn and the criticism voted should not be construed as applying to them as a body. The court, however, should be particularly careful in such matters because as the governor says in effect if the individuals composing the highest judicial tribunal in the state can set such an example what is to be expected of the average man?—Grand Rapids Press.

Courteous to the Last.

A visitor to a jail in New England was much impressed by the manners of the few prisoners.

"They seem so gentle and polite," she said. "I knew there were no hardened criminals here, but I was not prepared for such a courteous, even cordial, reception."

"Oh, they're cordial and courteous, all right," said the jailer, "but I'd rather have less manners, myself."

"You would?" and the visitor was evidently shocked.

"I would, ma'am," repeated the jailer. "Six months ago one of the prisoners I had here escaped one night, and left a note for me, saying, 'I trust you will pardon me for the liberty I take.'—Youth's Companion.

Gentle Reminder.

It was midnight. The burglar had entered the house as quietly as possible, but his shoes were not padded, and they made some noise. He had just reached the door of the bedroom when he heard someone moving in bed as if about to get up, and he paused. The sound of a woman's voice floated to his ears.

"If you don't take your shoes off when you come into the house," it said, "there's going to be trouble, and a whole lot of it. Here it's been raining for three hours, and you dare to tramp over my carpets with your muddy boots on! Go downstairs and take them off this minute!"

He went downstairs without a word, but he didn't take off his boots. Instead he went straight into the night again, and the "pal" who was waiting for him saw a tear glisten in his eye.

"I can't rob that house," he said. "It reminds me of home."—Tid-Bits.

Sagacity.

One would have it that a collie is the most sagacious of dogs, while the other stood up for the setter.

"I once owned a setter," declared the latter, "which was very intelligent. I had him on the street one day, and he acted very queerly about a certain man we met, so I asked the man his name."

"Oh, that's an old story!" the collie's advocate broke in sneeringly. "The man's name was Partridge, of course, and because of that the dog came to a set. Ho, ho! Come again!"

"You're mistaken," rejoined the other sagaciously. "The dog didn't quite come to a set, though almost. As a matter of fact, the man's name was Quayle, and the dog hesitated on account of the spelling!"—Lippincott's.

A Gentle Method.

Little Edward had been visiting his uncle's ranch, where they were very much bothered by rats. When he came back, he started to school, where he received the information which he gave his grandmother one day. He said:

"Grandma, do you know how to get rid of rats?"

"No, Edward. How?"

"Why, a soft answer turneth away rats."—Woman's Home Companion.

A Warm Weather Job.

A negro boy from Louisiana got into Boone, Ia., during a cold spell last winter. He was thinly clad, and the first job he got was cleaning snow off the sidewalks.

As he was at work, he stopped a passerby and asked: "Mistah, can't you tell me what I kin find some other job than this? I ain't nevah goin' to shovel snow whar it's cold."—Philadelphia Saturday Evening Post.

Copper Country

E. T. DAUME, LAURIUM, HANCOCK MISSION PASSES FROM LIFE VERY SUCCESSFUL

Wellknown Copperdom Business Man Dies Suddenly, Following a Surgical Operation.

Emil T. Daume of Laurium, manager of the Tamarack Co-operative store at the Tamarack mine, died at 6 o'clock yesterday morning. He was forty-six years of age. Mr. Daume ranked high in the mercantile life of the copper country, as the Tamarack store does probably the largest business of any mercantile establishment in the upper peninsula. He also was prominent in church circles.

Mr. Daume was born in Berlin, Germany, May 13, 1865. He came to the United States with his parents in 1873, the family settling at the Central location in Keweenaw county. The boy attended school and subsequently worked at the mine and in the store there. Mr. Daume left the Central in 1894, going to Calumet, where for the next six years he was employed by Hennes & Co. and J. Vieland, Jr. & Co. He went to Tri-november, 1905, he took charge of the Tamarack Co-operative store, remaining there until 1903, when he returned to Calumet to take the management of the dry goods department of Vertin Bros' establishment. In 1904, he took charge of the Tamarack Co-operative store, as manager, and he had since successfully conducted it. Mr. Daume underwent a surgical operation two weeks ago last Wednesday. He appeared to be improving until last Saturday, when a sudden turn for the worse set in and he passed away yesterday morning.

Mr. Daume was married Aug. 10, 1893, to Miss Grace Bennett, of the Central. His wife and three sons survive him. The children are: Solman B., Lloyd and Karl Wm. Daume. The mother of the deceased, Mrs. Matilda Daume, lives at Laurium, as does one sister, Miss Florence. The brothers of the late E. T. Daume are Peersless, of Painesdale; George, of Calumet, and Charles, of Arizona. Mrs. Joseph Fry of Jackson, N. D., is a sister of the departed.

Mr. Daume was a director of the First National bank of Laurium, of the Copper Country Building & Loan association and of the Calumet Y. M. C. He was a former superintendent of the Laurium M. E. Sunday school. The funeral will be held Wednesday afternoon at 2 o'clock. The obsequies will be in charge of Montrose commandery, Knights Templar, of Calumet, of which Masonic order the deceased was a member. Interment will be in Lake View cemetery.

ANOTHER ORATORICAL CONTEST.

Sacred Heart High School Students Will Compete for Medals.

Young men of the senior and junior classes in the Sacred Heart High school of Calumet will this evening take part in a contest for medals, a gold medal going to the winner of oratory and a silver medal to the winner in declamation. A fine program has been arranged. It will include not only the contests in oratory and declamation, but several musical numbers. The contestants are as follows:

- Oratory—James Shea; "Inherent Liberty." Howard Auger; Patrick Henry's "Appeal for Liberty." William Monroe; "Promptness." Francis Boehm; "The Panama Canal, a Monument of American Progressiveness." John Tobinski; Webster's First "Bunker Hill" Discourse. Wendell Koch; "Horatius at the Bridge." John Cleary; "Catalina's Defiance." Horace Bronitt; "William Tell's Address to the Mountains." John Shea; "Kentucky Belle." The judges will be Attorneys P. H. O'Brien, W. J. Galbraith and A. W. Kerr. The gold medal will be donated by the Knights of Columbus.

CIRCUIT COURT POSTPONED.

Judge Streeter Still in Virginia—Defers Baraga Term.

The May term of the Baraga county circuit court at L'Anse has been postponed from tomorrow till May 23. County Clerk Martin Voetsch received a telegram from Judge Streeter Saturday to this effect. Judge Streeter and his family have spent the spring in Virginia and it evidently is the judge's intention to prolong his visit. The postponement of the Baraga county term will affect the terms of the circuit court of Keweenaw and Houghton counties. In the latter case the regular time for opening the May term of court is on the date now set by the judge for the opening of the Baraga county term.

Never hesitate about giving Chamberlain's Cough Remedy to children. It contains no opium or other narcotics and can be given with implicit confidence. As a quick cure for coughs and colds, to which children are susceptible, it is unsurpassed. Sold by The People's Drug Store.

DAUGHTERS OF ST. GEORGE.

First Lodge of Auxiliary Order Is Instituted at the Quincey.

The first lodge in the copper country of the Daughters of St. George, an auxiliary to the Sons of St. George, was organized and installed at Quincey Friday night. Mrs. Emma Green and Mrs. Mary Pason of Neegaunee were the installing officers. The lodge officers follow:

- W. P. P.—Mrs. Elizabeth Dymn. W. P. C.—Mrs. Bertha Williams. W. V. P.—Mrs. Jennie Martin. W. E. S.—Mrs. Della Coombes. W. C.—Mrs. Grignon. W. T.—Mrs. Cobelbrick. W. F. C.—Mrs. Williams. W. C. C.—Ann Gilles. W. I. G.—Annie Spear. O. G.—Minnie Rippan. W. F. T.—Mrs. Caroline Peters. W. S. T.—Mrs. Emma Knight. W. T. T.—Mrs. Jennie Chapman.

TOM LEAHY TELLS A STORY.

Calumet Man, Former Madison Baseball Star, Has a Good One.

Tom Leahy, captain of the University of Wisconsin baseball team in 1904, and now a practicing attorney at Calumet went to Madison recently to help Coach Tom Barry round the varsity baseball team into shape for the opening game against Chicago. Leahy didn't do much coaching because it rained three days out of the three that he was in Madison, but in a fascinating tale about the Wisconsin baseball team of 1904, which tale involves no less a distinguished person than Ballazhar H. Meyer, who recently was elevated to the interstate commerce by President Taft.

According to Leahy's story, the Badgers were playing against the University of Illinois team at Urbana late in the spring of 1904. The scene was tied in the ninth inning when some remarks from one of the Illinois players caused the Badger captain to leave a bat at him. The bat missed the target, but the game broke up in a row and the Wisconsin players were chased out of town with a variety of hissing hen fringing to their clothes.

Copper Country Schoolmasters Want Aid From County Board.

One of the most important actions taken Saturday by the Copper Country Superintendents' Round table, which held its last meeting of the year in the office of Superintendent Doelle at Houghton, was to pass a resolution asking the county board to appropriate \$2500 for the teachers' institute fund to the fund to be raised in connection with the meeting of the Upper Peninsula Educational association in Houghton next October. The superintendents gave this meeting considerable attention and drafted a number of suggestions to be submitted to President O. Schurz of Neegaunee.

Principal James H. Kaye of the Northern State Normal school was present at the meeting and gave the superintendents a brief talk. Superintendent Fuller of the Newberry schools, who had been here to attend the oratorical contest Friday night, also was present at the meeting. The copper country superintendents were Miss Pope of Calumet, Mrs. A. B. Bessie of Houghton, Franklyn, Nichols of Osceola, Jeffers of Painesdale, Larowe of Hancock, Doelle of Houghton, Clinton of Baraga, Lee of Lake Linden, Duggan of Ripley, Doolittle of Stanton, Davis of Dollar Bay, Mellenamp of L'Anse, Caswell of Winona and Johnson of Quincy.

REFUSES PARDON PLEA.

Governor of Georgia Deaf to Appeals for Thos. Stripling.

Atlanta, Ga., April 29.—Holding that the law must be enforced for the protection of society, Governor Joseph S. Brown denied the pardon petition of Thomas Edgar Stripling, who, fourteen years ago, killed William Cornett in Harris county, Ga., because of insulting his wife and his sister. Convicted of this crime and sentenced to life imprisonment, Stripling made his escape, fled to another state and by solicitude and strict attention to duty, became chief of police of Danville, Va., and returned to Georgia two months ago, when he was recognized and held for Georgia. Stripling is at present confined in the jail at Columbus, using the jailer's office as a cell. Broken in health, suffering from tuberculosis, he is no condition for hard labor and will be sent to the state prison farm, where some kind of light work will be given him. In denying the petition, Governor Brown reversed the action of the prison commission, which unanimously recommended that Stripling be pardoned in direct opposition to public sentiment.

MISSING MAN'S FATE KNOWN.

Arvid Mattson, an employe of Hebard & Sons at Huron Bay, in Baraga county, disappeared last January. His body was found at Point Abkay Friday afternoon by a party of woodsmen. It is believed that the man wandered away from Huron Bay and was frozen to death. The remains were interred at L'Anse Saturday.

MY DAUGHTER WAS CURED

By Lydia E. Pinkham's Vegetable Compound

Baltimore, Md.—"I send you here with the picture of my fifteen year old daughter Alice, who was restored to health by Lydia E. Pinkham's Vegetable Compound. She was pale, with dark circles under her eyes, weak and irritable. Two different doctors treated her and called it Green Sickness, but she grew worse all the time. Lydia E. Pinkham's Vegetable Compound was recommended, and after taking it, her body has regained her health, thanks to your medicine. I can recommend it for all female troubles."—Mrs. L. A. COLEMAN, 1103 Rutland Street, Baltimore, Md.

Hundreds of such letters from mothers expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished for them have been received by the Lydia E. Pinkham Medicine Company, Lynn, Mass. Young Girls, Heed This Advice. Girls who are troubled with painful or irregular periods, headache, backache, dragging-down sensations, fainting spells or indigestion, should take immediate action and be restored to health by Lydia E. Pinkham's Vegetable Compound. Thousands have been restored to health by its use. Foley Kidney Pills take hold of your system and help you to rid yourself of your dragging backache, dull headache, nervousness, impaired eyesight, and of all the ills resulting from the impaired action of your kidneys and bladder. Remember it is Foley Kidney Pills that do this. The People's Drug Store.

HANCOCK CITY APPOINTMENTS.

Mayor Dodge Will Name His Official Family This Evening.

At a regular meeting of the Hancock city council tonight Mayor W. H. Dodge will make his appointments for the ensuing year. There is considerable speculation in the city as to probable changes, but the mayor is keeping his own counsel.

The only statement given out by Mr. Dodge is that he will abolish the office of city surveyor, as far as the employment of a permanent engineer is concerned. He has in mind two men whom he will name to act for the city when ever an engineer's services are required. The mayor believes that the city can undertake no additional improvements for a time and it is a useless expense to keep a man on the payroll.

HANCOCK'S CLEANUP DAYS.

Today and Tomorrow Set for a General Municipal Rejuvenation.

Mayor Dodge and the common council of Hancock have set today and tomorrow as the cleanup days in the city. Chief of Police Tibor has issued notices to all property owners that their premises must be cleaned up after the winter's accumulation of dirt and refuse, ashes and the like, or suffer a penalty. A cleaner Hancock not only during the spring months but throughout the year is the desire of the city administration and to accomplish this an early start must be made. The movement towards "cleanup" days in this town was instituted at Spokane several years ago and was first introduced in the copper country by Dr. H. S. Cole, who a few years ago was president of South Range. The city will bear the expense of carting away the refuse if the property owners and tenants will deposit it in a convenient place. Those property owners who do not see to that their yards are cleaned up and the dirt deposited where the city teams can reach it will have to bear the expense of having the refuse hauled away to the dump ground later on. The premises must be cleaned, even though the city has to do it, and the cost assessed against the property.

Markets

WALL STREET STOCKS.

Paine, Webber & Co. Saturday wired from New York as follows: As indicated in our advices of the past week, particularly those of last Monday, the short interest had assumed such proportions as to make the market almost impervious to selling movements, and as a result the shorts became rather nervous, in view of the relatively small amount of outside liquidation. In addition, more attention than heretofore was directed toward the favorable crop outlook, and the ease in money, also the marked increase in the investment demand. The first cases decisions have been hanging over the market for so long a time that their elimination in itself would doubtless increase initiative in the fields of corporate endeavor. It would not be surprising should the upward movement halt, at least temporarily, during Monday forenoon, or until it is assured that the decisions will not be rendered on that date. Saturday's closing quotations are as follows:

Table of Wall Street Stock prices including various stocks like Anaconda, Am. Smelter, etc.

Boston "Coppers."

Of the market at Boston, Paine, Webber & Co. Saturday said: "Coppers continued generally active again today, with further advances in certain specialties. Isle Royale advanced to 10, on sales of a few hundred shares. Alton sold at 34, and is very scarce. Hancock was fairly active around 22 1/2 and closed at 22 1/2, the buying being based on the small run, which is understood to be very satisfactory. Osceola was noticeably strong, advancing 5 points on small lots. General sentiment is very much improved and the market should be broader and more active next week. The closing prices are as follows:

Table of Boston Copper prices for various grades like No. 1, No. 2, etc.

S.S.S. CHRONIC ULCERS

There is a natural element of the circulation known as plasma, a fibrous constituent which is the true healing quality of the blood. This plasma property is frequently destroyed by impure accumulations in the blood, and this vital fluid not only loses its power to heal, but becomes a source of irritation to any wound or open sore or ulcer on the flesh. The blood continually discharges the impurities into the place and gradually the infection spreads and the sore enlarges. External applications cannot cure an old sore, because such treatment does not affect the blood; the most that can be expected from plasters, washes, salves, etc., is a cleansing, soothing effect on the ulcer. S.S.S. heals old sores in a perfectly natural way. It goes down into the blood, and removes the impurities and morbid matters that are the means of keeping the ulcer open; then the sore is bound to heal. S.S.S. is the greatest of all blood purifiers, and not only does it cleanse the circulation, but it restores the healing, plasma qualities and aids in promoting every necessary quality for good health. S.S.S. builds new flesh tissue from the bottom of the ulcer to the outer skin, and makes a permanent cure. Book on Sores and Ulcers and any medical advice free. S.S.S. is for sale at drug stores. City Brevities

Mrs. O. Gauthier, of Munising, was in the city Saturday.

C. T. Hampton, of Iron Mountain, spent Saturday in the city.

Mr. and Mrs. A. C. Keslip of Sidnaw, spent yesterday in Marquette.

Thomas Gowling left Saturday night to transact business in Duluth.

The regular May meeting of the common council will be held this evening.

Mrs. A. E. Miller and Mrs. C. E. Lytle left last evening to spend a few days in Chicago.

J. V. Brennan, superintendent of schools at Ironwood, was in the city Saturday.

The Delaware, of the Anchor line, tied up at Spear's dock Saturday, being the first package freighter to make this port this season.

A chimney fire at Thomas Miles' residence on East Michigan street called out the fire department about 6 o'clock last evening.

Ward Powell, local agent for the Buick automobiles, has gone to Saginaw to talk over business matters at the general offices of the company.

John T. Gibbons, press agent of the Michigan College of Mines dramatic organization, presenting "In Tobero," was in Marquette yesterday.

Mrs. J. H. Godwin and Mrs. M. P. Youngs arrived home yesterday, after a seven weeks' stay in Detroit and Ann Arbor.

James Deagon left Saturday afternoon to take a position as wheelman and watchman on the W. G. Mather, the flagship of the Cleveland Cliffs fleet.

A car load of Italians arrived in the city on the Northwestern train yesterday morning, to work on the new dock construction work. The foreigners, over twenty in number, will live in a camp now being put up near the work.

The Stafford Drug company's store will be closed until Tuesday morning, on account of the funeral of H. H. Stafford. If any prescription or medicine is needed, present one to get a druggist by calling 608 J. Bell phone, or call at 626 North Fourth street.

Louis Siegel leaves this afternoon to accept a position in the central offices of the Lake Superior Iron & Chemical company at Detroit. Mr. Siegel has been employed in the Marquette offices of this company for some time, and has been transferred to Detroit in the nature of a promotion.

Held Up by a Deer—One who has but recently gained membership in Marquette's exalted order of automobilists was held up by a deer at Presque Isle Saturday. The driver was running his car around the island drive when two deer ran on the road in front of him and refused to budge, despite the tooting of the auto horn. To pass the animals, the driver turned out to one side, ran into a jog and had to borrow an axe before he could continue his pleasure trip.

Jailed, Voice Came Back—Late Saturday afternoon Officer Hogan arrested a man who posed as deaf and dumb and was begging in the residence districts of the city. The officer had been watching him all day and finally became convinced that he was shamming muteness. In the lock-up Saturday night he would not talk, but wrote on a piece of paper stating that he wanted some supper. A night behind the bars, however, did him no good. The officer had been watching him all day and finally became convinced that he was shamming muteness. In the lock-up Saturday night he would not talk, but wrote on a piece of paper stating that he wanted some supper. A night behind the bars, however, did him no good.

Trout Season Is Open—The season during which brook trout may be legally caught in the waters of Michigan opens today and closes Sept. 1. A large number of those who had been watching planned trips to their favorite streams on the opening day, but because of the sudden fall in temperature Saturday night, most of these trips have been postponed until the weather gets warmer. Reports are that the streams are still too high for good fishing, and it is not likely that any big catches will be made for a week or two, unless some angler is fortunate enough to find a hole or inland lake where the trout assembled during the winter.

No Baseball Yesterday—Baseball players and fans alike were much displeased at the turn the weather took Saturday night, making it impossible for the team to work out at the fair grounds yesterday afternoon as planned. A lively game was played at the Guild Hall grounds Saturday afternoon, in which most of those who will try out for the league team participated. It is hoped that by next Sunday the weather will be such that the players can get a good workout at the fair grounds.

Sister Team at Bijou—Vaudeville at the Bijou the first half of this week will be furnished by the Mortimer sisters, singing and dancing team, that comes highly recommended from the East. Manager Dorsey has arranged a strong bill of motion pictures. The subjects include "The Secret of the Palms," a beautifully staged Cuban story; "For Her Sake," a war theme, and "A Brass Button," a splendidly worked out detective story. Smith and Arado, in talking, singing and dancing, will be the vaudeville team for the last half of the week.

The most sanitary and up-to-date barbershop in the city. Johnson & Perrin, Savings Bank building. 4-18-2w

Theatrical

"Madame Sherry" Tonight.
Judging from the heavy advance sale of seats, "Madame Sherry," to be presented at the opera house tonight, will be greeted by a capacity house tonight.

"Madame Sherry" was presented at the Ishpeming theatre one night last week, the production being attended by a number of Marquette people, all of whom are enthusiastic in their praise of the show, which they declare to be one of the most delightful musical comedies ever brought to the upper peninsula.

One of the big features of "Madame Sherry" is its catchy music, "Every Little Movement Has a Meaning All Its Own" being the motif of the score. This tune has proven more popular in the past than anything since the "Merry Widow." "Madame Sherry" comes to Marquette almost directly from New York and it is generally expected to be one of the best shows of the year.

BOOKS AT LIBRARY.
Additions During Month of April Made Up a Long List.

The following volumes have been added to the Peter White Public Library during the month of April:

Cash Prizes for Children Who Send Us Essays on "How To Save Money"

We want essays from several hundred girls and boys telling us how either grown-up people, or children, may save money. We will pay cash for the best ones. To every girl or boy, 15 years old, or under, who will write us an essay on "How To Save Money," we offer a chance to win one of four prizes amounting to \$25.00.

Letters may be short or long, but must be written on one side of the sheet only. What is said, general neatness and correct spelling will determine prize winners. Sign letter and give your home address. Every letter must be in our hands on or before May 6, 1911, to be considered. Competent judges, independent of the bank management, will award the prizes. Don't be afraid to try. You may be just the one to win.

PRIZES: For best essay, \$10.00, for the next best three, \$5.00 each.

Don't put off your answer; write it at once and bring it to the bank, or mail it to us.

Upper Peninsula

Highway Contract Let—

The board of Dickinson county road commissioners, awarded the contract for the construction of a dirt road in Wauredah township to Walkstrom Brothers, of Iron Mountain. The contract price is \$2,600. Bids were also received from Gust Freden, Martin King and John Blomgren. County Engineer Carpenter

has been authorized to receive bids for a dirt road extending from the Iron Mountain city limits to the Homestead interstate bridge. Some work is also to be done on the Granite Bluff-Randville road under the direction of the engineer.

New Way of Quarrying Rock—

Improvements and alterations are being made at the city stone crushing plant at Iron Mountain, tending to add material to the capacity. A shaft seven by five feet at the collar is now being sunk sixty feet in the trap rock. This will permit milling the rock directly into

the cars. The cars will then be hoisted and dumped directly into the crusher. The change will not only increase the capacity of the plant, but will materially lower the cost of production. It is expected to have the plant in operation in about six weeks.

School Teacher a Bride—

Miss Blanche Ferris, a teacher in the public schools of Norway, and Ernest Pascoe, son of James Pascoe, of Loretto, were united in marriage at the home of the groom's parents last week. The bride was attended by Miss Ada Welch, of Norway, and the groom was supported by his brother, Ray Pascoe. The ceremony was performed by Rev. William Roberts, of the Presbyterian church, of Iron Mountain. A few intimate friends attended. The newly wedded couple are on a honeymoon trip to Green Bay and other Wisconsin points.

Iron County's Engineer—

Edmund H. Elyvean of Lake Linden has accepted the position of county road engineer for Iron county at a nice salary. Iron county recently voted to expend \$150,000 in the building of new highways and Mr. Elyvean will have charge of the work. He is a graduate of the College of Mines, Mrs. Elyvean, formerly Miss Clara Alexander, of Iron Mountain, is at present the guest of Lake Linden relatives, but will soon join Mr. Elyvean at Crystal Falls.

Accused of Poisoning a Dog—

Joseph Zegles of Cornell township, Delta county, was arrested last week and taken into Justice Linden's court at Escanaba to answer to a charge of having exposed poisonous substances mixed with meat and leaving them where tame animals might get them, an act which is in violation of state law. He was arraigned and pleaded not guilty, whereupon the case was adjourned until May 3. Zegles' bail was fixed at \$200, but he was released upon his own recognizance. His arrest was made on complaint of Tom Aleksunos, who claimed that a valuable dog belonging to him had died as the result of eating poisoned meat which Zegles is alleged to have placed where the animal could get it.

Interesting Case at Menominee—

There are but fourteen cases on the calendar for the May term of circuit court which opens at Menominee this morning with Judge Flanigan presiding. Among the cases are three criminal actions, the most important of which is that against Walter Duer, who is now in the county jail awaiting the action of the court. The other two are against Otto Hill, charged with larceny, and John Martin. The charge against Duer is a most unusual one, and has attracted considerable attention throughout the county and northern Wisconsin as well. Found du Lac and De Pere each having been the man's former place of residence.

Duer, according to the charge against him, is said to have stolen a sum of money from a De Pere woman whom, it is claimed, he had promised to marry. According to the story adduced on the stand when the preliminary examination was held, the woman in the case avers that the two were on their way to Duluth to become united and stopped off to take a boat to that port. Arriving at Menominee they put up at a hotel and she alleges that he grabbed a certain sum of money out of her hands and escaped with it. Duer, however, denies this story. He says that he never received the considerable sum named by

the woman alleging that he had accepted a small amount, about \$50, with which he purchased a suit of clothes and paid the railroad fare.

Warns Against "Tax Title Sharks"—

The sharks are coming, says the Mining News. They will be here tomorrow (Tuesday) in greater or in lesser numbers to their chances for prey seem to warrant. The annual sale of delinquent tax lands in Alger county will be held May 2 in the office of Treasurer Depeu. Those who know their taxes are delinquent are earnestly advised—lest they incur for themselves more trouble and expense—not to wait until the morning of the same before settling with the county treasurer. Time was when the list of land delinquent for taxes in Alger county was a big one. But the past few years it has been growing smaller and smaller. This shows that by far the greater part of the lands are considered too valuable by their owners to be allowed to become the prey of the tax title shark. But mistakes sometimes happen and not infrequently it turns out that some really valuable piece of village or farm property, which the owner has actually paid the taxes, is advertised for sale. Again, and perhaps more frequently than for the first reason, good property is offered for sale for delinquent taxes simply because the owner forgot all about that important matter. It is believed with good reason that the Alger county tax list for this year is the smallest in the state.

New Industry for Escanaba—

The contract for the construction of a concrete dam and pulp mill on the Escanaba river for the Escanaba Traction company has been awarded to Bragan & Rich, of Green Bay and Chicago. Actual work is to be begun within the next week and completed this summer. The dam is to be constructed across the river at a point about a half mile above Groos and a concrete canal is to be built on the east side of the stream, leading from the dam to the pulp mill site at Groos. The power generated at the dam will be used partially in the operation of the pulp mill and partially to augment the company's present available current for operating its street car lines and furnishing current for the operation of the municipal lighting plants. There is a constant demand for the paper mills of the Fox River valley. Four bids were filed for the construction of the dam and mill and an inspection of the proposals showed that the lowest was that of the Green Bay and Chicago concern.

Iron Mountain Girl Weds—

The home of Dr. and Mrs. Joseph A. Crowell of Iron Mountain was the scene of an exceedingly pretty wedding when their daughter, Miss Ruth, was united in marriage to Walter E. Werner, of Chicago. The ceremony was performed by Rev. R. W. Nickel, of Holy Trinity church. The bride was attired in an embroidered gown of chiffon trimmed with old lace and pearls and was attended by Miss Frieda Werner, of Chicago, a sister of the groom. Larry Soule, of Chicago, supported the groom, and Dorothy and Robert Jones were bearers of the bridal flowers. The ceremony was performed in the main parlor, Miss Frieda Werner, of Chicago, a sister of the groom. The musical program was rendered by Castel's orchestra, assisted vocally by Dr. Miller, of Norway, presiding at the piano. The home was beautifully decorated with early spring blossoms and potted plants. There was a large attendance of guests, many being present from out of the city. Substantial evidence of the popularity of the contracting young people was furnished by the beautiful array of costly gifts received. The bride is one of Iron Mountain's most beautiful daughters. As a leader of social functions she will be greatly missed by the young people. The groom is a civil engineer by profession and holds an excellent position with a large company in Chicago, where Mr. and Mrs. Werner will make their home, residing on Jackson Park Terrace.

No Politics in the Board—

A paragraph appeared recently in the upper peninsula column of the Marquette Mining Journal—doubtless gleaned from a St. Ignace source—stating the fact that the Mackinac county board of supervisors is composed of thirteen Republicans and four Democrats, comments the St. Ignace Enterprise. This might give rise to unwarranted inferences. As a matter of fact, three members of the board were elected on a Democratic ticket, and only two on a Republican ticket. But that is of little consequence. Politics, let us be thankful, do not enter into the election of township officers in this county. The political machinery is resorted to in the city of St. Ignace for its municipal elections, simply because of its convenience; but the choice of the people, even then, is formed along other lines. Twelve of the supervisors of this county are elected upon such tickets as "Peoples," "Citizens" and the like, the governing considerations being purely local questions and, supremely, the personal equation. The Enterprise believes that any pestiferous attempt to inject the "curse of politics" into the deliberations of the county board would be resented by none more emphatically than by the constituents of the majority of its Republican members.

Educator Takes New Position—

E. E. Ferguson has tendered his resignation as superintendent of the Soo public schools and it has been accepted by the board of education. Mr. Ferguson gives up his position in order to accept the superintendency of the Bay City school system. He will finish the school year at the Lock City. Superintendent Ferguson has been in charge of the Soo schools for fifteen consecutive years and it is to his credit that the schools stand high in the estimation of the colleges of Michigan. He was tendered and accepted the superintendency for another year at an increased salary at a recent meeting of the board and at that time is said to have had no thought of going elsewhere. While attending the annual meeting of the Michigan School Superintendents' association, of which he was president, at Lansing he was approached by members of the Bay City school board and asked if he would accept the superintendency there. By reason of his being tied up with a contract he could give no definite answer, stating that it would be necessary to secure favorable action by the Soo board of education on his resignation. This being accomplished Mr. Ferguson telegraphed his acceptance and will assume charge at Bay City at the beginning of

the school year next fall. The fact that Mr. Ferguson made no application for the superintendency at Bay City and the further fact that the board of education of that city had received over sixty applications for the position from prominent educators of the state speaks volumes for his reputation and standing as an educator. The Bay City schools employ 260 teachers and the expense of maintaining the system is in the neighborhood of a quarter of a million dollars annually.

State Convention of Woodmen—

The state convention of the Modern Woodmen of America, which meets tomorrow and Wednesday and Thursday, May 2, 3 and 4, will take to the Soo visitors from all over the state. The Lock City society is figuring on between 200 and 300 delegates, besides as many more women. It is expected that addresses of welcome will be made by Governor Chase S. Osborn and Mayor A. J. Short. Among the other distinguished guests will be Charles J. Byrns of Ishteping, national director of the Woodmen, and E. J. Bullard of Detroit, state deputy. The Murry Hill hotel will be the official headquarters of the grand lodge officers during their stay in the city.

The delegates will be met at the steamboat docks on their arrival and escorted at once to the quarters to which they have been assigned, first registering at headquarters. There will be no official business on Tuesday, but in the evening at the city hall there will be an illustrated lecture by the deputy local lodge officers, followed by a concert against the white plague waged by the order. The lecture will be profusely illustrated. The Knights of Columbus orchestra will furnish the music.

The Detroit members are expected to arrive today on the steamer Monarch, bringing with them a band and a drill team and it is said that the delegates from that city will make a strong effort to land the 1912 convention. On Wednesday at 8:15 o'clock there will be a caucus of the delegates in their respective district rooms in the Murray Hill. The convention will be called to order at 10 o'clock at the armory, when the address of welcome will be made. The Rev. J. A. Kennedy will deliver the invocation and a quartet from the Soo camp will render several selections.

Routine business will occupy the attention of the delegates Wednesday afternoon and at 7:30 there will be an initiation of a class of candidates by the grand lodge officers, followed by a smoker and short addresses. On Thursday the visitors will be given an automobile ride to the various points of interest in the Soo, leaving the Murray Hill at 9 a. m. The Royal Neighbors, the auxiliary society to the Woodmen, will entertain the ladies in their hall in the Gowan block while the convention is in session at the armory.

Ishpeming Department

COPPER COUNTRY TEAM LOSES CHAMPIONSHIP

IS A BIG JOB.

Improvements at Union Park Will Be Completed This Week.

The rebuilding of the baseball diamond at Union Park, which was started a week ago today, under supervision of Superintendent Willman, of the Negamunne board of public works, is a job of some size and the work will cost the Marquette County Gas & Electric company a considerable sum, as two teams and a goodly force of men is employed. A filling averaging about a foot in depth is being spread over the diamond. The bottom part of the filling is composed of loam procured near the park, and over this there will be four inches of clay. The hauling of the loam will probably be completed tomorrow, when the workmen will begin dragging the surface and leveling it.

Mr. Willman Saturday said that he will endeavor to complete the work on the diamond by next Saturday evening, so that the exhibition game between the Ishpeming league team and the Setlers will be played Sunday. The out-of-door work, however, will not be completed until later in the week, as the ground is still very rough and the workmen will have to be careful to make it in much better condition than ever before.

Several of the outside men engaged to play on the Ishpeming team are now here and they are getting in condition. Second Baseman Richards, whose home is at Marion, in the lower peninsula, is the latest player to arrive. Manager Simons is negotiating for another catcher to take the place of Peagley, who was later decided to play on neutral grounds for the upper peninsula championship, and Ishpeming was decided upon as the meeting place.

The game was not well advertised and the attendance was small but all who turned out were well entertained, as the game was hard fought. The teams were well matched, though the Menominee range players seemed to have the strongest backs, and it was largely as a result of their strong goal defense that they won. In both halves the Baltic players seemed well versed in the game, and they were repeatedly broken up by the men in Vulcan's back field.

Each team has several very strong individual players. Charles Sutton, one of the forwards in the Vulcan team, was easily the star of the day. Every spectator on the field was constantly watching Sutton and he did some wonderfully clever interfering. He is an expert at blocking and many times during the game he cleverly stole the ball away from his opponents. The players on both teams seemed well versed in the game, and they were repeatedly broken up by the men in Vulcan's back field.

A few of the players were members of some of England's famous teams before coming to this country, and some of the spectators who thoroughly understand the fine points of the game said that they did exceptionally clever work. It takes a first class athlete to play the game, as much running and jumping is necessary in defending the goal and in attacking it. The game was a very hard fought one, and the players on both teams were well matched. The game was a very hard fought one, and the players on both teams were well matched.

BOLL WEEVIL EXTERMINATOR.

Two Men Think They Have a Machine That Will Do the Trick.

Charlotte, N. C., April 30.—Completed and ready for the test, a machine, which if successful will destroy the boll weevil and revolutionize the cotton industry of the Southwest, is lying in the office of the Salem Iron works, where it was built by the inventors. It is known as the "H. H. H. cotton boll weevil destroyer," and is the invention of C. A. Hege of Winston-Salem, N. C., and J. K. Hord of Yazoo county, Mississippi. The inventors have been working assiduously on the machine for many months and on April 13 applied for a patent to cover their invention. The inventors are both practical men and have much faith in their machine and its ultimate success. It will hardly get a thorough trial until next fall, but will be exhibited throughout the cotton belt of Mississippi, Louisiana and Texas at prominent places, and practical demonstrations of its work will be given in Texas later.

The machine is mounted on a two-wheel carriage and is run by an 18-horsepower gasoline engine. Five switches protrude on either side, designed to strike the cotton plant, the shock knocking the boll weevil to the ground. Two suction pipes are in the rear of the machine beneath a 24-inch fan making many hundreds of revolutions a minute.

Leather pipes are attached to the ends of the pipes, dragging the ground lightly, and the powerful suction is intended to draw the weevil up through the tubes and against a wire screen to their deaths.

Mr. Hord has been cultivating cotton for forty years and believes that the machine will practically work for the destruction of the pest. If the machine proves a success a vast sum will inure to the cotton planters of the South and incidentally to the inventors.

FOLEY'S KIDNEY REMEDY ACTED QUICKLY.

M. N. George, Ironville, Ala., was bothered with kidney trouble for many years. "I was persuaded to try Foley's Kidney Remedy, and before taking it three days I could feel its beneficial effects. The pain left my back, my kidney action cleared up, and I am so much better I do not hesitate to recommend Foley's Kidney Remedy." The People's Drug Store.

A BURGLAR'S AWFUL DEED

May not paralyze a home so completely as a mother's long illness. But Dr. King's New Life Pills are a splendid remedy for women. "They gave me wonderful relief in constipation and female troubles," wrote Mrs. M. C. Dunlap, of Londell, Tenn. If ailing, try them. 25c at The Stafford Drug Co.

ALWAYS BEST—

Gately's Spring Suits

Are now \$5.00 less than any previous year.

It is simply second nature for Gately's to show more choice in more value at less price than any other concern. Because Gately's count on the volume of business they do, and their enormous purchasing power, enables them to "Buy for less and sell for less."

Now then, some folks are crying "Hard Times." We haven't felt any—and don't want to—so we took full advantage of every cash buying concession, and we therefore bought even heavier than usual for this spring. Which fact coupled with a preference for plenty of business at less profits makes the head lines exactly true, and places Gately's value beyond all hope of competition.

\$15 As good as our \$20 Suits, usually.

\$20 As good as our \$25.00 Suits, usually.

\$22.50 As good as our \$30 Suits, usually.

Men's Hats, \$1.50 to \$4. Men's Shoes and Oxfords, \$2.50 to 4.50.

Menominee Range Association Football Players Defeat Baltic Eleven.

The Association football game at the Union park Saturday afternoon between the Baltic team of the copper country, and the Vulcan team, of the Menominee range, for the championship of the upper peninsula, resulted in a victory for the latter by a score of 3 to 0. The teams had met twice before. Their first contest, which was played at Baltic, resulted in a victory for the copper country eleven by a score of 2 to 0. When the teams met at Vulcan, the home players won by a score of 3 to 0. The game was later decided to play on neutral grounds for the upper peninsula championship, and Ishpeming was decided upon as the meeting place.

The game was not well advertised and the attendance was small but all who turned out were well entertained, as the game was hard fought. The teams were well matched, though the Menominee range players seemed to have the strongest backs, and it was largely as a result of their strong goal defense that they won. In both halves the Baltic players seemed well versed in the game, and they were repeatedly broken up by the men in Vulcan's back field.

Each team has several very strong individual players. Charles Sutton, one of the forwards in the Vulcan team, was easily the star of the day. He is an expert at blocking and many times during the game he cleverly stole the ball away from his opponents. The players on both teams seemed well versed in the game, and they were repeatedly broken up by the men in Vulcan's back field.

NEW BUILDING PLAT.

Cleveland Cliffs Iron Co. Will Probably Offer Lots for Sale.

The officials of the Cleveland Cliffs Iron company will, in all probability, today decide to plat for residence purposes the vacant portion of the corporation's land, lying between Oak street and North Second streets, comprising two full blocks, immediately north of the old cemetery. Engineers are now surveying the land and in case it is platted there will be forty building lots.

W. G. Mather, president of the company, who arrived in the city Saturday, will look over the tract today with C. V. R. Townsend, the company's land agent, and if Mr. Mather is agreeable to the plan of the work of filling in the vacant portion of the plat will be started at once.

Mr. Townsend Saturday stated that none of the lots would be sold, but they would be leased on favorable terms for parties desiring to build homes. He said that during the past year or more the land department has received many applications for building lots, and as all of the company's present plats in Ishpeming are filled up, he believes the lots in the proposed new addition would be taken up in short time.

Before the lots in the block immediately east of Oak street would be ready for building, it would be necessary to raise the surface from two to three feet. The filling material would be taken from a high school grade nearby and a large amount of the company believe that it would take about three weeks to complete this work. A good-sized force would be employed and the dirt would be hauled down from the embankment on tram cars. That portion of the block between Second street would need very little attention, as it is considerably higher than the remainder of the plat.

A few years ago the Cleveland Cliffs company erected two dozen houses on a plat on the west side of Oak street and sold them to employees of the company and others. The platting of the proposed tract, and particularly the lower part of it, would make a big improvement in the appearance of that part of the city. The location is convenient and house owners there would be able to connect their properties with both the sewer and water systems.

With these lots available it is anticipated that a number of dwellings would be erected before the close of the year as practically all of the who have applied for lots at the company's office intend to erect homes as soon as they can procure the ground. With this plat occupied Oak street would be extended north a few hundred feet and Second street would also be improved. Empire street, extending from Oak to Third is in fairly good condition and will need very little attention at this time. That portion of Empire between First and Third was repaired two or three years ago and it has been provided with concrete curbs and a macadamized surface.

WILL ENFORCE ORDINANCE.

Health Officer Gives Notice That All Premises Must Be Cleaned.

The city has had a number of men and teams at work in the Robbin's days cleaning the streets and alleys, and within a few days the public thoroughfares will be in good condition, though there are still many lots that need attention. At this time of the year the health officer and street commissioner issue notices to the tenants and property owners to have their premises cleaned by a certain date. The street commissioner reports that up to this time the rubbish, ashes, etc., has been removed from only a small percentage of the lots and those who have not given their lots proper attention are requested to do so at once. Under the city ordinance governing street cleaning, all occupants of premises within the city limits are expected to have their lots and alleys adjacent to them cleaned on or before May 10.

Dr. R. A. Burke, the health officer, will make a personal inspection of all lots and alleys, commencing on the 15th of this month. He has issued the following notices:

"All tenants, householders and owners of property, within the city limits are hereby notified to clean up and make presentable their grounds, yards and alleys for inspection by the health officer not later than May 15, 1911. In the process of cleaning their premises people are expected to consume all combustible rubbish and refuse by burning when the conditions are favorable or to convey it to the garbage cars at the city dump grounds. If not cleaned up the penalty made and provided by the city ordinance will be enforced."

Chamberlain's Stomach and Liver Tablets will clear the sour stomach, sweeten the breath and create a healthy appetite. They promote the flow of gastric juice, thereby inducing good digestion. Sold by The People's Drug Store.

NEW OFFICE EQUIPMENT.

Dr. E. G. Robbins last week installed in his dental parlors, in the Robbins block, two handsome cabinets. Each contains many compartments, in which the instruments and the material are kept. The cabinets, which are manufactured by the Hamilton company, besides being convenient, would be an ornament to any dental establishment. In the top portion of one of them motors necessary to complete the equipment will be installed.

YOUNG LADY SURPRISED.

Miss Gerda Headstrom, who has been employed as clerk in the dry goods department of Peter Koski & Co.'s store, has resigned the position and is to take a course in nursing at the Augustana hospital, Chicago. On Friday evening about fifty of Miss Headstrom's young friends gave her a social surprise at her home on Davis street. The evening was most enjoyably spent in singing, dancing, etc., and a dainty luncheon was served. Miss Headstrom is a daughter of Alderman August Headstrom, one of the members of the firm of Peter Koski & Co.

We have another car of horses at Losselyville Bros. barn, Ishpeming, and will sell them right. KRUIZ BROS. 4-29-3d.

IT STARTLED THE WORLD

When the astounding claims were first made for Bucklen's Arnica Salve, but forty years of wonderful cures have proved them true, and everywhere it is now known as the best salve on earth for Burns, Boils, Scalds, Sores, Cuts, Bruises, Sprains, Swellings, Eczema, Chapped hands, Pore Sore and Piles. Only 25c. at The Stafford Drug Co.

ISHPEMING IN BRIEF.

Miss Winifred Matthews left Saturday night for Chicago, to resume her work in the West Side hospital.

Mrs. S. Ree, who was called to Fond du Lac, Wis., ten days ago because of the death of her brother-in-law, has returned home.

Danond Rogers, who spent the winter on the Mesaba range, where he held a position with the Interstate Mining company, at the Lincoln mine, has returned to the city.

W. H. Norman, physical director of the Young Men's Christian association, who has been visiting his parents in Hamilton, Canada, the past week, is expected back today or tomorrow.

Dennis B. Quinlan of this city, who has been a lieutenant in the United States army for several years past, is said to be slated for a promotion and he is now taking a special examination.

E. C. Roberts and family will occupy a portion of Joseph Wood's dwelling on West End street. Mrs. Roberts and their child are now visiting in Detroit, and as soon they return they will take possession of the house.

Angus McDonald and wife of Colorado Springs, Colo., are in the city on a visit to a grand father, a daughter and family and other relatives. They will spend the greater part of the summer here.

Dan Kane left last night for Chicago and St. Louis to be absent ten days or two weeks. In the latter city he will visit a brother and sister whom he has not seen in nearly forty years.

James Willis came down from the copper country Saturday to see his father-in-law, Thomas F. Gill, of Empire street, who has been ill and confined to his bed for the past six months. Mr. Gill is suffering from paralysis.

W. P. Belden arrived home from Hot Springs, N. C., Saturday, where he spent the past few weeks. Mrs. Belden and their son, William, and Mrs. Belden's mother, Mrs. Burlingame, will remain there for a few weeks longer.

Alex Anderson received a telegram Friday from Virginia, Minn., advising him that he was a grandfather, a daughter having been born to Dr. R. H. Rahala and wife. Dr. and Mrs. Rahala moved from Ishpeming to the Mesaba range shortly after they returned home from their European honeymoon trip.

The Finnish band went to Negamunne yesterday to furnish music for the May day celebration, under auspices of the labor unions. It had been planned to conduct the celebration in the Cleveland park, but the weather was so unfavorable that it was held in the Negamunne Labor Temple instead. The parade was called off, but the program of music and speeches was given at the indoor meeting.

Students of the McGill university of Toronto, Can., will arrive in this city next week and they will spend ten days or two weeks here, looking over the mines. There will be twenty or more in the party and they will travel in private cars, which will be sidetracked near the Oliver office. A party of McGill students worked in the mines here for a few weeks some seven years ago. Dr. J. B. Forte of the university completed the arrangements for their visit here.

C. S. Ganshow and H. M. Wilder, grand master and grand secretary, respectively, of the Independent Order of Old Fellows, visited the underground workings of the Lake Angelina mine Saturday, in company with Mine Inspector John T. Quine. Messrs. Ganshow and Wilder attended the meeting of Ahmeek lodge Friday evening, when the Grand master's degree was conferred on a number of candidates.

Lower State Notes

MIDLAND—While lighting a brush fire on her farm, thirteen miles west of this city, Mrs. Maggie Coones, a widow, was fatally burned. In some manner she back of her dress caught fire and before the flames could be extinguished she was terribly burned, dying about eight hours later. She leaves a daughter and son.

ANN ARBOR—Professor Bradley M. Thompson, professor of law in the University of Michigan for twenty-five years, and Professor Richard Hudson, professor of history since 1888, have both applied for and been accepted by the Carnegie Foundation. They will resign from the university faculty at the next meeting of the board of regents. No one has been selected to succeed Professor Thompson, but there is a rumor to the effect that Professor E. R. Turner of Bryn Mawr will succeed Professor Hudson.

MT. CLEMENS—Aldermen Diehl, Little and Robertson visited every saloon in the city and ordered all stills and partitions removed. The order was made effective at once, and although a number of the saloonists would like to protest the action, they dare not do so for fear of losing their chance of securing a license for the coming year. This point, the aldermen made clear, stating that three other members of the council were not in favor of giving a license to those

AT THE GATE OF PARIS

Customs as They Were Collected in Other Days.

But behold us at Paris! The diligence has reached a rude looking gate flanked by two lodges; the French kings of old made their entry by this gate; some of the hottest battles of the late revolution were fought before it. At present it is blocked by carts and peasants and a busy crowd of men in green examining the packages before they enter, and the green men are the customs men of the city of Paris. If you are a country man who would introduce a cow into the metropolis, the city demands 24 francs for such a privilege. If you have a hundred weight of tallow candles, you must previously discharge 3 francs, if a drove of hogs, 9 francs per whole hog. In the present instance, after a momentary pause, one of the men in green mounts by the side of the conductor and the ponderous vehicle pursues its journey—Thackeray: "An Invasion of France."

The soothing spray of Ely's Liquid Cream Balm, used in an atomizer, is an unspeakable relief to sufferers from Catarrh. Some of them describe it as a Godsend, and no wonder. The thick, foul discharge is dislodged and the patient breathes freely, perhaps for the first time in weeks. Liquid Cream Balm contains all the healing, purifying elements of the solid form, and it never fails to satisfy. Sold by all druggists for 75c, including spraying tube, or mailed by Ely Bros., 56 Warren Street,

MARINELLO COMFORT SHOP.

MRS. D. WENDROFF,
421 Iron St., Negaunee, Mich.

LOCAL LACONICS.

Miss Selma Krook has gone to Lakeville, Wis., on a visit.

E. W. Adams will drive a seven-passenger Chalmers automobile this season.

Mrs. August Peterson and children have gone to Minnesota to join her husband.

George DeFrance has had his pool and billiard rooms redecorated. J. M. Peterson did the work.

Oral LaCombe, Jr., has engaged in the shoe shining business, with a stand adjoining his father's place, on East Iron street.

Mrs. J. McEachern of the Good Will farm, in Houghton county, solicited funds in Negaunee the latter part of last week.

J. Lauma was arrested Saturday afternoon for speeding with his runabout. He will probably be given a hearing to-day.

Dr. H. W. Sheldon acted as one of the judges in the upper peninsula oratorical and declamation contests, held Friday evening in Houghton.

The city funds were on Saturday transferred from the Negaunee State bank to the Negaunee National bank whose officers have signed City Treasurer DuShane's bonds.

The Negaunee camp of the Royal Neighbors will conduct a hop in Shea's hall, next Friday evening, the 5th. Refreshments will be served and there will be good music. The charge will be twenty-five cents.

J. J. Houseman spent the past few days visiting his parents at Commonwealth, on the Menominee range. An uncle and aunt from Switzerland are also at Commonwealth, visiting his folks.

Charles Johnson, the West Iron street business man, arrived home Saturday from Milwaukee, where he spent a few days. Mr. Johnson is the Peabody Brewing company's Negaunee agent and he visited the city on business for the concern.

Abraham Bonison and wife contemplate a trip to Finland on a visit to their old home and they will leave some time next month. They will spend some time with their son-in-law and daughter, Mr. and Mrs. L. Rinne, who went from this country to Finland over a year ago.

Mrs. Elizabeth Hawkins, daughter of Mrs. H. E. Hawkins, formerly of Negaunee, was married recently in Butte, Mont., to William J. Opie, a machinist at the Leonard mine. Mrs. Hawkins and her family left Negaunee for Montana about fourteen years ago.

Peter Tulman, employed with the Chicago & Northwestern Railway company's section crew on the Cascade branch, sustained a fracture of one of his legs Friday. He was engaged unloading ties from a box car, when some of the ties came down on him.

The baseball game between the Buffalo mine of Negaunee and the Marquette second team, that was to have been played yesterday afternoon at the Union park grounds, was postponed. The weather was unfavorable and besides the diamond was not in condition for use.

The announcement in Saturday's issue of The Mining Journal to the effect that the council had not accepted the officials' bonds at the meeting Thursday evening was intended for the Ishpeming department. The bonds of the Negaunee officials were approved by the council Thursday night.

The funeral of the late Charles Muck, Sr., will be held Tuesday afternoon from the home of D. D. Smith, where the services will be conducted by Rev. R. T. T. Hicks, rector of St. John's Episcopal church, commencing at 1:30 o'clock. Mrs. C. I. Smith, oldest daughter of the deceased, is up from Green Bay to attend the obsequies, and her husband will arrive tomorrow morning.

The death of Mr. Muck removes from the community a man who for years was prominent in business circles and who had always held the esteem and respect of his fellow citizens. Up to the time Mr. Muck disposed of the meat business conducted in his block on West Iron street, he was the city's oldest merchant. He sold out a few years ago to his son, Hugo, whose business is now located on Pioneer avenue.

Mr. Muck was a native of Germany, where he was born eighty years ago on the 24th of next June. During the latter years of his residence in his native country he was game keeper for the emperor of Germany. He immigrated to America in 1852, living in Milwaukee. He remained in Wisconsin, living in Milwaukee, Appleton, Oshkosh and Fond du Lac, for nearly ten years.

Located Iron Street.
In 1862 and 1863, during which years Mr. Muck conducted his retail business at the Kinsler stand, the management of the Pendill estate and the Pioneer Iron company, which were the largest owners of land in the present business and resident districts east and northwest of Pioneer avenue, disagreed as to where the principal business street should be located. The Pendills favored the present Iron street, and the Pioneer Iron company, which had platted land east of Pioneer avenue, wanted to make the latter thoroughfare the principal business street. After a spirited contest the Pendills won out. Just prior to the settlement of the dispute, Mr. Muck moved his business to Jackson street, immediately west of the McDonald property, where he expected the principal business district would be located. He was there but a short time when he became convinced that Iron street would be a better location.

Although Mr. Muck was the first of the veteran business men to engage in merchandising here, the late Nicholas Laughlin personally conducted his business a few years longer than did Mr. Muck. Mr. Laughlin engaged in merchandising in 1871 and continued until his death over two years ago. The McDonald liquor business was established in 1867 and the general store was opened in 1871. The founder, the late D. McDonald, remained at the head of both enterprises until his death in June, 1905, when his son Daniel succeeded him.

Was a Pioneer Farmer.
Besides conducting his meat business, Mr. Muck also farmed lands which are now embraced in the Macfarlane tract, owned by the Cleveland Cliffs Iron company. He owned sixty acres and at the time George J. Maas conducted his diamond drilling operations there the deceased gave him an option on the surface rights, the property later passing into control of the Cleveland Cliffs Iron company. Mr. Muck received \$2,500 for the surface and his heirs will receive a tonnage royalty on the ore removed when the Cleveland Cliffs company starts mining it.

A few years ago Mr. Muck divided a portion of his estate among his children, but up to the time of his death he retained ownership of his homestead, in the Little Lake district, where after retiring from business he spent the greater part of his time during the summer months. His business block is now owned by his eldest daughter, Mrs. C. I. Smith, of Green Bay, who aided him in the management of the meat business for a number of years prior to her marriage, and his warehouse property, on Pioneer avenue, is owned by his son Hugo, who last year converted part of it into a meat market and grocery store.

Mr. Muck was married nearly fifty years ago in Fond du Lac to Miss Louise Dahl, who died in Negaunee some five years ago. All of their children were born here, the family having resided continuously here since shortly after Mr. and Mrs. Muck's marriage. The children are Mrs. C. I. Smith, of Green Bay; Hugo Muck, Mrs. James A. Goodman, Charles Muck and Mrs. D. D. Smith of Negaunee. No brothers or sisters survive the deceased, but several nieces and nephews are still living. The latter are Mr. J. J. Leffer of Ishpeming, Mrs. George Huber of Champion, Charles Muck, Jr., of Negaunee, Mrs. Kate Dunn of Hurley, Wis., and John Dunn and Mrs. Ida Verhaeg of Chicago.

The deceased was for many years an active member of the Negaunee fire department. This city was one of the first places in the upper peninsula to organize a fire department, the original company being formed in 1862. Mr. Muck retained the foremanship from the date the company's organization until the present department was organized, a short time after the city was incorporated in April, 1873.

ARBOR DAY PROGRAM.
Pupils of Public Schools Will Conduct Exercises Tomorrow Afternoon.

The public schools of Negaunee will observe Arbor Day in an appropriate manner. A tree will be planted on Pioneer avenue side of the new high school building at 2:30 o'clock, and at 2:45 a program will be given by the school children. There is at present only one tree on the lawn, that being one that was permitted to remain near the corner of Pioneer avenue and Peck street, when the site was cleared for the new building. It is now planned to have the school children plant at least one tree on the lawn each Arbor day for some years to come.

The public is invited to attend the exercises, which will be given on the west lawn. The program will be as follows:

Song "Girls' and Boys' Glow Clubs"
Reading of the Governor's Proclamation
Ruth Steele
Recitation—"The Forest Hyman" Bryant Olga Holstedt
Music—High School Orchestra
Trees in history and mythology Beatrice Gaffney
The aesthetic and economic value of trees—Anna Collins
Planting of the Trees—Class of 1911
Original Poem—Katherine Crane
Chorus—"The Forest Hyman"—"America."

WON TWO PRIZES.
Miss Ida Field, daughter of Oscar Field of this city who attended the state convention of the Lady Macabees of the World, held last week in Port Huron, arrived home Friday. While the state event was in session Miss Field was presented with two banners as prizes she had won by securing new members. She secured more applications than any other woman connected with the society in January, February and March. During that period she was busy organizing a Finnish tent in Negaunee which she represented at the state meeting, and it was largely through her efforts that the latter members were secured.

Mrs. E. Willers, who accompanied Miss Field, and who was the delegate from the English tent, here has gone to points in Wisconsin, where she will visit relatives for a short time before returning home.

MARKANEN CLOSED OUT.
The confectionery store of John Markanen, in the Thoren block, on West Iron street, was closed Saturday by Sheriff Lehman and the stock and fixtures were sold to satisfy unsettled claims. Mr. Markanen engaged in business in Negaunee just before Christmas. He came up from Marquette, and started in the candy business in a block on Gold street, taking the rooms now occupied by George & Trahen. He moved from there over two months ago to the Thoren building.

DO GHOSTS HAUNT SWAMPS?
No, never. It is foolish to fear a fanciful evil, when there are real and deadly perils to guard against in swamps and marshes, bays and lowlands. These are the malarial germs that can agitate and fever, weakness, achos in the bones and muscles and may induce deadly typhoid. But Electric Bitters destroys and casts out these vicious germs from the blood. "Three bottles drove all the malaria from my system," wrote Wm. Prefontaine of Lenoira, N. C., and "I've had fine health ever since." Use this safe, sure remedy only 50c at The Stafford Drug Co.

Negaunee Department

CHARLES MUCK, SR., HAS PASSED AWAY

Negaunee's Oldest Business Man Died Saturday Morning at 9:15 O'Clock.

Charles Muck, Sr., one of Negaunee's oldest and best known residents, died Saturday morning at 9:15 o'clock, at the home of his son-in-law, D. D. Smith, with whom he had resided for the past few years. Paralysis was the direct cause of Mr. Muck's demise. He suffered several slight strokes during the past year and for two months past had been confined to his bed. He appeared to be in much better condition Friday morning than at any previous time in two or three weeks, but that evening he was taken with a sinking spell and gradually grew weaker until the end came. He was unconscious for several hours before passing away.

The death of Mr. Muck removes from the community a man who for years was prominent in business circles and who had always held the esteem and respect of his fellow citizens. Up to the time Mr. Muck disposed of the meat business conducted in his block on West Iron street, he was the city's oldest merchant. He sold out a few years ago to his son, Hugo, whose business is now located on Pioneer avenue.

Mr. Muck was a native of Germany, where he was born eighty years ago on the 24th of next June. During the latter years of his residence in his native country he was game keeper for the emperor of Germany. He immigrated to America in 1852, living in Milwaukee. He remained in Wisconsin, living in Milwaukee, Appleton, Oshkosh and Fond du Lac, for nearly ten years.

Drove Cattle from Wisconsin.
In 1861 Mr. Muck engaged in the cattle business, with headquarters in Fond du Lac. During the summer of that year he drove herds of cattle to Negaunee, where he sold them to Fred Kinsler, who conducted the only meat market in the town. The business was located on the site of the building now occupied by the Negaunee State bank, on Iron street.

On his first trip in 1862 Mr. Muck found in Fond du Lac a man, Fred Kinsler, who had been doing business on credit with Kinsler and upon his arrival found that Kinsler was unable to pay for the cattle he had previously bought. Mr. Muck refused to give him any more stock and immediately returned to Wisconsin. His financial loss he had to buy out Kinsler. He took charge of the business immediately. He had to make frequent trips to Wisconsin to buy cattle, as there were no cattle raised in this region at that time. He continued to drive his herds from Fond du Lac to Negaunee at first for a few years, until the Chicago & Northwestern Railway company extended its line north to this city.

Mr. Muck was one of the first men to erect a building on Iron street and the building he built there is still in use. The first floor room in which the market was conducted until Hugo Muck sold out, is now occupied by R. G. Jackson's confectionery store.

Located Iron Street.
In 1862 and 1863, during which years Mr. Muck conducted his retail business at the Kinsler stand, the management of the Pendill estate and the Pioneer Iron company, which were the largest owners of land in the present business and resident districts east and northwest of Pioneer avenue, disagreed as to where the principal business street should be located. The Pendills favored the present Iron street, and the Pioneer Iron company, which had platted land east of Pioneer avenue, wanted to make the latter thoroughfare the principal business street. After a spirited contest the Pendills won out. Just prior to the settlement of the dispute, Mr. Muck moved his business to Jackson street, immediately west of the McDonald property, where he expected the principal business district would be located. He was there but a short time when he became convinced that Iron street would be a better location.

Although Mr. Muck was the first of the veteran business men to engage in merchandising here, the late Nicholas Laughlin personally conducted his business a few years longer than did Mr. Muck. Mr. Laughlin engaged in merchandising in 1871 and continued until his death over two years ago. The McDonald liquor business was established in 1867 and the general store was opened in 1871. The founder, the late D. McDonald, remained at the head of both enterprises until his death in June, 1905, when his son Daniel succeeded him.

Was a Pioneer Farmer.
Besides conducting his meat business, Mr. Muck also farmed lands which are now embraced in the Macfarlane tract, owned by the Cleveland Cliffs Iron company. He owned sixty acres and at the time George J. Maas conducted his diamond drilling operations there the deceased gave him an option on the surface rights, the property later passing into control of the Cleveland Cliffs Iron company. Mr. Muck received \$2,500 for the surface and his heirs will receive a tonnage royalty on the ore removed when the Cleveland Cliffs company starts mining it.

A few years ago Mr. Muck divided a portion of his estate among his children, but up to the time of his death he retained ownership of his homestead, in the Little Lake district, where after retiring from business he spent the greater part of his time during the summer months. His business block is now owned by his eldest daughter, Mrs. C. I. Smith, of Green Bay, who aided him in the management of the meat business for a number of years prior to her marriage, and his warehouse property, on Pioneer avenue, is owned by his son Hugo, who last year converted part of it into a meat market and grocery store.

Mr. Muck was married nearly fifty years ago in Fond du Lac to Miss Louise Dahl, who died in Negaunee some five years ago. All of their children were born here, the family having resided continuously here since shortly after Mr. and Mrs. Muck's marriage. The children are Mrs. C. I. Smith, of Green Bay; Hugo Muck, Mrs. James A. Goodman, Charles Muck and Mrs. D. D. Smith of Negaunee. No brothers or sisters survive the deceased, but several nieces and nephews are still living. The latter are Mr. J. J. Leffer of Ishpeming, Mrs. George Huber of Champion, Charles Muck, Jr., of Negaunee, Mrs. Kate Dunn of Hurley, Wis., and John Dunn and Mrs. Ida Verhaeg of Chicago.

The deceased was for many years an active member of the Negaunee fire department. This city was one of the first places in the upper peninsula to organize a fire department, the original company being formed in 1862. Mr. Muck retained the foremanship from the date the company's organization until the present department was organized, a short time after the city was incorporated in April, 1873.

MARKANEN CLOSED OUT.
The confectionery store of John Markanen, in the Thoren block, on West Iron street, was closed Saturday by Sheriff Lehman and the stock and fixtures were sold to satisfy unsettled claims. Mr. Markanen engaged in business in Negaunee just before Christmas. He came up from Marquette, and started in the candy business in a block on Gold street, taking the rooms now occupied by George & Trahen. He moved from there over two months ago to the Thoren building.

DO GHOSTS HAUNT SWAMPS?
No, never. It is foolish to fear a fanciful evil, when there are real and deadly perils to guard against in swamps and marshes, bays and lowlands. These are the malarial germs that can agitate and fever, weakness, achos in the bones and muscles and may induce deadly typhoid. But Electric Bitters destroys and casts out these vicious germs from the blood. "Three bottles drove all the malaria from my system," wrote Wm. Prefontaine of Lenoira, N. C., and "I've had fine health ever since." Use this safe, sure remedy only 50c at The Stafford Drug Co.

Do You Get Up With a Lame Back? Kidney Trouble Makes You Miserable.

Almost everyone knows of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties. Swamp-Root fills almost every wish in overcoming rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often to the toilet, and to get up many times during the night.

Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble, it will be found just the remedy for you in private practice, and has proved so successful that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail also a book telling about Swamp-Root, and how to find out if you have kidney or bladder trouble.

When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all druggists. Don't make any mistake, remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Fashionable Tailoring for Men

We are showing the newest and latest designs in a variety of choice patterns. Call and inspect our line of materials for the season.

Ladies' Tailor-Made Garments

of every description. Riding Habits, Automobile Coats, Evening Coats, Long Coats and Ladies' Suits Good workmanship. Prices reasonable. Fit and finish assured our patrons. Be sure to visit the right place.

NELS B. PETERSON & CO.

322 Iron Street, Negaunee. West of New Bank Building. Bell Telephone 32.

WILL HAVE STRONG TEAM.

It is expected that the Negaunee High school will have a strong baseball team again this season and arrangements are now being made for a series of games with teams representing the other High schools in the county. The Negaunee boys had their first practice Saturday morning on the Maas field and next Saturday afternoon they will play the Marquette Guild Hall team, at the Union park ground. Games will be arranged later in the season with the Ishpeming, Marquette and possibly the Gwin High school teams.

THROW OUT THE LINE

Give Them Help and Many Marquette People Will Be Happier.
"Throw Out the Life Line"—The kidneys need help. They're overworked—can't get the poison filtered out of the blood. They're getting worse every minute. Will you help them? Doan's Kidney Pills have brought thousands of kidney sufferers back from the verge of despair. Will cure any form of kidney trouble. Mrs. Sophie Gauthier, 206 Rock St., Marquette, Mich., says: "I willingly confirm the statement I gave for publication, recommending Doan's Kidney Pills several years ago. At that time my kidneys were very weak and I suffered from backache. Mornings arising, I felt tired and worn out and I was also subject to headaches and dizzy spells. Seeing Doan's Kidney Pills highly advertised, I procured a box from the Stafford Drug Co. and began their use. They soon disposed of my trouble. I have often used this remedy as a tonic and have always received good results." For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's and take no other.

LAST DAY FOR CLEANING UP

Health Officer Expects All Ash and Garbage Piles to Be Removed from the Back Yard by Tonight—Failure to Comply With Request May Mean Trouble

Dirty and Filth a Harbinger of Disease in Warm Weather, Making Cleanliness of Paramount Importance—Dump Ground Too Far Away for North Siders.

Today, May 1, is the last day of the period allowed by Health Officer S. M. James for people to remove the winter's accumulation of garbage, ashes and filth from their premises. While the health officer does not mean to be unreasonable with anyone, he does intend that all filth that has accumulated during the winter shall be removed promptly to some place where it will not be a menace to public health, and those who do not attend to the removal of garbage and ash piles with reasonable promptness will be reported to the authorities.

Too much emphasis cannot be laid on the importance of a clean city, not only from the standpoint of civic pride but also from the standpoint of public health. There is probably no more prolific breeding place of disease than in piles of filth and garbage. Such places are the rendezvous of flies, who carry the germs found there on their wings and legs into the home, and in a short time malaria, typhoid or other disease breaks out. Flies will not live where there is not dirt, and the surest way to do away with the fly nuisance is to keep the premises spotlessly clean, and to insist that the neighbors do likewise.

In this city there is no systematic method of taking care of garbage at public expense, such as has been adopted in many other places, a condition which places the greater responsibility of the individual citizen, and for that matter, on the health officer. Fortunately, the great majority of people see to it that their premises are kept clean, either out of pride or because they realize the danger to health in doing otherwise. There are always a few, however, in almost every neighborhood, who do not have the regard for cleanliness that they should. A reeking garbage pile is a menace to all living within a radius of a block or more, and any such nuisance should at once be reported to the proper authorities.

Complaint from North Siders.

Since the annual spring clean up began a few weeks ago, residents of the north part of the city have made complaints about the distance to the city dumping ground. It is at least two miles from the Normal school, for instance, to the dumping ground west of the old Catholic cemetery, and the expense of having garbage hauled away from the north part of town is necessarily heavier than for those residing south of the railroad tracks.

In view of this condition, it has been suggested that the council provide another dumping ground north of the city, and it is possible that a formal petition to that effect will be made within the next few weeks. Rather than go to the expense of hauling their garbage and ashes so far, a number have taken a chance on dumping refuse in various vacant lots in the north part of town. Quite a good deal has been dumped along Pine street opposite the Lake Shore Engine Works, and in many places along side streets in that locality smaller piles may be found. Some garbage has also been dumped along the lake shore north of the foot of Hewitt avenue, thus making unsightly a beautiful spot that is much frequented in summer by persons seeking recreation.

While the police are doing what they can to prevent miscellaneous dumping of garbage, they have found it rather difficult to catch persons in the act of violating the law. It is thought by many that if a garbage dumping ground were established in the north part of town, this trouble would be largely done away with.

IN MARQUETTE JUNE 10.

Detroit Board of Commerce to Visit Lake Superior Cities Next Month.

Early in June the Detroit Board of Commerce will visit the cities bordering on the south shore of Lake Superior on the five days' tour to be made on the D. & C. steamer City of Cleveland. The party is due to spend Saturday, June 10, in Marquette and vicinity. The May number of The Detroitian contains the following regarding plans for the trip:

"The cruise this year will be a winner. The Eighth Anniversary Committee, consisting of Clyde I. Webster, chairman, A. A. Higginson, Wade Mills and W. R. Orr, was appointed on April 8th, and the preparatory work is well under way.

"A five-day trip has been decided upon. The City of Cleveland, with the Board of Commerce party aboard, will leave Detroit at 1 o'clock on Wednesday, June 7, arriving at the Soo at 1 p. m. on Thursday. The boat will proceed directly to Houghton and Hancock, where the Board of Commerce party will spend most of the day, Friday and all of Friday evening. The City of Cleveland will start upon its return trip at 12 o'clock Friday night, reaching Marquette at about 7 o'clock Saturday morning. Nearly the whole of Saturday will be spent in Marquette and Ishpeming and Saturday night the members will again board the ship, and the return to Detroit will be commenced. It is not anticipated that any stops will be made on the return trip after leaving Marquette. The City of Cleveland will arrive in Detroit at 6 o'clock Monday morning, June 12.

"This trip will not only afford an opportunity for a delightful cruise through Lake Huron and Lake Superior, but will also serve the purpose of bringing Detroit into closer touch with the important cities of the Upper Peninsula."

FUR STORAGE.

Furs stored during summer and insured against loss or damage by fire or moths at 2 and 3 per cent. Orenstein Bros., furriers, Calumet, Mich., at Walton's tailor store May 1, 2 and 3. 4-20-5d

TAKE OVER BUSINESS.

Hodgkin's Livery Now Under Ownership and Management of Flanigan's.

This morning Flanigan Bros. assume the ownership and management of Hodgkin Bros. livery on Pine street, which they purchased some time ago. The firm will continue the drayage business as heretofore, but will conduct a first class livery business in addition. The livery will be known as Flanigan Bros. livery, and all orders will receive prompt attention, both day and night. Drayage orders should be telephoned or left at the barn office, where one of the proprietors will be found at all hours of the day.

Hodgkins Bros. have assumed all debts contracted to date and will collect all back accounts. The firm is equipped to handle both the livery and drayage business in first class shape and the aim will be to please patrons. Flanigan Bros. take this opportunity of thanking their patrons for past patronage and hope in the new location a continuance of the same.

WATER TO LAND SAILORS' BANK

Lake Vessel Employes Now Able to Deposit Savings Without Leaving Ships.

A savings bank system whereby it will be possible for sailors on the bulk freight vessels of the Great Lakes, to bank money or withdraw it without leaving the ships will be put in operation this spring by one of the large savings banks of Cleveland. Although not in any way connected with the Lake Carriers' association the plan has the approval of the Welfare Plan committee of the association.

The workings of the new system are simple and safe. On payday when the crew go to the master for their wages, those who wish to make a deposit in the bank state their desire to the captain. He then makes a draft on the owner and payable to the bank for the amount that the sailor wishes to send to the bank, and pays the balance of the man's wages to him. The mariner mails the draft to the institution which places it to his credit in a savings account drawing 4 per cent interest.

When a depositor in the Lake Marine department of the bank wants to draw on his account, he obtains from the shipmaster an order blank which he fills out and mails with his pass book to the bank. The bank then sends to the person designated in the order a New York draft for the amount withdrawn. A New York draft is payable anywhere and one of the recognized forms for safely transferring money.

It often has been said by mariners that they can not have bank accounts because they are never sure of being able to go to the bank when they have money. They, therefore, either carry their savings with them or entrust them to one of the officers for safe keeping. With considerable money in their pockets when they go ashore they are liable either to be robbed or to spend it on something they do not want or need.

The Welfare Plan committee not only saw the logic of the complaints but also saw factors that tend toward less efficient employees. It is an axiom that a man without money is a poorer man and less contented workman than he who has a bank account. Money gives a man a certain pride and independence which nothing else can supply.

One of the leading problems in establishing a savings bank system which would be practicable was a plan that did not involve the Lake Carriers' association as a part of it. After considering a number of ideas for supplying the needed opportunity the committee consulted with the Cleveland bank which suggested the system about to be put in operation.

The Welfare Plan committee approved this plan and the bank started a special Lake Marine Savings department for the benefit of mariners on the Great Lakes. Last week the bank completed the details and President William Livingstone sent to every vessel manager in the Lake Carriers' association application blanks to be filled out and sent to the bank, asking for an outfit of stationery and printed forms for extending to his employees the water to land savings bank.

A NOVEL PLOT.

Story of "In Tobero," to Be Presented at Opera House Tuesday Night.

The plot of "In Tobero," which will be presented by M. C. M. students at the opera house tomorrow night, has to do with the adventures of a student of the Michigan College of Mines, Harold Kellar by name. Young Kellar and the faculty had not gotten on well, and he finds himself facing being "kicked" out of school. Though looked upon by his classmates as a "peach o' a good fellow," his father, the "governor," is highly displeased with the record his son has made in college. The hero comes into his room one night with some fellow students, and, being tired of his "ill luck" and wholly disheartened, throws himself in a chair, with the remark that he is sick of it all, and that he is going to quit for good and light out for Central America. Shortly he falls asleep, and then in fancy lives the experiences that follow. Leaving college, his father sends him to Tobero, a country in Central America, to look after some mining interests. Arriving at Motoloco, the capital of Tobero, Kellar finds his father's mines tied up by government red tape and helplessly involved in a swindle. He gets mixed up in a revolution, and then complications begin. An old Spanish mission stands in Motoloco. It was built at the time of the conquest of Cortez, and in it hangs an old bell. A legend asserts that this bell has never been rung, but that it will ring when Cortez himself reappears to lead the people to the overthrow of a tyrannical government. Learning of the legend, Harold Kellar goes to the tower, dons a suit of ancient armor, and rings the bell at sundown. The people of Tobero flock to the old mission, and Kellar proclaims himself Cortez returned to lead the revolutionists to success. Meanwhile Kellar Sr., appears in Tobero to look up both his son and his mining properties. He unwittingly finances the revolution on the strength of a note from his son stating that he is held captive by bandits who infest the region. And so the tale moves on, the revolu-

tion is won, the two Kellars meet, one as Cortez and the other as a very stern father. They finally reach an agreement, and Harold is gladdened by the promise of his father that he may return to the Michigan College of Mines. Through it all runs the tale of the love of "Otilia," the belle of Tobero, for Maxuilio, the revolutionist, and a recital of the experiences of Athene Emerson, the winner of the Boston Beauty Prize contest, and of Beverley Chalmers, an English war correspondent who happens to be touring America at this time.

MUST COUNT EVERY PIECE OF MAIL

Local Postoffice Employes Will Have Busy Month, as Result of Gov't. Order.

Beginning today and every day this month, every piece of mail matter passing through the Marquette postoffice must be counted and an exhaustive report made to the postoffice department on the amount of mail handled and the time consumed in handling it. The counting order goes into effect in all the postoffices in this district, instructions to that effect having been received by the postmasters within the past week or ten days. No extra help is allowed to do this work and the postal clerks are anticipating anything but an easy job this month.

The record to be kept includes the following: The number of pieces handled. The actual time consumed in handling. The average number of pieces handled per minute.

The actual number of handlings each piece received, with reference to its class as mail matter.

The public may not know it, but there are a great many varieties and classes of mail matter. They are first class matter, actual letters; second class matter: five divisions; third class, two divisions; fourth class, merchandise; franked matter, including the mails carried by congressmen; two divisions; two divisions of departmental franked matter, foreign mail, two divisions, and registered mail. It is also necessary to take care of the money orders.

The information to be collected is to be entered upon immense blanks which show the kind of mail, who handled it, whether clerks or carriers, whether incoming or outgoing, whether collected or delivered. It will mean that each class of mail will be handled separately in order that the time consumed in carrying it may be determined.

SUMMER PRICES.

Special orders, or repairing of furs during the summer, will save you from 10 to 20 per cent on fall prices. Orenstein Bros., furriers, Calumet, Mich., at Walton's tailor store May 1, 2 and 3. 4-20-5d

There is no article in the market that gives as much general satisfaction as the product of the Marquette City Dairy. (4-10-1m)
