SOCIAL

Kleiman-Borman. A pretty ceremony took place at St. Francis Xavier's church at Spaulding Tuesday morning when Miss Pauline Kleiman, of Wilson, and Wilbur Borman, of Harris, were united in the holy bonds of matrimony by Rev. Fr. P. N. Fillion.

The bride was attended by Miss Irene Chyvo of Wilson as maid of honor. Miss Julia Korman and Miss Katherine Kleiman as bridesmaids. Wm. Kleiman of this city was best man, the other attendants being Dominic Kornkavich of this city and John Swille of Harris.

The little tots who acted as flower girls were Verna Kleiman and Rose Sharon. After the ceremony, the bridal party motored to this city and returned later to the home of the bride's parents where a wedding dinner was served. The afternoon was spent in dancing followed by a six o'clock wedding supper after which the evening was spent in social diversions.

The bride wore a gown of charmeuse silk with silver lace trimmings and carried a bouquet of roses. The bridesmaids all wore dainty gowns of the pastel shades and carried bouquets of roses. The flower girls carried rose geraniums and other garden flowers.

The bride is the daughter of Mr. and Mrs. Casper Kleiman of Wilson and was engaged as a school teacher. The bridegroom is one of the prosperous young farmers of Harris and is the son of Mr. and Mrs. Joseph Borman of that place. They received a large number of beautiful and useful wedding gifts. They will make their home at Harris.

Luther League Meeting. The Luther League of Swedish Lutheran church at Bark River will meet at the home of Mr. and Mrs. Martin Rood, Sunday evening, July 1. The public is invited to attend.

Marriage Licenses. The following marriage licenses were issued yesterday: Miss Caroline Johnson and Herbert Sundelius, both of Escanaba; Miss Barrie Mae LaLande of Osher, and Thomas J. Charrette, of Escanaba.

Entertains for Friend. Mrs. H. T. Ames entertained a number of friends at her home, 820 South 14th street, Thursday evening complimentary to Mrs. A. N. Wilson, who is to leave today for a visit of six weeks in the copper country prior to leaving for Englewood, Calif., where the family will make their future home.

The evening was spent in playing Bridge, the first honors going to Mrs. E. F. O'Leary and second to Mrs. E. C. Voght. A dainty repast was served at the conclusion of the card games and the ladies enjoyed a social session.

Mr. Wilson, who has been in the employ of the Escanaba Motor Co., has accepted a position in the west. Mrs. Wilson and children will return from the copper country by motor and will join Mr. Wilson in this city for the trip to their new home. Their many friends regret their departure from this city. Mr. and Mrs. Wilson have won the sincere friendship of a large circle of friends since their arrival in this city.

Last week Mrs. Wilson was presented with a handsome leather traveling portfolio by the members of the Little Light Bearers society of the First Presbyterian church. Mrs. Wilson had charge of the little children in this society.

Picnic at Perkins. There will be a grand celebration at Perkins Wednesday, July 4, when the members of St. Joseph's church will hold a picnic and have all kinds of out-door amusements for young and old. The ladies will serve a dinner, and as these ladies are known throughout the county for the fine meals which they always prepare, there is no doubt that there will be an unusually large crowd from

this city who will motor to Perkins for the affair.

The celebrations at Perkins in the past have always been very successful and the members of the various committees intend to do so on this previous affair of its kind. The public is cordially invited and will be given a hearty welcome.

Dufresne-Bisson. Miss Ethel Frances Dufresne, daughter of Mrs. Jennie Dufresne, 509 North Nineteenth St., and William Bisson, Jr., son of Mr. and Mrs. William Bisson, 601 North Twentieth St., were married at Long Beach, Calif., Wednesday, June 27. It became known here yesterday.

Mr. Bisson has been employed in Long Beach for some time. His bride went to the coast to join him this week. For a number of years he was employed as a motorman for the Escanaba Traction Company. He is engaged in a similar line of work on the coast. Mrs. Bisson was graduated from Escanaba high school in 1919. She had been employed as a stenographer at the Provo Advertising Service offices.

The young people are both natives of Escanaba and widely known here. They are now on a honeymoon in Northern California.

City Manager Seeks Lost Spaniel Puppy

Fred Harris wants his dawg back! "Nigger" is his name, and the word also serves for a description. He's a black spaniel, four months old, playful and fond of everybody. He is believed to have wandered away from Mr. Harris' home on Lake Shore Drive last Sunday in company with a number of small boys who were playing nearby. The city manager requests that any person who sees the pup notify the city hall.

Banden Preparing His Annual Report

Orrin I. Banden, secretary of the Escanaba Chamber of Commerce, is occupied these days with the preparation of his annual report and other work incidental to the closing up of the fiscal year. Some farm-hand will bump into the great discovery in radio, predicts Thomas A. Edison. He continues: "Everywhere the amateurs are trying over radio. Some one of them will wonder what would happen if he should try this or that, and presto! he has solved the question of the age. Just as a farm-hand from Geneva, N. Y., walked into the General Electric Co. president at Syracuse and showed him how to hook a locomotive up to a high-powered motor, something that has been baffling a corps of expert engineers day and night."

Convention is more chance and accident, the result of plain curiosity, than of creative thinking. So is most individual success, most general progress. The "stuff" is all there in nature, waiting for an inquisitive Paul Pry to notice it. If you want to invent the perfect airplane, study the perfect flier—the dragon-fly.

Specialists, even the best of them, get in a rut. They are so close to the mountain that they see only a small part of it. A heart-stricken stranger approaches from a distance and, having had a general view, points out the path to climb to the top.

"When I get in a rut, I place the object of my experiments away in a pigeonhole and do not touch it again for two or three years," says Edison.

You have noticed that, when you have a very knotty problem, which you are unable to solve, the solution comes to you quite easily after you "sleep on it"—show the problem aside from your tired mind and relax your concentration by a long sleep and rest.

That way, you "get" the problem. If you stick too closely, the problem "gets you."

Never fear your job. If you are apprehensive that the task is beyond your handling, you are inviting it to master you. In the long run, the quickest way out of the mias when your desk is cluttered with work may be to lock the desk and go away for the rest of the day—just to convince yourself that the job hasn't taken charge of you instead of you taking charge of the job. It restores your sense of power, of ability.

Dangerous psychology for a chronic procrastinator.

Edison believes that, "as soon as college men are graduated, their brain folds simply reject all the knowledge they have picked up. They fall down on simple questions of dividing so many apples among so many children, things they learn in primary school."

That's quite natural. Most of the knowledge we acquire in school, we absorb for the purpose of getting through school rather than for later use. It soon leaves.

So much for today's visit with Edison. If he hadn't gone in for inventing, he would have made a great philosopher, in which direction he's done a pretty good job as it is.

TERRORS. International politicians, who call themselves statesmen, realize that an armaments race is on again. There is talk of a necessity for outlawing submarines, flying bombers and poison gas—particularly the poison gas.

All very well, but eventually the politicians will realize that in our scientific age disarmament must be honest, absolute and complete all along the line—not here and there, barring some weapons, permitting others. Half-way disarmament cannot keep pace with the fiends working in laboratories to perfect new killing devices.

The key to real disarmament is to disarm the politicians—the people should strip them of their war-making power.

FRIGHTFUL. The next war will not be decided in the air, under the water or by death-dealing gases. More efficient devices will be obtained within 50 years—and it is that long for the people, on an average, to get their money saved up to fight.

The Piffle Hook

DR. CHARLES STILES, who discovered the hook worm germ, argues that unless the evolution is definitely accepted one must admit that Noah sheltered microbes in the ark. Pictures of the venerable ship builder can be accepted as authentic and some of the arguments against the wearing of whiskers believed, it is likely that Nero was not only landlord to the minute biggies but their personal host.

STRONGLY Bryanistic and anti-Darwinistic as we are, we decline absolutely to believe that even microbes were evolved. Not even when we contemplate the perverted sense of humor, which Mr. Noah must have possessed when he furnished food, lodging and raiment to the germs which afterward were to blight the minds of persons who invented carrots, safety matches and paper napkins, not to mention ukuleles and automobile spotlights, does our faith in the ark skipper waiver.

BUT DR. STILES is arguing himself plumb out of a reputation. If Noah took the hook worm germ into the ark, Noah certainly must have accomplished the neat little microscoping job for which the learned bacteriologist is credited. And there you are—or aren't you?

"ARE WE FOOLS that actually want to be fooled or just can't we help being foolish?" asks Dr. Charles Fleischer of his readers in the Wisconsin News. Our answer to that question would be positive—"yes or no."

THE REASON Henry Ford is so reluctant about admitting that he is a presidential aspirant is because one of his tin cans will run nineteen miles without gasoline in the tank.

SIR—you are entirely correct in your statement that only the vaudeville monologist Swede says "Aye bane" if you pronounce the "a" in bane like the same letter in hay. The correct way—that is the way the Swede says it—is "Aye Ben" with the ben pronounced like King Purnell's first name.

OLE.

SIR—A Swede does not say "Aye bane." He says "Aye ben." But I think you are wrong about the Irish. I'm sure I've heard the expression, "Be gorry."

DANISH PAT. The "Aye Bane" Vote Seems To Be Unanimous; How About "Be Gorry?"

THE OTHER vacant apartment on the opposite side of the table opines that no matter whether there's a fight at Shelby or not, Jack Kearns will win it.

SIR THOMAS LIPTON is building a new challenger. If he'll arrange to bring it over during the presidential nominating conventions next summer, the additional breeze will help somebody set some new yatching speed records.

nance another big war. We wonder what is doing in some of the secret German laboratories. Let them find a way to spread germs of some dread disease (and a method to immunize themselves) and Germany wouldn't need flying machines, U-boats and poison gas.

Future war weapons will be germs, plant life blights to kill the enemy's food supplies, and artificial lightning. That "future" may not be far off.

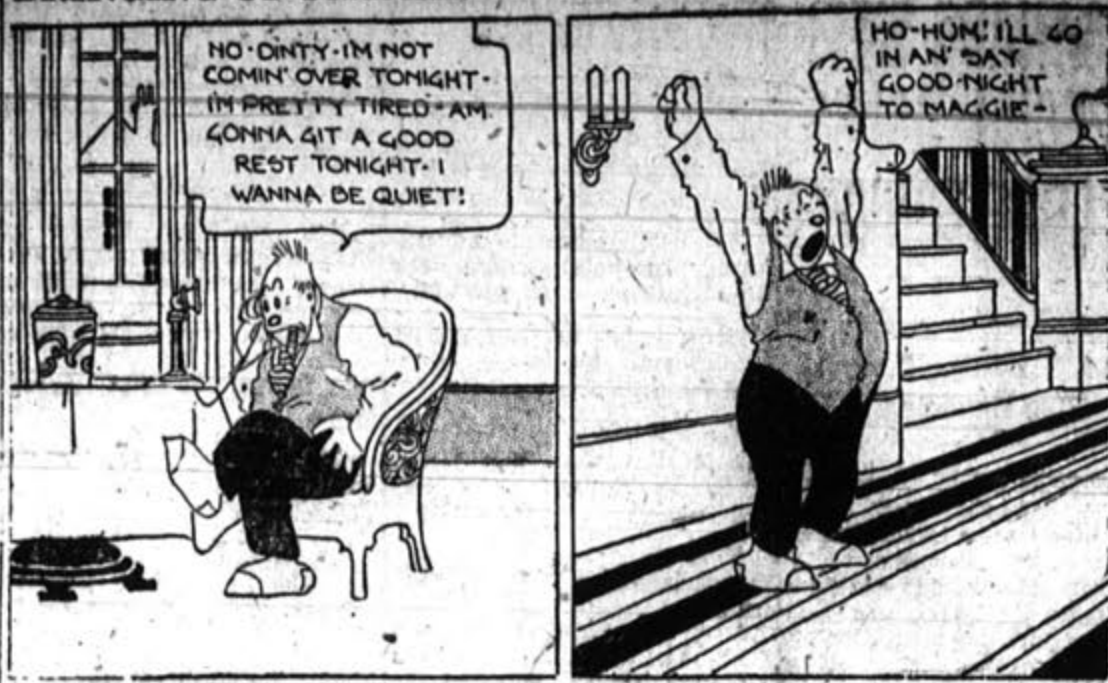

PAINLESS. It's only a few generations since the doctors strapped surgical patients to the operating table, then went after them with saws and knives. The inventors of anaesthetics saved humanity untold agony in cases where stupefying drugs could not be used in operations with safety to the patient. Those benefactors were not destroyers, so no monuments to them. Do you know who invented chloroform? Ether?

Two wonderful new anaesthetics recently have been discovered—involving no discomfort, and with rapid recovery. One is acetylene diluted with oxygen, discovered by Straub, the German. Other is ethylene with oxygen, discovered by Carter and Luckhardt of University of Chicago.

Anaesthetics save pain, especially on the battlefield. On the other hand, this makes men more willing to be butchered.

The happiest mosquitoes on earth live in the Belgian Congo, where people wear no clothes at all.

"THE MISFIT"

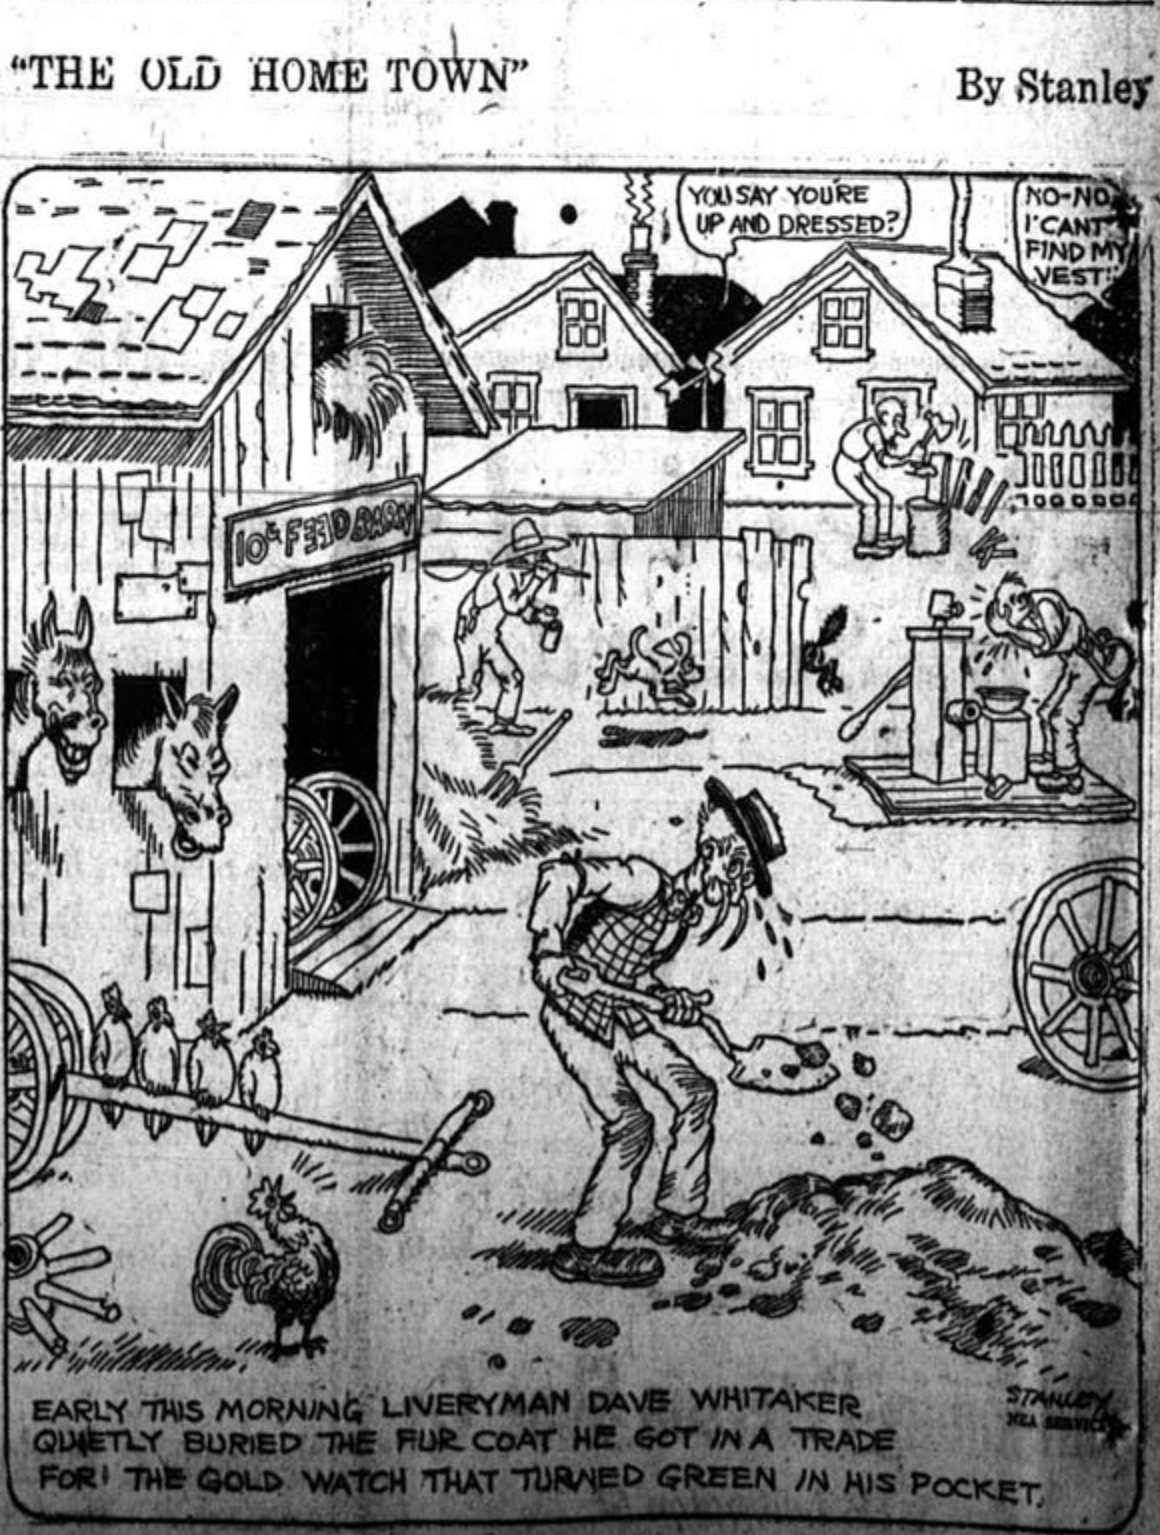

BY JANE PHELPS

NATALIE'S HOME COMING. Chapter VIII. During her two weeks' honeymoon Natalie occasionally thought of the lovely home that soon would be hers. She asked no questions, just took it for granted that she, Horace's wife, would have the ordering of it. Before leaving her own home in a distant town she had helped her mother about the house and with the cooking. And while she knew she would have servants, she anticipated this home of her own with delight. Horace often spoke of his mother, and wrote her nearly every day. But what he said had to do with her health, his hope that she was not lonely. Natalie said: "Mother used to say a good son makes a good husband. You are very thoughtful of your mother, to write so regularly." "Mother and I have been everything to each other," he answered. "She'll have to divide you with me now," Natalie returned. "You will love each other when you get really acquainted." Horace had said this so often Natalie believed it. Mrs. Crandell had seemed cold, formal, on the two occasions she had met her. But now that Natalie was Horace's wife, she naturally would be different. So with this in her mind, Natalie entered her husband's home. Mrs. Crandell was scrupulously polite, hoped they had had a pleasant time, but all her show of affection, her kiss of greeting was for Horace. A cold handshake was all she gave Natalie. Chilled, the bride followed the maid to her room in the rear of the second floor. Horace followed in a moment. "I left the choice of our rooms to you, Natalie. Mother, of course,

pains with her hair, and had felt quite satisfied until he spoke. She turned her head that he might not see her disappointment. "I'll give you a bank account," he went on, "and buy what is necessary to a good appearance at once. Then you can order things made. Mother will tell you where to go." Natalie made no answer, dinner was announced, and none was needed. She followed Horace from the room and hesitated behind him as he tapped on his mother's door. When she came out he offered her his arm and they went down the stairs, Natalie feeling rather forlorn as she followed. Horace seated his mother, then drew out her chair. As she sank into it she felt Mrs. Crandell's eyes upon her. "You should have told your wife we dress for dinner, Horace," she said. "It is a rule of the house," this to Natalie. In spite of her age, Mrs. Crandell was in dinner dress, shimmering violet silk and old lace, and looked very aristocratic, very elegant. "Horace did tell me," Natalie said, then at a quick warning look from Horace said no more. Mrs. Crandell and Horace kept up a running conversation concerning people and things of which she knew nothing, but she spoke only in monosyllables during the dinner. Tomorrow—Horace and his Mother Play Chess.

BOY SCOUTS TO HOLD CONCLAVE MONDAY NIGHT

Troops will Hold Individual Meeting Throughout City.

Monday evening is the day set for a general convocation of all the Boy Scouts in the city as well as those youths who contemplate joining the various troops. Mr. Hayward Schunater has issued a call and would like to meet the local youths in front of the Elks Temple at 7 o'clock this night. All boys between the ages of 12 to 15 are asked to put in an appearance if they are interested in the movement. The boys of the already organized are also asked to be present as the present troops are to be filled out to a membership of thirty two.

The following places have been designated as meeting quarters for the various troops. Troop One under the supervision of Knaben Erikson meets in the high school building. Troop Two with George Hamill as leader convenes in the K. P. Lodge rooms. The Charcoal Iron Club House will be the rendezvous for Troop Three. Rhodora Montgomery, leader. Edmund LeFave and his Troop 4 will gather in the basement of the St. Francis school.

G. Lundin, A. F. Hall and Crittenden compose the top committee of troop one. Top two, Morley Bryce, Doc Matman and Ira Crawford; top three, Paul Stegman, Jack Kellow, Omer Olson; top four, O'Neill, Chas. Havlichek and Frank Fouchard. Any boy contemplating enlistment are asked to consult any one of the foregoing members. These committees will be bound intimately with their respective organizations, and will guide their activities.

Individual troop meetings will be conducted as follows: After the general meeting Monday evening, troop two will meet with Geo. Hemill at the K. P. Hall; the following evening, troop four will assemble in the place designated for meetings at 7 o'clock. Troop one will meet on Thursday evening in the high school auditorium at 7 o'clock. The purpose of these convocations will be to determine a baseball schedule for the balance of the summer and also to discuss plans for other athletic endeavors. The troop masters urge all their members to be present without fail as the meetings are of vital importance.

Any local youth interested in joining the organization will have an opportunity to consult the scout executive, Mr. Schunater, at the Elks Temple, from 12 to 12 o'clock in the morning. His office in the temple will be opened daily at those hours.

Such meetings as outlined above will be held weekly in order to give various organizations in good working trim so that the camp to be held in August will reveal a smooth working order and A-1 discipline. Local youngsters are manifesting much enthusiasm and it will only be a matter of a short time before Manistique will be represented by a large scout organization.

Phone Lineman Is Buried Here Saturday Morning

The Body of Joseph Bruckmayer, who was the victim of electrocution last Tuesday while at work for the Manistique Telephone company, was laid to rest yesterday morning at Laketown cemetery amid impressive ceremonies and a large concourse of people.

Escorted by the members of the Manistique Fire Department, of which he was a member for the past fourteen years, the body was brought to the St. Francis de Sales church, where a requiem mass was sung over the remains by the pastor, Rev. Fr. Schevers. The church edifice was filled by friends of the deceased, who came to pay their final respects to the popular young man.

The Woodman band filed in procession from the residence on Arbutus avenue to the church and thence to the cemetery, rendering in its march a few solemn and appropriate selections. Many local people entered the line of march in automobiles and the long procession showed the esteem in which he was held in this community. Six members of the fire department acted as pallbearers: Volney Teeple, Lawrence Gorsche, Clyde Hutt, Conrad Thompson, Jno. Burno, and Joseph Carlson. To the surviving widow, father, and immediate relatives, the community extends its sympathy in their hour of bereavement.

Business Men Form Snappy Ball Team

The business men of the city have banded themselves together into a baseball nine and are now on the market for some tussles. Any industrial team seeking a trouncing are asked to communicate with Walter J. Dredahl at the First National Bank. The new organization is composed of several major leaguers, who at one time attained prominence in baseball endeavors. Although many of the regulars bear traces of advanced age and others pack excess avoirdupois, it is the belief of the newly organized team that they can negotiate a victory without difficulty.

The Glaco Baseball Club will furnish the meat in the initial combat for the business men and excitement is running high in their camp, while gloom, it is reported, hangs over the domicile of the Charcoal Boys. The contest is scheduled for next week, and promises to be a heated affair.

Riversides Tally 17 Runs in Seventh

West Side and Riverside ironed out an old feud Thursday afternoon, and the West Side athletes had the requisite punch to pull away from the fray by a 23 to 5 count. The game was a close one until the seventh frame, when the West Side gang collected a total of seventeen runs at the expense of Barnes' offerings. Marine and Shampline worked the guns for the winners. While Barnes brothers worked for the losers.

Dr. Schatzman to Occupy New Office

The offices of Dr. Schatzman, which are now located over the Orr Building on Cedar St., will be transferred to more commodious quarters over the Sven Johnson building on July 1. The entire first floor over the Manistique Light and Power company's store will be used by Dr. Schatzman as an office and living quarters. The move was necessitated because of the small capacity of his present quarters. Dr. Schatzman announces that there will be no interruption of business while the transfer is being made.

New Markers for Crossings Ordered

Chief of Police John Petersen announced yesterday that two more illuminated crossing markers had been ordered by the street department to replace those that were ordered last spring and lost in transit. The original consignment consisted of six markers, and only four of these made their appearance. After a diligent search and much communicating with the manufacturer, it was decided to purchase two more, and should the two missing markers finally arrive they would be returned to the company, after the filling of the new request.

Adolph Johnson, a former resident of the city, but now a carpenter contractor in Chicago, is in the city visiting with friends.

Mrs. Dick Hughson, Mrs. J. B. Gonyea, Mrs. Dan Malloy spent Thursday in Coons picking. Attorney Brown, of St. Ignace, who has been attending circuit court in this city, returned to his home Friday.

The Misses Amanda and Delinda Forrester, of Detroit, arrived in the city Wednesday to attend the funeral services of Joseph Bruckmayer.

Mrs. Gladys Miller left for her home in Detroit Friday morning after a brief visit with relatives in the city.

COMMITTEES ON "4"TH PROGRAM WIND UP WORK

Delta County Prosecutor Is Selected to Give Address.

Committees in charge of various events for the Fourth of July celebration held several informal sessions to determine and outline a program for next Wednesday. Practically all of the numbers have been composed with the exception of the different street events, and at a meeting of the Sports Committee held Thursday evening, a tentative schedule of events was drawn up, and will be presented to the officials of the program at a general convocation to be called within a short time.

The impressive feature of the day will be the parade which will start the festivities of the celebration. It will form at the White Marble Lime Company's office at 8:30 sharp and proceed south on Maple to Oak; from Oak it will wind to Cedar and thence to River; from here it will continue to Deer Street and then to Mackinac avenue, returning to the Soldier's Monument where the oration of the day, and the reading of the Declaration of Independence will take place. The address will be delivered by George W. Carr of Escanaba, Pros. Atty. of Delta county, who is an orator of wide experience. The local committee on speakers considers itself fortunate in obtaining the services of Atty. Carr for this occasion.

The best decorated business or industrial float will be awarded a spot light, the donation of the People's Auto and Tractor Co. A motorist will be given the best decorated automobile by the Cleveland Garage company. Five dollars in cash will be given on the party for the best costume make-up. The largest Scout Troop in formation will be given a cash reward of ten dollars while the best appearing scout will be handed five dollars for his efforts. The camp fire girls with the largest delegation in line will be awarded ten dollars, and the best appearing group, five dollars.

A tentative program of sports has been arranged but a conflict arises as to the time for conducting the events. It is the intention of the committee to place the events in such a wise as not to conflict with the remainder of the program. The different street sports according to present plans will occur immediately after the address on the east side just previous to the morning ball game; a duplicate schedule of sports will run off at 1:30 p. m., on the West Side of the river. After the afternoon ball game, it is the intention of the committee to run a few events, major in character. A series of boxing stunts is also on the card for the evening's entertainment. In outlining this program, the men on the committee have deemed it advisable to eliminate minor events of previous years, and on this occasion select more interesting events and issue larger and more substantial prizes.

Services of the local American Legion band have already been contracted for, and lovers of music will have their fill this year. A supply of fireworks that will keep the attention of Manistique folks for a considerable length of time is expected in the city the latter part of the week. A complete program of the various events of the day will appear in a later edition of the Press.

PERSONALS

Mr. and Mrs. Herbert Smith and children left last night on a three weeks' motor trip through lower Michigan.

The condition of Russell Skelton, who on Wednesday submitted to an operation for removal of tonsils at Escanaba, is reported to be much improved.

Mrs. O. Hansen, Mrs. Arthur Stage of Milwaukee and Mr. and Mrs. Louis Nebel of Sturgeon Bay arrived here Thursday by motor to visit relatives.

Wallace Olson of Detroit, formerly of Gladstone, is visiting relatives here.

The condition of Dwyer Macklin, who is a patient in the Ford hospital at Detroit, is reported to be much improved.

Sealed bids will be received by Mr. E. A. Hubbard, Escanaba, Michigan, on or before the second day of July, 1923, at 3:00 P. M. for furnishing all material and labor to erect and complete the new frame and steel structure building for the First Baptist Church at Escanaba, Michigan. The bids including all the general work according to plans and specifications prepared for same by G. Arntzen, Architect, Escanaba, Michigan.

No Mail Delivery Here July Fourth

Fred R. Griffin, postmaster and sultan of the staff at the Manistique post office announces an off day for the carriers on the Fourth of July. But the postal clerks do not come under this decision, and the result is that the clerks will have to put in a morning's round of work on that day.

No city deliveries will be made July Fourth. The windows in the post office, however, will be opened from 7:30 until 10:00 a. m. and the lobby will be opened to the public until noon. Fred has recently inaugurated the lobby open each Sunday until noon, and this practice has found much favorable comment among Manistique residents who are now enabled to obtain their mail at any time during this period.

New Alarm System for Pumping Plant

The board of public works plans on the installation of an automatic alarm at the new pumping station, and has informed Chas. Underwood, fire chief, to this effect. Independent of any telephone communication, the alarm will be sounded simultaneously with a fire call. The arrangement now in vogue does not seem to satisfy local needs, and the installation of the automatic alarm is expected to prove to be a decided improvement.

"Twilight" Teams In Pennant Row

Dissension is now rife in the camp of local amateur athletic circles. After being swamped by the Lakeside Giants to a tune of 27 to 24 at the Lakeside diamond Thursday afternoon, Rick Hayden's "Hot Pups" are claiming the amateur championship on the grounds that the Giants had failed to live up to their contract by dividing the series of contests, two to be played on the Lakeside diamond, and two on the "Hot Pups" turf. The Giants contend that no agreement had taken effect had not entered prior to the common event of the four game series, and that the contention of Hayden is only a ruse to cover up the "Hot Pups" ignominious defeat. The Giants want these four tilts handled, and maintain that these can be duplicated regardless of the diamond played on.

FISH-McCAULEY WEDDING.

Oriol F. McCauley, of Coons, Mich., and Miss Marjory E. Fish, of Manistique, were linked together in matrimony at the office of Justice McKinney on Wednesday morning. Floyd Olmstead and Miss Marie Tyson attended the couple. After the ceremony, the newly wedded couple left for the home of the bridegroom, where they will reside permanently.

Want All Members at Meeting Monday

One of the most important meetings of the year will be held by members of the Auxiliary, August Mattison post, American Legion, Monday evening at Wassa hall. Matters of deep interest will be transacted and every member is urged to be present.

Daughter Recovers After Operation

Mrs. P. J. Ford and daughter, Dorothy, have returned from a two months' stay in Milwaukee and Green Bay, Miss Dorothy, who submitted to an operation for relief from mastoid at St. Vincent's hospital in Green Bay, is recovering rapidly.

CITY BRIEFS

Mrs. H. L. Mead entertained a number of friends at a bridge-luncheon, Thursday afternoon. Covers were laid for twenty guests. The tables were prettily decorated with field daisies. Mrs. B. Shumate won highest honors at bridge, while the consolation prize was won by Mrs. Roy Banks. Among the out of town guests were Mesdames Roy Banks, George Craver, C. Bissell, S. H. Schumaker of Escanaba and Mrs. B. Shumate of Lebanon, Ohio.

John Lanier returned Thursday evening from a motor trip to Montana.

Mr. and Mrs. George Brusle and daughter, Elizabeth, returned Thursday evening from a motor trip to St. Louis, Mo., where they attended the Riforma convention.

Miss Catherine Hughes of the Soo, is the guest of Miss Mae Wilson of N. Cedar street.

Miss Eunice Wilson and Mr. Sydney Harper of the Canadian Soo, were expected to arrive Friday by motor. Miss Wilson will spend her vacation with Mrs. E. Wilson.

FIRE VICTIMS WILL BE LAID TO REST TODAY

Services for Children To Be Held At Church.

Marked by the utmost pathos will be the services which will be held this afternoon for Vivan, three years old, and Bert and Bertha, eleven months old twins, children of Mr. and Mrs. Gunnar Wickman, victims of the tragedy of Thursday afternoon in which they were burned to death by fire which destroyed the home. The funeral services for the children will be held at the Swedish Lutheran church at 2 o'clock. Mr. Palmer Nestander, student pastor of the Swedish Lutheran church at Escanaba officiating in the absence of the pastor, the Rev. C. E. Olson. Interment will be made in Fernwood cemetery.

The bodies of the infants who were trapped in the burning house were prepared for burial by Swenson Brothers and later taken to the home of Mrs. Nick Segan, 1108 Dakota avenue, as sister of Mrs. Wickman, where they will remain until the time of the funeral this afternoon.

Mrs. Wickman, the mother, who became hysterical when she returned from a neighbor's to find her home in flames, is still in a serious condition and is being cared for at the Segan home. It is not known whether she will be able to attend the funeral services this afternoon.

In addition to the heart-broken parents, the children are survived by two brothers, Alphis, age 12, and Robert, aged 10 and one sister, Gladys, aged 6 years.

The horrible tragedy in which the children lost their lives has been deeply felt not only in Gladstone, but in neighboring towns and the sincere sympathy of an entire community is extended to the parents.

Special meetings of the Odd Fellows and of Kronan Lodge of which the father is a member, were held last night to arrange to offer every assistance possible to the unfortunate family.

COULD HARDLY DO HER WORK

Lydia E. Pinkham's Vegetable Compound Made Her Eat, Sleep and Feel Better Every Day

Chicago, Ill.—"I was weak and run-down and in such a nervous condition that I could hardly do my work. I was tired all the time, and dizzy, and could not sleep and had no appetite. I tried different medicines for years, but they did not help me. Then I read in the papers about Lydia E. Pinkham's Vegetable Compound, and what it had done for other women and gave it a trial. I began to eat better and could sleep, and consider it a wonderful medicine. I recommend it to my friends and will never be without it."—Mrs. M. OHLSEN, 3644 S. Marshfield Ave., Chicago, Ill.

His such letters as these that testify to the value of Lydia E. Pinkham's Vegetable Compound. This woman speaks from the fullness of her best. She describes as correctly as she can her condition, first the symptoms that bothered her the most, and later the disappearance of those symptoms. It is a sincere expression of gratitude.

For nearly fifty years Lydia E. Pinkham's Vegetable Compound has been so praised by women.

Now, a Quick Quaker Oats

Now your grocer has Quaker Oats in two styles. One the kind you have always known—the other is Quick Quaker. Quick Quaker-cooks in from 3 to 5 minutes. And it cooks to perfection. So it is almost like a ready-cooked dish. No other oat flakes on the market cook anywhere near so quickly. The two styles are identical in quality and flavor. Both are flaked from the finest grains only—just the rich, plump, flaxy oats. A bushel of choice oats yields but ten pounds of these delicious flakes. But in Quick Quaker the oats are cut before flaking. They are rolled very thin and partly cooked. So the flakes are smaller and thinner—they are all. And those small, thin flakes cook quickly. Ask for Quick Quaker if you want this style. Your grocer has both. But always get Quaker Oats for their delightful flavor.

YANKEES BEAT ENGLISH STARS

Wimbledon, England, June 29. (By the Associated Press)—"Little Bill" Johnston of California, and young Vincent Richards of New York, today demonstrated before King George and Queen Mary and 20,000 other spectators that tennis, created in England as a pastime, has been developed into a fine art in the United States.

In their match this afternoon to decide which should provide the fifth round of the world's tennis championship tournament, these two masters of the racket from overseas chased each other with such speed and skill; stroked with such marvelous technique; fought so hard and doggedly for precious points, that all the native critics came away stating that never in recent years had such perfect tennis been played upon a court in the British Isles.

Johnston, the older, wiser and livelier, won in straight sets—6-4, 6-3, 7-5—but in each he had to use his arm, his head and his feet to the best of his ability.

Things could be worse. Suppose July Fourth was Christmas and you had to dress as Santa Claus?

GOPHER BOXER POUNDS MATES

Shows Speed Against Herman, Gorman, Delaney and Manley.

Shelby, Mont., June 29. (By the Associated Press)—Tommy Gibbons, St. Paul challenger for the world's heavyweight championship, today entered the final stages of his training with a curtailed, but fast, workout under the rays of a burning sun.

Gibbons' one round bout with Title "Kid" Herman was one of the fastest since he began training here.

Gibbons cut loose with a terrific attack of left and right uperents that stopped Herman's aggressive offensive and beat him backward around the ring. Three times Gibbons walloped Herman with a right to the jaw and poked his left in Herman's face with extreme speed. In fighting he landed effectively with his right.

Lud Gorman, Jimmy Delaney and George Manley were all ineffective against Gibbons. Delaney, fast and skillful, was missing badly in the second round of their two round session. As the second round ended, Tommy had Delaney backed against the ropes using punches to the body.

A. N. Chew of St. Louis was fined \$50 for biting Avery Pickrel. Avery claims he is no fish.
