

LOBBYISTS ARE CAMPAIGNING, AVERS SENATOR

Mr. Kenyon Sees Justification for the President's Charge That Efforts Are Being Made to Influence Legislation in an "Insidious" Way—Social Work Done.

Iowan Is Convinced That Powerful Interests Are Busy at Washington and Are Doing Much "Entertaining"—Dinner Parties and Auto Rides on the Program.

Washington, June 3.—"Social lobbying" in Washington justifies every word that President Wilson uttered in regard to the presence of an "insidious" lobby at the capital, Senator Kenyon of Iowa declared on the witness stand today before the senate investigating committee.

W. J. McDONALD'S CASE SOON TO BE TAKEN UP BY HOUSE COMMITTEE.

Washington, June 3.—The house election committee will take up the various contests for seats in the house as soon as possible, and it is probable that the contest of William J. McDonald for the seat made vacant by the resignation of Representative H. Olin Young, of Michigan, will be reported to the house before regular sessions are resumed.

DONORS SUPPLY BRYAN WITH WHITE RADISHES.

Washington, June 3.—Already five packages of white radishes have been received by Secretary Bryan as a result of the announcement that he had sought in vain in the markets for that appetizing vegetable. The secretary today protested he had not been to market in search of white radishes, but admitted that during a recent absence of Mrs. Bryan from the city he had sought some of the vegetables at a grocery store.

WOMAN SUFFRAGE SCORES VICTORIES AT SPRINGFIELD.

Springfield, Ill., June 3.—With colors flying, the woman suffrage bill passed the senate and went to its third reading in the house today. An amendment to strike out the enacting clause was tabled, ninety-two to thirty-four.

THE FINAL STAGE.
The case of Roosevelt vs. Newett is now in its final stage—the stage of editorial comment.

Through all the expressions runs a note of pleasure that the outcome of the case was so decisively in favor of Colonel Roosevelt.

Most of the newspapers deal kindly with Mr. Newett, the defendant in the suit, and express pleasure that the disposal of the litigation saddles him with no more penalty in money than his own costs.

Roosevelt vs. Newett is quickly becoming a closed incident. Soon the last of the editorial comment will be recorded and the case will have passed, for the general public, into the realm of indistinct memory.

THE LOBBYISTS.
The inquiry into the lobby arranged by President Wilson is not bearing out the President's recent statements, and there appears to be little likelihood that it will.

WOMAN IS SENT TO IONIA ASYLUM

Mrs. Sanna Kuusisto, Slayer of Her Husband, Is Formally Adjudged Insane.

A commission consisting of County Physician LeBine, Dr. J. G. Turner and Prosecuting Attorney Lucas, appointed by Judge O'Brien to examine the mental condition of Mrs. Sanna Kuusisto, charged with murder, yesterday morning examined the woman in her room at the Houghton county jail and made a report to the effect that she is subject to periodical fits of insanity.

Judge O'Brien heard the report shortly after the opening of the afternoon session of court and he at once committed Mrs. Kuusisto to the asylum for criminal insane at Ionia. She will be taken there today.

Mrs. Kuusisto killed her husband with an ax at their home at Tammarack No. 5 shaft location, Calumet, last April. She had previously made a similar attack on him and was released on the ground that she had made the attack while temporarily insane.

Matt Drasich Case. The court resumed the trial of criminal causes yesterday morning with the case of Matt Drasich of Red Jacket, charged with selling liquor without license. The charge was made specifically for April 24 of this year. Drasich was formerly a licensed saloon keeper, but it appears that he did not take out a license for 1912-13 and the officers allege that for a part of the time at least he continued to conduct a saloon.

Matt Minerich was the principal witness against Drasich, but he died suddenly in the Tammarack mine last week. His testimony in the justice court was read in the trial yesterday. His son, Walter Minerich, was also a witness. The testimony of the two being that they bought whiskey in the saloon April 24.

Meola Case to the Jury. Judge O'Brien yesterday morning delivered his charge to the jury in the case of Leonard Meola, administrator vs. the Quincy Mining company, which had been on trial for several days. The case was given to the jury at 10:15 o'clock.

PHYSICIANS IN SESSION. Monthly Meeting Also Occasion for Farewell to Dr. McNamara.

The regular monthly meeting of the Houghton County Medical society was held at the Scott Hotel, Hancock, Monday evening. Papers were read by Dr. McNamara of Trimountain and Dr. R. E. Wiley of Osceola.

Monday evening's meeting was also a farewell session, a banquet being given in honor of Dr. McNamara, who will leave soon to locate at Lansing. Dr. McNamara came to Houghton county after graduating from the school at Ann Arbor about seven years ago. His first assignment was Freda, as physician and surgeon at the Copper Range mine. When Dr. E. V. Howlett left Trimountain five years ago, Dr. McNamara was sent to that location as mine physician and as house physician at the Copper Range hospital.

SUPERVISORS MEETING. The regular June meeting of the Houghton county board of supervisors will be held one week from today, assembling at 9 o'clock. The rule is to meet on the second Tuesday of the month, but the June meeting is set forward one day, because the members are engaged on Tuesday on their boards of review.

SATURDAY TAG DAY IN COPPER REGION

Cash for Good Will Farm to Be Raised in Five Different Towns.

Next Saturday, June 7, will be "Good Will Farm tag day." On that day an effort will be made to raise funds for extraordinary expenses of Good Will Farm by selling tags, a method adopted with success in many cities when funds have been needed for the anti-tuberculosis campaign and other charitable enterprises.

In the copper country there never has been a tag day that has been taken up with enthusiasm till now, but the popular appeal of Good Will Farm has brought up the enthusiasm on this occasion. Mrs. J. J. Donaldson, superintendent of the institution, says that the women of Houghton and Keweenaw counties have been most gracious and are assisting her nobly. The following are the five headquarters of tag day for the "Houghton-Woman's Exchange. Headquarters in charge of Mrs. E. I. Cairns, H. A. Guck, J. E. Errierson and A. F. Walsh.

Hancock—Mrs. H. L. Baer's residence, Lake Linden—Mrs. S. Levine's residence, Calumet—Mrs. Johnson Vivian's residence, Mohawk—Mrs. Rhines' residence.

The headquarters committees for the towns other than Houghton have not fully been made up.

The various committees are going to announce within a day or two the five committees of young women who are to sell the tags, as well as their chaperones. These young women have one incentive apart from their desire to assist a worthy charity. The young woman in each of Houghton, Hancock, Calumet, Lake Linden and Mohawk who sells the most tags or, rather, turns in the most money will receive a dozen photographs. These prizes are offered by five leading copper country photographers.

All day Saturday will be tag day. The young women will be out early and it is expected they will work till late in the evening, under the escort of their chaperones. No stated price will be asked for the tags—one cent will buy one just as readily as will one dollar.

Divine Services at Farm. Rev. Frank P. Knowles, pastor of the Houghton Presbyterian church, last Sunday began what is to be a series of Sunday afternoon religious services at Good Will Farm. It is not possible to make the services a regular Sunday feature, but Mrs. Donaldson hopes to hold them with fair regularity. Mr. Knowles' sermon to the children was greatly enjoyed. A number of other pastors of the district have promised Mrs. Donaldson to go to the farm whenever possible on Sunday afternoons and she hopes to be able to announce a schedule within a short time.

In the absence of these services Mrs. Donaldson will, as in the past, take the older children to some of the Houghton churches for Sunday services.

NO MORE FREIGHT BOAT PASSES. Agent Lemere of Mutual Line Receives Official Notice of Law.

According to a letter received at the Hancock office of the Mutual Transit company, no passengers will be carried aboard that company's freighters, this season. The Carter act passed at Washington last winter means that in the future the public desiring lake trips will have to travel on passenger boats exclusively.

First notification of the new enactment reached General Agent Lemere in answer to a request he sent to the head offices of the Mutual line for transportation for a copper country man. This man has done favors for the company on several occasions and to repay him the company's freighters, this season, will not take him.

Not alone is the public hit by this ruling, but the boat lines as well. Instead of pecuniary reward for favors it has been the custom for years to provide passes to the fleet and known. The trips aboard freighters were not popular alone because there was no fare to pay, but boats of this class make longer stops at different ports than do the regular passenger liners and the service otherwise is equally as good.

New Service Starts Soon. The Mutual line will give Portage Lake towns the direct freight system by boats the district has long known. The company will operate ships between lower lake ports and Duluth and Fort William, via Portage lake, the return trip taking the same route. The steamer Minnetonka has already been chartered as an addition to the fleet and is possible the company will add another boat to the line. This will give seven boats for the Buffalo-Duluth run, four for the Buffalo-Portage Lake-Fort William route and three from Buffalo to Gladstone. The Minnetonka arrives yesterday afternoon from Duluth. Boats on the first named run will pass through Portage lake in each direction.

Goes to Fort William. Peter Schroeder, formerly contracting agent for the company at Duluth, has been transferred to Fort William, where he will have charge of the office. Mr. Schroeder is succeeded at Duluth by James Dufresne, for several years with the Anchor line in Houghton.

Thompson, Towle & Co. quote a "prominent mining man" who recently visited the properties of the Granby company as follows: "The development of the Hidden Creek properties of the Granby company is showing up wonderfully. Both by drill and underground work 10,000 tons of ore have already been demonstrated, and it is the estimate of the management that the old Phoenix properties now have 7,100,000 tons of ore remaining, or a 10-year life at Phoenix on the present basis of operations, provided they find no more ore there. I don't think the new smelter at Hidden Creek will be in operation much before the first of the year, instead of September 1, as originally estimated."

BOTSFORD-O'HOGAN NUPTIALS.

Michigan College of Mines Graduate Wedded at St. Louis.

Arrangement was made in Houghton yesterday of the marriage that day at St. Louis, Mo., of George B. Botsford of Sunrise, Wyo., and Miss Alpha O'Hogan of St. Louis. Mr. Botsford is a son of the late George Botsford of Hancock and a nephew of the Misses McKernan and Mrs. McRae of Houghton. He is a graduate from the Michigan College of Mines and at present is employed as superintendent of the Chicago mine at Sunrise.

BROTHERS' BASEBALL BUNCH. Sundberg Boys of Calumet Organize Unique Baseball Team.

What is believed to be the only baseball team made up entirely of brothers in the state of Michigan has been organized by the Sundberg brothers of Calumet. The team is made up of eleven members, the youngest being the mascot. The players and positions follow: Catcher—Gus. Pitcher—Russell. First base—Rantula. Second base—Walter. Third base—Jack. Short stop—Will. Outfield—Henry, Victor, Loyal and Hannes.

Mascot—Percy. The Sundberg brothers challenge all family baseball teams in Houghton county and the upper peninsula, for that matter. They stipulate that each team representing the county must have at least seven brothers and that the other members must be either fathers or brothers-in-law.

Y. M. C. A. ELECTION HELD. Principal of Quincy Schools Named to Succeed Edwards.

At a meeting of the directors of the Portage Lake Young Men's Christian association, officers were elected, the only changes noted being in the presidency and vice presidency. J. G. Johnston was elected president to succeed J. H. Edwards of Dollar Bay, who has gone to the West. Mr. Johnston is principal of the Quincy schools. The officers are: President—J. G. Johnston. Vice President—John Lees. Secretary—A. F. Macdonald. Treasurer—Daniel Fisher.

One of the officers said yesterday that it is unlikely consideration will be given the question of reviving the association for some time to come, although the sympathies of the officers are in favor of raising money for a new building. It is their belief though that this task cannot be undertaken for some time. The Portage Lake Y. M. C. A. has been inactive for some years, though the formal organization is kept alive.

MYSTIC LODGE ELECTS. Hancock Branch of the Odd Fellows Names Its Officers.

Officers for the coming term were named Monday evening by Mystic Lodge, Independent Order of Odd Fellows, of Hancock, as follows: Noble Grand—James Crocker. Vice Grand—William Dale. Recording Secretary—John Brewer. Treasurer—David Case. Representatives to Grand Lodge—T. J. Gregory and Frank Williams. Alternates—John Brewer and William J. Hoffenbacher.

The lodge will hold a memorial service in honor of its deceased members next Sunday evening at 7:30 o'clock. The public is invited to attend.

The Hancock members of Superior canton are supporting the candidacy of General J. N. Herbst of the Michigan department of the uniform division for the position of state department commander, the highest office within the gift of the Michigan canton. The post is at present held by General Fred W. Davis of Detroit, who has been in office for three years.

CRUELTY TO ANIMALS CHARGE. E. J. Bassett, Houghton Livestockman, Under Humane Society Censure.

Humane Officer Baker, representing the Copper Country Humane society, yesterday obtained from Justice Eichenga of Hancock a warrant for the arrest of E. J. Bassett, a Houghton livestockman, charging him with cruelty to animals. The warrant was placed in the hands of Sheriff Cruise for service. Humane Officer Baker issued a statement about the case, substantially as follows: "The prosecuting attorney visited Bassett's stable about two weeks ago and ordered him to clean up. At that time Bassett took a dead horse to the dump grounds and later turned another horse out to pasture near the Bay Road mine. This animal was so weak that I ordered it shot and Deputy Sheriff Chelweh carried out the order."

"The present case is based on the livestockman's treatment of a cow. Bassett has a cow that is so weak that she can hardly walk. She also is covered with vermin. I ordered Deputy Sheriff Coshly of Hurontown to shoot the animal yesterday (Monday), but when he went to carry out my instructions he was met by Mrs. Bassett, who prevented him. I had this cow examined by Dr. Morroy and he agreed with me that she should be put out of her misery."

"Bassett should be made to understand that the Copper Country Humane society is not going to permit his alleged mistreatment of animals to continue."

The humane officer spoke feelingly of the matter. He said that the society had given Bassett numerous chances to clean up his stable and give his animals better treatment.

THE NEW DIAMOND WEIGHTS. Hancock Jeweler Explains Matter of Peculiar Interest.

Young men who plan upon buying diamonds should take note that after the first of July a carat will weigh less than now and, consequently, precious stones should be cheaper, or rather one should be able to buy a diamond that would weigh for the same amount of money. The reason for this is a change in weights.

Hancock jeweler said yesterday they are making preparations to adopt the new standard of weights. This change has been brought about by the variations in the standard of a carat in different countries, the difficulty experienced in calculating prices of precious stones and pearls in sixty-fourths and the trouble of keeping stock records in fractions. As a result the more advanced nations have legalized, and adopted a uniform decimal carat weighing exactly one-fifth of a gram or 200 milligrams.

"The new international carat will be divided into 100 parts," said Frank C. Maymorn, the jewelry street jeweler. "The difference between the old and new consists of two features. The new carat weighs five milligrams less than the old and is recognized all over the world, and the method of calculating values is far simpler. The new carat is divided into 100 parts instead of sixty-four."

PHOSPHATE SPECIFICATION. James A. Barr Writes Instructions for Getting Best Results.

The recent publication of the fact that Houghton county farmers have taken to the use of Tennessee rock phosphate for fertilizing purposes came to the attention of James A. Barr, assistant engineer of the International Agricultural corporation, operating phosphate mines at Mt. Pleasant, Tenn. With the knowledge that some of the rock shipped out of the Tennessee district is not what it should be, for the purpose to which it is put in Houghton county, Mr. Barr volunteers the following specifications: "The guaranteed analysis should be at least 62 to 65 per cent, tricalcium phosphate (H. P. L.). The fineness should be 95 per cent, through 100 mesh. It is only the very finest part of the ground rock that becomes available within any reasonable time and while 90 per cent, through 100 mesh is often offered, or even 99 per cent, through 80 mesh, this factor should be closely watched and checked and only the finest goods purchased if possible. The sampling and analysis to be made by an independent chemist. There are two distinct kinds of ground rock shipped from Tennessee; that is, brown and blue. While there is no apparent reason why blue rock should not do as well as brown rock, still the results of the brown rock are positively known and it should be specified for the ground material."

In making up this specification Mr. Barr writes that it is an entirely disinterested statement, as his company does not manufacture ground rock. Mr. Barr took the trouble to set up this specification because of a friendly feel-

The Exceptionally Fine Taste in Miller HIGH LIFE The Champagne of Bottled Beer is the result of development and achievement. From the purchase of the raw materials throughout the entire process of brewing, great skill and extreme care are employed. Above all a sufficient quantity of the choicest materials are used. This is the most important factor and the foundation of high grade beer. Nothing is left undone, no matter how trifling, that contributes to making HIGH LIFE not only the most attractive in appearance, but by far the "finest tasting beer ever produced." We use light bottles exclusively for this high grade beer—common beer comes in dark bottles. Convince yourself—order a case today. Brewed in Milwaukee by Miller Brewing Co. On sale at leading Buffets, on Dining Cars and Steamship lines.

Upper Peninsula Is Cutting Cordwood. John Lyons, of Covington township, Benzie county, has two hundred acres of land, the greater part being covered with excellent timber. He has a gang of choppers at work cutting cordwood and is getting the highest market price for it, \$4 a cord on the car. At Lansing, the National Pole company has received one thousand poles from N. M. DeLaun of Skanee, the tug Cotton towing them there.

Is Charged With Robbery. Roy Edwards, wanted at Newberry, accused of robbing Sundstrom's store, was arrested at the Soo and locked up on a similar charge. Edwards is alleged to have robbed his "pal," Charles Carlson, with whom he was staying at the Commercial House at the Soo, of a watch and \$42 in money. He was not found until after a long search by the officers. It is claimed at Newberry that Edwards broke into Sundstrom's store there, rilling the cash register and taking a quantity of clothing. On being put through the third degree by the Soo police he is said to have confessed the crime.

New Bank Building. The Bank of Stephenson has outgrown the capacity of its present quarters and it is the intention of the directors to erect a new and larger building. The bank has grown rapidly since its establishment and the present surplus is equal to the original capital stock, says the Stephenson Journal. The conservative management of the institution has made it one of the most solid in the upper peninsula and depositors have the utmost confidence in the officers who have made it what it is today, a safe depository for savings and an accommodation for the businessmen and farmers.

Broads Over His Troubles. A Menominee dispatch says: "Joseph Ellarey, who shot and killed his cousin, Oliver Ayotte of Hermansville, while in a fit of jealousy over the attention paid by Ayotte to Ellarey's wife, is still locked in confinement in a cell at the Menominee county jail, unable to furnish the \$10,000 bonds set by Judge Ven Den Berg in a recent hearing. Ellarey is in a despondent mood. He paces his cell and moans at times, and again tells the art with

shrieks that can be heard throughout the building. At intervals he seems to brood over his misfortune and deeds, while at other times he seems to be more hopeful. What is probably hurting Ellarey more than any part of the shooting is the fact that not a relative has yet been to the jail since his confinement there. He wonders at this and feels greatly hurt to think that no one, not even his wife at home, has been interested enough in him to visit him."

HAIR CAME OUT BY HANDFULS. Terrible Itching. Began with Rash. Dandruff Literally Covered Scalp. Entirely Cured by Cuticura Soap and Ointment Within One Month.

3002 Cass St., St. Louis, Mo.—"For five years I suffered with itching of my body and scalp. My trouble began with a rash on my lower limbs which was very annoying and my scalp was literally covered with dandruff. My hair used to come out by the handfuls and the itching of my body and scalp was terrible. I had used almost all the skin remedies on the market with no results, when I wrote for a little Cuticura Soap and Ointment and it gave me instant relief. Within one month's use of the Cuticura Soap and Ointment I was entirely cured. I cannot discover one strand of my hair coming out and I have not lost a minute of sleep since using the Cuticura Soap and Ointment, which entirely cured me of itching of my body and scalp in its worst form. I also find the Cuticura Soap a benefit in shaving." (Signed) Charles Judin, Dec. 8, 1911.

HOLD FIRST MEETING.

Charter Commissioners in Session at City Hall Yesterday Morning.

The newly elected charter commission held its first meeting yesterday morning at the city hall for the purpose of organizing and discussing its duties. J. C. Cannon was elected chairman and W. A. Ross secretary. The meeting was called to order by J. E. Anderson, acting for Daniel S. Donovan, the city recorder, who presided.

The meeting was attended by all eight members—E. E. Brown, J. C. Cannon, W. J. Small, George McKeehan, John H. Godwin, Harlow Clark, W. A. Ross and J. E. Lautner. After the meeting had been called to order, Mr. Godwin was elected temporary chairman. The original resolution, designating the latitude of the work of the commission and the duties of the members, was read and formally adopted. It was decided that the rules of order governing common council meetings should be adopted.

After much discussion of the proper manner of starting the task of revising the city charter, the members decided that as a preliminary step the present city government should be made a subject of intense study by each individual member of the commission before any were allowed to prejudice their mind in favor of one form or another for final submission to the voters. It was offered as a suggestion that the commission bring experts in city government, law and charters to Marquette to advise them in the technical matters.

The next session of the commissioners will be held Friday evening at 7:30 o'clock in the city hall. H. R. Harris and J. E. Sherman, of the light and power commission, and George P. Brown, city attorney, will be requested to appear and address the commissioners on the details of their departments and the methods of conducting business for the purpose of showing the strong points and weaknesses in the present municipal organization.

HIGH SCHOOL GRADUATING CLASS.

The second largest class in the history of the Marquette high school will be graduated on June 18, when fifty seniors will receive diplomas. The class was exceeded in number only by that of 1911, when sixty-one students were graduated.

A feature of commencement exercises, aside from the address by Dean Macroe of the University of Chicago, will be vocal numbers by the chorus, the recently staged comic opera, "Chimes of Normandy." Miss Norma Ross, supervisor of music, who directed the work in the production, is continuing rehearsals of the chorus. She has selected several of the more popular choral numbers, including the "Silent Heroes," to be given during the program.

The exercises will open with an invocation by Rev. Walter H. Smith, pastor of the Methodist church. Vocal selections from "The Chimes of Normandy" will precede and follow Dean Macroe's address on "The Socializing of an Individual." The presentation of diplomas will be made by Superintendent Gehrand, and Rev. Bates G. Burt will close the exercises with a benediction.

The following is the list of seniors who will receive diplomas, together with the department from which they will be graduated:

This evening the couple will receive friends at the home of the bride's parents, on Palm street. Mr. and Mrs. Ongie will take up housekeeping at once in a home on Rock street, which Mr. Ongie has already prepared for his bride. Mr. Ongie is employed by the L. S. & I. railway and is a former Ishpeming man, having resided in this city the last two years.

Rest Room for Visitors—A. E. Archambeau invites visitors in attendance to the Knights of Pythias convention in Marquette to make free use of the rest room at his store on Front street. It is supplied with writing tables, easy chairs and other conveniences.

Beggar Causes Trouble—Following the usual custom, a troupe of able-bodied beggars have come to the city to gather a harvest of small coin from the crowds of visitors who will spend the next two days in town. Many of these have offerings or pencils to offer, and although they appear to have no physical infirmities their cries of "Help a poor brother" brings them much more from the soft-hearted bystanders. Some of these fellows got drunk yesterday and proceeded to the residence district, where their persistent effort to procure money frightened many women. None of these men have peddlers' licenses and it is doubtful whether they can now get them if they apply. The aggressive and forbidding attitude of some of the beggars has caused Marshal Manning to start an effectual clean-up among them. Several yesterday were ordered to quit their operations.

Bell Operators' Ball—The sixteen young women employed in the operating department of the Michigan State Telephone company's Marquette central office are completing the preparations for their annual ball to be given Monday evening, June 24, at Fraternity Hall. Invitations have been mailed. Tickets will sell at fifty cents a couple. Trombone's orchestra will furnish music. The young women have organized committees to carry on the work of preparation. Miss Carrie Devine is chairman, and Miss Myrtle Schramm is secretary and treasurer. The invitation committee consists of the Misses Myrtle Schramm, Marion Marcotte, Carrie Devine, Anna Chulo and Inez Price. The Misses Marion Marcotte, Irene Roberts, Elyth Jeanson and Anna Watt will constitute a reception committee. The decorations are in charge of all the operators, acting as a committee of the whole.

Exalted Ruler Coming—Thomas B. Mills, of Superior, Wis., exalted ruler of the Benevolent & Protective Order of Elks of the United States, will visit Marquette Thursday, arriving at 11 a. m. That afternoon an informal reception will be held in the club rooms. In the evening Mr. Mills will go to Ishpeming to attend a special meeting of the Ishpeming lodge. TAKE PLENTY OF TIME TO EAT.

There is a saying that "rapid eating is slow suicide." If you have formed the habit of eating too rapidly you are most likely suffering from indigestion or constipation, which will result eventually in serious illness unless corrected. Digestion begins in the mouth. Food should be thoroughly masticated and incalcated. Then when you have a fullness of the stomach or feel dull and stupid after eating, take one of Chamberlain's Tablets. NORMAL CONCERT WAS ARTISTIC SUCCESS

Under Direction of Miss Linton Fine Entertainment Was Given Last Evening.

The Northern State Normal's annual concert, under the direction of Miss Sophia Linton, head of the department of music, was given last evening in the assembly room at the school. The attendance so taxed the seating capacity of the hall that many persons were furnished with chairs in the corridor. As usual, the event was a marked success. Every number was greatly appreciated. Miss Linton had arranged a program of many and varied features and had gathered to her assistance the best musical talent in Marquette. The result was an artistic recital of unusual merit.

The choruses, all of which were sung by students of the department of music, were excellent. The success of each of these was due to months of practice and careful preparation personally directed by Miss Linton. The first number, "The Legend of Bregenz," a cantata by W. Bendall, was a leading feature of the concert. This was a leading feature of the concert. The soprano solos were sung by Miss Louise Harwood, Mrs. Beeman sang the contralto solos. The duets were also sung by these two vocalists. Miss Jean McCombs played the piano accompaniment. She is an accomplished musician. Her part in the cantata was difficult and required the closest study. She carried it with precision and decided artistic finish. The program was begun shortly after 8 o'clock and the last number was ended shortly after 10 o'clock. The only number that was omitted was Miss Linton's solo, by Mrs. Beeman. Because of a severe cold, Miss Linton did not appear. Below are the numbers in the order they were given:

- Cantata—Legend of Bregenz, W. Bendall
- Normal Glee Club.
- Piano Duet—Opus Four, Moszkowski
- Jean McCombs and Mary Kern.
- Soprano—Wake Up, Mah Honies.
- Soprano Solo—Love the Peddler, German
- Miss Flora Retailie.
- Violin Solo—Andante Concerto No. 7
- Miss Sophie de Beriot
- Baritone Solo—A Song of Thanksgiving
- Rev. P. T. Amstutz.
- Piano Solo—Sixth Rhapsody, Liszt

Miss Ethel Hamby, Vocal Duets from "Hansel and Gretel"
(a) Dance Duet.
(b) Evening Prayer.
Mrs. Roberts and Miss Ross.
Aria—Roberto, o in the adagio... Meyerbeer
Miss Sophia Linton.
Piano Solo—Caprice Espagnol... Moszkowski
Miss Adelaide Van Evera.
Semi-Chorus—List the Cherubic Host (with baritone solo)... Gaul
Rev. P. T. Amstutz.
Piano Duo—Concerto Opus 25 No. 7
Mendelssohn
(a) Multi allegro con fuoco.
(b) Andante.
Miss Van Evera and Miss Mathews.
Soprano Solo—Se Seran Rose... Anditti
Mrs. A. T. Roberts.
Piano Quartet—Rakoczy March... Liszt
Mrs. Boyer, Mrs. Webb, Miss Ross, Miss Connell.

Mrs. A. T. Roberts' soprano solo was highly appreciated. Mrs. Roberts' voice was at its best last evening and she sang with great feeling, following the score with delicate precision. As she ended her selection she was presented with a large, heribonnet bouquet of pink roses. Mrs. Roberts gracefully responded to the applause by singing "Mary," by Richardson. Her voice was beautifully adapted to this number, being particularly sensitive in modulation.

Miss Ethel Hamby, the new instructor in music at the Normal, appeared last evening for the first time before a Marquette audience. Her interpretation of Liszt's well-known composition was received with rapt pleasure.

Among the numbers that were especially good was the piano duet by the Misses Adelaide Van Evera and Winnie Mathews. While this number was lengthy, it held the closest attention from its brilliant opening to its delicate and yet stirring finale. The young women executed the difficult passages with a rare exhibition of technique tempered with fine expression. Every detail of the intricate and wonderfully developed score was interpreted with fine effect which gave the number perfect uniformity and balance. Rev. Platt T. Amstutz, pastor of the Presbyterian church, assisted Miss Linton by giving two vocal selections. The first was an individual number, a baritone solo by Alltzen. In the tenth number he carried the baritone solo part of the semi-chorus selection. "List the Cherubic Host," by Gaul. In this his part was most difficult and it was carried with fine effect. Mr. Amstutz has a finely cultivated voice.

was the final selection, the piano quartet by Mrs. Boyer, Mrs. Webb, Miss Ross and Miss Connell. Two instruments were used. The stirring Liszt march has never been offered for the approval of a Marquette audience in more finished form. The assemblage was quick to realize the artistic value of the number. It had been carefully prepared and the performers carried each individual part with accuracy.

A FIRST CLASS OFFICE.

Postmaster Mangum Notified Yesterday of Important Change.

Postmaster John D. Mangum yesterday received word from Daniel C. Roper, assistant postmaster general, that beginning July 1, the Marquette postoffice will be an office of the first class, elevating it to the highest place from the second class position it occupies today. Marquette will be the only city in the upper peninsula to have a first class postoffice. The change is due to an increase in the volume of business and in the receipts of the office. For a year the receipts have exceeded \$4000, and it is directly due to this fact that the classification was elevated. The receipts during the last ten years more rapidly than could normally be expected, considering the increase in the city's population.

The change in classification will effect the clerks and employees of the postoffice and the office itself more than the public. The clerks will receive increases in salaries, it is said, of about \$100 a year. The change also carries with it improvements of the postoffice and better and more complete equipment. While the change will not increase the working force unless the postmaster considers this necessary, it will be easier to find steady help as it is needed, because of the better salaries. Allowances for offices of the first class are much more liberal than for the lower class offices. The postmaster's salary incidentally will be increased, probably less than 5 per cent, however.

ARMS FOR ORANGEMEN CONFISCATED BY POLICE AT BELFAST, IRELAND.

Belfast, Ireland, June 3.—The government learned last week that the Orange clubs were expecting a large consignment of arms from Germany. One thousand rifles with bayonets arrived here today on a steamer from Manchester in cases marked "electrical shipping." Detectives promptly seized them. Government officials say they are fully informed on the plans of the Orange clubs to resist home rule. The action of the authorities today was the first interference with the importation of arms.

ALFRED AUSTIN IS LIKELY TO HAVE NO SUCCESSOR AS POET LAUREATE OF BRITAIN.

London, June 3.—Whether the office of poet laureate should be perpetuated and who should succeed the late Alfred Austin, who died yesterday, are questions being warmly debated. Opinion seems to favor letting the honor lapse until a poet worthy of the mantle of Wordsworth and Tennyson appears. Kipling is most discussed, but the decline of his powers in recent years and the legend that he offended the royal family by a poem, in which he called Victoria "the widow of Windsor," are thought to have put him out of the running.

BULGARIAN MINISTRY GIVES UP ITS OFFICE; THIS HELPFUL TO PEACE.

London, June 3.—News of the resignation of the Bulgarian cabinet was received in London late tonight. It is likely to serve the ends of peace. Doctor Danoff, the Bulgarian peace delegate, on his arrival at Sofia is expected to reconstitute the cabinet. Probably his lasty summons home yesterday was for that purpose, for the fall of the cabinet was not unexpected. It is thought that the new ministry will consist of a coalition representing all parties. The agreement on the establishment of a neutral zone between the Greeks and the Bulgars at Saloniki removes the tinder which was liable at any moment to cause a conflagration. The neutral line is purely provisional and is not intended to influence the future delimitation of the frontiers. The promoters of the four Balkan states expect to meet first at some Balkan town and, if they fail to reach an agreement, will adjourn to St. Petersburg.

LONDON SUFFRAGETTES INVADE ROYAL ACADEMY.

London, June 3.—A small band of suffragettes today got into the Royal Academy, which was thronged with visitors. The women, carrying unfurled banners and began speaking. The police quickly ejected them.

Commencement at Newberry.

The schools at Newberry will close this year on June twentieth. The commencement week program will begin Sunday, June 15, with the baccalaureate exercises at the high school auditorium. H. D. Hughes, former principal, now located at Crystal Falls, will deliver the address. Friday evening the commencement exercises will be held. The address will be delivered by F. P. Sullivan of the Son. The class of 1913 numbers seven—Margaret Younglove, Ruby Larson, Harriet Younglove, Lucille Campbell, Grover Gaster, Matilda Nelson and Pearl Brown.

Oilier Met a Frightful End.

A horrible fatality took place when Elmer E. Ruge, resident of Tahbut for the past twenty years, met instant death at the sawmill of the Tahbut Lumber company in that Menominee county town. He was employed as an oiler and handy man and the accident which befall him happened on the lower floor, where the machinery is located. He was alone at the time. From the circumstances and location of the machinery it is thought that Ruge was endeavoring to dislodge a piece of iron wire from a shaft, and he was drawn into the machinery and ground to death.

Water Problem at Manistique.

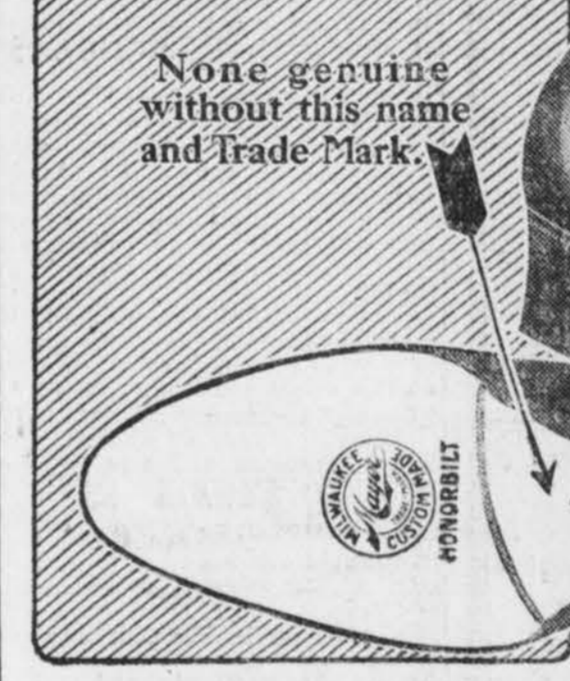

Manistique needs a new gravity main and needs it badly, says the Pioneer-Tribune. The present one, on account of faulty construction, is filling with sand to such an extent that it barely furnishes sufficient water for present needs. It is not deemed advisable to extend the water system at this time, as there would not be a sufficient volume of water to supply the patrons of the service. The board of public works is favorably impressed with the idea of laying a twenty-four inch wooden main from the intake to the power plant. This would furnish sufficient water for a city of 15,000 and would forever solve the question of supply. This sort of pipe would cost at least \$10,000 less than iron pipe of equal dimension. Those conversant with conditions appreciate the gravity of the situation, and know that Manistique might find itself unable to cope with a fire of large proportion for any length of time. The matter will no doubt be presented to the voters for their consideration at a special election the current year.

Iron River Sawmill Destroyed.

At Iron River last week, fire broke out in the sawmill of Gibbs & Son. The flames had such a headway that the efforts of the department were directed to keep the fire from spreading to the adjoining buildings and lumber piles. It was feared by many that when the smokestack fell and the fire reached the boilers an explosion would follow, but nothing more serious than a loud roar was the result. Had there been a wind blowing from the north or northwest that portion of the town would undoubtedly have been burned. In an interview with Mr. Gibbs he said: "We

Carney to Have "Hello" Service.

The Menominee county town of Carney and vicinity are to have telephone service. The merchant and prominent citizens have organized the Nadeau Township Telephone company with headquarters at Carney, and are already engaged in installing a switch board connecting forty-five telephones. The company expects to have one hundred subscribers on the list before next fall. The officers are: Peter Garrigan, president; Sam Goldberg, general manager; Walter Anderson, secretary; Erik Hammerberg, treasurer.

Chatham Genus.

Chatham has a genius in the person of Louis Mikulich, who is an Austrian by birth, only twenty years of age, employed by John H. Gattis as a clerk in his general store. This boy left his widowed mother in Austria four years ago to try his future in the Western world, knowing nothing, seemingly, of the talent that he possesses as an artist in crayon and color work. The attention of the writer was called by Mr. Gattis to some of the drawings of this boy and for a peasant boy who never had any instruction or never read a book on the subject, his work is marvelous. The first picture was that of a girl he bashfully admitted was a girl from the home land. The next was a color design, representing an Austrian village high up in the mountains, named St. Maria Liscary. It was so strikingly beautiful and natural that I gazed at it at length. The next was a pretty but familiar picture in oil of a St. Bernard dog saving an infant from drowning, of which I have seen the original, and his reproduction of this is as near perfect as an amateur could make it. As to form and outline it was perfect. The expression on the dog's countenance, especially the eyes, was perfect and for an untrained amateur the color effects were exceptionally good. He then showed us a crayon of George Washington which was unquestionably the best I ever saw. The last one I examined was a colored picture of Francis Joseph, emperor of Austria. He informed us that he drew the picture of the dog saving the infant from memory, as he saw the picture only once two or three years ago. Here is an unfound genius where some philanthropist has an opportunity to qualify him to render to the world the service Providence intended him for.—Cleveland Correspondent Michigan Tradesman.

WM. WOOD'S LAWYER RESTS HIS CASE WITHOUT PUTTING IN EVIDENCE.

Boston, June 3.—The guilt or innocence of William M. Wood, president of the American Woolen company, charged with conspiracy to "plant" dynamite on the premises of textile strikers at Lawrence, must be determined by a jury without any direct evidence having been introduced by the defense. Judge Crosby, presiding at the trial of Wood, Frederick E. Attean and Dennis J. Collins, late today overruled a motion of Henry P. Hubbard, counsel of the millmen, that the jurors be instructed to return a verdict for his client. Before arguing his motion, Mr. Hubbard had announced that he took the responsi-

REUNION AND CONVENTION

Double Pythian Event Here Opened Auspiciously Yesterday, When Every Incoming Train Brought Delegates, Grand Officers and Lodges to the City.

Welcoming Sessions in the Afternoon Largely Attended—Knights Held Their First Regular Meeting Last Evening—The Sisters Also Convened.

The eleventh annual reunion of the Upper Peninsula League, Knights of Pythias, and the eighth annual convention of District No. 1, Pythian Sisters, both meeting in this city, opened yesterday. Several hundred visitors had arrived before noon and every later train brought new delegations and degree teams. Several lodges which are not on the program until this evening or tomorrow and numerous members of the organizations that are already represented are expected this morning.

The city is in gala attire, flags and bunting decking the streets and many buildings. The steel trestle across Front street has been transformed into an arch of welcome and is decorated with Pythian emblems and a large, electrically illuminated sign. Fraternity Hall, the second and third floors of which are being used for meetings, is the headquarters of this building is trimmed from top to bottom, both front and sides, with K. of P. emblematic flags, national colors and bunting.

The streets yesterday were traversed by crowds of gay visitors, labelled with ribbons showing the lodges they represent and badges of the order. These made merry during the afternoon and until a late hour after supper. There was "music everywhere" yesterday. The Marquette City band was out in honor of the arriving visitors and played at the railway station, in front of the headquarters and on the corners of the principal downtown streets. A little German band, following the usual custom of being "on the job" wherever there is a significant gathering, arrived in the city early in the day. Large numbers of townspeople spent the evening in the business district, strolling the crowds of visitors and giving the streets a festive and holiday appearance.

Grand Lodge Officers Here.

Conspicuous among the visitors were prominent men connected with the order in the lower part of the state, and who are grand officers, giving the big annual reunion, which is in reality a gathering of a large percentage of the state's Pythian membership, official recognition. All but two or three of the grand lodge officers are in the city and the others are expected either today or tomorrow. Thursday is to be the big day of the convention and will be featured by the annual business meeting of the league, to be held in the forenoon at 9:30 o'clock on the third floor of Fraternity Hall. Half an hour before this is held an automobile parade will form to take the women, the wives of the visiting delegates or members of the sisterhood, for a tour about the city and to Presque Isle. The women are requested to meet at Fraternity Hall, tomorrow afternoon at 2 o'clock. Charity lodge, No. 131, of Calumet, and Zenith lodge, of Ishpeming, will, in contest, exemplify the third rank.

Thursday evening will be the "big night" of the meeting. The celebration will open with a grand Pythian parade, visiting knights in costume, starting from Fraternity Hall and under escort of the uniform rank of Ishpeming and the Marquette and Ishpeming City bands. The main streets will be traversed and a pyrotechnic display is promised. At 9 o'clock the Pythian grand hall, an annual affair complimentary to knights and their ladies and to the Pythian Sisters, will be given in Fraternity Hall.

The Ishpeming delegation, together with a large number of visitors, a party which will number probably several hundred persons, are expected Thursday night by special train. A feature of the parade will be a public drill by the uniform rank, in costume and carrying swords.

Today's Program.

The program of today's sessions is as follows:

—Forenoon at 9:00 o'clock.—

Exemplification Third Rank.

Munising lodge, No. 218, of Munising, Mich.

Birdseye lodge, No. 211, of Hermansville, Mich.

—Afternoon at 2:00 o'clock.—

Exemplification of the Rank of Page and the Rank of Knight.

Crystal Falls lodge No. 128, of Crystal Falls, Mich.

—Evening at 7:30 o'clock.—

Exemplification Third Rank.

Columbia lodge No. 144, of Houghton, Mich.

Laurium lodge No. 202, of Laurium, Mich.

Danon and Pythias, historical drama.

Laurium lodge No. 202.

Pythian Sisters' Meeting.

The first session of the eighth annual convention of Pythian Sisters, District No. 1, was held at Fraternity Hall last evening, opening at 8 o'clock. Nellie E. Knorr, of Escanaba, district deputy, presided. An address of welcome was given by Mrs. Herman Schauer, of this city. Mary A. Lockhead, grand chief, of Flint, responded. Each delegate then reported concerning the affairs of her temple, the report of each one being encouraging.

Jennie Doyle, G. M. of R. C., of Pontiac, addressed the meeting. Miss Grace Cathin, of this city, sang a selection and was followed to the platform by Miss Ella Jendin, of Detroit, G. M. of E., who gave an address. The following committees were appointed by Miss Knorr: Press committee—Mrs. Belle Hart, Houghton; Mrs. Cora Theriault, Marquette; Mrs. Elizabeth Royce, Sault Ste. Marie.

Resolutions committee—Mrs. Olga E. Twin City; Mrs. Lee, of Munising; Mrs. Bosanko, of Crystal Falls.

At the close of the meeting Cloverland temple, the newly organized Marquette

branch of the sisterhood, held a reception in honor of the delegates and visiting sisters.

Munising Not Coming.

The Munising lodge, which was to have exemplified the third rank at this morning's session, sent word yesterday that because of the May term of circuit court, which is now in session in Alger county and in attendance upon which are several of the leading members of the lodge, it cannot come to Marquette today to take part in the contests. Many visiting Pythians from Alger county are, however, either already in the city or are expected today or tomorrow. The outside degree teams and lodges are entering spiritedly into the contests for the trophies and the individual prizes and the officers report some excellent work in exemplification.

Yesterday's opening session was largely attended not only by the visitors but by the public as well. Mayor Fashhead's address of welcome was a feature of the program. W. A. Ross gave a fitting response.

WILL OPEN MODEL AUTO SALESROOM

Asire & Palmer Have Leased West Store in Jopling Block, Soon to Be Built.

Asire & Palmer yesterday closed a lease for the west store room in the Washington street business block for which M. W. Jopling has just let the contract to James Sinclair, and on the completion of the structure, September 1, will occupy it with their real estate office and as an automobile salesroom. The firm has purchased the fixtures used in Paine, Webber & Co.'s office, which was closed June 1, and will use them in fitting out their new quarters.

The proposed automobile salesroom will be perhaps the finest in the upper peninsula, and will resemble similar salesrooms in the larger cities. The block will have a full glass front. The entrance to the west store will be double doors, large enough to admit an automobile. Quarters for the firm's real estate and insurance business will be arranged by the use of fixtures purchased from Paine, Webber & Co. The counter over which business will be transacted will be set back far enough from the front so that a machine can be displayed directly inside the window. Along the west wall of the building there will be space for the display of several other machines.

Asire & Palmer will keep in the display room a stock of tires and accessories, but they will do no repair work there, nor will the room be used as a garage. Asire & Palmer are the Marquette and Alger county agents for the Cadillac and the upper peninsula distributors for the Paige-Detroit. They are also negotiating for the agency for a well-known "six" one of the high class cars, and Mr. Palmer will leave Thursday to close the agency contract for this machine. With the opening of their new salesroom they expect to give their automobile business increased attention.

The leasing of the west store to Asire & Palmer disposes of all the ground space in the block Mr. Jopling is to build. The east store was some weeks ago leased to the Woolworth company, the great corporation that runs a chain of five and ten cent stores in all parts of the country. The Woolworth lease, like that of Asire & Palmer, calls for occupancy of the building September 1.

CHARLES CHRISTIAN IS FOUND NOT GUILTY

Marquette Saloon Keeper, Charged With Selling to Minors, Was Acquitted Yesterday.

After deliberating about an hour, the jury which heard the testimony in the case of the People vs. Charles L. Christian, charged with selling liquor to a minor, yesterday afternoon in circuit court returned a verdict of not guilty. As much testimony of a particularly damaging nature had been put in by Prosecutor Kennedy, the acquittal came as a great surprise to those who had been following the case.

The defendant, however, submitted much evidence to show that at the time mentioned in the information—the evening of Feb. 24 after 6 o'clock—he was not in his front street saloon, but had spent the evening at a moving picture show, with his family. Other witnesses for the defense swore that the witnesses for the prosecution had not been in the saloon from about 5:30 to 6:30 and had not been served by Christian, who was specifically named as the man who sold them liquor.

Emmet Enright, a minor, and said to be the youngest of any of the boys called upon to testify that they were in Christian's saloon, and Edmund Patenaude, also a minor, were the last of the five witnesses for the prosecution, and their testimony was taken at the opening of court yesterday morning. Reuben Mosher, Steven Meyer, W. H. Marshall and Christian's barkeeper, Edward J. Bernard, were witnesses for the defense. Charles Christian, the defendant, took the stand in his own behalf, and Arthur Brunelle, who formerly conducted a restaurant in the building occupied by Christian, also appeared for him.

Lango Case Started.

As soon as the Christian case was concluded, the case of Baldo Lango, a resident of Ely township, who is charged with running a "blind pig" and to have furnished liquor to boarders living at his home, was taken up. W. T. Potter is counsel for the defense. The witnesses for the prosecution are Charles Brown, Michael Tasson, of the American mine location, John D. West, justice of the peace at Ishpeming, and William St. Johns, a stenographer in Justice West's court. They were examined yesterday afternoon. Mr. Potter had just finished the direct examination of Baldo, the defendant, when court was adjourned until this morning at 9 o'clock.

The next case on the calendar is that of the People vs. Louis Vierling, of Marquette, charged with a violation of the liquor law. The witnesses for the prosecution will be four of the young men who testified in the Christian case.

George P. Brown is attorney for Mr. Vierling.

In order to fill out the panel for the term, Judge Flannigan Monday instructed Sheriff Moloney to summon eight new veniremen, three from Ishpeming, three from Marquette and two from Negaunee. So many veniremen were excused at the opening of the term that the panel was badly depleted. The following were summoned: Richard L. Nicholas, John H. Williams and William H. Pearce, of Ishpeming; M. T. Murphy and Charles T. Jennings, of Negaunee, and John Robertson, M. J. Griffin and John Wills of this city.

Other Cases Disposed Of.

Jennie Burnside, the defendant in two cases, pleaded guilty Monday to the charge of selling liquor without a license in a cafe formerly conducted by her at Ishpeming and was fined \$100 and costs of \$10. The case brought against the woman on a charge of keeping a house of ill-fame has been continued. The defendant has left the county and has promised to remain away from it. In case she ever returns she will be summarily arraigned and held for trial.

Algot Anderson and Howard Carlson, held on a charge of burglarizing a Carlisle store, have pleaded guilty, and Edgar Lobb, one of five saloonmen arrested for selling liquor to minors, has changed his plea of not guilty to guilty. He will be sentenced later.

Naturalization Today.

M. H. Anthony, of St. Paul, United States naturalization examiner, arrived in the city yesterday and will today begin to examine a class of ninety applicants for second citizenship papers. This work, which is usually attended to at the opening of the term, was deferred until June 4 because of the Roosevelt-Newton case. Mr. Anthony's work is likely to keep him in Marquette for two or three days, as the number of applicants is almost 50 per cent. larger than usual.

JUDGE BROWN TO LIVE AT NILES

Veteran Attorney Goes to Lower Michigan to Make Home With His Daughter.

With his departure yesterday for lower Michigan Judge Charles K. Brown terminated his residence in this city for practically the past twenty-four years. The growing infirmities of Mrs. Brown made it necessary for her to give up the cares of housekeeping and to join the family of her only daughter, the wife of Archie R. Orr, who lately removed to Niles, Mich., where he recently purchased a small farm within the city limits, which had until recently been the summer home of a Chicago business man. The judge and wife will make their home in the immediate future with the Ors.

Judge Brown has been longer in the practice of the law than any other member of the Marquette county bar, having been admitted to practice in Ohio in 1855. He removed to St. Joseph, Berrien county, Michigan, in 1860, where he served as circuit court commissioner and prosecuting attorney. He was a member of the legislature of 1867 from Berrien county, and while in the legislature became acquainted with Marsh Giddings, of Kalamazoo, afterwards governor of New Mexico, with whom he formed a law partnership which occasioned his removal to Kalamazoo the latter part of the year 1867.

From 1870 to 1876 Judge Brown was presiding judge of the Ninth judicial circuit, consisting of Kalamazoo, Allegan and Van Buren counties. During this time Judge H. E. Severens, United States Senator Julius C. Burrows and Arthur Brown, Justice John W. Stone and other men who later became prominent were members of the bar of this circuit. The second trial of the famous "Vanderpool" murder case was tried in Judge Brown's court.

While on the bench Judge Brown published two volumes of circuit court practice reports, known as "Brown's Nisi Prins Reports." He also published school text books upon the government of the states of Michigan, Ohio and Indiana, which were widely used at that time.

From 1876 to 1881 Judge Brown resided in Port Huron, where he was engaged in the practice of the law with the late B. C. Farrand, and where he promoted the construction and was secretary and attorney of the Port Huron & Northwestern railway, from Port Huron to Harbor Beach, now a part of the Pere Marquette system.

In 1881 Judge Brown came to the upper peninsula, residing and practicing law at St. Ignace until the spring of 1889, when he removed to this city, in which up to now he has resided and practiced law, with the exception of two years he spent at Munising.

Judge Brown was born and brought up in the "Western Reserve" of Ohio, his father's home being one of the stations on the "underground railway" by which slaves made their escapes from the South to free Canada. Here he imbibed the principles which have ever since prompted him to be a staunch Republican in politics. He formerly did much party campaign work, having stamped the seal of the state central committee in the campaign for Blaine in 1884.

Judge Brown has always been prominent in Methodist Episcopal church activities, he having been a lay delegate to general conferences of that denomination from both the Michigan and the Detroit conferences, and of late years has taken great interest in Bible class work in the Marquette church of that denomination.

As a practitioner Judge Brown was of the old school of thorough and painstaking preparation of all cases with which he was connected. He had a wide practice extending into all the circuits of this peninsula, and it may safely be said that no practitioner commanded the respect and attention of court or jury to a greater degree than he. He will be missed by numerous intimate friends in this city, who will hope that he may find it convenient to spend a portion of the time of his remaining years in Marquette.

A MOST WONDERFUL CURE.

Joseph D. Underhill, of Doland, S. Dakota, says:—I have received great benefit from your White Wine of Tar Syrup. I had a deep seated cough and the doctors gave up all hopes of my recovery and pronounced it consumption. I tried everything that we could hear of. Finally one of my friends prevailed upon me to use your White Wine of Tar Syrup. I took 1 1/2 bottles and am entirely cured. Such medicine I can recommend to those who are afflicted as I was.
