Vice President for Business and Finance

We would like to request permission to establish a revenue account for the Nishnawbe News project. We've had a similar account in the past.

Our income would consist of subscription donations and limited advertising. Should funds remain at the fiscal year end could we be assured these funds would be carried over into our next fiscal year. Our project is experiencing financial burdens and we would not anticipate a great sum of money unexpended in the revenue account at the end of our current year.

Thank you for your assistance.
