Dear Dr. Strolle:

This is in reply to your letter of March 17 through which you request financial assistance from the Kellogg Foundation to help Indians in the state of Michigan develop their own newspaper.

I regret that I cannot be encouraging with respect to financial assistance. We are currently in the process of establishing a policy within the Foundation toward further minority assistance. Due to the fact that our policies have not yet been determined and owing to our present schedule of program commitments, we are not in a position to respond affirmatively to your request.

Although we cannot be of assistance, we do wish you every success in funding this worthy program.

Sincerely,

*Gary W. King*
