

FR. BARTH GIVEN HONOR

GIFTED ESCANABA PASTOR IS MADE SUBJECT OF ARTICLE IN CURRENT ISSUE OF THE AUGUSTINIAN, PUBLISHED AT KALAMAZOO.

The Augustinian, published at Kalamazoo, in its current issue, pays a number of handsome compliments to Rev. Father Barth, pastor of St. Patrick's church of this city, who last week delivered the sermons during Forty Hours devotional services in that city. In addition to the sermons delivered by the Escanaba pastor, he gave an address before the Rotarian club of Kalamazoo and his wonderful oratory won the comment, "It is a pity they keep such a distinguished orator in the upper peninsula."

In referring to the sermons by Father Barth The Augustinian said: "The people of Kalamazoo have been greatly favored in having in their midst so distinguished an orator. They are grateful for his presence, and will never forget his counsels and sermons."

"The addresses of the distinguished orator, are the talk of the town. Certainly we never had more interesting and more charming sermons. His subject on Wednesday evening was 'The Worth of the Soul.' Thursday evening 'God's Mercy,' on Friday evening, 'The Sacrament of Love.' Sunday morning, 'Our Best Friend,' and on Sunday evening one of his great lectures on the 'Power of Mother's Love.'"

Of the address delivered by Father Barth before the Rotarian club, the Augustinian said: "The Very Rev. Dean Barth delivered a masterly discourse at the meeting of the Rotarian club at the Park American hotel. There was a full attendance of the members. They were enthusiastic in their appreciation of the good dean's address. It was on the 'Declaration of Independence.' One of the members remarked at the close of the meeting, 'It is a pity they keep such a distinguished orator in the northern peninsula. The world ought to know more of him. Let him come to some large city where he will be more appreciated.'"

PLAN A PARTY FRIDAY EVENING

Members of the fourth section of the women of St. Patrick's parish will entertain at a card party at St. Patrick's hall on Friday evening of this week. Each of the parties that have been given by the women of St. Patrick's have been largely attended and most enjoyable affairs. Members of the committee in charge of plans for the Friday evening function are determined that this event will take class as one of the most successful of the season.

THE COMMUNITY IDEA Comment and Suggestion Having the Welfare and Progress of Our Local Community as Its Object

Some of the current advertising columns contain more humor than the funny section. Take the claims of some of these long distant merchants, for instance. Those who are "eliminating the dealers' profits," who sell "direct from factory"; who "cut out the middleman."

HERRON SELLS HIS INTEREST

By a deal that was closed yesterday Albert E. Herron, has disposed of his interest in the Hoyer Baking company and is to leave Escanaba. C. M. Newman will continue to conduct the business of the firm, maintaining the same firm name and the same standards of excellence that have allowed the Hoyer Baking company to become recognized as the leading concern of its kind in Cloverland. In ten years the Hoyer Baking company has built up one of the most successful bread and ice cream making businesses in the northwest. Mr. Herron has made many friends since coming to this city from Cleveland, and his decision to leave Escanaba is received with regret. Mr. Herron has not yet definitely decided upon his plans for the future, but may engage in business in another city.

MAY RESCIND ORDINANCE

Members of the Escanaba city council tonight probably will take action to rescind an ordinance adopted last spring, limiting the number of saloons in this city to 40 after May 1, of next year. Because of the fact that prohibition will become effective May 1, 1918, city officials have taken the position that the taxpayers of the city should accumulate all possible license money during the final year that saloons are to be operated in the state.

EAGLES' HEAD COMES JAN. 9

A telegram was received yesterday by Charles Folio, head of the Escanaba aerie of Eagles, from H. J. Lemcke, president of the Order of Eagles in Michigan, announcing that he will be in Escanaba on Jan. 9.

On the occasion of the visit of the high official to the local aerie a big booster meeting will be arranged and it is probable that the Escanaba and Gladstone aeries will unite for a joint installation.

The Escanaba aerie expects to have a class of at least 100 candidates ready for initiation when the state president comes to this city.

A number of the members of the Escanaba aerie will go to Gladstone on Friday evening of this week to attend the annual game supper arranged by the members of the Upper Bay city lodge. Past State President Leon C. Clapp, of Traverse City, will be the guest of honor of the Gladstone lodge at the meeting and supper.

Mrs. W. J. Wilcox and daughter, Dorothy and Mrs. E. Birble, of Rhineland, are visiting at the home of Mr. and Mrs. Patrick Sullivan. Officer Joseph P. Carney left yesterday for a hunting trip to Kates. Mrs. S. J. Spargo is visiting for a few days at Swaney.

DEM. LEADERS ARE RESTLESS

CHAIRMAN OF DEMOCRATIC NATIONAL COMMITTEE SAYS CALIFORNIA IS SAFE AND ASKS WHY REPUBLICANS REFUSE TO CONCEDE WILSON ELECTION

(Special to the Press)
New York, Nov. 20.—"All thirteen of California's democratic electors have been surely elected by all but a complete count," said Vance C. McCormick, chairman of the Democratic national committee today. "Why don't the Republican leaders concede the election?" A telegram from the Democratic national campaign manager, came today which said: "San Francisco count completed. All of California electors absolutely safe."

New York, Nov. 20.—"While it is said that the congratulation of Mr. Hughes to President Wilson have been written, they have not yet been sent. Chairman Wilcox was here today for a few hours but refused to make any statement, except that Lakewood, where he and Mr. Hughes are resting, is a good place to get caught up on sleep. Congratulations rumored to be in contemplation of a new deal, was participated by A. T. Hart, James R. Garfield, republican national committeeman, Stanley Raymond Robins and Harold Ickes. The old guard sent Roosevelt for 1920 in this movement."

LAY BODY TO REST TODAY

Funeral services over the body of Mrs. John Leid, who passed away at the home of her son, Emil Leid at 1514 Park avenue, after a prolonged illness will be held at the home at 2 o'clock this afternoon. Interment will be at Lakeview cemetery. Grandsons of the deceased will serve as pallbearers at the funeral of this afternoon.

Mrs. Leid had resided in this city for but a year but in that time she had made many friends and it is expected that the funeral of this afternoon will be largely attended. In addition to her husband, six daughters and five sons, she is survived by 45 grandchildren and six great grandchildren.

Relatives who have arrived in the city from points outside to attend the funeral are: Mr. and Mrs. Phillip Roth enbach, of Fond du Lac; Mrs. William Pullman of Chicago; Mrs. Nicholas Hensler of Allentown, Wis.; Mrs. Fred Hencke, of Milwaukee; Arthur Leid, of Milwaukee; John Leid, Jr., of German, Wis.; Mrs. Henry Riemer of Brookfield, Wis.; Hugo Leid of West Bend, Wis., and Mr. and Mrs. Michael Leid of Milwaukee.

ADAMSON LAW PROBE STARTS

JOINT CONGRESSIONAL COMMITTEE MEETS IN WASHINGTON AND MANY WITNESSES WILL BE HEARD IN PREPARATION OF REPORT—GREAT BATTLE EXPECTED.

Washington, D. C., Nov. 20.—The work of the joint committee of congress appointed to work out the Adamson act, began its work today. A long array of imposing witnesses will appear before the commission, headed by Senator Newlands, college professors, railroad presidents, representatives from the boards of trade, chambers of commerce, industrial boards of every description and from a great variety of private industries.

At this city is expected to be staged one of the very important parts of the greatest war this country has ever seen between capital and labor. The big surprise is that the four big brotherhoods involved did not present themselves before the commission. The committee reconvenes Thursday when the railroads' advisory committee will be heard.

A marriage license was issued yesterday to Rudolph N. Dahlberg and Miss Ruth Balm, both of Bark River. P. N. Peterson county agent, has returned from Lansing, where he accompanied a Fayette youngster who was committed to the state reform school for boys. Attorney N. C. Spencer transacted business at Menominee on Monday.

MARINETTE WINS, MENOMINEE LOSES

The Marinette High school football team kept up its winning gait on Saturday, defeating Neenah by a score of 38 to 0.

Menominee High school met defeat by a score of 6 to 0, at the hands of Appleton High school on Saturday after what is described as one of the most brilliant games ever staged by high school teams in that city.

A number of Escanaba fans will go to the Twin Cities to witness the annual battle between Menominee and Marinette on Thanksgiving day and local fans will lend their support to the Menominee aggregation in spite of the fact that they will enter the battle with the odds against them.

GUARDSMEN IN TEXAS SUFFER

UNSEASONABLE WEATHER AT MEXICAN LINE SENDS NORTHERNERS TO BEDS SHIVERING—STILL HOPE FOR RELEASE.

Camp Cotton, El Paso, Texas, Nov. 16.—The Michigan men in Camp Cotton—and all other troops stationed in or near El Paso—last night had to put up with one of the coldest nights of the season here. Natives of the city claim that the night was as cold as any ever encountered in mid-winter.

The troops are all doing routine work. The Michigan men have various programs laid out which includes border patrolling, extended order drilling and interior patrol work that includes drawing maps of the country and conditions they encounter. And while they are going (Continued On Page Six)

GRAND BALL IS PLANNED

Members of the Musicians' Union of Escanaba, have completed plans for the first annual ball of that organization, to be given at the Coliseum on Friday evening, Dec. 1. The musical program for the evening will be furnished by an orchestra of 24 pieces making the largest orchestra ever to participate in a musical program for a party in this city. Every effort is being exerted by members of the Union to make the ball one of the most successful functions of its kind ever planned in Cloverland.

RECEIVES WORD OF MOTHER'S DEATH

Word was received in the city on Sunday of the death of Romeo, Mich., of Mrs. E. C. Newberry, mother of Mrs. H. W. Reade of this city. Mrs. Reade had been at the bedside of her mother for several days and was present at the time of her death. Mr. Reade left on Sunday evening for Romeo to attend the funeral. Mrs. Newberry had frequently visited with her daughter in this city and was known to a number of Escanaba people. She was 65 years of age and is survived by her husband and three daughters.

BARN RAISERS ENJOY PROGRAM

Men who are familiar with frame barn raisings in ye olden time, recall the fact that invariably there raisings were held in the month of June, and barns were completed in time to house the hay and grain raised that year. But times have changed, the up-to-date farmer of today builds his barn at the most convenient period of the year, when labor and other essential conditions favor him.

It was thus that W. A. Good, a prosperous and progressive farmer of Harris township, who raised a large frame barn yesterday. Mr. Good raised a barn yesterday on a basement wall 36x80 feet and with posts approximately 27 feet in height. Mr. Good commenced work on his basement last August and when completed will be (Continued On Page Six)

CLAIM VILLA KILLED MANY

REFUGEE ARRIVING AT JUAREZ ASSERT THAT BANDIT'S FORCES SLAUGHTERED 200 CHINESE—AMERICANS HAVE REMARKABLE ESCAPES.

(Special to the Press)
El Paso, Tex., Nov. 20.—Refugees arriving at Juarez today lent credence to the report that Villistas massacred two hundred Chinese in the Parral district. They reported General Trevino is still in Chihuahua City to recruit his forces, before attempting to cope with the formidable situation in Chihuahua. It was also reported that Villistas had surrounded Ahmuda and promised to capture the city, situated 20 miles south of Juarez.

A party of four Americans, headed by Leslie Webb, are now in Nogales, Ariz., where they came from Culican after a remarkable escape over the mountains and deserts.

Albert Harold, an American held in Chihuahua City prison and sentenced to be shot, was released this afternoon. He was charged with cattle rustling.

George Ayers will return to his home at Lathrop this morning after transacting business in the city.

Miss Edith Connors of Menominee, spent Sunday in the city with friends and relatives.

WOMEN MOST SUSCEPTIBLE

Lansing, Mich., Nov. 20.—On the face of the returns it would seem that there is a larger per centage of cases of tuberculosis among girls and women than among men and boys in Michigan. In the present tuberculosis survey of the state board of health it is found that about sixty per cent of the persons diagnosed as tuberculous are female and about forty per cent male.

But it is likely that the figures do not give the correct proportion. A very large number of the persons diagnosed as tuberculous did not know they had the disease; they merely felt run down and came to the free clinics for a physical examination. It is argued that women and girls have as a rule greater opportunity to go to the clinics for this purpose than men and boys who are working and who do not come for a free examination because it is inconvenient to go. So it is probably true that if all persons were examined the percentage of cases would be differently divided as to sex.

MONASTIR IN ALLIES HANDS

CENTRAL POWERS EVACUATE THE CITY AFTER DESTROYING MOST OF IT—ROMANIANS STILL ESTABLISHED—GERMANY CLAIMS SOMME DRIVE STOPPED.

London, Nov. 20.—What is far the most important event that has transpired in the European war in the last several weeks, and which had not been entirely unexpected, especially during the last few days, was the admitted fall of Monastir into the hands of the Serbians yesterday. The Serbians are given the lion's share of honor in the morning papers today in their discussion of the fall of Monastir.

Rome, Nov. 20.—It is reported here that Monastir was virtually destroyed by fire and explosion within the city before the retreat of the German and Bulgarian forces.

It is hinted from the tone of German dispatches that Monastir was given up by the Germans and Bulgarians largely because of strategic reasons. However, Serbian reports indicate that the evacuation was not executed without resistance in the part of the Germans and it is claimed that the Teutonic losses were heavy.

Petrograd, Nov. 20.—Rumanian forces continue to retire southward before the invading Austro-Germans in the Iul valley.

County Clerk A. J. Peplin left yesterday for a deer hunting trip. Austin Stromberg has left for Cadillac where he will take a position with the Cadillac Motor company.

SUPPER AND SALE PLANNED

Members of the Ladies Aid Society of the First Methodist Episcopal church will entertain at a fancy work and apron sale and a supper at the basement of the church on Wednesday evening of this week. For several weeks plans for the undertaking of this week have been proceeding and every indication points to an immense success being scored. The sale will include many articles that will make delightful Christmas gifts and the event will offer the solution of Christmas shopping problems for many people.

An excellent supper menu has been arranged and it is expected that a great number of patrons will be attracted for that feature. The serving of the supper will begin at 5 o'clock and will continue until all-comers have been served.

FINE ADDRESS TO BE GIVEN

"The Fight Against Disease," will be the subject of the lecture to be delivered by Dr. V. C. Vaughan, dean of the medical department at the University of Michigan, at the auditorium of the Escanaba High school on Thursday night of this week. Dr. Vaughan is beyond doubt one of the best informed men in the United States today on health matters and his lecture in this city should attract an audience to tax the capacity of the school auditorium. Dr. Vaughan has a national reputation as an authority on internal medicine and was formerly president of the American Medical society.

CHATFIELD GETS PRAISE

Ex-Mayor O. P. Chatfield, chairman of the Republican county committee, has received a letter from John D. Man gum, chairman of the Republican State Central Committee, warmly complimenting Mr. Chatfield and members of the committee for the excellent results accomplished for Republicanism in this county. The letter follows:

"Mr. O. P. Chatfield, Escanaba, Michigan, 'My Dear Chairman: 'I wish to congratulate you on the splendid work done in your county. I also wish that you would convey my congratulations to your Secretary and County Committee. I am not sending this letter to the Chairman of all the counties in the state, because not all of them deserve it. You certainly do and I appreciate your work. 'I want you to remember that we (Continued On Page Six)

I Was a Stranger

You've been in a city where you didn't know a soul.

You didn't know what to do, where to go, who to see.

An information bureau, such as the Commercial Club aims to maintain, would have been of great service to you.

But, better than that, if you had a Commercial Club membership card, such as all members have recently been furnished, you would have gone to a Club where you would have been welcomed.

The Escanaba Commercial Club maintains reciprocal relations with most of the leading commercial organizations of the country. This entitles members, when traveling, to the same service which the members of other organizations receive in their home cities.

"I'm a member of the Commercial Club of Escanaba," gives the speaker a standing in the eyes of the acquaintance in another city.

Wouldn't it be well to join?
(Published by Membership Committee
Escanaba Commercial Club)

ORGANIZATION IS LAUNCHED

TEMPORARY OFFICERS OF ASSOCIATED CHARITIES NAMED AT MEETING AT CITY HALL YESTERDAY—MEET AGAIN NEXT MONDAY AFTERNOON.

A temporary organization for an Associated Charities in the city of Escanaba, was launched yesterday at the city hall. The temporary officers are H. L. Clemens, chairman and Dr. A. J. Carlson secretary.

Seventy-five people, representing the various charitable organizations of the city and other interested in charity work, participated yesterday in the preliminary meeting.

A committee to perfect the organization and outline a plan of activities was appointed. It consists of G. M. Mashek, John A. Allo, Mrs. A. C. Barras, Mrs. C. E. Andrews, Rev. F. X. Barthy, Rev. C. A. Lund, H. H. St. Louis. These people represent the Commercial club, Woman's club, City Welfare work, independent church charity work and the King's Sons charity committee. These with the chairman and secretary will outline the policy and will present their resolutions to the officers and directors for the approval of organization, which meets again next Monday.

Seakers at yesterday afternoon's conference were George M. Mashek, Superintendent of Schools F. E. King, Mrs. Andrews, Mrs. Edward Erickson, chairman of Woman's club, philanthropic department; Poor Commissioner Atkins, Judge Yelland and Dr. H. W. Long. An effort will be made to give all organizations in the city, interested in charity work, representation on the board of directors.

The object of the Associated Charities will be to supervise all charitable work. It is not to take the place of organizations now engaged in this work but to assist them to prevent duplication of effort in the city. There is too much spasmodic giving now, with the result that many have seen much one season. The poor department. An effort made to distribute charity over the entire year.

A CARD PARTY THIS AFTERNOON

The women of St. Joseph's church will entertain at a card party at the auditorium of St. Joseph's school this afternoon. The weekly parties have been arranged by the women of the church to extend throughout the winter and spring sessions and each in the past has proven highly successful. The general public is invited to participate in the program of this afternoon. It being hoped that an unusually large number of patrons will be in attendance.

Woe is ours. Michigan was trimmed by Pansy on the heels of Detroit's pennant flasco.

Wanted bids on one vigorous, full blooded turkey. Bids open 6 p. m. Nov. 23, 1916. The right to reject all bids, if print paper keeps soaring, is reserved.

A buck law is a highly desirable application to car deer hunting season, but it's lower peninsula sportsmen and not Cloverland hunters, who must be convinced.

WOMEN VOTERS ON PRESIDENCY.

Notwithstanding the evidence that the women's vote for Presidential electors in Illinois was divided in a proportion approximating the men's vote in that state, which went by a rousing majority for Hughes, and in spite of the fact that in the other states where women voted on the Presidency, or in most of them, there was not a separate count of ballots cast by women, so that statements as to how the women voted in respect of their Presidential preferences are based on guesswork, the conviction is widely entertained that in Kansas and in California, if not elsewhere, the women were overwhelmingly for Wilson, and that if only men had voted in those states would have chosen Hughes, not Wilson. This belief has aroused not a little feeling among some of the women as well as some of the men in states where the prevailing sentiment was for the Republican candidate. Two of the woman suffrage states—Illinois and Oregon—are in the Hughes column, but the others are in Wilson column. People in Hughes states

who are not intimately familiar with the Constitution are addressing communications to editors like the following which is published in the New York Sun:

I am led to inquire by what legal right the women voters of the suffrage states are permitted to vote for the President or other officers of the United States government. Without Federal legislation covering the point it would seem that the women's voting privilege should be limited to the ballot concerning the offices within the respective states. Several newspapers claim that the woman vote in California decided the Presidential issue this year, and I am desirous of learning definitely whether or not the women in that and other suffrage states are permitted to vote for the in casting ballots for President of the United States.

(St. Louis (Mo.) Post-Dispatch, Oct. 6, 1916.)

Only the judicial construction of a statute was involved in this week's decision by the New York Court of Appeals in a case affecting Christian Science healing.

However, on the issue now disposed of in that state, Christian Science practitioners and medical men had met in the medical societies to discuss that its terms shall not prevent "the practice of the religious tenets of any church" Willis Vernon Cole of New York city was arrested through the efforts of the County Medical society and fined \$100 on the ground that healing in conformity with Christian Science doctrine was unauthorized medical practice.

The appellate division sustained the conviction, declaring that it was not a

valid defense to set up that the defendant was following his religious beliefs. This ruling is now violently overturned by the Court of Appeals, which holds that the proviso of the act applies clearly and directly to exactly such cases as that of Mr. Cole. Chief Justice Bartlett goes even farther. He affirms that even without this proviso the conviction would be illegal. "I deny," he says, "the power of the legislature to make it a crime to treat disease by prayer."

Indeed if legislatures had that power and presumed to exercise it, what congestions of the courts and overflow of jails and prisons might we not expect. Very few of the clergy and of men and women members of religious communities and even of devout laity, would escape.

The decision will be read with satisfaction by thousands who think that there is a tendency to carry medical restrictions to an extreme and oppressive point. It will assist in clarifying confusion of thought in the public mind, and especially among state and municipal health officers and health boards.

BELL-ANS

Absolutely Removes Indigestion. One package proves it. 25c at all druggists.

THEATRES

THE STRAND.

Never before has demure little Edna Mayo had a play more suited to her talents than "The Return of Eve" her latest 5-act Essay feature at the Strand today. In fact, her work in this picture surpasses her performance in "The Misleading Lady" one of the most popular photoplays ever put before the public.

She is delightful and charming in her latest part, a refreshing slip of a girl brought up aloof from the evil of the world and then suddenly thrust among it. How she, in her innocence, is unaware of the sins of society and returns unscathed to her Eden form a delightful topic for numerous comedians.

"The Return of Eve" is a society drama with unique angles. A millionaire places two orphan children in a wilderness to grow up under the guidance of an aged tutor in primitive naturalness. When they attain the age of 19 years they are thrust into civilization. The girl, Eve, is delighted with the round of social affairs, and the boy disgusted with the sham of society. He leaves to study when she refuses to return to Eden. Her love affair with a society idler turns out disastrously and Winters, she lives in sorrow, believing that Adam, the boy whom she now knows the tutor, takes her back. In Eden she loves, cares for another woman. The old man, understanding all, brings Adam back and the three give up the world which has treated them so ill for the peace and happiness of their garden in the wilderness.

THE DELFT.

Norma Norma Talmade in "The Social Secretary" with a screaming comedy will make up today's bill at the Delft. "The Social Secretary" is a story that depicts the trials of a petite stenographer.

What would you do if you had to work for a living as a stenographer and were so good looking that every man just succumbed to your charms and proposed to you right on the spot? Rather annoying, eh? Well, this is exactly the predicament of the heroine of this original story. In order to pursue quietly the gentle arts of her chosen calling, she does something very few girls would ever think of doing—she hides her beauty behind rimmed glasses and clothers of the vintage of '82. But light cannot be hid behind a bushel for long. She is discovered—and then—but wait until you see the picture.

ANTIGO BOY STRUCK DUMB

MAY REGAIN FACULTY.

Antigo, Wis., Nov. 20.—Marvin Worden, who for eight years has not spoken a word, is learning to talk at the school for the deaf and dumb in this city. A few months ago he was taken to Rochester, Minn., where he was examined and the fact was disclosed that all of the boy's vocal organs are normal.

WERE YOU EVER OFFERED A GROCERY STORE? OUR PROPOSITION IS BETTER

Let us tell you how you can handle Flour, Canned Goods, Provisions—an entire line of Groceries, as well as Paints, Roofing, Stock Foods, Automobile and Machinery Oils and Greases. No rent to pay, no investment in stock. Large orders taken from samples; goods of guaranteed and proven quality. Selling experience not necessary. Very profitable work for "workers". Address R. S. Hill, president Hitchcock Hill Co., Chicago. Reference: Any bank or express company.

BOARD RULES ON BENEFITS

Important Decision Recently Handed Down in Pennsylvania is of Far-Reaching Effect.

Referee Scott of the Pennsylvania compensation board has ruled that when a worker is a member of a profit-sharing fund and receives benefits for injuries through the workmen's compensation law no portion of this money shall be deducted and placed in the fund. The technical point raised by the insurance adjusters for a motor company in Philadelphia was that under a plan in effect among all employees of that concern they paid \$2 a week into the profit-sharing fund from wages or any sick or accident benefits they might draw. The adjusters allowed an injured worker \$10 for the first two weeks he was hurt, then cut him to \$8 under their decision that the balance should go into the fund. Referee Scott ruled that this conflicted with the compensation law. The decision applies to all similar profit-sharing or bonus agreements.

Union leaders said that of the 54 plants affected by the metal workers' strike in Newark, N. J., 18 have granted the demands of the workers and as a result 1,800 men and women have returned to work. The strikers asked for the eight-hour day, time and a half for overtime up to four hours and double after that. Timothy McElligot, chairman of the strike committee, threatened that unless the other plants gave in there would be a general strike, affecting 310 plants, employing 30,000 workers. The strike is in charge of the International Association of Machinists. Members of the Brotherhood of Metal Workers and the Amalgamated Society of Engineers in the plants affected are striking in sympathy.

An offer by one association of New York manufacturers to enter into an arbitration of the present strike of more than eighty thousand garment workers was made in a letter sent to Benjamin Schlessinger, president of the union and leader of the strikers, by counsel for the Mutual Cloak, Suit and Skirt Manufacturers' association.

The unfilled orders of the United States Steel corporation on May 31 stood at 9,837,798 tons, an increase of 108,247 tons compared with those on April 29, according to the monthly statement just issued.

Attorney General Turner of Ohio has ruled that women employed in kitchens and dining rooms of European hotels are under the protection of the law.

Only 97 labor disputes, involving a total of 9,110 strikers, were reported to the French department of labor in the first 16 months of the war. There were 1,078 strikes, involving 220,000 workmen, in the year 1915.

Jackson (Cal.) brewery workers have organized and secured contracts with employers which carry wage increases ranging from \$2 to \$3 per week. Hours and working conditions are regulated.

New York Schoolteachers' union has voted to affiliate with the American Federation of Labor. It was also voted to bar from membership superintendents, principals and assistants to principals.

Toronto (Canada) Granite Cutters' union has been in existence just ten years. When the men were first organized they were receiving 25 cents an hour. The scale paid now is 50 cents an hour.

Members of the International Typographical union are sure of a mortuary benefit of \$400 and a pension of \$5 a week on reaching the age of sixty years by the payment of less than \$13 a year.

The work to which Frenchwomen have mostly taken since the war are food industries, textile and the metal trades, but many also are working in rubber and at sack making.

Natives of India are permitted to emigrate under contract only to such countries as satisfy the government of India that sufficient provision is made for their protection.

The estimated loss, including wages lost and medical expenses involved, to wage earners in this country through sickness amounts to the sum of \$800,000,000 annually.

The whole number of women employed in munition making in France, according to the secretary for munitions, is 100,300. Of these 28,293 are in state factories.

The Iron Molders' union of Cedar Rapids, Ia., has raised wages from \$3.50 to \$3.75 a day. Every shop in the city but one has accepted these increases.

Hamilton (Canada) iron molders formerly received \$3.25 per day for a ten-hour work day; now they receive \$3.50 per day for a nine-hour work day.

Northampton (Eng.) corporation tramway employees threaten to strike unless lost time is paid for the curtailment of four hours daily.

The great salt mine at Wieliczka, in Galicia, has galleries which aggregate over thirty miles in length. The total yearly yield is 55,000 tons.

The Brotherhood of Teamsters has secured a wage increase of from \$1 to \$3 per week for teamsters employed by Frisco furniture houses.

Elham, Kent (Eng.), board of guardians has appointed a woman as rate collector in the place of her brother, who has joined the colors.

San Francisco Sheet Metal Workers union will ask for a minimum wage of \$6 per day, with no work on Saturdays. On July 15 at Newark, N. J., American Wire Weavers' Protective association will meet in convention.

MANY CASES ARE CURABLE

Lansing, Nov. 20.—That the state board of health has a message of hope and not of despair for the 20,000 who are afflicted with tuberculosis is shown by the statistics gathered from the present statewide tuberculosis survey. The figures show that only 6.8 per cent of the persons diagnosed as tuberculous are advanced cases, that is, cases that are probably incurable. For the other 93.2 per cent there is plenty of hope held out for permanent cure if the right methods are followed.

The statistics further show that 52.6 per cent of the cases of tuberculosis discovered are in the incipient stages, when the disease is still very easily curable. The moderately advanced cases constitute a total of 28.2 per cent. Some of these will probably die, but a great many of them will get well if they make a hard fight for life. The arrested cases constitute 12.9 per cent.

These figures cover a period of work of 12 months, during which time a total of 3,251 persons were diagnosed as tuberculous out of a total examined of 11,523.

The very large percentage of hopeful cases emphasizes the need of many more sanatoriums in Michigan, according to the state health workers. Every county in the state, they deem many lives could be saved annually in care, if the incipient cases could be efficiently be taken care of locally.

Miss Edna Magnuson returned Monday evening to her home in Chicago following a brief sojourn with friends in this city.

MANY IN ESCANABA TRY SIMPLE MIXTURE

Many Escanaba people are surprised at the QUICK action of simple buck thorn bark, glycerine, etc., as mixed in Adler's-ka. This simple remedy acts on BOTH upper and lower bowel, removing such surprising foul matter that ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. A few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. The INSTANT, easy action of Adler's-ka is astonishing. A. Ellsworth, druggist, 701 Ludington.

INDIAN NAME CISCO SUGGESTED FOR LAKE HERRING

Washington, D. C., Nov. 20.—The officials in charge of the enforcement of the Food and Drugs Act, in a recent issue of the Service and Regulatory Announcements of the Bureau of Chemistry, define what fish are entitled to the name lake herring. The officials state that while the name lake herring can be applied legally to any species of the genus Leucichthys, varieties of which are commonly called lake herring, bloater, cisco, long-jaw, and other names, and are found in large quantities in the Great Lakes, it is not as desirable as the name cisco which the Indians gave these fish. The experts of the Bureau of Fisheries, of the Department of Commerce, in a recent communication stated that in the interests of exact terminology the name cisco is to be preferred. The name cisco is distinctive, while the name herring is applied to other fish very different from the so-called lake herring. The fish to which the name lake herring is applied are members of the same family as the salmon and trout, and are therefore, more closely related to these fishes than to the herring family. The name herring suggests or indicates an inferior fish.

The government experts who are interested in the development of the fish industry are of the opinion that it would be to the advantage of both producer and consumer for the fish to become under the distinctive name "cisco" rather than under the inappropriate and confusing name of lake herring.

The cisco fish is being used in larger quantities each year, partly because of the diminishing quantity of other fish in the lakes, but mainly because of the adoption of improved methods of freezing, packing, and shipping them. Formerly only the salted product was available at any distance from the lake ports. For several years there has been considerable traffic in fresh, frozen cisco from the middle of November until about the first of January. During this period the fish are frozen by exposing them to the weather, then packed in boxes or gunny sacks and shipped to interior points. However, this method has been only partially successful because, owing to variations in weather, the fish did not always remain in a frozen condition, and because in many cases they were not handled according to correct principles of sanitation. More recently the cisco fish have been frozen by artificial refrigeration, handled and packed under better methods, and so can be shipped for long distances in prime condition.

TURKEY A LUXURY THIS THANKSGIVING

Poultry will be a luxury Thanksgiving. The wholesale prices now quoted are the highest that the retail dealer of Delta county have ever been asked to pay.

Those who placed their orders for Thanksgiving poultry three or four days ago fared better than those who are buying this week, as the wholesale price has advanced nearly two cents a pound, with indications that it will go higher within a week. The beef houses and commission were selling turkeys a week ago at twenty-nine and one-half cents a pound, but yesterday they were quoted at from thirty to thirty-one cents, according to quality. There was a three-cent advance in the wholesale price of both geese and ducks Thursday. This increase was rather unexpected, but a wholesaler's agent yesterday said he would not be surprised if there was a still further advance the coming week, as poultry of all kinds is scarce.

Turkeys will retail around thirty-five cents a pound on Thanksgiving, spring chickens will bring at least twenty-five cents, and geese and ducks will sell at from twenty-four to twenty-five cents.

Wednesday Texas turkeys were selling on board cars at thirty and thirty-one cents in carload lots. The upper peninsula dealers do not handle Texas turkeys, as practically all their stock comes from Minnesota and Wisconsin. It is considered superior to the Texas stock.

No reason is given for the high prices this fall, except that poultry is scarce and that the hatch was late. The spring turkeys are small in comparison to other years. The dealers expect that their average weight will be between eight and ten pounds.

The retailers are not ordering as heavily as in former years, as they believe that many customers will not buy turkeys at the prevailing high prices. It is expected that the demand for chickens, geese and ducks will be heavier than usual.

Mrs. Thomas Kelly and daughter left Sunday night for Chicago where they will spend a few days shopping.

FOREIGNERS IN PARRAL KILLED BY VILLA'S MEN

El Paso, Nov. 18.—A Chinese refugee who arrived here today from Juarez brought the report from Jimenez Chihuahua that nearly all the foreigners in Parral had been killed by Villa bandits. The killed included American, Chinese, German, Hebrew, French and Arab residents of the mining camp. It is said that the brother of Theodore Hoemuller at Juarez has received the confirmation of the killing of Hoemuller, a German subject and family at Parral.

The refugee said he believed that Edgar Kock, German consular agent at Parral had been killed at Santa Rosalia. Five Americans are known to have reached Gulican from Parral.

KICK ON BILLS OF U. HOSPITAL

Lansing (Mich.), Nov. 18.—Resentment among state officials against the University hospital at Ann Arbor crystallized when Superintendent of Instruction Fred L. Keeler was authorized by the state board of auditors to take up with the board of regents of the University of Michigan some of the bills that the hospital has been charging other state institutions.

The specific instance which caused the matter to come to a head was the bill rendered the state public school at Coldwater by the hospital for the treatment of a 4-year-old boy named Lester Ford. This bill totalled more than \$300, and Superintendent J. B. Montgomery of the Coldwater institution, insisted that it should be cut in two. The Superintendent Groves of the hospital refused to do so and Mr. Montgomery, in referring the bill to the board of state auditors, sent the correspondence along.

"PETTICOAT DIMES" TO BE REFUNDED BY UNCLE SAM

Appleton, Wis., Nov. 20.—"Petticoat dimes" will be returned to women of Appleton and those of other cities who "fell" for the petticoat swindle operated by a group of clever men under the name of the National Brokerage exchange with offices in Minneapolis. The final chapter of the postoffice drama, "The Dime and the Petticoat," will be written when several thousand dollars in 10-cent pieces are returned by the post-office. The scheme was to send a dime for a petticoat, "any color," worth \$4.50. The dimes are still coming into the Minneapolis office from all parts of the country and from Canada.

BASEBALL MAGNATE IS SUED FOR DIVORCE

St. Louis, Mo., Nov. 20.—Mrs. Helen H. Robinson Britton, owner of the St. Louis National league baseball team, brought suit here yesterday to divorce Schuyler P. Britton, president of the club. Mrs. Britton asks for the custody of the children. Her petition states they were married in 1901 and that they separated Nov. 13, 1916.

She sued him for divorce in Cleveland in 1911, but they had a reconciliation about the time she became owner of the ball team through inheritance.

GERMANS BUILD FORTIFICATIONS

Amsterdam, Netherlands, Nov. 20.—According to information gleaned from several hundred refugees from the occupied regions of northern France, who have been passing thru Holland, the Germans have prepared position far behind their present front. They are, it is said, reckoning more and more on the possibility of a retreat to the Belgian frontier. The positions near Manfuege and Hautmont are even more formidable than those north of Lille. The old forts are deserted, for, taking full account of the new methods of warfare, the Germans have constructed a network of trenches, and great earthen caverns made with the aid of reinforced concrete and iron.

News come from northern France as well as from Belgium of the increasing number of the population who are being put to work by the Germans. The normal industries have long been stopped, but some manufacturing are veritable beehives of activity. This is the case, for instance, in the Lille suburb of Fives, where French and Belgians are employed in the manufacture of ammunition.

Mr. and Mrs. Jerry Beauchamp of Marquette are the guests of local friends for a few days.

30,000 BELGIANS FORCED TO SLAVERY

London, Nov. 20.—Thirty thousand Belgians already have been deported to Germany, according to information received here. Reports from the same source say the Germans plan to take some 300,000, judging from the order issued in a number of cities for all males over 17 to report for inspection.

The municipal council of Tournai has formally declined to accede to the German demand, the report says, protesting that hitherto it has acquiesced to all the German orders. Gen. Hopper thereupon imposed a fine of 200,000 marks, it is added, for the refusal of the council to furnish a list of male inhabitants, with a further fine of 20,000 marks daily as long as the council refused to give the list.

A circumstantial report from the Mons districts says the entire male population over 17 was summoned to report at German headquarters at 8 o'clock on the morning of Oct. 26. The priests, professors, teachers, local officials, members of the food committee and the physically defective were dismissed, but it is added 1,200 men, composing 20 per cent of the eligible males, both employed, were selected immediately placed on cattle trucks and started for Germany. Being ignorant of the purposes of the summons, the men had assembled without clothing for traveling and without food, and relatives who hurried to the station with food and clothing were refused access to the men, the report says.

In a statement made to the Associated Press on Friday, Lord Robert Cecil, minister of war trade, declared people of France and England, "hope that American public opinion will show itself, not only in a few days or weeks of protests and criticisms, but in steady pressure upon the invaders of Belgium to conduct the war against the soldiers of the allies in the trenches and not against the helpless civilians whom they have in their power."

"Three times during the last year," Lord Robert continued, "we have proposed to the Germans a definite scheme whereby the exports of Belgian manufacturers and even imports of raw material might be made free under the control of the Belgian relief commission. To none of these proposals have we had a reply. The Germans have consistently refused to do anything to assist the relief commission and Belgian industry. In stead they have exacted 40,000,000 francs a month from Belgium, requisitioned every kind of machinery and raw material, seized the funds of the National bank and restricted exports. They have drained Belgium dry and stripped her bare, and we know

Suppose Fatimas were NOT Sensible

It isn't possible to fool men for long. Lincoln said that better than we could. Surely, if Fatimas were not as comfortable to the throat and tongue as we say they are—if they did not leave a man feeling keen and "fit" after a long-smoking day—do you suppose that more Fatimas would be sold every day than any other high-grade cigarette? Remember these facts as you try Fatimas and observe how comfortable, how sensible they really are.

Liggett & Myers Tobacco Co.

FATIMA

A SENSIBLE CIGARETTE

CO. L EXPECTS TO BE HOME SOON

(By Walter C. Janson.)

Camp Cotton, El Paso, Tex. Nov. 19. Company L continues to do routine work, as prescribed for the Thirty-third Michigan regiment by General George Bell, Jr., commander of the 11th division. And not a day goes by but what the men discuss the possibility of the Michigan troops being sent home soon.

Yesterday was pay day for the Thirty-third regiment. But few of the men had much ready cash after they paid what they borrowed to purchase little trinkets and souvenirs for the folks at home. The peddlers with their curiosities are becoming fewer and fewer, except on days when they know the "ghost is walking" in camp.

Lieut. Grover Thompson and Merritt Wilson drilled the company yesterday morning for a period of 30 minutes, after which the Michiganders were called in to receive their pay. The company was drilled largely in bayonet and rifle exercises. It is probable that this morning's work will call for field maneuvers, either at Washington park where the Thirty-third has been drilling, or on grounds not far distant from Camp Cotton.

The past few nights have been real cold here. A few of the brave ones stripped down to their "B. V. D." but the greater portion of the men did not shed much clothing. No winter quarters have been provided for the Thirty-third, which is believed to be an indication that the Michigan men will soon be on their way home. Major Daniel Smith, adjutant to General John P. Kirk, ventured the remark the other day that all would eat Thanksgiving dinner in Fort Wayne, Detroit, where they will probably go to be mustered out when the time comes.

Company L expects to do more border patrolling shortly, but there has been no announcement as to when the Menominee men will take another turn at the work. Sergt. John Teichler and Privates Gustaf Brown and

Harry Allard were on guard duty yesterday, around the regimental camp grounds.

Although a few of the men have cold, due to the great variation in the climate here, none of the Menominee men are laid up in camp. The percentage of sickness is larger in the regular army camps than in the militia outfits, according to a report made recently by the medical men of General Bell's staff.

Now Lookout.

When a cold hangs on as often happens, or when you have hardly gotten over one cold before you contract another, lookout for you are liable to contract some very serious disease. This succession of colds weakens the system and lowers the vitality so that you are much more liable to contract chronic catarrh, pneumonia or consumption. Cure your cold while you can. Chamberlain's Cough Remedy has a great reputation. It is relied upon by thousands of people and never disappoints them. Try it. It only costs a quarter. Obtainable everywhere.

STALE WORDS PLEASE SOME

Many Writers Seem to Take Great Delight in Using Threadbare Phrases at Every Opportunity.

There is a style of mind which cannot express itself except in stale and threadbare words and phrases, remarks a writer in the Knickerbocker Press. The more ancient and outworn the language, the better it pleases such folk.

Bromides was the name Gelett Burgess gave to these unhappy fragments of language, overworked until their savor has gone from them.

WALKING FERN GROWS HERE

Is Native of the United States and is Found as Far West as State of Kansas.

The walking fern, some specimens of which have been installed at the Children's Museum of the Brooklyn Institute, is a native of the United States. It is found in certain localities of the eastern states and westward to Kansas, usually growing on moss-covered rocks, or near the bases of cliffs.

The fronds, when fully developed, are from six to twelve or fifteen inches long, their tips reaching down into the moss or crevices of the rocks, where they develop young plants of two or three tiny fronds.

Divorces in Canada.

Canada's divorce court is never entered except by members of the wealthy class—and not frequently by them. Only four to six divorces are granted in Canada annually.

Why She Objected.

"I hear that Florie has broken off her engagement with you, old chap," said one man to another.

The Antidote.

Hulda's mistress often boasts of her readiness of resource.

"And what did you do, Hulda?" I asked, in some anxiety, although trusting that it had been the right thing.

By Compulsion.

"Do you think you will go away for the summer?"

MORE DEATHS IN OCTOBER

There were 2,453 deaths reported to the Department of States as having occurred in the State of Michigan during the month of October, 1916.

By ages, there were 620 deaths of children under one year of age; 214 deaths of children aged one to four years, both inclusive; and 1,988 deaths of elderly persons aged 65 years and over.

As compared with the month immediately preceding an increase is noted in the number of deaths reported from pulmonary, influenza and violence.

FALSE FIGURES ON WHEAT CROP?

New York, Nov. 20.—An assertion that the western farmers underestimated their crops in reports submitted to the federal government, hereby forcing up the price of wheat, potatoes, onions and cabbage, is the latest contribution to the high cost of food investigation here.

Hartigan said his investigation convinced him that the government estimate of the wheat crop in this country this year is based on statistics furnished by the farmers, who "knowing concealed at least 25 per cent of their wheat crops."

FARMER INVENTS DEVICE THAT WILL HOLD COW'S TAIL

Fall River, Wis., Nov. 20.—No longer will bossy be able to take revenge on "the man on the stool," and pester him to desperation with switches of her tail while he is laboriously milking her.

Of Course Paw Knew Little Lemuel—"Paw, what's a lawyer?" Paw—"A lawyer, son, is a sort of an umbrella for use in a brain-storm."

TRY TO BOB GRAVESTONE FROM DESECTED CEMETERY

Stevens Point, Wis., Nov. 20.—bold attempt has been made to steal the gravestone from the grave of H. Harwood in the public cemetery near the Plover river. Residents in the vicinity of the burial ground, which has been deserted for many years, report having seen two men try to load the stone onto a wagon one night.

It is believed they were frightened away before they could complete the "heft". The shaft is a large one of grey granite and considered to be valuable.

A Remedy.

"I am worried about my son. He is developing no qualities that are positive." "Make him a photographer, then he can develop good negatives"

Sufferer From Indigestion Believed

"Before taking Chamberlain's Tablets my husband suffered for several years from indigestion, causing him to have pains in the stomach and distress after eating. Chamberlain's Tablets relieved him of these spells right away," writes Mrs. Thomas Case Geneva, N. Y. Obtainable everywhere

FIVE REASONS WHY THE Morning Press Stands Pre-eminent among The Newspapers of Delta County And The Section of Cloverland Served by It

1. It offers to its readers the news when it is news.
2. It offers more local and district news than any other newspaper in this section.
3. It offers the world's news in concise, interesting essentials.
4. Its news columns are guarded against matter unfit to be read in the home.
5. And finally and primarily because its publishers believe implicitly in the future of Escanaba and Cloverland and accept as a bounden duty the service of giving publicity, in season and out of season to Escanaba and Cloverland's multitudinous advantages.

These are the reasons why THE MORNING PRESS has become The BIG Newspaper of Delta County

Its Past is a History of Achievement; Its Future is Limitless

IF IT'S RIGHT AND FIT TO PRINT YOU'LL SEE IT FIRST IN THE MORNING PRESS

BODY OF GIRL TO BE EXHUMED

Pontiac, Ill., Nov. 20.—Miss Christine Diemer's body will be exhumed in an effort to learn the secret of her death.

Jacob Diemer father of the girl, who with his wife and daughter, Magdalene, are held to the grand jury charged with manslaughter, is not satisfied with the findings of the coroner's jury and has called in a Chicago medical expert whose name is kept secret to make another examination of the body.

Clews to the mystery of the finding of Christine Diemer's body in the Vermillion river, Nov. 8, will be sought in the Winter-lonesome Summer colony of Pontiac, at Rollins Grove, five miles east of the city.

That she was slain by an escaped inmate of the Illinois reformatory, who escaped perhaps to Chicago, in the clothes of the dead girl, is the new theory of State's Attorney Frank A. Ortman's detectives.

Gertrude Robinson, featured in "Concealed Truth" at the Strand Next Friday.

The KITCHEN CABINET

Wealth is no measure. Moreover the value of money depends partly on knowing what to do with it, partly on the manner in which it is acquired.—Sir John Lubbock.

WHOLE SOME RHUBARB.

Though a vegetable, rhubarb is used in every respect as a fruit. It is stimulating, refreshing and acts as a foe to rheumatism and gout; it is also a complexion beautifier. As a medicine its value is well known, for few have escaped a dose of the bitter root. One of the simplest ways to serve rhubarb as a dessert is to place slices of buttered bread in a baking dish, alternating with finely cut rhubarb and sugar with a dash of nutmeg if liked; bake until the rhubarb is soft.

Rhubarb Sponge.—Line a mold with slices of sponge cake, fill the mold with stewed rhubarb, not too moist; cover the top with slices of cake and cover with a plate with a weight for a few hours, when the juice of the rhubarb will all be absorbed. Turn out very carefully and serve with a custard.

Rhubarb Jelly.—Wash and cut into short lengths one pound of rhubarb. Stew until tender with six heaping tablespoonfuls of sugar and the thinly pared rind of half a lemon. Rub through a sieve, add three heaping tablespoonfuls of gelatin, dissolved in one cupful of boiling water, a few drops of red coloring, mix well and pour into a mold. Turn out when firm and serve with sweetened whipped cream. The red color will not be necessary to add if the rhubarb has a pink skin. Leave that on while it is cooking.

Rhubarb Ice Cream.—Put a quart of rhubarb into a saucepan with one cupful of water and six tablespoonfuls of sugar or more as it seems best; allow it to cook until the rhubarb is tender, then rub through a sieve. Add one tablespoonful of ginger extract and a little red coloring, mix with a pint of whipped and sweetened cream, or a custard may be added instead of the cream. Freeze as usual.

Rhubarb Compote.—Wash and cut the stalks into five-inch lengths. Make a rich syrup of sugar and when boiling drop in the rhubarb; cook until tender, then remove carefully to a glass dish and pour the syrup over. Each length should be unbroken. Serve cold with lady fingers and cream.

Nellie Maxwell The KITCHEN CABINET

In all human affairs there are efforts, and there are results and the strength of the effort is the measure of the result.—James Allen.

Resolve to be thyself, and know that he who finds himself, loses his misery.—Matthew Arnold.

SPECIAL DISHES FOR INVALIDS.

When beef tea is needed in a hurry broil a slice of roundsteak for a minute on each side,

lay on a deep plate and score very closely, cutting half way through. Turn and score on the other side at right angles. Pour over hot water to half cover the meat and set in a warm place and turn the meat often, press in with a fork until it begins to look white. Squeeze the meat dry in a meat press and salt to taste. Serve either hot or cold. If reheated take great care not to coagulate the albumen.

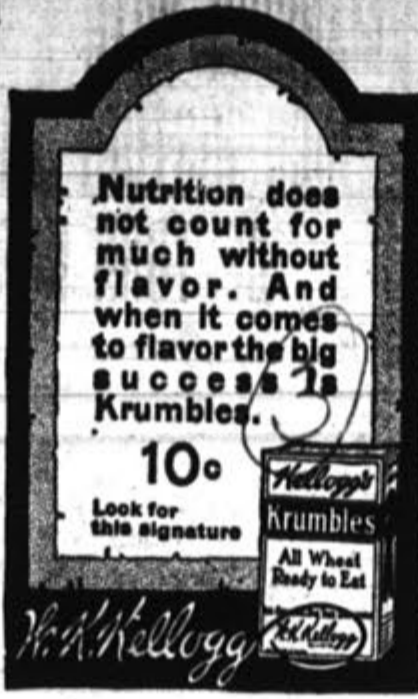

Bread Gruel.—Simmer a cupful of bread crumbs in a pint of water until all absorbed. Rub through a strainer, season lightly with salt and serve hot or cold. For variety brown the crumbs first, and flavor with beef essence or reduce the water to one cupful and add one-half a cupful of cream.

Farina Porridge.—Take two tablespoonfuls of farina, one-fourth of a teaspoonful of salt, a cupful of boiling water and a cupful of milk. Sift the farina into the boiling, salted water and cook till it thickens; then add the milk, beating smooth, and cook in a double boiler 15 minutes.

Koumiss.—Dissolve half a yeast cake in half a cupful of tepid water, mix it with a quart of milk, as fresh as possible; add a tablespoonful of sugar, and when well mixed put in bottles and tie the corks in with stout cords. Let stand 12 hours at a temperature of 75 degrees, then place on ice or turn the bottles upside down until wanted. A champagne tap is convenient to draw the koumiss, but if care is used when opening the bottle, enough may be saved to refresh the patient after decorating the walls and furniture, not to mention your self. Do not make more than enough to last two or three days.

Norwegian Rice.—Cook rice tender; then reheat in well-seasoned chicken stock. Put on a platter; sprinkle with chopped chicken liver, scrambled eggs and grated cheese.

Nellie Maxwell

WHAT DID YOU DO WITH THAT \$5 YOU FOUND?

Madison, Wis., Nov. 20.—Remember that \$5 bill you found recently? No question about that; such things are not easily forgotten.

But you don't remember putting an ad in the paper, or posting a notice, or anything like that, do you?

Such things are futile any way, you said, as you tucked it into your purse, and thought how that would just pay for those new shoes Jimmie and Susie needed.

Listen to this, guilty ones, and every time that you look at what your ill-gotten gains have bought you, blush. For you have been guilty of a criminal offense every time you neglect to find the owner. Not that the law in regard to lost money and goods is a new one; it's simply one that is never worn out by use.

Section 1614-1618 of the laws of Wisconsin say among other things: "If any person shall find any money of the value of \$3 or more and if the owner thereof be unknown after finding such money or goods, give notice thereof in writing to the town clerk of the town in which such property was found and shall also, within said five days, cause a notice thereof, to be posted up in two public places in the same town.

"If any finder of lost money or goods of the value of \$3 or upward shall neglect to give notice of the same and otherwise comply with the provisions of this chapter he shall be liable for the full value of such money or goods, one-half to the other half to the use of the town and the other half to the person who shall sue him for the same, and shall also be responsible to the owner for such lost money or goods.

MISS HELEN KELLER TO WED SECRETARY

Boston, Mass., Nov. 20.—Helen Keeler, blind and deaf and dumb till she was taught to speak, is to be married soon, it was learned here on Saturday.

Peter Fagan, her secretary, a former Boston newspaper man, applied at city hall here ten days ago for a license to wed Miss Keller, according to City Registrar Edward M. McGlennen.

The application was denied because Fagan insisted on an absolute secrecy until the marriage became a fact.

The report was denied by Fagan himself, who declared the rumor to be "the wildest thing I've heard of in a long time."

But acquaintances said the only reason for secrecy was the opposition to the match offered by Mrs. John Macy, the woman who has been Miss Keeler's teacher since early girlhood.

John Larson of Cornell, has returned to his home following a brief business visit in this city.

Miss Adeline Barstow returned Monday morning to her home in Green Bay, following a short visit with Escanaba friends.

Mrs. E. J. Bergman of Bark River spent Monday in this city shopping.

Mrs. A. Grenier, of Perronville, was a business caller in this city Monday.

SIX AMERICANS SLAIN IN PARRAL

El Paso, Tex., Nov. 20.—U. S. government agents here today received a report that all foreigners remaining in Parral, exclusive of five who are known to have left for Culican, have been killed by Villa bandits. Those reported killed include at least six Americans, all the Germans residents of Parral, numbering approximately eight, together with their families, all Chinese, Arabs and Hebrews.

A Chinese refugee arriving in Juarez brought a report from Jiminez, Chihuahua, that a brother of Theodore Hoemuller, at Jimines, has received confirmation of the killing of Hoemuller, a German subject, and his family, in Parral. The refugee added that the general belief in Jimines was that Edgar Kock, general German consular agent in Parral, has been killed at Santa Rosalia.

LAKE ERIE GIVES UP TWO VICTIMS OF GALE, OCT. 20.

Detroit, Mich., Nov. 20.—Two bodies, supposed to be those of members of the crew of the steamer, D. L. Filler, which foundered in Lake Erie in the storm of Oct. 20, have come ashore on the Canadian side, according to word received here. Neither has been identified. Six lives were lost when the vessel foundered.

BRITAIN RAISES BIG SUM TO FINANCE ITS WAR CHARITIES

London, Nov. 18.—Estimates completed for the first two years of the war show that the enormous sum of \$250,000,000 has been raised in the British empire for charities growing out of the world conflict.

TALKS ON THRIFT OUR CRIMINAL WASTE OF FOOD

When a calamity such as the San Francisco earthquake, the Dayton flood or the sinking of the Titanic occurs, the world stands aghast at the frightful waste of life and property, as measured in dollars and cents, and the whole world pay the penalty.

as Doctor Wiley, estimates that at least one-quarter of this is wasted. And this is entirely possible. Notice as you dine at restaurants how much untouched food goes back to the kitchen—not to feed some poorer mortal but to go out in the garbage.
