

SENATOR LEWIS TELLS OF PERILS FACING NATION

Japan and Russia Eager for the Chance to Grab U. S. Territory, the Illinois Solon Says in a Speech That Arouses Mingle Astonishment and Curiosity.

March Into Mexico Would Be Signal for Aggression by Foreign Powers in Which South America Would Join, He Declares in Debating Canal Tolls Question.

Washington, March 30.—On the eve of the vote in the house on the repeal of the American tolls exemption in the Panama canal, congress today was completely absorbed in the controversy, verbal artillery thundering throughout the day in both house and senate.

President Resents "Crowning Insult."

While the opposing forces were clashing at the Capitol, President Wilson took occasion to discuss the situation with callers, expressing keen regret that what had promised to be a dignified contest over principles had degenerated into a fight upon the administration. He characterized as "a crowning insult of a number of insults" in the debate, the declaration of Representative Knowland of California, "that the administration had made a deal to repeal the tolls exemption with Sir William Terrell, secretary to Sir Edward Grey, British foreign secretary."

Repeat Bill Sure to Pass.

With the final vote on the repeal bill in the house scheduled for tomorrow, the closing speech of Speaker Clark in opposition to the repeal served as the chief objective point of anticipation. Little doubt as to the result of the vote is entertained by anyone, the majority for the repeal being variously estimated at from thirty to seventy-five votes.

Discusses Foreign Relations.

Senator Lewis aroused mingled astonishment and curiosity by discussing foreign relations of the United States. Referring to the president's failure to signify what foreign relations prompted him to appeal for the tolls exemption repeal, the senator did not hesitate to give "what I feel may have been his reasons." He then entered upon a recital of acts of aggression on the part of the United States, beginning with the taking of the Philippines.

"You entered in the Philippines into a system of colonial government," said the Illinois senator, "and the honorable other side of this chamber cry 'England' will not overlook that it was the influence of those who controlled in England by which this nation was delivered into the colonial policy of an English form of government."

"What happened? Hardly had you come into office, scarcely were you seated, until you met the problem. The cry came. You have now come into our country; we are Japan; we are China, you have broken the bars that heretofore limited you. You have come into the Orient and brought your people, and we desire that our people shall now come into yours."

"We can not consent to that. Paralysis has set upon us as to the negotiations of the treaty with Japan respecting exclusion, and hesitant indeed is the movement respecting the matter of immigration."

"Taking up the Mexican situation and reviewing the operations of the United States in other lands and the interests in Mexico of England, France, Japan and other nations, Senator Lewis uttered a dramatic declaration.

"Has Visions of Grave Perils. The very first moment we move down into Mexico with the view of executing the Monroe doctrine against these foreign nations that have now stationed themselves there, upon the theory that we no longer have a right to execute the doctrine because of our past folly," said the Illinois senator, "Japan would promptly seize the Philippine islands. She would then seize Hawaii and then, in such conditions—our armies in Mexico, the canal not finished, no way to have a joiner of our navy—in what condition would our country be?"

"Russia with her grievances—who she sent aid to the Union at a time when it was threatened in discord and disunion—feels that because of English influence the administration in power the last ten years lent its aid to Japan against her. Russia, remembering this wrong, now in an offensive and defensive alliance of life and death with Japan, would not lose her opportunity. Russia, with her grievances now so great that she has no treaty with the United States of either companionship or amity, would promptly seize Alaska and the north near her."

"South America Awaits Chance, Too. Our navy, divided, would sail to the frigid sea against the enemy and to the south to protect the Philippine islands. The army would be divided, part in Mexico and the other part moving to our possessions to protect them."

"England feeling under those conditions no friendliness to us, we would not seek her alliance on the northern border without friendship; and South America, already imbued with a feeling that when under the administration of President Roosevelt we performed a

LONG IDLENESS IS THREATENED MINERS OF COAL

Wage Conference Deadlocked, Operations in Pennsylvania Bituminous District Are Expected to Be Suspended Tomorrow—Thirty-Five Thousand Men Involved

A Similar Number Will Be Thrown Out of Work at the Same Time, When Most of the Collieries in Ohio Will Close—Mining in Illinois to Continue.

Philadelphia, March 30.—Although the miners offered today to modify some of their demands, representatives of the Pennsylvania bituminous coal operators and their employees, who have been conferring here for more than two weeks in an effort to reach an agreement to take the place of the one expiring April 1, were still deadlocked tonight.

Representatives of the operators declared that under no circumstances would they accede to the demands of the miners, and that the mines would be closed in the event an agreement is not reached tomorrow. About thirty-five thousand men would be affected.

Shutdown Is Decision in Ohio. Columbus, O., March 30.—Nearly every coal mine in Ohio will shut down tomorrow, throwing more than thirty-five thousand men out of work for an indefinite period. This announcement was made here tonight at the close of a meeting of coal operators in southern Ohio. The decision of the southern Ohio operators to close their mines is the same action as that taken by the eastern Ohio operators at Cleveland Saturday.

The reason for the action, according to E. A. Cole, an operator, of Columbus, is that the operators "cannot run the coal mines without knowing what the coal will cost." The failure of the operators and miners to agree on a wage scale brought about this condition, he added.

Pennsylvania Dismisses More Men. Pittsburgh, Pa., March 30.—Five hundred men employed in the various shops of the Pennsylvania railroad in this district were dismissed by the company today. This action is in line with the retrenchment policy of the road. It was announced also that ten passenger trains would be withdrawn from service in the Pittsburgh territory Wednesday.

Philadelphia, Pa., March 30.—High wages, higher taxes and recently enacted legislation are given by Samuel Rea, president of the Pennsylvania Railroad company, as the principal causes of the decrease in the net operating revenue which necessitated the retrenchment policy announced last week. In a statement made here today, Rea said: "In the four months ending Feb. 28, compared with the same period of the previous year, the operating revenues decreased \$8,815,591, and the net operating income decreased \$6,652,671."

In carrying out the retrenchment policy, thousands of men have already been suspended and many important passenger trains discontinued. It is planned to increase the number of suspended employees to twenty-five thousand, and by April 1 the company anticipates, at least sixty-two trains, curtailing the service over practically the entire system, will have been discontinued.

New York Disturbers Convicted. New York, March 30.—Bennie Belmont and Percy Marmor, members of the Industrial Union of the United States, were found guilty tonight of disorderly conduct. They were arrested while addressing a meeting of the unemployed on Sunday night. They will be sentenced tomorrow.

On the stand, Belmont denied that he had used in his speech abusive language against President Wilson and Governor Glynn. Marmor at present is under a suspended sentence for disorderly conduct in connection with the invasion of a Catholic church some time ago by Frank Tannenbaum and a body of Industrial Workers.

How Planning a Demonstration. New York, March 30.—J. Eds. How, "millionaire hater" and founder of the Brotherhood Welfare association, has written to Alexander Law, secretary of the association, that he is arranging with his followers for a national demonstration at Washington on May 1 in connection with Coxy's army.

GIRL PRISONER ACCEPTS OFFER OF MARRIAGE MADE BY MAN FROM TREE AT JAIL. Savannah, Ga., March 30.—Scores of persons watched Frank M. Register, of this city, climb a tree directly in the rear of the city jail here and propose marriage to Miss Zeta Metlock, a young girl prisoner. Register was accepted. There are no charges against the girl, who is being held until she can be restored to her parents.

BRITON WINS IN TAME BOUT. St. Louis, March 30.—Jack Britton, of Chicago, won from Leo Kelly, a St. Louis lightweight, after eight rounds of tame boxing here tonight.

The Weather

Washington, March 30.—The following is the weather bureau's forecast for Upper Michigan: Fair, Tuesday and Wednesday.

FRIED DOG'S HEART NOT FATAL TO FRED VOETEL; DEATH NATURAL, IS VERDICT. Chicago, March 30.—Fred Voetel died last night, after having made his Sunday dinner from fried dog's heart. The jury today returned a verdict of heart disease. Voetel killed his dog when his friend, John Spears, turned up for Sunday dinner. Spears testified at the inquest that he also had eaten heart, and had not been made ill.

RIDER ON RAILWAY PASS ENTITLED TO DAMAGES? HIGH COURT TO DECIDE. Washington, March 30.—Whether a railroad is liable for damages for injuries suffered by a person riding on a pass, under the terms of the Hepburn act, will be to be passed upon by the supreme court. Such a case, in which the Charleston-West Carolina railway lost in the court of appeals of Georgia, was filed today.

NO SKYSCRAPER FOR AMERICAN EXPRESS. Company Denies It Is to Build—These Not Days for Expansion in the Business. New York, March 30.—The American Express company, through its first vice president, W. F. Flagg, today denied the report that the company is planning a thirty-two story office building on lower Broadway. The statement explained that plans for such a structure were filed last week, merely as a precautionary measure to provide against the possibility of future building regulations "which might prohibit the construction of a building of a character which he had in mind." Building plans were prepared more than a year ago, the company says, but "recent regulations of the express business, and the reduction in rates have put further consideration of building entirely out of the question. These are not the days for expansion in the express business."

Western States Fight Railroads' Request. Washington, March 30.—Announcing that only three more days will be required by the railroads to conclude their testimony in support of their application for a 5 per cent. increase in freight rates, Vice President Brownell, of the Erie railroad, today urged the interstate commerce commission to decide for or against the railroads' request tomorrow. Wednesday and Thursday will be required to take the additional evidence, in order to facilitate the disposition of the case. Chairman Harlan announced that the commission would take the request under consideration and respond to it tomorrow.

Clifford Thorne, chairman of the Iowa state railroad commission and representative of eight western states opposing the proposed increase in rates, occupied the stand throughout the day. He submitted a series of elaborate tables in making an analysis of the financial operations of the railroads, his contention being that the figures submitted by the roads themselves to the commission not only indicated an adequate revenue, but no necessity for an advance from any source of additional revenue.

A statistician for the Eastern railroads presented figures to show a loss of more than \$50,000,000 in net operating income, compared with a year ago, or upwards of 22 per cent.

TESTIMONY COVERS THOUSANDS OF PAGES. Though Evidence Is In, Steel Dis-solution Suit Won't Be Decided for Months Yet. New York, March 30.—The presentation of evidence in the government's suit for the dissolution of the United States Steel corporation under the Sherman anti-trust law was completed today. Counsel for both sides will prepare briefs, and arguments will be heard in the federal court in Philadelphia in the fall. It is expected that it will be many months before a decision is handed down by that court. When this decision finally is given, it is probable an appeal will be taken to the United States supreme court, whatever the decision of the lower tribunal.

The suit was filed in Trenton on Oct. 26, 1911. Including today's brief session, the record in the case covers some 23,200 typewritten pages and 15,000 printed pages.

OHIO ATTORNEY GENERAL MUST SHOW WHY HE REFUSES TO PROSECUTE OIL TRUST. Columbus, O., March 30.—Judge Dillon, of the common pleas court, this afternoon granted an alternative writ ordering Attorney General Hogan to institute proceedings to oust the Standard Oil company and its subsidiaries, including the Imperial Oil company, of Canada, from doing business in Ohio. The case is set for hearing April 20.

The suit to compel the attorney general to file out proceedings was instituted several days ago by George H. Phelps, an attorney of Findlay, O. Phelps, president of the oil companies, are being operated in the state in violation of the Sherman anti-trust law, an Ohio statute. Mr. Hogan had announced after an investigation that he would not institute the proceedings demanded. The issuance of the writ will force him into court to resist the Phelps application.

BOLD DECISION BY MR. ASQUITH IS BIG SURPRISE

Apparently Taking No One in His Confidence Except the King, the British Premier Solves the Government Crisis in a Manner Astonishing to the Country.

He, Himself, Will Assume the War Portfolio, in Addition to His Other Posts, and He Will Resign His Seat in Commons Porthwith and Seek Re-election.

London, March 30.—After all the many solutions of the government crisis which had been proposed and discussed, Premier Asquith today announced to the house of commons a decision which none of the prophets expected or even suggested. The prime minister, himself, will assume the burden of the war office, in addition to his other and almost crushing duties. He will resign from the house at this critical stage, when the second reading of the home rule bill is to be taken up, and will appeal for reelection to his constituents in East Fife, Scotland, within a few days.

High Army Officers and Seely Retire. Field Marshal Sir John French, chief of the imperial general staff, and General Sir John Ewart, adjutant general, declined to withdraw their resignations, in spite of the army order issued on Friday and which Viscount Haldane cleverly framed as a platform on which the generals might stand with consistency and honor.

It thus became impossible for Colonel Seely, who was co-signer with the two officers of the assurances to Brigadier General Gough that the army would not be used to suppress the Ulster opposition to home rule, to retain the secretaryship of war. His resignation, therefore, was accepted.

Viscount Morley, of Blackburn, lord president of the council, who was partner with Colonel Seely in drafting the offending paragraphs of the document, stands in the same position and his withdrawal from office is expected tomorrow.

Nation Nominally Without a Premier. These were the events in today's chapter of the continued story which is keeping the country at the highest pitch of excitement. The present situation is remarkable in that the government nominally will be without a prime minister and without a leader in the house of commons until the by-election is held in East Fife. The writ for the election must give eight days' notice, and it will probably be issued tomorrow.

The only practical loss to the party meantime will be the withdrawal of Mr. Asquith's voice from the debates. He will preside over the cabinet meetings and direct maneuvers in the house of commons from an unofficial seat, while Reginald McKenna, the home secretary, and Winston Spencer Churchill, first lord of the admiralty, will understand him as house leader.

"Oh, I'll be handy if I'm wanted," Mr. Asquith remarked to Andrew Bonar Law, who had been legally advised that the home rule bill could not be proceeded with in the absence of the premier.

Move Surprises Even the Cabinet. Mr. Asquith apparently consulted no one except the king before his bold decision. His colleagues in the cabinet seemed to be as surprised as the other members of the house when he revealed his plans.

Mr. Asquith is already first lord of the treasury, which office he will continue to hold. If he had merely shifted from one office to another the resignation of his seat in the house of commons would not have been necessary, but he said that he had been legally advised that the acceptance of "an office of profit under the crown," in the words of the statute, necessitated a new election, although he will take only one salary, \$25,000.

Cladstone took two offices under similar circumstances, accepting the salary of one and one-half the salary of the other, amounting to \$37,900, and did not consider a reelection necessary.

Both houses today debated the situation at great length. No member of the Irish nationalist party, of which John E. Redmond is the head, uttered a word in the house. The Irishmen are letting the English fight it out alone.

Unionists May Not Name Candidate. London, Tuesday, May 31.—It has not yet been decided whether the Unionists will contest Mr. Asquith's seat. A large faction of the Unionists favor allowing the premier's reelection without opposition, which will permit him to return to the house of commons a week earlier than if he were opposed.

The Daily Mail and other Unionist papers accuse the premier of running away and deliberately taking the course he adopted in order to be able for a fortnight to avoid awkward questions in parliament. The more general view is, however, that he has taken the war portfolio because, after his experience with Colonel Seely and Viscount Morley, he was afraid to intrust it to anybody else during the present crisis.

Liberal Organs Express Relief. The Liberal morning papers are evidently relieved at the unexpected turn of affairs. They admit that Mr. Asquith's course is astonishing and unprecedented, but express admiration for his boldness and courage, which they believe will touch the imagination of the country and restore the government's prestige.

The Daily Chronicle declares that the premier's assumption of the control of the war office is a plain intimation to all concerned that the government is determined that the civil power must prevail in the conflict with the military.

RESPIRE FOR THE GUNMEN SEEMS PRACTICALLY CERTAIN; GOVERNOR GLYNN FAVORABLE

Albany, March 30.—The chances that a respite will be granted the four gunmen who are awaiting the carrying out of the death sentence during the week of April 13 for the murder of Herman Rosenthal, the gambler, seemed bright today. The respite, if granted, will be until after the second trial of former Police Lieutenant Charles Becker.

When E. L. Krings, attorney for the gunmen, today filed their petition for a commutation or a respite of their death sentence, and Governor Glynn said he was in favor of granting the request for a respite. He declared that a commutation of sentence was impossible.

The governor holds that inasmuch as some facts may be brought out at Becker's new trial which may throw new light on the cases of the gunmen, a stay of execution would only meet the ends of justice.

MURDER FOR WHICH ANOTHER IS SERVING A LIFE TERM IS REPORTED CONFESSED BY MAN. Benton Harbor, Mich., March 30.—A dispatch from Mattoon, Ill., today said that Horace Condon, an Iowa (Mich.) prisoner convicted, arrested for breaking his parole, had confessed to the murder fifteen years ago of William Hawken, of Michigan City, Ind. George Boucher, of Benton Harbor, was sentenced to a term of years for breaking his parole, but had confessed to the murder of Hawken. He was convicted on circumstantial evidence, it is said.

TWO DAUGHTERS FIND THEIR MOTHERS DEAD. Supposed Murderer at Chicago Dying from Bullet Wounds Believed Self-Inflicted. Chicago, March 30.—Mrs. Catherine Morris and Mrs. Sarah Sallans, lifelong friends and neighbors in the crowded West side, were shot to death while at work in their homes today. Peter Welter, a neighborhood character and a boarder in the Sallans home, was found hiding in a closet of his home, fatally wounded from two bullet wounds. He is suspected by the police of having killed both women and then attempting suicide.

Mrs. Sallans, wife of a clerk employed by the county, was found by her five-year-old daughter Catherine. A trail of blood led to Welter's room. When an entrance was forced into the room, Welter staggered out of the closet with a revolver in his hand. He is expected to die tonight. "A man shot us," was his only statement tonight.

Welter was seen in the Morris home this afternoon, according to W. A. Haggard, an undertaker. Mrs. Morris' husband was buried a week ago and Haggard called to collect his bill today. Welter answered his ring to the door, he said, and told him no one was at home.

Mrs. Morris was found by her eight-year-old daughter Catherine. "Welter was queer, but he had been a friend of my father's so long none of us paid any attention to him," said Miss Morris.

Amrose Sallans said Welter had discharged a revolver from his window several weeks ago, but that he had told his father nothing of it, in order to save the boarder from trouble.

The police believe Welter attacked the two women while partly intoxicated and said there was no evidence that he attempted any robbery.

Koetters' Fate Rests With Jury. Chicago, March 30.—John R. Koetters, charged with murdering Mrs. Emma Kraft, a widow, of Cincinnati, after he had tried of her, will not know his fate until tomorrow morning. The jury, which retired at 4 o'clock, could not reach an agreement and at 10 o'clock Judge McDonald announced that if a verdict should be reached it should be sealed and opened tomorrow morning.

Mrs. Kraft was found in a room in a downtown hotel in November, 1912. She had been beaten to death with a hammer.

HARVEY WILEY II INFANT PRODIGY. Aged 23 Months and Speaks Latin as Well as English, Says Proud Father. Madison, Wis., March 30.—Dr. W. H. Wiley, famous pure food advocate, who is here this week, says his twenty-three-months-old boy speaks Latin as well as English.

"The proper training for infants and young children," Dr. Wiley said today, "consists in pure food and good language."

The greatest delight of Wiley, Junior, from the standpoint of his father, is when he goes walking with his father and receives his daily lesson in Latin, which he masters eagerly.

"Harvey Wiley II has never had any meat or poultry," said the proud father today. "He has never had any candy, sugar, ice cream, sweet cookies or other foods of that kind. I need not add that he has never had any tea, coffee, chocolate, beer, wine or whiskey. He is a perfectly developed boy, enjoys life immensely and calls his meals by the uniform name of dinner."

LANDSLIDE THREATENS TWO ITALIAN VILLAGES. Venice, March 30.—A great landslide threatens the villages of Clanzetto and Vitodisio, in the province of Udine. Parts of the villages, which are inhabited by about three thousand persons each, have already been excavated, in the fear of more extensive slides, which are caused by the overflowing of the riviera.

ADVICES FROM TORREON FIGHT ARE CONFUSING

Battle Continues, It Appears, but There Is Yet No Convincing News of the Results—Advices from Federal Sources Report the Rebels in Flight.

As the Constitutionals Have It, Huerta's Men Are Cut Off from Mexico City, Now Hold Only the Main Barracks and Are Offering Conditional Surrender.

BULLETIN. Juarez, Mex., March 30.—The rebel and federal forces at Torreon are still engaged in battle, it was learned tonight. This information came from Roberto V. Pesquera, confidential agent of the Constitutionals in the United States, who recently arrived here from Washington. No details were given.

BULLETIN. Eagle Pass, Tex., March 30.—Refugees who reached Piedras Negras, Mex., from the vicinity of Monclova today reported that General Garcia had wiped out several bands of federal fugitives from Torreon. Maudia has been operating between Monterrey and Torreon and is reported to have isolated Torreon from all communication with Mexico City and other federal forces at Monterrey and Saltillo.

Claims Are Conflicting. Juarez, Mex., March 30.—No reports of a convincing nature were received from the front today. What appeared to be a telegram from Major Roque G. Garza said that the taking of Torreon was a matter of hours, but it was recalled that last Saturday night General Villa thought it was a matter of minutes.

Later General Chao stated that General Carranza had received a telegram from Villa to the effect that the rebels had taken all positions in Torreon except the main barracks, which the federal forces were still defending, and that General Velasco, the federal commander, had made a conditional offer of surrender. This, it was said, Villa was considering.

Meanwhile, the federal sympathizers on the El Paso side were deriving great comfort from telegrams said to have come from Torreon and the City of Mexico. These had it that the rebels had been put to disorderly flight from Gomez Palacio, Torreon and Lerdo.

TERRE HAUTE CHAUFFEUR TELLS OF TAKING REPEATERS TO POLLS ON ELECTION DAY. Terre Haute, Ind., March 30.—Walter A. Myers, a chauffeur, testifying for the state in the trial of Mayor Don M. Roberts, charged with conspiracy to corrupt elections, today declared that he had worked for Roberts three days last December hauling repeaters to the different precincts. The witness said he drove one party of four men to a precinct where they registered, returned to the automobiles, where they changed hats and coats and then went to another precinct and again registered. He said that he later returned the men to the Democratic headquarters, where they obtained more cards with names and addresses written upon them and then drove them to other polling places.

LETTER TO MAYOR SAYS BOY THOUGHT KIDNAPPED IS IN NEW YORK CITY. Philadelphia, March 30.—A telegram stating that Warren McCarrick, the seven-year-old boy who was kidnaped from his home here on March 12 has been in New York "since he was kidnaped," was received by Mayor Blansburg tonight. The message, which was signed "Elizabeth Vail," read: "Warren McCarrick has been in New York city since he was kidnaped. Registered letter will follow. Do not pay reward. Trust he will be returned to his parents soon."

"The mayor at once turned the telegram over to the captain of detectives who reported the New York police to trace the sender."

TOLEDO STREET CARS CARRY FREE PASSENGERS WHO OFFER THREE PENNIES AS THE FARE. Toledo, O., March 30.—Judge John M. Kilts, of the federal court, late today refused to grant the injunction by which the Toledo Railroad & Light company sought to prevent the city from enforcing the three-cent fare ordinance passed recently by the city council. The judge held that relief should be sought in the state courts.

There was no change tonight in the company's policy of refusing to accept three-cent fares, and all patrons who offered three pennies to conductors were carried free.

PRESIDENT PROMISES TO LOOK INTO CASE OF POSTMISTRESS TYLER. Washington, March 30.—President Wilson today promised Miss Mattie Tyler, granddaughter of former President Tyler, to personally investigate her case and do what he could to conciliate her as postmistress at Courtland, Va. Postmaster General Burleson recently appointed B. A. Williams, who has his commission but has not yet taken charge of the postoffice. Miss Tyler appealed personally to the president, charging that a clique of Virginia politicians had displaced her.

THE DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY

The Mining Journal Company, Limited.

Issued daily except on Sundays. Contains Associated Press dispatches, and is especially devoted to the Upper Peninsula interests.

Subscription Rates: Per year, by mail, \$6.00 Per month, by carrier, .60

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

TUESDAY, MARCH 31, 1914.

A FIELD FOR IT.

It is not necessary to look beyond the limits of one's own town to have an accurate understanding of how the automobile industry has grown.

The proposers of the Marquette Motor club have listed 100 names of owners of machines. While this list is not complete, for there are intended purchasers who have not yet placed orders, it indicates a 25 per cent increase in the number of persons owning machines here, compared with last year.

The organization of a Motor club thus becomes imperative, if the motorists and the public are to have the most convenient and safest use of the roads. The educational work of the club will supplement the efforts of the officers in securing a proper policing of the highways and a decent observance of the rules of the road that will gladly be accepted by all motorists.

Presumably the club will do something to improve the manners of some motorists who in the past have been conspicuous offenders against the comfort of others and have shown no sense of obligation to behave themselves like gentlemen when they were driving cars.

THOSE GARDEN SEEDS.

When the editor of the Fort Plain (N. Y.) Standard received his usual spring reminder of congressional garden seeds a few days ago, he turned to the columns of his esteemed and highly respected newspaper to express his feelings, with this result:

Away with doubt, away with fear! At last I know that spring is near, for Samuel W., our M. C., has had the mail bring right to me a lot of seeds that sure will grow, for Uncle Sam has told me so. I find that I'm to have some beans, also some beets, and with them greens. Of squashes I will have enough to warrant the giving of this puff to one for whom I did not vote and whose election got my goat.

DECLINED WITH THANKS.

At the meeting of the Republican state central committee at Detroit, State Chairman Grosbeck presented his resignation, saying that as he was a candidate for governor there was a certain impropriety about his continuing to fill the foremost official position in the party he was asking to honor him.

The attitude of the state central committee may mean one of several things. What it probably means is that the gentlemen who were officially in charge of the Republican party in Michigan at the time, in 1912, the influence of the organization was being exerted to misrepresent the voters of the state, and at the time of the disgraceful proceedings of the Bay City convention, have determined to stand close together and by simulating a bogus progressivism to see whether they cannot slide back into a status of power in the politics of the state.

The suggestion that Mr. Grosbeck should resign has come from many quarters, including as dependable a Republican paper as the Grand Rapids Herald, the force of whose endorsement of it is in no manner lessened by the fact that its editor may himself be a candidate for governor. It is a suggestion wholly in line with the principle of the "square deal," for certainly it is not fair to the other candidates that a man who is opposing them shall occupy the foremost official position in the party, one that he cannot well avoid turning to his personal advantage.

Mr. Grosbeck should not have heard of any declination by the state central committee of his resignation. It was so clearly called for by existing circumstances and so clearly a step that a fair dealing man owed to himself that he should have made it clear to the committee that he would not be denied his purpose to put himself on an equal footing with the other Republicans who are aspiring to the nomination for governor. That he failed to do so suggests, instead, that unless he had been pretty well assured in advance that his resignation would not be accepted he would not have been at the risk of presenting it.

SNOW AND CROPS.

There are compensations for both a cold winter and for deep snow. Experts of the department of agriculture at Washington affirm that prospects for big crops this year are particularly bright because of the number and frequency of the snowstorms through which the country has passed. What is more, there is no occasion to wish for the early removal of the snow. Dr. J. A. Bonesteel of the bureau of soils says: "If this snow blanket will only take its time in departing we will have a better crop start this year than for several seasons. To date conditions could hardly be more ideal." This is due to the replenishing of the "snow blanket" by the various storms of February and March. The corn belt will be benefited especially, says Dr. Bonesteel, because last year there was a depletion of the crop through a long drought. The heavy snowfall and the gradual melting of the deposit will provide the necessary moisture, and the crop-grower will start out under most encouraging circumstances. Snow is a partial insurance against drought. It enriches the soil and is in every way a good crop producer.

Postmaster General Burleson has summarily dismissed from the federal service one James F. Singer, postmaster at New Freedom, Pa., because it has been shown that to obtain the appointment Singer has entered into a bargain to pay \$75 annually to certain Democratic party officials, to be used for party purposes. Numerous other charges of similar traffic in appointments are under investigation by the federal officials. The decisive action of the postmaster general is depended on, however, to put an immediate end to the objectionable practices.

Make the curfew ordinance workable and carry an emphatic message to delinquent parents, and there will be less stealing about the number of youngsters about the streets at night. To be sure, however, there are many persons who continue of the opinion that the amount of offending of this kind has been considerably exaggerated by persons who have been guided in their estimates by common report, rather than by definite information.

"We'll hang Champ Clark on a sour apple tree" will likely become one of the administration Democrats' rallying calls, if the speaker does not guide his steps with discretion.

The organization of the county fairs of the upper peninsula into a circuit which shall book amusement attractions in common, or at least in accordance

with some well considered plan, is a step that should help appreciably to give the counties that support fairs better annual shows. For the same expenditure they should be able to secure better attractions than they have been able to get in the past, and this will reflect itself in more generous returns at the gate. Harmony of action between the managers of the several fairs should beget results that will in the long run put all of them on a much more satisfactory basis than they have yet attained.

In other years this has been the period of the greatest effort preliminary to our annual spring election. But the annual spring town election has now, as far as Marquette is concerned, been stored away beside the door. Such town elections as we will hereafter have will be staged in the winter, when the usual frigidities of the atmosphere should have a corrective influence, and prevent anyone from getting overheated.

The president has his cabinet, while the congressman has to think for himself, therefore, argues Mr. Clark, a president does not need as much sense as a congressman. But Mr. Clark has not failed to notice what a secondary part the cabinet is playing in the present administration. Therefore, he might have gone on to comment that the sitting President needs a great deal of sense.

The remnants of the Ulster army crisis remain, to give the foreign correspondents something to write about.

STATE PRESS

Well, father, how are you fixed against the financial strain of the Easter bonnet?—Pittsburg Press Gazette.

In the campaign of the railroads we have not noticed "Safety First" stenciled on any of the baggage smasher's hats.—Lansing State Journal.

The appearance of a woman at the door caused two Detroit robbers to beat it from a store they had intended to rob. The police should look for two married men.—Detroit Times.

Fifty Saginaw sport-lovers were pinched at a cock-pit. Saginaw is the home of the president of the Michigan Association for the Protection and Propagation of Game.—Grand Rapids News.

The Detroit hotel clerk who was held up by a bandit knows now how some of us up-state fellows feel when we pay our hotel bills in the "city where life is worth living."—Port Huron Times-Herald.

"Watchful waiting" may be rewarded after all. Huerta is said to be out of finances, and if this be so then he can buy no more champagne and brandy, and this means capitulation.—Bay City Times.

Saginaw News says "the people will support the Pere Marquette." Information from towns along that road and from the courts indicate it is sorely in need of support by someone.—Jackson Citizen-Peace.

The pastor of a prominent church in New York has set aside two pews for the chauffeurs who drive his parishioners to church. But perhaps the chauffeurs prefer to stay outside and tinker with the carburetor.—Detroit Free Press.

TIMELY QUIPS

Never! Kentucky passes a state-wide prohibition bill, but nobody will believe it has anything to do with the liquor question.—New York American.

Symbolism. The protruding tips of the croissants do very well as symbols of progressivism, but the lifting temperature is entitled to consideration.—Cleveland Plain Dealer.

Of Course Not. Perhaps it has been noticed that none of the criticisms of Mr. Ford's profit-sharing plan come from employees of Mr. Ford.—Cleveland Leader.

Artistic. Moreover, the motion picture actor is never greatly inconvenienced by a hoarse voice, with the possible exception of the stage manager's.—Chicago News.

Sporty. Manager McGraw of the New York "Gints" receives a salary of \$30,000 a year, but nobody has emitted a wail concerning the high cost of baseball.—Chicago Record Herald.

Facts. It is more important to keep treaty pledges than party pledges; and it is more vital to deal honestly with the

Bell System

When the telephone is out of order report the fact to the Repair Department.

If you should be unable to get the person you want at the number given in the Directory ask for the Information Operator.

To reach new subscribers not yet listed in the Directory call Information Operator.

To make a telephone contract call the Commercial Department.

If service is unsatisfactory do not complain to the operator; call the Supervisor.

Telephone operators are schooled to use only specific phrases relating strictly to their work. Conversation with you would block other calls.

K. S. Baker, Manager Telephone No. 5.

American people than to do either.—Pittsburg Dispatch.

Too True!

One of New York's streets exploded the other day. It seems to be in the very soil of the town.—Omaha Bee.

A LAUGH OR TWO

Poor Joe!

Mrs. John Astor, who is a strong supporter of the equal suffrage cause, recently gave a delightful address to a fashionable audience in Newport on the suffrage question.

"But I must stop talking, or you will be reminded of the poor man who died. Someone asked what poor Joe's last words were, and a friend replied: 'He had no last words. His wife was with him to the end.'"

The Male Tangoer.

Finley Peter Dunne (Mr. Dooley) said at a dance at Sherry's in New York. "There are seventy-two steps in the tango, girls, dancing these seventy-two steps beautifully. But look at the men!"

Mr. Dunne exploded with mirth. "Just look at the men! These poor wretches, wrestling with the tango's seventy-two steps, remind me of a widower. As this widower, the evening of his wife's funeral, brooded before the fire a friend patted him on the shoulder and said: 'Don't take it so hard, old man. Why, any one, to look at you, would think you were dancing the tango.'"

Raphael's Prices.

"The 'Panshanger Madonna' of Raphael has been purchased by P. A. B. Widener, for \$200,000. Of this picture George B. Lusk, the well known New York artist, told a story recently.

"A friend of mine in Washington square," he said, "was showing his canvases to a lady from Wawa.

"And here, madam," says he, "is an exact copy of the Panshanger Raphael which Mr. Widener has just bought for \$200,000. And all I ask for it is a \$5 bill!"

"OUCH! RUB BACKACHE, STIFFNESS, LUMBAGO"

Rub Pain Right Out With a Small Trial Bottle of Old "St. Jacob's Oil."

Kidneys cause Backache? Not! They have no nerves, therefore can not cause pain. Listen! Your backache is caused by lumbago, sciatica or a strain, and the quickest relief is soothing, penetrating "St. Jacob's Oil." Rub it right on the ache or tender spot, and instantly the pain, soreness, stiffness and lameness disappears. Don't stay crippled! Get a small trial bottle of "St. Jacob's Oil" from your druggist and limber up. A moment after it is applied you'll wonder what became of the backache, sciatica or lumbago pain. "St. Jacob's Oil" is harmless and doesn't burn the skin. It's the only application to rub on a weak, lame or painful back, or for lumbago, sciatica, neuralgia, rheumatism, sprains or a strain.

"What's the cause of the difference in price?" said the lady from Wawa.

"Competition, madam," said the artist. "The business isn't what it used to be."

Modern Morals.

Senator Joseph E. Ransdell was talking in Washington about his bill for the abolition of divorce.

"The bill's object," he said, "is to objectify, of course, to reduce immorality, loose thinking, loose speaking.

"Don't take it too seriously—but here is an episode that throws a light on modern morals.

"A business man came home unexpectedly one morning and found his little son busy at his wife's dressing table.

"What on earth are you doing there, my lad?" he asked.

"I'm mixing quinine with mother's face powder," the youngster answered. "She's going motoring with Mr. Smith. Won't she taste bitter?"

His Revenge.

Norman Hapgood was condemning, in New York, a certain type of politician.

"These fellows," he went on, "instead of fighting for the people they represent are very much like Jones.

"Jones sat in a barroom one Saturday night with a party of cronies, when one of them, Billy Croft, was called away by his wife. Billy rose hurriedly, leaving his glass of beer on the table.

"A few minutes afterwards Jones' little boy ran into the bar crying: 'Father, mother's bin a-jawin' with Billy Croft's wife and Billy has hit mother on the nose!'

"Jones jumped up, but then, on second thought, he resumed his seat and muttered savagely: 'The coward! Hit mother on the nose, did he? Then I'll drink his beer.'"

Magazine, Poet's Dreams.

Apropos of Marshall R. Kerochian, a magazine poet said: "To make \$30 a year out of music is pretty good. It's as much as I, a successful poet, make out of verse.

"When they see my poetry in all the magazines people think that I live at the Ritz-Carlton. Alas, they don't know the magazine poetry rates.

"A young woman said to me the other day: 'I like your poetry so much. I have often heard the expression beautiful as a poet's dream. Tell me, what are poet's dreams like?'

"Well, my dear young woman, I replied, 'mine are usually about three square meals a day, clean linen and an occasional five-cent cigar.'"

EDITORIAL OPINION

The Forty-Three Investigations.

It's a marvelous record that congress has made in the last three years—forty-three special investigations and not a vital wrong righted, not a bad condition corrected, not a new fact brought to light; only a miserable dole of the nation's money wasted and the legislative department of the national government transformed from a dignified, honorable law-making body into a convention of snoots.

In all these investigations that have been carried on by special or regular committees there has been very little if any attempt at constructive work. In the rare instances where the probes have been legitimate, as in the investigation of Mexican conditions, the reports have been sidetracked. The whole tendency has been destructive. There has been a persistent effort to tear down rather than to build up.

Personal reputations have been besmirched without benefit to the country. Business has been attacked and injured, prejudices and hatreds have been inflamed, attacks by one class upon another have been encouraged, a general condition of distrust has been fostered—and not one useful purpose has been served.

And what has been the object of all these probes, of these nosing into some public and private affairs which have constituted a great part of the investigations? Is there not room for the charge that the motive has been political rather than moral or patriotic? Is it not a fair inference that in a large degree the general good of the country has been subordinated to selfish and disreputable partisan schemes? May it not be fairly alleged that time and energies which should have been diverted to the general good of the country have been diverted by the Democrats in an effort to injure the Republicans and to curry favor with the labor trust whose president and dictator is Sam Gompers?

It is not a fact that every sort of scandalous slander has been followed up and made the subject of solemn investigation in the hope that it might hurt either the opposing political party or those upon whom Mr. Gompers has set his seal of disapproval?

What has been the concrete result of all these investigations, of all this expenditure of money, of all this stirring up of distrust, of all this besmirching of the honesty and intelligence of the people of the United States in the eyes of the nations of the world has already been suggested. But there is at least one other important result, a result not foreseen and certainly not intended by those members of the Democratic party who have been responsible for the investigations. This result is the vindication of the administration of public affairs by the administration of public affairs.

This vindication comes, not through any act of the people, but through the very failure of the Democrats to make good on any of their accusations.

If there are to be any more investigations it seems a fair question whether the next one ought not to be an inquiry into the sanity and motives of the present Democratic congress and the one immediately preceding it.—Detroit Free Press.

Single Chambered Legislatures.

Oregon continues one of the legislative experiment stations, though its present course in the respect is not as great as formerly. Ohio, among others, has been doing some experimenting on its own account.

But from Oregon comes the suggestion in concrete form that the familiar bicameral form of government be abolished in favor of the single-chambered legislature. It is more than a suggestion, however; the movement for the submission of such an amendment to the constitution is reported already under way.

It will be remembered that Chief Justice Nichols of the Ohio supreme court, addressing a Cleveland audience recently, said he believed the time at hand when a state might well abolish one branch of the general assembly and have its laws enacted by a single chamber. How sound the suggestion may be, take the form of an actually proposed amendment it would be useless to speculate, but in all probability the voters of the state will some day in the not distant future pass upon precisely that proposal.

The English house of lords has been deprived of virtually all power in legislation. The commons attended to that, upon an indefinite mandate from the electorate, depriving the lords of their traditional veto power upon popular legislation.

Two-chambered legislatures no longer accomplish what they were established to secure. There will surely be dispute as to that. Conditions touching the relationship among co-ordinate branches of government have so changed in the course of years that some readjustments seem desirable. Constitution makers a century ago insisted on "checks and balances," but the people in recent years have established others of their own; they have less need of the old one.

When voters, beset by the fact that state senates are superfluous state senators will be abolished. There is nothing sacred in a bicameral plan.—Cleveland Plain Dealer.

Speaker Clark's Rebellion.

We have never believed there was any sincere loyalty to President Wilson by Speaker Clark. The two are fundamentally and temperamentally at different poles. The former is a progressive, clear-cut and well-balanced; the latter is a typical reactionary with very much the fears and prejudices and tastes of stand-pat Republicanism. His sympathies are with privilege, property and vested interests first and the people second. That is why he has been a smoldering volcano in the administration camp—that and his defeat for the nomination for President.

Mr. Clark's talk about throttling the house and free speech and the canal toll repeal bill is pure sophistry. The house has not been liberated under his speaker-ship and free speech depends upon the speech, while as for the repeal bill Mr. Clark, we are led to believe, is interested in that merely as an opportunity to show his real attitude toward the administration of Woodrow Wilson.

We do not, however, believe his rebellion will win. The people of the United States are for maintaining the honor with Great Britain and they are against ship subsidies. The Democratic party might weaken on both if left to itself, but fortunately it has a statesman and a leader at the head of its affairs, who, supported by public opinion, is certain we think to prove too formidable for the Clark-special-interest wing of the party.—Saginaw News.

Classified Want Directory

WANTED. WANTED—Good cook; also second maid. Good wages to right party. Mrs. S. J. Mitchell, 232 E. Ridge street. 3-31-14

WANTED—Young lady stenographer with five years practical experience in stenography and general office work desires position. Can furnish A. No. 1 references. Address M. care Mining Journal. 3-31-14

WANTED—First-class barbor, \$17 a week guaranteed. No more work. Address Walter G. Anderson, Waukegan, Mich. 3-30-14

WANTED—Experienced waitresses. Twenty dollars a month if you stay six months. New York Hotel, Virginia, Minn. 3-30-14

NOTICE

Notice is hereby given that I, John D. Ross, as the legal owner of bounty land warrant No. 11478, for 60 acres, located under Act of March 3, 1855, in the name of William Hall, and that said warrant having been filed in my name, application to the commissioner of pensions for a duplicate. 2-26-14 JOHN D. ROSS.

NOTICE OF SPECIAL ASSESSMENT.

To Arthur H. Palmer, Arthur P. Baker, Henry J. Thieriot, J. E. Lehtinen, M. M. Loughear, and to all other persons interested. Take Notice, That the roll of the special assessment heretofore made by the acting assessor for the purpose of defraying that part of the cost which the commission decided should be paid and borne by special assessment, on the construction of a twelve-inch tile sewer, with lampole and Ys, in Hemitate street, from the manhole in Third street to the manhole in Presque Isle avenue, is now on file in my office for public inspection.

Notice is also hereby given that the commission and assessor of the City of Marquette will meet at the City Hall in said city on Monday, the 6th day of April, A. D. 1914, at 7:30 o'clock p. m., to review said assessment, at which time and place opportunity will be given all persons interested to be heard.

Dated, Marquette, Mich., March 19th, 1914. DANIEL S. DONOVAN, City Clerk.

Coal. The effort to get the coal industry out of the hands of the financiers and into the hands of the people is a noble one. It is a step towards the realization of the dream of a coal industry that will be controlled by the coal miners themselves. The coal industry is one of the most important in our country, and it is one that has been controlled for many years by a few large corporations. It is time that the coal miners should have a say in the management of their own industry.

Third St., Opposite Postoffice.

Minutes Mean Dollars

IN TREATING ANIMALS

Don't lose your money on the danger of delayed treatment of colic and other diseases. You will realize that wrongly applied remedies are often worse than no treatment at all. In other words, not to diagnose a disease accurately may prove fatal. Every owner should be able to recognize an ailment and give correct treatment at the first symptoms. Prompt action is the great secret of treating horses.

Minutes mean dollars. Of course proper treatment is always necessary. That is just how Humphreys' Veterinary Manual will prove so valuable to you. It is by P. Humphreys, M. D., V. S., and teaches how to diagnose and give proper treatment.

This book will save you hundreds of dollars and costs you nothing. It is sent absolutely free on request to any farmer in order to take the book.

(Humphreys' Veterinary Manual. Remember, it is absolutely free. You do not have to order any remedies, or pay for the book. Address: Humphreys' Veterinary Manual Company, 126 William Street, New York City. This is a splendid opportunity to obtain a veterinary treatise that you should have in your library. As a reference work you will find it invaluable. To have it in the time of need will be worth many dollars where it will cost you but a cent.

MOTHER GRAY'S SWEET POWDERS FOR CHILDREN.

A Certain Relief for Feverishness, Constipation, Headache, Stomach Troubles, Teething Disorders, and Diarrhea. Trade Mark. Do not accept. Beware of cheap imitations. In 24 Hours, at All Druggists, or by Mail, \$1.00. Address: M. S. OLMSTEAD, Le Roy, N. Y.

There is a woman who has been cured of her troubles by using Mother Gray's Sweet Powders for Children. She writes: "I have used your Sweet Powders for Children and I feel that I can never thank you enough for what you have done for me. I have been suffering from a long time with a very bad case of indigestion and I have been unable to eat anything. I have been very nervous and I have been unable to sleep. I have been very weak and I have been unable to do any work. I have been very miserable and I have been unable to enjoy life. I have been very sad and I have been unable to smile. I have been very lonely and I have been unable to talk to anyone. I have been very tired and I have been unable to get up in the morning. I have been very ill and I have been unable to see anyone. I have been very unhappy and I have been unable to live. I have been very miserable and I have been unable to breathe. I have been very sad and I have been unable to cry. I have been very lonely and I have been unable to talk to anyone. I have been very tired and I have been unable to get up in the morning. I have been very ill and I have been unable to see anyone. I have been very lonely and I have been unable to talk to anyone. I have been very tired and I have been unable to

Copper Country

FOES OF SOCIALISM ORGANIZE LEAGUE

Finnish People of Copper Country Launch Movement Planned to Be National in Scope.

A demand among Finnish people of the copper country that some concerted action be taken to oppose the doctrine of socialism resulted in a meeting at the Red Jacket town hall Sunday evening and the organization of the Finnish Anti-Socialist League, which it is proposed to perfect into a national organization.

The purpose and object of the organization, as stated in the by-laws and constitution, is "to uplift and maintain the honor and reputation of the Finnish people; also to assist Finnish aliens in procuring for themselves American citizenship rights. By all honorable and reputable means it will endeavor to prevent any and all socialist propaganda work or such movements among our people as disregard religion, morality, national pride and the laws of our country, and which thereby lower the standard, honor and reputation of the Finnish people and injure our people morally as well as financially."

The meeting was attended by many Finns, not only from Calumet but from out of town. Oscar Keckonen of Calumet presided as temporary chairman.

Branch leagues are to be organized at once in other parts of the district. Later leagues will be perfected in northern Minnesota and in other parts of the country, all with the same purpose in view, that of fighting socialism, uplifting the honor and reputation of the Finnish people and enabling newly arrived Finnish people to attain to the rights of full citizenship.

It is proposed to hold a meeting in the near future especially for the Finnish farmers of the copper country. The socialist leaders, it is said, have been very active among the Finnish farmers. It is believed and hoped that the work already done in this direction by the socialist workers can be counteracted effectively.

The executive committee of the league is now formulating plans for future work and meetings.

Officers were elected Sunday evening as follows:

- President—N. A. Lempea.
- Vice President—Oscar Keckonen.
- Secretary—Dr. O. H. Soran.
- Assistant Secretary—John Kivela.
- Treasurer—Henry A. Kitti.

Executive Committee—The officers and the following: Daniel Hirvela, William Nisila, Andrew Jetta and Gus Kauppinen.

All Finnish people who are opposed to socialism may become members and their applications for membership will be accepted by members of the executive committee. The membership fee is \$1 per year.

A special point is to be made of the naturalization work of the league. Finnish people who are newly arrived in the country or those who have been here for years but who have not become American citizens will be assisted and coached in every possible way and will be encouraged to become citizens and voters.

The league will have a legal department, which will champion the cause of Finnish people or league members who have been or will be attacked in the socialist publications of this or any other community.

COAL FIRE EXTINGUISHED.

The efforts of the M. Van Orden company to extinguish the fire that had raged in its 18,000-ton coal pile for the last three weeks have met with success. The fire has been wholly extinguished. The flames started in a pile of Pocahontas coal, a variety that is more oily than others. Spontaneous combustion is believed to be the cause. The loss is several thousand dollars.

IN ALL OUR NEIGHBORHOOD

There Is Hardly A Woman Who Does Not Rely Upon Lydia E. Pinkham's Vegetable Compound.

Princeton, Ill.—"I had inflammation, the back of my neck and a weakness all caused by female trouble, and I took Lydia E. Pinkham's Vegetable Compound with such excellent results that I am now feeling fine. I recommend this compound to all. I shall be glad to have you publish my letter."

There is scarcely a neighbor around me who does not use your medicine."—Mrs. J. F. JOHNSON, R. No. 4, Box 30, Princeton, Illinois.

Experience of a Nurse.

Poland, N. Y.—"In my experience as a nurse I certainly think Lydia E. Pinkham's Vegetable Compound is a great medicine. I wish all women with female troubles would take it. I took it when passing through the Change of Life with great results and I always recommend the Compound to all my patients. I will gladly do all I can to help others to know of this great medicine."

—Mrs. HORACE NEWMAN, Poland, Herkimer Co., N. Y.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

If you want special advice write Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass.

MINING STUDENTS REHEARSING PLAY

M. C. M. Men to Present "The Plaid Mackinaw" in Various Peninsula Cities.

The cast for "The Plaid Mackinaw," which will be produced by Michigan College of Mines students during their spring vacation, has been selected. Rehearsals of the various choruses are being held every day and the company as a whole rehearsed three times a week. Many of the dances were taught last fall, before it was known whether it would be possible to produce a play this year.

"The Plaid Mackinaw" is a musical comedy written especially for the Michigan College of Mines. The book, lyrics and music are the work of M. C. M. students or alumni. In choosing the scene for this play the authors have departed from the tropical setting of "In Tobar" and "The Red Streak" and have laid the scene at a Hudson Bay company post in the Canadian north woods. This will necessitate new scenery, and this is now being designed by the stage carpenter and property man. The last play, "The Red Streak," was a profitable venture and as a result the Michigan club is well prepared financially to present a play this year.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

gold country, Yeatman, on looking back saw Sutton disappearing, horse and all into the quicksand. By a quick piece of engineering, involving the devising of an impromptu bridge, both rider and horse were rescued. For a number of years of the class of 1890 of the Michigan College of Mines, one of the first classes graduated. Yeatman's latest engineering feat is the opening up of the greatest copper property in the world, the Chuquibambilla mine in Chile.

ODD FELLOWS' ASSOCIATION.

New Officers Elected—Reunion Date to Be Chosen April 18.

At the annual meeting of the Copper Country Odd Fellows' association, comprising all of the Odd Fellows and Rebekah lodges and all encampments and caucuses in the copper country, at Lake Linden Saturday night, the following officers and committees were named:

- President—Alfred Sawdon, Pilgrim lodge, Houghton.
- Vice President—John Lawler, Keweenaw lodge, Mohawk.
- Second Vice President—Mrs. Grace Richards, Ivy Rebekah lodge, Calumet.
- Secretary—Edwin Northey, Hecla lodge, Calumet.
- Treasurer—Wallace Middlemiss, Lake Linden lodge.
- Executive Committee—William Bennett, Charles Selvein, Charles Lasaga and Mary Melonno.
- Entertainment Committee—Grace Riens, Mrs. Mary Swatters, William Taylor, John Angove and John Mitchell.

The association will meet at Calumet April 18 for the purpose of selecting the time and place for the annual reunion picnic.

FORMER HANCOCK MAN.

Albert G. Bryant, Prominent in Peace Movement, Once Lived There.

Albert G. Bryant, of Boston, representative of the World Peace federation of the International Arbitration society, was guest of honor at a peace banquet in Detroit last Friday night. Mr. Bryant's mission in Detroit and Michigan is to induce the governor to appoint a committee of forty or fifty members, to be known as the Michigan State Peace commission, which shall advise with similar committees in other states on matters of international policy and shall report the general sentiment of the nation to the administration at Washington.

Mr. Bryant is a former resident of Hancock, having been engaged in the insurance business in that city some years ago with the late E. L. Wright. His father still lives at Hancock.

OBITUARY MENTION.

Michael Bruniak, of Franklin, seventy-five years of age, died Sunday afternoon following a long illness. The funeral will take place tomorrow morning at 9 o'clock, with burial in the old Catholic cemetery. Mr. Bruniak came to the copper country forty years ago. He is survived by three daughters, Mrs. Susan, Mrs. Steven Murphy and Mrs. Walter. He was born in Poland, a farmer living at Port, died Sunday afternoon at St. Joseph's hospital. Mr. Brown was taken to the hospital a week ago suffering from a paralytic stroke. He was sixty-three years of age and had been a week in the hospital. He is survived by two brothers, Michael of Port and James of Arkansas. The funeral will take place this morning from St. Patrick's church. Burial will be in Lakeside cemetery.

MINING COLLEGE NOTES.

The officers elected by the senior class of the Michigan College of Mines are: President, Eugene Carey, Port Huron; secretary-treasurer, Garrett F. Johnston, Hancock; toastmaster, Ralph B. Wiggins, Indiana, Pa. These officers have in charge of the exercises and ceremonies of class day, chief of which are the address to the graduating class and the class banquet. Class day comes just before the spring vacation, which begins on April 25. At this time many of the seniors finish their course.

The college is preparing a new directory of its graduates. It will probably be issued in small vest-pocket form and will give the addresses of the graduates and the positions which they now hold. The last directory, published in 1911, at the time of the celebration of the twenty-fifth anniversary of the founding of the college, contained the names of 571 graduates. This list has now been increased to 703. The record published at that time showed that all but 3 per cent of the graduates were engaged in mining engineering, and 150 were holding responsible positions, such as managers, superintendents or others of equal rank.

One of the men mentioned in Edward Mott Woodley's story, "Salary—\$300,000 a Year," about Pope Yeatman in the April McClure's, is L. B. Sutton, who, at the time of his death in June, 1911, was Yeatman's chief assistant engineer. One of the enterprises on which they worked together was the famous Copper River & Northwestern railroad in Alaska. Mr. Woodley tells how, in 1909, on one of their wild trips up into the Yukon

How to Make Better Cough Syrup than You Can Buy

A Family Supply, Saving \$3 and Fully Guaranteed.

A full pint of cough syrup—as much as you could buy for \$2.50—can easily be made at home. You will find nothing that takes hold of the ordinary cough more quickly, usually commencing its inside of 24 hours. Excellent, too, for spasmodic croup, whooping cough, bronchial asthma and bronchitis.

Mix one pint of granulated sugar with ½ pint of warm water, and stir for 2 minutes. Put 2½ ounces of Pinex (fifty cents worth) in a pint bottle, then add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

This is just laxative enough to help relieve a cough. Also stimulates the appetite, which is usually upset by a cough. The taste is pleasant.

The effect of pine and sugar syrup on the inflamed membrane is well known. Pinex is a most valuable concentrate, rich in guaiacol and other natural healing pine elements. Other preparations will not work this combination.

This Pinex and Sugar Syrup remedy has often been imitated, but the old successful mixture has never been equaled. It is now used in more homes than any other cough remedy.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

WILL GIVE ADDRESSES TODAY.

President Kaye of Northern Normal to Lecture in Houghton.

Superintendent J. A. Doelle of the Houghton public schools announced Saturday that President James H. Kaye of the Northern Normal school would address the students of the senior class and others interested this morning. The address will be given in the assembly room of the Central High school. Mr. Kaye will lecture on the subject, "The Profession of Teaching." This afternoon at 4:15 o'clock President Kaye will give an address on "Literature and Teaching" to the literary classes of the high school and the teachers of the schools. This address will be delivered in the lecture room of the Houghton public library. Teachers of the Hancock High school are asked to attend.

SPECIAL CARS TO CALUMET.

Hancock Will Be Well Represented at Declaratory Contest.

Principal Johnson of the Hancock High school has arranged with the Houghton County Traction company for special street cars to convey the Hancock delegates to Calumet Thursday evening. The occasion is the sub-district declaratory contest. At least two hundred persons from Hancock will attend.

The sub-district oratorical contest will take place at the Kerzede theater, Hancock, next Friday evening. Miss Harriet Petric, supervisor of music in the Hancock schools, has charge of the musical program. She has arranged the following numbers:

- "To Thee, O Country" (Gilchrist)—Eighth grade.
- "A Bird in Hand"—Lillian Truscott, Dorothy Mayworm and Miralda King, "Miners" grade.
- "In China"—Fourth grade.

At the contest at Calumet Thursday and at that at Hancock the following evening there will be chosen the declaimer and orator who will represent the copper country in the upper peninsula contest at Negaunee April 21. Superintendent Lee of Hancock is the chairman.

Hancock will not be represented in the Calumet contest Thursday evening. The students will attend to encourage the different contestants.

WILL GIVE LENTEN SERMON.

Prof. Wenley of the U. of M. to Speak at Houghton Thursday.

Prof. Robert M. Wenley, head of the department of philosophy at the University of Michigan, will give Houghton people an opportunity to view another side of his character at Trinity church next Thursday afternoon. He is to preach a Lenten sermon, Professor Wenley announces as his subject, "The Process of Religious Experience."

Such copper country people as have only a superficial knowledge of Professor Wenley may wonder at his appearing in a pulpit. There is some sort of a popular impression that he is an irreligious man and some people have gone so far as to accuse him of being an atheist, when as a matter of fact he is one of the great opponents of the doctrine of atheism.

Professor Wenley would have had no chance to back up, which worked out on Catholic (to him Catholic means Anglican) lines. He may explain his views somewhat in his Thursday afternoon sermon. In any event, the sermon is well worth listening to. Many of years he has delivered annually a series of Lenten sermons in St. Andrew's church at Ann Arbor. The sermon he will give here already has been heard in Ann Arbor.

Professor Wenley lectured in Hancock High school last night on "The American University as it Appears to a Foreigner." He will lecture in the principal towns of the copper country during the week as the closing numbers of the University of Michigan extension course.

POOL MATCH ONE-SIDED.

The Houghton Gazette pool team went to Calumet Sunday afternoon and administered a stinging defeat to the team representing the Calumet News. The game was for 100 points, and when the Calumet boys had had just a few many balls the News score showed up at just forty.

Gazette—Kneetges, Beaudoin, Lynch, News—Dalgo, Riopelle, Betzler. The Gazette team challenges any newspaper team in the upper peninsula and is particularly eager to play a telephone match with the Marquette Mining Journal team.

Markets

(From Geo. F. Ross, Ishpeming.)

BOSTON COPPERS.

The closing in the New York market Monday showed a slight advance, and this would indicate at least a temporary rally to come. Scattered selling of the Boston coppers still continues, but the demand is increasing. A more active market, with increasing speculation, appears in prospect. Monday's closing prices at Boston follow:

New York Stocks.

Prices in New York advanced moderately. Various reports were circulated to the effect that announcement would shortly be made relative to the personnel of the federal reserve board and that the complexion of same would be in keeping with the views of the finan-

First Thing in the Case

The Printer always picks is PEERLESS.

Not "Pi", Mr. Printer, but P-I-E. It's the real old toothsome pie for you, too, when you get hold of PEERLESS tobacco. You're never mused up when you've got PEERLESS. It's a rich, healthy smoke or chew; and the printer is glad of a chance to use printer's ink to tell the rest of the world how good it is.

PEERLESS Long Cut Tobacco

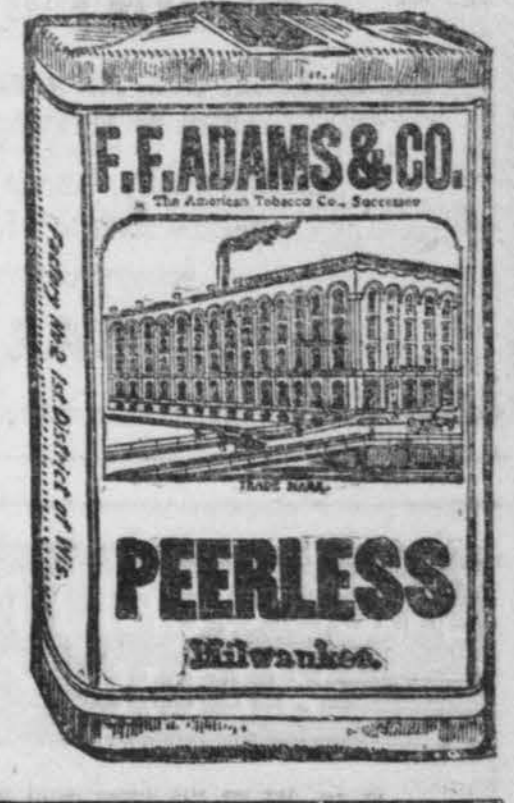

has been a prize favorite with printers and all live, hustling he-boys for fifty years.

We've kept PEERLESS quality right up to top notch for half a century. We don't let PEERLESS go out of the factory until the tobacco has been aged from three to five years, so that all the rich, mellow, natural sweetness of its Southern Kentucky leaf is at its best.

When you're tobacco hungry, you want clean, honest, juicy tobacco with some backbone to it. You never see a PEERLESS user switch to some other brand. He knows nothing can compare with PEERLESS for downright tobacco satisfaction.

A week's trial of PEERLESS will prove this to you—will make you a permanent user of PEERLESS. Sold everywhere in 5c packages.

Other sizes in 10c, 20c and 40c Packages, and 45c Tin Pails. THE AMERICAN TOBACCO COMPANY

NO FEAR OF FLOOD AT HANCOCK.

Street Commissioner Hosking gave Hancock assurance yesterday that there need be no fear of damage being done by the water rushing down from the sidewalks this spring. For the last month the commissioner has been keeping the sewers so that the water will have no chance to back up. Many cellars in the west end of the city are reported to have from one to six inches of water in them, but this is not due to any fault of the city. It is an annual occurrence and can be prevented only by the property owners making repairs to the foundations or taking other measures.

Nothing official developed but a few shorts nevertheless covered on the advance and, as a consequence, prices hardened somewhat, though the buying was not spirited. So much has been said about the necessity of freight rate advances that talk of that character is losing its influence as a market factor. More is heard of the extent of the short interest. It is thought that the interest will be utilized in the near future to provide a basis for a forward movement, as it is always very difficult to distribute obligations of fixed maturities when the stock list either has a sagging tendency or displays such little vitality as has been the case recently. The total sales Monday were 188,800 shares. Closing prices follow:

Upper Peninsula

Burned Out a Second Time.

When L. D. McDonald's planing mill at Pickford recently was discovered on fire, the blaze had gained so much headway it was impossible to check the flames. The fire originated in the engine room. A strong wind was blowing and the mill soon was like a roaring furnace. The sawing department was saved as it was protected by the brick wall of the engine room. Mr. McDonald figured his loss at between \$4,000 and \$5,000, with practically no insurance. The loss to customers on lumber in the mill for manufacture was about \$200. Five years ago last November Mr. McDonald's mill burned to the ground, the fire also originating in the engine room. It was a hard blow to him, but he managed to rebuild the following summer. He is as yet undecided as to again replacing the mill.

Strike of the Paper-Makers.

As previously reported, three hundred and fifty employees of the M. & M. Paper company at Marinette and Menominee are on a strike. All operations in the company's three big mills were brought to a halt. The walkout followed the outcome of a meeting between a committee of workmen and the officials of the company. "The loss of money is today paying higher wages than ever before in the history of the plant," said General Manager W. W. C. Hoskin. "On March 23 we raised the scale ten cents a day, or back to the old basis paid before the reduction that went into effect on Jan. 1. The company is unable to meet an additional increase of twenty-five cents a day." The strike is purely local and as far as is known no labor

To Cure a Cold in One Day

Take LAXATIVE BROMO QUININE tablets. Stop the Cough and Headache and work of the Cold. Druggists refund money if it fails to cure. E. W. Grove's signature is on each box. 25 cents.

Owns Much Timber.

The William Bonafas company has become one of the largest holders of timber lands in the upper peninsula. It has 64,000 acres in a compact mass in geographic county and operations are so extensive that the company is shipping 1,000 cars of logs a month to various mills. A considerable portion of the output is delivered to the paper mill at Niagara, the Kimberly-Clark company being allied with the Bonafas interests.

So Military Men Promoted.

By virtue of a special order issued by Governor Ferris, commander-in-chief of the Michigan National Guard, and signed by Brigadier General John P. Kirk and Adjutant General Roy C. Vandervoort, the following promotions affecting Company M of the 8th are announced, subject to examination, George H. Adams to be captain; Herman Osterman, to be first lieutenant. It is also provided that the commanding officer of Company M, Third infantry, shall at once order an election to fill the vacancy of second lieutenant, caused by the promotion of Lieutenant Osterman. The changes were made necessary by the recent honorable retirement of Captain Daniel W. Parnell, with pay. It is said that Sergeant Elmer Ashman is favored for the office of second lieutenant, and if he is elected to that office may for company promotions by election will be made all down the line.

Coughs and Colds Forerun Sickness

and should have immediate efficient treatment with SCOTT'S EMULSION because physical power is reduced or the cold would not exist.

Drugged pills and alcoholic syrups are crutches, not remedies, but Scott's Emulsion drives out the cold, warms the body by enriching the blood, and strengthens the lungs.

Nothing equals or compares with Scott's Emulsion in building the forces to prevent bronchitis, grippe or pneumonia. Avoid Alcoholic Substitutes.

This is the Stove Polish YOU Should Use

Black Silk Stove Polish

Makes a brilliant, silky polish that does not rub off or dust off, and the shine lasts four times as long as ordinary stove polish. Use on black stoves and on all hardware dealers.

Baking Powder Biscuits

Light as a Feather

By Mrs. Janet McKeen Hill, Editor of The Boston Cooking School Magazine

Baking Powder Biscuits made by this recipe are so far ahead of ordinary baking powder biscuits that, if concocted, they will never use any other recipe. Try it the next time you run short of bread. Save this recipe.

K C Baking Powder Biscuits

Three cups flour, 1/2 to 1/4 cup shortening, 3 level teaspoons K C Baking Powder, about 1 cup milk or water, 1 teaspoonful salt.

Sift three times, the flour, salt and baking powder. Work into the flour the shortening, using lard or butter for shortening. Then mix to a very soft dough with the milk. The softer the biscuit enters the oven, the lighter it comes out. Never knead baking powder biscuits; press the dough into shape and roll lightly. Cut in small shapes and bake on a sheet or very shallow pan in a hot oven. In placing biscuits in the pans, grease the oven, and allowing eight to ten minutes for the biscuits to cook. Small biscuits are better than large ones. Large biscuits do not have the proper amount of time to raise and bake.

DRUG STORE THIEVES

It is getting so that even the best of thieves and robbers discriminate somewhat in their selections.

For instance, burglars recently broke into a drug store owned by our good Nyalist, S. B. Jones, corner Baraga avenue and Third street, on the night of Feb. 4th. After helping themselves to money, stamps, etc., they directly went to the candy case. After looking over a complete stock of various lines of candy, they took out a box of Nylo Chocolates as their selection and naturally finished the contents of the box.

It is going some when even a robber in his haste will stop in his excitement to eat a box of Nylo chocolates. It would look as though even the elements of the under-world were reading Nylo advertising.

CHARLTON & KUENZLI, ARCHITECTS.

Marquette, Michigan.

City Brevities

Today's weather: Cloudy; not much change in temperature.

Yesterdays' temperatures: Seven a. m., 32 degrees; noon, 33; 7 p. m., 30; Highest 34 degrees; Lowest 30.

Jim Corbett spent the week-end in the copper country.

Charles Roberts, of Duluth, was a Marquette visitor yesterday.

Harold Little, of Ishpeming, is spending a few days with friends here.

Louis Eggers spent Sunday visiting friends and relatives in the copper country.

Wallace Eason, of Racine, Wis., called on the business houses of the city yesterday.

C. H. Robinson, of Battle Creek, was among the business visitors in this city yesterday.

Booth B. Goodman, attorney from Iron Mountain was in the city yesterday on business.

Miss A. M. Green is in St. Mary's hospital, suffering from an attack of rheumatism.

M. W. Jopling left last evening for Escumaba on a business mission. He will return this morning.

Mrs. E. R. Johnson, wife of Hall Master Johnson of the Marquette prison, is ill at St. Mary's hospital.

Norman Quarters has returned from the copper country, where he went to spend the week-end with friends.

Miss Anna McCarthy, who has been in the city for several days, returned to her home in Duluth last night.

S. E. Lantto, has accepted a position as traveling representative of the Huntington Tailoring company of Chicago.

Mrs. James Russell will leave this morning for Fond du Lac, Wis., where she will visit relatives for a few days.

H. A. St. John, general passenger agent for the L. S. & I. railroad, left last night for Chicago on a business trip.

John J. Flanagan of Sagola arrived in the city last night. He comes on a business mission and will remain several days.

Ino Coveyou, of St. Ignace, who has been visiting his sister Mrs. Moran of West Ridge street, returned to his home yesterday.

S. H. Younger, representing the Simmons Hardware company of Minneapolis, visited business associates in Marquette yesterday.

John O'Neill, an engineer on the D., S. S. & A. railroad will move his family from Marquette to St. Ignace next Wednesday.

The Busy Workers Sewing club met last night at the home of Miss Eva L'Huilier, 623 Division street. Fifteen members were present.

Born, at Virginia, Minn., March 29 to Mr. and Mrs. G. E. LeVeque, a daughter. Mr. LeVeque is a son of L. J. LeVeque of this city.

Mr. and Mrs. S. J. Mitchell and son arrived home yesterday morning from Chicago, where Mrs. Mitchell and her son have spent the past several weeks.

Miss Vangie F. L'Huilier arrived home from Chicago yesterday. She was accompanied by Mrs. Otto L. Arnold of Iron Mountain, who will spend a few weeks in the city, visiting relatives.

Cour. Jacques, No. 47, of the Association Canado-Americain, will give a dance in party in Bureau's Hall Thursday evening, April 23. Music will be provided by Trombly's orchestra. The public is invited.

The Mining News reports the sale of 1914 five-passenger Buick cars by the Mining Motor company to Dr. O. G. Youngquist of Marquette and O. R. Tredey, druggist, of Munising, formerly of this city.

Mr. and Mrs. Alex Goodreau were pleasantly surprised at their home, in the Bertha block last night by a company of twenty-five friends. The occasion was the eleventh wedding anniversary of the couple. The evening was devoted to card games and music. Refreshments were served.

George Johnson won first prize for men in the card games, and the first prize for women was awarded to Miss Emma Johnson. The men's consolation prize went to Antoine Goodreau of Munising, that for the women was taken by Mrs. George Johnson.

Gets Wolf Bounty—Matt Lyyski, of Humboldt township and Henry Kito of Tilden have each been awarded \$27, wolf bounty, by the county clerk.

Many See Style Show—Enormous crowds curious to see that Dame Fashion had planned out for them during the coming year thronged the Paris Fashion store from 7 to 9 o'clock Saturday night, to view the fashion show.

First Dancing Party—Presque Isle chapter, No. 403, Order of the Eastern Star, will give its first dancing party, following the suspension attendant upon Lent, Easter Monday, April 13, in Colonial hall. All Masons and their wives are cordially invited.

Starts Sentence—Felix Dugenski, convicted of an assault and battery charge, committed at Clowry, near Detroit, by Elijah Toms, justice of the peace of Ely township, was brought to Marquette yesterday to begin serving a thirty-day sentence in the county jail.

Musical Trio—Harmony abounds in the vaudeville act produced by Elkins, Fay and Elkins at the opera house. The trio include several songs and an excellent tambourine accompaniment. The act will be presented for the last time this evening, "The Quaker Girl" holding the boards tomorrow.

Will Take Early Action—Some persons erroneously believed that the commission would last night take final action on the saloon licenses. The charter provides the second Monday in April as the date when the applications will be passed on, and they will not be disposed of until two weeks hence.

Service Well Attended—Dr. Stanley Shaw returned from the Soo on the 3 o'clock train yesterday afternoon and spoke at the union Lenten services at the Presbyterian church last night. Every seat in the church was occupied. There were twenty decisions to lead a Christian life. The Monday and afternoon prayer meetings will be held today, as usual.

To Be Arranged Wednesday—Owing to the inability of Prosecutor Kennedy of Ishpeming to be present the cases of George W. Shaw and William Hammond charged with embezzlement and burglary, respectively, have been postponed until Wednesday, when the men will be arraigned before Justice Byrne. The cases were to have been disposed of yesterday morning.

D. M. Philbin Honored—In honor of D. M. Philbin, who recently retired as superintendent of the Great Northern ore properties, G. A. Tomlinson, of Duluth, owner of the lake steamer Sylvia, has named the name of the boat to the D. M. Philbin. Mr. Philbin is a former Marquette man and former prominent official of the South Shore railroad. Of late years he has lived at Superior.

Tatler Is Out—The March number of the Tatler, the Marquette High school publication, was distributed among the students of the school today. Among a long list of well written articles, this month's issue contains "The White A" a prize athletic story by Hazel Flynn. Other contributors to the magazine are Sallie Lehnen and L. O. B. Lindstrom. The school organizations, athletics and numerous departments are well represented.

Motorists to Meet Tonight—Marquette motorists, and Marquette men who expect to start out to be motorists as soon as the snow has disappeared and the roads are dried up, are urged to attend the meeting at the city hall this evening, to be held for the purpose of organizing a Motor club, the first of the kind to be formed in the county. It is hoped to have a representative gathering participate in the business of the evening.

Donald McLeod Injured—Donald McLeod, son of Dan McLeod, a prominent Mackinac county lumberman and associated with him in business, was recently seriously scalded by falling into the hot pond of the McLeod sawmill at Garnet. He is reported convalescing. Mrs. McLeod, formerly Miss Helen Reinhardt of

MARQUETTE NATIONAL BANK

INSURE WITH PETER WHITE & CO. CLEVER MUSICAL COMEDY.

"The Quaker Girl" Has Won the Approval of Three Continents.

"The musical comedy hit of three continents" is the way "The Quaker Girl," which comes to the Marquette Opera House Wednesday evening, is heralded.

The production comes here exactly as presented for a year at the Park theater, New York. It is headed by Victor Morley. As a matter of fact, this tuneful musical comedy has appeared on four continents. It had a run of two years in London and of one year in Paris. The piece is still playing in Australia, and a company recently began its presentation in Rio Janeiro, Brazil. Thus four continents, and not only three, have endorsed "The Quaker Girl," which is a record declared never before equaled by a musical entertainment of any sort.

LAUNCH BOWLING CONTEST.

First Matches in the Peter White Club Tournament Last Night.

Keen interest is being manifested in the bowling tournament, which was launched by the Peter White club on its alleys last night. Eight teams have already entered and more are being recruited.

In the initial contest, Team No. 2 defeated Team No. 1 by a score of 1,344 to 1,082, which gives it 250 pins to its credit. The tournament honors will be decided, not by the games won, but by the total number of pins scored. Following are last night's scores:

Team No. 2—	Total
H. J. Fred	165 160 120 445
O. E. Barber	150 136 147 433
R. H. Zerbel	172 132 123 427
—	—
—	1234
—	1082

Team No. 1—

J. A. Ham	108 149 133 410
G. Beals	115 109 127 351
J. H. Vidlund	98 98 125 321
—	—
—	1082

The lineup for tonight will be as follows:

Team No. 3—E. Lemon, E. McKereghan, R. C. Burt.

Team No. 4—C. Charlton, H. Anderson, and J. Denny.

Guaranteed tuning at Grinnell Brook Music House. (1-14-14)

EMPLOYMENT AGENCY.

Ordinance Empowerin Market Keeper to Conduct One Passed Last Night.

The commission last evening passed the following ordinance empowering the market keeper to conduct a municipal employment agency:

"The commission of the city of Marquette ordains:

"Section 1. There shall be established and maintained in connection with the public market on Baraga avenue in this city a public employment bureau to be designated the 'Marquette Municipal Employment Bureau,' which shall be under the management of the department of public health and safety, under such rules and regulations as such department or the commission shall prescribe from time to time.

"Sec. 2. The market master shall be the city employment agent in immediate charge of and shall conduct such employment bureau, under the direction of the department of public health and safety, and shall perform such duties and receive such compensation for his services as shall be prescribed by such department, or the commission, and give such bond for the faithful discharge of his duties as the commission shall require.

"Sec. 3. The city employment agent shall keep a register or registers of persons desiring employment as laborers or mechanics, or in domestic or clerical service; and also a register or registers of persons and corporations desiring to employ persons in any such capacity.

"Sec. 4. Such uniform fees shall be charged and collected by the city employment agent for the various classes of service rendered by such bureau as the department of public health and safety or the commission shall have previously prescribed or approved therefor.

"Sec. 5. This ordinance is hereby declared to be urgently necessary for the immediate preservation of the public peace, health and safety, and for that reason it is hereby ordained that said ordinance shall be of immediate effect."

NOTICE

Owing to the fact that a new system of bookkeeping is to be installed April 1st, 1914, all electric light bills must be paid on or before 5 p. m., Tuesday, March 31st, 1914. Light & Power Department, city of Marquette, Mich. (3-31-14)

If you need fresh milk, call up the Cherry Creek Dairy, C. H. King, proprietor. Phone 108-4 Rings. 3-25-84.

Scene in Act III — the big musical comedy success, "THE QUAKER GIRL", which comes to the Marquette Opera House, Wednesday, April 1st, with an immense company, and with Victor Morley leading the cast. It is a No. 1 organization and will no doubt prove to be the real musical gem of the season in Marquette.

Good Bowels Are An Aid to Growth

Growing Children Need a Mild Laxative to Foster Regular Bowel Movement.

As a child grows older it requires more and more personal attention from the mother, and as the functions of the bowels are of the utmost importance to health, great attention should be paid to them.

Diet is of great importance, and the mother should watch the effect of certain foods. A food will constipate one and not another, and so we have a healthy food like eggs causing biliousness to thousands, and a wholesome fruit like bananas constipating many. It is also to be considered that the child is growing and great changes are taking place in the young man or young woman. The system has not yet settled itself to its later routine.

A very valuable remedy at this stage, and one which every growing boy and girl should be given often on occasion, according to the individual circumstances, is Dr. Caldwell's Syrup Pepsin. This is a laxative and tonic combined, so mild that it is given to little babies, and yet equally effective in the most robust constitution. At the first sign of a tendency to constipation give a small dose of Syrup Pepsin at night on retiring, and prompt action will follow in the morning. It not only acts on the stomach and bowels but its tonic properties build up and strengthen the system generally, which is an opinion shared by Mr. John Dey, of Bloomfield, N. J. He has a large family and at ages where the growth and development must be

MARIE DEY

watched. Little Marie has thrived especially well on Dr. Caldwell's Syrup Pepsin. Mr. Dey considers it the right laxative for young and old and has found none better for young children.

The use of Dr. Caldwell's Syrup Pepsin will teach you to avoid cathartics, salts and pills that are too harsh for the majority and their effect is only temporary. Syrup Pepsin brings permanent results, and it can be conveniently obtained of any nearby druggist at fifty cents and one dollar a bottle. Results are always guaranteed or money will be refunded.

Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 419 Washington St., Monticello, Ill. A postal card with your name and address on it will do.

star cast, in "A Good Little Devil," David Belasco's famous production. Charlotte Ives and House Peters, in "Clothes." Mrs. Fiske, in "Tess of the D'Urbervilles." Eugene Walters, in "Paid in Full," with the members of the original cast. Lillian Langtry, in "His Neighbor's Wife." Carlotta Nilsson, in "Leah Kleschna." The Marquette Opera House will present one of these features two nights each week, beginning April 21 and 22 with Henry M. Blossom, Jr.'s great racing play, "Checkers," with Thomas W. Ross, who starred in the original production, playing the leading role.

IS SAID PROTESTS WILL BE WITHDRAWN

Opposition to Proposed Compensation Works at the Soo Is Now Diminishing.

That the opposition to the proposed compensation works in St. Mary's river by Duluth and Superior, the only two cities on Lake Superior that were represented in the recent meeting of the international commission, will be abated, and that the work on the proposed works will be undertaken by the Michigan Northern Power company and the Algoma Steel company within a few weeks is the statement that now comes from the Soo.

The head-of-the-lakes cities have, it is said, come to be of the mind that the federal and Canadian governments certainly will not assent to any proposal by the power companies that will be inimical to the interests of American and Canadian cities other than the Soo, and that, therefore, there is no need of apprehension about what it is planned to do. Their future interest in the plans will, it is said, be confined to requests that plenty of shiceways shall be provided in the proposed works, so that there can be no question about the practicability of controlling the lake level so that no damage shall be done to the lake frontage of Lake Superior cities.

Although other cities on the lake had shown considerable interest in the project of providing compensation works at the Soo and had gone to some trouble to ascertain how their interests would be affected by higher levels in Lake Superior, the burden of protest at the meeting of the commission held March 9 last fell entirely on Duluth and Superior, no other city having been represented before the commissioners.

The next hearing in the matter is set for the seventh of April at Washington, when it is the hope of the men interested in the pending project that all the difficulties will be smoothed away and that it will be possible to set an approximate date for the start with the construction work. The dams that will regulate the flow of water in St. Mary's river, and thus the level of Lake Superior, will at all times be subject to regulation by the federal and Canadian engineers.

As far as Marquette is concerned, its interest in the project appears to be dormant, and it will in no manner be represented at the coming hearing. It will, with the other cities directly interested, permit Duluth and Superior to bear the brunt of whatever representations will be necessary.

STOCKS AT NEW YORK MOVE UPWARD SLIGHTLY; TRADING STILL INACTIVE.

New York, March 30.—Speculation reached a state of deadlock today. The slow decline in progress last week was halted, but little else was accomplished. In the afternoon, a recovery set in. Lehigh Valley and New Haven led the upturn. Amalgamated Copper also developed strength and, in the late session, the Western railroad stocks moved upward smartly, so that at the close a number of issues showed gains of a point. The average gain, however, was slight.

The late advance followed the publication of St. Paul's February report. There was an increase of \$117,000 in net earnings.

HOUGHTON'S NEW POSTMASTER WILL TAKE OFFICE TOMORROW

Houghton, Mich., March 30.—[Special]—Ernest J. Dube, Democratic appointee to the position of postmaster of Houghton, today received his commission from President Wilson. Mr. Dube will assume his new duties tomorrow, the first of a month and of a quarter. It has been the desire of retiring Postmaster R. B. Lang to be relieved as soon as possible. Mr. Dube's assumption of the duties closely follows his appointment.

LARGEST WINTER WHEAT CROP EVER KNOWN IS THE PROMISE.

Chicago, March 30.—Abundant moisture that extended from the Alleghenias almost to the Rockies and gave sanction to estimates of the largest winter crop ever known had a notably bearish influence today on wheat. Final prices follow: May wheat, 91½ cents; July, 87½; May corn, 68½; July, 68½; standard oats, 39½@39¾.

CURRENT PRODUCE QUOTATIONS.

Chicago, March 30.—Butter here today was steady; creameries, 19@24½ cents. Eggs, lower; receipts, 20,770 cases; eggs at mark, cases included, 17@18 cents; ordinary firsts 17¼@17½; firsts, 17½@18. Poultry, alive; higher; springs, 18 cents; fowls, 18.

SPRING BLOOD AND SYSTEM CLEANSER.

During the winter months impurities accumulate, your blood becomes impure and thick, your kidneys, liver and bowels fail to work, causing so-called "Spring Fever." You feel tired, weak and lazy. Electric Bitters—the spring tonic and system cleanser—is what you need; they stimulate the kidneys, liver and bowels to healthy action, expell blood impurities, restore your health, strength and ambition. Electric Bitters makes you feel like new. Start a four weeks' treatment—it will put you in fine shape for your spring work. Guaranteed. All Druggists. 50c and \$1.00 at The Stafford Drug Co.

Guaranteed tuning at Grinnell Bros' Music House. (1-14-14)

COUNTY EXAMINATIONS APRIL 30 AND MAY 1

Marquette County Will Send One Boy, With Expenses Paid, to the State Fair.

Examinations for all grades of county certificates, conducted semi-annually by the county commissioner of schools, will be held at the Northern State Normal school at Marquette April 30 and May 1. Nearly all of the school officials of the county will be in Marquette next Thursday morning for their annual meeting, over which G. N. Otwell, of Lansing, assistant superintendent of education, will preside. Mr. Otwell will talk on school laws generally and will invite discussion by the officers present.

The Michigan State fair has decided to send one boy from Marquette county to the state fair at Detroit, September 7 to 18, and to give him instruction in stock judging, soil testing, dairying and other farm duties. All his expenses will be paid.

The selection of the boys will be made by the following committee in each county: County commissioner of schools, secretary of Farmers' institute society, and the master of the Pomona grange. The committee will meet to select the boy on June 4, or at the call of the county commissioner of schools. The selection will be made from the two following examinations, taken by any boy in the county between the ages of twelve and eighteen.

First: The regular county eighth grade examination to count 50 per cent. Second: Examination on twenty agriculture questions prepared by the State fair management to count 50 per cent. The second examination is to be taken by applicants on the afternoon of May 15, with regular eighth grade examination.

The second examination questions will be sent to each commissioner, under seal, about May 1. The boy in the county between twelve and eighteen years of age having the highest average standing will be selected by the above committee. Any boy in the county between twelve and eighteen who wishes to attend the state fair and have expenses paid must take both examinations this year.

RECITAL TONIGHT.

Pupils of Professor and Mrs. Leslie Austin Will Appear in Program.

A recital by the pupils of Professor and Mrs. Leslie Austin will be held this evening at 8:30 o'clock in the studio in the Voelker block. The following is the program: "Bend Low of Dusky Night".... Kroeger "When My Caravan Has Rested".... Lohr Mr. Reed, baritone. "Dance of the Wild Flowers".... Wenlich Miss Collins. "An Orchard Cradle Song".... Danza Miss Lone Allison, soprano. "Love's Pleading".... Hammond "Recompense".... Hammond Mr. Reed. "When the Land Was White with Moonlight".... Nevin Miss Allison.

ISHPEMING IN BRIEF.

Sheriff James Moloney, of Marquette, was an Ishpeming business visitor yesterday morning.

Mrs. Peter Gringass, of the Michigan gold mine location, is seriously ill, and is confined to her home.

The birth of a daughter to Mr. and Mrs. Theodore Seaborg, 231 York street, was recorded yesterday.

The decoration of the lobby and reading rooms of the Ishpeming Y. M. C. A. is now under way, and it is expected that the work will be completed by Wednesday. The improvement work is the first

The Marquette County Michigan College of Mines club will hold a banquet in this city this evening at 7 o'clock.

Hans Gunderson, who was burned out in the Miners' National bank fire last week, has opened offices in the Jenks' block adjoining.

PROHIBITIONISTS UNUSUALLY ACTIVE

Senator Winegar Says They Will Seek to Pledge All Legislative Candidates.

That prohibition will be one of the big issues in the next legislature, as well as in the campaigns to fill the 32 seats in the legislature, is the prediction of Senator Winegar, of the Thirty-first district, who arrived in Marquette yesterday afternoon for a brief visit.

"The 'dry's' will carry the fight to the candidates," Senator Winegar asserted last evening. "No candidate will be allowed to escape the issue, they say, and they will seek in every senatorial and representative district to place the candidates on record. The assumption is, of course, that those who do not declare themselves in sympathy with various legislative projects of the prohibitionists will have the 'dry's' to fight at every turn of the political wheel."

"This phase of the situation is attracting much attention in the lower part of the state," Senator Winegar continued, "and many of the prospective candidates are not viewing the way the situation is shaping up with any great pleasure. The issue the 'dry's' now propose to force is always a troublesome one, and candidates dislike to go on record with regard to it."

Issue a Live One.

While comparatively little has been heard of the prohibition issue in the upper peninsula this spring, it is the center of at least twelve spirited contests below the straits, for in that number of counties local option fights are being waged with all the resources of

the opposing sides. Some of these counties, now "dry," the "wets" are seeking to carry. Others are now "wet" and the prohibitionist forces are trying to drive out the saloons.

The "dry's" seem to have lots of money and have an effective organization. Apparently they are bent on making themselves a more important force in the next legislature than they have ever been before.

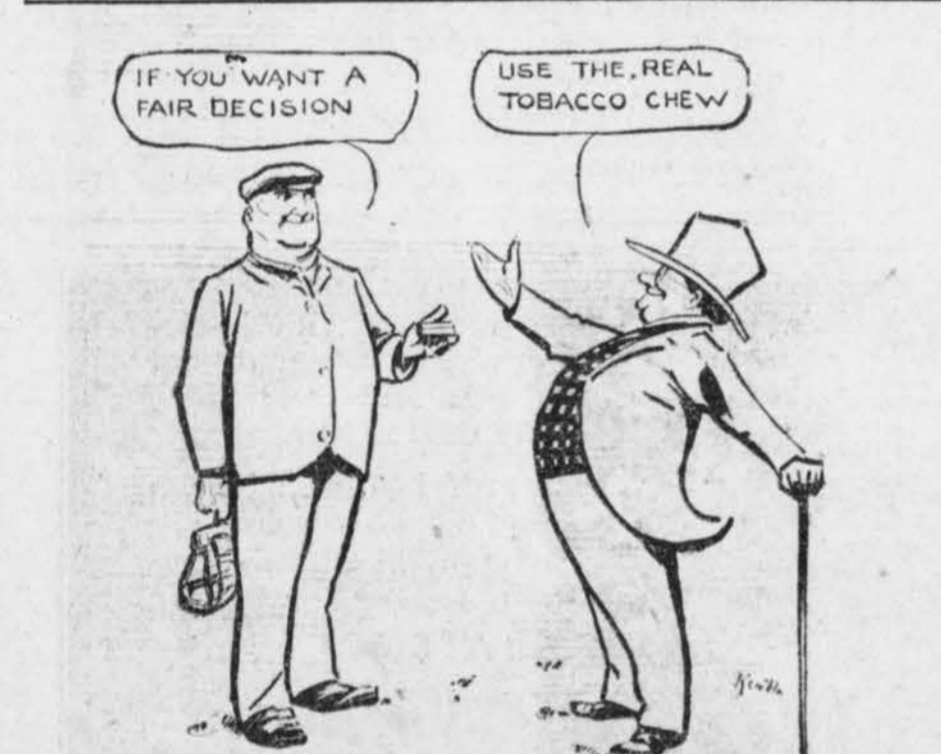

One of the projects they announce they will put before the next legislature is the proposal that all alcoholic liquors sold in bottles shall be required to be labeled with the skull and cross bones.

HIGH-CLASS PHOTO PLAYS.

Marquette County Theater-Goes to See Famous Productions.

As a result of the contracts made by the managements of the Marquette Opera House, Ishpeming theater and Star theater of Negaunee with the Detroit firm controlling the Michigan rights on all the film productions of the All-Star Feature corporation, the Famous Players Film company and the Jesse L. Lasky Feature Play company, Marquette county theater-goers will, during the coming year, see in moving picture form many of the best theatrical attractions yet staged in this country. The three companies mentioned rank with the biggest "feature picture" producers of the day. Among the stars and the plays they present are:

Dustin Farnum, in "Richard Harding Davis' "Soldiers of Fortune" and Edwin Milton Royle's "The Squaw Man." Cyril Scott, in "Arizona." James O'Neill, in "The Count of Monte Cristo." Mary Pickford, in "In the Bishop's Carriage" and "Hearts Adrift." John Barrymore, in "An American Citizen." Cecelia Loftus, in "A Lady of Quality." House Peters, in "The Pride of Jennico." Henry E. Dixey, in "Chelsea 7750." Mary Pickford, with the original all-

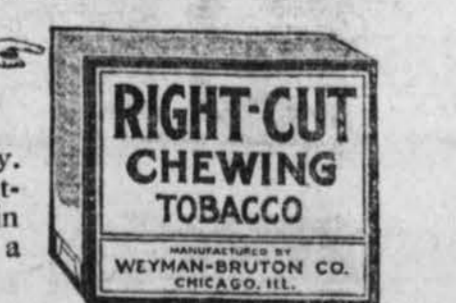

THE UMPIRE AND THE GOOD JUDGE

"RIGHT-CUT", The Real Tobacco Chew, is the only chew that you get all the substance out of without chewing all the time. Its pure tobacco flavor lasts, too.

Rich, mellow, sappy leaf, blended and seasoned and sweetened just right—and cut a new way. Twice as much satisfaction for a dime as you ever had with the old kind.

The Real Tobacco Chew 10 Cents a Pouch

ASK your dealer today. If he doesn't sell "Right-Cut," send us 10 cents in stamps. We'll send you a pouch.

We guarantee it to be pure chewing tobacco and better than the old kind.

WEYMAN-BRUTON COMPANY
50 Union Square, New York

J.F. Gruenheck Ishpeming Cloak & Suit Co. S. Ree, Manager

GOOD NEWS!

Very Special Announcement

We have just received word from Mr. Gruenheck of Fond du Lac to close out everything possible today and tomorrow.

During the past three weeks we have had innumerable calls from the women regarding their early Spring and Easter apparel.

And now comes the "good news." Mr. Gruenheck finally has consented to shipping up here the entire Fond du Lac line for one week, commencing TOMORROW.

This line represents the pickings from over 100 of New York's large, high class manufacturers. Each of these manufacturers makes some garments all in a class of their own. The smartness of these superior styles will be apparent in many ways.

We believe it worth your while. Women living within a radius of 100 miles of Ishpeming can hardly afford to miss seeing this collection.

This season a wide range of beautiful models make their appearance. The European dyer has more than done his share in getting out colors that are not only beautiful in themselves, but many of them are entirely new—have never been seen before.

Easter Is Not Far Off

We advise you to do your shopping early. It will give us more time to get your garments ready. Also we wish to impress upon you that in this large collection there are hardly two garments alike. The opportunity therefore presents itself to get for yourself a style of your own, different from the ordinary garments.

It will be a grand exposition. From a style show standpoint this showing of pretty wearables in Coats, Suits, Skirts, Waists, Dresses, etc, will be equal to that of a metropolitan city.

The fabrics will largely be Silks or Imported Wool, such as Unfinished Poplin, Crepe, Waffle Cloths, Bedford Crepe, Moire Antique, Gabardine, Rampoer Crepe, etc.

The principle colors for Spring are Gold, Labrador Blue, Spring Wheat, Copen, Tangerine, Hazel, Cope de Rouge, Mahogany, Reseda, Vest Bronze, Wisteria and Black.

Prices will be moderate.

Coats at	\$ 5.00 to \$35.00	Separate Skirts	\$2.50 to \$18.00
Suits at	10.00 to 50.00	Lingerie Crepe Waists	1.00 to 3.50
Wool Dresses	5.00 to 25.00	Silk Waists	2.50 to 10.00
Silk Dresses	10.00 to 45.00	Crepe de Chine Waists	3.00 to 12.00
Evening Dresses	10.00 to 50.00	Evening Coats	10.00 to 125.00

SOME GOODS FOR NOTHING

Beginning Wednesday and continuing for one week, we have decided to give away each day one of our best Coats to the customer buying the largest bill during the day. It will cost you absolutely nothing. Be sure to keep your cash purchase slip. The Coat will be on exhibition during the day and given away at 9 p. m. In case this coat should not fit the lady, she has the privilege of selecting another of equal value.

STORE OPEN FROM 9 A. M. TO 9 P. M. GOODS SOLD FOR CASH ONLY

First National Bank, Negaunee, Mich.

CAPITAL AND SURPLUS \$200,000.00.

A BANK'S SUCCESS

is measured in several ways, but, in the last analysis, it is the quality and extent of the service rendered to depositors that determine the degree of success enjoyed by any bank.

For twenty-seven years, the First National Bank has been helping the business community of Negaunee by a complete and dependable banking service which has made it a real constructive force, and this bank has grown and prospered with the growth and prosperity of the city.

Your Business Respectfully Solicited

Gwinn Department

WILL GIVE DANCE.

A baseball dance will be given on Easter Monday at the clubhouse. Tickets are now being sold, and it is expected that one of the largest crowds that ever attended a dance in Gwinn will be present. The Gwinn orchestra will furnish the music, the admission will be fifty cents, and the proceeds will go towards purchasing new uniforms and for improvements at the park. A roof will be built over the grandstand and bleachers will be erected.

THEATRE NEARING COMPLETION.

A meeting of the board of directors of the Gwinn club will be held next Tuesday evening, when it is thought plans will be made for opening the club's moving picture theater, which is rapidly nearing completion. The chairs were received yesterday. The booth and operating room have been finished and the machine has been set up, ready for use. Charles Aronson, who will be the operator, has returned from Ishpeming and Negaunee, where he took instructions in operating from William Denette and William Trevarrow, the operators who are employed at the Ishpeming and Star theaters.

GWINN BRIEFS.

Howard Martin has resigned his position at the Stephenson mine and has returned to his home at Ishpeming.

A meeting of the members of the Gwinn district fire department will be held at the clubhouse Saturday evening. Miss Mildred Ellis has gone to Green Bay, Wis., to spend a few weeks visiting with her sister, Maude, who is a teacher in the schools there.

C. G. White, superintendent of the Gwinn schools, spent Saturday at Marquette on business. He was accompanied by A. U. Hamner, a member of the faculty.

Martin Sather, physical director at the Gwinn club, is confined to his home with a bad attack of tonsillitis and la grippe.

FRUIT LAXATIVE FOR SICK CHILD

"California Syrup of Figs" Can't Harm Tender Stomach, Liver, Bowels.

Every mother realizes, after giving her children "California Syrup of Figs," that this is the ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleaning" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grownups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

Negaunee Department

NEGAUNEE WON FROM ESCANABA

High School Basketball Team Scored Second Victory in Contest Saturday Night.

The high school basketball team has returned from Escanaba where they defeated the Sandy city highs in a fast game Saturday evening by a score of 25 to 23. The Negaunee boys speak highly of the treatment accorded them by the Escanaba team during the game and while they were in the city. The Escanaba five showed great improvement over the game two months ago, when they were defeated by a large score.

Of the game the Escanaba Morning Press said: "After putting up a terrific battle at the high school gymnasium the Escanaba high school basketball team went down to defeat before the Negaunee high school team by a score of 23 to 25. Before the game the high school second team defeated the St. Joseph's high school team by a score of 17 to 5.

"The game was one of the most brilliant ever played in this city. From the very starting of the game it was a battle royal. At the conclusion of the first half the score stood Negaunee 17, Escanaba 10. The second half opened with both teams fighting hard and three times during the last session of the contest the score was tied and for a time it was feared that the game would result in a tie. However, just before the conclusion of the contest Negaunee scored her three needed points and defeated the local team by the score of 25 to 23.

"In the game between St. Joe and the second high, there was little doubt as to the outcome from the start to the finish. The result of 17 to 5 was expected by the small group of fans who gathered for the Escanaba strike team last night was Baum, Tuxford, Deslets, Foster and Baldwin, while Negaunee's lineup was: Collins, Leaf, Gaffney, Hawke and Frederickson. A. J. Willerton refereed the game."

EASTER MAIL HEAVY.

With the beginning of next week the clerks in the Negaunee postoffice will have the burden of the Easter mail, which is said to be equal almost to that of Christmas and New Year's, to handle. Postal card greetings are given preference over letters on notable occasions, especially on special occasions, said Postmaster Peter Trudell yesterday.

"The office has been notified to keep a count of its mail for two weeks, starting tomorrow and closing April 15. With the Easter rush the count will naturally run higher than during a quiet period, and the department will be able to strike an average more favorable to the work done in the Negaunee postoffice," he said. Mr. Trudell has received notice from the postoffice department at Washington that the special rate of postage which has been charged on seeds, plants, etc., has been repealed by an act of March 9, and under its provisions the regular fourth-class or parcel post rates of postage are now applicable to all parcels of the above named articles.

The new rates of postage on parcels of seeds, cuttings, bulbs, roots, scious and plants, weighing four ounces or less, is one cent for each ounce or fraction, regardless of distance. On parcels weighing more than four ounces the post rates will apply.

RICHMONT TOWNSHIP TICKET.

At a Richmond township caucus held last evening in the school building at Palmer, the following ticket was nominated:

Supervisor—Wm. Corkill. Clerk—Hans Halverson. Treasurer—Henry Anderson. Highway Commissioner—Abraham Thompson.

Justice of the Peace—Albert Williamson. Members Board of Review—John Hultala, full term; Thomas J. Nicholas, to fill vacancy.

Constables—Paul Seppanen, John Nyvala, Leonard Anderson and Nestor Erkila.

Overseers of Highways—District No. 1, Wm. Korpi; District No. 2, Matt Kopp.

The caucus was largely attended, approximately 140 voters being present. There was opposition for most of the nominations, but in few instances was the balloting close.

CARD OF THANKS.

We desire to express our appreciation for the sympathy and favors extended to us during our recent bereavement. We wish, in particular, to thank the members of the Lunna lodge, No. 6, of the Scandinavian Aid and Fellowship society for their kindly considerations, and also friends and neighbors for their floral offerings.

FRID STRANBERG and Daughter, MRS. OLDS.

NOTICE TO CONTRACTORS.

Notice is hereby given that bids for the erection of the new city hall and library for the city of Negaunee will be opened at the office of the city recorder on April 20th, 1914, at 2 o'clock p. m. The council reserves unto itself the right to accept or to reject any and all bids. By order of the common council, JOHN T. BURNS, City Recorder, Negaunee, Mich., March 28, 1914.

State of Ohio, City of Toledo, Lucas County—ss. Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of One Hundred Dollars for each and every case of Catarrh that cannot be cured by the use of Hall's Cathartic Cure.

Sworn to before me this 6th day of December, A. D. 1888. A. W. GLEASON, Notary Public, and acts directly upon the blood and mucous surfaces of the system. Send for testimonials.

F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, The Take Hall's Family Pills for constipation.

STOCKHOLDERS TO GET A DIVIDEND

Ten per Cent. for Those Interested in the United Home Protectors' Fraternity.

Negaunee men who are shareholders of the United Home Protectors' Fraternity of Port Huron will be pleased to learn that the company, which went into the hands of a receiver, will be able to declare another dividend of 10 per cent within a few days.

Four dividends were paid by the company, which is run along the same lines as a building and loan association, during the past few years, all of which were for 10 per cent.

In reply to an inquiry from a Negaunee stockholder in the company Horace G. Snover, the receiver, wrote: "Replying to your favor of the 21st inst., would say that there are other resources than those scheduled in the statement of the receiver in the circular letter advising of the sale of the remaining securities. The other resource is composed of about \$40,000 in cash on hand in the state treasury.

"We expect that there will be another dividend of approximately 10 per cent ordered about the first of next month. The sale of the securities was for the purpose of disposing of the remnant with a view of closing up the affairs of the estate.

"Yours very truly, "HORACE G. SNOVER, "Receiver."

CAUCUSES TONIGHT.

The members of Taxpayers' and People's parties will hold their conventions and caucuses tonight. Candidates for mayor, city treasurer, school inspector and one supervisor, alderman and constable for each ward will be nominated. The caucuses will be held at 7 o'clock and the conventions at 8 o'clock. The Taxpayers' convention will be held in the fire hall and the convention of the People's party in Kirkwood's hall.

LOCAL LACONICS.

Mrs. J. H. Andrus visited yesterday with Marquette friends.

John Lindquist will leave today for Escanaba, where he will spend a few days visiting with his family.

Miss Elma Anselin will entertain a number of friends at her home on the Jackson road tomorrow night.

The members of the Soutu choir, of Ishpeming, gave an impromptu program at the Finnish Temperance hall Sunday evening.

The Misses Stella and Edith McCollough, who were the guests of Miss Polly Abbott for the past few days, have returned to their home in Marquette.

James McKittrick, of Escanaba, roadmaster for the Peninsula division of the Chicago & Northwestern Railway company, spent yesterday in the city on business.

Leslie Gaffney, Carl Allison and Frank Willman have returned from Escanaba, where they attended the Negaunee-Escanaba high school basketball game Saturday evening.

William Cushing broke the alley record at the Palace alleys yesterday, when he rolled a score of 253. In three consecutive games he also set a mark for the alleys, with 586.

The Negaunee school board has re-appointed Superintendent Orr Schurtz for another year. Mr. Schurtz has now been in charge of the Negaunee schools for the past fourteen years.

Rev. Robert Hewson and family arrived in the city last evening from Mountain, to take up their residence here. Rev. Hewson was recently appointed pastor of the Mitchell Methodist church.

T. C. Yates, F. A. Bell, Dr. H. W. Sheldon, C. V. R. Townsend and C. L. Spooler of this city and Austin Farrell and J. R. Van Evert of Marquette have returned from Grand Island, where they spent the weekend.

"The Hour and the Man," an Essayay two-part drama featuring Francis X. Bushman and Ruth Stonehouse, will be the feature picture at the Star theater tonight. The Sherlock Holmes Girl and "African Sea Birds," Edison pictures, and "By the Two Oak Trees," a Pathe drama, will also be included in the program.

INDIGESTION, GAS OR BAD STOMACH

Time It! Pape's Diapepsin Ends All Stomach Misery in Five Minutes.

Do some foods you eat hit back-taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, jot this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapepsin" is quick, positive and sure. Your stomach in a healthy condition so the misery won't come back. You feel different as soon as "Pape's Diapepsin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

Postmaster Under Four Presidents. Frederick Kreuger, who will be succeeded by M. Hoban as postmaster of St. Ignace on April 1, is believed to be the oldest postmaster in point of continuous service in any third-class office in the peninsula. Mr. Kreuger was appointed by President McKinley in January, 1898, to fill an unexpired term of two months and he succeeded himself on a second appointment by McKinley. At the expiration of his first full term he was appointed by President Roosevelt and received a second appointment from the same source. He was honored by President Taft by a fifth appointment, and has therefore served under four administrations—those of McKinley, Roosevelt, Taft and Wilson. Mr. Kreuger has been identified with the Re-

The Best Way to Pay Your Bill

is by giving a check which constitutes the very best form of receipt for all payments and is the most convenient and business-like way of making payments. It makes no difference how small your account may be, we will be glad to have it and get you started along the line of paying with checks.

A Great Two-Reel Feature

THE HOUR AND THE MAN

An Essayay Drama of human appeal. Laws are made forbidding men to murder yet we murder those who disobey the law.

Francis X Bushman plays the part of a young lawyer and Ruth Stonehouse is his sweetheart in this great drama. DON'T MISS IT.

THREE OTHER GOOD SUBJECTS Five and Ten Cents

Upper Peninsula

Wolf Was a Big One.

Barney Isackson of the Manistique Hide and Fur company is displaying the hide of a timber wolf which was recently killed near Steuben by Joseph Trudell. From tip to tip, the pelt measured six and a half feet and, in life, was larger around than an ordinary man's body. It is one of the largest around than an ordinary man's body. It is body. It is one of the largest specimens ever seen in Manistique.

Doors Changed to Swing Outwards.

Property owners at the Soo are taking steps to comply more thoroughly with the state fire law. Edward P. Campbell, chief of the fire department, has recently inspected the public buildings and as a result a number of changes have already been made. According to the state law all doors leading to public hall of any kind must swing out. There are five different lodge rooms in the city at which the doors have so been changed upon the request of Chief Campbell. Only one lodge room now has doors which do not comply with the law, and the chief has been notified that they will be changed at once. Some of the buildings in the city will be equipped with new fire escapes. "The public schools were never in finer shape to meet the dangers brought on by a fire," said Chief Campbell. "All are provided with the necessary means of escape and the fire drills have been worked down to perfection."

St. Ignace Academy to Be Enlarged.

Improvements to the Ursuline academy, which are to begin at once, will, says the St. Ignace Enterprise, make this institution of department and learning one of the most prominent, best-outfitted and best conducted in northern Michigan. The academy, which is located on a beautiful bluff and commands a view of Mackinac island and the Straits of Mackinac, is to be enlarged to double its capacity. The addition will be 32x72 in size, three stories, with basement and will be fitted up in the most modern style and in such a manner as is best suited to the comfort and well being of the young women students. George Annan, contractor of Cheboygan, prepared the plans and will have general supervision of the work. The construction of the basement will require forty-two cords of stone. P. D. Bissell, James McGraw, Charles Manson and S. Lacey have donated a considerable amount of the stone required and it is expected that the handling will be done by voluntary offerings of team owners. The institution is one in which all residents of St. Ignace take a just pride.

Postmaster Under Four Presidents.

Frederick Kreuger, who will be succeeded by M. Hoban as postmaster of St. Ignace on April 1, is believed to be the oldest postmaster in point of continuous service in any third-class office in the peninsula. Mr. Kreuger was appointed by President McKinley in January, 1898, to fill an unexpired term of two months and he succeeded himself on a second appointment by McKinley. At the expiration of his first full term he was appointed by President Roosevelt and received a second appointment from the same source. He was honored by President Taft by a fifth appointment, and has therefore served under four administrations—those of McKinley, Roosevelt, Taft and Wilson. Mr. Kreuger has been identified with the Re-

publican organization since becoming a resident of Mackinac county nearly thirty years ago, attending all state and district conventions as a delegate. With the late "Billy" Webster of Chippewa he gained political prominence outside of his county in 1880 when he championed the cause of the late Carl Sheldon for congress in the memorable Sheldon-Stephenson fight. It was the work done at this congressional convention for Sheldon that brought him the postmastership and his "pull" continued when H. Olin Young was sent to Washington from the Twelfth. Before entering official life Mr. Kreuger was engaged in the general grocery trade and also operated a fleet of fishing boats. These he disposed of and gave up all other lines of business. He says that the postoffice has lost him thousands of dollars, as the compensation is far less than that which he was making when he was appointed. He will take up his old line of work and as soon as possible will reopen his grocery business at the old stand.

Make This Pleasant Cough and Cold Remedy Yourself

Here's the recipe: Into a pitcher put a tablespoonful of butter, one-quarter cup light brown sugar, an ounce of fresh, whole allspice and a pint of Duffy's pure malt whiskey. Let it stand for half an hour; then add one-half pint boiling water. Let it stand again for a short while, and before serving stir well and add the juice of one orange and one lemon. This is to be served in a wine glass. It is very wholesome, appetizing and strengthening, especially for fever and chills in stormy and blustering weather. Prompt action on such occasions will ward off many a serious and oftentimes fatal attack of bronchitis and pneumonia, as well as irritating coughs and colds.

Mining News

GRANBY.

Granby will more than double its present annual copper production of 22,000,000 pounds when the full effect of operations at the Hidden creek property is felt, according to Chief Engineer E. E. Campbell, who says: "The 2,000-ton plant should daily produce 88,000 pounds of blister copper, or about 31,000,000 pounds per annum, and, assuming a cost of 9 1/2 cents, this would mean earnings from this source alone of \$1,500,000 on 14 1/2-cent copper, exclusive of precious metal values. Such earnings would be equivalent to \$6.50 per share on the entire amount of Granby stock, assuming the issue of \$1,500,000 bonds as all converted."

SHANNON.

The Shannon Copper company will show profits for the three months ended March 31 of approximately \$40,000 against \$101,000 in the previous quarter. The decline will be due to a lower price for copper, smaller production and higher costs. For the first two months of 1914 Shannon's production was 938,000 pounds and 994,000 pounds respectively, but the current month will be better, with 1,100,000 pounds. Production for the quarter will therefore be approximately 2,942,000 pounds, as compared with 3,400,000 in the last quarter of 1913. In tabular form results of operations for the last two quarters may be roughly compared as follows:

	Last quarter, 1913.	Last quarter, 1914.
Copper, pounds	2,942,000	3,400,000
Cost per pound	13c	12.37c
Net earnings	\$40,000	\$101,638

Of the above \$40,000 net, \$7,000 represents January profits, \$18,000 February and the balance March. Working capital will not be increased by this amount, however, as during the quarter there have been purchased an additional 824,000 Shannon-Arizona Railway bonds, making \$308,000 bought in, but kept alive in the company's treasury. In addition \$12,000 of the bonds have been retired through sinking fund operations, so that of the original issue of \$600,000 there are now but \$280,000 outstanding.

HOW HE GOT AN ORDER.

"Yes," said the traveling salesman, "every now and then a man can get an order from a grumpy customer by keeping his temper and using his wits. When I was with a certain breakfast food concern several years ago I remember calling on a wholesale grocer in a Michigan town. Evidently things had gone wrong with him that day, for he didn't even want to talk with me.

"I'm sick of the whole lot of you breakfast food peddlers," was his cheerful greeting. "They ain't any of your stuff much more than shavings and sawdust."

"I agreed with him perfectly—and laughed the best laugh I could muster at his joke, having heard it before only a few dozen times.

"All shavings and sawdust," I repeated. "That's pretty good."

"Well," he growled, "just what is there about your particular brand that makes it so much better than the others?"

"Oh," I replied, "ours has 'em all baked on slivers—more slivers and much sner."

"That happened to strike the old man just right. He thawed considerably, and before I left I had booked a big order."

WRITE STORIES FOR MOVING PICTURE PLAYS

New, Spare-Time Profession for Men and Women—One Man Makes \$3,500 in Six Months.

Owing to the large number of new motion picture theaters which are being opened throughout the country, there is offered to the men and women of today a new profession, namely, that of writing moving picture plays. Producers are paying from \$25 to \$150 for each scenario accepted, upon which they can build a photo play.

\$3,500 in Six Months. As it only requires a few hours' time to construct a complete play, you can readily see the immense possibilities in this work. One man, who gave the idea a tryout, writes that he earned \$3,500 in six months. It is possible for an intelligent person to meet with equal success.

One feature of the business which should appeal to everyone is that the work may be done at home in spare time. No literary ability is required and women have as great an opportunity as men. Ideas for plots are constantly turning up, and may be put in scenario form and sold for a good price. Particulars Sent FREE.

Complete particulars of this most interesting and profitable profession may be had FREE OF CHARGE by sending a post card to

Photo-Play Association, Box 158, Wilkes-Barre, Pa.

OUTLINE PLAN FOR NEW PARK

Women's Welfare League Suggests to the Commission What Should Be Done to Make the Grounds Around Water Works Plant an Attractive Outing Spot

Would Have All the Old Buildings Removed and Says That Federal Government Will Operate in the Plan—Details of What Should Be Done Given.

The Women's Welfare League through its officers last evening presented to the commission a memorial of the improvements that in its opinion should be made on the grounds around the water works park, in order to make the grounds a safe path to the life saving station and light house we recommend that slides from the water works boiler fires and slag from the Pioneer furnace, which may be had for the hauling, be used to fill and level an extension of Arch street, to the railroad. It seems unnecessary to extend the street at its full width; a sidewalk on the north side and a ten-foot roadway to be used as a coal road to the water works should be enough for all practical purposes, and leave an appreciable extended place for a playground lawn in the park.

Fourth, Rock lies so near the surface of most of the park, that drainage is poor, in times of thaw or of heavy rainfall. The water from the hill comes down both Arch and Ridge streets and floods the floor of the water works. It should be a simple matter to drain both streets into the new sewer and have an auxiliary drain on Walnut street. A concrete curbing on Walnut street and a concrete walk both on Walnut street and the extension of Arch street to the railway is recommended.

Government Will Help.

Fifth, The piles of crushed rock in the government crib directly across the track from the city property are to be disposed of by Mr. Kimball. This rock has been pronounced unfit for road-making, but is, of course, excellent for concrete construction. It could be used for the coal shed or sidewalks, at any rate, removed so that the crib may be demolished, leaving a broad free way to the breakwater and life saving station boathouse.

"Sixth, For the convenience of the families living on light house point, and for evening visitors both to the point and to the breakwater also for moral reasons, it is most strongly recommended that two arc lights, one near the intersection of the extension of Arch street and the railway, and the other at the intersection of a line from Ridge street with the line of the breakwater, be immediately installed.

"Seventh, We also recommend that the clay left over after refilling the sewer be all appropriated to the use of improving Water Works park and not given to private persons for the hauling. Also that the mounds from the city market and fire houses be hauled at once and dumped on the ground to be spread after the clay is down.

"Respectfully submitted,
"MRS. C. H. SCHAFER, Chairman.
"ABBY BEECHER ROBERTS, President.
"R. C. MAIN, M. D., "Marquette, Mich., March 29, 1914."

LOW TAX RATE IS INDICATED

Report of Department of Accounts and Finances to Commission Last Evening Shows That It Will Be Around \$11 a Thousand as Against \$15 Last Year.

Amount That Will Be Levied Will Be Slightly in Excess of \$125,000—Part of the Income of the Electric Light Plant Will Be Applied to General Expenses

The department of accounts and finances last evening presented to the commission a preliminary statement of the requirements of the several departments for the ensuing year, together with an estimate of the revenue for the year. A tax levy of \$125,075 is indicated, and a total revenue of \$252,625.

The indicated rate of taxation for city account is about \$11 on each thousand of assessed valuation, compared with a little over \$15 last year. The reduction will be brought about by the fact that the commission will not have to meet a number of extraordinary expenses that had to be provided for last year and by the application to general purposes of an estimated \$10,000 excess electric plant income over expenditures. Among the extraordinary expenses last year were an appropriation of \$6,000 from the general fund for the Eastern trunk sewer and an unusually heavy appropriation for the water board, because of the construction of the new house in the northern part of the city.

Report is Preliminary.

The report of the department last evening is preliminary to the preparation of the budget, in which the entire commission will share, and until it is completed and the amount of the assessment roll known it will be impossible to say what the tax rate will be. It is assured, however, that, owing to the increased flexibility of the new form of government, the city will be able to carry on heavy unusual expenditures had to be provided for last year, and economies the commission will make effective it will show a material falling off.

The following statement from the department of accounts and finances outlines the requirements of the several departments:

To the City Commission of the City of Marquette:

The department of accounts and finances hereby certifies that the several departments of the city have furnished to this department estimates in writing of the probable expenses and liabilities to be incurred in their several departments for the current fiscal year specifying in detail such probable expenditures, including a statement of the salaries of their officers and employees, which estimates are herewith submitted, and that the amounts so reported by the several departments is as set forth in Schedule A, hereto attached.

This department further certifies that the amount of money necessary to be raised by taxes during the current fiscal year to make payment of interest and to provide for all sinking funds—the sum of \$125,075.

This department further certifies that Schedule B, hereto attached, is an estimate of the amount of revenue to the city during the current fiscal year from all sources other than the tax levy and also the amount of such tax levy.

This department further certifies that Schedule C, hereto attached, is a statement of the principal of all the bonded indebtedness of the city.

Respectfully submitted,
E. J. Pearce, Commissioner,
March 30, 1914.

PROTEST PROPOSED SEWER.

Action Deferred on Petition Presented to Commission.

C. E. Zyd and others last evening petitioned the commission for the laying of a six inch tile sewer on Ridge street, between Sixth and Seventh streets. The reading of this petition was followed by the presentation of a protest signed by John Balducci and others, and on the line of Michigan street. The commission had twice been denied by the old council because the rocky nature of the ground that would be traversed by the sewer would make its cost too great. It was suggested that the property would be better served by the extension on the line of Michigan street. The petitions were referred to the department of public works for a report.

Installation of street lights at the corners of Fourth and Ohio streets and Prospect and Front streets was authorized.

Among the bills allowed was one for \$325 from the Barlow, Guthrie and Wadz company for the audit of the city accounts up to the first of the year and also the installation of the new bookkeeping system.

PLAN ANNUAL DANCE.

Marquette Fraternity Function Announced for Close of Lent.

Members of the Alpha Beta chapter of the Kappa Alpha Pi fraternity have begun preparations for the fifth annual dancing party of the organization to be held directly after the close of Lent. Invitations will be sent out in the course of the next two weeks. As usual, this promises to be the social event of the season for the young people in Marquette, and those who are to have charge have already begun planning the decorations, which will eclipse those of any of the former events.

Too Many Wires.

Second. There is an excess of telephone and electric wire carrying poles, and lines of wire crossing the proposed park in every direction. In one instance the high current electric wires pass over the telephone wires at a dangerously near height. Because of trees growing near the water works, the electric wires run to the building at an angle which it would be difficult to change, but there seems no real reason why the telephone wires should not follow the railroad right of way, and so reduce very much the number of poles to be considered in planning the park.

"Third. As there is no good cross-

Should Remove Old Sheds.

First. Immediate destruction of old coal sheds, construction sheds, and the old dwelling house with all its out-buildings on city property. These buildings are unwholesome and so rotten that they can almost be picked apart with the fingers, and their removal will destroy many dark and unwholesome hiding places where delinquent children have been found congregating in the past. The lumber from them is so rotten that the only possible use for it would be to burn it as kindling in the water works boiler fires. A new concrete coal shed made by erecting two walls of concrete blocks colored like the main building, in the angle of the water works to the north east, and roofed by continuing the slope of the roof of the east wing, is recommended. The large door in front of the boilers can easily accommodate the coal carrier track, and will also make it possible to move any pieces of machinery on the coal car to and from the railroad. The increased breadth of view of the lake from Walnut street the dignified line of the tower smokestack, unmarred by buildings beside or back of it, the feasibility of an inexpensive and fireproof coal shed made by constructing only two walls and the roof, seem good reasons for the Nelson. It has been suggested by Mr. Colson that for the coming summer no coal shed is absolutely necessary, but it seems well at the time the roof protecting the new electric machinery is built, the coal shed should also be built, if only to protect the coal piles from possible sparks from the passing trains.

With the Thermos Oven

The New Perfection Range

This "Fireless Cooker" Oven

What It Means to the Cook

Best Cooking You Ever Tasted

First, a cook-kitchen, alone enough to recommend it. The method of insulation keeps the heat in the oven and out of the kitchen, besides saving fuel. With the THERMOS oven one burner does the work of two.

You can have quick, intense heat or slow and steady, just as you need it. Or it can be so adjusted that the heat is retained without any fire, making the most perfect fireless cooker ever invented and the one that is easiest to use.

Other advantages are a cabinet top with a spacious warming shelf, spaced back of the burners to keep food hot, a special broiler, and an extra capacity oil reservoir with glass gauge.

In all a range that cannot be equalled for convenience, comfort and economy, that takes away the dread of working in a hot kitchen.

This newest PERFECTION can be seen at your dealer's, who will gladly demonstrate. You will know it by the THERMOS "Range" mark.

PERFECTION ranges, also, each roasting, baking, broiling, boiling or toasting without heating up the kitchen.

Send 3-cents to cover postage and we will mail you a valuable 27 Page Cook Book Free.

WIDOW IS EXAMINED.

Action Will Be Started to Recover Loaned Money for French Estate.

Mrs. W. A. French was examined yesterday in the claim of Henry Schoultze against the estate of W. A. French, concerning the disposition of her husband's property. The case has been before the probate judge for the past few days. The examination of the widow disclosed that the estate consisted of \$6,000, \$1,000 of which has been loaned to the Goodman Lumber company. Suit will now be started to recover the money for the estate. Attorney E. A. Macdonald is representing the estate.

WILL MEAN MUCH WORK.

New Bookkeeping System Will Make Heavy Demands on Clerks.

The new system of bookkeeping for the various city departments has already opened up a vast amount of work for the bookkeepers.

H. A. Higgins, of Chicago, a representative of the Barrow, Wade & Guthrie company, who was in Marquette recently auditing the books, will return to this city, probably today, and install the new system.

When the new system is in good working order, the clerks will have to take in under it all of the records made on the books since the first of the year.

The workmen who have been engaged in removing the partition for the past three days have not with several setbacks, and the office was not ready for use by the city treasurer yesterday morning. It is thought that everything will be in readiness by this morning. The work of the treasurer has not been impeded however, and he is transacting the city's business in the old police court room.

RESUME LAND CASE.

Suit of Mrs. Case Against J. M. Longyear Set for April 13.

Beginning April 13, the case of Mrs. Sophie L. Case against J. M. Longyear, which was given a partial hearing last summer, will be brought up for final action in the circuit court. Judge Finnigan is expected to be here for the remainder of the testimony and to finish up the suit. Action was started in the case to secure a declaration that certain deeds made by J. M. Case and wife in 1882 to J. M. Longyear were mortgages, and the right to redeem the land involved, which amounts to 90,000 acres. H. Douglas Andrews, of Cleveland; S. T. Monzies, of Detroit, and E. A. Macdonald, of this city, will appear for the complainant, and the defendant will be represented by M. J. Sherwood and D. H. Ball of Marquette, and Alan Rees, of Houghton.

STARTS ON TOUR.

J. C. Woodworth Will Show With West Pictures Here and in Other Cities.

J. C. Woodworth, former manager of the Grand theater in Marquette, has become actively engaged in the promotion of the motion picture department of the Miller Brothers 101 Ranch. This department stages pictures of the wild west, and a new set of six reels, that he will place in various houses will be presented at the Marquette Opera House early next week.

Following his booking in the city, Mr. Woodworth will take the pictures to Ishpeming and Negaunee, where they will be shown in the theaters managed by Ed J. Butler. Following these engagements Mr. Woodworth will return to Marquette, and will put his automobile in commission for a trip through Wisconsin to Milwaukee, thence around the lake into Michigan. He will work through the lower peninsula back into the copper country.

The pictures are shown only in the best theaters, and are claimed to be one of the most unique features in the motion picture line that has yet been introduced. Two series of three reels are shown, one depicting western life around the Miller brothers ranch, and the other giving in compass form the popular circus which has been shown by Miller Bros. throughout the country for the last several years.

1914 MODEL REO THE FIFTH IS HERE \$1,175 EQUIPPED

CAR or SUPER-CAR

Let us help you decide between lesser-built cars and this matchless car built by R. E. Olds. It is built to embody the best Mr. Olds knows after 27 years of car building.

Judge if it's worth while to get super-strength in a car you buy to keep. It stays new. It is the utmost in an honest car. It is built to render years of perfect service. It is built to save trouble, upkeep and repairs.

It has the new streamline body. It has electric starter and lights, dimming searchlights, demountable rims—all the latest equipment. It is luxurious in finish and upholstery.

And the price this year is \$220 less than last year's price with electric starter. It has 35 horsepower, but each driving part must stand the tests for a 50 horsepower engine.

It has 15 roller bearings—190 drop forgings. It has a costly clutch which prohibits gear clashing. Its gears are tested for 75,000 lbs. per tooth—it's springs for 100,000 vibrations. It's engine is tested for days.

It is built so that test cars, after 10,000 miles of rough usage, show in vital parts slight evidence of wear. Every spring the demand for this car is twice the factory output. But we can make a few prompt deliveries if you'll call this week.
