SPECULATION IN GRAIN STOPPED BY EXCHANGES

At Chicago Meeting Representatives of Various Boards Put End to Buying of Futures and Options.

FORESTALL GOVERNMENT

Chicago May 15.—Action, which, it is said, will remove the element of speculation from the grain market, and which, it is believed, will forestall any action by the federal government, was taken here today at a meeting of representatives of the primary grain exchanges of the country.

APPLIES TO OATS AND CORN.

The same principle was extended to July and September oats and corn in principle, but action was not taken as it was held unnecessary at this time.

RAILROADS ARE BLAMED.

To the break down in the system of distribution, because of the inability of railroad companies to render normal or efficient service. The relation of supply to demand being so close that extremely good facilities should have been available, when in fact the railroads ever in their history rendered a service so low in efficiency.

PRESIDENT MAY GET CONTROL OF ALL RAILROADS

Asks Congress for Authority to Guide Movement of Freight

Washington, May 15.—Broad presidential authority over transportation, including power to determine what commodities shall be given preference in the movement of freight, was asked of congress today by President Wilson, with the plea that "the exercise of such authority has become imperatively necessary."

GIVES BROAD POWERS.

The resolution drawn by Attorney General Gregory, was introduced at once in the house by Chairman Webb, of the judiciary committee, and will be presented in the senate within a few days.

TAKE UP CONSERVATION.

Consideration of the first of the administration's food conservation bills—that appropriating \$1,500,000 for a national food survey, and conferring authority upon the secretary of agriculture to regulate storage, manufacture, and distribution of foodstuffs, and fuels, began today in the senate.

ENFIELD RIFLES FOR UNITED STATES ARMY

New Forces Will Be Armed With British Standard Weapon Is Announcement.

Washington, May 15.—Use of the British Enfield rifle in the new American army has been decided on it, was announced today to insure a sufficient supply of guns for the great force to be raised for service abroad.

WILL BE RE-CHAMBERED.

The announcement came from the general national board of the Council of National Defense, formed to coordinate purchases for the army and navy. It said the Enfield rifle would be re-chambered to use American ammunition and that the American Springfield would continue to be turned out in as large quantities as possible.

GERMANS FAIL IN SMASHES ON BRITISH LINES

Teutons Throw Battalion After Battalion Against English Only to Draw Off Leaving Many Dead Behind.

FRENCH ALSO UNSHAKEN

(Associated Press War Summary.) What had everywhere been thought to be a commencement of a strong offensive by the Germans against the British along the Lens-St. Quentin line, and the French, from the region northwest of Soissons into Champagne, apparently was one of the sporadic counter-attacks which the Germans have been throwing against the fronts since the spring offensive began.

FRENCH LINE IS FIRM.

Along the front, held by the French, artillery actions prevailed throughout Tuesday, the Germans failing to follow up their infantry attacks of Monday, in which the French war office says they suffered heavy losses.

REPORT BITTEREST OF FIGHTING.

(By a Staff Correspondence of the Associated Press.) With the British armies in France, via London, May 15, 6:45 p. m.—Though a lull overhangs the greater portion of the battle line, so complete in places that larks singing and swallows' fussing make welcome breaks in the silence, other spots are witnessing the bitterest of fighting.

ARMY AVIATOR IS KILLED IN FALL

Lt. Eberts Meets Death at Columbus, N. M., When Machine Strikes Air Pocket.

El Paso, Tex., May 15.—Lieutenant Melchior Eberts, U. S. aviation corps, was killed in a fall with his airplane during a flight at Columbus, N. M., today, according to a telegram received at division headquarters here late today.

PLANE FELL 1,500 FEET.

The airplane fell from a height of 1,500 feet. The accident was attributed to the peculiar atmospheric conditions, the machine having been caught in an air pocket.

RUSSIANS STAND FIRM AGAINST GERMAN PLOTS

Word Reaching Washington Indicates Failure of Teutonic Intrigue

Washington, May 15.—On the eve of the departure of the American commission to Russia, the state department has received advices from Petrograd that the German government is not meeting with success in its efforts, through intrigue and propaganda, to break down the Russian provisional government and bring Russia to a separate peace, or lessen her military effectiveness.

MISSION NOT TO MEDDLE.

To meet sinister misrepresentations of the purpose of President Wilson in dispatching the mission, headed by Elihu Root, to Russia, it was authoritatively stated today that the mission contemplates no interference in the internal affairs of the new born republic, nor any effort to sway the judgment of the Russian people as to which course of action shall control.

AGREE ON ARMY BILL.

The war army bill probably will become a law within the next few days, and before the end of the week, the comprehensive plans of the war department for raising a force to fight Germany will be in motion.

PRESIDENT WANTS ACTION.

President Wilson tonight began an effort to have congress speed up war legislation. At a White House conference with members of senate and house agriculture committees, he emphasized the imperative necessity for prompt action upon the food control legislation.

SENATE TO SET WAR BUDGET.

The largest war budget in the nation's history, aggregating \$3,350,000,000, will be taken up tomorrow by the senate and given the right of way until passed. The bill, already passed by the house, provides for war expenditure of the army and navy, and also, as increased by the senate appropriations committee of which \$400,000,000 would be immediately available for the shipping board's merchant fleet program.

THIRTEENTH ATTACK WINS.

This is the thirteenth attack on the mass of craters which represent Bullecourt, since April 11. However, the English are bent upon possession of this heap of ruins, they will have to repeat the attack for the thirteenth time.

CLOSE GENERAL DEBATE ON WAR REVENUE BILL

After Five Days' Discussion House Is Nearly Ready to Ballot on \$1,800,000,000 Measure.

AGREE ON ARMY BILL

Washington, May 15.—General debate in the house on the \$1,800,000,000 war revenue bill closed tonight after five days of discussion and Democratic Leader Kitchin predicted a final vote would be reached some time Saturday.

AGREE ON ARMY BILL.

Vigorous fights will be made against the excess profits income and automobile taxes and the proposed increased rates on second class mail. Many Republican members will seek to substitute the English excess profits tax law provisions for those now in the bill, on the ground that they would reach more firms and provide a more equitable tax.

AGREE ON ARMY BILL.

Conferees of senate and house agreed upon the bill today, deciding to regain the senate amendment under which Colonel Roosevelt may be authorized to raise not more than four divisions of infantry for service in France. The report will be taken up by the house, probably tomorrow, and its adoption there is expected to be followed quickly by final action in the senate.

REVIEWERS MILITARY SITUATION.

The chancellor briefly reviewed the present military situation and Germany's relations to the neutrals, in the course of which he warmly praised the attitude adopted by Spain.

REVIEWS MILITARY SITUATION.

"These interpretations demand from me a definite statement on the question of our war aims," said the chancellor. "To make such a statement at the present moment would not serve the country's interests. I must, therefore, decline to make it."

REVIEWS MILITARY SITUATION.

"On giving liberty for the free discussion for war aims I had it expressly declared that the government could not

SOCIALIST LEADER DECLARES PARTY IS TAKING STEPS TO FORM TEUTONIC REPUBLIC

(BULLETIN)

Berlin, via London, May 15, 11:35 p. m.—The Socialist leader, George Ledebour, declared in the reichstag today that it was impossible for Germany to win a war of subjugation, and expressed the conviction that a revolution must happen in Germany as it has happened in Russia.

AGREE ON ARMY BILL.

"We shall propose a constitutional committee," he said, "to take preparatory steps in the direction of introducing a republic in Germany. The chancellor doubtless desires annexations, both in the east and west. With the exception of extravagant visionaries nobody believes that Germany can win a war of subjugation."

AGREE ON ARMY BILL.

"Her Scheidemann must take up cudgels against the government if he does not want strong words, which do not shrink even from the announcement of a revolution, to be followed by deeds. We are convinced that events must happen in Germany as they have happened in Russia."

AGREE ON ARMY BILL.

Berlin, via London, May 15, 11:40 p. m.—In one of the most vigorous and plain spoken speeches he has yet made before the reichstag since the outbreak of the war, the imperial German chancellor today bluntly refused to enter into a discussion of Germany's peace aims, as demanded in interpellation by the Conservatives and Socialists.

AGREE ON ARMY BILL.

"No! I will not pursue such a policy. That would be the basest ingratitude toward the heroic deeds of our people at the front and at home. It would be equivalent to surrendering the future of the fatherland."

AGREE ON ARMY BILL.

"I also decline to set forth a program of conquest. We did go forth to war and we stand in battle now against almost the whole world, not in order to make conquests, but exclusively to secure our existence and to establish firmly the future of the nation. A program of conquest helps as little as a program of reconciliation to win victory and the peace."

amateurs under the old definition of the class. They are, of course, allowed to compete in sanctioned amateur games and serve as members in all amateur organizations. All paid athletic advisors, who do not and have not competed or given exhibitions for money and who have not in any other way broken the existing amateur rules, are, regardless of the fact that they receive money for coaching, known as Class B Amateurs. Although they are not allowed to compete, they are allowed to serve as members in all district amateur organizations. With this exception there is no change in the old definition of a professional, who is neither allowed to compete with amateurs nor have any voice whatsoever in the management of amateur athletics.

This change was made only after a very serious weighing of all the pros and cons and was finally decided on for the reason that it would help to improve the management of athletics. The athletic coaches are to serve on organizations of the districts in which they are stationed and through them the committees can keep in direct touch with the needs and requirements of athletes and athletics.

performed a similar feat against the Boston Red Sox. Toney, of the Cincinnati Nationals, added his name to the list at the expense of the Chicago Cubs on May 2. On Sunday, May 6, Bob Groom, of the St. Louis Americans, held the Chicago White Sox hitless for a full nine innings in addition Vaughn, of the Chicago Nationals, pitched hitless ball for nine innings against Cincinnati and Toney on May 2, when the latter made his record, and it was not until the tenth pitcher that Kopf broke the big Cub twirler's string with a single.

The four no-hit games hurled by major league pitchers during the first month of the 1917 season have established a new record in this department of professional baseball and created an unusual amount of interest among close followers of the game. The records show that on April 14 Cicotte, of the Chicago Americans, shut out the St. Louis Browns without a hit. On April 24 Mogridge, of the New York Americans,

AMERICAN HATS IN AUSTRALASIA.

American hats are becoming very popular among the women of Australasia, if large sales already made and large orders recently taken may be taken as a guide. In one of the arcades in Melbourne, writes Commercial Agent Stanhope Sams, there is a little shop that bears the name "American hats," but an inspection of the goods leads one to believe that the hats are really of Japanese make and a like state of affairs exists at many other points in Australia and in Tasmania and New Zealand as well. The genuine American hat, however, is winning its way. An Australian business man who has been representing American houses for about three years states that the real American hat is being sold in increasing numbers every year. During the first year in which he handled hats made in the United States he did comparatively little business, although enough to continue and establish a foundation for future profit. The last two years he has done far better than he expected, securing large orders from the principal houses throughout Australasia. He now has in hand orders for \$200,000 worth of hats alone, besides additional orders for other millinery.

TWENTY-THREE ENTER THE NAVY

That Number Had Enlisted When Recruiting Closed Yesterday Aboard the Yantic.

Twenty-three young men had enlisted for navy service when recruiting aboard the U. S. S. Yantic closed yesterday noon. The recruits come from various parts of the country, the copper district naturally furnishing the largest quota. In the addresses furnished by the recruits it develops that Joseph Mendelssohn Jr. traveled the longest distance to enlist, coming direct to Hancock from New York for this purpose. It is expected the ship will slip from her mooring within the next twenty-four hours. The honor list follows: Philip M. Cooper, Houghton. Mike Weissenauer, Lake Linden. Archie Shipley, Hancock. Archibald McGregor, Hancock. Gerald K. O'Brien, Houghton. Joseph Gaudry, International Falls, Minn. G. C. House, Kerriak, Minn. Howard Trezona, Calumet. Robert J. Byers, Houghton. A. E. DELAWARE CARRIES A VALUABLE CARGO

Vessel Left Lake Linden Sunday With Richest Burden Ever Floated in Great Lakes.

The steamer Delaware, of the Great Lakes Transit corporation fleet, should be pulling into Buffalo today with the most valuable cargo ever floated on the Great Lakes. The Delaware left Lake Linden Sunday night for Buffalo with a cargo valued at \$2,244,880. Adding to this the value of the steamer, \$450,000, the entire shipment reaching Buffalo today is worth \$2,694,880. Agent C. O. Berglund, of the Great Lakes line, in Houghton, did not give this information until yesterday because of the possibility of interference with the steamer, which bears material that may be construed as munitions of war. The Delaware entered Portage Lake last Friday with a cargo of flour taken on board at Duluth. The flour was 15,200 barrels valued at \$16 a barrel, or a total of \$227,500. The value of this flour has increased about \$20,000 since it left Portage Lake. The cargo also included nitrate of ammonia and copper, the table of the shipment being as follows: Flour . . . . . \$ 227,500 Nitrate ammonia . . . . . 136,800 Copper . . . . . 2,000,580 Steamer . . . . . 450,000 The copper in the shipment totals 3,122 tons at \$600 a ton.

FROM DR. HOUGHTON'S DAUGHTER.

Mrs. Harroun Sends Mementoes of Her Father to Historical Society. The Keweenaw Historical society has received from Mrs. Mary Houghton Harroun, daughter of Dr. Douglas Houghton, for whom Houghton and Houghton county were named, a donation of historical material relating to the great geologist. Accompanying the donation was the following letter, dated Santa Fe, N. M.: "I am today sending you for the Keweenaw Historical society the book of papers regarding my father, Dr. Douglas Houghton. I also send two letters written by him. "I hate to give them up but my husband and I feel that they should be placed where their preservation is assured and as I am now advanced in years what I do must be done quickly. Then, too, being on the border we do not know what a day may bring forth. "I am sorry not to be able to send you photographs of the memorial window at Marquette and the painting at Lansing, but I have only one of each and my sons want them. "I believe there is a school at Houghton named for my father. If you could procure me two photographs of it I should greatly appreciate your kindness. "Respectfully, "Mrs. Mary Houghton Harroun."

COUNCIL WILL MEET TONIGHT.

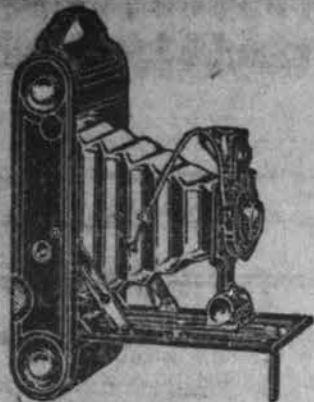

Two Members of Hancock Board of Public Works to Be Named. Among the matters that will come before the Hancock council meeting this evening will be the appointment of two new members to the board of public works. One vacancy comes with the expiration of the term of Fred Schubert, and the other through the resignation of Edwin Henwood, chairman of the board. City Clerk Hoffenbacher did not know yesterday of anything unusual coming before tonight's meeting aside from the above. The city attorney will likely submit a report on the franchise of the Gas company. A resident of the west end has asked that he be informed whether the company can be compelled to extend the main to his property.

A MOTORCYCLE FATALITY.

Rudolph Suomala, of Mohawk, Dies in Calumet Hospital. Rudolph Suomala, of Mohawk, died in the Calumet public hospital early yesterday morning as the result of a motorcycle accident on the Keweenaw concrete highway near Mohawk early Monday evening. Suomala was a passenger on the machine of William Olson, which was one of three motorcycles returning to Mohawk in company from a trip to Calumet. In coming down a hill onto the concrete highway Olson lost control of his machine and it went into the ditch. Olson was uninjured. Suomala suffered a fractured skull.

PLOWING UP CITY PARK.

Hancock Getting Ground Ready for Planting—Open to All. Two teams were set to work yesterday morning plowing up a portion of the Hancock city park, which is to be given over to citizens wishing to plant gardens. So far more than sixty applicants for lots have been received and the coming week is expected to bring in almost as many new names. The lots are to be placed at the disposal of any citizen of the city making request and agreeing to live up to the terms of agreement. This is the reverse of an impression that gained ground, in which it was understood the tracts would not be turned over to persons financially able to meet the high cost of living minus this assistance.

TO SHOW "WAR BRIDES."

Nazimova in Much Talked of Picture Here Next Week.

"War Brides," the first production by the Herbert Brenon Film Corporation for Selznick-Picture, will be seen at the Opera House on Tuesday and Wednesday of next week.

This photodrama will introduce to moving picture patrons a new star, Nazimova. Well known on the stage, she is now making her debut on the screen in a film version of the play, by Marion Craig Wentworth, in which she made a sensational success on the stage.

She had refused all offers until she saw "A Daughter of the Gods," which Brenon wrote and directed, and was so charmed by the work that she signed a contract to appear under his direction.

"War Brides" is an intensely dramatic story, but while it has to do with conditions brought about by war, there are no battle scenes. A trench is shown, and the effect of the fighting upon the troops, but no battle scene is enacted. The main story has to do with the sufferings of the women at home. Joan, the young widow, defies the military authorities, and urges the young women of the village to refuse to become brides of the departing soldiers. She is imprisoned, but escapes, and leads a band of mourning women to meet the King

and protest against war. Her own individual message she delivers in a most dramatic manner.

Herbert Brenon has excelled himself in this production. His previous successes, "Neptune's Daughter," "The Soul of Broadway," "The Clemenceau Case," "The Kretzner Sonata," and others, have won for him a reputation second to that of no other director in the world, and he stakes his reputation upon "War Brides" as his greatest work down to the present.

MARY PICKFORD COMING.

As Gwendolyn, the "poor little rich girl," who had all that money could buy, but scarcely knew her parents, Mary Pickford in "A Poor Little Rich Girl," her newest Arterraft picture adapted from the well-known Eleanor Gates subject, is afforded a role of exceptional Pickford qualities. The story tells of how Gwendolyn, who is left entirely in the care of her nurses and servants as a result of the social and business "duties" of her parents, finally brings about a big change in the lives of her little family. Through their little daughter, the selfish parents are brought to realize that each is travelling in the wrong direction and

that their real goal is happiness rather than wealth.

Judging from all advance reports this new Mary Pickford play is the greatest typically Pickford subject ever staged, replete with Pickford charm and presenting an occasional twang at the heart strings as well as plenty of quaint situations. Technically it is also conceded to be an accomplishment in the photographic art as a result of the efforts of that master-director, Maurice Tourneur. The picture will be shown at the Opera House Friday and Saturday with a matinee on Saturday.

### SWANSON TO PLAY WITH CHISHOLM

**Local Man to Hold Down First Sack for That Team in the Northern League.**

Inar Swanson, of this city, who has been located at Chisholm, Minn., for the past two years, is again a member of Chisholm's big league baseball team. The club this season is affiliated with the Northern league, which includes Duluth, Hibbing, Virginia, Fargo, N. D. and other Minnesota and Dakota cities.

In a game played Sunday between Chisholm and Hibbing, the opening of the league, and which Chisholm won 9 to 6 Swanson held down first base and did some excellent work. The Northern league this year will be confined to Saturday and Sunday ball as the club owners find they can make their teams pay better by playing only two games a week. Holiday games will also be played.

Swanson will be playing with a number of former big leaguers, practically all of whom have been in the "big show" at one time or other. Roy Cullis, a former Neguinee player, is again the Chisholm short stop and is playing a fast game this year. He is said to be showing up much better with the stick than ever before. Magee, who played third base for Ishpeming in the last league team this city boasted of, is a member of the Hibbing nine. Newt Randall, who was formerly a member of the Milwaukee American association team is playing second base for Hibbing.

It is not likely that there will be much doing in baseball in Ishpeming this year as none of the old time fans and promoters seem to take much interest in the national pastime. An effort was made a few weeks ago to bring the fans together to discuss the possibility of organizing a league team here, but no one would volunteer to take up the preliminary work necessary for such a meeting and it fell through.

There will probably be several teams of the sand lot variety, organized here this year, and their patronage will probably be large, when no admission is charged, but it is doubtful if a team of any kind can be made a paying proposition by the paid admission route. Last season several organizations went broke by trying to exist on the gate money and this year it will likely be harder on the backers of the nines on account of the fact that there is practically no fence at all left at Union Park. Before a game of any kind can be staged at the Park it will be necessary to make a number of repairs to the diamond. Ad-

ditional clay will be necessary to cover the infield and there are numerous holes in the playing area, which will have to be filled up before a game can be played. It will also be necessary to have the diamond rolled and scraped before any kind of baseball can be had.

### WILL HAVE HONOR ROLL.

Ishpeming Residents Enlisting for Service in War Will Be Asked to Register.

Richard Olds, city recorder, yesterday received an Roll of Honor record book which will be used for the keeping of the records of all Ishpeming men and those residing in the vicinity of the city, who offer their services to the government during the war. The book is now in the city building and all men who have offered themselves for services are requested to call there and sign it. The relatives or friends of Ishpeming men who have already left the city to serve their country are requested to register the names.

Mr. Olds will keep an accurate account of all those who will serve the United States and the Roll of Honor will contain the names of men who have enlisted in the navy, army, officers reserve corps and national guards. If a man has been rejected he is entitled to a place on the honor roll just the same. The roll has a space for the name of applicant, service applied for, accepted, rejected, date of enlistment and remarks. It is the intention of the city officials to keep the book on file in the recorder's office so that it can be used for reference in years to come. Should the United States have other wars there is plenty of space in the book for the filing of additional data.

### THEATRICAL.

"Ashes of Ember," a Paramount feature, with Pauline Frederick, will be the offering at the Ishpeming theatre tonight. It is the first booking under Manager Butler's new contract with the Famous Players company.

Paramount features will be shown hereafter on Wednesdays and Saturdays at the Ishpeming and Butler theatres. The Saturday bookings of Paramount will be seen at the Butler. The World features, which are among the most popular being shown here, will be presented at the Butler on Thursdays, instead of Saturdays.

The World-Brady offering at the Butler tomorrow night will be "The Madness of Helen," with Ethel Clayton and Caryle Blackwell in the cast.

### "The Money Mill Tonight"

In order to secure realism in "The Money Mill," the Vitagraph Blue Ribbon feature which stars Dorothy Kelly, and is the attraction at the Butler theatre tonight, Director Robertson actually

blew up a location which had been made to resemble a mine.

The story calls for fascinating "Dot" to rush into the blazing enclosure in order to rescue her father, and preparations were made for the scene to be filmed as written.

When the camera started to grind and register the blaze, the signal was given by the director and "Dot" started to run towards the spot. A high wind, however was causing the flames to make a big headway and the director regretted his act the moment he had given the word "Go," and called to Miss Kelly not to attempt it.

Paying no heed to his warning because she realized that her failure to enter the structure would spoil the picture or cause the expense of erecting another mine and a "retake," the little star kept right on. Two or three other players who were in the scene started to hold her back but using all her strength, she pushed them aside and did the scene as she had rehearsed it.

The camera-man surmised her intention and, therefore did not stop cranking and the result that secured something of a thriller was secured.

Miss Kelly escaped with a burned hand which pained her severely for several days, much to the sorrow of the director and supporting company, although they were not in the least to blame.

### DOING SOME GOOD.

The plea for increased vigilance in the direction of fire prevention is not new to the people of the United States. An active campaign has been waged during several years and has produced very gratifying results. The fire losses in this country last year, for example, were \$168,905,100. The total in 1915 was

\$228,836,200 and that was the first year in ten years that the loss had been below \$200,000,000. The average had been about \$225,000,000, not including the disastrous year of the San Francisco fire.—Indianapolis Star.

T. W. Johnson, supposedly poor gambler, dead in Racine, Wis., is found to have left an estate of \$85,000.

### SCHOOL CHILDREN TO GIVE MAY FETE

Dancing and Physical Training Exhibitions Will Be Given at Ishpeming Theater.

A May fete and physical training exhibition will be given by the children of the grade and high schools, at the Ishpeming theater on the afternoon and evening of May 23. About three hundred boys and girls will take part, every school room and grade being represented.

The program will be divided in two parts, the first part being a May fete in the form of a fairy play that introduces the folk dances and singing games taught in the first five grades.

Miss Florence Bamford will take the part of the fairy queen.

The May Pole dance will conclude the first part.

Between parts one and two Miss Agnes Cousineau will give a dramatic recitation entitled "Hagar."

—Part Two—

Maze and Figure Marching—Ninth grade girls.

Free Hand Gymnastic Drill—Girls and boys of the Salisbury school.

Garland Drill—High school girls.

Games—Girls and boys of the Junction school.

Dumb-bell Drill—Seventh and Eighth grade boys.

Dances of the Nations—Seventh and Eighth grade girls.

Couple Dance—Gertrude Needham and Mildred Oas.

Indian Club Swinging—High school boys.

Couple Dance—Agnes Beauchamp and Myrtle Richards.

Military Marching Tactics—Two squads on the high school Cadet corps.

AT MINNESOTA'S CAMP.

Lee Clifton, of Duluth, is here on a visit with his mother, Mrs. Nels Clifton. The young man will leave next week for Fort Snelling, Minn., where he will enter the Officers Reserve corps training camp. Mr. Clifton spent nearly a year on the Mexican border as a member of the Minnesota National Guard and when the company was mustered out at Duluth in December he was retained as company clerk. During the greater part of the time that he spent on the border he was a sergeant in the company having won promotion shortly after leaving Duluth. Mr. Clifton and another member of the company are being sent to the camp by the state through recognition of the work as members of the National Guard.

### BOUND OVER TO CIRCUIT COURT.

James H. Billings, who was given an examination in the municipal court yesterday, on a charge of having sold liquor after hours, was bound over to the next term of circuit court by Judge William St. John yesterday. Prosecuting Attorney M. J. Kennedy conducted the examination and several witnesses were examined. Joseph Kelly another local saloonkeeper will be given an examination today. He was arrested for not having his blinds drawn on Sunday. Charles Gustafson, who is charged with a similar offence, will be brought in to court on Thursday or Friday.

#### Well Known Menominee Man Dead.

C. Oscar Lyon, passed away at his home, 1016 Main street, Menominee, following a week's illness. Mr. Lyon was born in Sweden fifty-six years ago and came to America at the age of eighteen. He lived for two years in Chicago, at the end of which time he went to Little Sturgeon, Wis. He was in the employ of A. F. Piper & Son, general supply store. He remained at Little Sturgeon for a period of thirteen years. At the end of that time he went to Menominee, where he started in the flour and feed business. After two years he opened a branch store at Sawyer. For the past few years he has been in the coal and building supply business. His brother, Bernard Lyon, was in partnership with him. Mr. Lyon had been a resident of Menominee for twenty-three years. He is survived by his widow and two sons, Waldo, fourteen, and Clifford, twelve years old, his brother, Bernard, at Sawyer, and a sister, Mrs. Anna Carlson of Chicago. His father, two sisters and one brother also survive him in Sweden. He was a Thirty-second degree Mason, a member of the Odd Fellow lodge and of the Modern Woodmen.

#### Actively Farming at 73.

A. M. Sutherland, well known Menominee county man, at the age of seventy-three is in the best of health, and is doing his "bit" for the country by engaging in active farm work. Mr. Sutherland is a retired railroad man, and was born in Hartford, Connecticut. He has a brother, John, who is at present engaged as depot agent for the Northwestern line at Ingalls, a berth he has held for the past thirty-five years. Mr. Sutherland began his railroad career at the age of sixteen, being first employed on the Grand Trunk railroad. He later worked for the Northwestern road at Negaunee, being employed as foreman in the yards. Later he was given a call in the capacity of engineer, which he held for eight years, until being appointed road master of the company's branch to Quinnesec. He held this position until 1888, and resigned to accept a position as assistant superintendent of the Duluth, South Shore & Atlantic road. He resigned this position in 1912, and purchased a farm in Ingalls. His farm at Ingalls consists of forty acres of cultivated lands, and is one of the most modern and best equipped in the county.

#### Plan Food Activities.

The county board of supervisors considered matters relative to the food situation in Iron county. County Agent Hoopingarner was given the floor and outlined a number of plans for increasing the food supply, among them being the securing of seed for prospective planters and the increasing of acreage available for cultivation purposes. Mr. Hoopingarner advised the board to enter upon a program of land clearing promotion. He even went so far as to propose the establishment of a revolving fund to be placed at the disposal of the agricultural committee to be used in assisting the farmer to get busy and clear his land of stumps. The supervisors evinced a disposition to go as far as good business judgment would dictate in an effort to expand agriculture in the county, but didn't sanction the establishment of the revolving fund. As the first specific move towards assisting the farmer and small planter this year, ac-

**TUESDAY'S TRADING.**  
 New York, May 15.—The entire stock list, save for a noteworthy exception, was under restraint today, because of further liquidation in rails, and increased concern respecting the Russian situation. In the main, the tendency seemed upward, but the steady offering of transportation shares more than upset operations on the constructive side. At their lowest levels, St. Paul, Pacific and some of the eastern lines reiterated losses of one to two with some slight recovery later. United States Steel and kindred industries were temporarily affected by one to two points. Total sales amounted to 435,000 shares.

**BOSTON COPPERS.**

Ishpeming, Mich., May 15.—Quotations were fractionally lower today, but considering the Russian situation, markets are certainly holding remarkably well. The uncertainty that exists in regard to the new taxation program is bound to have a depressing influence and naturally slows up trading. We believe practically all the floating supply of stocks has gone from whom a buying movement starts, there will be some sharp advances. The steel and copper shares are the favorites. There has been some weakness in the gold stocks of late, due to the fact that cost of supplies, wages, etc., has been advancing, and of course, unlike other commodities, the value of gold remains the same. A similar condition applies to the motor

**Use Coconut Oil**  
**For Washing Hair**

If you want to keep your hair in good condition, the less soap you use the better.  
 Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulsified coconut oil (which is pure and entirely greaseless), is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair.  
 Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.  
 You can get mulsified coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

**BISHOP OUTLINES PENSION CAMPAIGN**

**Dignitary of the Methodist Church Addressed Negaunee Congregation.**  
 Last evening at the Mitchell Methodist Episcopal church Bishop T. S. Henderson, of Detroit, outlined the campaign for raising a million dollars for the support of the retired preachers. The meeting was largely attended. About \$30,000 of the fund has already been raised in the Detroit conference district, and the Bishop outlined a plan for carrying the campaign through to success. He made no effort to secure contributions on his visit here, but gave the congregation a full explanation of the plan. A prominent layman of Detroit has offered \$25,000 towards the fund.

**MERCHANTS TO CARRY OUT THEIR AGREEMENT**

**Despite Backsliding of One of Signers, Announced Schedule Will Be Effective.**  
 Despite the backsliding of one of the merchants who signed the agreement designating the closing hours for Negaunee stores for the summer months, the other merchants who endorsed the plan have decided to carry it out. They are convinced that the public approves of the movement, and that their interests will not suffer because they stand by the agreement. They make the following statement:  
 To The Mining Journal: In view of the fact that we have heard strong protests from the public on the attitude of the merchant who has deliberately violated the closing agreement, and that, also, the clergy have commended our action from the pulpits of their respective churches, the merchants of Negaunee have therefore reversed their decision from the announcement of a few days ago and will continue, as heretofore, to close their stores evenings, regardless of the action of the merchant.

**Recruits for Company M.**  
 A number of recruits for the Michigan National Guard are being held in Detroit for a few days prior to being assigned to Company M, the Soo home company in the Michigan Thirty-third regiment, according to an officer at Fort Brady. "This ought to make young men of the Soo realize that their company is filling rapidly and some morning they will wake up finding it recruited to its full strength," said an officer. "There is plenty of room now, but recruits coming in by tens and twenties will soon close Company M to further enlistments. I am certain Soo boys want to serve in their home company, but I can't see why they don't enlist now when they have the opportunity."

**Dependent Relief Work.**  
 The Michigan War Preparedness board is organizing the dependent relief work under the law just passed by the legislature. Probate Judge John Stiles, of Menominee, has been officially requested by the war preparedness board to render assistance in the way of investigating applications for relief and of identifying the applicants. It is not the intention of the law that the allowances should be on a charity basis—but as a matter of right. The board intends to extend relief in all cases of soldiers who leave behind wives, widowed mothers or children, where application is made. All other cases will be treated as "exceptional dependents" and will require some investigation. All applicants will be required to furnish such proof of identity as will satisfy the probate judge. Under the law the dependents to whom aid may be extended shall consist of the wife, without children, \$20 a month; for wife and children, \$20, and \$7.50 a month for each child, respectively; for other dependents, not to exceed \$20 a month for the dependent family as a whole. Judge Stiles will cheerfully furnish the information required by the war preparedness board and gladly assist all applicants.

**Home Guards Lax.**  
 Of the ninety-four members of the Negaunee home guard organization, only twenty-eight were out for drill at the high school playgrounds Monday evening. The men in charge of the drills are becoming discouraged by the indifferent attitude of many of the city's young men, who, it seems, joined the guard when it was first organized because they were under the impression that they were going to be provided with free uniform and equipment. Since it has been understood that the guards would not get any equipment the membership has noticeably decreased. The officers have arranged to have the next drill Friday evening, instead of Thursday, and hope to see every member present. If the attendance does not pick up considerably, it is likely that a list of the names of the "slackers" will be published.

**THREE FLAGS SEEN NOW IN DETROIT**

**Those of United States, France and Great Britain Are Thrown to the Breeze.**  
 Detroit, Mich., May 15.—Since the United States went to war, Detroiters have been living under three flags. Countless thousands of American banners are flying over the city but here and there, among the blazing colors of America triumphant, float the standard of Great Britain and the tri-color of France.  
 Detroiters have grown accustomed to seeing British uniforms because for two years Canadian soldiers on leave have crossed the river and promenade on Woodward avenue without interference or censure. Now and then the uniform of the Highlander mingled with the tawny uniforms of British, Canadian and American soldiers on the international ferries. Commanding officers of national guard troops in Detroit and Canadian commanders in Windsor, across the river, found it impossible to prevent their men from fraternizing. Shortly before the United States entered the war, a parade in Canada with drill Friday evening, instead of Thursday, and hope to see every member present. **BANKERS PLAN TO FLOAT LIBERTY LOAN**

At Enthusiastic Session at Marquette Club U. P. Financiers Consider Means.

If the recommendations adopted at a meeting of the upper peninsula bankers at the Marquette club yesterday afternoon are put into effect, the three and one-half percent liberty loan, now being offered by the government of the United States, will be successfully floated. The spirit of patriotism pervaded the proceedings from start to finish. Leading bankers and business men from different sections of Northern Michigan participated in the discussion of ways and means for placing a proper proportion of the issue among the people of this section of the state. The consensus of opinion was that the loan must be made a success, and that the bankers themselves must take the initiative, as a patriotic duty, to attain this end.

Those attending the meeting were members of Group One, Michigan Bankers' association, and bankers from practically every county of the upper peninsula were present, as well as a number of Northern Michigan's most influential business men. It was an enthusiastic gathering of serious-minded, patriotic men, who realized that upon their action would depend the success or failure of the bond issue in this section of the state.

The meeting was called and presided over by G. A. Blesch, of the First National bank, Menominee, president of Group One, in response to the request of the Federal Reserve bank at Minneapolis, through which the bond issue is to be handled in this part of Michigan.

The bankers assembled at the club at four o'clock and after roll call, J. W. Black, of Houghton, explained the details of the bond issue so far as they have been worked out. Mr. Black is a member of the board of directors of the Federal Reserve bank at Minneapolis. The details, as outlined by Mr. Black, are as follows:

The rate paid by the government on liberty loan bonds will be three and one-half per cent. The bonds mature in thirty years, but are redeemable by the government after fifteen years.

They will be issued in fifty, one hundred and higher denominations. Five thousand and up denominations will be registered and lesser denominations will be coupon.

Every bank in the county will receive subscriptions for the bonds which may be purchased for cash, or on the installment plan, as follows:

Two per cent of each subscription will be payable when subscription is made, the balance in deferred payments—eighteen per cent, June 28; twenty per cent July 29; thirty per cent August 15 and thirty per cent August 30. Subscription will close June 15.

The discussion that followed was participated in by James MacNaughton, of Calumet and Boston; M. M. Duncan, of Ishpeming; Gordon R. Campbell, of Calumet; J. H. Rie, of Houghton; E. S. Bise, of Marquette; E. H. Hotchkiss, of St. Ignace; Cio Melleur, of Negaunee, and others. The speeches indicated that there is an overwhelming sentiment among the bankers and business men in favor of getting the bonds into the hands of the people.

James MacNaughton struck the key note of the meeting when he said: "Every mother's son of us is expected to do his individual bit in this, a national crisis, whether that bit consists of floating loans, raising potatoes and onions, or enlisting in the army and navy. It is a glorious privilege to live in this age, in this country of ours, and to do our share in helping the cause of liberty. Now bankers have a duty, a patriotic duty, to perform, just as the rest of us have duties to perform. What if you don't make any money in the method you adopt in handling these bonds; a whole lot of the rest of us are going to lose money. It's your bit. It's your patriotic duty."

A resolution was then unanimously adopted, recommending that the banks handle the question of helping the individual buy his bond in the following manner:

If he is unable to pay cash for the amount he wishes to purchase, or meet the installments established by the government, the bank will make the purchase for him, permitting him to pay down ten dollars per hundred purchased, and ten dollars per hundred monthly until the full purchase price is paid, charging him three and one-half per cent interest on the unpaid balance, exactly the rate paid by the government on the bonds, and holding the bond as collateral.

In this manner it is expected to make it possible for every man to buy at least one one-hundred dollar bond, and thus do his bit in helping the country in its need. Large employers of labor have also signified the probability that their companies will assist their men in making such purchases. Mr. MacNaughton, for the Calumet & Hecla Mining company, and Mr. Duncan, for the Cleveland-Cliffs Iron company, intimated the possibility of such action.

Meetings are to be called this week in each county of the upper peninsula, to be attended by the bankers, manufacturers and businessmen, to devise means to be employed in advertising and placing the bonds in the hands of the public. According to the organization of Group One, Michigan Bankers' association, one banker in each county serves as county chairman, and he, in each case, was yesterday instructed to immediately take steps toward getting the representative men of his county together.

Following the business session, a dinner was served in the club dining room, to which the visiting bankers and others were guests.

**PLANS COMPLETE FOR TODAY'S PROGRAM**

Parade Begins at 3:30 O'Clock—Ten Recruits to Leave for Army Training Camps.

Plans are complete, enthusiasm is high and prospects are bright for a patriotic demonstration today that will stir thousands of Marquette residents.

Thus far ten recruits for the various branches of the United States army are scheduled to march in the parade today as the "honor squad." These men have enlisted during the past three days, and are as follows: William Dionne, Wilfred Beaudrea, Elmer Demaine, Henry F. Hokenson, Emil Rosell, Wilford Ducharme, John Hill, Rudolph W. Rehn, Arthur P. Scully, Charles A. Hanson, Joseph A. Cooney, Carol B. Barnes.

The procession will wind up at the South Shore depot, where the four bands will play in honor of the departing recruits.

The parade will begin at 3:30 o'clock, and will consist of three divisions, as follows:

**First Division.** Musing band. Marquette city officials and employes. G. A. R. veterans. Spanish American war veterans. Company M 33rd regiment of infantry Michigan.

**Second Division.** Arab Patrol band. Arab Patrol. School children. Labor unions. Civilian marching bodies. Marquette Patriotic league.

**Third Division.** Knights of Pythias band. Knights of Pythias. Boy Scouts. Marquette Branch Prison band. Elks. Hibernians. St. John Baptist society. Knights of Columbus.

The first division will assemble on Third street, heading on Baraga avenue, facing south.

The second division will assemble on Baraga avenue heading on Third street, facing east.

The third division will assemble on Third street, heading on Baraga avenue, facing north. The line of march will be—Baraga avenue to Front; north on Front to Arch; west on Arch to Third; south on Third to Washington; east on Washington to Front; south on Front to South Shore depot, where the bands will play until the departure of the train bearing the recruits.

The committee requests that there be no automobiles in the parade, and the marchers are asked to display the colors. "Everybody get in line—even the on-lookers," is the slogan.

**CONVENTION TO OPEN TODAY IN ST. PAUL'S**

Episcopal Clergy Will Meet to Discuss Election of Bishop Coadjutor.

The twenty-second annual convention of the diocese of Marquette, of the Protestant Episcopal church, meets this morning in St. Paul's church at 10 o'clock. The sessions will open with morning prayer and the holy communion. Following this will come the organization for business, and the hearing of reports from the various diocesan officers and boards. The Rev. C. G. Ziegler, of Ishpeming, will call the meeting to order in the absence of Bishop G. Mott Williams, who is in the South on account of ill health.

Bishop Williams having requested the election of a bishop coadjutor to relieve him of some of his responsibilities, the convention will be called upon to consider the question of such an election. There is some talk of postponing the election until more satisfactory arrangements can be made for the financial support of another bishop.

At 7:30 o'clock tonight there will be a confirmation service in the church, at which Bishop J. N. McCormick, D. D., of Grand Rapids, will preach. The public is cordially invited to attend this service and the reception in the Guild Hall, which follows.

The present officers of the diocese are the Rt. Rev. G. Mott Williams, bishop; Peter W. Phelps, treasurer; A. E. Miller, treasurer of the Episcopal Endowment

**CAMPAIGN TO SWELL RED CROSS FUNDS**

Drive Begins Today and Will Include Entire City—Committees Will Work in Wards.

"The members of this household endorse and financially aid the RED CROSS, because they believe that SOME must fight and ALL must help."

A card bearing this inscription and printed in colors will be placed in every Marquette home from which financial assistance has come for the work of the Marquette chapter of the Red Cross. It is believed that under this plan the work of the organization will be given more attention. Those who help with it will be identified by the card, which is designed to be hung in the window. The drive for members will begin this morning and will be continued until next Monday.

The headquarters of the campaign will be in the south store room of the Pythian building, and one of the officers will be present there daily. Subscriptions will be received there or at Stafford's and Desjardins' drug store, Willemsen's news stand and all the banks in the city. In addition, ward committees have been appointed to work in their respective districts, so that the campaign will be wide-spread and thorough.

**What is Red Cross?** What the Red Cross is, what it is not, what it does and what it needs are pointed out in the following resume of the purposes of the organization:

It is an organization, under efficient leadership, of all the men, women and children of the United States, without reference to creed, color, nativity or age. It is the humanitarian arm of the United States government and was created by act of congress. It is the experienced recourse in time of great civilian disasters, whether during peace or during war.

In its work of relief, it makes no distinction; all classes, creeds and races are one. It is a relief clearing house, permanent, responsible and experienced. It is the United States government's organized protector of sick and wounded soldiers and sailors in time of war. The regular medical establishment of the army and navy is not organized on a scale sufficiently extensive to meet the needs of troops in time of war; and the Red Cross is one of the two principal agencies, established by congress, to provide such service in time of war on the proper scale. It is a semi-governmental agency for the collection and distribution of money and supplies for war relief purposes.

Its work includes the relief of dependent wives, children and mothers of men who serve in the army or navy. Its administration is largely by men and women who are rendering service without pay. Its funds are disbursed under the supervision of officers of the United States government. The president of the United States is its president, and the controller of the currency is its treasurer.

It is not merely a physician's organization, nor a nurse's organization, nor a woman's organization. It is not organized to give relief to individuals, except after some great disaster that is beyond the resources of the other agencies of the community, or in connection with war relief above mentioned.

It needs the financial help and membership of every man, woman and child in the United States. Money in a large aggregate amount is needed to cover the cost of conducting its work.

**Report at 3 O'clock.**

Those who will march in the Red Cross division of the patriotic parade today are asked to report at headquarters, in the Pythian block at 3 o'clock this afternoon. It is urged that all enter, and help to make the feature a success.

fund; the Rev. Carl G. Ziegler, president of the standing committee and the Rev. Jas. E. Crosbie, secretary of the diocese.

**KNIGHTS OF COLUMBUS ATTENTION!**

All members of the Knights of Columbus are requested to meet at the club rooms promptly at 2:30 this afternoon to take part in the patriotic parade which will leave Baraga avenue at 3:30 p. m. FRANK SMITH Secretary.

**REGISTRATION AND DRAFT CONFUSING**

Army Department Officials Clear Up Misunderstanding in Recent War Measure.

Local officials interested in the work of registration for the government army draft report that according to letters received daily by the war department registration and selective draft are being confused and that there are separate and distinct processes, it is pointed out that:

"Registration is simply the enrolling of all male residents of the United States between the ages of 21 and 30, inclusive. Every male resident between the designated ages must register on the date set by the president's proclamation unless he is in the regular army, the navy, the national guard, or naval militia, actually in the federal service. The enrolling is done in each voting precinct by a registrar appointed for the purpose. The duties of the registrar are mandatory and are performed under the sanction of an oath. Nothing is left to his discretion. He is liable to heavy penalty, imprisonment with no alternative of fine, for making a false return or in any way being a party to or conniving at practices or favoritism or evasion. A like penalty impends over the individual who fails to register.

"The later process of selection will be made by lot from the names entered on the registration rolls. Full information as to exemptions and methods of selection will be published later. For the present it is all important that the primary duty of registration be impressed upon all who are subject to it.

"Interpreters will be needed, especially in the foreign sections of our large cities, to assist in answering questions on the registration cards. Here is an opportunity for service by those who speak other languages than English. Schools and colleges, too, will find in this a patriotic function. The war department requests that volunteers for this work offer their service at once to the sheriffs of their respective counties, or if they live in cities of 30,000, or over, to the mayors."

**FOREST FIRES ARE BECOMING SERIOUS**

Farms and Lumber Industries Threatened by Conflagrations—Blame Fishermen.

Serious forest fires threaten the farming sections and lumber industries surrounding Marquette unless rain brings relief. The situation, according to word brought to the city yesterday by trainmen, woodmen and fishermen, is considered alarming.

Yesterday's dawn was delayed fully an hour by the smoke clouded sky and all day a heavy pall hung over Lake Superior. The fog horns and warning bell at the light house were in operation all day and last night. When the sun came up yesterday morning it was obscured by smoke to an extent that gave it a remarkably dulled appearance and at 6 o'clock last night its appearance in the western sky resembled a huge red ball of fire. The smoke was so thick that the odor of burning wood was appreciable throughout Marquette, particularly in the early morning hours.

From all directions, but more especially from the northwest, the farming sections outside of Marquette report greater or less forest fires and the necessity of constant watchfulness, in some cases actual fire fighting. From the Green Garden hill rising smoke could be seen in practically every direction.

The temperatures around Marquette since the snow has cleared away have not been particularly high, but it has been exceptionally dry, with practically no rain and this aridity was particularly noticeable Monday afternoon when the first near summer temperatures were recorded. This early May drought is not uncommon, but the weather bureau records show it to be abnormally protracted.

It is believed that the forest fires come at the time of the opening of the fishing season with too much promptness to be a mere coincidence. Careless fishermen are charged by the farmers with being the cause of many of the fires, because of neglected camp fires or matches thoughtlessly thrown in the woods.

The South Shore trains arriving in Marquette yesterday morning reported serious fires burning all along the right of way as far up as Baraga and Houghton counties, and one near Arnieheim was considered particularly dangerous. North of Dollar Bay fires more serious than elsewhere in that district are reported and a large proportion of the population was out fighting the encroaching flames.

**ELKS!**

All Elks are requested to report at Elks' temple at 2:30 this Wednesday afternoon, to take part in the patriotic demonstration and parade.

OSWALD E. BARBER, Exalted Ruler.

Attest: Dan S. Donovan, Secretary.

**MEETING OF THE BOARD OF REVIEW.**

To the taxpayers of the city of Marquette:
