

24 HOUR BATTLE RAGES NEAR APIZACO

CONGRESS AT A STANDSTILL UNTIL 1924

LITTLE EXPECTED UNTIL AFTER THE HOLIDAYS.

BY DAVID LAWRENCE. (Copyright, 1923, by The Escanaba Press)

Washington, Dec. 16.—Two weeks have gone by but congress is not yet organized.

Not only has no important business been transacted but it begins to look as if it will be after the holiday recess before a start will be made.

For several months there have been predictions that the present congress would flounder around in a sea of insurgency.

The spectacle of a national legislature unable to carry out the supposed mandate of the people at the last elections is such that it may furnish the leading issue at the polls next November when a new congress is elected.

Just Out Of Harmony. Neither party is able at the moment to keep harmony in its ranks though the democrats are in better condition in that respect than their republican opponents.

The spirit of the electorate in the last congressional campaign was to vote "against things." The man in office in both parties suffered. The verdict was generally negative—a continuance of the negative campaigns that have prevailed ever since the war.

If there was an affirmative desire at the 1922 election, nothing has developed thus far in the statements of senators and representatives to indicate that they are conscious of what it was.

Five more ballots were taken by the senate which will resume voting tomorrow with the expectation that the Republican insurgents will give their support to Senator Smith of South Carolina, the ranking Democrat on the committee, this vote with that of the Democrats would result in his election.

The insurgents today supported first Senator Howell, Republican, Nebraska, and then Senator Couzens, Republican, Michigan, who on the last ballot received a total of twelve votes.

Smith held his strength on the second ballot, but Senator Cummins lost two ballots which were transferred to Couzens, whose total was nine. Howell's vote dropped to one.

Two Mere Boys Are Held As Bank Bandits In Detroit

WIFE OF MISSING "OIL KING" DECLARES SHE IS PENNILESS AND IS GOING TO WORK QUICK

PRINCESS Princess Norina Matchabelli has arrived in New York to play a part in "The Miracle." She did not seem perturbed when told that Lady Diana Manners was already in rehearsal for the part of "Madonna," the lead.

Mrs. Koretz Believed Her Husband Was a Millionaire.

(By The Associated Press.) Chicago, Dec. 17.—Mrs. Leo Koretz, wife of the man who, until a few days ago, she thought was a millionaire, appeared before a referee in bankruptcy here today, declared that she was practically penniless and would go to work next month to support herself and two children.

The wife of the head of the fictitious Bayano River Trust company, of Panama, who fled a few days ago after relatives and friends had invested about \$5,000,000 in the "oil bubble," declared she knew nothing of her husband's business dealings.

Going to Boston. Mrs. Koretz said she had received a letter from her husband from New York, December 3, saying he intended to go to Boston. She received a telephone call on December 6 in which he said he would go to Boston the next day.

The search for Koretz continued today to consist principally in running down various reports, most of them proving to be worthless.

Holding Onto Cash. Mrs. Bertha Mayer and Mrs. Etta M. Speyer, relatives of Mrs. Koretz, today refused to turn over \$75,000 given to them by Koretz shortly before his disappearance, and subpoenas ordering their appearance before the grand jury were issued.

Mrs. Sazo Auerbach, wife of a wealthy theatre owner, for whom a grand jury subpoena was issued Saturday, failed to appear today and after a fruitless effort was made to find her, a writ of attachment was issued. At the state's attorney's office it was said she was desired for questioning as to her connection with Koretz's transactions.

SENATE STILL IN DEADLOCK

Five More Ballots Are Taken Without Any Result.

(By The Associated Press.) Washington, Dec. 17.—The deadlock in the senate over the election of an interstate commerce committee chairman continued today but the house perfected its organization by approving its standing committee slates.

Five more ballots were taken by the senate which will resume voting tomorrow with the expectation that the Republican insurgents will give their support to Senator Smith of South Carolina, the ranking Democrat on the committee, this vote with that of the Democrats would result in his election.

The insurgents today supported first Senator Howell, Republican, Nebraska, and then Senator Couzens, Republican, Michigan, who on the last ballot received a total of twelve votes.

Smith held his strength on the second ballot, but Senator Cummins lost two ballots which were transferred to Couzens, whose total was nine. Howell's vote dropped to one.

On the third ballot the vote was Cummins 33; Smith 38; Couzens 11. On the fourth it was Cummins 39; Smith 39; Couzens 11. The fifth ballot—the fourteenth since the deadlock began—found Cummins and Smith again tied with 38 each while Couzens' vote was increased to twelve.

On all of the ballots the Democrats voted solidly for Senator Smith, except Senator Bruce of

Cock Fighters Pay \$50 Fines

(By The Associated Press.) Jackson, Mich., Dec. 17.—William Callaghan, of Jackson, S. H. Montgomery of Pontiac and Edward Robinson, Summit township, appeared in justice court Monday morning and were fined \$50 each for their part in the cock fight which was raided by state officers led by Sergeant Kearney early Sunday morning.

Callaghan, the owner of the building, was given one week to dismantle the place which was admitted by officers to be the most complete and up-to-date it had in many years. A total of 41 birds, four sets of spurs, scales and many other articles used for the successful handling of championship bouts, were confiscated by the officers.

POLICE KEEP DETAILS DARK FOR A REASON

TWO OTHER YOUTHS CLAIMED TO BE IMPLICATED.

(By The Associated Press.) Detroit, Dec. 17.—Two youths who have been held incommunicado by police since their arrest last Friday night have confessed to being members of the quartet which held up a branch of the Detroit Savings Bank, December 4, and have named their two companions, police say.

The pair are Welton Robertson and Paul Ferritt, 24 and 28 years old, respectively. They were arrested in a saloon by a squad from the Bethune Avenue station. On being searched, one dropped a 45-calibre revolver, police say.

Details of their confession were withheld upon orders of Chief of Detectives Edward H. Fox, until the other two are caught.

The amount they obtained was \$755. They also are being questioned in connection with the holdup of the First State Bank in Hamtramck where thugs obtained \$10,990 and another Hamtramck bank held up six weeks ago.

NEW EFFORT TO BRING ON WAYNE BILL

(By The Associated Press.) Lansing, Dec. 17.—An effort to revise the reapportionment issue in the house was launched tonight by Representative C. C. Watson, of St. Clair. He introduced a bill providing for 22 representatives for Wayne. The measure was sent to the apportionment committee. The test will come if the bill is reported out, when it will require a two-thirds vote to suspend the rules for its consideration.

According to Representative Watson, the bill is believed to be constitutional. The attorney general has been asked for an opinion, which probably will be submitted Tuesday. The measure is identical with the Thomas bill, providing 21 representatives for Wayne, which was defeated last week, except that it deprives Livingston county of single representation, and attaches that county to Shiawassee.

Representative John B. Corliss, Jr., of Detroit, tonight defended the members of the lower branch who voted against reapportionment last week. He declared that the bill was unconstitutional, and that he stood with the outstate members rather than with the Wayne delegation because of that fact.

Doctors Testify Fox A Paranoiac

(By The Associated Press.) Atlanta, Ga., Dec. 17.—Dr. Linton C. Smith, a defense witness in the trial of Phillip E. Fox, charged with the slaying of Wm. S. Coburn, an attorney for the Knights of the Ku Klux Klan, testified on cross examination that Klan detectives tried to reach Fox shortly after the slaying in an effort to "keep his mouth shut."

Dr. Smith was one of the three physicians introduced by the defense today in an effort to substantiate its plea that Fox was insane at the time he killed Coburn. The physicians, Dr. Smith, Dr. R. C. Swint, an alienist, and Dr. J. C. King, who said his experience covered 22 years, all declared, in their belief, Fox was in "a paranoiac condition."

Child Swallows Pay for Sleep; Is Seriously Ill

(By The Associated Press.) Saginaw, Mich., Dec. 17.—Elinor, three year old daughter of Mr. and Mrs. Roy Wisner, of Caro, was paid by her parents for consenting to take her "nap" Saturday afternoon. She swallowed a small coin but a 25-cent piece lodged in her throat and it was necessary to take the child to Ann Arbor for an operation Sunday to remove it.

GOITER SURVEY IN MARQUETTE TO START SOON

State Will Learn Prevalence of Disease, Then Fight It.

(By The Associated Press.) Cadillac, Mich., Dec. 17.—The goiter survey of the school pupils in Westport county was begun today, the doctors and nurses from the state department of health working in the Cadillac schools.

The inspection will occupy the entire week, the schedule of rural schools to be visited having been compiled with a view of covering the entire county in the time allotted.

This survey is being made in four counties of the state, in an effort to ascertain the prevalence in Michigan of enlarged and diseased thyroid glands. The four counties selected for the survey, scattered over the state, are: Marquette, Macomb, Westport and Midland.

Michigan has a high percentage of goiter because of the deficiency of iodine in the water, it is stated, and the results of the survey will be used as a basis for determining corrective measures to be employed in the entire state.

Rum Fleet Is Being Split Up On East Coast

(By The Associated Press.) Highlands, N. J., Dec. 17.—Riddled by the activities of prohibition agents the New Jersey coast rum fleet today consisted of only seven vessels one a steamer. Rum row suddenly was reduced from more than a score of vessels when smugglers, harassed by revenue cutters, scattered to other point. The seven vessels were well outside the 12-mile limit.

The rum fleet for several days has been patrolled by two coast guard cutters, making it almost impossible for small craft to escape from the row with liquor. All the smuggling has not been stopped, however, and at least one cargo was landed today and two small vessels awaited darkness to make their dash for the shore.

The fleet of Jones Inlet also appeared much smaller than usual.

Former Kaiser Is Vindicated

(By The Associated Press.) Dortmund, Germany, Dec. 17.—A verdict has been rendered in favor of the former German emperor William in a libel suit instituted against the editor-in-chief of the General Anzeiger, Herr Con Der Heydt, for having published a story, different versions of which appeared abroad long ago, that the kaiser in 1895 caused the suicide of Lieutenant Von Hahnke, a young officer attached to the imperial yacht Hohenzollern. A fine of 300 gold marks was imposed.

Washington In Tabloid

(By The Associated Press.) Russia's new bid for recognition reached the White House and was referred to the state department.

The eligibility of Chairman Farley to serve on the shipping board was questioned by a number of senators.

Reinstatement of dismissed bureau of engraving employees was predicted by Senator Caraway, Democrat, Arkansas.

Plans were begun for hearing the contest against Senator Mayfield, Democrat, Texas, by the senate elections committee.

FRANCE KICKS ON REQUESTS FOR BIG LOAN

DECLARES PRICE OF FOOD IS GERMANY'S TROUBLE.

(By The Associated Press.) Berlin, Dec. 17.—The texts of the notes exchanged between M. Poincare and Herr Von Hoesech, German charge d'affaires at Paris, were published tonight. To them the semi-official agency appends the statement that the German government, noting France's readiness in principle to enter into discussions, will immediately put forward further detailed proposals regarding the re-establishment of German authority in the occupied regions and communication with the unoccupied territories, so that normalcy in the Rhine and the Ruhr may be restored in the promptest manner possible.

Germany disclaims any desire to encroach on the treaty of Versailles, and the hope is expressed that the discussions may ultimately lead to a final settlement in the Ruhr and Rhine controversy.

GERMANY ASKS LOAN

Paris, Dec. 17.—Germany's request for authority to pledge the resources of the Reich as guarantee for a loan on \$50,000,000 to \$70,000,000 with which to buy grain and fats abroad was delivered in written form to the reparation commission today.

It received little support in French official circles, where it was declared there was no conclusive evidence that food was lacking in Germany. It was remarked that the manifestations in Germany had been provoked not by a dearth of staples, but by the inability of a great proportion of the population to pay the prices demanded by the holders of foodstuffs.

Russia Bids For U. S. Friendship

(By The Associated Press.) Moscow, Dec. 17.—Foreign Minister Tchetcherin's note asking resumption of friendly relations between Russia and America presents the first instance of a member of the soviet government directly addressing the president of the United States.

Once in 1921 the soviet central executive committee sent a communication to the American congress, but previous communications have been sent to the secretary of state.

It appears that the Moscow government is really hopeful of receiving an answer to the present offer. M. Tchetcherin's note is understood to mean exactly what it says, that "the soviet government is ready to do all in its power so far as the dignity and interests of its country permit, to bring about friendship with the United States."

FRANCE KICKS ON REQUESTS FOR BIG LOAN

(By The Associated Press.) Paris, Dec. 17.—The French senate today adopted the measures authorizing advances of 400,000,000 francs to Poland and 300,000,000 to Jugoslavia.

The measures were previously approved by the chamber of deputies.

An elaborate supper is always served by the Russians on Christmas Eve. After the supper the children sing Christmas carols from door to door, carrying five-pointed Bethlehem stars set on long sticks.

M'Adoo Decides His Hat Is Now In "The Ring"

(By The Associated Press.) Los Angeles, Calif., Dec. 17.—William Gibbs M'Adoo, wartime director of the American railroads, tonight formally announced his candidacy for the Democratic presidential nomination in a telegram to W. W. Hoves, Democratic state chairman, Pierre, South Dakota.

Mr. M'Adoo's formal acceptance of the platform adopted by the Democratic proposal convention already is in the mail enroute to Pierre.

HI WILL RUN AS AN INDEPENDENT

Insists On Name Going On South Dakota Ballot.

(By The Associated Press.) Washington, Dec. 17.—The name of Senator Johnson of California, for the Republican nomination for president will be placed on the ballot in the South Dakota primary of that party in the independent column, the California senator said late today when informed of the decision of the supreme court of South Dakota under which the use of his name in the Republican minority column is prohibited.

Confidence was expressed by Senator Johnson in the action the Republican voters would take in their choice of delegates to the Cleveland convention.

Senator Horebeck of South Dakota, who will head the Johnson list of delegates, at the same time declared the decision of the court favored rather than injured the position of the California senator and was a minority technicality so far as Senator Johnson was concerned.

Both senators Johnson and Horebeck asserted that the only result of the court decision would be to change the position on the ballot of the Johnson ticket, placing the latter's name in the independent instead of the minority column.

There are three columns on the Republican ballot in South Dakota, the majority, the minority and the independent," said Senator Johnson in a statement.

"The majority column was given to Mr. Coolidge. I sought by petition of delegates to go into the second or minority column. For some technicality of the law, which I do not at this time understand, this was denied. I now will go into the third column. At any rate I don't think our opponents can keep me off the ballot and I am very confident of what the electors will do at the primary."

\$375,000 FIRE DAMAGE FROM ALCOHOL BLAST

(By The Associated Press.) Pittsburgh, Pa., Dec. 17.—An explosion of alcohol in the building occupied by the Edliss Barber Supply Company in the downtown business district this afternoon took fire apparatus from that district to Second avenue and Smithfield street. The fire spread to two adjoining buildings where it was brought under control.

Estimates given fire department officials placed the total damage at \$375,000. The Edliss company estimated its loss at \$300,000. An Army and Navy goods store was damaged to the extent of \$40,000 and the American Brewers' Supply Company placed its loss at \$35,000.

German Unemployed Seeking for Relief

(By The Associated Press.) Magdeburg, Saxony, Dec. 17.—Unemployed persons have started a movement here against "double-earners" and the ministry of labor has asked employers not to employ persons who already have one job and to dismiss as far as possible those who are working in two places. Where wives are employed in government bureaus and have husbands who are earning wages the government departments are asked to dismiss the wives so as to give unemployed men a chance.

FIGHTING IS REPORTED IN MANY AREAS

MEXICAN SITUATION MIXED AND RATHER UNCERTAIN.

(By The Associated Press.) Vera Cruz, Dec. 17.—A battle has been raging all day for the possession of Arriaga, a highway the revolutionary forces commanded by Generals Maycotte and Villareal and the troops of President Obregon, reinforced by men under the command of General Eugenio Martinez, according to an announcement made by revolutionary headquarters here tonight.

Nothing is known here as yet as to the trend of the battle. Reinforcements have been dispatched from Vera Cruz to the aid of the rebels.

Fighting also is proceeding at San Marcos, the railroad junction to the east of Apizaco, where three military trainloads of Obregon troops began an offensive against the revolutionary column of General Villanueva. Rebel reinforcements have been ordered from Esperanza and San Andres to San Marcos, where they are expected to arrive tomorrow morning.

TAMPIO TRANQUIL

(By The Associated Press.) Tampico, Mexico, Dec. 17.—The situation here and in this vicinity is tranquil. A rumor was in circulation here yesterday that Tuxpan had gone over to the rebels, but it was stated today this was untrue. A telegram received from the commander of the garrison at Tuxpan said there had been no new developments in the situation; that the entire oil region was under control of federal forces loyal to President Obregon. The dispatch added that the drilling of oil wells was continuing actively.

Federal troops are continuing their pursuit of Cesar Lopez de Lara, former governor of the state of Tamaulipas, who several days ago joined the rebel movement. The rebels yesterday entered the town of Jiminez, in the state of Tamaulipas, about 125 miles northwest of Tampico. Pursuit of them is being hampered by lack of communication in that region.

Volunteers to the number of 1,000 were armed here today and sworn in by the chief of the garrison to guard Tampico in case the garrison should be called upon to leave for the battle front.

Yank To Preside Over Special Body

(By The Associated Press.) Paris, Dec. 17.—One of three Americans, Frank Whitlock, former ambassador to Belgium, Charles D. Warren, ex-ambassador to Japan, or Norman H. Davis, former assistant secretary of state, will be asked to preside over the special commission which is to be created by the league of nations to inaugurate a new and independent inquiry into the controversy over the port of Memel on the Baltic Sea. This was decided tonight at a private meeting of the council of the league.

Bandit Gets Away With \$1,000 From West Virginia Bank

(By The Associated Press.) Bluefield, W. Va., Dec. 17.—A bandit entered the Bank of Pocahontas at Pocahontas, Va., ten miles west of here today, held up the assistant cashier, and escaped in an automobile with \$1,000. A posse of special officers later found the automobile three miles away along a mountain road and continued the search into the mountains.

WEATHER

(By The Associated Press.) UPPER MICHIGAN.—Mostly cloudy Tuesday and Wednesday, probably light rain or snow; warmer east portion Tuesday. UPPER LAKES.—Lakes Michigan and Huron moderate and variable winds; partly overcast. Temperatures At 8 P. M. Alpena — 28 Marquette — 32 Atlantic City 38 Memphis Hat 44 Boston — 34 Memphis — 62 Buffalo — 30 Milwaukee — 40 Chicago — 46 Minneapolis — 40 Cleveland — 36 Montreal — 34 Denver — 40 New Orleans 60 Detroit — 38 New York — 50 Duluth — 32 Port Arthur — 50 Escanaba — 32 Saginaw — 50 Galveston — 52 St. Louis — 54 Grand Rapids 38 Salt Lake — 50 Jacksonville. 60 S'n Francisco 60 Kansas City. 52 Soo, Mich. — 30 Los Angeles. 70 Tampa — 60 Louisville — 48 Washington — 50 Lexington — 32 W'ashingt — 50

6 Days to Christmas

Special Session Of Legislature Nearly A Total Loss

D. U. R. CLAIMS BUSES BLEED THEM "WHITE"

Submit Plans for Increasing Fare Rates On Interurbans.

(By The Associated Press.)
Lansing, Mich., Dec. 17.—The state public utilities commission today adjourned hearings of the petition on the Detroit United Railway for permission to advance rates on all its interurban lines from two to 2 1/2 cents a mile, effective next Friday. In the meantime representatives of the cities and villages tapped by the system will meet with officials of the D. U. R. to discuss a proposed commission plan which will permit factory workers and others who are daily riders to benefit by low fare commutation strips.

At today's session, which was attended by attorneys from many points on the interurban lines, Scott G. Stevenson, president of the D. U. R., declared that while the company is asking increased interurban rates it is making every effort to afford special rates for daily riders. His plan, he said, is to provide reduced fare tickets which may be used between designated points. He suggested that tickets good for ten rides are daily riders to benefit by low fare commutation strips.

Being "Bled White".
The D. U. R. president declared that the motor buses are "bleeding us white". He asserted that the D. U. R. has been forced to increase fares by the interurban carriers. They run over roads developed by the interurbans and territory made populous largely by the interurbans, he argued. The motor vehicle carriers make money, he declared, by overloading 200 percent.

When the time comes that the motor carriers must consider public safety, it will be proven that they cannot carry passengers as cheaply as we can," he stated. Mr. Stevenson said that the D. U. R. has been losing money at the rate of \$150,000 a month on its interurbans for the last six months. If the fare increases, he stated, he would like the company \$500,000 a year, and the price of equipment and material has advanced.

Proposed Schedule.
The D. U. R. presented schedules purporting to show that a 2 1/2 cent fare on all lines is necessary to make the company a seven percent return on its valuation. It protested the valuation set by the Froehlich and Emery appraisers, claiming that increased price levels and other items should bring it up about \$3,500,000. The valuations set by the appraisal firm are as follows for the interurbans: Flint division, including Royal Oak and Highland Park, \$2,864,123; Pontiac division, \$3,447,782; Wyandotte division, \$1,073,338; Rapid Railway, \$6,744,803; Detroit, Monroe and Toledo street line, \$5,236,435; Detroit, Jackson and Chicago, \$4,408,804.

The company claims that its present two cent rate of fare returns it only \$351,534, without including any return on investment or stock. A 2 1/2 cent fare, it was set forth, would return \$1,436,452 or \$1,084,918 in excess of a seven percent return on the valuation.

John Farley, city attorney of Flint, suggested that future local hearings be held by the commission, to consider local service. He declared that the service on the Flint division is poor, and that it should be taken into consideration when rates are fixed.

BLAME IT ON VOLSTEAD.
The color blooms on woman's cheek no less than fifteen cents a week for a man, as price new goes, is cost a lot to paint a nose.

SHOPLIFTERS GETTING BUSY IN THE CITIES

Three Girls and Two Are Men Caught Yesterday

(By The Associated Press.)
Detroit, Dec. 17.—Three girls and two men shoplifters who pleaded guilty on arraignment before Judge William M. Heston, recorder's court, today formed the largest batch brought to trial in a single day and indicates that, as Christmas approaches, the downtown department stores are increasingly beset, according to court officials. Purse snatchers also are reported to infest the stores, police say.

Three young girls, arrested in a store as they were attempting to carry away merchandise valued at \$145, told Judge Heston their earnings were insufficient to enable them to purchase gifts for their parents and relatives. One of them said she wished to please her sweetheart with a present which she was not in a position to buy.

They were referred to the probation department for investigation until December 21, when a report will be submitted to the court and final disposition of their cases made.

Chester Halm, 20, brought in on a charge of shoplifting, pleaded guilty and was remanded for sentence. Private detective arrested him walking out of a store with two aprons and two pair of baby shoes.

Frank Miller, 22 years old, 1224 Brush street, one time member of the Detroit police force, pleaded guilty to a charge of stealing eight pairs of socks. He was sentenced to 90 days in the house of correction.

Yep, Magnus Has a Boss, And He Minds Her, Too

Washington, Dec. 17.—Yes, Magnus Johnson has a boss! All through his strenuous campaign days, Minnesota's new dirt farmer senator, denied the bosses held any sway over him.

But now he admits there is one person in all the world from whom he has to take orders. And that is his wife.

"But she's the only boss I've had since I quit glass blowing," says Magnus apologetically. "And she is the best boss any fellow ever had."

Mrs. Johnson, now comfortably settled in her new home in Tacoma Park, admits she doesn't look upon her stay in Washington with the same anticipation most women would.

"You know," she declares, "I wouldn't consent to come here at

All Signs Fail When Dry Sleuth Meets Dry Sleuth

Members Back But Still In Same Temper

(By The Associated Press.)
Detroit, Dec. 17.—Two prohibition officers from the office of James R. Davis, federal prohibition director for Michigan, today were arrested by two other federal officers who did not know them and charged with the violation of the prohibition law.

The officers had made arrangements to purchase a case of whiskey from Herbert Harris, today and had just consummated the deal when two new federal men stepped up and placed the trio under arrest.

In vain the victims protested they were federal agents. The captors were skeptical. Finally all went before Director Davis, who ordered the release of the two and congratulated all four for their vigilance. Harris is held on the charge of violating the prohibition law.

CRIME WAVE IN NEW YORK IS RESUMED

Acting Mayor Organizing Civilians To Fight

(By The Associated Press.)
New York, Dec. 17.—On the heels of two daring robberies, Acting Mayor Hulbert today announced the organization of a civic committee to direct a campaign against bandits.

The acting mayor named on his committee Representatives of various courts, police department, district attorneys office, and other municipal departments. He said he hoped to bring closer cooperation by holding frequent meetings of the committee for the discussion of the crime problem.

Crime activities began early today when yegmen bound and gagged a watchman, bored a safe in the offices of the Rivoli Theatre, one of Broadway's largest motion picture houses, and escaped with the Sunday receipts believed to have been more than \$6,000. It was thought the yegmen hid in the theatre after the last show last night and waited until all employees but the watchman had gone.

Bandits later today struck down Hyman Davidowitz, restaurant keeper, in Grand street and robbed him of \$3,500.

Police Commissioner Enright today returned from his vacation in Bermuda.

Perronville Boy Sustains Double Fracture Of Hip

Michael Devine of Perronville was brought to St. Francis hospital Sunday evening, suffering from a broken hip sustained as he was skating near his home Sunday forenoon. Mr. Devine had just recently recovered from an operation for appendicitis and was taking some light exercise when he fell in such a manner that a compound fracture of the hip resulted. He was hurried to this city and although suffering intensely, is reported to be resting as easily as the circumstances could be expected to permit.

all until Magnus promised he would get me a cow and some chickens and not insist on me going to receptions and other parties senator's wives usually are eager to attend."

Mrs. Johnson, though, is a close student of political affairs. There never is a question that will affect the mothers of the country, or the women voters as a whole, upon which she isn't versed.

MEMBERS BACK BUT STILL IN SAME TEMPER

Adjournment Is Fully Expected Within 48 Hours.

(By The Associated Press.)
Lansing, Mich., Dec. 17.—Members of the majority group in the legislature returned here for their session tonight professing no hope of anything but adjournment. They declared that the sentiment has not changed over the week-end and that any attempt to suspend the rules to re-open the house reapportionment issue will be fruitless.

The lower branch will probably consider the senate apportionment bill before it Tuesday. The measure now provides seven senators for Wayne. A substitute may be offered proposing eight. Whether the house will pass the substitute it conjecture. It is generally predicted that the outstate majority will vote against it, but if they do swing to the eye column, it is claimed, it will be only for the purpose of sending the bill back to the senate, where it is virtually certain it will be killed.

Discuss Referendum Measure.
The only hope, apparently, of the assembly producing any legislation lies in a proposal that is being considered by some house members to attempt the passage of a referendum measure which would submit the reapportionment problem to the voters. So far the movement has not sufficient impetus to bring it up for a record vote, but there is a chance that it may grow.

Hopes that the governor will submit a supplemental message opening the way to the consideration of highway finances were about abandoned. The general guess was that the assembly will adjourn Tuesday or Wednesday and that reapportionment is virtually a dead issue unless life is breathed into the referendum proposal.

Lines Still Drawn.
The Wayne-outstate fight which has been to the fore since this session started, was as prominent as ever when the members returned. The outstaters were expressing open resentment at what they call the campaign pushed by Wayne to compel the passage of an unconstitutional measure. The Wayne members, on the other hand, assert that the measure the house defeated was constitutional, and that the assembly deliberately disregarded the constitution. The conflict, if anything, appears to be drawing the lines tighter and dispelling all chances of a break in the deadlock.

CREAM SHEET SHOWS PROFIT

The profitability of dairying is further exemplified by the cream sheet of H. J. Goemmer, a patron of the Jerome (Idaho) Co-operative creamery. The detailed statement showed that during the month of September this man marketed 163.57 pounds of sweet cream and 78.19 pounds of first grade (sour) cream at the creamery. For the sweet cream he was paid 47 cents a pound or \$76.87. For the first grade he received 43 cents a pound, or \$41.43. This makes a total of \$118.30, the income from six Holstein cows, or \$18.39 per cow per month from the cream as marketed. Had the cream all been sweet, Mr. Goemmer would have received four cents per pound more on 78.19 pounds or approximately \$3.00, which would have boosted the monthly return per cow over \$20. In addition, some of the milk from these cows was used on the farm.

During the month Mr. Goemmer fed his cows each eight pounds of grain a day. This at \$1.10 a hundred pounds is \$2.64 per cow for 30 days. During this particular month the cows ran on stubble pasture—alfalfa and grain fields and consumed feed of little value. Had they been fed on hay instead Mr. Goemmer figures that the feed cost for each cow would cost \$3 more, which when added to the cost of feed, or taken from the returns, leaves a profit of \$14.56 per cow over cost of feed.

What does this \$14.56 represent? Is it Mr. Goemmer's profit on the \$2.64 worth of grain which he may have bought, or is it the profit he received on the half ton of hay which he fed, or is it the same as \$35.12 per ton for his hay, or is it his pay for milking one cow one month, or is it for marketing the cream?

Hi Johnson Name Can't Be Filed In South Dakota

(By The Associated Press.)
Pierre, S. D., Dec. 17.—The South Dakota supreme court today upheld the contention of Howard G. Fuller that all further filings in the Republican minority column of the primary ballot in South Dakota be prohibited, and refused to allow the name of Hiram Johnson to be filed as a minority candidate for president

America's Farm Crops Increase Nearly Billion Dollars In 1923

Washington, Dec. 17—Larger acre yields and better prices generally of most of the important farm crops of the country, combined with an increase of about 600,000 acres in the aggregate planted area, lifted the total value of this year's crops \$772,891,000 above last year. Value of this year's crops was placed at \$8,322,695,000 today by the department of agriculture in its final crop report of the year. The values were based on the farm price of the crops on December 1.

Corn is the nation's most valuable crop with a total value of \$2,222,013,000. Cotton ranks second with an aggregate value of \$1,768,885,000, the value of the lint being \$1,563,347,000 and of cotton seed \$205,538,000. Hay was the only other crop whose value exceeded a billion dollars, its total being \$1,390,967,000.

Production figures, revised on the basis of the latest and fullest information available, and the value, based on December 1 farm prices, for the principal crops follow:
Corn: Production 3,054,395,000 bushels and valued \$2,222,013,000.
Winter wheat: 572,340,000 and \$543,825,000.
Spring wheat: 213,401,000 and \$181,676,000.
All wheat: 785,741,000 and \$725,501,000.
Oats: 1,299,823,000 and \$539,253,000.
Barley: 198,185,000 and \$106,955,000.
Rye: 63,023,000 and \$40,804,000.
Buckwheat: 13,920,000 and \$12,984,000.
Potatoes: 412,392,000 and \$339,322,000.
Sweet Potatoes: 97,177,000 and \$95,091,000.
Hay (time): 89,098,000 tons and \$1,253,364,000.
Hay (wild): 17,528,000 and \$137,603,000.
All hay: 106,626,000 and \$1,390,967,000.
Clover seed: 1,233,000 bushels and \$15,027,000.
Sugar beets: 6,893,000 tons and \$49,890,000.
Beet sugar: 884,000 tons. (Value not given).
Maple sugar and syrup: 33,533,000 pounds and \$7,780,000.
Beans: 15,740,000 bushels and \$57,480,000.
Onions: 16,318,000 bushels and \$22,011,000.
Cabbage: 740,000 tons and \$17,183,000.
Apples: (total) 196,770,000 bushels and \$201,110,000.
Apples: (commercial) 34,403,000 barrels and \$95,979,000.
Peaches: 45,702,000 bushels and \$64,043,000.
Pears: 17,390,000 bushels and \$21,050,000.
Beans, onions and cabbage are for principal producting states only, and onions and cabbage for commercial crop only.

GOVERNOR MAY SEND MESSAGE Depends On Whether There's Chance To Do Business.
(By The Associated Press.)
Detroit, Dec. 17.—Governor Alex J. Groesbeck tonight said that if the legislature settles down and indicates that there are prospects of some business being done at the present special session, he will ask in a special message that a law be enacted to give some state department definite and comprehensive control over operations of mortgage and finance concerns and private banks.

This statement of the governor was prompted by the circuit court injunction issued earlier in the day, preventing the Detroit Mortgage Corporation from disposing of any of its assets pending a review of its operations, as asked by a group of stockholders who, in their petition, stated that the value of the corporation has depreciated several hundreds of thousands of dollars.

Busy For Weeks.
For weeks representatives of the state department of banking and insurance have been in Detroit checking operations of finance and mortgage houses as a result of an order of the state administrative board issued last September. The checking has included affairs of the Detroit Mortgage Corporation, but Hugh A. McPherson, state banking and insurance commissioner, tonight said that he did not know what had been disclosed, as he had not received a report from his agents on their work on the books of this concern.

The action of the state administrative board in ordering an examination of all finance and mortgage firms in the state was a direct result of a report to that body by H. N. Duff, executive secretary of the state securities commission, who said that some irregularities in the operations of some finance and mortgage concerns had come to his attention. He pointed out that these concerns, having sold their capital stock, were not under the jurisdiction of his department, and that the securities commission had no control of their operations. There also was a doubt, he said, as to the extent of the control of the banking and insurance department.

Lost In Shuffle.
At the last session of the legislature, a year ago, a bill providing for more rapid control over the operations of firms of this nature was introduced, but it failed of passage as a result of becoming "lost" in the last minute jam of law making.

The temporary restraining order granted by Judge Harry J. Dingman in circuit court was the result of a petition filed by the following stock holders of the Detroit Mortgage Corporation: Ernest E. Gross, Carl O. Gross, Moore Kelley and Edwin Rodd, of Detroit, who charge that \$5,000,000 in assets of the corporation are in danger and that the value of the concern has been reduced to \$300,000.

THREE PERSONS HELD PENDING MURDER PROBE

(By The Associated Press.)
Detroit, Dec. 17.—The "wife" of Thomas Brennan, whose body was found Saturday on Grosse Ile, his former landlady, and a neighbor were arrested by Sheriff George A. Walters late Monday and held for investigation in connection with the alleged killing.

Walters asserts that among the three he expects to find at least one who was present when the man was killed. Meanwhile, he is checking up on the movements of an automobile which has changed hands three times in recent months, and the driver of which aroused the suspicions of neighbors in the vicinity of the Brennan home Monday.

The three prisoners are: Mrs. Charles Hammond, who at first said she was Brennan's wife, but who later admitted that she left a husband in Baltimore in 1917 to live with Brennan.
Mrs. Ella Connors, 34 years old, at whose home Brennan lived for several months last summer.
John Hoey, a neighbor with whom Brennan quarrelled and whom he is alleged to have hit on the head with a hammer.
Samuel Hanford, toll keeper on the bridge to Grosse Ile, who said he saw Brennan, another man and a woman cross to the island shortly before the murder, and only the man and the woman return, will be called by Walters Tuesday to view the three prisoners.

Adventure and romance in the West of '49

The GIRL OF THE GOLDEN WEST

DAVID BELASCO'S Great Stage Success

Here is drama—real drama that grips and fires with its adventure and thrills.

The vehicle that is immortal in opera, literature and stage, lives again with its breathless moments, tense with the drama and beauty of a golden girl's struggle. It calls out to your heart as the golden West did to the '49ers.

COOLIDGE HAS A BIG LEAD SOCIAL

At The Coliseum.
Skating at the Coliseum rink Sunday evening was enjoyed by a nice sized crowd. The management is preparing for the Christmas week festivities which will open Thursday evening with a "Lucky Foot" party. The rink will be appropriately decorated and on Christmas night there will be a big Christmas tree.

Roof Fire At Flath Home Does Minor Damage

Fire at the home of Mrs. William Flath, 208 Ninth street, called out the department shortly after 2 o'clock yesterday afternoon and due to the timely arrival, a bad fire was averted. Sparks from a chimney had ignited the roof which had gotten quite a nice start when noticed by a young man working at the St. Jacques grocery. Mrs. Flath was alone at the time and did not know of the fire. Chemicals were used in extinguishing the blaze and only minor damage was done to the roof.

SCOTT'S EMULSION

Only a few more shopping months before light underwear.

Meet Him With a Smile and a Pair of Comfys

WHEN a man comes home tired and worn-out, what a cheering welcome for you to meet him right at the door, with a pair of warm, snug slippers to rest his tired feet. And if they are real Daniel Green Comfys, he will get twice the pleasure out of them. Daniel Green Comfys keep their good looks and trim, snug fit, long after ordinary felt slippers become worn and shapeless.

People are getting more particular about their lazy-hour slippers. That's why we carry such a complete line of the well-known Daniel Green make, for the entire family. Cumming little slippers and boots for the children, quiet, dignified styles for the men, and some beautiful designs in felt, and other fine materials for the woman who likes a touch of daintiness in her negligé appointments.

You must see these slippers, to realize how attractive they are. Won't you ask about them the next time you come in?

Can We Be of Service?

The so-called accessories used on automobiles are not only ornamental but serve a definite purpose. By their use the car owner is able to drive with more safety and comfort and with less trouble.

A driver, on a trip, wonders if his motor is heating. He stops to examine his oil, water and fan belt. This delays his oil and is a source of constant worry.

The simple installation of a Moto Meter will overcome this particular trouble for he can then tell, at a glance, whether or not his motor is running normal.

Give A Moto Meter for Christmas.

STRAND PARTY FOR "KIDDIES" IS DIFFERENT

Admission Will Be A Gift For Some Other Kiddie

Manager L. J. Jacobs of the Strand theatre has hit upon a most happy form of expressing the real Christmas spirit—something that may be termed as a real, sure-fire charity, which at the same time brings as much pleasure to the donor as to the recipient. This is an enterprise in which everybody who participates is made happy.

Here is what is going to happen: Next Saturday morning two pictures are to be shown at the Strand theatre—one at 10 o'clock and one at 11 o'clock. Admission is to be on a basis of potatoes, or eggs, or oranges, or shoes or clothing—in fact, anything that will be a suitable gift in itself, or will go to make up a suitable gift.

Every little boy or girl who comes to the Strand with some food or clothing, or shoes, or anything will be admitted to see a special picture—something selected especially for the Christmas season and there is absolutely no other charge. Mr. Jacobs will take the accumulations of eggs, potatoes, oranges, poultry, clothing, or whatever it may be, and turn it over to the Salvation Army to be distributed by that organization to the worthy poor on its list.

The idea is novel and should prove most attractive. Parents are requested to get the youngsters ready to send them down town with some portion of a Christmas dinner, or some toy or book or some article of clothing that can be used as a gift for some poor family. Let the little ones catch the spirit of helpfulness through this novel manner of giving, and at the same time they can see a delightful and entertaining picture specially selected for them.

There will be but two shows—one at 10 o'clock and one at 11 o'clock. The price of admission is something that will appeal to the boys and girls of this city, once they understand that it is to be used to make some other boy or girl happy, and it is anticipated that parents will make a special point of seeing that their healthy, hearty, well-fed, well-clothed youngsters become imbued with the sense of civic responsibility by beginning early in life to learn how to contribute to the general welfare, and finding just what real charity means.

It undoubtedly will be one of the largest and most enjoyable children's parties ever staged in the city for a similar cause and Mr. Jacobs' idea is something that will attract city wide comment.

DRIVE TO SWAT GOITRE NEARS

Mass Meeting to Be Held At High School on Wednesday.

Plans for a campaign to combat the prevalence of goitre in the schools of Escanaba, will be announced Wednesday night, at the high school, when parents of children of all of the Escanaba public and parochial schools, will hear addresses by a half-dozen members of the medical profession. The public in general is urged to attend.

The addresses will tell something of the need for waging war on goitre, some concrete facts about conditions here, and the best manner in which to carry on the fight.

Physicians who will speak include: Dr. H. J. Defnet, city health commissioner, Dr. A. S. Kitchen, Dr. George W. Bartley, Dr. A. F. Snyder, Dr. J. J. Walsh.

Grand Rapids Plan.
Grand Rapids has undertaken a similar campaign, with exceptionally gratifying results, according to a summary of the work there issued by the school authorities.

It follows:
"In view of the prevalence of enlargement of the thyroid, the health department of the city of Grand Rapids, with the consent and approval of the Kent County Medical Society, has undertaken the prevention of goiter among the school children. This consists in the giving of ten milligrams of iodine weekly for forty weeks throughout the school year. No child has been given treatment without the written consent of its parents. The iodine is given by the school nurse in the form of a chocolate confection made by one of the large pharmaceutical houses.

"1. The general prevalence of enlargement of the thyroid gland among the school children of Grand Rapids was not appreciated. Upon examination, 30 per cent of the children were found to have enlargement of the thyroid gland.

"2. The prevalence of thyroid enlargement among boys is much greater than is generally supposed.

"3. There is a gradual increase in the number of enlargements from five to fifteen years, the largest number being found at fifteen years.

"4. Enlargement of the thyroid gland is twice as common among girls as among boys in Grand Rapids.

"5. The incidence of thyroid enlargement among the girls as compared with the boys is greater

over ten years of age than it is below that age.
Parents Cooperated.
"The health department of Grand Rapids feels that goiter prevention is a public health measure; that as being of interest to the general public health, it can therefore best be taken care of by public health officials, through the organization of public school nurses and physicians. The Kent County Medical Society shares and approves this view. Consequently, the school children of Grand Rapids are at present being given tablets containing iodine with these preventive measures in view.

"There has been a general and widespread interest in this campaign to prevent goiter. Parents have shown a greater interest in the attempt to prevent enlargement of the thyroid gland than in any of numerous other health activities.

"We have found that enlargement of the thyroid is twice as prevalent among girls as compared with boys, but it should be stated that the moderate and the marked enlargements are probably in about the ratio of six or eight to one as compared with boys. The slight enlargements, which were so common among boys as to bring their total incidence to approximately 50 per cent that of the girls, are the enlargements generally overlooked. We believe that this failure to discover the slight thyroid enlargement among the boys is the reason for the prevailing erroneous opinion that simple goiter is about eight times as prevalent among females as among males.

ESCANABA LAD IS DRUM MAJOR IN M. A. C. BAND

East Lansing, Dec. 17.—C. L. Davis of Escanaba, is a member of the famous military band at the Michigan Agricultural College this year. The M. A. C. band has won a national reputation as one of the leading musical organizations in the country, and the winning of a place in its ranks is considered a high honor. There are nearly 75 pieces in the band this year.

Appearing frequently in concert work, in parades, at athletic contests, and at various general meetings, the college band is active throughout the entire year. Its members win many long trips with football and other athletic teams.

Make Annual Tour.
Last spring, during the vacation between terms, the college band made a tour of the eastern side of the state, appearing at Saginaw, Bay City, Pontiac, Midland and other places. Plans are now under way for such a trip to be made during this spring vacation, probably along the west side of the state this year.

While the band plays at general college and outside affairs, it

STORES PACKED WITH SHOPPERS

Escanaba Retailers in Midst of Record Christmas Season.

Escanaba's retail stores, open last night for the convenience of Christmas shoppers, reported an exceptional volume of business. The holiday buying, which thus far has been brisk and steadily increasing, is expected to continue to grow throughout the week. All of the stores will continue to keep their doors open at night until Christmas.

Dealers in toys and novelty lines reported yesterday that their sales this year undoubtedly would surpass those of last year, and there was the word from those who are offering staple lines of merchandise that the demand for "useful" gifts also has shown a marked increase. These two estimates undoubtedly mean that Escanaba is in the midst of one of its best and most prosperous Christmas seasons.

Throughout the day, "auto-shoppers," favored by the excellent condition of the roads, came in from long distances to take advantage of the complete lines offered in the Escanaba stores. Local trains in and out of the city were crowded and the Escanaba Traction Company's interurban cars were filled from early morning until a late hour last night.

Stocks Complete.
Anticipating the heavy sales which have developed, the local merchants prepared for the last-week rush, not only by the addition of extra sales forces but by the purchase of large stocks. Escanaba stores and shops are still prepared to supply, from stock, anything from the inexpensive but attractive greeting card to the high-power automobile or long-distance radio outfit of exactly the pattern type and cost the customer desires.

Morning shoppers, it was pointed out, will find their buying most satisfactory. "Shop as early in the day as possible," was the advice of all the merchants.

And don't delay the shopping any longer than is absolutely necessary.

A leaf from Christmas decorations is preserved in parts of rural England as a preventative of toothache.

is part of the college military organization, and wears the official military uniform of the R. O. T. C. training unit.

Davis is the drum major of the band. He is a junior in the agricultural division and will have one more year with the organization.

SOCIAL

Christmas at St. Patrick's.
The Annual Christmas Tree celebration given for the children of St. Patrick's parish will be held on Saturday afternoon at St. Patrick's hall. The ladies in charge are working hard to make the event an even greater success than those in the past. All those who wish to donate any articles for the tree please call Mrs. D. MacRae, phone 533-J. Mrs. A. F. Aley, phone 584-J or Mrs. Ida Geizer, phone 113-J, or leave them at the hall Friday afternoon or Saturday morning.

School Entertainment.
An entertainment will be given by the Eighth Grade of the Franklin school in the assembly hall in that building at 7 o'clock on Thursday evening, Dec. 20. The public is invited to attend, and the parents are particularly urged to be there on that evening.

K. O. G. T. Meet.
The K. O. G. T. met last night at the home of Miss Lucille Dalind, at 409 South Sixth street. The following officers were elected: Miss Monica Needham, president; Miss Helen Rubens, vice president; Lucille Dalind, treasurer.

Elizabeth Schram, treasurer. Refreshments were served at the close of the meeting. Last night's meeting was the last of the year as no meetings will be held during the Christmas holidays.

1923 Class Banquet.
Members of the Class of 1923, Escanaba high school, will hold a reunion and dinner at the Delta hotel on Dec. 26, it has been announced. About 30 reservations are expected.

Light Bearers.
The Anna C. Smith Circle of Light Bearers, of the First Presbyterian church, will meet in the church parlors Wednesday afternoon, at 4 o'clock. Miss Belle Young will be the hostess.

Macabees to Entertain.
The Ladies of Cora Hive No. 329, L. O. T. M., are making plans for a Christmas party, at which their husbands will be guests, on the night of Dec. 27. There will be games and dancing and a lunch will be served.

Busy Bee Sale.
The Busy Bee of the Swedish Lutheran church will hold a fancy-work sale in the church parlors today. Lunch will be served. The public is invited to inspect the articles, all suited for Christmas gifts, which will be offered for sale.

Retail grocers and butchers of the city will keep their stores open at night, beginning Thursday, until after Christmas. It was announced yesterday. They will operate, during that period, on the same schedules as the department stores which began their holiday overtime shopping program yesterday.

N. H. S. S. Meet.
At the last regular meeting of the year, held Sunday night, the N. H. S. S. discussed plans for next year's activities. A light luncheon was served at the close of the business session, and an enjoyable social time was had by all the members present. The next meeting of the organization will be the annual business meeting to be held New Year's night.

Wearing new shoes on Christmas Day is considered unlucky by many people.

ORGANIZATIONS ARE WORTHY.

The spirit of service, to which Rotary, Kiwanis and Lions clubs are dedicated, is well exemplified in the action of those clubs in Escanaba this year in voluntarily assuming the obligation to provide funds for filling Christmas baskets to be distributed to the poor of the city this Christmas time. The action of the three clubs will make unnecessary the usual city-wide canvass for funds to supply this annual need, thus giving definite proof of the value of those organizations to Escanaba.

The distribution of the baskets, properly, will be in charge of the Charity Committee of the Escanaba Womens Club and the Salvation Army and assurance has been given that there will be no need for scripping or pinching when it comes to filling the baskets designed to carry Christmas cheer to many homes, which without this service, would be cheerless, indeed, on Christmas day.

The fact that the general public will not be requested this year to contribute to a general Christmas fund, does not necessarily excuse that public from making its usual Christmas gifts to both the Salvation Army and the Charity Committee of the Womens Club. To provide Christmas baskets for the poor at Christmas time always has been and will always continue to be, but a small part of the activities of those organizations. Both the Charity Committee and the Salvation Army, immediately after the holiday period and during the cold winter and early spring months that follow, face the heaviest demands of the year for clothing, food and fuel from deserving poor families of the city. Those organizations have assumed the obligation of performing a great humanitarian service in this city. Their worthy work must be financed wholly through donations to their funds and those donations cannot be too large or too frequent. Residents of Escanaba who desire to support even in a small way this greatest of all humanitarian services, could not do better at this Christmas time than to forward their donations to either the Charity Committee of the Womens Club or to the Salvation Army.

NEWS WORDS OF WISDOM.

In the address which Postmaster General Harry S. New delivered in Fort Wayne may be found words of wisdom worthy of the thoughtful consideration of the entire nation. His warning against emotionalism and the impulses which frequently are prone to tear away the bulwarks of institutions tried and true, his injunction of caution against the enactment of statutory laws as vaunted panaceas for temporary irregularities, his admission to amend the Constitution but sparingly and only after the most careful deliberation are beacon lights of counsel in a day when "reds" and "radicals" are not nearly so much to be feared as are those whose temporary aberrations and hectic impulses to correct a temporary ill by the infliction of a personal wrong, threaten a fundamental injustice.

In Mr. New's reminder that 5,063 proposals to amend the Constitution have come before one House or the other of Congress since the laying of the cornerstone of American jurisprudence a little over a century ago, may be found an example of this dangerous tendency to meddle with the machinery of state. In the fact that 169 such proposals came before the last session of Congress is found an increasing inspiration to guard well in an age of confusion the masterful coordination of privileges and limits which the fathers embodied in the Constitution.

His plea to make familiarity with the Constitution the national rule of conduct provides, we believe, the basis for a real 100 per cent Americanism—an Americanism which will stand by the Constitution and obey the law.

The Piffle Hook

OLD BILL DOYLE shifted in Saturday afternoon and perched on his favorite corner of the desk long enough to alleviate his chronic lucifer shortage and to report that Mrs. Margaret Sanger's New York clinics thus far have had no perceptible effect on the demand for Lloydloom couples.

"There are about 200 male and female 'flossies' that come to Texas solely for a good time," declares College President R. E. Vinson. Maybe so, maybe so, the good-time idea doesn't tally at all with our memories of the state of Texas.

"Pale violin music whiffs across the moon."—Amy Lowell. Tut. tut. Amy! That's merely fuses oil evaporating from the moon.

SIR—The scene is laid in the book department of an Escanaba store. Customer is looking for a book on etiquette. "Have you ever read this one. A List of Common Blunders?" asked the clerk. "Not on your life," replied the searcher after knowledge. "I know too many now." —BINGO BEAN. What's Wrong With This Picture? See Answer on Page 31.

SOMEBODY—we've forgotten why—asked Richard Henry Little, who knows everything, what was meant by the phrase "detrimental improvement" and R. H. L. replied that a detrimental improvement was long skirts. We can't agree. Short skirts seldom reveal anything worth looking at, but think of the millions of imperfections the long ones conceal!

PRINCESS CATHERINE Alexandrovna Ablensky Noldinsky Melitky, a daughter of Czar Nicholas III, has been granted a divorce in London. How she ever escaped from the Bolsheviks while weighted down with that string of names, is something Gen. Prof. Dr. Troitzky hasn't been able to explain.

DRAPER, WIS., Dec. 14.—If the only had habit your two-year-old son has is that of swigging the contents of a lemon extract bottle, then you have no cause for worry. Up in this country, children of that age cry for a drink of horse liniment and they haven't spavins either. The extreme frigidity of the climate makes it necessary to give a small amount of denatured alcohol with all liquid foods up to the age of seven. Why not consult the exema cure almanac that was left at your door step last January. It might possibly be that some particular phase of the zodiac has an influence on your son's life. A horse chestnut carried in his pocket may possibly ward off his craving for cake whisky. Copeland, Evans, Brady, Woods Hutchinson and myself are always glad to be of service to you. —MAC

Why Encourage Him to Drink Lemon Extract When We Prefer the Flavor of Vanilla?

SIGNIFICANT OMISSION. He tried to cross the railroad track Before a rushing train; They put the pieces in the sack But couldn't find the brain. —SOO NEWS

Now that the state department definitely decided upon its European policy—

Mr. Hughes might inquire whether Huerta ever got around to that little job of saluting the flag. —H. K. R.

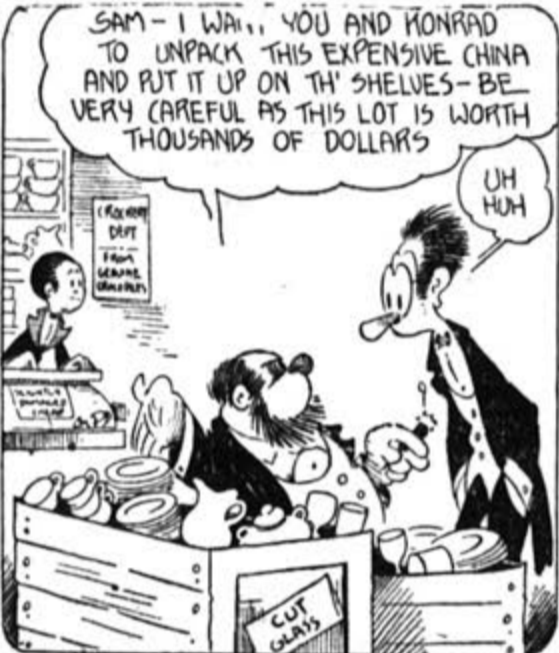

passed in pursuance of an instrument which grants the fullest measure of civil liberty ever provided any people of the earth.

Cancellation of European war debts is "unthinkable" in the opinion of Elbert H. Gary, directing head of the United States Steel corporation, and in this statement all right-thinking Americans will heartily agree. He says the debtors should have an abundance of time to pay their obligations and a reasonable rate of interest, but that they should repudiate an honest debt is beyond the comprehension of Americans. This money was loaned in the good faith by the citizens of the United States, many of whom made great sacrifices in doing what they regarded as their patriotic duty.

"THE REVELATIONS OF A PAID COMPANION"

BY JANE PHELPS.

I DECIDE TO SEE JIM BOND, Chapter XXXV.

"You stay here," Barton Ellwood muttered.

"There's only one kind of treatment for such as he."

"He started for Bond."

"I wasn't following you, nor listen!" Jim Bond growled.

"Then as he turned and stunk away he called:

"I'll see you yet, my pretty."

Barton was about to follow, but I took hold of his sleeve and detained him.

"Please let him go. I'll only make matters worse if you speak to him."

"Eavesdropping, the sneak," muttered Barton angrily.

I had forgotten Guy. Now he strode before us, I was still holding Barton's sleeve.

"What's it all about?" he demanded, looking from one to the other of us.

"Who is that fellow? What do you want? Why are you afraid of him, Rita?"

"Afraid?"

"I tried to laugh, more frightened by the glare in Guy's eyes than at Jim Bond."

"Yes, afraid. What is that fellow to you?"

"Nothing."

Then fearful of what Guy, in his excited condition might do, I added:

"He's a half-crazy man whom my aunt befriended."

All this time Barton had stood quietly, saying nothing. Now he spoke:

"Well, he's gone. Suppose we trot along home!"

In silence we retraced our steps. Guy went immediately into the library, but Barton followed

THE OLD HOME TOWN

BY STANLEY

ashamed, that a man like Jim Bond should seek me. At the time I gave no thought to his idea of me, the poor, dependent relation of his benefactress; that he might think himself my equal, even my superior, never occurred to me; that he might have thought my going with Mrs. Ellwood, trying to earn my own living due to pique at Aunt Agatha for leaving him her fortune; and that I probably would be glad to share his riches, glad and grateful, never once entered my head.

I forgot my impression—after she died—that Aunt Agatha had planned to have me marry him, that they had talked it over. He had no reason to feel that I held myself above him, poor, distressed, unhappy, as he had last seen me. All this came to me afterward. Now I only felt a sense of loathing, an anxiety to be rid of him before he made trouble.

In the morning I telephoned the Inn. My impression was correct. He was there.

"I'll meet you near the boat house by the lake in half an hour," I told him without preamble.

"See that you come alone," he replied in a threatening voice.

Tomorrow—I keep my trust With Jim Bond.

CATASTROPHE EXPECTED.

Mother: "I don't believe you said your prayers tonight."

Willie (in bed): "W-w-why? H-h-h-something happened already?"

SNAP!

The Doughboy's Sweetheart: "You know, Jimmie, I think it's wonderful how popular you are! Why, you're on saluting-terms with every one of the officers!"

We swear off on New Year and after that we swear off on. "Mama, can I hang up one of sister's stockings for mine?"

PARENT WENT THROUGH ESKY

Tells Story of His Escape from Authorities After Robbery.

Joseph Parent, alias "The Wolverine," confessed robber of the Republic State bank on the afternoon of Sept. 19, stopped in Escanaba long enough to buy some clothing, and proceeded on his way to Gladstone where he ate dinner, according to a story he told Marquette officers and newspaper men upon his arrival in that city Saturday.

Parent was near capture several times during the days immediately following the robbery, he said. Relating how he eluded the officers between Iron Mountain and Republic, how he hid in a barn near Channing, and how he finally drove on to Iron Mountain. He remained there long enough to go to the Millman hotel and wash his face and hands, he said. Not daring to go to a filling station for fear of detection, he paid one dollar for a quart of gasoline near Quinnesec and continued on his way to Escanaba, arriving there about 9 a. m.

Dinner in Gladstone.
Buying gasoline and a few clothes in Escanaba, he drove to Gladstone, where he had dinner just a few blocks from the Soo Line railroad station which he and a pal, Clyde Smith, robbed of \$500 early in the spring of 1914.

In Manistique, late that afternoon, he bought a lens for the damaged headlight at the Bowman Garage and a light brown cap, which he still wears, in the Boston Store. While picking out the cap, he said, he discussed the Republic bank robbery with the clerk.

Late Friday night he arrived at Nattali, while state, county and city officers continued their search in the belief that he still was somewhere on the Jack pine plains southwest of Republic.

Had Swag in Milk Can.
In the county jail yesterday afternoon Parent again related the details of his escape and when asked what he had done with the money, he replied: "I hid it."

"But where?" asked Sheriff Aaron Johnson.
"Oh, I put it in an air-tight milk can and put the can under a stump in a cedar swamp. It was covered with water."

How much did you take with you?
"I took only \$2000 with me when I went through Channing and came back and got the rest about October 1. I'm not sure of the date, but it was during the first few days of the following month. I had disposed of the remainder and I drove the new car to the place where I had left the money."

Was Studying Music.
Parent was a paroled Delta county convict, having been sentenced here in 1914 to a 20-year term in prison for robbery while armed. Officers here had held the opinion that he must have traveled through this city on his way out of the peninsula, following the Republic "job," but were unable to account for his movements in that particular.

He was arrested in Warren, O., at a conservatory of music, where he was taking a cornet lesson. The tip which led to his apprehension by a Michigan State policeman came from a girl he expected to marry as soon as she had secured a divorce from her present husband.

ROTARY CLUB PARTICIPATES IN MOVEMENT

Aid Basket Fund; Scout Executive Tells Facts to Club.

Members of the Escanaba Rotary club yesterday voted unanimously to join with the Kiwanis and Lions clubs of the city, in supplying funds to provide Christmas baskets for all of the deserving poor families of Escanaba.

In addition members of the Rotary club yesterday heard a plain statement of the standing of the Boy Scout movement in Escanaba from Scout Executive G. C. Adams, whose address featured the regular Monday luncheon of the organization.

Boss Makes Plea.
Taking the place of George N. Harder, chairman of the Rotary charity committee, who was called from the city on business on Sunday night, Rev. A. I. Ernest Boss, explained to members of the Rotary club yesterday the plan agreed upon for providing Christmas baskets for the poor by three service clubs of the city. The baskets will be distributed under the direction of the Charity committee of the Escanaba Women's Club and the Salvation Army but the entire expense of sending Christmas dinners to the poor of Escanaba will be borne by members of the three service clubs. The details of the plan for the participation of the three clubs in the project will be worked out by a committee composed of one from each club. George N. Harder was yesterday named by acting President E. C. Voght to represent the Rotary club on that committee.

Adams Tells Facts.
A stirring appeal was made to members of the Rotary club yesterday by Scout Executive Adams to back the rejuvenation of the Boy Scout movement in Escanaba and as a result of his address members of the Rotary club voted to sponsor Troop No. 1 and a number of the members of the club volunteered to serve as members of troop committees for the coming year. Mr. Adams quotes records to show that on Jan. 1 of last year a total of 404 Boy Scouts were enrolled in Delta and Schoolcraft counties. As the result of a falling off in interest by the backers of Scouting in Escanaba at the present time has but 41 active Scouts; Gladstone 113 and Manistique but a small number. The Scout executive told of definite plans that have been formulated for the rejuvenation of the movement in the three cities and the wide measure of cooperation pledged in the two cities. He told of plans made for combining several of the original 13 troops in Escanaba and Wells, to form a total of eight troops and each troop, upon the recommendation of the committee.

Here's a popular way to serve Kellogg's Bran—greatest health food!

Most every one who realizes how effective Kellogg's Bran is for the permanent relief of constipation has their own particular way of serving this wonderful cereal. Most families eat it as a cereal with milk or cream. Others sprinkle it on their favorite hot or cold cereal. Every one enjoys its nut-like flavor!

If you are cooking a hot cereal try this method:—Measure off two table-spoonfuls for each member of the family. Mix it with the cereal and cook as you always cook the cereal.

Kellogg's Bran is scientifically prepared and ready to eat, but its regulatory powers are in no way impaired if you cook it with other cereals.

Kellogg's Bran has won the friendly recommendation of physicians because it does give prompt and permanent relief from mild or chronic constipation and because it can be eaten without forming a habit. Again, Kellogg's Bran will free you from drastic, dangerous cathartics.

When constipation conditions exist in your system or when you are threatened, do not take half-way measures. Foods with a partial bran content cannot free you! What you must have is Kellogg's Bran because it is ALL BRAN! Go the limit; get relief!

Every member of your family will delight in eating Bran raisin bread, muffins, pancakes, macaroons, etc. Recipes on every package.

Start eating Bran to-day! Get well—keep well—keep disease out of your home! First-class hotels, clubs and restaurants serve Kellogg's Bran in individual packages. All grocers.

CEDAR, KANJAS "BOUND OVER"

Four Other Volstead Cases Scheduled for Hearing Today.

Oni Kanjas, proprietor of a saloon at 115 North Fifteenth street and John Cedar, his bartender, were held by C. D. McEwen, United States commissioner, yesterday to await action of a federal grand jury on charges that they violated the prohibition laws. Cedar has been convicted of similar charges in the state courts and in federal court. His bond was fixed at \$1,000, while Kanjas bond was set at \$500.

Examinations Brief.
The preliminary examinations of the two men charged with the violation of the prohibition laws, represented the government in the examination of the witness who is alleged to have purchased the evidence and the local police officers who assisted the federal authorities in making the raid.

Stanley Uglys, proprietor of the Northwestern hotel bar at 1801 Third avenue north, will have a preliminary examination before Commissioner McEwen today. The charges against him involve the alleged sale of drinks and the possession of 20 cases of beer and 15 gallons of moonshine. Charles Erlingsson, third avenue north, charged with sale and possession; and John Dault and Napoleon Guidon, both of Cornell township, accused of similar offenses, also have preliminary hearings on the docket of the same court today.

Result of Cooperation.
Paul Nelson, deputy United States marshal, and some members of the Michigan State police are expected to be in the city to testify.

All of the cases are the outcome of joint action by city, county, state and federal officers.

NOTICE.
The regular meeting of the R. C. Hathaway Chapter, No. 49, O. E. S., will be held at the Masonic Temple Tuesday evening, December 18th, at 7:30 o'clock. Initiation.

Mrs. M. Post, Sec'y.
8128-352-1t

It will be made considerably larger than formerly. Scout masters have already been secured for all but two of the proposed troops and every indication is given that all of the troops will be recruited to full strength and be engaged in active Scout work within a short time.

Mr. Adams made it plain that Scouting can only succeed in Escanaba in the measure of moral support given the movement by the men of the city and his closing plea was for a renewal of interest in the work by the members of the Rotary club.

BOSTON STORE
ESCANABA

A Great Big Store Fairly Bursting with Xmas Gifts

BOSTON STORE

Walter Camp's All-America Team

Table listing positions (End, Tackle, Guard, Center, Quarter, Halfback, Fullback) and player names for the All-America team.

WALTER CAMP has again pulled the unexpected in his All-America selections.

There is only one repeat on Camp's 1923 selection, Hubbard of Harvard again being selected as one of the guards.

The same holds good for Kipke of Michigan and John Thomas of Chicago.

Thomas was picked to play fullback. While Kipke did fall a bit below his 1922 standard...

Bomar of Vanderbilt who gets one of the end positions was placed on the second team in 1922.

In the backfield most of the critics favored Pfann, Grange and Malloy as did Camp...

Perhaps the biggest surprise was the naming of Hazel of Rutgers for an end position.

While Camp has picked a strong team, a lot of sport editors will be willing to wager dollars to doughnuts that their All-America elevens are stronger.

RAILS ATTACKED IN THE MARKET

Soo Preferred and Omaha Are Sent To New Lows.

(By The Associated Press.)

STOCK SALES SUMMARY. Total stock sales 1,180,300 shares.

Twenty industrials averaged 95.28, net gain .03. High 1923, 105.38; low 85.76.

Twenty railroads averaged 82.99, net loss .49. High 1923, 96.51; low 79.53.

New York, Dec. 17.—Weakness of the railroad shares caused some unsettlement among standard industrials in today's active stock market...

There was a good-sized accumulation of week-end buying in the market, due in part to the publication of the details of Secretary Mellon's tax reduction plan...

Attack Rail Shares. Speculators for the decline, taking advantage of the fight over the chairmanship of the senate committee on interstate commerce...

"Soo" preferred broke six points to 75, a new 1923 low, on the sale and Omaha touched, a new bottom at 32, or 2-3-4 points below the previous sale.

Oil Shares in Demand. Revival of a demand for the oil shares was based on a report of a further reduction in output by the fields in the Los Angeles basin.

Chicago Grain. Chicago, Dec. 17.—Attention to reports about possible arrangements to enable Germany to buy food products abroad did a good deal today to give a lift to prices of wheat.

Chicago Livestock. Chicago, Dec. 17.—Cattle receipts 27,000; slow uneven; killing quality plain; steady to heavy; best yearling 12.50; best desirable yearlings 10.00 at 12.00.

Chicago Potatoes. Chicago, Dec. 17.—Potatoes, about steady; receipts 85 cars; total 418,000 bushels; Wisconsin sacked, round 81 at \$1.15; Minnesota sacked round white, No. 1, 90 at \$1.10; Idaho sacked russet, U. S. No. 1, fair quality, \$1.65 at \$1.75.

Today's Birthdays. Dr. S. Parkes Cadman, celebrated American clergyman and pulpit orator, born in England, 59 years ago today.

OTIS W. CALDWELL, noted biologist of the University of Chicago, born at Lebanon, Ind., 54 years ago today.

WILLIAM W. HEND, Omaha financier, now president of American Bankers' Association, born at Adrian, Ill., 46 years ago today.

KIWANIS HEARS YULE SERMONS

Gladstone Pastor and Menominee Attorney, Luncheon Speakers

All of the world's worthwhile institutions have a common foundation—Christianity—and have been built through a practical exemplification of the true Christian, Christmas spirit, the Rev. H. W. Colenso, of Gladstone, told members of the Kiwanis club at their weekly luncheon meeting at the Ludington hotel yesterday.

"It is Christ or chaos. The world must choose between them. We can let Christianity, entering into the heart of humanity, change the rule of gold to the golden rule, or we can expect disaster. The Christmas spirit—the spirit which says 'How much can I give?' instead of 'How much can I get?'—must find its place in our civilization," said the speaker.

"To build up our churches is to build the nation. When we stand by the church, we stand for Americanism; for the constitution, and for humanity."

VARSITY CLUB TO HOLD YEARLY DINNER, DEC. 27

Reverse English Put On Praiseful Program

Instead of permitting speakers to extol the virtues of their alma maters, they will be assigned the task of stripping the camouflage from the vices of rival institutions, when the Escanaba University Club holds its annual dinner at the Delta hotel, Thursday night, Dec. 27.

The University club holds only one meeting a year, but that one session makes up for a considerable quantity of inactivity. All students and former students of any former college or university in the world are eligible for membership, and to participate in the meeting. The banquet tickets are \$2 and reservations may be made at the hotel at any time. A turkey dinner will be served and the program will be one of "unmatched brilliance."

In the past, it has been customary for speakers to sing the praises of the school they attended. The custom will be varied this year, and instead of laudatory anthems, the result is expected to be hymns of benevolent hatred.

Post Office Rush Is Already On

Although the Christmas rush is on at the post office every parcel received thus far has been delivered on time. It is expected, however, that the amount of mail handled each day will increase for every twenty-four hours, but as it is being spread out over a period of over a week the work is being facilitated, and it is the intention of the post office force to see that everything goes out on time. The large amount of mail handled yesterday is proof of the fact that the public is heeding the yearly slogan of "Mail Early."

CITY BRIEFS

Walter Bergman who is a student at Ann Arbor has arrived in the city to spend the Christmas holidays at the home of his parents, Mr. and Mrs. J. A. Bergman.

Mr. and Mrs. E. A. Laux and family of Fayette were in the city on a shopping trip.

Mr. and Mrs. Al McDonald are the parents of a 11 and a half pound son.

According to ancient belief if an old mail hangs the mistletoe bunch, neither love nor marriage will result. The best person to do this necessary little job is the mother of seven children.

GARNER SAYS MELLON PLAN GIANT FRAUD

Amazed at Misinformation Being Sent Out

(By The Associated Press.)

Washington, Dec. 17—Substantial relief would be afforded by the Mellon tax reduction plan to only 525,000 individual income surtax payers. Representative Garner, of Texas, ranking Democrat on the house ways and means committee, declared tonight in a statement. He asserted, however, that "most of the administrative amendments embraced in Secretary Mellon's tax recommendation and several others not included should have early and favorable consideration."

Commenting on the benefits to be derived, Mr. Garner said that "congress could repeal the entire income taxes of the 6,136,000 with incomes of \$5,000 or less, which would involve a loss of only \$92,790,000, thereby leaving the \$25,000 large income surtax payers as the chief beneficiaries of the plan."

"I am astonished," said Mr. Garner, "at the amount of false or misleading information that is being so systematically fed out to the American people to the effect that great and wholesale tax reduction would result to the people, generally, under the Mellon plan. Such propaganda is a fraud on the country."

AMUSEMENTS

AT THE DELFT.

One ride down the mountain side with Slim Padgint, who drove the stage coach in the filming of "The Girl of the Golden West," a First National picture at the Delft theatre today and tomorrow, and Joy Winthrop made her will. Miss Winthrop was the passenger in the stage coach, which figures so prominently in this Edwin Carewe production.

After her first hair-raising ride she went back to the Hotel Victoria, at Melones, Cal., where the exterior scenes were being taken, wrote her will and handed it to the hotel clerk.

"Tomorrow I have to take another ride with that dare-devil driver," she said. "If I don't come back, mail this to my folks back East."

Padgint, by the way, proved himself no amateur at stage driving. He was engaged by Director Edwin Carewe for a part in "The Girl of the Golden West" because of his prowess at driving an old-fashioned stage coach in the old pioneer days.

"The Girl of the Golden West" has an all-feature cast, including J. Warren Kerrigan, Sylvia Breamer, Russell Simpson and Rosemary Theby.

AT THE STRAND.

Classic dancing should be taught to every young girl whether she is planning for a professional career or not, says Shirley Mason, the popular William Fox star, whose latest attraction, "South Sea Love" is enjoying a successful run at the Strand Theatre.

Miss Mason, at one time, was a dancer and knows her subject well. She declares that the training and poise and carriage received in dancing schools is invaluable to a girl in any chosen vocation.

OBITUARY

MRS. MCCARTHY'S FUNERAL.

Funeral for Mrs. Gerry McCarthy will be held at 9 o'clock this morning from St. Patrick's church, Rev. Father Mockler, officiating. The body was removed from the Alto Funeral Home to the home of Mrs. McCarthy's father, L. N. Booth, 714 South 11th st., yesterday morning. Burial will be made beside Mrs. McCarthy's mother in the family lot in Lakeview cemetery.

FRANK MUSS.

Frank Muss, a woodsman, who has been ill for the past three weeks at the Ed Johnson rooming house on Stephenson avenue, passed away Sunday morning. The body was removed to the Alto Funeral Home to be prepared for burial but funeral arrangements had not been completed last evening.

NO ONE BLAMED FOR WRECK OF 20TH CENTURY

Crossing Watchman Of Viaduct Recommended

(By The Associated Press.)

Freonia, N. Y., Dec. 17—No person was criminally responsible for the wreck of a section of the Twentieth Century Limited, on the New York Central Railroad at Forsyth, on December 9, when nine persons were killed, Coroner George E. Blood announced today.

The coroner's verdict was given out after he had received and reviewed the testimony given at the investigation held last week in the New York Central division headquarters at Erie. No further investigation of the wreck will be necessary, Coroner Blood said.

The verdict recommends that the railroad be required to construct forthwith a viaduct or subway at the Forsyth crossing at which crossing many accidents have occurred. Until such structure is built, the coroner further recommends that the railroad be required to keep watchmen at the crossing, 24 hours a day.

Copies of the verdict will be

GROOS HERD HAS A FINE RECORD

An unusual record is that held by the dairy herd owned by Jacob A. Groos and Sons of Groos. Over a considerable period of years that herd has been regularly examined by state veterinarians for tuberculosis and other diseases and a diseased animal has never been found. The annual examination of the herd of 46 animals has just been completed by Dr. E. D. Shevaller of Escanaba and Dr. F. K. Hanson, head of the Department of Animal Husbandry for the state of Michigan and the entire herd has again been given a clean bill of health.

1867—Convention of leading manufacturers at Cleveland demanded the full payment of the national debt.

mailed to the public service commission and the interstate commerce commissioner.
