I request that the board obtain a complete report from Prosecuting Attorney George E. Hill on the Jacobson case investigation, including how and why the case was started, who participated in its probe and some of the pertinent facts concerned. It does not have to be a lengthy report, but should contain the essential portions, from start to finish.

This matter involved county government, county tax money and county officers. It appears that the board of supervisors should inquire into the means by which payments were allegedly obtained from the county, in a reportedly fraudulent manner, and what, if anything, can and ought to be done to prevent such matters in the future.

The above motion was supported by Supervisor Hill.

After a great deal of discussion and remarks by various Supervisors, Supervisor Hooper moved as an amendment that the Chairman appoint a committee of the board to make the report instead of the Prosecuting Attorney. This was supported by Supervisor Dompierre. After more discussion, Supervisor Aho stated he had not had the time to read the full report and moved that the matter be tabled for 30 days. Supported by Supervisor Hill and carried by the following Yea and Nay vote:

Yeas: Aho, Alholm, Allen, Altobello, Arnold, Backlund, Beaudry, Beaupied, Bellstrom, Bur, Brunngraber, Carlson, Carlyon, Corneliuson, Cox, Clark, Dompierre, Ewing, Ghiardi, Hill, Hooper, Kivela, LaChance, Lar-

son, Linjala, Maki, Mattson Ollila, Rautio, Sandstrom, Strieleman, Swanson, J. E. Swanson, R. R., Taccolini, Valen'i, Van Elsacker, Weiland, Wiseman, Yelle.

Nays: Cooley, Hammerschmidt, Rydholm, Willey, York.

Supervisor Clark addressed the Board and brought up the matter of the issuance of concealed weapon permits and stated that as there was some confusion as to the interpretation of the law, he moved that the Prosecuting Attorney draft a resolution to be sent to all law enforcement groups and to

our legislators which resolution would be submitted to the State Legislature for amendment to the existing law to clarify the same as to concealed weapon permits for hunting, fishing, camping, target shooting, etc. The motion was supported by Supervisor Rautio. Prosecuting attorney George Hill then explained and defended the licensing board's position in the matter, read some of the pertinent parts of the statute and quoted a 1956 Attorney General's opinion and also an informal opinion he had received from the Attorney General's De-

partment regarding the law to support his argument.

After some discussion, Supervisor Clark requested a vote be taken on his motion and after the question was submitted it was declared defeated by the Chairman.

There being no further business, on motion of Supervisor York, supported by Supervisor Altobello and carried, the Board adjourned unil Wednesday the 19th day of February, A.D. 1958 at 2:00 o'clock P.M.

February 11, 1958

Honorable Chairman and Members of the Marquette County Bd. of Supervisors Marquette, Mich.

Gentlemen:

Your Budget and Executive Committee has had under consideration for a long time the problem of increasing expenditures by the Social Welfare Department

and the accumulating deficit of that department. Your committee finds that during the past four years the Welfare Department has spent more than its annual allocation each year and that the accumulated deficit of that department amounted to \$82,788.80 at the close of 1957. The 1958 allowance for the Social Welfare Department is \$70,000.00 for Direct Relief and \$100,000.00 for the Social Welfare Fund, or a total of \$170,000.00.

On January 2, 1958, these total allowances were transferred to these funds. The Social Welfare Fund received its \$100,000.00 but, with a minus balance to begin with, it left only about \$17,000.00 clear to last the rest of the year. January bills have been paid but there is not enough left in the fund to take care of February obligations nor the obligations for the rest of 1958.

Your Committee is greatly concerned over this problem, especially in view of the fact that greater demands will be made upon the Welfare Department this year because of increased unemployment. It is felt that now is the time to realize that welfare spending will have to be cut back so as to put the available money into the hands of those who have the greatest need.

The biggest single expense in welfare work in this county is the hospitalization program. In 1957 the actual cost to the county for hospitalization cases was \$96,019.54, not counting the administration costs of the program. Effective July 1, 1957, new State rules were set up which caused the County Welfare Department to be responsible for more hospitalization cases, including O'd Age Assistance cases, Aid to the Blind Aid to Dependent Children cases and Aid to the Disabled cases. These rules also provided, however, that the state would pay 90 per cent of the hospitalization expenses for these type of cases. At the same time, the new rules also cut back the state payment

on Direct Relief from 50 per cent to 30 per cent but in the overall picture, it was believed that the net costs for the county welfare would be reduced.

The Welfare Department has this week been served with notice that since State funds are running low that for the rest of the fiscal year, the State will pay only 20 per cent of hospitalization cases for those receiving Aid to the Disabled, 55 per cent of hospitalization cases for those receiving Old Age Assistance and 90 per cent on the Aid to Dependent Children and Aid to the Blind cases. Over 90 per cent of these category cases are Old Age Assistance cases so the State participation on the bulk of these cases has been reduced from 90 per cent to 55 per cent while State payment on Direct Relief cases remains at the new low figure of 30 per cent. This, of course, adds to the burden of the County Welfare Department and is another reason why the department will have to find ways to cut back on the overall welfare load.

Your Committee finds that the welfare rules and regulations for Direct Relief and for some types of hospitalization care are set by the County Welfare Board and they have the right to revise the rules so as to decrease their expenditures. Your Committee feels that this should be done now so as to cut back welfare spending before all county funds are gone leaving the welfare department out of business.

A study of the financial condition of the County General Fund shows that the surplus which has been accumulated during the past seven or eight years by careful management amounts to \$77,000.00 as of December 31, 1957. This is almost \$6,000.00 less than the shortage in the Social Welfare Fund, but it should be possible to accumulate enough additional surplus in the general fund during 1958 so that the deficit in the Social Welfare Fund can be

wiped out. It is, therefore recommended that the Board of Supervisors authorize the transfer of \$82,788.80 from the General Fund to the Social Welfare Fund with caution to everyone concerned that all county surplus funds will then be depleted and that the county will not be in a position to transfer further sums for this or any other purpose for a considerable period of time. With this in mind, and for the protection of other county operations, it should be stated plainly that the Board of Supervisors will not be held liable for any future obligations of the Social Welfare Department beyond the amounts allocated each year from tax monies for the operation of the Welfare Department.

Your Committee further recommends that if adopted, a copy of this report be sent to each member of the Social Welfare Board, to the Director of the Social Welfare Department and to the State Director of Welfare at Lansing, Michigan.

The Honorable Board of Supervisors
 Marquette County, Michigan
 Gentlemen:

Whereas, the current depressed economic situation promises adversely to affect monies available in Marquette County for direct relief; and

Whereas, House Bill No. 30 presently under consideration before the Ways and Means Committee of the Michigan State Legislature seeks to relieve local authorities by changing the ratio of direct relief participation from the current 70 per cent County, 30% State, to the original ratio of 50 per cent County, 50 per cent State participation; and

Whereas, House Bill No. 30 has been endorsed by the Michigan State Association of County Social Welfare Boards and by the Supervisors Association of the State of Michigan; and

Whereas, the Marquette County Board of Social Welfare after earnest consideration believes the adoption by the Legislature of House Bill No. 30 will promote the best interests of Marquette County and the State of Michigan.

Now Therefore, the Marquette County Board of Social Welfare recommends that endorsement be given by the Marquette County Board of Supervisors to House Bill No. 30 and that a copy of the Resolution of Endorsement be forwarded by the County Clerk to

Senator Rahai, Representative Jacobetti, Governor Williams and the Chairman of the House Ways and Means Committee.

Supervisor Cooley addressed the Board and stated as follows:

I would like at this time to withdraw my previous motion, made at the last meeting of this board, regarding the appointment of a committee to study the circumstances surrounding the recent removal of a county officer, subject to the withdrawal of the support to that motion.

I have had a chance to make further study of the matter myself and find that the present Sheriff and Controller have already agreed upon rules pertaining to the use of the squad car. This system seems to be a reasonable check on the use of the squad car and I therefore move that—

To safeguard against the possibility of having the County improperly billed in the future for Sheriff's Department mileage, the Board of Supervisors approve the following regulations for the use of the county owned squad car assigned to the Sheriff's Department:

That use of the squad car be given preference in all operations of the department and that when necessary and in the event that the squad car is already in use or is not available because of needed repairs, private automobiles of the sheriff or members of his staff may be used and mileage, as set by the Board of Supervisors, may be charged, in which event a statement explaining why the use of the private automobile was necessary be attached to the billing for automobile mileage submitted to the county for payment.

Supervisor Hill withdrew his support of the former motion and supported the above motion. After remarks by Supervisor Aho the above motion was voted on and adopted unanimously.

Supervisor Hill stated that the concealed weapon permit program was now being administered in a satisfactory manner according to reports he had received.

The Honorable Board of Supervisors of Marquette County Court House Marquette, Michigan

Gentlemen:

A construction project application, under which Federal and State funds shall be made available to Marquette County is being submitted under separate cover for your consideration and action.

The project under consideration in the application is the completion of the airport clearing and the construction of an addition to the administration building at the Marquette County Airport. We have discussed this matter informally with many members of the Board of Supervisors on various committee tours as well as other occasions. Formal action is now required if the project is to become a reality.

Estimated cost to complete the project is \$81,600.00. After crediting certain expenditures a ready made by the county for land acquisition at a cost of approximately \$4,000.00, the County's share of this estimate will be \$14,275.00. It is necessary at this time for the County to certify to the Michigan Department of Aeronautics that this money is available for the proposed project.

As a matter of review, the proposed clearing is necessary to provide a 50 to 1 glide or approach angle at the East approach to the E-W runway. The building addition is necessary to house an air traffic communications station which the government plans to locate at the airport. The instruments and equipment for this station are being furnished and installed by the Government at a

cost of approximately \$200,000.00. The County will not share in this cost. Such an installation will greatly increase the value of the Marquette County Airport to all air traffic.

We recommend that your Honorable Body concur in the acceptance of the project application and authorize the proper County officials to execute the same.

Very truly yours,
H. L. Shroeger
Supt.-Engineer

Honorable Chairman and Members of the Marquette County Board of Supervisors Marquette County, Mich.
 Gentlemen:

Your Budget and Executive Committee to whom was referred the communication from the U.P. Association of Law Enforcement

Officers suggesting the enrollment of a member or members of the Sheriff's Department in a police school to be held at the Northern Michigan College this summer, wishes to report that the matter was discussed at the April 14, 1958 meeting of your committee. The enrollment would entail the expenditure of \$70.00 for tuition and \$340.00 for extra help in the department during the month's absence of a trainee. This expense would be for each member enrolled. Because of the expense involved and because of the lack

of assurance that trained personnel would remain with the department, your committee wishes to recommend that the request be denied.

Respectfully submitted,

March 28, 1958

Honorable Chairman and
Members of the Marquette
County Board of Supervisors
Marquette, Mich.

Gentlemen:

Your Morgan Heights Contact Committee met with the Board of Trustees of Morgan Heights Sanatorium on March 26, 1958. Your committee still finds that this institution is being operated in a very efficient manner and that a thorough job is being done in Marquette County in the prevention and treatment of tuberculosis.

Your committee was informed that the patient load is steadily dropping at the sanatorium. While this is an excellent indication insofar as the treatment of tuberculosis is concerned, it does cause financial problems for Morgan Heights Sanatorium. State participation is based primarily on the case load under treatment and, while the income from this source is steadily declining along with the decline of the case load, expenses of the institution remain at approximately the same level it would if the institution was at capacity. We were informed that the sanatorium would probably incur a deficit before the end of the fiscal year. The amount of such a possible deficit cannot be determined now because of the uncertainty in the case load for the remainder of the year but by budget time this fall, they should be in a position to make a good estimate. The Board of Trustees made it plain to your committee that they are not now seeking additional funds but would like the Board of Supervisors to know that a good possibility exists that next year's budget request may have to be larger than in previous years.

Your committee also wishes to report that Morgan Heights Sanatorium is now in the process of being approved by State authorities for the admittance of non-tuberculosis cases. When this has been done and when the number of patients decreases to below 70 and they can be accommodated on the second floor of the hospital, the first floor can be used to admit non-tuberculosis patients. This will add 34 hospital beds to the hospital facilities within the county as well as increase the income to that institution without raising operating costs any appreciable amount. This, in turn, will go a long way toward reducing that portion of operating costs which must be paid from tax monies.

The Board of Trustees and Doctor Acocks, the administrator, are doing a fine job in tuberculosis prevention and treatment and at the same time keeping operating costs at a minimum. We feel certain that this fine co-operation will continue between the Board of Supervisors and the administrators of Morgan Heights Sanatorium to the benefit of Marquette County residents.

Respectfully submitted,

Supervisor Larson moved the request be granted. Supported by Supervisor Mattson and carried.

The Chairman stated the Budget and Executive Committee had made a careful study of the Social Welfare problem in previous meetings and as a result a resolution was drafted by the Committee. The Clerk, at the order of the Chairman read the following resolution.

RESOLUTION

Whereas, The Marquette County Board of Supervisors has received notice from its County Welfare Department that welfare funds are rapidly depleting and are not sufficient to meet welfare needs for the remainder of 1958; and

Whereas, The Board of Supervisors is gravely concerned about the welfare needs of its people and the lack of funds to provide relief for the same; and

Whereas, The Board of Supervisors has recently transferred all available funds, other than those actually needed to operate other county departments, to the welfare department so as to enable that department to continue aiding those within the County who have need and who qualify for assistance; and

Whereas, It is now certain that present welfare funds will not be sufficient to maintain minimum relief standards for the remainder of the fiscal year; and

Whereas, By Inquiry, the Board of Supervisors is informed that a similar financial dilemma exists in counties throughout the State of Michigan; and

Whereas, A major part of the problem has been created by the cut back of State participation in direct relief and hospitalization by the reduction of direct relief aid by the State of Michigan from 50 percent to 30 percent, the increasing of hospitalization responsibilities to county units and the

reduction of hospitalization State aid from 90 percent to 55 percent with a further reduction effective May 1, 1958 from 55 per cent to an undetermined lower percentage and

Whereas, The Legislature of the State of Michigan has recessed without making provision for additional welfare and relief funds so that the County Welfare Departments are left with ever increasing welfare loads but without funds to administer the needed assistance; and

Whereas, The State Department of Welfare has the right to reduce or discontinue the distribution of welfare and relief monies to the county units when State funds are being depleted at a higher than normal rate or have been completely exhausted, leaving the counties with the welfare problem but without the funds to carry on welfare programs; and

Whereas, Marquette County can presently find no solution to the welfare problem other than to do as the State of Michigan does in decreasing welfare allowances and eventually discontinuing assistance entirely when all funds have been depleted; and

Whereas, The Marquette County Board of Supervisors believes that, since the greater part of tax revenues lie with the Federal and State governments, that those governments should make more funds available for relief and welfare, to be disbursed either by those units of government directly through its own agencies or through county agencies by fund allocation; and

Whereas, The rules for eligibility for most forms of welfare are set up by the State and Federal governments and in so doing, this Board feels that the responsibility of family groups to help one another has been minimized and that the rules for all forms of assistance should be reconsidered with a view to require persons of reasonable means to bear a greater portion of the cost of assisting members of their families in need so that a larger portion of available welfare funds can be retained for those needy persons without family members to assist them.

Now Therefore, Be It Resolved, That the Marquette County Board

of Supervisors go on record in favor of revising the rules and laws to require responsible relatives to bear a greater share of the welfare load and to further urge the elected representatives in the State and Federal governments to do all in their power to have their respective governments assume a greater portion of the cost of welfare.

Be It Further Resolved, That a copy of this resolution be forwarded to the Honorable G. Mennen Williams, Governor of the State of Michigan; Honorable John B. Bennett, U.S. Congressman; Hon. Patrick V. McNamara and Honorable Charles E. Potter, U.S. Senators; Honorable Phillip Rahoi, Michigan Senator; Honorable Dominic Jacobetti, Michigan Representative and to the Board of Supervisors of each county in the State of Michigan.

Supervisor Larson moved its adoption. Supported by Supervisor Hammerschmidt and carried.

Mr. Powell of the Welfare Board then gave a resume of the unemployment conditions in the county.

A letter from Mr. Shroeger of the Road Commission advised the Board that the Road Commission is planning improvements on Co. Road 492 and it is necessary to obtain additional right of way for the project. As the county owned some of the land in question, the Supt. asked the County to quit-claim to them for right of way purposes, a strip of land 50 feet in width in the NE¼ of SW¼ of Sec. 30, T 48 N R 25 W, and a 100 foot strip of land in the SE¼ of SW¼ of Sec. 25, T 48 N R 26 W. Supervisor Larson moved the Board concur in the request and that the Chairman and the Clerk be authorized to sign the quit-claim deed. Supported by Supervisor Rautio and carried by the following Yea and Nay vote:

Vacation and Sick Leave Regulations

Regulations governing sick leave and vacation for employees of the County of Marquette, Michigan, who are regularly employed at the Court House and County Jail in the City of Marquette. These regulations shall not apply to elected officials of the County of Marquette.

Sick Leave

Effective June 1, 1958, all employees shall be entitled to one day of sick leave for each calendar work month. A calendar work month shall consist of a minimum of twelve days actually worked by an employee during any calendar month. Paid vacation time shall be considered time worked. Time absent from work by an employee when on sick leave shall not be considered time worked.

In case of an occupational injury, payment for the first six days lost will be made by the County of Marquette, provided that said first six days lost time are not paid by the Compensation Insurance Company. Payment for this first six days by the County of Marquette shall be made with no loss of sick leave time to the injured employee.

Sick leave will be granted to an employee when he is actually sick or when there is illness or death in his immediate family. Employees shall be granted sick leave time from their accumulated sick leave when serving as pall bearers when death of friends or anyone outside of the immediate family occurs, in an amount not to exceed five days per calendar year and subject to the approval of the department head involved. It is understood and agreed that sick leave time cannot be taken for anything other than the reasons stated above and cannot be

used as additional vacation time. It is further understood and agreed that an employee shall not be entitled to sick leave during the first two work days following vacation time taken by an employee.

For the purpose of inaugurating this sick leave plan, all employees who were employed by the County of Marquette for one year or more prior to June 1, 1958 will start with a credit of 12 days sick leave time on June 1, 1958, and to this will be added one day each calendar work month thereafter until a maximum of one-hundred days is accumulated. When 100 days have been accumulated no further time shall be added, but as soon as some of the accumulated sick leave time is used, 1 day for each calendar work month will be added until a maximum of one-hundred days is again accumulated. Appropriate records reflecting each employee's sick leave credit shall be maintained by the County Controller.

An employee shall not be paid for any accumulated sick leave time when employment is terminated.

Whenever an employee does not report to work because of illness, the County of Marquette reserves the right to have the department head, or some other designated employee or a physician, call at the home of the employee to check the case and make a complete report.

In case an employee is unable to report for work, his department head shall be so notified as far in advance as possible.

Vacation

Any employee having one year of continuous service shall be entitled to a vacation of one week with pay, two years of continuous service shall be entitled to a vacation of two weeks with pay, and after fifteen years of continuous service shall be entitled to an annual vacation of three weeks with pay.

Vacation time cannot become accumulative; any vacation time earned for any 1 year and not used within that year shall be considered lost to the employee.

The actual time that an employee shall be granted a vacation

shall be at the discretion of the department head involved and shall be subject to the work schedule and personnel requirements.

Appropriate records reflecting each employee's vacation time credit shall be maintained by the County Controller.

The following report of the Budget and Executive Committee was also read. Supervisor Ewing moved its adoption. Supported by Supervisor Rydholm and carried.

Honorable Chairman and
Members of the Marquette
County Board of Supervisors
Marquette, Mich.

Gentlemen:

On May 12, 1958, your Budget and Executive Committee considered the request of Wm. Havican for a lease of a portion of the county land occupied by the Citizen's Home to accommodate a private trailer park. This is a very desirable property and your committee feels that it should not be tied up in lease to private persons. Needed county facilities in the future may well require this site and your committee, therefore recommends that the request to lease a portion of this area be denied.

Respectfully submitted,
Budget and Executive Committee

June 10, 1958

Honorable Chairman and
Members of the Marquette
County Board of Supervisors
Marquette, Mich.

Gentlemen:

At the June 9, 1958, meeting of your Budget and Executive Committee, the financial condition of the County Welfare Department was again discussed with representatives of the medical society, representatives of the 3 hospitals within the county, members of the County Road Commission and the Social Welfare Board.

As your committee has previously reported, it is certain that there will be a substantial shortage of needed welfare funds before the close of the year in spite of the fact that the Welfare Department has revised its rules to curtail welfare spending. It is obvious to your committee that an attempt should be made to raise additional funds so that a greater welfare allocation may be made next year to take care of an anticipated 1958 deficit and provide sufficient funds to operate that department in 1959.

In order to increase county revenues sufficiently to adequately take care of the problem, your

committee recommends that the Board of Supervisors adopt the attached resolution providing for an election to be held in Marquette County on August 5, 1958 which coincides with the General Primary Election, to vote authority to levy two additional mills per year for a five year period starting with 1958, for general county operations. If the electorate will approve such additional millage, the Board of Supervisors can then levy as much of the additional millage as is necessary to meet county needs.

Respectfully submitted,

Budget and Executive Committee

He moved that the Board congratulate Mr. Nyquist, County Extension Director and Mrs. Olive Sain, Home Extension Agent for the splendid work in helping the 4-H Club program and enabling two youngsters to win

trips to Washington, D. C. A rising vote of thanks was given them.

Prosecuting Attorney Hill addressed the Board and reported on the matter of control of the lake level of Lake Independence. He stated it was mandatory for the Board to institute proceedings in Circuit Court for the purpose of establishing the lake level and after some discussion said he would file a written report. Supervisor Strieleman moved the matter be referred to the Prosecuting Attorney to continue as he outlined and also to the Budget & Executive Committee. Supported by Supervisor Altobello and carried.

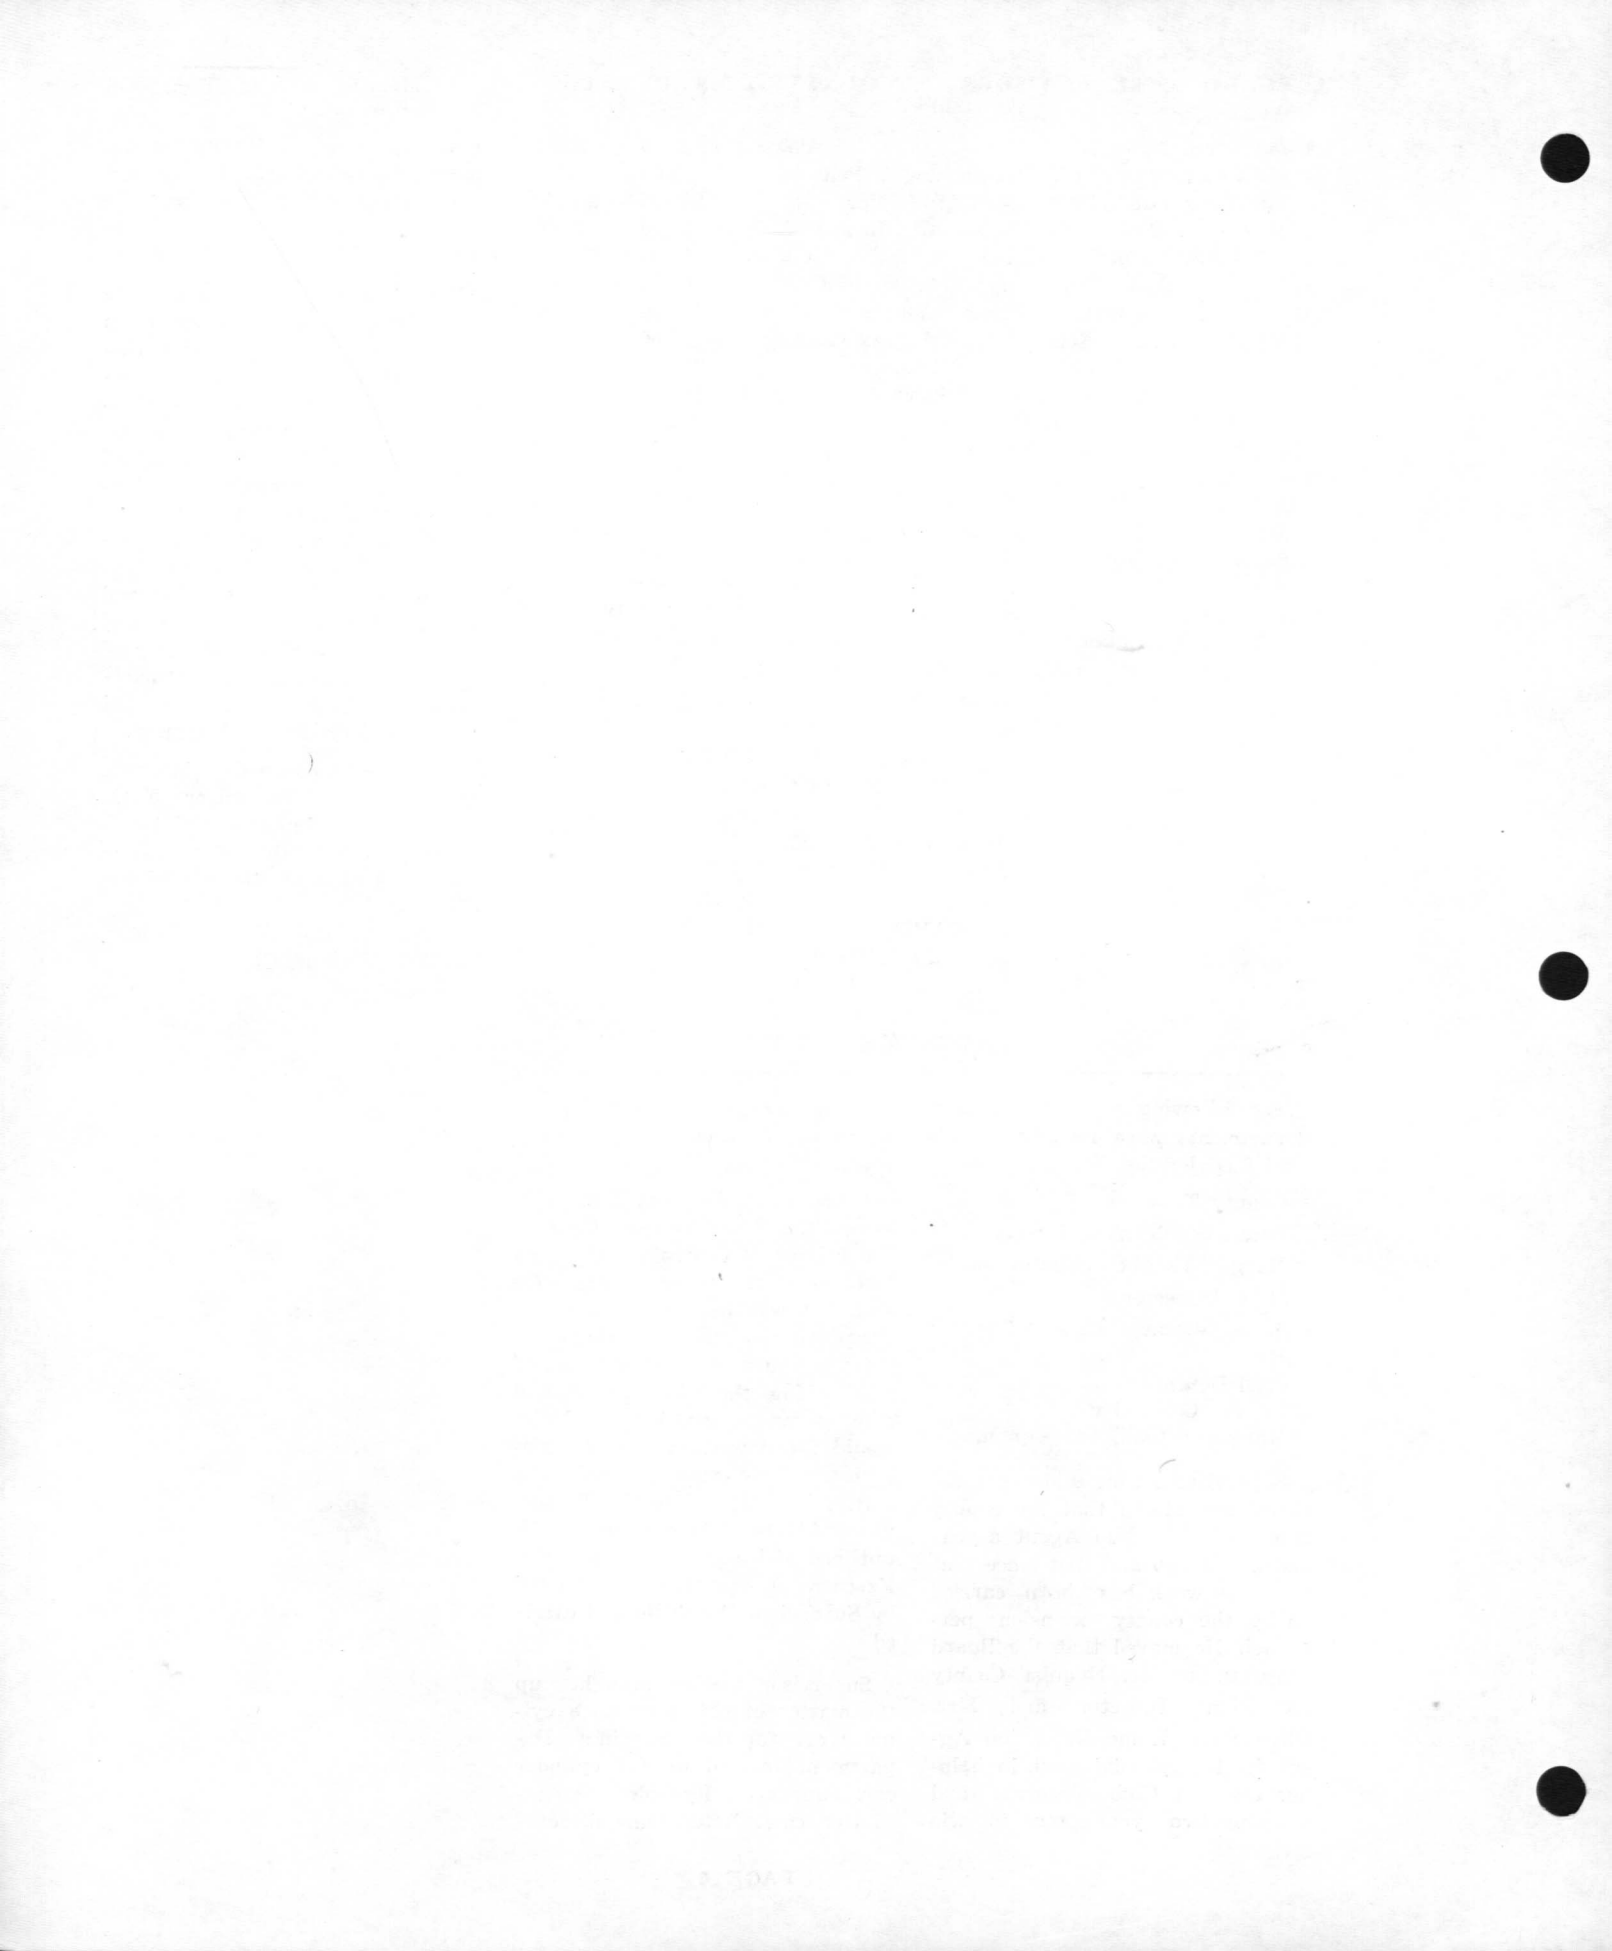

Supervisor Cooley brought up the matter of obtaining an 8 cylinder car for the Sheriff's Department instead of a 6 cylinder car. Supervisor Rydholm suggested two cars. After some discuss-

Supervisor Hammerschmidt spoke of the number of walkaways from the prison honor camps in this area and suggested that something be done to prevent such incidents. He said many people were frightened and fearful of the possible consequences. Supervisor Cooley mentioned the extreme over crowding of all prisons. After some discussion, Supervisor Hammerschmidt moved that the Prosecuting Attorney and the Clerk write a formal letter of protest to the Michigan Department of Corrections. Supported by Supervisor Bur and carried.

There being no further business on motion of Supervisor York, supported by Supervisor Altobello and carried, the Board adjourned subject to the call of the Clerk.

✓The following report of the Highways and Bridges Committee was read. Supervisor Larson moved its adoption. Supported by Supervisor Cox and carried.

Sept. 25, 1958

Honorable Chairman and Members of the Marquette County Board of Supervisors, Marquette Michigan
Gentlemen:

The Highways and Bridges Committee had its annual highway tour on September 22, 1958 and wishes to report the progress made to county roads during the 1958 season.

The paving of County Road 541 and portions of County Roads 456 and EA has now been completed. These projects were a part of the Federal Aid Program. Construction has started under two contracts and bids have been taken on a third contract for the improvement of County Road 492 which is also a part of the Federal Aid Program. Engineering work on the relocation of two miles of County Road 553 near the K. I. Sawyer Air Base has started with the Federal Government paying the entire relocation cost.

During this season on the primary road system paving operations have been completed on County Roads 456, 541 and 557 amounting to 18.22 miles. On the local road system, with townships participating in the cost, paving operations have been completed on 11.16 miles of road in Forsyth Township and 9.25 miles will be completed in Skandia Township by the end of this construction season, making a total of 20.41 miles paved on the local road system. Adding the 18.22 miles of paving completed on the primary road system indicates a total of 38.63 miles that has been or will be paved during this season. In addition to the paving operations, extensive road grade improvements were carried out in preparation for paving. It is expected that the bituminous aggregate plant will be located in the central county area for the 1959 season and plans are under way to improve a number of roads in this area.

The bridge carrying County Road 438 over the West Branch of the Escanaba River was completely reconstructed and the bridge carrying County Road 438 over Chandler Creek was removed and replaced with a metal pipe arch.

In addition to the above projects the Road Commission carried out its normal summer and winter maintenance programs.

A discussion was held relative to the access road leading from the Village of Republic to the

newly constructed M-95 Highway. It was the opinion of the committee that the Road Commission pave this access road with the Township participating in the cost of the paving. The replacement of the existing bridge on this access road is financially impossible.

It was again pointed out to your committee that the Road Commission cannot possibly complete all of the improvements that have been requested on the local road system. The state law requires that 75% of the funds received from the State be expended on the primary system, which includes 275 miles, and the remaining 25% of State funds be expended on the local road system which includes 990 miles. Your committee is confident that the Road Commission is using the funds allocated for local roads to the best advantage possible but of necessity, some of the requests for improvement of local roads will have to be put off.

Respectfully submitted,

Highways and Bridges Comm.

October 9, 1958

Honorable Chairman and
Members of the Marquette
County Board of Supervisors,
Marquette, Michigan
Gentlemen:

Your Buildings, Grounds and Insurance Committee made its annual inspection tour of county buildings on Wednesday, October 8, 1958 and wishes to report that all properties inspected were found to be in very good order.

Your Committee feels that those in charge of county properties should be thanked for their interest and fine maintenance jobs.

In checking over improvement recommended at the Court House, Jail, Sheriff's residence and Detention Home in recent years, we find that all of those suggested improvements have now been made.

The single suggested improvement at this time is the installation of a floor covering in the recreation room of the Citizens Home when the finances of the Social Welfare Department permit.

September 18, 1958

Honorable Chairman and
Members of the Marquette
County Board of Supervisors,
Marquette, Michigan
Gentlemen:

The annual inspection of the Parks and Airport Contact Committee was made on September 16, 1958. The inspection began by meeting at the Marquette County Airport administration building. The Coffee Shop there is now being operated by the County Airport Committee and while there is no profit in this phase of the operation, good service is being given the public there without extra cost.

A tour of the runways of the airport was made. On the east end of the East-West approach, a construction project was pointed out which consisted of clearing and excavating a knoll which extends into the glide path. This is

being done to provide a fifty to one glide angle so that instrument landings may eventually be made.

The hanger was also inspected and found to be in good repair. Plans for the future require an additional hanger to house private planes but it is expected that the revenue received from the housing of these private planes will eventually offset the cost of the hanger.

It was also pointed out that plans are being prepared for the erection of an addition to the present administration building which will house an Air Traffic Communication Station. Instruments and equipment for this station will be furnished and installed by the government at a cost of approximately \$200,000.00

Your Committee inspected Perkins Park at Big Bay and found it to be clean, pleasant and well managed. During this season the new water system was completed throughout the park area and the initial steps for a sewage disposal system there were discussed.

Reports show that there were 8,255 visitors, 6,761 bathers and 361 camping parties who used the facilities of Perkins Park this summer. Your Committee did not inspect the park at Gwinn but it is planned to include the Gwinn Park in its inspection tour next season.

October 1 1958

Honorable Chairman and Members of the Marquette County Board of Supervisors Marquette, Michigan

Gentlemen:

At the September 29, 1958, meeting of your Budget and Executive Committee, the committee was informed by the Department of Social Welfare that there will be a need for direct relief funds in October to pay September commitments and a request was made for transfer of \$14,000.00 from the Social Welfare Revolving Fund to the Direct Relief Fund.

It is believed that such transfer will cover the Direct Relief obligations for the remainder of the year and this sum can be replaced by the Social Welfare Department out of its 1959 allocation as the deficit has been included in the next annual budget. Your Committee recommends, therefore, that the sum of \$14,000.00 be transferred from the Social Welfare Revolving Fund to the Direct Relief Fund.

Honorable Chairman and Members of the Marquette County Board of Supervisors Marquette, Michigan

Gentlemen:

Your Budget and Executive Committee considered the speci- fications for a Sheriff's Depart- ment automobile at its meeting held on September 29, 1958, and it is recommended that the Board of Supervisors authorize the Con- troller to solicit bids on the ba- sis of both 6 cylinder and 8 cyl- inder automobiles, either type with heavy duty generator, clutch, springs, etc. (taxicab specifica- tions) and that your committee make a further report and rec- ommendations after receipt of the bids. Your committee also wishes to recommend that in view of the small amount of mileage paid an- nually for the use of private automobiles in the Sheriff's De- partment work, it would not be to the best advantage of the county to place another automobile in full time service and, therefore, the call for bids for a new auto- mobile should indicate the trade- in of the present automobile.

Honorable Chairman and Members of the Marquette County Board of Supervisors, Marquette, Michigan

Gentlemen:

Your Budget and Executive Committee, to whom was referred a petition from elected officials for salary increase, wishes to re- port that the matter was studied at the September 29, 1958 meeting of your committee. It is recom- mended that no increase be grant- ed at this time for the following reasons:

1. Present economic conditions of Marquette County do not war- rant the requested increase.

2. The County of Marquette was required to request extra voted millage in order to meet ob- ligations of the county in welfare work and to increase salaries at this time would not be in keeping with the overall county financial condition.

3. Elected officials received a substantial increase two years ago as follows:

Office	From	To
Pros. Atty.	6,800.00	8,000.00
Co. Clerk	5,300.00	6,000.00
Co. Treas.	4,548.00	5,000.00
Reg. of Deeds	4,800.00	5,000.00
Sheriff	2,800.00	5,000.00

(with loss of fees)

Mine Inspector \$15.00 per day to \$16.00 per day.

4. Present salaries of elected officials in Marquette County are higher than those of other coun- ties in the Upper Peninsula and higher than similar size counties in the Lower Peninsula.

Honorable Chairman and
Members of the Marquette
County Board of Supervisors,
Marquette, Michigan.

Gentlemen:

Your Budget and Executive Committee has had under consideration the various salaries on the County Payroll. It is recommended that all salaries and allowances now in effect be continued for the two year period up to and including December 31, 1960. It is understood that the yearly salaries, with the exception of elective officers, may be changed at the pleasure of the Board of Supervisors.

Your Committee further recommends that effective January 1, 1959, an allowance for uniforms of \$50.00 be made annually to the Sheriff and each full time employee on his staff; provided that for employees hired on a full time basis in the future, the first allowance be paid after sixty days of employment and upon each yearly anniversary during continued employment and provided further, that the Sheriff prescribe the rules for uniform requirements and maintenance for his department.

Respectfully submitted,

**Finance and Taxation
Committee**

By Leonard S. M. Altobello,

To the Honorable Chairman
and Members of Marquette
County Board of Supervisors,
Marquette, Michigan

Gentlemen:

Your Finance and Taxation Committee recommends that the various departments in the Court House keep within the budgets as adopted at the annual meeting and that no clerk hire or salaries be paid beyond the amount fixed by the Board of Supervisors.

In the case of an emergency or in case a department requires additional funds or needs some special equipment which could not be foreseen at the time of the annual meeting, we recommend that the head of that Department, together with the Controller present the matter to the Board of Supervisors for their consideration and that they grant, where deemed necessary, authority to exceed the figures established in the annual budget.

If it develops that the amount stipulated in the budget of any department exceeds the need of that Department, or if a sum

authorized is found unnecessary then we recommend that authority be granted transferring a sum or surplus to some other Department by proper resolution of the Board of Supervisors.

Respectfully submitted,
Leonard S. M. Altobello,
Chairman, Finance and
Taxation Committee.

To the Honorable Chairman and
Members of Marquette County
Board of Supervisors,
Marquette County, Michigan

Gentlemen:

Your Finance and Taxation Committee recommends that in the matter of the request of the Michigan Children's Aid Society for an appropriation from Marquette County, that the Judge of Probate be authorized to enter into a contract with the said Society for the care of Marquette County children to the extent of \$1,500.00 during the year 1959.

Respectfully submitted,
Leonard S. M. Altobello,
Chairman, Finance and
Taxation Committee

November 12, 1958

Honorable Chairman and Members of the Marquette County Board of Supervisors, Marquette, Mich.

Gentlemen:

At the direction of the Board of Supervisors, your Budget and Executive Committee has received and studied bids for the replacement of the Sheriff's Department automobile. At the November 10, 1958 meeting of your committee, bids were received as follows:

Northland Motors-Marquette

6 cylinder Plymouth Savoy—
 \$1,238.00
 8 cylinder Plymouth Savoy—
 \$1,339.00

Frei Chevrolet Sales-Marquette
 6 cylinder Chevrolet Biscayne
 —\$1,498.35
 8 cylinder Chevrolet Biscayne
 —\$1,625.35
 Olson Motors-Marquette:
 6 cylinder Ford Custom 2-door
 —\$1,245.00
 8 cylinder Ford Custom 2 door
 —\$1,345.00
 Public Service Garage-Marquette:
 8 cylinder Pontiac—\$1,513.00
 Hornbogen Auto Sales-Marquette:
 6 cylinder Studebaker Lark—
 \$950.00
 8 cylinder Studebaker Lark—
 \$1,065.00
 6 cylinder Edsel Ranger —
 \$1,289.00
 8 cylinder Edsel Ranger —
 \$1,364.00

Your committee did not consider the bids received on the Studebaker Lark as the automobile is shorter than standard wheelbase and would not be suitable for the Sheriff's Department. Among the other bids received your committee believes the bid most advantageous to the County is that of Hornbogen Auto Sales on an 8 cylinder Edsel Ranger at \$1,364.00 including police or taxi cab specifications, and is recommended that the Board of Supervisors authorize the acceptance of that bid.

Respectfully submitted,
Budget and Executive Comm.

The following monthly reports of county departments were read and ordered filed by the Chairman: County Treasurer, Veterans' Agency, Mine Inspector, Civil Defense, Social Welfare, Controller and Marquette County Road Commission.

✓ A resolution from the Republic Township Board citing the hazardous condition existing where the Republic road enters the recourced portion of Highway M-95 north of Republic was read. After much discussion and explanatory remarks by Mr. Shroeger of the Road Commission and remarks by several supervisors, Supervisor Carlson moved it be referred to the Marquette County Road Commission. Supported by Supervisor Rautio and carried.

Supervisor Allen spoke relative to Civil Defense and praised Mr. Glenn Wilson, County Director for his efforts in the matter. The Chairman joined in the commendation and stated the Director was doing a fine job.

Supervisor Hill stated he was informed by several persons that there was some "chiseling" going on with respect to relief rolls in the county. He further stated that the Welfare Dept. was well managed and wondered what could be done in the matter. The

Chairman agreed that the Department was well run and said complaints were reported monthly to the Budget and Executive Committee and proper investigations were made.

Supervisor Mattson asked if any air police were provided by the Air Force now because of the increase in traffic and extra duties by law enforcement agencies. Sheriff Jernstad stated no air police were provided for this purpose now but he was informed air police will be assigned to Marquette County after activation of the air base.

Mr. Shroeger of the Road Commission stated construction of the new air traffic communications station at the Marquette County Airport would begin in the near future as contracts would soon be awarded inasmuch as the bids had been opened and processing of the necessary paper work was in progress.

There being no further business, on motion of Supervisor York, supported by Supervisor Altobello and carried, the Board adjourned until Wednesday, the 21st day of January, A. D., 1959 at 2:00 o'clock P. M.
