At the February 14, 1962 meeting of your Budget and Executive Committee bids for the purchase of a new Sheriff's Department patrol car were opened. All bids received are based upon automobiles with heavy duty specifications and provide for the trade in of the presently owned automobile. Bids received were as follows:

**Marquette Public Service Garage - Marquette, Mich.**

1962 8 cylinder Pontiac  
Catalina — \$1,391.55

**Olson Motors, Inc. - Marquette, Mich.**

1962 8 cylinder Ford Galaxie Mainliner — \$895.00  
1962 8 cylinder Mercury Monterey — \$1,045.00

**Specker Motor Sales, Marquette, Mich.**

1962 8 cylinder Dodge Dart — \$890.00

Your committee believes that the bid most advantageous to the county is that of Olson Mo-

ors, Inc. for the 1962 Ford Galaxie Mainliner at \$895.00. While this bid is \$5.00 over the lowest bid, your committee believes that the weight differential in the two automobiles of approximately 600 pounds is important in that the heavier automobile is better suited to the needs of the Sheriff's Department. It is recommended, therefore, that the Board of Supervisors accept the bid of Olson Motors, Inc. for the purchase of a 1962 8 cylinder Ford Galaxie Mainliner automobile for the Sheriff's Department at a bid price of \$895.00.

Respectfully submitted,

Honorable Chairman and  
Members of the Marquette  
County Board of Supervisors  
Marquette, Michigan  
Gentlemen:

Your Budget and Executive Committee, to whom was referred the proposition that a County Plat Book be made of Marquette County wishes to report that the matter was considered by your committee at its meeting held on June 11, 1962.

It has been proposed that Marquette County have a plat book printed at a cost of approximately \$5,000.00 for 2,000 copies and that these booklets then be offered for sale at a suggested price of \$4.50 each. Your committee believes that if the county proceeds on this basis that the major portion of the cost would never be recovered from the sale of books. It is the consensus of your committee that the availability of such a plat book is very desirable but that it can be obtained on a more favorable basis to the county. The Marquette County 4-H Council has agreed to undertake the publication of this plat book with the sale of ad-

vertising. Mr. Nyquist, agent for the 4-H Council, has informed your committee that he believes the sale of approximately \$3,200.00 in advertising is possible and that if the County of Marquette would contribute to the project to the extent of \$1,000.00 that the book could be completed and made available for sale to the public at a cost of \$4.50 per copy. Once the total cost of the printing has been recovered, the 4 - H Council could then look forward to the sale of the remaining books so as to provide funds for future 4-H activities within the county.

Your committee recommends, therefore, that the Board of Supervisors authorize the Marquette County 4-H Council to proceed with the plat book publication project and that Marquette County 4 - H Council to \$1,000.00 in advertising in the booklet payable when the plat book has been completed and made available for sale to the public.

Respectfully submitted

June 14, 1962

Honorable Chairman and  
Members of the Marquette  
County Board of Supervisors,  
Marquette, Mich.  
Gentlemen:

The annual meeting of your Morgan Heights Contact Committee was held at the Morgan Heights Sanatorium on June 13, 1962. Your committee wishes to report that the affairs of this institution are being conducted in a very efficient manner. There has been no increase in the tuberculosis case load during the past year and the patients are still being cared for on floor of the sanatorium. The other floor, with 33 beds, is still available for use as a medical unit. It is especially helpful to Marquette County to have as many of the county patients as possible cared for at the medical unit since the income from this source

helps operate the institution without making greater demands upon county taxes and, too, the daily rate charged the welfare department for its cases is substantially less than in other area hospitals.

Your committee was informed that a number of minor changes have been recommended by the State Fire Marshal with a view of reducing fire hazards. The Board of Trustees are going ahead with these improvements and should have them completed without delay.

The trustees informed your committee that the budget request for the ensuing year will be \$10,000.00 less than it has been in recent years. It is very gratifying to report that the fine management of this institution has resulted in increased services being rendered at reduced total costs to the county.

Your committee wishes to thank Dr. J. R. Acocks, Superintendent of Morgan Heights Sanatorium, and the Trustees of Morgan Heights for the excellent job that is being done at this county institution.

Respectfully submitted,

Morgan Heights Contact Comm.

September 17, 1962

Honorable Chairman and  
 Members of the Marquette  
 County Board of Supervisors,  
 Marquette, Michigan  
 Gentlemen:

Your Audit Committee has made a study of the report of the Examination of the Records and Accounts of Marquette County for the period January 1, 1961 to December 31, 1961, submitted by the Department of Auditor General, County Audit Division, Lansing, Mich. We find that in all county departments, funds received and disbursed have been properly accounted for. All corrections or alterations suggested by the auditors during their examination have already been taken care of.

The need for a surety bond for the County Medical Examiner was noted and the same was acquired while the examiners were making their audit. Approval of the bond was made by them prior to their completion of audit work in the county.

Mention was made of the entering of official receipt numbers in the daily receipt register in the office of Register of Deeds. For many years the system has been to enter the complete information, including individual receipt numbers in the reception books in this office. Since the reception books are a permanent record and maintained at all times in this office, it was apparently felt that a second listing of the same receipt numbers in another book maintain-

ed in the same office was unnecessary. In any event, the auditors never before mentioned the need to make this second listing. Since the request was made, however, the second listing is now being maintained. This change was made while the auditors were still working the 1961 audit and it seems strange that they wrote the item up as one needing correction when, to their knowledge, the matter had been settled prior to completion of their work here.

Your Committee has been informed by Morgan Heights Sanatorium that the subsidiary account ledger for private pay patients' accounts receivable, suggested by the auditors, is now being maintained.

Your Committee has also been informed by the County Road Commission that the matter of including as an employee's fringe benefit the payment of only the employees share of the premium for hospitalization insurance coverage has already been corrected, and was, in fact, corrected to meet the suggestion of the auditors as soon as the point was raised. Again, this matter was settled to the satisfaction of the auditors at the time they were working the 1961 audit, and there is, therefore, no further correction to be made at this time.

It appears that all four suggestions made by the auditors in the 1961 audit report have already been taken care of satisfactorily and your committee recommends that the report of the Examination of Records and Accounts for Marquette County for the year 1961 be placed on file.

Respectfully submitted,

## AUDIT COMMITTEE

September 14, 1962

Honorable Chairman and  
 Members of the Marquette  
 County Board of Supervisors  
 Marquette, Michigan  
 Gentlemen:

Your Parks and Airport Committee held its annual inspection tour on Sept. 13, 1962. The inspection began by a meeting at the Marquette County Airport. During this season, the interior and exterior surfaces of the Terminal Building were painted and the J & L Steel Company hanger was completed by a private contractor. This facility is very well managed and maintained and the volume of traffic there is increasing steadily. A \$130,000.00 field improvement is planned for the 1963 construction season with Federal, State and County funds participating.

Because of a lack of funds in the Park Commission Fund, improvements to the county parks was limited this year. Toilet facilities at the caretaker's home and plastic water supply lines were installed in the Perkins Park trailer area. During the 1963 season, however, it is planned to provide picnic and bathing as well as new road facilities in the Gwinn Park and an extension of electric facilities for the trailer area at Perkins Park.

Following is the attendance record at the two county parks during the 1962 season:

**PERKINS PARK**

Visitors - 5,485  
 Bathers - 6,960  
 Camping parties - 386

**GWINN PARK**

Visitors - 2,928  
 Bathers - 1,400  
 Camping parties - 7  
 Total Visitors - 8,413  
 Total Bathers - 8,360  
 Total Camping parties - 393

Honorable Chairman and Members of the Marquette County Board of Supervisors, Marquette, Mich.  
 Gentlemen:

Your Budget and Executive

Committee to whom was referred a request for county financial assistance to a National U. S. O. in the City of Marquette to serve the needs of servicemen in Marquette County, wishes to report that the matter was considered by your committee at its meeting held on September 10, 1962.

Your committee feels that there is a real need for such a servicemen's center in this city and that the County of Marquette should participate along with the three cities within the county in this project. It is recommended, therefore, that an allowance of \$100.00 per month be paid by the County of Marquette toward the maintenance of a U. S. O. Center in Marquette, provided that the three cities within the county also contribute toward the maintenance of the servicemen's center and, provided further, that the U. S. O. Center has been assigned a qualified director so as to assure the servicemen a proper program. Your committee further recommends that payment of this allowance be made on a monthly basis as soon as the U.S.O. Center has been established and other conditions outlined in this report have been met.

Sept. 25, 1962

Honorable Chairman and  
Members of the Marquette  
County Board of Supervisors  
Marquette, Michigan

Gentlemen:

The Highways and Bridges Committee had its annual highway tour and inspection on September 24, 1962, and wishes to report the progress made to county roads during the 1962 season.

On County Road 561, approximately 1.27 miles of highway was reconstructed from U. S. 41 southerly to County Road 492. With the exception of sodding and the installation of guard rail and guardrail posts, the project was entirely completed by Marquette County Road Commission forces. The blacktop surface construction for this project is scheduled for the summer of 1963. Total project cost was \$58,269.00.

County Road 561 from County Road 492 southerly to County Road 480, a distance of 0.95 miles, was also reconstructed this season. A. Lindberg and Sons completed the work under contract with the Federal Government and Marquette County sharing equally in the cost. The black top surface construction for this project is also scheduled for the summer of 1963. Cost of this project was \$52,995.00.

On County Road 557 the reconstruction of 1.50 miles northerly from County Road 426 was carried out under contract with the I. L. Whitehead Construction Co. with the Federal Government and Marquette County sharing in the cost. Continuing northerly from this point to the Big West River, a distance of approximately 5.64 miles, county forces prepared the roadway for black top surface. The entire distance was then paved with black top and gravel road shoulder construction and was carried out by County Road forces. Total project cost was \$108,600.

The reconstruction of County Road 426 in Wells Township from the Dickinson County line to the Delta County line, a distance of 14.68 miles, was also carried out by contract with the I. L. Whitehead Construction Company with the Federal Government and Marquette County sharing in the construction cost. Cost of the project was \$249,648.00. This roadway was then paved with black top

and gravel road shoulder construction and was carried out by County Road forces under the Federal Aid Secondary Road program at a total cost of \$140,162.00.

On the local road system, 22.70 miles of black top surface was constructed in Wells Township with the Township assuming 50 per cent of the cost.

The reconstruction of County Road 545 in West Branch Township was started and is being carried out by Road Commission forces. Through August 31, 1962, approximately two miles of this reconstruction was completed at a cost of \$37,435.00. It is the intention of the Road Commission to continue this program throughout the fall of 1962 and into the next construction season. The completed project will extend from the West Branch Town Hall southerly to County Road 456.

Bids were taken this season for the replacement of the bridge carrying Road BAA over the Chocolay River near Lake-wood. The contract has been awarded to the Mattila Construction Company of Houghton, Michigan on its low bid of \$44,223.12. The project is scheduled for competition in November of this year and 50 per cent of the cost will be borne by Chocolay Township.

Future projects include the relocation of 1.67 miles of Road 533 north of Road 480 in Sands Township. This project will be a complete relocation away from the existing road and will be carried out at an estimated cost of \$276,000.00. Bids for the project will be taken this fall and will be carried out under the Federal Aid Secondary Road Program. A complete relocation of Road 557 for a distance of 1.50 miles in Forsyth Township is also planned. The project will be carried out by the Road Com-

mission forces this fall and continuing into the next construction season. The completion of this project will eventually provide a continuous black top surface from M-35 in Forsyth Township to County Road 426 in Wells Township.

1963 will be the eleventh construction season that the Road Commission will have carried out black top surface construction programs. Since the program has been instituted, it has not been necessary to carry out any extensive maintenance program such as seal coating on any of the previously constructed black top surfaces. It is planned in 1963 to carry out re-capping programs on Roads 480 and 553. In addition, paving construction programs for local roads located in Champion, Chocolay, Ishpeming, Marquette, Negaunee, Republic and Sands Townships are tentatively scheduled. The final scheduling of these programs has not been completed.

In addition to the above projects, the Road Commission carried out its normal summer and winter maintenance operations throughout the county.

Honorable Chairman and  
Members of the Marquette  
County Board of Supervisors,  
Marquette, Michigan  
Gentlemen:

Your Buildings, Grounds and Insurance Committee made its annual inspection tour on September 26, 1962, and wishes to report that all buildings inspected were found to be in good order, well maintained and properly managed.

The Lloyd - Thomas Company's appraisal maintenance service for this group of buildings is up to date and our insurance program, which is geared to this appraisal service, is also up to date.

An examination of the Court House, Jail and Sheriff's residence indicates that all exterior painted surfaces on these buildings should be repainted and the tuck pointing on these buildings should also be checked and repaired where needed. Funds have been placed in the 1963 budget for these improvements and your committee recommends that the Board of Supervisors authorize bids to be taken in the spring of 1963 for the completion of these two projects during the 1963 season.

Your committee wishes to commend all those in charge of county buildings and grounds for an excellent job in maintenance.

 Gentlemen:

At the October 3, 1962 meeting of your Budget and Executive Committee, the amount of per diem paid to members of the Social Welfare Board was discussed. At present the rate is \$8.00 per day. Your committee believes that the per diem for members of the Social Welfare Board should be the same as that of members of the Board of Supervisors and it is recommended, therefore, that effective this date the rate of per diem for members of the Social Welfare Board be raised to \$10.00 per day and that their

mileage allowance be set at the same rate as is set from time to time by State law for members of the Board of Supervisors.

By James L. Dompierre, Chairman

Marquette County Board of Supervisors,  
Marquette, Michigan  
Gentlemen:

Your Finance and Taxation Committee recommends that the various Departments in the Court House and Jail Group keep within the budgets as adopted at the annual meeting and that no clerk hire or salaries be paid beyond the amount fixed by the Board of Supervisors.

In the case of an emergency or in case a department requires additional funds or needs some special equipment which would not be foreseen at the time of the annual meeting we recommend that the head of that department, together with the Controller present the matter to the Board of Supervisors for their consideration and that they grant, where deemed necessary, authority to exceed the figures established in the annual budget.

If it develops that the amount stipulated in the budget of any department exceeds the need of that department, or if a sum authorized is found unnecessary then we recommend that authority be granted transferring a sum or surplus to some other department by proper resolution of the Board of Supervisors.

It is recommended that any credit balances existing at the close of the fiscal year in the Social Welfare Fund and Direct Relief Fund be transferred to the Social Welfare Department Revolving Fund to apply against possible future deficits of the Department of Social Welfare.

Respectfully submitted.

November 8, 1962

Honorable Chairman and Members of the Marquette County Board of Supervisors, Marquette, Mich. Gentlemen:

At the Sept. 19, 1962 meet-ing of the Board of Supervisors, a report and recommendation by your Budget and Executive Committee was adopted where-in an allowance of \$100.00 per month is authorized by the County of Marquette toward the maintenance of a U.S.O. Center in Marquette, provided that the three cities within the county also contribute toward the main-tenance of the servcemen's center and, provided further that

the U.S.O. Center has been as-signed a qualified director so as to assure a proper program.

It now develops that it is questionable whether or not all of the cities withn the county will arrange financial support for the U.S.O. Center. The mat-ter was reconsidered by your committee at its Nov. 7, 1962 meeting and it is felt that coun-ty support should be given this organization even though one or more of the cities may not be in a position to participate finan-cially.

It is recommended, therefore, that the report and recommen-dation adopted by the Board of Supervisors on Sept. 19, 1962 in this matter be amended to pro-vide the county financial assist-ance to the U.S.O. Center whe-ther or not all three cities with-in the County also participate.

Respectfully submitted,  
Budget and Executive Committee

He moved that the Board and Mr. Shroeger of the Road Commis-sion send a letter to the Manag-er of North Central and suggest that in the future the steward-esses announce "now arriving at Marquette County Airport, serv-ing Marquette, Ishpeming and Negaunee and surrounding com-munities." Supported by Super-visor Jenkin and carried.
