July 16, 1954.

Hon. Chairman and Members of Marquette
County Board of Supervisors,
Marquette, Michigan.

Gentlemen:

Your Morgan Heights Contact Committee met with the Board of Trustees of Morgan Heights Sanatorium on July 15, 1954. The meeting was in the nature of a preview of the now completed addition to the plant which was made possible by an appropriation from the State of Michigan of \$350,000.00. The Trustees are to be commended for completing this project with total figures of less than \$15,000.00 over the State appropriation, especially in view of the many desirable additions in building and equipment over and above what was originally contemplated.

The Trustees however, were quite apprehensive because of a substantial drop in the patient load, which substantially reduces their revenue. This drop in the patient load appears to be prevalent on a national basis. Other disturbing factors in operating costs were the prevalence of increased children patient load and the reduction in subsidy from the State because of the increased County property valuation as it applies to Morgan Heights in formula computations for subsidy.

The Trustees are making every effort to meet this new and unexpected problem but it appears that some increase in the budget for the next fiscal year will be necessary.

The matter of the Sanatorium audit by Certified Public Accountants, other than the regular State audit, was discussed with the Trustees. The members of your Contact Committee, after exploring the matter are convinced that the employment of the private auditing firm is necessary because of the fact that all elements pertaining to patient day cost must be definitely determined as soon as possible after the close of a fiscal year. This adjusted patient day cost is used in computing the rates charged for patients from other counties, state-at-large patients and veterans, and thereby increases the revenue to the Sanatorium to a considerable degree. The private auditor's statement is made available within two weeks after the closing of a fiscal year, whereas the State audit report is not available for some five or six months after the close of the year. Your Committee believes that this additional employment warrants the annual expense of approximately \$350.00, but to recommend that a complete audit be made by the private auditors so they would be in a position to supply an opinion would entail additional unnecessary expense. It is recommended that the present policy with respect to audits at Morgan Heights Sanatorium be continued.

Your Committee was very much impressed in the inspection of the new Sanatorium and we urge all members of the Board of Supervisors to visit this fine County institution when convenient.

Respectfully submitted,
Morgan Heights Contact Committee.

Honorable Chairman and Members of
Marquette County Board of Supervisors,
Marquette County, Michigan.

Gentlemen:

Your Budget and Executive Committee having had under consideration the various salaries of the Court House and Jail employees, recommends that the salary schedule be changed, effective January 1, 1955, as follows:

That the following county officers be granted an increase in salary of \$25.00 per month:

Prosecuting Attorney
County Clerk
County Treasurer
Register of Deeds
Sheriff

The above listed officers did not receive a salary increase effective January 1, 1954, as did the Court House and Jail employees as there is a legal restriction against altering the salary of these officers during the term of office for which they were elected.

Respectfully submitted,
Leonard M. Altobello, Chairman,
Finance and Taxation Committee

Honorable Chairman and Members of
Marquette County Board of Supervisors,
Marquette County, Michigan.

Gentlemen:

Your Finance and Taxation Committee recommend that the various Departments in the Court House keep within the budgets as adopted at the annual meeting and that no clerk hire or salaries be paid beyond the amount fixed by the Board of Supervisors.

In the case of an emergency or in case a Department requires additional funds or needs some special equipment, which could not be foreseen at the time of the annual

meeting, we recommend that the head of that Department together with the Controller present this matter to the Board of Supervisors for their consideration and that they grant, where deemed necessary, authority to exceed the figure established in the annual budget.

If it develops that the amount stipulated in the budget of any Department exceeds the need of that Department, or if a sum authorized is found unnecessary, then we recommend that authority be granted transferring a sum or surplus to some other Department by proper resolution of the Board of Supervisors.

Respectfully submitted,
Leonard M. Altobello, Chairman
Finance & Taxation Committee.

Howard J. Larson

The roll being called the following supervisors were found to be present:

Aho, Allen Altobello, Backlund, Ball, Beaudry, Bellstrom, Bouley, Brewer, Carlson, Corneliuson, Croisetiére, Dompierre, Dwyer, Eklund, Ewing, Ghiardi, Hamel, Hiebel, Hill, Hooper, Jensen, Johnson, D., Johnson, E. W., Kjellman, Larson, Mitchell, Ollila, Pearce, Rose, Sandstrom, Schwemin, Strieleman, Tuominen, VanElsacker, Willey, Wiseman, York.

Absent: Crick, Erickson, Kivekas, Nicholas, Pepin and Rautio.

The Chairman stated the purpose of the meeting and the necessity for immediate action to enable the Air Force to start construction as soon as possible inasmuch as the schedule had been pushed ahead and the Air Force wanted to complete the airport by January 1, 1956.

The Chairman asked the Clerk to read some of the specifications the Air Force submitted and then asked the Clerk to read the report of the Special Airport Committee recently appointed by the Chairman.

The Clerk read the following report of the special airport committee and the Chairman asked for explanatory remarks from Mr. Shroeger of the Road Commission and Mr. Thomas,

Prosecuting Attorney at appropriate intervals in the reading.

The Special Airport Committee met with the United States Air Force and representatives of the C. A. A. and Michigan Department of Aeronautics on October 18, 1954 to discuss the possibility of conveying either by lease or fee simple the lands required by the United States Air Force for a Jet Air Base, which the United States Air Force proposes to construct at the present location of the K. I. Sawyer Airport in Sands Township.

The Special Airport Committee recommends to the Marquette County Board of Supervisors that a ninety-nine (99) year lease with option to renew be granted to the United States Air Force for the land as designated in the Master Planning area, that is, all lands in Area "A" (except that designated as Civilian Use Area), also all County owned lands in Area "B" and "C".

The Master Plan shows two (2) forties in Area "A" designated as "B" and "D". These forties are not county owned. The Committee recommends that authority be granted to the Marquette County Board of Road Commissioners to acquire this land either by exchange of title to other lands or by purchase.

The Committee also recommends that the Marquette County Board of Supervisors agrees to cooperate in assisting the United States Air Force to acquire title to the above described lands.

It is further recommended that the United States Air Force be immediately granted license or permit (right of entry) to enter upon the lands designated as Area "A" in the Master Planning Area for their construction purposes. However, it is also recommended that the Marquette County Board of Supervisors reserve unto themselves the right to revoke this license or permit (right of entry) upon the subsequent failure of the Marquette County Board of Supervisors to negotiate a satisfactory lease with the United States Air Force.

In consideration of the above by the Marquette County Board of Supervisors there will be incorporated in the final lease a provision that the United States Air Force will develop the suggested civilian Use Area in accordance with the plan prepared by the Michigan Department of Aeronautics and the C.A.A. jointly and concurrently during the construction of the North-South Runway. This development will include all the necessary grading as well as the construction of the necessary taxi-ways and apron area. It is also understood that the final lease will contain a provision for joint and concurrent landing and take-off facilities for civilian use.

The Special Airport Committee recommends to the Board of Supervisors that the Special Airport Committee and the Marquette County Road Commission be empowered to negotiate a lease with the United States Air Force under the provisions of a resolution adopted by the Board of Supervisors at the November 1, 1954 meeting and that the Chairman of the Board of Supervisors and the County Clerk, together with the Prosecuting Attorney be authorized to execute the lease in behalf of the County.

The following letter was then read.

Marquette, Mich.
 October 29, 1954.

Carl Corneliuson, Chairman
 Marquette County Board of Supervisors,
 Marquette, Michigan.

Dear Sir:

We have recently been approached, by representatives of your Board, for the purpose of acquiring 40 acres of our property which we understand is needed for the proposed military airport at Sands.

At a meeting of the Sands Hunting Club held on October 28th, it was decided after due consideration of many years the members have paid taxes on this land and the value of the property at present, that the Club would agree to sell the 40 acres in question, to the County for \$500.00.

Hoping that this figure meets with your approval, we remain

Sincerely yours,
Albert Jacobson
Sands Hunting Club.

Supervisor Brewer moved that the Board acquire the two forties mentioned in the Airport Committee report, one of which was mentioned in the letter above, by purchase or trade and that no more than \$500.00 be spent for the forty now owned by the Sands Hunting Club. Supported by Supervisor Pearce and carried by the following Yea and Nay vote:

Yeas: Aho, Allen, Altobello, Backlund, Ball, Beaudry, Bellstrom, Bouley, Brewer, Carlson, Corneliuson, Croisetiere, Dompierre, Dwyer, Eklund, Ewing, Ghiardi, Hamel, Hiebel, Hill, Hooper, Jensen, Johnson, D., Johnson, E. W., Kjellman, Larson, Mitchell, Ollila, Pearce, Rose, Sandstrom, Schwemin, Strieleman, Tuominen, VanElsacker, Willey, Wiseman, York.

W., Kjellman, Larson, Mitchell, Ollila, Pearce, Rose, Sandstrom, Schwemin, Strieleman, Tuominen, VanElsacker, Willey, Wiseman, York.

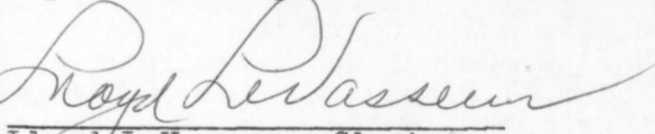

Nays: None.

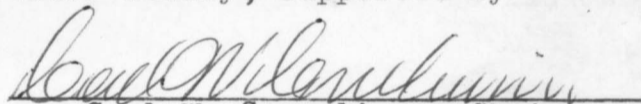

Some discussion was had relative to zoning the fringe areas of the Airport and the Chairman declared a Zoning Commission would be appointed to work out the details.

The Prosecuting Attorney spoke of his attendance at the Michigan Public Service Commission hearing, relative to abandonment of the "400" rail service to this area and reported that the service would be continued on a 10 month trial basis using limited and curtailed equipment.

Mr. Thomas also told the Board that Marquette County did not need to worry about the recent opinion of the Attorney General relative to the use of state equalized values for fractional school districts, instead of county equalized values.

There being no further business on motion of Supervisor Bouley, supported by Supervisor Dompierre and carried the Board adjourned.

Lloyd LeVasseur, Clerk.

✓ A report of the activities of the Sheriff's Department during the Labor Day emergency patrol was submitted by the Sheriff. The Chairman complimented the Sheriff's department, State Police and National Guard and ordered the following letter spread upon the minutes of this meeting.

Marquette, Mich.
Sept. 15th, 1954.

To the honorable Board of Supervisors,
Marquette County,
Marquette, Michigan.

Gentlemen:

I am submitting herewith a report of the activities of this department for the recent Labor Day holiday traffic patrol.

Through the use of 12 National Guardsmen assigned to this Department, we were able to maintain a constant patrol of the secondary and County highways without the use of extra deputies as originally planned. Members of the Sheriff's Department regular staff worked an average of 17 hours per day throughout the emergency.

The only additional expense incurred during the emergency was for mileage for the use of the personal cars of the Sheriff and one deputy.

Cars used on patrol traveled a total of 2,500 miles during the emergency period. This mileage does not include the use of the department patrol car on matters of routine Department business.

This experiment was regarded as successful throughout the state, as it resulted in a 30 per cent reduction in traffic deaths. This was the first opportunity this Department has had to maintain a complete patrol of the County, as we have never before had sufficient manpower to do the job properly.

There were no traffic deaths in Marquette County and no serious accidents were reported. The patrol resulted in an increased number of arrests and a large number of traffic tickets were issued.

It is believed that the results of this increased patrol justified the efforts expended and that similar action should be taken in the future in such periods of emergency.

Respectfully submitted,
Albert Jacobson, Sheriff.

The following report of the Special Studey Committee was read. Supervisor Bouley moved it be accepted as read. Supported by Supervisor Hamel and carried.

Honorable Chairman and Members of the
 Marquette County Board of Supervisors,
 Marquette, Michigan.

Gentlemen:

Your committee which was appointed to recommend and approach to the handling of the Legislative Committee report on suggested changes in our county government, wishes to report that a study of this matter was made on September 12, 1954. We extend to the Legislative Committee an expression of appreciation for the fine report submitted; a report which obviously meant the giving of much time and thought by its members.

This committee would like to submit the following suggestions for your consideration:

1. Any change in county government would first require a revision of the State Constitution. To accomplish this it would be necessary to have the co-operation of at least the majority of the counties within the state.
2. The electors of the state, by ballot, would first have to authorize the organization of a state constitutional convention.
3. Our delegates to a constitutional convention would have to be informed as to the changes we desired so that these changes may be written into the new constitution.
4. Some of the cities would find it necessary to revise their charters so as to decrease their representation on the Board of Supervisors and to accommodate some of the other changes that would be desirable.
5. If townships are to decrease their membership on the Board of Supervisors, some provisions would have to be made for the consolidation of townships or the annexation of portions of them to other townships or cities and elections would have to be held within the various townships or cities to accomplish this.
6. All of the recommendations submitted by the Legislative Committee are favorable to this committee but those changes concerning the state constitution cannot be made in the near future. They do, however, give us a definite goal to be reached.
7. Regarding the 18 recommendations concerning the changes in Board Meetings, Committee System and other recommendations, it is the belief of this committee that action upon these recommendations should be withheld pending a revision of the state constitution, as such a revision may eliminate or change some of the problems which exist today.
8. We would like to recommend, further, that the Legislative Committee and the Board of Supervisors continue to make every effort to have the proposal for a constitutional revision placed before the electors of the state at an early date.

Respectfully submitted
 Special Study Committee

 Carl W. Corneliuson

Marquette, Michigan
December 13, 1954.

Honorable Chairman and Members of
Marquette County Board of Supervisors,
Marquette County,
Marquette, Michigan.

Gentlemen:

The NE $\frac{1}{4}$ of the NE $\frac{1}{4}$ of Section 10, T 45 N R 25 W, lies in the vicinity of the K.I. Sawyer Airport and is now owned by the State of Michigan. This forty is completely surrounded by county owned land and as a consideration in zoning it would be well to have this forty included in the lands owned by the county. A communication addressed to the Department of Conservation inquiring into the possibility of having this parcel transferred to the County of Marquette. Reply from the Department of Conservation dated December 10, 1954 reads in part as follows: "Disposal to the County can be made at the nominal consideration of \$1.00 under the provisions of Act 33, P.A. 1935 as amended. An application form is enclosed for your convenience and should be submitted together with a copy of the County Board's resolution recommending the transaction."

It is recommended that the Board of Supervisors request the Department of Conservation to convey this parcel of land to them. A suggested form of resolution is attached.

Respectfully submitted,
Robert H. DeRoche,
County Controller.

Suggested Resolution.

Whereas, the County of Marquette now owns all of the lands surrounding the NE $\frac{1}{4}$ of the NE $\frac{1}{4}$ of Section 10, T 45 N R 25 W, said parcel now being the property of the State of Michigan, and

Whereas, said parcel is a portion of the area immediately surrounding the K. I. Sawyer airport and county ownership of the same is especially desirable as an aid in zoning the area, and

Whereas the Department of Conservation of the State of Michigan has indicated willingness to convey said parcel of land to Marquette County upon the filing of proper application form and the payment of \$1.00 as provided by Act 33, P.A.1935 as amended.

Now, Therefore, Be It Resolved, that the Marquette County Board of Supervisors request the Department of Conservation of the State of Michigan to convey this parcel to the County of Marquette.

Honorable Chairman and Members of
Marquette County Board of Supervisors,
Marquette, Michigan.

Gentlemen:

Your Budget and Executive Committee, to whom was referred the request of the Social Welfare Department for additional funds with which to meet 1954 obligations, wishes to report that this matter was considered at the committee meeting held on December 6, 1954.

Your committee recommends that the sum of \$10,000.00 be transferred from the Social Welfare Department Payroll account to the Direct Relief Fund and that when the 1955 annual transfer of funds is made to the Social Welfare Department, the \$10,000.00 withdrawn from this revolving fund be replaced from Social Welfare funds. It is hoped that with increased allowances made the Welfare Department for 1955, together with a possible decrease in welfare obligations during the next year, the department may be able to offset the 1954 deficit by its own operations during 1955.

Respectfully submitted,

Sawyer Airport lease to the Air Force and the Clerk was ordered to read the following letter from Mr. Harold E. Talbot, Secretary of the Air Force.

January 14, 1955.

Marquette County Board of Supervisors,
Marquette, Michigan.

Gentlemen:

The visit of January 11, 1955 of Mr. Shroeger and Mr. Thomas for the purpose of discussing our mutual problems with K. I. Sawyer, Airport is greatly appreciated.

At this meeting, also attended by Congressman Bennett, representatives of the CAA, Mr. John Ferry and Mr. Bradley Nash of my office and representatives of the Air Staff, concern was expressed regarding the limitation of ten landings per day at the airport after construction of new facilities by the Air Force. Confirming that discussion, the Air Force agrees to consider this limitation as an average, rather than a specific daily maximum and to permit 300 landings per month by civil aircraft. It is also agreed that discussions on this subject may be re-opened at any time, on the basis of changes in requirements on the part of either the Government or the County of Marquette.

It is further agreed that, because of the anticipated high level of use of this installation by the Air Force, and the resulting problems in accommodating civil traffic, the County will indicate its preference for a site for a new civil airport to replace facilities currently existing at K. I. Sawyer. If such a site is approved by CAA and this department, the Air Force will request and support such Congressional clearances as may be necessary to permit payment to the County of Marquette for construction at the new airport site in lieu of relocating and replacing civil facilities on K. I. Sawyer as previously planned.

In the meantime, construction of an air defense base in this general sector is a matter of utmost urgency. The loss of even part of the next construction season could seriously affect the defense effort. It is therefore urged that the lease currently awaiting your approval in the Office of the District Engineer at Detroit be signed, without delay, so that advertising for bids for construction at the base may proceed.

Very truly yours,

Harold E. Talbott.

The Chairman told the assembly of the public meeting held in the Court House on the previous afternoon relative to another matter. He said representation of all types of business from all over the County and other interested people attended and that the Court room was filled to capacity. Everyone was given a chance to speak and register their opinions and the Chairman stated that finally an informal motion was passed by a good majority in favor of the lease.

He then stated that the Special Airport Committee met after the public hearing and asked the Clerk to read the following report of that Committee.

January 18, 1955.

Honorable Chairman and Members of
the Marquette County Board of Supervisors,
Marquette, Michigan

Gentlemen:

The Special Airport Committee held a meeting following a special public meeting on January 18, 1955, to discuss the proposed lease of the K. I. Sawyer Airport to the United States Air Force.

Your Special Airport Committee wishes to recommend to the Board of Supervisors that in the interests of National Defense, the Air Force proposition contained in a communication from Mr. H. E. Talbott, Secretary of the Air Force, dated January 14, 1955 to permit the limited use of K. I. Sawyer Airport for three hundred civilian landings a month be accepted and that the Board of Supervisors authorize the signing of a ninety-nine year lease, with the option to renew, on the K. I. Sawyer Airport on terms outlined to this Committee by the U. S. Air Force and U. S. Corps of Engineers.

It is further recommended that the Board of Supervisors go on record as strongly preferring the suggestion of the Air Force, set out in the letter above mentioned, that a new site be selected for a county airport and that the Board of Supervisors authorize the Airport Committee of the County of Marquette to investigate a possible new site and to proceed with the solicitation of funds from the Air Force for the construction of a new county airport.

Respectfully submitted,
Special Airport Committee

Honorable Chairman and Members of the
Marquette County Board of Supervisors,
Marquette, Michigan.

Gentlemen;

Your Budget and Executive Committee met on February 14, 1955 and at his request, Mr. W. H. Nestle, State Inspector of Jails, informed your committee on the necessity of providing coveralls for the prisoners in the County jail. The use of the coveralls is primarily a sanitation measure but, in addition, it provides security against escape. It is now a requirement of law that they be provided. In view of the information given by Mr. Nestle, your committee recommends that a minimum of three dozen coveralls, properly marked with the name of the Marquette County Jail, be purchased for use by prisoners.

Respectfully submitted,
Budget and Executive Committee.

February 18, 1955.

Honorable Chairman and Members of
Marquette County Board of Supervisors,
Marquette, Michigan

Gentlemen:

The Special Airport Committee met on February 17, 1955 and it was reported to them that the Corps of Engineers, in negotiating with the State of Michigan on mineral rights owned by the State of Michigan in several of the parcels included in the K. I. Sawyer Airport area leased by the County to the Air Force, the Attorney General of the State of Michigan has ruled that the County and State cannot be joint leaseholders to the Corps of Engineers. State officials have agreed that if the County of Marquette would deed to the State of Michigan those lands within the leasehold area in which the State owns mineral rights, the State would then grant a lease of these lands to the Federal authorities on a basis similar to the lease the County has negotiated.

Your Committee discussed the matter and agreed unanimously that the deed should be executed and delivered to the State of Michigan so that the procedure outlined above could be followed. It is recommended that the Board of Supervisors concur in the action taken by your Committee.

Respectfully submitted,
Special Airport Committee.

Supervisor York addressed the assembly and read the minutes of a meeting of the Zoning Committee held on February 2, 1955. After some explanatory remarks he read the following report of the committee and moved it be adopted. Supported by Supervisor Dompierre and carried.

February 4, 1955.

Honorable Chairman and Members of the
Marquette County Board of Supervisors,
Marquette, Michigan.

Gentlemen:

Your Zoning Committee met on February 3, 1955 and with the assistance of Prosecuting Attorney George Hill, reviewed the legal requirements for the adoption of zoning ordinances by counties and townships.

Your Committee does not believe that it is feasible to approach the zoning problem from a county level. To adopt any county zoning ordinance, we automatically abandon our present ordinance and it would, therefore be necessary to enact a new ordinance on a county wide basis. Such a task will be very time consuming and your committee recommends that any township within the County which feels that they now have or anticipate having an emergency existing within their township which will not be adequately served by the present County zoning ordinance they immediately take steps to adopt interim zoning ordinance on a township basis.

Your Committee further recommends that a County Co-ordinating Zoning Committee composed of three members be appointed in accordance with the provisions of Public Act 184 of 1943.

Respectfully submitted,

MINE INSPECTOR REPORT

Ishpeming, Michigan
February 3, 1955.

Mr. Lloyd LeVasseur,
County Clerk,
Board of Supervisors,
Marquette County.

Gentlemen:

I would like to submit to you a report of my activities for the month of January. The properties I have inspected are:

Lloyd Mine at North Lake
Cambria at Negaunee
Maas at Negaunee
Bunker Hill at Negaunee
Mather B at Negaunee
Mather A at Ishpeming
Humboldt Pit & Plant at Humboldt
Republic Development at Republic
Morris Mine at North Lake

Mr. Stromquist, Safety Director of the Eleveland Cliffs Iron Company, and I, have talked over inspection of abandoned properties under his jurisdiction. We have decided to make this inspection in the spring of the year. This inspection would be made after the snow has left the ground and before the leaves come out on the trees. I also intend to contact other property owners, at this time, who are responsible for old pits and shafts inadequately fenced.

A problem has also been called to my attention is Lake Angeline in Ishpeming, to be designated as a natural lake or as a mine pit? If it is designated as an old mine pit it will have to be fenced, denying the public access to some good trout fishing. Originally Lake Angeline was a natural lake and I would like to see it designated as such again. I would like to be informed of your opinion or decision on this problem.

Thank you.

Henry L. Scarffe,
Mine Inspector,
Marquette County, Mich.

Marquette, Michigan.

Gentlemen:

Your Budget and Executive Committee met on June 13, 1955 and discussed the financial affairs of the Welfare Department with Director James Scanlon. Your Committee wishes to report that at the present there is a sufficient amount in the Direct Relief Fund to cover its obligations during the month of June. Since the needs of this department for July and succeeding months can better be determined at future meetings, your committee requests permission to continue its study and report month by month on this matter. An accelerated program of billing the accounts receivable of the Welfare Department has been recommended. This should bring in additional funds with which to meet part of the requirements of that department.

Respectfully submitted,

July 20, 1955.

Honorable Chairman and Members of
the Marquette County Board of Supervisors,
Marquette, Michigan.

Gentlemen:

Your Budget and Executive Committee to whom was referred a communication from Sheriff Albert Jacobson containing three specific requests wishes to report as follows:

1. Manner of handling complaints against reckless operation of motor boats and the operation of some of these boats without mufflers on the lakes of the county.

The committee recommends that the Sheriff advise persons registering such complaints that the County of Marquette is unable to maintain watercraft and personnel on every lake within the county and that the complaining person should swear out a complaint in Justice Court and the arrest will be made. Your Committee feels that the Sheriff's Department has sufficient personnel to handle the complaints.

2. Request for the hiring of an extra man for two to three weeks to complete the inspection of boat liveries within the county.

An investigation by this Committee reveals that there are boat liveries to inspect at Big Bay, Gwinn, Witch Lake and Michigamme Lake. It is recommended that the Sheriff himself conduct these inspections while on other official business within the county. It is believed that these inspections can probably be made within two days.

3. Manner of handling requests from the various townships for extra police help during the Fourth of July holiday.

This Committee recommends that in the future, when specific requests are made by townships for extra police coverage during holidays that the Sheriff request the townships themselves to provide the necessary police protection through its own constables.

Respectfully submitted,

At this point the Chairman introduced Mr. Harold K. Connors of Ishpeming, County Drain Commissioner to the Board.

The Chairman spoke of the problem of refuse along the county highways and complimented the Mining Journal for their splendid editorial of July 14 relative to the problem and asked the Clerk to read the editorial and ordered it printed as a part of the minutes of the meeting. The Clerk then read the following editorial.

LITTERBUG PROBLEM

We note that the New Hampshire legislature has passed a law which it hopes will result in keeping the Granite State's lakes, ponds and streams clean and beautiful. The law provides that any person found throwing refuse into public waters may lose his fishing and hunting license for the current year.

We can appreciate New Hampshire's efforts at curbing litterbugs but we wouldn't like to see the same plan adopted in Michigan. Properly enforced, New Hampshire's law might deter the thoughtless hunters and fishermen. But why discriminate? There are many polluters of public waters, roadsides and scenic areas who neither hunt nor fish. A better law would be one which applies equally to all persons.

In connection it is gratifying to note that officers from the Marquette State Police Post and the Marquette County Sheriff's Department have been cracking down on persons who dump rubbish along public roadways--irrespective of whether the people involved are hunters or fishermen. Furthermore, the various courts in this area have been backing up the law officers by meting out penalties to the offenders.

The litterbug problem isn't new but it has achieved a new notice because the tremendous current use of the highways has brought it forcibly to public notice. More and more persons ride on the highways and they eat on them and nap on them. The disposal problem for lunch wrappers, beer cans, milk cartons, newspapers, fruit peels and other garbage increases.

Gasoline service stations could make a great contribution to highway cleanliness if they would all provide large, wellplaced trash receptacles. Some do, more should. But the magic key to the lockup of litter is the attitude of the litterer.

It is an American phenomenon that people of reputedly good manners, who have attractive homes in which they would greatly boject to litter, will contribute to litter in a public place. They take a holiday from manners when they leave home and if there's no policeman watching them the public park becomes for them the public dump. It is of no avail, seemingly to suggest to them that they would not care to lunch in a park that was littered.

In most European countries these same persons wouldn't think of littering the highways. There, a long established policing of the roads has brought social acceptance of the prohibition of littering; that or the fear of detection and arrest.

Something of the same sort will come to America but it hasn't come yet. It will be hastened if parents will not set their children a bad example of littering. What is Junior to think when his teachers instruct him in the bad manners and law breaking of littering and when he sees his father chuck a pack of empties out the car window after looking in the rear view mirror to see that no policeman is in view?

Supervisor Pearce presented a large scale map of the proposed installations at the new Air Force Base at Sawyer Airport for the benefit of the assembly.

County Agricultural Agent Melvin N. Nyquist invited the supervisors to attend the annual U. P. Farmers Round-up at Chatham, July 29th.

Mr. Nyquist then invited the supervisors to attend a hearing at the Gwin High School on August 11th for the purpose of establishing a soil conservation district in Marquette County. Mr. Nyquist stated that farmers and land owners of 3 or more acres were invited and stated that a soil district encourages good land use and results in better farms, forest lands and water conservation.

Mr. H. L. Shroeger of the Road Commission reported to the Board the progress of the highway relocation between Negaunee and Marquette and said present plans call for grading of a 4-lane highway but for paving of only 2 lanes next year. After some discussion, Supervisor Brewer moved the Board adopt a resolution urging the State Highway Department to make the new highway a 4-lane trunkline and that Mr. Shroeger, the Prosecuting Attorney and the Clerk draft the necessary resolution and that copies be sent to the State Highway Department and the cities and townships of the County for their concurrence and help in the matter. Supported by Supervisor Allen and unanimously carried.

Supervisor Croisetiére asked Mr. Shroeger if there were any definite plans for a new highway to by-pass Marquette City business district and Mr. Shroeger answered that there is nothing definite as yet but it was his understanding that if the project goes through it will be located west of Marquette and join U.S.41 near Hampton street in south Marquette.

There being no further business, on motion of Supervisor Bouley, supported by Supervisor Rautio and carried, the meeting adjourned until Wednesday, the 24th day of August, A. D. 1955 at 2:00 o'clock P.M.

August 18, 1955.

Honorable Chairman and Chairman of
the Marquette County Board of Supervisors,
Marquette, Michigan.

Gentlemen:

Your Special Committee appointed to study the financing of the County Law Library has studied this matter and wish to report as follows:

Unpaid Law Library obligations are approximately \$900.00 at this time. The annual allocation of \$750.00 from penal fines is not sufficient to maintain the library, bring its publications up to date and retire the indebtedness. Your Committee recommends that the Board of Supervisors appropriate the sum of \$500.00 from the General Fund at this time to apply towards the operation of the County Law Library.

Your Committee has withheld this report pending a determination of the legality of such an appropriation by the Prosecuting Attorney. Mr. George Hill, Prosecutor, has now informed your Committee that it has been determined no legal barrier exists to prevent such an appropriation if the Board of Supervisors concurs in your committee's recommendation.

Respectfully submitted,

Special Law Library Finance Committee

August 16, 1955.

Honorable Chairman and Members of the
 Marquette County Board of Supervisors,
 Marquette, Michigan.

Gentlemen:

At the August 15, 1955 meeting of your Budget and Executive Committee, the financial affairs of the Welfare Department were discussed with Director James Scanlon. The Direct Relief Fund has been reduced to \$2,116,91 as of July 31, 1955 and this is not sufficient to pay the August obligations. Your Committee recommends that \$14,000.00 of the Social Welfare Payroll Account be transferred to the Direct Relief Fund. It is expected that this transfer will cover Direct Relief obligations for at least three months since the case load is declining.

 August 22, 1955.

Honorable Chairman and Members of the
 Marquette County Board of Supervisors,
 Marquette, Michigan.

Gentlemen:

Your Morgan Heights Contact Committee met with the Board of Trustees of Morgan Heights Sanatorium on August 10, 1955. The business affairs of this institution for the past year and the present financial condition were discussed.

Last year your committee reported that the Trustees of Morgan Heights Sanatorium were quite apprehensive because of the substantial drop in patient load which reduced the operating income a considerable amount. We were pleased to learn that cases requiring treatment have been sought out and that at present the sanatorium is operating at capacity. This ultimately results in a smaller expenditure of county funds for operation.

Your committee has no corrective recommendations to make and wishes to report that the affairs of Morgan Heights Sanatorium are being administered capably and efficiently.

Respectfully submitted,
 Morgan Heights Contact Committee.

To the Honorable Chairman and Members of
Marquette County Board of Supervisors,
Marquette, Michigan

Gentlemen:

Your Finance and Taxation Committee recommend that the various Departments in the Court House keep within the budgets as adopted at the annual meeting and that no clerk hire or salaries be paid beyond the amount fixed by the Board of Supervisors.

In the case of an emergency or a Department requires additional funds or needs some special equipment, which could not be foreseen at the time of the annual meeting, we recommend that the head of that Department, together with the Controller, present this matter to the Board of Supervisors for their consideration and that they grant, where deemed necessary, authority to exceed the figures established in the annual budget.

If it develops that the amount stipulated in the budget of any Department exceeds the need of that Department or if a sum authorized is found unnecessary, then we recommend that authority be granted transferring a sum or surplus to some other Department by proper resolution of the Board of Supervisors.

Respectfully submitted,
W. T. Rose
Chairman, Finance & Taxation Committee

Your Finance and Taxation Committee has had under consideration the request of the Marquette County Law Library Committee for an appropriation of \$500.00 for 1956 to enable them to bring the law library up to date. This Committee recommends the allowance of the appropriation.

To the Honorable Chairman and Members of
Marquette County Board of Supervisors,
Marquette County, Michigan.

Gentlemen:

Your Finance and Taxation Committee has considered the request of the Michigan Corrections Commission for an appropriation of \$1,080.00 to cover the cost of a one-half time clerk in probation work for Marquette County. The State has provided this district with an additional full time probation officer but no provision was made for clerical help. It is believed that this additional service will save a considerable amount in county expense by shortening the "lay over" time for prisoners in the county jail and by the collection of court costs which are payable to the General Fund of the County. This committee wishes to recommend the appropriation of \$1,080.00 on a provisional basis for one year.

Respectfully submitted,
W. T. Rose
Chairman, Finance & Taxation Committee

To the Honorable Chairman and Members of
Marquette County Board of Supervisors,

Ishpeming City Council and
Marquette County Board of Supervisors.

Gentlemen:

It is with great regret that I tender my resignation from the Ishpeming City Council and the Marquette County Board of Supervisors, to take effect this date. My term of office expires with the city election next summer and I will not be a candidate for re-election and expect to be absent from the City for a considerable part of the intervening time, I do not think it fair to the community, that has so graciously honored me, to deprive it of representation for so long a time.

It has been a great privilege and an extreme pleasure to have been a member of both governing bodies and to have been associated with such splendid groups of earnest, loyal and sincere public servants working for the public good. I greatly appreciate and thank you for the honors you have conferred on me during my terms of office and for the consideration you have shown me. I can assure you of my continued interest in your activities.

If I can be of any service in the future, I would consider it a privilege to do whatever I can for the benefit of the community where I have lived so long and which I Love so much.

Sincerely yours,
Carl Brewer

Honorable Chairman and Members of
Marquette County Board of Supervisors,
Marquette County, Michigan.

Gentlemen:

Your Budget and Executive Committee to whom was referred the Allegan County resolu-
tion proposing a change in Section 295 (c) of the 1955 School Code, which change would
require the approval by the Board of Supervisors on the employment of a County School
Superintendent by the County School Board, has studied this matter at a meeting held
on December 12, 1955.

Your Committee feels that since County funds are expended in the operation of this
office, that it would be in the best interests of county government to require the
approval of the Board of Supervisors on the employment of a County School Superintendent.
Your Committee recommends, therefore, that the Board of Supervisors concur in the Allegan
County resolution and that a copy of the Board's action be sent to Honorable G. Mennen
Williams, Governor, Honorable Phillip Rahoi, State Sentator and Honorable Dominic
Jacobetti, State Representative.

Hon. Chairman and Members of the
Marquette County Board of Supervisors,
Marquette, Michigan

Gentlemen:

Your Budget and Executive Committee, having studied the financial problems of the
Social Welfare Department during the past several months, wishes to report that addition-
al funds in the amount of \$3,500.00 will be required to meet the obligations of the
Direct Relief Fund during December, 1955.

So that all deficits of the Social Welfare Department for the year 1955 will be
accounted for by that department, it is recommended that the sum of \$3,500.00 be trans-
ferred from the Social Welfare Fund to the Dorect Relief Fund. It is hoped that the
deficits of this department at the close of its fiscal year will be absorbed in its
operations during 1956.

It has been a great privilege and an extreme pleasure to have been a member of both governing bodies and to have been associated with such splendid groups of earnest, loyal and sincere public servants working for the public good. I greatly appreciate and thank you for the honors you have conferred on me during my terms of office and for the consideration you have shown me. I can assure you of my continued interest in your activities.

If I can be of any service in the future, I would consider it a privilege to do whatever I can for the benefit of the community where I have lived so long and which I Love so much.

Sincerely yours,
Carl Brewer
