

INDIANA BOY JAILED FOR FEARFUL CRIME

Booneville, Ind., Aug. 26.—Instead of being married tonight, as he planned, William Lee, twenty-one years old, is in jail, charged with the murder of his father, Richard Lee, his mother, and his younger brother Clarence, whose blackened bodies, their skulls cracked with an axe or hatchet, were found early today in the burning home.

Lee calmly refused to make any further statement than that he was awakened early this morning by fire in the family home, that he had dressed and run from the house to give an alarm and had returned to the house to attempt to rescue his father, mother and brother.

had been given by the father to William Lee. William Lee was to have been married today to Miss Taylor, daughter of a farmer living near Newberg. Witnesses at the inquest told that Lee had quarreled with his father because the latter had not given him as much money as he thought he should have, in view of his approaching marriage.

Lee showed no emotion when he was taken to the morgue late today and the bodies of his father, mother and brother were uncovered to his gaze. Investigation at the Lee home revealed bloody finger prints on a door. These will be compared tomorrow with Lee's finger prints.

Inquiries at the home of Mina Taylor, Lee's fiancée, were told that when she was informed of the murder and the arrest of Lee, she screamed, "I know he is innocent," and became hysterical.

WIFE GOT TIP TOP ADVICE.

"My wife wanted me to take our boy to the doctor to cure on ugly boil, writes D. Frankel, of Stroud, Okla. 'I said put Bucklen's Arnica Salve on it.' She did so, and it cured the boil in a short time.' Quickest healer of burns, Scalds, Cuts, Corns, Bruises, Sprains, Swellings. Best Pile cure on earth. Try it. Only 25c at All Drugists.

CHICKENS COME HOME FARMER GETS HIS DUE

Omaha, Neb., Aug. 26.—"Chickens Come Home to Roost." The title old saying has come true in the case of the farmers and the railroads at last. The farmer was the real cause of the railroad. If it had not been for him and his products there would not have been any railroads, and so, finally, the farmers' value has been officially recognized by the Union-Southern Pacific System.

The great bulk of colonist travel every year is made up of farmers of farmers' sons and daughters going to the New West to seek out homes for themselves. In the past—at least until spring—they traveled on colonist tickets that were good in the ordinary tourist cars, and in tourist cars they stayed while on the trip.

Now Gerrit Fort, passenger traffic manager of the Union Pacific Railroad Company, has announced that the colonist trains that will be run from Omaha to San Francisco and other western points, September 13, 14, 15 and 16, will be trains de luxe—in fact they are to be officially known as Colonist Trains de Luxe—and will be practically the equal of many limited trains. The unique features of these trains will be Victor and Victrola concerts, a lounging car, a popular priced diner and comfortable tourist sleepers. All this for the homeseeker—the real colonist, who represents far more money to the railroad than does the casual tourist.

The Victrola concerts—there are to be three of them each day, in order that all may have an opportunity to hear—will be given in the lounging car. This car which corresponds to the lounging cars of limited trains—will be one of the new, comfortable, high-backed seat coaches used by the road, and will be open during day and evening, but no travelers are to be allowed to use it over night, as the train is a solid through tourist sleeping car train. The records for the concerts are the new double faced ones, and will include songs, instrumental music, humorous monologues and dialect sketches.

In the diner, the menu will be so arranged that a full dinner may be had as low as 50 cents, or if the travelers wish to carry their own meals, they may supplement them with hot coffee or tea at 10 cents, a half grapefruit for the same amount, or similar articles at correspondingly low prices.

The schedule of the Colonist Trains de Luxe, will enable the traveler to leave Omaha at 5:00 p. m. and be in Sacramento at 3:40 a. m.; Oakland at 6:30; and San Francisco at 7:10 a. m. on the third day. Or if he is routed to Los Angeles via the Salt Lake Route his car will be transferred at Ogden and he will be whipped down to Salt Lake and thence to his destination; arriving there at 2:30 p. m., on the third day. Or if he desires, he may go to Oakland and thence enjoy the daylight ride via the Coast line of the Southern Pacific to Los Angeles, arriving there at 11:45 p. m. third day. Portland, Tacoma and Seattle, passengers will be changed at Green River, and they also will arrive at Portland at 12:45 p. m. of the third day; arriving at Tacoma and Seattle in the evening, same day. This time is eight hours ahead of the fastest time now made by trains carrying the colonist business, and whips the traveler across the country on practically limited train schedule.

"There is nothing too good for our colonists," said Mr. Fort today. "We have been told that the innovation we propose on these trains are impossible at the low fares granted. But we know better. The high speed maintained, the comfortable tourist sleeping cars used, the lounging car and all our other new features will attract to us just the people we want—the men and women with some capital that went to find a place in which to build new homes. We will take them to this new country and take them there comfortably, so that they will arrive in a frame of mind compatible with the object of their journey and not tired out and ruffled, so that they are ready to climb on the first train to the East."

Torchured for 15 Years. by a cure defying stomach trouble that baffled doctors, and resisted all remedies he tried, John W. Modders, of Moddersville, Mich., seemed doomed. He had to sell his farm and give up work. His neighbors said, "he can't live much longer." "Whatever I ate distressed me" he wrote, "till I tried Electric Bitters, which worked such wonders for me that I can now eat things I could not take for years. Its surely a grand remedy for stomach trouble." Just as good for liver and kidneys. Every bottle guaranteed. Only 50c at all druggists.

James Stimpson made a flying trip through here yesterday with the new automobile he has recently purchased. Royal Beckwith of Luther, Michigan is visiting his uncle William C. Hodge of Flatrock.

Louis Johnson has one of the finest gardens we have seen this year.

OSBORN ISSUES LABOR DAY PROCLAMATION

Lansing, Mich., Aug. 26.—Governor Osborn issued the following Labor Day proclamation Thursday:

"The American people have from time immemorial honored labor as the basis of social worth and the cause of human progress. Therefore I, Chase S. Osborn, governor of the State of Michigan, in accordance with established rules and customs, do request the citizens of the commonwealth, to unite on Monday, September 4, in appropriate observances indicative of respect and esteem for the toilers whose handiwork has wrought the manifold things which constitute the wealth of our country."

NEWS NOTES FROM DELTA COUNTY TOWNS

FLAT ROCK.

The correspondent for the FlatRock Buzz Saw has always been noted for his truth and veracity and being correct in giving crop reports; but when it comes to being contradicted on his report of sugar beets by a little ten acre FlatRock farmer who writes for a Wisconsin farm paper that doesn't know a sugar beet from a bull thistle, and talks about alfalfa and clover. The only alfalfa he ever saw was that he stole out of his neighbor's field to feed his old crow-bait horse. He speaks of his reputation. He has one that he can't lose. His father had one before he was hung in Montana for sheep stealing in 1886. His brother had the same, who is now serving 20 years in Jackson prison. We will not say anything about his other brother who is at Newberry in the asylum

nor will we say anything about his mother, who committed suicide because she was the mother of a family of fools. He is known to be so stingy that his little girl who writes the vapidizing of his weak mind for this farm paper has to write a small hand, so she does not use much ink. He will not let his wife read with her glasses on for fear she will wear them out. We are going to say again that Oscar Jones has sugar beets that will fill a washtub, the size his wife uses when she takes in washing to keep him. Now if this is contradicted, we will make him a social call and have a little conversation by hand with him.

We have heard of Yankee tricks making wooden hams and nutmegs but the slickest things we ever saw was when a Flatrock farmer came along with a load of pumpkins and Richard Irons asked him what they were and he said they were mare's eggs. Dick asked if they had any that would raise mules and he said 'yes,' he had two for seven dollars each. Dick paid the money; and took the two pumpkins on his shoulder and started for Peter Tebarga to put them in his incubator when one rolled off his shoulder and fell on a brush pile and bursted scaring out a jack rabbit. Dick thinking it was the little mule took after it on the run saying "Hee Haw, Hee Haw, mule, I'm your mammy." He thought the little mule would stop but it didn't and he chased it four miles before he stopped. Then he came back crying and begged of us not to tell his wife. He shouldered the other pumpkin and started again for Tebarga's but found it too big for the incubator so he took it home and set four setting hens together and set them on it. He says "I come from Missouri where they raise mules and you've got to show me."

Alex MacIntyre from Gladstone who has taken the job of fisherman and hunting for the Chipmunk Lumber Company's camp while out the other afternoon headlighting partridges, spied a big green grasshopper and he determined to capture him alive; after lassowing him, he turned on Alex, and Alex getting tangled in the rope, the grasshopper jumped into the river and pulled Alex in with him. Dona Duranceau swam out to him and cut the rope and saved MacIntyre, but lost the grasshopper.

The grange lodge held an interesting meeting last evening. Tom Jones and John Dausey furnished chicken for the supper.

James Stimpson made a flying trip through here yesterday with the new automobile he has recently purchased. Royal Beckwith of Luther, Michigan is visiting his uncle William C. Hodge of Flatrock.

Louis Johnson has one of the finest gardens we have seen this year.

Constipation and indigestion are twins. They kill people inch by inch, sap life away every day. Hollister's Rocy Mountain Tea will remove the cause and drives the disease away. 35 cents, Tea or Tablets. For sale by Hill Drug Store.

BOY IS KILLED WHILE IN WOODS

Iron Mountain, Mich., Aug 26.—Ruben E. Nordin-Larson, the 15 years old adopted son of Mr. and Mrs. John Larson, was brought to the J. W. Burbank undertaking parlors last evening with a bullet in his brain. The bullet entered immediately above the left eye.

Buben, accompanied by Elliott Franson, a boy companion, yesterday afternoon went out in the woods to Schlesinger near Quinnesec. They took a revolver with them, and began shooting at a target. The Franson boy had been shooting and Ruben asked to be allowed to take a left hand shot at the target. His request was granted. After passing the weapon over to his companion, Elliott said he turned his head away while Ruben was firing the shot, and that when he turned around again to Ruben saw the latter on the ground with the bullet wound over his left eye. How it happened he did not know. He sought to render assistance by attempting to pick him up but seeing Ruben kick about a few times became frightened and ran away to seek assistance. Dr. Coffin and John Lloyd brought the body to the undertaking parlors. The little Gitzen boy, whose home is at Keel Ridge, being thoroughly acquainted with the woods in the vicinity, led the party to where the body was.

Coroner James D. Cudlip empaneled a jury in the case.

Notice to Owls. There will be no meeting Monday night but members will go to Gladstone to install a new lodge. All members are requested to take the 7 o'clock car. 5080-238-3t

NO CONFERENCE FOR THE U. P.

Charles Bronson Allen, D. D., district superintendent of the Detroit Methodist Episcopal conference has returned to Detroit from a 1,700 mile automobile trip through New York and New England.

"I think the proposition to create a system of diocesan bishops in the church will be the occasion of vigorous discussion on the floor of the conference at Flint the week of Sept. 18," he said, "and very likely the conference will adopt resolutions on the matter for presentation to the biennial general conference when it meets at Minneapolis next year."

The matter of creating a third Methodist conference in Michigan at of the upper peninsula districts and portions of Northern Wisconsin and Minnesota will not be raised at the Flint meeting" continued Dr. Allen "Last year the adoption of the 'pooling' system for transportation of ministers to the seat of conference, whereby every minister in the conference pays a stated sum for railroad expenses, whether he travels two miles or five hundred, worked so successfully in raising the burden of expense from ministers who were forced to travel from the upper peninsula districts, that all the ground was taken from under those who proposed the third conference.

"I have heard about the proposition to buy a residence for a bishop in Detroit and then to go before the general conference and offer to deed the property to the church if the general conference will give us a bishop resident," acknowledged Dr. Allen. "I have not been home long enough to find out how far the scheme has progressed, but, of course, it would be a fine thing for Detroit.

"I do not think the plan to change the discipline of the church with regard to card-playing and dancing will be carried into effect at the general conference. In fact, my opinion is that the agitation to change the discipline of the churches in these two matters is dead and will not be

revived at the general conference of the church in Minneapolis."

It is generally conceded that the discussion over the proposal of the New York conference to adopt will be the over-shadowing one at the Flint meeting. Several prominent pastors, notably, Dr. Frederick DeLand Leete, of the Central Methodist church this city, have come out

flat-footed in favor of the change proposed by the New Yorkers, but the opinion seems to prevail that there is still a strong sentiment against it in Detroit conference.

Triumph of Nature. There is not so contemptible a plant or animal that does not confound the most enlarged understanding.—Locke.

ROYAL The Home of High Class Pictures Only Every Afternoon at 3:00 Every Night at 7:15 "The Indian Brothers" The Story of an Indian's Honor "A Famous Duel" This very amusing film makes use of an old subject to create new fun. The foreign nobleman thinks he is insulted by the good-natured American clubman and challenges him to a duel. The American knows nothing of fencing and is very much afraid that the heroine won't arrive in time to save him. She does though and the clubman (John R. Cumpson) has a chance to tell his version of the story. "Memories of Past Life" In this love story we first see a girl announcing her engagement at a birthday party. A famous painter paints her portrait which leads to another love affair, and the girl deserts her first love, ultimately marrying the painter. Many years later a nephew of the first man falls in love with the daughter of the artist and the uncle gives his consent because of the girl's resemblance to his own first love. ISHPEMING IS WINNER

ISHPEMING TWIRLER WAS SLAUGHTERED IN LESS THAN THREE INNINGS.

Special to The Morning Press.) IshpeMING, Mich., Aug. 26.—IshpeMING batted Jackson out of the box in less than three innings today and won easily from Marquette by a score of 7 to 2. Jackson was easy for the IshpeMING sluggers from the start getting seven hits off his delivery in two and two thirds innings. Five of the bingles coming in the period immediately before he was hoisted and Caesar was sent to the mound in his stead. In the remaining six innings Caesar's slants were connected with for but three drives.

Scott pitched prime ball for IshpeMING for the entire distance allowing seven hits but keeping the greater portion of them scattered.

Thompson, the former Escanaba player who joined the IshpeMING team this week, played a star game in right field today getting two put outs; making a double play, lining out a pretty hit and stealing one base.

IshpeMING began the bombardment of Jackson in the first inning, getting two hits and run in that period. In the next the Marquette twirler tightened up with spectacular support but in the third the first five men to face him drew hits and three runs were scored before two were out and Caesar was sent in to retire the side. In the next inning Caesar was not invincible and hits mixed with errors gave IshpeMING another tally.

Marquette scored one run in the second and one in the third and after that inning the visitors were retired on each occasion in one two three order.

A telegram was received by the IshpeMING management this morning that Greenslade, the Chicago pitcher, who expected to join the locals this morning, will be unable to come.

Following is the detailed score of the game:

Marquette		IshpeMING

INFORMATION IS WANTED

The Norwegian counsel in Chicago is making an effort to obtain full details of the death of John Gordon, formerly a building contractor of this city, whose skeleton was found in the woods near Ross Siding, in Gogebic County one year ago last May. Mr. Gordon was engaged as a building contractor in Escanaba for several seasons and constructed a number of houses here. He left the city ten or twelve years ago and was not heard from by his friends here until announced of the finding of his body in the woods was received. Richard Arsen, of this city has received a letter from the Norwegian counsel asking for information concerning the death of the man but Mr. Arsen will refer to the inquiry to parties in Gogebic county that the proper information may be furnished to the authorities.

MORE CLOTHING NEEDED FOR FAMILY

Sufficient clothing has not yet been donated by the people of Escanaba to Health Commissioner H. W. Long to completely clothe the destitute family now confined at the isolation hospital and who are to be released from quarantine tomorrow. Some clothing for the four children of the family has been received by Dr. Long but nothing has been received for the father and the mother who must have clothing as well as the children when they leave the pest house. It is hoped that additional donations of clothing will be received by the city health commissioner either today or early tomorrow morning.

JINX WAS IN GAME.

(Continued from Page 1.) His second trip to the plate drew a single and stole second on Cole by a mile Casey laid down a sacrifice on which Harley took third and a wild pitch over Cole's head allowed Harley to romp home. Again in the eighth an error by Ohlin allowed Negaunee to again become dangerous when the next man up got a base on balls for Harley then drove out his third of hit of the game and Casey followed with a two sacker giving Negaunee two more runs.

It was in the fifth that Escanaba forget as much as threatened and in that inning for time it appeared that the locals were to come close to tying up the score when but a single run was the result. Lindquist was the first man up in that inning and was given a base on balls. Arenson followed with a clean single and Burke poled out a pretty single scoring Lindquist and on which Arenson went to third. Burke stole second on the next ball pitched and with no one out add Flath at bat it appeared that Escanaba was due for an old fashioned scoring bee. Rosevear tightened up however and fanned Flath. Cole raised up a foul and Gilligan retired the side when he flew out to left.

Again in the eighth with two down the hopes of the local fans were revived when Connelly lined out his second hit of the game. Olmsted followed with a pretty two bagger when Ohlin retired the side by going out from second to first.

Following is the detailed score of the game:

ROADS NEED ATTENTION

DELTA COUNTY IS BUILDING BIG ROAD MILEAGE BUT IS NOT GIVING HIGHWAYS ATTENTION.

While other counties of the peninsula are building annually a smaller mileage of standard macadam roads than Delta those counties are taking precautions to preserve the roads they have built while no such action is being taken in this county.

Delta county today has a greater mileage of macadam roadway than any other county in the upper peninsula and but one county in the lower peninsula outstrips this county in the amount of standard macadam that has been laid. Each year from four to six miles of standard state reward macadam is laid in this county and up to this time no action has been taken by the county board of road commissioners to preserve the work that has been perfected.

That such action should be taken is shown by the condition today of the first stretch of macadam laid in this county and which was completed but six years ago. The stretch of a mile and a half, near Narenta on th Bark River road, is now filled with miniature ruts and bumps and it is but a question of time when it will be necessary to reconstruct that piece of road unless action is taken. Limestone is invariably used in constructing macadam roads in this county. The stone grinds up rapidly under heavy water. An auto passes and the road traffic, particularly with automobiles passing over it, and is blown from the road in the form of dust. Miniature ruts form in the roadway. A rainfall comes and the small rut fills with material is splashed from the rut in the form of mud. The hole naturally becomes deeper and finally the highway is filled with holes and is in nearly as bad a condition as before the road was improved.

To constantly keep in repair the high grade roads that have been built and which are the envy of the surrounding counties, is the problem that must be faced immediately by the road commissioners of Delta county. The sum to allow them to deteriorate naturally for with a proper maintenance system being established the up keep cost will be small and Delta county will always be known as the state's one county of constantly good roads.

In some portions of the peninsula what is known as the "road monkey" system has been established with a small total cost and with most beneficial results. As is done with the tote roads of the big lumbering companies of the peninsula men are named to watch a certain section of a road and constantly keep it in repair. A man with a shovel and a wheelbarrow and a small quantity of material will keep in perfect condition a long stretch of highway, where if the inroads of heavy traffic are allowed to continue gangs of men with teams and a great quantity of material, all obtained at great cost to the taxpayers, are made necessary. Not only in the upper peninsula but in the district south of the straits where good roads have been built, has the road monkey system come into vogue and it is believed that the commissioners of Delta county could well consider that system or another one that will result in the county's present expensive roads being kept up to standard at a nominal cost and avoid the eventual expenditure of another large sum of money to make possible complete reconstruction.

Worry Don't Help.
There is no crying need to worry about the future of anyone—men carve their own way to undying fame or sink into oblivion despite what we may say in praise or blame.

SLATER IS APPOINTED

Charles J. Slater was yesterday appointed as representative for the Stearns Automobile company for Delta county and seven other counties of the upper peninsula. Joseph C. Littlewood, manager of the company's Minneapolis branch was in the city yesterday and closed negotiations with Mr. Slater for taking the district agency here. A new 1912 demonstration car will be received by Mr. Slater within the next three weeks and will be demonstrated for a number of local prospective auto purchasers. The company is now using the celebrated Stearns-Knight Nolcesless motor which has been widely advertised and which it is claimed propels the car without the slightest semblance of noise.

MORNING TRAIN WAS DELAYED

Owing to the derailment of the engine on train number 121 coming north yesterday morning near Talbot, the 8:45 passenger train number 115 from the south was delayed for about four hours and did not arrive here until one o'clock yesterday afternoon. A wrecking train was sent to Talbot yesterday morning, as soon as word of the wreck was received here, but the derailed engine could not be placed on the track for several hours. The passengers on the train whose engine was derailed were given a rather severe shaking up but no one was hurt. All north bound mail was late owing to the accident.

DATE IS PASSED FOR NEW PLAYERS

The Mining Journal says editorially: The date which was set as the limit on the signing of new players for the Marquette-Delta county league has passed and none of the teams will now be permitted to sign new men except in case of injury, or some other emergency, and then only with the consent of the other teams. Marquette alone stood pat on the strength it has displayed the past few weeks. Escanaba brought in three men who have been traveling in fast company the past season or two; IshpeMING added two or three recruits, and Negaunee did likewise. Some of the players were signed to take the place of men incapacitated by injury or sickness. Escanaba is the only team open to the suspicion of embarking on a "penant at any price" campaign. It has added two pitchers to re-enforce a twirling department that already possessed as much strength as any in the league. However, all the towns enter the finish of the league race with teams no disproportionate in strength and some lively baseball can be looked for in the remaining few weeks of the season.

GIRLS ATTEND PLEASANT PARTY

The Misses Evelyn and Mildred Sullivan, daughters of Mr. and Mrs. J. F. Sullivan, 602 Georgia street, entertained at a pretty lawn party at the home of their parents on Friday evening. The guests numbered about thirty young people and enjoyed themselves immensely on the lawn which was prettily decorated with Japanese lanterns. The amusement of the evening consisted of different games after which refreshments of ice cream and cake were served.

MRS. DOWIE PLANS A NEW COLONY

Zion City, Ills., Aug. 26.—Announcement was made here today by Elder John Taylor that Mrs. Jane Dowie, widow of John Alexander Dowie, founder of Zion City, will establish a new colony of the Dowie faith at her summer home at Whitehall, Mich.

Mrs. Dowie, according to her followers here, will be assisted by her son, Gladstone Dowie, of Detroit. She will dedicate her summer home and two hundred acres to the cause of the new colony and will attempt to secure several hundred additional acres upon which to locate the proposed city.

Mrs. Dowie has issued a call to all residents of Zion City, Ills., who are faithful to her to move their families to Whitehall. Mrs. Dowie personally will open a series of meetings in Chicago, with the purpose of securing new converts.

KISSEL KAR TRUCK

Cut Your Haulage Costs

For fast, economical delivery of small merchandise, or for medium or heavy freightage, there is a KisselKar Truck adaptable for your use.

Let us talk the matter over with you on the basis of decreasing your delivery and haulage costs.

1 1/2 - 2 ton, 3, 4, and 5 ton Trucks, Light and Special Delivery Wagons, etc. All type Bodies.

The KisselKar lock on the differential makes the heavy duty KisselKar Truck dependable under weather and road conditions that would stall another truck.

In competition, KisselKar Trucks have demonstrated ability to meet every road condition, using from 15 per cent to 20 per cent less gasoline than competing cars.

This economical, simple engine is easily operated by the average type truck driver.

Every KisselKar commercial model has capacity and reserve horsepower to handle loads in excess of listed capacity in emergencies, and to overcome the extremest road difficulties. This excess strength also operates for low maintenance.

Let us apply our truck knowledge to your delivery problems—let us show how you can cut haulage costs and expedite your hauling and delivery. Write, call or telephone.
