Honorable Chairman and Members of the Marquette County Board of Supervisors Marquette, Michigan

Gentlemen:

Your Budget and Executive Committee, to whom was re-

ferred a communication from the Marquette County Bar Association requesting that a suitable portrait of the late Circuit Judge Car-roll C. Rushton be painted and hung in the Marquette County Court House with the portraits of his predeces-sors, wishes to report that the matter was considered at the March 16, 1964, meet-ing of your committee.

Your committee was in-formed by the Marquette County Bar Association that a portrait of the late Judge Rushton is available from the same firm which sup-plied the portrait of the late Judge Frank Bell, which now hands in the Court Room and that the cost of the portrait, suitably framed and ready for hanging is \$700.00.

Your committee recom-mends that the Board of Su-pervisors authorize the pur-chase of the requested por-trait.

March 17, 1964

Honorable Chairman and
Members of the Marquette
County Board of Supervisors
Marquette, Michigan

Gentlemen:

Your Budget and Execu-
tive Committee has had un-
der consideration the matter
of providing additional of-
fice space for the State of
Michigan Department of So-
cial Aid in the Court House.
The recent enactment of the
ADC-U bill and the liberali-
zation of the Aid to Disabled
program will increase the
case load on the Department
of Social Aid so that office
space will be needed to ac-
commodate a proposed in-
crease in staff from eight to
15 persons and additional
office space to accommodate
client traffic.

The County of Marquette
is obliged by law to provide
adequate office space for
this agency, and your com-
mittee gave first considera-
tion to whatever changes
were necessary to accom-
modate the agency in the
Court House rather than se-
cure expensive rental space
within the city.

It has been determined that

the requirements of the
Michigan Department of So-
cial Aid can be met by as-
signing them the additional
rooms now occupied by the
Agriculture and Extension
Service, and by partitioning
six of the seven rooms which
then make up the offices of
the Department of Social Aid,
all located in the north half
of the lower floor of the
Court House. The Agricul-
ture and Extension Service
office can be moved into the
area composed of the west
anteroom to the Board of
Supervisors' Room and the
south half of the connecting
corridor, which corridor
will require a partition.

The need for these changes
and office improvements was
not known at the time of the
last meeting of the Board
of Supervisors and, since
there is a great urgency that
the adequate office space be
provided with the least pos-
sible delay, your committee
authorized a call for bids on
the construction of the
needed partitions. Bids re-
ceived were as follows:

Menze Construction Com-
pany, Marquette, Michigan,
\$2,290.00.

Mercure & Diedrich, Mar-
quette, Michigan, \$1,934.41.

Your committee recom-
mends that the Board of Su-
pervisors approve the im-
provement of the office space
for the Michigan Department
of Social Aid as outlined in
this report; that the bid of
Mercure and Diedrich, Mar-
quette, Michigan, in the sum

of \$1,934.41 be accepted, and
that the Board of Supervisors
authorize an emergency bud-
get appropriation from the
General Fund to cover the to-
tal cost of this improvement.

It was moved by Supervisor
Altobello, that the report of
the Budget and Executive
Committee be accepted and
that the low bid of Mercure
& Diedrich for \$1,934.41 to
construct partitions in the
Court House be awarded,
supported by Supervisor
Weiland, and carried by the
following Aye vote:

Aho, Altobello, Ameen,

pied, Brunngraeber, Burns,

Honorable Chairman
And Members of the
Marquette County
Board of Supervisors
Marquette, Michigan

Gentlemen:

Your Parks and Airport Contact Committee to whom was referred the request for assured airplane maintenance service at the Marquette County Airport and other problems reported in the administration of this facility, wishes to report that the matter was considered by your committee at its meetings held on January 7, 1964, and April 8, 1964

On the matter of providing assured airplane maintenance service, your committee wishes to report that an agreement has been com-

pleted between the Marquette County Airport Committee and Northern Airmotive, effective April 1, 1964, wherein Northern Airmotive leases the hangars, line office, gasoline concession and all tie-down areas for the purpose of storage, service, repair and maintenance of aircraft in the hangar buildings, storage in the tie-down area, sales of gasoline and oil, flight activities and sales of aircraft. The term of the agreement extends to September 30, 1965, with provisions for renewal, and should provide airplane owners and operators with adequate maintenance and other services at the county airport.

Your committee wishes to further report that a liaison committee has been formed from among local pilots to contact your County Airport Committee for discussion and solution to any administrative problems which might require attention. The committee has held two meetings with the County Airport Committee and it is evident that future problems in airport administration can be effectively solved through the combined efforts of these two committees.

Your committee believes that these recent improvements in County Airport administration will provide better services to the public.

Respectfully submitted,

✓ A communication was read from County Clerk Roy C. Lee requesting permission to attend the annual County Clerks Convention in Kalamazoo the 17-18-19 of Au-

gust. Moved by Supervisor Altobello and supported by Supervisor Rautio that the Clerk's request be granted. Carried by the following roll call vote: Ayes--Aho, Altobello, Backlund, Beaudry, Beaupied, Brunngraeber, Burns, Carlson, Carlyon, Corneliuson, DeGroot, Dompierre, Downey, Ellingsen, Goldsworthy, Hammerschmidt, Jenkin, Johnson, Krook, Larson, E., Larson, H.; Linjala, Morrison; Nease, Norell, Phare, Rautio, Russo, Salmio, Sandstrom, Sjolholm, Smith, Swanson, Syrjala, Vadnais, Weiland, Willey, Wiseman, and Yelle. ✓ A report of the Harbor Commission on a complaint filed previously regarding the use of the entrance gates on the North side of the Big Bay Harbor of Refuge and the piling of rocks on the Lake Superior shoreline adjacent to the property of Mr. and Mrs. Bron Tamulion. Mrs. Tamulion ad-

ressed the Board indicating that the rock piling on the shoreline isolated their property so far as boating, fishing and swimming are concerned, and unless they are permitted to have access to the gates on the North side of the Harbor of Refuge, they cannot do any of the above things. Prosecuting Attorney Mr. Edward Quinnell and Mr. H. L. Shroeger of the Harbor Commission indicated that some arrangement can be worked out to allow the Tamulions to use the North gates until the shoreline problems can be worked out with the U. S. Army Corps of Engineers. The letter was ordered filed by the chairman.

A discussion was had concerning the method of approving the County bills by the Board of Supervisors. It was moved by Supervisor Beaudry that inasmuch as all bills are certified by the Audit Committee of the Board, published and printed in a

newspaper, and a copy of each meeting is sent to each member of the Board, the Board approve the bills by stating the total amount approved by the Audit Committee rather than read each individual bill. Supported by Supervisor Rautio and carried unanimously.

The following report of the Budget and Executive Committee was read. Supervisor Altobello moved it be adopted. Supported by Supervisor Rautio and carried unanimously.

August 11, 1964

Honorable Chairman and
 Members of the
 Marquette County
 Board of Supervisors
 Marquette, Michigan

Gentlemen:

Your Budget and Executive Committee, to whom was referred the matter of dog control for study, wishes to report that this matter has been considered by your committee at its meetings held on July 13 and August 10, 1964.

Because of the tremendous size of Marquette County, your committee believes that it is not economically feasible to establish a county dog warden system here. To effectively cover the entire county would require the building of shelters and the employment of such a staff of personnel as to place an unnecessarily large burden upon the tax roll, causing an increase in property taxes county-wide.

Your committee further believes that the matter of dog

control is more effectively and economically handled by each governmental unit. The three cities and many of the townships are now providing their own services and it is your committee's recommendation that this system be continued. The county is now providing the licenses and tags for the yearly licensing of dogs and is also paying claims for livestock damages which from time to time are cleared through our justice courts as provided in the law. Cases involving vicious dogs and other aggravated dog problems have been handled in the past and can continue to be handled by the Sheriff's Department. During a one year period from July 1, 1963, to June 30, 1964, only 40 dog problem cases were reported to the Sheriff's Department for the entire county. Of these cases 24 were referred to State, City or Township police or the Humane Society; 15 were handled by telephone and one required personal contact involving 6 miles of travel. The small number of cases reported would indicate that in most areas within the County, the dog problem is already under reasonable control.

More than ten years ago, the County of Marquette agreed to return to each city or township all dog license

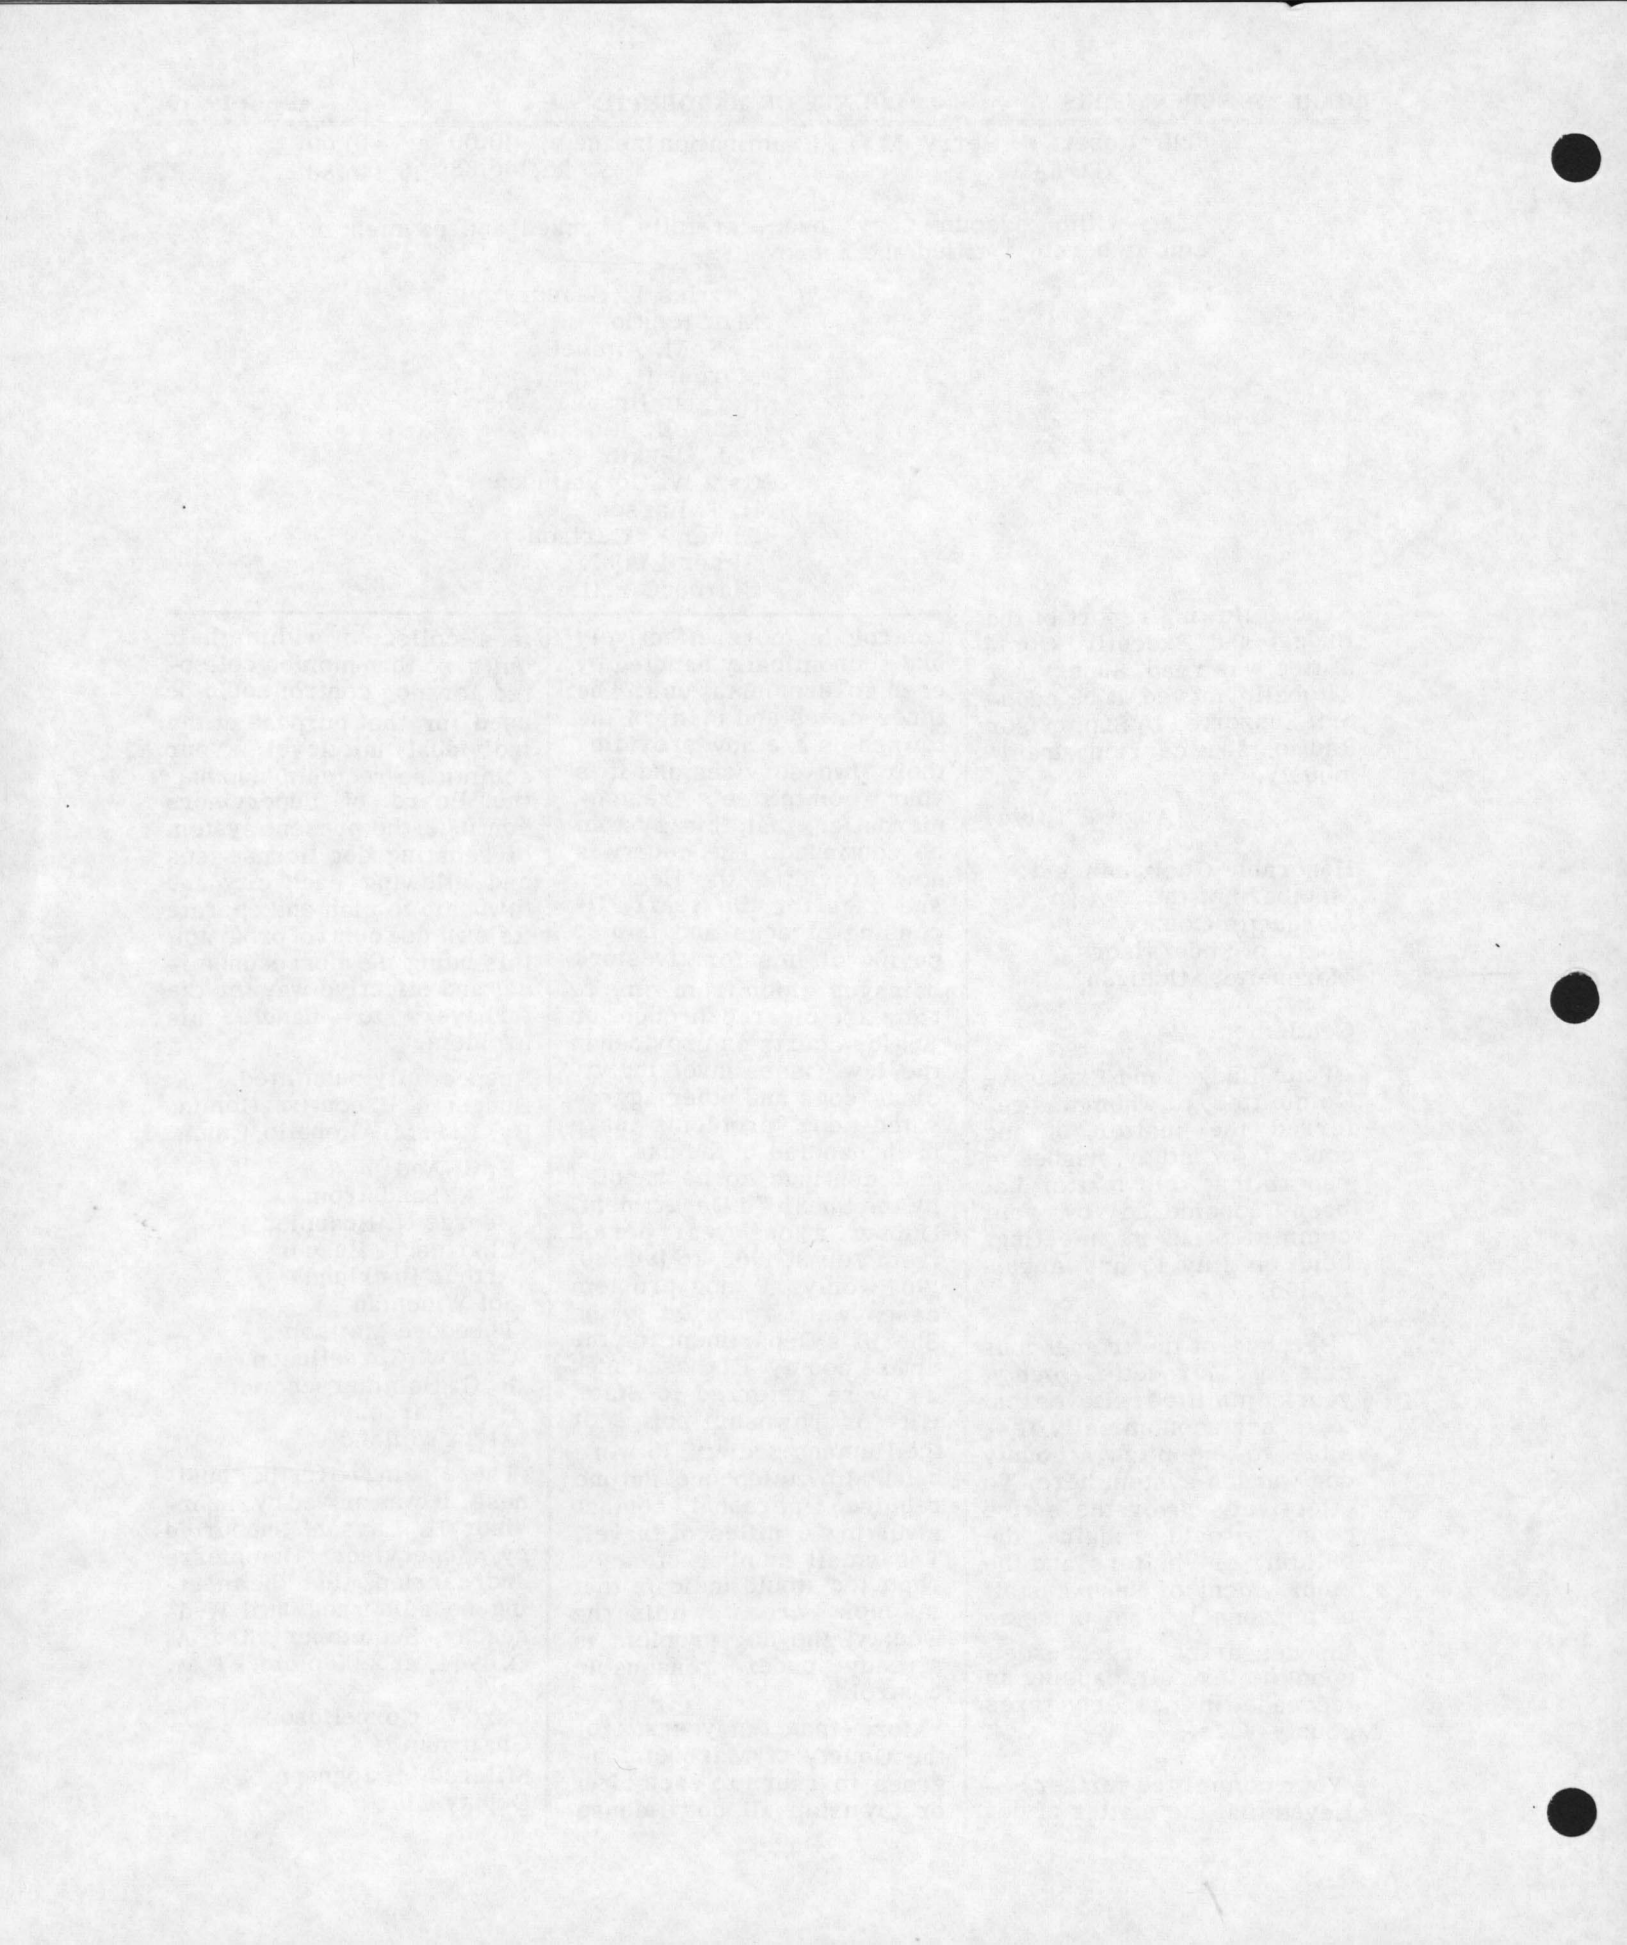

fees collected within their units so that monies collected for dog control could be used for that purpose at the individual unit level. Your committee recommends hat the Board of Supervisors continue the present system of rebating dog license fees and allowing each city and township to plan and operate its own dog control program, this being the most economical and effective way for the taxpayers to handle this problem.

Respectfully submitted,
 Budget & Executive Comm.
 By: L. S. M. Altobello, Chmn.

Lindberg & Sons at a contract cost of \$161,447.67. The cost is being paid by the Federal Government, the City of Marquette and the County Road Commission. At present, this project is about 75 per cent complete. Also on County Road 553 from the Carp River southerly a distance of 1.1 miles in Marquette City and Sands Township, blacktop surface and crushed gravel shoulder construction is being carried out at a total cost of \$10,245.00. This project is also being paid for by the Federal Government, City of Marquette and the Road Commission.

On County Road 456, highway improvement is being made by County Road forces on 3.63 miles of roadway from County Road 545 southerly to Little Lake. On this project, blacktop surface and crushed gravel

shoulders are being constructed. On 2.34 miles of this project, the road grade is being improved by removal of frost heave materials and the placing of sand lifts. Estimated cost of the completed project is \$90,350.00.

Relocation of a portion of County Road 557 from Road EA southerly a distance of 1.46 miles was carried out by Road Commission forces in 1963. The present paving and shoulder construction project on this portion of highway is being carried out in cooperation with the Federal Government at a cost of \$14,420.00.

In addition, the following projects were started or completed during the 1964 season:

Road 565--0.59 miles of blacktop surface from M-35 in Forsyth Township.

In cooperation with the Forsyth, Ishpeming, Humboldt, Republic and Tilden Township Boards, 26.2 miles of blacktop surface were constructed on local roads in these townships. The projects required the placing of 29,261 tons of bituminous aggregate and provided 10.83 miles of blacktop surface in

Marquette, Michigan

Gentlemen:

The accompanying letter from the Marquette County Economic Study Committee is self-explanatory. Your Budget and Executive Committee considered the matter at its meeting held on October 5, 1964, and feels that this would be a very worthwhile study which could eventually play a very

important part in the further development of our county. It is recommended that the Board of Supervisors approve the project and the request for a pro-rate share of the cost involved; Marquette County's share, however, not to exceed \$200.

September 30, 1964

Mr. Carl Corneliuson, Chm.
Marquette County
Board of Supervisors
County Court House
Marquette, Michigan

Dear Mr. Corneliuson:

The Marquette County Economic Study Committee has been interested in developing a program for the inventory of ground and surface waters in Marquette County.

The reason for this definite interest is due to the fact that the shortage of water for the future could create a very definite problem for the continuation of expansion of industries in the Marquette County area.

Meetings with representatives from both the State and Federal Geological agencies indicate that the main cost of this program can be authorized through Federal expenditures, but the preliminary cost would be approximately \$2,000.00. The preliminary cost would be on a 50-50 financial basis with the Federal Gov-

ernment sharing half the cost and private funds sharing the other half of the costs. This means that for the preliminary study, the cost of private funds will be \$1,000.

The Marquette County Economic Study Committee is interested in knowing if the County of Marquette would be agreeable to an expenditure of funds in an amount that would not be more than a maximum of \$200.00, but could be less based on a pro-rata share depending upon the access of the amount of \$1,000.00.

This communication is addressed to your group so that same can be presented to the governing body of your community for further action as soon as possible.

It is requested that an answer to this communication be transmitted to the Marquette County Economic Study Committee in time for its next regular meeting which will be held on October 14, 1964.

Very truly yours

Jerry B. DeGabriele

Gentlemen:

Your Finance and Taxation Committee recommends that the various departments in the Court House and Jail Group keep within the budgets as adopted at the annual meeting and that no clerk hire or salaries be paid beyond the amount fixed by the Board of Supervisors.

In the case of an emergency or in case a department requires additional funds or needs some special equipment which could not be foreseen at the time of the annual meeting, we recommend that the head of that department, together with the Controller, present the matter to the Board of Supervisors for their consideration and that they grant, where deemed necessary, authority to exceed the figures established in the annual budget.

If it develops that the amount stipulated in the budget of any department exceeds the need of that department, or if a sum authorized is found unnecessary, then we recommend that authority be granted to transfer a sum or surplus to some other department by proper resolution of the Board of Supervisors.

It is further recommended that any credit balances existing at the close of the fiscal year in the Social Welfare Fund and Direct Relief Fund be transferred to the Social Welfare Department Revolving Fund to apply against possible future deficits of the Department of Social Welfare.
