Hancock, Mich.

Dear Matt:

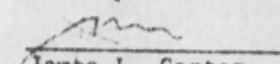

Under separate cover, I am sending the first volume of the Nishnawbe News to be bound. There are two copies of each issue, so there should be two bound volumes for our files. Please bill the Research & Development office in care of me.

I was gone for a while last week and had Roger Wisler mail the Indian Legend proofs back to you. The main change would be the inseting of the inset letters which I hope wouldn't make any more type resetting necessary other than that in the first paragraph. Otherwise, we liked the layout very much and stuck mainly with your choice of colors. A couple of the suggested changes weren't originally intended, such as the use of the author's photo on the back cover and a dedication paragraph, and we expect that this may hike the cost a little.

You did a nice job on Axel Niemi's booklet, and it seems to be selling quite well (at \$1.25 ea.).

Best wishes.

Sincerely yours,
