

MEMORANDUM
February 20, 1975

TO: Miss Marlene Gauthier
Editor, Nishnawbe News

FROM: Allan L. Niemi
Vice President for Student Affairs

RE: Last issue of the Nishnawbe News

Allan Niemi

I was happy to see that Northern Michigan University has been given recognition in a conspicuous spot. As in the past, I want to congratulate you on the high caliber of work that you have put into this newspaper.

I must admit though that I am very much concerned with the fact that the University of Michigan is permitted publicity in their recruitment of Indian students, unless of course it was an appropriately paid advertising. Since Northern has been providing over \$6700 to support this worthy newspaper project, I am sure that you can understand my distress that we advertise another school and have nothing comparable for our own program or, in fact, other schools such as Tech and Lake Superior.

As you well know, I am very much dedicated to urging all high school graduates and particularly those of American Indian heritage to seek post high school education. Let us not overlook the educational opportunity provided by Northern and let us seek opportunities to publicize our programs, both academic and nonacademic.
