HOME RULE OF UTILITIES MAY BE WIPED OUT

Exclusive Control and Right to Fix Rates in State Asked in Bill

Lansing, Mich., Feb. 27.—Abolishment of all "home rule power" over public utilities and the Michigan railway commission are provided for in a bill introduced in the house by Representative Dafos, of Alpena.

The measure would give exclusive control over all public utilities and the exclusive right to fix and determine rates to be charged by such corporations to a committee of five, to be appointed by the governor for five years, the appointments to be confirmed by the senate.

Salaries to be \$2,000. Salaries of \$5,000 a year are provided for the members, \$3,000 for a secretary and \$2,500 for a chief clerk. This commission, if the bill becomes a law, is to be known as the public service commission of Michigan.

Local control of all public utilities within corporate limits will be placed in the hands of the legislative body, usually the council of cities. If a bill goes to be introduced passes.

Senator Henry, of Battle Creek, has been chosen to introduce the bill, and he may present it early next week. It is said to be intended as the basis of an agreement on diametrically opposed views on the question of control of public utilities.

Budget is Recommended. Amended so as to give the budget commission wider and more generous powers, the house committee on state affairs recommended the adoption of the bill introduced by Senator Beland, of Jackson, to create a budget commission for the state.

The amendments were adopted without discussion. The bill now goes on general order and should reach consideration by the committee of the whole in a few days, probably by the first of next week.

Suitable Instruction and Vocational Training for adult blind persons in their respective homes and communities is provided for in a bill introduced by Senator Watkins, of Grand Rapids.

Instruction for the Blind. Senator Watkins' bill authorizes the superintendent of public instruction to afford such instruction for adult blind persons with a view to meeting their educational needs and enabling them to contribute to their own support.

He is also given authority to employ teachers and other assistants and fix their compensation. This work is to be done in co-operation with the Michigan Association of Workers for the Blind, incorporated in 1916. An appropriation of \$12,000 is provided to meet the expense of this educational work.

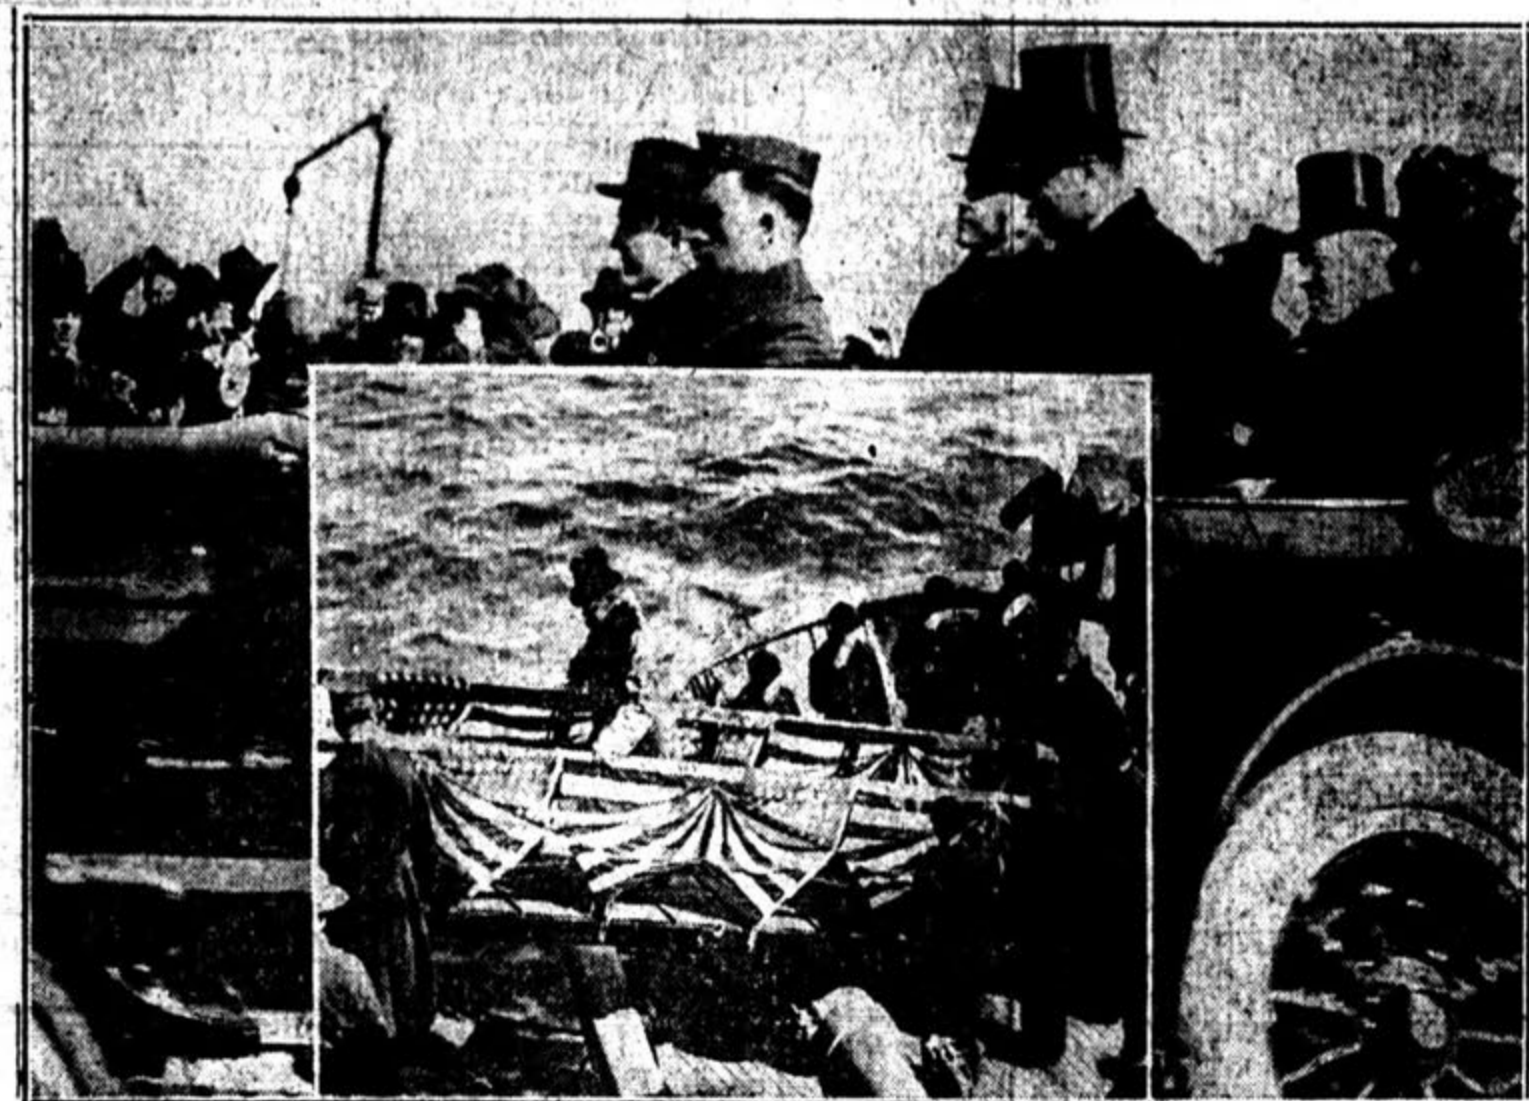

Clemenceau Attends Peace Conference

Paris, Feb. 27.—A gasp of amazement went up in the peace conference chamber at the Quai d'Orsay today when the door suddenly opened and in walked, quite erect and unassisted, though very pale, Premier Clemenceau. The delegates jumped up from their chairs and crowded around him, heartily congratulating him on his miraculous recovery. He stayed a little while, taking active part in the deliberations, and then made his adieu, walking out again unassisted, politely but firmly declining the many attempts to aid him.

Premier Hopes for Early Settlement

London, Feb. 27.—"I am hopeful that within the next few weeks the preliminaries of peace will have been signed," said Premier Lloyd George today.

ARRIVAL OF CHIEF EXECUTIVE AT BOSTON

ACCLAIMING THE PRESIDENT ON LAND AND SEA—President Wilson in his automobile cheered by the crowds of Boston. With him are Mrs. Wilson and Secretary Daniels. Insert, the salute of the bluejackets as the President was about to land. (C) Underwood and Underwood.

DINING CHEF IS HELD IN BOOZE SALE CONSPIRACY

Chicago, Feb. 27.—Following the arrest of Harry A. Rees, chef on the Olympian express between Chicago and Seattle on a charge of violating the Reed bone dry amendment, federal agents said they had evidence of a gigantic conspiracy to defeat statewide prohibition laws. Rees was arrested at his home here and held to action of the grand jury under bonds aggregating \$2,500.

Rees, according to the government agents, has been buying whiskey in large quantities in Chicago and transporting it in his dining cars to Seattle, Tacoma and other dry coast cities, where it is sold at a large premium.

Indiana and Michigan have been invaded, it is said, by the alleged conspirators and their accomplices, 556 persons having been indicted in Lake county alone for violating the Reed law.

Punishment for the offense is a \$500 fine, six months imprisonment, or both. Many find smuggling so profitable, it is said, they are willing to pay fines and serve short sentences.

Murdered Woman's Body to be Moved

Muskegon, Mich., Feb. 27.—The willow basket containing the body of Miss Freda Weichmann will again be removed from the grave in the potter's field to Woodlawn cemetery and buried beside that of her father, August Lucklow.

Paul Raupant, brother of Miss Weichmann, today wrote the chief of police asking that he aid in making the arrangements for the removal of the body.

Miss Weichmann figured in the gypsy honeymoon with Milo H. Piper, who was arrested for her murder, and later hung himself in the county jail while waiting trial.

John Reed Cleared of Rioting Charge

Philadelphia, Feb. 27.—A disorderly demonstration occurred here tonight when a jury in criminal court, after short deliberation, returned a verdict of "not guilty" against John Reed, magazine writer, soap box orator and advocate of the doctrines of Lenin and Trotsky.

A heavy police guard had been placed in the corridors of the city hall as a result of threats made by persons in attendance at the trial, and prevented serious trouble.

Many Socialists and Bolsheviks were in court when the verdict was returned. Reed was charged with "inciting to riot."

INVITE TAFT TO JOIN PRESIDENT

New York Speech Tuesday to be Wilson's Only One on Federation.

Washington, Feb. 27.—President Wilson will speak in New York Tuesday night, the eve of his departure for overseas to resume his place at the peace table. Former President Taft will probably speak from the same platform.

Announcement from the president that he had accepted an invitation from Governor Smith, of New York, to address a public meeting in New York, was made at the White House today.

Taft Also a Speaker. The invitation indicated that those in charge of the meeting desired that former President Taft also be present and that the president quickly asked that Mr. Taft be urged to speak also.

It is known that the president welcomes the opportunity to speak from the same platform as his predecessor on the subject of the league of nations, which Mr. Taft has been advocating throughout the country, even at the price of denunciation of his former political friends.

Only Talk on League. The New York speech will be the president's only public utterance on the subject, excepting his Boston address, as he will not address congress and the speech at the conference of governors and mayors at the White House Monday morning will be on the reconstruction problem confronting the country. Any reference to the league of nations plan in that address, if any is made, will be incidental.

Keeps Up Smart Pace. The president kept up his smart pace today, devoting the morning to work at his desk, sending additional nominations to the senate, signing legislation bills and attending to his mail.

New Flu Serum Now Used in Australia

Melbourne, Feb. 27.—A new serum has been found here which arrests the progress of Spanish influenza, according to an official report issued by medical authorities. The serum has proved of considerable value in reducing the number of deaths from the disease, it is said. The effectiveness of inoculation continues for two months.

WOMAN RECALLS EVENTS ON DAY OF NUN'S DEATH

Milwaukee, Wis., Feb. 27.—Mrs. Mary Flees, who when aged 17 was living with her mother in the Michigan parish house where Traverse City authorities believe a Sister Superior of an adjoining convent was murdered, today told the police that she will testify as to facts recollected on the day of the murder.

Her mother, Mrs. Stanislaw Lipcynska, now under arrest, declared her daughter was with her at Sandore, Mich., the day the murder was said to have been committed.

Daughter Gives Statement

The daughter in Milwaukee made a sworn statement to the police, saying that she did not see her mother from 1 to 4 o'clock p. m. the day of the murder, and Sheriff Kinnucan of Michigan, says she has given him the evidence he needs to clear up the case.

To newspaper men Mrs. Flees says she declares that if her mother is guilty she hopes she will be punished and suffer in this world to save her soul in the next.

Chicago, Feb. 27.—Investigation into the disappearance and supposed slaying of Sister Superior Mary Johns formerly Miss Josephine Medek of Chicago, who vanished eleven years ago while a nun in a convent near Traverse City, Mich., entered in this city today with the arrival late today of Sheriff Kinnucan, of Leelanau county, Mich.

Sheriff Seeks Letters. The supposed body of the nun was dug up from the basement of the leaded church, connected with the convent, of which Father Andrew Beinowski, was pastor, and reburied in the cemetery. A rosary and the remains of her robes were the only means of identification.

Sheriff Kinnucan is here to obtain four letters which, it is said, may shed light on the mystery. The letters are held by Fred Medek, a brother of the nun. He and another brother in Chicago received the letters from Father Beinowski, and Sister M. Nepomucene not long after the nun disappeared.

Two Die When Home for the Aged Burns

Fond du Lac, Wis., Feb. 27.—Two persons were killed and many injured tonight when the Catholic home for aged was destroyed by fire.

Mary Weisard, aged 80, was suffocated in her room, also John Matthews, aged 70, orphee.

Mary Bims, aged 78, was fatally hurt by a fall from a fire escape. Sister Patricia suffered a broken arm while rescuing an aged man.

17 MILLIONS IS THE WAR'S TOLL

Central Powers Lost Greatest Number Dead—Millions Massacred.

London, Feb. 27.—The total number of deaths caused by the war reached the almost incomprehensible figure of 17,500,000, according to a complete summary of the world's casualties compiled by a Manchester paper. This number does not include many deaths attributable indirectly to the war, but includes a mortality of 4,000,000 from pneumonia and influenza due to war conditions.

Enemy Losses Greatest. The total allied losses were 5,500,000 excluding a large number of French civilian dead. The total deaths suffered by the central powers are placed at little more than half the allied figures, or something over 2,500,000 additional.

The British empire and India lost 838,824 lives including victims of air raids. The figures for other individual nations are virtually the same as previously published. The article sets for the following interesting fact not commonly known:

Disease Toll is Large. Italy lost 300,000 from disease in the war zone, or three fifths as many as were killed in action. It is estimated that 4,000,000 Armenians, Syrians, Greeks and Jews were massacred by the Turks. One million Serbian civilians died through massacre, hunger or disease. German submarines killed some 7,500 neutrals.

Policeman's Slayer to Gallows Today

Chicago, Feb. 27.—For slaying a policeman who attempted to arrest him for robbery, Albert Johnson is to hang tomorrow morning. Every attempt to save Johnson from execution failed, the final action in his behalf being an attempt to have him declared insane.

Corporations Given Extra 60-days Time

Washington, Feb. 27.—An exemption of 60 days to May 15 to corporations for filing income tax returns was announced by the treasury department today. All returns not the basis for tax assessments are affected by the extension.

First Count Decides the Speakership

Washington, Feb. 27.—Representative Frederick H. Gillett, of Massachusetts, was nominated for the speaker of the house in the 66th congress at a Republican caucus tonight.

He defeated Representative James R. Mann, of Illinois, and Philip Campbell, of Kansas, on the first ballot.

The official vote was Gillett, 133; Mann, 69; Campbell, 13. Four votes were cast for Representative Tesch, of Wisconsin, an one for Mendell of Wyoming. On motion of Representative Mann the nomination of Representative Gillett was later made unanimous by acclamation after the test vote had been made.

Republicans Have Majority. Nomination is equivalent to election as the Republicans have a majority of 45 over the Democrats in the new house.

Representative Gillett when apprised of his nomination, made the following statement:

"I have reached the goal of my ambition—the happiness which I suppose comes to few men. I feel the deepest gratitude to my generous supporters but I have no hard feeling against anyone. My mission now will be to establish harmonious co-operation among all Republicans that we may cope successfully with the problems of the coming session."

Representative Gillett made a speech of acceptance and was given an ovation.

Page is Named Clerk. W. Tyler Page, of Maryland, was nominated for clerk of the house by unanimous vote.

Joseph Rogers, of Pennsylvania, was nominated for sergeant at arms. The last day before the caucus was marked by one conference after another. Each of the candidates was busy making the final holes in his fences and getting everything and everybody lined up for the struggle.

If neither of the candidates had a majority at the first count, a deadlock would have developed, which would have carried the conference far into the night.

JOINT DEFENSE ON PHONE RATES IS FORMULATED

Plans for a meeting of representatives of all counties of the upper peninsula in Escanaba, either Saturday or Monday for a joint defense against the increased telephone rates were formulated last night at a meeting of representatives of this city. Gladstone and neighboring towns at the Delta hotel.

The representatives here last night included R. E. MacLean, of Wells, chairman of the board of supervisors; T. E. Strom, prosecuting attorney, and T. E. Strom, prosecuting attorney and representative of the county at the Lansing session recently.

It is expected that at least six counties — Menominee, Dickinson, Marquette, Iron, Houghton and Delta — will have a representation here.

FLOORING MILL IS CLOSED FOR ABOUT 90 DAYS

The flooring mill of the I. Stephenson company at Wells has been closed and will not be reopened for a period of from 60 to 90 days. It was announced yesterday.

The annual repairs will be made in the mill during the time it is shut down. A number of alterations also may be made in the mill.

Oppose Passing of Mineral Lands Bill

Washington, Feb. 27.—Eleventh hour opposition from Secretary of Navy Daniels to the mineral lands leasing bill was brought to the attention of the senate today.

It is likely to defeat the conference report on the bill to open up to settlement the oil, coal and phosphate claims, and block all attempts to obtain legislation on the subject at this session.

The conference report was adopted by the house today and is now pending in the senate.

AMENDMENT IS NOT NECESSARY TELLS WILSON

President Determined That Constitution of League Remain Intact.

Washington, Feb. 27.—President Wilson is determined that the constitution of the league of nations shall be adopted without amendment. He is of the opinion that there is nothing in the proposed constitution in conflict with the Monroe doctrine or with policies of the United States, and no amendment such as opponents of the league have suggested are necessary.

The president's views along these lines were imparted to groups of administration senators who called upon him this afternoon while he was at the capital. It was the view given the senators and representatives who attended the dinner at the White House last night.

Strengthens Monroe Doctrine. It is understood the president believes that instead of weakening the Monroe doctrine the league plan strengthens it and extends it to the world. The argument on this point is without foundation, in his opinion, being merely the creation of a "mind."

Aside from the belief that the option of amendment is not necessary, it is said that the president informs the senators that the very suggestion of amendment by the United States would complicate the situation and imperil the success of the league.

Invite Possible Disruption. Fidelity having come together with many conflicting points of view are reached a decision on all the dispute points, it is explained, and to open the door for amendment would be to invite possible disruption of the entire scheme.

Senators are said to have been informed that it may be necessary to incorporate a number of definitions into the constitution to clear up any possibility of misunderstanding.

In particular it is mentioned that there is no provision in the constitution as to what procedure will be taken in event the executive council of the league orders arbitration and one party declines to accept it or abide by the arbitrators' decision. It was suggested that this might need clarification.

America Fully Protected. It is understood that the president also suggested that every interest of the United States had been protected at the peace conference by the presence of an experienced constitutional lawyer, thoroughly competent to pass upon every question affecting the constitution of the United States.

The president's views as given to those who talked with him today and as imparted to guests at last night's dinner were the chief topic of discussion in the senate cloak room. Opponents of the league firmly state that the discussion of the league plan by the president has not changed a single vote.

"Rise and Crush It." Senator Reed, of Missouri, one of the foremost opponents, declared the within 60 days "the country will know all about this league of nations plan and will rise up and crush it."

Washington, Feb. 27.—President Wilson went to the capitol today and conferred for three hours with senators and representatives in a room set apart for him adjoining the chamber. A large variety of important measures were discussed, including the proposed embargo on cotton, the necessity of calling an extra session of congress, and discussed.

The president told the leaders of his party in the senate that he had not changed his mind about calling an extra session, and that if it comes necessary to have such a session, the call will not be issued until after his return from Europe. He urged them to exert every effort to bring about the passage of the important measures now pending, including the bond bill, the army bill, and the army bill.

It is understood that the president expressed the belief that the

Company L Veteran Writes Relatives

"Man for man we were better than any of them" says Sergt Frank E. Floyd...

The letter was written at Niederhummic, Germany on Jan. 23.

"Our company is stationed in a small village about 40 kilometers—23 miles—from Coblenz, across the Rhine river."

"The German people treat us very nicely, but of course they have to."

"We are very few of the members of the old company with us now."

"We have a very good division and have seen a lot of hard fighting."

"Man for man, we were better than any of the enemy, too, and we proved it every time we went to it, hand-to-hand with them."

Sergt. Floyd asked that his regards be conveyed to all of his Escanaba friends.

TELLS OF HIS JOURNEY INTO ENEMY COUNTRY

Frances E. Proop of Garden, Battalion Sergeant Major, stationed at Headquarters of the 32nd Division...

"When the big drive started, they took us down to Chateau Thierry in July and there we fought until we drove the Germans back to the Vesle in August."

"Objective in Three Days. From the Vesle we went to Soissons to fight with General Mangin's Tenth French Army."

"We lived in a cave there, large enough to put the whole village of Garden in."

"We were standing there with their shirts off and the shells in their hands waiting for the word to shoot."

thought all the buildings in Europe must be falling down.

No Room for Germans. "We captured too many prisoners to count and they all said the American Infantry must be drunk and the American Artillery crazy."

"After a while we were sent to the Argonne forest. Half of which was held by Germans and half by Americans."

"I took 30 days and nights to take the woods and when we were through we knew there had been a war, but we were so far from civilization that we did not know how close peace was and the boys were fighting for all that was in them."

"When we were relieved we heard the good news but were sent to the front east of the Meuse river but were there only a few days when the armistice was signed."

Sleeps in Krupp Hotel. "On November 17 we started to follow the Germans across the Rhine river and on Friday the 13th of December we crossed, reaching our present station on Dec. 19."

"We stopped every other day to make out further marching orders."

"I slept in the Krupp Hotel at Sava, Germany, where that famous firm had a munitions plant. Every public place in the town had the word 'Krupp' on it somewhere."

"Rengsdorf is a summer resort town about the size of Escanaba and consists mostly of hotels—a beautiful place. We are living in one of the finest buildings in town and have a private bath and all the conveniences of a rich family. The Ger-

man people thought at first we were going to burn their house, eat their children and do a lot of queer things but when they found out differently they became very friendly.

No Early Homecoming. "I don't think we are booked to go home very soon as we belong to the army of occupation and are booked to stay here until peace is declared, but with no government in Germany it doesn't look as if peace will be declared until April at least."

Uncle First Tells Him Mother is Dead

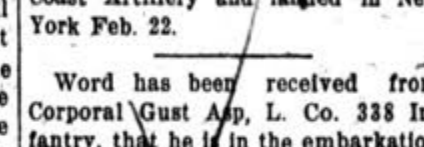

Not until he arrived in Washington where he was sent to be discharged after service with the American forces overseas, did Alvin Klassell, who arrived here for a visit at his old home, get information regarding the death of his mother.

Klassell's mother died about six weeks ago. On his arrival in the United States he wrote to her repeatedly, not knowing that she was dead. When he arrived in the west, he was told of her death by an uncle.

David Johnson Returns from Service in Europe. Adelph Johnson, South Birch street, has received word that his brother, David M. Johnson, has arrived from overseas duty.

Word has been received from Corporal Gust Asp, L. Co. 338 Infantry, that he is in the embarkation area in France and will sail for home soon.

Ray Perros of Perronville arrived from Menominee to spend the week with relatives here.

A Burning Question

After the fire the question is not "Was it insured? The question is "What is your loss?" Insurance is a fine thing but a home that doesn't burn is far better.

Our connection with the Hartford Fire Insurance Company enables us to offer you a fire prevention service which will surround your home and your family with every precaution that it is humanly possible to take. It's worth knowing about.

FRIENDLY ENEMIES A PLAY FOR THE NATION

THIS IS NOT A PHOTOPLAY

PRESIDENT WILSON Publicly endorsed "Friendly Enemies," from his box at the National Theatre, Washington

—The President said: "All that I can say has already been said most admirably in this beautiful play. All the sentiments I could express have been admirably represented—sentiments that, I hope, will soon grip the world."

Friendly Enemies" is a national play, because it is a play of and for the times. But the effectiveness of its preachment lies in the fact that it is artistically one of the finest plays of the generation.

"There is the fun of a 'Potash' yarn and now and then there is the pathos of a 'Music Master'."—Ashton Stevens, Examiner.

Played 31 Weeks Woods Theatre, Chicago. Now in Its 8th Month Hudson Theatre New York.

Wells Man Improves at Local Hospital

The condition of Charles Walker, injured at Wells Tuesday night when a piece of lath was driven through both thighs scraping the bones, is slightly improved at St. Francis hospital. No infection had developed and chances for a complete recovery are good, it was stated by his physician.

Walker was at work near the edge when a large silver one by two inches was thrown from the machine, striking him with such force as to penetrate both legs.

No Word if Smears Has Been Arrested

No word on whether McKinley Smears had been apprehended was received by the police authorities here yesterday. Smears broke away from the sergeant sent here to take him back to Fort Benjamin Harrison on a charge of desertion. It is believed he will return to this vicinity.

BIRTHS.

Mr. and Mrs. John J. Budinger, Cornell, are the parents of a daughter born recently at the Laing hospital.

Word was received Wednesday by Mrs. J. R. Jones of the birth of a daughter to Mr. and Mrs. E. Welen-dorf of Saginaw, Mich. Mrs. Welen-dorf was formerly Miss Mand Mar- ham of this city.

Word has been received here of the birth of a son to Mr. and Mrs. E. H. Lindgru of Austin, Tex. Mrs. Lindgru was formerly Miss Helga Olson

MARKET REPORT

Chicago, Feb. 27.—The following quotations on farm produce were issued here today:

BUTTER—55c.
EGGS—39 1/4c.
POTATOES—\$1.50 to \$1.65.

POWLS—31c.
ROOSTERS—21c.
SPRINGERS—31 1/4c.
DUCKS—28c to 32c.
GEESE—20c to 22c.
TIMOTHY—\$28 to \$29.
STANDARD—\$26 to \$27.
CLOVER—\$4.5 to \$23.

STUDENTS MAKE 3 SCREENS FOR ARMY HOSPITAL

Three large, heavy, serviceable screens, made by members of the manual training classes at Escanaba high school for the army hospital at Camp Custer, will go forward to Battle Creek about March 1. Instructor Shaw stated yesterday.

The screens are substantially made, the length of a hospital cot and about six feet high. Specifications were furnished by the American Red Cross. Among other articles students are making reading and piano lamps, desk lamps, candle sticks, baskets and turettos. Two of the lads are making piano benches, another a phonograph cabinet and still another, a duck boat.

For these articles which the students take home, the maker provides the material, Mr. Shaw says. The classes are making splendid progress considering the fact that this is the first year for the course. Next year it is hoped that a force and sheet metal shop may be provided.

Lathrop Fire Held to Four Buildings

The fire, raging at Lathrop Wednesday when telephone connections with the village were severed, was confined to the four buildings owned by Frank Johnson: the Johnson store, grocery warehouse, residence property and former saloon.

Men at work in the woods near Lathrop volunteered as firefighters and succeeded in preventing the spread of the blaze to other buildings in the vicinity.

Figures on the amount of insurance and the total loss were not available yesterday.

NOTICE FOR SUPERVISOR.

To the tax payers and voters of Baldwin township do not let any one say that I will not be a candidate for the office of Supervisor as I am going to be in the race stronger than ever for the benefit of the tax payers of the township of Baldwin and request that all women voters register before the election and all come out and cast your ballot on Monday, April 7th, 1919. I also wish for all voters to attend the Caucus at Town Hall on Wednesday, March 5th at 2 o'clock p. m. Yours for the good of the township of Baldwin, very truly yours,
HENRY H. LANCOUR,
59-3t. Perkins, Mich.

WILLETTE WILL PLAY ESCANABA QUINCY TONIGHT

Willet's squad of basket ball players will arrive here this afternoon to prepare for the contest tonight when they will go into combat against the Escanaba boys for the second time this season. Marquette holds the lead in the argument this far, winning the first game 12 to 7.

Escanaba stand a good chance to win Marquette, inasmuch as the crowd has shown unusual brilliancy on such occasions as they occur at home, apparently developing a confidence that can't be beaten. Coach Boggsberg has not announced his lineup, but it is believed the same man who went in against the champions of Ishpeming, who met defeat here, will be used to start the game. B. P. Pattison probably will referee the game.

STATE OF MICHIGAN. The Circuit Court for the County of Delta, in Chancery.

Margaret Johnson, Plaintiff,
vs.
Harry William Johnson, Defendant.

Writ pending in the Circuit Court for the County of Delta in Chancery on the 12th day of February, A. D. 1919, at Escanaba, in said county.

It satisfactorily appearing by affidavit on file that the defendant, Harry William Johnson, is not a resident of the state of Michigan, but resides at Page, in the state of North Dakota, on the person of T. J. Riley, attorney for the plaintiff.

IT IS ORDERED, That the said defendant, Harry William Johnson, cause his appearance to be entered in this cause within three months of the date of this order and in case of his appearance, he cause his answer to the bill of complaint to be filed and a copy thereof to be served upon the plaintiff's attorney within twenty days after service on him of a copy of said bill and notice of this order and that in default thereof, that said bill be taken as confessed by said non-resident defendant.

AND IT IS FURTHER ORDERED, That within twenty days of the date hereof, the said plaintiff cause a notice of this order to be published in the Escanaba Morning Press, a newspaper printed, published and circulated in said county of Delta, and that such publication be continued once in each week for six successive weeks or that the cause a copy of this order to be served personally on said non-resident defendant at least twenty days before the time above prescribed for his appearance.

AND IT IS ORDERED, That the said plaintiff cause a copy of this order to be mailed to said defendant at his last known Post Office address by registered mail and a return receipt demanded at least thirty days before the time herein prescribed for the appearance of the defendant.

JOS. F. CUDDY,
Circuit Court Commissioner,
Delta County, Michigan.
T. J. RILEY,
Attorney for Plaintiff,
Business Address,
Escanaba, Michigan.

BAD BREATH

DO YOU WANT your friends to avoid you? They will certainly do so when your breath is bad. There is no excuse for anyone having a bad breath. It is caused by disorders of the stomach which can be corrected by taking Chamberlain's Tablets. Many have been permanently cured of stomach troubles by the use of these tablets after years of suffering. Price 25 cents per bottle.

Chamberlain's Tablets

KEEP EMPLOYMENT BUREAUS.

The movement to eliminate the local employment bureaus by killing the appropriation in congress is wrong. These bureaus are proving a timely aid to the returning soldiers. Here in Marinette the bureau has placed over one hundred of the men who have been discharged from army. Niagara branch has cared for over fifty and the other branches in the county have done good work in this line. Besides this the local employment bureau has aided many other industrial workers. The M. & M. Trades Council, employers of labor and others in Marinette have petitioned for retention of the office here. The Madison Journal has the following vigorous editorial in regard to the matter:

One of the biggest improvements the war brought was the total revolution of the employment agency system. Until recently an employment agency was a place in the city ribsteak district, where uncouth figures sprawled against posts and watched ferret-eyed young men chalk out little signs like this on huge street blackboards:

"Wanted six swampers, prefer Australians, \$2 a day and R. R. fare."

"Wanted second cook, lumber camp, \$40 a month."

"Wanted 20 railroad workers, \$1.75, board \$5 a week, Italians preferred."

And so on.

An employment agency was a place where human cattle were sold into bondage to slave drivers; where the failures connected with a temporary meal ticket.

But now that Uncle Samuel has taken charge of the messages it is different. The federal employment bureau in Chicago recently placed an executive in a \$15,000 job. The bureau report they have placed returning soldiers in positions paying from \$200 a month to twice that. All the big employers are sending their needs to these bureaus, and the demand is bringing the supply of skilled workers of the highest type are being listed.

The employment agency idea always was a good one. A clearing house, where the worker could find the job he was best suited for, and where the employer could select the person precisely qualified for his task.

Many men stumble thru life burdened with a job they hate, because they never had a chance to sell their services in a big market. If the workers of the nation are listed and available to the employers of the country both classes will benefit.

The action of the majority members of the committee on Appropriations in the House of Representatives in dropping these federal employment bureaus is one of the most pronouncedly reactionary steps any committee of Congress has taken in a long time. Employment bureaus should be operated by the public. Every man out of a job is a public liability; every man in a job is a public asset. We have tolerated long enough the private employment agency institution with its graft on one side and deception on the other. Many of them have been as a vicious, hungry wolf, ever eager to pounce upon labor and exact heavy fees for unfair treatment and consideration.

There is nothing that is any more the public business than to see that everybody has a fair chance, a good job and a mind that is freed from anxieties and worries. Congress is conspicuously stupid if it permits the Appropriations Committee to eliminate these employment bureaus. Every Congressman in Washington should be alert and on the job to see that this thing is not done. Every worker in America, unskilled or skilled, from purely manual work to highly trained scientific efficiency, is entitled at all times to the help and co-operation of the national government.—Marinette Eagle-Star.

The Louisville Courier-Journal says: "It is satisfactory to note that the United States will begin the reconversion period by doing a large export business in pro-machina anarchists and Russian Reds."

The Springfield Republican thinks: "The suggestion of a Canadian as British Ambassador to the United States rather upsets proxy tradition. It is a reminder of the unity of the British empire has been strengthened since the war began; and there is no doubt that Sir Robert Borden would be persona grata at Washington."

The one appointment that everybody but the dentist despise is a man for forgetting, is that with a tooth

In buying from a store in Escanaba or any community of its type, a person gets the personal service of men of unusual ability. It takes brains to run a retail store. A lot of people are always trying it and failing. The merchant must be a good organizer, have a grasp of system and detail, must have sound practical judgment and general intelligence.

When a man has made good on these tests he must have good sense and ability. He places all that at the command of the community, and goes the limit to give the best service in his power. The majority of successful merchants have ability enough to make good in positions that would command more money, but they prefer their own independent position. When you buy of them therefore, you get the personal attention of men of intelligence and capacity, which is a great help in getting the most for one's money.

EATING AND FIGHTING.

Apparently Senator Borah reasons that it is better to fight than to eat, while certain senators, who have not declined the invitation to the White House dinner, consider it better to eat first and fight afterward. And why not? Fighting and eating have ever been two of the most absorbing and pleasurable occupations of man. The ancient Teatons were aware of this when they pitched upon these as the two supreme joys of their heaven, providing that the souls of their Valhalla should do nothing else. There is a certain pleasure in eating the best food in distinguished company even if one is not the observed of all observers or the acknowledged leader of the conversational discussion. After all, "a good dinner in good company is a mighty good thing," as was said when the Duke of Ominum bade the "best people" of the countryside to a feast in his dining hall and then did not cordoned to eat with them, merely showing himself in the doorway and forcing them to be content with only a bow to the company in general.

A good dinner at the White house in the company of thirty-seven prominent statesmen is worth while even in the case of those who do not care to hear the president explain in detail the provision of the proposed constitution of the league of nations. It is possible to be entertained even when one does not agree and nothing is so wit-sharpening as a lively clash of minds. As for Senator Borah's seeming assumption that by stretching his legs under the White house mahogany he would surrender his independence and deprive himself of the right or power to speak out then or later, that is, of course, ridiculous.

THE PIFFLE HOOK

By SLIM PICKENS.

KING Ferdinand of Roumania has been shot again. If all of the sports about shooting Ferd are true, he weighs 300 lbs—140 natural and 160 from assorted bullets lodged in his anatomy.

We Don't Care What They Call Him.

DEAR SLIM—It transpires that Dr. Janaushek's name, translated from the Bohemian into pure Anglo-Saxon is just plain Johnson. Do you suppose, if the big cinder ever visits that country, they'll call him Jack Janaushek? **BUD.**

The statement that a thing can be done is generally based on a willingness to try to do it.

THIS conversation, according to W. C. J. took place in a little river town in southern Missouri. "What yo' all want foah dat dawg?" "Foah dollahs." "Das' too much." "But nigga, das a spitz dawg." "I don' cah if he spits fru' his teef, he aint worth no fough dollahs."

Knowledge is so cheap that the greatest expense is classifying it so one can locate it if he needs it.

No, It's Too Deep.

DEAR SLIM—Put on your diving suit and go after this one: A mother sat by the side of her six weeks' old babe who was very ill. Turning to the doctor she asked: "Can you do nothing?" "Absolutely nothing," replied the doctor. And the child, looking into the mother's face said "absolutely nothing." **SANDY.**

There is much to be said on both sides of most any political question—and most of it is generally said.

EXCUSE HIM MRS. E. W. W.

It is easy enough to be pleasant, When life rolls along like a song, But the man worth the while, Is the man who can smile, When the telephone rings and he answers it and central says "number please," and he says, "You rang me," and she says "No I Didn't" and he says, "The Bell rang," and she says, "It must have been the door bell," and she says—etc.—etc.— **JERRE.**

Now the senate wants to investigate A. Mitchell Palmer. Had they passed him up, "Mitch" would probably have felt slighted.

Mary had a little vote, And she was feeling blue, Because she couldn't quite decide Who she should give it to.

THERE it hung upon the wall—brown and gold and yellow and orange blotches on a perfectly good piece of canvas. It was her first original painting although she had been studying "olls" for three years. Dad, plain, practical, matter-of-fact old man that he was, was invited to inspect it. After surveying it from all angles with a puzzled look on his face, he said: "Well, little girl, it sure looks appetizing." "What a colorful term to describe a sunset," she gurgled. "Sunset?" said Dad; "Sunset? Thunderation, I thought it was supposed to be a waffle."

What has become of the old fashioned Democrat who used to keep a file of Bryan's "Colomnet"?

CLOVERLAND and WISCONSIN

CALUMET—Calumet hunters are advocating the extension of the rabbit season until March 3 instead of February 1. Several petitions are being circulated by local hunters calling for March 1 as the last day of the season and it is expected that these petitions will be sent to Lansing when the signatures are completed. Local hunters for sometime past have been advocating an extension on the season but only recently were the formal steps taken.

Calumet fishermen who have been circulating petitions during the past month calling for an earlier opening of the fishing season in the upper peninsula are still enthusiastic over the steps taken locally to open the season on May 1 instead of May 15, as being done in the lower peninsula. Similar petitions have been circulated in other towns in the upper peninsula, showing the injustice being done the fishermen, this side of the straits by compelling them to wait two weeks longer than those in the lower peninsula.

Italian Consul Pays Visit to Peninsula.

HOUGHTON—Attilio Castiglano of Duluth, Italian consul for Minnesota and Northern Michigan, was in Houghton Wednesday. Mr. Castiglano is taking a leading part in the Americanization movement in Minnesota and yesterday he inquired at the county clerk's office as to the progress of the movement here.

He was somewhat astonished to learn that the movement has not gained the impetus in the Copper Country that it has in Duluth. He learned, for one thing, that naturalization seems to have fallen off.

"Of course in late years there has not been so much immigration as there was in my day in Calumet," said Mr. Castiglano, "which may account for the condition."

Tamarack Boy Won Distinguished Service Cross.

CALUMET—John D. Grahek, of Tamarack, who is home from overseas service to spend a furlough with his parents, Mr. and Mrs. John Grahek of Tamarack, is the proud possessor of the Distinguished Service Cross. This is the congressional medal of honor, the highest that can be bestowed, and at once signifies that the wearer has performed a feat of unusual daring. However, Grahek says that he does not know why he was presented with it unless it might have been for carrying a message through shell fire for a mile and a half after being badly wounded by shrapnel. He was a member of the 55th Infantry, 7th division, and served eight months in France, arriving in America about a week ago. He has not been released from service but is still under treatment for his wounds. At the expiration of his furlough, Grahek will return to the Detroit general hospital.

Original Plans for City Hall Are Changed.

MEMONINEE—Notable changes have been made in the proposed city hall-memorial building for the city of Memoninee. The length of the building, under the new arrangements will be cut down from 123 feet to 85 feet. The fire department combination will be dispensed with. The cost will be reduced from \$175,000 to \$100,000. This was practically agreed upon by the city council committee which has the matter under advisement, when it was found that the estimated cost of the original plan, amounting to \$175,000, would be greater than Memoninee could afford to pay for the building at this time. With the proposed changes and dispensing with the fire department combination, the total amount of space which will be available for the city hall offices and memorial hall will be about the same for it will give the new proposed building a space of 40 feet square on both the first and second floors, which had been originally designed as the fire department section.

Former Resident of Daggett Dies.

MARINETTE—Isaac Carlson, former resident of Daggett, but for the last three years a resident of Marinette, died Tuesday night at the M. & M. hospital of cancer of the throat. Mr. Carlson was born in Finland in 1844 and resided in this country for the past thirty-five years. He resided in Daggett for several years later removing to this city where he resided for the past three years. Mr. Carlson was taken to the hospital early in October of last year suffering from cancer. Hopes were at first attained for his recovery but his declining years are thought to have hastened his death. He was 75 years of age, and is survived by one cousin, Mrs. Olson of East Marinette. His wife died several years ago.

Ice Pushes Out of Carries Nets Afloat.

MARINETTE—According to a prominent first ward fisherman, the ice Tuesday between Green Island and Marinette, showed in, broke off and then went out, causing the loss of a number of nets to East end fishermen. "This weather will have to keep on for several days in order to assure the fishermen of Marinette security for their nets," was the statement of a prominent fisherman. "While the cold weather of today and last night made the going conditions much better it will have to continue for several days more to assure a crossing of Green Bay."

Publish Letters.

The Morning Press invites its readers to use the columns of The Press to publish letters on matters of public interest. All communications should be addressed to the editor and must be signed, unless they are signed they will not be published. Writer should state whether or not he desires his name to be used in publication of the letter.

WIVES

"Through Rhinoceros", a photoplay covering the history of the middle west and the growth of the system of highways of this portion of the nation, will be shown at the Delft Theatre on March 1. The film's hooking in Cloverland is in the hands of the upper peninsula development bureau. J. A. Dolle, secretary-manager of the bureau, considers the picture one of the most instructive ever screened. It will be shown in addition to the regular program.

Mirky Is Back. Marshall Mellan, who directed Mary Pickford in "Daddy Long Legs" has one of the leading parts in the picture, that of Jimmie McBride. Wallace Reid has begun work in his next Paramount picture, "The Valley of G.ants" from the story by Peter B. Kyne.

Lessie Love's next picture will be "Carolyn of the Corners" an adaptation of Ruth Delmore Edicott's novel, of the same name.

Hart Will Not Join. William S. Hart will not be a member of the United Artist's Association. He refused to sign up with the rest of the stars stating that he was undecided and now he has given out announcements that he will not join. His reason is that the contract is too long.

Captain Robert Warwick, recently returned from overseas service will play the leading role in "Secret Service," the screen version of the famous success, to be produced by Famous Players-Lasky.

Little Pat Moore, who plays the part of the son of Narutch in the De-Mille production, "The Squaw Man," will support Eddie Polo in "A Prisoner for Life."

Going on Vacation. Henry B. Walthall will take a vacation after his second National picture is completed.

Did you know that Charles Ray has never been east of Jacksonville, Ill., where he was born? One of his pet dreams is some day to be able to explore New York City.

Mahlon Hamilton who has supported Mme. Petrova in so many of her pictures, is Kilty Gordon's leading man in "Sacrifice."

Margery is Marguerite. Margery Daw's real name is Marguerite House. The nursery rhyme name was given her when she began to attract notice as Geraldine Farrar's protegee and Doug Fairbank's leading woman.

Another Moore is coming into prominence as a leading man. Matt and Hazel Daly, the Honey of the "Skinner" series with Bryant Washburn are co-stars in a picture of the North, "A Wild-Goose Chase."

Pauline Frederick has for her next picture "Paid in Full," one of the most popular plays ever written.

AT THE STRAND. In addition to an interest-holding story of high finance and society and the beautiful clothes worn by the star, "Vengeance is Mine," is one

Practical Recipes.

Corn Meal, Griddle Cakes. One cup corn meal, one-half teaspoon salt, three-fourths teaspoon soda, one egg, one and one-half cups sour milk, one-half tablespoon shortening (melted). Mix and sift dry ingredients, add milk and mix, add beaten egg and lastly the melted fat, mix. Drop from spoon to hot griddle.

Cheese Croquettes. To one cupful thick boiling cream sauce made with butter, half milk, half cream and flour, add one pound of good rarebit cheese, cut in small squares or cubes, the yolks of two eggs, salt and cayenne pepper. Stir it together on the fire for a minute or two, then put away to cool off quickly. When cold from small oval-shaped flat croquettes, bread them twice in beaten eggs and crumbs, fry in very deep hot fat. Serve on a napkin. Enough for 10 croquettes.

Auto Owners Attention!

FARMING

What Farmers Are Doing in the Middle West in Breeding Cattle.

No more convincing proof of the value of milk in the diet for children can probably be found than in the results of experiments conducted for several months by the home demonstration agent in Manatee County, Fla. She has weighed and measured over 2,000 children, and has found that those weighing and measuring up to the standard, or a little above, are almost without exception receiving a great deal of milk. The children much under the standard have been receiving little or no milk. Carrying the experiment further underweight children began almost immediately to show gains when milk was added to their diet. With such evidence as to the value of milk it is not surprising that Manatee County has more carry cows now than a year ago, and the number is rapidly increasing. The results of this experiment are being used as one of the arguments in a state-wide campaign for more dairy cows.

Largest Pure-Bred Calf Club Holds Sale.

The Story County, Iowa, pure-bred calf club, said by local leaders to be the largest club of this kind in the United States, recently held a sale at which 90 pure-bred heifers sold for a total of \$17,870. The club was organized only last summer by the county agricultural agent, and the boys and girls who are members bought pure-bred heifers with money loaned by local banks. The highest price paid at the sale was \$550 for an Angus heifer that cost its owner \$185 when the pure-bred heifer club was organized last August. The second highest price, \$325, was paid for a shorthorn heifer, which had cost \$225 originally. About 1,000 persons attended the sale, coming from all parts of the state.

County Officials Support Bureau Work.

So completely has the Saline County, Neb., farm bureau demonstrated its usefulness that the county commissioners recently appropriated \$2,000 to carry on the work this year, notwithstanding the fact that the farm bureau cost a little over half that amount last year. The county commissioners acted after the special farm bureau committee had held before them 1,400 farm bureau membership cards. These showed that 75 per cent of the farmers of Saline county are members of the county farm bureau. Fifty counties in Nebraska now have similar bureaus.

Breeders' Association Assists in Sales.

One of the many advantages which is to be gained by a number of livestock breeders organizing an association for their mutual interests is in building up a reputation for the sale of stock more rapidly than would be possible by each member working separately. This is illustrated by the records which are being made by the three community breeders' associations in Waukesha county, Wis. Buyers who come to this section often ask the local county agent whether or not the owner of stock they intend to buy belongs to one of these organizations. The associations have won the reputation of standing behind all sales made by the members, and buyers know that any animal purchased from an association member will be "as represented." The three organizations are now affiliated in an effort to make their community a tuberculosis-free area by repeatedly making the tuberculosis test and disposing of all animals that show signs of disease. The county agent reports steady progress in this clean-up work.

An Old Recipe To Darken Hair

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you've darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears and after another application or two, your hair becomes beautifully dark, thick and lustrous and you look years younger.

Wyeth's Sage and Sulphur Compound is sold in all drug stores. It is a safe, reliable preparation for the cure, mitigation and prevention of dandruff, itching scalp, and other hair troubles.

OBITUARY

Michael Kinsella.

Michael Kinsella, 84 years of age and a resident of the upper peninsula for more than 40 years, died at his home in Spaulding yesterday morning of a complication of diseases.

Mr. Kinsella was born in Ireland. Coming to this country in the late seventies, he moved directly to this section and had resided at Spaulding continuously since that time. For more than 35 years he was a foreman in the woods for one of the timber concerns operating in that section. He had also helped to build many of the important roads constructed in the early history of the Spaulding-Powers community.

Surviving are eight children: Mrs. W. J. Clark, Mrs. B. W. Wennik, Mrs. Harry Trainor, Anna, Margaret, Irving, Harry and George Kinsella.

Funeral services will be held Saturday morning at 9 o'clock in the Spaulding Catholic church, Rev. Fr. Pillion officiating and burial will take place in the cemetery there.

Arrangements are in charge of Undertaker J. A. Allo of this city.

Walter Johnson.

Walter Johnson, 1 year and 17 months old, son of Mr. and Mrs. Alec Johnson of 1407 Hartnett avenue, died at 10 o'clock Wednesday night. His twin brother survives. Burial will take place this afternoon with services at 2 o'clock at the home, the Rev. Ivan Larson of the First Baptist church officiating.

Mrs. H. W. Crawford.

Mrs. H. W. Crawford, wife of a well known farmer at Rock, died at 1 o'clock this morning at a hospital here after an illness of about 14 weeks. Complications caused death. The body was taken to the Allo parlors early this morning and some time today will be taken to the home at Rock.

The funeral of John W. Baker

held at St. Patrick's church yesterday morning at 9 o'clock. Interment took place in St. Joseph's cemetery.

NOTICE TO MOTOR VEHICLE OWNERS OF DELTA COUNTY.

All persons wishing to operate their motor vehicles upon the public highways of this county, and all persons who have not yet made application for their motor vehicle registration must apply at once to the secretary of the state for same.

Any and all persons not having their proper plates displayed must apply to the county clerk for an (L. A. F.) card which is to be displayed upon the motor vehicle for a period not exceeding 30 days by which time you will have received your proper plates.

Any and all persons operating their motor vehicles with an L. A. F. card for a period exceeding 30 days shall immediately be brought before a justice for operating their motor vehicle without their proper plates.

Contrary to and in violation of the motor vehicle law of the state of Michigan.

Act 302 P. A. 1915 Sec. 12.)
Ordered by the sheriff's department.
Signed, COUNTY MOTOR POLICE.

M. J. Lang Resigns War Relief Office

M. J. Lang has resigned as cashier and manager of the Delta County War Relief association, effective on Mar. 1. When that organization is scheduled to cease to function, at least temporarily.

As cashier and manager of the war relief association Mr. Lang has made a most enviable record. He assumed charge of a difficult position at the inception of an untried patriotic movement that later proved the most successful and efficient effort of its kind in the state of Michigan. Much of the credit for the success of the war relief association is due to Mr. Lang's careful and conscientious attention to his duties that brought him in contact with men in all parts of Delta county.

His resignation comes as the association is winding up its affairs and likely the need for the organization will never again be pressed. The association expects all members of the association to pay up their dues in full to Feb. 1 and the office will be maintained at 703 Ludington street for a time, where members may call if they do not wish to send their checks by mail.

Any inquiries by telephone concerning notices sent out by the association should be made by calling phone 302.

DRAFT BODY IS ALL READY FOR ITS FINAL JOB

The Delta County Draft Board notified Provost Marshal General Crowder by wire yesterday that the records here are completed, filed and ready to seal.

General Crowder asked that this notice be sent immediately on completion of the work. An inspector will be sent to look over the work and when his "O. K." is stamped upon the contents of the big packing case, the screws will be set on the covers and the sealing wax applied. It is extremely doubtful whether the records will ever be re-opened, local board members think.

Biggest Task Completed.
Whether the inspection will be delayed until the other upper peninsula records are complete or an immediate inspection given the Delta records was not known yesterday.

The completion of the filing and packing of the records closes one year, nine months and ten days of the most strenuous type of work by the members of the local board. Organized May 18, 1917, it was continually on the job until the last detail of the work was finished.

Although the members have not yet been relieved from duty by the government, there is little doubt that the manner in which the packing has been done will be approved and that the task is practically complete.

Final Task Heavy.
Most persons know something of the tremendous amount of work handled by the boards before the signing of the armistice, but few realized that the concluding tasks—"lapping off" they might be termed—entailed much time and labor.

All of the data concerning each of the thousands of registrants was collected, filed and indexed so that it can be found without an instant's unnecessary delay, if it is ever required in the future.

This has taken a large part of the board's time since November 11, when the examination of registrants was stopped.

Hoyem to Give Series of Sermons in Lent

A series of sermons on the sufferings of Christ will be delivered each Sunday evening during the Lenten period by the Rev. O. Hoyem, pastor of the Mission church. The pastor will take for his first sermon "The Last Discourse" or "Christ Preparing His Disciples for the Sufferings." The Rev. Hoyem has personally extended an invitation for Scandinavians of the city to attend the services.

St. Joseph School Awaits Adjusters

Until insurance adjusters arrive in the city, no attempt will be made to place the St. Joseph school, recently badly damaged by fire and water, in condition to resume school classes. It is believed the adjusters will arrive some time today or tomorrow, after which a crew of men will be put to work to place the school in readiness.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes anyone look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside bathing. Men and women who are accustomed to wake up with a dull, aching head or have turned tongue, bad taste, nasty breath, swollen complexion, others who have bilious attacks, and stomach or constipation, should try this.

Social and Personal

COMING DANCES

Brotherhood of Railway Officers.
Delft Hall, Monday night, March 2.

St. Joseph Card Party.
The card party which was to have been given Wednesday night by the Ladies Altar society of the St. Joseph church, will be held in the school next Monday night. It was announced yesterday. It is likely the school will be in readiness to hold the affair Monday.

Plan Card Party.
A card party will be given in the Flat Rock school, No. 5, Sunday night. A small admission fee will be charged.

A Card Party.
There will be a card party at the Perkins town hall Sunday evening for the benefit of St. Joseph's church in that village. The affair is to be given by Mr. and Mrs. H. H. Lancoeur and an invitation is extended to all except children under 16 years of age not accompanied by their parents. Playing will start at 8 p. m.

Card Party.
The women of the St. Anne church entertained at a card party last night at the St. Anne hall. Refreshments were served at the close of the affair.

Dance at High School.
Following the basketball game with Marinette tonight a dance will be given in the gymnasium in honor of the visiting team.

Miscellaneous Shower.
Miss Bernadette Joint was the guest of honor at a shower given at her home last night. A program of social amusements was enjoyed and dainty refreshments were served. Miss Joint was presented with a number of pretty gifts.

Entertain Friends.
Mrs. Emma Peterson, 412 South Norris street, entertained a number of friends at her home Wednesday afternoon. Music and dancing were enjoyed and a five o'clock tea was served to the guests.

Bridge Party.
Mrs. E. C. Voght entertained at a one o'clock luncheon at her home on Delta avenue, Thursday afternoon. The afternoon was spent in playing bridge.

Mrs. Lacasse Hostess.
Mrs. William Lacasse of 319 North Birch street was hostess to a number of friends Thursday afternoon. Games and music were enjoyed. Refreshments were served in conclusion.

Dance at Masonic Temple.
Members of the Eastern Star society will give a dancing party Monday evening, March 3, at the Masonic Temple. Dewey's orchestra will play.

The infant child of Mr. and Mrs. Hugo Olson of Elm street was reported to be in a critical condition yesterday.

The blossom and bloom of human kindness will be found imbedded in every stick of our Cloverland split and butt hardwood. Telephone 282 and get the combination. Birds Eye Veneer company.

Charles Ballstrom who had been spending two months in Salt Lake City and on the Pacific coast, is expected to return to Escanaba within the next few days.

Mrs. B. D. Winegar has returned from a brief visit in Ann Arbor and Detroit.

Supervisor H. H. Lancoeur was down from Perkins yesterday.

Good for young as well as old—buy a bottle of Muscadell and take it home. A glass a day will keep the doctor away. 2391-57-11

N. Olson has returned from a business trip to Marquette.

Mrs. E. J. Legault and daughter, Mary Elizabeth and son, Edward, have returned from Menominee where they visited Mrs. Legault's mother, Mrs. Peter Sjogren.

Mr. and Mrs. James Hannigan, who attended the funeral of a relative at Gladstone, have returned to Marquette.

Mrs. V. Larson of Washington, D. C., who is visiting relatives here, has returned from Perkins where she was the guest of Mr. and Mrs. E. Hall.

Why conspire against yourself and family by experimenting. Telephone 282 and order the real thing. Hair sound, split or butt hardwood will give you a good start toward a happy life. Birds Eye Veneer company.

Miss Jessie Bronsco returned yesterday night from a month's visit at Chicago.

Mr. and Mrs. Joseph Davis and son, Walter have returned from Oryata Falls where they were the guests of Mr. and Mrs. E. Erickson.

Keaton Cleary has returned to Milwaukee after a visit with relatives here.

Miss Ermie Menard will leave this morning for Northland where she will visit her sister, Miss Doris.

George Wicklander, of Washburn, N. D., is visiting at the home of his uncle, Peter Wicklander, on South Mary street.

Miss Alma Gauffin has returned from New York.

Drink Muscadell, the new health drink. Made of domestic and imported fruit juices. 2391-57-11

Miss Charlotte McArthur will arrive Tuesday from Great Falls, Montana to visit at the home of her mother, Mrs. M. E. McArthur, Jacob street.

Mrs. George Willis of Pine Ridge is visiting Escanaba friends.

Mrs. J. J. Blanchette left Wednesday for the Soo where she will visit at the home of her daughter, Mrs. W. Clark.

David Goldberg of Marinette is here on business.

Carl Reibers, Carl Bing and P. Peterson of Stoughton were here on business Thursday.

Herbert Flath left Wednesday for a two weeks' visit with relatives at Minneapolis.

C. B. Lotz of Marinette is spending a few days here on business.

Melior Horcherd returned to his home at Menominee after a visit with relatives and friends.

Gene Williams has returned from Camp Custer where he was mustered out of service.

Francis Herrick of Ogonts was here on business Thursday.

Stop that tired feeling—drink Muscadell. Sold at all grocery and drug stores and all soft drink parlors. 2391-57-11

Actave Henry of Ogonts and Al Anderson of Brampton were business callers here Thursday.

Miss Marie Brunell of Milwaukee is visiting at her home on South Mary street.

Don't torture yourself by buying the knotty end of the tree for firewood. Take a much needed rest after your day's work by burning straight grained Cloverland butt or split hardwood cut from the sap end of the log. Birds Eye Veneer company.

Getting Rid of Colds.

The easiest and quickest way to get rid of a cold is to take Chamberlain's Cough Remedy. This preparation has been in use for many years and its value fully proven. No matter what remedy you use, however, care must be taken not to contract a second cold before you have recovered from the first one, and there is danger of this. A man of middle age or older should go to bed and stay in bed until fully recovered. It is better to stay in bed three days at the start than three weeks later on.

FISH!

We expect a shipment of Fresh Smoked Fish this morning.

- Lake Trout, per pound **25c**
- Whitefish, per pound **25c**
- Fresh Herring, per pound **8c**
- Hallbut Steak, per pound **27c**
- Oysters, per pint **40c**
- Tuna Fish, per can **25c**
- Red Salmon, per pound can **30c**
- Picked Roiled Moxe, per pound **18c**

PALACE

Co-Operation is Necessity

The United States is naturally destined to play a more important part in the world's history than ever before.

If the nation is to fulfil its destiny or zenith, co-operation is necessary.

Every business and financial interest represented in the country must proceed with a will.

All must be united in the effort.

The business interests of this community will find a most effective ally in this institution.
