Nishnawbe News

From: J. L. Carter *JL*

Mr. Bob Bailey and I are pleased to inform you that Northern Michigan University has set up a new budget for support of the Nishnawbe News, to be used in the interim until other sources of support are available.

The budget is a modest one, and expenditures will have to be made with discretion. It will, however, allow for publication of the newspaper and other basic expenses, for at least several more months.

The Nishnawbe News account is now being administered entirely by Mr. Bailey, and he will now be approving all expenditures from the new account. He is looking forward to assisting you, administratively. I will be happy to continue as an advisor, as you know I will always have a deep interest in your efforts.

My best wishes for your continued success; congratulations for a tough job well done thus far.

cc: R. Bailey
