

## U. S. OFFICIALS RECEIVE STARTLING SUGGESTION FROM BRITISH GOVERNMENT

### ASK THE UNITED STATES TO HELP STARVE GERMANY

Note in Reply to Communication to England is Regarded as Most Sensational Ever to be Sent in History---Question Undecided

**BULLETIN**  
London, March 15.—Great Britain today formally refused the American proposal that she permit food to reach the German civilians on condition that Germany withdraw the submarine blockade. The reply to the American note was handed Ambassador Page simultaneously with the publication of the British decree establishing a virtual blockade of German ports.

**BULLETIN**  
Washington, Mar. 15.—The text of the British order in Council on behalf of herself and the Allies in which she abolishes trade with Germany and enunciates starting proposition, affecting American trade adversely, is regarded by the State Department officials as the most sweeping war measure in the history of nations. By the new proposition England and her allies arrogate themselves the right to seize and condemn the vessels and cargoes of neutrals plying between neutral ports under conditions to be imposed solely by the Allies.

The last paragraph of the British note is looked upon as an invitation to the United States to assist in the starvation of Germany. The acceptance of the invitation seems to be the sole condition upon which England will relax the severity of her order.

**BULLETIN**  
London, Mar. 15.—The British admiralty tonight announced the sinking of the German raider cruiser "Dresden" off Juan Fernandez Islands, off the coast of Chile. The British warships Glasgow, Orama and Kent trapped the Dresden and closed in upon her. After a five minutes action the German cruiser was aflame, and ran up the white flag. Her crew was taken off quickly and the Dresden sank. The British had no casualties. Fifteen wounded of the Dresden crew were landed at Valparaiso. The engagement occurred March 14.

**BULLETIN**  
London, Mar. 15.—Lord Kitchener, Secretary of War of the House of Lords, this evening said: "Our progress in equipping the army has been seriously hampered by the failure to obtain sufficient labor and necessary plants for supply of war material." Kitchener held that excessive drinking was partly to blame for these conditions, which are causing "serious anxiety." He urged the passing of a bill for the government to take over factories for the production of material. Kitchener said that substantial reinforcements had been sent to France since he last spoke to the Commons.

**BULLETIN**  
Copenhagen, Mar. 15.—According to the Berliner Tageblatt, all Serbians and Montenegrins in Constantinople are ordered to leave within 24 hours.

**BULLETIN**  
Petrograd, Mar. 15.—It was officially reported today: "On the whole Przasnysz front we progressed, fighting all the way. The guns at the Ossowiec fortress put several German siege batteries out of action. There is no fighting on the left bank of the Vistula. The Carpathians situation is unchanged."

**BULLETIN**  
Rotterdam, Mar. 15.—Desperate fighting continues in western Flanders and in the area of the British advance around LaBassee. All arms in service are engaged including the aeroplanes. Instead of an advance by the Germans, as planned, they are on the defensive. Troops are being rushed to the front in haste. Heavy cannonading is heard in all directions.

**BULLETIN**  
Berlin, Mar. 15.—A special dispatch from Athens states that the British superdreadnought "Queen Elizabeth" was badly damaged in the Dardanelles bombardment. The dispatch says the bombardment has proved unsuccessful up to the present and that it may be discontinued.

**BULLETIN**  
New York, Mar. 15.—Carl Buns, the managing director of the Hamburg-American Line entered a plea of not guilty before the United States Judge Cushman today when called to answer to the charge of falsifying manifests. The government alleges that Buns

used the steamers Lorenzo, Berwind and Fram in carrying food to the German raiding cruisers.

**BULLETIN**  
Copenhagen, Mar. 15.—According to reports from Athens, the following losses were suffered by the British fleet in the Dardanelles: 12 destroyers, three mine sweepers sunk; four battleships disabled; 700 men in landing parties and 450 men aboard the ships killed and wounded.

**BULLETIN**  
London, Mar. 15.—A Central News dispatch from Copenhagen says the German Reichstag has appointed a commission to consider the food question with relation to the Human Body with a view of determining the exact limit of nourishment absolutely necessary for each individual.

### TELLS OF DEATH AT BREMERTON

Of the death recently at Bremerton Wash., of Mrs. Margaret Lundy, formerly Miss Margaret Flemming of this city, the Bremerton Searchlight says: "Mrs. Margaret Lundy, wife of C. F. Lundy, a well known navy yard mechanic, aged 45 years, died of pneumonia after an illness of eight days at the family home, 556 Eighth street, shortly after 4 o'clock this morning. Funeral services will be conducted at the Lewis chapel, Fonday, and the remains removed to Seattle for interment in Calvary cemetery.

The dead woman was highly esteemed in the circle that claimed her acquaintance and friendship. She was a devoted Catholic and was prominent with the activities of that parish in Bremerton.

### MAY KLEIST'S MOTHER DIES

Mrs. William Kleist, of Manistique, mother of Max Kleist who for several months has been in the national limelight through his clandestine marriage to Juliette Breitung and his later suit against the father of his bride, passed away at the home of the family in Schoecraft county, last week. The Manistique Ulmeer Tribune says of the death:

Mrs. William Kleist died at her home in Manistique township, Monday after a short illness.

### WILL OPEN GYMNASIUM

Members of the Escanaba Business Men's Association have prepared and forwarded a letter to the board of education requesting that body to take steps to open the gymnasium of the high school to the boys of the city, every night of the week.

It is urged that the spacious gymnasium be opened not to boys of certain class or creed but to every boy in the city, regardless of his nationality, his class or his creed and whether he is a member of the high school or not or a student at a parochial school.

Since the construction of the high school building the gymnasium has been closed every night of the year with the exception of a night on which basket ball games were played. In this manner only those who attended the high school or played basketball had use of the gymnasium. The Business Men's Association has taken the matter up with a view to pushing it.

### LAD APPEARS FOR A SHAMROCK BOX

Last night just before closing time a lad, perhaps six or seven years of age, appeared at the office of the Peterson Green House, ragged, dirty and tired. Looking shyly about the place the lad said: "Please mister, do you spose I could get one of them shamrock boxes?" "Why yes, I suppose so," said the office man, "but what are you going to do with it and too, you must know that they cost money."

"That's what my Ma said too and she cried so because she hadn't seen any shamrock in so long, that I thought I would come here and see if I couldn't get a box. My Papa is dead you know, but before he died we always had green carnations and sometimes he sent away and got shamrock for St. Patrick's day. Since he died we have been awful poor and the other day Mama heard that you were going to have Shamrock in a pretty green box for St. Patrick's day. She wanted just one awful, awful bad, but she cried and said we couldn't have nothin' this year. So I just thought I'd come over and see if you wouldn't let me take just one little shamrock until after St. Patrick's day and then I'll bring it back."

The heart of the office man was touched and immediately going into an outer room he placed a Shamrock box in the lad's arms and said: "Take that home and give it to your mother and tell her that you bought it for her."

### RAILWAY OFFICIALS OFF TO CONVENTION

C. Crapp, M. Quinn and E. Becker of the Chicago and NorthWestern road left on Sunday morning and were in Chicago for the opening of the convention while J. A. Lambert and C. H. VanDunk of the Escanaba and Lake Superior railway left last night. They will probably spend the week in Chicago.

### CHECK FOR \$1000 IS RECEIVED BY BENEFICIARY

Lady Record Keeper Isabell Cass of the Lady Facabees has received and delivered a check to the beneficiary of Margaret Connahan Smith. One thousand dollars was the amount carried by the deceased and the claim was allowed within seven days following the forwarding of the death certificate.

### BIGGEST WOLF IS ON EXHIBIT

Thomas Moore of Bridge One arrived in the city yesterday with the pelt of what is believed to be the biggest timber wolf taken in this section of the country in many years. The animal measures seven feet eleven inches from the tip of his nose to the tip of his tail.

The animal weighed, when taken, over 200 pounds and had one leg severed at the knee denoting that he had been in a trap before. Mr. Moore states that there are other such animals near his place and that if the snow had stayed on long enough he could take several more.

### BISHOP FOX PASSED AWAY

Green Bay, Wis., Mar. 15.—Bishop J. J. Fox, of the Green Bay diocese of the Catholic church, passed away late yesterday at the Alexian Brothers hospital at Chicago. Bishop Fox suffered from a cancer of the abdomen and submitted to a serious operation a week ago. The patient early rallied from the effect of the operation and appeared to be recovering from the shock. Complications developed late on Saturday and on Sunday afternoon he passed away.

Funeral services will be held in this city Thursday.

### BAND TO BE MAINTAINED

In spite of a rumor that has been afloat that the Escanaba Military Band was to be discontinued, a letter to the Escanaba Business Men's Association at a recent meeting shows a reorganization of that combination and that it is in a most flourishing condition.

Following the reading of the letter from the Secretary, Ewald C. Beck, the Business Men's Association voted to give the band some financial support in the form of paying for a portion of the rent for a band hall and to give the organization the use of the uniforms free of charge.

The letter from the secretary of the organization follows: Escanaba Business Men's Association, Escanaba, Mich. Dear Sir:

We beg to inform you that the Escanaba Military Band, has been reorganized by the musicians of Escanaba and the following have been elected to carry on the business of this organization.

President, Walter A. Lippold; Secretary, Ewald C. Beck; Treasurer, Roy A. Halgren; Board of Directors, James Tolan, Chairman, Eugene Brouillard and Otto Hyna.

We therefore, very respectfully petition you to grant us the use of the Escanaba Military Band uniforms and the band rooms that we may have a suitable place to rehearse in.

We have secured the services of Mr. Otto Hyna as Director and with the co-operation and encouragement of the business men of Escanaba, we will produce a band that will be a credit to our concerts.

In consideration of the above, we will give concerts gratis as often as it is possible for us to do so. We want the encouragement of the business men and we are sure they want a band just as much as we do and any assistance they can give us in a moral as well as financial way, will be greatly appreciated as well as reciprocated.

Yours very truly ESCANABA MILITARY BAND. Ewald C. Beck, Secretary.

### ESCANABA TO SEND FIVE-MAN TEAM

Escanaba will send a five man bowling team to Marquette on next Thursday to take part in the Upper Peninsula Bowling Tournament which is in progress at the Lake Superior City. The team will be composed of the cream of the local bowlers and they are expected to carry home some of the awards. The singles and doubles especially look good to the local men. Earle Taylor, the man who has attained the highest score ever made on the Olmsted alleys, will appear in the singles as will also William Vandewell, who is also among the local leaders.

Those who will go to Marquette for the tourney are: Matt, Gilger, Taylor, Vandewell, Blake and Boyer.

### P. LEMMER SUMMONED

RESIDENT OF ESCANABA FOR TWENTY-SIX YEARS PASSED AWAY YESTERDAY AFTER ILLNESS OF 3 MONTHS

Peter Lemmer, for 26 years one of Escanaba's most highly respected citizens, passed away yesterday morning at his home, at 309 South Campbell street, after an illness of three months. Mr. Lemmer suffered from chronic mio-carditis and although given every possible care and attention the patient rapidly lost strength. For several days it had been known that he could not survive and early yesterday morning he quietly passed away, surrounded by the members of his family.

Probably no man in Escanaba was better known in this section of the peninsula than Peter Lemmer. He possessed a host of friends to whom his death has come as a distinct bereavement. A genial, generous disposition that won friends and held them was possessed by him and in his passing Escanaba has lost a good citizen.

Mr. Lemmer was born at Befort, Luxemburg, Aug. 15, 1867. He emigrated to the United States in 1889 and came direct to Escanaba, making this city his home continuously since that time. For the past 22 years he had been engaged in business in the same location in this city. He was married in Escanaba 21 years ago and Mrs. Lemmer with two sons, John and Victor Lemmer, survive him. In addition he is survived by his mother and two sisters in Luxemburg and one sister and three brothers in this country. The surviving sister and brothers in this country are: Mrs. Peter Kertzmann, of Lewiston, Mont.; Frank Lemmer and John U. Lemmer of Fountain City, Wis., and George Lemmer of this city. Mr. and Mrs. John Lemmer and Mrs. Kertzmann were the outside relatives at the home when death came and remaining relatives from outside are expected to reach the city today.

Mr. Lemmer was identified with a number of fraternal societies and was active in the councils of each organization. He was affiliated as a member with St. Joseph's court, Catholic Order of Foresters; The Luxemburger Bruder Bund; The German Aid Society; The Sons of Hermann; The Escanaba lodge of Elks; The Escanaba lodge of Eagles and the Escanaba aerie of the Loyal Order of Moose.

Funeral services will be conducted over the body at St. Joseph's church at 9 o'clock on Wednesday morning. Interment will be at St. Joseph's cemetery.

### O'LEARY WINS SECOND RACE

Dan O'Leary, veteran pedestrian, virtually "showed up" three of Escanaba's fastest roller skaters at the Peterson rink on Sunday evening. Walking a mile while the trio of skaters, in relay, covered two and a half miles, O'Leary won handily by two laps. Not until in the final laps did the walker let out his speed and it was then that he overcame any advantage the skaters had gained earlier in the match. One of the largest audiences ever attracted to the Peterson rink witnessed the match.

Before leaving the city yesterday for Green Bay, Mr. O'Leary said: "Before leaving Escanaba I wish to say that I have walked in rinks from one end of the country to the other and I have never participated in a match in a better managed establishment than that in this city. The management of the crowd present was perfect and the kindness and respect with which I was treated here will be a pleasant memory. I was treated more fairly by the rink management and leave Escanaba with the kindest possible feeling for its people."

### TEACHERS MEETING HELD LAST EVENING

A general teachers meeting was held at the high school last evening following the close of the public schools when Supt. F. E. King reviewed his trip to the superintendents convention at Cincinnati. Miss Eva Brown, new head of the department of drawing, also appeared in a short talk on "The Purpose of Teaching Art in the Public Schools."

The meeting was largely attended by local school teachers and proved most instructive.

### GLEE CLUB TO APPEAR SOON

Tickets will be placed on sale today for the Carroll College Glee Club which appears at the First Presbyterian church on Wednesday evening, March 31. The Glee Club is composed of 30 voices and is recognized as one of the foremost in the west. A quartet from this club has been engaged by the Redpath Chautauque Company for the annual tour this summer. A reader and a violinist of exceptional ability also accompanies the glee club making for an evening of thoroughly delightful entertainment.

### HEARING IS ADJOURNED

Commissioners G. T. Werline, H. W. Reade and M. K. Bissell, appointed by Probate Judge Yelland to hear the \$100,000 claim of J. R. McDonald in the estate of Vilma McDonald in which Miss Flora Holt appears as the principal heir, yesterday adjourned the hearing of the claim until next Monday. At the time named next week the claim will be given a careful hearing and a verdict rendered by the commission.

### GIRLS ARE ATTACKED

A bold highwayman and masher on Saturday night terrorized young women returning to their homes on Fannie street after spending the evening downtown shopping.

At the alley near Wells avenue and South Fannie street, shortly after 9 o'clock a short man with a dark cap drawn over his eyes, stepped out and snatched a silver mesh bag from the arm of Miss Anna Boyle of 500 South Fannie street as she was proceeding to her home. Miss Boyle immediately screamed and gave an alarm and with Miss Sadie McDonald of 403 South Elm street, attempted to discern the direction that the man had taken that the police might have a train when they arrived but their efforts were futile. The chain was broken from the bag as the man grasped it. The bag contained \$6.80.

About 20 minutes later a man whose description tallies somewhat with the first, stepped from the alley just off Ludington street on North Fannie street and accosted Miss Ruby Connolly as she was proceeding to her home on North Fannie street. Miss Connolly immediately started to run for her home and the man followed her almost to her porch before he would leave.

Although the night sergeant at the police station spread the alarm to all patrolmen of the city, the masher and highwayman was not taken during the night. The officers secured a clew yesterday however, that may lead to his capture before daybreak this morning.

### PROGRAM IS PREPARED

Preparations are about complete for the St. Patrick's Day program to be given at the Delft theater on Wednesday evening. A program of most elaborate nature has been arranged and should prove most enjoyable to all who attend. Seldom, ever before, have so prominent people been brought together for a St. Patrick's Day program. Miss Maude Aucutt, of Antigo, Wis., who will be well remembered from her last appearance here, will appear in one of the principal vocal numbers while Miss Dolores Mertz of Gladstone, who has also appeared here a number of times before, will make up one number of the program.

Manager Jacobs has also kindly given the use of his vaudeville act in addition to the three reeled Irish love story "Arrah La Pough."

The admission price will be 35 and 10 cents and the shows will start promptly at 7:15 and 8:30 o'clock. The musical program to be given is: Music by Brotherton's orchestra; vocal solo by Miss Dolores Mertz of Gladstone; vocal numbers by Miss Maude Aucutt of Antigo, Wis. Miss Mertz will sing "That Sunbeam Smile." Miss Aucutt's numbers will be "When You're a Long, Long Way From Home," and "The Little Irish Girl."

Of course, a conference of neutrals might do no harm. The neutrals could get together and express the opinion that war is a bad thing and that peace is much more desirable. But they would merely show themselves as neutrals as well as neutrals, without the power to back their opinions. Fighting bulldozers cannot be coaxed apart. Psychologically, war has gripped all Europe. As an example of unemployment the blessed peace maker is conspicuous and hopeless at this time above all others.

WAR

London, Mar. 15.—The importance of the occupation of Neve Chapelle is again emphasized in the official British report of the progress of the war on the western front. Desperate efforts by the Germans to recover the ground gained by British regulars and Indians were repulsed. According to the report issued by the French war office tonight, the Germans in the morning delivered several minor attacks and in the afternoon a very heavy one. The total number of German prisoners taken in three days was 1,720 and it is estimated that the total German losses were not far short of ten thousand.

British airmen also have been active again and have destroyed a train at Dan, a short distance from Lille. This co-operation between the air and land forces has become more pronounced, the airmen always trying, when any fighting is in progress, to obstruct the movement of German troops. The Belgian army continues to gain a little ground at the bend of the river Yeer, and in Champagne, the Argonne and the Vosges, there has been fighting of varying importance. The Germans have again bombarded Ypres Soissons and Rheims. In the latter two towns the cathedrals have suffered further damage. The French have occupied Emmerzell, on the railway midway between Lunville and Rixingen on the borders of Lorraine. Some idea of the stubbornness of the battles on the western front, which receive only a few words in the daily official reports, can be gathered from the French account of the capture of the village of Vauquois, on the eastern border of the Argonne forest, which was issued today. For days the French and Germans contended for this village, the importance of which from a tactical point of view is very great. Heavy losses must have been sustained by both sides. London, March 15.—The war office

tonight made the following announcement: "A heavy counter attack delivered by the enemy on Saturday afternoon and several minor counter attacks earlier in the day all were repulsed. "Judging by observations on various positions on the field of battle and by statements of prisoners, of whom there are now 1,720 the enemy's losses must have been very heavy, and cannot have fallen far short of ten thousand men within three days. "A train at the Don-station was blown up by our airmen on Sunday morning." The situation in Italy is reported to be reaching a climax. Considerable feeling has been aroused by the discovery of a large number of old French rifles, which, it is alleged, are being sent by the Germans to Tripoli. From Vienna comes the statement that the whole ministry, including Baron Burian, is now supporting Emperor Francis Joseph in his refusal to make any territorial concessions to Italy in return for that country's continued neutrality. London, March 15.—News from the eastern war zone continues to be scant. The Germans and Russian armies which are concentrating for a big battle around Przasnysz apparently have not yet come into touch. The fighting thus far reported has hardly been more than an affair of outposts. Petrograd, March 15.—The official statement from general headquarters issued tonight, follows: "Between the Niemen and Vistula rivers there has been fighting only in the valleys of the Omulew Grzyzo and in the direction of Przasnysz, along a total front of sixty versts (about forty miles). The enemy's attempts to advance have everywhere been repulsed. On March 13 our troops opened a counter attack and seized several villages. "In other regions, on the right banks of the Bober and Narew rivers and on the left bank of the Vistula, on artillery engagements have taken place. "In the Carpathians violent snowstorms continue. In the region of Lupkow pass we have made progress and captured more than five hundred prisoners, including fourteen officers and six machine guns. On the Babbe-Weastciew-Studenne front the Austrians continue their efforts to pierce our line, but have suffered heavy losses. "In the region of Kozioski and Rozaka the Germans have renewed their violent attacks, which have everywhere been repulsed. Colossal losses have been inflicted on the enemy. By means of a counter-attack we captured many hundreds of prisoners. In eastern Galicia we easily repulsed repeated attacks near the village of Niedzwiska, on the Dniester. During this engagement an Austrian battalion was dispersed by our counter attack. By a sudden assault we captured the enemy's position near Milkowicz in the Przemysl region and made prisoners of the Austrian battalion holding these positions." Vienna, Mar. 15.—The following official communication was issued today: "The situation in western Galicia is unchanged. The enemy's attacks along the lower Nida and south Gorlice were repulsed after short fights. In numerous sections of the Carpathians violent attacks by the Russians miscarried. For instance, on the battle front near Lupkow ridge and the Uskow pass, in the Opor valley, and near Wyszok, there were violent night engagements and many Russians fell into our hands, including four hundred who surrendered in a fight at close quarters. Fighting also developed in the position south of the Dniester. An attack by strong Russian forces of infantry came under an effective fire and soon stopped and then collapsed entirely, the Russians losing severely. Russian dismounted cavalry, advancing farther eastward, again were repulsed." Tarrytown, N. Y., March 15.—Funeral services for the late Mrs. John D. Rockefeller were held late today at the family home at Pocantico hills. Only members of the family, close friends, and employees on the estate attended. After the services, it was announced that the body of Mrs. Rockefeller will be placed in a receiving vault here until it is decided whether burial will take place at Pocantico hills or in the family plot at Cleveland, O. Berlin, by Wireless to Sayville, L. I., Mar. 15.—The following was given out today by the Over-Sea News Agency: "A committee headed by the Polish leader Prince Czartoryski is traveling in Russian Poland and spending 500,000 marks (\$125,000) for provisions to relieve the distressed population." London, Mar. 15.—While heavy snowstorms are reported to be hindering the operations, the bombardment of the Dardanelles and Smyrna forts continue on days when the weather permits. Reports from Athens say that the superreadnaught Queen Elizabeth has destroyed, by indirect fire from the gulf of Saros, several shore batteries. At the same time a violent duel is going on between the Turkish forts and the ships of the allies and the Turkish troops have come under the fire of the warships. The Smyrna forts were bombarded again yesterday. Constantinople, via Berlin, by Wireless to London, Mar. 15.—Turkish headquarters report on the Caucasian front the Russians delivered an attack on Artwin (forty miles south of Batum). They, however, were quickly repulsed. On March 7 the Turks repelled all the Russian attacks on the heights near Artwin and occupied a Russian position. A correspondent of the Wolff bureau telegraphs that in a night attack on Wednesday and Thursday the allied fleet bombarded the searchlight installation at Dardanus fort in the Dardanelles. One British cruiser was struck by a Turkish shell and withdrew from the firing line. After three mine sweepers were sunk the correspondent adds, the others fled without achieving their purpose. There were no losses on the Turkish side and the searchlight plant remained intact. Berlin, by Wireless to Sayville, L. I., Mar. 15.—The following was given out today by the Over-Sea News Agency: "Reports from Athens state that during the bombardment of the inner forts of the Dardanelles, all of the warships of the allies engaged were hit." Newport News, Va., Mar. 15.—French as well as British warships are cruising outside the Virginia

capacities waiting to pounce upon the German commerce destroyer Prinz Eitel Friedrich, if she should attempt to make for the high seas again. There are said to be four of them, two British and two French, and they have some to stay until the Eitel Friedrich reappears, or intercepts her war at this port. An officer of the English freighter, Anglo-Patagonian, which arrived here yesterday from Swansea, to load horses for the allies, told tonight of the watching cruisers, and from him it became known for the first time that the movements of the Eitel were known to the allies' warcraft for several days before she sought haven in Hampton Roads. It is understood that the allied squadron made every effort to head off the German vessel, but was unable to reach the capes first. Government authorities here are awaiting instructions from Washington regarding representations to be made to Commander Thierichens, of the German cruiser concerning the detention of Charles Frank and Robert Rogge, members of the crew of the American sailing ship William P. Frye, sunk in the south Atlantic on Jan. 28 by the German commerce destroyer. Sworn statements have been made to the collector of customs here by other members of the Frye's crew that one of these men is being detained against his wishes, and the question is whether the German commander has a right to take men from an American ship and hold them for service in the German navy, even if they are of German descent or subject to such military service. Collector Hamilton, it is learned, has received word to make no move until he receives instructions from the treasury department, which yesterday referred the subject to the secretaries of state. Commander Thierichens still delays reply to Collector Hamilton's twice repeated request for formal notification to the Washington government of the time bewishes granted for repairs to his vessel at the shipyard here. He has estimated that probably three weeks will be required, but has made no specific request for time. The naval board of survey, without waiting further word from the German officer, will resume its examination of the cruiser tomorrow to see what repairs are necessary to make her seaworthy. London, Mar. 13.—Just as the French attacked the Germans in the western campaign when Field Marshal von Hindenburg made his big rush from East Prussia last month, so the British army, operating in Flanders, has undertaken the task of relieving the pressure on their Russian ally now that the Russians again are being attacked in north Poland. This is part of the general plan of the allied generals. When one side is attacked, the other attacks, so as to compel the Germans and Austrians to keep strong forces at every point, preventing them from sending new troops where they could do the most good. At present the Germans are occupied in an attempt to crush the Russians. For this purpose they are reported to have an army estimated at nearly half a million men marching along the roads toward Przasnysz. To prevent this army being further strengthened, the British are thrusting at the German line north of La-Bassee and besides reporting the capture of the village of Neve Chapelle, it is asserted that they advanced beyond that town. The battle taking place on the eastern front, experts say, is the biggest pitched battle of the war, no less than a million in their official report, while Petrograd considers it likely that the Russians will have to fall back before making their stand. It probably will be days before a different report. (Continued on page four.)

candidate for the office of mayor of the city of Escanaba, Michigan, on the Republican ticket at the primary election held in said city on Wednesday, the third day of March, Nineteen Hundred and Fifteen, and that he was voted for at said primary election, and that according to the returns made by the inspectors of election in the several wards in said city, it appears that your petitioner was not nominated for said office, and that your petitioner did not receive a plurality of all the votes at said election for said office; that on the contrary one of the opponents of your petitioner, Edward Smith, was nominated for said office and received a plurality of all the votes cast at said election for said office, and that your petitioner therefore conceives himself aggrieved thereby on account of fraud and mistakes in the canvass of the votes by the inspectors of election in the several wards in said city of Escanaba, and in the returns made from each of said wards.

That the errors, mistakes and frauds complained of as near as may be stated and which occurred in each of the several wards in said city are as follows:

A. That the inspectors of election in each of the several wards erroneously and mistakenly failed to count for your petitioner numerous ballots which were cast at said election in favor of your petitioner, and which should have been counted for your petitioner.

B. That the inspectors of election in each of the several wards in said city counted numerous ballots in each of said wards for the opponent of your petitioner, Edward Smith, at said election which said ballots could have been counted for your petitioner the result would have shown a plurality of all the votes cast in said city in favor of your petitioner as a nominee for said office.

C. That the inspectors of election in the several wards in said city failed, refused and neglected to count numerous ballots cast at said election which were cast for your petitioner and should have been counted for your petitioner.

D. That the several inspectors of election made mistakes and errors in each of the several wards in said city in counting the ballots cast for your petitioner.

#### THE DELFT

A most unusual and decidedly distinctive program will be offered at this house today. the cream department of the late farces. It is built on novel lines and built with every detail working into a situation, from a situation to a climax, in a clever way that makes a riot of fun and it's wholesome. While "A Pair of Sixes" lacks nothing in the story and staging to make it a success, it must be remembered to make a farce a success the acting and selection of players for the different characters is due the greatest credit. With poor judgment the best of productions have failed. There is no chance for failure with yesterday's cast. Every player fit the part and acted it with a finish deserving high praise. Thomas Vanderbilt, the lawyer, was a character of unusual interest to local play goers, as he was John Houston, a Wichita product. John has talent plenty and while young in the business, plays his part with a rare finish. George Leffingwell and Harry Stubs as Nettleton and Johns the business partners belong to the comedy trust. Rita Carlyle as Coddles was a scream. This is the second attraction the Wichita Shriners have brought here this season and both have been the biggest kind of successes and the Shriners will always find their lucky patrons in readiness to get behind anything they bring.

## NO MORE NORTHWEST FOR THESE FARMERS

Calliac, March 15.--Two years ago three Wexford county farmers left this county and went to points in the west and in the Canadian northwest. Last week all three of these farmers returned, purchased farms, and will remain in northern Michigan the remainder of their lives, they say:

Charles Stackus, who has bought a place west of Manton, went west to get rich on a big stock raising farm. There is more money to be made here, he insists.

Orville Collier who moved from Colfax township and who has returned to that locality, tried raising wheat in the Canadian northwest. He claims that northern Michigan is far ahead of the northwest.

Harry Swan went to the "promised land" on a "sure thing get-rich quick" farming proposition and is now back on a farm near Manton trying to make back what he lost.

CATHOLIC CLUB IN BUSINESS SESSION

Members of the Catholic Woman's club met yesterday afternoon at the home of Mrs. Coleman Nee on South Main street. The meeting of yesterday was strictly of a business nature, the question of the furnishing of room at the new St. Francis hospital being brought before the body. A few little details that had been overlooked before were given attention yesterday and final preparations were made for the securing of all furniture for the room.

LEADER WAS ENTERTAINING

Possessing ability and talent to a marked degree, Mrs. E. Vosburgh of Chicago yesterday afternoon appeared before members of the Escanaba Woman's Club for the second time and aided Clyde-Fitch's celebrated play "The Truth."

Mrs. Vosburgh recited yesterday in an even more charming manner than a year when she gave "The Blue Bird," declared by local women to be the best thing of like nature ever seen in Escanaba. Charming of manner and delightfully refined of name, Mrs. Vosburgh immediately won the attention of an audience yesterday that packed the council chambers of the city hall to the doors.

## NEW HIGH SCORE IS MARKED UP

Of the progress of the Upper Pen-  
insula Bowling Tournament now in  
progress at Marquette the Mining  
Journal says:

Highest Scores to Date—  
Singles—Kuehl, 609.  
Doubles—Ora Manes and Krank G.  
Jenks, 1,258.  
Triples—M. H. Foard, W. H. Van  
Iderstine and Ora Manes, 1,665.  
Five-Men Teams—Goats, Hayes, Ol-  
son Stolpe, McKeegan and Klopelle,  
2,641.

The records in the singles and the  
doubles at the upper peninsula bow-  
ling tournament were placed still high-  
er Saturday. In the singles, Kuehl  
rolled a total of 609, three pins bet-  
ter than the record previously estab-  
lished by Frank Jenks. In the doubles  
Manes and Jenks placed the "high  
mark at 1,258 pins. The previous  
high score was held by Haslett and  
Lawrence.

Kuehl is now in line for one of the  
grand average awards. In the five-  
men event Saturday morning he rolled  
618 pins, and in the doubles he scored  
571, which with his singles record of  
609 gives him a total of 1,179 for the  
nine games. His average is 129.88.  
The Goats' record of 2,641 pins con-  
tinues to stand at the head of the five-  
men list, but it is in danger. Today  
the Mineralites roll, and this quin-  
tet is made up of probably the stron-  
gest aggregation of bowlers in Mar-  
quette.

Manes, Van Iderstine and Foard  
still hold the lead in the triples, with  
1,665.

### EGGS, 100 YEARS OLD, STILL GOOD, HE SAYS.

New York, March 12.—"The eggs my  
great granddaddy ate 100 years ago"  
might easily be the refrain of a popu-  
lar song written about the testimony  
of Dr. Ernest L. Smith, a food expert,  
in a pure food case here today. Dr.  
Smith declared a can full of preserved  
Chinese hen eggs will keep 100 years  
without sign of decay.

government officials for the next three  
days. The president wants to take

Mexican factions.

### POWER SWEEPS THE ELECTION

Victor L. Power, a former Escanaba  
lad, was re-elected as mayor of Hib-  
bing, Minn., on Tuesday, by a tremen-  
dous majority over A. E. Temple-  
ton. Mr. Power's total vote was 1463  
while the vote of his opponent was but  
241. The election is described by the  
Hibbing Daily Tribune as one of the  
warmest in the history of that city  
and when the result became known on  
Tuesday night a tremendous celebra-  
tion was staged by the victorious fore-  
ces.

The Tribune says:  
So enthusiastic were members of  
the village council and the electorate  
at the result of the election yesterday  
that when the complete returns were  
had, the entire fire apparatus was cal-  
led out to make special trips to the  
homes of the newly elected candidates.  
Amid the confusion of the fire whistles  
and ringing cow bells, the village  
band, headed by a large group of  
youngsters, each winner, beginning  
with Mayor V. L. Power, and down  
the list, were serenaded in turn at  
their residences.

At the first place, however, those  
who expected to hear Mayor Power  
speak were disappointed, although he  
had been seen to enter his home pre-  
viously to the time that the crowd,  
composed of more than 1,000 enthus-  
iastic citizens all demonstrating their  
extreme joy at the result. In most  
hearty manner, the patrol wagon had  
stopped near there. When the crowd,  
standing before the Mayor's house,  
loudly, vehemently, enthusiastically  
and incoherently demanding Mayor  
Power to come out and speak, the  
"Black Maria" buzzed quietly through  
the crowd. Unbeknownst to any one  
of the multitude, the patrol which  
glided and wended its way silently  
was not on its usual errand of bring-  
ing a "drunk" to custody, and not un-  
til it was quickly disappearing in the  
darkness did the fact that Mayor  
Power was ensconced therein over-  
whelm his eagerly would-have-been  
audience.

The crowd, however, accepted the  
inevitable cheerfully and made its way  
to the homes of B. J. Burrows, John  
Curran, Rupert Swinerton, trustees;  
Robert Geiselman, treasurer and Re-  
corder D. D. Haley. The fire depart-  
ment also was liberal with its demon-  
strations.

A scene of revelry which has sel-  
dom, if ever, has been equalled at an  
election here, took place and even  
those representing factions which fail-  
ed to be elected, joined in creating  
mirth and merriment.

R. A. Blum returned from Dakota  
where he had been purchasing hours  
for the local market.

Miss Maude Aucutt, of Antigo, Wis.,  
arrived in the city yesterday and will  
be a guest at the home of Dr. and Mrs.  
P. J. Flannigan on Odgen avenue. Miss  
Aucutt is to appear as the principal  
number in the St. Patrick's Day pro-  
gram at the Delft theater on Wednes-  
day evening.

## DELFT PRAISED BY PRESS AGENT

The Delft theater was highly praised  
yesterday by F. B. Sagerson, for-  
merly illustrator for the New York  
World and now press agent for "The  
Winning of Barbara Worth," company  
which may appear here. "In all my  
travels," said Mr. Sagerson, "from  
coast to coast, I have not seen a more  
splendidly appointed house than the  
Delft. I consider the Delft theater  
one of the finest little moving picture  
houses I have ever seen and it far  
surpasses anything we have in the  
east."

TEACHERS FOR  
PENSION BILL

Lansing, Mich., March 15.—All the  
heavy artillery that the State Teach-  
ers' association could muster was  
trained against the legislature Tues-  
day night at a public hearing before  
the committees on education and pub-  
lic schools of the House and Senate in  
an effort to batter down the opposi-  
tion against the teachers' retirement  
fund pension bill.

Never in the history of Michigan,  
according to veterans in the legisla-  
tive service, has such a crowd at-  
tended a public hearing on any bill.  
School teachers from all parts of the  
state were present and the Senate  
chamber was filled to such an extent  
that many were unable to gain admis-  
sion.

It was pointed out by the speakers  
that big industrial corporations in  
all parts of the country are retiring  
their efficient employees with a pen-  
sion after they have reached a certain  
age, and Judge Connolly said that  
the school teachers, were certainly as  
much entitled to this consideration as  
policemen and firemen who are given  
pensions by many municipalities after  
they have attained a certain age.
