

# GERMAN TROOPS ABANDON COAL CITY

## SIX GREAT BASES NOW OBJECTIVES

Allies Drive On for Laon, LaFere, St. Quentin, Cambrai and Denain, While Germans Retreat.

## 150 MILE BATTLE LINE

London, Sept. 3.—Stunned by the caving in of the Wotan-Switch line which was the Gibraltar of the whole western defensive of the Germans, the enemy is retiring in haste—at some points in confusion—along the whole 65-mile front between Ypres and the Canal du Nord near Peronne. Only here and there are Prussian rear guards standing, preferring death to surrender.

The Paris war office was able to announce tonight that French infantry had crossed the Somme at Epancour, half way between Peronne and Nesle. Further south the French have gained a footing in the village of Jenvry, 2 miles north of Nesle.

The Germans have abandoned Lens, once the gem of France's "rock belt"—the ruins of that coal city still reek with gas. The British are marking time on the west outskirts until the fumes lift before they occupy it.

Quent, the hinge of the Switch line, is in British hands.

In Flanders, British troops are in Wulveghem, near the Messines ridge, 10 miles west of Cambrai. At Bourbourg, two miles from Cambrai, the British have captured the first German machine gun.

At Peronne, the British have captured the first German machine gun.

At LaFere, the British have captured the first German machine gun.

## PHILIP APPEARS TO BE WISCONSIN WINNER

Milwaukee, Sept. 3.—Scattered returns from the Wisconsin primary early tonight indicate that Governor Phillip is renominated. Roy Wilcox of Eau Claire is running a close second. J. Tittmore, the Farmers' & Labor Congress nominee is showing strength in the eastern counties. There is no Democratic opposition to Harry A. Meelempah and Emil Sidel is unopposed as Socialist standard bearer.

## Blackwell Is Still Waiting For Summons

Recruiting Officer Ira W. Blackwell is still awaiting a telegram which will call him to headquarters for assignment to some branch of the service, other than "evangelistic" work.

Informed last week that such a step would follow in the near future, he packed all equipment for shipment to Chicago and prepared for the receipt of orders which will take him with it. They had not arrived last night. The recruiting office here, however, is definitely closed—probably for all time.

To while away the hours since he was relieved from duty Blackwell attempted a circus stunt with a Ford roadster Friday, on the Ford River road, and narrowly escaped with his name still off the "casualty rolls." The machine rolled over a couple of times, finishing in a ditch with the youthful recruiter still at the wheel and the car but little damaged.

## WILSON WILL PAY A HEAVY INCOME TAX

No Pocketbook Will Escape the New \$8,000,000,000 Revenue Bill Under Consideration by the House.

## REPORTED YESTERDAY

Washington, Sept. 3.—President Wilson's income tax on his salary of \$75,000 per year will be \$24,396, under the new revenue bill reported by the house ways and means committee today. All Federal and Municipal officers who heretofore have been exempt, will pay a portion of their salaries to the government under the new bill.

Washington, Sept. 3.—The revenue bill, which is officially estimated will produce \$8,182,792,000 in the twelve months following its passage, was introduced in the house by Chairman Kitchin of the ways and means committee today.

The consideration of the measure will commence in the house on Friday, and will continue until Saturday of next week when Mr. Kitchin expects to obtain the final vote.

No opposition of any consequence is expected to be made to the bill but several members of the committee are expected to be present on Friday.

## Announcement

To make the Morning Press, as a newspaper, worthy of the city of Escanaba, and a true reflector of the importance of the metropolis of Cloverland, is the aim of a group of business men of Escanaba who have purchased the Escanaba Morning Press Company.

The newly elected officers of the Escanaba Morning Press Company are:

President—J. C. Kirkpatrick.  
First vice president—M. K. Bisel.

Second vice president—M. Perron.  
Secretary and treasurer—William Bonifas.

The directors of the company are: J. C. Kirkpatrick, M. K. Bisel, M. Perron, William Bonifas, Judge Judd Yelland and John P. Norton.

John P. Norton will serve as editor and general manager, with Walter H. Holreth, for the past five years superintendent of the mechanical department of the Press, as business manager.

Under the new management, the Morning Press will be staunchly Republican in its politics.

The Morning Press, will more than ever before, be dedicated to the upbuilding and the welfare of the city of Escanaba and the surrounding district of the peninsula.

New equipment either now being installed in the office of the Press or in the course of transportation from the manufacturers, will enable the Press to take its stand as the equal of any newspaper published in the peninsula, an aim which will be accomplished on or about the 15th of September.

## FIRST 1918 MEN CALLED FOR SERVICE

Delta County Men Registered on June Left Last Night for Camp Custer—First from New Draft.

## ARE GIVEN OVATION

The first delegation of Class One of 1918 registrants from Delta county went to the colors last night.

It was the first call made in this county upon the young men who registered on June 5, and which class it is expected will be entirely exhausted by the end of this month.

There was but one absentee when the men summoned reported at the court house yesterday morning and John Seymour, motorcycle speed demon, was named as military police in charge of the party enroute for Camp Custer. Eight of the men included in the original call were excused as either having claims for deferred classification pending before the district board or now being enlisted with the Emergency Fleet.

The usual patriotic demonstration marked the leaving of last night's delegation at the Northwestern station. Members of Company F, Michigan State Troops, and other organizations were on hand to lend a military air to the demonstration.

Last night's crowd packed about the station was typical of that which will be seen in the city for the next few days. God-speed to all the young men who are going to the colors.

Members of the city council last night took active steps to provide for the opening of a street to the plant of the Birdseye-Veneer company. The plant has been established in this city for several years and repeated movements in the past to open a street to the plant have failed.

The city clerk was authorized last night to advertise for bids for grading, ditching and providing a bridge to the road from the western end of Ludington street to the plant.

The estimated cost of the work as fixed by the city engineer is \$1700. The council also last night ordered a bill of \$103 incurred in repairing the road leading to the plant of the Escanaba Potash company.

## MANY AUTOISTS DEFIED REQUEST OF GOVERNMENT

According to a statement issued last night by County Fuel Administrator W. J. Clark, over 200 automobile owners in Delta county defied the government's request not to operate their cars on Sunday.

Announcement was also made yesterday that a list of the violators is being prepared for publication by the county fuel board, it being expected that the list will be in readiness for submission to the newspapers today.

## Birdseye Plant Will Get Road; Council Decision

Members of the city council last night took active steps to provide for the opening of a street to the plant of the Birdseye-Veneer company. The plant has been established in this city for several years and repeated movements in the past to open a street to the plant have failed.

The city clerk was authorized last night to advertise for bids for grading, ditching and providing a bridge to the road from the western end of Ludington street to the plant.

The estimated cost of the work as fixed by the city engineer is \$1700.

The council also last night ordered a bill of \$103 incurred in repairing the road leading to the plant of the Escanaba Potash company.

## LIEUTENANT OLSON IS HERE FOR A DAY

Lieut. Clarence W. Olson of the medical corps was a visitor in the city with his parents, Mr. and Mrs. Peter Olson, Monday. He was on his way to New York where he will join the 326th Field Artillery for foreign service.

Lieut. Olson holds the distinction of being one of the youngest medical officers in the service. He is but 21 years of age. He was in the service for two months at Camp Sherman.

## GREAT CROWD CELEBRATES THE HOLIDAY

Thousands Filled South Park to Join Toller's in Observance of Labor Day Monday.

## EXCELLENT PROGRAM

It was a record breaking Labor Day Monday, from every angle.

The crowd was a record-breaker; the program was a record-breaker; the management—the Trades & Labor Council—established a new mark for providing "something every minute," and no crowd in Escanaba ever enjoyed an event so thoroughly.

Thousands of people visited South Park in the afternoon and evening. They were looking for holiday entertainment. They found it.

The whole program showed careful planning and was executed without confusion and "on the dot."

The Speeches.

In a brief but earnest and eloquent address of welcome, Mayor C. M. Cuthbert extended the best wishes of the city administration to the workers. It was one of those convincing sort of speeches that left no doubt in the mind of anyone.

J. C. Baker gave the address of the day. His number was one of the big ones—a "high spot" on the program.

Drammed full of patriotic sentiment and delivered in a straight-from-the-shoulder fashion, it left a deep impression on all who heard it.

Labor's work for the winning of the war and the part that labor will continue to play in the overthrow of German autocracy was the theme.

"The depth of the American army is from No-Man's Land to San Francisco."

Now comes the report the Hindenburg line has "busted." The Rhine line is next.

When a man has to go to great lengths to defend his loyalty, it's a pretty sure sign there's something about that supposed quality that needs fixing.

Judging from appearances on Sunday, there are some car owners in Escanaba and Delta county whose ideas concerning the importance of a government REQUEST, need a jolt.

America took a day off on Labor Day, just to show the kaiser that the matter of kicking the Hun is a little job Uncle Sam can accomplish without foregoing any of his usual res periods.

It now begins to look as the stead of being in Paris for any old Christmas, such Huns as remain will be in such homes as they may have left in Germany for many Christmas of the future. Sort of sticking to their own firesides, as 'twere.

There's more than one thing pleasing about this allied advance. Among

**Cure for Dysentery**

"While I was in Ashland, Kansas, a gentleman overbear me speaking of Chamberlain's Colic and Diarrhoea Remedy," writes William Whitelaw, of Des Moines, Iowa. "He told me in detail or what it had done for his family, but more especially his daughter who was lying at a point of death with a violent attack of dysentery, and had been given up by the family physician. Some of his neighbors advised him to give Chamberlain's Colic and Diarrhoea Remedy, which he did and fully believes that by so doing so saved the life of his child. He stated that he had also used this remedy himself with equally gratifying results."

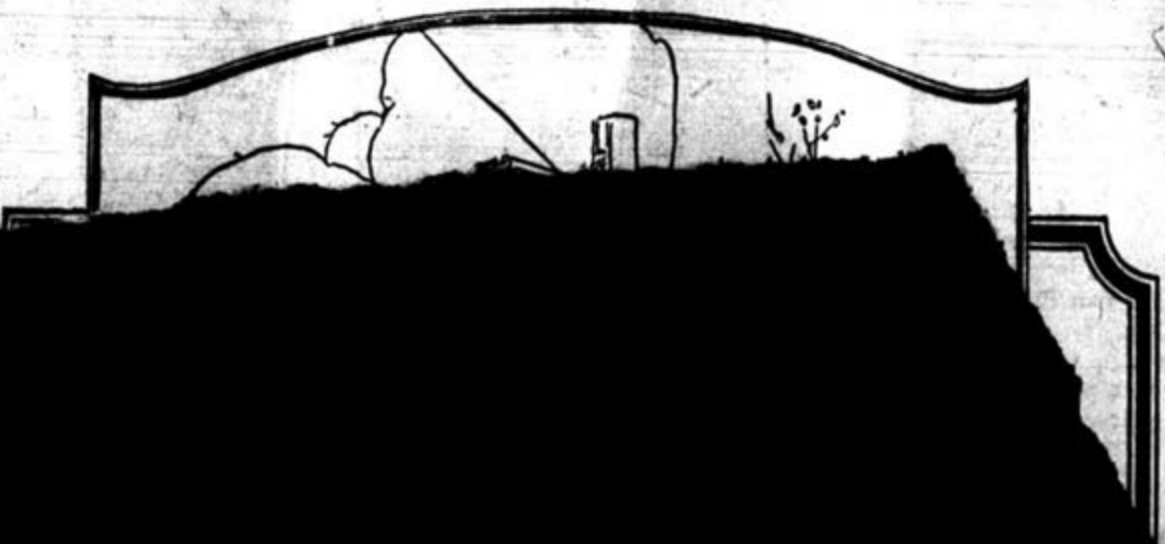

**A Sugarless Recipe**

Proven by An Escanaba Housewife and Furnished Morning Press by County Home Economic Head.

- 2 tablespoons butter substitute.
- 3-4 cup barley flour.
- 2 teaspoons baking powder.
- 1-4 cup milk.
- 1-2 cup corn syrup
- 1 egg.
- Beat egg, add melted butter, milk and flour, sifted with baking powder. Beat all thoroughly. Bake 25 minutes in moderate oven.

## Boys' Real Good School Suits

Suits That'll Stand Hard Wear

Featured here in very complete assortments. Don't want you to think we are harping "Buy Now and Buy Early" slogan from a selfish point, not by any means, it's because we are aware of what will happen in a few months hence. Don't class us as alarmists—we are not. For your own good we preach this "Buy Early" gospel because we know if you heed our advice you'll save money.

DELAY IN BUYING BOYS' SUITS WILL PROVE VERY EXPENSIVE.

FOR BOYS 8 TO 8 WE FEATURE SUITS AT

**3.95 to 6.95**

FOR BOYS 9 TO 18 WE FEATURE SUITS AT

**6.95 to 13.45**

Last week's dollar was bigger than this week's. Both dollars look the same, but they don't buy the same.

In ordinary times a dollar kept was a dollar saved. In war time a dollar kept is part of a dollar lost. If it is wisely spent today it is worth MORE than a dollar tomorrow.

The best way to "think-proof" your dollar now—this week—is to invest it in staple merchandise you need.

### Headlight Overalls

Have received another delayed back order of these well known union made overalls and jockets. Every man in Escanaba knows what they are and what they are worth. **2.19** Special, each

## Reading Our Ads

Not Once in a While BUT DAILY—WILL SAVE YOU MONEY A Great Deal of Money

Our ads daily present sales of desirable, reasonable merchandise at price not prevailing regularly in this war time market. Prices in every instance below those quoted elsewhere for same quality of goods. Items listed in our ads often afford opportunity to buy at prices as low as sales prices a year or two ago. This results from anticipating and correctly forecasting the trend of the markets and buying outright or by contract, when prices were 10 to 50% lower than now. We are thus able to offer many things at prices which save patrons all or a large part of the market increases of many months. Some of these opportunities are almost unbelievable, and would, in fact, be impossible except through our early buying.

BUY NOW AND SAVE

When Men's Women's and Children's Clothes, Shoes, Dress material, Domestic, Beddings, Household Goods, etc., now on hand are sold out they cannot be replaced, except at today's market.

SAVE MONEY ON GROCERIES

Today, tomorrow and always, it will be the same here—always Escanaba's lowest prices—for good dependable groceries. Watch our ads daily—compare our prices with those you are paying elsewhere—they'll prove to you in no uncertain way that you can always do better here.

### Men's Shop Caps

ARTHUR MAYOU,  
City Treasurer.

## Inauguration Sets Fast Mark In Races

Inauguration, Joseph Hirn's prize trotter, had the horse racing fans on their toes during the racing program at Manitowoc last week. The Escanaba horse took first in the 2:30 trot on Wednesday and came back Friday and grabbed second money in the 2:24 trot.

Inauguration was the victim of a streak of hard luck that robbed him of first place in the latter race. In the first heat he pulled a shoe; in the second heat he pulled a boot and lost another shoe in the final heat. In spite of the handicap the Escanaba horse finished a strong second in each of the heats.

Northern Direct, also owned by Mr. Hirn, has been shipped home, and will be started in the 2:30 pace in the Northern State Fair racing program here.

## Wheat Growers May Now Hold Year's Supply

County Food Administrator, B. P. Pattison yesterday issued the following statement concerning the wheat crop and the portion of it that may be retained by the one who produces it:

"Beginning September 1st, under the rules of the Food Administration, a farmer may take such quantity of his home grown wheat as he may desire to the grist mill and have the same ground, and take the flour home with him so long as he does not take a supply greater than is necessary for his own family use for one year.

"This privilege, of course, carries with it on the part of the farmer, obligation to purchase, or have ground from his own grain, the required wheat flour substitutes in the ratio of one pound of substitute for four of wheat flour.

Ample provision is thus made to relieve the farmers far removed from mills from any burden, without of course relieving them of the obligation that rests upon every good citizen, viz: the use of substitutes and aiding in conserving wheat flour.

"In case of the use of rye flour as a substitute, it is to be used on the basis of two pounds of rye to three pounds of wheat flour."

## Forecaster Says A Frost--Maybe

The United States weather forecaster at Washington, in his report to the local office yesterday, stated that some portions of the country might be visited by a light frost early this morning. Whether Escanaba will be in its path remains to be seen and it was not considered probable by Observer Spindler last night.

There were freezing temperatures in some portions of Canada yesterday.

### CLEARY WINS CUP.

Lawrence J. "Woodrow" Cleary was the winner of the beautiful loving cup donated for the tournament by F. B. Houston, president of the Escanaba Golf Club. His scores were 45-46-47-46. Forty-three golfers entered the tournament, which was a 36 hole medal handicap.

E. K. Cleary shot low gross making 197, for 36 holes. Driscoll and Boyce finished second with low gross scores of 180.

Lawrence Cleary played a beautiful game. The last round he shot 46, during which time it rained briskly. Harry Bourke, a beginner at the game, also finished in the rain and had a good chance for the trophy until hard luck hit him from all directions.

The course was crowded all day over 100 caddies being employed. A few improvements are being made by Mr. Mashek, chairman of the greens committee. Bunkers are being made at the baby seventh holes.

Mrs. Mashek and Miss Letta Norton have reached the finals in the ladies' championship and will meet next Saturday for the final clash.

### DIES AT ADRIAN.

Mrs. J. M. Kerridge, wife of a former local Methodist minister, died last week at Adrian, Mich., according to word received by old friends of the family here. Funeral services were held in that city Friday afternoon.

### Thought One Clean Shirt All He Needed

"Ten years ago I was reduced to a mere shadow. I was yellow as a gold piece and would often be doubled up with most excruciating pains in my stomach. Physicians could only relieve me with morphine. I was advised to try May's Wonderful Remedy and it helped me at once. What is more, I have been well every since. A friend said he thought one more clean shirt all I could ever wear." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

**HEMLOCK The plans of THIS HOUSE FOR 2c**

It's a pretty "Old Faithful" Hemlock Residence—the 2c stamp on your letter is the total cost of the plans. Write "The Hemlock Manufacturers," Oshkosh, Wis., and they will promptly send you a free book containing pictures and a plan coupon, and telling about "Old Faithful" HEMLOCK—the sensible and economical lumber for general use. We have several other books, each showing pictures and small plans of farm houses, town houses, bungalows, garages, outbuildings, home-made silos, or almost any building you can ask for. They are all free.

In each book is a coupon good for a set of FREE WORKING PLANS (no cost or obligation) with complete specifications, prepared by the most practical architects.

Take the coupon to your local lumber dealer, who will hand you the plans with his compliments and ours.

We spread the good news about "Old Faithful" HEMLOCK but we do not sell it. Get it from your LOCAL LUMBER DEALER.
