

SOLONS ASSERT THEY KNOW OF NO CORRUPTION

No Cash to Influence Legislation Has Appeared on the Congressional Horizon at the Present Session, According to Nearly a Score of Senators.

Neither Has Any of Them Knowledge of the Existence of an Organized Lobby—This the Testimony at the First Day of the Recently Authorized Inquiry

Washington, June 2.—The senate struck out boldly today on the trail of the "mudslinging lobby" which President Wilson declared is operating to modify the tariff bill.

Senator after senator denied knowledge of the existence of an organized lobby and declared that improper influences had not been exerted upon him and that money to influence legislation had never appeared upon the congressional horizon at the present session.

Required by the committee to disclose any personal interests they might have in legislation, the senators told of farms, newspapers, sewer pipe factories, gas plants and other investments.

The names of a score or more men who had appeared to protest against a bill in favor of the approval of certain Indian contracts in which he was interested.

Required by the committee to disclose any personal interests they might have in legislation, the senators told of farms, newspapers, sewer pipe factories, gas plants and other investments.

The senators who testified today were Ashurst, Bacon, Borah, Bradley, Brandegee, Brewster, Bryan, Burton, Catron, Clapp, Clarke and Chamberlain.

Senator Burton read a statement, in which he said: "In more than twenty years' membership in the house and senate, no outsider either from Washington or elsewhere has ever made to me any proposition or suggestion which smacked in the least degree of corruption."

Little progress has been made by the conference of peace delegates. The delegates have been largely concerned with a discussion of the re-establishment of the legal status quo existing before the war and the exchange of prisoners.

London, June 2.—The prospects for a friendly settlement of the quarrels among the Balkan allies are improving.

The interview between the Serbian and Bulgarian premiers on the Bulgarian frontier yesterday was most cordial, but the two governments are still at variance on Serbia's demands for a revision of the treaty of alliance.

A most important step towards the solution of the differences in the agreement for a meeting of the premier of the four Balkan states, which will be held soon at St. Petersburg for a joint discussion of all the questions arising out of the war.

London, June 2.—Convicted of the practice of cannibalism and human sacrifices, forty members of the "Leopard society," a secret organization, have been hanged in Sierra Leone, a British colony on the west coast of Africa.

William Griffith, chief justice of the Gold Coast, who presided at the trials, arrived at Plymouth today. He declined to discuss the case, but fellow travelers said that one hundred members of the dread society had been arrested and that forty of them had been hanged, while many were sentenced to deportation.

"The Leopard society" has existed among the Mendi tribe and has long caused trouble to the government. All natives failing to conform to its rites or submit to its demands are subject to death.

London, June 2.—King George's forty-eighth birthday will be celebrated tomorrow, and the usual birthday honors were announced tonight. A baronetcy is conferred upon James M. Barrie, the novelist, and knighthood upon Johnston Forbes-Robertson, the actor and theatrical manager, and Dr. Edward Albert Schaefer, professor of physiology in Edinburgh University. General Sir John D. French is promoted to field marshal. No peerages are created.

MR. BRYAN'S PEACE PLAN ACCEPTED IN PRINCIPLE BY THE GOVERNMENT OF JAPAN.

Washington, June 2.—Viscount Chinda, the ambassador from Japan, late today called upon Secretary Bryan with formal notification that Japan had accepted in principle the proposed plan advocated by the United States for universal peace.

The signatories of the treaty proposed in Mr. Bryan's plan would agree to refrain from hostilities for a period of at least nine months while any conflicting claims were under consideration by an international joint commission.

In the case of Japan, as with the ten other nations that have received the proposal favorably, the response applies solely to the general principle involved, and none has committed itself to the approval of any of the details of the project.

There may be months before the tentative draft of the convention which Mr. Bryan submitted to the various embassies and legations can be reduced to a form which will receive their unqualified approval.

KANSAS G. O. P. CHAIRMAN JOINS THE PROGRESSIVES.

Topeka, Kas., June 2.—J. N. Dolley today tendered his resignation as chairman of the Republican state committee, an office he has held for six years. It was stated that Mr. Dolley had joined the Progressive party.

Washington, June 2.—"If you are going to have anything to do with politics, don't let the possibility lead you to believe that everybody and everything connected with American politics is corrupt. There is not a single particle of truth in it."

Speaker Champ Clark to the Women's National Democratic league here tonight, at a meeting held to celebrate the league's first anniversary.

"I know the 434 other representatives in congress like a book," declared the speaker. "I don't believe that there is a single man in the house whose vote can be changed or influenced by the use of money—not one."

He added that American politics had improved very much in the last twenty years, and attributed it to the fact that the people are taking more interest than ever before.

Johnson of Kentucky Declines to Serve as Democratic Chairman.

Washington, June 2.—Representative Johnson of Kentucky, after being unanimously elected chairman of the Democratic congressional committee tonight, sprang a surprise by asking unanimous consent to withdraw his name.

This was granted and another postponement of the election of officers until three weeks hence was taken. Representative Johnson pleaded that he had other arduous duties to occupy his time. The personnel of the new committee as enlarged includes Representative Murray, of Michigan.

WANTS THE CONSTITUTION TO PROHIBIT POLYGAMY.

Washington, June 2.—A resolution to amend the constitution so as to empower congress to prevent polygamy in all states and territories was introduced today by Representative Gillette of Massachusetts.

LEGISLATIVE PROGRAM LIMITED.

Washington, June 2.—The house Democrats in caucus today restricted the legislative program of the present extra session to tariff, currency, emergency appropriations and election cases.

The committee assignments as submitted by Chairman Underwood and his colleagues of the ways and means majority were adopted by the caucus without change.

JACK JOHNSON'S CAR MADE THE MAYOR LEAP

Order to Chicago Police Now Puts the Prizefighter's Automobile Under the Ban.

Chicago, June 2.—Mayor Harrison today issued to the chief of police a personal order directed against Prizefighter Jack Johnson's automobile.

SENATORS PLAN CHANGES IN THE TARIFF SCHEME

Fresh Meats—Beef, Pork and Mutton—Will Be Made Dutiable at Ten per Cent. Advancement, if Recommendation of Sub-Committee Is Carried Out.

Wheat Flour Also Is Taken from the Free List of the Underwood Bill by This Department of the Upper House and Assessed at 45 Cents a Barrel.

Washington, June 2.—Meats and flour will not go on the free list in the Democratic tariff law, if the recommendations of the senate finance sub-committee in charge of the agricultural schedule is accepted.

The sub-committee today took from the free list in the house bill fresh meats—beef, mutton and pork—and made them dutiable at 10 per cent. advancement. Wheat flour was restored to the dutiable list at the specific rate of forty-five cents a barrel, with other wheat products at 10 per cent. advancement, and the Underwood duty on oats was reduced from ten cents a bushel to six cents a bushel, with a compensatory duty on oatmeal said to be approximately 5 per cent. advancement.

The rate on oatmeal was not definitely determined, but it is assumed that the recommendation will be to take oatmeal from the free list. Cattle, sheep and hogs will be left as they are in the proposed bill, dutiable at 10 per cent. advancement, and the Underwood duty of ten cents a bushel on wheat will stand.

Livestock Growers Make Protest.

A protest mailed today by the American Livestock association said, in part: "The result of the free admission of meats from other surplus countries would be, first of all, to discourage the livestock business and, if the prices were forced to the level of Argentina beef or Australian mutton, the business would be so unprofitable that this country would soon cease to produce its own beef."

"The proposition that to place beef on the free list would result in the raising of the price of beef to a level of Argentina beef or Australian mutton, the business would be so unprofitable that this country would soon cease to produce its own beef."

OHIO PUBLISHER IN THE TOILS.

Columbus, O., June 2.—John R. Cartwright editor and publisher of the Home News at West Jefferson, O., was arrested today, charged with sending obscene pictures and reading matter through the mails. Postoffice inspectors said he confessed to them that he had conducted a business of selling obscene matter for several years.

ENGLISH FIGHTER LOSES TITLE.

London, June 2.—Bill Beynon tonight won the English lamtun championship from "Big" Stanley, holder of the title. The fight, which was before the National club, went twenty rounds. Beynon winning on the referee's decision. The contest was for a purse of \$2,500 and the Lord Londale belt.

BASEBALL

NO TY COBB-HAL CHASE TRADE.

Detroit, June 2.—"Absolutely nothing to it," said Frank J. Navin, president of the Detroit American league club, when he learned this afternoon of a Chicago rumor concerning a trade involving Ty Cobb and Hal Chase. "The idea of such a trade is so silly that there is no use discussing it," he added.

SCHEDULES FOR TODAY.

American League. Cleveland at New York. Philadelphia at Philadelphia. St. Louis at Washington. Chicago at Boston.

National League. Boston at Pittsburgh. Brooklyn at Cincinnati. New York at St. Louis.

YESTERDAY'S GAMES.

American League. Philadelphia, 9-4; Washington, 4-3. Washington, June 2.—Philadelphia won both games of a double-header with Washington today. Walter Johnson suffered his second consecutive defeat in the second game. In that contest also Ainsmith was put out of the game for disputing a decision.

The Weather

Washington, June 2.—The following is the weather bureau's forecast for Upper Michigan: Cloudy, Tuesday; Wednesday, fair; light variable winds.

CHILDREN ENTOMBED BY SUPPOSED LUNATIC ARE SAVED IN NICK OF TIME.

Atlantic City, N. J., June 2.—Buried beneath five feet of sand on the beach at Chelsea today, three young children of George Walls of this city were rescued by their parents, just in time to save their lives. An alleged crazy man is charged with burying the little ones on the beach and attempting to fight off their parents when they went to the rescue.

REAL LIVE BABIES USED IN INFANT HYGIENE STUDY IN CLEVELAND SCHOOLS.

Cleveland, O., June 2.—Five hundred girls in their early teens, pupils in the eighth grade of the Cleveland public schools, today began a practical study of infant hygiene with real live babies to experiment in public school instruction.

CHICAGO MOTHER PASSES SENTENCE ON OWN SON.

Chicago, June 2.—A mother was called upon to pass sentence upon her thirteen-year-old son in the juvenile court here today, after the boy had been found guilty of snatching a pocketbook from a woman on the street.

HELL AND HELLFIRE MYTHS, PROCLAIM BIBLE STUDENTS.

Hot Springs, Ark., June 2.—Hell and hell fire are myths, in the opinion of members of the International Bible Students' association who are holding a district convention here. A resolution asks ministers to discard the "offending words" and cease literal interpretation of them.

HOT SUN AND OILY MOP SET KANSAS HOUSE AFIRE.

Chanute, Kas., June 2.—An oil-soaked mop set Mrs. H. B. Deming had put outdoors after polishing her floors yesterday was set on fire by the hot sun today. Flames from the mop spread to the house and burned off a considerable portion of the roof.

Money a man has saved represents the good times he didn't have.

CLAIMS WALDO UNFIT TO HOLD HIS POLICE JOB

Curran Aldermanic Committee at New York Calls for the Immediate Removal of the Commissioner—Requests the Governor to Take Summary Action.

At Pittsburg, Pa., "Guilty" Is the Verdict in Case of Superintendent of Schools Heeter—Investigators Report the Educator's Morals Not as They Should Be.

New York, June 2.—The removal of Rhineland Waldo, commissioner of police, is recommended in a report of the Curran aldermanic committee, which has been investigating police conditions in the city. A paragraph of the report says: "Public interest requires the immediate removal of Commissioner Waldo. We realize the futility of making any such recommendation to the mayor. We therefore recommend that the board of aldermen request the governor of the state to relieve the city of New York from a police commissioner who by temperament and conduct has shown himself unfit to occupy his office."

After a conference with Mayor Gaynor, Commissioner Waldo said he attributed the action of the committee to politics. The mayor, he added, had not removed him and he had no intention of resigning.

Superintendent Heeter Suspended.

Pittsburg, June 2.—Superintendent of Schools S. L. Heeter, into whose moral character a committee of citizens went as an investigation committee, appointed by the board of education, is adjudged guilty of "making improper advances and taking unwarranted liberties" with three women in the report of the committee, made to the board tonight. The board received the report and ordered that a copy be placed in the hands of the superintendent, that he be suspended and that under the provisions of the school code he be accorded a hearing tomorrow.

Rumors associating Mr. Heeter's name with charges brought by a domestic, who was taken from his home to a hospital in a serious condition, began eleven weeks ago. When it was thought the girl would die, the coroner was summoned and Heeter was implicated in the girl's statement. Heeter was indicted, arrested, tried and found not guilty. He then returned to his duties, having been given leave of absence during his trial. Then followed demonstration or "strike" of school children and more rumors associating Mr. Heeter's name with other apparent cases other than that of the domestic.

In order to clear the situation, the board of education, unable to get anything from anonymous charges, authorized the appointment of a committee of citizens to take testimony and investigate the truth or falsity of these charges. The committee's verdict is as follows:

Elgin, Ills., June 2.—Butter, firm, at 28 cents a pound.

Blows Own Body to Pieces.

Man Condemned is Innocent, He Says.

Pennsylvania Confesses to a Murderer for Which Another is Sentenced to Die.

Standings of the Teams.

American Association. Toledo, 0; Indianapolis, 3. Columbus, 2; Louisville, 5. Ten innings. Milwaukee, 5; Kansas City, 2. St. Paul, 6; Minneapolis, 4.

American League. Philadelphia ... 30 10 750. Cleveland ... 24 20 545. Washington ... 22 19 537. Boston ... 18 22 430. Detroit ... 18 27 400. St. Louis ... 19 29 336. New York ... 9 30 231.

National League. Philadelphia ... 21 11 676. Brooklyn ... 21 16 568. New York ... 21 16 568. Chicago ... 21 20 512. Pittsburg ... 21 20 500. St. Louis ... 19 23 452. Boston ... 14 21 400. Cincinnati ... 15 27 357.

American League. Philadelphia ... 23 16 590. Milwaukee ... 28 20 583. Louisville ... 25 20 553. Kansas City ... 20 22 544. St. Paul ... 22 21 512. Minneapolis ... 20 25 442. Indianapolis ... 18 23 439. Toledo ... 15 30 283.

National League. Philadelphia, 6; Brooklyn, 2. Philadelphia, June 2.—Philadelphia rolled up a five-run lead in the first inning today and won easily from Brooklyn. Cravath made a triple and two singles in four times at bat.

Second game: Philadelphia ... 000101020—4 9 1. Washington ... 00003000—3 6 1. Batteries: Houck, Brown and Lapp; Johnson and Ainsmith and Henry. Three-base hits—Baker, Philadelphia. Three-base hits—Baker, Philadelphia. Three-base hits—Baker, Philadelphia.

Pittsburg, 7; Boston, 4. Pittsburg, June 2.—Pittsburg defeated Boston today. Wilson hit a three-bagger with the bases full, which gave Pittsburg three runs in the third. In the seventh, Pittsburg filled the bases with one out, but Strand retired the side without a score.

Blow First Fails to Break Yankees' Hoodoo; Team Loses Double-Header to Boston Red Sox. Athletics Defeat the Senators Twice, Also.

Base hits—E. Murphy and Collins, Philadelphia. Home runs—Baker, Philadelphia; Moeller, Washington.

TWO WOMEN AT CHICAGO THE VICTIMS OF BRUTAL ASSAULTS.

Chicago, June 2.—Mrs. George A. Wing was attacked in her residence in a fashionable part of the city today by a negro who came to the rear door of the house, seeking charity. The man threw a flatiron at her head, slashed her twice with a razor and attempted to fire the house by setting a match to a pile of paper on the rear porch. Mrs. Wing escaped into the house and locked the door. She suffered painful bruises. Police are searching for her assailant.

Mrs. Mary McElligott, of Batavia, Ills., was found unconscious and probably fatally injured in an alleyway here today by police. She revived long enough to tell that she had been attacked by two men and robbed of her purse containing \$50 and two rings valued at \$200. Her skull is fractured.

COPPEES, BOY MURDERER IS SENTENCED FOR LIFE.

Elgin, Ills., June 2.—Life imprisonment was the sentence imposed today by Circuit Judge C. F. Irwin on Herman Coppes, the fourteen-year-old state ward who on April 14 murdered Mrs. Manny Sleep and her two babies on a farm six miles west of Elgin. Coppes shot Mrs. Sleep with a revolver, murdered her two children with an axe and threw the bodies into an abandoned cistern. No motive for the crime has ever been discovered. The boy's explanation was that he had the revolver in his pocket and "something kept telling me to shoot Mrs. Sleep and I did." Coppes was on parole from the St. Charles school for boys.

TRAIN ENDS LIVES OF FOUR MOTORISTS

Serious Injuries to Two Persons Also the Result of a Collision in Minnesota.

Elk River, Minn., June 2.—Four persons were killed, three of them almost instantly, and two others were injured when train No. 13 on the Northern Pacific road, known as the Winnipeg Flyer, crashed into an automobile at a crossing near here today. The dead were: J. L. Dawson, Kalona, Ia.; aged 66. Mrs. J. L. Dawson, his wife; aged 65. Frances Dawson, daughter; eight years old. Evon Dawson, brother of Mr. Dawson; 55 years old. Mrs. C. C. Dawson and her small son were badly injured.

The Dawsons had purchased a farm at Clear Lake, Minn., and were driving from Kalona, Ia., to their future home.

HUSBAND ALONE BLAMED FOR COLORADO TRAGEDY.

Greely, Colo., June 2.—Double murder and suicide as the result of jealousy was the verdict of the coroner's jury in the inquest today upon the bodies of Robert Stanley and his wife and their six-year-old son, found shot to death in their lonely cabin in the northeastern part of Weld county yesterday. The principal witness was Mrs. Lily Stephenson, who accompanied the Stanleys to a dance Saturday night and returned with them to their home. Early yesterday, she said, she was aroused by their quarreling and fled, fearing violence.

FALL FROM THIRD STORY IS FATAL TO MILWAUKEE THIEF.

Milwaukee, Wis., June 2.—Caught in the act of shoplifting, an unidentified man broke through his window in a large North side department store here today, dashed over several counters, dove out of an open third story window and fell to the pavement. He sustained a fractured skull from which he cannot recover.

Blow First Fails to Break Yankees' Hoodoo; Team Loses Double-Header to Boston Red Sox. Athletics Defeat the Senators Twice, Also.

Blow First Fails to Break Yankees' Hoodoo; Team Loses Double-Header to Boston Red Sox. Athletics Defeat the Senators Twice, Also.

HOLDS POOLS TO BE NOT ILLEGAL

That the Opinion of the Late Senator Hoar, Framer of the Sherman Anti-Trust Law—U. S. Steel Corporation Introduces It as Evidence in Pending Suit.

Massachusetts Authority Unable to See Any Distinction Between Workers' Wage Combines and Manufacturers' Agreements—Both Legitimate, He Contended.

New York, June 2.—Evidence that the late Senator George F. Hoar, of Massachusetts, who framed the Sherman anti-trust law, wrote one year after its enactment an opinion which held that steel manufacturers who entered into pool agreements to fix prices, regulate output and divide profits could not be convicted under the law came to light today at the hearing of the government dissolution suit against the United States corporation.

The opinion, written in 1891 at the request of wire manufacturers who proposed to form such a pool, was put in evidence by attorneys for the corporation in connection with testimony of Judge Elbert H. Gary, chairman of the corporation, saying that in the early days of the steel industry it was contended by steel manufacturers and lawyers that pools were legal. Three years ago the pools of wire manufacturers were broken up by the government under the law and their members indicted and fined.

Senator Hoar's Sentiments.

"I cannot see any distinction in principle between a contract of workmen not to work for less than a stipulated sum as wages and a contract of employers not to sell their products for less than a stipulated sum. Both these being intended for their legitimate protection and not accompanied with any stipulation for unlawful oppressive or fraudulent methods seem to be lawful within the policy of the law as it now exists, and not to be restraint of trade, but in advancement thereof," says the Hoar opinion.

"They all believed," testified Judge Gary, referring to the wiremen, "that Senator Hoar's opinion could be relied upon." The witness admitted, when asked to state his own opinion on pools, that some years before the formation of the corporation he had signed in behalf of the Illinois Steel company an agreement with Andrew Carnegie to divide their rail business on a 50 per cent. basis, an arrangement in which, he said, other rail manufacturers later participated.

Pools Nowadays Out of Date.

"I didn't consider at the time that the rail agreement was illegal," Judge Gary said. "Everybody thought it was all right, and so did lawyers. I never made any secret about it with our customers. Later I changed my opinion of the law and my attitude towards these agreements. I reached the conclusion that public sentiment, if not the law, was opposed to them. The opinions of the supreme court in the Northern Securities case was a strong influence, and I think the supreme court has from time to time extended the application of the Sherman law."

MANY IMPORTANT STOCKS IN WALL STREET BREAK TO LOWEST PRICES OF YEAR.

New York, June 2.—Heavy pressure was directed against stocks today and on an increased volume of business prices in many instances broke evenly. Canadian Pacific fell thirteen points, a loss within a week of twenty-six points. Union Pacific declined four and three-eighths. Reading, three. Amalgamated Copper two and one-half and other standard issues one to two points. More than thirty stocks, of which Atchafon, Canadian Pacific, Pennsylvania and Union Pacific are the most prominent, broke to the lowest quotations yet this year. The average price of all the stocks fell to the lowest figure since 1909.

The action of the market was determined largely by the attitude of foreign holders of American securities. The unpleasant impression made abroad by the St. Louis & San Francisco receivership led to the slump. Another decline was shown in the fortnightly report of European copper stocks, which are 2,500 tons lower than at the middle of May and 12,000 tons lower than a year ago. The exports of copper for May showed an increase of more than five thousand tons.

F. A. HEINZE THE WINNER IN LITIGATION WITH BANK.

New York, June 2.—F. Augustus Heinze today won a suit brought against him by the state superintendent of banks to recover \$300,000 on loans made to him by the defunct Union bank of Brooklyn. Heinze made a counter claim for money he said he had lost because the bank failed to follow his orders to sell collateral he had deposited as security for his notes. A jury in the supreme court gave Heinze the judgment for \$149,825.

KANSAS GIRL TO WED A PARIS MILLIONAIRE.

Seneca, Kas., June 2.—Mrs. C. C. Scofield, mother of Miss Francis Scofield, said tonight that the wedding of her daughter and Walter De Munn, the Paris millionaire, would take place at noon tomorrow in London. A report circulated in the United States said that the wedding had taken place today.

Every man has two kinds of friends, those he needs and those who need him.

THE OUTCOME.

The case of Roosevelt vs. Newett came to a fortunate ending. The colonel got everything he wanted and Mr. Newett got out of a bad situation as well as he possibly could at the stage of the proceedings that had been reached. For his statement it is to be said that it was mainly in tone, and wholly lacking in grudging notes. It bore unqualified testimony to Mr. Newett's belief that the abstinence of Colonel Roosevelt was put beyond any question of doubt by the testimony offered in his behalf and that, therefore, the publication of his article was an injustice which he had no desire to persist in by an attempt to impeach testimony he had found to be convincing. Mr. Newett's assertion that he wrote in good faith may well be accepted, as Judge Flannigan accepted it. There should be no going behind the returns on this point. Mr. Newett's error, as appears in the light of developments, lay in attaching too much credence to hearsay stories spread with great zeal by men whose positions ought to have put them above the status of common gossip-mongers. Some of these stories were perhaps based on honest judgment. Others, such as the one about the alleged conduct of the former president at the Joe Cannon birthday dinner, have been demonstrated to have been vicious lies, made out of whole cloth. But these stories were numerous and persistent, and, such as they were, furnished the basis of Mr. Newett's article.

The case proved notable alike for the strength of the testimony for the plaintiff, and for the complete manner in which the plaintiff's attorneys had, in advance of their appearance, cut the ground from under the witnesses and depositions that might have been put in for the defense. Many of these depositions, for instance, dealt with the Ohio trip. But the traffic manager who handled the plaintiff's train on the Ohio trip, who stocked it with food and who was with the colonel day and night, told, with circumstantial and accurate detail, of all the happenings of this trip in a manner that at one stroke practically destroyed the weight of the prospective evidence for the defense. And thus it went on other points. The plaintiff was thoroughly buttressed against attack.

After the case of the plaintiff was in the only question at issue, by consent of the newspaper men and all disinterested followers of the trial, was damages. In mitigation of damages there is no doubt that the attorneys for the defendant would have been able to score some telling points, for it would have been difficult to establish that the article Mr. Newett published appreciably injured Colonel Roosevelt in the territory in which Mr. Newett's newspaper circulates. The election returns of 1912 would have been substantial evidence that it did not.

In any event by Thursday night it was clear that the only question at issue was damages, for in the light of the course of the case neither Mr. Newett nor his attorneys could well have persisted in an attempt to justify by evidence. This having been true, the logical development was the closure of the case in the manner finally decided on. Colonel Roosevelt did not want damages. He wished "once and for all during his lifetime to deal with these slanders so that never again will it be possible for any man in good faith to repeat them." Mr. Newett and his attorneys did not wish to persist in affirming, in any degree, charges that had been convinced were unfounded, but neither did they desire to pay damages when they contended Mr. Newett's article was not written in malice. Thus the case came, finally, to a matter of dollars and cents. And when it reached that stage obviously it could not too soon be taken out of court. Happily this was easy of accomplishment.

Let thanks be given for Mr. Newett's article. It, by reason of its blunt statements and by citation of Colonel Roosevelt's intimate friends as men having knowledge that would bear out the charges it contained, raised the question of the truth or falsity of the stories concerning Colonel Roosevelt's inebriety in a manner permitting the legal issue to be raised so as to call for a thorough and comprehensive inquiry into their truth. Failing such proceedings, these stories would doubtless have persisted and would have had the credence not only of men bitter at Colonel Roosevelt for what he may have done them suffer in politics, but of well-meaning men and women impressed by their constant recurrence.

Now they are laid by competent testimony, by the opinion of Judge Flannigan and, most important, by the voluntary attestation of Mr. Newett that he himself is convinced of their falsity.

To those who closely followed the developments of the trial, Colonel Roosevelt must loom up a bigger man than ever before. He looms up a bigger man because he fought the case which brought him to Marquette. A lesser man would not have forced the issue. It was not

pleasant for Colonel Roosevelt to force the fight. It would have been far more comfortable for him to have ignored the libel. But the colonel always carries the fight to his foes and the opponents of principles in which he believes. He is, when the call is clear, essentially a fighting man. So he marshaled his forces for the attack on Mr. Newett, a comparatively modest country editor, if you will. His reputation was assailed, and he was unwilling to rest until it had been vindicated. The vindication is complete, and Mr. Newett, by the sweeping nature of his retraction and by the absence of any qualification in its text, has, manfully as we have said, been the person who most contributed to its decisive quality. It's a small and crabbed nature, warped by political hatreds and unreasonable prejudices, who does not rejoice with Colonel Roosevelt.

THE TRUST ISSUE SIMPLIFIED.
 Judge Gary's testimony in the suit for the dissolution of the United States Steel corporation undoubtedly presents the case of the company in the most favorable light. Yet it puts no strain on credulity. The action did not grow out of complaints of competitors or of customers. The concern has not been a constant object of criticism as the Standard Oil trust was. It has never been accused of such practices as were proved against the oil and tobacco trusts. Mr. Morgan said it was organized to bring stability to a trade which had been kept in a state of turmoil by wild fluctuations, and there is no reason to doubt that it has accomplished this purpose.

The government is now testing its legality on the theory that it violates the Sherman law. The witnesses for the company are defending it by showing that it is a public benefactor. Judge Gary, for example, spoke on the text that the management has always assumed that in dealing fairly with the employe, the consumer, and the competitor it was serving the pecuniary interest of the stockholder. He believed that in doing this it had set a good example to the business world. Competition had been stronger in the last few years than ever before. The old Carnegie method of driving competitors to the wall by harassing and injuring them had been steadily eschewed. It had maintained prices at a fair and just level, keeping them as low as conditions warranted and refusing to take advantage of exigent demand to advance them unnecessarily. Similarly, it had maintained wages, save in 1904, when reductions had come only after the dividend had been cut.

In short, Judge Gary exhibited the steel trust as an institution conducted on sound business lines the operation of which had been of distinct benefit to industry and the people generally. He did not show that in the hands of a different management the results might be wholly different. No reader of his testimony, however, will fail to infer that where so much that is excellent was done from choice it would have been possible to exercise the great power possessed in a manner calculated to be of less advantage to the public. Taking for granted that Judge Gary's picture of the steel trust will not be seriously defaced by subsequent witnesses, the case will bring to an issue matters of very serious consequence to this country. The opinions in the oil and tobacco cases laid great stress on reprehensible methods used in destroying competition. In that respect they were in harmony with public opinion. In this instance it seems that the court will have to decide squarely on the question of power regardless of how it is used. In other words, it is likely to answer the question whether the very power that has enabled the steel trust to keep prices stable is consistent with the law as it now stands.

Such a decision would bring the Sherman law clearly before the people and give the administration a good opportunity to define its attitude, now rather vague, toward the big corporations. The steel trust marked the climax of a world-wide movement in business toward consolidation. It will be a fortunate thing if it goes to judgment as Judge Gary described it, so that the supreme court may be compelled to settle one for all the final scope of the law which in one way or another affects all business in this country.

If we can't have good big trusts because they may become bad trusts, and if big trusts are a necessity of modern development, then it would seem clear that we must devise a way of regulating big trusts so that they will have to be good whether their managements are enlightened or not.

The senate is to investigate President Wilson's charges against the anti-tariff lobby, but of course it will not have to testify against itself.

The militant suffragettes have turned their attention to India, which is a good place and a good field for them.

Marquette was put on the national map when President Taft came to town in the fall of 1911. It was given additional prominence when the colonel and

John R. Van Evera swapped compliments in the fall of 1912, but it did not finally arrive until last week.

And next time, it's safe to predict, those majorities of 1912 will be boosted another notch. Marquette and Marquette county now feel a certain proprietary interest in the colonel.

Judge Gary says the steel trust has set a good example in the business world, but of course it's nothing like the model Mr. Baer and Mr. Rockefeller have contributed.

The Highlanders have traded Hal Chase, reputed the best first baseman in major league baseball. Desperate straits call for desperate remedies.

If President Wilson accepts the senate's invitation to assist it in investigating the lobby the results may surprise even the senate.

The heat record for May has been broken in Iowa. What a remarkable place Iowa must be.

Now let us commence to work up our sanity for a safe Fourth.

Town's dull? Well, rather. T. R. was certainly invigorating.

STATE PRESS.

Divorce granted to Lena from Fred Tew. Tew from two leaves Tew.—Detroit Times.

Senator Townsend is said to be one-sixth progressive. The other five-sixths is just Townsend.—Grand Rapids Press.

President Wilson needn't have gone to congress to show that he is human. His mistakes will do that for him.—Detroit Free Press.

Editor Newett of Ishpeming says he has something up his sleeve. S-h-h-h. Can you keep a secret? It's his arm.—Detroit News.

Are the car steps too high, or are the women's skirts too narrow, is the dispute in many places. It will be found far easier to rebuild the cars than the skirts.—Jackson Citizen-Press.

There are other things than automobiles to be dodged these bright spring days. For instance, the man using a new-fangled lawn sprinkler for the first time.—Port Huron Times-Herald.

When in Greece, if you desire to call a taxi cab you must say: "Polipotantochenthoraxoxe," mean "motor vehicle run for hire." As a general thing, an American could walk to his destination before he could give utterance to the word.—Bay City Times.

TIMELY QUIPS.

Fact.
 Japan can never break into the major league of nations by asking concessions that it does not give.—Chicago News.

Statistical.
 More than a billion bricks were used in Greater New York last year, and this number is exclusive of gold bricks, too.—Chicago Record-Herald.

Warning.
 Liquor drinking, says Lillian Russell, robs women of their beauty. This, if nothing else, ought to induce women to give up the pernicious booze habit.—Cleveland Leader.

Doubtful.
 The man who invented the stock ticker and the trolley car is dead. This is printed for the doubtful joy of the lamb and the strap hanger.—Cleveland Plaindealer.

Mussy.
 The right little, tight little island on the other side of the sea appears at present to be in a right little, tight little mussy with its fighting women.—Chicago Tribune.

Good Rule.
 A contemporary lays down a number of rules of what to do in case of one's chiding catching fire. One of the rules is "to keep as cool as possible."—New Orleans Picayune.

EDITORIAL OPINION

Truth vs. Evidence.
 "I think I can give a fair verdict regardless of the evidence." That statement was made to the court by one of the veniremen summoned for the Roosevelt damage case when he was questioned by the opposing attorneys. Needless to say, he was promptly excused from serving on the jury.

But what a pity! It is so clearly apparent what his meaning was, and the distinction he unwittingly drew is so fair.

In order to be just, many a jury has to make its decision "regardless of the evidence." It is the prime object of every lawyer engaged in a trial to get before the jury all the evidence he can which will benefit his client, whether fairly or not, and to block as far as possible the admission of all evidence inimical to his interests, whether fairly or not.

When a jury hears the judge say, after a spirited tilt between opposing counsel, that certain testimony is "disputed," shall be stricken from the record, it knows that evidence is important. And a jury knows when a witness is lying quite as often as the lawyer who is examining him.

The Marquette venireman reflected the American people's opinion of their judiciary system and without intention voiced the strongest indictment that has been brought against it.—Cleveland Leader.

A LAUGH OR TWO
 Too Much Talk.

Kate Douglas Wiggin, in an anti-suffrage letter to the senate, recently said: "I'd like women to keep in the background. The limelight never made anything grow." Mrs. Wiggin was congratulated in New York on this epigram, but at the same time she was asked if she did not think her strong anti-suffrage stand might not harm her popularity as a writer.

Love
 In an informal chat on enigmas, Professor Hiram Eliot Courtney said in Cleveland: "Perhaps, some day, we'll have marriages of different lengths—brief love marriages, to terminate with the birth of a beautiful child, and life marriages based on something more spiritual and more permanent than love."

Their Passport.
 Senator Jones told, at a luncheon in Washington, a senate story: "We'd be a hard lot indeed, we senators, if we were as black as we're painted. I heard a dreadful story against us yesterday."

The Tariff Lobby.
 If President Wilson's statement denouncing the tariff lobby stirs the lobbyists as much as it appears to have stirred some Republican senators, those ungodly enemies of untrammeled legislation may desamp voluntarily, provided the president's purpose would thus be fulfilled with a minimum of confusion.

Backbender.
 Mrs. Carrie Chapman Catt, en route for the suffrage congress in Budapest, said: "I see that a number of influential women have appeared as anti-suffragists before the senate committee. I'm sorry for this."

Noble Reminder.
 Dr. Simon Flexner, the noted physician of New York, is a foe to warfare, and at a recent dinner he said: "A friend of mine was telling me about the horrors of the war in the Balkans. One incident lingers in my memory."

Doing Her.
 Elvira Root was talking about the corporation lawyer. "He isn't so much abused as he once was," said Senator Root. "A reaction in his favor has set in. In the past a corporation lawyer couldn't attend a public dinner without having some such story as that of Lawless thrown at him."

How Goods Roads Spread.
 The magnitude of the good-roads movement in the United States is indicated in a yearbook issued by the American Highway association. From this publication it appears that up to December 31, 1912, the amount of bonds issued for road improvement was: State, \$136,878,000; county and township, \$155,633,955, making a total of \$292,512,835. As the work is going on steadily in various directions it is safe to

assume that the aggregate now exceeds \$300,000,000 and is likely to be much larger. These figures afford striking proof of the extent to which the American people have become aroused to the importance of "better roadways. And this awakening has taken place within a comparatively short time. Fifteen or twenty years ago it was almost impossible to interest the general public in the subject.

That there is still abundant opportunity for expending money and effort is shown by the exhibit of public roads throughout the country. The mileage is placed at 2,219,905, of which nine or ten per cent can be set down as "improved." A great deal is to be done before all our highways are properly mended.—Saginaw News.

ANN ARBOR.—On the general subject of jails and the minor offenses, probation and parole, classification of prisoners, and the correctional farm at the closing session of the state conference of charities Tracy McGregor, head of the McGregor institute, Detroit, said the state's institution at Jonia is misnamed a reformatory, "for it is not a reformatory, it is a mongrel." Police Judge Jeffries assured the assembly that in his judgment society is blamable for 75 per cent of the misdeeds of those who are haled before the courts.

LUDINGTON.—Dr. Frank Slocum was rescued from probable death by his wife when the Ludington state bank building was destroyed by fire. The damage amounts to approximately \$25,000, fully covered by insurance. Firemen arrived to find Dr. Slocum, 60 years old, who for some time had been seriously ill from cancer, on the roof of the building, where he had been taken by his wife. The two had been sleeping in their living apartments on the second floor of the building when they were awakened by smoke and the crackle of the flames. With them they carried about \$400 in a satchel.

OWOSSO.—Another movement to close moving picture theaters and other Owoosso amusement places and Sunday schools on foot in the churches and a meeting of committees of the young people's societies of several churches was held to arrange for a mass meeting. It is probable the council will be asked to refer the question to a vote of the people, as provided for by a law passed at the last session of the legislature. Sunday closing of amusement places here was agitated several years ago, but was dropped after a committee of citizens had interviewed the attorney general on the legal phase of the matter.

CORUNNA.—The supreme court has affirmed the Shiawassee circuit court verdict of \$1,000 awarded to Arthur Schock, a farmer living near Lapeer, in his suit against Thomas Cooling of Durand. Several months ago Cooling was running his automobile along a road in Vernon township. The auto struck Schock, who was alighting from a wagon and the ligaments in his ankle were strained and the tibia of his left leg was broken. Judge Miner held that inasmuch as other automobilists in the vicinity of the accident had their lights burning at the time, it was a fair assumption that it was sufficiently dark to make such a precaution on the part of Cooling necessary.

BOSTON & CORBIN.
 George E. Bartlett who is at the Boston & Corbin property making an examination of the mine and mill reopens as follows: "I believe the mine can be made to pay by economical management. The mill is in bad shape and the designer apparently had very little concentrating experience, as he left no provision for making repairs and economically handling the ore. There is considerable work yet to be done on the mill before another winter, but it is not filling. A substantial reduction has already been made in the labor cost at the mill, and by the first of the month still further reductions to about \$20 per ton should be made. Other improvements can go on without an absolute shut-down, which will improve the mill capacity and value of the concentrates. It seems to me the only thing to do is to go ahead, and I firmly believe that in another month the property will be more than making its expenses. The concentrates are improving, and Boston & Corbin is not the only mining property which has made mistakes, and I

feel's questions, said grandiloquently: "A lawyer's first, his sole duty, is to see that, though the heavens fall, justice is done." "That justice is done," repeated Lawless thoughtfully. "Um, yes, exactly. And my experience has been that the lawyer who does justice oftenest is the one who first achieves a wine palace in Fifth avenue overlooking the park."

LOWER STATE NOTES
EATON RAPIDS.—The peppermint growers are being hit pretty hard because of the continued wet weather. The muck lands on which nearly all of the mint is grown are so wet that doing any sort of work upon them at this time is out of the question, and the damage already is considerable.

LANSING.—Governor Ferris has left for South Dakota, where he will fill a number of engagements as a commencement speaker. Before leaving for his home at Big Rapids, the governor said that he did not believe it would be necessary to call a special session because of the fact that the law-makers failed to reappoint the senatorial districts.

CHEBOYGAN.—The annual convention of the Michigan State Firemen's association is being held this week. The Cheboygan firemen have chartered a boat and will give their guests a trip to Mackinac island and return. Thursday the topic, "Is It Possible to Get a Pension for the Relief of Disabled Firemen and for Families of Deceased Firemen? What is the Best Course to Pursue?" will be discussed in the afternoon.

BATTLE CREEK.—Little Gladys Parkis, 7, of Urbandale, and Cleo Brydant, of Bedford township, are lying at Nichols hospital, the former bitten in the face by a ferocious dog and the latter kicked by a horse at his father's home. Both have severe wounds about the head and face, thought it is expected that both will recover. The head of the dog which attacked the Parkis girl has been sent to Ann Arbor, and it is possible that the patient will be sent to the university for the Pasteur treatment.

GRAND RAPIDS.—Gardner S. Williams, of Ann Arbor, one of the leading consulting engineers in the country, held a conference here with the city officials relative to the recent supreme court ruling regarding the city's sewage outlet in Grand river. He recommended that an appeal for a re-hearing be made by the municipality, hoping that the court might modify its order and allow raw sewage to be deposited in the river. Otherwise, he said, the cost of meeting the court's requirement would be prohibitive.

Ten stone masons at Munising school. Wages 60 cents per hour. Herman Construction Co., Munising, Mich. (5-27-14)

City Brevities

Today's weather: Local showers and cooler. Yesterday's temperatures: Seven a. m., 61 degrees; noon, 58; 7 p. m., 52. Highest, 68 degrees; lowest, 47.

Mrs. D. Murray of St. Ignace, visiting her daughter, Mrs. John O'Neil. Mrs. Edmund Allen and son, Edmund, Jr., of Chicago, are in the city, visiting relatives.

E. E. Arvidson and A. L. Larson, of Ishpeming, were visitors in Marquette yesterday.

Mrs. W. F. Brotherton left yesterday for a several days' visit with relatives at the Soo.

Miss Elsie Scott, who is training for nursing in Columbus hospital, Milwaukee, is home on a vacation.

Invitations are out for the Bell Telephone operators' ball to be given Monday evening, June 23, at Fraternity Hall.

George Shraw 3rd left last evening for Washington, D. C. He expects to return to Marquette in about two weeks.

The Women's Relief Corps will give a social dancing party Wednesday evening in Keough's Hall. The public is invited.

Captain S. J. Perkins has resigned his position with the Cleveland-Cliffs Iron company as superintendent of the Stephenson mine.

Miss Florence Bohemier left yesterday afternoon for her home in Ishpeming, where she is in charge of the Normal school dormitory.

Harold E. Thompson and Miss Lois Atkins, who acted in vaudeville at Republic the last three nights of the past week, were well received as "The Arlington Twins" in "Fun in the Park."

Ed Giesregen, secretary to W. W. Walker, general manager of the South Shore railway, who spent the week-end in Marquette and the Chocoma country, has returned to his home in Duluth.

The funeral of the late Mrs. Martha Lawrence will be held this afternoon at 3 o'clock, with services at the residence, 111 East Michigan street, Rev. E. M. Martinson officiating. Interment will be in Park cemetery.

Death of Mrs. Harris—Mrs. Elizabeth M. Harris, aged sixty-four years, passed away Saturday evening at St. Mary's hospital. She is survived by one son, H. D. Harris, of this city. The remains will be taken to Brimfield, O., for burial.

Charter Commission Meets Today—The first meeting of the charter commission will take place this morning at 10 o'clock at the city hall. The purpose of the meeting will be to organize. The chief business will be the election of a chairman.

Death of Infant—Elli Lustila, the sixteen-months-old son of John Lustila, passed at St. Luke's hospital Saturday night. The funeral took place yesterday afternoon at 3 o'clock, with services at the home of the parents and interment in Park cemetery.

Orometer at Opera House—Manager Jopling of the Marquette Opera House has installed an electric orometer in the orchestra pit and is trying it out. It supplies fresh oxygen in its highest form and is giving good results in freshening the atmosphere of the theater. It is particularly beneficial in keeping the house free from any of the disagreeable odors that result from the presence of large crowds.

Executive Officer Passes—J. E. Burtless of this city, a member of the executive committee of United Commercial Travelers, has received word of the death on Saturday of John Saunders of Lansing. Mr. Saunders was a member of the executive committee. Information as to the cause of death was not contained in the message. The funeral will take place at the capital city this morning.

Playgrounds Apparatus Up—Nearly all of the playground apparatus has been placed on the lot at the corner of Front and Bluff streets devoted to this purpose. Since it has been re-installed hundreds of children have amused themselves from morning to night, and have done none of their delight in making use of the grounds. The park, cemetery and street commission has not as yet placed a curb inside the sidewalk to keep the sand from scattering. Provision for this was made at a meeting held last fall.

Topic Is Selected—Superintendent Gehrand and the faculty of the Marquette high school have selected the topic of the address to be delivered by Dr. W. D. MacIntock at the commencement exercises June 18. "The Socializing of an Individual" is the subject chosen. Dr. MacIntock, who is dean of the literary department of the University of Chicago, has been notified of the selection. Several teachers of the Marquette schools who have heard the university professor in some of his addresses describe him as a pleasing and exceptionally instructive speaker. Dr. MacIntock engaged in teaching only when well advanced in years. Previous-

ly he had followed vocations that brought him in touch with non-academic life and ably fitted him as a lecturer on present-day subjects.

Petitions in Bankruptcy—Anton Vuk and Albert Behrojek yesterday filed voluntary petitions in bankruptcy at the office of the clerk of United States court. The liability in both cases is a \$9,000 note which the men indorsed. Assets of \$700 are declared in one case and of \$250 in another. The exemptions cover these assets. Richard T. Looney, of Houghton, United States referee in bankruptcy, was a visitor in Marquette Saturday, when he conducted the first hearing of the creditors in the estate of E. A. Beaumont, who recently filed a petition in bankruptcy. F. H. Withey was appointed trustee of the estate.

Vidette in Port—The United States engineering service yacht, Vidette, arrived in Marquette port last evening about 5:30 o'clock, but carrying no engineering officer. The vessel is on its way back to the Soo after a flying trip to the ports in the district, and stopped in Marquette unofficially to wait until morning and to accept the weather conditions. This is the first trip the trim little steamer has made into this port this season. The breakwater extension work will require considerable attention from the government engineering department this summer and the Vidette is likely to be a frequent caller in the future.

Farrell Resigns—W. H. Farrell, who has been superintendent of the Morgan Heights sanatorium since it was opened by the county about a year and a half ago, resigned his position last week. Ben Sweeney and wife, of this city, succeeded him. Mr. and Mrs. Sweeney were in charge of the golf club prior to this season and have had much experience in work similar to that which they will take up at the sanatorium.

Monthly Report Out—H. R. Patrick, Marquette weather observer, has issued his monthly report for the month of May. According to his records there were but eight clear days during the month just passed; seven other days were partly cloudy and sixteen were cloudy. On thirteen of the sixteen days, precipitation occurred. The temperature fell one degree below normal, but held up pretty steady all month, reaching its highest point, 87 degrees, on the first and its second highest, 84 degrees, the last day of the month. The lowest temperature was 29 degrees. There were 2.04 inches of precipitation.

Sun Publisher Story—As is well known here, Marquette has two veterans of the Civil war who are brothers and who fought on opposite sides. They are Robert P. Byrne, formerly of the Union ranks, in which he served in 118th Pennsylvania under General Meade, and Samuel E. Byrne, who served in the First Maryland battery of the Confederate army, under Stonewall Jackson, at Gettysburg. Robert Byrne was badly wounded. The Baltimore Sun of last Saturday published C. D. Haggerty's story of Colonel Roosevelt receiving the G. A. R. at the Shiras residence in this city Decoration Day and in which the writer featured the colonel's meeting with the Byrne brothers. The same story appeared in all the Associated Press papers. Baltimore is the birthplace of both men.

Boy Loses Fingers—Due, it is said, to a religious fallacy of the boy's mother, Jack Anderson, of Carlsbad, stands a chance of developing blood poisoning and other complications, he having accidentally chopped off three fingers of his left hand while using an axe last Friday. The members were out between the second and third joints. The mother will not consent to take the boy to a doctor. Neighbors who saw the accident and realized the youngster's plight, pleaded with her in vain. Finally one of them telephoned to Sheriff Moloney. The latter detailed Deputy Ford to investigate the case, but advised that the kindly neighbor first talk to Justice Byrne. As a result the woman was yesterday ordered to take her child to Gwin. She arrived at Gwin about 10 o'clock, but had not reported to either of the physicians or at the hospital there at noon time. At 4 o'clock Sheriff Moloney turned the case over to Deputy Sheriff Lehman, who will take the child to a physician by force, if necessary.

Sinclair Gets Contract—Morgan W. Jopling has awarded a contract for the construction of his Washington street store building to James Sinclair. It will be a one-story structure, built so that either one or two stories can be added as they are needed. The lot the building will occupy, that between the opera house block and Hager Bros' store, is large enough to permit of two mercantile establishments on the first floor. One of the two stands has been rented to the F. W. Woolworth company, of New York, which will open a five and ten-cent store in it. The building will be ready for occupancy Sept. 1. The plans were prepared by Charlton & Kuenzli. Work will be commenced at once and will be rushed to a finish. The stores will be modern in every detail. A new feature in front will be introduced. The corners of the plate glass windows, on either side of the entrance will be rounded, made so with panes of curved glass. The idea is new and Peter hat front fixtures will be used in carrying it out.

A NOVEL ENTERTAINMENT.

Prominent People Will Participate in Public Court Trial.

Among the most successful and popular entertainments now being given are the Mock Court Trials under the direction of Colonel A. V. Newton, the well-known lawyer-lecturer of Worcester, Mass.

Many cities in various parts of the country have been greatly excited over them, as is shown by the lengthy and favorable reports in the leading newspapers, and best of all by the great audiences that have packed the largest halls and opera houses to the doors. In many cases the interest has been so great that every seat has been sold in advance.

One of these popular entertainments will be given under the auspices of St. Paul's Guild of the Episcopal church, in the opera house, on Wednesday evening, June 11.

It will be charged that one of our most respected and prominent citizens has been trifling with the affections of a young and beautiful widow of this city, and he will have to answer the breach of promise suit brought against him. Additional interest will be created in the trial from the fact that a large number of prominent people will be participants. All the rules of a regular court of justice will be observed.

COLUMBUS (O.) MINISTERS CENSURE DR. GLADDEN.

Columbus, O., June 2.—Resolutions censuring Rev. Dr. Washington Gladden

for his alleged "un-Christian attack" upon Rev. W. A. Sunday, the evangelist, were adopted today by members of the Ministerial association of Columbus, which is composed largely of pastors who participated in the recent Sunday revival. The action today is a result of a controversy which sprang up regarding Sunday's revival meetings. This was heightened recently by a statement by Dr. Gladden in which he attacked Sunday and his methods of evangelizing.

NEW FISHING BUSINESS.

Captain William White Rigging up Gasoline Tug "Janet."

Captain William White, a well-known fishing business on the lake front. He has purchased the gasoline tug Janet, of Manistique, from Robert Bentel, of Bay City and formerly of Marquette, and from him has also procured the privilege of using the lake frontage between the fish houses of Captain Parker and Peter Anderson. Captain White is regarding the Janet, which is one of the largest gasoline boats of its character in this

vicinity. The craft measures forty feet over all and is completely housed over. A net raiser operated by a gasoline engine is a regular part of its equipment. The property and buildings rented from Mr. Bentel were formerly used by the Hanson Fish company.

Nets of the various sizes and shapes used in lake fishing have been ordered by Captain White and until they are received he will fish with gangs of hooks, strung about 2,000 to a gang. These hooks are set out on short lines fastened to hang from long stringers. Three gangs of three hooks will be used in the earlier operations, or until the nets are received. They will be set out as soon as the boat is ready for use. The boat is now on shore a few hundred feet east of Parker's fish house. It is expected to have it in the water by Wednesday.

FIRST LIQUOR LAW CASE IS STARTED

Gregory Caven, Wilmer Harkin and Stanley Schoch Appear Against Christian.

The trial of Charles Christian, the Marquette saloon keeper, charged with selling liquor to minors, was begun yesterday in circuit court. The case was called at 2 p. m., and it required more than an hour and a half to impanel a jury.

The first witness was William Gregory Caven, whose father is the complaining witness. Young Caven testified that he was seventeen years old and a pupil in the Marquette High school. He had known the defendant, he said, about a year, having met him on the street and later having become acquainted with him in his saloon.

On February 24, the day the offense was charged in the information, Caven testified that he and Wilmer Harkin went to Christian's saloon shortly after 5 o'clock in the evening and that the two remained there until about 9:45 p. m.

The two young men had been practicing basketball in Fraternity Hall and had gone directly to the saloon after leaving the hall. Christian was behind the bar, Caven testified, when they entered the saloon. He swore that he drank beer served him by Christian and which he paid for. Here Caven introduced the name of young Harkin in answer to the prosecutor's questions, telling that he, too, had purchased drinks, but W. T. Potter, attorney for the defendant, objected to all evidence showing that Harkin had purchased liquor. As the examination of young Caven went on, Mr. Potter interrupted at frequent intervals with objections, based upon the limitations in the information. Evidence showing that the young men purchased and drank port wine was also objected to by the attorney for the defendant. Judge Flannigan ruled that prosecuting attorney was entitled to show evidence that introduced port wine and Harkin's participation, provided it was shown to be all in one transaction with the purchase of the beer. The information limits Christian's offense to selling beer to William Gregory Caven. Finally, the court ruled that all reference to port wine as a separate transaction be stricken out, as the prosecutor was not entitled to show every transaction which he claimed a conviction only on the sale of beer.

Beer Got Him "Muddled." Caven testified that he and Harkin had talked to Christian about Harkin's camp and allied topics for some considerable time. After Caven testified to having imbibed four drinks of beer, he was asked what effect they had upon him. "It got me muddled," he answered.

"It had an effect, then?" the court asked. "Yes sir," replied Caven.

Here Mr. Potter again objected to testimony bearing upon the intoxication of the witness and, although it was overruled, he took exception to it. Mr. Potter tried to show in cross-examination that Caven and Harkin had, as a matter of fact, entered the Christian saloon at 7:15 p. m., but Caven would not admit it was later than 5:30 o'clock and maintained steadily that he had remained in the saloon until 9:45 o'clock.

Wilmer Harkin testified to practically the same things that Caven said, substantiating Caven's story. Stanley Schoch was placed upon the stand and his direct examination was begun. Court adjourned, however, after this, and the young man will be cross-examined this morning. Harkin's testimony was materially the same as Caven's and that of Stanley Schoch. All three witnesses bring in other persons who they saw there the night in question. Harkin testified that he had known Christian almost a year, having become acquainted with him in his saloon. Harkin, too, is seventeen years of age. Both Caven and Harkin testified that Christian had been in the bar room almost every time they entered the saloon and that they had always seen Christian's bartender there, whether working or not, on practically every visit.

An interesting fact about the case is that it is one of a number of liquor law violation cases in which four high school boys will be witnesses for the prosecution. Because of the peculiar circumstances of the cases, they are particularly interesting to Judge Flannigan, who gave the examination and cross-examination of the witnesses yesterday the closest attention, watching first the face of the questioning attorney and then

FILE ANNUAL REQUEST FOR APPROPRIATIONS

Water and School Boards and Street Commission Adopt Their Budgets.

Resolutions from the board of fire and water commissioners, the park, cemetery and street commission and the board of trustees of the public schools were read and referred to the committee on finance and taxation at last evening's meeting of the common council. The resolutions recommending the spreading on the tax roll of a total of \$111,650 to cover the 1913 budgets of these boards.

The board of education asks for a lump sum of \$60,000 for the support of the public schools. A new hose house at the corner of Front and Prospect streets, for which an appropriation of \$8,000 in the general budget is recommended, is included in the budget of the water board. For fire protection, the water board asks \$7,000 and, under the title of hydrant rental, an appropriation of \$10,150 is asked. The total budget of the water board amounts to \$25,150.

The park, cemetery and street commission asks \$26,500 for the ensuing year. This is \$3,050 less than in 1912. This year's appropriation will be distributed among the following items:

Table with 2 columns: Item and Amount. Includes: For rebuilding streets, 5,300.00; For special repairs of streets, 500.00; For construction of concrete curb and gutters, 1,000.00; For general repairing of streets, 2,000.00; For general cleaning of streets, 2,500.00; For sprinkling of streets, 2,000.00; For snow plowing, opening gutters, 1,800.00; For general repairing of bridges and culverts, 500.00; For repairing, cleaning sewers and catch-basins, 1,200.00; For repairing of crusher, 500.00; For miscellaneous work, repairs on road rollers, etc., 1,000.00; For tools, 400.00; For administration, superintendence, printing notices and proceedings, office supplies, etc., 2,800.00; Total, street department, \$12,500.00; For maintenance of parks and cemetery, 5,000.00; Grand total, \$26,500.00.

Treasurer's Report. R. P. Byrne, city treasurer, submitted his report of receipts and disbursements for the city during the first quarter of 1913. This showed that the income had been \$151,513.03 up to and including May 31, and that the disbursements had come within \$91,503.07, of equaling this. Below is the report:

Table with 2 columns: Item and Amount. Includes: On hand at last report, \$92,074.47; Liquor licenses from county, 16,804.25; Light and Power fund collections, 21,121.58; Fire and Water fund collections, 8,687.53; Park, Cemetery and Street fund, by commission of, 485.00; Peter White Public Library, Library fines, 39.47; City licenses, 9.00; Justice fines, 5.00; Dog taxes, 1912, 9.99; T. E. Folles, recurring liabilities, Fourth ward, 10.00; Rent of Spring street dwelling, 36.00; City market fees, 60.90; Dairy and milk inspector's fees, 95.00; Loan from fire and water fund to general fund, 3,000.00; Special assessments, 8,530.78; Concrete assessments, 337.46; Interest on assessments, 5.01; Total, \$151,513.03; Disbursements: General fund, orders, \$5,290.69; School fund, orders, 21,000.00; Park, Cemetery and Street fund, orders, 3,146.24; Light and Power fund, orders, 15,120.25; Fire and Water fund, orders, 13,289.83; Police fund, orders, 1,923.16; Peter White Public Library fund, orders, 1,129.79; Cash on hand, 91,503.07; Total, \$151,513.03; Numerous small matters of business.

turning his gaze to the face of the witness as he answered.

PROPOSES WAR CRAFT TRAINING SCHOOLS

Secretary Daniels Wants Navy to Carry Out the Promises Made to Recruits.

Newport, R. I., June 2.—Every ship of the American navy will be a school and every officer a schoolmaster, if Secretary Joseph Daniels carries out the plan he outlined here today in an address before the Naval War college. "The chief lack in the navy today," the secretary told the officer-students, "is a systematic and proper instruction of the young men who respond to our calls to enlist and who man our ships."

Referring to the alluring advertisements of the recruiting stations, promising all kinds of trades and vocations, Mr. Daniels said: "As a matter of fact, we have neglected training them, and outside of the practical duties of their jobs, they do not obtain the drilling and education which should be given them in order to keep the promise made as well as benefit the navy." He added that when men enlist they should be assigned to a familiar course, being allowed to elect whether the studies should be of electricity, machinery, carpentry or other trades, and classes should be organized to teach them all. In addition, he said, there should be courses in primary instruction conducted by the younger officers.

The secretary said there is no place in the navy for a "standpater." Every good officer must be a progressive, always looking out for better ways to construct and operate ships. "We must put more emphasis upon initiative and less upon regulations," said Mr. Daniels in denouncing the idea the service must cling to beaten paths.

WILL BUILD CAMP

Gwinn Club Will Soon Erect Structure On Shores of Bass Lake.

Plans are now being made by the Gwinn club for a summer camp on the shores of Bass Lake, located about five miles southeast of Gwinn. An ideal spot has been chosen for the camp, which is to be of ample size for housing several camping parties at a time. It will be built on a long neck of land, extending out into the lake, giving an unobstructed view of the lake in all directions.

ISHPEMING TEAM DEFEATED GWINN

Goulette Pitched Effectively for Seven Innings, With Gust Simpson Behind Bat.

That Gwinn baseball fans are thoroughly interested in their team was evident from the large attendance at the game with Ishpeming Sunday afternoon. The Gwinn team will have a game at home every other Sunday during the league season. Its holiday games will be played either in Marquette or at Union park, Ishpeming. Judging from the games to date, the four nines are well matched and some good baseball will be played, in spite of the fact that there are no salaried men on the teams. All the players will be earning their share of the receipts.

Peter Deane and four other clients of Second street between Hematite and Fair avenue petitioned for an extension of a branch sewer to connect with the trunk sewer now under construction. The communication was referred to the proper committee.

The assessment roll for the construction of a sewer in Pine street between Fair avenue and Park street was offered for approval by Controller Primeau. Both this and a roll for a sewer in Waldo street between Fifth and Wilkinson avenues were approved and, on motion of Alderman Schuler, both were set for final confirmation on June 16.

The wall at the rear of the old Peter White property on Lake street, which is now owned by George Shiras, is crumbling and Mr. Shiras is ready to repair it. Andrew Jonting asked the council whether Mr. Shiras might leave the wall jutting into the street a foot or so as it has been in the past, or whether he should correct the line and take the wall off city property. A large rock protrudes itself from the street at this point and the wall is at present built over it. In order to reduce the danger to traffic in case the wall should be removed, the rock would have to be blasted. The matter was referred to the proper committee.

Then Why Pay More?

Ishpeming

FOUR ARE ARRESTED. Ishpeming Young Men Charged With Fishing in Iron Mountain Lake.

Four Ishpeming young men, Rudolph Anderson, Adolph Anderson, James Beer and Sven J. Kroghdal, were arrested yesterday afternoon, on complaints sworn out by Joseph Smith, on the charge of fishing in Iron Mountain lake, one of the chain of lakes from which Ishpeming secures its water supply. Mr. Smith is the watchman in the employ of the city. He asserts that on Sunday June 1, he found the young men fishing in the lake. Warrants for their arrest were sworn out yesterday and they were arraigned before Judge J. D. West yesterday afternoon.

Section 2 of the city ordinance, establishing a water supply for the city of Ishpeming, is as follows: "No person shall, wade, bathe, swim or fish in any of the waters included within the limits of sections thirteen, fourteen, fifteen, twenty-three and twenty-four of township forty-seven north, range twenty-seven west," which includes Iron Mountain lake.

George Barry, chemist at the Austin office, spent Sunday visiting with friends in Negaunee. Mrs. Fred Toussens, of Ishpeming, has been visiting with Mrs. M. M. Main during the past week. Miss Russell, of the faculty of the Gwinn High school, gave a picnic Friday afternoon for her botany class.

Z. P. Ranselle and E. E. St. Arnold, of Iron Mountain, spent Wednesday at the town, on a business mission. O. D. McClure, master mechanic of the Cleveland Cliffs Iron company, spent the past week in Gwinn on business. Si Monquien was hurt last Monday at one of the landings at the Stephenson mine. He returned to work Saturday.

Peter Koski returned Friday from a several days' fishing trip on the Escanaba river. He secured a large catch of trout. A. G. Bloomquist and family, Charles Arntson and family and Louis O'Brien and family visited friends at Little Lake Friday. The air compressor at the central power plant, which was recently out of commission, has been repaired and is now running.

Michael Madigan, of Marquette, road master of the Marquette, Munising and Southeastern railway, was a Gwinn visitor Thursday. Miss Moultrie, of Ishpeming, domestic science teacher at the Gwinn High school, spent the past four days at her home in Ishpeming. William Hirwas, Arthur Brandt, Dr. M. M. Main and Oscar Nyquist spent Friday at Marquette, making the trip in Mr. Nyquist's car.

Howard Sundberg and A. U. Hammer are now leading in the checker tournament at the Gwinn club. The final games will be played within a few days. Miss Virginia Daniels, instructor in the Gwinn High school, returned yesterday from her home in Menominee, where she had been since last Thursday. Joseph DaRoche and wife will return from Pennsylvania this week. They accompanied the body of the late William T. Tatt, Mrs. LaRoche's father, there for burial.

Target practice is being held every Sunday morning on the rifle range on the high landing. A number of the members of the Gun club have been practicing regularly. J. F. Bacon, master mechanic, and C. M. Leonard, mining engineer, employed with the Cleveland Cliffs Iron company at the Princeton office, will leave soon for a month's trip through the western states.

The Gwinn club has recently purchased a canoe, which will be used by the club members in the rivers and lakes about Gwinn. The canoe, which is made of birch, was built by Thompson Bros. Michael Carson, a brakeman at the Stephenson mine who was injured underground about a week ago by getting one of his hands caught between the bumpers of two cars, returned to work at the mine yesterday. Louis Duca, of Gwinn, and Miss Carrie Salvage, of Negaunee, were married last week at the Mitchell Methodist church in Negaunee. Mr. Duca is employed at the central power station. The couple will make their home in Gwinn.

Three crews of men are now being employed at the new Mackinac-Gardner location. Victor Carlson, who secured the contract for the erection of five dwelling houses, is going ahead with the work. J. S. Wahlman, of Ishpeming, has a crew of men building the concrete foundations for the new power house, sub-station and office at the location, and Trebilcock Bros., of Ishpeming, also have several men busy there.

NO SUBSTITUTE COULD DO THIS. No inferior substitute, but only the genuine Foley Kidney Pills could have rid J. F. Wallich, Bartlett, Neb., of his kidney trouble. He says: "I was bothered with backache, and the pain would run up to the back of my head, and I had spells of dizziness. I took Foley Kidney Pills and they did the work and I am now entirely rid of kidney trouble." For sale by All Druggists.

ISHPEMING IN BRIEF.

The common council will hold its regular monthly session tomorrow night at 7:30 o'clock. Sid Goodney, who has been employed in Chicago, will enter the employ of George Riez, the broker, this morning. Misses Leinnea Nelson, Gyla Stensas and Sallie Sundeen spent Sunday in Marquette as the guests of Miss Pearl Witting. A force of men and teams was put to work yesterday improving the grounds surrounding the new hose house, on Lake street. Conrad Kranz, former boys' secretary of the Ishpeming Young Men's Christian association, who is now attending a training school in Chicago, visited friends in the city the past few days. M. A. Kahn, who some weeks ago installed modern fixtures in his clothing store in the Old Fellows block, has finally received the mirror above, which completes the new furnishings. Thomas F. Nugent and wife, former residents, who are here from Milwaukee for a few days will visit in Marquette before returning to their home. While there they will be the guests of Charles W. Bradley and family. Mr. Bradley is the supreme organizer of the Fraternal

Sensible Eating In Summer is the main thing necessary to protect one from the ills of hot weather. Grape-Nuts FOOD made of whole wheat and malted barley is partially pre-digested and is recommended by many physicians. It has proven especially valuable at this time of the year—easy to digest and richly nourishing. Grape-Nuts food is perfectly baked at the factory and comes in tight, moisture-proof packages which keep it clean and crisp—ready to eat with cream and sugar. "There's a Reason" for Grape-Nuts

GIRLS WHO ARE PALE, NERVOUS May Find Help in Mrs. Elston's Letter About Her Daughter. Burlington, Iowa.—"Lydia E. Pinkham's Vegetable Compound has cured my daughter of weakness. She was troubled almost a year with it and complained of backache, so that I thought she would be an invalid. She was entirely run down, pale, nervous and without appetite. I was very much discouraged but heard of Lydia E. Pinkham's Vegetable Compound through friends and now I praise it because it has cured my daughter."—Mrs. F. M. ELSTON, R. D. No. 3, Burlington, Iowa. Case of Another Girl. Scanlon, Minn.—"I used to be bothered with nervous spells, and would cry if anyone was cross to me. I got awful weak spells especially in the morning, and my appetite was poor. I also had a tender place in my right side which pained when I did any hard work. I took Lydia E. Pinkham's Vegetable Compound and my symptoms all changed, and I am certainly feeling fine. I recommend it to every suffering woman or girl. You may use this letter for the good of others."—Miss ELLA OLSON, 171 5th St., Virginia, Minn. Young Girls, Heed This Advice. Girls who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion, should immediately seek restoration to health by taking Lydia E. Pinkham's Vegetable Compound.

Its Wick Blue Flame Means Intense Heat, Like Gas—Only Cleaner, Cheaper and Without its Odor and its Danger. A blue flame means intense heat. That's why gasoline is generated into gas, in a gasoline stove. This method is efficient—as far as giving heat goes. But it is expensive and is always attended by foul odors and other dangers. IN THE NEW PERFECTION Oil Cook-stove we have attained an odorless blue flame that is perfect. It is much less expensive than either gas or gasoline and contains more heat units. It is absolutely safer. Lights instantly and is extinguished like gasoline or gas. We use a Wick like that shown in the picture. Here indeed, is a model all-the-year-round Cook-stove, with its special cabinet top and drop shelves (for keeping dishes hot), its safety oil reservoir with indicator, its dandy oven, its odorless broiler and many other exclusive features. On this stove you can do better boiling, broiling, roasting and toasting than on coal range or gas stove. No ashes, dirt or bother. No feverish heat. Over a half-million "NEW PERFECTIONS" are now in use. Have your dealer demonstrate it. A Valuable Cook Book—72 pages, latest edition, mailed anywhere on receipt of 5c in stamps to cover mailing. MISS V. Y. HARRINGTON MARRIES VIRGINIA MAN

Daughter of Manager of Marquette County Gas & Electric Co. Wedded in East.

Miss Virginia Young Harrington, only daughter of A. C. Harrington, manager of the Marquette County Gas & Electric company, was united in marriage Tuesday of last week to John Preston Sheffield, former mayor of Marion, Va. Mrs. Harrington who attended the wedding, will join her husband here within a week.

The Baltimore Sun of last Wednesday gave the following account of the wedding: "A romance begun in their childhood in the mountain town of Marion, Va., culminated in this city late yesterday afternoon in the marriage of Virginia Young Harrington, daughter of Mr. and Mrs. Allan C. Harrington, of Ishpeming, Mich., formerly of Marion, to John Preston Sheffield, former mayor of Marion, and a member of the Sheffield family, of Southwest Virginia.

"The marriage was very quiet and only a few intimate friends of the young couple had been informed that it was to take place. The ceremony was performed at the home of Mrs. Harry K. Camman, 2513 East Hoffman street, an aunt of the bride, Rev. Dr. Harris E. Kirk, pastor of Franklin street Presbyterian church, was the officiating minister.

"Miss Harrington had been living with her mother at the Hoffman street address for the past three months and recently Mr. Sheffield had paid several visits to Baltimore. He arrived here Monday and went to the home of her cousin, Dr. Don Preston Peters, 121 North Broadway, who is also formerly of Marion.

"He confided to Dr. Peters that arrangements had been made for the wedding and yesterday afternoon Dr. Peters obtained the necessary license. The bridegroom came to Baltimore alone, telling his business associates that he was coming here on a "little business trip."

"The bride's father, a civil engineer, is general manager of the Marquette County Gas & Electric company of Ishpeming. He was advised of the wedding by telegram.

"Several years ago Miss Harrington left Marion and went to Indianapolis, where for three years she studied at the Jackson Memorial college. She was graduated last June and she then joined her parents in Michigan. Mr. Sheffield entertained the hope that Miss Harrington would return to Marion, but this was not realized.

"He visited the young lady in other cities and a week ago they agreed to be married in Baltimore.

"At the marriage were Doctor and Mrs. Peters, Mrs. Harrington, the bride's mother, her aunt, Mrs. Camman, and a few friends.

"Mrs. Sheffield was born in Richmond and is twenty-three years old. Her maternal grandfather was the late Dr. John M. Sheppard, a well-known Richmond surgeon. For ten years the family resided in Marion and it was there that the couple met.

"Mr. Sheffield is thirty years old and is the son of the late Judge Preston Sheffield, of the circuit court of Southwest Virginia. He is a graduate of Hampden-Sydney college and for three years was a student at the University of Virginia. He served three terms as mayor of Marion and operates three large farms.

"Mr. and Mrs. Sheffield went by automobile to the Old Bay Line pier, where they boarded a steamer for Old Point."

PYTHIANS TO TRAVEL BY SPECIAL TRAIN

Zenith Lodge Will Be Largely Represented at Upper Peninsula League Meeting.

Zenith lodge, Knights of Pythias, has chartered a special train to be run between this city and Marquette on Wednesday and Thursday evenings, for the accommodation of members desiring to attend the meetings of the Upper Peninsula Pythian league. Wednesday evening the train will leave the South Shore station at 7 o'clock and returning, will pull out of Marquette at 12:30. Thursday the special will leave Ishpeming at 6:30 and will leave Marquette at 3 a. m. Friday morning, following the dance.

The convention will open this afternoon and on Thursday morning it will be decided where the meeting in 1914 shall be held. It is expected that there will be considerable wire pulling in this connection, as both Ishpeming and Laurium are seeking the honor of entertaining the Pythians next year, which will be the fiftieth anniversary of the founding of the society, the tenth anniversary of the organization of the Upper Peninsula Pythian league. The meeting promises to be the biggest that the Pythians of the upper peninsula have ever held, as both national and grand lodge officers will be in attendance, and an effort will be made during the year to organize a class of 500 candidates to be received into the society during convention week.

At Marquette Thursday there will be a parade. Ishpeming expects to have at least 150 members in line and it is also thought that nearly as many will go down Wednesday evening. Uniform Rank, composed of over forty men, will go down each evening, and they will head the Ishpeming members in the parade.

Zenith lodge will have a strong team for the annual ritualistic contest, which will take place during convention week. The delegates chosen to represent the Ishpeming lodge at the convention are J. S. Olson and Rev. Carl G. Zeigler, rector of Grace Episcopal church. The alternates are E. E. Scribner, superintendent of the Ishpeming schools, and William Hooper.

GWINN FANS OUT IN FORCE SUNDAY

Baseball Games Will Be More Liberally Patronized This Year Than Ever Before.

Ishpeming, in Gust Simpson, who played center field for the team the season before, has developed a new catcher. Also "Nichols" has been injured in the Memorial Day game and he was unable to accompany the team to Gwinn Sunday. Simpson volunteered to go behind the bat, and it is said that he caught a fine game.

Ishpeming defeated Gwinn Sunday by a score of 9 to 8. The Ishpeming players had things pretty much their own way until the seventh inning. The Gwinn men began to find the ball in that session and several runs were scored. Tomlin, who replaced Gonlette in the box, did very well, considering that it was the first pitching he had done this season. Laneville started the game for Gwinn and Swanson finished it.

The Ishpeming team promises to be fairly fast after a few weeks' practice. Young Embold, the kid shortstop, played a star game at Gwinn. Besides taking care of everything that came his way, he had three hits, two of them doubles, to his credit. "Pop" Geelan, the veteran first sacker, who is looking after the affairs of the team, thinks Embold will make a very fine infielder, as he is fast on his feet and he has a good arm.

The attendance at the games thus far played has not been very large, but it is believed that the crowds will increase in size as the season advances, and especially if the nines put up good ball. Sunday's game at Union park was a disappointment, as the Marquette team appeared in a badly crippled condition.

The Negaunee team is well balanced, and Manager George Debraine expects to develop pennant winners. He now has two very fair pitchers and a third one. Ishpeming in Mahoney, Gonlette and Tomlin is well supplied with pitchers and with Nichols and Simpson as catchers the battery work should be well looked after. Ishpeming will play in Marquette next Sunday and Gwinn will meet Negaunee. Einar Swanson of this city, who is Gwinn's principal twirler, will be in the box against Negaunee and Andrews, a former pitcher of the

Setters team, will be put in for Negaunee.

CATHOLIC FORESTERS TO MEET.

St. John's Court Will Send Delegate to Convention at Menominee.

The state biennial convention of the Catholic Order of Foresters will be held in Menominee a week from Tuesday and Wednesday, the 10th and 11th. St. John's court of this city will send a representative. It is expected that delegates will be present from fifty courts in the state. Other members also are expected. Among the state officials who will be present are: D. Garbell, of Detroit, chief ranger; William Burns, Detroit, secretary; and John Finnegan, Ironwood, treasurer.

Besides electing officers for the coming two years, delegates to the national convention to be held in August at Louisville, Ky., will be chosen at the Menominee meeting. Menominee has three courts of the society, with a membership in excess of four hundred.

TO ATTEND SERVICES AND DECORATE GRAVES

Remains of Forty Members of America's Oldest Scandinavian Society Are Buried Here.

The members of the Scandinavian society will attend divine services next Sunday morning at 10:30 o'clock in the Norwegian Lutheran church, and in the afternoon they will decorate the graves of the departed members. At the church service Rev. Mr. Hill, the pastor, will preach a special sermon. The members will assemble at their hall at 9:30 o'clock and will march in a body to the church, on East Ridge street. They will meet again at 1 o'clock, to prepare for the march to the cemetery, which has been set to begin at 1:30.

A committee has been appointed to mark the graves of all deceased members. During the nearly forty years the society has been in existence, it having been the first Scandinavian society organized in America, forty of the members have passed away in Ishpeming. The bodies of several are interred in other cities. Among those whose bodies lie in the Ishpeming cemetery are those of men who were among the first Scandinavian settlers here and who joined the society shortly after it was organized. The list includes the following: Ole Hammar, Esten Hammar, Fred Hammar, Arnt Solberg, Aron Wickstrom, Sivert Agnald, Ole Engen, Magnus Hult, Swan Hult, John Dahlstrom, John Larson, Charles Grund, Andrew Kregnes, Axel Anderson, Esten Oune, Alex Tislov, Theodore Strand, Even Syrtad, G. Egstrom, Charles Erickson, John Tjoseth, John Tislov, Hakan Aggaard, Olaf Husby, Knut Berg, Sivert Johnson, Frank Isaacsen, Ole Beseth, Charles Gilstrom, Emanuel Grund, Charles Holmgren, Ingebrigt Quall, Arnt Lund, Ernest Malmgren, Andrew Nelson, E. W. Tryck, August Isaacsen, Gust Frankquist, John W. Anderson and Ingebrigt Berg.

CARD OF THANKS.

We wish to thank our friends and neighbors for their kind assistance and sympathy following the death of our wife and mother. We feel particularly obligated to our English speaking friends who came to our assistance, and to those who sent flowers. VICTOR HOLM and Children.

F. Braastad & Co. announce a clearance sale of Ladies Suits and coats. 6-2-3t.

MRS. TOUTLOFF'S COUSIN IS KILLED

Ishpeming Woman Notified of Tragic Death of Thomas E. Golden in Chicago.

Mrs. Louis Toutloff received word yesterday of the death of her cousin, Lieutenant Thomas E. Golden, of Chicago, who was killed while riding with his brother, Dr. John F. Golden, whom he had called to attend his wife, who was suffering with a severe attack of heart failure. A brother of the deceased worked in a drug store here a few years ago.

The death of Mr. Golden was rather tragic and is described in the following dispatch to The Milwaukee Sentinel of yesterday:

"Lieutenant Thomas E. Golden of fire engine company No. 27 hastened from his home at 2105 Lincoln place early this evening to get his brother, Dr. John F. Golden, at Mercy hospital to return with him and attend Mrs. Golden, who the husband feared was dying from an attack of heart failure. He was killed on his mission of mercy.

"Both are from Appleton, Wis. "Shortly after 7 o'clock as Dr. Golden

was driving his brother back to the Lincoln avenue home in his enclosed auto coupe a northbound street car struck the machine.

"Both men were thrown out by the impact, which tore both doors from the coupe. Lieutenant Golden was hurled beneath the hoofs of a team of horses owned by the Arthur Dixon Transfer company. A horse stopped on his head and he was fatally injured.

"Dr. Golden, although severely bruised and dazed by the accident, hailed a passing taxicab and ordered the chauffeur to drive at top speed back to Mercy hospital.

"Almost before Lieutenant Golden had been laid upon the operating table he had stopped breathing. Investigation proved death probably had resulted from a fractured skull.

"With his wife was Mrs. Golden, Sr., who had come from Appleton, Wis., to visit her two sons. Dr. Golden called her to one side while preparations were being made to move the younger Mrs. Golden and told her of his brother's death.

"The mother realized the danger of informing the details of the tragedy and gave no sign of her grief during the long ride to the hospital. When it was reached, however, and after her daughter-in-law had been placed in bed Mrs. Golden collapsed and was placed in another room under the care of her surviving son."

ISHPEMING IN BRIEF.

Mrs. J. B. Hendrickson visited with friends in Sands Sunday.

Mrs. W. H. Voss and daughter, Mrs. Richard Thues, of Oshkosh, Wis., have returned to their home after spending a

week with Mr. and Mrs. William Zhulke, North Fifth street.

Emmett Euright visited his parents in Marquette yesterday afternoon.

The Monday reading club met with Miss Anna Brunson yesterday afternoon. Harold Gallery, of Marquette, spent Sunday visiting with friends in Ishpeming.

Miss Elizabeth Charles and Miss Gertrude Delarty have resigned their positions as operators for the Michigan State Telephone company.

Mr. and Mrs. William Mountjoy have returned from Rochester, Minn., where Mrs. Mountjoy was recently operated on at the Mayo Bros. hospital.

Dr. J. G. Haller, pastor of the M. E. church, who was operated on at the Ishpeming hospital recently, is recovering rapidly from the effects of the operation.

The store of L. W. Atkins & Co. will be closed all day Wednesday, owing to the funeral of the late L. W. Atkins, who passed away yesterday at his home in Marquette.

Mr. and Mrs. E. W. Williams returned Sunday from Stevens Point, Wis., where they have been since Thursday. Mr. Williams is manager of the Ishpeming branch of the Home Stores Co.

A substitute medicine is never for the benefit of the buyer. Never be persuaded to buy anything but Foley's Honey and Tar Compound for coughs and colds, for children or for grown persons. It is prompt and effective. It comes in a yellow package, with bee-hive on carton. It contains no opiates. Take no substitute for Foley's Honey and Tar Compound. For sale by All Druggists.

Negaunee Department

DETAILS OF GIROUX CONSOLIDATED PLAN

Stockholders Much Interested in Proposal for Merger With Other Properties.

Many Negaunee shareholders of the Giroux Copper Mining company do not regard favorably the proposed consolidation with the Butte, Ely and Chairman properties. Others believe that under a new plan of operation dividends would be forthcoming at an earlier date than if the company continues to operate on the present basis. The consolidation plan calls for raising \$1,000,000 pending an improvement in the bond market, when it is planned to issue \$3,500,000 bonds.

Many thousand shares of Giroux are held in Marquette county, and extensive blocks of the stock are also held by copper country and Duluth men. At the time Giroux went on the market there was a scramble for the stock, and many of those who bought it at from between \$9 and \$10 a share are still holding it. Under the plan proposed the ratio of exchange for stock of the new company will be as follows:

Giroux one new share for two and one-half old; Butte and Ely, one for six and one-fourth; Copper Mines, one for three and one-eighth, and Chairman, one for two and one-half.

Distribution of the stock of the new company will therefore be as follows: Giroux, capital, \$7,500,000; shares, 1,500,000; new shares, 600,000. Butte & Ely, capital, \$500,000; shares, 500,000; new shares, 80,000. Copper Mines, capital, \$3,000,000; shares, 1,000,000; new shares, 320,000. Chairman, capital, \$3,000,000; shares, 1,000,000; new shares, 40,000. Total shares of the new company, 1,040,000.

The board of directors of the new company will be of substantial strength and will differ very materially from the Giroux board.

Thomas F. Cole, who has controlled Giroux for the past few years, will be a director, but the management will be in other hands if present plans materialize. The company's headquarters will be in New York and not in Duluth.

WORK OF SAFETY COMMITTEE.

Loss of Life on the Northwestern Road Is Being Lessened.

A recent issue of the Madison Democrat tells of the results of the central safety committee of the Chicago & Northwestern is accomplishing. Less than three years ago the company devised its life-saving service, which has done much towards minimizing the loss of life on the rails. Other roads are rapidly adopting plans similar to those of the Northwestern. The Democrat said:

"Railways are celebrated for their enterprise. They take to innovations with the utmost readiness. A useful device or method has but to be demonstrated to be adopted. Probably nothing in the service has been so saving of life as the block signal system, but the Chicago & Northwestern has gone very far in another direction to duplicate the excellence of that system. The life-saving service which an official of that road devised two or three years since, and which has been pushed along quietly but effectively in the meantime has reduced the loss of life on that great road about thirty per cent. Such a result approximates life saving by wholesale. It really is a wonderful achievement, and it is not surprising that other roads of the country are hastening to investigate the plan and to put it into force.

"Here is something of extraordinary importance attained wholly in the absence of compulsory legislation—an achievement wonderfully to the credit of the Northwestern railway. There is nothing intricate or mysterious about the process. Officers and men merely confer intimately, informally, regarding improvements that seemingly might, in their judgment, be the means of protecting life or limb. Officers of the company solicit the confidence and co-operation of subordinates all down the scale to the lowest man employed, and this confidence and co-operation, it is found by experience, are gladly, willingly given. Any fault anywhere, of rail, switch, car, engine, brake or other equipment, or of co-employee or road-bed, may be pointed out by any person with the knowledge that this information will be warmly welcomed at headquarters; and he knows that intelligent advantage will be taken of it if its merits are demonstrable. It is by mere interchange of information between the

various classes of employes from low to high that this enormous conservation has been reached by the Northwestern. "Reports respecting the new service tell of fewer deaths and injuries almost in every branch of the varied activities of the road—life saving being realized alike among trainmen, switchmen, trackmen, bridgemen and shopmen. "The so-called safety committees of the Northwestern, and other companies which have followed in the wake of that road, are true Red Cross adjuncts of the rail."

LA FAVE-VEZINA WEDDING.

Wellknown Negaunee Young Woman Marries Marquette Salesman.

Miss Mary Vezina, daughter of Mrs. Oetive Vezina, of the Queen mine location, and Clifford LaFave, of Marquette, salesman for the Gannon Grocery company, of that city, were united in marriage yesterday morning at 7:30 o'clock at St. Paul's Catholic church. The couple are wellknown both in Negaunee and Marquette. They will make their home in the latter city.

The attendants at the wedding were Miss Agnes LaFave, of Marquette, a sister of the groom, and Joseph Vanchesne, also of Marquette. The wedding party went from Negaunee to Marquette, where dinner was served at the LaFave home. Mr. and Mrs. LaFave left on the afternoon train for Detroit and vicinity for a wedding trip of a week or ten days. Upon their return they will make their home on Rock street.

BIRTHS RECORDED.

Six births were recorded Saturday at the office of the city recorder, John T. Burns. They were a daughter to Mr. and Mrs. Ivan Norm, 453 Iron street; a son to Mr. and Mrs. Carl Martin, Case street; a daughter to Mr. and Mrs. Fred Bruska, Blue Hill location; a daughter to Mr. and Mrs. Charles Rosevear, 612 Race street; a son to Mr. and Mrs. John W. Smithson, Iron street, and a son to Mr. and Mrs. Theodore Hagwall, 203 Case street.

COMMISSION MEETS TONIGHT.

The commission that will revise the city charter will hold its first meeting at the city hall at 7:30 o'clock this evening to organize and to elect a chairman and secretary. The first meeting must be held on the Tuesday following the canvass of the vote. All the members of the commission with the exception of F. A. Bell, who is in Chicago for a few days on business, will be in attendance.

Now is the time to get measured for your spring suit at the London Tailors, \$15.50. We show 500 all wool patterns. Fit guaranteed. L. Lieberman, Pearce block, West Iron street. 4-29-13.

LOCAL LACONICS.

Frank W. Haas, of Houghton, was a Negaunee business visitor yesterday.

Mrs. Michael Hamly, of Little Lake, was a Negaunee visitor yesterday.

Mr. and Mrs. William Yates will soon leave for Duluth, where they will reside permanently.

Rev. Fr. Mocker, of St. Ignace, exchanged pulpits with Fr. Bucholtz, of this city, Sunday.

The annual business meeting of the Mitchell Methodist church will be held next Saturday night.

The regular monthly meeting of the common council will be held at 7:30 o'clock Thursday evening.

The third quarterly conference of the M. E. church is to be held on Sunday, June 18. Rev. W. E. Marvin, of Hancock, will preside.

Mr. and Mrs. Brooks Patterson left last Thursday for Houghton, where they visited with Mrs. Patterson's parents. Mr. Patterson returned yesterday.

Rev. J. E. Curzon, of Chicago, was the guest of Rev. B. T. T. Hicks, rector of St. John's church, Saturday. Rev. Curzon preached at Marquette Sunday.

John Williamson, of the Independent Lumber company, has returned from a three days' fishing trip on the Escanaba river. He was accompanied by a party from Ishpeming.

Miss Herron, employed as visiting nurse for the Cleveland Clinic, Iron company, has resigned her position and will go to Detroit, where she has accepted a position as nurse in one of the hospitals in that city.

Frank G. Farrell and Thomas B. Wyman, of Munising, drove up from Munising Sunday in Mr. Farrell's Ford car. They returned to Munising yesterday morning. They report the roads to be in excellent condition.

The work of tearing down the building formerly occupied by Loggren & Kansas, bakers, is now finished. The contractor will soon commence work on the concrete structure which will replace the former building.

Arrangements are now being made by the Scandinavian Aid and Fellowship society for its annual picnic at Cleveland Park on Midsummer Day, June 24. Committees will be appointed at the regular meeting of the society, which is to be held Wednesday evening.

A horse, driven by a farmer from Eagle Mills, became frightened at a motorcycle near the corner of Pioneer avenue and Case street, and ran into the sidewalk, overturning the vehicle, which contained several people from Eagle Mills. None of them was injured.

Rev. B. T. T. Hicks, rector of St. John's Episcopal church, left yesterday afternoon for the Soo, where he will attend the diocesan convention, which will be in session in that city for two days. After the convention, he will visit for several days with his sister, who resides in the Soo.

Mrs. Charles Durzek and daughters, Misses Hattie and Elizabeth, left yesterday afternoon for Detroit, where they will make their home permanently. Mr. Durzek has resided in that city for the past several months. The daughters, the former a tailor in Peterson & Willers' and the latter cashier in Cheap Joe's store, have resigned their positions.

I am prepared to do chimney sweeping, repair storm windows or sheds, masonry work, etc., Gust Hahto, Call at 217 East Iron street, Phone, 105.

Mining News

ST. MARY'S MINERAL LAND.

The recent distribution by the Champion Copper company of the fourth dividend this year of \$1 places the St. Mary's Mineral Land company in funds for the payment of a second dividend of \$1 for the current calendar year. The last St. Mary's dividend was paid April 3. The company entered the present year with \$150,570 cash on hand, to which has been added \$200,000 from Champion dividends, making a total of \$350,570. The only disbursement, outside of ordinary expenses, has been the payment of a dividend of \$160,000 which leaves a cash balance on hand of \$190,570, with a land payment of \$150,000 due a month hence from the Quincy Mining company. The St. Mary's will have a smaller amount to pay in assessments this year on its treasury holdings than for many years. In fact there have been no assessments levied this year compared with \$172,564 last year and total payments of \$895,150 in the past four years.

GREENE CONSOLIDATED COPPER.

In the Greene Consolidated annual report General Manager L. D. Ricketts says: "The drop in yield per ton is largely accounted for by the high price of copper, which justifies us in mining a lower grade of ore. During the year there were 72,463 feet of development work done, of which 1,392 feet were shafts, 12,223 feet were raises and winzes, and the balance drifts. Development work, on the whole, showed satisfactory results, especially with regard to the tonnage of smelting ore developed. Amount of new concentrating ore opened up during the year has not equalled the tonnage mined. Aggressive development work underground developed a number of ore bodies that have been profitable and desirable for smelting purposes, and the large increase in tonnage from this mine is accounted for by discovery of these bodies of sulphide ores containing a high percentage of lime. The cost of mining for Cananea Consolidated Copper Co., for 1912 was \$2.93 per ton, against \$2.46 for the previous year. This is partly accounted for by increased development work. Another item tending to show an increase in cost is that of general expense. Heretofore this item has been handled as a direct charge against cost of copper, but for 1912 it has been charged direct to operating expenses."

CONSOLIDATED COPPER MINES.

The final plans for the merging of Giroux, Copper Mines, Butte & Ely and Chairman Consolidated provide for the formation of the Consolidated Copper Mines company, with \$8,000,000 authorized capital, divided into 1,600,000 shares, par value \$5, which will be exchanged for stock of the companies to be merged in the following ratios: Giroux, 1 new share for 2 1/2 old; Butte & Ely 1 for 6 1/2; Copper Mines 1 for 3 1/2, and Chairman 1 for 2 1/2. The Guaranty Trust company of New York will receive stock for deposit up to and including June 30, 1913. Stockholders who make the exchange will be offered the privilege up to and including July 31, 1913, of subscribing pro rata at par for \$3,000,000 7 per cent convertible bonds of the consolidated company, payable in four installments, Aug. 1, 1913, Feb. 1, 1914, Aug. 1, 1914, and Feb. 1, 1915. The bonds will be convertible into stock at par, and will be in denominations of \$100, \$50 and \$1,000 each. The directors of the new company will be as follows: Thomas F. Cole, Joseph B. Cotton, Isadore Hornshelm, William B. Joyce, Ralph C. Lupton, Mulford Martin, C. Lawrence Perkins, James Phillips, Jr., Charles F. Rand, W. Hinckle Smith, Erastus T. Tefft and William B. Thompson.

Engineers Gray and Sale who examined the properties, in a circular to stockholders say in part: "The properties consist of 100 mining claims in the heart of the Ely mining district, and we believe by such consolidation a company will be created with sufficient ores, both concentrating and smelting, to justify the installation of a reduction plant, but would earnestly recommend that a series of tests be carried on with view of securing higher percentage of extraction than is now obtained with present concentration methods in use on the different porphyry properties. Development work should be carried on as rapidly as consistent with mechanical

mining, while the tests are being made. During the latter part of 1912 and for the past few months, Giroux has been producing 900 to 1200 tons daily of porphyry ores, averaging about 2 per cent. Neither of these companies has plants for treating ores, and so far has had to rely upon having ores treated outside interests. The securing of Chairman is desirable for future smelting operation, as it is the only one of the four properties having iron ore in quantity for flux. It also carries considerable values in gold. In all the other properties the work to date has developed commercial bodies of disseminated or direct smelting ores and but a small fraction of the mineral bearing porphyry has been prospected.

May was the record month of ore mined at Utah Copper. The daily average is better than 20,000 tons, according to an official of the company. Only 100 men of the former force of 400 are now engaged in underground work. The tunnels for proving up ore will be completed by fall, after which all mine operations will be confined to steam shoveling. Forces have been reduced a little, as several steam shovel levels have been shipped and fewer men than formerly are required to do even a greater amount of work. A large area of overburden is being stripped rapidly, and mining is conducted more economically than at any other time in the mine's history.

A MOST WONDERFUL CURE

Joseph D. Underhill, of Doland, S. Dakota, says:—I have received great benefit from your White Wine of Tar Syrup. I had a deep seated cough and the doctors gave up all hopes of my recovery and pronounced it consumption. I tried everything that we could hear of. Finally one of my friends prevailed upon me to use your White Wine of Tar Syrup. I took 1 1/2 bottles and am entirely cured. Such medicine I can recommend to those who are afflicted as I was.

WANT RELIEF OF ASSESSMENT

More Than Three Hundred Taxpayers of Marquette Petitioned Council Last Night to Make a More Equitable Distribution of Cost of Eastern Trunk Sewer.

Committee of Three Appear in Person on Behalf of Taxpayers—Aldermen Take Interest in This and Other Municipal Money Matters—What Was Done.

"To the Honorable Mayor and Council:

The undersigned, taxpayers of this city, hereby respectfully protest against your order and warrant for collection of the assessment made for the eastern trunk sewer as being excessive and unfair to the districts assessed. The assessment includes a large amount of expense directly incurred for the protection of the purity of the city water supply, an expense that should be borne by the city at large. It includes a large amount of expense directly incurred for enlarging the sewer to the surface waters contrary to the plan for sewerage adopted for this city and known as the Davis sewer system.

"We, therefore, respectfully request that said assessment be vacated and cancelled and a new fair assessment be made. And your petitioners will ever be true and loyal citizens of this city."

This petition, signed by more than three hundred persons, chiefly heavy taxpayers owning property in the eastern trunk sewer assessment district, and others whose interest is not personal but who want to see an equitable distribution of the cost of the improvement, was introduced and read at last evening's meeting of the common council. A committee composed of J. E. Sherman, James Russell and A. E. Miller was present to plead with the aldermen in behalf of the petitioners. The communication was referred to the committee on parks, cemeteries, streets and sewers, on motion of Alderman Donovan, after each member of the taxpayers' committee had given an opportunity to speak.

Alderman Jopling had previously moved that the mayor appoint a special committee of three members to consider the petition, but this was amended by Alderman Donovan, the amendment providing the support of the mayor when a vote was called all the aldermen voted in favor of referring the matter to the regular council committee.

Committee Men Speak.

Mr. Sherman arose, when, upon the suggestion of Alderman Jopling, the mayor called upon the delegation to address the council, and in a few brief words outlined the position of the signers of the petition and the basis for their request that the assessment should be made general. The protection of the purity of the water supply, the resulting benefit to the entire community and the fact that to insure the safety of the water for drinking purposes the property holders in the northern and eastern part of the city were being forced to build a long and expensive sewer with an outlet in the harbor, and to pay for it, while except for the protective idea a short trunk outlet to the open lake could be built for a mere fraction of the expense, were some of the things dwelt upon by Mr. Sherman. The council, he hoped, would give relief in such amounts as it saw fit. Alderman Butler asked just what that amount would be and members of the committee advised him that the assessments should be cut in half.

Mr. Russell said that the property holders whose names were attached were not fighting the improvement. On the other hand, they wanted it and were willing to bear their just share of the cost without protest. A large amount of the assessed property, it is true, is unimproved and will remain so for many years. It is this that makes a \$50,000 improvement, the benefits from which are not at the present time obvious to the holder of large tracts of unimproved property in northern portions of the city, appear unjust when half the city is forced to pay entirely for something that is to benefit one-half as much as the other. Mr. Russell asked that the committee and the council consider the request carefully and kindly.

Little Advertising.

Without attempting to criticize the aldermen, Mr. Miller pointed out that the reason for the tardiness in bringing up a protest of the assessment was the result of a lack of putting before the public prominently the matter of assessing property for a \$50,000 improvement. Mr. Miller found that the only formal notice of a public review of the assessment roll prior to its completion was published one day only in an inconspicuous place in one newspaper. The question of building the sewer had hung fire so long and there were so many changes in the original plans that as a matter of fact the project was rather slighted until the first complaints from property holders started to come in. Mr. Miller gave several examples of assessments that practically equaled the value of the property, based upon its cost to the owner, and supported Mr. Russell's declaration that in many cases the assessments could mean only confiscation of property.

It was suggested that the council committee meet with the three men representing the signers of the petition to talk matters over. The aldermen all took the greatest interest in the discussions of the visiting committee and although there was no argument of any kind on the subject the members were in a mood of listening to a tendency to want to alleviate the burden imposed upon the property holders in the eastern trunk sewer assessment district, especially since the request to do so came from such a large percentage of the population.

The sewer problem came to the attention of the aldermen again when Alderman Jopling asked that the matter of deferring payments of the assessments still longer be referred to the finance committee. In the form of a motion, his request was quickly supported and carried.

Amount of Collections.

Because he supposed the information coming at this time would be sought and

that there would be much interest in the figures, Robert P. Byrne, city treasurer, submitted in a separate report the figures on the collection of the eastern trunk sewer assessments. The report showed that \$7,793.38 had been paid, while \$43,320.33 remained to be collected.

The subject of money seemed an all engrossing one at last evening's meeting. Alderman Schauer brought up, on previous occasions on his own statement, as he had done on three previous occasions on his own statement, the question of renting the offices in the city hall. He suggested that the water and electric light boards be asked to pay certain rentals, inasmuch as they have already expressed the willingness to do so if the council is willing to receive the money. These are the only two boards, he contended, that are earning an income. He further suggested that certain amounts be put aside each year for each office and room in the building to create a sinking fund to be used finally in redeeming the outstanding city hall bonds. He moved that the matter of arranging some such scheme as this to make the building lucrative be referred to the committee on public buildings and property, to be reported upon at a special meeting to be held June 16. He suggested that the committee be instructed to fix a rate of rent for each office and room in the building.

Mayor Fassbender Replies.

The mayor replied to Alderman Schauer's suggestion by stating that he could see no object in taking money from any but the electric light board, but he expressed the opinion that as soon as the money was absolutely needed to pay off the bonds the property owners should be assessed. He cited instances of other sinking funds that had been appropriated for other than their original uses. Alderman Schauer replied that as a matter of business the city hall should be a paying institution and, if not, why not? The books, he said, show that never a cent of income has ever come from the city hall building.

Alderman Jopling approved of Alderman Schauer's idea as being correct as far as the water and electric boards were concerned, but believed that instead of setting aside a sinking fund it would be sufficient to put in the annual budget from year to year a sum which in time would pay off the bonds. The money, he declared, would not have to lie idle, but could be securely invested to net an income. He believed that the bonds should not all come due at one time, but they should be renewed to fall due at different dates and redeemed as these dates were reached. The bonds will all be due again this summer.

A Matter of Bookkeeping, Says Scully.

Alderman Scully expressed the view that the whole rent business was solely a matter of bookkeeping and that one way or another the people's money would go to pay for the city hall. He contended that cheaper electric light and water would be more of a benefit to the public than offices in the city hall at fancy rentals, arguing that the money spent for rent might, if saved, reduce the cost of water and electric light. Alderman Schauer, however, placed the matter squarely before the council when he declared that both the water and electric light boards, organizations working under separate charters and having earning power, were getting rent free while the council was paying each month heavy bills for water and electric light for the city hall building.

Mayor Fassbender thereupon called for a vote on Alderman Schauer's motion and it received unanimous support. Before another month is passed the council may have solved the problem of earning from the city hall a income which may ultimately relieve the burden of debt which now hangs over it.

WELL KNOWN BUSINESS MAN HAS PASSED AWAY

L. W. Atkins, for the Last Nine Years a Resident of Marquette, Died Yesterday.

Lawrence W. Atkins, for the last nine years a businessman of Marquette, died yesterday at 4:40 a. m. at the home of his son-in-law, George Hodgkins, on Edge street.

Death was due to a second stroke of paralysis which Mr. Atkins suffered Sunday. The first stroke, suffered last September while he was attending to business in Muskegon, left Mr. Atkins feeble and ailing and while he recovered from its effects, to some extent, his health showed but slow improvement. He had, however, been up and about his home until Sunday, and not infrequently he had gone down town.

Cataracts, impaired his sight following the first stroke and made it impossible for him to attend to business. He retained his interest in the firm of Ormsbee & Atkins, however, and his loss will be acutely felt by his partner, S. S. Ormsbee.

Mr. Atkins was not quite sixty-four years of age and up to last fall had been an active and energetic businessman. For several years prior to his buying an interest in the Ormsbee & Atkins store, he was associated with J. L. Bradford, of Ishpeming, under the firm name of L. W. Atkins & Company. He came to Marquette from Detroit.

Mr. Atkins was born in Waterbury, Vermont, Dec. 18, 1849, and lived there with his parents until he was about five years old. In 1855 his mother and father moved to Michigan. From the age of twenty-one on Mr. Atkins was engaged in the clothing business. At different times he was a salesman for some of the largest houses in the country, including Henry W. King & Son, Chicago; D. L. Newburg & Bro., New York city; Heavright Bros., Detroit, and Lewin & Sons, Chicago.

In August, 1904, Mr. Atkins moved to Marquette with his family, having purchased the interest of F. H. Gooding in the firm of Gooding & Ormsbee.

Mr. Atkins leaves his wife and one daughter, Mrs. George Hodgkins, and is survived by one sister, Miss Edith Atkins, who lives in Ann Arbor. The funeral services will be held Wednesday, probably at 3 o'clock, if out-of-town relatives can reach this city in time. They will be in charge of the Marquette blue lodge of Masons, with the Knights Templar as an escort. Rev. Bates G. Burt, pastor of St. Paul's Episcopal church, will officiate and interment will be in Park cemetery. Mr. Atkins was a Mason in high standing, he having belonged to the DeMolay sovereign con-

istory, of Detroit. He was also a member of the blue lodge of Marquette.

KNIGHTS OF PYTHIAS MEETING OPENS TODAY

Upper Peninsula League Will Hold Eleventh Annual Convention Here This Week.

The eleventh annual re-union of the Upper Peninsula league, Knights of Pythias, to be held in this city, will open this afternoon. The sessions will continue Wednesday and Thursday, ending Thursday night with a pyrotechnic display and a ball which will be complimentary to all knights and their ladies and to the Pythian Sisters, who will conduct on the same days the eight annual convention of District No. 1.

The Marquette lodge expects more than one thousand visitors to arrive today. Many of these will remain through the entire meeting and will spend Friday here for the purpose of sight-seeing. All trains will be met by reception committees and upon arriving the delegates will be taken to Fraternity Hall for registration.

Public Meeting This Afternoon.

The opening ceremonies will be held on the second floor of Fraternity Hall at 4 p. m. The hall has been elaborately decorated with Pythian emblems and colors. The public is cordially invited to be present at this meeting. The program will be as follows: Invocation—Rev. E. M. Martinson. Selection—Victoria. Address of Welcome—Hon. William Fassbender. Response—W. A. Ross, P. C. Instrumental Selection—Sweet Potato Quartette. Address—Chas. W. Nichols, Grand Chancellor.

Selection—Victoria. Address—Mary R. Lochhead, Grand Chief, Pythian Sisters. Vocal Solo—Mr. George Tucker. Address—H. E. Van De Walker, Grand Vice Chancellor. Selection—Victoria. Selection—Victoria. General reception. The meeting will be called to order by League President J. L. Boxer, of this city.

The grand temple officers of the Pythian Sisters, independent auxiliary to the Knights of Pythias, arrived in the city yesterday. They are: Mary R. Lochhead, grand chief; Jennie E. Doyle, G. M. of R. & C.; Ella Fink Jordan, G. M. of F.; Nellie E. Kuorr, D. D. G. C.

Women's Order Instituted.

Cloverland temple, a Marquette women's branch of the Pythian order, was instituted yesterday by Nellie E. Kuorr. It starts with a charter membership of twenty-five. The temple expects to take active part in the eight annual convention of the sisterhood, the first session of which will convene on the third floor of Fraternity Hall this evening at 7:30 o'clock.

The grand lodge officers of the state lodge, Knights of Pythias, will arrive in Marquette this afternoon on the 3:05 o'clock train. The following men are expected: Grand Chancellor—Chas. W. Nichols. Grand Vice Chancellor—H. E. Van De Walker. Grand Prelate—James A. Muir. Grand K. of R. & S.—W. E. Hampton. Grand M. at A.—A. E. Sharpe. Grand Inner Guard—Ray E. Hart. Grand Outer Guard—Robert J. West.

Exemplification of Knight Rank.

This evening at 7:30 o'clock a regular convention of Marquette lodge, No. 4, will be held on the second floor of Fraternity Hall. Evergreen lodge, No. 91, of Manistique, will exemplify the knight rank. This will be the first of the lodge contests for the handsome trophies.

The loving cup, a beautiful piece of silverware, the knight rank trophy for which each degree team is contesting, will be on exhibition at Schoch & Hallam's jewelry store this afternoon. The final owner of the cup must win it three times. A smaller loving cup, a prize for the exemplification of page rank, has been on the second floor of Fraternity Hall for several days. Nineteen gold medals, with ribbons attached, one for each office in the team, to be awarded each as an individual prize regardless of the lodge winning the trophies, were placed on display at Schoch & Hallam's yesterday.

A handsome program in the form of a booklet, containing in addition to the order and time of events, valuable information for visiting Pythians, left the presses yesterday and was mailed at once to the various neighboring lodges, that those who attend the convention may know as soon as they leave home just what to expect when once in this city. The rank and file of the order will receive these programs, together with badges, when they report at headquarters to register. The reception committee will escort the visitors from the trains and direct them to their lodging places.

It is particularly desired that the businessmen of Marquette decorate their buildings and windows. A Libershal, chairman of the convention committee, has emblematic flags which he will be pleased to distribute upon call from persons desiring them. These flags may also be found on sale at Schoch & Hallam's and the Variety store.

800 CANAL PASSAGES.

Sault Ste. Marie, Mich., June 2.—[Special.]—The following upbound vessels have passed the canal the last twenty-four hours: Indus, 7 last night; Sonoma, 9:30; Tomlinson, 10; Anna Mitchell, 12:30 this morning; Cornelia, 2; McDonald, America, Moll, 4; small Miller, 4:30; Howard Shaw, 5; Crown Marcell, 6; Garretson, 7; Lynch, 8; Flower, Conby, 9; Coralia, 9:30; William Livingstone, 10; Princeton, Pendennis White, Jones, 11; Sultana, Westford, Joseph Wood, Cedar, 12:30 this afternoon; Charles Hutchinson, 1:30; Wacana, 2:30; Lewiston, Roberts, 3:30; Hill, 4:30; John Owen, Boland, Major, Peters, 5:30; Cowle, 7:30; Anassa Stone, 8; Monroe Smith, 8:30.

THE LATEST FASHION NOTE

Says: "It is a wise precaution against getting holes in delicate hose by powdering the shoes before putting them on." Many people sprinkle the famous antiseptic powder, Allen's Foot-Ease, into the shoes, and find that it saves the feet ten times over in keeping holes from forming as well as lessening friction and consequent smarting and aching of the feet.

Longer Banking Hours

Customers of the First National may make deposits at any time of the day, simply by mailing their receipts,—currency, checks, drafts, money orders, etc., to the bank.

The amount of their receipts is turned into First National credit.

Instead of carrying unnecessary receipts on hand, until a convenient time for coming to the bank in person, deposit by mail, thus getting the bank's safeguards about your money without delay.

FIRST NATIONAL BANK MARQUETTE, MICH.

Your Favorite Cigar

We have Cigars to suit every fancy—have one that will just suit you.

Even taking cigars of the same brand, ours taste better than those to be had elsewhere because we keep them properly. They go to you in as good condition as when they left the factory.

Try some of our cigars—you will notice the difference.

Desjardins' Pharmacy

LAWRENCE COLLEGE
